Commission Works On Fiscal Budget

A discussion of proposed changes in the Hereford City budget for the fiscal year beginning May 1, 1960, and ending April 30, 1961, constituted much of the activity in the regular meeting of Hereford City Commission Monday night.

8 Indictments, 2 No Bills Set By Grand Jury

The twelve-member 69th District Grand Jury for the February term returned eight indictments and two no-bills in its initial session of a six-month term Monday morning in District Courtroom.

In other business, City Manager Dudley Bayne predicted that in the next five years, brick streets in Hereford would be in need of repairs.

He suggested that the commissioners consider a bond issue in the next two or three years to resurface streets with hot mix. He estimated cost of the project would be about \$100,000.

"It will be a major problem in the near future, one that we will not be able to absorb out of the budget," Bayne said, referring to the cost of such a project.

Answering a commissioner's question, Bayne said about 1 1/2 inches of hot mix would be needed to resurface the brick streets. He added that recent storms have damaged some of the streets, but that damage in Amarillo was greater.

Attending the meeting was T. L. Sparkman Jr., who owns property adjacent to the east portion of the new city dump grounds east of the city.

Sparkman told the commissioners that the caretaker at the dumpgrounds had been piling salvageable material against the fence on his property which could cause damage to the fence in event of strong winds.

Bayne assured Sparkman that he would look into the situation and instruct the caretaker to remove the material if it were still there.

Bayne said that work had started on the parking lot in (Continued on page 2)

Two automobile accidents in the Plain area injured three persons, including two Hereford residents and a Clovis, N. M. woman, Monday evening on U. S. Highway 385, between Tascosa and Channing, and in the Summerfield Community, nine miles west of Hereford on Highway 60.

Mr. and Mrs. Raymond Jacobs of 212 Kibbe in Hereford were reported in fair condition at Friona Hospital and at Northwest Texas Hospital in Amarillo Wednesday morning. They were involved in an accident three miles south of Channing at 7:30 p. m. Monday.

Mrs. George Wood of Clovis, injured in the Summerfield accident, was reported in good condition at Northwest Texas Hospital Wednesday morning. Jacobs, 50, underwent surgery Monday night for internal injuries, but attending physician said his injuries were not serious.

Mrs. Jacobs, 47, was taken to the Amarillo hospital Tuesday evening for specialized treatment. She suffered a broken left ankle and broken left arm.

Details of the accident could not be obtained at press time Wednesday. The accident was investigated by an Amarillo Highway Patrolman.

Mrs. Wood, 36, was driving a 1954 model car which left the road to the right into a mud-filled roadside ditch while the vehicle was traveling west on Highway 60. The accident occurred (Continued on page 2)

County March Of Dimes Falls Short of Goal

Deaf Smith County March of Dimes chairman Paul Harvey Wednesday morning said he expected the annual January drive to fall short of its expected \$4,000 goal after all funds were tabulated this week.

"However," he said, "with the weather against us as it was, I believe that the drive was very good this year."

Hereford Javees Sunday evening reported that total donations and funds collected from auctioned items netted about \$218 after the annual radio auction went off the air on KPAN at 5:30 p. m. The program started at 1 p. m. Sunday.

Last year, Harvey estimated, the radio auction netted about \$1,200. The Javees gave away a television set at the climax of the radio program as an incentive for donations Sunday.

Residents are still returning mailers which were sent to them early in January. Schools are still submitting card envelopes which were distributed to students last month. Coin containers in Hereford businesses had not been collected Wednesday morning, Harvey said.

Unfavorable weather prevented the annual sale of balloons on the street, a Scout project. (Continued on page 2)

Hereford Joins Newest Sports Thrill, Jockeying 'Go-Karts'

By DAN MUDD BRAND STAFF REPORTER Basically, it's the world's simplest automobile — a bucket seat welded to a steel frame which rolls on midge tires — but it's really capturing the fancy of countless dozens of men, women and children in Hereford.

It's called a Go-Kart, a baby beetle powered by an engine about the size of a lawn mower motor.

And the sport is Karting, a contagious craze that is spreading like a barrel of B-B's on a marble floor.

You want speed? They'll travel from 15 to 70 miles per hour. You want competition? There are about 30 to 35 karts and twice that many kartists in the city. Maybe you want an inexpensive hobby. A do-it-yourself Kart kit can be purchased for about \$40, less motor.

How about a sport for the whole family? Now that's a real problem — Mom, Dad, Suzie and Johnny all want to take their turns in the little bomb at the same time.

Sitting only a few inches from the ground, the kartist zips along at a speed which seems unbelievable for such a little bug. The miniature monster is hoodless and there's no windshield. The driver gets a real feeling of speed as the wind whips at his face.

Since early last November, when the first Kart made its debut in Hereford, the sensation has made its mark here. Last week Hereford Go-Kart Club was organized. The local Veterans of Foreign Wars post has agreed to furnish land for a race track, which will be located south of the rodeo arena in Veterans Park.

Naturally, Californians started the fad. But when Texans got interested in it, inevitably it left the fad stage and became a full-fledged sport. Already, there are tracks in Lubbock, Hale Center, Lamesa, Littlefield, and one in the building stage in Amarillo.

Local club members will furnish the labor needed for processing the track. For a while, according to Richard Clark, a member, the track will be of dirt. Later, the raceway may be of asphalt.

The little speedsters may be run on nearly any kind of surface — vacant lots, cow pastures and even tennis courts.

"Most kartists are safety bugs," Clark said. He added that the vehicles are built so it is virtually impossible to tip them under normal conditions. Riding a kart is a new thrill, even for the veteran track driver. For the average sports car fan, it's the ultimate, the closest most of them will ever get to race driving.

From the do-it-yourself kit to the Track Rabbit models, average top speed is about 45 miles per hour. Races for juniors, five through 12 years old, are limited to 15 miles per hour, controlled by governors on the motors.

From 13 through 16 years, the speed may be upped to 20 miles per hour.

Go-Karts are divided into three competitive divisions as determined by cubic inch displacement rates: Class A, 1.5 to 5.8 cubic inch; Class B, 5.8 to 11.6; and Class C, 11.6 to a maximum of 16.5.

Speed carries very little weight, however. "Races are won by careful and painstaking tuning, good maintenance and skillful jockeying for positions on turns," Clark said. With speed controls in junior racing, it's obvious that the kid who uses his noggin will get (Continued on page 2)

Hereford Football Schedule Released

Schedules for the 1960 Hereford High School Whiteface and B football teams were announced this week by head coach Bob Williams.

Eight of the nine opponents are the same as were on the 1959 schedule, Williams pointed out. Only new team is Muleshoe, which replaces Plainview. Northeast of Oklahoma City will not be on the fall schedule. Hereford played at Oklahoma City on a one-game contract, last season.

Williams still would like to get another game to fill an open date on Oct. 14. He said the five-team 1-AAA loop was smaller than most districts and thus had room for more outside competition, but it was difficult to arrange games in October.

Table with 4 columns: Date, Opponent, Location, Status. Rows for Sept. 9, 16, 23, 30, Oct. 7, 14, 21, 28, Nov. 4, 11.

Schedule for the Hereford B football team includes: Sept. 8 Tulla Here; Sept. 15 Dimmitt There; Sept. 22 Dalhart Here; Sept. 29 Canyon Here; Oct. 13 Dimmitt Here; Oct. 20 Open; Oct. 27 Phillips Here; Nov. 3 Dumas There; Nov. 10 Littlefield Here.

During the 1959 grid season, Hereford had an 0-10 record.

Hereford Fills Final Nights In Regional Gloves

A young novice, 175-pound Leon Vogler marked up Hereford Athletic Club's only win during the opening night of Amarillo Regional Golden Gloves Tuesday night after four other Hereford boxers lost their bouts.

Vogler staged his high school division win by a split decision over Larry Garza of Plainview in the final match of the evening.

Donny Lesly, 1959 regional 118-pound champion, Wednesday night was scheduled to fight Bill Walker of D & D Pharmacy of Amarillo in a 135-pound match.

Open division boxers John Cordero and Frank Lopez of Hereford were also scheduled to fight Wednesday night. Cordero was to go against class Man- (Continued on page 3)

Whitefaces Pull Overtime Upset, Edging Hawks 40-39

In a startling upset victory, the Hereford Whitefaces sneaked by Phillips in a 40-39 overtime game at Blackhawk gym Tuesday night.

The extra time thriller kept Hereford hopes alive in the district 1-AAA race while Phillips was suffering its first conference defeat after four straight wins.

For the Herd the decision was a partial revenge for an earlier two-point loss to Phillips. It also indicated the team is learning to live with pressure as it erased a 10-point deficit at halftime.

The regulation game ended at 38-36. In the three-minute overtime period, Thomas Coffman plunked in a field goal, Kenny Hunt tossed in a free throw for Phillips and Ronnie Botkin swished in two free throws for Hereford. Hunt (Continued on page 2)

came back with a field goal in the waning seconds, but Hereford held on for the victory.

There now looms the possibility of a three-way tie for the district crown. Hereford stands at 3-2 with three games to play. Dumas and Phillips both have 4-1 records. If Dumas can defeat Phillips next Tuesday at Dumas and Hereford can win its other three, including one with Dumas, all three teams could finish regulation play with 6-2 records.

With the next district game not scheduled for Hereford until next Tuesday at Littlefield, the Herd will journey to Seagraves Saturday to repay a y early-season visit by the Eagles to Hereford.

For part of the first half at Phillips, it looked as though the Blackhaws were going to wipe (Continued on page 2)

Hereford Man Fined For DWI

Woodrow Wilson Welty, 48, of Hereford was fined \$100 and court costs and sentenced to five days in County Jail after pleading guilty to charge of driving while intoxicated, first offense, in County Court Monday.

Welty was arrested at 6:45 p. m. Saturday on E. Highway 80. Arrest was made by Highway Patrolman Charles Skinner of Hereford. Presiding judge in court was County Judge Homer Housley.

That of groundhog might have seen his shadow Tuesday, but he had to be pretty fast getting in and out of his hole so's not to get wet.

 Mrs. Wood's two-year-old daughter, riding in the front seat, escaped injury. Mrs. Wood was taken to Deaf Smith County Hospital by Kreig - Marcum ambulance and received treatment in the emergency room before she was transferred to the Amarillo hospital. Her injuries included facial bone fractures and lacerations.
 Investigating officers were Highway Patrolman Charles Skinner of Hereford and Deaf Smith County Deputy Sheriff Bill McCarver. Skinner said the driver apparently lost control and that the car dropped about 1 1/2 feet into the mud-filled culvert.
 The injured Hereford residents were taken to the Friona hospital by Vega City Marshal Bill Abernathy. He said the accident occurred about three miles south of Channing.

 Vehicle owners should take their certificates of title and last year's registration to the tax office when registering a vehicle, Waddill said. Through January, 8,653 vehicles were registered in the county.
 Trailers of 4,000 or more pounds must have a certificate of title, which constitutes the only change in registration this year, Waddill said.
 Plates this year have white letters and numerals on a black background.
 Tax assessor-collector Dave Alexander said penalty for improper registration of a vehicle can be as much as \$200.
 "Don't risk an illegal registration," Alexander said. "Remember, too, that a portion of all registration fees stays in the county to benefit the local community."

The Young Farmers of Hereford will have an organizational meeting on Monday, Feb. 8, at 7:30 p. m. in the Hereford High School vocational agriculture building. All young farmers, from high school graduates up through age 35 are invited to attend.

In announcing the 1960 football schedule, coach Bobby Williams commented that Plainview had dropped both Hereford and Littlefield from its schedule. The Wildcats upset the Bulldogs last year, while Hereford jumped in front and scared the Plainview squad before losing a rugged contest. Maybe the big, bad Bulldogs are becoming leary of "Little Southwest Conference" teams from District I-AAA.

Although we encountered wind, rain and dense fog in rapid order, it was worth it to see Hereford win that overtime game from league-leading Phillips Tuesday. After dropping a pair of two-point decisions earlier, the Herd has begun to show some poise and ability to stay cool in the tight spots. Saturday the Herd will take a long trip to Seagraves to play the Eagles in a non-conference tilt.

Hereford's young boxers didn't come out too well Tuesday, but most of the experienced fighters are expected to be in action Friday during the regional Golden Gloves. Several of the rugged Hereford boxing squad already are set for Saturday night's finals in Amarillo as the local sluggers battle for high school team and individual honors. Last year there was a large Hereford contingent at the fights and we expect as many or more there on Friday and Saturday.

Then Hereford found a dismal period as Coffman hit for three points, all the team could muster during the 8 minutes. The Hawks played ball control and moved out from 26 - 16 at the half.

Then it was time for Phillips to cool off as they netted four points and Hereford marked up 11. They narrowed

Hunt put the Hawks in front 33 - 27, then Carl Miller added two baskets, Royce Heller hit a free throw for Phillips, and Miller plunked in another two-point. With Hereford trailing 33 - 34, Heller added two more free throws and it looked as if the 36 - 33 margin would stand up.

Then Dennis Hodges tossed in three consecutive free throws to knot the score. That set the stage for Coffman and Botkin to pour in the winning points.

Carl Miller hit for 10 to pace the Herd while Royce Heller was top Hawk scorer with 11. In the B team game, Hereford won almost as exciting a game as the varsity contest, knocked off the little Hawks 47 - 44.

Hereford trailed 8 - 11 at the end of the quarter, went ahead 22 - 21 at the half. The score was 33 - 33 at the end of the third quarter. Walker Parris poured in 16

As Real As The Measles And Twice As Much Fun

That's what Lowell Thomas, radio commentator and lecturer said recently about the Dale Carnegie course in personal development. He went on further to say: "Dale Carnegie developed a system of training that is swift, practical and unique—a striking combination of public speaking, salesmanship, human relations, personal development, memory training and applied psychology—a course that is as streamlined as a wild duck, as real as the measles and twice as much fun."

Lowell Thomas is one of 700,000 graduates of the fantastically expanding DALE Carnegie Institute of Leadership Training. General Motors Corporation has signed a national contract to train 120,000 General Motors employees. R. Fred Canady, Employee Relations section, said:

"The fact that more than 700 employees enrolled this Spring is significant evidence that the course not only satisfies the Corporation's desires for effective leadership training but indicates its continued popularity among employees. We expect to enroll 800 to 1000 more employees in the Fall Semester. Over 24,000 General Motors employees have graduated from the course since 1949."

John Mason, a Carnegie executive, said in the June Reader's Digest:

"Some people concentrate on their liabilities and they are wasting their time. They should be working on their assets. We show them in the Carnegie training what their assets are."

The primary purpose of the Dale Carnegie training is to assist you to increase and develop the abilities that will enable you to lead a happier, richer, fuller life in your business, social, civic, Church and family contacts.

Some of the area residents who have participated in the training are: Deon and Fern Awtry, Dale and Dorothy Barkley, Eugene Boggess, Bill Bradley, Ben Childers, Odie and J. C. Claborn, Leslie Combs, Madeline Faughn, Clint Formby, Bill and Pauline Howard, Bob and Teresa Lamm, Bill Massie, Jack Nunley, Bill Nunn, Bud Paetzold, Roylee Patterson, Wayne Phillips, Hoot Poarch, Albert Ricketts, Rene and Jinx Sneed, J. Fashions For Spring Announced In Meeting

By MRS. ARGEN DRAPER

Forty-five women who were interested in clothing construction met last Friday in a meeting on fashions. This meeting was planned by the sub-committee on clothing for the County Program Building Committee. There was a display of 40 new fabrics along with trends, sewing aids, and other findings.

The following was a part of the program:

FASHIONS THIS SPRING

Perhaps the ability to select a costume comes naturally for you. Most of us need to study, practice and correct our mistakes before we can select clothing and accessories with confidence.

The well-dressed woman of today believes in a wardrobe of fewer clothes, well-chosen to style, use and quality is less expensive, easier to care for, and helps develop her personality better than a wardrobe of less style and quality but a larger number of articles. She believes that variety in dress may be achieved through skillful selection of stylish and classic designs.

Fashion is the style that is popular at the present time. The individual who follows the newest fashions is said to be fashionable or "in vogue". The individual who carefully chooses her clothing and accessories so that they increase her attractiveness and are distinctive is described as having style. The individual who employs judgment and skill in adapting the best in fashion to her own needs may obtain true elegance and distinction.

The term "high-style" refers to the newest fashion. It is generally translated in materials and workmanship of quality. High style is the unusual and generally the expensive articles that only a few people can afford. An example might be that of matching shoes and dress of printed crepe. A high style, if good and meets the needs of many people, may become a classic.

A classic style such as the black basic dress, the plain pump or string of pearls may be worn year after year.

Fads are styles or tricks that are in fashion for a short time and are adopted by only a few. Some fads can be practical but often they grade you down on appearance.

Good taste is realizing the importance of wearing right clothes for the occasion and the individual.

The dress designs for 1960 are a welcome change from the erratic and turbulent fashions of 1958 and an improvement over the 59 designs. It seems that

the 1959 designs were desperately trying to overcome the errors of the years before. Dress manufacturers and pattern companies and fabric houses were all distressed at the lack of buying. In those seasons it seemed that women were ashamed of having figures and afraid of looking well. Anyway, we have recovered from the extremes, and the designs of today apologize.

These 1960 designs have dozens of ways to draw the eye up toward a smiling face:

Collars: were never more important. Large and attractively shaped, they form perfect frame for the face.

Sleeves: large, dipping to the waistline or eliminated entirely for the sleeveless look. Dolman, raglan, and kimono effects also

contribute to sleeve emphasis. Full gathered brieved sleeves add beauty to the proper shaped figure.

Necklines: wide-widely scooped or dropping to a dramatic V.

Skirts: are wide or slender or gored. Usually with soft fullness at the waistline. Some are belted at the waistline or give a belted look at the hem band or bottom of jacket. By day, skirts are full, unbolstered, and often pleated. The full circle skirt returns and with it bits of bias for both skirt and bodice. The woman with the mature figure will be happy that the gored skirt is fashionable again. Four gores with flare or five gores seem to have the odds as favorites. Skirts will be shorter, by how much, depends on your decision. The becoming length which has been described as "short-normal" will be preferred by many. For many women, a becoming length is mid-calf or slightly shorter. On some women that will be 14 inches from the floor, while on others it will be 17 inches. Jackets are slightly fitted - not as severe as some of the suit jackets that we still have in our closets nor are they as full as the

designs of the past seasons. Blouses: Shirtwaist or a variation of shirtwaist. The shirtwaist has it this year. Shirtwaist can be called classic as in the years when it is not high style nor fashionable it never looks completely outmoded. It can be worn on every occasion and our basic dresses are often of this style being dressed up or down as need be.

Underwear: - smooth and good to give you the good posture and good feeling that it takes to show off the wearer of a fashionable dress.

Accessories: huge - handsome - simple and neat. Accessories still make or ruin your costume. You will choose more wisely if you heed these accessories hints. Expensive accessories, as hats, shoes, and handbags usu-

ally should be the same color as the basic garment; varied colors can be used in smaller, less expensive accessories. Good leather bags and shoes and gloves are a mark of a well-dressed person, and should be considered as investments which outlast and look good longer than several cheaper ones. Choose accessories that are simple in line and neat in workmanship. Bright colored wardrobes call for subdued accessories.

IN JEWELRY: Gold with browns, silver with black, greys and navy.

Belts: - are wider, about 2" in width.

detail removed. Classic does not mean dull, but good lines, a polished look, details perfectly worked out.

The fashion-wise individual has satisfaction and self-assurance of being well-dressed. She need not shop at the most exclusive places nor wear the labels from the best fashion houses. She knows, herself, her needs, her color, her size, her wardrobe. She has used the knowledge she has acquired from friends, teachers, fashion magazines, and trial and error. She has spent time and energy and has patience and imagination and she works at it. Always realizing that good taste is the importance of wearing the right clothes for the occasion and the individual to make herself more lovely.

Eagle Award To Former Resident

A former Hereford youth, John W. Collier of Redlands, Cal., is to receive his Eagle Scout award next week as the climax of a long Scouting career.

Collier's grandmother, Mrs. E. J. Williams, and aunt, Mary E. King, live at 615 Union in Hereford.

The youth's mother, Mrs. Edna Lee Collier, wrote of her son's Scout work to Bruce Miller, who was assistant Cubmaster when John joined Cubbing with Pack 50 in Hereford in 1949.

Mrs. Collier attributes her son's success to Scouting. This past year he was First Chief of the Order of the Arrow, the distinguished camping fraternity for Scouts. He also was named the outstanding Scout for 1958-59 in the Greyback District, for which he received a \$300 cash scholarship.

This award, together with his earnings while working for the Boy Scouts as a camp counselor, are financing his first semester's study of agriculture business administration at California State Polytechnic College in San Luis Obispo.

He is planning to join the Air Force soon and is attempting to get an appointment to the Air Force Academy.

Forget That Name?

William James of Harvard said: "The average man develops only 10 per cent of his latent mental ability." Have you ever heard anyone say: "I never forget a face but I can't remember names, faces, and facts, quickly and easily."

A movement for adult education is sweeping the nation and the most spectacular force in that movement is the fabulously successful Dale Carnegie Course. Memory training is only one phase of the Dale Carnegie Institute of Leadership training. The purpose of the Carnegie training is to increase each individual's poise, power, and polish in civic, social, church, business and family contacts.

Since 1912, when the training started, over 700,000 people have increased their ability to speak effectively; to sell themselves, their services, and their ideas; to remember names, faces, and facts quickly and easily; and to increase their income and their effectiveness by their ability to deal with people.

The Dale Carnegie Course is sponsored in Hereford by the Hereford Lions Club. Further information can be obtained from any Lions Club member, or by contacting Joe Hood at the Lucky U Motel, phone EM 4-2180.

There will be a free, information, no obligation meeting of the Dale Carnegie course Monday night, February 8, at 6:36 p. m. at the Jim Hill Hotel Ballroom. Everyone is invited, you will have a lot of fun and learn something you can use for the rest of your life even if you never attend another meeting. This is an informal information meeting where you will see a demonstration of the Carnegie training. Never will you be criticized or embarrassed while attending this or any other meeting. Come See for Yourself! We Will Not Let You Fail!

'Red' Hagans

By JIMMIE GILLETTE
Most people just flat don't know when they are well off. Six months ago if anyone had told me that I owed Urlin Streu an apology, I would have laughed and laughed. In view of recent developments, however, I have decided that old Streu is the salt of the earth.

All of these years I have been giving Streu trouble but, when I opened the door last Friday morning and saw all of those "For Sale" signs - one in front of every house in the Fifth block on Star Street - I really began to appreciate old Streu and Joe Beyer and Clarence Schultz and Abe Martin and Ike Crosthwait, and the rest of those fellows down on McKinley Brother. I was really wondering what had happened with all of those signs going up overnight. I was about ready to go down and get a sign of my own - and make it unanimous.

When I backed the car out, I was able to read the small print "Due to New Neighbors" on Dennis Lemas' sign, however, and felt a little bit better. I had already decided that those folks knew something I didn't which, I guess, was about right.

It looks as if I have three good friends in the block, though; at least Dudley Bayne, Earnest Langley and Lyle Blanton assure me that they didn't have a thing to do with the deal. In fact, Earnest says he thinks it was a crying shame. He says if he had known there was a sign in his yard, he would have taken it down before I got up. Earnest, I understand, is the early riser on the block.

Emmett Milburn had a suggestion. He says I should get a couple of strangers, round up 12 or 15 youngsters with muddy feet, and have them demand a tour through each one of the houses which posted the signs. Like most good ideas, however, I got hold of it a little bit too late to do any good, but it is nice to think about.

Meanwhile, I never saw so many people so interested in any single project around here

as they are in the proposed beet sugar plant. The first thing we need is some more acreage, and I understand that Henry Sears, Jim Witherspoon and Lee Benefield will go to Washington probably today with this idea fore most in their minds. The reason for such unusual interest is probably due to the highly practical nature of this type industry. No other thing would help so many people in so many ways as the beet program - and this is emphasized all the more by our grain sorghum situation.

Beet sugar, incidentally, will soon be on grocers' shelves in Hereford. Many housewives are already asking for it, and the wholesalers are getting stocked up. This is a good deal, whether we get the plant or not. Our community could not begin to consume the sugar we already produce in this area.

The census will be a big thing this year when an army of 160,000 enumerators start knocking on doors April 1. The 1960 head count will be the 180th in the history of the nation - once each 10 years - and will enumerate approximately 180,000,000 citizens. For the first time, it will go on a more or less do-it-yourself basis, following which the cards will be fed into special machines. One out of each four households will receive a special card with some 45 questions, but the other three will be much shorter.

Johnny Pool sort of reversed the "town farmer" procedure. Instead of living in town and operating a farm, he moved out on a farm toward Dawn and is operating his business in town.

Most women seem to have a knack for hiding things where they belong, and very few husbands ever look in the right place. There is nothing so exasperating as to search diligently for an item, decide it just isn't there this time, call the wife - and then watch her nonchalantly reach into the closet and pick it up with

barely a glance. It seems to happen, though, even in the best regulated households.

Postmaster Florence Traweck says red tape and the government forms are about to get her down. Since she is a former Republican district chairman, I suggested maybe the Democrats must have started all of the forms while they had control. Florence says she doubts it; she thinks it must have required both parties to think up so many forms about so many different things.

And the list of candidates for commissioner of Precinct 1 sure did grow. They have enough for a girl's basketball team; three more and they could have had their own baseball team, which

is always a good idea. Anyway, there won't be any more this year, since the filing has already closed.

You don't hear many businessmen complaining about the additional rain, but once and awhile you catch one of them throwing a questionable glance at the wet streets. I wonder if there is anyone in the whole area who is still running his irrigation well? If so, let us know at The Brand Office. We sure would like to have a picture of it.

ONE WAY TO DO IT

Some cooks like to start angel-food cake (made from scratch) in a cold oven and then raise the heat to slow (325 degrees).

Willing Workers 4-H Club Meets

The Willing Workers 4-H Club and their mothers met in the conference room of the First National Bank recently. The meeting was called to order by the club's president, Caroline Brumley. Instead of roll call, each member introduced her mother and herself. Miss Loreta Fowler, assistant Home Demonstration agent, gave a demonstration concerning the history of wool.

She explained how wool came to be the finely woven or coarsely woven material of which we make our clothes. Miss Fowler also showed some samples of different types of wool.

Another important item discussed by the club was the dividing of the club into four smaller groups. These four groups will be led by the four junior leaders. LuAnne Higgins, Glenda Lester, Caroline Brumley and Janis Higgins. The four groups will meet separately the first meeting of the month and then will combine into one large group for the last meeting of the month.

Refreshments of cookies and cold drinks were served before the meeting. The meeting adjourned at 6:30 p. m.

Members and mothers present at the meeting were Toni Beauchamp and Mrs. Harold Beauchamp, Donna Nivens and Mrs. Doyce Nivens, Nancy Smith and Mrs. Alvin Smith,

Cindy Hanna, Joetta Hanna and Mrs. Grant Hanna, Kay Brogdon and Mrs. James Brogdon, Pam Winget and Mrs. Winget, Sharon Hagans, Glenda Lester, Mrs. Paul;

Caroline Brumley, Donna Hill and Mrs. Hill, Kathy Pool and Mrs. Lloyd Pool, LuAnne Higgins and Mrs. A. B. Higgins, Connie Bryant and Mrs. Bryant, Mora McAndrews and Janis Higgins, Mrs. Earl Plank, the club's leader.

The Willing Workers also met before Christmas in the Bull Barn and made plate plaques. Caroline Brumley, president, called the meeting to order and Connie Bryant, hostess, served donuts and cold drinks as refreshments. The meeting adjourned at 6 p. m.

Members present were Cynthia Knox, Bonnie Bryant, Caroline Brumley, Kay Brogdon, Pam Winget, Donna Nivens, Kathy Pool, Becky Long, Mora McAndrews, Donna Hill, Nancy Smith, Toni Beauchamp, Cindy Hanna, Joetta Hanna and Janis Higgins. Mrs. Earl Plank, leader, and Mrs. Bryant were also in attendance.

COLOR LURE
RICHMOND, Va. (AP) - They call it the technique of subliminal motivation to control litterbugs. What it means is that the city's trash barrels will be painted pink, blue and yellow in the hope that more people will use them than the old green-painted ones.

Boys (And Girls, Too) Are Confusing

IT'S IN THE 'WHITEFACE'

Yes, Virginia, Cupid Is Real

Dear Editor:

I am a girl of 17 years old. Some of my little friends say there is no Cupid, Daddy says, "If you see it in the 'Whiteface' it's true." Tell me truthfully, is there a Cupid?

VIRGINIA
Yes, Virginia, there is a cupid. Your friends have the one great fault of all humankind - they do not recognize what they see.

Perhaps this may sound strange to you, Virginia, but you have seen Cupid in action many times without recognizing him.

You see, Cupid was the son of Mars, god of war, and Venus, goddess of love. He may have seemed vicious to you at times, shooting those little arrows at people. But on the tips of these arrows was a potion to make people fall in love.

You've seen Cupid in action about it, Virginia. Remember many times, haven't you? Think the spitwad that was so adeptly thrown at you by the boy two rows over from you in class last week? It wasn't an arrow, but the effect was the same.

When Cupid shot that first love arrow he didn't realize what he started. Perhaps he had discovered a new formula with his junior chemistry set. Whatever he uses on the tips of those little arrows, it certainly is effective.

He must be a pretty busy little fellow, Virginia. He's got a big job in keeping the human race going full blast.

It's an expensive job, too, that of Cupid. Think of the arrows he uses up in a day's work. Of course, he doesn't have any transportation problem, though. He has little good wings, and light clothing - just a handy little sheet or two.

Cupid doesn't depend on his arrows alone to do his job. He lets superstitions boost it along. Many a girl has pinned five bay leaves to her pillow, one each corner, and one in the center, in hopes that she will dream of her sweetheart.

Just to make sure, some would even take the yolks from hard-boiled eggs and fill the centers

with salt. Then they would eat the eggs, shell and all, and hope for pleasant dreams.

Cupid seems to be able to relax even more in modern days. Your generation sticks to stuffed animals, candy, and colorful valentines for getting romantic messages through to the opposite sex.

Yes, Virginia, there is a Cupid. He's around. Your mother and father should be proof of that.

News And Notes From The Band

Last week the band chose six students from the band to be on a committee concerning the lettering of the band jackets for next year. Those chosen from the junior class were: Ann Shepard, Clyde Whitaker, and Gary Tannahill. The delegates from the sophomore class were: Suzanne Langley, Maribeth Gilliland, and David Scott.

The committee is to meet sometime during the next week and decide how they would like the lettering to be. After they decide, it will be presented before the principal and then decided whether the idea will be used or not. The details on the committee will be in next issue of the WHITEFACE.

The stage band of Hereford attended the West Texas Stage Band Festival Saturday, January 30. The stage band practices once a week for a two-hour session. They work very hard and I think that they should receive some recognition.

The members include: Saxophones: Dudley Bayne, Lead; Gary Tannahill; Sheila Williams; Shirley Thompson; Curtis Crowell, Trumpets: Gene Meachem, lead; Donnie Marconell; Sam Saul; Bill Nelson. Trombones: David Scott; Doris Barnett. Drums: Jerry Don Whitaker. Nelda Nelda Barnett.

The BIG DOMINO BAND will present its annual Coronation Concert, Tuesday, March 1. It will feature the high school concert band and the Lamplighters Stage Band. Make it a point to go to this fine concert.

The bands of Hereford have worked very hard this year. The band director, Mr. George H. Hill, has helped in improving the bands. As most of you know, the school board agreed to help the bands buy new instruments. We hope that they will be in soon.

AN EDITORIAL

Grow Up-- Go Home

"Always we hear the plaintive cry of the teen-ager: What can we do? . . . Where can we go? . . . The answer is GO HOME!"

Hang the storm windows, paint the woodwork. Rake the leaves, mow the lawn, shovel the walk. Wash the car, learn to cook, scrub some floors. Repair the sink, build a boat, get a job.

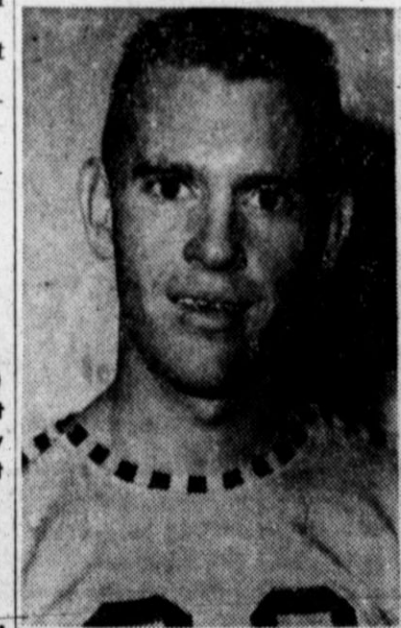

Help the minister, priest, or rabbi, the Red Cross, the Salvation Army. Visit the sick, assist the poor, study your lessons. And then when you are through - and not too tired - read a book.

Your parents do not owe you entertainment. Your city or village does not owe you recreational facilities. The world does not owe you a living . . . you owe the world something. You owe it your time and energy and your talents so that no one will be at war, in poverty, or sick or lonely again.

In plain simple words, GROW UP; quit being a cry-baby. Get out of your dream world and develop a backbone, act a wishbone, and start acting like a man or a lady.

You're supposed to be mature enough to accept some of the responsibility your parents have carried for years. They have nursed, protected, helped, a-pealed, begged, excused, tolerated and denied themselves needed comforts so that you could have every benefit. This they have done gladly, for you are their dearest treasure. But now, you have no right to expect them to bow to every whim and fancy just because selfish ego instead of common sense dominated your personality, thinking and requests.

In Heaven's Name, GROW UP and GO HOME!

Mr. Guess Who

Industrious and hard-working are the words that very well described this week's outstanding student. He was chosen out of Mrs. Durham's home room. He is a senior and belongs to the National Honor Society; he is six foot, one and weighs 145 pounds; he lives at 408 East Fifth Street; some of his favorite past times are going to stock shows and showing his cattle; he is a member of the band and sits 7th chair clarinet; his ambition is to go to college and later on he plans to become a rancher and have a top bunch of show cattle.

Jonna Blocker Top Thespian For January

The Thespian that we wish to recognize this month is Miss Jonna Lee Blocker. Jonna Lee is the President of Thespian Troupe 896.

She is a Senior this year. She was born in Amarillo, on October 5th, 1941. She entered the dramatics field when she tried out and received a role in the all-school play her sophomore year. The play that year was "The Remarkable Incident at Carson Corners". Her ambition is to be a speech therapist or a drama teacher, and to get married.

Some of the roles she has portrayed include: Betty in "The Remarkable Incident at Carson Corners"; Nancy Lee Faulkner in "Night of January 16th"; Ann in "All My Sons"; and Abby Brewster in "Arsenic and Old Lace".

Teenarama

Now that the bustle of exams are over once more it seems as though the students in the halls of Hereford High are again resuming their carefree chatter. I would like to resume my chatter with you and try to answer some of the questions you have to ask.

Dear Sam: I've noticed that some children actually call their parents by their first names. This shocks me! What surprises me more is that the parents allow it. Don't think I'm an old lady because I'm really part of the "Young Generation."

Dear YG: I don't like it either, but if the parents don't mind I guess there isn't much you or I can do about it. Children who first name their parents possibly don't know them well enough to use the Mother and Dad label. Sam.

Dear Sam: The boy I have

been dating a few times suddenly became very busy. He says he couldn't find time to call for a date, but he hasn't been too busy to take other girls out. I just naturally backed out and have treated him as a perfect stranger. I look the other way when I see him. Have I done right? Wondering.

Dear W: No! Don't ever play the girl scorned. It only adds to the man's self-esteem and lowers yours. Be very busy with other dates, be nonchalant when you see him, and may be re-light the flame - that is if you are still interested. Sam.

Dear Sam: I am a boy going on 14. I have trouble making friends with girls. Boys I can make friends with easy. Can you suggest something that will help me with my problems? All Shook Up.

Dear Shook: Time! Say about two year's worth. Sam

Question Of The Week: What Are Beatniks?

Sandra Inman

I think a beatnik is a person (mostly men) who feel that the world has turned against him and doesn't have any place to go or any thing to do, so he declared himself a beat person—so called a beatnik.

John Henry

A abnormal person like me.

Sandra Brumley

I think beatniks are people who feel rejected and isolate themselves from people, except other beatniks. They dress sloppy, and wear beards, and sit in dark beatnik houses smoking, drinking coffee and playing bongos. They have no ambition in life and are satisfied to sit and meditate about their problems.

Sandy Blyth

Beatniks are a fad that will sooner or later disappear. I'm not one but I like to go into coffee houses and sit and drink coffee and watch the real ones. Sometimes they are pretty funny.

Joy Wiman

I think a beatnik is someone who has no ambition in life and tries to get attention by pretending to be "beat". Most people just like to go to coffee houses to relax and visit with other people. Most of them really aren't beatniks.

Linda Witherspoon

A tired Santa Claus.

Kay Cole

People who want attention by being different.

Ann Lance

A person who doesn't care about anything in life and wants all the attention from everyone else.

Cherry Holt

People who don't care what they do. They don't have any ambition.

Patsy Fowler

Beatniks are—well, it's hard to say what they really are.

Linda Renfro

People who sit on the floor.

We live in a sensible, mixed-up world these days, even in the line of getting along with our best gal or beau. Here are a few examples.

BOYS . . .
If you smile, he thinks you're flirting.

If you don't he thinks you're mad.

If you flatter him, he thinks you're silly.

If you don't he thinks you don't appreciate him.

If you talk of love and marriage, he jumps to conclusions you're proposing.

If you don't he thinks you don't care.

If you are a good girl, he wonders if you are human.

If you are bad, he is disgraced.

If you go with other boys, he thinks you are fickle.

If you don't he thinks no one wants you.

Boys, bless their little pointed heads, don't know what they want.

GIRLS . . .
If you smile at her, she thinks you're a wolf.

If you don't she thinks you're blind.

If you flatter her, she thinks you are after something.

If you don't she thinks you don't notice her.

If you talk about love and marriage, she thinks you're

caught and doesn't want you. If you don't she wants to know why you don't love her anymore.

If you're a good boy, she thinks you're a square.

If you're a bad boy, she thinks you're too rough.

If you go with other girls, you're two - timing her.

If you don't she thinks no one else will go with you.

Girls, bless their loyal hearts, know just what they want, but want you to figure it out for yourself.

Ann Wingert Student Of The Month

We are very proud of our January student of the month, Miss Ann Wingert. We would like to tell you a little about her.

Class - Senior
Age - 17
Hobby - painting, drawing and playing the piano

Sam: "I have to reduce these fractions."

Scoutmaster: "Why am I pinning your Tenderfoot pin upside down?"

Tenderfoot: "So I can see it."

Sam: "Why does a stinger crossing the Sahara Desert remind you of Christmas?"

Ham: "I don't know, why?"
Sam: "Because he has Sandy Claws."

Joe: "Why couldn't the animals on Noah's Ark play cards?"

Moe: "I don't know, why?"
Joe: "Because Noah sat on the deck."

Wife: "Why did you tear the back pages out of that new book?"

Absent-minded doctor: "I'm sorry, dear. That section was labeled 'appendix' and I took it out without even thinking."

Future Nurses Elect Officers
 By Whiteface Staff
 The future nurses have had several meetings this year. During the first meeting, the club elected its officers. They are: Twyla Springer, president; Barbara Tiefel, vice - president; Sandra Moore, rec. secretary; Sheila Williams, treasurer; Janell Weaver, reporter; Billie Jean Barnett, historian.

The club has decided on their book and has it nearly completed. Also this year the club has had a rummage sale which netted a very good profit. The club had decided to have fellowship honoring their parents on Feb. 15.

Also, the club has had some fine programs on the career of nursing.

Looking Back Into January

By Whiteface Staff

January was very eventful to the students of Hereford High School.

The Christmas holidays were extended because of the snow fall the night of the 3rd. We resumed classes on the 6th. Everyone thought it felt good to be back, telling of all that happened to them during the vacation. With some students returned bright shining faces and sparkling rings from their beaus.

Initiation into TRI HI Y for fifteen lucky members took place the 15th.

Our lovely basketball queen, Judy McGee, was crowned on the 19th.

On the 18th and 19th, the middle of mid-term exams took place. The 20th was a day off after the strain. The students spent their time enjoying the

About 130 proud and happy seniors received their rings on the 22nd. Since then no one need do more than just look wistfully at a senior without being shown the "most beautiful ring" in Hereford High School!

The 22nd was the induction of the Hereford chapter of the National Honor Society. We are real proud of those who are in it and we know there will be many more to add to Hereford's grand representation that we have so far.

GOOD LUCK IN FEBRUARY!

IT'S FUN-TASTIC

STEP IN IT—STEP OUT IN IT

Get the quiet proof of Chevrolet's superior performance on the road—No other car in the low-priced three can match the borne-on-the-wind sensation you get from a ride in the 1960 Chevrolet. But that's not surprising when you consider to what lengths Chevy has gone to provide for your comfort at no extra cost to you. As you drive, count the ways Chevrolet has been thoughtful:

- Supple Full Coil suspension**—Coil springs at all four wheels melt bumps as no other suspension can. Taking the punch out of rough roads is their only function—they don't have to anchor the rear axle.
- Butyl rubber body mounts**—Thicker, newly designed body mounts further insulate you from the road.
- Body by Fisher**—Only Chevy in its field offers the polish and craftsmanship of Body by Fisher.
- Foam cushioned seats**—Chevy offers foam cushioned seats in both front and rear in all series but one.
- Safety-Girder frame**—X-built and not merely X-braced, the Safety-Girder frame affords greater rigidity to minimize twisting and squeaks.
- Hydraulic valve lifters**—Oil hushed hydraulic valve lifters reduce engine noise to a whisper.
- Cushioned steering shaft**—A universal joint and cushioned coupling keep those annoying road tremors from the steering wheel.

Precision balanced wheels and tires—Here again Chevy has shown concern for your comfort by eliminating vibration in this vital area—tire life is longer, too.

Easy steering ratio—Chevy's high ratio Ball Race steering takes the work out of steering for you.

Superior weight distribution—Chevy rides better, handles better and stops better because the car's weight is more equally divided between the front and rear wheels.

Wide choice of power teams—Choose from 24 different power combinations to satisfy the itchiest driving foot—more than any other car.

Students Make Like Stampede Between Bells

By Whiteface Staff
Somewhere in the building a bell sounded. Almost immediately doors were thrown open and Hereford High once again was alive with shouting, pushing, shoving students.
The stampede had begun! "Stampede?" you say alarmingly. "Doesn't that have something to do with cattle?"
Exactly! The word "stampede" is defined by Webster as "a wild head-long scamper, or running away, of a number of animals." But... isn't this also the perfect adjective for those innocent "between period" breaks?

Perhaps you are so accustomed to this situation in the halls that you no longer think of it as a problem. You have actually begun to accept the idea of being pushed into algebra and shoved out of history.
If a girl drops her purse in this "wild stampede," she may as well give it up for lost. No girl in her right mind would stop the cattle... er, students... behind her and stooping to regain a fallen book is sure death!
If you doubt the above, take a look around you the next time the "stampede signal" is sounded.

By the way, when you pushed that sophomore into the library showcase yesterday your horns were showing!

Interstate Highway System May Be Driver Lifesaver

By VERN SANFORD
AUSTIN - Completion of the Interstate Highway System, including 3,033 miles of top-standard expressways, may save as many as 300 Texans a year from traffic deaths.

State Highway Engineer DeWitt C. Greer says that accident records show that controlled access expressways are three times safer.

Also, he said, they move three to four times as much traffic.

Greer estimates that the Interstate Highway System, when completed, will save one life a year for each 10 miles of road.

Target year for getting Texas highways to desired standards is 1975.

By that time, said the state

highway engineer, the state probably will have 70,000 miles in the state highway system compared to the present 60,000. There will be 5,500 miles of multi-lane highways compared to 2,168 today.

Whether speeds in excess of 60 miles per hour should be legalized for some of the state's top-notch highways will be subject of study between now and the next Legislature.

Committees of the Texas Good Roads Association are to consider this and whether gasoline taxes should be upped to gain school funds.

Governor Daniel has suggested the possibility for raising money for school improvement

and teacher salaries through a higher gasoline tax. TGRA, made up of people interested in road building, has, in the past, opposed draining taxes paid by road users for non-highway purposes.

Higher speed limits have been proposed before for four-lane highways, but have failed to pass the Legislature.

Deficit in the state's general revenue fund has reached \$78,647,301, an all time high, says State Treasurer Jesse James.

Things should look better after May 1, when corporation franchise taxes will be paid, he adds.

Appointed by Governor Daniel to the Texas Commission

on Educational Standards are Mrs. W. D. DeGrassi of Amarillo, Horace K. Jackson of Gatesville, Reynaldo Garza of Brownsville, Cullum Greene of Fort Worth, and Mrs. E. P. Lamberth of Dallas.

To the Educational Commission, Lt. Gov. Ben Ramsey names Everett Collier of Houston, Joe Anderson of Lufkin, Sens. William Fly of Victoria, Floyd Bradshaw of Weatherford, and Ray Roberts of McKinney.

House Speaker Waggoner Carr designated Mrs. Harry Patterson of Houston, John McKee of Dallas, Reps. C. T. Matthew of Yoakum, Leon Thurman of Anson and Maurice Pipkin of Brownsville, as his appointees to the Educational Commission.

Frank M. Wood of Wichita Falls has been elected chairman of the Game and Fish Commission to succeed Herb Frenesley of Houston.

New members of the Commission are Carl L. Dupuy of Lufkin, H. A. Walsh of El Paso, J. F. Corley of Houston and W. O. Reed of Dallas.

"Flu bug," besides felling Texans by the thousands, contributed to a delay in deciding one of the state's most talked about issues, the new Safe Driving Insurance Plan.

With the other two State Insurance Board members ill, Chairman Pen-Jackson said it would be at least several days before the board would announce changes, if any, in the plan.

Board Member Robert W. Strain was in bed with the

flu, and Joe P. Biggs, other member, was convalescing from a heart attack.

Under the merit plan, the Board set auto insurance premiums lower for drivers with no record of accidents or traffic violations and proportionately higher for those who have accident and violation records.

Gov. Daniel has said that he hoped the Board would make "some changes" in the plan, but declined to elaborate.

Some legislators declare that, unless non-accident causing violations and the three-year retroactive features are taken from the plan, it will be so unpopular the Legislature will have to change it if the Board doesn't.

But most Texas insurance men declare that, given a fair chance, the plan will grow in favor with the public. They believe there will be an overall drop in insurance costs as the driving public learns the relationship between bad driving habits and high insurance premiums.

Governor Daniel has promised El Paso every possible help in combatting its problem of being "a major distribution point of an international narcotics ring."

In response to a telegram in which El Paso Judge Woodrow Bean cited the city's "major" problem, the governor conferred with state and federal authorities.

Daniel said he was assured after talking with Col. Homer Garrison Jr., director of the Department of Public Safety, that DPS men were and would continue to work with local law enforcement officials in El Paso in fighting narcotics traffic.

Also, said the governor, he has been told by the Federal Narcotics Commission that eight federal customs agents in El Paso also do anti-narcotics agent in El Paso.

Railroad Commission has set a hearing Feb. 9 on a request by Texas railroads to reduce passenger fares between Houston and Dallas and Fort Worth.

Railroads want to reduce the round trip fare from Houston to Dallas from \$13.05 to \$9 and the fare from Houston to Fort Worth from \$14.80 to \$10.

A spokesman for the Railroad Commission said that no opposition was expected from rail companies not making these runs.

How To Improve Your Personality

By Whiteface Staff
"Cause you've got walk with personality."
Talk with Personality . . .
What is personality?
Personality is the entire make up of a person. It includes his intelligence, emotions, his habits and attitudes that make him act the way he does. It is the result of his past experiences, friends, school life, actions, and the way he handles problems which face him.

Everyone has personality; no one has more than another. A person's traits and characteristics make him different from anyone in the world.

Personality develops through environments such as community, church, school, friends and family. These factors mold and develop a person's thinking and his way of life.

A person should try to be aware of what he does. He should try to take a look at himself the way others see him, not the way he would like to be. Only by facing reality can one learn by this to face them in the right way.

Marlene Legg To Governing Board

Marlene Legg, Hardin - Simmons University senior from Hereford, has been elected permanent chairman of the Women's Governing Board at H-SU.

The Board, made up of representatives of all the girls' dormitories and delegates elected by coeds who reside off the H-SU campus, coordinates all activities of the women students.

Miss Legg, daughter of Mr. and Mrs. Tandy Legg of Route 4, Hereford, is majoring in elementary education at Hardin - Simmons. She will be a candidate for the bachelor of science degree next spring.

The Hereford Brand, Hereford, Texas, Thur., Feb. 4, 1960

It takes only a little thought to know one's personality and how to improve it. Remember—personality makes the person he was yesterday, who he is today, and who he will be tomorrow.

YOUR TOWN

If you want to live in the kind of a town
Like the kind of a town you like,
You needn't slip your clothes in a grip
And go for a long, long hike.
For you'd only find what you'd left behind,
There's nothing that's really new.

It's a knock at yourself when you knock your town,
It isn't the Town, it's You!
Real towns are not made by men afraid
Lest somebody else get ahead
When everybody works and nobody shirks,
You can raise a town from the dead.

And, if when you make your personal stake,
Your neighbor can make one too,
You can make a town what you want it to be,
It isn't the town - it's you!

A BIG SENIOR

A big senior I've wanted to be,
For many years, at least two or three.
I've always thought it would be lots of fun,
To have my schooling almost done.

I thought my last year would be a snap
With nothing to do but play and nap.
But, my dreams have been shattered with hard jerk,
Cause being a senior means nothing but work.

Recruit Training Ended By Caster

William R. Caster, son of Mr. and Mrs. Richard W. Caster of 229 Avenue A, Hereford, graduated from recruit training Jan. 29 at the Naval Training Center, San Diego, Calif.

The graduation exercises, marking the end of nine weeks of "boot camp", included a full dress parade and review before military officials and civilian dignitaries.

In nine weeks of instruction, the recruit is developed into a Navy Bluejacket, ready for duty with the fleet.

These Countenances

Upon the shoulders of these mighty men fell responsibility when America had to have guidance. Character is the common mark that distinguishes each face. February is the month that gave them to us. Of course, they were humble, profound men and their words are the golden threads which hold our Democratic system of government together. True Godliness, firm statesmanship and real Americanism is written over their badges. They are the firm, steady Fathers of the greatest country on earth... America. These stalwarts provided the sort of leadership all Americans honor and to which they claim to be heirs. Here are three symbols of the faith, vision, and forbearance that made our country great... they are Washington, Lincoln, and Lee. *Then citizens, arise and be proud. Attend church and worship God. Thank Him for These Countenances and for every blessing we have in Free America.*

Text and Topic for Sunday, Feb. 7: "The Goodness and Severity of Jesus." Matthew 11: 25-30.

Lest We Forget: Never did any come to our Lord without experiencing His truth and faithfulness. There is no guilt, however great, which is not removed from their conscience; nor any earthly trouble in which they are not able to rejoice and glory. If under any calamity we go to Him, we shall receive such an answer as will turn our sorrow into joy, and make the very occasions of grief the sources of exultation and triumph.
A most cordial welcome to you.

Subject for Lesson Study Sabbath Jan. 23: "The Return of Jesus and the Judgment in the Parables." Memory Verse: Matt. 25:40.

Study Helps: "Christ's Object Lessons," pages 70 - 75; 405 - 421; "The Seventh - Day Adventist Bible Commentary" on lesson scripture; Lesson Help in "Review and Herald" of Jan. 7.

Lesson Outline: 1. The Tares and the Net. 2. The Parable of the Talents. 3. The Parable of the Ten Virgins. 4. The Fig Tree and the Traveling Householders. 5. The Sheep and Goats.

Note: The Triumphant return of Jesus is such an integral part of the Gospel that we find it, and the events connected with it, woven into many of the parables Jesus told. In a number of them the return of Jesus is the climactic event which furnishes the point of the narrative. Remove the doctrine of the second

coming; and you rob all the parables referred to in this lesson of their point.

Seek Power To Cut Foreign Sugar Quota

East Lansing, Mich.—A spokesman for the United States beet sugar industry Tuesday afternoon called for presidential power to cut the sugar quota of any foreign country "in the interest of national security."

Guerrero Wins Wrestling Event

Gory Guerrero won one of the two wrestling matches held in Deaf Smith County Bull Barn Saturday night.

Guerrero and Fred Hunt entered the ring at 8:30 p. m., and Guerrero won the first fall in 18 1/2 minutes after Hunt was disqualified. Guerrero won the second fall in 12 minutes with a body press. Hunt substituted for Ray Gordon.

In the second event, Rock Hunter won the first fall from Bob Geigel in 15 minutes. Geigel won the second fall in 15 minutes after being in trouble all the way through. The wrestlers ran out of time in the third fall, having wrestled for one hour.

For Saturday, Feb. 6, at 8:30 p. m., the Lions Club will hold a mixed tag team match, two giants and a midjet against two giants and a midjet.

The match will include Stranger Stan, Rock Hunter and Tiny Roe against Ray Gordon, Alex Perez and Lord Littlebrook in a two-out-of-three fall or one-hour limit event, plus three other matches.

A group of sugar beet growers in the Hereford area are now planning ways and means to increase sugar beet acreage in Texas and in the United States.

This was the first public announcement of support in the domestic sugar industry for an announced administration intent to seek additional presidential powers on foreign sugar quotas, as a possible means for dealing with anti-American acts of Fidel Castro, Cuban premier.

Robert H. Shields, president and general counsel of the United States Beet Sugar Association, urged the action in a talk at "Sugar Beet Day" during the 45th annual Farmers' Week at Michigan State University.

He indicated that giving the President discretionary power would be mid-way between a "drastic cut of the Cuban quota by Congress" "right now," and an extension of the Sugar Act without change. Both these alternatives have been proposed in Washington.

The present Sugar Act, which expires at the end of this year, gives Cuba about one-third of the annual U. S. sugar market.

"We should not let our justifiable anger at Castro blind us to the effect that drastic action at this time would have upon the Cuban people," he said. "Domestic sugar interests have always had a sympathetic appreciation for what the Cuban people have done."

"At the same time, a simple extension of the law without change for any period would not give American consumers the added protection they now need, and would not give the President of the United States the additional negotiating power he needs in the interest of the national security to deal with Castro. In fact, a simple extension of the law without change would condone Castroism.

"A simple extension without change actually would give more United States quota than he now has without any strings to it. This would be true because in the present law Cuba's quota increases each year with increases in United States sugar consumption."

Shields said another amendment is needed for correcting sugar marketing conditions which have resulted in charges of a "maldistribution" of sugar supplies in the United States.

He pointed out that in the past three years Puerto Rico and the Virgin Islands have fallen short of meeting their sugar quotas by nearly 800,000 tons, an average of 264,000 tons a year. About two-thirds of these "deficits" have been allotted, under the present law, to be the domestic beet sugar and mainland cane sugar areas.

Shields said it is anticipated that "substantial" Puerto Rican deficits will continue and that, under the present law, an increasing proportion would con-

tinue to be allotted to the two domestic areas.

Normally, most Puerto Rican sugar winds up in the northeastern states, while most mainland cane and beet sugar is marketed in the West and Midwest.

Shields suggested the law should be changed to provide for future Puerto Rican deficits to be allotted to other areas normally supplying raw sugar to the Northeast. In return, the basic domestic beet sugar quota could be increased by 150,000 tons and the mainland cane quota by 50,000 tons - amounts roughly equivalent to the amounts of Puerto Rican deficits they have received.

He said there is complete agreement among domestic producers and refiners that these changes should be made.

"The allocations of Puerto Rican deficits to the domestic beet and mainland cane sugar areas in recent years have eased the pressure on these areas for higher basic quotas," Shields said. "Even so, the demand for additional beet acreage remains unsatisfied."

"In the light of this fact, and if the domestic beet and mainland cane areas are to relinquish their rights to future Puerto Rican deficits, their basic quotas must be increased in line with their present and immediate future production and marketing potentials.

"Such basic quota increases are particularly desirable now at a time when the need for more reliance upon domestic continental sugar production is underscored by the present uncertain Cuban situation.

"Exchanging Puerto Rican deficits for comparable flat additions to their quotas will enable these areas better to program their production and selling operations, will facilitate general administrations of the law, and should ameliorate some of the market conditions said to be created by the present Puerto Rican deficit situation."

The beet sugar spokesman said an extension of the law "for a reasonable period of time" with the desired amendments "would benefit everyone having an interest in the Sugar Act—the American government, United States consumers, the domestic sugar industry, foreign suppliers, and exporters who sell to countries from which we

Founders Day Slated At WT

CANYON, — Observance of Founders Day, commemorating the 50th anniversary of the establishment of West Texas State College, will be Feb. 17 at a special assembly.

The program, one of the major features of the golden anniversary year for West Texas State, will be at 11 a. m. in the Administration Building auditorium. Following the program, a tree-planting ceremony will be held.

J. Edd McLaughlin of Ralls, member of one of the early classes, will be speaker for assembly. His talk is expected to follow "the good old days" theme. A number of ex-students who attended the college in its infancy will be introduced by Milton "Buff" Morris, executive secretary of the WT Ex-Students Association.

The planting of trees on the campus, a custom of the past, will be done by members of each of the four classes, led by Wayne Smith of Pampa, president of the student association. The trees will be planted in the campus quadrangle west of the Administration Building.

Concluding the ceremony, the A Cappella Choir, directed by Dr. Houston Bright, will lead in singing the college alma mater.

Club Has Program On Food Faddism

The Dawn Home Demonstration Club met recently in the home of Mrs. J. B. Caraway. Mrs. H. S. Fuller presented the program on "Food Faddism." She said in part, "Food has emotional rather than intellectual value to the average person, therefore, the food faddists have capitalized upon this fact, appealing to the emotional drives of their believers rather than to their intellects."

Mrs. Fuller also urged the members to use their family physician as the first court of appeals in matters of health.

Muri Little, president, called the meeting to order. Mrs. J.B. Caraway had charge of the opening exercises. Members voted to have secret pals and drew names to be used during the year.

Miss Lula Botsford was elected club mother to replace Mrs. Zed Stewart, who moved away. Mrs. H. D. Fowler was elected parliamentarian and Mrs. J. B. Caraway council alternate to fill vacancies caused by moving. President appointed Mrs. Fuller to investigate the possibilities of a First Aid course in the community.

Members present were Mesdames Muri Little, J. B. Caraway, H. S. Fuller, R. T. Stewart, Rea Cox, H. D. Fowler, J. E. McCabe was present as a visitor.
