A GIGANTIC AUCTION OF HEREFORDS

STUBBS LAND & CATTLE CO. TO SELL 2,800 HEAD CATTLE

SEPTEMBER 11-12

Two Famous Auctioneers Secured to Handle Huge Dispersal

The Stubbs Land & Cattle Company, of which ex-governor Stubbs of Kansas is president, announces one of the most stupendous sales of Hereford cattle ever attempted in this country to take place September 11 and 12 at the Santa Fe stock pens located in East Hereford. Twenty-eight hundred head of full-blood non-registered Herefords will be auctioned off at this sale. Two of the most famous auctioneers of Herefords in the country, Colonel Fred Reppert and Colonel E. M. Gross, will have charge of the sale ring.

It is proposed to dispose of 900 cows, 400 heifer calves, 375 bull calves, 300 yearling heifers, 250 two-year-old heifers, and sixty registered Hereford bulls. In addition the sale will include 200 two-year-old steers and 300 yearling steers.

The Stubbs herd is one of the most famous in this section and has a foundation worthy the attention of buyers the world over. The ranch has many prizes and records for winnings in the largest shows of the country. This company has two ranches near Hereford, the northwest ranch, where the sale will be held, comprising about thirty sections and the other, on the west, known as the Findley ranch, embraces twenty-eight sections. Gov. Stubbs invested here about twelve years ago. The company's local manager is A. Lawrence.

A national advertising campaign has been made for this huge sale and buyers from all over the United States are expected here in September. Additional information will be furnished about details before the date of the sale.

It Sprinkled in Spots; Prospects For Rain Great

A straggling cloud happened along overhead Thursday afternoon and laid the dust in Hereford proper. It seemed a good omen. Thursday night the "signs" were propitious but that was all. About noon Friday it clouded up again and another spout of moisture cooled things off. At time of going to press the outlook was encouraging.

A good general rain over the Plains just now would mean more than Webster's dictionary has words to eulogize. Here's hoping!

Castro Co. Has Right Idea For Getting Ahead

Dimmitt, Texas, Aug. 17.—On Tuesday, August 2, Mrs. Carroll, Castro County Home Demonstration Agent, arrived in Dimmitt. Mrs. Carroll is from Brownwood, Texas, and is a graduate of Peabody Normal of Nashville, Tenn. She is an experienced Demonstrator. During the past year she canned 4,000 cans of meat besides thousands of cans of other products. In addition to this she taught Domestic Art, having made more than one hundred and twenty-five dress forms last year.

At a called meeting last Wednesday plans for thirty days were outlined and a demonstration in dress form construction at a cost of eighty cents. At the close of her talk she took orders for materials and for twenty dress forms to begin work on. On Thursday she met the Ladies Aid and gave a demonstration of inverted pockets and broad button holes, and on Friday, Cottage Cheese making, as well as jelly making. She used the steam pressure cooker.

Castro County is justly proud of her forward movement and hopes to have this good work for a longer time each successive year.

Any community in the county can secure Mrs. Carroll's services by calling the office of the County Judge or County Clerk.

REPUBLICANS NOT LEGALLY ENTITLED TO VOTE IN DEMOCRATIC PRIMARY, OPINION

SIX DEMOCRATIC MEMBERS OF HEREFORD BAR RENDER OPINION ON REQUEST OF COUNTY CHAIRMAN DAMERON

ELECTION JUDGES ARE SO ADVISED

Opinion Holds That it is a Felony for Others Than Democrats to Participate in Democratic Primary for U. S. Senate. Is Misdemeanor to Vote for any Other Office

The action of local Republicans in holding a meeting on the night of July 22, the day of the democratic primary, and electing delegates to state and district meetings of the Republican party in Texas seems to have had the effect of arousing the democrats of the county to the fact that party lines were not being drawn here as strictly as they should be. A series of meetings was held between prominent Democratic leaders and members of the county executive committee, with the result that County Chairman Travis Dameron, as authorized leader of the local democratic party, asked the democratic attorneys of Hereford for an opinion on the question of whether or not it was legal for Republicans to vote in Democratic primaries. The following interesting reply was the result:

"Hereford, Texas, Aug. 11, 1922.
Mr. Travis Dameron,
Chairman, Democratic Executive,
Committee of Deaf Smith County,
Texas.
Dear Sir:

"In compliance with your request to the members of the Hereford Bar, to investigate the primary election laws, and give you our opinion, in writing, as

DR. LEGRAND BACK FROM TEMPLE, TEX.; HEALTH IMPROVED

Dr. G. E. Ledford and son, George, came home Wednesday from Temple, Texas, where the Doctor has been recuperating for a couple of weeks. He is improved somewhat, but still not able to take up his practice to any extent. It is understood that he will again leave soon for a longer rest.

to whether or not a person not a member of the "ORGANIZED DEMOCRATIC PARTY" has a right to vote in a "DEMOCRATIC PRIMARY ELECTION," will say that we have carefully examined the primary election laws of this State and Court decisions of this and other States and it is our opinion that:

"No person not a member of the 'ORGANIZED DEMOCRATIC PARTY' has a right, either ETHICALLY, MORALLY, OR LEGALLY to vote in a 'DEMOCRATIC PRIMARY ELECTION'."

And furthermore, one who is not such a member and votes in said primary is guilty of a felony, if a candidate for the nomination of the United States Senate is being voted on, and is guilty of a misdemeanor, if a candidate for nomination for any other office is being voted on.

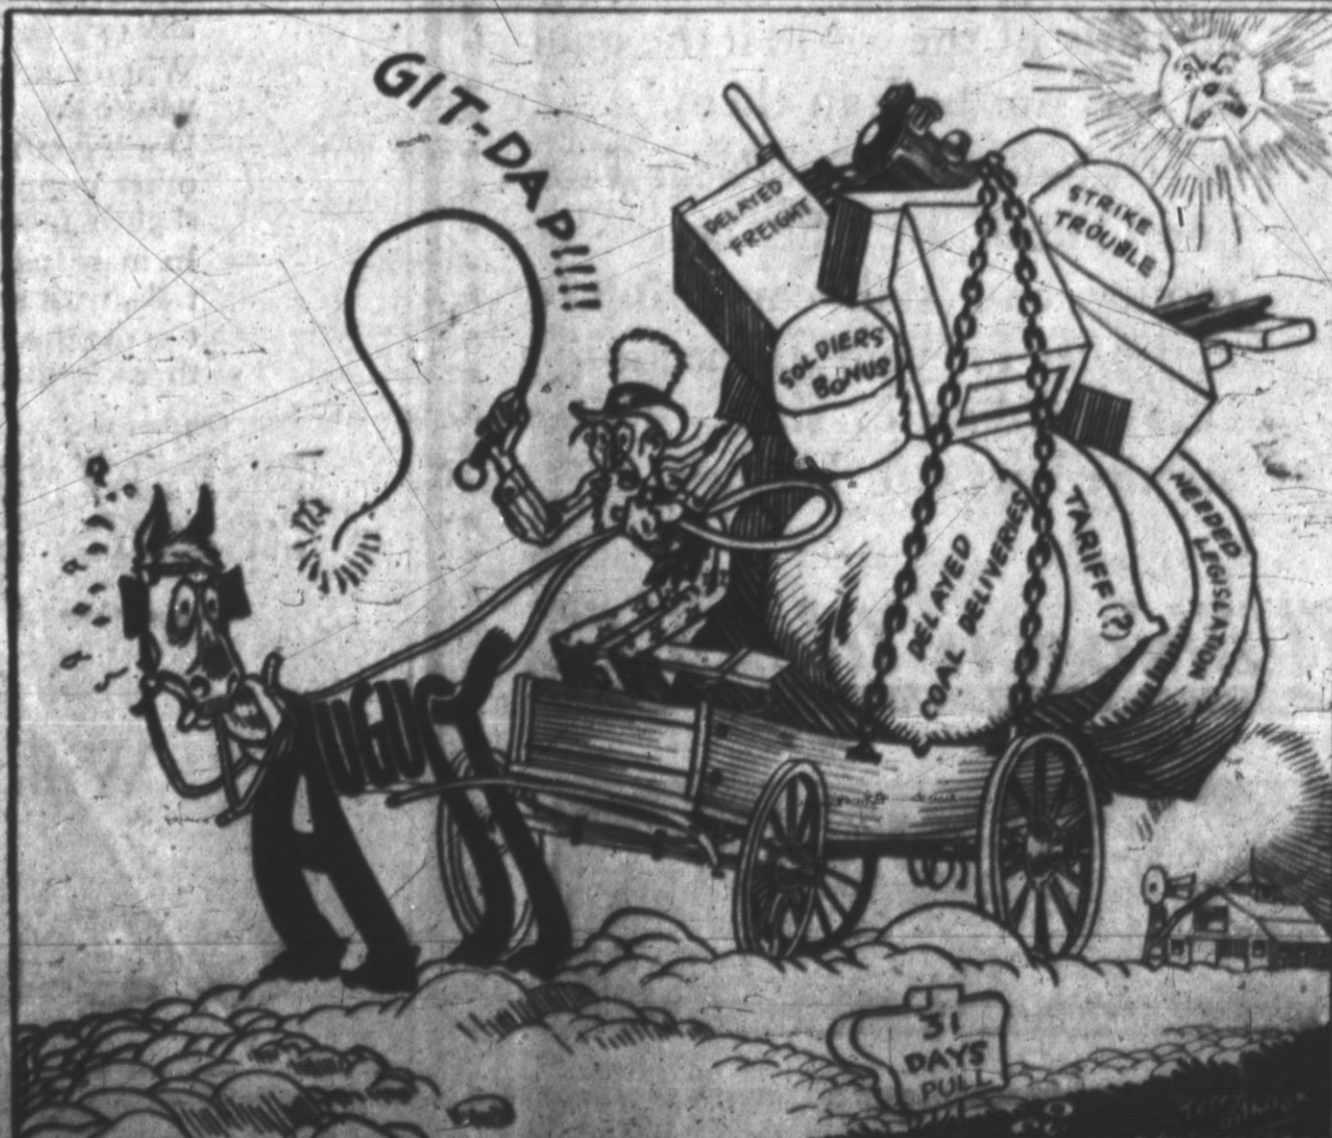

"Your inquiry pertains, of course, to the LEGAL and not the ETHICAL or MORAL right of the voter, but in as much as the moral right may be looked to in determining the intent, purpose and meaning of the statute, we will say that no person NOT A MEMBER OF THE PARTY has either an ethical or moral right to vote in the primary, because it is strictly a party affair and no one can honestly and truthfully cast a ballot with 'I AM A DEMOCRAT' printed thereon who is not a member of that party, and were this statement not printed on the ballot no ethical person could afford to participate in another party's primary, neither could any person honestly pretend that he was a member of that party by participating therein.

"The acts of 1905 S. S., page 549, Section 117 provides that the nominees of organized political parties that cast as many as 100,000 votes at the last general election be nominated in primary elections 'BY THE QUALIFIED VOTERS OF SUCH PARTY'; and Section 102 of said acts defines a 'primary election' to mean an election held by the MEMBERS OF AN ORGANIZED POLITICAL PARTY' for the purpose of nominating the candidates of such party to be voted for at a general or special election, etc.; and Section 107 of said acts requires that the official ballot of the Democratic Party shall have printed thereon 'I AM A DEMOCRAT'."

"In our judgment the above quotation from our statutes clearly defines a qualified voter in a Democratic Primary to be a member of the ORGANIZED DEMOCRATIC PARTY and no other.

A Big Load For The Old Horse

Springlake Farmer Markets a Heavy Black Hull Wheat

M. E. Clowinger, of Springlake, is the first wheat grower to market what is known as Black Hull wheat in Hereford. This variety made the best test at the Harrison Elevator, making as high as 64. Mr. Head said it was the best test in several years. The yield of this new variety of wheat in bushels per acre was not as high as Mr. Clowinger would like, but he will continue the experiment, knowing that this variety has made wonderful yields in Kansas.

RAILWAY STRIKE IS TYING UP BRUMLEY HOGS IN TRANSIT

G. W. Brumley is experiencing considerable trouble just at this time owing to the railroad strike. Mr. Brumley started a load of hogs for California about ten days ago and learned after the car was well on its way that in order to get to its western destination it would have to be switched to the Southern Pacific. This plan was tried, but with little better results, the car being stopped in Deming, N. Mex., for an indefinite time. Mr. Brumley said that the hogs were being well taken care of by T. V. Allen who went with them.

Society

Reception For Mrs. Stocking
Among the many social features honoring Mrs. Stocking, was the informal gathering of friends at the home of Mrs. Broadwell last Saturday afternoon from five to seven. Mrs. Broadwell, with the others of the executive board of the Music Study Club entertained only the club members with whom Mrs. Stocking has worked for years, contributing so untriflingly and giving such able assistance as to earn for herself the reputation of being one of the most faithful and helpful members.

Tables of "42" were arranged on the large porch, whose entire length and breadth was hedged with the rich coloring of surrounding plants. Rugs and cushions and baskets of flowers made it a veritable out-door drawing room where the ladies spent two delightful hours with Mrs. Stocking, whom they are keeping in the club as an honorary member.

At the close of the games perfection salad, chicken sandwiches, pickles and lead tea were served with favors of sweet peas.

For Miss Howard
By far the crowning event of the year's social season for Hereford's young people was the "42" and bridge given by Mrs. C. C. Ferguson and Mrs. R. T. Evans at the Ferguson home last Wednesday night honoring Mrs. Ferguson's sister, Miss Willie Howard, of Oregon.

With the usual anticipation, the many young friends of the hostess and Miss Howard came ready to enter unreservedly into the evening's generous provision of entertainment.

The guests were met by the hostesses, served punch by Misses Mae Mounts, Lura Gregg and Alice Johnson, and then ushered into "Society's Garden," where each chose his own particular form of social accomplishment and pastime. The central part of the house and the spacious porch were used for dancing, while the adjoining rooms were filled with tables of "42" and bridge.

In every room sweet peas were profusely and artistically used; the same flower being used as a favor on each plate with the refreshments of brick cream and angel food.

Between fifty and sixty young people including a few young married couples, and Mesdames Arnold and Gooch of Amarillo who came to be Mrs. Ferguson's house guests for the week end, enjoyed to the fullest extent the warm hospitality of the genial hostesses.

The new Goodyear Cross-Rib Tread Cord

A New Tread—a Lower Price Reliable Goodyear Quality

Here is a new Goodyear Cord Tire—a big, sturdy, long-wearing tire—that sells at a price lower than you are asked to pay for many "long discount" tires of unknown value. It has a different tread from the famous Goodyear All-Weather Tread Cord—a new tread with a deep, clean-cut, cog-like pattern—and it sells for substantially less. It has in it the same high-grade long-staple cotton, the same Goodyear patented group-ply construction, the same liberally oversize dimensions. When you buy the 4 1/2-inch size, for example, you get a tire whose actual measurement is nearly 5 inches. Don't confuse this Goodyear Cross-Rib Tread Cord with other popular-price cords which sell at the same price or for slightly more. In many cases, these other cords are made of inferior materials, with short-staple cotton as a foundation. Get the tire that is good enough to carry the Goodyear name; that is built to safeguard the world-wide Goodyear reputation.

Compare these prices with NET prices you are asked to pay for "long discount" tires

NOTICE IN PROBATE
THE STATE OF TEXAS
TO THE SHERIFF OR ANY CONSTABLE OF DEAF SMITH COUNTY, GREETING:
You are hereby commanded to cause

True, since June, 1920, there has been a drop of 23 per cent, but despite this the cost of living remained 67 per cent above 1913 in March of this year. The retail cost of food did not change at all from March to April, either in the country as a whole or in the leading cities of the great Empire State. Surely our political economists can find a lesson in such figures. When we poke under the public nose such evidence of outrageous profiteering, plus bungling and faulty taxation, we create a condition that is appalling. If not inflammatory, the American workman never can rise to a state of happiness and contentment if he is the continuous victim of the profiteering see-saw. And discontent is dangerous. Out of discontent came America.

THE PROFITEERING SEE SAW
Now we hail the period of prosperity. Analysis of the boom discloses that wages rise rapidly, sometimes to incredible heights, but that the cost of living rises still more rapidly, and to still more incredible heights. Soon we strike the reaction, the period of depression, and then we find that wages fall rapidly, but that food prices simply stumble. They never drop with the third of the workers' wages. From March to April of this year, for example, we learn that the average weekly earning of New York State factory workers declined 42 cents. This is a reduction of \$2.05 from April, 1921, and a reduction of \$4.75 from October, 1920, which marked the peak of earning. As against these figures the United States Bureau of Labor Statistics shows that the cost of living declined only 4 percent between December, 1921, and March, 1922, in the country as a whole.

The Coal Strike

President Harding in a recent letter to Governor Grosbeck of Michigan says:

"It is a matter of record that coal operators and miners workers in many districts have been quite ready to come to an understanding in very short order, but the policy of the national organization is hostile to any district or state arrangement. This apparently is one of the issues involved and is one which must be definitely settled."

"I do not know of any way of settling it under the legal authorities which are now possessed by either State or Federal Government."

"Manifestly, legislation must be provided and I mean to submit the whole problem to Congress at the earliest consistent time possible after the House reassembles."

"If the coal producers of the United States were so organized that a national body were to determine the policy of every member and permit no sales of coal except on dictation of terms by the national officials, every State Legislature and Congress itself would instantly put an end to such a practice."

"The mine workers unhesitatingly assume national dictation. It is the big issue involved in the present dispute. Frankly, I think it must be dealt with if we are to have any security and any insurance of a supply of fuel."

What do you think of laws that permit a dozen labor leaders to shut down the industries of a nation of one hundred million people? Isn't it about time this was changed?

Republicans Not Entitled to Vote With Democrats

(Continued from Page One)

stating who are qualified voters at primary elections uses the following language: "Essentially to the very existence and practical operation of any comprehensive and reasonable primary election law is a requirement that all participants therein shall be of the same political faith, as that, only Democrats shall participate in Democratic Primary elections." "***** If all electors may vote in the primary election of any party, they may, for like reasons, vote in the primary elections of all parties, which necessarily would circumvent the purpose and utterly destroy the usefulness of all primary elections." "***** to prevent party disintegration resulting from participation of adherents to no party, or of another party in a party primary, has been the declared purpose of primary election statutes in various states. (Socialist party vs Uhl 155 Col. 778).

"In the case of State vs Flaherty 23 N. D. 313, the North Dakota Court says: 'the primary election statutes have as a principal purpose the regulation of the franchise of electors within the party limit,' and this court continues, 'to hold the contrary is to invalidate every primary election statute in toto and our whole primary system must fall.' This was also held by Washington, Col., Cal. Minn. and Ind. Courts.

"The Supreme court of Louisiana, under a similar statute held as follows: 'It is of the very essence of a primary that NONE SHOULD HAVE THE RIGHT TO PARTICIPATE IN IT BUT THOSE WHO ARE IN SYMPATHY WITH THE IDEAS OF THE POLITICAL PARTY BY WHICH IT IS BEING HELD, otherwise, the parties holding the primary would be AT THE MERCY OF ITS ENEMIES WHO COULD PARTICIPATE FOR THE SOLE PURPOSE OF ITS DESTRUCTION by capturing its machinery or foisting upon it obnoxious candidates or doctrines.'

"Had our primary election laws not expressly stated that to be a qualified voter one must be a member of the party in whose primary he votes, such would necessarily have to be inferred from the very spirit of the statute and the purposes for which it was enacted.

"As to the offenses for wrongful voting, and punishment therefor, the statute makes it a felony for one who is not a qualified voter to vote in a primary election where a candidate for the nomination of United States Senator is being voted on and the punishment is confinement in the penitentiary; and it is misdemeanor punishable by fine from \$200.00 to \$500.00 or hard labor on public roads from 60 days to 12 months, or by both such fine and labor for one not a qualified voter to vote in a primary held for the purpose of nominating candidates for any other office; and the law makes it the imperative duty of the District Judge to particularly charge the grand jury, on the violation of election laws, and it makes it the duty of the grand jury to indict when they have been violated.

"We have gone to considerable length in answering your questions. We would have been content simply to have quoted the statutes as our answers, but, although these election laws have been in force since 1903, and Democratic Primary Elections have been held every two years since that time, still it seems that very few of the Republicans, Socialists, members of other parties, and non partisans have learned that a Democratic Primary Election is held by the Democratic party for the sole and only purpose of nominating their candidates for office, and that members of other parties have no right in them.

been some considerable sentiment against the Republicans voting in the Democratic primary. The Republicans have often voted with the Democrats in Deaf Smith County and their votes have not often been questioned because they did not, at least openly, organize to oppose the Democratic nominees. On July 22, however, the Republicans of the County held a convention and selected delegates to their State Convention, which move could have no other purpose than to oppose the nominees of the Democratic Party. Doubtless no issue of their right to vote with us would have been raised had they not themselves thrown down the gauntlet. As County chairman, I have therefore undertaken to find out the law on this matter, and I am enclosing a copy of a signed opinion from the members of the Hereford bar. I consider it my duty to help preserve the integrity of the Democratic primary, and I hope you will after knowing the law, feel it your duty as judges to challenge all those who are not known to be Democrats, and in case they refuse to state that they are Democrats, to withhold the ballot from them. It should be evident that the object of a Democratic primary is to select the nominees of the Democrats, and that otherwise the general election would be enough.

"It is, of course, regrettable that this was not done before the first election; but I feel that it is better to make a good start late than never to have started at all; and I hope that it will eventually be good for us all as establishing a policy and a precedent for the future.

Yours very sincerely,
Travis Dameron,
County Chairman."

Everybody come every Sunday, is the slogan.

"The Sunday School makes men," G. E. Phillips, of Abilene, Tex., who at present is conducting a meeting in Hereford, preached for us at 4:30, delivering a wonderful sermon.

Miss Norma Hakemack, of Houston, Tex., visited with Mrs. C. C. Bowman on Wednesday of this week. Miss Hakemack is enroute home from Estes Park, Colo., where she attended the Conference of the Y. W. C. A., as a delegate from her home town. She also visited Denver, Pike's Peak and other points of interest. Miss Hakemack is a cousin of Mrs. Bowman.

PROGRESSIVE

A pleasant outing was enjoyed last Thursday by a number of folks when they took the trail for Willow Dale, among the hills near Canyon. A party of Normal students joined them. Those that went from here were: W. C. Russell and family, K. H. Hodges and family and Mr. and Mrs. John Matthews.

The regular Sunday night singing took place at the home of C. P. Caldwell. The maximum crowd sang for two hours.

"He loves best who serves most."

We are glad to report that Lois Berry, who has just recovered from the fever, is doing fine. She, with her mother, is at home again.

Work on the schoolhouse is progressing nicely. Both rooms are being put in readiness. In addition to the regular grades, we expect to have the high school work out here next year and shall have two teachers.

Edna Reedy has been threatened with blood poisoning in a bone in her ankle, as the result of a fall. We hope the wound may not be serious.

On next Sunday Rev. M. M. Beavers will preach for us. Services are to begin at 2:30 o'clock. Sunday School follows.

Big Ben, which keeps time for parliaments, is larger than an ordinary clock. The minute hand is 14 ft. long. The minute spaces are a foot square, the figures are two feet long, the bell which strikes the hours weighs thirteen and a half tons, the clapper, 450 lbs. The clock has a work shop of its own. It takes two men five hours to wind up the machinery for striking.

The life of the Sunday School was brimming over with enthusiasm Sunday. Eighty were present, yet we missed you, you who were absent. To the visitors we would say: "Come again."

Mrs. Jess Perkins gave a slumber party Wednesday night to Miss Nina Hutchison and Miss Bertha Frye. The guests report a sleepless time until two o'clock, when the hostess opened a quart of pickles, after which all went to sleep. That kind of party is new in these parts and we hope it is not catching.

CLEO

The drought has been broken, but not sufficiently to insure good grain crops, as our crops have been greatly damaged by the prolonged drought.

The picnic was pronounced a great success. Lots of dinner and good clean sports.

We cannot give the childrens lunch much honor for their good riding. If it had not been for the home boys doing some snappy riding there would not have been five head of steers and horses ridden. Also home boys won the roping.

Letter Dowell, William Wimberly and Ollie Dixon enjoyed a pleasant trip to the R. Y. P. U. assembly at Canyon. They visited other points while away.

Lesler Bowell's father came home with him. His father is living in Coleman county, but is planning on moving to the Cleo district some time this winter.

Mr. and Mrs. Elmer Dixon and child and Mr. and Mrs. J. H. Wagley left for points in Central Texas this week.

FAMOUS STUBBS HEREFORD SALE

The greatest event of the year in the cattle world will be the closing out public sale of Ex-Governor Stubbs' herd of full-blood non-registered Herefords.

SEPT. 11-12, HEREFORD, TEX.
Fifty Miles West of Amarillo, on Main Line of Santa Fe

2,800 Pure-bred Non-registered Herefords

This auction sale will dispose of 900 cows, 400 heifer calves, 375 bull calves, 300 yearling heifers, 250 two-year-old heifers and 60 registered Hereford bulls. In addition, the sale will include 200 two-year-old steers and 300 yearling steers of Stubbs quality.

Prize-Winning Stock at Your Price

This herd had a foundation stock of wonderful registered cows. For 55 years the choicest blood strains in the Hereford world have been added by use of only registered herd bulls. The Stubbs cattle have quality to spare. They are great, rugged, heavy boned, low-down beef producing animals in good condition and running uniform to the best Hereford type.

For many years the bull calves have been sold at prices ranging from \$75.00 to \$150.00 per head for range service. The bulls and heifers have been prize winners at the American, Royal and have topped the Kansas City market for both weight and price for the day, month and year and for all times previous to that date.

This sale will afford you stockmen the opportunity of a life-time to buy seed stock from a cow herd that has been more than a generation in the building. Remember other men have spent a life-time breeding them for you. Cattle are scarce; good cattle are very scarce.

Entire Herd Must be Sold Sept. 11-12

Sales will be made in car-lots. Terms, 12 months time with 7 per cent interest will be extended to parties furnishing approved security. Good railroad accommodations.
