Ten Indicted By Grand Jury

Indictments Range From Murder To DWI

The grand jury convened in Muleshoe at the Bailey County Courthouse this week handing down 10 indictments. District Judge Pat Boone, Jr. presided. Included in the indictments were four for theft, three receiving \$2,000 bonds and one a \$5,000 bond; two for driving while intoxicated, one receiving a \$2,000 bond and the other a \$1,000 bond; one for assault with the intent to kill, \$2,000 bond; two for burglary, receiving \$1,000 bonds each; and one for murder, \$5,000 bond.

Cloyd Meyers was indicted for assault with the intent to kill stemming from a stabbing and beating incident involving a Three Way coach recently. Elias Gonzales Aviles was charged with murder in the shooting death of Jose Antero Villarreal of Hart on October 16.

The jury handed down the last indictment at about six p.m. Tuesday.

Those serving on the grand jury were Eddie Been, Alex Castorena, Edward Crume, Leon Dupler, Mrs. Sam Darmon, R.O. Gregory, Loyd Haire who served as foreman of the jury, Horace Hutton, Glen Lowe, Derrell Oliver, Mrs. Lois K. Lenu, and Dallas Kindard.

The Candle Shop Christmas Open House has been cancelled due to a death in the family.

Keith Bray, FFA advisor, reports that the Future Farmers of America of Muleshoe High School are now selling seedless oranges and ruby red grapefruit from the valley. A 40 pound crate of fruit will sell for \$5.50. Delivery is expected December 15, or 16. Bray says that the fruit can be ordered by contacting any FFA member or calling 272-3457 anytime before December 17.

Mules Advance To Playoffs

In Tourney

The Muleshoe Mules coached by Raymond Schroeder advanced to the playoffs in the Plainview Tournament. The Mighty Mules downed Lubbock High School 59-48 in the opening game Thursday evening. James Turnbow, a class B transfer, ripped the nets with 15 points to take high point honors. Turnbow was closely followed by Larry Mitchell who had a total of 12 points.

Muleshoe however, fell to a powerhouse Plainview team Friday night 58-41. Taking high point honors was James Turnbow who had a total of 13 points. Larry Mitchell ran a close second for the honor with a total of 9 points.

The Mules now boosting a 3-1 season record, will face Big Springs today (Saturday) at 5:30 p.m. for the third place honors.

WINTER INVADES AREA...Old Pete keeps a silent vigil in the snow after a blast of winter dropped up to nine inches of fluffy, white snow on Muleshoe country. Pictured left is

the huge Christmas tree brought in by members of the Muleshoe BAC which was erected recently and will soon be decorated for the holidays. Frosty the Snowman on the right lends an authentic touch to the winter wonderland.

Goodfellows Seek Christmas Donations

The Muleshoe Goodfellows, those anonymous Santa Clauses of the area, are starting their sixteenth year helping needy families have a merry Christmas. The Goodfellows are responsible for taking care of families who wouldn't otherwise have any Christmas.

Last year, they saw that 67 families, averaging six to a family, in the Muleshoe area, had a good Christmas. They delivered baskets of food, toys, clothing and money on the 23rd of December. These baskets are delivered annually by the Sheriff's Department and city employees.

These boxes are made possible by the donations from concerned citizens in Muleshoe. The Goodfellows would appreciate any donations of food, toys, clothing or money to be used for these baskets. Anyone wishing to donate any of these items may bring them to the City Hall or KMUL Radio Station. Cash donations may be mailed in care of the Muleshoe City Hall.

Most people in Muleshoe will have a bright, merry Christmas but a few families will not have a Christmas at all without the help of this anonymous organization known as the Goodfellows.

Christmas Parade Postponed A Week

The BAC sponsored Christmas parade, scheduled for Saturday, December 4, at 3 p.m., has been postponed due to the weather.

The parade will be held next Saturday, December 11, at the same time and same place.

This extra week gives the clubs and organizations who have entered floats more time to work on them. So far those who have entered floats are the Llano Estacado Civic Club, the Progress 4-H Horse Club, St. Mary's Circle of the Catholic Church, the Epsilon Chi chapter of Epsilon Sigma Alpha Sorority, the Alpha Zeta Phi chapter of Beta Sigma Phi and the Jaycee-Ettes.

Prize money will be awarded to the winning floats. Amounts are \$150 for first place, \$100 for second place, \$75 for third place.

4-Day Tractor Maintenance Course Set

The tractor maintenance short course for adult farmers will be held December 6 through 9 under the sponsorship of the Muleshoe High School Vocational Agriculture Department.

Norman K. Waggoner, tractor maintenance specialist with the Vocational Agriculture Division of the Texas Education Agency and the Department of Agricultural Engineering at Texas Tech University, will be the instructor.

Annual Farm Bureau Meet Is This Week

WACO--(Sp1)-- Texas Farm Bureau will send ten voting delegates--the largest number ever--to the annual convention of the American Farm Bureau Federation Dec. 5-9 at the Conrad Hilton Hotel in Chicago.

The annual meeting will culminate the Farm Bureau policy development process that began earlier in the year in the more than 2,700 organized county Farm Bureaus in 49 states (all except Alaska). Delegates will adopt national policies to guide the nation's largest general farm organization next year.

Voting delegates from Texas include TFB President J.T. (Red) Woodson of Gober; Vice-President and District 13 Director M.F. (Mike) Frost of McAllen; Secretary-Treasurer and District 1 Director Carrol G. Chaloupka of Dalhart; and Directors H.L. King, Brownfield, District 2; T.J. Richards, Paducah, District 3; Dan Pustejovsky, Hillsboro, District 4; Edwin Sanderson, Paris, District 5; Bill Reid, Lamesa, District 6; B.J. Gist, Abilene, District 7; and Robert Fasel, Hondo, District 10.

will be Directors John A. Smith, Cameron, District 8; Henry E. Burton, Lufkin, District 9; and J. M. Price, Corpus Christi, District 12.

Also attending the national convention will be the new TFB queen, Miss Phyllis Jean Shutt of Edna; the TFB Outstanding Young Farmer, Charles Ray McLendon of Clarksville; the Texas representative in the Discussion Meet, Dick McCarver of Paris; and the Texas entry in the Talent Find, Miss Karen Hill of Fort Worth.

Speakers include AFBF President William Kuhfuss; AFBF Secretary-Treasurer Roger Fleming; and California Congressman B.F. Sisk, author of proposed agricultural marketing and bargaining legislation which the AFBF supports.

Singer Anita Bryant will be the featured entertainer at the recognition and awards program. In addition to awards for organization and membership activities, the three national winners of the Farm Bureau Young Farmers and Ranchers Award will be announced.

Snow Snarls Traffic In Scenic Setting

Winter came to Muleshoe this week giving the area a hint of how it is to be for the next three months. Up to eight inches of snow was reported in Muleshoe Thursday morning when area citizens awoke to find the fluffy white stuff making a winter wonderland out of the plains of Texas.

Hazardous driving warnings were out all over the panhandle Wednesday and Thursday evenings. The roads were packed with snow and ice for a time Thursday making driving difficult for those who had to be out in the weather.

Roads and streets in the Muleshoe area were slick and covered with ice and snow Thursday making traveling by car like skating on ice skates. Several minor accidents were noted on the slippery streets but fortunately no major accidents were reported.

Clayton Will Attend Foreign Policy Meeting

AUSTIN-- State Rep. Bill Clayton of Springlake has been designated by Texas House Speaker Gus F. Mutscher as one of seven House members to attend the Foreign Policy Briefing for Young Political Leaders being conducted by the U.S. State Department in Washington, D.C. Dec. 2 and 3.

Also attending the meeting will be Rep. Ben Bynum of Am-

The snow fell quietly and swiftly without any wind during the night so as not to damage the cotton, but benefited the winter crops by adding more moisture to the land.

The snow will delay the cotton harvest as cotton stripping in the area is not yet a third of the way finished. As soon as the fields dry up, strippers will be out in force to finish the cotton harvest for another season.

United Fund Drive Is Now Underway

The Muleshoe Area United Fund kicked off its campaign last week with a total budget of \$14,627.00. 48 percent of the money will be used locally, 48.9 percent of the money will be used locally, 46.7 per cent will be used for services rendered locally and 4.4 per cent will go for state and national services.

A United Fund program must be involved in youth, health, welfare, character building and recreation. Limitations include that the program must be non-profit, tax deductible and not for capital involvement.

The requirements of a United Fund are that it must have a tax exemption certificate, local representative, must be demonstrative of the desires of local people, provide local news releases and must ask local people to aid in the campaign.

This year, the United Fund will sponsor 13 agencies. They are: the Bailey County Livestock Show with an allocation of \$3,700; Boy Scouts of America, South Plains Council, \$2,500; Salvation Army, \$2,250; Girl Scouts, Caprock Council, \$1,664.00; Babe Ruth League, \$700; Muleshoe Girl Scouts, \$650; American Red Cross, \$500; Muleshoe Senior Citizens, \$350; Southwestern Diabetic Foundation, \$336; U.S.O., \$250; Senior

Babe Ruth League, \$200; 4-H Youth Leadership, \$150; and Texas United Community Services, \$127.

"If You Don't Do It, It Won't Get Done" is the theme of the 1971 drive. Bob Finney at Muleshoe State Bank is the local chairman of the annual drive.

A collection of books and pamphlets for adults learning to read has been placed in the Muleshoe Area Public Library by the Field Services Division of the Texas State Library. The announcement of the grant was made by Katherine Ard, director of Field Services Division. In the collection are materials on citizenship, child care, job training and many other topics. Collections such as this in special areas are placed in libraries by the Texas State Library under Title I of the federal Library Services and Construction Act to encourage local support for public library services. This collection of

PARADE ENTRY...Mrs. Jim Tucker, left, and Mrs. Mike Miller of the Llano Estacado Civic Club are shown preparing the Club's float entry in the annual Muleshoe Christmas Parade to be held Saturday, December 11 at 3 p.m. The parade was postponed from December 4 due to the weather. A lot of hard work has gone into this entry entitled "Santa's Toy Factory". Several other clubs and organizations are also hard at work on floats for the annual parade.

BAND CHRISTMAS TREES...Pictured with one of the Christmas trees being sold by the Muleshoe High School 'Mighty M' Band this year are Linda Middlebrooks and Bruce Chapman. The trees, brought in from Michigan, are on sale at Wagon's Grocery This an annual money making project of the band.

Stray dogs has been one of the most frequently mentioned problem we have in Muleshoe. We are very fortunate to have a progressive City Council; the City Council recognized the problem and have acted. We now have a full time City dog catcher. I hope everyone keeps their dogs pinned, tagged and vaccinated as this is a requirement now, and it should be as this is the only way to solve the stray dog problem.

Muleshoe is also one of the first cities in the area to install the large trash containers in the residential section. These dumpsters are valuable in many ways; they help eliminate the stray dog problem, they are more sanitary as they have lids and are sprayed to

keep flies away; they are also more economical in the long run.

We would also like to recognize Harold White and the police department for picking up junk cars in Muleshoe.

We are proud of our City Councilmen as they are doing their best to have an up-to-date and progressive City, and we think they are doing a good job.

MRS. ROBERT STANLEY SEAGROVES

Burton, Seagroves United In Double Ring Ceremony

Miss Carolyn Sue Burton and Robert Stanley Seagroves were married in a double ring ceremony Saturday, November 27, at 7 p.m. in the Morningside Baptist Church, Levelland.

Officiating was the Rev. A.C. Hardin, pastor of the New Home First Baptist Church.

The bride is the daughter of Mr. and Mrs. James Burton, Levelland. She is a 1966 graduate of Levelland High School.

Debbie Schuster To Be In Play

Miss Debbie Schuster, daughter of Mr. and Mrs. Jack Schuster of Muleshoe, a freshman student at Wayland Baptist College, Plainview, will play the part of Lucy in the play, "You're a Good Man, Charlie Brown."

The play is a production of Wayland Theater and will be presented in Harrell Memorial Auditorium on December 4 and 11 at 7:30 p.m.

The Broadway musical comedy, directed by Robert Bowers, instructor in speech and theatre, is presented as a benefit for the speech department.

Taken from the comic strip, "Peanuts", the popular show is designed to appeal to children of all ages, from six to 80. Author of the play is John Gordan.

Employing clever lighting, action revolves around a free, stylized set and the actors are costumed in colorful children's clothing. Some 34 musical numbers and interludes are included in the show.

and was employed by South Plains Hospital.

The bridegroom is the son of Mr. and Mrs. S.D. Seagroves of Muleshoe. A 1964 graduate of Muleshoe High School, Seagroves is presently stationed with the U.S. Army at Ft. Monmouth, New Jersey.

Given in marriage by her father, the bride wore a white chiffon and organdy dress with a white Venice lace bodice and accented by a panel of white lace extending down the front. The white chiffon, organdy and lace train was attached to the dress at the waist. The bride wore a shoulder length veil trimmed in lace and seed pearls. The new Mrs. Seagroves carried pennies with the birthdates of the bride and groom in her shoes.

The couple stood before an archway covered with baby breath and blue carnations. Spiral candelabrum flanked the archway and a basket of white gladioli and blue carnations filled the center. Aisle markers were votive cups filled with blue carnations.

Matron of honor was Mrs. Linville of Levelland. Mrs. Waymon Jackson, Levelland, was the bridesmatron and Miss Janice Burton, Levelland, bridesmaid. The attendants wore blue, floor-length dresses and carried long stemmed blue carnations.

Jim Seagroves, brother of the groom, served as best man. Groomsman were Kenny Heathington of Muleshoe and Alan Clark of Levelland.

Ushers were Waymon Jackson and Raymon Jackson, both

MRS. HOWARD WATSON

Baby Shower Honors Mrs. Howard Watson

A baby shower honoring Mrs. Howard Watson was held Monday night, November 29, at the First National Bank.

Mrs. Joe Patti, sister of the honoree, registered the guests.

The serving table was covered with a white lace cloth with crystal and silver appointments. An arrangement of pink and blue daisies centered the table. The guests were served punch, cookies, mints and nuts by Mrs. Derrell Oliver.

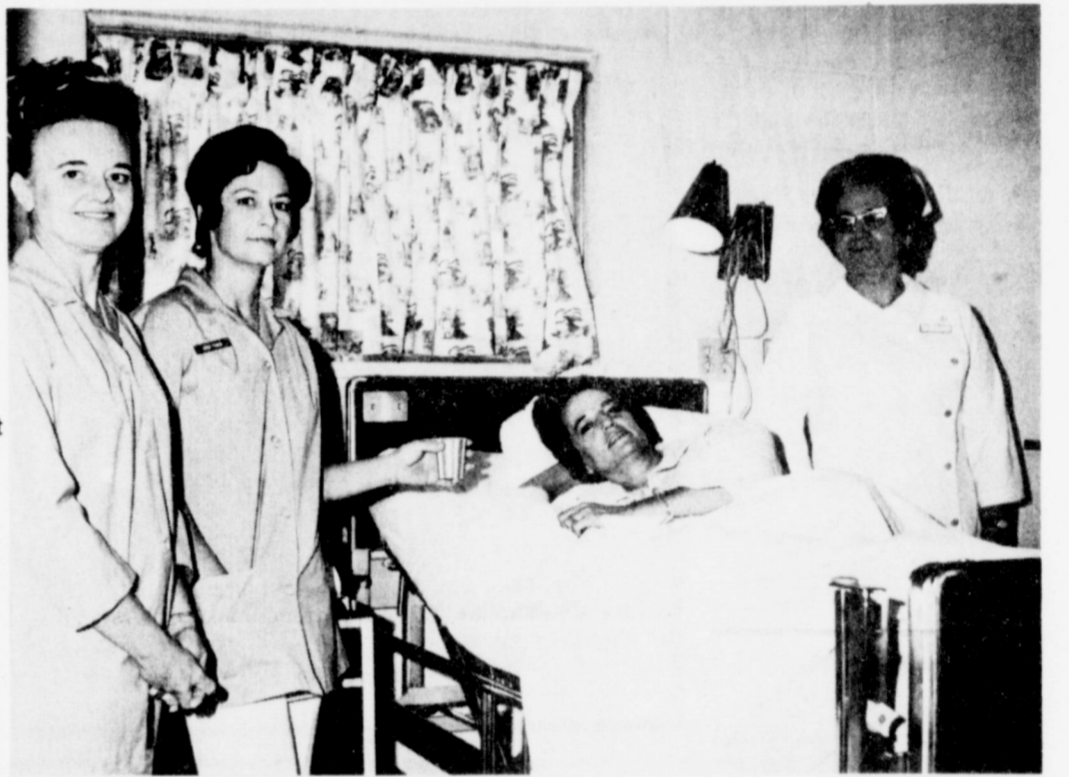

The hostess gift was an automatic cradle and swing combination.

Hostesses for the occasion were: Mrs. Ronnie Shafer, Mrs.

Bob Gage, Mrs. Clint Garlington, Mrs. J.L. Phipps, Mrs. Willis Wood, Mrs. Morris, Mrs. J.W. Roberts, Mrs. Sam Hopper, Mrs. Bobby Nickels, Mrs. Jess Winn, Mrs. Omar Bessire, Mrs. Harmon Elliot, Mrs. Monty Dollar, Mrs. Henry Stoneham, Mrs. Bernice Camp, Mrs. Hubert Dykes, Mrs. Jim Collins and Mrs. Joe Collins.

An unusual short party dress has a velvet bodice and full pleated sleeves and skirt of acetate crystal.

This Is The Hospital Auxiliary

HOSPITAL AUXILIARY AT WORK...One of the duties of the Hospital Auxiliary members is taking the juice cart to patients in the hospital and nursing home each day. This is a service that was started by the Hospital Auxiliary. The juice cart has been painted a bright pink and is decorated with flowers and pictures. A centerpiece, in keeping with the current season, is used on the cart. Pictured, left to right, are Mrs. Clinton Kennedy and Mrs. Creston Faver, Auxiliary members; Mrs. Billie Bayless, patient and Mrs. Earl Peterson, LVN.

Dietary Habits Of Teenagers

Pressure from friends is a major reason teenagers have such poor diets, reports Frances Reasonover, Extension foods and nutrition specialist at Texas A&M University.

Miss Reasonover recently attended the Nutrition Education Conference in Washington, D.C., where youth panels and 25 agencies concerned with youth nutrition, discussed the diets of teenagers. About 400 representatives probed the

question, "Who is responsible for developing the dietary habits of youth?"

Values, life styles and environment all relate to teenage nutrition, the specialist explains. Peer pressure for conformity is strong. Teenagers conform with blue jeans, long hair, a clean complexion and a slim body, and they conform with their eating habits. So if following a fad diet will mean a slim body, the teen considers it worth a try—at least for a week.

Natural foods are the latest fad, Miss Reasonover says.

Teenagers get about one-quarter of their daily intake in snacks. Their habits, then, may be changing, at least for awhile.

Despite the fads, 80 percent of today's young people follow the value patterns of their parents, including eating habits, the specialist points out. With few exceptions, dinner is the last nutritional stronghold. And an important way to develop good food habits in the home is to provide a positive learning situation—one that is part of real life directly involving teens. To succeed, don't be out of reality, she says.

Applications Accepted For Miss Texas Teen-Ager Pageant

Applications are being accepted for the Miss Texas Teen-Ager Pageant to be held in Convention Hall at the St. Anthony Hotel in San Antonio on July 28-29, 1972. On the date of July 29 a Miss Texas Teen-Ager will be named, and the young lady who wins the title will be sent to the National Finals in Atlanta, Georgia, with her expenses paid. She will enjoy a 4-day trip, with the actual national finals taking place on August 26, 1972.

Girls will be judged, ages

13-17, on their scholastic achievements, civic contributions, poise, personality and appearance. It is not a bathing suit or talent contest. The pageant is recognized by civic and educational leaders, as well as educational leaders across the country.

Judging will be handled by a panel of outstanding judges from the state of Texas on the dates listed. It is open to all girls ages 13-17 who are residents of the state of Texas, and are United States citizens. There is no entrance fee. The official theme of this year's pageant is "What's Right About America?" Any young ladies desiring to obtain applications may do so by writing the Official Certification Headquarters for the State of Texas, 126 Bunn Drive, Rockton, Ill. 61072.

LOUISA'S LETTER

Dear Louisa,

I have a two year old daughter and she has a habit of saying a bad word when anything goes wrong. When I say anything to her about it she says "Mommy, I just said ---." Do you think I should ignore her or what? My three year old got a word from a little girl friend and I told her I was not going to let her play with the little girl so she quit using it. But I have a problem with my two year old.

attention and that is what many children like. It doesn't pay to make too much over words they use because such an action impresses it on the child's mind and she sees it as a way of getting more attention. The best thing to do in such a situation is to remain calm and say that you don't think that is a pretty word for a little girl to use. Then suggest some words and make a game of it. The next time she comes out with the old word-and she will-pay no attention to her.

J.- Kan.

Answer: Little children pick up words they hear and have no idea of what they mean. But when they say something that causes a stir they get

Spanking is not the answer to this problem but lots of patience and understanding will usually solve it, if given time.

Louisa.

Tips For Holiday Toy-Buyers

Some toys are forgotten soon after the Christmas tree is dismantled and the new year begins. Others break. Still other toys bore the child they were meant to delight.

Child psychologists who have studied toys urge parents (and doting grandparents, too) to select toys carefully, because, if well chosen, they can help children learn, create and imagine. Here are ten tips for toy-shoppers:

1. Choose safe toys that are non-toxic, with no sharp edges or breakable parts.
2. Ignore popular toys if they are not guaranteed for workmanship.
3. Buy toys according to the child's age. Toys that are designed for young children will bore older ones; toys too old for a child will frustrate him.
4. Look for toys that grow with the child and will amuse him as he grows from babyhood to preschooler.
5. Colorful toys will aid the child in learning colors as he plays.
6. Remember to select toys that will teach himeye-hand coordination, counting, even cause and effect.
7. Purchase toys that allow the child to "do something" rather than toys which do something by themselves.
8. Find toys that permit the child to use his imagination, his creativity and his learning ability.
9. Select toys which the child can "work" after a short explanation.
10. Give toys that a child can play with by himself or share with others.

Christmas is a time of wonder and delight for children as

Santa remembers to leave toys under all the Christmas trees. Be a thoughtful Santa this year and select good toys which will give the children hours of safe, creative, learning pleasure.

Lower Prices For Holiday Foods

Certain foods are traditional for certain holidays--hams for Easter, turkey and cranberries for Thanksgiving, Christmas of course, also has turkey and tangerines, apples, fruitcake and a few other foods.

It's interesting to watch the prices of these traditional foods during the holiday period, says Gwendolyn Clyatt, Extension consumer marketing specialist. Invariable, she says, they seem to go against economic principles, with the lowest prices for the year right at the time of greatest demand.

Take turkey for example. Most of our home turkey eating takes place during the two holidays, Thanksgiving and Christmas. It would appear marketers would say, "There's a heavy demand for turkeys at this time. Why not have higher prices now?"

Yet, the specialist points out, you can pretty well depend on just the opposite happening. Normally, both Thanksgiving and Christmas turkey prices are about as low as they get during the year. In fact, some persons buy extra turkeys if they have the necessary cash and freezer space.

Why do these lower prices on holiday foods show up year after year? Why are they usually such bargains at their time of heaviest demand?

According to Mrs. Clyatt, it's pretty much the result of grocers, merchandising philosophy. Since these foods are traditional at holidays and demand is so heavy, they tend to look at them as traffic builders.

BAKED GOODS FOR SALE...Shown left to right are Mrs. Delbert Barr and Mrs. Bennie Splawn as they sell baked goods at the Alpha Zeta Pi Chapter of Beta Sigma Phi Bingo Carnival. The Carnival was a ways and means project of the sorority.

In other words, holiday foods are featured at attractive prices, sometimes below cost, to get shoppers into the store. Thanksgiving turkey, Easter hams and the other holiday foods become advertising and promotion devices rather than a normal food item, she explains.

How well this works is debatable, she continues. If only one store could do it, it probably would be very effective. When all do it, the effectiveness is doubtful.

But from the homemaker's standpoint, Mrs. Clyatt adds, it's great! She gets traditional holiday foods at budget pleasing prices.

The Sandhills Philosopher

Editor's note: The Sandhill Philosopher on his Johnson grass farm examines a new form of pollution this week. Dear editor: I hadn't thought much about it, by the time you get through thinking about water pollution, air pollution, and ground pollution you don't have much time

left, but according to an article I read yesterday a new kind of pollution now confronts us. It's noise pollution. In fact, the discoverers of this new one have become so sensitive to noise they've filed suit against a church for ringing its bells too often, but the main complaints are against

jet airplanes, roaring trucks, bumper-to-bumper traffic, automobile horns, construction noises, etc. The courts had better get ready for some complicated suits.

For example, take the automobile horn. If you've worked hard all day and go to bed around 8 p.m., a horn blast in front of your house right after you've dozed off is clear-cut noise pollution and the honker ought to be thrown in jail. But if you're a teenager across the street waiting for your date, a horn blast signaling his arrival sounds like music.

A big jet roaring overhead near your house is an unmitigated nuisance, I understand it's

so bad you can't even hear your own lawn mower running, but if you're waiting at an airport to get rid of some in-laws after a three-weeks visit, it sounds wonderful.

Or take a mocking bird. Who would ever consider it guilty of noise pollution? It's something you write poetry about. But you let one open up outside your window at 2 a.m., get stuck on the same three notes, and continue whistling away for two hours, and you're ready to file suit against the universe.

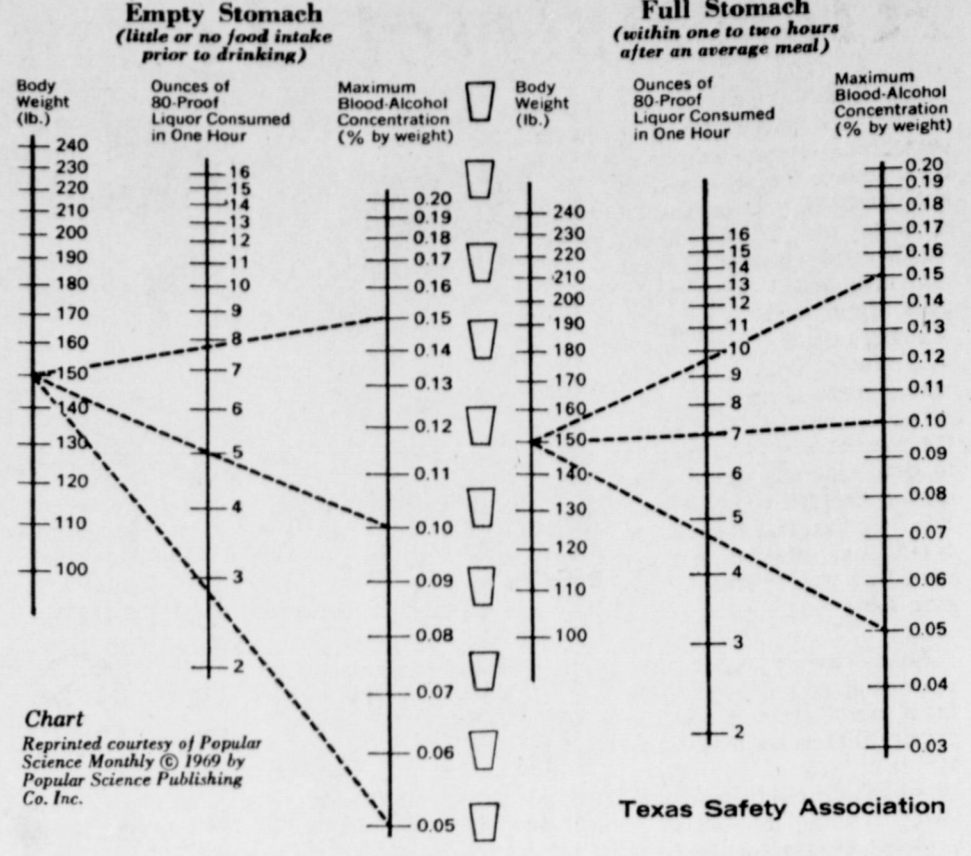

I won't go into the noise rock bands make, but if I were a candidate for the Supreme Court I believe I'd give some

second thoughts about taking the job if I had to rule on laws trying to define noise pollution. Yours faithfully, J.A.

In Debt

When Sam was asked how he budgeted his income, he replied: "Oh, about 40 per cent food, 30 per cent for rent, 30 per cent for clothing, and 20 per cent for amusement and incidentals." "But that makes 120 per cent." "Don't I know it!" agreed Sam, with a groan.

How to tell what your approximate blood alcohol level is after drinking

If you have been eating, use the righthand chart. If you drink on an empty stomach, use the chart on the left. Draw a straight line from your weight through the number of ounces of liquor you have consumed. Continue this straight line to the righthand column. Where the line touches the righthand column, you will see the approximate level of your blood alcohol. At .05% the driving capability of many persons is adversely affected. This may be particularly true of young persons, inexperienced drinkers, people taking medication, and those in ill health. In Texas, at .10% you are presumed to be intoxicated.

Driving Drunks Can Wreck Your Holiday

AUSTIN -- Thanksgiving, Christmas, and New Year's are traditionally the season to be jolly, but for an estimated 70 Texans it may turn out to be a time to be drunk and dead as a result of a traffic crash. The Texas Safety Association issued its estimate of toll drunk drivers will take during the holiday periods in a news release from its Austin Headquarters. TSA stated that recent studies released by the Department of Transportation and other agencies point to the fact that during festive periods more than half of all drivers drink alcoholic beverages. "This does not mean," said J.U. Parker of Houston, President of the statewide safety group, "that a majority of drivers on Texas streets and highways will consume enough alcohol to be dangerous on the highways. But it does call for extra attention by motorists to be alert to the dangers of drinking and driving." "In one major city in Texas where roadside spot checks were conducted recently," Parker pointed out, "preliminary studies show 16 per cent of drivers checked had blood alcohol levels of 0.10 per cent or more. In Texas a driver is presumed by law to be under the influence of intoxicating liquor if he has a blood alcohol concentration of 0.05 per cent, or more." "The motorists of Texas, for their sake and the sake of their passengers, need to recognize the potential dangers during the upcoming holiday season. They need to be alert, ready to take evasive action," said Parker. "It also means," he continued, "that the sober motorist should do everything he can to encourage law enforcement agencies and the courts to get

tion, experts have found that many drivers lose their ability to safely handle a vehicle in traffic when they have 0.05 per cent blood alcohol level." The safety association president cautioned that in using these charts Texans should realize that inexperienced drinkers, young drinkers, those using other drugs, and those who are ill may not be able to consume as much alcohol as indicated on the chart and still be able to drive safely. "The Texas Safety Association hated to issue a release of this type because Thanksgiving, Christmas and New Year's are, and should be, times of joy, friendship, and family love. But we know, just as certainly as Christmas comes on December 25, and New Year's Eve on December 31, that driving drunks will rob Texans of the joy, friendship, and love that is rightfully ours," Parker concluded.

Economic Stabilization Questions and Answers

Q. Will raw agricultural products, such as fresh fruit and vegetables, be excluded from the standards for prices set by the Price Commission?
A. Yes, just as during the freeze, raw agricultural products will be excluded.
Q. How will prices and wages be controlled by the Price Commission and the Pay Board?
A. The Price Commission and the Pay Board have published standards and criteria for the control of all prices and wages which will be covered during the post-freeze program. In addition, the economy will be divided into three parts or tiers for different surveillance and reporting procedures. Certain large firms and collective bargaining units that are of critical importance for the

control of inflation will be required to notify the Board or the Commission in advance of proposed wage or price increases. Other large economic units will be required to report periodically on their prices, employee compensation, and other matters as may be specified. The behavior of prices and wages in the remainder of the economy, comprising the largest number of economic units (usually smaller firms), will be monitored by spot-checks and investigations of complaints by the Internal Revenue Service. Q. Are dividends and interest subject to legal restraints under the Economic Stabilization Program?
A. No. However, the Committee on Interest and Dividends, established by the President, will formulate and execute a program for obtaining voluntary restraints on selected interest rates. The Committee will also continue the voluntary program for the restraint of dividend payments, subject to possible changes of standards and coverage. The President has asked Congress for amendments to the Economic Stabilization Act to provide stand-by authority to impose mandatory control of interest rates and dividend payments. However, the use of this authority is not expected to be necessary.

MHS Players Make All District Team

All district is an honor bestowed upon players for their performance throughout the district games. These selections are made by the coaches of opposing teams. The coaches watch large amounts of films and then decide their game plans from these films and scouting reports. A game plan will always denote areas of weaknesses and strength of an opposing team. After a game, the coaches will watch the film to determine why their plans were successful or unsuccessful. It is then that the coaches decide how effective and opposing players were toward stopping their teams plans of attack.

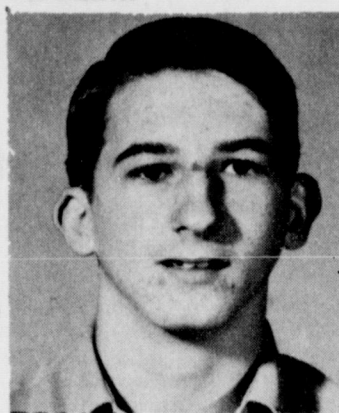

From these analyses the coaches at their district meeting nominate, then vote on the players that caused them to alter their offense or defense or perhaps forced them to make changes during the course of a game. Because of the large number of players involved, there are actually three teams selected. The first team denotes the players who were the most consistent in their ability. The second team is usually made up of boys who receive the second highest number of votes for a particular position. The third or honorary team is made up of players who made a significant impression against the opposing team to be nominated for a position on the all-district team.

The Mules placed seven players on the All-District teams. Rand Baker and Bobby Hayes received the highest honors by being placed on the first offensive and defensive teams. This is an honor given to few men today because most teams have offensive and defensive units. Rand won his honors from his offense tackle position and defensive end position. Bobby was honored for the scoring ability and his aggressive linebacker play. Donnie Wheat, the Mules middle linebacker, was named on the second team defense; and Larry Shafer, the Mules senior center, was named to the second team offense. Don Heathington, Mark Long and Ricky Black were honored by their

opponents by being placed on the honorary third team.

Thespians Best Of The Week

By Donna Woodard
This week Thespians are honoring the Mighty Mule football team. This year these boys have led us in a great winning season for Muleshoe High School. Also Thespians would like to acknowledge the All-District Players. They are Rand Baker and Bobby Hayes, 1st team offensive and defensive; Donnie Wheat, 2nd team offensive; Larry Shafer 2nd team defensive; Don Heathington, Mark Long and Ricky Black, Honorable Mention. Thespians thank all the football boys for the efforts and fine representation of their school. Congratulations and thank you!

2nd Team Defensive
All-District

The Mules have won their first two games against Dimmitt and Friona. This was the first time in several years that the Mules have beaten Dimmitt and to win their first game. Our varsity team is made up of nine seniors and one junior. These boys are Randy Field, Don Heathington, James Turnbow, Tommy Clements, Rand Baker, Raymond Davenport, Larry Mitchell, Mike Riley, Johnny Hayes, and Bruce Bruns. The strongest point of the Mules is the depth that we have. In two games we have had six boys hit in double figures in one or both games. This makes for a lot of competition for a starting assignment and also gives us an opportunity to find more boys who are having a hot hand on a game night. We have a team that is made up of ten good players, but more than this we have ten boys who are willing to sacrifice their personal glory in order to have a winning team. This is the key to success for all good teams. At the time this is printed, we will have played in the Plainview tournament.

NHS Honor Students

By Karen Locker
National Honor Society students of the month have been elected for the months of November and December.

Senior students were Greta Bamert, daughter of Mr. and Mrs. Carl Bamert, and Margie Silguero, daughter of Mr. and Mrs. Genaro Silguero. Junior honor student for November and December are Sharon Kelton, daughter of Mr. and Mrs. Robert Kelton, and Sherry Wagnon, daughter of Mr. and Mrs. W.B. Wagnon, Jr. Sophomores are Leesa Sanderlin, daughter of Dr. and Mrs. B. E. Sanderlin, and Denette Mann, daughter of Mr. and Mrs. Franklin Mann.

Freshmen are Bobby Henry son of Mr. and Mrs. Doyle Henry, and Debbie Burchell, daughter of Mr. and Mrs. A. L. Burchell.

Girls B-Ball Team Have Four Wins

The Mulettes Varsity and B teams have played seven games this season, winning four and losing three. The varsity showed a lot of hustle and determination in defeating Dimmitt 46-45. The Dimmitt game was close all the way as Dimmitt came into the game undefeated. The last game played was against a very fine Friona team and the Mulettes were defeated by a wide margin. The B team also played an outstanding Friona team and was defeated 34-26.

The Mulettes played this weekend in the Kress tournament. The Mulettes Freshmen were undefeated after three games and working very hard. There

are twenty-eight girls out for Freshmen basketball, and fundamentals are being stressed daily in practice. The Freshmen girls will play in the Muleshoe 8th and 9th tournament next weekend.

Student Council Has Meeting

By Patty Murray
The MHS Student Council met on Monday, November 29. Plans were made for attending the District Convention on December 4 at Floydada. The group representing Muleshoe will lead a discussion on student involvement in High School. Questions and ideas were presented for use in the discussion group.

The Student Council Sponsored Talent Show that was to be held December 6 has been postponed. The new date will be announced later.

"Muletrain"

Now On Sale

The 1972 "Muletrain" is on sale. This is a reminder to order annuals now so that there will be no disappointment when the annuals come in.

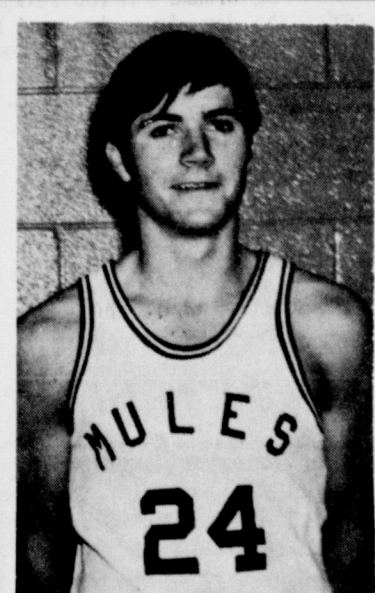

Annuals are available to Muleshoe residents as well as students. If you want to reserve an annual, mail your check for \$6.30 to the Muleshoe Annual staff or contact Tommie Clements, Debbie Glover, Vanda Spurgeon, Connie Redwine, Charlie Chandler, Rhonda Bland, Sherry Wagnon, Sharon Kelton, Vowery Throckmorton or Mrs. Eric Smith.

Christmas Card Party To Be Held By FHA

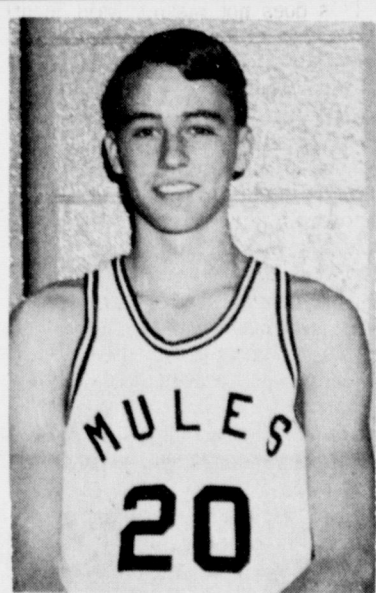

The annual FHA Christmas Card party will be held in the cafeteria on Friday, December 10. Five new stamped cards are brought by each girl who comes to the party. These cards are boxed and sent to the state Hospital, so patients there can have cards to send to friends and relatives.

STATE CAPITAL Highlights AND Sidelights

by Bill Boykin
TEXAS PRESS ASSOCIATION

AUSTIN, Texas--Gov. Preston Smith's decision to run for a third term drew sharp new attention to an increasingly crowded and complex 1972 political scene.

Smith said he would seek vindication in stock-loan scandals. He plans to tell "over and over" that he killed (by veto) the bank deposit legislation urged by Houston banker Frank Sharp which the Legislature passed in 1969.

Meanwhile, former U.S. Sen. Ralph Yarborough said odds are now 10-to-one he will be a candidate--either for governor or the senate--next year. But he declined to indicate which race is most likely to attract him.

State Sen. Wayne Connally, youngest brother of U.S. Secretary of Treasury (and former Governor) John B. Connally, jumped into the lieutenant governor's race. Connally is a conservative Democrat.

Harold (Barefoot) Sanders of Dallas reportedly is getting set to run for the U.S. Senate as a Democrat.

Sen. Joe Christie of El Paso indicated he will reveal at a dinner in his home town December 7 whether he will enter the lieutenant governor's race or stand for re-election.

Republicans, calling for a "top to bottom cleanup" in state

government, began recruiting preliminaries, concentrating on the governor's race. (They already have a U.S. Senate candidate, incumbent John Tower.)

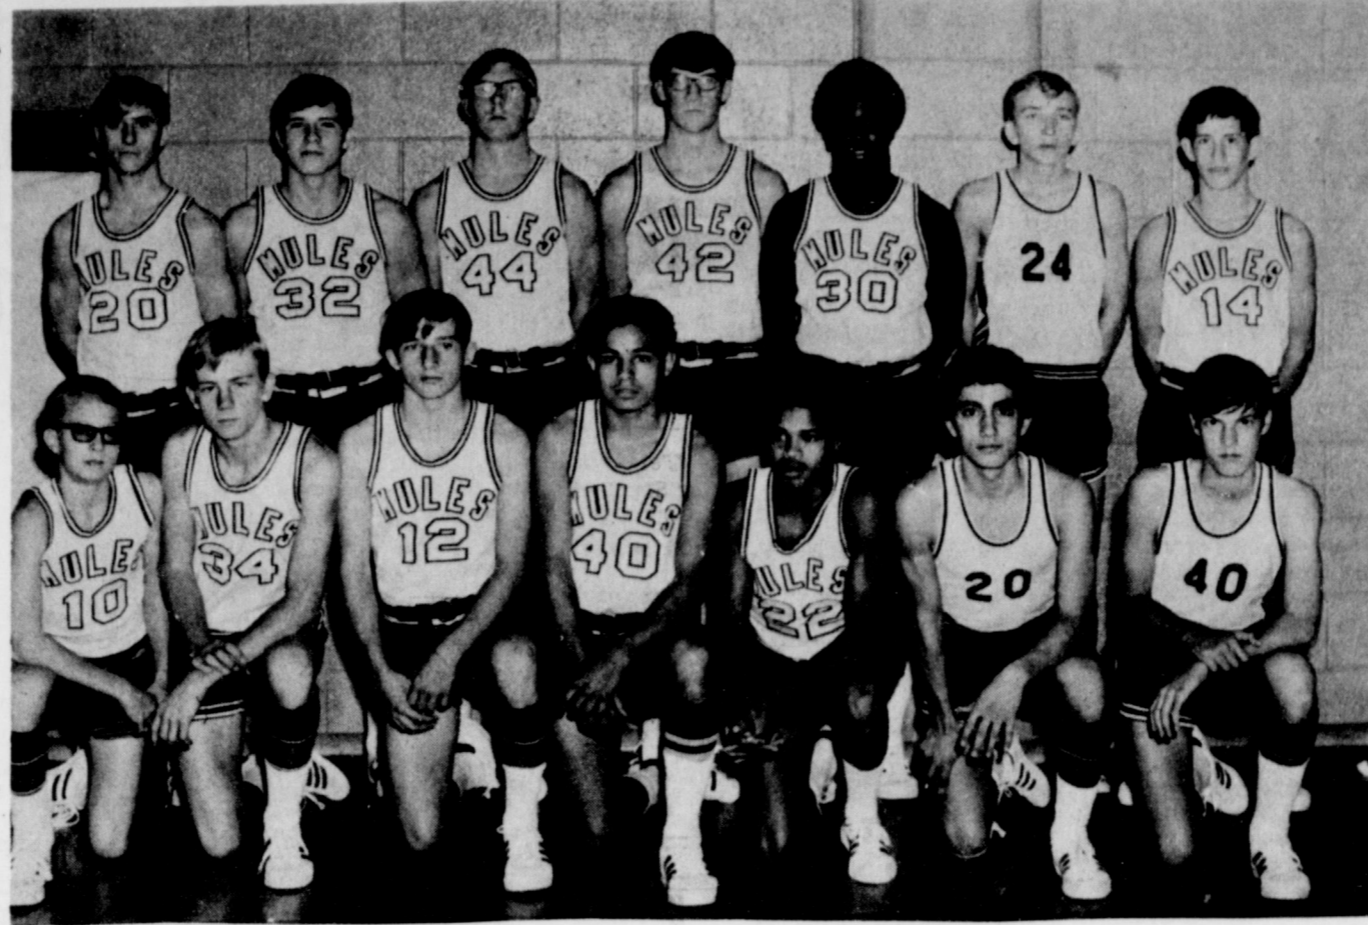

The Republicans, in an informal statewide poll of gubernatorial preferences, came up with S. Ross Perot, wealthy Dallas businessman, who is a political independent, as their favorite.

Lt. Gov. Ben Barnes and Dolph Briscoe, Uvalde rancher-banker, continued full-fledged campaigns for governor. Sen. Ralph Hall of Rockwall and Houston newspaper executive William P. Hobby Jr. have been in the lieutenant governor's race for months.

COURTS SPEAK-- Texas Court of Criminal Appeals upheld a new law which allows those accused of crimes to waive rights to a grand jury indictment before trial in cases where the death penalty is not applicable.

In other recent cases the Court of Criminal Appeals held:

- *That photographs of a bloody death scene are not automatically prohibited from consideration in murder trials.
- *That a court is not to look beyond a bill as passed by the legislature to consider if the act creating a new trial court was duly submitted to a special legislative session by the governor.

ing a regular license to Barton-Grubbs Volkswagen, which began operations in Corpus Christi three months ago. McKenzie, who operates a VW dealership, said he remains pessimistic in the city was not needed for several years. But he conceded, "reasonable men may differ on the facts presented."

December 1 was the deadline set by the new Motor Vehicle Commission act for new car dealers, distributors, manufacturers and factory representatives to get required state licenses. McKenzie said the hearing before the Commission November 4 was "vital" and served a purpose in "forcing the factory to justify its actions."

HOSPITAL PLAN AVAILABLE-- A draft of the 1972 Texas state plan for construction and modernization of hospitals and related medical facilities is available for public review at the State Health Department here.

The plan is the basic document on which the State Board of Health will make recommendations for federal Hill-Burton grants and subsidized loans.

Fifty applicants are requesting \$44.5 million in Hill-Burton grant funds and \$58.5 million in mortgage insurance. The requests are aimed at providing financing for construction in excess of \$215 million. Hill-Burton provides both grant and loan programs to build and modernize general hospitals and public health centers.

The Texas plan also contains a complete inventory of most health facilities in the state, a delineation of 134 service areas, determination of area needs and priorities and methods of administration.

BOLLWORM WARNING ISSUED-- Unless the pink bollworm is controlled within the next few weeks, heavy losses, if not complete ruin, can be expected for the cotton crop in North and North Central Texas, the state agriculture department warns.

Commissioner John C. White said farmers must take immediate steps to destroy cotton stalks and plow under debris as quickly as rains will permit. End of November was the plowup date for more than 40 counties in the North-North Central area.

shortage of doctors. Vets educated in Texas are already having to go out of state to get jobs, the association argued.

SHORT SNORTS

A Democratic fund-raising reception here December 6 will cost \$1,000 per--to hot-nob with Sen. Hubert Humphrey and Congressman Wilbur Mills. A \$25 a plate dinner follows.

State Republican leaders demanded removal of Secretary of State Bullock. Bullock said he intends to stay.

Texas Board of Mental Health and Mentay Retardation delayed site selection for a new school for the mentally-retarded in the Dallas-Fort Worth area. Fort Worth, Hillsboro, Cleburne, Waxahachie, Ennis and Mineral are offered locations.

Texas Water Quality Board and U.S. Environmental Protection Agency announced agreement on a program to settle differences over water quality management in Clear Lake.

A new attorney general's opinion says court clerks must record defendant's birth dates, drivers license numbers where "reasonably available" in abstracts of judgement and so note where data is not available.

A typical Thanksgiving dinner with all the trimmings cost an average family of six just a little more than \$9, according to the Texas Department of Agriculture.

December 5-11 is Texas Consumer Week.

The bicentennial era in Texas was launched Thanksgiving Day with half-time ceremonies at the Dallas-Los Angeles football game.

TVMA said the money could be spent better in aiding medical professions which have a

etymology has coded for computer storage 168,979 individual criminal records. Records will be retained by Project SEARTH (System for Electronic Analysis and Retrieval of Criminal Histories).

Four seminars were scheduled this week in Lubbock, Dallas, Houston and San Antonio to review laws governing the new state vending commission and the industry it regulates.

Labeled for PROTECTION

Some medicines may be taken internally; others are for external use only; therefore labels caution us as to their proper use. These precautions are for our own protection and good.

All things in life are not so clearly marked as to their proper use. The Bible is our source and guide, our label.

Thy word is a lamp unto my feet, and a light unto my path.

Psalm 119, 105

ATTEND CHURCH, STUDY GOD'S WORD

EVERYONE IN THE CHURCH
 THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

COTTON TALKS

FROM PLAINS COTTON GROWERS, INC.

It would be rare to find a farmer or businessman on the High Plains, or for that matter anywhere in our complex U.S. society, who is not a member of one or more associations. And for each inevitably comes the question, usually at dues-paying time: Is it worth it?

And the president of at least one dues-supported association thinks this a very proper question. Ray Joe Riley of Hart, newly elected president of Plains Cotton Growers, Inc., believes every PCG member should ask it, and that each is entitled to an answer.

PCG members include cotton producers and allied businessmen in a 25-county area surrounding Lubbock. Producer dues, 15 cents per bale voluntarily paid on each year's production, make up some 85 percent of the organization's revenue. The remainder comes from dues paid by ginners, warehousemen, cottonseed oil mills, banks, suppliers and others whose business depends in large part on cotton production.

Riley answers the question with an emphatic "Yes, and then some," and in doing so he reveals some of his personal feelings toward the organization he heads and association work in general. Noting that the benefits that accrue to association members cannot always be translated immediately into neat profit figures, Riley likens association activities to the downfield blocker in football who clears the field for someone else to score.

"The scoreboard lists no points for the centers, tackles and blocking backs, but they are necessary to the scoring, just as the work of associations is a necessary precedent to the success of businessmen and cotton producers," Riley states.

"For example, in PCG, research often directed and financed either wholly or in part with association money runs ahead of the farmer to find economical ways to control insects, weeds and diseases and to discover new and better varieties. And without these things most of us would find earning a profit much more difficult if not impossible.

"It is also association fiber and fabric testing and spinning tests that go ahead of the farmer to textile mills in this country and abroad, making it much easier for him to score in the marketplace. And of course it takes advertising, direct communication and personal contact to make the results of this work known to cotton customers, all of which comes under the heading 'Promotion'.

"It is the association that goes to Washington and Austin with facts and figures to prove the case against bad farm laws and to promote passage of legislation favorable to association members. This, we call 'Service', Riley continues.

"But by the time the farmer plants an improved variety, protects it with effective herbicides and insecticides, collects his indispensable price support payment, and by the time he sells the fruits of his labors in a favorable market--by this time his downfield blocker, the association, has already been there, cleared the field and gone on to prepare for the next challenge."

"This is why association members ask: Is it worth it? And this is why it is necessary to answer with something more than the time-worn words used to justify an association's existence--Research, Promotion and Service. If understood in the broadest sense these words accurately describe not only the work of Plains Cotton Growers but the work of Grain Sorghum Producers, Sugar Beet Growers, Wheat Growers and any number of other associations as well.

"But these words have been left to stand alone, without benefit of explanation, so long and so often they have become meaningless to many association members, and a more detailed accounting of association activities and accomplishments is required to answer this question

which every association member has a perfect right to ask," Riley goes on to point out that there are a number of examples, concrete and provable beyond doubt with which PCG can show definite dollars-and-cents returns to growers far beyond the amount anyone ever said in dues.

"But association members look upon these examples as something in the past, something that has already been paid for with last year's dues or dues from the year before. And to a large extent they are justified in that attitude."

Riley concludes by saying "While president of PCG this

year I hope we can continue PCG's long record of successfully running interference for the production and marketing of our cotton for profit. In addition, I would like to see more associations members actively involved in association affairs to give them a broader, deeper understanding of the organization and its purposes.

"With that understanding I have no doubt they will be able to answer for themselves the question 'Is it worth it?'"

The business of developing one's personality is more important than that of regulating others.
