### Cowgirl Hall of Fame Honorees

The first three honorees into the Cowgirl Hall of Fame are being presented plaques at ceremonies Sunday at the start of the last performance of the All Girl Rodeo at the Hereford Riders Arena. They are (L-R) Sammy Thurman, representing the late honoree Sissy Thurman, Jackie Worthington of Jackboro, and Alice Greenough of Tucson, Ariz. Each will have a life-sized bronze likeness placed in the Hall of Fame, located temporarily in the County Library. Also attending the ceremony were County Judge Sam Morgan, Roy Faubion, Hall of Fame president, and other representatives of the rodeo and Hall of Fame.

## 'Discover Yourself' Urged At Annual Baccalaureate

Hereford High's 231 candidates for graduation were advised to "discover yourself and your unique worth and you'll be on the road to success" when they

## Grand Jury To Convene

The Deaf Smith Grand Jury is scheduled to convene Thursday and Friday at the county courthouse to hear cases presented by Criminal District Attorney Andy Shuval.

He said that he plans to seek 26 indictments from the jury and since it is a higher than usual case load that the jury will probably have to meet both days. The jury is usually able to finish in one day.

District Judge Mike Metcalf said he would hear the jury's report Friday and consider pleas from defendants at that time.

Members of the grand jury include Mrs. Francis Hill, Arthur Gonzales, Howard Godwin Jr., Dennis Lomas, Barnell Landers, Manuel Pacheco, Dave Hopper, Jim Culpepper, Dale Christie, Charles Burfield, Lynton Allred and James McDowell.

### A Battle of the Sexes?

## Coaches Plan Strategy for Football Game

By O.G. NIEMAN  
Reed Publisher

"We've got better people, better coaching, and we should win by a substantial amount," Coach Tom Simons stated emphatically in an uncoachable manner Wednesday.

"Those male chauvinist pigs are taking us too lightly; we're prepared and we have some trick plays that will take them by surprise," countered Coach Irene McKinster.

If these statements don't sound like the usual utterings of a coach, you're right. But they are coaches "for a day."

The occasion is the annual spring game of the Hereford Whiteface football team, and Fred Upshaw, athletic director and head football coach, has decided to name a staff of grandstand quarterbacks to guide the Maroon and White squads in the Friday night game.

Simons, president of the booster club, will be joined on the White team by Speedy Nieman, another Whiteface Booster Club officer; Jerry "Jiffy" Payne, chairman of the sports committee of Deaf Smith C of C; and Pinky Matthews, longtime Herd booster.

Ms. McKinster, active in the booster club and other civic activities, will be joined by Lavon Nieman, president of the Women's Division of the C of C; and Karen Payne and Jo Charest, both active

members of the booster club.

"Actually we could probably win the game as the result of delay of game penalties against the Maroon team," commented Nieman. "I've never seen four women get together and make a quick decision on anything."

Ms. McKinster told a reporter that there were rumors the women didn't know anything about football. "This is absolutely untrue. Three of us trained under Coach Larry Dippel when he held special classes for women. And, Lavon has been attending coaching school for about 23 years—after all, she is the wife of an ex-athlete and sports writer," pointed out the Maroon mentor.

Ms. Nieman agreed that she is well versed in the game. "I've learned what a first down is and that my son's position as a 'weak safety' was really not an insult by the coaches. Besides, we'll provide the team with some imagination and flair that has never been seen before."

Upshaw announced that the "real" coaches will retire to the press box. He wouldn't say, but it's probably because he doesn't want any of the happenings to be associated with his coaching staff.

"We've got an inexperienced quarterback, but we have an offensive and defensive line that will spark us to

## Light Moisture Comes From Recent Rainfall

Scattered thundershowers sprinkled the Hereford area with limited but welcome amounts of moisture over the weekend.

The Easter community apparently received the largest amount of rainfall as Community Grain of Easter recorded .90 inches of moisture.

Alan Wagner reported that the rainfall came at a good time for the wheat in the community.

"The wheat is a little later than last year, but is heading out pretty well, and the rain will help," said Wagner. Wagner also reported that the corn in the Easter area has already grown to a height of about six inches and the milo is getting off to a good start. The rainfall will boost both crops.

The J.E. McCabe farm located east of the Dawn community reported .20 inches of rainfall Sunday and .27 inches early Monday.

H.L. Hershey reported that the .40 inches of moisture on his farm 13 miles northeast of Hereford received over the weekend "beat the dust storm" and added that the irrigated wheat was "looking pretty fair."

The city of Hereford received .10 inches Saturday night and .30 inches Sunday according to KPAN radio.

Bruce Coleman, who farms in the Walcott community reported that his

farm failed to receive rainfall during the weekend.

The Clint Homfeld farm, located 47 miles northwest of Hereford also failed to receive any rain, and according to Mrs. Homfeld, dryland wheat crops in that area are "hurting for moisture."

There were scattered reports of small hail over the weekend but no significant damage was reported.

With the remainder of the month a common time for thunderstorms in the Panhandle, Hereford area dryland farmers are hoping the clouds will relinquish some moisture to pull their wheat crops through their current moisture-stressed state.

## Offender Sentenced 14 Years for Sexual Abuse of a Child

Jury trials don't often occur in Deaf Smith County, but one did Monday as a jury deliberated for about 45 minutes in 69th Judicial District Court to find Richard Lee Thomas Hohn guilty of deviate sexual abuse of a child.

The defendant was then sentenced to 14 years in the state penitentiary of the Texas Department of Corrections and

fined \$5,000. No probation was granted. The maximum penalty is two to 20 years in prison and a \$10,000 fine.

Newly appointed District Judge Mike Metcalf presided over the trial. Criminal District Attorney Andy Shuval prosecuted the case and Joseph Pool of Amarillo was the defending attorney.

In the course of the trial, approximately eight witnesses were heard including the abused nine-year-old girl and 7-year-old boy, the defendant and his two sisters, a woman who had seen the defendant driving around the day of the offense, the defendant's employer and a woman said to have been living with the defendant, according to Shuval. The offense took place on or about Aug. 15, 1974.

Tuesday, one civil jury trial was heard by the court involving about \$1,300 in

vocal proponent for conservation of the park. He said his classes used the park to study nature's different varieties of vegetation.

"The Texas Education Agency has encouraged the ecological approach to teaching kids and the park provides the best location in the area to do so," Wood said. The motorcyclists said they would have to go along way to ride if not granted the park, but Wood said he too would have to take his classes a long distance for nature study if the park were not preserved with the proper vegetation.

He read letters of support from one local cub scout master, the Tierra Blanca Soil and Water Conservation District, and the Hereford Independent School District.

In the letter from the conservation district, L.J. Straffuss, district committee chairman, stated that the park was "the most complete natural area" here and that further erosion could result from motor traffic if the area remained unrestricted. Also endangered species of grass were listed as growing in the park, further giving weight to conserving the area, Wood indicated.

ANOTHER SUPPORTER of the park conservation are some local garden clubs, which are combining efforts to landscape a nature area in the park including nature trails lined with varieties of flowers and other greenery.

Lonnie Cardinal, local motorcycle dealer, told the commissioners that the interested dirt motorcycle riders were open to any suggestions to find a place where they can ride but that the park area provided the best terrain. He quoted statistics from other towns in the Panhandle which had set up specified areas for motor cycle riders. These include Clovis, N.M., Lubbock, Dalhart and Bovina.

He explained that the motorcycles being discussed were not the street bikes, but those designed just for rough terrain

(See VEHICLES, Page 2A)

### Checks Presented

Garth Merrick, left, and Pete Caviness, right, were the first and second persons, respectively, to present checks for \$500 to the National Cowgirl Hall of Fame for lifetime memberships in the Hall of Fame. Caviness, National Fund Drive Chairman for the Hall of Fame, accepted the checks. Merrick is employed by Hereford Bi-Products, and Caviness is associated with Caviness Packing Co.

## May Blood Drive Set For Next Wednesday

The monthly blood drive conducted in Hereford by the Coffee Blood Bank of Dallas has been postponed from yesterday until next Wednesday, May 28, according to Barbara McCrary, chairman of the local Blood Drive Committee.

The May drive will be conducted from four to six p.m. Wednesday at the Community Center on Park Avenue.

The drive will be conducted inside the Community Center, although the Coffee Blood Bank will bring its mobile unit.

Jo Lynn Potter of Maryanna, Ariz. rode off with All Around Cowgirl honors at the Hustlin Hereford Hall of Fame Rodeo over the weekend, garnering 25.5 points in the competition.

Miss Potter was awarded a \$600 custom-made saddle as the All-Around winner.

Sue Pirtle of Stonewall, Okla. and Merrill Adams of Hereford were second and third place in the all around competition and Frances Crowhurst of Highco, Tex. took third.

Cowgirls from across the country competed for over \$20,000 in prize money in the three day rodeo.

In goat tying competition, La Dawn Primrose took first place, Jo Lynn Potter was second, Bonnie Pleasant was third and Jimmie Gibbs was fourth.

Barrel racing competition proved close as Becky Carson completed the course in 17.15 to capture first. Patti Prather ran the barrels in 17.23 for second, Jo Lean Steiner took third at 17.34 and Berggren fourth at 17.39.

Angle Avezhoff and Vickie Emerson joined up to win the team roping event with the time of 12.2 seconds. The second place team was made up of Jo Lynn Potter and Jan Paddock. Miss Potter and Gail Higgins formed the third place team and Jennifer Haynes and Charlene Harris were fourth.

Cowgirls wasted no time in the steer unloading event as they turned in some amazing clockings.

Gail Williams won the event with a 1.8 second run for the ribbon and Merrill Adams was a close second with a time of two seconds flat.

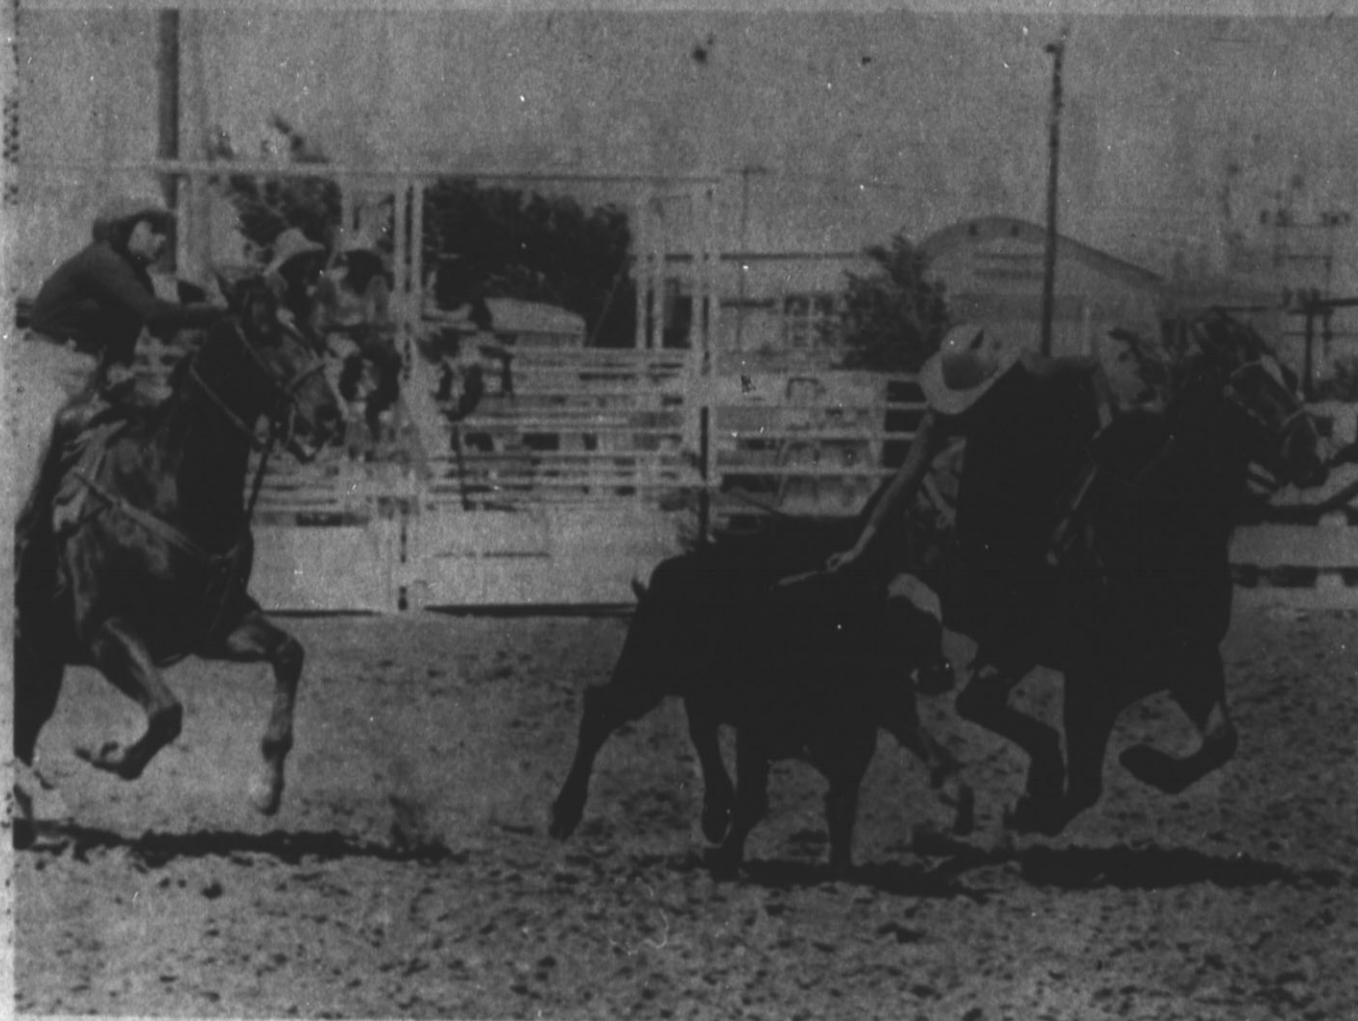

Diane Luthi and Judy Wales tied for third with 2.1 clockings.

Merrill Adams won the calf roping competition with a time of 38.3 and Sammy Thurman was second in 40.1. Jimmy Gibbs was third at 41.1 and Jennifer Haynes was fourth at 47.4.

In the rugged bull riding event, Jan Howell was first, Sue Pirtle second, Sheila Bussey third and Lisa Martin fourth.

Frances Crow was first in the bareback bronc riding, Sue Pirtle was second, Joan Howell third and Diane Pearce fourth.

## Mid-Plains Pioneers To Gather Saturday

Early settlers and longtime residents of this area will convene Saturday in Hereford Bull Barn for the annual Mid-Plains Pioneer Day celebration. Coffee and doughnuts will be served during registration beginning at 9:30 a.m. with the assistance of Pioneer Study Club. Membership dues are \$1.50 per person.

Benny Womble, president, will direct a business meeting scheduled at 10:30 a.m. prior to a free covered dish luncheon. The main course and beverages will be provided and guests are asked to bring salads, vegetables and desserts. HIGHLIGHT OF THE luncheon will be presentation of Pioneer of the Year, an annual award sponsored by KPAN Radio. Recognition of this individual is based on

letters of nomination which are screened and selected by the radio station. Also, prizes will be given to the oldest man and woman present in addition to the couple who have traveled from the farthest location. Ribbons will be awarded by the association to local residents who have lived in this area more than 30 years. LOCAL ATTORNEY Ed Line will deliver the welcoming address and response will be given by L.M. Fertsch. The Rev. Doug Manning, pastor of First Baptist Church, will offer the invocation. Pledge of allegiance to the flag will be led by Grant Hanna. Decorations for the reunion are being provided by Hereford Garden Club, Garden Beautiful Club and Bud to Blossom Garden Club.

## Judge Morgan Sentences DWI, Check Offenders

County Judge Sam Morgan set punishment for eight driving while intoxicated offenders and received another four DWI cases filed during court sessions last week. Holding to a campaign promise to crack down on DWI's, Morgan sentenced the following defendants: —Benancio G. Rivera, fined \$50 plus court costs and sentenced three days. —Omera Valdez, fined \$100 plus court costs and sentenced 15 days on one year probation. —Joel C. Frusto, found guilty in jury trial and fined \$100 plus court costs and sentenced 10 days. —Patricio Pena, fined \$100 plus court costs and sentenced 15 days on one year probation. —Ruben Gonzalez Fabela, fined \$100 plus court costs and sentenced 15 days on one year probation. —Lucas Raul Villarreal, fined \$100 plus court costs and sentenced 15 days on one year probation. —Raymond Frances Saunders, fined \$50 plus court costs and sentenced 15 days on nine months probation. —John Walter Schumacher, found guilty in jury trial of reckless driving and fined \$100 plus court costs.

Other county court cases included: —Julian Ybarra, swindling with worthless check, fined \$25 plus court costs. —G.H. Rushing, JP court appeal for speeding, fined \$20 plus court costs. —J.W. Trammell, theft, fined \$500 plus court costs and sentenced to three days. —Carlos R. Charles, granted new trial on a probation revocation appeal and probation was not revoked. In Justice of the Peace Glen Nelson's court, the following cases were handled: —Mrs. R.S. Smith, bad check, fined \$25 plus court costs. —Mrs. Frand Dowty, fined \$50 plus court costs. —Adolpho Perez, fined \$20 plus court costs. —Paul Langley, fined \$25 plus court costs. In all the cases restitution was made. Total fines assessed this week in JP court were \$120 with the total for the year amounting to \$562.50. County court fines assessed this week amounted to \$1,245. The total for the year is \$12,898.

## County Receives Small Amount From Feds

In the distribution of Federal funds to states and localities across the country, via grants-in-aid and revenue sharing, how much has Deaf Smith County received?

What portion of the \$44.6 billion that was distributed by Washington in the past fiscal year percolated down to the local area?

According to state-by-state figures compiled by the Tax Foundation, a non-profit research organization that serves as a watchdog over public spending, its allotment was relatively small.

The grants earmarked for local purposes under a variety of community aid programs came to approximately \$3,749,000, it is estimated from a breakdown of the state figures.

The money was awarded for such purposes as public housing, education, health, child welfare, job training, road construction, food stamps and the like.

Throughout the State of Texas as a whole, the grants totaled \$2,119,000,000, the Tax Foundation reports, based upon data it obtained from the Treasury Department.

The figures take into account only direct aid and revenue sharing. They do not include other Federal expenditures, for goods and services, in local communities.

On the other side of the ledger is the cost of the benefits. They are paid for out of Federal income and excise taxes collected from each area and allocated to the aid programs.

Deaf Smith County's share of these costs came to approximately \$4,011,000 in the year. The statewide contribution was \$2,273,000,000. The amounts are exclusive of matching funds.

In some areas the costs involved exceeded the benefits. In others the reverse was the case.

The Tax Foundation finds that 23 of the states paid a premium for the aid they received. The remaining 27 came out ahead.

Indiana was at the bottom of the heap, paying \$1.58 for every \$1.00 it got back in aid. Alaska was at the other end. Its cost, per \$1.00 of aid, was only 36 cents.

In explanation, the Government states that there is no attempt at equalization, that community needs and requirements are the deterring factor.

## Coaches-- from Page 1

victory," Coach Jerry Payne stated in a pre-game interview. "We've also checked on the game officials, and only one of the three is a women's libber," he added confidently.

Maroon team coach Karen Payne was visibly worried Wednesday. Asked if she was most concerned over the offense or defense, Ms. Payne replied, "Oh, there's no doubt that we will win, I'm just trying to decide what to wear!"

Coach Charest reported that Maroon team would have a strong pass defense. "After all, women are accustomed to fielding passes." And, although she declined to mention it, the Maroon team will have an invaluable asset in a mother-son combination. Her son, Dave will be a running back and defensive secondary performer for the team.

Aside from the unique coaching staffs for the spring game, the contest will also be a benefit match for the James Self family. One of their sons died recently after birth and medical bills have created a financial burden. Self, a teacher at Stanton, formerly coached at both junior highs.

Admission to the game will be by contribution. The Whiteface Booster Club will operate the concession stand and have sandwiches and drinks for sale. The evening starts with a freshman scrimmage at 6:30, and the varsity clash should start around 8 p.m.

## Vehicles-- from Page 1

riding and not licensed for streets. Others are multi-use bikes designed for both streets and rough riding.

"IT'S A GROWING FAMILY sport but we need rough terrain to ride on," he said. Other areas were suggested on which motorcyclists could ride but they would need renovation such as forming hills with a bulldozer.

"The kids are in too much danger on flat ground where they can ride at fast speeds," he said.

Some of the areas mentioned were the southwest water fields owned by the city and some city property near Hereford Feedyards. These, however would not be immediately available as the water fields would have to be reworked and the property near the feedyard is under lease.

Veterans Park was originally taken over by the city from the Veterans of Foreign Wars American Legion organizations about four years ago to be developed into a park and nature area.

Several representatives of motorcyclist groups said their memberships definitely felt that the park should be preserved and not used for motorcycle riders.

FRANK BARRETT, city commissioner, said, "I remember when we took over the park and I thought we promised the veterans to develop the area. I think it's been too short of a time to allow any motor vehicles to ride in the park since the development is going along well."

After Barrett moved to approve the ordinance, the commissioners praised the groups for their cooperativeness and attitude and agreed to work with representatives of the motorcycle riders in finding a place for them.

Concerning the speed limit reduction on Park Ave, Bayne explained that students going to the new school, located behind Park Plaza Shopping Center, would have to cross the busy street and that a school zone as well as a lower speed on traffic would improve safety.

The only problem to the change would be if the Texas Highway department wouldn't approve them since the street is a state highway. However, this isn't expected.

PROPOSALS FOR WALKWAYS under or over the street are too prohibitive cost wise and were not considered.

The commissioners agreed with Bayne that the signs should be changed to 30 mph from 55 mph from Kingwood Street east to Highway 385. Also approved were back to back signs with warning lights on both sides of the highway.

The school zone will slow traffic to 20 mph during designated school hours.

The commissioners considered several uses for Revenue Sharing money to be reviewed during the next entitlement period. It will amount to \$133,000.

Discussion centered mostly around recreational uses such as a swimming pool, more tennis courts, basketball goals and baseball diamonds. The money could not go to the 30-acre athletic complex being developed by the county according to Bayne because it was for a special interest group, Kids Inc.

The commissioners agreed, however, that the money should build up the park area.

All commissioners were present at the meeting. They meet next on June 2.

# Grandstand Coaches To Guide Friday Scrimmage

BY JIM STREIBT

Hereford High School School Athletic Director Fred Upshaw has announced that eight "grandstand coaches" will handle the sideline duties at the HHS spring football game Friday night.

Those selected to command the White team include Tom Simons, Speedy Nieman, Jerry "Jiffy" Payne and Pinky Matthews.

Coaching the Maroon team will be Irene McKinster, Lavon Nieman, Karen Payne, and Jo Charest.

"This should be a good football game, and at the same time there will be a little bit of fun involved," said Upshaw.

"We're going to divide the team as equally as we possibly can, I think the kids will be serious about the spring game and it should be good for our

whole program," he added.

Upshaw explained that the scrimmage will be as close to a game-type situation as possible with a few exceptions.

"We won't have any kickoffs, and although we will kick punts, every punt will be a fair catch," said Upshaw. "We're going to try and get the most we can out of this scrimmage," he added.

Upshaw was pleased with the Herd's performance in its second scrimmage session Saturday morning and pointed out that the offense is doing a good job in learning a new system.

"Last year we used a wing T offense, which is basically a power formation. Right now we're practicing on the Houston Veer, which is an offense based more on finesse. I'm happy with the progress we've made on the Houston Veer and we'll be running the veer in Friday

night's scrimmage," Upshaw explained.

The Herd mentor pointed out that the defense looked "especially good" in Saturday's scrimmage and the offensive line also showed good progress.

Upshaw lauded the efforts of his assistant coaches in the spring drills.

"The assistants have shown dedication and have done a lot of hard work, I appreciate the good job they're doing with the kids," said Upshaw.

Friday night's varsity game will begin immediately after the freshman game, which is scheduled for 6:30. Upshaw estimated that the varsity game will last about 1½ hours.

Here are the lineups for the Maroon and White varsity teams for Friday night's game:

**MAROON**  
Defensive Secondary-Jim

Lawson, Kirk Spain, Robert Schumacker, Dave Charest and Daniel Olson.

Defensive Ends-Keith Shore, David Schumacker and Robert Scott.

Linebackers-Tim Sandvol, Baltimore Guirro and Greg Albracht.

Defensive Tackles-Luis Marquez, Pete Madrigal and Ishmal Adame.

Noseguards-Mario Mendosa and Tony Padilla.

Center-Wesley Wilson.

Guards-Mike Oglesby, Brian Edwards and Victor Pacheco.

Tackles-Barry Acton, Bob Hardin and Kenneth Henson.

Tight Ends-Mike Foster and Burl Miller.

Backs-James McDowell, Carlee Graves, Charles Reyna, Russell Harkins and Alfred High.

Quarterback-Mike Crim.

## Coaches Honored At Dinner

An appreciation dinner for Hereford coaches was held in the Community Center Sunday with Sylvia High as the hostess.

Roger Scott, associated with the Upward Bound program at West Texas State University, was guest speaker, and special music was presented by the United Community Choir under direction of Laura Walker.

Mrs. High, who has two sons in college on athletic scholarships and has a daughter graduating this year, expressed appreciation to the coaches for their work with the youth of the community.

Scott, titling his talk "Preparing the Gallant Warrior", said the entire community should be "involved in preparing our youth for the battle of life." He added that this included mental and physical development.

A former coach, Scott pointed out that the community puts pressure on the coach for a winning season. By the same token, he commented, "we should publicize the won-lost record of our teachers in literary events and other school activities."

Scott said he was starting an Upward Bound program with more than 20 students at WTSU on June 2. "We tell students we'll get them in college, but it's their job to stay," he emphasized.

Approximately 125 persons attended the dinner, including the coaches and their wives and other special guests. Rev. Doug Manning wove the invocation, and Rev. C.W. Allen proclaimed the benediction. Mrs. High's family and friends assisted with the dinner.

## Raider Club Has Best Program Ever Locally

Hereford's Red Raider Club hosted its most successful program in history here Tuesday as more than 100 fans turned out to meet new football coach Steve Sloan and hear other reports from Texas Tech.

After a golf tourney Tuesday afternoon, a dinner at Hereford Country Club climaxed the day's activities with Coach Sloan reviewing prospects for next fall's grid team, and coach Gerald Myers outlining the basketball team program.

Earnest Langley, local attorney and Raider club member, served as master of ceremonies for the dinner. Dave Hopper and Mac Tubb were in charge of the Raider Day activities, assisted by Tom Legate.

Clint Formby, chairman of the Tech board of regents, welcomed the Lubbock visitors and commended the Red Raider Club for its support of the university's athletic program.

Two teams tied for the low-ball score in the golf tourney. They were presented trophies by Cal Garrett, golf pro. One team was composed of Mac Tubb, Junior Arterburn, John Kropp and Sam Self. The team included Wister Clevenger, Newlin Rowland, Bob Nash and Garrett. Each team carded a 61 total.

Low individual score of the day, a 76, was carded by Carroll McDonald, a director of the Red Raider Club in Lubbock and a former Hereford resident. Romeo Crennel, Tech coach, took an award for the highest score of the day.

Leece Jackson, executive director of the Raider club, introduced athletic director JT King and he, in turn, presented Coach Sloan. The new Raider mentor reported good progress in spring training, after a slow start, and outlined the offensive lineup for next season. Administrative assistant Bob Patterson reviewed the defensive prospects.

Coach Myers listed the returning starters for basketball, including All-Conference center Rick Bullock. Myers had praise for Hereford's Keith Kitchens and said he looked for outstanding guard play from juniors Steve Dunn and Kitchens. He pointed out that Houston will join the Southwest Conference basketball schedule next season, and Myers thinks there are "four or five teams who are capable of winning the championship."

Myers added that there will be a conference tournament next year with the winner, if different from the round-robin champ, meeting the regular season champion for the title. He believes this will add much interest to the basketball race.

Sloan introduced each of his staff members and outlined their duties with the football team. King recognized Polk Robison, athletic business manager; John Conley, assistant athletic director; and Bob Nash, Lubbock radio and active Red Raider Club member.

Officers and directors of the RR Club in attendance were introduced at the meeting.

along with the chairman of the athletic council, Dr. John Cobb.

Langley also paid special recognition to Preach Eddieleon of Friona, who played on Tech's first football team in 1925. Several Raider supporters from the Friona and Dimmitt areas attended the dinner.

## Sul Ross Honors Loerwald

Jeffrey Loerwald, son of Mr. and Mrs. S.T. Loerwald of 212 Centre was recognized as Man of the Year and Outstanding Men's Physical Education Major at the Sul Ross State University Annual Awards Day Assembly held April 29.

Loerwald, a 1971 graduate of Hereford High School is attending the university in Alpine on a football scholarship. He is also a member of the university golf team.

**ON UNEMPLOYMENT**  
The Labor Department has reported a decline in claims for unemployment insurance benefits during the week ending April 26, the lowest since November 2nd.

HHS Twirlers

These young ladies will serve as twirlers for Hereford High's Big Red Band next year. Pictured from left are Cathy Walker, senior; Sabra Hacker, junior; Betty Banks, senior; Dee Anne Caison, junior; Debra Jones, senior; Stacy Lea, junior; and Denise Schroeter, sophomore. The twirlers will attend a one week summer camp at West Texas State University July 6-11. They are sponsored by Jan Wilkes.

## Linksters Try For Open Post

Curtis Stoerner, a member of the Hereford High School golf team and William Horton, assistant pro at the Pitman Municipal Golf Course competed in a qualifying round for the US Open sectional tournament in Lubbock Monday.

Stoerner fired a two round total of 149 on the par 72 Hillcrest Country Club course while Horton carded a two tour total of 158.

Jerry Mobley was the day's medalist and also qualified for the sectional round with a six-under-par 136. Other sectional

qualifiers were Bo Baumeister, Ron Huckabee and Bob Lee. Some 12 pros and 17 amateurs competed for the four qualifying spots. Each man was required to walk the entire 36 holes of golf and the ball was played "down", meaning its position could not be improved in the fairway.

## Romero Returning For Main Event

Ricky Romero, popular Mexican speedster, returns to the Bull Barn Saturday night in the main event of a wrestling card sponsored by the Hereford Lions Club. His scheduled partner in tag team action is Sal Domingues, a colorful stylist from San Jose, California.

Currently called away by serious family illness, Domingues is expected to return on time to team with his friend, Romero, against Don Fargo and Bobby Jagers. Romero, an all-around athlete is an amateur, hardened his body with years of ranch work. Sal Domingues has starred as a judo enthusiast, boxer, and body builder.

Don Fargo, a rider with a notorious motorcycle gang, took his love of combat into the ring to combine with an equal love of the monetary rewards of professional wrestling. His partner, Jagers, is an ex-lumberjack from Vancouver, Washington.

In other matches, Black Gordman meets newcomer

Johnny Starr, while Zodiac, a huge masked grappler, takes on colorful Samoan Prince Tapu in the opener.

Fans who were disappointed recently when international heavyweight champion Cyclone Negro failed to show, will be glad to hear that he will be brought to Hereford at the earliest opportunity by the Lions Club. Cyclone was injured 2 weeks ago at the Taylor County Coliseum, but has been able to resume the mat wars.

Gordon "Mr. Wrestling" Nelson who appeared here last week, reports that his son, Steve, holds several records at the Maverick Club in Amarillo. Steve Nelson has done 410 consecutive push-ups, 75 push-ups in two minutes, and 30 one-arm pushups. Wrestling at 83 pounds, he has garnered top trophies in Houston and Colorado in large tournaments, although wrestling boys two years older. Steve is eleven.

Wrestling action Saturday starts at 9:00 p.m. at the Bull Barn.

## Now At Supermarkets Turkey Prices Special

Special prices on turkey is one supermarket highlight this week, but pork supplies have slumped to a 10-year low, according to Mrs. Gwendolyn Cyatt.

"Frequently featured turkey is one of the better high-protein buys today," the consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System, noted.

"However, pork prices are slightly higher after a decline during past months—with best

values, generally, on chuck roast and steaks, round steaks, ground beef and liver, Mrs. Clyatt reported.

In fresh fruit departments, good selections are bananas, strawberries and fresh pineapples. Also citrus fruits, apples and pears.

Vegetable economy includes cabbage, carrots, potatoes, head lettuce, celery, cucumbers, green onions and radishes. Avocados are in good supply.

In Germany, at one time, people looked at fires through bunches of larkspur to preserve their eyes for the year!

## Obituaries

BILL DICKSON

H.B. ELLISTON

Services for Winford Jewell "Bill" Dickson were held Wednesday at the Christian Assembly Church under the direction of Gilliland-Watson Funeral Home with Evelio Perez, pastor, and the Rev. Doug Manning, pastor of First Baptist Church, presiding.

Mr. Dickson married Oma Lee Lowry October 26, 1932 in Hollis, Okla. He came to Deaf Smith County from Wellington in 1941. He died in Deaf Smith General Hospital May 19 after suffering an illness.

Mr. Dickson is survived by the widow; three sons, W.R. Dickson of Forth Worth, Gene Dickson of Marfa and Dale Dickson of Los Angeles; his mother, Mrs. Mary Dickson of Loving; seven brothers, Ed of Loving, Alfred of Graham, Clifford of Loving, Lenard of Fort Worth, William of Corona, Calif., Robert of Post and Henry "Doc" of Odessa; a sister, Mrs. Ozella of Fort Worth and seven grandchildren.

Interment was in Restlawn Memorial Gardens.

Services were conducted Tuesday at Payston, Ariz. for H.B. "Butch" Elliston, a former Hereford resident who died of an apparent heart attack Saturday at his mountain home at Payston.

Mr. Elliston was born at Farmersville Oct. 3, 1900 and came to Hereford as a child. He lived here until 1965, when he moved to Tempe, Ariz. and later relocated at Payston.

He is survived by the widow, Vivian, of the home; a daughter, Mrs. Ray Giddens of Odessa; a step-daughter of Tempe; five brothers, Nolie, Raymond and Victor, all of Hereford, Erin of Tucumcari, N.M. and Custer of Cleburne; four sisters, Merle Elliston, Vera Lee Cantrell and Mae Grimes, all of Hereford, Betty Ollita Chatfield of Crowell; and six grandchildren.

He was the son of the late Mr. and Mrs. R.L. Elliston.

## TV COMMENTARY

By John Smiley

FOR A BIT it seemed "Gunsmoke" would be back on CBS next season, but the latest report is that the series has been canceled. Joining "Gunsmoke" in oblivion will be "Mannix," "The Manhunter," and "We'll Get By."

CBS IS introducing five new dramas this fall. First, there will be a 1920's version of Boston, called "Beacon Hill." Then there will be Eddie Albert and Robert Wagner in a show called "Switch." Jack Palance will star in "Bronk," the story of a big-city Mayor's special agent.

THREE FOR THE ROAD will be a new show about a free lance photographer and his two teen-age sons. The fifth new drama is called "Kate McShane."

CBS HAS four new come-

dies ready to wiggle loose in the fall. Cloris Leachman will star in a Mary Tyler Moore spinoff, called "Phyllis." Sheldon Leonard will play a classy ex-gambler on "Big Eddie." Sherre North will play his ex-showgirl wife. The other two shows are "Doc" and "Joe and Sons."

IRWIN ALLEN, the thriller specialist, will produce three specials for TV next season. On ABC, he'll produce "Forgotten World," a story of modern man pitting himself against prehistoric monsters.

HE'LL DO two on NBC. First will be "Flood," which relates what happens to a community cut off from the world by a great flood. The other show deals with time travel.

# Accent on Health

J.E. PEAVY, M.D., Commissioner of Health

Mother nature has many faces. In spite of all her gentleness there is a destructive side as well. Consider, for example, the tornado, one of the deadliest phenomena in nature. Many of these violent storms occur during the springtime, when the earth is waking from its winter slumber. The destructive, whirling wind may strike almost without warning and seemingly at random, sweeping everything out of its way with a whiplash tail that moves in a narrow path across the land.

At one time, about all that people could do to guard against being killed or injured by a tornado was to be on the alert for tornado weather and to move underground—into a storm cellar—when conditions warranted.

While oldtimers had to rely on experience to assess the possibility of a tornado, electronics plays a major part in today's alert system. Radar storm warning sets are used in almost all major cities in the state. These stations are connected by teletype and radio. Any station is able to instantly apprise all other stations of tornado activity and the path of a tornado. Then, all communities in the vicinity of the twister can be warned of the tornado's approach through normal channels of communications, or through special warning devices.

The Texas State Department of Health has joined with other state and federal agencies and medical associations in efforts aimed at disaster preparedness. It is ready to go into action in any emergency.

If worse comes to worst, and a tornado does strike a community, the State Health Department can provide vaccine, public health engineering, medical emergency nursing know-how, and other vital services, to stem the threat of disease or further complications while disaster relief is underway.

One of the best examples of public health action following a highly-destructive tornado occurred in Lubbock, five years ago.

Although storm warning were in effect, the tornado which actually hit the city appeared out of nowhere—forming just above the downtown section at 10 p.m. One of the first things knocked out was the emergency warning system.

With much of Lubbock's communication system knocked out, the health department staff and other city personnel were on their own in following the emergency procedures that had been established in advance. Vaccines and other medical supplies were dug out of the demolished health department building for transfer to an emergency clinic.

State Health Department engineers and other personnel arrived on the scene early the next morning. Food and drug investigators were assigned to Lubbock immediately and within a week had disposed of all spoiled foods and drugs. A large supply of tetanus vaccine was sent by the Health Department laboratories. Rapid insect control activities were vital because of the large

amounts of rain. As in all similar disasters, the one great lesson learned was the value of being prepared.

Over the years, the National Weather Service has developed a system to accurately report severe weather conditions. The public is informed by radio and television advisories.

For tornado activities, the terms used are "Tornado Watch", indicating the possibility of a tornado; "Tornado Warning", meaning that a tornado has been reported in the general area; and "Tornado Alert", meaning to act fast, that a tornado is known to be in the area.

What can you do in the face of a tornado alert?

If it's daylight, or if you can see the funnel advancing toward you, you may have time to move out of its path. If you have a storm cellar, you should move into it.

If you can't get out of the way and you don't have a storm

cellar, you can still protect yourself.

In homes, open some windows and then keep away from them. Get to the center of the house, or to a basement if there is one.

In schools, move to prearranged shelter areas. Post a lookout if it can be done safely.

In shopping areas, go to designated shelter areas.

In mobile homes, evacuate the area. If no shelter is nearby, leave the trailer park for low protected ground.

In open country move away from the twister's path. If there isn't enough time, lie flat in the nearest depression with hands

shielding your head. If heavy rains accompany the twister, be alert for flash flooding.

## BIBLE VERSE

"Ye shall not need to fight in this battle; set yourself, stand still, and see the salvation of the Lord with you."

1. Who made the above statement?
2. Through whom was he speaking?
3. To whom were the words addressed?
4. Where may this statement be found?

## Collection Continues

### For Los Ciboleros Sale

Collection boxes for discarded literature have been established at various city locations including Sugarland Mall, First National Bank, Hereford State Bank and the Deaf Smith County Library for persons wishing to donate paper back and hard cover books, magazines and records for the Los Ciboleros Chapter, Daughters of the American Revolution book sale, June 7.

Proceeds from the sale will be used on microfilm and the micro-reader which was donated by the local DAR chapter. Persons wishing to donate books may call Mrs. Alfred Smith, 388-7539, Mrs. Jeff Smart, 364-4963 or Mrs. Joe Reinauer, Sr., 389-5505. DAR members can come to a residence to collect donated items.

## Chart Marks Graves Of 200 War Veterans

Marking the graves of war veterans for Memorial Day will be an easier task this year for the American Legion, whose auxiliary has chartered these designated plots.

Prepared by a special project committee of the auxiliary, the map of West Park Cemetery locates the graves of approximately 200 veterans, who date back to the Civil War. These markers, plus plots in Restlawn and St. Anthony's Cemeteries, will be marked with American flags by the Legion Saturday evening until Monday evening.

The West Park Cemetery graph was compiled by Mrs. Arthur Rogers, Mrs. Ira Ott, Mrs. Leroy Williamson and Mrs. Grant Hanna, with

assistance from Mrs. J.G. Gandy, community service chairman. The large drawing is etched in ink on four poster boards.

Largely responsible for the completed record is Mrs. Rogers, according to Mrs. Ott. "Mrs. Rogers voluntarily worked many hours to complete this project. She deserves credit and our appreciation for her devotion."

Mrs. Rogers is a Gold Star Mother, which means that she lost her son, who died in World War II combat.

American Legion Auxiliary members will be selling poppies at various locations, including the Civic Club Center, Wednesday.

Mrs. Arthur Rogers and Mrs. Ira Ott ...prepare for Memorial Day

## Marriage Solemnized In Keith Jorde Home

Betty Battey of Hereford and W.A. "Bud" Neff of Amarillo repeated nuptial vows Monday evening on the balcony of the Keith Jorde home, west of the city. The Rev. Doug Manning, pastor of First Baptist Church, officiated.

Garlands of greenery interspersed with delicate pink flowers etched the balustrade where the service was read. Pink candles encircled with green ivy and ecru ribbon were placed throughout the home.

The couple were attended by Mrs. Gerald E. Hale and Ed Dziuk Jr.

Wedding selections at the candlelight ceremony were "The Lord's Prayer" and "If I Could Tell You," both sung by Keith Jorde and "Always" and "Wither Thou Goest," rendered by Lynn Gowdy. Piano accompaniment was provided by Mrs. Charles Jones.

The bride wore a floor-length gown of ecru eyelet fabric designed with long, full sleeves and a cameo neckline. The hem was traced with a ruffle.

Her bouquet was formed of pink variegated carnations centered around a single orchid with babybreath, English ivy and pink ribbon streamers attached.

Her only jewelry was a single strand gold choker.

Her single attendant was dressed in a carpet-length gown of bright pink material trimmed in ecru lace. She carried a bouquet of one orchid surrounded by variegated pink carnations and babybreath clasped with an ivory ribbon.

Following the ceremony, Mr. and Mrs. Jorde were host and hostess at a reception in their home with the assistance of Mr. and Mrs. Warren Jorde and Mr. and Mrs. Charles Hoover.

The three-tiered white wedding cake, which was crowned with pink variegated roses, was served by Mrs. Bill Stengel and Mrs. Chesley Johnston. Beverages were poured by Mrs. John Harris and Mrs. David Mobley.

The bridegroom's daughters, Julie Anne, Jennifer and Marta Jorde, presided at the registry.

Leaving on a wedding trip to Las Vegas, Nev., Mrs. Neff wore white slacks and a bright sweater set. The couple will be

at home at 5207 Tico in Amarillo after Friday.

Out-of-town wedding guests included Bill Neff, Mr. and Mrs. John Harris and Mr. and Mrs. Bill Carter, all of Amarillo; Mr. and Mrs. David Mobley of Friona.

The bride, who resided at 109 Kingwood, is the owner of

Magic Kurl Beauty Salon here. Neff is employed by Red Ball Freight Company of Amarillo.

Pre-nuptial courtesies included a bridge lingerie shower which honored the bride-elect Saturday. Hostesses included Mmes. Sam Self, Bob Hamman, Steve Clements and Hale.

MISS LISA WILLIAMSON ...Feted at bridal shower

## Bridal Candidate Receives Shower

Friends of Miss Lisa Williamson honored her Saturday with a small informal kitchen shower in the home of Mrs. Ted Coleman, 603 Ave. J.

Miss Williamson will be the bride of Danny Jackson of Amarillo June 15 at Canyon.

A special guest was Mrs. George Jackson, mother of the prospective bridegroom.

The honoree was presented a corsage of pale blue daisies and matching ribbon. Blue gingham

bows decorated a white epergne which held six white tapers as the focal point on the refreshment table.

Mmes. Ted Coleman, Shera Hammett and Suzy Wall were hostesses for these guests: Miss Dixie Ford and Mmes. Travis Bentley, Donnie Houle, Kim Williamson and State Norvell.

## HHS Reunion To Involve Two Classes

Mrs. A.B. Higgins and Mrs. Deward Roberson will be hostesses at a reception from 2-5 p.m., Saturday at the Community Center for members of the 1930 and 1931 graduating classes of Hereford High School.

The reception is being held in conjunction with the Mid-Plains Pioneer Days celebration. After the reception, a Dutch treat supper will be held at Dickies Restaurant.

## Baby Shower Given For Dawn Woman

Mrs. Joe Hampton of Dawn was honored Thursday afternoon by a layette shower in the Dawn Community building.

A corsage of pink carnations was presented to the honoree in a setting of pastel flowers and baby trinkets. An arrangement of spring flowers decorated a replica of a stork on the refreshment table, which also featured a baby's figure and toy wooden blocks.

Hostesses included Mmes Pat Smith, Dwaine Nelson, Jerry Stewart, Fred Boren, Dean Allen and Doug Crouch.

## To Celebrate End Of School

"Ten High", an Amarillo rock band, will be featured entertainment at an end-of-school youth dance from 9 p.m.-12 midnight Friday at Community Center.

Admission will be \$2 per person and the gameroom will be open.

## El Llano Finishes Another Club Year

Capping this year's business agenda, El Llano Study Club reinstated officers for the coming season Monday evening at a salad supper in the home of Mrs. R.W. Eades.

Returned to office were Mrs. Eades, president; Mrs. Tom Hamlett, vice president; Mrs. Raymond White, secretary; Mrs. Joe Kirkeby, reporter; Mrs. Ivan Block, historian.

Donations to the Hereford Chamber Singers was accepted as one of the club's community

service projects for next year. Other business included a revision of the club by-laws and discussion of the next yearbook.

The next meeting will be during September.

Those in attendance included Mmes. Labry Ballard, Jim Bookout, Pete Caviness, Fain Cesar, Boyd Foster, Hamlett, R.C. Hoelscher, John Jacobsen, Kimball, Raymond White, Joe White and Bob Wood.

## Concrete Plans Made For Summer Classes

Plans for the Summer Youth Program have been finalized and registration for the free activities has been slated 9:30 a.m.-noon and 1 p.m.-3 p.m. Friday May 3 at Community Center.

The annual SYP series, which will be conducted at Community Center from June 2-July 26, is sponsored by the Women's Division of Deaf Smith County Chamber of Commerce. Activity director is Mrs. Bill Allen. Classes will be held from 9-11:30 a.m. and 2-4:30 p.m. each weekday. The gameroom will observe later hours.

Children may sign up for various offerings, including art, crafts, chess, needlework and

volleyball. Also, a fun time for youngsters in grades 1-4 will be provided each Monday, Wednesday and Friday.

Students in junior high and high schools are invited to take a course which will qualify them to officiate at Little Dribblers basketball games next season. This older age bracket of youth will have access from 8-11 p.m. Friday and Saturday evenings to the Community Center. Noon Kiwanis Club members have volunteered to be responsible for weekend activities which will include pool, football, ping pong, volleyball and music. The gameroom will be open.

Twirling and cheerleading classes have been planned,

however the time has not yet been determined.

Due to the successful reaction last year, the youth program will again have a pet show during September. Also, as a climax to the SYP activities, an open house will be held at Community Center July 25 so that volunteers can view the accomplishments of participating young people.

Too much Vitamin D can cause calcification of the soft tissues resulting in kidney damage. Healthy children and adults can get needed Vitamin D from sunlight, fortified milk and egg yolks, according to Sally Springer, foods and nutrition specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

### Books Processed For Sale

Members of Los Ciboleros Chapter of DAR gathered at Deaf Smith County Library Monday to prepare books, records and magazines which

they will put up for sale June 7. Working on the fund-raising project here are, from left, Mmes. T.J. Carter, Stan Knox, Mary Morrow, Jack Gilliland and Jess Robinson.

## Council Elects Officers

Officers were elected Monday at the County courthouse by the Home Demonstration Council during a business meeting directed by Mrs. H.L. Hershey.

Officers to be installed June 23 are Mrs. E.C. Hewitt, chairman; Mrs. Roger Williams, vice chairman; Mrs. Gaylon Bryan, recording secretary; Mrs. Joe Gonzales, corresponding secretary; Mrs. R.A. Patzig, treasurer; Mrs. State Norvell, reporter; Mrs. Hershey, parliamentarian.

These women were nominated by a committee led by Miss Roberta Campbell.

Mrs. Bobby Kendrick reported 4-H events and announced that the 4-H entry in the recent rodeo parade here won first place for best float. She also stated that clubwomen with sewing skills are needed to help with the 4-H sewing workshop scheduled this summer.

Mrs. Kendrick, Mrs. Leroy Johnson and Mrs. Joe Artho were appointed by Mrs. Hershey to audit financial records compiled by the treasurer. This

action will take place in the latter part of June, following the final Council meeting of this season.

The float entered by Deaf Smith County HD clubs in the All Girl Rodeo parade was discussed by Mrs. Bob Campbell.

Other business included the treasurer's report which was read by Mrs. Wayne Sifford and minutes of the previous meeting presented by Mrs. J.H. Holden. A motion to transfer funds from the news agency account to the council budget was approved.

Mrs. Holden conducted roll call, noting that seven clubs had 100 per cent representation with 10 clubs represented.

All council and HD officers for next season will be installed at the final meeting June 23 for a luncheon at 12:30 p.m. in Pioneer Natural Gas Flame Room.

Extension club members present included:

Dawn Club—Mrs. Leroy Johnson and Mrs. John E. Wilson.

Hereford Club—Mmes. Dan Gorman, Ralph W. Warren and

Pat Betzen. Progressive Club—Mmes. E.C. Hammett, Dean Stallings, and Hershey.

Ford Club—Mrs. Kendrick. Palo Duro Club—Mrs. Lindell Fisher and Mrs. State Norvell. Cultural Club—Mrs. Tom Hargrave.

North Hereford Club—Miss Campbell and Mmes. Campbell, Roger Williams and T.E. Brisendine.

Bippus Club—Mmes. C.T. Douglas, Jimmie D. Bradley and Sifford.

Messenger Club—Mrs. S.W. Thwest and Mrs. Bill Page.

Wyche Club—Mrs. Hewitt and Mrs. Holden.

Also in attendance was county extension agent Joyce Shipp.

### The Abundant Life

## Pulling Together

By BOB WEAR

"LOOK ON THE BRIGHT SIDE" seems to be good advice, but suppose that there is no newscasts, telecasts, and to the general talk; it is difficult to find the bright side. In addition to this seemingly universal condition, there are numbers of persons who say that there is no such side. We cannot afford to accept this view. In fact, there is not sufficient evidence to support the view that all of life is on the dark side.

"A bright side" may not be found in each situation or happening, but there will be other situations and happenings which belong in the total consideration; and some of these can be seen as "the bright side". The point is that there is enough of the pleasant, and hopeful, and satisfying available to us to provide the encouragement and the good cheer which are so essential to worthwhile living. This, however, is not all that is involved.

We must not permit the surrounding conditions and occurrences to control our mood. The tyranny of determinism is a reality, but it is not an invincible force. If we accept it as such, we make a mistake; and place ourselves in the position of depending upon what is going on around us for the determination of the compelling quality of our emotional tone.

We must not make this error, because the totality of living involves much more.

OUR SURROUNDINGS DO HAVE some influence upon us, but it is a mistake to permit them to dominate us to the extent of fashioning our basic frame of mind. We have the privilege; the power; and the ability to choose and to focus our thoughts on "the bright side," when there is any choice; and there will always be some rays of light. It is most certainly a mistake to concentrate on the shadows and the darkness.

A grandmother who was trying to encourage her young granddaughter to form the habit of looking on "the bright side" of situations and happenings told her "every cloud has a silver lining". The granddaughter replied, "But suppose I can't find the silver lining." Her grandmother said, "In that case, you must get busy and shine up some of the dark clouds." This is the spirit of life for all of us.

"WE SEE WHAT WE WANT TO SEE" is a view that has considerable support as an accurate conclusion. That is, we have some choice about what we wish to give pre-eminence in our thoughts and actions.

"The bright side" is there, and we must look for it and continue to look at it.

## Fun Day Crowd

A large crowd gathered at Damron Park Saturday afternoon to watch contestants chase pigs, ride stick horses, milk cows and throw cowchips during fun day activities following the Huslin Hereford Hall of Fame Rodeo Parade.

Margo Gowney wasn't sure whether the pig was any greater than she was after capturing first place in the womens' greased pig contest and Margaret Romero, who took second, agreed that the competition was slick.

Ann Kerashen drew about a quart in 1 minute, 30 seconds to

take top honors in the womens' miling contest and Renee McClesky was second in that event.

In the stickhorse race for children up to three years of age, Chris Northcut outran the field for first place and Scott Robinson was second.

Lawrence Kelley overcame a crowded field at the starting line in the 4-6 year old division and raced home for first place. Doug McGee finished second.

Terry Blackwell came up with the longest toss of the day in the men's cowchip throwing contest and Wilfred Romero was second.

CRISP AND CRUNCHY -- If you are having problems keeping your lettuce or celery truly fresh, try washing and draining it thoroughly. Then wrap with moist paper towels before placing in plastic bags.

FRESH SQUIRT -- Here's an easy way to get a fast squirt of fresh lemon juice for your tea. Roll a fresh lemon on the counter; poke a toothpick in one end. Whenever you need a squirt, remove the toothpick and squeeze. Store in the refrigerator until needed again.

HOT PICKUP -- A cocktail snack that looks and tastes elegant starts with canned biscuits from your dairy counter. Cut into quarters, wrap dough around stuffed olive and roll in Parmesan cheese. Bake on greased sheet for six to seven minutes at 275 degrees. They burn easily -- so watch carefully!

## Dance Students To Perform Today

Pupils of Nancy McDonnell will be spotlighted this evening in the Annual Larymore Dance Production, to begin at 8:30 p.m. in the high school auditorium. The public is invited.

Tap numbers, ballet selections and modern renditions will be featured during the dance recital program by these students:

Ben Flores, Judy Flores, Gina Griffin, Lisa Snyder, Mendy Rogers, Anna Beth Friemel, Shelley Simmons, Karen Drake, Beth Frye, Sandy Brownlow, Beth Anderson, Kim Sims, Shellee Richie and Melodie Moore.

Lisa Clarich, Korina Treadwell, D.D. Sauter, Angie and Gina Streun, Allissa Hoelscher, Karen McCuistian, Lacy Driver, Conni Owens, Kathy Neill, Shelly Webster

James E. Schlesinger, Defense Secretary: "Our involvement (in Vietnam) was not purposeless. It was intended to assist a small nation to preserve its independence in the face of external attack."

## Jehovah's Witnesses To Gather At Carlsbad

Final plans and program details have been announced for the upcoming circuit convention of Jehovah's Witnesses to be held in Carlsbad, N.M. Entire families of delegates will converge on Carlsbad for the May 24 and 25 event, with most motels and hotels reportedly already booked to capacity.

According to Allen Mayo, local spokesman, the convention theme is "Have We Kept Our Senses and Been Watchful?" and the purpose of the meet is to "further train the delegates in our program of personal assistance in Bible study for all interested, regardless of denomination." Last year a monthly average of over 1,300,000 from various denominations took part in the Witnesses' program of Bible Study.

The assembly program emphasizes the need of applying Bible principles in all aspects of family life and will include Bible talks, discussions, and dramatizations, with delegates from Hereford participating.

Key speakers will be John Heckman, district supervisor, and Daniel Maurer, circuit supervisor, as representatives of the world headquarters of Jehovah's Witnesses in New

York. The highlight of the convention is the discourse, "Stand Still and See the Salvation of Jehovah," to be delivered by Heckman. According to advance notes released by Heckman, the expected more than 1900 attenders will be assured that "while global problems are leading some experts to warn that human existence may soon come to an end, Bible evidence shows that human existence on this earth will continue, based on what man's Creator will do." Witnesses point to God's Kingdom as the way mankind's growing problems will be solved.

Mayo announced that all local meetings will be cancelled the week of May 24 and 25 in favor of the convention. All sessions are open to the public with no collections taken.

Advertising is just another way of calling on customers.

Sincerity is a good virtue, rarely exhibited and seldom appreciated.

Too often habits make men instead of men making habits.

### Beautiful

### Rodeo

### Fans

A touch of beauty was part of the Hereford scene Friday as 65 girls and chaperones from Gristown arrived to view the Hall of Fame All-Girls rodeo. The girls were provided lunch by the Hereford CowBelles. Drinks were furnished by the Hereford Lions Club. The girls were guests of the All Girls Rodeo Association at the rodeo. Representing the CowBelles were Mrs. Leroy Johnson, left, and Mrs. Pete Caviness, right.

## THE HOME GAME

BY VIRGINIA TRUAX

**SOWING YOUR OATS** — Before you plant those seeds give some thought to what the Farmer's Almanac has to say. They recommend that flowers and vegetables which bear crops above the ground be planted during the light of the moon. Those which bear crops below ground should be planted during the dark of the moon!

**BLOOMING DESSERT** — A real show-stopper... perfect for showers or luncheons! Buy small clay flower pots and wash well. Place piece of sponge cake in bottom, fill three-fourths full with ice cream. Insert large straw in middle of ice cream and cut it even with top of pot. Slip into the freezer. Before serving, cover with shaved chocolate and insert a fresh flower in each straw.

## Gene Brock Will Serve TSTA As 1975 President

Gene Y. Brock, vocational adjustment counselor at Hereford High School, will serve during the coming year as a coordinator of faculty representatives in the local unit of the Texas State Teachers Association.

That will be one of Brock's responsibilities when he becomes president elect of TSTA District I on June 1. Brock has been district treasurer for the past year.

Brock, of 537 Westhaven, was in San Antonio recently to attend a two-day training session for TSTA leaders who will coordinate the work of faculty representatives in public schools throughout Texas.

The meeting was co-sponsored by TSTA and the National Education Association.

TSTA President Jewel

Howard of Dallas told more than 200 participants in the training session that TSTA faculty representatives in some 6,000 Texas school buildings play a key role in informing members of new developments at local, state, and national levels of the association work.

### NASA ON SCRAPPING

The space agency will keep \$900-million worth of surplus Apollo rockets, spaceships and a Skylab space station instead of scrapping them as planned, officials report.

### ON GI BENEFITS

President Ford has officially made midnight, May 7, as the last day of the Vietnam era for the purpose of entitling members of the armed forces to certain veterans' benefits.

## Swimming Classes To Start June 2

Registration in the Red Cross swimming program, to begin June 2, has been scheduled from 9 a.m.-noon May 30 at Hereford City Pool.

Beginners-swimmers classes are designed for youngsters who have completed the first grade and adults. No junior or senior life-saving instruction will be offered during the first session of classes.

Fee for the course is \$2.25, which will be used for maintenance of the pool.

Lessons will be conducted from 9 a.m.-noon on weekdays and a special class for adults will be held at 6:30 p.m. each evening. Adults need not preregister for this course and can sign up during the first episode.

Mrs. Richard Zinser, director of the program, has issued a plea for volunteers to teach with her in a summer project. Persons interested in assisting with the training program should contact her immediately at 578-4555.

Prospective teachers are urged to enroll in the water safety aid course scheduled Monday through next Friday. No fee will be charged for these lessons, however an individual must have completed swimmers training and be at least 14 years old.

The second series of classes is planned June 23-July 4 and the final session will be July 14-25. Individuals desiring further information may contact Mrs. Zinser or G.C. Graves at Hereford High School.

## Mildew Conditions Can Be Prevented

Springtime's damp, muggy weather makes ideal conditions for mildew problems. Mrs. Doris Myers, family resource management specialist noted this week.

But with a little effort, consumers can prevent mildew in their homes, the specialist with the Texas Agricultural Extension Service, The Texas A&M University System, said.

"Molds causing the whitish-to-purplish or gray growth are present in the air at all times. They grow on any surface that is damp, warm, poorly aired and poorly lighted. Mildew causes a musty odor and often leaves stains."

Mrs. Myers named a few precautions that can keep the home free of this problem.

—Keep things clean.  
—Get rid of dampness by finding the cause and correcting it. Air conditioners and

dehumidifiers will dry the air. "Sometimes it's necessary to heat the house for a short time, then let the moisture-laden air out by opening doors and windows. Also an exhaust fan can be used to drive the moist air out," she said.

Various chemicals sold by stores and by building supply dealers will absorb moisture too.

—Have adequate ventilation throughout the house—but especially closets, bathrooms and laundry rooms.

—Get rid of musty odors. On washable surfaces, use a solution of 1/2-1 cup of liquid household bleach to a gallon of water. Rinse with clear water and rinse well.

—Keep fabrics dry and clean. Always clean before storing and use a mildew inhibitor in storage.

**Support For Baby**

Many mothers may wonder just exactly when a baby needs his first pair of shoes.

Margret Ann Vanderpoorten, clothing specialist, pointed out that hard soled shoes aren't really needed until a baby is truly walking.

"Shoes for the crawler or just-learning-to-stand baby should be primarily for protection from hard floors," the specialist with the Texas Agricultural Extension Service, The Texas A&M University System, said.

"One of the most important facts to remember is never to

hand down shoes from one child to another—even if the shoes look new. After a shoe has been worn, it conforms to the shape of the original wearer's foot, and that's why it should never be worn by another child," she explained.

Even soft-soled foot protection such as socks, booties or footed-pajamas can restrict a baby's foot growth if they are too short or tight, according to this specialist.

"A baby's feet grow rapidly in size, though full development takes years.

Dear Mom & Dad,

I'm so glad you asked what I want for graduation! I'd love to have a new watch from Cowan's! They have a great selection & all styles & price ranges, and they'll even engrave my name on it at no charge.

Love,  
The '75 Graduate

# Scribbles and Scratches

By Kerrie Womble  
Women's Editor

If you're looking for a good way to dispose of some of those old books and magazines which have been stacking up and collecting dust, remember the Daughters of the American Revolution. The DAR Los Ciboleros chapter will be trying to raise funds at a book sale June 7 in the parking area in front of Deaf Smith County Library.

Proceeds will be used to defray remaining expenses on the microfilm reader which was contributed to the library earlier this year. The reader is located in the library's genealogy room and has been a major

contribution to the versatility of the local facilities.

So, kill two birds with a single shot by straightening up your book shelves and magazine racks and helping this worthy cause.

**FORMER RESIDENTS**, Mr. and Mrs. P.H. Gilliland have returned to Hereford permanently, we heard from Glad Manjeot. The Gillilands left here a few years ago to manage a motel court in Amarillo and have now moved to 122 Hickory to retire.

Glad also had spotted a name

of local interest in the Baptist publication. Mrs. Kenneth L. Goad and her husband are missionaries who are ministering to the Vietnamese refugees on Guam. Mrs. Goad is the former Beth Scott, daughter of the late Rev. and Mrs. Howard Scott. Rev. Scott was pastor of First Baptist Church here about 20 years ago.

Mr. and Mrs. Goad are assisting as interpreters at Red Cross headquarters in Guam. They answer Vietnamese phone calls at the switchboard, assist refugees trying to locate family and friends and aid Red Cross personnel in whatever ways possible.

Working in what has been dubbed "the tent city," the Goads and other missionaries are helping register and process displaced persons, providing religious activities; giving

Christian literature and personal counseling; aiding medical needs; serving as interpreters; and assisting U.S. military efforts in various other ways.

**JOAN DWYER**, executive-director of the Big Brother Big Sister organization here, said that their float in the Rodeo parade Saturday will be entered in two future activities. Carrying more than 40 Little Brothers and Sisters and their adult counterparts, the float will appear in the State Square Dance Festival parade at Amarillo June 6 and in the Hereford Riders Club parade here May 28.

**COLLEGE SORORITIES**, fraternities and graduates are the subjects of news release

received this week.

Sandra Fry Stretcher, home economics major at East Texas State University at Commerce, was recently initiated into Alpha Chi honor society for ranking in the top 10 per cent of the junior class. She is a 1972 graduate of Hereford High School.

Texas A&I University at Kingsville presented a degree summa cum laude (with highest honors) to Ernestina Romo Garza of Hereford recently. Her degree was a bachelor of science.

**THE YEARS** are going so fast now that one wanders if there will be danger 50 years from now in blinking and missing a decade. This past school term has flown and the kiddos will be out for the summer within a short time.

There are two major programs designed specifically to entertain and teach these youngsters during vacation. One is the Red Cross swimming course which is available to the most timid dog paddlers on up to those with swimmers training. These cost only \$2.25 per person and the first session starts June 2 so remember to sign up May 30. (These lessons are not limited to children, so adults should consider the classes as valuable. Swimming is fun, good exercise and an excellent preventative—you never get too old to drown.)

The other summer activity is the summer youth program and it's chock full of interesting classes. May 30 is also the day to register for SYP lessons.

Some of the offerings include art, chess, needlework, volleyball and a special fun time for

children grades 1-4. Also, the Community Center gameroom will be open Friday and Saturday nights for those teens who "can't find a thing to do." Some of the activities planned are pool, foosball, ping pong, volleyball or just listening to the jukebox.

### COST OF VIETNAM

The Pentagon reports that from 1961 until the surrender of the Saigon Government the United States spent more than \$141-billion in South Vietnam, or more than \$7,000 for each of South Vietnam's 20 million people.

### SIMON ON JOBLESS

Treasury Secretary William Simon said recently that unemployment has about reached its peak and should begin to level off soon.

## Sims Lion Club Plans Trap Shoot

Area shooters are excited about a trap shoot, scheduled for the Community Building in Sims on Sunday, May 25.

According to Roy Blevins of the Sims Lions Club, all proceeds from the trap shoot will go to the Hereford Boxing Club.

Those who participate in the shoot will be charged \$2.50. Gift certificates in the amount of \$7.50 will be given, in place of turkeys, Blevins explained. The shoot will begin at 1 p.m. May 25, and will last until dark. The Sims Lions Club is sponsoring the shoot.

## At The Library Authors Characterize Wilderness, Witches

Life in the remote wilderness and haunting aspects of a witch coven are described in two books which are being featured at Deaf Smith County Library this week.

Helen Hoover writes about sacrificing modern conveniences for wilderness living in "The Years Of The Forest." Mrs. Hoover and her husband, Adrian, flee city life to make a home in the distant Minnesota woods. There they encounter hardship, serenity and the inspiring beauty of nature.

Hints for nature survival, gardening, cooking and carpeting are included first-hand from the couple's experiences.

"The Witches Of All Saints" by Jill Tattersall is the mysterious tale of a brutal murder webbed with witchcraft in 17th century England. Tansy Tremayne accidentally becomes entangled in the gothic crime by stumbling upon a ritual of death.

Deaf Smith County Library is open to the public free from 9 a.m.-9 p.m. Monday and Thursday, 9 a.m.-6 p.m. weekdays and until noon Saturday.

### THE YEARS OF THE FOREST by Helen Hoover

What does it really mean, what does it really entail day by day, to give up urban comforts for the deeper delights of wilderness living?

One day, shortly after Helen and Adrian Hoover first fled city life to make a home for themselves in a remote cabin in the Minnesota woods, Ade scribbled a casual list (the last item then seemed almost a whimsical joke) of Things To Do:

Clear brush and paths, install

### Strawberries In Season

Strawberries, in season now, are a good source of Vitamin C, a nutrient needed daily, Sally Springer, foods and nutrition specialist, said this week.

"The family will stay happy if an ample supply of berries is frozen now to serve them throughout the year," the specialist with the Texas Agricultural Extension Service, The Texas A&M University System, said.

She advised selecting firm, fully ripe strawberries for freezing.

"Wash carefully and cap. Leave small berries whole and slice large ones into a bowl or shallow pan.

"If sweetened berries are desired, sprinkle about 3/4 cup of sugar over each quart of berries. Turn them over gently until sugar is dissolved and juice forms.

"Pack strawberries in moisture-vapor-proof containers. Press down into juice. Leave 1/2 inch headspace in wide-mouth pint container. Place lid on container, label with name of fruit and date. Then freeze immediately at 0 degree F. or below.

Miss Springer noted that frozen strawberries will keep for 12 months at this temperature with hardly any loss of quality.

OFFICE HOURS  
Mon.-Fri. 8:30 to 5:00

wiring, clear trash, running water, remodel icehouse, inside toilet, build dock, clear small cabin, lay hardwood floor, cut wood, fix roof, get another car, finish inside, make a living take a vacation.

It was a random enough list. It didn't even include such matters as food, telephone (of course there was none in the isolated cabin)...but before "get another car" could be checked off (the old one had immediately broken down), nine car-less years had passed with long hikes to the post office and once-a-year deliveries of storable food to see them though the snowbound winters. And it took the Hoovers 16 years of rewarding but unceasing labors before they were finally able to accomplish the last of those objectives.

This is a book that takes us inside the Hoover's wilderness home during those 16 years of the forest and lets us not only experience the joys and the techniques, but also the challenges and travails of going it alone in the beautiful but not always accommodating wilderness, set from the technology and services that city people take for granted.

It is a book of wilderness adventure, it is an education in the ingenuities of wilderness housekeeping, filled with practical details about making do, building and rebuilding, gardening for food and for fun; even advice about getting away from it all.

Here is a host of priceless hints and how to's for solving the problems of living close to nature and on good terms with one's fellows—not only the old inhabitants who were at first deeply suspicious of newcomers from the city, but the communities of bluejays, weasels, field mice, deer and other wild creatures who had needs of their own that did not inevitably coincide with those of the Hoovers.

Good times and hard times, good neighbors and bad neighbors, the strains engendered by conflicting views—and passions—about the use of the environment: Mrs. Hoover shares her experience without stint.

But above all—over, under and all around her straightforward and practical approach to life in the wilderness—there is, as always, the sensitive and moving awareness of nature (especially of the animals with whom she and her husband shared the forest, often helping

them through starving winters) that is the special quality of her writing and her life.

## SAWO Blueprints Summer Projects

Recent projects were reviewed and upcoming activities planned by St. Anthony's Womens Organization who met last week in the church's Antonian Room.

Mrs. Al Sinnacher, president, called the meeting to order and the Rev. Bernard McGorry was present as moderator. The secretary, Mrs. Robert Diller, read minutes of the previous meeting. A treasurer's report was given by Mrs. Earnest Flood Jr.

Mrs. Joe Artho, chairman of parish projects, listed future events, including a Catholic mass for high school seniors May 25 and St. Anthony's Day June 8. The latter event will involve a covered dish dinner, baseball game and a formal welcome to a new priest, the Rev. Celestine Leahy.

Vacation Bible School plans were outlined by Mrs. Neal Lueb, family affairs chairman. She explained that personnel are needed to work as teachers, aides and to provide refreshments. Classes will be conducted from 9 a.m.-12 noon for children four years old through sixth grade. She stated that approximately 90 children have already enrolled. Mrs.

James Paetzold will direct babysitting duties for mothers who are teaching in the Bible School program.

Community activities were listed by Mrs. Allen Evers, who reminded SAWO members of the Bike-A-Thon for Cancer and Right to Life projects.

Mrs. Raymond Artho, standing in for Mrs. Leander Reinart, reported organizational events, including a recent bake sale at Sugarland Mall, quilt raffle and sale of crafts at the last meeting.

New officers were nominated by Mrs. Johnny Jesko and her committee before the election was conducted. Selected to serve were Mrs. Diller, president; Mrs. Herman Hund, 1st vice president; Mrs. James Paetzold, second vice president; Mrs. Clarence Betzen, secretary; Mrs. Jim Messer, treasurer.

Mmes. Mark Koenig, Gene Loerwald, Anthony Elbech and Harold Kriegshauser were hostesses to about 50 members and husbands present.

Installation of officers, annual committee reports and reception of new members is on the agenda of the next meeting June 12 at 8 p.m.

### WT Cheerleader

Miss Nancy Barrett, daughter of Mr. and Mrs. Frank Barrett of 112 N. Texas, was recently selected as a varsity cheerleader at West Texas State University. A 1974 graduate of Hereford High School, Miss Barrett has been a freshman cheerleader this past year at WTSU. She is a member of Zeta Tau Alpha social sorority and serves as Panhellenic delegate.

### REP. MILLS RETURNS

Rep. Wilbur D. Mills (D-Ark) has returned to Congress following weeks of treatment for alcoholism. He was greeted by applause as he attended his first committee meeting of the year.

### VETOES FARM BILL

When President Ford vetoed the farm bill, he said he was acting to hold the line on the budget deficit, which he has vowed to limit to \$60-billion.

## Rabies Clinic Scheduled

An animal control rabies clinic will be held Saturday, May 24, according to Linda Hager, a spokeswoman for the Police Department.

The clinic will be held from two until five p.m.

There will be a charge of \$3.00 for each rabies shot, which is a dollar cheaper than the price

charged by most vets. Mrs. Hager noted.

The clinic will be conducted at the Hereford Fire Department. Residents of Hereford and the surrounding area should bring all pets to be vaccinated. Dogs and cats in particular should be protected from the dread disease.

# Wind Workshop Continues

Wind—which annually causes approximately \$600 million in property damage—is the subject of a four-day workshop which began Monday in Lubbock, just as a severe weather warning for the city ended.

Tornado sightings and severe thunderstorms dotted the Lubbock and South Plains area over the weekend as 25 participants from 14 states, the District of Columbia and Australia were gathering for the meeting.

The first session, led by Dr. Joseph E. Minor of Texas Tech University's Institute for Disaster Research, dealt with the nature of winds—the qualities important in engineering designs developed to resist wind forces.

The workshop is sponsored by Texas Tech University in cooperation with the American Society of Civil Engineers. Lecturers are civil engineers associated with the university's Institute for Disaster Research which has studied tornadoes, hurricanes and other severe winds since May 1970.

"The three major natural phenomena which have had the greatest impact on social, economic and political systems," Minor told the participants, "are earthquake, wind and flood." He set the annual average dollar losses through these phenomena in excess of \$2 billion.

"Losses caused by the direct effects of wind range second only to floods in annual dollar value," he said, "wind causing damage of more than \$500 million in seven of the last 11 years."

He attributed the increase in wind damage to two major causes.

"First, urban sprawl has increased the amount of exposure to windstorms presented by the inhabited, built-up areas," he said, "and, second, we have become increasingly more careless in the manner in which we construct and maintain structures which we know will be exposed to wind effects during their lifetimes."

He said the new technical discipline, called "wind engineering" is aimed principally toward cutting the damage caused by careless construction.

Architects and engineers are not alone in their concern for protection against wind damage, Minor said. Insurance companies, industry and the academic community are working toward better understanding of the mechanisms which contribute to wind damage and solutions to the problems.

The course presents technical information on the nature of the wind, how it interacts with structures and how to determine wind induced pressure loads on structures.

During the course participants will have an opportunity to tour the Lubbock home built by Dr. Ernst W. Kiesling, chairman of Texas Tech's Department of Civil Engineering, and incorporating design developed through research in the disaster research institute.

Hope springs eternal in the hearts of those who have eternal hope.

Let Carol Rose show you how you can qualify for FHA, VA or Conventional Loans

### Brand Carriers

Charlene Brownlow, Brand circulation manager, awards carriers who won in a recent contest to sign up new paper customers. The top winner was Jeff Mercer, center, with 20 new customers and the second consolation winner is Julie Bruns. They were presented a calculator and \$5 bill respectively. The first consolation winner was Donnie Lauderback, who was present at the awards ceremony. All carriers were treated to a skating party.

## Survey Reveals Education On Energy Crisis Needed

A survey conducted in April of 1974 of 782 Texas families has revealed that public education programs on the seriousness of the energy crisis and energy policies administered to encourage public trust are needed.

Conducted by the Energy Institute of the University of Houston in cooperation with the Governor's Energy Advisory Council, the survey was given to families in the Houston Urbanized area, the Amarillo Urbanized area, Colorado County and Deaf Smith County, West Texas State University students, under the direction of John Nuthersbough, assistant professor of geography, distributed the survey in Amarillo and Hereford. They distributed a follow-up survey in Amarillo and Hereford. They distributed a follow-up survey this semester, completing it during the final week of the semester.

Purpose of the first survey included finding how Texas people were responding to energy shortages and rising prices of energy. Questions were asked concerning the role of companies, government and the individual in dealing with the energy crisis.

Sections of the performance of individual companies dealing with the crisis and on environmental pollution were added to the 1975 survey, which was given to the same families participating in the 1974 survey. The 125 Hereford families and 250 Amarillo households were asked about their energy saving methods and the number of electrical and gas-operated appliances and the number of cars they owned.

In a summary pamphlet condensed from the full report sent to the Governor's Energy Advisory Council, results of the survey were named.

Dr. David Gottleb, principal

investigator, and Dr. Marc Matre, associate investigator, both of the University of Houston, prepared the results.

They found that most people questioned were skeptical about the seriousness and long range implications of the shortage. People distrusted the policies of government leaders.

Many of the respondents felt that wastefulness on the part of citizens was a main cause of the energy shortages, which they considered to be short term conditions.

Rising costs of fuels caused the families to conserve energy

instead of voluntary efforts.

The investigators found that families in the lower classes were more seriously affected by shortages and rising costs. More affluent individuals seemed less willing to reduce the use of energy using items

Gottleb and Matre found that the heaviest energy users were homeowners, middle-aged, affluent families. They

suggested the need for education on energy problems and conservation, especially to these families.

## Foundation Develops Drive

The Board of Directors of the Hereford Industrial Foundation met Tuesday, May 20 at noon in the Board Room of the Chamber of Commerce to organize a fund raising committee headed by Jake Webb

### Army Promotes James Russell

Wackernheim, Germany (AHTNC) April 29—James R. Russell, 19, son of Mr. and Mrs. Charles E. Russell, 605 Lee Ave., Hereford, Tex., was promoted to Army specialist four while serving as a unit policeman with the 59th Air Defense Artillery here.

ON U.S. STEEL PITTSBURGH, PA.—U.S. Steel Corp., the nation's largest steel producer has reported that its first quarter earnings more than doubled those of a year ago despite a 25 per cent drop in steel shipments.

## ACS Doesn't Endorse Products, Says Cole

American Cancer Society officials announced that the society in no way endorses any commercial product. The Chairman of the Board of the Texas Division of the ACS, Stanley Cole, said, "We want to make it clear that this applies to any type of insurance,

of insurance companies have been using ACS statistics in sales promotion literature. "The American Cancer Society has especially cancer insurance." Cole, a San Antonio insurance executive, said the society feels the statement is necessary because an increasing number

never authorized the use of its statistics or any educational film or printed literature for any commercial purpose," he said. "There have been some reports," Cole stated, "of American Cancer Society educational films being used by agents in direct sales promotions. This is an ab-

solutely unauthorized activity and we are asking people to report this sort of activity to the State Board of Insurance and the American Cancer Society if it continues."

"While the American Cancer Society assembles and publishes many statistics regarding cancer incidence," Cole said, "it should be pointed out that it is possible to save one in two cancer patients if people would do for themselves what they can, using available knowledge regarding early diagnosis and known effective treatment."

"Our goal," Cole continued, "is to control cancer. The Society funds basic and clinical research, disseminates up-to-date diagnostic treatment methods to physicians, provides community services and our volunteers provide many services and rehabilitation programs for the cancer patient."

Cole concluded, "The American Cancer Society is not in business to scare people, but to help people become knowledgeable enough so that more people will act promptly to protect themselves."

## Ada Resources Buys Corporation

Ada Resources, Inc., Houston, has entered into a letter of intent with Mountain States Resources Corporation, Salt Lake City, for the tentative acquisition of Mountain States for 1,100,000 shares of Ada's voting convertible preferred stock. Each share of preferred stock would be convertible into one share of common stock of Ada, and would bear a cumulative annual dividend of 42 cents per share.

Ada Resources, Inc., owns two feedlots in Deaf Smith County, Champion Feeders, Inc. and Southwest Feed Yards,

Inc., both located in Dawn. K.S. Adams, Jr., chairman and president of Ada Resources, and Ray H. Albrechtsen, chairman and chief executive officer of Mountain States, said the transaction is subject to numerous conditions, including the consummation of issuance to Mountain States of certain federal coal leases.

The transaction also is subject to authorization by the board of directors of both companies, authorization of the preferred stock by Ada shareholders, authorization of the transaction by Mountain

States stockholders, and the execution of the definitive agreement.

At close of market Friday, May 16, Ada Resources was quoted Over-the-Counter at \$2 3/4 bid and \$3 1/4 ask. Mountain States was 48 cents bid and 50 cents ask.

Ada has agreed to lend up to \$1 million to Mountain States Lime, Inc., a subsidiary of Mountain States Resources. Consummation of the loan also is subject to conditions, including authorization by both boards of directors, satisfaction as to title and other considerations.

Mountain States is engaged in the mining of limestone and marketing of lime products. It holds interests in geothermal leases and applications for federal leases covering approximately 2,600 acres in Utah.

Mountain States is experiencing financial difficulties, including a severe working capital shortage. No current financial information on Mountain States is available.

Ada Resources is primarily engaged in the marketing of refined petroleum products; exploration and development of oil and gas properties; transportation of petroleum products and other bulk commodities and operation of cattle feedyards.

For the nine months ended December 31, 1974, Ada reported unaudited operating results of \$69,280,000 in revenues and net income of \$2,924,000 or 57 cents a share.

## Baptist Youth To Host Folk Concert Saturday

Two accomplished folk singers from Nashville, Tenn. will be featured during a concert sponsored by youth of First Baptist Church at 7 p.m. Saturday in the church Fellowship Hall.

Jon Neergaard and George Gagliardi will sing original compositions which have earned them recognition across the country.

Sharing the program with the singer-guitarist duo will be Brent Scott, folk artist from Amarillo, Sherry White and Randy Talley, both of Hereford. Admission will be \$1 per person with proceeds to be used to pay expenses of individuals attending Ponderosa Youth Camp near Colorado Springs, Colo.

Specializing in Christian music, Neergaard is a singer, composer and guitarist. One of his works, "The Lion and the Lamb," has been accepted for publication by Word Inc. Also, he has just released an album entitled "Choosing."

Gagliardi composes, sings

and is proficient on the piano and guitar. In addition to folk music, his forte includes jazz. His compositions are being considered for recording by such artists as Johnny Mathis, The Lettermen and Ray Conf. He has also written three religious works which include several songs.

## Historical Society To Meet Sunday

Members of Deaf Smith County Historical Society, Inc. will meet at 2 p.m. Sunday in Deaf Smith County Historical Museum.

Included on the business agenda will be discussion of a better way to display the valuable photographs which are currently exhibited on a stand obtained in 1966.

Membership fees cost fees cost \$2.50.

# DEAF SMITH COUNTY FARM NEWS

## Growth Regulation May Boost Onion Production

Onion growers on the Texas High Plains normally transplant their onions to achieve early harvest when prices are high. These transplants have to be brought in from the Rio Grande or winter garden areas, increasing labor and production costs. But, if research here continues to turn up favorable results, that may no longer be necessary.

According to Dr. Bill Lipe, horticulturist with the Texas Agricultural Experiment Station in Lubbock, researchers are looking at growth regulating chemicals as a possible means of hastening maturity of direct-seeded onions. If this is possible, not only costs of onion production will go down, but producers may be able to avoid disease and nematode problems that usually accompany imported transplants from the valley.

Research the past several years, says Lipe, has shown that chemicals such as Ethepon, when sprayed on onions in the

four-to ten-leaf stage, influence the initiation of bulbing. Bulbing normally begins for a particular variety when the length of day reaches a certain number of hours. For short-day types, this may be as little as 12 hours and as much as 16 hours for long-day types.

At the point when day-length is achieved, production of hormone in the plant is triggered which causes the swelling at the base of the plant known as bulbing.

Growth regulators are being explored as tools to modify the time at which bulbing is initiated to change the rate of bulb enlargement, Lipe reports.

Ethepon has been found to initiate bulbing any time that it is applied after the plants are in the two-to four-leaf stage.

In trials conducted at the Texas A&M University Agricultural Research and Extension Center, onions of short, medium and long day length require-

ments were stimulated to begin bulbing simultaneously. However, the rate of bulb enlargement differed according to the variety.

For New Mexico White Grano (short-day type), bulbing was initiated immediately after application and chemical stimulation earlier enlargement. Bulbs on treated plants reached maximum size 7 to 14 days earlier than non-treated plants. However, maximum bulb size was reduced 14 to 20 per cent by the treatment.

Work is continuing to determine optimum times of application and concentrations. Lipe and his co-worker are also looking at the use of Ethepon to reduce flowering in over-wintered onions.

### Resolution Seeks Higher Priority

The Board of Directors of the West Texas Chamber of Commerce has approved a resolution requesting the Federal Power Commission to restore the use of natural gas for farm irrigation to the higher commercial priority. It now has a lower industrial priority unless alternate fuels are not available to certain suppliers.

Under the present ruling alternate fuels, if available, would require tremendous additional capital outlay to farmers in the form of motor exchange, etc. and, in most cases, it would be impossible to keep alternate fuel sufficiently supplied at the irrigation well and would increase tremendously the cost to the consumer of food and fiber if the farm products were available at all.

This ruling now applies only to certain customers, but it is anticipated that such a ruling could be placed on other supplies at any time. This would eliminate this fuel to additional farm customers across West Texas during the stress period of the irrigation season and could take place after most of the cost to produce a crop already has been expended.

"Irrigation water is a necessity if West Texas continues to produce quality food and fiber for this nation and other nations of the world," says Dick Yeager of Vernon, Chairman of WTCC's Agriculture and Ranching Committee.

"Financial institutions will be reluctant to advance credit to irrigation farmers if the

reduction in priority causes further curtailment of natural gas as a fuel and increases production costs."

"Natural gas as fuel to pump irrigation water is the heart for many West Texas communities as we know them today," says Yeager. "Any costs added to agriculture production as a result of this priority change cannot be passed on to the consumer as they are in the other industries simply by increasing prices."

### FU Opposes Expansion Of ACE Jurisdiction

The National Executive Board of the Farmers Union has issued a statement vigorously opposing a proposal by the Army Corps of Engineers to expand its jurisdiction over U.S. waters, especially those affecting agriculture.

Jay Naman, Waco, President of Texas Farmers Union and a member of the National Farmers Union Executive Board, said that the resolution was passed at the board's recent Cincinnati, Ohio meeting.

Naman said the Corps of Engineers has made four alternative proposals, any of which would involve a substantial expansion of its jurisdiction

over agriculture.

The most stringent proposal would require every farmer to get permission to plow fields adjacent to flood control levees, enlarge stock ponds or erect anti-erosion structures to protect their land, said Naman.

The least restrictive proposal would require permits in coastal areas below the mean high water mark or salt water vegetation line, whichever extends further, and along inland waters to navigable waters and their primary tributaries to their headwaters.

"Being a coastal state and having several navigable rivers many farmers and ranchers all across Texas would be subject to regulation under the proposals put forth by the Corps of Engineers. Not only would this involve much bureaucratic red-tape but it would be contrary to the good conservation practices which have traditionally been carried out by farmers and ranchers as stewards of the soil," the Texas president said.

Naman said the Farmers Union objects to such a "power-grab" over agricultural lands by the Corps of Engineers, which evidently has the support of the Environmental Protection Agency.

"It is important that farmers and other property owners voice their objection to this proposal by writing to their Congressman and to the Corps of Engineers," Naman said. The deadline for objections to the U.S. Army Corps of Engineers, Washington, D.C. is June 6.

The Corps issued its proposals in response to a court suit which was won by the National Wildlife Federation and the National Resources Defense Council in U.S. District Court at Washington, D.C. on March 27. Judge Aubrey F. Robinson, Jr., said in that suit that the Corps' jurisdiction extended "farther inland than the mean high water mark"

### Screwworm Infestations On Increase

AUSTIN--Current moisture and temperature conditions throughout most of Texas are ideal for the spread of screwworms, a parasite which infests the wounds of livestock.

Agriculture Commissioner John C. White said that 1975 infestation reports to the U.S. Department of Agriculture (USDA) Screwworm Eradication Program in Mission had risen to 85 by April 21. Fifty-four of these came from 15 Texas counties during early April.

April cases have been recorded as far north as Val Verde, Kinney, Uvalde, Frio, Atascosa and DeWitt counties. According to a USDA representative in Mission, these infestations pose a direct threat to the Big Bend, Trans-Pecos, Hill Country and Coastal Bend regions.

You can always question the intelligence of the man who knows what he knows.

## HHS Band Receives Bicentennial Music

Hereford High School's Big Red Band was presented with a collection of historical and contemporary American music in ceremonies held Monday at the HHS band hall.

Clete Corlis, manager of the Hereford JC Penney store presented Bicentennial Musical Celebration collections to Nick Nixon, HHS band director, Margaret Formby, member of the local Bicentennial Committee, and Ralph Smith, Dimmitt High School band director.

The Bicentennial Musical Celebration includes 100 minutes of historical and contemporary music and is JC Penney's way of thanking its neighbors on the nation's 200th anniversary.

The musical celebration is arranged and scored for band orchestra and chorus. It is

officially recognized by the American Revolution Bicentennial Administration, and is the first corporate project to be so certified.

The firm commissioned prominent composers to prepare new works based on bicentennial themes for the collection.

Selections in the portfolio range from a tune from 1770 to a newly rediscovered Sousa march. All historical works have not normally been available to school musical groups.

"It is our hope that the Bicentennial Musical Celebration will contribute importantly to our community's enjoyment of forthcoming Bicentennial Festivities," said Corlis.

The musical celebration is being presented to some 30,000 high schools and colleges across the land.

### Musical Gift

Clete Corlis, manager of Hereford's JC Penney store presented collections of the Bicentennial Music Celebration to Nick Nixon, HHS band director, Mrs. Clint Formby of the local Bicentennial Committee and Ralph Smith, Dimmitt High School band director at ceremonies Monday. The musical collection is JC Penney's gift to the nation for the Bicentennial observance.

## TSTI Offers Training

Local individuals looking for an interesting career might consider entering a cosmetology course offered in a cooperative effort involving the La Plata Beauty School of Hereford and the Amarillo campus of the Texas State Technical Institute.

Registration for the Summer Quarter at Texas State Technical Institute, Mid-Continent Campus, is underway continue through June 2.

Classes, which begin Thursday, June 3, are held Monday through Friday from 7:30 AM to 1:00 PM.

New students may enroll in the following three-quarter skill development programs: Auto Body Repair, Livestock and Ranch Operations, Meat Processing and Marketing, Saddle and Tack Making, Technical Office Training and Welding and Fabrication.

The Technical Office Training program offers individualized instruction which allows students to begin at any time

and complete the work at their own pace.

Six-quarter technology programs now registering are Aircraft Mechanics, Automotive Technology, Commercial Art in Advertising, and Printing Technology.

Students with previous training at another school, or in the military service, may enroll in the Electronics Systems Technology program.

Cosmetology students have a choice of any of four schools through State Tech: in Amarillo, the Amarillo College of Hairdressing; American Hair Design Institute; Artistic College of Hairdressing; and in Hereford, the La Plata Beauty School.

Registration fee for all programs is \$65 per quarter. Laboratory fees and supplies vary.

Housing and dining facilities are available for single, as well as for married students.

Veterans benefits and financial aid programs also exist through State Tech for students who qualify. Persons interested in financial aid should contact the director of admissions promptly in order for applications to be processed by the beginning of classes.

Mid-Continent Campus is located about nine miles east of Amarillo. Facilities also include a fully-equipped gymnasium, tennis courts, an activity center, a chapel, and livestock areas.

## Navy Exercise Includes Sailor James Betzen

May 13—Navy Machinist's Mate Fireman Apprentice James A. Betzen, son of Mrs. Agnes Betzen of 1101 Union, Hereford, Tex., participated in "Agate Punch," a joint Navy and Marine Corps exercise off the east coast.

He took part in training which included tactical maneuvers at sea and simulated assaults on beaches near the Marine Corps Base, Camp Lejeune, N.C.

The exercise involved 48 ships, 10 aircraft squadrons and 8,500 Marines. It was designed to test the operational readiness and coordination of air, ground and sea-going units withing the U.S. 2d Fleet.

Betzen serves aboard the amphibious assault ship USS Inchon homeported at Norfolk, Va.

## TB Shows Decrease

The American Lung Association of Texas today released tuberculosis figures for the first four months of 1975, showing an accumulation of seven hundred and seventy-one reported cases as compared to eight hundred and thirty cases for the same period in 1974.

"This moderate decrease in reported cases is encouraging," said Mrs. Jewel Smith, a Deaf Smith director of the Christmas Seal group. "However, Texas probably can expect well over two thousand cases for the year, and that's still a lot of TB."

Quoting State Health Department reports, Mrs. Smith said that in the week of April 26 through May 3, a total of sixty TB cases were reported, though the five-year median was fifty-one cases weekly.

"There is still far too much tuberculosis," she pointed out. "TB still kills, cripples, and spreads from the sick to the well. It is far from being whipped. If we had as much typhoid, diphtheria or polio reported, we might consider that we had an epidemic."

She added that an area-wide program for parents of asthmatic children is scheduled for the fall in Amarillo's Villia Inn Motel, details of which will be published at a later date.

Mrs. Smith serves on the Lung Association's area program board with Mrs. June Rudd, R.N., Mrs. Joyce Seigler, R.N., and Dr. Clyde Rush.

# For God So Loved The World

LEST WE  
*Forget*

They have not died in vain — those who paid with their lives the last full measure. Today, Memorial Day, is the day to remember Lexington, Gettysburg, Coral Sea, Okinawa, Normandy, and Korea.

We need only to look at the cemeteries of the world to realize the supreme sacri-

fice that was called for, that we might be secure. As they bravely died, so we must bravely live.

Let us nobly remember those who laid themselves between our country and her foes. This is Memorial Day.

**Clinic Scheduled For Non-Smokers**

Local residents will have the chance to "kick the habit" of smoking during a five-day clinic to be conducted in the Rural Electric Cooperative Medallion Room, East Highway 66.

Conducted scientifically, the therapy sessions will be held each evening at 7:30 p.m. starting Sunday and ending Thursday. The "Five Day Plan" will be directed by Ron Spear and Ron Turk of Amarillo.

A \$19 registration fee will be charged for the community service clinic.

More than 100,000 people have participated in this program with 80 per cent success in overcoming the smoking habit. Qualifying individuals are urged to attend.

**Know THE WEATHER**

What causes the pressure in a high pressure area? Likewise, in a low pressure area?

The high and low pressure we so often hear about these days merely refers to the height of the layer of gases above the earth's surface at a given point or in a given area. In other words, if you are in a high pressure area, the layer of gases above you is very high.

On the contrary, if you are in a low pressure area, the layer of gases above you is very low. The main function of a barometer is simply to measure the weight of the gas above you and it does this by recording an accurate measurement of the weight, or pressure, of the gas pressing down on the surface of the earth, which is the weather.

**Scout Promoted**

David Fish, shown here with his parents, Mr. and Mrs. Buryl Fish, beams with pride after being promoted to the rank of Eagle Scout in a Troop Court of Honor.

**Miss Stagner Leads AAUW Installation**

Flowers were used as symbols of offices Tuesday evening when American Association of University Women had installation of officers in Pioneer Natural Gas Flame Room.

Miss Della Stagner presented each new officer with the flower representing her position: a peony for Miss Dorothy Seydloski, president; an iris for Mrs. Cawthon Bryant, 1st vice president; a columbine for Mrs. D.N. Garner, 2nd vice president; a rose for Mrs. Robert Mayfield, secretary; a snapdragon for Mrs. Elizabeth Wills, treasurer.

Mrs. Ruben McGilvary, retiring president, was presented a nosegay of cornflowers which depicted the AAUW membership. She then completed her term by directing the business meeting.

It was announced by Mrs. Richard Barnard that the Bicentennial maps of Deaf Smith County and Hereford have been sent to the printers. Illustrated by Mrs. Robert Hickman, these maps, which are being prepared at AAUW expense, will be available free at the local Chamber of

Commerce office and the county historical museum.

Mrs. H.R. Johnson delivered a progress report concerning the tutoring program which is conducted through supervision of Larry Watson, juvenile probation officer. She urged volunteers who are interested in working with this gratifying program to contact her.

During this final meeting of the season, members considered program topics for the next club year. Creativity versus conformity will be discussed at a forum entitled "Society and the Individual," plus "21st Century—Deciding Now" will be analyzed.

Members approved a motion to change the meeting time to the third Monday of each month. The decision will take effect in the autumn. Also, it was announced that advance membership dues which have not been paid can be mailed to Mrs. Wills.

Mrs. Bryant led a hostess committee at the salad supper. She was assisted by mmes. Hickman, Betty Sue Robinson, Mayfield and Johnson.

**Eagle Scout Promotion Goes to David Fish**

David Fish, 18, son of Mr. and Mrs. Buryl Fish of 103 Centre in Hereford, was recently promoted to the rank of Eagle Scout.

The award was presented Tuesday night in a troop Court of Honor by Troop 151 at the First Christian Church. Presenting the award was Bill Albright, District Committee Chairman of the Tierra Blanca District.

David is graduating from Hereford High School in the top 20 per cent of his class. He has been starting tackle on the varsity football team and was first chair baritone in the All-Regional Band. He is a Junior Deacon in First Christian Church.

In scouting, David is a member of the Order of the Arrow, has served as Senior Patrol Leader of his troop, and is currently Assistant Scoutmaster.

Also receiving advancement awards were Robbie Fish, Star and Jim Fish, the Life Award.

Mrs. Ruth Fish received miniature pins for advancement from each of her three sons.

Other members of the troop receiving awards were Freddie Lozoya for Scout and David Arney, David Fish, Jim Fish, Robbie Fish, Brent Clarke and Tommy Clarke, merit badges.

Warrant officer awards were presented to Robbie Fish for

Senior Patrol Leader, Tommy Clarke and Kent Ellis for Assistant Senior Patrol Leader, David Arney for Quartermaster, Jim Fish, Scribe, and Brent Clarke and Mike Fraser for Patrol Leader.

Eagle Honor Guard was Mr. Floyd Bailey, Scoutmaster, and Stacy and Shelly Hacker, former members of the troop.

Troop committee members are Jim Arney, Gene Brink, Jan Bailey, Buryl Fish, Ruth Fish and Dalene Springer.

**Black Is Injured In Ball Game**

Carey Black, a member of K-Bob's softball team, sustained a broken leg during a softball tournament in Tucumcari, N.M., Saturday night.

Carey, son of Mr. and Mrs. Herschel Black, was moved home Sunday after being hospitalized in Tucumcari Saturday night. The large bone in his right leg was broken in the game mishap.

It's a good idea to take some time off for recreation, provided you don't take so much time off you overlook your work.

**Gift Check Presented**

Buddy Peeler, right, president of the Hereford Rotary Club, presents \$500 to Milton Morris for loans to students through the Opportunity Plan.

**Rotarians Donate \$500 Check**

Milton Morris, director of Opportunity Plan, told Hereford Rotarians Monday of the organization's policy of lending money to trusted students without co-signers or definite assurances and the club responded with the presentation of a \$500 check for the Opportunity loan fund.

Money is lent through the plan without much red tape and on the basis of how a student spends it. Morris began the loan program at West Texas State University after he requested a portion of \$47,000 which was to go strictly for loans.

The initial \$500 began Opportunity Plan and since its

inception about \$4 million has been loaned students. The Hereford branch of the plan presently has \$19,000 in reserve for students and has been one of the better sources for funds according to Morris.

"All we require of a student is to keep a budget of expenses," he said. The students who have benefited from the plan have in turn set up a separate

organization to lend money to further satisfy the needs of students.

The Rotary will not meet Monday since it is Memorial Day.

**Officers Installed At Art Guild Dinner**

Installation of officers was conducted by Hereford Art Guild Tuesday evening during the annual spring dinner at the Cason House.

New officers were inducted by the retiring president Peggy Furr. Placed into service for next year were Andy Wilks, president; Elaine White, vice president; Linda Warrick, secretary; Pam Trotter, treasurer; Louis Vaughan, publicity chairman.

As a gesture of appreciation from the Guild membership, an engraved silver bowl was

presented to Mrs. Furr by Louella Cowser, who served as vice president during the previous term.

Mrs. Andy Wilks was recognized as a guest by 25 members present. Hostesses were 1974-75 officers, who included Mrs. Furr, Mrs. Cowser, Faye Holt and Carrie Mae Doak.

Nguyen Van Thieu, former President of S. Vietnam:

"The United States has not respected its promises. It is not trustworthy. It is irresponsible."

## State Bill Designs Rural Med Relief

Overworked doctors in Hereford and the surrounding area may benefit if the Texas Senate approves a bill to bring relief for small cities and rural areas which are medically underserved.

State Representative Fred Head's bill to provide doctors for underserved small cities and rural areas successfully passed final reading in the Texas House of Representatives and now awaits approval from the Senate.

"The bill gives adequate financial incentive to insure that underserved areas of Texas will have ready access to qualified medical care," explained Representative Head. Currently, 17 counties in Texas have no medical doctor. Residents of those 17 counties must travel several hours to nearby cities in order to receive any medical attention.

Citing the most common hardships incurred by rural

residents whose communities lack the services of a qualified doctor, Head stressed, "That means there is no one to take care of the child whose flu takes a serious turn for the worse in the middle of the night; or to set a broken limb; or even

to deliver a baby who arrives a couple of weeks early."

The bill allows for medical students to receive a \$100.00 monthly stipend after they sign a contract to serve in a rural area for at least four years after their graduation and residency.

In order to insure an adequate number of rural doctors in the future, the bill stipulates that at least 20 per cent of each Texas medical school's new class must participate in the program.

## West Texas Chamber Resolves No New Taxes

A resolution, asking that no new state taxes be originated in the 64th Session of the Texas Legislature, has been adopted by the Board of Directors of the West Texas Chamber of Commerce. Copies have been sent to all members of the Texas Legislature representing portions of West Texas.

The resolution calls upon these elected representatives to cooperate and actively, aggressively engage in the necessary actions to achieve the

enviable and necessary goal of no new state taxes.

"The job and profit opportunities have in a large measure been severely curtailed by unwise and imprudent federal agency and congressional actions," says E. Bruce Street of Graham, Chairman of WTCC's State Affairs Committee.

"The Legislative and Executive Branches of the government of the State of Texas can exert leadership and

influence to reverse this onerous federal government direction of more and more spending and more and more taxes by setting an example in accomplishing their duties without demanding new state taxes," points out Mr. Street.

In the resolution, WTCC commends and concurs with Governor Dolph Briscoe for his stated position that he will veto any legislation that will demand new taxes upon the citizens and business of the State of Texas.

## Duo Attend Art Program At Canyon

Mrs. B.E. Roberson and Mrs. Sam Morgan witnessed a program concerning creativity with frames Friday during a regular meeting of Palo Duro Porcelain Art Club in Canyon Community Center. Mrs. Charles Donnell was hostess.

Mrs. Jack Jennings, program spokesman, advised that a frame should always harmonize in shape, color, design and texture with the object or picture it surrounds. She suggested heirlooms as good material for framing.

Club president Mrs. Lewis Morrison called for reports from standing committee chairmen. Mrs. J.M. Justice, program director, outlined plans for future demonstrations and discussions.

The next meeting will be in Pioneer Natural Gas Flame Room June 20 with Mrs. Morgan and Mrs. A.G. May as co-hostesses.

Trophy Won For Typing

Sofia Foster poses with trophy won at Texas State Technical Institute as the result of burning up the typewriter keys in a typing contest. Sofia received the trophy at a banquet in Amarillo.

## Sofia Foster Scores High in Typing

Sofia Foster, daughter of Mrs. Inez Foster, Hereford, was second place winner in a typing proficiency contest at Texas State Technical Institute, Mid-Continent Campus, Amarillo, where she is a student.

Sofia is enrolled in the Technical Office Training program. She competed in advanced typing competition with 22 other students. Trophies were presented to her and five other winners at a TOT Club banquet in Amarillo. Kathy Britten, Groom, was mistress of ceremonies at the formal dinner, and humorous speaker was Mrs. Korkye Martin, director of public information at Mid-Continent and a member of Amarillo Toastmasters Club 211.

## Merry Maidens' Elect Officers

Merry Maidens 4-H Club elected officers Monday when they met in Pioneer Natural Gas Flame Room.

Placed in office were JoAnn Wagner, president; Stephanie Kelso, vice president; Donna Carr, secretary; Joycelyn Aven, treasurer; Tonya Savage, reporter. Chosen as council delegate was Donna Carr.

Members were reminded of 4-H activities which will be occurring this summer when the 4-H Dress Review and various clothing projects will be completed.

Vicky Switzer, guest speaker, presented the program on embroidery.

Club leader, Mrs. Lester Wagner, and assistant county extension agent Sherry Harder were present, in addition to seven club members.

## Seven Accidents Hurt Five People

The Texas Highway Patrol investigated seven accidents on rural highways in Deaf Smith County during the month of April, 1975, according to Sergeant W.E. Wells, Highway Patrol supervisor of this area. These crashes resulted in no persons killed and five persons injured.

The rural traffic accident summary for this county during the first four months of 1975 shows a total of 30 accidents resulting in one person killed and 27 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for April,

1975 shows a total of 425 accidents resulting in 18 persons killed and 251 persons injured as compared to April, 1974 with 390 accidents resulting in 19 persons killed and 218 persons injured. This was 35 more accidents, one less killed, and 33 more injured in 1975 at the same period of time.

The 18 traffic deaths for the month of April, 1975 occurred in the following counties: four in Lubbock; two each in Bailey, Clay and Garza; and one each in Hockley, Wise, Yoakum, Briscoe, Castro, Hartley, Ochiltree and Potter.

## Ways-Means Project Scheduled

Xi Epsilon Alpha exemplar chapter of Beta Sigma Phi Sorority decided to work at the concession stand during a track meet this summer Tuesday when members met in the home of Mrs. Jim Cramer.

The ways and means project will be conducted July 5 at the Summer Youth track meet, which is under direction of Dr. Joe Whitley.

Upcoming activities were considered during the business session and members were reminded that a program night will held June 24 in the home of Mrs. Warren Hall. General plans for the coming sorority

year were topics of conversation.

Mrs. A.L. Manjeot was guest speaker for a program which focused on ecology. She stressed that disposal of usable products should be limited in order to preserve the natural environment and suggested that

kitchen waste be used in garden composts.

Farewell was said to XEA sister, Mrs. Ken Wiley, who will soon be moving to McAllen. Members present included Mmes. Jim Alridge, James Horton, Wiley and Hall.

## VA Questions, Answers

EDITOR'S NOTE: Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them

through the Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

Q.—The last Civil War veteran died several years ago

Does this make World War I veterans the oldest living veterans group?

A.—No. As of March 1975, there were 1,085 living veterans of the Spanish-American War, according to the Veterans Administration.

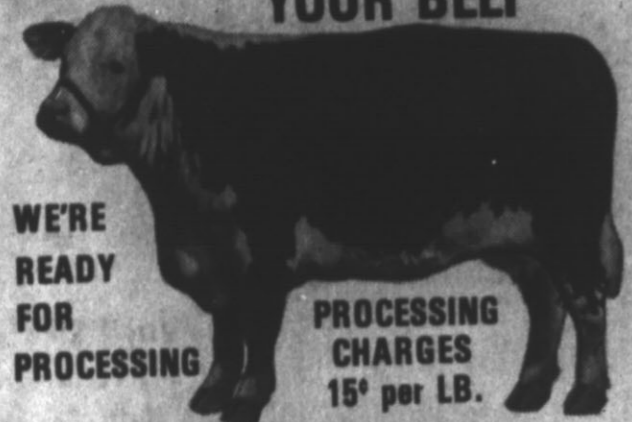

Q.—Suppose a veteran instructed the Veterans Administration to pay proceeds from his National Service Life Insurance in monthly installments. Would his beneficiary have the right to elect another payment option?

A.—Yes, but only if option required payments over a longer period of time.

NBC movies will pinch-hit for baseball.

### STATE CAPITAL Highlights AND Sidelights

AUSTIN — Legislators are moving slowly toward adoption of a scaled-income school finance bill, their No. 1 priority item in closing weeks of their 1975 session.

The House, on the third day of trying, finally reached narrow agreement on a \$721 million version of education finance overhaul.

Under terms of the bill, now before the Senate, school teachers would draw a starting pay of \$8,000 a year.

House Speaker Bill Clayton, who engineered the House bill after representatives seemed bent on running the cost up to nearly \$2 billion, termed the product a "responsible compromise."

However, it far exceeded the \$500 million to \$600 million then expected to be available for additional school spending.

Comptroller Bob Bullock was expected to send in a revised revenue forecast any day which could make it possible to spend as much on schools as contemplated by the House without additional taxation.

Test votes in both the House and in Senate subcommittee have gone against Gov. Dolph Briscoe's so-called weighted-pupil approach to distributing state school aid.

Indications are the bill finally agreed on in conference committee will follow pretty closely present formulas for state education spending, and critics claim there isn't enough money to do an adequate job of equalizing opportunities.

**Budgets Drawn**  
The battle of the budget has shifted to the House. Senators moved off first with a unanimous approving vote on a record \$12.1 billion appropriations act for 1976-77. The bill called for \$3.44 billion in general revenue spending, and left \$493.3 million in anticipated income unspent.

The House bill was \$101 million below the Senate general revenue outlay level — both, obviously, leaving far less money on the table than needed to cover a \$721 million school finance bill.

A conference committee will draw the final version of the budget — which will be somewhere between the House and Senate figures.

**Bills Advanced**  
Three bills designed to curb rising cost of medical malpractice insurance, which has led to doctor strikes in California, were passed by the Senate amid heated debate.

One of the bills provides for a malpractice pool to guarantee coverage for doctors and hospitals who cannot buy policies on the open market. Another sets up a system of rate filings with the State Insurance Board. The third fixes limits of \$500,000 on recovery for malpractice, not including actual medical bills.

State Insurance Board Chairman Joe Christie expressed sharp displeasure over some of the measures.

### PROPERTY ENTERPRISES

Call or see Lee Umsted for experienced Real Estate Counseling on any type of property. He's put up hundreds of sold signs for references  
**364-6633**

**Courts Speak**  
Texas courts have no authority to block a \$45 million Southwestern Bell Telephone Company intrastate rate increase, the Third Court of Civil Appeals held.

The Supreme Court upheld a lower court finding against a widow who challenged her late husband's will on grounds that he was drinking heavily at the time he signed it.

**AG Opinions**  
Public school teachers "unemployed" during summer months are eligible for special federal unemployment assistance benefits when they are seeking work, Atty Gen. John Hill held.

In other recent opinions, Hill concluded:  
A sheriff may not permit a defendant to serve his time during off-work hours and on weekends.

A county commissioners court may not contract with the county and district retirement system for annual payment of tax money to be credited to prior service.  
The open records act generally does not require a city to analyze, summarize or evaluate information in response to questions.

**More Federal Controls**  
Federal authority to regulate the disposal of dredged or fill material in the waters of the United States will be greatly expanded under proposed regulations published in the Federal Register and would include practically all lakes, streams and rivers in the U. S.

Under some of the proposed regulations, Federal permits may be required by the rancher who wants to enlarge his stock pond, or the farmer who wants to deepen an irrigation ditch or plow a field.

The U.S. District Court for the District of Columbia has ordered that the current U.S. Army Engineer regulations be revised and expanded to include the "waters of the U. S." The Corps of Engineers previously confined its permit activities to "navigable waters of the U. S."

All comments or suggestions on the proposed regulations received in writing by the Office of the Chief of Engineers, Dept. of the Army, ATTN: DAEN-CWO-N, Washington D. C. 20314, on or before June 6 will be considered before publication of the final regulations.

**Short Stories**  
Don B. Olson resigned as Texas Insurance Commissioner, one of state government's top regulatory jobs.

Texas Bureau of Business Research at The University of Texas sees signs of an economic revival just around the corner.

Local and regional chambers of commerce have been called on by the Governor to coordinate the new Texas First program to generate 4,000 new jobs in the next year.

The 1976 presidential preference primary bill also has been finally passed and awaits signature.

Drought in the High Plains may cut winter wheat to 137.5 million bushels, according to Agriculture Commissioner John C. White.

Smoking in public places will bring fines up to \$200 if the Governor approves a bill sent to his desk last week.

## DAR Concludes Year

Year's projects were recounted and new officers installed by Los Ciboleros Chapter, Daughters of the American Revolution Saturday in Hereford Country Club.

Mrs. E.S. Brainard placed these women into office for two year terms: Mrs. L.W. Norvell, regent; Mrs. Joe Reinauer Sr., vice regent; Mrs. T.J. Carter, chaplain; Mrs. Jeff Smart, secretary; Mrs. Earl Holt, treasurer; Mrs. Leroy Williams, registrar; Mrs. Johnnie Burkhalter, historian; Mrs. Trent Downing, librarian; Mrs. Sue James, curator.

During the business discussion moderated by Mrs. Norvell, Mrs. Brainard gave a delegate's report from the recent assembly of the Continental Congress which she attended in Washington, D.C. Mrs. Norvell reminded DAR

## Vets Consider GI Loan Advantages

The Veterans Administration suggests that during these times of rising housing costs, veterans interested in becoming homeowners should consider the advantages of a GI loan.

Officials noted the agency has approved nearly nine million loans valued at \$11.3 billion since World War II, and more than half the loans have already been repaid in full.

"As buying a home generally is the largest and most important expenditure a family ever makes, care should be taken to insure value received for money paid," officials stressed.

A veteran who buys a home with VA assistance usually finds the loan easier to obtain because the agency guarantees part of the loan. No down-payment is necessary unless required by the lender, or the purchase price exceeds the reasonable value as determined by VA.

The loan may be repaid over a long period of time at a moderate interest rate, with the option of paying off all or part of the loan in advance without penalty. VA appraises the home to determine its reasonable value in the market prevailing at the time appraisal was made. The agency also makes available an inspection service.

In most cases, on proposed new homes to insure that they meet accepted standards of good construction, and conform to plans and specifications on which the agency's appraisal was based. When there are justifiable complaints, the agency tries to assist in getting the builder to correct defects.

VA advised veterans who want GI loans to first select a home, then take a certificate of eligibility issued by the agency to a private lender, and apply for a loan. The agency guarantees 40 per cent up to a maximum of \$17,500 of loans lenders make to eligible veterans.

## Kappa Iota Officers Installation Held

New officers of Kappa Iota chapter of Beta Sigma Phi sorority were installed by the respective predecessors Monday in First National Bank Community Room.

To serve one-year terms are Mrs. Don Childers, president; Mrs. Nelson Kendall, vice president; Mrs. Tom Carter, civil defense; Mrs. Chuck Boyd, recording secretary; Mrs. James Head, treasurer; Mrs. Temple Abney, extension officer; Mrs. Sparky Stephens, corresponding secretary.

Correspondence was read and included expression of thanks for KI's financial support of behavioral studies at Denton and a letter urging members to write their statesmen, objecting the cur-in-funds for children with learning disabilities.

Kappa Iota sisters were reminded that the chapter's annual social gathering will be Saturday at the Country Barn in Amarillo.

Positive thinking was stressed during a program, "The Beautiful," presented by Mrs. Butch Grover. She related that

interior beauty should be developed by each individual.

Members in attendance included Mrs. John Kriegshauser, Tom Bullard, Kirk Oswley, Joe Patzold, Bobby Jones and Calvin Jones.

### On The Cover

Here, played by Meg Foster, wonders how to get her friend Weaver to re-tell the musical comedy which has left her in "Leave It to Weaver," on NBC Television Network's "Sunshine" Thursday, May 22 (7:30 p.m.).

### "The Bob Crane Show"

The descent of a pair of young documentary film makers (Carolee Ha White and Barry Grant) on the Wilcox household creates havoc in domestic tranquility for Bob and Ellie Wilcox (Bob Crane and Trisha Hart) in "An American Fliasco," "The Thursday, May 22 (7:30-8:00 p.m.)" colorcast of "The Bob Crane Show" on the NBC Television Network. Bob manages to alienate his professors, classmates and family as he attempts to assist the event grade movie couple in shooting a documentary based on his return to medical school. "An American Fliasco" was written by Martin Donovan and directed by Buddy Tyne.

### It's Good To Be Alive

Paul Winfield wants to be understood. His portrayal of Roy Campanella, the great Brooklyn Dodger's baseball player is not a carbon copy of the original. It's uniquely Paul Winfield. The actor stars as the famed player whose career was cut short by a crippling auto accident. In "It's Good To Be Alive," to be rebroadcast on "The CBS Thursday Night Movies" Thursday, May 22 (8:00-10:00 p.m.), on the CBS Television Network. Winfield does concede that he learned considerably from his research into Campanella's life. "I read whatever I could about Campanella," Winfield says, "including his own book. I watched films of him playing ball, talked to people who know him, and looked at an interview Edward R. Murrow did with Campanella after his tragic automobile accident."

### Encore showing of "A Sound of Dolphins"

The dolphin, legendary friend of gods and humans, comes under scrutiny on "The Undersea World of Jacques Cousteau," an ABC News documentary special airing on the ABC Television Network, Wednesday, May 28 (7:30-8:30 p.m.). (Rebroadcast)

In "A Sound of Dolphins," in sequences photographed in the Straits of Gibraltar and Mauritania, East Africa, Capt. Cousteau and the divers of the Calypso study the creature's sonar system and their unusual ability to find their way by echo location.

In one phase of the Calypso's operations, a dolphin is isolated from its herd for study in semi-captivity. Named Babble by the crew, the highly sensitive captive is lowered into a special pool where cameras are installed to film echo location. Previous studies in the ocean of the dolphin's sonar have been fragmentary, but aboard the Calypso, the crew has the opportunity to record the "clicking" sounds of the sonar system, as well as the "whistling" noises, which are a kind of dolphin language.

Rod Serling narrates "A Sound of Dolphins," which was produced and written by Andy White.

"The Undersea World of Jacques Cousteau" is produced by Mertonada Producers Corp. and The Cousteau Society in association with ABC News. Executive producers are Jacques Cousteau and Marshall Flaum.

### "The Mac Davis Show"

Mac Davis welcomes composer-performer Charlie Rich, top recording stars Gladys Knight and the Pips, McLean Stevenson and comedian Billy Holiday as guests on NBC Television Network's "The Mac Davis Show" Thursday, May 22 (8:00-9:00 p.m.).

Davis sings "Let the Good Times Roll," "Whoever Finds This I Love You" and with Gladys Knight and the Pips, "Feelin' Alright," "Friendship Train," "A-Man" and "Blowin' in the Wind."

"Daddy Could Swear" and in the music room segment with Rich, Mac and Charlie, they discuss and sing "The Most Beautiful Girl in the World," "Behind Closed Doors" and "My Elusive Dreams."

### Wednesday Preview

### "The CBS Children's Film Festival"

A young boy's good deed toward an injured dog reaps a life-saving bonus in "Lone Wolf," an award-winning Yugoslav motion picture to be rebroadcast on "The CBS Children's Film Festival" Saturday, May 24 (12:00 noon-1:00 p.m.). "Lone Wolf" was honored by awards from the International Children's Film Festival in Gijon, Spain, and the Tehran International Festival of Films for Children and Young Adults in Teheran, Iran, and in 1974 it was named the Silver Arena winner at the Festival of Yugoslav Feature Films in Pula, Yugoslavia.

In the film, Hund, a German shepherd military dog left behind by the Germans after World War II, has become a renegade with a bounty on his head. A nine-year-old lad, Runko (Slavko Stimac), discovers Hund wounded by a bear trap, mends his broken leg with a splint, and leaves him. A hunting party sets out to track the dog down, while Runko seeks Hund on his own. The boy is shot accidentally and brought to town in an unconscious state. In a dramatic finale, the dog shows up at the hospital to be at his young friends' side during the crisis.

Produced in 1972 by Jadran Film, "Lone Wolf" has a screenplay by Sijepan Perovic and Obrad Gluscevic, and is directed by Vukobrat Djordjevic.

Burr Tillstrom's Kukla, Fran and Ollie with Fran Allison are hosts of "The CBS Children's Film Festival."

### "The Ups and Downs of Henry Kissinger"

A CBS News Special, "The Ups and Downs of Henry Kissinger," will look at the status and prestige of the Secretary of State in the light of recent developments in Indo-China and in the Middle East, on Sunday, May 25 (6:30-7:30 p.m.), on the CBS Television Network. Principal correspondent will be Charles Collingwood.

A section dealing with the diplomatic and military events in Indo-China during the Nixon and Ford administrations—in which Kissinger was intimately involved—will be narrated by Bernard Kalb, who was Far Eastern Correspondent for CBS News for many years and is now assigned to the CBS News Washington Bureau.

The Middle East section will be covered by Diplomatic Correspondent Karvin Kalb, who has accompanied Secretary Kissinger on a half-dozen trips to the Middle East, shuttling between Israel and the Arab states in search of some progress toward a settlement of their differences.

The Kalb brothers are authors of the book "Kissinger," published last year, an authoritative, definitive work on the Secretary's life and career.

Dan Rather, who covered the White House while Kissinger served there as Special Assistant to the President and Chairman of the National Security Council, will write and narrate a section on the Kissinger style.

The producers are Hal Halsey and Bernard Birnbaum. Leslie Middledy is the executive producer.

### Sunday Preview

### "A Conscience for Our Time"

Thousands survived the horrors of the Nazi concentration camps of World War II, but only one man, Simon Wiesenthal, chose to devote his entire life to searching out and bringing to justice the men responsible for his torturous imprisonment and that of millions like him.

ABC News' "Directions" presents "A Conscience for Our Time," filmed on location in Germany and Austria, in which Mr. Wiesenthal explains why he has chosen this as his life's work, Sunday, May 25 (12:00 noon-12:30 p.m.), on the ABC Television Network. (Rebroadcast)

Mr. Wiesenthal was filmed at Maufrassen, the last prison camp in which he was held prisoner; at his office in the Documentation Center he established in Vienna, and in his modest home. He discusses his work and his philosophy with life some purpose.

**7:00...ABC...THE ROOKIES** 1  
Tonight's episode is "A Test of Courage," with guest stars David Soul, David Conner, Vic Mautza and David Huddleston. After the shooting of a cop by a pair of punks burglarizing a gun shop, Terry, Chris and Mike begin a relentless investigation which leads to a phony chrysalis building and a serial for a crime reporter and his brother.

**7:30...NBC...SHOOTERS BROTHERS**  
Tom and Dick are joined by all the rogues from the cast of their former CBS show—Pat Paulsen, Leigh French, John Hartford, Jennifer Warren, Mason Williams and Bob Eubank. (R)

**8:00...CBS...THE DISTRICT AT-TORNEY**  
The film in the "Justice in America" series of CBS News broadcasts, with CBS News producer Jay McInulian as writer, director and reporter. The broadcast is a dramatization of the face—of the District Attorney of Philadelphia, which handles about 40,000 criminal cases a year, and which provides a microcosm of the operations, problems and pressures that can apply to D.A. offices across the country.

**8:00...CBS...MAUDE**  
After a day of the night, Maude arrives at the office of a man into her room.

**8:30...ABC...S.W.A.T.**  
Guest-starring "Sole Survivor," a gang of ex-convicts, Simon Oakland, a gang of ex-convicts, led by their former parole officer, use S.W.A.T. methods to invade a heavily guarded coin auction and seize two million dollars in gold.

**8:30...NBC...WORLD PREMIERE—"SKY HEIST"**  
Starring Don Meredith, Joseph Campanella, Larry Wilcox and Ken Swofford. An adventure drama about the heist of \$10,000,000 in gold bullion, and the pursuit of the criminals by the Los Angeles County Sheriff's Department. Starring Don Meredith, Joseph Campanella, Larry Wilcox and Ken Swofford. (R)

**8:30...CBS...RHODA**  
Rhoda and Brenda have to take their mother on her very first trip to the doctor, a visit that means Ida faces with a combination of fear and embarrassment. (R)

**9:00...CBS...MEDICAL CENTER**  
"Adults Only," with guest stars Monte Markham, Joan Van Ark, Gale Sondergaard and Tony Young. A large-scale medical drama about a doctor and his wife in a film about a bachelor party. Outraged, the young doctor rushes to the studio where his wife is making another movie and strikes her.

**9:00...ABC...CARIBE**  
Tonight's episode is "The Survivor," Ben Logan and Mark Walters fight time and danger searching for a man on a mission of vengeance. (R)

**10:30...CBS...THE CBS LATE MOVIE—"THE NOBLISS TAPES"**  
Starring Roy Thinnes, Angie Dickinson and Claude Akins. A writer investigating the supernatural mystery of a man who disappears leaving behind taped notes of his activities. The tapes lead a sheriff on a narrowing investigation of events involving a murder, demonic rites and exorcism.

**10:30...NBC...THE TONIGHT SHOW STARRING JOHNNY CARSON**  
Kirk Douglas is guest host. Michael Douglas, Brenda Vaccaro, Bruce Dern, Frank Gorshin and George Segal guest.

**EX-PRISONER**  
Hector Elizondo, who guest-stars as the villain in "A Case of Immunity," currently in production for NBC-TV's "Columbo," succeeded series star Peter Falk in the Broadway production of "The Prisoner of Second Avenue" two years ago.

**KNEW WHAT THEY WANTED**  
"It turned out we knew more about what's needed than anybody who could build it for us," says Dave Elliot, who with fellow ABC Systems Engineer Bill Maier, designed ABC's new Mobile Unit 6 from the ground up. In the past, vans were contracted out by ABC Broadcast Operations and engineering, but ABC's extensive experience with sports coverage and other remotes has made mobile unit experts of the engineers in BOE and Field Operations. "So we baby-sat the whole thing," says Elliot, from the first design plans, to licensing the trucks and driving them up from the manufacturer in Dallas, Texas.

## "The Rookies"

After the shooting of a young cop by a pair of punks burglarizing a gun shop, Terry, Chris and Mike begin a determined investigation which leads them to a church where a phony chrysalis is assembling an arsenal. In "A Test of Courage," on the ABC Television Network's "The Rookies," Monday, May 28 (7:00-8:00 p.m.), (Retrocast) temporarily teamed with officer Johnny Dams, Terry is horrified when a pair of gunmen, Esposito and Schilling, repeatedly shoot Dane in the legs as they escape from the gun shop they have burglarized. The rookies set out to capture the suspects, eventually learning they are working for the "Reverend" Lloyd Kavanaugh, who is building an arsenal for some future "religious" war.

Broadway musical star Bernadette Peters guest stars on "The Carol Burnett Show" Saturday, May 24 (9:00-10:00 p.m.), on the CBS Television Network. (Retrocast)

GUEST HOST OF "TONIGHT SHOW" Movie star Kirk Douglas will be guest host for the first time on NBC Television Network's "The Tonight Show" Starring Johnny Carson, Monday, May 28 (10:30 p.m.-12:00 midnight). Douglas, a motion picture headliner for more than 20 years, has been a guest on the "Tonight Show" three times—in 1967, 1971 and 1972.

## "Sky Heist"

"Sky Heist," a two-hour World Premiere adventure drama starring Don Meredith, Joseph Campanella, Larry Wilcox and Ken Swofford will be broadcast on "NBC Monday Night at the Movies" May 28 (8:00-10:00 p.m.). The Aero Bureau of the Los Angeles County Sheriff's Department, the world's largest air support police facility, plays a pivotal role in the drama about a master criminal's scheme to steal \$10,000,000 in gold bullion.

## Ben and Mark seek missing witness on "Caribe"

Ben Logan and Mark Walters fight time in searching for a missing man with a roll of film that could provide evidence against a crime syndicate financier under investigation by a Senate racket committee in "Caribe" on the ABC Television Network, Monday, May 28 (9:00-10:00 p.m.). (Retrocast)

In "The Survivor," accountant Albert Burton, preparing to testify against syndicate banker Jackson Nygren, survives an attempt on his life and flees to Miami. Competing with the Caribbean Force in the search for Burton and his film is Matt Grunwald, Senator Hemmerdick's chief investigator, who is on Nygren's payroll.
