Garrett Milton Ramsey, who has been serving a sentence in a California prison, will be returned for a retrial in the \$9,000 burglary of Cooper's Market.

One trial has been held for Ramsey, in 1961, but an error caused another to be scheduled. Before Ramsey could be returned to Deaf Smith County, he was sentenced to a prison term on the west coast.

## Merry Christmas?

Not Always

By TOM WINGO  
Staff Writer

The annual visit from the jolly fat man soon will bring happiness and joy to the faces of many children, as the Yule season nears once again.

And families will soon be gathering to celebrate the birth of Christ, to sing carols and to reminisce about Christmases gone by.

YET, there are some who are planning a big Christmas, but will be visited by their family, not in life, but at a funeral.

Statisticians show that every year the highway takes its toll of the holiday bound travelers.

"IT CAN'T HAPPEN", is too often spoken as the driver presses the gas peddle on down, or starts to pass on a curve, or forgets to drive defensively for just a moment.

Many times has a person unconsciously used that phrase, only to have members of his family find that out when notified of an accident... often a fatal accident.

DURING the year 1964, Texas traffic killed a person every two hours and fifty-five minutes a person was injured every two minutes and fifty-four seconds; and an accident occurred every 69 seconds.

### Hopes To Get Projects Underway

Members of the Tourist and Convention Committee of the Deaf Smith County Chamber of Commerce took actions in a meeting Tuesday aimed at "starting the ball rolling" on obtaining a railroad underpass in east Hereford and reviving interest in a county museum.

The group also approved the placing of an ad in a metropolitan newspaper in Michigan in hopes that Michigan State boosters en route to the Rose Bowl will choose to pass through Hereford.

Committee members voted to look into the desirability of placing an ad in a Detroit newspaper to extend an invitation to Rose Bowl-bound travellers to take U. S. Hwy. 60 through Hereford, pointing out local accommodations and attractions.

The group okayed spending some \$200 on the ad... if it can be placed suitably.

In other action, the committee passed two resolutions which seek action on varied fronts:

—The committee recommended that the chamber's board of directors seek action from the Hereford city commission aimed at the establishment of a railroad underpass in east Hereford.

—THE GROUP also passed a resolution asking that the county commission officially set aside a former parochial school building now owned by the county and located on property across the street from the courthouse "to be used to make a start on a county museum."

Concerning the first recommendation, the committee discussed the need for the installment of an underpass near the intersection of Park Avenue and U. S. Hwy. 60 in order to facilitate flow of traffic to the industrial and recreation area south of the Santa Fe tracks.

IT WAS explained that such a project would probably require joint effort between the Hereford City Commission, and the Santa Fe.

"The need is obvious," commented Wilbur Axe. "You see cars stacked up for more than a block almost every time a train goes by that crossing."

Jimmie Allred, who operates a business near the crossing, stated, "I'd venture to say the railroad loses a crossing arm an average of once a month when the crossing guard comes down on cars."

The committee will take its recommendation to the chamber's board of directors, which See GROUP, Page 4

VANDALISM RESULT—Topped speaker stands and cut speaker wires resulted from vandals, visit to the Tower Drive-In Theater early Sunday. (Staff Photo)

## Vandals' Damage At Tower Theater Runs Some \$2,000

Vandals moved the season closing date up one day at the Tower Drive-In Theater, West of Hereford, Sunday morning.

An estimated 200 speaker poles were pushed to the ground and an estimated 330 speakers cut from the poles some time between the hours of midnight Saturday night and 6:45 a. m. Sunday morning.

A SPEAKER was thrown through the front plate glass of the concession stand, but the building was not believed to have been entered.

Twenty-five light poles at the

end of the ramps were also broken or pushed down.

Owner-Manager Francis Hardwick estimated the damage to run close to \$2,000 to both the poles and speakers.

Hardwick told the Brand that he was going to close for the season after the Sunday night show, but was forced to close a night early due to the fact that there were no poles or speakers left undamaged.

A full investigation is being conducted by The Deaf Smith County Sheriff's Department.

## Students, Adults Cautioned During Alcoholism Talks

By DAVID BUTLER  
Staff Writer

The local Alcoholism Information Week got well underway Tuesday as Dr. John DeFoore and Col. Ronald Force spoke to

students at both the junior and senior high schools.

Both men also were featured speakers at a meeting for Hereford residents Tuesday evening. DeFoore has served as minister of Highland Baptist Church in Waco since March, 1961.

HE HOLDS degrees from Mississippi College, Southern Baptist Theological Seminary and has completed residence requirements for Ph. D. at the University of Edinburgh, Scotland. Force received his B. S. degree from Miami University in Ohio. He later received a degree in psychology from the University of California.

HE RETIRED from the U. S. Air Force in the spring of 1964 with the rank of Lt. Col.

In the meeting Force talked of the psychological effects of alcoholism.

He also told how clinical psychologist can test a person and find preexisting conditions which might lead to alcoholism.

DeFoore described the state which might lead to alcoholism.

IT IS hoped in the future these tests will provide experts with information which can tell a person if he has the alcoholism disease before he becomes chronic.

DeFoore described the state of mind an alcoholic goes

through when he is suffering from the disease.

He described how an alcoholic feels toward other people and himself.

THE SPEAKER also gave ways a person can help one suffering from the disease.

He said an alcoholic usually

### Volunteers Aid In Search For Missing Girls

Two Hereford girls were slightly injured Monday night in an accident just across the New Mexico state line on Harrison Highway.

The pair had disappeared some two hours earlier from the parking lot of a local grocery store while one of the girl's parents shopped.

AN ALL points bulletin was issued and an estimated 55 volunteers from both the Hereford Fire Department and the Hereford Citizen Band Radio Club joined in a search for the two girls.

The girls, identified by police as Debra Reeves, 13, daughter of Mr. and Mrs. W. J. (Dub) Reeves, 123 Star, and Sheri Waldrop, 13, daughter of Mr. and Mrs. Bill Waldrop, 1002 East Third, had gone to the grocery store with Mr. and Mrs. Waldrop.

The parents of the girls reported that they didn't believe that either girl could drive, thus setting off the massive search.

THE SEARCH ended a short time later, when the girls were brought back to Hereford and told of wrecking the 1964 auto an estimated 40 miles east of town. The auto had left the road, jumped a ditch, and came to a stop in a plowed field.

The two girls reportedly walked a quarter of a mile from where their car was wrecked to the farm home of Eddie Harrington, who brought them home.

The auto, belonging to Waldrop, was returned early Tuesday morning. There has been no estimate of damages to the car.

Structural construction work at Hereford's huge Sugarland Mall Shopping Center was some 70 percent complete as additional tenants in the spacious facility were announced this week.

Jack Carnes, project manager for the \$1,200,000 facility, said Wednesday that present plans call for opening of several stores in the center in early March.

Furr's Supermarket opened its store recently to become the first of many businesses to locate in the northwest Hereford complex, which will feature a large air conditioned mall.

OTHER firms which will have locations in the center include Frontier Stamps, J. D. Penney's Duckwall's Variety, Montgomery Ward Catalogue Store, Kirby Family Show Store, Mademoiselle Coiffure and Wig Salon and Rogers-Miller Walgreen Drug Store.

The complex, constructed by a Lubbock-based corporation headed by W. B. (Dub) Rushing, is billed as being one of the largest enclosed-mall centers in the state for a city the size of Hereford.

Carnes said negotiations are underway for locating several other stores in the center, but no announcements are being made at the present.

He predicted the small and several stores in the center will be completed in early March.

At present, much structural work has been completed but interior finishing has just begun.

### Veterans Seek Toys For Yule Gifts To Needy

Charlie Morris, post commander, said Veterans are currently seeking toys of all types which can be repaired for Christmas delivery to Hereford area youngsters who might otherwise be left out Christmas Day.

Toys which can be repaired may be left at Whiteface Barber Shop, Lawrence Cleaners, or the VFW Post Headquarters in Veterans Park, Morris said.

Needed are toys, bicycles, etc., all types for children of all ages. Members of the VFW will repair toys prior to their distribution on Thursday, Dec. 23.

### Shower Nets Only Trace In City

Deaf Smith County saw its first moisture fall in 45 days Wednesday as an early-morning misty rain dropped only a trace and caused little delay in cotton harvest.

It was the first rainfall recorded since Sunday, Oct. 17, when a 2.31 inch downpour washed the Hereford area.

Wednesday's shower came accompanied by unseasonably mild morning temperatures. Low recorded Wednesday was 37 degrees.

But the virtually unexpected moisture may serve to ground area dust which had been whipped on numerous recent occasions with winds amid the extended dry spell.

"Winter" finally came to Hereford with temperatures dropping below freezing last week for the first time this fall.

Although the actual winter season does not start for two more weeks, (Dec. 21), weather has during the past few days, indicated that it is well on its way.

RESIDENTS of Hereford saw one of the latest first freezes in more than two decades with many having garden-fresh vegetables on their tables Thanksgiving day.

The first freeze came early last week, but temperatures did not drop low enough and did not stay down long enough to kill the vegetation in Hereford.

BUT FRIDAY's low of 30 lingered long enough to finish off most of the vegetation and cotton farmers expect to be in full swing on the cotton harvest about eight days from now.

Also appearing will be U. S. Congressman Walter Rogers of Pampa.

### DISCUSS FARM OUTLOOK

## Wheat Growers Elect Officers

Deaf Smith County Wheat Growers elected a new slate of officers and heard reports on several items of current interest to farmers at their annual meeting held Tuesday night in the Community Center.

Named to head the county organization for the coming year was Frank Zinzer Jr.

Zinzer was elected president to succeed Andrew Kersten.

OTHER officers elected by some 35 members on hand were Jay Boston, secretary-treasurer Eldred Brown, vice president; and Billy Wayne Sisson, Shirley Garrison, and Raymond Schlabbs, directors.

Zinzer has served the past term as vice president of the group. Boston replaces Clinton Jackson at the secretary slot, and Brown had served two years of a three-year term on the board of directors.

Schlabbs was elected to serve the remaining year of Brown's term on the board. Sisson and Garrison were elected for three-year posts.

THEY replace Ed Dzuik and Virgil Walker on the board. Carry-over directors are E. M. Jack, Don Kimbell, Don Meyers.

Heading the program at the meeting was Leo Witkowski, president of the Texas Wheat Growers, who outlined several moves underway which would effect area wheat producers.

He said that an effort is being made to remove a provision in wheat export rulings which demands that half of all wheat shipped out of the nation by transported by U. S. ships.

THIS, he said, creates additional costs of some \$28 per ton and hinders U. S. competition in the world wheat market.

He pointed out that the U. S. has now become the only country in the world with a surplus of the commodity and said that if the shipping provision can be removed, American farmers would have a better chance of removing the wheat backlog.

Also described were workings of enabling act in wheat associations in other states which aid collections of funds for market promotion.

Also featured on the program was the showing of a film See WHEAT Page 4

By MELVIN YOUNG

Super highways have done much to take the thrill out of the hairpin curves of yesterday and widening the asphalt ribbons to the point that a blind man could almost maneuver the passes.

One such pass is Raton. Only slightly more than 7,000 feet high, the famous passway to the state of Colorado once thrilled motorists and chilled the spine of truckers who labored with their monstrous rigs to reach the summit, only to find the downward haul more treacherous than the climb.

Raton Pass once included a "truck trap" — a side road where run-away trucks could come to a stop between two steep inclines forming a "saddle".

But thanks to modern engineering, Raton Pass is little more than a molehill now. Motorists venturing over its crest find a fine four-lane highway with a minimum of gentle curves along the way.

A business trip to colorful Colorado last week took us over this route — for the first time in many years — and to tell the truth, we were somewhat disappointed at the "improvements." But like most things that we remember from younger days — it probably wasn't really as exciting as we had thought.

Actually, the pass, even at its worst, probably couldn't hold a candle to others in the Rocky Mountain state — passes like Red Mountain south of Montrose, or Monarch — an 11,000 foot peak guarding the entrance to Western Colorado.

Located between Salida and Gunnison, the slopes of the majestic Monarch have become winter playgrounds for the natives of the state. Everywhere you look, cars with skis strapped on top were winding their way up the mountain side to take advantage of the 30 inches of new snow which fell Thanksgiving day.

Many out-of-state cars were also in evidence, including some from Texas. Apparently skiing has become one of the most popular winter sports and now furnishes the thrills that folks once got just by driving through the mountains.

Traveling through Gunnison, on the far side of Monarch Pass, we paused briefly at the Ambassador Tomichi Village to visit with Bill Hardwick, former Hereford resident who now manages the luxury motel. Although the ski season is just beginning in this area, Bill seemed to have had quite a number of guests. He runs a bus up to Crested Butte daily for the benefit of the ski parties.

Incidentally, the summer resort of Urlin Streu's is also in this area. Gettin to be quite a number of Texans up in that part of the country.

While in the high country, we visited with Mr. and Mrs. Jim O'Hair and son Jim, who now live in Montrose. Jim is a former Brand mechanical superintendent, and is now filling that position with the Montrose Daily Press.

experiences three things during his illness, which may last the rest of his life.

An alcoholic has extreme feelings of guilt even when he is not guilty.

He nearly always feel inferior even though he is not inferior. AND HE usually has feelings of anger which are usually turned inward. Usually the alcoholic is unable to express himself even when he is sober.

He finds it hard to except forgiveness from any one because of his guilt feelings.

Usually the alcoholic's condemnation is brought upon him by himself.

DeFloore said Alcoholics Anonymous is the best cure for the chronic alcoholic as far as rehabilitation.

The members of the club come to trust each other and find that way they can accept forgiveness from each other.

THEY OFTEN find that they do not have to put on a show for these people. . . they only have to be themselves.

The biggest problem of an alcoholic is himself, according to DeFoore.

Alcoholism Information Week is being sponsored by the Deaf Smith County Council on Alcoholism in connection with the National Council on Alcoholism.

Officers for the local council are Rev. Joel Treadwell, chairman; Mrs. O. G. Hill, vice chairman; Hazel Raburn, secretary-treasurer; Lowell Sharp, director of the board, and Bruce Miller, Charles Frye, Francis Hardwick and Rev. B. L. Davis, board members.

Those having problems with alcoholism or who need information about the disease can call EM4-2101.

## NSA Chapter Effects Initial Organization

A temporary chairman was elected for a Hereford Chapter of the National Secretaries Association at a meeting in Community Center Monday evening, and plans were made for initiation of members and formal election of officers at a dinner after the holidays.

Avis Northcutt was elected to head the group during the organization period. She appointed Virginia Stevens and Faye Dirks to serve on a committee to oversee details of founding the chapter, including enrollment of eligible women who will be initiated as charter members.

Seven members of the Palo Duro Chapter in Amarillo were present Monday to assist with the meeting, explain aims and requirements of the national association and answer questions informally. Irene Warren, president of Palo Duro Chapter, presided and Dorothy Stinnett, chairman of new chapter formation, directed the discussion.

The members here will join some 23,000 other women employed in secretarial duties, who form nearly 600 chapters in six nations. Primarily an educational organization aimed at improving the quality of secretarial work, the association also has a social program for its members.

Present for the meeting Monday in addition to the steering committee members were Marilyn Carter, Ronda Curtsinger, Jean Kennedy, Virginia Fowler, Alice Rudd, Jean Ragan and Jo Hamroack.

## Pick-Up Begins For Gift Shop

Collection of gifts for the Veterans Hospital Gift Shop is under way in the American Legion Auxiliary and Mrs. Ira Ott, local hospital representative, reminds members and friends that contributions should be made immediately.

The shop, at which veterans in the hospital at Amarillo may choose gifts for their families, will be open Dec. 6-9, Mrs. Ott says. The first day will be taken up with arranging the gifts so they may be inspected by the veterans.

Volunteers from the Hereford Auxiliary will join those from others in the 18th district to help arrange the gift display, then on succeeding days assist hospital patients in selecting items to be sent as gifts to members of their families or next of kin.

This gift shop is an annual service of the Legion Auxiliary at Christmas, so the patients may have an opportunity to send remembrances to their relatives. There is no charge to the veterans, and the gifts are wrapped and mailed by Auxiliary members as a further service.

Members of the Legion and Auxiliary here, and any others who wish to contribute gifts, are asked to give them to Mrs. Ott as soon as possible, at least at the next Auxiliary meeting on Dec. 7. Those who will volunteer for a part of the work are also asked to notify Mrs. Ott.

## Local Angus Bulls Head Roswell Sale

Two Black Angus bulls from herds in the Hereford area took the top slots in the sixth annual New Mexico State Sale held last Tuesday at Roswell.

The bulls, owned by Charles Hoover, 301 Sunset, took blue ribbons in their classes and sold in the top money at the sale.

ONE BULL sold for \$500 and the other for \$485, reported Hoover.

The bulls came from Hoover's herd of some 200 registered Black Angus located on his farm southwest of town.

Donnie has shown his heifer at the Texas State Fair at Dallas and took seventh place out of 38 in that class, and also took second in the Junior Heifer show at the Amarillo Fair.

Ronnie took his steer to the State Fair and took superior meat and the blue ribbon for prime beef.

must act before further steps are taken.

MEMBERS of the committee said that it would then be up to the city to prod the completion of the project.

Concerning the museum, the resolution seeking use of the county-owned parochial school building came after committee members agreed it was time something be done to revive in the proposed county museum.

Gene Fooks, committee chairman, commented at one point that the movement to establish a county museum here "has just about sunk."

Then came the discussion which led to the committee's attempt to revive the measure.

Earl Phillips, also a committee member, pointed out that he did not believe it was museum proponents' intention to build a museum "to compete with the one in Canyon."

"WHAT we need is a local museum to show things which have local interest to citizens of this county," he commented.

Committee members agreed. "The historical survey committee has looked into this and we are afraid that many valuable items will be lost if we do not get some definite action started soon," said committee member Elmer Patterson.

Then he committee passed the resolution seeking use of the now virtually unused structure to house a museum.

IF NOTHING else, it will at least give us a place to store things until we can get the museum plans finalized," one committee member opined.

Patterson said that he understood many backers of the museum proposal felt the school would be sufficient to house a museum, at least for the present.

"This would give us something to start on."

This recommendation will be presented to the county commission.

## Herd Ends Grid Season With High Year's Totals

## Demons To Meet Brownwood In Quarterfinal Play

The mighty Dumas Demons won themselves a berth in the quarterfinal playoffs Thursday when they took on the Odessa Ector Eagles and won 35-0.

**DUMAS** will clash with Brownwood in Abilene Saturday at 2 p. m. in the second post-season playoff game for both teams.

Dumas officials lost the toss with the Brownwood officials on a home-to-home basis. Officials from Dumas named Amarillo as their home field and Brownwood named Abilene.

Brownwood won their place in the quarterfinals Thursday also when they defeated Lamesa 20-6.

The bi-district game was Ector's first in many years with the team not ever winning a state title.

**THIS WAS** the fourth bi-district title for the Demons in five years. Dumas lost the bi-district tilt last year to Andrews.

Winning the bi-district game gave the Demons their 11th post season trophy in five years.

Dumas won the state championship in 1961 and 1962, but was defeated in the quarter finals in 1963 by Graham and in the bi-district game last year by Andrews.

The Demons are picked by most of the state's polls to win the state championship this year. Some of the other polls pick them second.

**DUMAS** shot to a 14-0 lead in the fourth quarter with a 25 mph wind at their backs.

The Demons scored first with 5:32 remaining in the first quarter, after blocking an Ector punt on the Eagle 37-yardline. Eight plays later fullback Cody Freeman plowed through the Ector line from the one-yardline.

With 1:39 remaining in the first quarter, Demon quarterback ran around the right end for an 11 yard touchdown.

Tim Galloway was successful in carrying the ball across for the extra conversion points.

**WITH ONLY** a few minutes remaining in the first half Ector quarterback Eddie Dominguez shot a pass to David Moss, only to have Bobby McVicker inter-

cept it, get past a tackler and go 90 yards for another score.

Marshall Rigdon kicked for the extra points to make the score 21-0 with 1:40 remaining in the first half.

The trick wall Demon defense allowed the Ector team only six offensive plays in the third quarter.

**GALLOWAY** returned an Ector punt to the Eagles' 25-yardline to set up the next Demon Score.

Just as the fourth quarter began Bonner completed the first Dumas pass of the afternoon to Robert David for 46 yards for the Demons' final score.

Ector was unable to get off many passes due to the gusty winds.

Dumas finished the game with a 11-0 season record and Ector finished with a 7-4 season record.

The Demons have a 57.5 record for the past five years.

Although the Hereford Whitefaces did not manage a district championship this season, the members of the team did compile some impressive statistics during the season, according to Bill Phillips, Hereford High School statistician.

The Whitefaces did have a better record than they have had in the past three years with a 2-2-1 conference record and a 6-3-1 season record.

Hereford dropped its first game to the Plainview Bulldogs, then remained undefeated until meeting Perryton in a game which wound up in a 13-13 tie and finally was knocked out of district contention by Tulia in a heart-breaking game which wound up 6-4.

In their final game the Whitefaces held the Dumas Demons to a one-point margin in a defensive game which gave the Demons a 7-4 win.

After the loss to the Demons the Whitefaces took fourth place in the district with Dumas winning the crown, Perryton second and Tulia in third place.

**HEREFORD** held the Demons closer than any opponent this year other than Lawton, Okla. who lost to the Demons by a 20-19 score with five of the Demons' key players crippled and out of action.

Muleshoe and Perryton were the only other two teams scoring against the Demons. Muleshoe scored a touchdown in the first quarter of the game against the Demons and held a 6-0 lead at the halftime. Perryton caught one of the Demons behind the Perryton goal for a touchdown against them.

**DEFENSIVELY** the Herd showed better this season than in the past years, according to officials.

Hereford scored 203 points while allowing their opponents 89.

The Whitefaces gained 180 first downs and allowed their opponents 102.

Members of the Herd drove for 2160 yards and allowed their opponents 1400 yards. Whitefaces played 466 rushing plays while their opponents managed only 380 plays.

**AVERAGE** gain per play for the Whitefaces was 3.95 while allowing their opponents a 3.03 net gain per play.

Hereford completed 86 on 190 passes while their opponents completed 45 of 137 passes.

The Whitefaces gained 1165 yards passing while their opponents managed only 581 yards passing.

## Hunt Contest Opens In Parmer County

The Parmer County Game Management Association in cooperation with local business sponsors began a Pheasant Contest Wednesday.

Winners of the contest prizes will be determined by persons bringing in the longest pheasant tail feather.

Separate contests have been set up in Bovina, Farwell and Friona. Prizes in each town's contest will be awarded to the top five individuals with the longest tail feathers.

Awards will be merchandise prizes donated by businessmen in each town.

The approximate value of the awards in each contest are: first, \$25; second, \$20; third, \$15; fourth, \$10; and fifth \$5.

Entries for the contest will be taken through Sunday when pheasant season closes.

**BASKET TIES GAME**—Whiteface Steve Hodges managed to get the ball and make a basket good Monday night and tied the Plainview Bulldogs at 82-82 with only three seconds remaining in the fourth quarter.

## End First Week's Play With Three Victories

The Hereford Whitefaces wound up their first week of play Tuesday with a 3-1 record, losing only one game to the Phillips Blackhawks 58-56. (See stories inside)

The best of the four games probably was the skirmish with the Plainview Bulldogs which the Whitefaces won 87-86 in an overtime.

Robby Lemons was the star of the Plainview game, scoring 34 points which is the most points scored in a game since Bobby Shelton scored 38 points against Brownfield in January of 1959. Carl Miller scored 31 points in a game in 1962.

Members of the seventh grade cage team dropped their first game to Dimmitt also by a 22-17 score.

**HEREFORD** freshmen also dropped their first game to the 'Cats by a score of 43-31 in Dimmitt.

## Hawks Take Herd In Final Minutes

A field goal with less than two minutes to play following a successful third quarter gave the Phillips Blackhaws the two points they needed to snatch a way a win and give the hometown Hereford Whitefaces their first loss of the season Saturday night in Whiteface gym.

The two-pointer capped a tension packed game which saw defensive action at an abundance for both teams.

Coach Cuby Kitchens' Whitefaces had gone to halftime with a shakey 26-22 lead.

BUT the orange-and-black clad Blackhaws from the far north staged a 22-point attack in the third quarter which was good enough to take a 44-40 lead entering the final period of play before a medium-sized crowd of highly-partisan onlookers.

The Herdsmen, however, were not through yet.

HEREFORD retaliated quickly entering the final round and succeeded in tying the score at several points, but was not able to come up with the go-ahead basket.

Phillips' Charles Hampton ripped the cords with 1:32 remaining in the game to put the icing on the cake. Hampton led the Hawks' attack throughout the night, drilling in 17 points.

For Hereford, Gene Duvall, Robbie Lemons, and Jimmy Allison headed the scoring columns, with Lemons also collecting nine rebounds to lead in that department.

DUVALL, who followed up his opening night 21-point exhibition against Dimmitt earlier in the week, totalled 13 points Saturday.

He capped five from the field for ten points and then made good three of four from the free throw line.

Lemons collected six of his ten points via the charity toss route.

Allison made good his only free throw attempt to bring his

total points for the night to 11.

OSCAR HOLMES grabbed five rebounds and scored seven points; Steve Hodges took six off the backboards and contributed three points; Gary Payne nabbed four rebounds and two points and Roger Owen had four rebounds and hit for four points.

Dennis Sutter connected for six points, all from the field.

For Phillips, Mike Kimmins was second in scoring with 14, while Jimmy Carroll had 11.

Saturday's game was the first of three encounters in four days for the Whitefaces.

EARLIER Saturday, the White face Bees were downed 64-55 by Phillips.

## Whitefaces Down Levelland 72-49

Hereford Whiteface Cagers took their third win of the season Tuesday night in Whiteface Gym when they defeated the Levelland Lobos by a lopsided 72-49.

The Whitefaces scored first in the game, but the Lobos jumped out to a two-point lead and remained ahead, 15-14 at the end of the first quarter.

This lead was short-lived as the second quarter began and the Whitefaces closed the gap and head by a 33-24 score at half time.

As the third quarter began Hereford widened the lead margin 50-39 by the end of the third quarter.

LET'S COOK SOMETHING

# Recipe Is Passed Along

By SUE COLEMAN  
Woman's Editor

Some of the best recipes of American cooks are found in books compiled by women of churches or clubs, with each member and many of their friends contributing. From one of these, Mrs. H. L. Hershey passes on a recipe she has tried

and found excellent. IT IS FROM a collection made by Methodist women at Springfield, Colo., where the Hersheys lived five years before they came to Deaf Smith County in 1941. The dish is one that Mrs. Hershey has found convenient to prepare for church or club as well as for home

MRS. H. L. HERSHEY  
... recipe fine for club supper

meals when there were a number to be served.

As a long-time Home Demonstration Club member, she has received her pin as a 25-year member and was named outstanding club woman of the county in 1960 — Mrs. Hershey has cooked the meat-and-vegetable casserole for a number of dinners. Her experience is that it merits its unusual name:

**MORE**

- 1½ pounds ground beef
- ½ pound ground pork
- 1 medium onion
- 1 pound package spaghetti
- No. 2 ½ can tomatoes
- No. 2 can green peas
- No. 2 can whole-grain corn
- Tall can ripe olives
- Small can pimientos
- ½ pound grated cheese.

**BROWN THE** onion in hot fat, add the meat, season with salt and pepper and cook until done. Meanwhile boil the spaghetti until tender, and drain it.

Mix the meat and spaghetti in a large bowl, then add the vegetables, the finely chopped olives and pimientos. Mix well, season to taste, and put in a large flat pan.

Cover the top with grated cheese and bake about 30 minutes. This quantity will serve 20.

The mixture may be frozen before or after baking, so the large quantity may be prepared, divided into family-sized amount and thawed or baked for meals as needed.

**MR. AND MRS. HERSHEY** live about 12 miles northeast of Hereford and she is active in Progressive H. D. Club. She has held all club offices and been its representative to the County H. D. Council. After serving as council reporter this year, she was elected the 1966 treasurer.

She grew into Home Demonstration Clubs from 4-H Club work as a girl, and she smilingly observes that 4-H Clubs give a girl excellent opportunities — she met her husband while attending a college short course as a club member.

Born in the Cash community near Greenville, she spent most of her school years at Abilene.

**SHE ATTENDS** the Church of Christ here, and also the Hereford Eastern Star Chapter, of which she is a Past Matron. Currently she is president of the Past Matrons Club.

A job in which she began some time ago to serve as relief cook at Kings' Manor, working on alternate Sundays to give the cook a day off, has grown until she substitutes for various members of the staff when they want time off, or take vacations. She counts that work among her hobbies, enjoying her acquaintance with residents of the Manor.

The Hersheys have three sons, Sam, living at Midland, Joe of Darrouzett and Homer of Houston, and seven grandchildren. Keeping in touch with them, or her relatives and friends gives Mrs. Hershey another interest which her husband insists in a hobby — letter writing.

She takes pride in keeping her house and yard, tending indoor

plants that brighten the living area in winter, and doing needlework. Her collection of china and glassware is on display in her home.

## Two Artists Of Hereford To Exhibit

Work of two Hereford artists will be included in a show this weekend at the Art Gallery on North Highway 385 at Dimmitt. Oil paintings by Carrie Mae Doak and pen sketches by Bill Hacker will be exhibited.

The display will also present work by Alice Cowan and Theo Campbell of Dimmitt and Larry Hilburn of Amarillo. It will be open to the public from 1 to 5 p. m. Saturday and Sunday.

Mrs. Doak's paintings have been shown at several exhibits here, including the recent Hereford Art Guild Show. She is a member of the Guild and paints in oils, with landscapes as her favorite subject.

She has studied with Jean McGee and briefly with other local teachers, also with Bill Brand and Julian Robles of Amarillo. Entirely self-taught, Hacker works with pen and ink, sketch-

## Hudson Family Holds Reunion

Falls. Relatives who live here are Mrs. Bonnie Martin and son, Mr. and Mrs. Hank Mayfield, Mr. and Mrs. Travis West and family.

### Letter To The Editor

Dear Editor,  
Thanks for your information regarding the lake drain attempt that has apparently died for lack of push. Let us keep pushing. Surely the 65 persons that signed the petition have not all given up. A problem that

can make 19 families homeless must be a public problem and surely a public burden that cannot be brushed off like so much chafe. When the Red Cross will give \$4,000 to relieve the needs of families driven from their homes by a disaster caused by floods that could and can be avoided, it surely can't be dropped like a hot iron, even though the property is private property. A condition that can flood and drive 19 families from their homes is beyond private control.

But that condition can be taken care of by public cooperation. When a condition becomes a menace to public health and safety there has to be a way to take care of the situation. If in no other way, it is a part of what the United Fund is for. That \$4,000 from the Red Cross equalled one-fifth of what \$20,000 would do to drain the lake.

That money could be used to prevent another disaster and do some permanent good, while the \$4,000 only helped to take care of some of the damage and discomfort.

If a loan could be made with payments for \$2,000 per year, then \$2,000 as a preventive could do more by far than the \$4,000 and still the United Fund could still have \$2,000 for disasters that cannot be avoided. You may say that the United Fund don't make that kind of payments, but that \$30,000 was still the property of the Hereford Public until it was turned over to the United Fund. It is better to use a little money to prevent disaster than to use a lot to pay for damages that could be avoided.

Yours truly,  
Ole T. Larson

(Editor's Note: The Red Cross is just one of nine agencies which participate in the United Fund and which must operate throughout the year on their share of the funds collected by the United Fund. A portion of the relief funds distributed by the local Red Cross chapter were of national Red Cross origin. Although it is in for a large share of the local United Fund budget, it does not have \$4,000 budgeted annually for such emergencies, since, as you remember, this is the first time in the history of the local Red Cross work that national Red Cross aid has been utilized. Despite the arguments presented here, we are sure the Red Cross would be inclined to decline the proposal presented here, since it is essentially an emergency service organization, although it does maintain permanent active groups which make their services available at all times.)

We go to all the trouble of redesigning our interiors, improving our handling, and refining our Wide-Track ride, and some people buy us just for our looks.

Our new Executive Hardtop Coupe.

Just once we'd like to have people fall in love with the inside of our cars before they flip for the outside. Why, this year alone we've made available brand-new wraparound buckets. Profile bench seats. More rich, genuine walnut paneling. And nicer instrument clusters you've never seen. We even had our engineers take our test cars

apart piece by piece to come up with improvements that, incredibly enough, make our Pontiacs smoother, quieter, more enjoyable to drive. Really, though—we don't care which feature gets you inside a new Pontiac, as long as it gets you there. And it will. At least judging by the number of Pontiacs you see on the road.

## MONOTONY

All the rivers run into the sea; yet the sea is not full; unto the place from whence the rivers come, thither they return again..." sang the poet about the monotony of life. How much alike are our days, weeks and months! Even the job, the office force is the same. But Brother, the difference is not in the river, nor the job, nor the office force. It is in the quality of personality we offer. No matter how tame the world may be. Clear distinction between good and evil, poise and good judgment, a refusal to depend upon external things, these will give satisfaction... relieve monotony. We are masters of our fate. Then let the rivers run to the sea. We will love and labor and build our house.

# Small Talk

By SUE COLEMAN  
Women's Editor

One thing good about this week, it won't have but one Monday, and that's something to be thankful for after a midweek holiday.

With Christmas due on Saturday this year and New Year's Day likewise, of course, we won't be bothered with those extra Mondays which are an unpleasant aftermath to so many holidays. Every time one occurs, I think more kindly of the calendar reform plan which would put all our holidays on weekends.

ALMOST as much a part of Christmas as lighted trees and holly wreaths, music of Handel's oratorio The Messiah has come to be accepted as belonging exclusively to this season.

Actually it has as much of an Easter theme as a Christmas, and a religious message for any time of year, but that's beside my point.

It does fit into the Nativity celebration perfectly and by

custom we listen for it among all the tide of Christmas music, sacred and secular. So it's good to know that the high school music department has a habit of presenting sections of it here annually.

ALTHOUGH world-famous choirs and soloists sing The Messiah for us now in broadcasts each December, and fine recordings of the complete work are available, they somehow don't take the place of hearing the oratorio in person.

Some people, perhaps, had rather hear a more technically perfect rendition on television, but most of us prefer to hear the local school chorus or church choir do their best with Handel's exalted strains.

THIS IS NOT just the opinion of a musically illiterate tune-lover like me, either. Expressing my view to several persons well versed in music and able to judge its quality, I've been rather surprised at their concurrence.

There is something about the "in person" presentation which is more appealing than technique. So many people who will have already heard more renowned singers in The Messiah via airwaves, are likely to be in the audience Dec. 21 when the school chorus with its local guest soloists sing it again.

WHEN EUNICE Petersen had a tea recently to display work of her art classes, one of the

**VISITOR FROM NEW YORK** — A vivacious holiday visitor in Hereford, Miss Elizabeth Barnsley of New York City, comes down the stairs to meet her hostess, Mrs. George Warner, at the Warner home, 805 Main. Miss Barnsley, who spends part of her time in Midland, is to leave soon for a tour of the Holy Land and Middle East with a group from the Episcopal Church at Midland. She has visited some of the countries on a previous tour which also took her to the Far East, and especially anticipates a return to Greece, a favorite spot on that trip.

students sent her a corsage. The flowers were handmade, of plastic in varied colors.

A layman would not have thought of it, but Eunice realized instantly that they were made of the thin clear plastic which students use to wipe their paint brushes. There was a little note with the flowers about the practice of economy and not letting anything go to waste.

That's a smart use of the paint smudges. Of course we've all heard of the joker who framed a sheet of them, sent it to the

modern art exhibit and won first prize.

NOMINATION for the best-looking coat wardrobe exhibited in my sight this winter: Jean Ballard's. Saw her the other day in a slim-lined winter white that looked hand-knit, and previously in an utterly dashing bold black-and-white plaid.

And if either of them happens to have been worn last year, I don't want to hear her murmuring "Oh! This old thing!" because either has the classic look that makes it good almost

indefinitely.

PERSONAL note to Mrs. H. L. Hershey: That banana bread with peach preserves, de-licious!

If you want to make absolutely sure that butter-type cakes will come out of their baking pans easily, grease the bottom of the pans; then line the bottom with waxed, brown or parchment paper and grease this lining.

## Piano Class Recital Set

An hour of piano music will be presented by pupils from the class of Mrs. Glenn Snyder Sunday afternoon in First Methodist Church. The public is invited to the recital, beginning at 3 p. m.

A varied program will be played by John Stoy, Wesley Strain, Ann Zetsche, Patricia Johnson, Lesley Euler, Mike

Corlis, Terry Roberts, Teresa Engler, Rhonda Corlis, Diodra Poian, Wanda Paetzold, Cathy Loerwald.

Also Nancy Brink, Sue Shirley, Patricia Herr, Jaime Pittman, Kaylynn Alexander, Margie Paetzold, Patti Turrentine, Thelma Warren, Randy Corlis, Judith Morrison, Carol Newton, Mary Stoy, Judy Summers, Janice Turrentine and Deborah Hodges.

If you like to grease the sides (as well as the bottom) of cake or muffin pans, do so sparingly. The bottom of the pans can, of course, be well greased.
