## Large Municipal Park Step Closer

PRESS CONFERENCE THIS AFTERNOON

### Bravo Smokes' Debut Today

### Zoning, Other Items Head Council Slate

A traffic light bid was accepted, a request for the city to maintain the Christmas lights was okayed, a motion to have the city attorney file suit in connection with Variety Park, and a postponement on a requested zone change made up the agenda for the regular meeting of the Hereford city council Monday night.

### Hereford Man Receives Post On Committee

Grant Hanna, Route 4, Hereford, American Legion 18th District Commander, has been appointed to the National Membership and Post Activities Committee of The American Legion. Hanna received notification of his appointment in a letter from National Commander L. Eldon James.

manager Dudley Bayne and city attorney Earnest Langley. THREE property owners appeared before the commissioners in protest to the request of Jack Bradley to have the zone changed on a lot located near the new Sugarland Mall. Bradley has requested that the present zone 'A' be changed to zone 'E' on lot 19 and the south 20 feet of Lot 20 in the Northridge Addition, (corner of 13th and Ave. B).

Those appearing Monday night were Mr. and Mrs. Pat Newell, 215 Ave. K, who own the adjoining property to the north on Ave. B, Robert Sanders, 406 Long, and Joe Wagner, 403 Long. Bradley was not present at the meeting, but had called to request a postponement of the action.

IN OTHER action, the council voted to accept the responsibility of maintaining the Christmas lights for the coming season. In the past, the Hereford Jaycees have undertaken this project, and will again this year supply volunteer help to put the lights up, but asked the city to assume the maintenance. The lights are owned by the Deaf Smith County Chamber of Commerce. The council moved that it authorize city attorney Earnest

Langley to file suit against the Dameron property located at 303 North Main, in the amount of \$1,301 in connection with Variety park. Bayne said Dameron told him See ZONING Page 2

Bravo Smokes — the nation's first tobaccoless smoking product whose manufacture here has been publicized throughout the world — make their official debuts in a press conference here today. The conference for newsmen from throughout the region comes in conjunction with the first marketing of Bravo — the nicotine-free smoking product made from lettuce leaves. Initial sale of Bravo brings to reality a dream which has taken more than six years to materialize in the form of the product billed as the nation's first "safe smoke".

And with this introduction, Hereford's newest industry begins distribution just four months after negotiations to establish the factory here became publicly known. Some 30 newsmen from throughout the region are expected to be on hand at a noon luncheon at the Hereford Country Club, where Bravo will have its official unveiling. There, they will be told the story or the development of the nation's first tobaccoless smoke from dream to production in a factory built here with the aid of a corporation comprised of 35 local businessmen.

MEANWHILE, smokers in Hereford and Amarillo will be seeing Bravo Smokes on sale for the first time in vending machines and many stores. Following the noon luncheon, many persons who have had key roles in making Bravo a reality in Hereford will tell of the development of the product. Then, newsmen will tour Bravo's plant at 1303 East Park Ave. to see how the product is made. THE PLANT, which employs some 50 persons, will be operating in full swing. It was constructed jointly by the Deaf Smith County Development Corporation and Tobaccoless Smokes, Inc., the research firm headed by Puzant C. Torigian. Torigian, president of Bravo Smokes, Inc. — the operating company formed by the local group and Tobaccoless Smokes — will describe the origin more than six years ago of the idea that a "safer smoke" could be produced from a product other than tobacco. Exhaustive tests during a period of six years went into developing the product now known as Bravo Smokes. Torigian has worldwide patents on processes used to transform lettuce into the smoking product. The discovery of a new and safer smoking product had its See BRAVO Page 4

NO LONGER DREAM—Four months ago, Puzant Torigian posed for a Brand photographer in front of a picture of a field of lettuce holding a package of lettuce smokes produced in his Long Island, N. Y., laboratory. This week, Torigian was able to pose in a real lettuce field holding a package of Bravo Smokes produced in an assembly line at Bravo's Hereford factory. It's the story of a dream come true for Torigian and many Hereford residents who played a hand in establishing the nation's first lettuce smokes factory here. See story at left. ### Legion OK's City Property Proposal

A proposal to turn over a large portion of Veterans Park to the City of Hereford—to be further developed as a public park—drew overwhelming approval Tuesday night from one of the two veterans groups which jointly own the property.

Members of the local American Legion Post favored by a majority of 47-15 a written proposition from the Hereford City Commission that some 213 acres of Veterans Park property be turned over to the city—making possible further development of the tract as a recreation area. The American Legion's approval was the first of three steps required on the part of the veterans groups before final action can be taken, however.

Final approval still hinges on action to be taken tonight by members of the Veterans of Foreign Wars Post here, and a joint vote of the two organizations to be held in a joint session on Tuesday, Nov. 9.

Should both organizations approve the proposal, then the City of Hereford would begin immediately on preliminary planning for a nine-hole golf course on 55 acres of the property east of the Main St. bridge, to go with the existing nine-hole course now located on the west side of the bridge.

THE CITY would also start an immediate clean-up operation on the remainder of the 213 acre tract requested by the city in a written proposition from the city commission to the two veterans groups.

A qualified park engineer or architect would be engaged to draw up a proposed plan of development for the area, including the golf course, the city's proposition continued. AS FUNDS become available, actual development work will commence and will continue as funds are available for the development of the park.

The property in question lies between the Main St. bridge and the sewage disposal site, encompassing the property along Tierra Blanca Creek between Victory Drive on the south and New York St. on the north — with the veterans retaining frontage property along the major streets surrounding the area. To be retained by the veterans according to the proposal, would be water royalties, as well as oil and gas mineral rights under the land.

IN RETURN for the property, the city of Hereford has proposed to place a caliche base on Victory Dr., the road running east and west on the south side of the park parallel to the creek. In presenting the proposal to the American Legion, Mayor Ray Cowser emphasized the fact that the park would be a "free" park, except for the usual charge fixed by the city for See LARGE Page 2

### Annual 4-H Banquet Set For Saturday

Awards topped by the coveted Gold Star medals for the boy and girl with best overall records in 4-H Club work will be presented at the annual Deaf Smith County 4-H Banquet—Saturday evening in the Community Center. Identity of the Gold Star winners will be announced then.

In all, 57 club girls and boys will be recognized for outstanding records in 20 areas of 4-H work. Awards will be presented in many instances by the donors or representatives of donor firms, who will be banquet guests with the club members and their parents. Gold Star winners from the county will be honored a week later at the district God Star banquet in the Amarillo YW-CA building.

Theme of the county banquet is Our Modern 4-H World Musical entertainment if planned on the program. Arrangements are being made by junior and adult club leaders and the county agents, Mrs. Argen Draper, Mrs. Rita Huckert and Justin McBride.

### Lubbock Area Highway Patrol Garners Award

Area Texas Highway Patrolmen, who help make up the estimated 200 driving members of the Lubbock region of the Department of Public Safety, were saluted at Lubbock Tuesday night as winners of the DPS Fleet Safety Award.

Col. Homer Garrison Jr., Texas DPS director, presented the first place award to the Lubbock commander, Maj. Harry Hutchison. Sgt. Bill Wells, stationed in Hereford, reported the region traveled a total of 5,488,796 miles and chalked up only 12 accidents which gave a frequency rate of 2.186 per million miles.

WELLS ALSO stated that the department throughout the state operated a total of 1,459 vehicles for a total of 39,820,373 miles, with 151 accidents, for a free See LUBBOCK, Page 2

### TEENS' HALLOWEEN EFFORT CROP Drives Nets \$1,500 In Gifts

Hereford high school and junior high school students collected \$1,556.67 last Saturday from city residents for the Christian Rural Overseas Program. THE AMOUNT was some \$440 short of the \$2,000 goal set by the students, although it is some \$160 over last year's collections by the groups. Hugh Clearman, CROP student chairman, said many of the workers reported many people out of town Halloween night when the canvas was made. Clearman said that persons who were not contacted may drop their contributions off with Joel Hodges at the Hereford State Bank, or may call Clearman See CROP Page 2

### 'HE DIDN'T SMELL THE GAS' Explosion Burns Four, Causes Property Damage

Youngsters who were playing in a cellar at the rear of a home told their father that they smelled "something funny" and their father went to investigate.

He struck a match to see and apparently touched off an explosion which injured him and three young bystanders and levelled a storage shed.

### CB CLUB PATROLS Quiet Halloween Observed—Just One Trickster

A quiet Halloween was observed in Hereford, as most of the ghosts and goblins that roamed the streets in search of their yearly yields were satisfied with the treats handed to them, and did not deal out many tricks.

The only major incident reported to the police was a "flaming John," (a comode filled with burning gasoline) left on the city streets. A watchful eye was kept on the city by the police department, with the help of the Deaf Smith County Sheriff's department and Texas Highway Patrol, along with members of the Hereford See QUIET Page 2

REMAINING IN Deaf Smith County Hospital Wednesday for treatment of burns received in the Sunday night blast were E. H. Prieto, 439 Ave. E, and his three sons, David, 11; Adam, 7; and Jimmy, five.

All are reported suffering from first and second degree burns about the face, hands, and arms, and the father was also burned on the knees.

Firemen who were called to the scene about 8 p.m. Sunday said the blast apparently resulted from gas escaping from a small butane bottle connected to a two-burner stove.

WITNESSES to the blast said Prieto had gone into the cellar and struck a match, apparently setting off the blast. The explosion caused no fire, but levelled a frame storage shed above the cellar.

A youth who witnessed the mishap told firemen that the youngsters had told their father they smelled something strange. "My dad could not smell anything and there wasn't a light down there so I guess he was just trying to see," one of the boys said.

"HE CAME out of the cellar and said he was O.K. but we could see where the fire had burned him," he continued. The injured boys had been standing at the top of the stairs leading into the cellar. One of them was knocked down by the blast. All four remained in the hospital Wednesday. They were listed in good condition.

RESULT OF BLAST—Hereford Marshall Terry Hoie examines damage caused by an explosion here Sunday night which sent three persons to Deaf Smith County Hospital. The blast, apparently caused by a small butane stove, flattened this storage shed at the rear of a corport of the E. H. Prieto residence, 439 Ave. G. (Staff Photo)

### County's Voters Reject Four-Year House Terms

Deaf Smith County voters — in a trend similar to that displayed throughout much of the state — approved eight of ten proposed amendments to the state constitution in balloting Tuesday.

A total of 619 votes were cast in the county — slightly more than had been anticipated — as local voters showed majority disapproval of only two propositions.

BY A MARGIN of 67 votes, this county's voters rejected the proposal to increase terms of many high state officials and lawmakers from two to four years. Also vetoed by Deaf Smith County voters was proposition number seven, which would allow a tax exemption for hospitals meeting certain qualifications. Local balloting, which favored

the remaining propositions, showed a vast split on only two.

### Poppy Sales Begin Saturday By VFW Women

Members of the Veterans of Foreign Wars Auxiliary will sell Buddy Poppies for the next two Saturdays. Members of the auxiliary will canvass the downtown area throughout the day on both Saturdays. The poppies are being sold in connection with Veterans Day observances Thursday, Nov. 11. Proceeds from the poppy sale will go to aid the Auxiliary in its many activities.

proposals, with the remainder being passed by small majorities.

By a 429-174 vote, the county approved the measure allowing creation of the Texas Opportunity Plan as a loan fund for Texas students attending public and private institutions.

THE 299 vote margin granted this measure was the most decisive margin stamped by local voters.

The two amendments shelved by local voters were also voted down on a state-wide basis. THIS COUNTY favored by 369 to 244 the proposed extension of the Veterans Land Fund, but this proposition apparently failed by a very small majority to pass statewide. County voters favored four-year terms for the governor. See VOTERS Page 2

(Continued from Page 1) secretary of state, and other officials as described in proposal number four. Majority favoring the measure here was 61, with a vote of 337-276. But this proposition failed by a clear margin on the state level. PROPOSAL number nine, raising salaries of legislators and other officials, met disapproval on a statewide basis, but local voters endorsed this measure by 317-289. The county's vote went as follows: No. 1 - Financing college buildings, for, 404-260. No. 2 - Veterans Land Fund, for, 369-244. No. 3 - Aid to needy, for, 361-233. No. 4 - Four-year terms for state officials, for, 337-276. No. 5 - Teachers' retirement fund, for, 377-237. No. 6 - Student loan fund, for, 429-174. No. 7 - Hospital tax exemption, against, 316-281. No. 8 - Judges' retirement, for, 451-152. No. 9 - Lt. Gov. and speaker salaries, for, 317-289. No. 10 - Four-year House terms, against, 264-331.

CAUSES BLAST—Hereford Fire Chief J. W. Dickerson inspects a butane burner (top) which apparently was the blame for an explosion at the home of E. H. Prieto, 439 Ave. G, Sunday night. The blast injured three persons and caused heavy damage to a storage shed. See story on page one.

Hereford High-Jinks

The different organizations around school are really busy. Tuesday the members of F. T. A. went to Canyon to attend the district meeting. The members attending were in charge of a workshop on parliamentary procedure. According to Barbara Zinser, they had a good number attending and were very well received. Future Teachers attending were Nancy Smith, Barbara Zinser, Laura Higgins, Pam Winget, Penni Jones, Cynthia Knox, and Randy Tooley. Mrs. Betty Mercer sponsored the group's trip.

Then Tuesday evening the F. T. A. fellows held their formal initiation. New members were initiated and pictures were taken for the annual. ANOTHER initiation is to take place tonight. The Hi-Y will hold their initiation at 7:30. The new members have had to wear suits to school all week as part of this initiation.

A well-known figure around H. H. S., Roger Owen is revealing that his talents not only lie in the field of football but in other fields as well. Roger has a wonderful talent exhibiting superb muscular control. He is expert at crossing his eyes and causing the teachers consternation. Well, Roger? SOPHOMORE Tony Malouf has something to be quite proud of. Tony has received his citizenship. One of the Herd's rugged linemen, Tony originally came to the U. S. from Lebanon. Congratulations Tony!

A Band Dance Friday night! Be sure to attend after the game with Muleshoe. The fabulous Hide-A-Ways will be playing. The All-School Play, "The Night of January Sixteenth" is progressing remarkably well. Some of the cast already have their lines memorized. The production will be presented sometime in December. Mrs. Francis Jones, the director, feels that the play is an exceptionally good choice because it not only gives the cast experience in characterization but is also given some knowledge of court room procedure. This is something you won't want to miss!

New BSP Members Held Pledge Rituals For Six

Six pledges to Kappa Iota Chapter of Beta Sigma Phi were received as members in a ritual in Community Center. The exemplar chapter, Xi Epsilon Alpha, joined Kappa Iota in a joint meeting for the service. Mrs. Harold Kida, Kappa Iota president, conducted the pledge rituals with assistance from members on the executive committee, Mmes. Jack Straw, Pat Ferguson, Wendell Maloney, Houston Frye, Mike Wilson and Jerry Fowler. A brief business discussion was held, when the two chapters voted to hold the annual Valentine ball Hereford Country Club. It is scheduled for Feb. 12. Mmes. Fowler, Howard Gore and Pat Parker, a hostess committee from Beta Sigma Phi City Council, served punch, sandwiches and cookies. The new pledges are Mmes. Max Goforth, David Hambley, Bob Kinsey, Duke Powell, George Rowe and Gene Deal. Others present from Kappa Iota Chapter were Mmes. Jim Cramer, Bobby Duncan, Arliss Edwards, Preston Hagans, Dave Heck, Joe Neely, Ronnie Osborn and Bobby Shelton. Those from XEA Chapter were Mmes. James E. Ballard, Don Baugous, Harold Beauchamp, Clete Corliss, R. J. Cramer, Bill Kendall, Walter Kirkland, Hicks Roberson, John Schneider, Larry Summers, Glen Wilson and Ann Woodward.

(Continued from Page 1) frequency rate of 3.863 per million miles traveled. Lt. Col. Wilson E. Speir, assistant director, accepted the runnerup certificate on behalf of the Austin headquarters unit. ABOUT 250 patrolmen, driver's license examiners, licenses and weight officers and other special guests attended the annual awards banquet in Lubbock. The northwest Texas region had to set a departmental record — one Col. Garrison cited as an "outstanding accomplishment" — to nose out the DPS headquarters for the coveted honor. IT IS the second time in four years that the Lubbock region captured the signal honor. Maj. Hutchison's acceptance was marked with a note of sorrow, however as he noted, "Winning the award is bitter sweet to us." He said, "During the past year we have lost two patrolmen in traffic accidents," and asked a moment of silent prayer for "those who lost their lives in the line of duty." The headquarters unit was a close second, with only 12 accidents in 4,007,788 miles for a frequency rate of 2.994 per million miles. THE COLONEL pointed out that the record could have been better, "and it could have been worse." Then he challenged the officers to help make the DPS "as effective and as well thought of as humanly possible." "We work for the people of this state, for the preservation of social order for them. As their employees, we have an obligation to set an example that can be looked up to and pointed out with pride on the part of each private citizen." Garrison also stated "If the general public took a page from our book and came up with the same accident frequency rate a large part of our job would be considerably easier and less demanding."

Veleda Talk Will Relate To Project

A guest speaker with firsthand information on a project being conducted this year by Veleda Study Club will be heard at the club's next meeting, at 2 p. m. Tuesday in the home of Mrs. L. J. Clark. Mrs. Bill Wisdom of Lockney, who is associated with the Hi-Plains Council for Mentally Retarded, will discuss schools for mentally retarded children, especially the school at Abilene to which Veleda Club members are sending boxes of clothing this week. Announcement of plans was made at a recent meeting in the home of Mrs. Gid Brown, when Dr. Clarence E. Hicks was the speaker on Handwriting Analysis. He told how handwriting may reveal character traits, so that it is analyzed by many industries as a part of job interviews. Slides were shown to illustrate various forms of handwriting and procedures used in analyzing them. Mmes. Melvin Jayroe, Billy Wayne Sisson and Dale Scott were welcomed as new members, Mrs. Alan Gibson as a guest, by the 12 members present.

(Continued from Page 1) usage of the golf course. THE PARK would always be known as Veterans Memorial Park and suitable signs would be erected at entrances showing the name as Veterans Memorial Park, the city's proposition continued. American Legion Post Commander Leroy Williamson presided over the Tuesday evening meeting. He said that the veterans organizations would also retain certain properties along New York St. and Victory Dr., as well as properties inside the park entrance, where the American Legion and VFW tentatively plan to construct new homes for both organizations. ON PROPERTIES to be retained, the veterans now realize more than \$4,000 annually from leases. Estimates as to the value of development property to be retained by the two groups ran as high as \$200,000, according to a member of the joint VFW-American Legion Board. The two veterans organizations obtained the present Veterans Park 18 years ago when they purchased the property from the county, for a sum of \$7,500. THE PLAN at that time was to develop the property into a park. \$5,000 was also expended soon thereafter to hire a qualified park planner to draw up a proposed plan for the park. "THAT WAS nearly 20 years ago", said W. J. "Dub" Reeves, "and we haven't done anything yet". Reeves told the group that he was vice-commander of the organization in 1948 when the money was expended for development plans. "But all we have now is a place to run a few yearlings and a cocklebur patch". THE PROPOSAL was not without opposition. One veteran said "the city's only contribution so far has been to put a sewer at the end and ruin the picnic grounds", while another offered the group \$50,000 for the property for private development. District American Legion Commander Grant Hanna urged approval of the proposition however. "The property is ideal for a park," Hanna told the group. "and I believe the property we own will be much more valuable if this area is developed into a park by the city". THE CITY of Hereford now owns approximately 16 acres just east of the Main Street bridge. This property and an additional 55 acres from the Veteran's Park would be used to construct a nine-hole golf course to go with the present nine-hole municipal course. The remaining 150-plus acres would be developed as money becomes available. "IF A PROPER petition signed by the taxpayers of the City of Hereford, Texas, is presented calling for a bond election for the purpose of improving the park, such election will be called", said Mayor Ray Cowsert. "In the event a bond issue is not voted for the purpose of developing the park, the City of Hereford can only develop the same out of its budgeted operating fund", he said. He also told the group that help would come from many sources if the city was decided the property for development. The mayor apparently had reference to local civic groups who have been anxious to help develop a large city park. Veterans of Foreign Wars will

LAST YEAR, the youth collected approximately \$1,400 for the drive. Hereford was rated fourth in the state in collections including cities as large as Houston, Dallas and San Antonio. Money solicited for the program will be used to buy food and milk for the underprivileged peoples overseas. Two committees, one from high school and one from junior high school, organized the annual drive this year. Serving on the high school committee was Jana Cole, Jo Frances Deavenport, Jean Roberson, Sharon Garrison, Jane Messick, Shelly Rush, Margaret Adams and Beverly Lemons. Those working on the junior high committee were Kerri Damon, Betty Hodges, Greg Chisom, Marsh Pitman, John Martin, Mark Woodward and Jackie Meredith.

Art of Past, Future Subject In Pioneer Club

Futurism in Art was the subject of Mrs. Juston McBride, guest speaker to Pioneer Study Club at a recent luncheon. An art student and painter since childhood, and winner of a 1965 citation in Texas Fine Arts Association show, Mrs. McBride was introduced by Mrs. Bess Werner, program chairman. She spoke of the long history of painting, which can be traced to the Stone Age, as a background for understanding modern art. Pop art she called a fad, but abstract art something to study since many museums are filled with it. Relation of old and new art forms were shown as she displayed paintings, wax sculpture and mosaics. The speaker predicted the coming of universalism in art, the kind which can be appreciated the world over. Mmes. Paul Rudd and Mary Seiger were hostesses at the Caisson House. Tables were strikingly decorated with fall flowers and berries in garland effect. Mrs. Wirt Phillips presented the devotional talk, Let Beauty Be Seen in Me. Twenty-two members were present.

Arnprister Wins American Legion Speech Contest

A Hereford High School senior, Paul Arnprister, was named winner of the 29th annual Contest sponsored by the local American Legion post here Wednesday. Arnprister, son of the Rev. and Mrs. Noah Arnprister, gave the winning speech on the subject of the Constitution of the United States. NAMED SECOND place winner was Tony Malouf, son of Mr. and Mrs. Hanna Malouf. Malouf, who moved with his family to the U. S. from Lebanon, just recently received his U. S. citizenship. Arnprister will compete in the American Legion's Zone Oratorical Contest, to be held here Nov. 9. He will be competing with entrants from Canyon, Friona, Happy, and Dimmitt. Winner of the zone event will compete on the district level Nov. 18 in Amarillo. Arnprister is scheduled to give his talk at tonight's meeting of the Toastmasters Club.

Bayne also said there had been no official protest filed by Dameron at a public hearing prior to contracting for the project. A bid for \$1,996.36 from Signal Sales and Maintenance of Dallas was rejected on the recommendation of Bayne, because of past experience with the brand of signals that were bid. Other bids received were, Graybar Electric Co., Amarillo, \$2,758; Traffic Signals, Inc., Dallas, (controls not included) \$1,199.90; Signal Engineering Co., Houston, \$2,462.32, and Nunn Electric Supply, Amarillo, \$2,808.

Hereford Man On Rescue Flight Ends Up Rescuing Himself

Darel C. Jones, son of John A. Jones of Westway, may have saved himself and a companion from being victims of the war in Viet Nam recently. Jones' routine work consists of piloting a helicopter and flying rescue and delivery missions. He drops off the American forces on the battleground and rescues the soldiers who have been wounded on the battlefield. RECENTLY he was flying a routine mission with a mechanic sergeant to go in and pick up a helicopter which had been downed due to a defective rotor bearing. As they were flying in to the plane, they were hit by Vietnamese fire, which punctured their fuel tank. They managed to fly to the crippled plane, but were unable to fix the holes in their own gas tank. Quick thinking on the part of Jones, who was also an airplane mechanic, saved the day for the two. He with the help of his companion took the rotor bearing off the one helicopter and replaced the one on the crippled plane and flew out safely. Jones served nine years in the navy and then transferred to the Army. HE WAS sent to Viet Nam when the first soldier buildup was called by President John

Hereford Men Hurt In Wreck To Be Returned

Eight Persons Appear In Court

Eight county court cases were heard this week by Judge H. C. Williams, resulting in fines from \$50 to \$175 and jail sentences from three days to six months. THE SIX-month sentence was handed down by Judge Williams to 48-year-old Roy Cecil Simmons, on a charge of driving while licenses suspended. Simmons has been convicted of this charge on two other occasions in the past, in Childress County and Potter County, and has had 11 convictions of driving while intoxicated, which prompted the judge to levy the maximum sentence for this offense. A sentence of 30 days plus cost was given James G. Noyes on a charge of child desertion. Santiago L. Madrigal was fined \$50 plus cost for driving while license suspended. Five men were convicted of driving while intoxicated. Eulio R. Garcia received three days and \$100 fine plus cost; Erineo R. Pedroza, three days and \$150 fine plus cost; Michial E. Medina, three days and \$175 plus cost; Murrillo, three days and \$100 plus cost; and Richard F. Pickens, ten days and \$75 plus cost. Pickens was given probation.

### Citizen Of The World Is LaPlata Club Topic

A thumbnail biography of U Thant, Secretary-General of the United Nations, and a review of some of his beliefs on world problems made up a picture of A Citizen of the World presented for La Plata Study Club Tuesday evening by Mrs. Jay Boston.

Members named their favorite world citizens in response to roll call and Mrs. Boston began her talk by saying that it is difficult for us to realize that we are all world citizens and have a responsibility for world as well as national peace and well-being. Peace cannot be achieved by near-passivism, she added.

She pictured U Thant as a tolerant, intelligent and diplomatic man, a Burmese who is serving a five-year term in the

United Nations due to end in 1968.

His ideas that no people really wants to enslave another nation or race, that co-existence is necessary for survival, that no issue can be settled permanently by force and without compromise, were discussed in her talk.

Mrs. Bill Michael conducted a business session in which plans were made to bring gifts to the next meeting for patients in Wichita Falls State Hospital. A Thanksgiving dinner is set for Nov. 16 in First National Community Room.

Guests were Misses Ellen Pinnell and Wanda Nelson, workers with the domestic Peace Corps, VISTA, at the labor camp here. Other members present were

Mmes. Raymond White; Joel Treadwell, Urlin Streu, Joe Smith, Philip Shook, A. J. Schroeter, Kenneth Rogers, Dennie Richardson, Franc Prowell, Lloyd McGee, Emil Dettman, Eugene Campbell, Jack Brown and Milton Adams.

# Bravo!

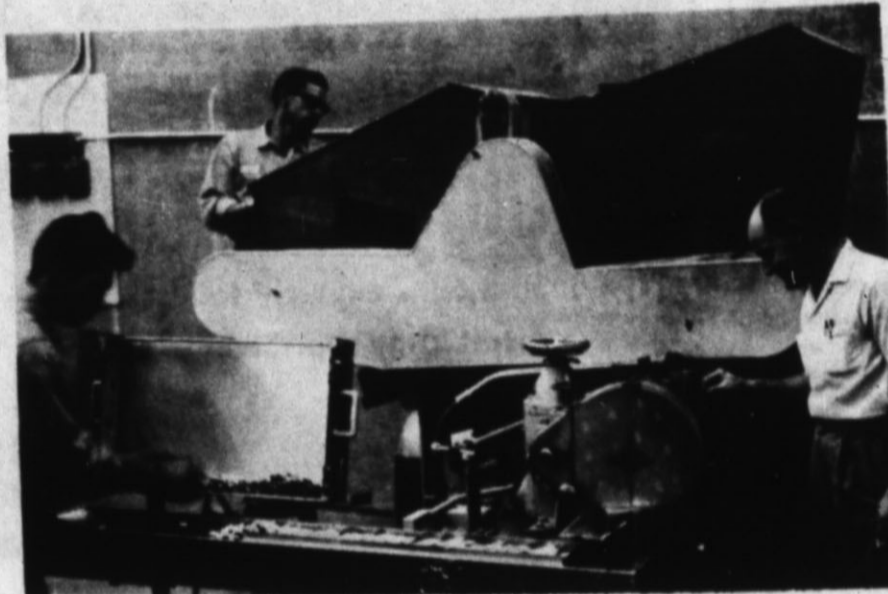

Bravo Smokes' factory here will be unveiled to members of the press today as the nation's first lettuce smokes go on sale in Hereford and Amarillo. The product is produced in a small but busy factory which is a beehive of activity as lettuce is processed and transformed into Bravo Smokes, a smoke which looks and tastes like most major brand cigarets. Shown here are a few scenes in Bravo's factory.

Autoclave sterilizes shredded lettuce leaves.

## Bravo . . .

(Continued from Page 1)

beginnings on a summer night at a Long Island, N. Y., garden party.

AN ANIMATED conversation between Torigian and Joseph Genovese, Sr., set in motion the chain of events which led to Bravo Smokes. Genovese, the owner of a chain of retail drug stores, had envisioned the potential of a tobaccoless smoke almost 30 years ago.

In 1936, Genovese had begun work in his laboratories on the problem which Torigian — a former research chemist — was to solve for Bravo.

Genovese, following the conversation with Torigian, elected to turn over the project to the personable researcher, who is of Armenian descent.

After Torigian had finalized the processes used to make the lettuce smoke, he began searching for the proper place to launch manufacture of the product.

HIS EFFORTS became known to the Deaf Smith County Chamber of Commerce, who wrote Torigian to invite him here.

He replied with a letter saying, in essence, the proposed facility was too big a project for a town the size of Hereford.

Local businessmen replied with the letter which could be boiled down to say, "You just try us."

MOVED BY the invitation, Torigian came and found ample enthusiasm displayed here concerning his proposed plant.

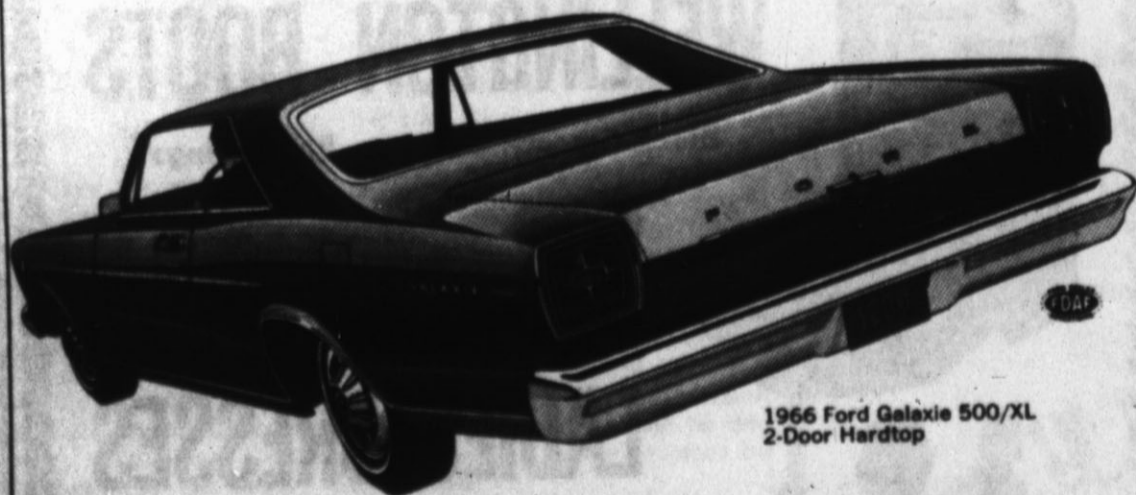

In late July, he began seeking local financial backing for Bravo Smokes — and soon 25 investors formed Deaf Smith County Development Corp. to back the venture.

And as a result, Bravo Smokes go on sale today in Hereford and Amarillo for some 40-45 cents per pack.

Production began last month. A volume of some \$1.5 million has been set as the goal for the first year's operations. Building of a second, larger plant, also in Hereford, is planned next year.

**Farm Bureau Begins Move To New Office**

Members of the Hereford Farm Bureau Agency began moving into their building on West Park Avenue Monday. The new building is 36 by 66 feet and houses offices for the Bureau director and agents. The building also contains a meeting room which is available to members.

CONSTRUCTION of the \$32,000 structure was begun in August by Lindy Daniels. The building is constructed of light brown brick and has no windows. It has year-round air conditioning and is illuminated by indirect lighting. Those planning the building have made use of modern furnishing, decorative grill work, carpet and birch paneling inside the building.

PLANTERS and a tile floor decorate the airlock entrance to the building. Special services are offered to members through the facilities of the new building. For the first time members will have a meeting room and the building will also contain five offices for adjusters and agents.

Deaf Smith County Farm Bureau was organized in 1953 and has grown to a membership of 670. The new building will be adequate for the bureau until membership reaches 1,000 according to Bureau officials.

Further plans for the annual convention of Top of Texas District Federated Women's Clubs, which will be held here next spring, were made at a conference of Hereford and Canyon club leaders Friday. Canyon will assist with convention hostess duties.

Hereford conferences were Mrs. Ray Johnson, co-chairman of arrangements for the convention; Mrs. L.H. Lookingbill Sr., President of Pioneer Study Club; Mrs. R. E. Lance Jr., president of Summerfield Study Club; Mrs. Will S. Kerr, representing Bay View Club.

Mrs. Robert L. Lindsey, district president, came from Canyon, with Mrs. A. V. Laird, Shirley White and Troy Martin, representing the Federated Clubs there.

Other members and parents present were Mr. and Mrs. Claude McGowan, Ellen and Tom; Mr. and Mrs. Dane Justice, Kenneth and Larry; Donna Woodward; Mr. and Mrs. Bud Burgess, Tracy, Todd and Eddie; Mr. and Mrs. C. W. Sanders, Roger and Kevin; Mr. and Mrs. George L. Olson; Mrs. Jim Easley, Steven and Wade; Mr. and Mrs. Thurman Atchley and Sue; Mr. and Mrs. J. E. Brooks and Rodney, Mr. and Mrs. C. T. **Man Arrested Here On Utah Criminal Charge**

The Deaf Smith County Sheriff's department has arrested a man here on a warrant from Webber County, Utah, charging him with rape.

Sheriff Lowell Sharp reported that a deputy arrested Sesar A. Limon, age 20, last Sunday. Limon was reported to be in this area picking lettuce and at the time of his arrest was living at the Labor Camp.

Officers from Ogden arrived Wednesday to return Limon to that city to face the charge.

WIGGLY PIGGLY WIGGLY PIGGLY WIGGLY PIGGLY WIGGLY

By MELVIN YOUNG

One way to get a teenage daughter to help with the dishes is to convince her it will make her more sure-handed in twirling a baton.

—HB—

The Goblins have come and gone, and generally speaking, it was a quiet halloween night. Hereford's youngsters should be commended for their actions Saturday and Sunday night. To the best of our knowledge, there was not one serious incident either night.

In contrast to this, the Amarillo police department reported more than 50 cases of automobile windshield and window glass damage, and other malicious destruction, including, three fires blazing at one time.

It's good to know that our teen-agers were out working on such worthwhile programs as the CROP drive, and that the little ones can have their fun "trick or treating" without being bothered.

We've seen some pretty wild halloween nights in the past, but Saturday wasn't one of them.

There was one little incident that brought a chuckle to all who viewed it. Someone placed a "flaming john" (a commode filled with gasoline) on a city street.

That's what's known as a "hot seat".

—HB—

And as long as we're passing out bouquets, we might as well commend the members of Hereford's American Legion Post for their civic-mindedness in approv-

ing a proposal to give the Veterans' Park to the city of Hereford for further park development, which incidentally, will include an additional 9-hole golf course.

The Legionaires voted 47-15 to go along with the city proposal. The Veterans of Foreign Wars will vote tonight on the same proposition, and then the proposal will go before a joint meeting of the two veterans organizations for final approval.

The park situation has been kicked around for a long time, and even if the proposal carries tonight, there is still a "long road to hoe" before the 200-plus acres will be a show-place. But at least we will be making some progress.

The veterans organizations have done some work in the park, including placing picnic tables along the creek and other improvements. But the overall job is big. Too big we feel, or the veterans organizations to handle alone. It will take the combined efforts of all the citizens of our county to really make a nice park out of this property.

Perhaps it's a little early to speculate, but we feel sure that all the civic clubs in Deaf Smith County will pitch-in and help on a joint project.

And, let's not knock the "golf course" idea. Personally we don't play the game, and from the standpoint of our own enjoyment, we couldn't care less. But the fact remains that good recreational facilities such as a golf course tend to attract industry to our area. This may seem a little far-fetched, but if you don't believe it, just check with the Chamber of Commerce and find out what the principal requirements are when a large corporation considers our area. Recreational and educational facilities rank right at the top.

All veterans are urged to be present for the meeting tonight.

—HB—  
Mrs. Paul Hager called to tell us that Sunday, Nov. 7, will be Byrle Elliston's 90th birthday. Humm. Suppose we're telling his secrets? Byrle has always told us that he came up the Palo Duro with Coronado. And he about had us convinced. Anyway, we wish him many more returns.

—HB—  
And about the same time, Charlie Sutton, Manager of the telephone company calls to let us know that Opal Elliston has just completed 19 years of employment with the telephone company, and in that time has never missed a days work. That's a pretty good attendance record.

The Ellistons aren't related, by the way.

—HB—  
And don't forget the big auto show Saturday and Sunday on the parking lot of the Hereford State Bank.

There will be free prizes, refreshments and a "bunch" of new and used automobiles to look at. That's all day Saturday and from 1 to 5 p. m. Sunday. The man who says he never makes a mistake just did.

### Relatives Visit Mrs. McGeehee

A group of relatives met Sunday in the home of Mrs. W. M. McGeehee in a reunion which included visitors from California and Missouri. Mrs. McGeehee recently returned home after spending the summer in California.

Her daughter Mrs. Russell O. Hulp and family of Long Beach have been her guests. They were here for the Sunday Luncheon then left for their West Coast home Tuesday. Her son Wallace McGeehee and Mrs. McGeehee of Kansas City Mo. were also in the party before returning home Monday.

Others present were Mrs. McGeehee's cousin, Jim Dines of Kress; nieces Mrs. Bill Yates and Stella Cowart of Olton; Laura Kennedy of Corpus Christi and Ruth Gautier of Lubbock; nephew, Henry Cowart of Olton. Hosts with Mrs. McGeehee to the visitors were her daughter, Mrs. R. O. Stark, and Mr. Stark.

# Protest Provisions Of New Code

## Laws Place Officers 'In A Bind'

By VERN SANFORD  
Texas Press Association

AUSTIN — Texas law enforcement officers are urging Gov. John Connally to call a special session of the Legislature to repeal the controversial new Code of Criminal Procedure before it becomes effective Jan. 1.

Texas Police Association has petitions circulating among lawmen in 60 police departments, calling on Connally to do something about the code.

MANY lawmen fear forthcoming changes in the statutes will hinder them in combating crime in Texas. They feel new procedures tend to molly-coddle criminals.

Meanwhile, Atty. Gen. Waggoner Carr is continuing a series of seminars over the state to explain provisions of the new code. A conference at the University of Texas on Nov. 11-13 will explore it in depth.

State Bar Association, which assumed leadership in putting across the changes after years of study, received praise for its efforts from Civil Liberties Union.

Commented Austin Police Chief Bob Miles, past president of Texas Police Association: "To be perfectly frank, the more we read of the new code, the less encouraged we feel."

APPOINTMENTS ANNOUNCED

Governor Connally named three new members to the State Commission for Blind: Mrs. Alfred A. Ratner of El Paso, Woodrow Wilson Sanderfer of Houston and Frank Roberston of San Antonio. They succeed James R. Curtis of Longview, Burt Risley of Austin and W. Reginald Taylor of Columbus.

Connally reappointed Zeb-Fitzgerald of San Marcos, Ed DeLeon of Cuero, and Edward Reese of Gonzales to the board of directors of the Guadalupe-Blanco River Authority.

Li. Gov. Preston Smith picked Joe E. Ward of Wichita Falls as his layman appointee to the Interim Committee on Faculty Compensation in State Supported Colleges and Universities.

A Beaumont banker, I. F. Betts, was elected chairman of the Texas Research League at the annual meeting in Austin. Betts replaces Tom Sealy, Midland attorney. League is a privately financed governmental research agency.

John W. Burcham, chief of insurance for the Texas Employment Commission since 1958, has been named the Commission's general counsel effective Nov. 1.

**POLLUTION STUDIES**  
Strong moves to abate present pollution of Texas streams and to prevent further contamination are being made by State agencies.

Texas Railroad Commission continued its series of moves to pinpoint oilfield salt water pollution and outlaw it. Latest was an order giving oil and gas operators in Lipscomb County until May 1 to quit using surface pits for disposal of salt water.

Texas Water Pollution Control Board had a show-cause hearing on seven sewer plant operators in the Clear Lake Basin of Harris and Galveston Counties. Plants failed to come up to standards ordered by the Board to protect the NASA center are a water courses from pollution. They were given until Feb. 1 to comply.

**TIGHT rules for the Houston Ship Channel** also were proposed by the Pollution Control Board. On December 1, a hearing will be held for suggestions before the regulations are put into effect.

A legislator-citizen committee on pollution, headed by Sen. Culp Kueger of El Campo, also held two days of hearings. Committee called in 18 operators of Harris and Bexar Counties to see what their problems are and what new laws might help improve things.

All of this activity has as its background the new federal law, giving the states until June 30, 1967, to adopt and make plans to enforce purity standards on all their streams. Otherwise, the Federal government will set up its own anti-pollution measures.

**INSURANCE RATE CUT**  
State Board of Insurance approved an average decrease of 2.9 per cent in Texas workmen compensation rates, effective December 1.

Annual savings on premiums are estimated at \$4,500,000 a year.

THERE are about 600 categories of compensation coverage. Some will be increased, some decreased sharply, but the overall average cut will be 2.9

per cent.

**TOP OFFICIALS QUIT**  
Two top state appointive officials have resigned.

Insurance Commissioner J. N. Nutt said he was leaving his post, effective Nov. 1, to return to private business.

Dr. Cyril J. Rullmann asked to be relieved as acting Commissioner of Mental Health and Mental Retardation before Jan. 1. He said he would "pursue a longstanding interest in medical education and private practice."

Dr. Shervert H. Frazier, director of the Houston State Psychiatric Institute for Research and training, was named to replace Rullmann.

**MARRIED MEN IN DRAFT**  
State draft boards in December will be authorized to draft any childless married man, regardless of when he was married, to fill Texas' largest draft call in 12 years — 1,714 men.

New policy pertains to men 19 through 25 years old, according to Colonel Morris S. Schwartz, state Selective Service director.

**ATTORNEY GENERAL SPEAKS**  
Licensed beauty operators can not legally work in barber shops, shampooing, tinting or styling hair of male patrons, says Attorney General Carr.

Barbers and beauty operators, he cautioned, have separate state licensing laws and regulatory boards.

In other opinions, Carr concluded that the Dallas Junior College District has no authority to tax intangible assets or rolling stock of railroads; and that a "pour and shake" flour is pro-

hibited from sale because it does not meet standard measures and is not designed for "special or limited use."

**SECOND CONFERENCE**  
The second annual conference of the Central Texas Industrial Development Council will be held Nov. 12 at Baylor University in Waco, the Texas Industrial Commission announced here.

Council is comprised of Central Texas community leaders actively engaged in industrial development programs. It is charged with attracting industry to the area and encouraging the expansion of existing industry.

**BUSINESS INDEX DOWN**  
Texas business activity index dropped six per cent during September from an August high, according to the U. T. Bureau of Business Research.

Index still was 7.9 per cent above September of 1964.

Biggest monthly drop was in Dallas (14 per cent). Fort Worth and Houston had small declines and San Antonio a six per cent increase.

Business for the first three quarters averaged 12 per cent above the same period for 1964.

**SHORT SNORTS**  
Agriculture Commissioner John C. White proposes strict enforcement of egg laws aimed at off-quality eggs from out-of-state.

Attorney General Carr filed suit for injunction and \$3,900 in penalties against O. J. McCullough of Houston for building a dam across the San Jacinto River near Conroe.

Biggest Library construction program in Texas under match-

ing funds provision of the Library Services and Construction Act (\$175,000) got underway at Brownwood November 4.

Bowie, Carson, Crosby, Ecton, Garza, Hill, Jackson, and Midland counties received distinguished service awards of Texas State Historical Survey Committee for interest in local history and marking landmarks.

Texas Highway Commission will initiate a study of the Highway Beautification Act bill to determine the manner in which its provisions may be affected.

Governor Connally has approved Neighborhood Youth Corps projects in Olton, Orange, Slaton and Paducah.

**COLLEGE officials and the Texas Education Agency** conferred in Austin over the weekend on the need for training methods to turn out teachers capable of meeting modern-day requirements of the growing school systems of Texas.

Dr. James E. Featy, State Health Commissioner, has been named president of the American Association of Public Health Physicians.

Wealthy Houston tobacco dealer, Mair J. Schepps, is being tried here on charges of multi-million cigarette tax fraud.

Surprisingly good as a sandwich filling on brown bread: chopped raisins, chopped green olives (plain or pimento-stuffed) and mayonnaise or mayonnaise-type salad dressing.

Diced cucumber as well as the usual diced celery makes an excellent addition to a shrimp and mayonnaise mixture that is to be used as a salad or sandwich filling.

ONE OF TOP AAA GAMES IN STATE

## Demon, Hornet Battle Set Friday

### Dumas Favored Slightly With 7-0 Season Slate

Probably one of the top AAA games in the state Friday will be the Tullia-Dumas clash at Dumas with the Demons favored slightly over the Hornets.

Tullia's Hornets gave Dumas its closest game last year, holding the Demons to only a three-point victory.

Coach Bill Spann at Dumas said "Hereford, Perryton and Tullia are all about equal this year in our district and all may be capable of beating us."

Coach Jimmy Keeling at Tullia said, "This will definitely be our roughest game thus far."

DUMAS has an unblemished 7-0 record and Tullia has a 6-1, dropping its only game to Perryton two weeks ago.

"Tullia has a quick and aggressive defense and they have been extremely tough all year," said Spann.

"Their offense is also nothing to be slighted at all," he continued, "they are quick and handle the ball well."

DUMAS has Tullia outweighed 10-11 pounds per man. "Our heaviest man on the team weighs about 235," said Keeling.

"Dumas is a quick team and they have a way of getting away from you," he continued.

"If we can hold them we will make a better showing against them, but if we can't they may thrash us."

BOTH DUMAS and Tullia are in good shape with Dumas reporting only one injury early in the week.

Bobby McVicker, Demon defensive end, broke his thumb in the game with Muleshoe two weeks ago.

"We still have the toughest games ahead of us this season," commented Spann.

PROBABLE starters for Dumas on the line will be Billy Frye, center; Marshall Rigdon and Billy King, guards; Larry Lewis and Gary Hall, tackles.

### Bees Seek 2nd Victory Over Mules Saturday

The Hereford Whiteface B-team will clash with the Muleshoe B-team Saturday morning immediately following the Freshman game which begins at 9:30.

HEREFORD opened its season with a 32-6 win over the Mules.

Coach Don Dorman moved Ronnie Henderson to the right halfback position and Ralph Loerwald to the right end with Randy Kreighauser alternating with Henderson and Benny Leigh alternating with Loerwald last week.

Dorman said he was "real pleased" with the team's effort in its game against Canyon.

HEREFORD downed the Canyon Bees 40-0 last Thursday.

KREIGHAUSER averaged 9.2 yards per carry in the game with Canyon with Gary Goodie averaging 5.8 yards per carry.

Dorman said in the first game with Muleshoe the Hereford bunch were held by the Mules to a 6-6 tie at the end of the first half with the majority of the scoring coming toward the last of the game.

"All of the men on the team played in the Canyon game and they all got at least one tackle," said the coach, "I think our team has improved a lot since the first of the season."

Coach Jack Meredith credits much of the Herd's 5-1-1 record thus far to a powerful Whiteface defensive delegation.

THE FACES' mentor went on to name four linemen whom he credits with leading the Herd's defensive efforts:

CHARLIE BREWTON guard ED MIMS tackle TONY MALOUF tackle RICKY FANGMAN tackle

## Four Whiteface Linemen Spark Defensive Delegation

The Hereford Whitefaces — sporting one of its best ballclubs in recent history of Hereford High — is riding atop one of its best won-lost records this year.

Thursday, Nov. 4, 1965 SECTION TWO

The four leading linemen for the season are Charlie Brewton, guard; and tackles Tony Malouf, Ricky Fangman and Ed Mims. BREWTON leads the entire team on defensive play, making seven unassisted tackles.

He has assisted in 46 other tackles, covered one fumble, and has stopped two of the opponent's passes, giving him a total of 54.

Close behind Brewton is Malouf, who has been a defensive standout during the year, making nine unassisted tackles.

MALOUF has assisted in 40 other tackles and has recovered one fumble for a total of 50.

Fangman, who played his best defensive game of the year against Perryton, has one unassisted tackle during the season.

He has assisted in tackling 48 runners, has covered one opponent fumble and stopped one pass for a total of 49.

Mims has also seen a good season thus far, having three unassisted tackles on his record.

HE HAS assisted in 32 tackles and has covered two opponents' fumbles, giving him a total of 37.

Mims is the only one of these four who is a senior this year. Brewton and Fangman are juniors and Malouf is a sophomore.

TWO OF the men weigh over 200 pounds. Mims is the heaviest at 178.

Bill Coffin at tackle and Wayne Miller at guard have also had good seasons, although they did not play regularly the first few games. Both have been credited with 24 defensive points.

COFFIN is credited with two unassisted tackles, assisted on 30 others, covered one fumble and stopped one pass.

Miller has two unassisted tackles, helped out on 17 others and stopped three passes giving him a total of 22.

### Speed, Passing To Whitefaces Advantage In Friday's Clash

By DAVID BUTLER Sports Editor

Lack of speed in the backfield, and an inexperienced pass defense on the part of Muleshoe may be to the Whitefaces' advantage Friday when the two teams clash in Whiteface Stadium at 7:30 p. m.

### Frosh Meet Mules

Hereford Freshmen will face Muleshoe here Saturday morning at 9:30 in Whiteface Stadium.

The Frosh defeated the Mules in their first game of the season by a narrow 8-6 margin.

COACH Harold Sides said the team spent the majority of the first part of the week working on fundamentals and will spend the last of the week practicing offensive and defensive play.

The Frosh doled the Canyon Freshmen a 20-0 beating last Thursday.

Tom Lesly, Bill Cole and Sheldon Alexander scored for the Frosh and Jim Scott scored the extra points.

LINEMEN Alexander, Allen Clark, Dusty Duncan and Jerry Crume all played "very well" in the game according to Sides.

Coach Sides said the team has played well in the last few games showing a good example of team effort.

THIS IS the final home game for the Frosh with the team having two more road games with Friona and Tullia.

"Everyone played in the game with Canyon and they all did an excellent job," said the coach.

"We defeated Muleshoe once this season, but they have improved a great deal since that game," said the coach, "I think we have also improved."

Both coaches Bill Spann of Dumas and Jimmy Keeling of Tullia said the Mules hit them harder than any team they have played this year.

THE MULES led the Demons at the halftime 7-0 and in the Tullia game allowed the Hornets only seven points in the first half.

Hard hitting on his part of the Mules caused the Demons to bobble the ball five times during the first half.

Muleshoe dropped the game with Dumas 28-7 and the game with the Hornets 28-0.

THE MULES sport a 4-3 record for the season, dropping their only game to Denver City.

Hereford mentor Jack Meredith said "Muleshoe is definitely improved over last year and will be a tough defensive ball club."

"Ronnie Swint is probably one of the best fullbacks in the conference this year," he continued.

"We will cover all phases of our play this week in preparing for them," said the coach.

"THEY throw the ball quite well and are fairly successful in their passing," said the coach.

Joe Adams, Mule halfback, is another dangerous player for Muleshoe. He has scored for the Mules on a number of occasions, can kick a fieldgoal from as far as 35 yards out and hasn't missed an extra point kick since the first game of the season.

John Thompson, quarterback for Muleshoe, likes to run with the ball and has been successful in several scoring attempts with the quarterback sneak.

HALFBACK Ranson Jones has not done as well in the past few games as he did in Muleshoe's first game.

### Games Moved To Saturday

Due to the two junior high games scheduled here Thursday afternoon, both the Freshman and B-team will play their games on Saturday morning with the Frosh game starting at 9:30 a. m. and the Bee game starting immediately afterwards.

The junior high Dogies will clash with Canyon Junior High teams Thursday afternoon at 5 p. m. for the seventh graders and 6 p. m. for the eighth graders.

### Muleshoe Jaycees Set Crane Hunt For Bird Hunters

Bird hunters interested in hunting Sand Hill Crane are invited by the Muleshoe Jaycees to come to Bailey County and hunt on 1,800 acres leased by the club.

BAILEY COUNTY is the only place in the country where one can hunt these birds.

Season for the cranes opened Oct. 30 and will remain open till Nov. 30.

The bird weighs eight to nine pounds and has a wing span of six feet.

FEE FOR hunting on this reserve is \$3 plus the hunting permit.

About 200,000 of these birds winter in Bailey county each year.

Those wanting to hunt in this Jaycee reserve should go to the Corral Drive-In in Muleshoe and pay their fees and directions.

## FINAL HOME GAME Injuries Plague Buffaloes' Society

After winning its first five games, West Texas State will take a two-game losing streak into this Saturday's final home game of 1965 against Drake University of Des Moines, Iowa.

ALTHOUGH the Buffs dropped a 27-12 decision to Memphis State in Memphis last weekend, the coaches felt the team played pretty well overall and was mostly just "outhorsed."

Drake, just as have the five previous opponents of the Panhandle team, has an outstanding quarterback in Ron Royer.

For the past five weekends, the West Texas State defense has had to contend with John Goodman of Arizona State, Les Obie of Trinity, Jon Henderson of Colorado State University, Sal Olivas of New Mexico State and Billy Fletcher of Memphis State.

Royer's record ranks with any of the aforementioned group and he may be just as hard to stop. He has amassed 1,038 yards in total offense in seven games, 199 of which has been gained on the ground. His passing record 51 completions in 98 tries for 839

yards and seven touchdowns. BUFFALO quarterback Hank Washington hit 10 targets at Memphis to bring his season's total to 88, two more completions than former record-holder Jim "Corky" Dawson of Borgos had in 1960. Both Buff ends Ted Wheeler and Roy Armentrout, surpassed the record for catches in one season against the Tigers.

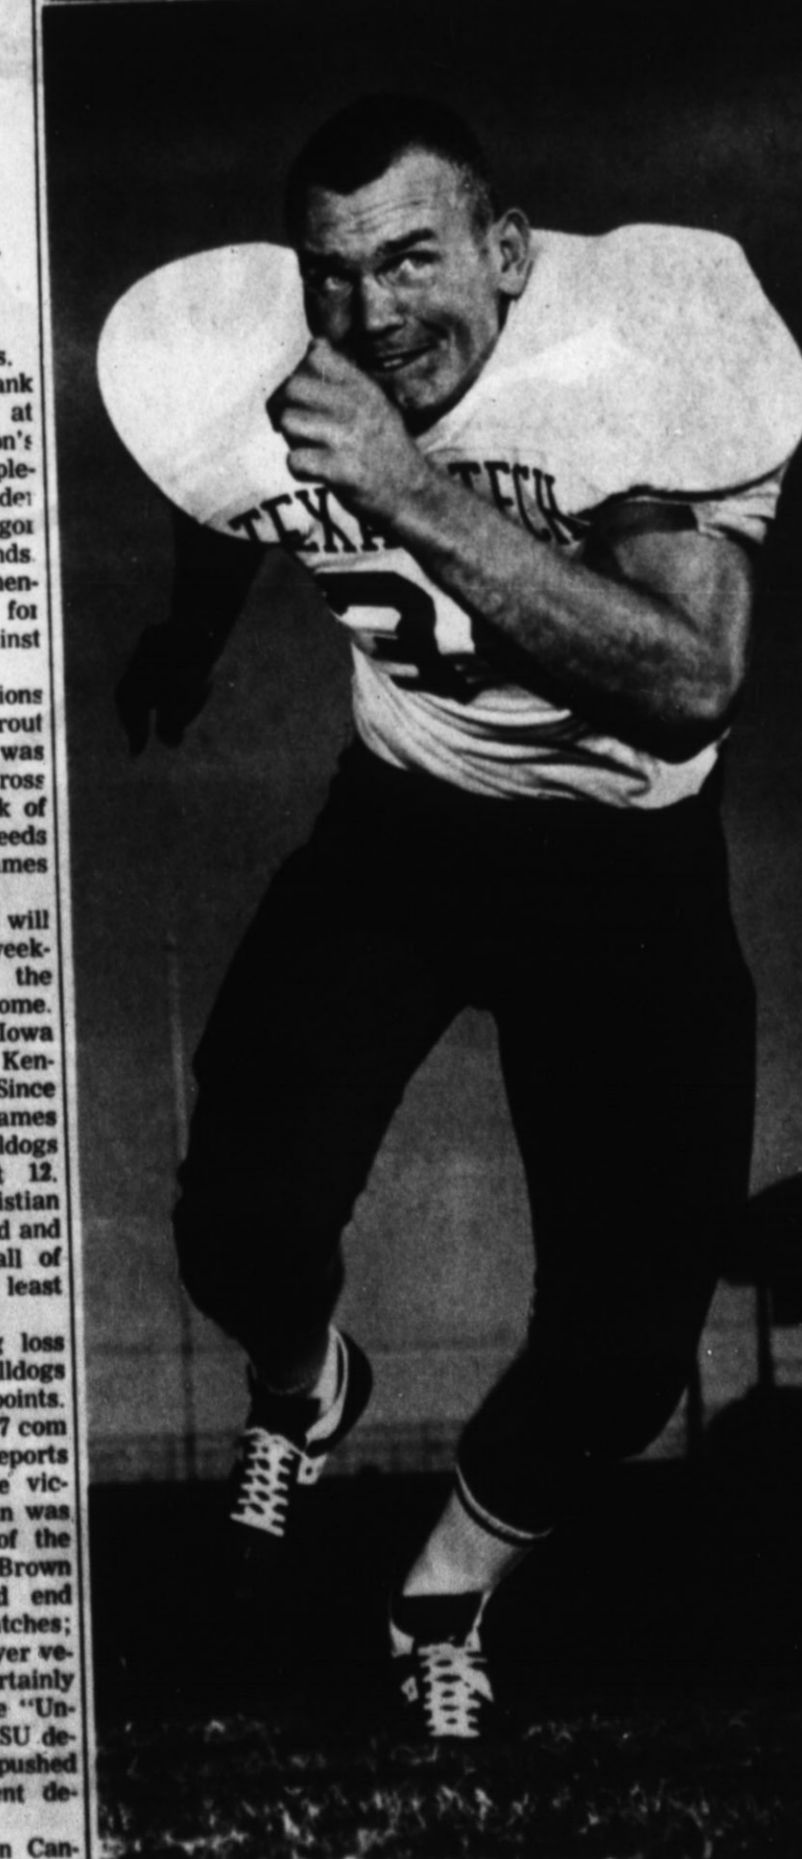

Wheeler now has 25 receptions for 227 yards and Armentrout has 24 for 343. The record was set by Bill Cross in 1950. Cross still holds the yardage mark of 456 although Armentrout needs only 114 in the final three games to shatter that mark.

One big thing the Buffaloes will have going for them this weekend is momentum while the Buffs will need to build some. Drake has lost only to Iowa State, 21-0, and Western Kentucky, 28-21, this season. Since they won their last five games in 1964 that means the Buffaloes have won 10 of their last 12. They handled Abilene Christian with ease, 24-7, last weekend and as a matter of fact, all of their wins have been by at least 14 points.

ONLY IN their opening loss to Iowa State have the Buffaloes been held to less than 17 points. Their average output is 20.7 compared to 15 for WTSU. Reports from Des Moines say the victory over Abilene Christian was "the Buffaloes best game of the year."

Fullback Ray Brown (437 yards rushing) and end Manley Sarnowsky (20 catches; 51 points) complement Royer very effectively and will certainly be a stiff challenge to the "Unfriendly Society," the WTSU defensive unit which was pushed about a bit in the recent defeats.

Another gloomy note in Canyon is the fact that the Buffaloes lost two members of the Society to injury. Safety Steve Haterius suffered a dislocated shoulder and guard Marc Allen, who won the MVP award for his work against New Mexico State, received a broken bone. Both are probably out for the season.

TO START SATURDAY—Jim Honey of Hereford will start in the linebacker position for the Texas Tech Red Raiders Saturday in the game against New Mexico State. Honey replaces Kenneth Gill, who was injured last week in the first game of the Tech-Rice game. Honey will be calling the defensive signals for the Raiders. Tech moved into the number nine position in the UPI football poll this week after defeating the Rice Owls last week 27-0. (Tech Photo)

## Civic Leaders Guests To Hear Youth Panel

Young Hereford residents who attended the Attorney General's Youth Conference at Austin in August summarized findings of that statewide event in a series of two-minute talks as program guests at the Business and Professional Women's Public Relations dinner Tuesday evening.

Heads of other civic and service organizations of the city were B&PW guests at the Cason House to hear the panel of six give graphic and concise accounts of problems discussed and solutions proposed at the weeklong session.

Constructive use of juvenile energies as well as control of juvenile crime interested the hundreds of teenagers and the adult speakers at the meeting, the reports showed. John Perrin acted as master of ceremonies and gave a brief resume of the trip.

Patti Roach told of summer employment plans used in some Texas cities, also of tutoring programs to prevent school dropouts; Carolyn Boynton described Junior Achievement corporations in which teenagers manufacture and sell products, and also spoke of the problem of alcoholism.

Jana Cole's topic was youth programs for radio broadcast and teenage juries for young traffic offenders. Retha Kelly discussed other problems of young drivers and told of talks by convicts who analyzed youthful attitudes leading to crime. Bob Gentry gave statistics on juvenile crime growth and described

Youth Week programs sponsored by churches of some communities.

Mrs. J. J. Durham, adult sponsor of the group, announced that the six youths are available for local programs. She is a member of the B&PW Club, which sponsored the trip for the Hereford group, paying their expenses.

John Aiken, Hereford lawyer who is county chairman of the

program, expressed appreciation to the club for this service.

Kathleen Baker, B&PW president, was master of ceremonies at the dinner. Wayne Thomas, president of Deaf Smith County Chamber of Commerce, responded to the welcome by Mrs. Durham. Ruby Lee Hickman spoke briefly on significance of the club emblem, which was reproduced in gold design on place cards.

Ursalee Jacobsen, program chairman, included panel members. Organ music by Mrs. M. H. Richle entertained during dinner.

Guests introduced by Mrs. Baker included O. Z. Golden, president of the Lions Club; Gwynne Owen, Rotary Club; Charles Duvall, Kiwanis Club; Vance Crume, Optimist Club; Charles Skinner, ABC Club; John Meador, Junior Chamber of Commerce; Monk Johnson, Variety Park; Bill Thompson, manager of the Chamber of Commerce; Melvin Young of the Hereford Brand and Roy Faubion of Radio Station KPAN. Club members introduced their guests for the annual dinner.

### Card Of Thanks

We wish to thank the priests, the doctors and nurses, and everyone for the food, flowers, prayers, words of sympathy, and kindnesses shown us during our recent sadness. May God bless you all.

### Annual Holiday Fete Announced

A Thanksgiving dinner which has become a traditional area event will be held in the parish hall of St. Phillip's Church at 7 p. m. Nov. 25. The dinner is part of an all-day festival and bazaar with the Rev. Stanley Crocchiola as general chairman.

This is the 20th annual Thanksgiving festival featuring the dinner, served from 11 a. m. to 2 p. m. and from 5 to 8 p. m. More than a ton of sausage has been prepared by men of the parish under direction of A. J. Sokora, and the women with Mrs. A. A. Duesterhaus as chairman will cook 30 turkeys for the meals.

Carnival attractions will be operated through the day; a cotton auction at 7 p. m., awarding of a Shetland pony and a closing dance with Western band music are other events announced by A. G. Jungman, publicity chairman.

**NYET TO 'NEW THEOLOGY'**  
MIAMI, Fla. (AP) — The "new theology" of social involvement has made no inroads in Christianity in Russia, says the Rev. Ivan Motorin of the All-Union Council of Evangelical Christian Baptists of Russia.

"We preach Christ crucified, not a social Christianity," he told a news conference here in connection with the Baptist World Alliance Congress. He and other Russian Churchmen said they reject Communism. As he put it: "If a person is a believer, he cannot be a Communist."

# Small Talk

By SUE COLEMAN  
Women's Editor

Items from the mail bag:  
As a wife and mother, you are somewhat overworked and quite valuable. This isn't news to you, of course, but the insurance companies have noticed it lately.

IT HAS BEEN possible in the past for working wives to get insurance policies with income protection, but now stay-at-home wives are recognized as contributors to the family economy and many companies write "income" plans that pay up to \$200 a month while a non-employed wife is ill or disabled by injury.

Any wife who has paid household workers' wages can tell her husband that it will take more money than that to replace her services, but at least it's a step in the right direction.

IF TEENAGERS ignore your warnings that poor nutrition will undermine their health, tell them it will damage their looks, suggests a U. S. Department of Agriculture nutrition specialist. She says they are more influenced by the idea of good looks than good health.

Which any parent knows, but it's difficult to coax your daughter to eat a decent breakfast if the high school glamour girl mentions casually that she never touches it. And daughter is not moved by your assurance that the difference will be apparent at age 25. She figures no man will look at her when she is that ancient, anyhow.

MORE ADVICE from the nutritionists, on that recurrent subject of weight control. Experts say that in addition to a slimming diet, you'd best get up and take a little exercise.

If you eat just enough to maintain your weight, you can lose nine pounds a year by substituting an hour a day of such work as light gardening or a brisk walk for an hour of activity performed while sitting, it says here.

A second hour spent in active recreation instead of sitting will net you another 15-pound loss. So don't just sit there; do something!

HOUSING NOTES: In France they are building an apartment house with parking space on every floor, so you can drive in, get lifted with your car to your floor, and park next to your own apartment. For swank down town apartments which are again fashionable in large cities, that sounds sensible.

And the idea might be adapted for hotels which have lost ground to motels because of scarce downtown parking space.

How about turning the entire second floor of the hotel into a parking space, leaving the usual lobby, restaurants and

A ladies' luncheon in the office? Good old creamed chicken will taste decidedly different and delicious if it is topped with sliced pitted green olives and sliced salted pecans.

shops on the ground floor and bedrooms from the third up? Hotels in many smaller cities are having to close, but some such arrangement might lure back the motorists.

POPULARITY of coffee as a drink has been followed by suggestions for using it in cookery for numerous dishes. Almost every housewife has a favorite cake or dessert that is better for coffee flavor, but had you ever thought of using it as the liquid in a ham loaf?

Wish somebody would try it and let me know how it tastes. Also this other suggestion: Mix your mince pie filling with coffee. Sounds good!

## Miss Parba Is Honoree

Miss Teresita Parba, who is attending Hereford High School as a foreign student from the Philippines, was honored on her birthday with an informal party in the home of her American sister, Jane Wilhelm.

A dozen classmates were invited to help Teresita celebrate the birthday. They presented their gifts, joined in games, were served snacks, soft drinks and a birthday cake. The visiting student contributed to the entertainment by demonstrating Filipino dances in the native costume.

## REPORT

Registration for a new year and election of officers occupied Camp Fire Girls of Oh-Ta-Wa-Ten-Ya Group at a meeting Friday in the home of Mrs. Boyd Collins, leader, 806 Miles. This was the second meeting of the fall.

Linda Collins was named president Grace Vargas secretary, Corena Valdez treasurer, Marsh Whitney scribe, Cynthia McCarley telephone chairman and Beverly Auten game leader.

Plans were made for a visit to a florist shop at the next meeting.

Halloween refreshments were served.

## Guild Sees Film On "Eye Banks"

Eye bank operation, to save sight in many cases with corneal transplants, was explained to members of St. Anthony's Guild at a recent meeting in the parish school. Ed Skypala was the guest who presented the program, showing a film and discussing the surgical technique of corneal transplantation.

Mrs. Elbert Vance, program chairman, introduced him. Mmes. Gene Loerwald, John Henderson, Arnold Huseman

and Joe Schulte were hostesses to Mrs. Fredrich Haug and Mrs. A. C. Stengel, guests, and 28 members.

In a business period with Mrs. Alfred Reinart presiding, plans were completed to serve a dinner Nov. 21 to Fourth Degree Knights of Columbus and guests. The next meeting was announced for 8 p. m. Nov. 18 at Hereford Community Center.

When there are small amounts of cooked vegetables leftover, cut them fine and add enough mayonnaise to moisten and season them. Butter slices of bread and arrange thin slices of cooked ham on them; spoon the vegetable mixture over the ham. Serve as open sandwiches for lunch.

LET'S COOK SOMETHING!

# Good Bread Marks Cook

By SUE COLEMAN  
Women's Editor

Good home-made bread is still a much-used basis of judging cooking ability, and it is a specialty of Mrs. Bruce Terry, 111 Forrest, who likes to make the more elaborate sweet bread which are nice to serve at parties as well as at family meals.

SHE PLANS to make Swedish tea ring as one of her contributions to a bake sale which her church group, Wesley Methodist Woman's Society, will sponsor in a Main Street building Saturday. Mrs. Terry is general chairman of the bake sale and gift bazaar.

She is active in the church society, serving this year as chairman of Christian Social Concerns, and attends other services at Wesley Methodist. Mother of two small girls, she has assisted in vacation Bible schools which they attend each summer.

Lessons in cooking began early for Mrs. Terry, who says she always liked to help her mother in the kitchen, and finally took over most of the cooking duties while her mother cared for other household tasks. Three brothers with good appetites supplied her training of the practical type.

CREDIT for culinary skill and for interest in a useful hobby, sewing, is also given by Mrs. Terry to her years as a 4-H Club member. She believes in the value of the club for youngsters and hopes her daughters will be members.

The former Polly Monroe, she grew up in Hereford but for three years attended high school in Spearfish, S. D., while her family lived there. They returned in time for her to be graduated from Hereford High. While she was living in South Dakota she went to the state contest as representative of her 4-H Club in dressmaking. She sews for herself, her home, and now for her daughters, Paula, 4, and blonde Connie, a year old.

Mrs. Terry suggests that fancy breads be made in quantity and frozen.

"It's as easy to make a lot of bread as a little," she points out, "and the frozen bread can be put into a hot oven for 20 minutes and it's ready to serve, as fresh tasting as when it was first baked."

The Swedish tea ring is made with a basic sweet roll dough which may also be used for rolls of various types.

**SWEET ROLL DOUGH**  
Dissolve 1 package dry yeast in 1/4 cup warm water. Stir in 3/4 cup warm milk, 1/4 cup sugar, 1 tsp. salt, 1/4 tsp. nutmeg, 1 egg, 1/4 cup shortening, 3 1/2 cups sifted flour. (The touch of nutmeg is a trick Mrs. Terry

learned in 4-H Club to give a special flavor.)

Mix until smooth and easy to handle. Turn onto floured board and knead five minutes. Round up in greased bowl, turning dough so the top is greased. Cover with a damp cloth and let rise in a warm place until doubled in bulk — about an hour.

Punch down and let rise again almost doubled in bulk. The dough is now ready for shaping into rolls or making the tea ring.

## Driver Test Given Club

Drivers license tests were given to members of La Madre Mia Study Club as the program at a meeting Thursday in the City Commission room of Hereford City Hall. Mr. Richard asked each member to take the standard test to emphasize a safety lesson.

Results were surprising to some in the group who realized that a review of driving rules is in order occasionally in order to be an efficient and safe driver.

In the business period with Mrs. Gerald Martin presiding, plans were completed for a club booth at a Halloween carnival held Friday evening. Mrs. Lee Drake was hostess.

Other members present were Mmes. Eugene Sparks, John Smith, W. C. Russell, Bobby Owen, Harold Morton, Bill Lankford, Ben Gollehon, Charles Frye, Jesse Click and Herschel Black.

## Two Units Will Mark Birthday

Delta Xi Chapter of Delta Kappa Gamma Society, for its November meeting Saturday, will join Gamma Iota Chapter for the latter group's annual birthday banquet at Plainview. The joint meeting will be held at 7:30 Saturday in the Alcove Restaurant.

Mrs. Nell McMains of Texas City, an international officer of the woman teachers' society, will be the speaker. Mrs. McMains is Southwestern Regional Director.

Teachers in Deaf Smith, Castro and Farmer Counties make up the Delta Xi Chapter, of which Miss Hazel Merritt of Dimmitt is president.

A suspicion of curry powder added to baked beans that are being heated gives interesting flavor.

## Visiting H. D. Club Members Are Entertained

A party of 27 Home Demonstration Club members from Hutchinson County toured the Holly Sugar Corp. plant here Friday, and a number of them were entertained at a coffee in the home of Mrs. Viola Williams 404 Western.

Mrs. Paul Hoff of North Hereford HD Club was hostess with Mrs. Williams, who is a mem-

ber of Cultural HD Club. The visitors were served refreshments during an hour of informal conversation.

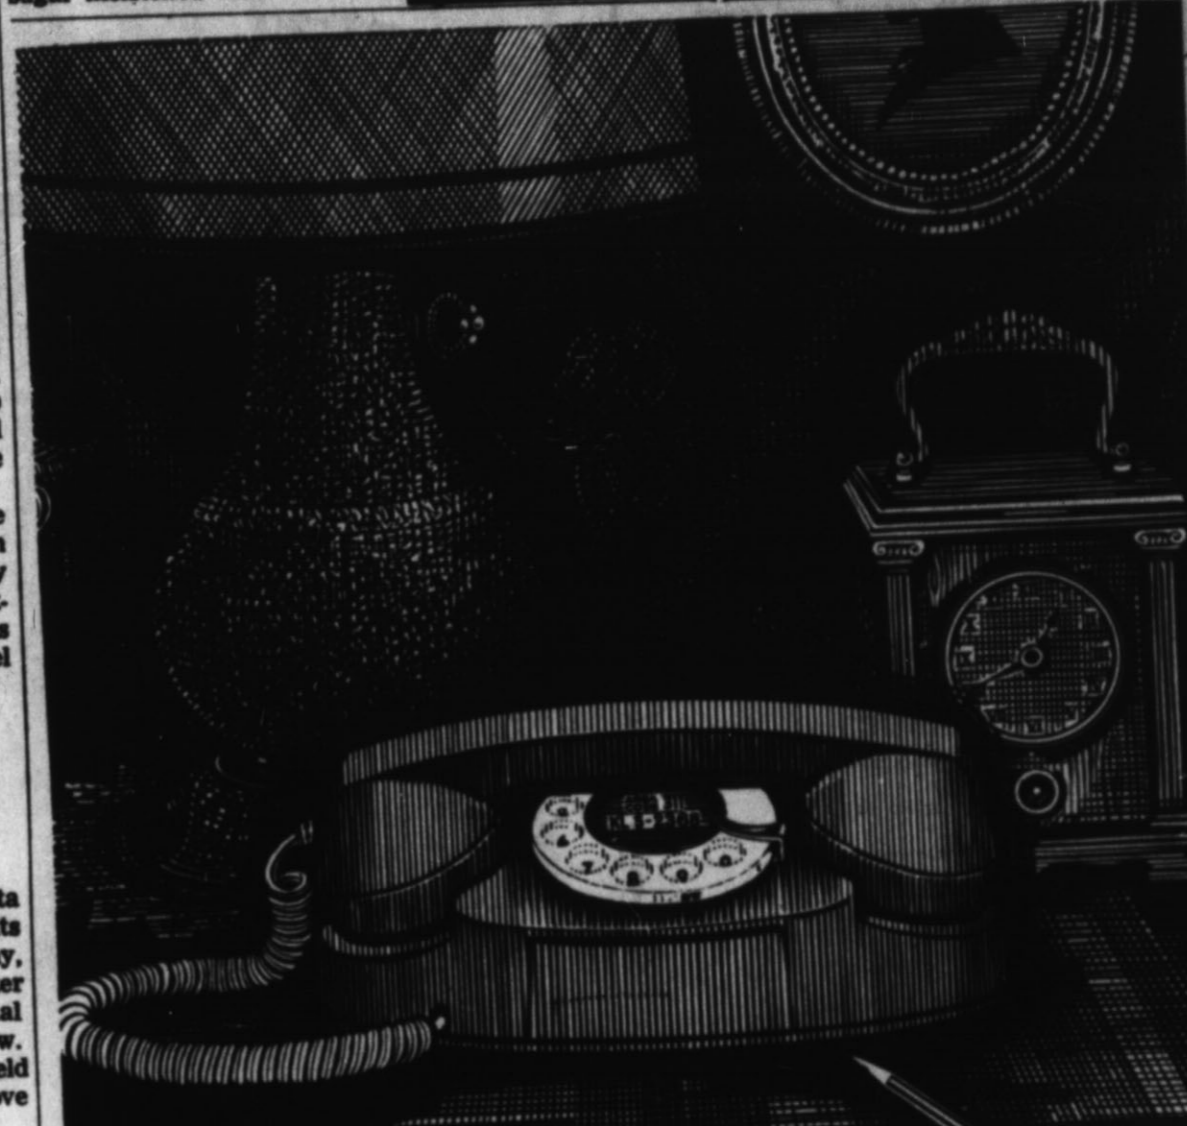

Those who registered were Mmes. W. L. Skidmore R. D. Hupp, M. D. Kenimer, L. A. Blain, and B. F. Riddle of Bluebonnet Club, Borger; Mmes. F. L. Chapman, W. W. Gailther, M. W. Graves, O. N. Carey, B. R. Anderson, C. B. Blayon and G. H. Bundrick of Magic Plains Club, Borger; Mrs. Percy O. Thompson of Coble Lease Club, Phillips; Mrs. Paul Sykes, Kl-owatt Club, Borger.

## H. D. Reporters Discuss Duties, Name Chairman

Reporters for Home Demonstration Clubs in Deaf Smith County elected Mrs. J. E. Sorrells chairman for 1966 at a meeting in the courthouse Mon-

day afternoon. Reporters now serving met with those elected for next year.

Mrs. C. F. Newsom, a member of the H. D. Council reporters committee, presided in the absence of Mrs. H. L. Hershey, current chairman. A general discussion of club reporting duties was conducted with Mrs. Floyd Coleman, Hereford Brand Women's Editor, present to an-

swer questions.

Others at the meeting were Mrs. Jimmie D. Bradley of Bippus Club, Mmes. Clinton Ward and Paul Hoff of North Hereford Club, Mrs. P. L. Carmichael of Progressive Club, Mrs. Bill Drake of Westway Club, Miss Evelyn Bell of West-Hereford Club and Argen Draper County Home Demonstration Agent.

# FOR GOD SO LOVED THE WORLD

## at the well

— to confess her sins. That is a dirty word, sin. Men don't relish being labeled a sinner and women hide under the cover of night to avoid being branded as one. Sin is like a rattlesnake — it buries its fangs in your flesh and pumps venom through every vein. You become groggy, weary, sick and helpless. But only for the grace of a loving God you would pass through the door on the bottom side and head straight for an eternity in Hell. But God lives and you may still have hope. Here is the woman at the well. She is corrupt, full of sin, but she is repentant. Isn't it just like Jesus to be wherever a man needs Him whenever he is ready to turn to God. He is chief authority at your church and He is waiting to forgive you as He forgave the woman at the well. He offers you everything worth while in this life and in the life to come. He will meet you at the door of your church next Sunday and go home with you after service and spend the entire week with you if you will invite Him.

### YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions stronger democracy in the church the ministerial and molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. REP. ROGERS REPORTS

Joint Committee Studies Streamlining Of Congress

In the session of Congress just concluded, a joint committee of House and Senate members spent many hours conducting hearings to review the organization of the United States Congress.

PURPOSE of the study was to make a full and complete survey of the organization and operation of the Congress and to make recommendations for, in the words of the Resolution establishing the joint committee "strengthening the Congress, simplifying its operations, improving its relationships with other branches of the United States Government, and enabling it better to meet its responsibilities under the Constitution."

The work is some of the most important being done in the 89th Congress because preserving Congress as an effective legislative body is absolutely essential to our system of Government.

THERE HAS been a mounting feeling among many Members of both House and Senate that certain procedures have become outdated and in need of remedy, that new, more efficient methods of work could be substituted without changing the basic nature of Congress.

It is important, of course, that the fundamental precepts laid down in the Constitution not be affected by any misguided effort to "improve" Congress. The suggestions for reform offered by the many Senate and House members are too numerous to detail in the short space of this newsletter.

MANY OF the proposals have to do with rearranging the Congressional workload so that more work can be accomplished with greater efficiency. One suggestion that will receive close attention on this point is scheduling a session so that the majority of the time early in the year is devoted to committee work and a majority of time later in the year is spent on "floor" work, in meetings of the full House and Senate.

Now, the practice is generally for mornings to be devoted to committee work and afternoons to meetings in the Capitol of the two houses. Another proposal recognizing the year-round nature of Congress in these days of pressing domestic and foreign problems would write into law the annual basis on which Congress is to meet and would provide definite recess periods during the year, permitting Members to return to their home districts in those intervals.

OTHER procedures have been suggested to speed up the method of considering legislation when the House and Senate are meeting. Among these is the extremely controversial proposal to provide for electronic voting in the House of Representatives.

Some twenty State legislatures permit "pushbutton" voting and there is no disputing the fact that it is a more rapid means of deciding issues than the present Congressional system under which clerks call out an alphabetical roll of members' names and the "yeas" and "nays" are voiced and recorded.

In the exercise of Congressional supervision over Executive Branch operations (which Congress authorizes and funds), there are several interesting proposals aimed at providing better control. One would authorize a permanent subcommittee on legislative oversight in each standing committee, thus in effect establishing a Congressional

watchdog over each agency. Another would provide for frequent briefings of Members of Congress by Department officials. Another calls for strong laws to assure congressional access to Executive Branch operations and activities. In next week's newsletter, I will discuss points related to this problem in somewhat greater detail.

The downtown show will be held each afternoon of the four days in the building at 228 North Main.

Persons not members of the Guild may exhibit as many as three works on payment of the

entry fee of one dollar. Pictures are to be hung on the day preceding opening of the weekend exhibit.

The public is invited to view the display of area art. Many of the paintings shown will be offered for sale.

The show is a new project of the Art Guild, which is an organization of some 30 local art enthusiasts headed this year by Mrs. Bess Werner as president.

8th CONTEST WEEK OFFICIAL ENTRY BLANK. Includes list of games to be played (Arkansas at Rice, Baylor at Texas, etc.) and a TIE BREAKER section with names like Texas Tech, Drake, WTSU, Muleshoe, Hereford.

Candy Making Demonstrated In Progressive Club

Candy making was the program subject for Progressive Home Demonstration Club at a meeting Tuesday in the Flame Room of Pioneer Gas Company.

Mrs. Argen Draper, County Home Demonstration Agent, was the speaker.

She stressed use of a dependable recipe and standard equipment to make perfect candy, then practice to learn the fine points. She made candy to illustrate instructions.

Mrs. Dale Hallows began the program by reading a selection titled Waiting for the Kettle to Boil.

Mrs. Faust McGee reported action of the recent County HD Council meeting and presented a Council project for selling sandwiches. Club members voted to assist in this project.

Also present were Mmes. J.D. Gilbert Jr., Alvis Jolly, Floyd McGee, P. L. Carmichael and T. J. Parsons.

To flour a baking pan, grease the bottom of the pan; sprinkle with a little flour, and shake so that the flour makes an even coating. Shake out any excess flour.

Now that you've seen the '66 Pontiacs, you know why we became the newest Pontiac dealer in town.

After all, can you blame us for wanting to surround ourselves with sleek new Wide-Track Pontiacs and Tempests?

But don't get the idea we love our new tigers so much we don't want to part with them. Fact is, because we're new, we figure we have to go a step more than established dealers to get your business.

Besides, even if you come down today and clean us out of every new Wide-Track in the place, we can get more. You see, we know this man at the factory and
