to other cities either through him or the committee could do that itself.  
Using a box-type decoration as an example, he said the city could buy it for \$5,000 to \$7,000. "Pick a figure to work from and I'll see what I can do to work in with your budget. You

can go from simple to extra the committee to expedite their proposal.  
Chamber Manager Bill Thompson said the committee still owes about \$875 on the decorations, which were purchased on a three-year plan. He stressed that the committee is ahead on the payments.  
Thompson also said Hereford is widely known for its beautiful decorations and that numer-

ous tourists have mentioned them attractiveness.  
The possibility that the chandelier-type decorations could be sold to Deaf Smith County Commissioners to put around the courthouse also was discussed. It was decided to present the idea to commissioners.  
Buddy Bloomer, committee chairman, said he and other members of the committee would continue to work on the project and would meet with Maddox soon to discuss it further.

Attending the meeting were Maurice Tannahill, City Manager Dudley Bayne, Jerry Dietwiler, Don French, Higgins, Bloomer, Thompson, Mrs. O. L. Bybee, Monk Johnson and Waldo Baxter.

**GROUND-BREAKING CEREMONY** — Mayor of Hereford, Roy Cowser, took a hand at breaking the ground for the new club house of the American Legion Post 192. Ceremonies were held Friday afternoon. (Hereford Brand Photo)

of riders, to begin at 2 p. m. are being held for the first time this year at the Hereford rodeo. Events for the 2 to 5-year-old boys and girls, who will compete together in this age bracket, include the stick horse race and goat ribbon race. Entry fee is \$1.

Boys who are 6, 7 and 8 will compete in barrel racing, pole bending and calf riding, while girls of the same age will compete in barrel racing, pole bending and goat ribbon race. Entry fee is \$3.  
Boys 9-12 will have a boot race, calf riding and goat tying, while girls the same age will have barrel racing, pole bending and goat tying. Entry fee is \$3.

Trophies will be given for first, second and third place winners in each event, and an "All-Round" trophy for both the boy and girl.  
Stock for the rodeo will be furnished by Glenn Green of Amarillo. Entry fees may be mailed to the Hereford Riders Club, P. O. Box 882, but must be accompanied by cash or money order.

If you are making a pumpkin chifon pie and want to use pumpkin-pie spice instead of a variety of spices, use one teaspoon of the spice mix to 1 1/2 cups of pumpkin.

Holiday gift from the kitchen: make a batch of fudge and turn it into a foil pie pan. Don't cut the candy! Wrap it, right in the pan, and add your note of greeting.

**Burglaries . . .**

Continued From Page 1  
another \$12 in quarters, dimes and nickels taken from the cash drawer.

Deaf Smith County Sheriff's deputies investigated two burglaries Friday morning, the first at Bryant Bros. Construction Co. located east of the city on U. S. 60. The burglary, which occurred between 10:30 p. m. Thursday and 7:30 a. m. Friday, began when the plate glass of the front door was broken.

Entry was made through the break, although pieces of jagged glass remained in the door. Between \$1 and \$3 was taken from a money sack in the desk drawer.

Kemp Ford Tractors, also located east of the city on U. S. 60, was entered when a hole was busted in a door panel. Desks were ransacked and vending machines opened with the keys, but owners were unable to determine if anything was missing. Damage was estimated at \$15. The burglary occurred sometime during the night.

Investigation also is continuing by police in a case of vandalism Tuesday night at the Highway 60 Truck Stop, 1101 W. 1st. Approximately \$125 in damage was caused when a bullet was fired through a large plate glass window in the northwest corner of the service station.

Officers said the bullet, apparently from a .22 caliber gun, was fired about 9:30 p. m. Several persons were around the station when the incident occurred.

**Ground . . .**

adjacent to the present post home that is a converted army barracks complex. As yet, the legion has not decided what they will do with the old barracks meeting hall.

The contractor told the Legion and Auxiliary to expect to be using their new home by July or even possibly within six weeks time, since construction is to begin immediately.

Grave flags are available this year for use on Memorial Day. Flags for graves of servicemen, gold star mothers, etc. may be had by contacting Cecil Wilkins at his barber shop or may be picked up at the gate of West Park Cemetery on Memorial Day. It will not be necessary for the flags to be returned to the Legion, as they will have crews to gather them up just after May 30.

The American Legion will again put out flags for businesses that contacted them about raising and lowering their flags.

Manager Dave Bristol of the Cincinnati Reds is a former history teacher.

Relief pitcher Stu Miller of the Baltimore Orioles has never lost to the Kansas City Athletics. He began 1967 with a 6-0 record against them.

Wade Blasingame, who won 18 games in 1965, won only three for the Atlanta Braves last season and is hoping to make a comeback.

**HOW DO YOU MEASURE GROWTH?**

You can't use a tape measure or a yardstick when you're talking about people... especially when you're talking about the young people who comprise our new graduates. Time and time again, they've proven their ability to grow... and now as they come to this time of commencement, we think they stand pretty tall.

Congratulations, Seniors... May you continue to grow in success and happiness.

Our most sincere wishes to the Class of '67.

Outstanding history student at West Texas State University receive awards from Dr. Lowell H. Harrison, history department head. The Sheffy award, for best work in advanced history courses, goes to Mrs. Mary Jane McDaniel, Dalhart senior. John Lesly, Hereford sophomore, second from left, receives the Anderson award for best work in American history by a freshman or sophomore; and Steve Willbanks, Amarillo freshman receives the Barlow award, for best work in world history. Lesly, son of Mr. and Mrs. Luther Lesly, Route 4, is a pre-law student with a major in history and a minor in economics.

### Bulls Show Faster Gains

McGREGOR — In the "Hurry-Up" beef program here, bulls out-performed steers in both weaning weights and feedlot gains.

This is the first year to compare bulls to steers in the program, according to Walter Kruse, Livestock and Forage Research Center.

Kruse started the Hurry-Up program several years ago — its goal is to raise 1,000 pound beef animals in a year.

This year, 10 bulls and 10 steers were tested. They were two-breed crosses and three-breed crosses. Weaning weights at eight months averaged 626 for the steers and 633 for the bulls.

After 121 days in the feedlot, the bulls weighed an average of 1,015 pounds. They had a feedlot gain of 3.14 pounds a day.

The steers weighed 934 pounds at the end of the feeding period. Their average feedlot gain was 2.56 pounds per day.

Kruse says there will probably be more and more bulls put in feedlots. He pointed out the steers and bulls were close together in weaning weights, but the bulls really stood out in the feedlot performance.

Other research has shown that

### Medina Produces Land Winners

COLLEGE STATION — A 4-H land judging team from Medina County last week won top honors in the Southwest Regional Division of the International Land Judging contest held in Oklahoma City.

Team members were F. J. Wurzbach, Joey Jungman, Frank Kaufmann, all from Rio Medina and Kenneth Banks from Devine. The team was coached by County Agricultural Agent Glenn Bragg and retired County Agent C. B. Gaston. The Medina team won the right to represent

Texas in the contest by placing first in the state contest held last June at Texas A&M University as a part of the Texas 4-H Roundup.

The Texas team also placed fourth in the overall contest, according to Dr. Clarence Carter, Extension soil and water conservation specialist. Carter attended the international event and had assisted with the training of the Medina County team. Bragg accompanied the team to the Oklahoma City contest.

Approximately 700 persons participated in the four divisions of the contest; namely, 4-H FFA, adult and international guests. The participants came from 30 different states of the United States and 7 foreign countries. Other Texas 4-H teams were from Coke and Wharton Counties. They ranked 22nd and 15th respectively in the overall contest.

The Medina County team received a trophy for its regional win and a cash award for its placing in the overall contest. Local organizations and an agribusiness concern in Castorville provided funds for the trip, Bragg said.

The annual event is sponsored by WKY Radio and WKY TV in Oklahoma City with many state and national organizations and agencies cooperating.

### ANOTHER ROBINSON WINS

FORT LAUDERDALE, Fla. — Bill Robinson, the outfielder who couldn't make the Atlanta Braves but may share right field with the New York Yankees, was voted the outstanding Yankee rookie and winner of the James P. Dawson Memorial Award.

The annual award — a gold wristwatch — in honor of the New York Times sports writer, goes to the outstanding rookie each spring. Sports writers covering the Yankees do the balloting.

When you are using sour cream as a salad dressing, you may want to add a suspicion of tarragon vinegar to it. When sour cream is called for, always use the commercial variety.

To concoct an ice cream-layer cake, pack the same size pan in which you baked the layers, with ice cream and freeze. Turn out the ice cream on one layer of the cake and top with the other; wrap and freeze. Frost the cake before serving.

Only new players with major league experience with the Cleveland Indians this spring are outfielders Lee Maye, who hit .288 with Houston last season, and Willie Smith, who hit .185 with the Angels.

Sal Bando of Cleveland, Ohio, regarded as Kansas City's future third baseman, hit a home run first time up in an exhibition game against Detroit this spring. Bando is 23.

### Bright Colors Show Abandon

COLLEGE STATION — Color and design reflect the psychology of the times, according to Miss Rheba Boyles, Extension clothing specialist at Texas A&M University.

In times of depression, rich, dark colors are prevalent because they foster security in a time of insecurity. After a period of high emotional stress, such as a war, neutral colors become popular — reflecting a let-down from the emotions of the war. Pastel colors appear when women's role becomes prominent.

Today's color explosion reflects the uninhibited drive of the young who will not compromise with tradition. Color is here to stay, and it's being used everywhere — in the home as well as in the wardrobe. Towels are coordinated with sheets and shower curtains, blouses are coordinated with skirts and sweaters, accessories are coordinated with both.

But color coordination, to be interesting, should be a blend of colors, harmonious to the eye, so that a coordinated look is pleasing, not dull. An attempt to match all color components

can be difficult due to the variety of textures and materials used. A blend, however, takes advantage of subtle texture differences to make the total unit — a room or an outfit — interesting and pleasing.

Affluence has fostered coordination in designs as well as color. Today's consumer, with more money and more sophistication, is demanding coordination in goods. It makes sense, too, says Miss Boyles. There is less chance for expensive mistakes in color and design coordination, and the end result is more satisfying to live with.

Add 1/4 teaspoon of curry powder to about 1 cup of French dressing (made with oil, vinegar, salt, pepper and dry mustard); serve over fresh pear halves on crisp salad greens.

Red Cross Sets Swim Classes

Swimming classes conducted by the Red Cross will begin June 5, Mrs. C. E. Rush, water safety chairman in Deaf Smith County Chapter, announces. The first two-week session will be for all beginner and intermediate swimmers, and there will be two periods, the first from 10 to 11 a. m., and the second period 11 a. m. to 12 noon. These classes are open to all children who have completed the first grade of school.

Also beginning June 5, there will be a class in junior life saving for boys and girls between ages of 12 and 15. These classes will run from 10 to 11:30 a. m.

Registration for all lessons will be held at the City Pool Thursday, June 1 from 9 a. m. to 12 noon and will be on a first come, first served basis.

Additional swimming classes are scheduled throughout the summer.

Adult swimming and senior life saving classes will also commence June 5 from 6 to 7 p. m. Registration for these groups will be held at the time the class starts on Monday, June 5.

The pool fee, charged by the city, is \$2.25 per person, per session.

# Honor Students Spend Busy Years In Hereford High

★ ★ ★

Ellen McGowan

## Ellen McGowan Varies Interests

Ellen McGowan, 17, is the daughter of Mr. and Mrs. Claude L. McGowan Jr. of Summerfield.

During her four years in Hereford High School, Ellen has been very active in the Future Teacher's of America. She joined the organization in her freshman year and attended the Texas FTA convention during her freshman year and attend-

ed the Texas FTA convention during her sophomore and junior school terms. Ellen was Pointkeeper for FTA this year.

Ellen's first year of high school also saw her join the Freshman-Sophomore Girls Choir. She earned a II rating in solo and ensemble contests both years she was in the musical aggregation, and also sang in the Girls' Choir last year and the A Capella Choir this year.

As a member of the 4-H her freshman year, Ellen attended the state contest at Texas A&M as a district winner in the field of entomology, and was a blue ribbon winner the next year.

Highlight of Ellen's junior year was her election to the National Honor Society. She was re-elected to the honor group this year and was presented an "H" award at the Awards Assembly for being the most active member. Ellen also received an "H" award at the Awards Assembly for being the most active member. Ellen also received an "H" award for being one of the top ten students in the senior class.

Ellen's activities haven't all been in school, however, as she has played in the Hand-bell Choir of the First Methodist Church two years and sang in the church choir five years. She also has been co-chairman of the district Methodist Youth Fellowship Publicity Committee and was vice president of the local MYF. She also worked as an office assistant in the high school principal's office this year.

In April, Ellen was notified that she had been selected to receive a four-year music scholarship at Eastern New Mexico University.

Jack Aikin

## Jack Aikin Plans To Study Law

Valedictorian of a graduating class, the honor which many students dream of during their high school years, is an honor which is awarded to the highest ranking student on an average of his four years of high school.

Jack Aikin, son of Mr. and Mrs. John D. Aikin, 216 N. Texas, was the student who achieved this honor after his four years of hard study.

Aikin was born and raised in Hereford and through his elementary school years, he entered all science fairs, spelling bees and other grade school activities.

In Jr. High School, he started playing the trombone in band but still kept his interest in science. In the 8th grade, he won second place in the Physic Science Fair in Amarillo. While still in the 8th grade, he began playing the trombone well enough to participate with the high school stage band and has ever since.

In his first year at Hereford High, he had improved his playing greatly and was selected to the All-Region Band. He continued as a member of that and for the next three years, playing first chair his junior and senior years.

Aikin played solos in various ensembles for contest competition every year while he was in school. As a junior, he played in the All-State Band and this year, he served as vice-president of

the high school band. He was awarded the John Philip Sousa award Thursday night as outstanding band student.

He is also active in church activities such as the church youth fellowship and he has held top office in both district and the West Texas Area.

As a sophomore in high school he was inducted as a provisional member into the National Honor Society and was made a full member in his junior year. He served NHS as president this past year.

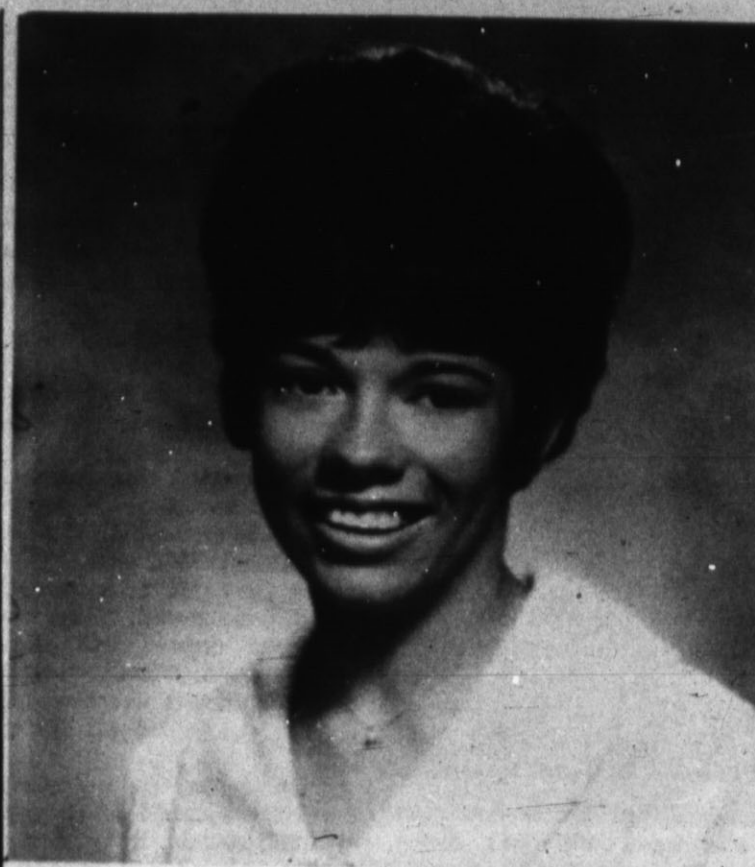

Aikin has also participated in the high school choir. He sang tenor while in the A Cappella Choir.

Besides being selected as Valedictorian this year, he was also chosen as Most Intelligent Boy in school.

His future plans include attending the Massachusetts Institute of Technology in Cambridge, Mass., and after earning his bachelor degree in physics - pre-law, he plans to attend the law school at the University of Texas and later practice law.

It's best to use the exact ingredients called for in cake recipes; for example, butter and shortening cannot always be successfully switched in these rules. To be on the safe side, when butter is called for in a cake formula, use butter; when shortening is recommended, use shortening.

Moore Business Forms THE INK SPOT

Shirley Simpson

## Shirley Simpson Works Part Time

Shirley Simpson, one of the top ten graduating seniors at Hereford High School, has as many other students at HHS, participated in several activities throughout her four year in high school.

In her freshman year, she was a member of the high school band and of the FHA, in which she was elected historian.

She continued in FHA her sophomore year and having been high-point girl in her class that year, she was sent to the FHA state conference in Austin.

**A. O. THOMPSON ABSTRACT CO.**  
Mr. & Mrs. A. J. Schroeter  
P. O. Box 73  
Showing Blocks  
Courthouse  
Free City Maps  
Paul B. Schroeter  
Phone 364-1504

Her junior year saw her join many other activities such as Tri-Hi-Y club and FTA besides belonging to FHA and being elected to the National Honor Society. Her reason for joining FTA in her junior year was that she plans to be a teacher some day.

In her senior year, Miss Simpson was a member of the Tri-Hi-Y club again and she continued as member of the National Honor Society.

Besides having been an active member of all those school activities and clubs, she also is an active member of the Temple Baptist Church. She joined in all of the church activities and in 1963, she attended the G. A. 's 30th anniversary in Nashville, Tennessee. G. A. stands

for Girls Auxiliary. Miss Simpson is now in the Y. W. A. of the First Baptist Church here.

Her future plans include attending college in August at Wayland Baptist College in Plainview and major in Special Education. Her reason for majoring in that field is that she feels that she can achieve her goal in life by being able to help the handicapped children.

It's an oldtime trick, and still good! To decorate a sponge cake, place a paper doily (with a simple pattern) over the top of the cake and sift confectioners sugar through the holes in the pattern. Remove the doily with extreme care.

# CONGRATULATIONS GRADS

Today you wear the cap and gown: symbol of scholastic achievement. The road you take now is one that will lead to a full and happy life.

We especially want to congratulate Larry J. Brown

1967 graduate of Hereford High School

# BIG T-PUMP CO.

Phillip Cain

### Phillip Cain To Go To TCU

Salutatorian of the 1967 graduating senior class of Hereford High School, Phillip Cain was one of the many students that participated in a variety of scholastic activities during his four years at HHS.

Son of Mr. and Mrs. B. F. Cain he played football for four years in high school and also participated two years in baseball. He was also a member of the District I-AAA winning golf team this year.

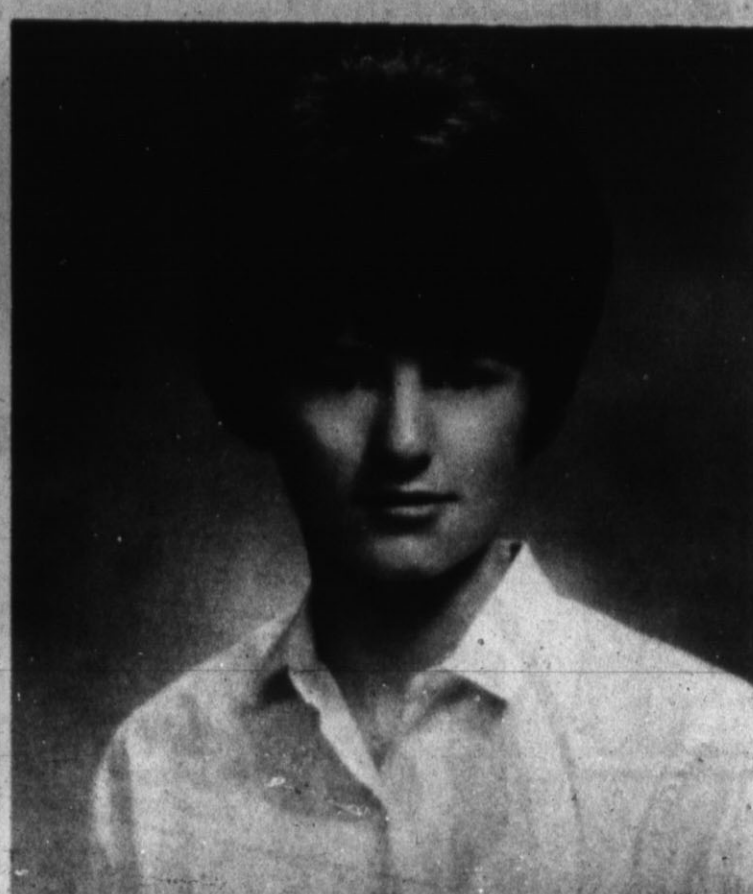

Besides being in sports, he was in Key Club, a school club sponsored by the local Kiwanis Club, in both his junior and sen-

ior years. He served as vice-president of the club during his junior year and this year, he served as president of the organization.

Also during his last three years at high school, Cain was a member of National Honor Society. During his junior year, he was also vice-president of H-Y, class boy favorite runner-up and was chosen as Boys State representative.

In his senior year Cain was chosen as Mr. Hereford High, class vice-president, Most Versatile Boy, Personality King and was a Most Handsome candidate.

For his achievements in school, he was awarded a \$900 academic grant-in-aid scholarship from Texas Christian Uni-

Kathy Pool

### Kathy Pool Was BC Homemaker

Kathy Pool, daughter of Mr. and Mrs. Lloyd Pool, is a graduating senior student from Hereford High School this year and she is one of the several students that were very active in her school activities throughout her four years at HHS.

In her freshman year, she was a member of the school choir and also was selected to participate in the All school Play.

He plans to attend TCU and study medicine.

Her sophomore year saw her more active yet, joining again the choir, chosen for the All School Play, the Thesplan Play and also being a member of the Thespians.

She was again in Thespians, this time serving as clerk in her junior year besides being active also in the All School

Graduation Gifts that are lasting A constant reminder of the occasion. COWAN JEWELERS

Play, Contest Play, Tri-Hi-Y, A Cappella Choir and selected to the National Honor Society. She was also serving as Rotary Club Sweetheart her junior year.

Among her many awards that she received while in her senior year were having been

### Area Students Are ACC Grads

ABILENE — Abilene Christian College will award 333 bachelor's degrees in the 1967 spring

chosen as All Region Choir Alternate, the Betty Crocker Homemaker of Tomorrow and Outstanding Government Student.

In her senior year, Miss Pool also served as Rotary Sweetheart and worked at the high school office as assistant.

She plans to attend Eastern New Mexico University and Major in political science.

commencement exercises scheduled for Monday, May 22. Of the graduating class, 239 are from Texas.

Jon E. Jones, minister for the University Avenue Church of Christ, Austin, will speak at the Baccalaureate services May 21. Dr. Clifton L. Ganus, Jr., president of Harding College, Searcy, Ark., will deliver the commencement address May 22.

Degrees to be awarded include the bachelor of arts, bachelor of science, bachelor of science in education, bachelor of music education and the bachelor of science in home economics.

Jimmy Don Robinson, 161 Live Oak, Hereford is to receive a

BA in Bible. He is the son of Mr. and Mrs. Don Robinson. Charles Kelley is to receive a BS in general business. He is the son of Mr. and Mrs. J. D. Kelley, Hereford.

James W. Killingsworth, son of Mr. and Mrs. J. W. Killingsworth, Dimmitt, is to receive a BS in industrial education.

Patricia and Phyllis Brownling, daughter of Mr. and Mrs. W. H. Brownling, Vega, are to receive BS Ed in physical education.

The English word "copper" comes from Kypros, the Greek name for the island of Cyprus. Ancient Cyprus was famed for its ore.

# Honor Students Spend Busy Years In Hereford High

★ ★ ★

★ ★ ★

Monte Grupp

## Monte Grupp Wants To Write

By MONTE GRUPP  
I was born September 19, 1948, the first son of Mr. and Mrs. Glenn Grupp. I was raised on our farm six miles south of Hereford. I entered the first grade in 1955 at Central School. After my six years of elementary education on the subjects of Readin', Writin', and 'Rith-metic, I entered junior high.

Upon reaching high school in my freshman year, I enrolled in Vocational Agriculture and was initiated into the FFA. It has been in this organization that I have been most active during high school. I have enjoyed participating in FFA con-

tests and feel that I have gained invaluable experience through the various FFA activities. I was a member of the Sr. Chapter Conducting Team (parliamentary procedure) that won second in the State Contest last year. I have been privileged to be on poultry and meat judging teams which went to State Contests. I also feel that my participation in Public Speaking has been very rewarding.

In my Senior year, I joined the Whiteface Staff of HHS. I enjoyed the class very much and had the pleasure to write a column which we called the "BULL-PEN." (I presented my comments on various occurrences of the time). I intend to pursue a career in journalism and am going to college in order to better prepare myself for this field.

Jimmy Allison

## Jim Allison Has Musical Interest

With plans to major in political science and history, Jim Allison expects to follow his high school career with attendance at Baylor University. He has been prominent in campus activities during his years in Hereford High.

Athletics has been one of his interests. He was on the basketball squad his junior and senior years. He was a member of a boys' singing group, the Straw-benders, which has entertained at numerous community programs this year in addition to appearing in school events.

Serving as secretary his senior year, he was a member of the Key Club as a junior and a member of the Most Hand-some Boy this term.

His parents are Mr. and Mrs. J. R. Allison, 113 N. Texas.

Colleen Sanders

## Colleen Sanders Works In Groups

Colleen Gail Sanders, 18 year-old daughter of Mr. and Mrs. C. W. Sanders, Rt. 5, was a member of many high school organizations such as the FTA, National Honor Society, UIL Spelling and band during her year at Hereford High.

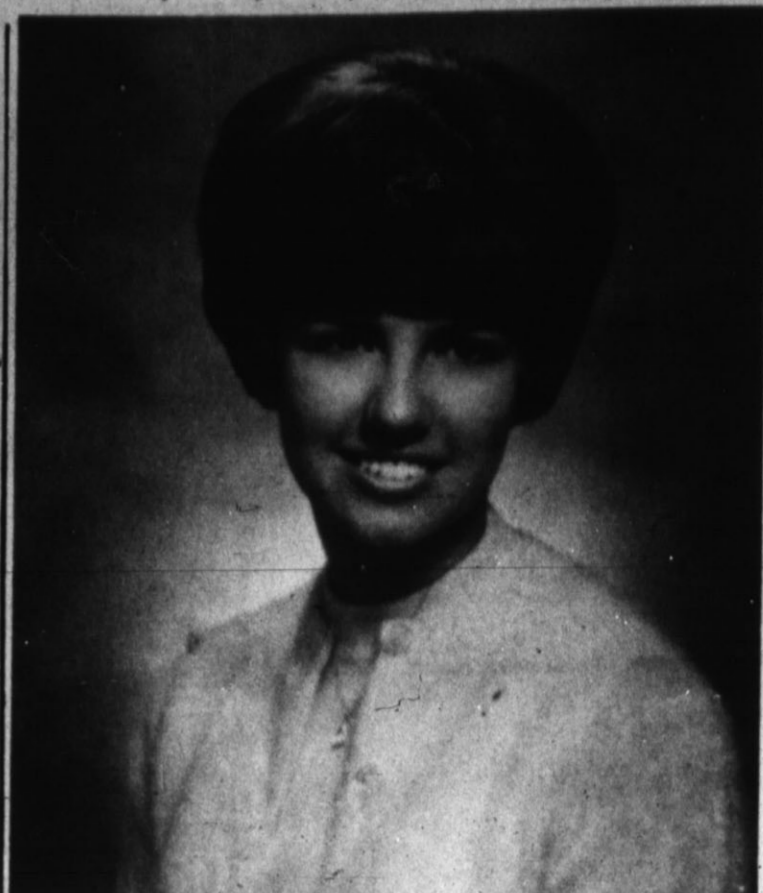

She was also in the Messiah Orchestra in her junior year and while in her sophomore year, she made a division I on a class I solo and ensemble at UIL contest for bands.

She was band librarian her senior year and while in FTA, she won a trip to Austin to the FTA state convention. In band, Miss Sanders has traveled considerably. She has gone to Enid, Dallas and has also made two trips to Corpus Christi.

She auditioned for a music scholarship at West Texas State University and won an Applied-Music scholarship worth from \$55 to \$75 a semester for four years. She was also awarded a Part-Tuition scholarship worth \$50 for her freshman year.

Miss Sanders plans to major in Music and minor in math. Besides having been active in many school clubs, she is also a member of the 4-H club. She is now serving the Happy Hustlers 4-H club as treasurer. Two years ago, she was awarded a trip to the state 4-H Round-up which was held at the Texas A and M University at College Station.

Miss Sanders is a member of the Nazarene Church and is secretary of her N. Y. P. S. group.

Sharon Garrison

## Sharon Garrison Is Honor Student

Sharon Garrison, an active student in Hereford High School, is graduating as one of the top ten in her class.

Miss Garrison was an active member of the FNA and FHA clubs during most of her school years at HHS besides also belonging to other clubs and organizations.

In her freshman year, she was high point girl in FHA and was sent to Austin to attend the state meet for that honor.

In her sophomore year, she continued as member of the FHA and she also joined the FNA that year.

She was elected as student council representative, during her junior year besides belong-

ing to FHA, FNA and Pink Angels.

In her senior year, she was an active member of the Tri-Hi-Y Club along with continuing as member of National Honor Society, FHA, FNA and Girls Choir.

While in her senior year, she went to Corpus Christi with the choir when the high school chors attended the Buccaneer Days Festival.

She was also chosen as senior attendant to the Basketball Queen this past year.

Her outside activities included having been Easter Lions Club sweetheart this year and also having been president of both the Amarillo district of Methodist Youth Fellowship and the local MYF.

Miss Garrison, daughter of Mr. and Mrs. S. L. Garrison, plans to attend McMurry College at Abilene this fall.

Dwaine Knabe

## Dwaine Knabe In Top Group

Dwaine Knabe, 18 son of Mr. and Mrs. Adolph Knabe of Star Route, plans to enter Oklahoma State Tech this fall and take a two-year course in diesel mechanics.

After finishing the course, Dwaine will return to his hometown to work as a diesel mechanic.

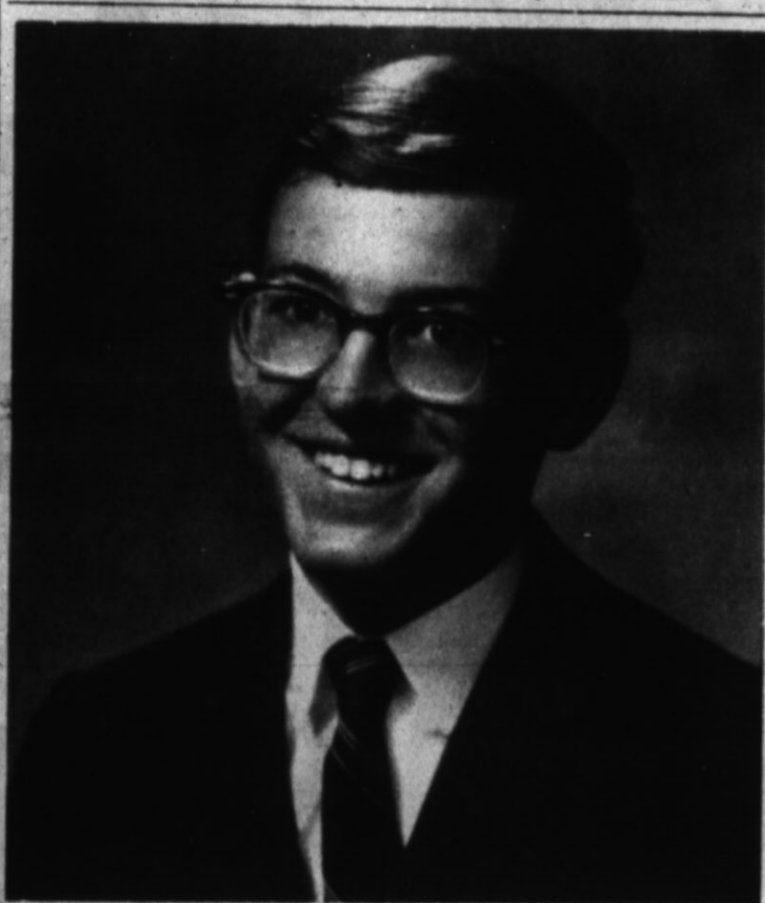

Most of Dwaine's activities have centered around the Future Farmers of America and,

consequently, most of the recognition he has received has been in that field.

During his two years in Production Agriculture, Dwaine exhibited a show calf at the Young Farmers Junior Livestock Show in Hereford and another at the State Fair in Dallas.

He also was a member of three FFA teams which participated in area contests. The Greenhand Quiz Team did not place, but the Poultry Team won first in district and the Grass Team was first in district and Area I. In his second year, Dwaine received a Foundation Award for soil and water management.

Last year Dwaine joined another phase of FFA, that being the ACPT (Agricultural Cooperative Parttime Training). With the records he kept under the place in district and second place in Area I. He was honored as the top ACPT student at HHS this year.

James Myers

## James Myers Has Wide Interests

A transfer student from Plainview after his sophomore year, James H. Myers plans to use an Army ROTC scholarship to study at Texas Technological College next year following his graduation from Hereford High School.

He is choosing an electrical engineering degree as his college objective. He received a four-year scholarship awarded by the U. S. Army, which will pay tuition, books, fees and a cash grant on room and board.

Myers also earned a four-year Opportunity Plan scholarship awarded by Texas A&M, but elected to use the other.

Son of Mr. and Mrs. John T. Myers, 312 Centre, he attended high school in Amarillo and Plainview before the family moved to Hereford.

His school activities include athletics, drama, number sense and ready writing, and his Senior year courses were trigonometry, elementary analysis, physics government, English and distributive education.

SNAPS LOSING STRING WESTBURY, N. Y. (AP)—Billy Haughton, one of America's top harness horse trainers, broke a 12-race losing streak here when he won the featured class AA-3 one-mile pace with Don MacFarlane's Vicar Han-over on All Fool's Day.

Two races later Haughton scored with Scottish Port.

A TROPHY FOR RIP ATLANTIC CITY, N. C. (AP)—Charles (Rip) Engle, former Penn State football coach, was called on unexpectedly at the National Football Clinic here. He was surprised when he received a Pop Warner Junior Football League special award from president Joe Tomlin of Philadelphia.

She also served as Kiwanis Club sweetheart this past year.

Laura Higgins

## WE SALUTE THE CLASS of '67

You've completed an important phase of your education and we congratulate you. It is our hope, however, that each of you will continue to seek additional study and advancement in your field of endeavor. Your talents and ability are needed. May complete success and happiness be yours.

We Proudly Present

Beverly Lemons

one of the graduating seniors of Hereford High School

### Protect Clothes In Summertime

COLLEGE Station — The protection of clothing and many household furnishings during the summer months against insect pests can be a part of the spring cleaning job.

Extension entomologists at Texas A&M University say two of the most destructive pests of fabrics in the home are clothes moths and carpet beetles. The beetles are more abundant in most localities and often do the damage blamed on clothes moths. The larvae of both pests feed on anything containing wool or other animal fibers. The adults do no damage explain the entomologists.

The larvae of the clothes moths are white with a brownish-black head. They are about one-half inch long and can be found developing in a silken feeding tube or a hard protective case often on fabrics. Carpet beetle larvae crawl about and often are found on cotton goods or other things on which they do not feed. They are carrot-shaped, golden to chocolate brown in color with tufts of very long hairs at the tail end of the body. They may reach almost a half-inch in length, say the entomologists.

Both feed on wool, mohair, hair, bristles, fur, feathers, and down. Household articles commonly attacked include blankets, comforters, rugs, carpets, drapes, pillows, hair mattresses, brushes and upholstery.

The use of preventive measures is recommended by the entomologists. These include the application of protective treatments to susceptible articles, practicing good housekeeping and when needed, spraying insecticides on surfaces over which the insects are likely to crawl.

Paradichlorobenzene crystals or naphthalene flakes are effective against both pests provided the container in which the articles are stored is absolutely airtight. The mere odor of the chemical does not repel the insects. Oil-solution insecticides containing DDT, methoxychlor, Strobane or Perthane are fine for protecting clothes and blankets.

Rugs and carpets may be treated with a 5 percent DDT oil solution every 12 to 18 months, using 1½ to 2 quarts of spray on a 8 x 12 rug. Special attention should be given to the parts of a rug or carpet under furniture not often moved and around heat registers and under radiators, emphasize the entomologists.

Furs should be stored only in commercial facilities where they will receive professional care and can be insured against damage.

The entomologists recommend a spray containing 2 percent chlordane, 3 percent premium grade malathion or one-half percent diazinon for the treatment of surfaces over which insects may crawl. These and other recommended sprays may be purchased in ready-to-use pressurized containers or as liquids for application with a hand sprayer. All hard-to-clean places should be sprayed. Closets may be treated after clothing has been removed.

NOW AND THEN — Work on a service station on 25 Mile Avenue is progressing rapidly and soon will look like the finished product pictured at right. Station owners said the Hereford business will be a replica of this one in Amarillo. (Hereford Brand Photo)

### Choosing Toys Is A Problem

COLLEGE STATION — Pick-out toys for seldom-seen youngsters can be a frustrating experience, but the American Toy Institute has produced a new guideline for all toys.

Family life education specialists have found that a good toy will challenge but not frustrate the youngster. He won't have much fun, or learn anything either, if it's so complicated he can't satisfy his curiosity about "what makes it go."

A normal child wants a toy he can "do" something with. To have continuing play value, a toy must challenge a child and offer built-in variety — many possibilities he can imagine into many play situations. Most au-

thorities divide play into two different types and recommend that a child of any age have toys that give him the whole range of play experience.

Toys of the active, physical type, such as bicycles and scooters, require physical exertion and result in muscular development. Any kind of ball falls into this category. Push-and-pull toys are ideal for toddlers.

Creative, constructive, manipulative, or scientific toys embrace a broad range. They extend from a toddler's first blocks to complex electronic assembly sets. Coloring books and painting supplies encourage expression of individual ideas, initiative, and observation for different age groups.

Play that is imitative, imaginative, and dramatic is great fun for children. Tools for this kind of play include stuffed animals for babies, dress-up costumes, toy trucks and miniature tools.

Shared or social play helps children learn to get along with each other, understand fair play and healthy competition. All games and sports equipment are in this category, as are board games such as checkers, chess, quiz and word games, and others.

Toys are "tools of play," and, like any good tool, must work effectively — not just as an amusing gadget.

Pierced Ear Screws for that Girl Graduate

COWAN JEWELERS

A short length of white nylon net (close mesh) does excellent duty as a scrub and wipe-up cloth at the kitchen sink. The firm surface of the net is of help in cleaning off dry spots of spilled food on kitchen counters.

If you haven't enough batter to fill all the wells in a muffin pan (usually about two-thirds full) add water to the empty wells before placing the pan in the oven.

JUST A LITTLE MORE — Add just a bit more and the vocational school addition will be complete. Contracts call for completion by the time school starts and outside walls look promising. The addition is located on the northeast corner of the present high school building and will house auto mechanics, building trades and cosmetology. (Hereford Brand Photos)

**FOR WANT OF A SHOE** — HALLANDALE, Fla. — Not many people saw it but Barney Lobel, who owns the ABS Farm and saw his Gone Flyin' win one of the major jumping stakes at last November's National Horse Show in Madison Square Garden, saw it. Sikkim, a 4-year-old gelding

owned by John W. Hanes and trained by Arnold N. Winick, was leading in The Ocala, a six-furlong sprint for 4-year-olds and upward at Gulfstream. Jockey Balsamino Moreira was driving the odds-on favorite in the stretch when all of a sudden Sikkim, a fine sprinter, began to fade.

"He threw a shoe, he threw a shoe," yelled Lobel, his eyes trained on Sikkim. "U. Bearcat never would have won the race but for Sikkim's lost shoe." U. Bearcat returned \$81.80 and Sikkim finished second.

### Letter To The Editor

Dear Editor,  
If I could afford orchids, I would like to buy them by the dozens to send to the wonderfully faithful volunteers who have worked at the patterning center at the First Methodist Church for past eight months. Words cannot begin to express the deep feeling of gratitude which so many persons feel to-

ward them. Three sessions each day, seven days per week, without missing a single patterning must be some kind of a record. Many, many persons have been involved, and every service has been appreciated. We feel that we now have a hard core group who are working from their hearts and noticing with deep feelings of accomplishment the gains made by the children from month to month. Vacation time, out-of-town visiting, etc. is fast approaching and many fill-in's are needed for the volunteers who cannot continue through the summer. Perhaps there are persons who have heard about the program and have wished for an opportunity to become involved. This is a marvelous chance to give service to some lovable and deserving children. Persons who can begin work at the patterning center at any time may simply come at the time most convenient for them: 9:00 in the morning, 4:00 in the afternoon, or at 7:00 in the evening, any day of the week.

The week-end times, beginning with the evening session on Friday, are the most crucial times for having the new workers. The changes in schedules made necessary by summer activities will cause all groups to be able to use more persons. If a person would be willing to serve, either as a regular worker or as a fill-in substitute, he is asked to please call either Mrs. Joe Hamilton at 364-3298 or Mrs. Charles Bell at 364-3215 for further information. He will be richly rewarded for his willingness to help.  
Sincerely,  
Mrs. Charles Bell

From its source in Burgundy, the Seine River meanders 450 miles in a northwesterly direction before reaching its estuary on the English Channel.

### WTCC Regions Leaders Told

Don Wooten, president of the West Texas Chamber of Commerce, announced today the names of basic committee chairmen for the regional organization. In making the announcement, Wooten said "We are fortunate that men of such great ability will volunteer their time and services for the furtherance of the WTCC program." "The officers and the executive committee will publish the complete program of work shortly after June 1 and these men and their committees will carry on he various projects. The new program is business-oriented, progressive and a realistic work able set of goals and projects

for the West Texas area," Wooten continued. The committee, chairman and his home town are as follows: Agriculture and Ranching, Alvie Cole, Sterling City; Community Development, John Logan, Lubbock; Cultural Affairs, Tom Barnett, Fort Worth; Education, J. Fike Godfrey, Spur; Industrial Development, Wilson Guest, Sweetwater; Information, R. W. Whipkey, Big Spring, National Affairs, D. O. Tomlin, Fort Worth; Petroleum and Chemicals, Joe Moss, Big Spring; State Affairs, Hubert Preston, San Angelo; Tourist and Travel,

Harlan Bridwell, Bridgeport and Water, K. B. Watson, Amarillo. Chairman of the other committees: Women's Activities, Young Leaders and STEP Action Team will be announced soon. Ancient Egyptians worshipped dogs. Israelites abhorred them, some Chinese ate them and Lincoln jumped into a river to save one. Sluggar Harmon Killebrew of the Minnesota Twins, a native of Payette, Idaho, makes his winter home in Ontario, Ore.

DECOROUS LIGHTING

STUDENTS AT AIKMAN elementary school which were honored by the President's Physical Fitness Award during an assembly Friday are from left to right, Keith Kitchens, Gregg Dameron, Gerald Shipley and Felix Medina. The students are just some of the 15 that won the award out

of some 208 entrants. Aikman school is believed to have been the only school that held this test. The boys P.E. class is taught by Roy Harris, also the assistant principal at Aikman. (Hereford Brand Photo)

### Womble Receives AA Silver Wings

Robert W. Womble, son of Mrs. Richard C. Jowell, 114 Lake St., Hereford, has been awarded the silver wings of an American Airlines flight officer after completing training at American's flight school in Los Angeles.

Born in Hereford, Womble attended Hereford High School and Pensacola Junior College, Pensacola, Fla.

Prior to joining American Airlines, Womble served in the United States Navy for ten years, from 1956 to 1966, attaining the rank of Lieutenant.

He and his wife, Dolores, and their son, Robert, will make their home in the New York City area, where Womble has been based.

Robert W. Womble

### Vacation Funds Cause Problem

COLLEGE STATION — The loss of theft of money during vacation can spoil a long-anticipated pleasure trip, says Lucille Moore, Extension recreation specialist with Texas A&M University.

However, by paying various fees, you can use any of several substitutes for money, limiting your cash to small sums.

Traveler's checks, usually purchased in banks, are the most widely used substitute for currency throughout the world. They are used like money, except that the owner must sign them twice — first upon purchase, then again when the check is cashed. The matching signatures provide identification and protection. In the event they are lost or stolen the checks will be refunded in full upon notification.

Credit cards from some companies can be used to charge several services, including lodging, food, store purchases, and car rentals. A bill is sent monthly for all items purchased during the preceding month. If you lose your credit card, notify the company at once.

The traveler's letter of credit is usually reserved for large sums of money. The bank gives you a document specifying an amount you can collect, and the

letter can be negotiated only by a branch or correspondent bank of the issuing institution.

A remittance is an authorization, usually by mail or wire, from a bank to a branch or correspondent bank to pay a definite sum to you or someone you designate. Some travelers who do not want to travel with a lot of money will have various sums of cash awaiting them at different stages of their trip.

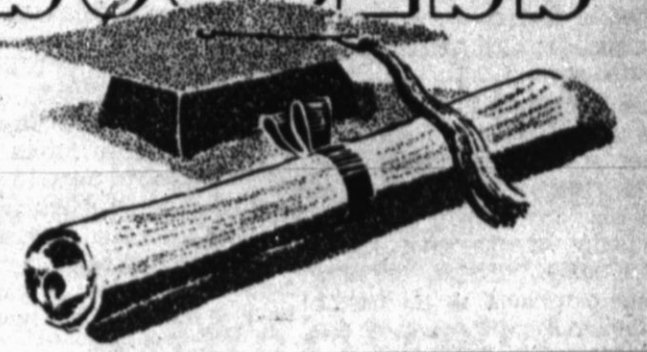

Foreign-currency brokers and many commercial banks sell foreign currency. Many people find it convenient to have a small amount of foreign money for immediate use upon arrival abroad. However, in some countries merchants offer discounts

for merchandise purchased with American currency or traveler's checks. Resale of foreign currency upon your return to the United States will be lower than what you paid for it. The fee charged in selling foreign currency in the U. S. may be included in the cost of the currency or charged separately.

Fill cookie "horns" or shells with whipped cream or custard-type mixtures just before serving so the cookie cases won't soften. If you are accustomed to working with a pastry tube, you may want to use it for adding the filling.

HONORED FRIDAY as some of the 15 students who received the President's Physical Fitness award at Aikman elementary school during an assembly were from left to right, Debra Anstey, Mrs. Jessie M. Dodson,

Greta Short and Elsa Aguirre. Mrs. Dodson is their P.E. instructor. The students pictured above are just part of the 15 that won the award, out of 208 participants. (Hereford Brand Photo)

### Cow Men Study Grass, Forage

Directors of the Texas and Southwestern Cattle Raisers Association will be brought up to date on grass and forage research during their quarterly meeting June 2-3. The general session is scheduled in the Texas Research Foundation's Plant Science Auditorium at 9 a. m. June 3. It will be followed by a tour of the Foundation facilities.

The Foundation is headquartered at Renner, Texas, north of Dallas. Transportation from the Sheraton-Dallas Hotel to the site will be provided the morning of June 3, according to TSCRA President Ben H. Carpenter of Dallas. The Sheraton-Dallas will be official headquarters for the TSCRA directors, and committee meetings are scheduled in the hotel, Friday, June 2.

The Texas Research Foundation is an independent non-profit educational research foundation

### FFA WINNER — Freddie Conyers

Freddie Conyers, a member of the Hereford chapter of the Future Farmers of America, won first place in the Seeds, Sales and Service division of the Agriculture Cooperative Training Program at the Area I FFA convention in Amarillo May 13. He will participate in the state convention at Dallas in July along with Monte Gripp of Hereford, who won first place in the public speaking contest. (Hereford Brand Photo)

devoted exclusively to agricultural research and is the first foundation of its type in the United States.

Research work by the Foundation has resulted in the initiation of a number of agricultural practices which has contributed greatly to increasing farm and ranch income in Texas.

Give that Graduate a new Longines Wittnauer or Bulova  
**COWAN JEWELERS**

## PE Program Ends In Testing

Out of 208 boys and girls that participated for the Presidents Physical Fitness Award at Aikman School, only 15 survived the rugged tests and were recognized during an assembly at the school cafeteria Friday afternoon.

The standards for being eligible for the award were of the highest and they included all types of exercises such as pull-ups, sit-ups, running, jumping, throwing and other activities.

Honored as the students who completed the test were Keith Kitchens, Gregg Dameron, Felix Medina and Gerald Shipley. They were taught by Roy Harris assistant principal at Aikman and boys-P.E. teachers. Also receiving the award were Debra Anstey, Greta Short and Elsa Aguirre, all taught by Mrs. Jessie M. Dodson. Georgette Malouf, Lindi Rojek, Vicki Rich-

ardson, Cheryl Smith, Rebecca Suarez, Marina Valdez, Carolyn Langley and Carolyn White were the other students who completed the test. They were taught by Mrs. Ellen Bryant.

All the students honored were 8th graders except Gregg, Felix, Gerald, Debra, Greta and Elsa. Aikman school is probably the only school in Hereford that participated in that event. Its principal is D. C. Martin.

### Moving Vehicle Damaged Sunday

About \$400 worth in damages resulted from a two-car collision early Sunday morning at the 300 block of Star Street.

A 1966 pick-up, driven by Kerry L. Struve of Rt. 2, and another 1966 pick-up, owned by GERALD HALE, 326 Star, were the two involved as one hit another while it was parked.

The parked pick-up did not account for any of the damages as the Struve vehicle sustained all the damage.

No citations were issued at the scene of the accident.

# Changing Society Turns From Rights Interest

It is doubtful whether many Americans would concede that this country is without reproach in the area of civil rights. Shortcomings are too obvious to be ignored, especially by the person who comes out on the short end of the deal. But society, despite what it preaches, practices another standard. It takes time for society to change; perhaps a little more time is needed in Texas. In the coming months, it is hoped that civil rights activist forces won't resort to more bloodshed as a means of speeding up the forces aimed at perfecting our society into one where all men are truly created equal.

Ironically, absolutely nothing was accomplished by Negro students at Texas Southern University last week; the effect of violence may have weakened sympathy for the civil rights cause, simply because the civil rights movement is no longer on the forefront in American politics. American attitudes change constantly, from activism to moderation, from interested participation to disinterested apathy. Civil rights laws are now on the books, and interest in civil rights has subsided to some extent. Groups still protest, but their protests don't reach as many sympathetic ears.

But some of the protests will receive as much attention as before — the kind of attention no one likes to get. The bloodshed in Houston brought that kind of attention to Negro students at TSU. Now that they have publicity, and adamantly taken their stand, they may find that their supporters have deserted them.

Commenting on the riots in Houston, Orville Harris, president of the Negro Association for Progress at the University of Texas at Austin, says, "Protest and demonstrating can be healthy. But when it turned into a riot — it went a little too far." Another Negro UT student, a student assemblyman, commented, "Though all the facts are not yet known, it is still deplorable that college students should flout authority in such an irresponsible manner." And that authority is not an arbitrary school administration in this case — it is authority written into law that protects citizens from physical harm.

What can be done to avert such drastic measures of activism in the future is something the authorities want to discover. Perhaps it is time for law enforcement to take a different attitude in regard to social concerns in order to change their

reputation among minority groups of bigotry and bias. Perhaps it is also time for minority groups quit thinking they are always being picked on. Times are changing, but sometimes they just can't be pushed too hard.

The problem with law enforcement officers is one which the police themselves have come to recognize. To the Harlem Negro the policeman is "The Man" a person to fear. Rio Grande farm workers sometimes refer to the police force as the "Rent-A-Cop" agency, referring to sympathy minorities believe policemen have for the Anglo middle class. It is this disrespect between the two forces — the law officers and minority groups — that may be a major factor in creating social unrest. It is one factor that one law enforcement leader says is going to have to change if the law is go-

ing to encompass all Americans.

Chancellor of the University of Texas at Austin, Harry Ransom told students recently that "years ago, student political groups would emerge only sporadically, usually at election time. Today they are of a much more permanent nature." Student politics of a generation ago were "helter-skelter," where "now they are organized on a national basis down to the slightest details of slogans, political manifestos, and planned procedures." The chancellor says he would like to see the University prove itself capable of sustaining conflicts of opinion without students grouping themselves into hostile political camps.

Political interest developed at the collegiate level will hopefully continue through a student's life as a United States citizen. If it does, one more point can be chalked up for education.

## Baton Twirlers Set Club Theme

Caricatures of baton twirlers in varied poses were used to illustrate duties of club officers in a clever installation program for L.A. Igra Study Club at a luncheon in Hereford Country Club Thursday.

Mrs. Alex Schroeter, retiring president who is an instructor in baton twirling, used the symbols in indicating Mrs. Dennis Lomas to the president's office, Mrs. Hazen Woods secretary, Mrs. Bobby Veigel correspondent, Mrs. Jimmy Conkright treasurer and Mrs. Bill Warrick reporter.

A gift from members was presented to Mrs. Schroeter in appreciation for her leadership the past term. She is to be parliamentarian in the new administration.

Shiny brass batons were arranged with spring flowers in a centerpiece for the luncheon table. Mrs. Ronald Zimmerman and Mrs. W. C. Russell were on the program committee.

Entertaining plans were made for an informal social meeting in July, as the club recessed after a full season. Mrs. Buddy Bloomer was welcomed as a new member.

Other members at the luncheon included Mrs. Houston Frye, Bud Snyder, Bob Sims,

Richard Pickens, J. H. McCrary, Howard R. Johnson, David Gibson, Cameron Gault, Gene Cope and Noble Ballard.

## Mrs. Barton's Rites Set At Wichita Falls

Funeral services for Mrs. Henry W. Barton, 76, are pending at Wichita Falls. Hampton Vaughn Funeral Home will be in charge of arrangements and the service is planned at Floral Heights Methodist Church, followed by graveside rites at the cemetery in Decatur.

Mrs. Barton died here Friday evening after a long illness. She had been a resident of Westgate at Kings Manor residence home since 1964, when she came to Hereford from Wichita Falls.

Nee Miss Alma Pearl Perrin, she was born July 26, 1890, at Ardmore, Okla. and came to Texas from that state at the age of five. She married Henry W. Barton June 5, 1909 at Decatur. His death occurred in 1933.

Survivors include two sons, Jim Tom Barton of Austin and Henry Barton of Wichita Falls; two sisters, Mrs. Ollie Freeman and Mrs. Irene Ballard, and three brothers, William, Carl and David Perrin, all of Hereford. There are also four grandchildren.

Local arrangements were in charge of Gilliland Funeral Home.

PRINCIPAL AT Stanton Jr. High, W. C. Quattlebaum, congratulates Percy Mays for having been chosen as the outstanding student by the student body. Mays is a freshman.

## Percy Mays Is Outstanding At Stanton Jr-Hi

Percy Mays, a freshman student at Stanton Jr. High School, was chosen as the Outstanding Student by the student body with the announcement being made during an awards assembly Wednesday. The award was presented by Stanton Jr. High principal, W. C. Quattlebaum.

Several other awards were also presented during the assembly and chosen as recipients of the American Legion Boy and Girl awards were Santry Rush and Carmen Malouf. The presentation was made by Gene Fooks.

Assistant principal and athletic director at Stanton, Walter Bryan, presented athletic awards to some 49 freshman students.

Jeff Smart presented athletic awards to some 34 8th grade students and Ray D. King made athletic presentations to about 29 7th graders.

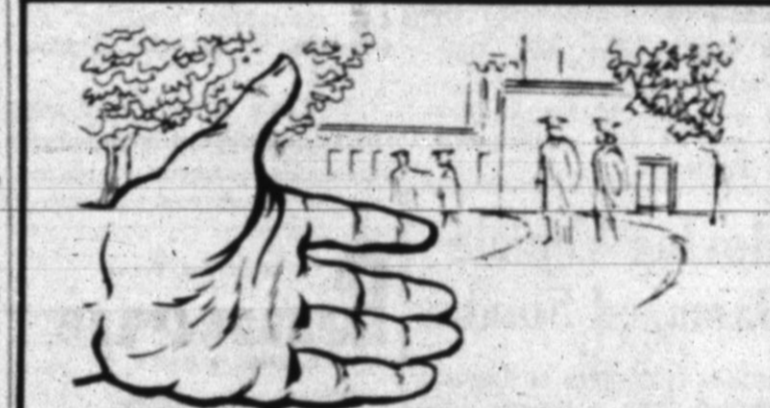

Richard Robinson made 7 F. A. award presentations and Mrs. Dean Bradley presented F. H. A. awards to 2 students.

Alicia Hubble was presented an award for having won the County Spelling Bee just recently by Mrs. Ruth Word.

Mrs. Beatrice Nishimuta, Don Clements and Joed Cupell presented 20 science fair awards to pupils during the assembly.

Clements also presented intramural awards to about 18 students while Jim Priest presented awards to 58 band members. In choir, Douglas Morris presented awards to some 26 students and Horace McGuffine presented all-school play awards to some 25 pupils.

In the industrial arts class, Steve Thomas presented awards to six students while Mrs. Margaret Sigmah presented awards to about 16 students that helped in the office. Linda Williams was presented

### Former Resident Is Honor Student

Of interest to many Hereford residents is the announcement this week naming Miss Charlotte Babione as high school valedictorian of the 1967 graduating class, Altus, Oklahoma. The commencement exercises for 230 seniors are scheduled for May 26 at 8:00 p. m. at Altus High-tower stadium.

The daughter of Mr. and Mrs. Ronald Babione, Miss Babione spent most of her life in Hereford and attended local schools for eight years prior to moving with her parents and three younger brothers to Altus in 1963. Her father farmed northwest of the city and both he and Mrs. Babione were active in Hereford civic, church and school affairs.

An honor student at Shirley and Aikman elementary schools and Stanton Junior High, Miss Babione was three-times honored as "Student of the Month" by the Hereford Optimists Club. She was a junior high school cheer leader and a student assistant in the principal's office as well as a zealous worker in many youth organizations, with particular dedication to the projects of the Presbyterian Church and the Campfire Girls.

Since making her home in Altus Miss Babione has returned often to Hereford to visit friends and participate in community activities, including two assignments as a junior counselor in the annual Day Camp program for Blue Birds and performance in the community chorus during

Charlotte Babione

the city's formal ceremonies last July 4th. She is a frequent house guest of Mrs. and Mrs. Lloyd Pool and daughter Kathy.

In addition to being Altus' top scholar, Miss Babione's high school honors include the D. A. R. Citizenship award, appointment to Oklahoma Girls State, her class's "Best All Around Girl" award, and queen of the vocal music dept. She is co-editor of the school yearbook and has held numerous class and organizational offices, currently serving as state vice president of the Future Journalists of America.

Recognized as one of her community's outstanding young musicians in piano and voice, Miss Babione began her serious musical studies as a piano student of Mrs. W. T. Thompson of

### Nine Children Applaud

## BS Degree For Mother

One of the trim coeds who is handed her diploma from West Texas State University this afternoon in commencement exercises at Canyon, Hazel Arnpriester will be applauded by her own cheering section, including her nine children. She boasts one grandchild, also.

The BS degree in social studies which she will receive along with a teaching certificate in secondary education will not be the first college degree she has earned, jokes her husband, the Rev. Noah Arnpriester, pastor of Wesley Methodist Church here.

He gives her credit for his own BA degree which he received after their marriage, and an assist on that awarded their oldest son, Marvin Arnpriester, from WTSU in last spring's commencement. All this while she was living the busy life of a homemaker and a minister's wife.

With one year of college work done after her graduation from high school in Ordway, Colo., where she grew up, Mrs. Arnpriester kept alive her ambition for further study while she aided her husband in completing studies for the ministry, and brought up her children.

The minister attended Prairie Bible Institute at Three Hills, Alberta, Canada, then took his degree from McMurry College at Abilene.

Marvin Arnpriester is serving as assistant educational director at Linwood Methodist Church in Kansas City, Mo., while he studies at St. Paul's School of Theology there. He and his wife

Hazel Arnpriester ... unusual coed

(Bradly photo)

are the parents of a baby son, Jonathan.

Oldest of the Arnpriesters' daughters is Donna, wife of the Rev. Archie Echols who is pastor of Avoca Methodist Church and a student in McMurry College. The second daughter, Marilyn, is Mrs. Jimmy Bell, a 1965 graduate of Hereford High

School who has attended WTSU. Also a graduate of HHS, the second son, Paul, is now serving in the U. S. Air Force, stationed at Sheppard AF Base at Wichita Falls. Children still at home are Rachel, Lois, David, Arlene and Teresa.

### ELECTRIC POWER-

wherever it is needed!

Motivated only by the needs of the consumer, cooperative electric systems are proud of their efficiency and ingenuity. Recently a co-op hired a helicopter to do a five-week job in two days. Providing scattered consumer-members with electric power often requires extra effort, but we know from first-hand experience that bringing electricity to a new area benefits the entire community.

AWARDS COLLECTED — Some of the awards received by Hereford's First Church of the Nazarene, including a plaque denoting the honor award as Outstanding Small Church in the district, are exhibited by three members after the annual West

### Nazarene Church Honored In Area

An imposing collection of awards was brought back by members of the Church of the Nazarene here from the annual West Texas District Nazarene Assembly May 8-11. Of about 60 churches in its class, it received the honor award as Outstanding Small Church of the

district, and is now in competition for the regional title. The Rev. K. Dwight Southworth, pastor, and several members attended the meeting, in which the name of the district was officially changed from Abilene District to West Texas District. Donald Douglas is superintendent of the Sunday School and Melvin Jayroe president of the Young People's Society. Work of the Women's Society was done this year under leadership of Mrs. Gene Houghteling, who has recently moved to San Benito. Mrs. Southworth is serving as NWMS president at present.

### ONE MINUTE PLEASE

THE CHURCH I LOVE... SUBMITS TO THE WILL OF GOD. Christ taught us to pray, "Our Father who art in heaven, Hallowed be thy name. Thy kingdom come, Thy will be done. On earth as it is in heaven." (Matthew 6:9, 10). So, as the will of God is done in heaven, we who accept God's grace, while alive on the earth, are also to do his will. If we follow Christ, we shall do the will of God; for it is for this very purpose that Christ came to earth. "Lo, I have come to do thy will, O God, as it is written of me in the roll of the book" (Hebrews 10:7). Jesus once said, "My food is to do the will of him who sent me, and to accomplish his work." (John 4:34). Also, "If I am not doing the works of my Father, then do not believe me." (John 10:37). "Not everyone who says to me, 'Lord, Lord,' shall enter the kingdom of heaven, but he who does the will of my Father who is in heaven. On that day many will say of me, 'Lord, Lord; did we not prophesy in your name, and cast out demons in your name, and do many mighty works in your name?' An then will I declare to them, 'I never knew you; depart from me, you evil-doers.'" (Matthew 7:20-23). "And his (Jesus) mother and his brothers came; and standing outside they sent to him and called him. And a crowd was sitting about him; and they said to him, 'Your mother and your brothers are outside, asking for you.' And he replied, 'Who are my mother and my brothers?' And looking around on those who sat about him, he said, 'Here are my mother and my brothers! Whoever does the will of God is my brother, and sister, and mother.'" (Mark 3:31-35).

### Pile-Up Results In Damage To Five Automobiles

A five-car collision Saturday morning on the 300 block of Main Street resulted in about \$500 worth in damages with no injuries being reported. The accident occurred as a 1964 sedan, driven by Jeanette Willis, 603 E. 13th, was traveling south on Main and struck two autos, a parked 1967 sedan owned by Lewis D. Boyd of 1010 E. 3rd and a 1962 sedan driven by Albina H. Almazan of 320

Ave. E. The Almazan auto then struck a parked 1960 sedan owned by Stanley Frye of 118 Ave. E. and also a 1965 sedan driven by Ada P. Hollobough of Box 649. The Willis auto sustained about \$300 in damages while the Almazan vehicle accounted for \$75. The Boyd auto resulted in \$50 in damages, the Frye auto in about \$25 and the Hollobough vehicle totaled about \$50. Two citations were issued at the scene of the accident. One was for having no driver's license and the other for negligent collision. When you are adding liquid to a muffin batter, make a well in the center of the dry ingredients and pour in the liquid all at one time. Stir just enough to moisten dry ingredients; batter should be lumpy. Overmixing results in holes in the baked product.

### News About Area Men On Duty

Cpl. Gil Romo wounded in Viet Nam Marine Cpl. Gil Romo of Charlotte, brother of two Hereford men, is recovering from wounds suffered while on patrol duty in Viet Nam, his relatives have been notified. He is the brother of Delfino Romo, 214 Ave. D, and Leon Romo, now in Army service in Germany, whose wife lives at 605 Blevins. The young Marine, who had been on duty in South Viet Nam since last June, "sustained fragmentation wounds to the left shoulder, left leg and left arm from a hostile explosive device while on patrol", a telegram to his parents, Mr. and Mrs. Francisco Romo of Charlotte, said. Local relatives have learned from letters that he is able to walk again. Cpl. Romo is a member of the First Marine Division.

Sandy Koufax pitched 40 National League shutouts in his career.

Mrs. Len Tillerson and Mrs. Ralph McCullough  
guest and coffee hostess

## Visitor Gives Reason For Parties Of Week

A visitor whose presence enlivened the week's social picture in Hereford was Mrs. Len Tillerson of Marlow, Okla., who has been the house guest of Mr. and Mrs. Ralph McCullough, 139 N. Texas.

Mrs. Tillerson and Mrs. McCullough are friends who had not seen each other in a number of years and who enjoyed recalling incidents of their long acquaintance, including the Oklahoma woman's last visit to Hereford in the early 1930's.

About 50 of Mrs. McCullough's close friends and club associates were invited to meet her guest at a coffee Wednesday morning. Mrs. C. D. Kelton was hostess to Mrs. Tillerson and Mrs. McCullough at luncheon afterward in Hereford Country Club, and they played bridge with a group there that afternoon.

On the previous day, Mrs. Tillerson was a guest of the Tuesday afternoon Bridge Club for games in the home of Mrs. Jesse Stanford.

The visitor accompanied Mrs. McCullough to Clovis, N. M., Thursday for lunch and a visit in the home of the McCulloughs' and Mr. Killian.

Mrs. Killian assisted her mother as hostess Wednesday morning, and Mrs. S. O. Wilson also assisted in greeting callers as well as pouring coffee with Mrs. Jim Lipscomb the first hour. Mrs. L. H. Lookingbill Sr. and Mrs. Ray L. Johnson were at the coffee services later.

Pyramids of roses from the McCullough garden were arranged with fern leaves to center the table and decorate the living room. Other bouquets made all the rooms fragrant.

A border of pink Fashion roses in full bloom across the front of the entrance porch added to guests' pleasure. Many of the callers strolled across the back lawn to the wide bed where roses in scores of varieties were blooming with other May flowers.

## Bride-Elect Is Honored With Shower

Schoolday friends from Hereford joined associates of Miss Judy Husmann in Amarillo for a shower Thursday, a prelude to her June wedding. She and Robert Stanley Williams, both of Amarillo, are to be married June 10.

Daughter of the A. H. Husmanns of Hereford, the bride-elect was complimented with a personal shower in the party room of the Heritage House. Hostesses were Mrs. Willie Artho, Misses Linda Wieck, Jo Hussman, Audrey Seal and Patti Bonnell.

Spring blooms in shades of yellow centered a white lace cloth on the table where refreshments were served to about 25 guests. White and yellow are the colors to be used in decor for the wedding.

## Gift Quilt Is Made By Needle Club

Another quilt to be added to their gifts to Girlstown was quilted at a meeting of Mothers Needle Club Thursday in the home of Mrs. Lloyd Battey. Members enjoyed a covered

dish luncheon and the day of work. The quilt they made is one of several they have given to the girls' residence home at Whiteface, along with clothing and linens for use there.

The next meeting will be the afternoon of June 15 with Mrs. J. L. Shirley.

Mrs. Glenn Hetzler was a club guest Thursday. Members present included Mmes. Adam Flowers, Haskell Benson, Earl Cole, A.H. Cook, W. T. Gun-

## HHS Pulchritude Judged By Star

Judged by motion picture star Paul Newman, Charlotte Hill was named Most Beautiful Girl in Hereford High School for

stenson, Luther Ellis, W. H. Awtry Sr., A. T. Jones, C. N. McClure, L. J. Jones, Annie Spriger, Norris Wesson and Shirley.

this term and is pictured on a page in the personalities section of the 1967 Roundup. Most Handsome Boy is Ken Stark.

Carol Robbins and Jimmy Allison won second honors in this contest, in which Newman in a note expressed "best wishes to your staff for a successful yearbook and to all the young men and women who entered the contest."

CLOSED SUNDAYS

# Tour, Business Mark Year's End

Completing business of a club year, members of Hereford Garden Club held a called meeting in Community Center Thursday afternoon, when officers for another term were installed. Programs of the season ended

with a garden pilgrimage last week, when landscape designs of several types were studied in Amarillo yards, some done by professionals and some by amateurs. The tour closed a program series titled 'Patterns in

### Landscaping.

Mrs. Ray L. Johnson took office for another term as president in the installation Thursday. Mrs. R. L. Wilson conducted the program, which had as its theme 'The Rose, Our Club Flower.'

Officers include Mrs. Ben Childers, Mrs. A. L. Manjeot and Mrs. Merlin Weber, vice presidents; Mrs. D. K. Brook, secretary; Mrs. S. S. Williams, correspondent; Mrs. W. C. Hromas, treasurer; Mrs. R. L. Eth-

ridge, Federation counselor; Mrs. Glenn Burrus, parliamentarian; Mrs. Alfred Smith, reporter.

Members voted to continue two principal projects in civic beautification for another year: Maintaining the memorial rose plot at Hereford High School, and work on the grounds at Kings Manor retirement home.

Final reports of project and committee chairman for the past year included Mrs. Hromas' report that six new Peace roses

have been set in the high school plot.

Mrs. Manjeot reported a recent work day of the Junior Garden Club at Kings Manor. She gave the formal report of the convention of Texas Garden Clubs Inc. at Houston early this month, which she and Mrs. O. G. Hill Sr. attended.

The club acceded to a request from the class graduating this year from Hereford High School, to decorate the stage at LaPlata School for baccalaureate

services Sunday evening. Mrs. Ethridge was named chairman for this task.

The meeting at Amarillo last on the schedule for the regular 1967-68 season, began with luncheon at the Colonial Inn for 22 members and a guest, Mrs. Delmar Sigle. The Hereford group was joined by Mrs. Charles W. Odell, president of Amarillo Garden Club, who acted as their hostess for the tour.

They went to the home of Mr. and Mrs. H. C. Linnen, 3212

Hawthorne, who have a small garden planned by themselves. Most of the work has been done by the owners also. Trees were of special interest there, as well as potted flowers used on the patio.

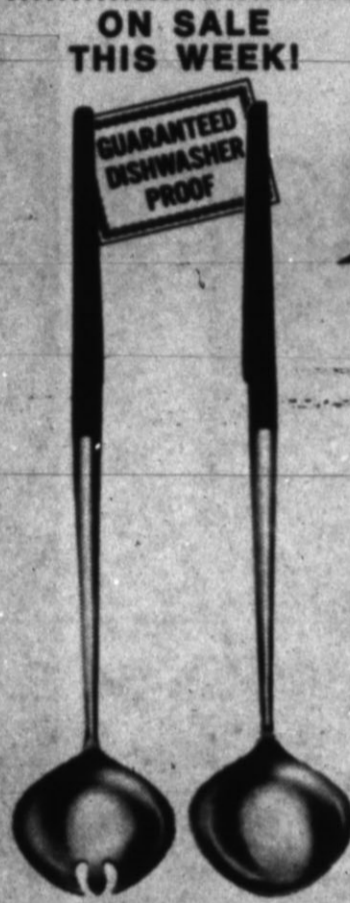

The new home of Mr. and Mrs. Paul Ware, No. 4 Greenwood, had grounds of quite different type, larger and designed by landscape architects in a series of formal gardens. The visitors noted espaliered plants

against the walls, finding familiar euonymus and pyracantha shrubs which grow well in West Texas, trained in square and diamond patterns.

Still different was the home of the C. D. Footes, 2800 Hughes, green conifers have recently an older home where evergreen removed and new plantings made. An attractive gazebo, open lawns and walks were admired here.

BEST MEAT IN TOWN

**CLUB BIRTHDAY LUNCHEON** — Bud to Blossom Garden Club was celebrating its 20th anniversary when members lunched in the Hickory Log Friday and installed officers for a new term. Mrs. Bruce Brown, who became president, is standing center above, just behind Mrs. Sam Long, retiring president who directed the installation. Flanking the new president are Mrs. Herbert Stoerner and Mrs. Bill Nelson, vice presidents, and seated right is Mrs. R. N. Barbro, treasurer. Other officers are examining some of the club's history books which were displayed on one table. From left are Mrs. Delmo Williams, correspondent; Mrs. Bob Cooper, secretary and Mrs. Louis Orleans, reporter for the coming year.

## 20th Anniversary Noted By Bud To Blossom Club

The exact 20th anniversary of Bud to Blossom Club's organization date fell Friday, giving extra interest to its final meeting of the season, a luncheon at the Hickory Log Restaurant. Mrs. Bruce Brown, who with other new officers was installed as 1967-68 president, was hostess for the noon meal and program.

Her predecessor as president, Mrs. Sam Long, directed the installation, asking each retiring officer to light a candle to hand as a symbol to her successor. Maytime flowers decorated the U-shaped luncheon table and a side table holding the candles and an array of scrapbooks with clippings and pictures from the club's 20 years of activity. Mrs. W. H. Gentry, Bill Nelson and Herbert Stoerner took office as vice presidents, Mrs. Bob Cooper as secretary, Mrs. Delmo Williams as correspondent, Mrs. R. N. Yarbrow as treasurer, Mrs. Louis Orleans as reporter and Mrs. Ernest Kendall as Federation representative. Mrs. Long becomes parliamentarian. Mrs. Raymond White and a former club member, Mrs. Melvin Cordray, were guests. In addition to the officers, mem-

bers present were Mmes. Frann Calvin Edwards, Melvin May, Lloyd Sharp, Bill Shelly, J. L. Markum and Herbert Bruns.

Joe Torre is the player representative for the Atlanta Braves.

The major league All-Star baseball game will be played in Anaheim, Calif., on July 11.

Frio Homemakers Club met Tuesday afternoon in the Frio Church kitchen. The program, "Lessons in Loveliness," was given by Mrs. Eugene Baldwin and a film on personal care and beauty was shown.

Mrs. T. L. Sparkman Jr. was honoree at a surprise handkerchief shower, as her birthday celebration. A birthday cake baked by Mrs. Laura Little

## Frio News

By MRS. OWEN ANDREWS  
Brand Correspondent

Mr. and Mrs. Clark Andrews and family were hosts to a family gathering at their home on Mothers Day. Present were Mr. and Mrs. Glenn Andrews, Clint, Lynn and Hal of Etter; Mr. and Mrs. George Zetsche, Ann, Cay and Jim, Friona; Mr. and Mrs. Joe Andrews, Elizabeth, Valerie and Jason, Mr. and Mrs. Herbert Bruns, Jan, Harlan and Julie and Harry Bruns, of Vernon; Mr. and Mrs. Owen Andrews, Mr. and Mrs. T. L. Sparkman Sr. Bruns was spending the weekend in the home of his son, Herbert, in Hereford.

Visiting the Julian Johnson family most of last week were his brother and sister-in-law, Mr. and Mrs. Leonard Johnson of Laguna Beach, Calif. They were enroute to Montreal for the World Exposition and from there expected to go on a tour in Europe.

Mr. and Mrs. Clifton Robison and LaQuita of Westway, visited the Sam Ogans Sunday night. Mrs. Robison is Ogan's cousin.

Mr. and Mrs. Clark Andrews visited Thursday night and Friday in Albuquerque with Mr. and Mrs. Audrey Franks. The Franks, who live in Amarillo, are there for Mr. Franks to receive treatment in Veterans Hospital for some time.

Mr. and Mrs. Walker Parris and Whitney spent the weekend at the home of her maternal grandmother, Mrs. M. H. Jones in Crowell. Her parents, Mr. and Mrs. Dono Day and sister, Cheryl Day, of Abilene, also were spending the weekend there for a family visit.

Mr. and Mrs. E. F. Vogler are managing Macs Coffee House, having recently bought full interest from their son, Leon and the McPhersons. Mrs. Vogler is working most of the time, and Vogler who farms, goes in the evenings to help in the business. The Leon Voglers live in Houston, where he is training for American Cash Register Co. He has passed a managership test and expects to go to Tyler June 5 to begin a six-week advanced training course, after which he will return to Houston for further work.

was also in her honor. Others attending the meeting were Mmes. Herbert Bruns, Harlan Barber, David Yandell, Olin Parris, Jim Brooks, Dee Taylor, Tommy Sparkman, Owen Andrews, Sam Ogan and Miss Alma Andrews.

Mr. and Mrs. D. C. Miller left Thursday for Galveston, where Mrs. Miller was to attend a State Tax Assessors and Collectors convention. They planned to visit Miller's relatives at Beaumont and other points in the area before returning home the last of this week.

Mrs. H. M. Mobley went to Throckmorton Sunday afternoon to be with her mother, Mrs. Leila Taylor, who had become ill and was in a hospital. However, Mrs. Taylor has improved and been taken back to Crestview Rest Home in Throckmorton, where she lives.

Taking Sunday dinner with the Floyd Coles were Mrs. H. M. Mobley, Austin Mobley, Mr. and Mrs. Don Mobley and sons, and Mr. and Mrs. Earl Cole.

Spending Mothers Day with the Frank Robbins were her parents, Mr. and Mrs. F. Y. Moreman.

The Weldon Stephens spent Mothers Day in the home of her parents, the H. D. Robbins. Mrs. Stephan cooked the dinner for them, her mother having been ill and in bed for three or more weeks.

Mr. and Mrs. Richard Price were called to Littlefield Sunday morning by the death of her grandfather, N. A. Greer, who had died suddenly at Littlefield Hospital House. He and Mrs. Greer had lived there only a few weeks, having moved from their longtime home at McLean.

Funeral services were at McLean Presbyterian Church Tuesday morning. Others of the family from this area are a daughter, Mrs. Paul Corbett. James Corbett of Denton came for the funeral, but his brother Romald is in the army in Viet Nam. Among others from the com-

## Titles Conferred By Student Vote

Coveted titles of Miss and Mr. HHS were won in Hereford High School this year by Charlotte Hill and Phillip Cain, with Claudia Loerwald and Bob Gentry as runners-up.

Miss Loerwald was chosen Personality Queen, with Cain again the masculine title winner. He was naturally selected Most Versatile Boy, and Nancy Smith the Most Versatile Girl.

Laura Higgins and Jack Aikin were named most intellectual in the school. Jean Roberson and Dale Smith placed second as Personality Queen and King.

Community attending the funeral were Mr. and Mrs. J. W. Key.

J. D. (Buck) Stringer of Ojal, Calif., visited the Charles Seifs, Friday. He had flown to Lubbock Tuesday on learning of the death of his father, A. L. Stringer early that morning. Funeral services were held in Rix Funeral Chapel Thursday. All eight of the children were present for the service. The Buck Stringers lived in this community several years and the A. L. Stringers also lived in the area.

Mrs. James Dobbs and daughters left Monday to visit her parents, the Walter Jays, in Elk City, Okla. this week. They all went on to Goodland, Kansas, to visit the Jays' other daughter, Mrs. Jim Cassells, and family a few days.

Roundup, was headed by Chris Meredith as editor and Patsy Smith as assistant editor, Stix Childers and Petey Cain as business managers. Miss Janice Boren was faculty sponsor. The other major school publication, the Whiteface, had Gary Story as editor, Susan Bradley as assistant and Mrs. Colleen Billingsley as sponsor.

The Washington Senators opened the baseball season with three first basemen — Bob Chance, Ken Harrelson and Dick Nen.

The Yankees had the poorest home record in the American League last season. They won only 35 games and lost 46.

## Classes Select HHS Favorites

Class favorites in Hereford High School this year are presented in a section of the 1967 Roundup, among other outstanding personalities chosen by student vote.

Jean Roberson and Gary Story are the senior favorites, Patsy Smith and Tony Malouf the junior, Patricia Hill and John Stagner the sophomore.

Runners-up are pictured in a group, Seniors Claudia Loerwald and Bob Gentry, Juniors Kandy Hill and Jimmy Childers, Sophomores Renette Hubbe and Bill Russell.

AUSTIN HIGHLIGHTS

# Conference Committee Is Big Question In House

By VERN SANFORD  
Texas Press Association

AUSTIN — Crucial, make-or-break decisions on state spending confront legislators this week as they enter the windup of their 1967 session.

Senators have submitted a \$437,700,000 budget for 1968. This was followed by a bill providing \$55,500,000 for teacher pay raises (an average of \$640 a year).

House action was delayed by printing problems, but representatives were due to take up the Senate bill and substitute their own appropriations measure calling for \$449,400,000 in general fund outlays. House bill would leave about \$35,000,000 for such add-on spending as teacher pay raises.

Big unanswered question is whether the House will be able to convince a majority of senators to accept the House appropriations measure without a conference committee.

Speaker Ben Barnes and Gov. John Connally have been working for Senate support of the House bill.

Lt. Gov. Preston Smith and Senate leadership feel differences between House and Senate bills should be worked out as usual — in a joint conference of five senators and five representatives.

Senate's more-generous figure for teacher pay makes the selling job somewhat harder for the House. But the fact that its bill runs some \$12,000,000 over the latest revenue forecast of Comptroller Robert S. Calvert weakens the Senate argument for the bigger pay raise.

Outcome will determine whether the Legislature must go into special session this year to finish writing even a one-year budget.

Still on the unfinished business list: congressional, legislative and judicial redistricting bills.

**STATE PROPERTY TAX NEAR END?**

The proposed constitutional amendment to phase out bulk of the state's 47 cents per \$100 valuation property tax levy by 1977 is near legislative approval.

Senate has passed it and the

House Constitutional Amendment Committee has recommended it. Proposal would go to the voters in November, 1968.

If measure is approved, all but 10 cents of the state ad valorem tax (that which is earmarked for state college construction) would be wiped out by December 31, 1976.

While this may be cheering news to property owners, it must be noted that the \$47,900,000 in revenue must be made up from other sources.

**VOTER REGISTRATION PLAN IN TROUBLE**

A new voter registration plan, product of a long study, came out of committee for Senate consideration. It immediately ran into criticism.

Bill would require personal registration with tax assessor-collector or authorized deputy at a public place sometime next year. Voters could register by mail for the big 1968 elections. Once registered in the 1968-69 sign-up, they could renew eligibility by simply signing and mailing back to tax offices a form card between October 1 and January 31 each year. A special supplementary registration period would be held August 15-September 15 during general election years.

Sen. Barbara Jordan of Houston assailed the bill as more restrictive than the present law. She hit sections prohibiting roving deputies and outlawing husbands registering for wives and vice versa. Sen. Tom Creighton of Mineral Wells acknowledged he will have a problem passing his measure in the Senate as it stands.

**WATER QUALITY BOARD**

Bill to establish a Texas Water Quality Board to replace the Water Pollution Control Board has been approved.

Governor Connally recommended the measure as an aid to strengthening water pollution control. Bill will create a seven-member board with its own professional staff and provide for local enforcement of water quality standards.

**TRINITY BILL PASSES**

Both houses have passed the bill giving the 17-county Trinity River Authority navigation powers and additional tax leeway

to further their longtime goal of barge traffic.

Bill by Sen. Charles Wilson of Lufkin and Rep. Rayford Price of Palestine increases tax exemption for long-lines trucks and buses. Railroads earlier got an exemption as direct competitors of barges.

Counties of TRA are Anderson, Chambers, Dallas, Ellis, Freestone, Henderson, Houston, Kaufman, Liberty, Leon, Madison, Navarro, Polk, San Jacinto, Tarrant, Trinity and Walker.

**SAFETY BILL SIGNED**

Texas' first major occupational safety bill, designed to cut the soaring industrial accident toll, has been signed into law.

It creates within the State Department of Health a division of occupational safety to be administered by a three-member board, assisted by a safety engineer and an advisory committee. Board would conduct a continuing educational, promotional and enforcement campaign.

nate and is ready for final House vote.

Bill to increase maximum unemployment compensation from \$37 to \$45 a week (for those who earn \$85 or more) and hike minimum from \$10 to \$15 has cleared the Legislature.

After early faltering, the Open Meetings Bill to require all governmental agencies to meet in public gathered steam and won final legislative approval.

A resolution calling for the appointment of an interim committee to study air and water pollution, noise and land use is being studied by a sub-committee of the House Committee on State Affairs.

Governor Connally signed "medicaid" implementing legislation (effective September 1) which will bring an estimated \$130,000,000 in medical benefits to 350,000 Texans on welfare rolls during the next year.

House has passed a bill permitting experimental 10-month school programs involving 50,000 Texas students in selected districts.

A resolution establishing an interim committee to study pricing and marketing prices in Texas has been favorably reported out of the House State Affairs Committee.

A quiet Senate committee meeting saw the death, on a 6-4 tie vote, of the House bill that

would have let people sue the state or local units of government for injury done by public employees of all kinds.

Interim committee on faculty compensation — which made some recommendations to the current Legislature — will get another two years of existence, under a resolution adopted by the Senate and sent to the House.

Governor Connally delivered his first veto of the 60th Legislature when he killed the bill to give West Texas State University its own Board of Regents, removing it from the control of the Board of Regents, State Senior Colleges.

Pampa rancher Jim Campbell and farmer-rancher John A. Smith of Cameron were named heads of new Republican "task force" on agriculture.

District Judge E. E. Jordan of Amarillo was named judge of the Ninth Administrative Judicial District by Governor Connally.

Land Commissioner Jerry Sadler has set 10 a. m. August 1 for an oil-and-gas lease sale of the School Land Board and other state boards; School Land Board will hold a sulphur lease sale at the same time.

## Price Names His Ag Advisors

Buddy Cockrell, well known by Gray County farmer, will head an agricultural advisory committee to help keep Congressman Bob Price informed on farm and ranch problems.

Cockrell was elected chairman by members of the committee who had agreed to serve in an advisory capacity. These are:

Hutchinson County: Ira A. Harbour, Hemphill County: Floyd McLaughlin and Lawton E. Hoffer, Gray County: John Spearman, Robert Sailor, John L. B. Johnson, Artie Sailor, Carson County: Phil H. Hawkins Dallam County Howard Higgins and John Summerour, Moore County: Don Anthony and R. C. Womble, Hartley County: Ed Lath, Hansford County: Bob Cluck and Jack Hart, Ochiltree County: A. R. Hogland and Delbert Timmons, Lipscomb County: Joe Imke.

Price said this was the third such committee organized. The other two represent counties in the southeast and southwest areas of the 18th District.

Other members may be named later at the discretion of

the committee, Price added.

The Panhandle Congressman said this was part of his plan to set up advisory committees

from all major sectors of business and industry in the District as he had promised during his campaign last fall.

Joe Cronin has been American League baseball president since 1959. He's in the Hall of Fame for his hitting and ability as a shortstop.

**AG OPINIONS**

Bill creating appraisal service districts and boards for tax appraisal and assessment of property for taxations is unconstitutional as it eliminates county tax assessor-collector from duties. So ruled Atty. Gen. Crawford C. Martin.

In a variety of other recent opinions, Martin held that:

In writing a single-year budget, the Legislature can spend only funds in sight during that year.

Starr County cannot pay telephone bills for a U. S. tick inspector.

"Texas Treasure Hunt" a soft drink promotion (featuring "lucky" pictures under bottle cap corks) is not a lottery.

Texas Education Agency can allocate money to political subdivisions to carry out the state plan for vocational rehabilitation if they have power to provide vocational training. (Amarillo Hospital District can spend money for medical and hospital care under vocational rehabilitation districts or school districts to administer program).

Proposed transfer to two precinct to another in Bexar County will not create vacancy in either of the offices.

Harris County cannot retain payment of fine assessed in felony case transferred from Harris County to Brazos County on charge of venue.

Disability benefits under teacher retirement system may be reduced when person receiving them becomes engaged in gainful occupation.

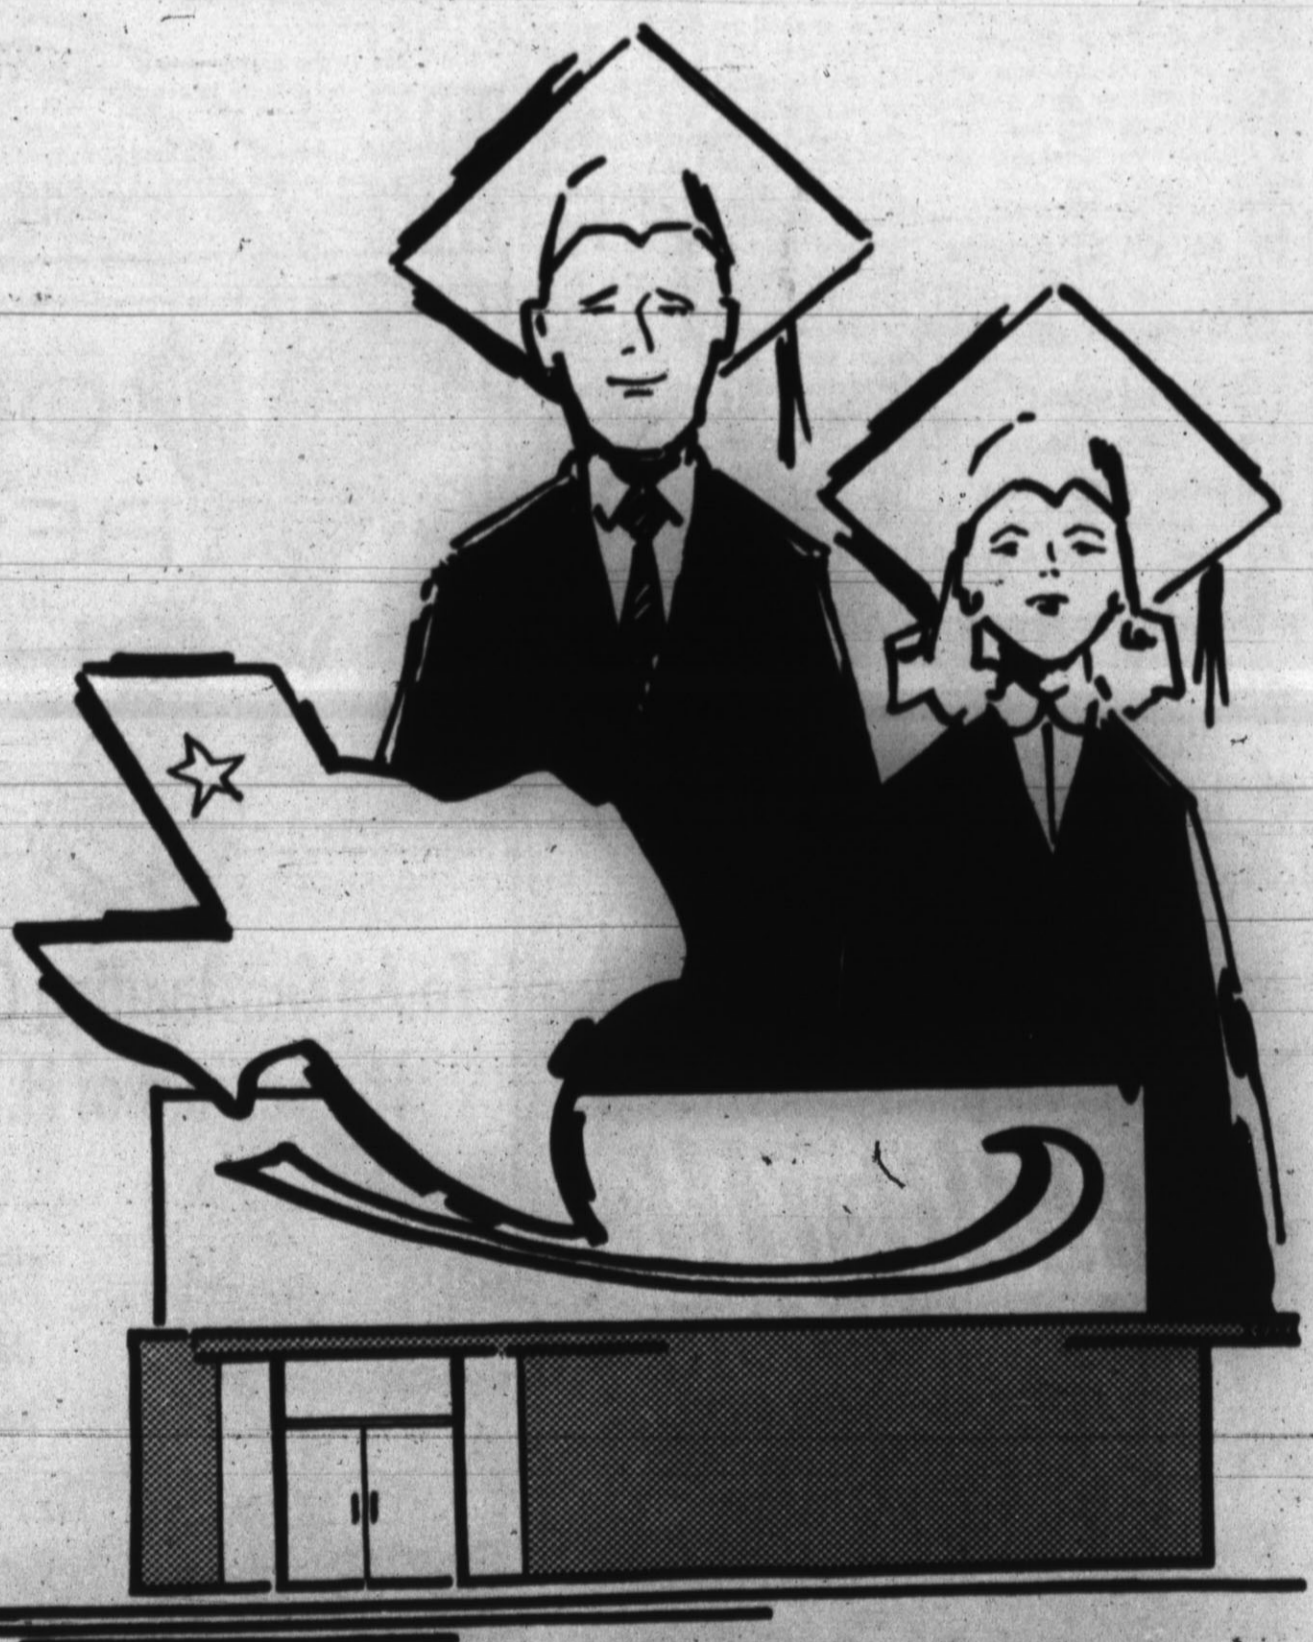

**SHORT SNORTS**

The proposed constitutional amendment to give equal legal rights to women cleared the Se-

## A Time Of Memories

Graduation is a time of memories — making memories seems far from the busy graduate's mind, but all events are planned to be memorable. The true value of graduation moments is illustrated in Deaf Smith County Museum by a display showing articles which belong to Jennie Carter Buckner 224 Ave. D.

This year, Mrs. Buckner has had occasion to recall many of the events of her graduation from High school as she participates in the busy days of her granddaughter, Sidyne Davis, a 1967 Hereford High School Graduate.

Jennie Carter had attended Hereford Schools for two years when she graduated in 1914. High school, as well as elementary school, was housed in the building now used as Central Elementary. Commencement exercises were held in the district courtroom of Deaf Smith County Courthouse. The graduates were seated in what was ordinarily the jury box. Ben Short was superintendent and thirteen students received diplomas.

Tuesday night over 180 will be in the class with Sidyne. Sidyne will wear the traditional white gown and mortarboard recognized as a symbol of graduation. Her maternal grandmother, Mrs. Buckner, wore the dress that is displayed in the museum.

That white flaxon dress was not just a dress — it was a prize winner. Jennie made it herself

— finding time to hemstitch the edges of the ruffles and it cost her only 95 cents. A Mrs. Murphy, a professional dressmaker, served as judge and awarded the prize for the most inexpensive dress to Jennie. The crochet on the dress was made for Jennie by Aunt Jennie Thompson.

Grandmother and granddaughter examine gifts given them as graduation presents. Each had two books as well as many other items. Jennie said hers were Cheerfulness and School Days. She even recalls who gave them to her.

Sidyne is the daughter of Jessie Ann Buckner Davis, who also graduated from Hereford High School — in 1946. This family is not unique in having members of the family finish school here, but The Brand felt that a sentimental recollection could serve as a starter for many families who have had several generations live their lives in and around Hereford.

Jennie's late husband, Jesse, graduated from Hereford High School in 1911, Verdle Buckner in 1915, Nella, William, Jesse, Bettie Carter from 1916 through 1927 — all brothers and sisters of Jennie, Jesse and Jennie's children, Irene 1933, Barbara, 1934 and Joe Edgar 1936; Jessie Ann 1946, and Nan in 1951. One grandchild other than Sidyne has already graduated from here — George Ernest Ford in 1956.

Congratulations — Graduates of Hereford High School — regardless of the year!

# The Sunday Brand

SECTION THREE

HEREFORD, TEXAS, 79045, SUNDAY, MAY 21, 1967

AUGUST BRIDE-TO-BE — Miss Katie Jane Wharton, daughter of Mr. and Mrs. Jefferson R. Wharton, 1005 West Highway 24, McKinney, is to be married early in August to Robert Pat Price, son of Mr. and Mrs. Toy E. Price of Wildorado, her parents have announced. The marriage is planned for Aug. 5 in Trinity United Presbyterian Church of McKinney. A graduate of North Texas State University, Miss Wharton has also attended Austin College at Sherman, where she was a member of Alpha Delta Chi sorority. Price holds degrees from the School of Pharmacy at Southwestern State College, Weatherford, Okla., and West Texas State University. His high school studies were completed in Hereford.

# Leaders Elected In Club

## Auto Mechanics Get New Motor

Mrs. James Bullard was named president of Simms Study-Craft Club for next year, when officers were elected and installed at a salad luncheon Wednesday in the home of Mrs. Jim Ferrin. She follows Mrs. J. M. Boothe Jr. in the office.

Mrs. Perrin is the new vice president, Mrs. E. L. Young secretary-treasurer, Mrs. Terrell Hodges reporter and Mrs. Julian Perrin historian.

The election was the only business scheduled at the luncheon, an informal social occasion to end the club year.

### Six Judge Flower Show

A group of flower show judges and a student judge from Hereford went to Clovis Friday to judge in the annual flower show of the Clovis Garden Club Council.

Mmes. O. G. Hill Sr., John Jacobsen Jr., Ray Johnson, R. L. Ethridge and A. L. Manjeot, all national judges and members of Hereford Garden Club, were accompanied and assisted by Mrs. Bill Gentry of Bud to Blossom Club, a student judge.

Mrs. Hill, who has just completed a term as governor of District I, Texas Garden Clubs Inc., and Mrs. Manjeot, who was treasurer in her administration, went to Lubbock Wednesday for

Automotive shop students at Hereford High School now will be trained in the maintenance and repair of the latest automotive parts and equipment, thanks to a recent gift from General Motors Corporation.

One complete Chevrolet V-8 engine, fully equipped and ready to operate together with transmission, was presented to Mr. Bill McDowell, Auto Mechanics Instructor, by John Orsborn and T. J. Bolf, Area Service Mana-

ger for Chevrolet Motor Division. Other equipment included rear axle assembly, and special tools and fixtures. Orsborn is the local Chevrolet dealer.

In making the presentation Bolf said this contribution was part of General Motors' continuing aid to education and was one of many such donations throughout the nation to help train young men in the field of auto mechanics. In addition, he observed, GM provides grants

of financial aid for research, provides special fellowships, scholarships and instructional assistance to high school and vocational teachers of auto mechanics.

In accepting the equipment from General Motors, McDowell said such gifts of equipment in the past have been found of real value to instructors and students in their shops, classrooms and

laboratories. Others attending the ceremony included Johnny Clark, Jr., Superintendent of Hereford Public Schools.

ACCEPT MOTOR — Superintendent Johnny Clark Jr. was on hand to accept a motor for the Auto Mechanics class on Monday. T. J. Bolk, company representative, presented the motor to the class. Representing the class was Mike McGee and Bob McDowell, auto mechanics instructor. John Osborn, local Chevrolet dealer, was in the group but is not shown in this picture. (Hereford Brand Photo)

a district workshop and a final consultation with the women who were lately installed to succeed them in the offices. Mrs.

Will Coil is the new district governor and Mrs. W. R. Keaton treasurer. Both are Lubbock residents.

## WE WISH THE GRADUATES SUCCESS

The sky's the limit, and a brand-new, grand-new group of graduates are on their way to even bigger, better and brighter days. We extend sincere good wishes to the grads as they start this exciting new phase of their lives.

We'd like for you to meet 2 of our fine new graduates:

Janis Faulkner and Bill Coffin

## Tannahill's Fabric Mart

**Class of 1967!**

The world has changed since you entered school 12 years ago. Astronauts now circle the earth in less time than it takes you to drive 100 miles, and that's pretty fast.

Electricity and electronics have contributed greatly to this changing world, and Rural Electrification has made a big contribution too.

Of course, you probably take electricity for granted on your farm today, but it hasn't always been so. Your fathers can remember well when they lived on the farm without the helping hand of Willie Wiredhand. He now helps an almost every farm in our three county area.

Bill Watts

If you're going to farm when you complete your college training, Willie Wiredhand will still be "standing by" to help you . . . to allow you to have "electric living" on the farm, to give you the many labor saving aids that would be impossible without this little gent. Truly, electricity will add many hours of pleasure to your life, and many more dollars of profit to your farm operation. Congratulations to all the graduating seniors of 1967 and particularly to Bill Watts, Donna Jean Flesher and Janice Carol Dean

**COLLEGE CLERICAL** staffs have their trouble with names, we gather since our attention was called to a mixup in the list of Hereford students receiving degrees from West Texas State University this month. It said that Terry Kasub, son of Mr. and Mrs. Vernon Kasub, is a graduate. But wait just a minute!

Terry is not the son of anybody; she is Mrs. Kasub herself, better known in Hereford by her maiden name, Terry Smith.

She is the daughter of Mr. and Mrs. Al Smith, 501 Star, and she lives on Dairy Road. She is getting a degree in elementary education and is to teach here in the fall.

We know just how the college got it all confused, because news papers have those troubles often especially with names that can be a man's or a woman's.

We do welcome this chance to straighten it out (barring a typographical error which Heaven forbid!) as we don't want anyone to think Terry is her own grandpa, or even her own son.

**ANOTHER INTERESTING** note on Hereford graduates at WTSU: Mrs. Noah Arnpriester is not going to look too different from other coeds on the platform in her size 9 academic gown, but I'll bet she is the only one of them who is the mother of nine children, some of them with college degrees of their own, and the grandmother of one.

She herewith gets my award a woman of the year, hands down.

**SOME ONE WHO IS ILL** enough for attention, but not too ill to enjoy visitors, is Mrs. Roy Thompson, who is in Northwest Texas Hospital at Amarillo for several days, and happy to hear from friends.

She is in Room 651, in case you are in Amarillo and can stop by, or want to send a message. Sorry you're ill, Mrs. T., and hope it won't be for long.

**FIVE SISTERS** WITH their brother and parents, with some other relatives got together at the John Gilliland home last weekend for a Mothers Day reunion. Amy's parents, Mr. and Mrs. Cecil McSpadden; her younger sister and brother, Debra and John, and another sister, Barbara, Mrs. Noel Giffen, came down from Dumas.

The other two sisters, Cecilia, Mrs. H. S. Fuller Jr., and Marikay, Mrs. Dennis Plunk of Portales, with their husbands and the Fullers' small son, Dean were here, also an uncle, Owen McSpadden of Bovina.

Since the Giffens are planning to move soon to Weatherford, it seemed like a good opportunity to get the family together while they were all close together (close by West Texas distance measurements, that is).

For Sunday dinner John's parents, the Marlin Gillilands, and his grandmother, Mrs. J. M. Gilliland, were also in the party. And of course Amy and John's daughter, Suzie, was one of the hosts.

**TIME IS THE** vital element in news, as I keep telling club reporters and anybody else who will listen, so it irks me to miss on the timing of an item. But due to my recent detour to a hospital, some information I'd gathered to use week before last got sidetracked.

It was about two weeks ago that the WTSU Brass Choir and University Chorus gave its concert, but I'm still going to say that Hereford students took part.

Maybe I don't have all their names, but Tricia Maxwell is a member of the Brass Choir; Joe Elja Cansler, Donita Allred, Linda Lehr, Barbara Zinser, and Nicholas Osborn of the chorus. And they're worth mention, even if it is late.

I feel sure there were Hereford singers in the University Chorale which gave its concert last Sunday, too, but because of being unconscious, or at least sedated, at that period, I could not say for sure. Which makes me a candidate for the least efficient reporter of this spring, at least.

## Hawaiian Trip Scenes Shown To Wyche Club

Glimpses of Hawaii as seen by a quartet of Hereford residents on a trip last winter, were shared with members of Wyche Home Demonstration Club as Jimmie Allred showed films made while he and Mrs. Allred, with Mr. and Mrs. B. E. Robertson, toured the island state.

Flowering plants, native dancers and even scenes of a volcano in eruption were included. The meeting was in the home of Mrs. Wayne Jones, the last program before the club's summer recess. Meetings will resume Sept. 7.

Present were Mrs. E. C. Hewitt Jr., Clifford Williamson, G. W. Duncan, C. F. Newsom, Charles Packard, Don Cocanougher and Norman Hodges.

## End-Of-School Party Given In Newsom Home

One of the many informal parties which are celebrating the end of the school term for young Hereford residents was a Coke party recently with Janice Newsom as hostess in the home of her parents, the C. F. Newsoms, 150 Liveoak.

A group of sophomore girls spent the afternoon chatting, playing games and charades and eating.

In the party were Renette Hubbell, Rosie Rogers, Cindy Cavness, Becky Bell, Chris Loerwald, Jane Witkowski, Dawn Hopson, Teresa McAndrews, Suzanne Oglesby, Dell Sealy, Jane Bezner and Debbie Monroe.

## AN AWFUL LOT OF COFFEE

**RIO DE JANEIRO** — Brazil exported 8,040,165 sacks of coffee in the first six months of this year.

During the first six months of 1965, Brazilian coffee exports were 5,015,750 sacks, according to the National Statistics Council.

# Recharge Wells Proving Worth

Fifty-three feet of valuable water was recharged through two multi-purpose (artificial recharge) wells at the High Plains Research Foundation in 1966, according to Jim Valliant, Soil Scientist at the research farm.

A total of 636 acre-feet of runoff water which includes both tailwater and rainfall, has been recharged into the Ogallala formation through the two multi-purpose wells since 1959. The water recharged in the experimental research well recorded during this eight-year period was 352 acre-feet. A second well, which is the type that would normally be used by a farmer, with no experimental equipment, was installed in 1961. From 1961 through 1966, a total of 285 acre-feet of water have been recharged through this well.

Several grasses, hybrid sorghum grazers, and rye were planted in the playa lake at the experimental recharge well site in 1966. Some of the advantages of these crops are: (1) cover for the lake bed, (2) partial filtering of run-off water, (3) tolerance to flooding and, (4) a source of income from grazing the lake bed.

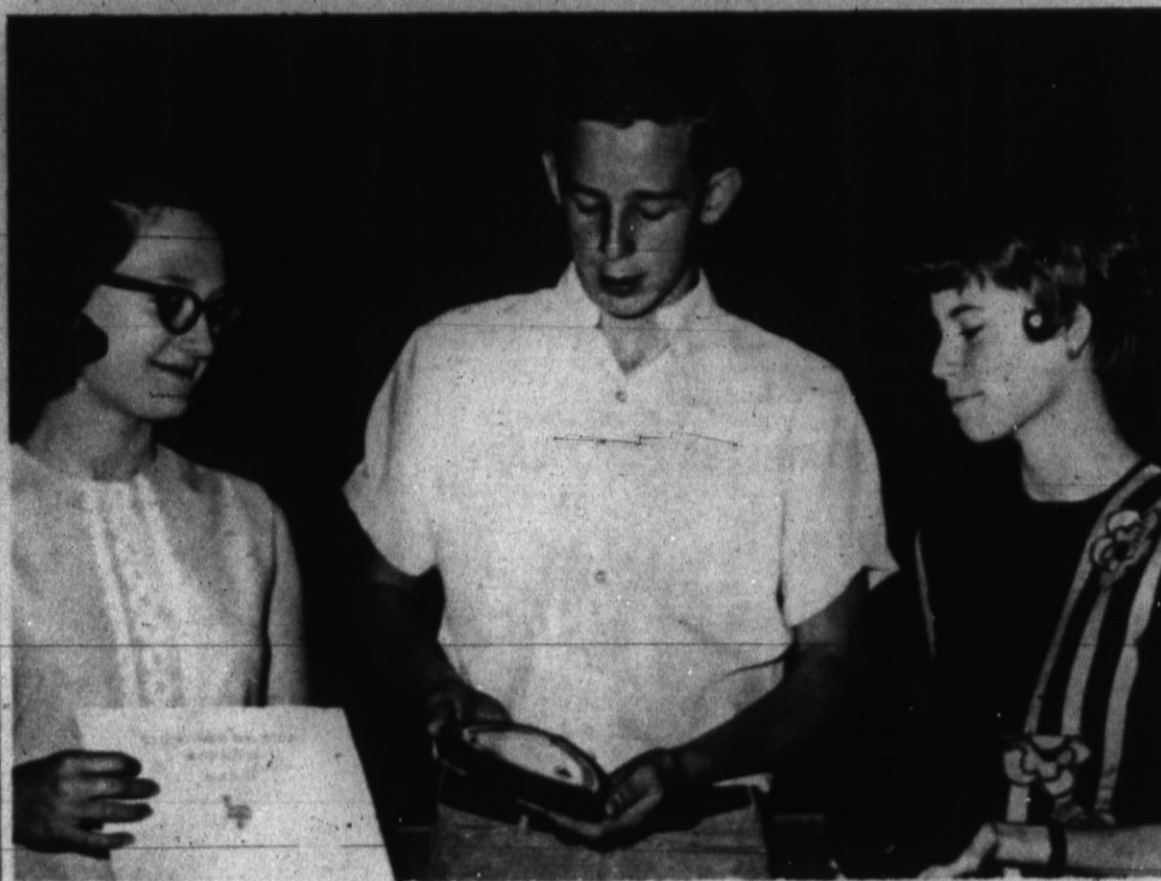

Dr. Thomas Longnecker, Director of the Foundation, said, "This research project is a very important part of the program of the Foundation to find ways and means of conserving and stretching rainfall and underground water, and to prolong irrigation farming in the High and South Plains of Texas."

This savings of 636 acre-feet (or a little more than 207 million gallons) is enough water to completely irrigate the 1/2 section farm at Halfway for about 2 years. Approximately 90% of this same water could have been lost to evaporation if it had not been stored underground.

Two thousand four hundred five acre-feet of underground water has been pumped for irri-

gation at the Research Foundation since 1959. 26.4% of this amount came from the water which was recovered by recharge.

Chop chutney and heat it to serve as a sauce for broiled chicken or fish. Stir the chutney over very low heat (in a small saucepan or skillet) while you are heating it so it won't scorch — and have it warm rather than really hot.

SOME OF THE recipients of awards during the LaPlata awards assembly Wednesday are from left to right: Betty Hodges, Paul Hendon, and Laurel Davis. Hodges and Hendon were chosen as the outstanding students and Hendon was also chosen along with Davis as the American Legion Boy and Girl. (Hereford Brand Photo)

### THE ARTS THEATRE AND OTHER

As a rule plays should be seen rather than read for full enjoyment but Noel Coward now has a book out made up of three plays entitled Suite in Three Keys. This can be easily read for entertainment. Coward has starred in all three plays. The brisk clever repartee and the sophisticated themes for which he is noted are more important than the plot. Noel Coward is famous for his elegance and ability as an actor.

A Song at Twilight deals with a social problem which England accepts and speaks of openly. The first play of the book has the cleverest conversation of the three. But the second, Shadows of the Evening was our favorite because of the theme. It tells of how a man and two women meet the verdict that he has only a short time to live and is unique in their solution of the problem.

The third play, Come Into the Garden Maud, is more or less about "the Ugly American" — But deals also with the long accepted superstition of the Bri-

tish of avoiding thirteen guests at a dinner table. An unusual situation develops from this angle to make the plot.

Another art is illustrated and discussed in a book by Rex Brandt. It's title is The Artist's Sketch Book and Its Uses. He gives good advice on how to keep sketch books for reference.

He has an important reminder for the artist or those in-paint or not. Brandt states that a sketch or painting has no other reality than what a person terested in art whether they must read into them. People must be intrigued to look into the paintings for a meaning, as he sees it. Because that is the way the artist paints it — as he sees it.

In less than a hundred pages, mostly illustrations, the author tells of the importance of keeping a dated sketch book for the future aid in art work. Never throw away a single sketch or painting. Often a good picture can be made from a sketch, especially if a film print has been made.

He gives various types of sketches as to lines and medias.

**IT PAID TO BE PUNCTUAL** MEDICINE LODGE, Kan. — Mrs. Wendall Warren was never late for work, and her punctuality saved her life.

When she failed to show up for work one morning at the First National Bank the bank president C. B. Fulton called police.

Undersheriff Herman Schneider broke into the Warren home and found Mr. and Mrs. Warren unconscious from a defective gas furnace. They were rushed to a hospital and recovered.

# Fewer People Needed To Produce Food

WASHINGTON, D. C. — "How are you going to keep them down on the farm?" may be an old refrain that's playing to a new beat today. While more food and raw materials are now required than ever for America's steadily increasing population, the number of people needed to produce basic commodities and are therefore leaving the farms. So reports Finance Facts, monthly newsletter published by the National Consum-

er Finance Association. Farm population has declined on an average of about five per cent annually since 1960. In 1966, 11.6 million persons lived on farms in rural areas of the U. S. down from 15.6 million in 1960.

There are more males than females on farms — for every 100 farms females there are 107 farm males. By contrast, in the non-farm population females predominate in all ages except among young children and teenagers and number about 105 to every 100 males. Continued out-migration of young farm adults, together with lower birth rates in recent years, has resulted in a reduction in proportion to young children on farms. In 1966

young adults made up 28.8 per cent of all farm people — almost identical to the proportion in the non-farm population.

About 50 per cent of the farm population, 14 years and over, were in the labor force by 1966. Of these employed farm residents, however, approximately 41 per cent worked primarily at non-farm jobs.

The proportion of employed farm residents engaged in non-farm work has increased in recent years, due largely to increased labor force participation by farm women.

## LaPlata Service Project Offices Ends Club Year Filled

A pleasantly informal social meeting closed a year for LaPlata Study Club this week, when members were served a salad supper in the home of Mrs. Ansel McDowell.

Installation of new officers was the only program. A guest, Mrs. James Arnold of Summerfield, used the topic, Precious Jewels, to impress her responsibilities on each of the group which will lead the club in the 1967-68 season.

Mrs. Dennie Richardson became president succeeding Mrs. Philip Shook, who is to serve as parliamentarian. Mrs. Kenneth Rogers is the new vice president, Mrs. M. H. Richie secretary, Mrs. Tom Harkey correspondent, Mrs. Roy Harris treasurer and Mrs. Wayne Hedrick reporter.

A shower for the small girl which Lone Star Study Club has "adopted" at Gristown was held this week, and a group of members took the gifts to her. Plans for the event were made at a recent dinner when officers for a new club year were installed.

Mrs. Hardy Benson is president for 1967-68 Mrs. Floyd Dunivant vice president, Mrs. S. A. McCathern correspondent, Mrs. Baker Womble secretary; Mrs. Jim Bookout treasurer and Mrs. Ray Suit reporter.

Mrs. S. S. Williams, retiring

president, conducted a unique installation and herself took office as parliamentarian. She gave each officer a vegetable symbol of her duties, as she outlined the needs to be met in each office.

Club flowers, gold and purple pansies, marked each place at the dinner table in the Hickory Log Restaurant, Roses from members' yards were beautifully arranged on the tables by the vin Cordray, Mrs. Williams and hostess committee, Mrs. Mel Mrs. Benson.

An informal report of a re-

**SINGING MATA HARI**  
NEW YORK (AP) — A musical based upon the career of World War I's glamorous spy Mata Hari is on the production agenda of David Merrick for next season.

The exhibit is to have a book by Jerome Coopersmith, music by Eddie Thomas and lyrics by Martin Charnin.

Merrick has also optioned "How Now Dow Jones," a musical about Wall Street penned by Max Shulman with score by Elmer Bernstein and Carolyn Leigh.

### Read The Classifieds

cent visit to Gristown was made by some of the members who toured the buildings at the girls' residence home at Whiteface, and showed snapshots of the club's "adopted" daughter.

**LEADERS ARE CHANGED**—Officers installed at a recent salad supper for LaPlata Study Club are headed by Mrs. Dennie Richardson, third from left in top photo. Serving with her will be Mrs. Roy Harris, treasurer; Mrs. M. H. Richie, secretary; Mrs. Tom Harkey, correspondent; Mrs. Kenneth Rogers, vice president, and Mrs. Wayne Hedrick, reporter. Mrs. Philip Shook, at right below, accepts a package from Mrs. Frank Prowell containing a gift of appreciation from club members for her work as president in the term just closed.

## WELL DONE Class of '67!

Hearty Congratulations and may continued success be yours.

Best Wishes to

Diann Brisendine

1967 graduate of Hereford High School

McNIEL FURNITURE

# CONGRATULATIONS

Senior Class of 1967

We are especially proud . . . .

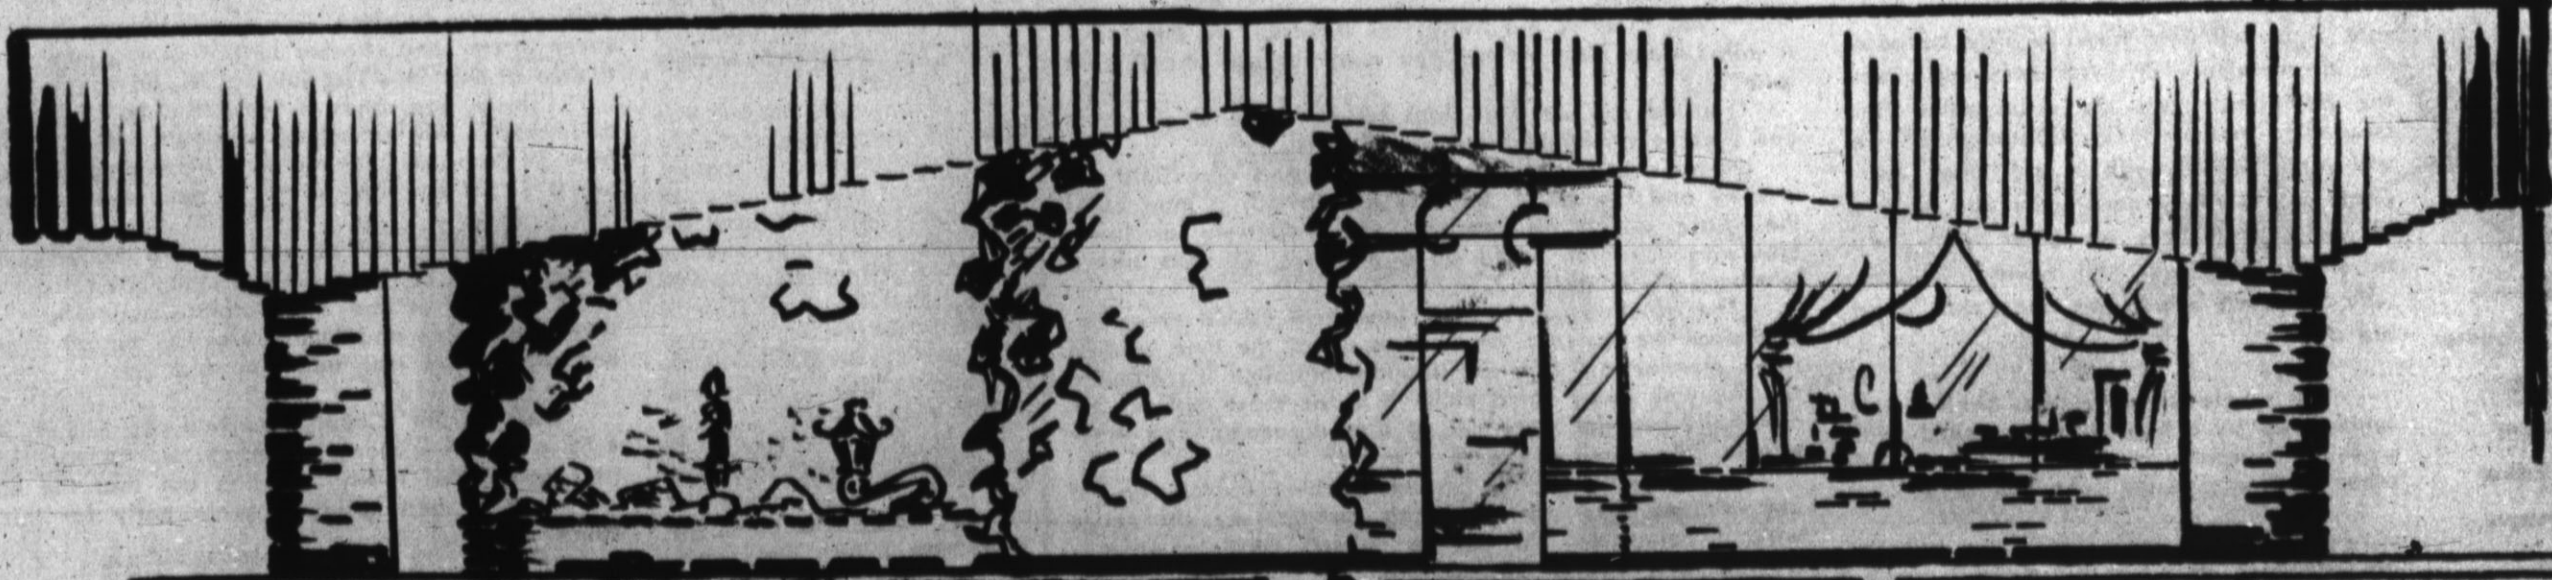

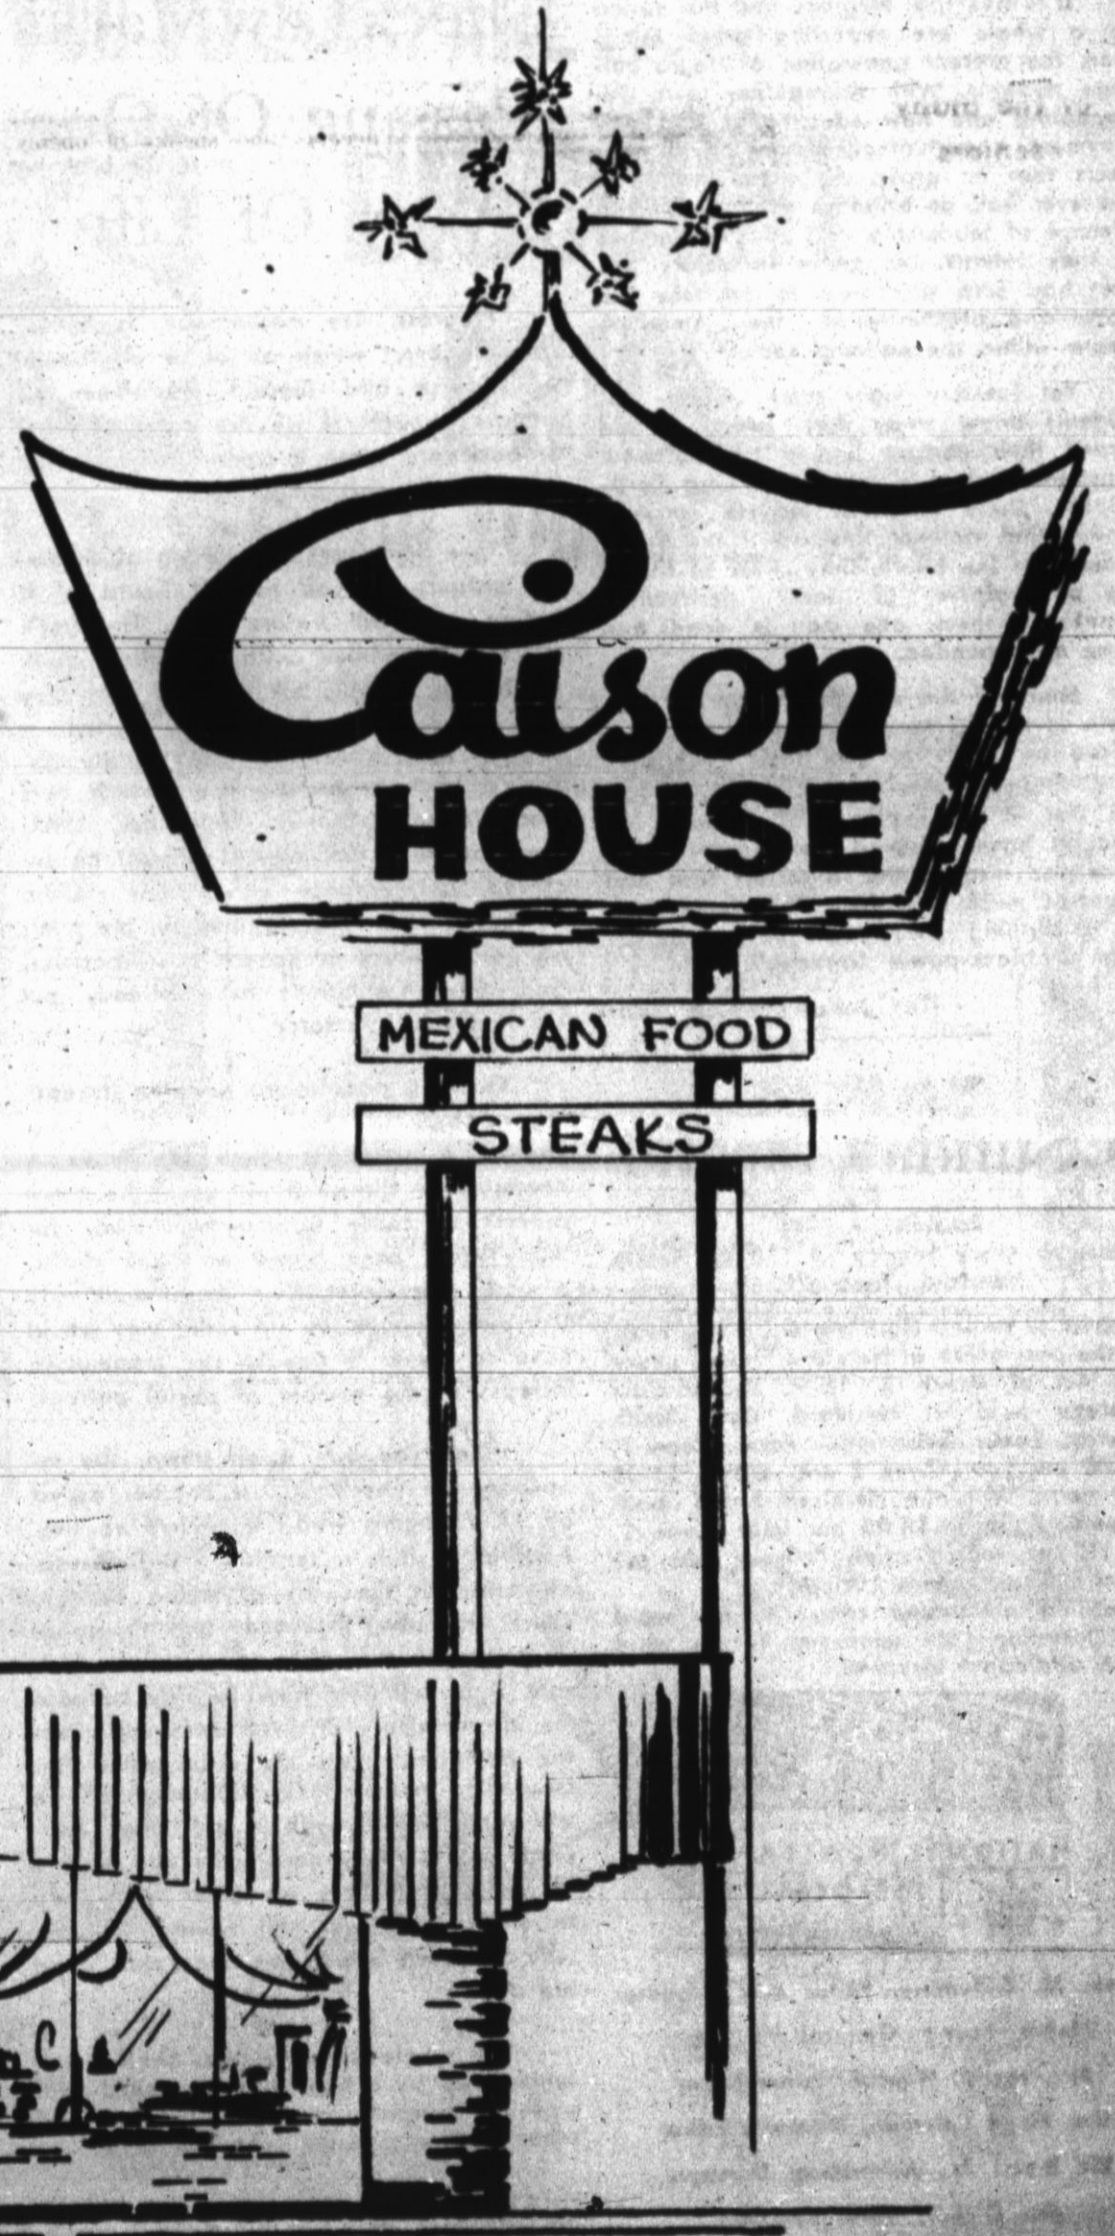

Fred Haug

. . . of Fred Haug, our Senior ICT student who has been working with the Caison House during his senior year in Hereford High School. He recently entered ICT contest in Houston and won top honors. We extend to each of the seniors of 1967, our sincere Congratulations, and especially to Fred. We're looking forward to great things from all of you.

*Listen to the music of Elson Clark*

. . . at the Caison House, beginning at 7 p.m. Due to the many requests, we have asked world famous organist Elson Clark to come back for a repeat performance, and he will be here Tuesday night, playing tunes on his Wurlitzer Organ.

Come on down. Dine or just have a cup of coffee. We enjoy having you and we know you'll enjoy the evening.

### James Reinauer Receives ROTC Legion Award

AUSTIN — Awards were presented Tuesday (May 16) to the top midshipmen in Navy ROTC at The University of Texas.

The Navy League Award, given to the outstanding midshipmen in the unit, went to Park L. Beeler, senior government major from RANTOUL, Ill., son of Mr. and Mrs. Lyle L. Beeler (404 East Sangamon), and to Dale R. Hayden, electrical engineering major from MEDINA, OHIO, son of Mr. and Mrs. Donald Hayden (6174 Fenn Road).

The Commanding Officers Awards to outstanding members of each class went to John M. Baldwin, sophomore international relations major from HOT SPRINGS, ARK., son of Mr. and Mrs. Freeman Baldwin (309 Tuggle); Thomas G. Bowman, freshman government major from CORPUS CHRISTI, son of Mr. and Mrs. Leon Bowman (208 Iwo Jima); Walter A. Gilmore, junior mathematics major from SAN ANTONIO, son of Mr. and Mrs. Hubert K. Gilmore (214 Pollydale); James J. Mulva, junior Supply Corps option finance major from DE PERE, WIS., son of Mr. and Mrs. James J. Mulva (803 South Webster); and James A. Burns, junior Marine Corps option business major from GRANCY, CONN., son of Mr. and Mrs. Frank J. Burns (5 Pond Lane).

Burns also received the Marine Corps Gazette Award as the outstanding Marine option midshipman.

U. S. Naval Institute Awards presented to the outstanding regular program and contract program midshipmen were awarded to Gary W. Miller, senior mathematics major and regular midshipman from TAYLOR, son of Mr. and Mrs. A. H. Miller (312 West 12th), and to Dale R. Miller, senior industrial management major and contract midshipman from HOUSTON, son of Mr. and Mrs. Robert J. Miller (1619 Potomac).

Dale R. Miller also received

### Teenagers Need Balanced Diet

Food for astronauts, food for the world, food for parties, food for teens, food for babies, food for the elderly, food for invalids, food for picnics, food for experiment, food for armed forces. Knowledge of all these, and more, makes a career in the food-nutrition field one of the most challenging.

Already well aware of career possibilities and the need to know more about the nutritional values of food for growth, health and vitality are 4-H Club members engaged in food projects.

Teenage nutrition is their main concern because 6 of every 10 girls and 4 of every 10 boys have inadequate diets. They get two-thirds or less of the nutrients recommended for their age by the National Research Council.

The study was made of 800 boys and girls aged 13 to 15 years. Skipping breakfast (the much needed starter meal) was given as one of the reasons teens are not well fed.

The national 4-H Food-Nutrition program enrolls some 700,000 girls and boys from 9 to 19 years of age in 50 states, according to the Cooperative Extension Service which supervises the program. They are involved in a wide range of projects.

The axiom: "You are what you eat" is the basis for studies in dietary needs. Members learn to plan, cook and serve well-balanced, tasty meals. Problems of underweight and overweight as well as poor complexion, are tackled and often resolved through correct diet.

Guided by county extension specialists and local 4-H leaders, members complete individual projects. Incentives for best achievement are offered by the food-nutrition program sponsor, General Foods Corporation.

Awards are presented on an annual basis as follows: Four top members per county receive honor medals; one member per state wins an all-expense trip to the National 4-H Club Congress in Chicago, and has a chance to have his or her 4-H Club record judged for national honors and a \$500 scholarship. A total of six scholarships are awarded.

Information regarding 4-H Clubs can be obtained by calling the county extension office.

### Charles Mims, Miss Neill To Receive Degrees

Charles Arthur Mims, 609 East Fifth and Patricia Kaye Neill, 121 Ave. C., Hereford are among the many students receiving Bachelor of Arts degrees from the University of Texas this June.

Michael Burkett, 400 Southwest Seventh, Dimmitt is also receiving a bachelor of arts degree.

About 1,000 University of Texas students are tentative candidates for degrees from the College of Arts and Sciences at Commencement Exercises June 3.

Dr. J. Alton Burdine, dean of the College of Arts and Sciences, largest at the University,

### Gift Presented For New Home

A housewarming gift was presented Mrs. Ron Harpster, wife of the Avenue Baptist Church pastor, at a luncheon held by Golden Circle Class in Pioneer Gas Flame Room Thursday.

The Harpsters have moved to a new home in Northwest Hereford, and class members chose a fruit plaque for the dining room wall as a gift.

Also present for the salad lunch were Meses, R. M. Mason, Clois Kemp, Charles Gresham, Bill West, Dale Barkley, Bill McCullar, P. E. Hoosier, Tom Nance and John Burns.

**BIRTHDAY SURPRISE** — A decorated birthday cake was presented with a gift from his sponsors in Hereford High School to Tomas Graf, German student who is attending school here this year under the American Field Service program. He was honoree at the annual dinner of the Future Homemakers of America, sponsoring group

for th foreign student. In addition to the birthday celebration, the FHA chapters installed officers for next term. Shown presenting the cake to Graf, who is a member of the 1967 graduating class, are Dorothy Prowell, left, and Margaret Ann Durham, FHA instructors.

### Main Street

Continued From Page 6

to attend the ceremony. Corporation presidents who have not stood in line since they served in World War I waited their turn, somewhat impatiently.

White House police checked off the names in unusually rapid fashion, and the invitees walked to the main entrance of the mansion. In the lobby, the red-coated Marine Band was playing to entertain the early arrivals. All seats in the historic East Room were filled well before the noon deadline. Eight television cameras were aimed at the podium where the President would speak.

For a ceremony of this sort, the East Room seats about 400. At least 600 were on hand, many lining the walls, by the time President Johnson appeared. He was preceded by the trumpet flourish, and those awesome words: "Ladies and gentlemen, the President of the United States."

The President made a seven-minute speech, an aide administered the oath to Miss Furness, who responded with a loud "I do," the papers were signed, the cameras recorded it all for history, and a long receiving line formed for fast handshakes with the President and his new consumer aide.

Miss Furness got the full

### Hawaiian Films Shown Kiwanians

The Kiwanis Club of Hereford viewed two films of Hawaii during their regular noon luncheon meeting Thursday.

The films were brought by Jimmie Allred from a trip that he and some other persons made to the "Paradise of the Pacific" just recently.

The films dealt with the flowers that grow on the island and also about volcano eruptions.

The eruptions were filmed during the time that the volcanoes were actually erupting.

Two persons were introduced as new members of the club by Gene Campbell. Accepting membership were Bob Viegel and Frank Ball. Two other persons were to be inducted Thursday also but they were not able to attend the meeting. They will be inducted into the club next week.

It was announced that the board of directors will start meeting at the Hickory Log. The meetings will be held each first and third Wednesday mornings of each month.

treatment, including lunch with the President after the guests had departed. Even at reduced wages, this would seem to beat opening refrigerator doors on television.

### State BSP Convention Plans Begun

A look forward at next year's programs was taken by members of Xi Epsilon Alpha Chapter, Beta Sigma Phi, at a salad supper which marked the beginning of the annual summer vacation.

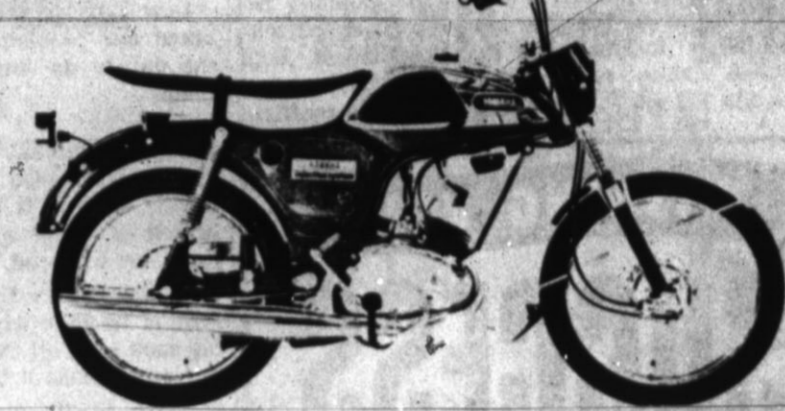

Mrs. John Schneider, lately installed as president, directed discussion of plans for the coming programs; the year's study topic will be Self-Improvement and a series of 18 programs is outlined for presentation by members.

Also discussed with enthusiasm were plans for several members to attend the annual state BSP convention at El Paso June 23-25.

Regular chapter meetings will not be held again until the first Tuesday in next September.

Present at the supper in Community Center were Meses, Delbert Bainum, Larry Summers, Huck Nichols, Hicks Roberson, Bill Kendall, Nolan Grady, J. D. Greeson, Cleo Corlis, John Gilliland, Harold Kids, C. D. Fitzgerald Jr., Bob Huddleston, Preston Hagans, James Shearer and Schneider.

the American Legion Award for contribution to the NROTC unit, as did James R. Reinauer, senior business major from HEREFORD, son of Mr. and Mrs. Joe Reinauer and Richard H. Mason, senior business major from SAN ANTONIO, son of Mr. and Mrs. J. J. Mason (403 Merry Ann Drive).

PRIDE

BEST WISHES,  
GRADUATES

A small word with a world of meaning. It's a priceless possession. Pride is what picks you up off the ground and gets you going again. Pride is what makes you refuse to quit when everybody says you should. Pride is what makes you ignore the score as long as the game is still in progress.

To the Graduates... we offer our most sincere congratulations. Your past achievements are but a small indication of your pride and potential.

**We Present with Pride, Two of the 1967 grads of H.H.S.**

Senator Tower Speaks

# Citizens At Home Have Heavy Responsibility

This weekend we are observing Armed Forces Day. And, earlier this month we observed Law Day. Both of these observances are especially important to Americans this year — because both our Armed Forces and our law enforcement officers face challenges of crisis proportions.

Crime has become an especially troubling problem all across the nation. Since 1960 crimes of all types have increased an amazing 46 percent, the largest increase in any comparable period in our history. And, this jump has come at a time when our population increased only 8 percent. Crime now costs our nation \$50 Billion

each year and causes untold human suffering.

To meet this crisis the Congress has passed several bills to improve facilities and training available to our local law officers.

When I spoke at a Law Day luncheon in Fort Worth this month, I urged those present to recall the phrase used by President Theodore Roosevelt — "No man is above the law, and no man is below it."

I hope our nation can face up to this crime problem and can rededicate itself to fulfilling the ideal of justice and equality before the law — with all citizens enjoying full exercise of both rights and responsibilities. I hope our nation can reaffirm

our belief in each citizen's individuality and our respect for each citizen's integrity. But, we can do that only if we do believe that no man is above the law and no man is below it. And, we will not ameliorate our crime problem by simple assertions and comments, we must actively live with respect for the law.

In the wake of the crime crisis we must constantly remember to support fully the dedicated law enforcement officers whom we charge with enforcing the laws all of us have a part in establishing.

Law Day is a time to think about our problems. Today is the day to do something about them.

It is significant that Armed Forces Day also occurs this month. In fact, it is being celebrated at many military bases this very weekend.

Armed Forces Day serves to remind us that what our fighting men seek all over the world is maintenance of the same sort of stability, order, justice and peace that we seek at home under domestic laws.

This Armed Forces Day is an especially trying one for all of us, because so many of our young men and women are committed to the Vietnam struggle against communist aggression.

These young Americans fight today, as their older brothers fought in Korea, not for glory — there is little of that around — but because they are dedicated, determined individuals. They fight because they believe America is right in coming to the assistance of oppressed peoples. They fight because they believe their America is safest in a world in which stability and order are preserved.

I've been with these men in Vietnam. I've talked to them in their tents, and bunkers, and mess halls. To a man, they have told me of their dedication to freedom and liberty. To a man, they have described to me their extra efforts in working with the people of Vietnam to help in the building of a free nation.

These American men of the Armed Forces have the most to lose as they lay their lives on

the line. They are not burning any American flags. They are not calling for America to retreat from its responsibilities. They are not interested in selfish personal goals.

Rather, they are willing to fight to preserve a nation in which their fellow citizens can continue to protest and dissent. They are fighting to uphold the very Constitutional principles which make diversity and democracy the American way of life. They are fighting to keep the boundaries of communist tyranny as far as possible from their homeland. They are fighting so that other, smaller nations may enjoy a world climate permitting self-determination to those who aspire to it.

We here at home have a task, too. It is up to us to proclaim our willingness to live for America with just as much courage as our servicemen risk death for America.

This Armed Forces Day, I hope as many Texans as possible will take the opportunity to visit one of the many military posts in our state. I hope Texans will open their homes to our servicemen. I hope Texans will tell those men that we are firmly behind them; that we will see to it they have every sort of moral and material support.

It has been wisely said that "Goodness without power is impotent; and power itself is impotent without the willingness to use it if need be."

America uses its strength in the world today to strive for peace and order.

Both our Armed Forces and our local law officers deserve our support and our appreciative recognition during these trying times.

## Marines Offering 3 Year Stints

The United States Marine Corps is again accepting three year enlistments for a limited time only. According to First Sergeant Al Chism the non-commissioned officer-in-charge of the marine corps recruiting substation located at: 110 East 5th Avenue Amarillo, Texas 79105.

Out of town call collect DR 6-5151 Ex 212 or 213 High School seniors can also take advantage of the 120 day delay program by joining now and leaving later. See your marine corps recruiter in your area now and get all the details.

## Garcia News

By MRS. S. N. THWEATT Brand Correspondent

Mr. and Mrs. Elmer Northcutt, Mr. and Mrs. Jerry Northcutt and Kemp went fishing Sunday at Ute Lake at Logan, N. M.

Mrs. Storm Gerhart and daughter, Raynee, of Las Cruces N. M., recently visited Mrs. Bill Page and Mrs. Jerry Northcutt. The three women are former schoolmates.

Mr. and Mrs. Charlie Kemp of Hereford were supper guests recently of the Elmer Northcutts Mr. and Mrs. Cecil Floyd of Rhea were also visitors in the Northcutt home.

Mrs. Bill Page gave a birthday party Thursday for her one-year-old daughter, Lisa Anne. Ice cream, cake and punch were served and there were favors of whistles and lollipops for the youngsters.

Present were Mrs. Loyd Northcutt, Kathy and Gary of Bellview, N. M.; Mrs. Betty Hammock, Timmie and Davis; Mrs. Jerry Northcutt, Kemp and Todd; Mrs. Elmer Northcutt, Wanda and Lisa.

Mrs. N. A. Brown was the dinner guest Sunday of Mr. and Mrs. Ray Potts and Betty of Bellview. In the evening they visited W. L. Potts of Clovis, N. M., father of Mrs. Brown and Ray Potts.

Mr. and Mrs. Ernest Brown and family were recent visitors in Clovis with Mr. and Mrs. S. B. Pulliam.

Mrs. N. A. Brown, Barbara, Dennis and Sammy spent the weekend in Hobbs, N.M., visiting Mr. and Mrs. Pat Palmer and family, Mr. and Mrs. Rupert Welty and daughter.

S. N. Thweatt was in Amarillo on business Tuesday.

Mr. and Mrs. B. E. White and children spent Sunday in Hereford at a gathering of the Hudson family.

Mr. and Mrs. Loyd Sevier spent Mothers' Day in Clovis

visiting her daughter, Mrs. Odell Parrish.

Mr. and Mrs. S. N. Thweatt, Mr. and Mrs. Loyd Sevier visited Sunday evening in the John Jones home, enjoyed games of 42 and were served homemade ice cream and cake. Weekend guests of the Jones were Mr. and Mrs. Homer Jones and a brother of Mr. Jones from Fort Worth.

Mr. and Mrs. J. G. Hopson of Walcott spent the weekend at their home at Rust, where they

are moving.

Walcott School dismissed for the summer vacation Friday. The pupils returned Tuesday to receive reports.

Mrs. John Jones visited Mrs. Edna Culver at Kings Manor and Mrs. Billie Brown at Westgate in Hereford Thursday afternoon.

Mr. and Mrs. John A. Jones visited her cousin, George Jones at Friona Sunday.

Mmes. George Bumpass, C. R. Nash, J. E. Perry and Louie Huckert spent Tuesday in Mrs. H. D. Buse's home.

Mr. and Mrs. S. N. Thweatt learned last week that a son of his niece, Mrs. Leo Webb of Amarillo, had been wounded by a sniper's bullet while on military duty and is in an evacuation hospital. The relative, PFC William D. Webb, is with C Co., 2nd Bn, 28th Inf., 1st Div. The wound was in his left shoulder.

**JUST GREAT!**

There's no better way to describe the Seniors. Because of their past record of hard work and solid achievements, we're sure their future will be one of continuing success. Our very finest wishes to the entire Senior Class.

**Fabric Allergy Test By Sniff Advised In Club**

A "sniffing" test for allergy to man-made fibers was suggested by Argen Draper, County Home Demonstration Agent, as she spoke to Bippus H. D. Club recently on new materials and new sewing methods. The meeting place was Mrs. Wayne Sifford's home.

Mrs. Draper said that some persons are allergic to mater-

The Sunday Brand, Hereford, Texas, Sunday, May 21, 1967

ials used in synthetic fabrics, and that smelling the cut edge of the fabric is often an effective way to test before purchasing. Also, an odor which might be unpleasant as the garment is worn, may be detected then.

She showed how to install a new invisible garment closing which looks like a seam when it is properly placed on the garment.

Mrs. C. F. Burk, who presided for the meeting, was chosen as the club nominee for county delegate to the Texas H. D. Association convention next fall. The next meeting was announced for May 24 in the home of Mrs. C. T. Douglas.

Other members were Mmes. C. F. Homfeld, J. G. Fortenberry, John Hill, Inman Larson and Jimmie D. Bradley.

Bob Oliver, 24, who hit 10 home runs for Raleigh, N. C., last year, hit a tremendous home run first time up in a squad game at Fort Myers, Fla this spring. It came off Dennis Ribant, whom the Pittsburgh Pirates obtained from the New York Mets.

**Styles, Sewing Are Topics For Ford H.D. Club**

Predicted styles for next season were reported by Mrs. A. L. Hollingsworth, clothing leader of Ford Home Demonstration Club, as a sidelight on the main topic Wednesday afternoon when Mrs. Harry Brorman and Mrs. Joe Myer were hostesses at Ford Community Building.

Argen Draper, County H. D. Agent, was the speaker to give sewing tips. She showed new fabrics and demonstrated some new and easier methods of finishing garments and inserting sleeves. She also explained what to expect in the life of garments made of cotton and of synthetic fibers.

Mrs. Raymond Smith, foods leader, gave each member recipes using datts. Mrs. Frank Brorman reported action of the latest session of the County H. D. Council. Mrs. John A. Smith, presiding, announced the next club meeting date, June 7, when Mrs. A. B. Kent will be hostess at the community house.

Mrs. Lois Clinard of Hereford, mother of Mrs. John A. Smith, was a guest. Other members attending were Mmes. John Brorman, W. A. Carter, Leroy Edwards, J. C. Gossett, and Troy Waller.

**Officers Re-Elected By Red Cross Volunteers**

Returned for another year in the offices they now hold, leaders of the Red Cross Volunteers of Deaf Smith Chapter were installed after election at a luncheon in Ward's Restaurant Thursday.

Mrs. Marvis Southward is president, Mrs. Betty Davis vice president and Mrs. A. Petersen secretary.

Members were asked to accept a larger quota of ditty bags to be made for U. S. servicemen in Viet Nam than the 177 shipped as Christmas gifts last year. These bags, filled with small items such as razors, writing materials and toilet articles, are given to men in combat areas.

Women of churches and clubs who helped make the bags last year will be asked again to cooperate.

A report was made on a party given for men in two wards of the Amarillo Veterans Hospital. Volunteers who went to act as hostesses were Mmes. Southward, Louie Olson, J. D. Love, Bill Wall and Art Lewis.

A total of 112 hours of volunteer work during the past month was listed by the group.

**College News About Students From This Area**

**CANYON** — Lynda Lohr of Hereford was recently initiated as a new member of Mu Phi Epsilon, international professional music sorority, at West Texas State University.

A freshman, Miss Lohr is the daughter of Mr. and Mrs. Robert Lohr, 122 Kibbe. She is majoring in music.

**H.D. CHATTER**  
**Asparagus Has Spring Flavor**  
 By Mrs. Argen Draper  
 Home Demonstration Agent

Nothing is more like Spring than fresh asparagus and fresh greens.

AS EARLY AS 200 B. C. Romans gave detailed instructions for growing asparagus. At that time, it was used dried as well as fresh.

Asparagus is still a popular vegetable today. It can be found on the market frozen, canned and fresh. When you use frozen asparagus, you don't need to thaw it before cooking. Simply drop it into a small amount of boiling water and cook just until it is tender.

If you prefer canned asparagus, first drain the liquid into a pan. Cook the liquid until half the original volume is left. Then add the asparagus and cook it until it is heated through.

IF YOU ARE USING fresh asparagus, wash it thoroughly. Then select a deep pan with a tight cover. The bottom of a double boiler with the top part turned upside down as a cover will work well. Pour about two inches of water into the pan,

(vitamin C). Here are four ways to pick a good cantaloup.

First, look for a smooth shallow stem scar, says the U. S. Department of Agriculture. Second, check the netting or veining. It should be thick, coarse, high-ridged and stand out in bold relief on the surface.

Third, check the "ground" color between the netting. As the melon ripens, the color will change from green to a yellowish-buff, yellowish-gray or pale yellow. Fourth, check firmness gently, with both hands. The melon, especially the blossom end, should yield a little.

It is best to select melons ripe enough to be eaten, rather than trying to let them ripen at home.

A QUESTIONNAIRE was enclosed with the last letter in the series of letters on Family Finance. The first questionnaires returned indicated that the two things which received immediate attention of the families were putting important papers in locked fire-proof boxes—and making wills.

The questionnaires can still be used in the work if you haven't returned them—and want to do so.

A GOAL OF MINE has been for a long time for all families who receive information from the local Extension office to make wills and have seat belts

**News About Area Men On Duty**

WASHINGTON, D. C. — Staff Sergeant George M. Burgett, whose parents are Mr. and Mrs. Ruey Irwin of Rt. 3, Floydada, Tex., has helped his branch win the 89th Military Airlift Wing (Special Mission) semi-annual PRIDE (Personal Responsibility in Daily Effort) Gold Certificate Award.

A radio maintenance technician, Sergeant Burgett and the 89th's communications and electronics branch were cited for consistently efficient and error-free work under the U. S. Air Force Zero Defects Program.

The sergeant's wing is responsible for providing air transportation for the President of the United States and other top government officials.

Sergeant Burgett is a 1952 graduate of Floydada High School. His wife, Millie, is the daughter of Mr. and Mrs. A. M. Carmack of Hereford, Tex.

# TIM TYLER'S LUCK

— by Lyman Young and Tom Massey

TIM, DR. PAUL ALSO TOLD TWO STRANGERS ABOUT HIS BIG-AS-A-PLUM DIAMOND!

HE SEEMS CAUTIOUS ONE MINUTE AND CARELESS THE NEXT!

MOSTLY HE'S EXCITED! WOULDN'T YOU BE AFTER FINDING SOMETHING WORTH MAYBE A MILLION?

WOW! I GUESS SO!

ANYWAY, THE DOCTOR IS GOING TO SHOW THE DIAMOND, BUT ONLY ON HIS TERMS!

THE STRANGERS, CLAWSON AND FEDDERS, MUST ARRIVE HERE ONE HOUR BEFORE HE DOES, AND WAIT ONE HOUR AFTER HE LEAVES TO REHIDE THE STONE!

DR. PAUL ALSO WANTS ARMED GUARDS PRESENT... THAT'S YOU!

I WISH I KNEW SOMETHING ABOUT CLAWSON AND FEDDERS — INSTINCT TELLS ME TO EXPECT TROUBLE!

HAVE A SEAT — IN ONE HOUR DR. PAUL WILL ENTER WITH HIS DIAMOND... IT'S A LONG WAIT —

IF THE GEM IS AS BIG AS HE CLAIMS, THE WAIT WILL BE WORTH WHILE!

THERE GOES "VERY-IMPORTANT-THINGS-TO-DO-TODAY"

WHAT'S HER NAME?

SURPRISE! IT'S ME, YOU LUCKY THING!

BACK SO SOON?

WHERE DID YOU GET THAT SCRATCH?

AW, I TRIED TO KISS THAT GIRL IN THE GENERAL'S FILING SECTION.

SHE'S A BEAUTIFUL GIRL, BUT WHAT A WILD-CAT!

Wow

HEY, KILLER! THE GENERAL WANTS TO SEE YOU!

I'LL BET HE FOUND OUT YOU WERE BOTHERING THE GIRL IN HIS OFFICE

YEAH

HE DOESN'T HAVE TO WORRY ABOUT ME TRYING TO KISS HER AGAIN

ANYONE WHO MESSES WITH THAT TIGRESS TWICE IS A COMPLETE IDIOT!
