

DUTCH MANTELL AND BILLY SIMPSON MATCHED TONIGHT

One of the warmest wrestling bouts ever staged in this section is scheduled for tonight (Friday) August 5, at Miller Skating Rink one mile north of Big Spring at which time Dutch Mantell of Amarillo and Billie Simpson of Des Moines, Ia., are going to fight it out for the best two falls out of three.

These two wrestlers are about the worst rough house wrestlers in the game, and the rougher the going the better they seem to like it. Big Spring folks have been given an inkling of what Dutch Mantell knows about "rough stuff," but he says he has been very gentle up to the present. He would like nothing better than to have the bars let down with nothing barred in this coming match with Simpson.

Simpson in his come back says he will give Mantell all he has been looking for and then some. He has been after Dutch Mantell for the past three or four years and was tickled to death when he learned that the elusive Rough House had at last consented to meet him. The last words over the phone to Promoter Londo were: "All I can say is for Mantell to start his rough house tactics and I will soon make him change his mind."

All of us know it is impossible for these wrestlers to keep from getting rough so we can expect the wool to fly when these two experts in the game get going. But as they are no kin to us we can enjoy a good deal of the punishment they inflict on each other.

WRESTLING MATCH EXCITING

Somewhat the dope had gone out that there would be some real stuff pulled when Dutch Mantell met Pat Connelly on the mat at Miller's Skating Rink, one mile north of Big Spring, last Friday and a fine crowd turned out to witness the sport. It was a real bunch of folks—the kind that appreciate good wrestling and this put the wrestlers on their mettle. There was no throwing off in this contest—it was just a case of the best man winning.

Dutch Mantell was loaded for bear and went after Connelly like a ton of brick right from the very start. Connelly put up a great defensive battle but at the end of 23 minutes Mantell brought Connelly to the mat with a body slam.

Both men went at it hammer and tongs when the gong sounded for the second round and again Connelly put up a great battle to down the wild Dutchman but it was no use. At the end of 14 minutes Mantell secured one of his favorite holds and a body slam took all the ambition out of Connelly and brought victory to Mantell.

Dutch made a great hit with the crowd, as he gave them an idea of what a fast fellow can do in the wrestling game. He promises to show them a better class of wrestling in his match with Billie Simpson at Miller's skating ring tonight (Friday) August 5.

The preliminary matches between home talent are becoming to be interesting numbers on the programs and this proved to be the case last Friday.

The boxing match between Jack Reed and Walter Bailey proved a snappy exhibition and was declared a draw.

The wrestling match between Albert Garcia and Andemes Mendez went fifteen minutes in a hot contest and was declared a draw.

If you have been missing these wrestling matches you have been missing a real treat.

Candy on ice. Good candy is a good way to keep good friends. Cunningham & Philips.

Burton Brown returned Sunday morning from Dallas, where he had been to accompany his father, G. L. Brown, who is under treatment in a sanitarium there.

THE BANKHEAD ONE OF IMPORTANT HIGHWAYS OF U. S.

The Bankhead highway has not yet had an opportunity to demonstrate its real worth for the reason that it has never been in a completed state. Work has been in progress somewhere along the line ever since this important highway was mapped out. Tourists in numbers have gone other routes to avoid the detours necessary while improvements are being made on the road.

When it can be announced that the Bankhead is near a completed state this will become one of the most popular of the transcontinental highways in the United States.

Wish we knew some way of speeding up the highway department in putting another coat of asphalt and chat on the one hundred mile section of this highway in Howard, Martin, Midland and Ector County. This topping put on right now would make this stretch one of the best in Texas. If this improvement is delayed another year it will not be as beneficial as the foundation of the highway is going to be injured.

The organization of the Bankhead Highway Association at Pecos recently to promote the placing of this highway in first class shape and to sponsor an advertising campaign in the north and east is a move in the right direction.

The Bankhead highway is going to be worth more to our county than another railroad and in time the U. S. government will deem it of sufficient importance to encourage the paving of it from end to end.

NOTICE!

I will kindly ask the parties who carried off the tin cups from the Old Settlers Picnic, to please return them as they were borrowed and the committee will have to pay for them if they are not returned. 120 tin cups are missing. T. H. Johnson, President, Howard County's Old Settlers Association.

WHY GIVE YOUR TOWN A BLACK EYE?

Among other drawbacks, and the worst, list that citizen who tells strangers the town is in a bad way.

He may be telling the truth, as he sees it, though he may be wrong. Or he may be telling the truth, having a correct estimate of the situation. In either event he does the town no good, or himself! And he gives the visitor a bad impression, which is needless.

The town may not be in depression. It may be only his business that is depressed, giving him mental dyspepsia. The fault may be his own that his affairs are in bad order, but he cannot or will not see it. He blames the town.

It is not necessary to lie. There is nothing to be gained by painting a falsely bright picture. Any such attempt to deceive is usually transparent. It is therefore foolish as well as wicked.

Nevertheless, no average town is altogether to the bad, even if in depression. It is gaining in some direction. There is something good to say about it. One who loves his home community will see the best in it and reflect his vision in what he tells strangers, so they will see the picture as he sees it.

If he sees nothing bright and hopeful in it, there is something wrong with him.

It is surprising that prominent citizens will tell to strangers arriving in town doleful things they would not express in chamber of commerce meetings or other public gatherings when addressing each other.

In each other's hearing they "boast" because they know it is expected of them. Talking with visitors, they do the opposite.

Yet those strangers, whom they give a pessimistic impression, may be homeseekers, investors, and prospective customers. It doesn't pay and it isn't right. Nor is it fair to the town. El Paso Herald.

SWEETWATER RAIL CRASH IS FATAL TO TWO

Sweetwater, July 30.—Mrs. J. L. Allred, 38, was killed and her sister-in-law, Mrs. Sam Allred, probably fatally injured when the westbound Sunshine Special struck the car in which they were riding with the dead woman's husband at 8:45 o'clock tonight. The accident occurred at the Lamar street crossing a block from the T. & P. depot, where there are a dozen tracks.

Allred, who represents the Federal Cash Register company here, escaped with body bruises, although he was unconscious for a few moments. He stated that after he had stopped the car on a signal of the watchman until a freight train passed he thought the watchman signaled him to drive ahead. The freight had passed on the first track. On the track next to the main line a string of freight cars obstructed his view of the passenger, he said.

The watchman declared that he signaled Allred to stop after the freight had passed.

All three of the autoists were hurled from the car. Mrs. J. L. Allred died enroute to a hospital in an ambulance. Her sister in law was undergoing a surgical operation at 10:30 o'clock tonight in an effort to relieve pressure on the brain caused by an injury to the skull. Surgeons held slight hope for her life. Both women were injured about the head. Abilene Reporter.

Mrs. Sam Allred passed away Monday morning. She never regained consciousness after the accident.

John Ross Williamson visited relatives and friends in this city last week.

FOR HOME AND STABLE

The extraordinary Borosone treatment for flesh wounds, cuts, sores, galls, burns and scalds is just as effective in the stable as in the home. Horse flesh heals with remarkable speed under its powerful influence. The treatment is the same for animals as for humans. First wash out infectious germs with liquid Borosone, and the Borosone Powder completes the healing process. Price (liquid) 30c, 60c and \$1.20. Powder 30c and 60c. Sold by

WAR COMEDY AT R & R LYRIC

The comic side of the World War, as it appears in many recent war mirthpieces, reaches its hilarious climax in John McCormick's production, "Lost at the Front," with co-stars George Sidney and Charlie Murray under the First National Pictures' banner.

"Lost at the Front," which was produced by Frank Griffin is to be the attraction at the R. and R. Lyric theater next Monday and Tuesday, August 8 and 9. It is an entirely new type of World War comedy, and it deals with a new locale; the Russo-German front. Among its unusual features is the appearance of the famous Russian women soldiery, the "Battalion of Death," which figures in some of the most fun-provoking scenes.

Del Lord, ace of the two-reel comedy directors, megaphones the picture, and Natalie Kingstone, Wampus Baby Star for 1927, appears as leading lady in a most interesting role, that of Olga, a Russian sculptress in one of New York's downtown artist's studios. Among other interesting personalities in the cast are John Kall and Max Asher.

"Lost at the Front" is a riot of hilarious comedy of every kind from slapstick to comedy-drama, throughout all its rapid sequences. Its great mirth-masters, George Sidney and Charlie Murray, with Director Del Lord, who won a \$3000 diamond-studded belt as the greatest comedy director, were assisted throughout by two famous comedy constructors, Gene Towne and Clarence Hennecke.

The result is the fun masterpiece of the year.

"Give me the man who, instead of always telling you what should be done, goes ahead and does it."—Elbert Hubbard.

IF You are sick enough to have fever, you are sick enough to have the services of your physician... Cunningham & Phillips.

Some person, without any sense of humor, started the story that the Charleston dance was invented by a man who absentmindedly stuck a lighted cigar butt into his hip pocket.

Wilbur Matthews arrived Sunday morning from San Antonio for a visit in this city with his parents, Mr. and Mrs. R. D. Matthews.

GEORGE HOCKERSTON CLAIMED BY DEATH LAST FRIDAY

The announcement of the death of George Hockerston came as a shock to the many friends in this city. He passed away at his home in the east part of this city at 9:10 o'clock Friday night, July 29. He had been in ill health the past year or more but it was not until a week before his death that his condition was considered serious.

Mr. Hockerston was born November 16, 1873; he had made his home in Howard County for many years and was loved and esteemed by all who knew him. During the time he had been a resident of Big Spring he had been in the restaurant business and was known far and wide for his expertness as a cook. While he may not have accumulated a great store of worldly goods, the records will show that he never refused to aid a fellowman and never did he turn a hungry man from his door. He tried to treat the other fellow as he would like to be treated. Those who knew him best will vouch for his bigness of heart and his being a friend to man.

Funeral services were conducted at the Eberley Undertaking Parlor at 5 o'clock Sunday afternoon by a minister of the Church of Christ and the Knights of Pythias concluded the services at the graveside in Mt. Olive cemetery.

He is survived by five children, his wife and one child having preceded him to that home in a better and brighter world. The surviving children are: Mattie, Lillie, Fannie, Mae, and Jerry. A sister of Mr. Hockerston resides at Houston.

We join many friends in extending to the sorrowing relatives our deepest sympathy in this their hour of deepest sorrow.

"Do unto others as though you were the others."—Elbert Hubbard.

MEETING OF ALL INTERESTED IN MAIZE GROWING CONTEST

Secretary C. T. Weston is sending the following notice to all interested in the County Maize Growing Contest:

"Saturday, August 6, at 3 p. m., we are having a meeting in Big Spring at the county court room, where we will discuss methods of gathering and weighing our feed and also we will have some maize heads and discuss types to select to exhibit. A \$25.00 prize will be given for the best 10 heads grown on the five acre plots. This premium will be in addition to the premium offered on the greatest yield.

"Please be present at this meeting as we are anxious to have the fellows here for that demonstration on how to select the best heads.

"Remember that the meeting is at 3 o'clock Saturday afternoon, August 6 at the County court room in Big Spring."

WORLD USES 17,428,000 BALES

According to the annual report of Henry G. Hester of New Orleans, the world consumption of cotton during the season ended with the close of July was fixed at 17,428,000 bales. This is the greatest amount ever consumed during any one year.

The consumption report included 1,042,000 bales of lint.

Exports amounted to 11,250,000 bales, the world taking all the American cotton it could get.

Last year's production of cotton amounted to 19,100,000 bales.

The amount of cotton carried over at the close of July is estimated to be 7,238,000 bales including 538,000 bales of Japanese port and mill stocks.

An inspection of our sewer system would no doubt, disclose a number of defects which should be corrected. The system should work perfectly if it is to properly service our city.

 The Store That Quality Built

IN MEMORY OF MRS. W. T. MANN

Mrs. Olive Lindsey Mann was born February 5, 1882 and departed this life at the Alexander Sanitarium in Abilene, Texas, July 25, 1927.

After a very appropriate service at the Presbyterian Church, conducted by the pastor, Rev. R. L. Owen, she was laid away by loving hands beneath a beautiful bed of flowers in Big Spring, Texas, on July 24.

She leaves a husband, a son, and four sisters and one brother, besides other relatives and a host of friends who mourn her going.

She was a devoted wife, a kind and loving mother and a true friend. A vacancy has been left in the home and in the hearts of those who loved her, that can never be filled.

Mrs. Mann was converted and united with the Presbyterian Church some thirteen years ago, and was loyal to the end of her christian faith.

She was also a member of the Order of Eastern Star, having a membership in Garden City Chapter No. 413, O. E. S.

As one who loved her, and admired her many beautiful traits of character I submit the following poem to her memory:

SHE WAS OUR FRIEND
 "She softly hurried out and shut the door,
 And all our souls with bitter anguish shook,
 We strived to pierce the darkness, o'er and o'er,
 'Tis not for us to know the course she took.
 Yet biding her today, we can but know,
 That blue and kindly skies above her bend,
 And where she has journeyed we shall go,
 She was our friend.
 "Her presence lingers still about the rooms;
 Her footsteps echo yet upon the floor;
 Her cheery smile still brightens all our gloom,
 And biding here in grief we feel and know,
 Whatever way her fading footsteps trend,
 A little lapse of time and we shall go,
 She was our friend.
 "A little lapse of time, and then, and then,
 The outer door again shall open wide,
 And we shall leave the busy haunts of men
 To overtake her, journey at her side,
 And biding here alone we can but pray.
 "Whatever fate our God of love shall send,
 O let us clasp her hand again some day."
 She was our friend."

A Friend.

LOOKING AFTER PROPERTY

E. A. Graham of Brownfield has been in Big Spring this week, looking after his land interests in this section. Mr. Graham owns a farm in the northeastern section of the county which seems to be very favorably located for oil. Some of this land is within a quarter of a mile of from a test that is to be started soon.

Mrs. J. M. Morgan and Mrs. P. K. Williams and daughters of Kansas City, Mo., left Monday morning for a visit with Mrs. Morgan's mother in Phoenix, Ariz.

Misses Billie Faucett and Mary Dallas Collins visited Mrs. E. L. Haag in Abilene last week.

Anytime we allow filth and carelessness to get a foothold in our city we are going to be compelled to pay. Sanitary measures may seem irksome, but the cost of ill health to a community cannot be estimated.

Lee Hanson of Lamesa came down Friday to attend the Old Settlers Reunion, and to talk over old times with old friends. Mrs. Hanson and daughter, Roberta Lee, who have been visiting her parents, Mr. and Mrs. R. C. Strain, returned to their home in Lamesa with Mr. Hanson Saturday.

BANKRUPT SALE TO BE STARTED SATURDAY

A bankrupt sale will be started Saturday, August 6 at which time the stock of A. B. Cook & Son who have taken the bankruptcy law, will be put on the market at very low prices. This stock is in the space in the new Elliott building at the corner of East Third and Runnels street where the store was first opened and operated.

The Texas & Pacific railroad reports a surplus of \$1,087,635 for the first half of the year.

Hugh Willis Potter left Tuesday for a three weeks visit with relatives and friends at Bowling Green, and other points in Kentucky.

TWO NEW RESIDENCES TO BE ERECTED ON JOHNSON STREET

W. A. Gilmour has awarded the contract for the erection of a modern bungalow and also for a duplex apartment on his lot at the corner of West Fourth and Johnson streets. Contractor Cook will be in charge of the erection of the duplex and G. O. Foley will erect the bungalow.

The work of tearing down the old Taylor residence on this property was started this week and is well underway and as soon as the premises are cleared construction work on the two new residences will be started. Mr. Gilmour and family will occupy the bungalow and the duplex apartment will be for rent.

Pope Pool of Abilene was a visitor in this city last Saturday.

Rev. D. H. Heard, pastor of the First Baptist Church, was a business visitor in Dallas this week.

Mrs. T. M. Collins is in Abilene this week visiting her daughter, Mrs. T. E. Haag.

Mrs. E. R. Watts left Wednesday night for a visit in Chicago, Kansas City, and Terra Haute, Ind.

Mr. and Mrs. A. Miles of Kaufman and Mr. and Mrs. F. E. Doble of Houston are the guests of Mr. and Mrs. F. C. Hopkins in this city this week. Mrs. Miles and Mrs. Doble are sisters of Mrs. Hopkins.

Mrs. J. Dix and daughter after a visit in this city with Mrs. Eb Hatch and other friends left this week for their home in San Antonio.

LOST - FEMALE GERMAN POLICE DOG. \$10.00 REWARD FOR RETURN OF SAME TO CLYDE FOX.

Rev. F. H. Stedman, rector of St. Mary's Episcopal Church, left Sunday night for Fort Worth, where he will conduct services at St. Andrews Church during the month of August.

WHEN COLDER DRINKS ARE MADE IN A COOLER PLACE.... CUNNINGHAM & PHILLIPS WILL MAKE THEM.

Carlos Black, advertising manager of the Acorn store in this city, left Sunday for his home at Ballinger. Mr. Black has resigned his position in this city and has accepted a position with the Perkins Dry Goods Company in Ballinger. While a resident here Mr. Black made many friends who regret to lose him as a citizen of Big Spring.

THE STATE OF TEXAS
 To the Sheriff or any Constable of Howard County—Greeting:

5th day of September, 1927, then and there to answer a petition filed in said Court on the 30th day of July A. D. 1927, in suit numbered 1113 on the docket of said court, wherein Temp S. Currie is plaintiff and Florence Black Hand; E. L. Hand; Hubert Black; Grace Wingo and her husband, Joe Wingo; Tommie Joe Black; J. D. Black and The State National Bank of Big Spring are defendants and, also, to answer the answer and cross action of said The State National Bank of Big Spring filed in said Court on 30th day of June, 1927, praying for judgment against its co-defendants, Mrs. Florence Black Hand; E. L. Hand; Hubert Black; Grace Wingo and her husband, Joe Wingo.

Plaintiff's suit is for judgment establishing his debt for the amount of principal, interest and attorney's fees represented in notes numbered six to ten, inclusive, each for \$500.00, of the series of ten notes dated January 2, 1923, executed by T. A. Black, payable to said plaintiff, those declared on herein on or before six to ten years, respectively, after date, each bearing interest from date until maturity at the rate of 8 per cent per annum, the interest payable annually; each stipulating that said note and all past due interest to bear interest at the rate of 10 per cent per annum; for accelerated maturity for failure to pay any note or installment of interest when due and for the usual 10 per cent attorney's fees, if placed in the hands

of attorney for collection. If collected by legal proceedings or through Probate Court, \$3,610.00 of the note number one, which was for \$4,000.00, transferred to the Federal Land Bank of Houston, Texas, balance of said note and numbers two to five, inclusive, having been paid off and discharged, and by reason default in payment of the annual interest due January 3, 1925, 1926, and 1927, respectively, plaintiff has elected to declare all or said notes due and payable and, also, notes for foreclosure of vendor's lien retained in deed by him to T. A. Black to secure payment of said notes on the South 1-2 and North-East 1-4 of Section No. 7, Block No. 33, Tsp. 1-North, Cert. No. 1925, T. & P. Ry. Co. survey, comprising 480 acres, in Howard County, Texas, but subject to deed of trust in favor of the Federal Land Bank of Houston, Texas, securing payment of note originally for the sum of \$3,800.00.

Plaintiff, also, alleges that defendants failed to pay the semi-annual interest and amortization installment maturing on first day of March, 1927, amounting to \$123.50, and that he was forced to pay same in order to prevent foreclosure proceedings by said bank and to protect plaintiff's lien and that said installment, with lien securing its payment, was transferred by said Federal Land Bank to plaintiff. He asks for judgment for said sum, \$123.50, with interest at 8 per cent from March 1, 1927, with foreclo-

sure of lien securing payment of same. Plaintiff makes The State National Bank of Big Spring party to suit for the reason that said bank holds deed of trust on 3-4 interest in said parcels of land, but inferior to and subject to plaintiff's said vendor's lien.

He prays for order of sale; for application of proceeds of sale to costs of suit and payment of his debt, praying, also, for costs of suit and general and special relief.

Defendant The State National Bank of Big Spring alleges that on February 13, 1927, its co-defendants, Florence Black Hand; Grace Wingo and husband, Joe Wingo, and Hubert Black, executed to it note in the sum of \$2,871.00, payable on demand, with interest at 8 per cent per annum and for 10 per cent attorney's fees, if placed in hands of attorney for collection, or if suit is instituted thereon, or if collected through Probate Court, securing payment through deed of trust to T. S. Currie, Trustee, on 3-4 interest in the aforesaid parcels of land, and prays for judgment for its debt represented in said note and for foreclosure of its said deed of trust lien, subject to deed of trust in favor of the Federal Land Bank of Houston, Texas, and to plaintiff's vendor's lien.

It also, alleges that defendants made default in payment of semi-annual installment number six maturing on 1st day of September, 1926, on loan by said bank to T. A. Black,

payment of which through deed of trust as above described and defendant paid said amounting to \$123.50, judgment for said sum, 10 per cent per annum and the cost of lien securing payment of judgment. Reference to original answer of defendant State National Bank of Big Spring for fuller and more exact particulars by them, respectively.

Herein fall not but plaintiff's said Court, at its next regular session, showing how you have same.

Given under my hand and seal of said Court, at office in Big Spring, Texas, on this 30th day of July, 1927.

(Seal) J. L. PHILLIPS
 Clerk, District Court, Howard County, Texas.

AN EXHILARATING

 J. E. JORDAN
 OUTSIDE COUNTY
 YEAR IN COUNTY

Several class matters at Big Spring, Texas, before Congress, May 3, 1897.

Friday, August 3, 1927

TO THE PUBLIC: Any reflection upon the standing or reputation of a person, firm, or corporation which may appear in this paper, will be corrected upon its being brought to the attention of the editor.

Want to get a picture of Big Spring two years from now? Ask E. C. Cauble in a good humor to get him to give you his estimate that Big Spring will move forward under full steam and is not going to surprise you with a population in excess of 10,000 within the next year.

People are employed to obey the traffic regulations to see how many can make. Every effort is made to persuade auto drivers to drive safely; they have been on the roads are patrolled; they persist in open violation of the law they deserve no sympathy.

Take any town in Texas with a thousand population and try to get against Big Spring and you will find that it is willing to wager that it will hold its own with the best. We could make old Big Spring town if we had a few party owners willing to get out and help pull.

We can supply more experts than any place we go into any gathering and the advice and criticisms handed out and you can't come to the same conclusion. Any individual in our town who is on being able to tell how to properly put a proposition that may bob up.

People have been killed by the thousands in the United States during the last eight years than the soldiers dead in the World War. 1919 to 1927, 137,017 were killed while a total of the war in the American forces was 120,050. The automobile accidents, however, 1,500,000 since the armistice.

Were wise they would be investments in the Big Spring right now when the land has been hit in land values everything else. When the crude oil begins to advance and to see independent oil drilling to Howard County values are due to make a

More and more big trucks are coming around our streets and highways to appear that business way of oil development is looking up.

Proposition of building a viaduct over the railroad tracks on the west side of town is with us to stay. We will wait a few of our citizens or named before we get to some day we will insist that it be taken. If you are to use this crossing there is no doubt you favor the viaduct.

It is a pretty good idea to have premises clean and sanitary during this heated season. We have typhoid fever, infantile and other dread diseases coming forth in various portions of Mexico and Texas and the only way we harbor and the cleanest way to keep our city the less danger.

Building and loan associations are taking enough money out of our pockets each year, which if used for the construction of homes would be sufficient to erect twenty-five homes. The pity is that we have a number of new homes coming in Big Spring whereas other places, or places, is benevolent. Why not a home building association.

There may be one hundred homes built the times but at that time some customs which beat the world's civilization. In China a physician to keep them from getting sick. In America we are down and out because a physician is consulted. The best way to keep them from getting sick is to look after them before they are not so valuable. Some of them are left to fight and they lose.

DRILLING OPERATIONS ARE ON THE INCREASE

(Continued from Page 1, Sec. 1) hours in order to secure the desired data; and the crews plan on making about one mile per day in this survey.

The fifty men in the Roxana party will make their headquarters in Howard County for some time.

News of Other Test Wells
 Landreth et al drilling on Houston ranch in Martin County temporarily shut down at 2375 feet.
 Marland Oil Co. Quinn No. 1 on southwest quarter of section 26 block 34 twp. 1S drilling below 400 feet.
 L. C. Harrison plugging his No. 1 well on section 156 block 29 to 1635 feet for shot. This well was drilled to 1800 with a good oil sand encountered at 1635 feet.
 Donnelly et al test on the W. S. Martin ranch, 12 miles northwest of Big Spring preparing to complete well from 2100 feet with standard rig.

We need a high powered organizer among our home people. There are fifty Big Spring folks able and willing to take stock in an office building if some live wire could put the proposition up to them. It would pay them and pay Big Spring to put over the erection of a modern office building.

It would not be a bad idea for the city to see that stagnant water around about town is given a coating of oil as mosquitoes are beginning to make their appearance. Situated as is Big Spring, we should never be bothered with such mosquitoes. A little oil on the water would route these pests for all time.

It may be rather dull just now, but in another month we will have an entirely different story to relate.

The steel trust, General Motors and the DuPont interests seem to be on the eve of combining their capital to smash some smaller concerns. Uncle Sam has been rather lenient with the big trusts in recent years—so much so that some of them imagine they are more powerful than the government—and he will have a time chastising this combination.

The big automobile fight which seems in prospect is going to make the scrap of the two Jacks look like a peanut proposition as far as finances are concerned. The contending manufacturers have millions to throw into the ring and some interesting developments are assured.

We believe some one could make a feed mill a profitable proposition in Big Spring. With the poultry industry assuming large proportions, a mill for grinding corn, maize and other grains would make it possible for poultry raisers to secure the best chicken feed at reasonable prices.

This bringing together of the pioneers of our county once each year is a worthwhile movement. It is a pleasure indeed for our first citizens to meet and discuss the good old days and the progress that has taken place during their time. You'll never meet a finer bunch of real folks anywhere.

The firms which do a strictly cash business are certainly fortunate. No chasing around the first of each month to beg payment for bills due, no bad debts to charge off, no borrowing to pay for goods which have been sold on credit. The fellow who sells for cash can tell just where he stands any day in the year and it's better to have the goods than a lot of past due accounts.

Advertising in your home newspaper is the best medium you can employ. You can reach more people and at less cost than by any other method you can employ. If you have real bargains to offer, it will pay you to tell the folks about them thru the columns of the Big Spring Herald.

Mrs. I. Slusser who underwent an operation the first of the week is reported to be getting along nicely.

Mr. and Mrs. Brandon Currie of Lawn are guests in our city visiting Dr. and Mrs. O. E. Wolfe.

Mr. and Mrs. Tom Adams and son, Alfred, left this week for a several weeks visit with relatives and friends in Oklahoma and Arkansas.

Mr. and Mrs. H. Hinman and Miss Mary Louise Gilmour returned Wednesday from a vacation trip to Christoval.

Noble Price arrived last Thursday morning for a visit in this city with his parents, Mr. and Mrs. John Price. Noble is a medical student at Johns Hopkins University and is making a splendid record.

ELBOW NEWS

J. P. Cauble and James Cauble have moved their cattle to the south pasture this week.
 J. C. McKinnon arrived Friday, July 29 from San Antonio and joined his wife at Elbow. They will visit their children for sometime.
 I. B. Cauble and family attended the Old Settlers Reunion in Big Spring Friday, July 29.
 John Bronough, Alfred Bronough and wife visited Willie Bronough Sunday.
 I. J. Low made a trip to Runnels County last week.
 Andrew Coleman is hauling oil supplies for the Quinn No. 1. He hauls oil from the Harding well No. 1 for fuel.
 Mr. Coleman is running the water pump at his place to force the water over to Quinn No. 1.
 Grandpa Fisher, Joye Fisher and Robert Ashbury were driving out through the Elbow community Sunday.

Little Charline Grissom was able to take a car drive Friday afternoon. Miss Lureta Barbee spent a few days last week with Mrs. Bob Ashbury. Clifford Cotter had the misfortune of sticking a nail through his foot last Wednesday. He is getting along nicely.
 The Cotter girls were calling on the Low girls Saturday.
 Mrs. G. E. Wilcox and daughter, Coreene visited their daughter and sister at Lees Friday.
 Birdie Low spent Sunday with Ethel Cotter.
 Joy Stripling was out at the Elbow store Saturday on business.
 D. W. Humphries from Digsby had business at the Harding well No. 1 Saturday.
 Mr. and Mrs. J. F. Sellers attended Sunday school in Big Spring Sunday. Mr. and Mrs. Stripling also attended Sunday school in Big Spring Sunday.
 Work of cleaning out Harding well No. 1 was underway Sunday.
 Another oil rig for the Elbow community is to be located two miles east of the Elbow store.

Reporter.

MRS. E. T. GORE DEAD

Mrs. E. T. Gore, former resident of this city, passed away at Abilene, Texas, Wednesday, July 27. Funeral services were conducted Thursday and the remains were laid to rest in the Sheff cemetery.
 Deceased, aged 35 years, 6 months and 25 days, made her home in Howard County a number of years, living on a farm with her family in the Elbow community. She moved from this city six years ago to make her home in Blackwell, Texas. During her residence here she made many friends who will be grieved to learn of her death.
 She leaves one sister Beulah Holcombe and two brothers Roy and Willie Creighton of Stanton, to mourn her death.

J. Y. Robb returned Sunday from a two weeks fishing and hunting trip to Canada, and other points of interest in the northeast. Yuell and his brother, H. B. Robb of Dallas, witnessed the Dempsey-Sharkey fight in the Yankee stadium in New York City on the evening of July 21, and Yuell says that it was some bout.

COMMITTEES NAMED TO HELP FIGHT TYPHOID

Representatives from the Parent-Teacher Associations, Chamber of Commerce, Wednesday Luncheon Club, School Board, City Commission, Pastors Association, City Federation and other civic organizations met in the basement of the First Methodist Church at two o'clock Wednesday afternoon for the purpose of discussing the typhoid situation in our city, and what could be done and should be done to handle this grave problem now confronting us. Dr. M. H. Bennett, city health officer, was chairman of the meeting and at this time he appointed several committees that are to make a survey of the town and make a report to the health officer just what conditions they find existing. State Health Officer Ehler was also present at this meeting and he stated exactly in what condition he found our town and urged the committees to start remedial measures work at once. He stated that he had studied the history of each case of typhoid in our city and they were of the conclusion that the milk and water supply of the city were not the source of this epidemic. Flies, filth and ignorance was causing the spread of typhoid and much could be done to hold this in check if all would work together and do it at once.
 Following are the committees that are to handle the various phases of clean up in the city. These committees have the authority to inspect all places where food is handled or where filth is harbored and can report to the City Health Officer these conditions and he will have them cleaned up.
 Milk committee: Mesdames E. H. Happel, L. L. Freeman, B. Fisher and Dr. Wolfe.
 Out door toilets: W. V. Montin, Joe Worthy, Chief of Police Long.
 Eradication of flies: E. A. Kelley
 Garbage disposal: R. T. Piner.
 Food handlers: Sam Weaver, chairman; restaurants, Dr. C. K. Bivings; butcher shops, slaughter pens, etc., Mrs. J. C. Douglass and Mrs. Wm. Dehlinger; bakeries, Mrs. L. S. Patterson and Mrs. W. C. Hinds.
 Public contact committee: Ministers of the city, Big Spring Herald.
 Swimming pool: Dr. T. M. Collins.
 Tourist parks: H. L. Rix.
 Mexican population: Mrs. Chas. Holmes, Ruthe Miller and Rev. S. Kistner.
 The general committee in charge of this work is: Sam Weaver, W. V. Montin and Dr. M. H. Bennett.
 Any information regarding the campaign can be secured at the office of the city secretary. Reports as to what is going on and how the campaign is progressing will be given through this office.
 At five o'clock Monday afternoon a meeting of these committees will be

held at which time they will give the conditions they found existing when the survey of the different places was made.
 It was also suggested that a trained nurse be sent to the homes in which there is a case of typhoid fever and teach the person how to disinfect the waste material, the dishes used by the patient and also the linens used in the sick room.
 It was also announced that a man to look after the sanitation of the town would probably be engaged in a short time.

Mrs. J. E. Moon and niece, Cora Ashley, left Thursday for a visit in Mineral Wells.

Orville Ralback who underwent an operation last Friday is reported to be getting along nicely.

Mrs. T. D. Kelley and son and daughter left last week for a visit with her mother in Denver, Colo.

Chicago is all swelled up now because they have beat New York to the Tunney-Dempsey championship fight which is to be pulled off September 15. No event of the century will get the publicity this sporting event is going to receive.

Rev. and Mrs. C. M. Byers enroute from a visit with her parents, Mr. and Mrs. W. F. Fabreskamp in El Paso to their home in Wichita Falls, visited her brother E. E. and Wm. Fabrenkamp in this city last Thursday.

J. C. Douglass is a business visitor in San Antonio this week.

Mr. and Mrs. J. C. Douglass and children attended the Baptist encampment at Post, Texas, last week.

Mrs. Bertha Rueckart and son, Walter, left Thursday night for a month's visit to points of interest in California.

Do away with the breeding places for flies—use Ilme. Coe & Parks Lumber Company.

Mr. and Mrs. Robert Currie and John Currie left Sunday morning for a vacation trip to points of interest in California.

FIXING PRICES ON FARM PRODUCTS

Apparently there is a wide difference of opinion among those who are taking an interest in agricultural matters relative to the advisability of attempting to fix prices at cost-plus on non-perishable products. But when the arguments on both sides are analyzed, this difference narrows down considerably.

The Farmers' Marketing Association of America advocates cost-plus. And cost-plus is not only desirable, but absolutely necessary if farmers are to stay in business. The Farmers' Marketing Association of America, if Farm and Ranch understands its position, qualifies its demand for cost-plus by taking a position that economic conditions should always have an influence on price. In other words, the association would not demand cost-plus if the supply of the article to be marketed greatly exceeded the needs of consumers unless the surplus was stored for use in lean years. There are other conditions that would make cost-plus out of the question, particularly as to the individual farmer, for efficiency in production becomes an important factor. The well-equipped farmer who keeps his soil in condition can produce cheaper than the farmer who neglects the essentials of good farming. The man with soil adapted to his special crop will make for less than the man who attempts to produce on soil of poorer quality.

As Farm and Ranch understands the position of Mr. Yeary and his associates, they demand a profit for farmers when conditions, economically speaking, are similar to conditions which produce profits in other industries, and if we are right in this supposition, Farm and Ranch agrees with them. Farm and Ranch does not consider a glutted market during harvest time as a true and infallible indication that a surplus exists, but a glut of this kind always results in lower prices—prices that do not include a profit for the producer. Experience teaches us that this glut is temporary, but lasts long enough to take all the crop from the hands of producers, when prices again advance. If farmers, through their associations, would inform themselves as to probable demands or the needs of consumers and keep their product off the market until it was in demand, there would be less talk of surplus. The holding of farm products from the market during harvest time could easily be accomplished if the bankers and the merchants of the country took as much interest in the crop after it is made as they do at planting time.—Farm and Ranch.

WEST TEXAS I. O. O. F. ASS'N TO MEET AT COLORADO

The West Texas I. O. O. F. Association will convene in annual session Wednesday and Thursday, August 17 and 18 at Colorado, Texas. It is expected that some 75 or 100 delegates will be present for this meeting from the various lodges comprising the district which extends from Cisco on the east to Midland on the west. A delegation from Big Spring is expected to attend this associational meeting.

Mrs. J. D. Williams of Sweetwater is president; W. C. Moore of Knott is vice president, and Mrs. W. G. Delaney of Colorado is secretary.

The Colorado session will be held at the American Legion hut and will be called to order at 9 a. m. Wednesday morning, August 17.

Mr. and Mrs. G. L. Brown left last Thursday night for Dallas, where Mr. Brown was placed under treatment in a Dallas sanitarium. Mr. Brown is said to have stood the trip well, and is reported to be resting nicely at this time.

ACORN STORE HAS NEW ASSISTANT MANAGER

C. M. Borden is now assistant manager of the Acorn store in Big Spring succeeding Carlos Black who has resigned his position to accept a position at Ballinger. Mr. Borden comes to Big Spring from Anson, where he held a similar position with the Acorn store. Besides being assistant manager, Mr. Borden will also be in charge of the advertising.

Have you joined the movement to keep the Cemetery Association on the job? It will not cripple any of us to donate from fifty cents to one dollar per month to this worthy cause. Don't put off your decision to help the folks who are trying to keep our cemetery in a neat and attractive condition.

P. F. Brewster was greeting friends in this city the past week end. Mr. Brewster was formerly principal of the Big Spring High School and he has many friends in Big Spring among the students and school patrons.

SALEM NOTES

Vacation time is dominant with the farmers and the unexpected guests are arriving. Mrs. Z. L. Feaster and sons, Fred and Earl Wayne of Waxahachie and other relatives of Colorado were the delightful unexpected guests of Mr. and Mrs. W. C. Rogers Sunday afternoon. They report crop conditions in Ellis County fine.

Floyd Miller of Cleburne has been a vacation guest with Mr. and Mrs. B. F. Miller.

S. D. Buchanan and family are attending a series of meetings at the Church of Christ in Coahoma this week.

Mrs. S. L. Newsom and children are visiting relatives at Wichita Falls this week. They will return home soon.

Mrs. Hubert Smith is visiting at Tahoka this week.

Mr. and Mrs. J. T. Rogers and daughter, Wynelle, and Mr. and Mrs. W. H. Forrest of Fairview were Sunday guests of Mr. and Mrs. H. W. Dearing.

Mrs. J. W. Fryar and children, Mrs. Edgar Phillips, Mrs. Shirley Fryar, of Moore and Highway, Mrs. J. E. Monteth and daughter, Jewell, of Midland, and Mr. and Mrs. W. C. Rogers and family were served with some delicious ice cream at the home of Mr. and Mrs. A. J. Wilson Thursday night.

Miss Louise Rogers was the Sunday dinner guest of Misses Oma, Omega and Mattie Buchanan.

Mrs. W. H. Robinson is on the sick list this week suffering with rheumatism. Mrs. Ollie Eaton is also on the sick list.

S. L. Hull and family spent Monday at Richland visiting their son, Clyde Hull and family.

Clemon Robinson who suffers with asthma, was able to be at Sunday school Sunday.

Mr. and Mrs. Jerry Buchanan visited homefolks Sunday.

The little son of Mr. and Mrs. Wilkerson who has been suffering with diphtheria is reported to be slowly improving.

Reporter.

PRESIDENT COOLIDGE IS NOT TO BE CANDIDATE IN 1928

On the fourth anniversary of his becoming president of the United States, Calvin Coolidge on Tuesday issued a statement declaring he did not choose to run for president in 1928.

The statement came as a complete surprise to those close to the president.

Calvin Coolidge does not talk much but when he speaks says a plenty, and it is a cinch that there is no chance of persuading him to reconsider. There is not a doubt but that he could have been reelected had he permitted his name to be entered as a Republican candidate.

This action of Coolidge is going to start the 1928 political campaign off to an early activity.

CITATION BY PUBLICATION THE STATE OF TEXAS

To the Sheriff or any Constable of Howard County—Greeting:

You are hereby commanded, That you summon, by making Publication of this Citation in some newspaper published in the County of Howard if there be a newspaper published therein, but if not, then in a newspaper published in the nearest County to said Howard County, for four consecutive weeks previous to the return day hereof, C. J. Crouse whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Howard at the Court House thereof, in Big Spring, Howard County, Texas, on the First Monday in September 1927, the same being the fifth day of September then and there to answer a Petition filed in said Court, on the 7th day of July A. D. 1927, in a suit numbered on the Docket of said Court No. 1102 wherein J. D. Cunningham is plaintiff and C. J. Crouse is defendant. The nature of the plaintiffs demand being as follows, to-wit:

Trespass to try title to two acres of land, part of section 5, Block 32, 1 South, and in the alternative to foreclose a vendors lien on said two acres of land, the said land being situated in Howard County, Texas, and notice is hereby given to defendant to produce on the trial, deed, made by vendor reserving title, or secondary evidence will be introduced to prove its contents, and asking for its cancellation.

Herein fail not, and have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Big Spring this, 8th day of July A. D. 1927. (Seal) J. I. PRICHARD, Clerk, District Court, Howard County, Texas. 43-4t

BETTER WATCH REPAIR SERVICE

We are now running four repair benches and give you prompt and top-notch service. The entire shop electrically equipped. All this means a "Better Job for Less Money" Wilke's Jewelry and Optical Shop.

PRESIDENT OF GINNERS ASSOCIATION VISITOR IN THIS CITY

W. Homer Shanks, of Clyde, president of the Texas State Giners Association, was a visitor in Big Spring and Fairview Saturday.

Mr. Shanks is secretary-treasurer of the Farmers Service Gin Company operating gins at Fairview and at Denton near Clyde and his visit here was made to start overhauling the machinery at the Fairview plant and installation of new machinery necessary to take care of the new crop, which he thinks is far better than reports had indicated. He stated that some of the crops were late but were fruiting well and growing rapidly and with no insect damage most of his customers thought a good crop was certain.

The Farmers Service Gin Company plans to put the plant in first class condition throughout and with the new cleaning system expects to make "strict middling" out of "snaps."

Mr. Shanks expressed admiration for Big Spring and its spirit of progress. He was particularly impressed by the change in the sky-line being made by the new Crawford Hotel.

Mr. and Mrs. Joye M. Fisher and daughter, Bettye Jean, left Wednesday night for a vacation trip to be spent in California, Oregon, Canada and other points. They will visit in Los Angeles, San Francisco, Portland, Seattle, Vancouver, B. C., Glacier Park, Yellowstone Park, Colorado Springs and Dallas.

Laxative saline will keep your system clean and make you feel better. Cunningham & Phillips.

Mr. and Mrs. Henry Williamson and son of Big Spring are here this week visiting in the home of Mrs. Williamson's parents, Mr. and Mrs. Joe Smith. Mr. Williamson is employed by the Texas & Pacific railway as head of the supply department from Baird to El Paso.—Stephenville Tribune.

You attention is called to the fine showing of the State National Bank as per statement in this issue of the Herald.

Dull Headache and Sluggish Feeling

"We are a healthy family and haven't had to use much medicine," says Mr. J. H. Adams, of Bishop, Ga. "But I have found it necessary to take some medicine.

"I had headaches. My head felt dull, and like I couldn't hold it up.

"I had a bad taste in my mouth; felt sluggish and tired.

"I brought home some Black-Draught and took a few doses, and I got good results. I felt so much better. My head cleared up. I was hungry and wanted to get out and work.

"Black-Draught has proved satisfactory and we have used it ever since."

Thousands of other families have had equally satisfactory experiences.

Sold everywhere in 25 cent and \$1 packages.

Theford's **BLACK-DRAUGHT** Purely Vegetable

AUTO DAMAGED BY FIRE

The fire department was called out shortly after midnight Sunday by an automobile being found on fire at 1307 Scurry street. The chemical was used in getting the blaze under control, after which the car was towed to a nearby fire plug and water used to complete the job. The car was returned to where it had been found under its own power. This car a Hudson sedan, was owned by O. H. McAllister, trucking contractor. Due to the good work of the fire department the damage will not be overly great.

IMPROVED TALKING MACHINE

WANT A SOBER AMERICA

Seymour Lowman is the new head of the prohibition enforcement department and in taking his office declared "Our greatest job is to hold down the activities of the radical wets and the radical dries." Temperance and sobriety are commendable virtues," he said. "We want a sober America."

CARD OF THANKS

We wish to express our thanks to the dear friends and neighbors for their many deeds of kindness during the illness and at the death of our precious wife and mother. We sincerely appreciate your thoughtfulness and we will ever remember the many kindly acts. May you have true friends to be with you when you are called upon to pass through this dark hour. We pray God's richest blessings on you all.

J. C. Green and children.

AND LYRIC

GEORGE SIDNEY and CHARLIE MURRAY

Monday and Tuesday Aug. 8 and 9

BIG BERTHA of WAR COMEDIES

Their path of glory lead from one grand mix-up to another! From one thrilling love affair to another—and when they lost their way in No Man's Land—with shells from both armies screaming past their ears—they were positive that they were in one war that wasn't everything the recruiting officer said it was.

The biggest shout of joy since the Armistice. The enemy laughed itself to death when the two Generalissimos of Jollity took up arms.

IT'S A SMASHING HIT!

HUMAN CHEMISTS' SHOPS

Professor J. J. Abel of Johns Hopkins University has been awarded the William Gibbs Medal of the American Chemical Society for having done more for human happiness, than any other American.

"The human body is a walking chemist's shop," declared the professor at the meeting of the society when he was formally presented with the medal.

"Each body has its own little pharmacy that makes the body go, and each body contains an invisible physician.

"It is a beautiful, wonderful thing, but how long it has taken to discover that fact! Bio-chemists have only skimmed the surface of the chemical potentialities of the human body."

Professor Abel proceeded to recount the history of chemistry as it applies to the well-being of the human body.

He told of research work that brought about the discovery that the human body does contain drugs and chemicals—acids, salts, sugars and alkalis—in sufficient quantities to sustain life indefinitely, provided the source of the drugs is not impaired.

"The time has come," he said, "for scientists to bend their energies toward isolating the pure drugs in the body from the countless glands themselves, and to learn how to build up the drug from various essential chemicals until it is exactly the same as the gland secretion itself."

It is partly for his achievement in doing this with one of the body's pure drugs—adrenalin—that Professor Abel was given the honor of delivering the Gibbs address, and of receiving the Gibbs Medal, Dallas News.

A fire was prevented at the Bankhead Market when a passerby discovered a motor which operates the electric refrigerator was ablaze. The flames were just getting a good start when discovered. The fire department was called and the blaze quickly under control.

LUNCHEON CLUB

TO AID IN FIGHT

(Continued from Page 1, Sec. 1)
 was going to require quick and cooperative action in carrying out the important sanitary measures advocated by the State Health Department.

Shine Phillips stated that the drug stores would, he felt sure, supply the serum free of charge to any not financially able to pay for same.

A motion prevailed that a committee be named at once to cooperate with the City Health Officer and the city in carrying out a campaign for having every citizen vaccinated, and for putting thru the sanitary measures suggested.

J. B. Pickle, president of the Luncheon club, named the following on the committee:
 Every minister of every church in Big Spring; each of the five presidents of the Parent-Teacher Associations; Mrs. Bernard Fisher of the City Federation; H. L. Rix, president of the Retail Merchants Association; W. V. Montin, city manager; Dr. T. M. Collins, county health officer; J. M. Manuel, scoutmaster; Sam Weaver, president Chamber of Commerce; A representatives from the Luncheon Club; Mrs. B. Reagan.

On motion of Mrs. B. Fisher it was decided to call a meeting for 2 p. m. so that they could have an opportunity of securing valuable suggestions from the representative of the State Health department.

Dr. Bennett was authorized to add as many more to the committee as he saw fit in an effort to place Big Spring in a sanitary condition.

SING SONG PROGRAM

August 7 at 8:00 o'clock at the Church of God, 10th and Main. Everyone is invited to come and enjoy this splendid program:

- Two songs—Miss Lou Thomas.
- Closing songs—C. C. Nance.

HAVE YOU CONTRIBUTED TO

THE CEMETERY ASS'N. FUND

Where are the hearts of those who have loved ones buried in the cemetery in Big Spring? We have appealed to the citizens through our paper and have asked those who are willing to contribute to the upkeep of the cemetery to please send in their names to the Herald and from all indications our people are indifferent toward this worthy cause, or else don't intend to lend a helping hand. The cemetery association is in dire need of money and something must be done to save what has been done toward the upkeep of the graves, paying the sexton, etc. Financial aid is needed and needed badly. A committee from the Wednesday luncheon club has been appointed and these men are asking that our citizens contribute so much monthly for this good work. Fifty cents or a dollar a month will help out so much. Won't more of you "kick in" and help in this worthy cause. Those who have contributed this week are:

- South Plains Monument Co., \$5.00
 - C. E. Talbot.....\$12.00
 - B. Reagan.....\$12.00
- Won't you be the next to contribute to this worthy cause?

GROWS FINE PEARS

W. F. Cushing was in from his ranch home in Glasscock County Tuesday and treated the Herald force to some fine pears that were grown at his home place. This variety of pears was unusually juicy and of fine flavor.

We are thoroughly convinced that Texas can grow better flavored fruit than California or any other state, and in as great a variety. We have sampled some excellent peaches, pears, plums, grapes and apricots this season that have been grown in Howard County, during dry season and at that we have the fruit in California bested in flavor.

Hugh Willis Potter, Paul Rix, Coulter Richardson and Charles Simpson escaped without serious injury when the Ford coupe in which they were riding was turned over on Main street about eight thirty o'clock Tuesday evening. Charles Simpson was knocked unconscious and received light cuts and bruises but the other occupants escaped uninjured.

CULTIVATE FRIEND'S FIELD WHILE IN THE HOSPITAL

The value of true friends was manifested this week when farmers in the Lomax community took Tuesday off from their farm work to care for a friend's crop while he is laid up in the hospital recovering from an appendicitis operation. Mack Stallings who underwent an operation last week is on the road to recovery, and his crop is not suffering while he is laid up. Twenty six cultivators were at work in his field Tuesday of this week getting his crop in good shape and keeping it that way while he is unable to work. "A friend in need, is a friend in deed."

RECEIVES LETTER OF THANKS FOR CLOTHING

Pulaski County Chapter, Little Rock, Ark., July 26, '27.
 F. H. Stedman, Big Spring, Texas.
 My dear Mr. Stedman:

Please accept thank from the local chapter of the American Red Cross for a box of clothing you so kindly sent us. Rest assured that it will be used to the best of our ability among the flood sufferers.

Very truly yours,
 American Red Cross.
 By R. G. Maxwell.

Reverend Stedman also wishes to take this method of expressing his thanks to those who so liberally contributed clothing and medical supplies to make up this box sent the flood sufferers.

BRIDGE PARTIES

MRS. W. N. BROWN
The visit of Miss Pauline Stegall of Fort Worth with Miss Juanita Ralph occasioned a very delightful party on Wednesday afternoon when Miss Ralph entertained in honor of her friend at bridge. Three tables of players were invited to enjoy the series of interesting bridge games of the afternoon. At the conclusion of the play when scores were compared high score honor was won by Miss Frances Melton, who was favored with a dainty powder box. The honoree was consoled for making low score with a book on How to Play Bridge.

The guest list to this complimentary hospitality included: Misses Dorothy Ellington, Julia Bess Nowell, Alice Graham Bishop, Winona Taylor, Lucille True, Lillian Shick, Frances Melton, Virginia Whitney, Elizabeth Northington, Constance Cushing and Mrs. Lee Rogers.

PIONEERS ENTERTAINED BY MRS. R. HOMER McNEW
A delightful meeting of the Pioneer Bridge club was held this week in the R. H. McNew home on Wednesday afternoon with Mrs. McNew entertaining three tables of players. Around the daintily appointed tables the guests found interest in the afternoon's play and at the termination when scores were compared Mrs. W. W. Sankman was declared winner among the club members and Miss Velma Wasson made visitor's high score.

DELICIOUS REFRESHMENTS in two courses were an added pleasure to this occasion. Out of town guests were: Mrs. McCall Gary of New York City, and Miss Velma Wasson of Dallas.

GOAT BARBECUE AT GOLF LINKS SUNDAY AFTERNOON
A barbecued goat cooked to a turn provided tempting food for a group of people at the golf links last Sunday afternoon. Besides barbecued goat, potato salad, toast, pickles, and iced tea were enjoyed. Those present were: Mr. and Mrs. Marion Edwards, Mr. and Mrs. Hilo Hatch, Mr. and Mrs. Eb Hatch, Mr. and Mrs. Eck Lovelace, Mr. and Mrs. Eddie Price, Dr. and Mrs. W. B. Hardy, Mrs. M. H. Bennett, Misses Helen and Lillie Mae Hayden, and Chas. E. Hatch. Out of town visitors were: Mrs. Margaret Wright and Lorraine Pate of Fort Smith, Ark. and Mrs. H. B. Robb of Dallas.

STEAK BARBECUE HONORING OUT OF TOWN VISITORS
Mr. and Mrs. L. S. Patterson most delightfully entertained friends with a steak barbecue at the new wells Tuesday evening, honoring Mr. and Mrs. A. Miles of Kaufman and Mr. and Mrs. E. F. Duple of Houston, who are the guests of Mr. and Mrs. Fred C. Hopkins in this city. A tempting supper was served to the honor guests, and Mr. and Mrs. Hopkins, Mr. and Mrs. Noble Read and family, L. S. Patterson and family, Misses Mattie and Spencer Leatherwood, Mrs. S. F. Leatherwood, George Brown, Miss Nell Brown and Misses Polly Miles and Jean Hoffer of Kaufman and Lila Ruth Stubblefield of Carbon and Curtis Driver.

FLAG RAISING AT CRAWFORD
At noon Wednesday a flag raising was in order at the new Crawford Hotel. The flag which is 10x20 feet was purchased by the hotel committee and presented to Mr. Crawford. A special flag pole, built into the roof had been prepared for this occasion. Old Glory certainly looks good on top of our tallest building.

Miss Donna Carter left Tuesday for a visit with relatives and friends at Baird.

WEDS SAN ANGELO GIRL
Mr. and Mrs. J. S. Meriwether Sr. of this city motored to San Angelo Sunday to attend the wedding of their son J. S. Meriwether Jr. and Miss Ollie Mae Logan of San Angelo, the ceremony being performed at 9 o'clock Sunday morning, July 31. The groom is the son of Mr. and Mrs. J. S. Meriwether of this city. At present he is making his home in Midland where he is a scout for the Gulf Oil Co.

The bride is the daughter of Mr. Logan, agent for the Orient Railway at San Angelo and a popular young lady in that city. Congratulations and best wishes are extended to this happy couple by their friends in this city.

W. N. BROWN JR. IS HONOREE AT PARTY
W. N. Brown Jr. of Fort Worth who is in the city with his mother, visiting his grandparents, Mr. and Mrs. W. G. Orenbaum was the honoree at a happily planned party on last Saturday evening when Mrs. Orenbaum entertained. The happy group found diversion in various kinds of games, after which dainty refreshments of sandwiches, cake, and sherbet were served.

The guests at this party with W. N. Jr. were: Misses Cora and Lula Ashley, Mary Alice Wilke, Zillah Mae Ford, Mabel Robb of Dallas, Mary Vance Koneaster, and Don Billy Ford, Ed and Frank Morgan, Herbert Hatch and Carlton Coburn.

MISS MILDRED NEEL HAS A DELIGHTFUL PARTY
Miss Mildred Neel delightfully entertained a group of friends at her home in the Cole and Strayhorn addition last week and a most enjoyable time was spent by those present. Various kinds of games were played after which delicious refreshments were served.

Those present were: Misses Billie Faucett, Noreen Haley, Carolyn Robinson of San Antonio, Leta Cochran, Pauline Sullivan, Anita Musgrove, Frances Crawford, Allen Bunker, Lois Cochran, Zelma Shockley, and D. H. Haley, Fletcher Sneed, Clive Blevins, Glenn Queen, Festus Hefferman, Lewis Blevins, Tommie Neel, Paul Miller, Philip Musgrove, and Rueben Choate.

EVANGELISTIC PARTY ENTERTAINED WHILE IN THIS CITY
Rev. A. B. McReynolds and Miss Annabel Hall, evangelist party at the First Christian Church, who closed their meeting at the Christian Church last Sunday evening were entertained by the members of the church during the meeting. Dinner parties and other informal entertaining were given. Those who entertained in their honor were: Mrs. Claud Wingo, Mrs. G. L. Brown, Mrs. Hutchinson, Mrs. J. R. Parks, Mrs. Yarborough, Mrs. F. M. Purser, Mrs. Geo. Owen, Mrs. M. S. Wade, Mrs. J. T. Allen, Mrs. George Carter, Mrs. J. L. Miller, Mrs. G. L. Wilke, Mrs. Steve Baker, Mrs. E. H. Happel, Mrs. J. R. Creath, Mrs. J. I. Prichard, Mrs. Kennedy, Mrs. Earle Road, Mrs. J. W. Williams, Mrs. Edens and Mrs. DeArmand.

O. E. S. TO HAVE A BIG BASKET PICNIC AT NEW WELLS
Plans for a big basket picnic are being completed by members of the Order of Eastern Star. The picnic will be held at the new wells south of the city at 6:30 o'clock Tuesday, August 9. All of the members are urged to come and bring well filled baskets. Visiting members are also cordially invited to come and be guests on this occasion. Make your plans now to attend this jolly affair. Meet at the Masonic hall at 6:30 p. m., Tuesday and from there all will go to the wells.

ATTEND LAWN PARTY AT COLORADO HONORING RECTOR
Mrs. F. H. Stedman and children, Mary Elizabeth, Edith and Frank H. Jr., and Mrs. Alice Lees went to Colorado Wednesday evening to attend a lawn party given at the home of Mr. and Mrs. J. B. Reese in Colorado honoring the Rev. John Galbraith and family of Summerton, S. C., who is a guest in that city. Rev. Galbraith was formerly rector of the Colorado and Big Spring Episcopal churches.

FAT AND LEAN BALL PLAYERS GETTING PAINT READY
The Fat and Lean ball players have been too busy getting their muscles and hot air tuned up for the big game that they have been unable to meet and decide upon a date for the slaughter. Then, too, Captain Black of the Fats, and Skipper Fahrenkamp of the Silvers are not on speaking terms and a Tex Rickard may be needed to arrange all the preliminaries. The proceeds from this game are to go to the Cemetery Association so it's certain the ball park will have to be enlarged when the big game is pulled off. Watch for the announcement of the date.

SWIMMING POOL ASSURED
J. T. Parrish says you can put it down that Big Spring is going to have a swimming pool, and it is going to be completed before next spring. He recently completed the work of casing a well on his place, Cottonwood Park, just east of Big Spring. Brick and cement was used to case the well and plenty of water is assured. The well which is about 30 feet deep, stands eleven feet in water. The diameter of the well is about twelve feet. The swimming pool is to be 50x100 feet, with a depth of from 2 to 10 feet. There has long been a demand for such a swimming pool and it is certain Mr. Parrish will have no trouble in attracting patrons to this pool.

SWAT AMENDMENTS IN HOWARD COUNTY 16 TO 1
Seven hundred and forty three votes were cast at the various election booths in Howard County last Monday and all four amendments were defeated at the ratio of about 16 to 1. In two boxes, Morris and Soash, not a single vote was cast for any of the amendments. The vote was as follows: Fixing compensation of governor and other officials: For 44, against 686; for providing a more efficient judicial system, for 64, against 675; for changing taxation system, for 43, against 693; for providing compensation for district attorney and county officers, for 45, against 698.

WORK ON HIGH LINE HELD UP
Owing to lack of material, work on the high line from Big Spring to Cisco is being delayed. The construction crew working out of Big Spring has reached a point 22 miles east of here. They will complete the line to Roscoe. Three strings of aluminum wire about three quarters of an inch in diameter are being strung. This line will carry 132,000 volts from the Cisco power house to the substation at this point. A railroad spur has been built to the company's 40 acre tract of land east of Big Spring, so the immense transformers and other heavy machinery, building material, etc., may be unloaded right near the site where the substation is to be established.

BULL ATTACKS MAN
E. H. McCloud who lives on a farm in the Midway community east of Big Spring narrowly escaped serious injury Tuesday afternoon when he was attacked by a bull. He was thrown to the ground by the maddened animal. A broken collar bone and other injuries resulted. He is reported to be getting along nicely.

Mr. and Mrs. John Roberts returned last Friday from a visit in San Bernardino, Calif., where Mrs. Roberts has been spending a month with her brother and sister, Alvin S. Bates and Mrs. Ida Evans. Mr. Roberts who spent two weeks in San Bernardino was quite pleased with that city.

DAIRYMEN MEET WITH STATE HEALTH OFFICER
Suggestions from Mr. Ehlers, State Health officer, regarding the improvement of the milk supply and for a proposed standard ordinance to classify all milk to be delivered in Big Spring was the purpose of the meeting of dairymen with the State Health Officer at the City Hall Wednesday morning. At this meeting resolutions were adopted by the milk producers present whereby each one pledged cooperation to improve the general sanitary conditions. Too, a petition was signed by the dairymen and presented to the city council asking that they pass an ordinance classifying all milk offered for sale and delivered in Big Spring, the classification to be based on sanitary conditions in the production and handling of the milk as found existing by the city sanitary engineer. Jack Wilcox and M. M. Denton were appointed the committee to draw up this petition and to present it to the city council to be passed on. The dairymen present at this meeting were: V. A. Merrick, C. L. Lloyd, Jack Wilcox, Bob Hull, Jas. T. Armstrong, I. J. Waters and J. T. Winn.

PAVING BOND ELECTION AUG. 9
On Tuesday, August 9 the citizenship of Big Spring will be given an opportunity to say whether or not the march of progress shall be continued. On that date we will vote for or against bonds to authorize a thirty or forty block paving program. We have had an opportunity to determine whether or not our city has profited as a result of the first twenty blocks of paving. Every citizen agrees it has been one of the best investments ever made and has wonderfully improved the appearance of our city. The additional paving will further improve and benefit Big Spring. No special streets have been selected for this new paving district. The citizenship along any street must be almost a unit in favor of paving before the City Commission will authorize such paving. Don't fail to go to the polls next Tuesday and help put over this important improvement for our city. Urge your friends to cast a ballot.

BIG SPRING WATER OK
Rumor mongers are starting many wild rumors in connection with the typhoid situation so do not swallow everything you hear. The water supply of Big Spring has been pronounced OK by the State Health Department so you can discount these reports that the water supply is at fault. There is no truth in the report that the water is to be cut off one day or three days—so the reservoir can be cleaned out. You can help matters greatly by stopping these false rumors. You can also aid by being vaccinated and urging your friends and neighbors to do so.

E. P. JAMES CARNIVAL IN TOWN ALL NEXT WEEK
The E. P. James Carnival company opened on Wednesday night on the lot opposite the old ball park in the west part of town. This is one of the largest carnival companies in the state and they will be in Big Spring this week and all of next. The big carnival has a ferris wheel, merry mix, merry go round and other devices as well as side shows. The feature show is the Athletic Arena where there is fun aplenty for all who come. The kiddies will spend one happy week riding these electrical devices and having a big time at the carnival. They will show here until August 13.

R. A. GREAVES ACCEPTS POSITION IN FORT WORTH
R. A. Greaves and family left Thursday morning for Fort Worth to make their future home. Mr. Greaves has accepted a position with the Louisiana Power and Light Company with offices in Fort Worth. Mr. Greaves has been connected with the Texas Electric Service Company in this city the past several years and he made many business friends who regret to see him leave our city; but wish him much success in his new home.

Old Settlers Picnic Was Real Success
About 1500 Folks From All Portions of County Spend a Delightful Time at the Reunion Last Friday
"A most delightful reunion," is the way most everyone expresses his opinion of the Howard County Old Settlers Annual Reunion at Parrish Park, just east of the city Friday, July 29. Even the weatherman seemed to have been bribed and caused the day to be cloudy and cool, an ideal variety of weather for such an occasion. The crowd began to gather about 10 o'clock and by 11:30 it is estimated that from 1200 to 1500 people of all ages were at the park, meeting and mingling with old friends, making new friends and generally enjoying themselves. Music by the Big Spring Municipal Band was in order from 11:30 o'clock until the time for having lunch. At 12:15 p. m. I. B. Cauble announced that the barbecue would be ready at 12:45 and invited every old settler to march to the serving table and get a bite to eat. He explained that it was impossible to give a free barbecue to the public, and as only a sufficient amount of meat to meet the old settlers of the county had been prepared, he asked that only those who had resided in the county 20 years or more ask for barbecue. The barbecue was certainly fine, and while there should have been sufficient to feed every one entitled to have had barbecue, some did not get any due to the selfishness and wastefulness of others. Instead of being satisfied with enough for their family for one meal some went to the pit and took enough to last several meals; and quite a bit was wasted as a trip about the park plainly disclosed. Most of the folks brought well filled baskets and family dinner parties were in order in most every portion of this beautiful park. In the business session held during the afternoon the following officers were selected for the Old Settlers Association for the coming year: T. H. Johnson, president; Ray Wilcox, vice president; Mrs. G. L. Brown, secretary-treasurer. The following old timers made interesting talks which were thoroughly enjoyed by everyone within the sound of their voices: G. Y. Wilson and M. H. Morrison. The Old Fiddlers contest was an especially interesting number and Frank Logan of Coahoma was the winner. The following took part in this contest: Frank Logan, Jim Winslow, D. B. Cox, J. B. Cauble, W. G. Tannehill and R. P. Boydston. A big dance platform about sixty feet square had been prepared and old time dancing was in order from 4:30 o'clock in the afternoon until nearly midnight. Ray Wilcox, Herb Lee and Homer McNew were

(Continued on page 5, sec. 2)

BUILDING PERMITS ISSUED
An increasing number of building permits issued by the city indicates a renewal of the building program in Big Spring. The following building permits have been issued since our last report: To contractor T. J. Nurrell a residence in the Cole & Strayhorn addition; estimated cost \$2000. To contractor W. M. Shepherd, a frame store house in Jones Valley; estimated cost \$500. To J. B. Mason a frame residence in Cole & Strayhorn addition; estimated cost \$2000. To Miss Verberna Barnes a frame residence on W. Fifth street; estimated cost \$1900. To contractor C. O. Smith a frame residence at Scurry and Seventh Sts. estimated cost \$1500. To contractor J. Haller a frame residence and garage on lot 12 block 26; estimated cost \$3000. Clyde E. Thomas a frame building on lot 3 and 10 block 42; estimated cost \$795. D. E. Cook a frame residence and garage at 6th and Scurry; estimated cost \$1600. Geo. O. Foley frame residence at Third and Young streets; estimated cost \$2500. Miss Ruby Bell a two room frame dwelling in Jones valley; estimated cost \$1000. Mrs. Steve Baker, a garage; estimated cost \$100.

BY T. E. JORDAN

\$2.50 A YEAR OUTSIDE COUNTY
\$2.00 A YEAR IN COUNTY

Entered as second class matter at the Postoffice, Big Spring, Texas, under Act of Congress, May 8, 1897.

Big Spring, Friday, August 5, 1927

NOTICE TO THE PUBLIC: Any erroneous reflection up the character, standing or reputation of any person, firm, or corporation, which may appear in the columns of this paper, will be gladly corrected upon its being brought to attention of the editor.

When a fellow loses respect for himself it's time to quit—and make an entirely new start.

It is hard to realize that others have troubles just as perplexing and maddening as our own.

We are all so busy looking for the soft snags that a real worker, with his heart in his work, has no competition.

"Where do we go from here?"—should be the proposition which should engage our earnest thought everyday of our lives.

The sandy land farmer who has a good well on his place is losing money if he fails to plant a sweet potato patch each year.

The cleaning up of the 1800 tons of waste paper and confetti thrown upon the streets during the welcome of Colonel Lindbergh cost New York City \$16,000.

State Highway No. 1, which is the Bankhead Highway, should be hard-surfaced from one end to the other. Paved roads draw traffic and tourists are a profitable source of income.—El Paso Herald.

It all depends on insect pests—the outcome of the cotton crop Howard County. If the cotton plant destroyers take a vacation we may be able to harvest a fair cotton crop this fall.

Some folks say there is enough natural gas going to waste in the Chalk and Clay oil fields to supply Big Spring. 'Tis a pity we cannot persuade some company to pipe this gas to our city. We need cheap fuel and a gas supply solves the problem.

When business takes on a spurt this fall you can look for an increasing number of crooks and sharpers. They keep an eye on the indicator and flock to the sections where money is plentiful. We should make it so hot for this bunch that they will not tarry with us.

We want to see the oil tests north of Big Spring strike the oil sand, so it can be truthfully stated that our city is completely surrounded by oil fields. The circle is gradually closing in and many future tests must be made before the extent of the oil fields can be even guessed at.

IT PAYS TO READ THE HERALD

The Herald is worth many times what it costs. Any man or woman who will carefully read the advertising can save double the price of a year's subscription any week as some merchant is offering bargains in practically every issue. Any one who takes advantage of such bargains can save money.

From a readers standpoint the Herald is worth the money at all times since a lot of interesting news is to be found in every issue.

The home newspaper is one worker that is always on the job working to promote the best interests of the community and one that deserves the support of the homefolks.

The home newspaper makes it possible for the homefolks to be more like one big family.

THEY ARE WORTH LOOKING AFTER

Boys and girls are not so much to blame for using poor judgment in picking their recreations when the community makes no effort to offer good recreation. What the churches and homes should do is to use their influence, and money if necessary, in behalf of providing a wholesome outlet for youth's natural desire for physical and social activity.

How do you expect the boys and girls of our community to spend their leisure time? What are we doing to provide clean recreational activities in order to lessen the danger of evil companionship?

Can you expect boys and girls who are turned loose to seek their own pleasures to escape the pitfalls? They had rather do right, but when there is no proper guide they may do wrong—but at any rate they must do something.

The little old hen may not look like a big business proposition but she stays on the job pretty much all year, and her earnings multiplied by 200 or 300 will supply cash enough to provide living expenses for the family. Give "Biddy" a chance.

Some folks will never be worth much to a community because they are too selfish. They think of no other interests but their own and are more than willing to share the profits which come to them thru the efforts of the real community builders.

When land owners begin to reap some large sum from oil development in our county they will begin to seek investments and Big Spring will get first choice. Many improvements in the way of fine homes, apartments, business and office buildings, factories, etc., will result.

We may not be able to boast of pure air when the airplanes become as numerous as automobiles. We will then become a nation of dodgers—to escape the auto at street crossings, and stray landing gear, loose nuts, etc., from the airplane overhead.

In the future the railroads built in the Plains section will be headed toward the Gulf of Mexico. Big Spring should be keeping an eye on the indicator and be ready to join in such a proposition. We should begin right now to raise a sizable bonus to be given to the builders of a north and south railroad thru here.

We are certainly losing money and an opportunity to aid our town in falling or refusing to organize a home building and loan association. These organizations, properly and efficiently conducted are the safest and best paying propositions you can find. They give home people an opportunity to make a safe investment which will pay them a high rate of interest.

The oil companies operating in the Big Spring territory appreciate the cooperation that is accorded them at all times by the citizenship. The Chamber of Commerce has been instructed to go the limit in rendering any and every assistance to the oil companies, their officials and employees. We know it will pay our community to cooperate with those who are developing our county.

Former Big Spring folks upon returning for a visit declare the twenty blocks of paving have made a most wonderful improvement in the appearance of our city. They contend it pays a city big to invest in such permanent improvement. If we can have thirty or forty additional blocks paved—and we can if the bond issue carries August 9—Big Spring will certainly look good.

Some things are difficult to understand. An auto owner thru criminal carelessness will wreck his automobile and stand the cost of repairs without a whimper, but let him be arrested for flagrant violation of the traffic regulation and he will holler his head off because he has to pay a small fine. Surely this human is a queer animal. Personal liberty may be his hobby.

Now that a start has been made toward getting busy on solving the viaduct question we should keep hammering away until the viaduct is erected. All are agreed it must be built, so why procrastinate. Lives are being endangered every day we delay eliminating this dangerous crossing.

We certainly hope the producers receive something like a fair price for the crops they harvest this fall. They produced bumper crops last fall and found that the more cotton they produced the worse shape they were in. It would have been better had every cotton grower left about half his crop in the field.

The world is just getting its first news of the visitation of a destructive earthquake in China on May 23, which killed 100,000 Chinese in the remote province of Kansu. It does not seem possible for such a catastrophe to have been hidden for such a period in this day and age, but most anything can happen in China.

A market for all the eggs and dairy products our farmers can bring in should be established. Peddling these products from door to door is discouraging to most of them. If they had to dispose of their cotton in the same manner many of them would quit the cotton game in disgust. It's easier and cheaper to produce a dozen eggs than it is to produce a pound of cotton.

It's possible for Big Spring to double in population within the next year or two, but it is not probable if we do everything possible to retard this growth. Refusing to improve or sell unimproved property, gouging folks who want to come here to make their homes and refusing to go after and secure needed improvements for our community are all good methods to keep our city from growing.

Mr. and Mrs. Herman Porch will be guests at the T. F. Nabors home for the next two weeks.

FOSTER'S FORECASTS FOR THE NEXT FEW WEEKS

A storm wave of moderate intensity will cross continent during the week centering on August 1; principal feature of this storm period will be expected to result in the building up of an extensive high barometer in south and southwest and a short period of excessively high temperatures in middle and southern great central valleys centering on July 28; this period will probably be the warmest of the season and will be about as dry as it will be warm. A very favorable period for the breeding of insect pests. This heat wave will be broken by a moderate storm wave centering on July 29, after which storm center general average temperatures will trend sharper lower until near August 5, when extremes will be expected to be as low as they were high near July 8; the principal features of this crop season, as forecasted long ago, have been and will continue to be of great extremes of an unseasonable temperature.

SANTA FE MAY EXTEND LINE

Six tracks, each of 70-car capacity now being built by the Santa Fe railroad in San Angelo, will double the yard trackage of the system in San Angelo. The construction will cost in the neighborhood of \$35,000 and will be completed within the next six weeks. It is believed the system has in mind ultimately to connect the San Angelo line with the Plains at Lamesa, giving this section an outlet to the Plains.—San Angelo Standard.

LOOK OUT!
A woman grafter is sadding around over West Texas horn-swoogling the public. And she doesn't travel alone, but is accompanied by a lazy man who simply drives the flivver. She goes to a local store and buys a quantity of cheap soap and then tries to palm it off for fancy toilet soap, highly perfumed. She tells her prospective customers that her husband is dead—and that she is trying to raise money to take her to Pennsylvania, her old home. Give her the cold mit, should she strike Snyder. — Scurry County Times.
It might be well for Big Spring folks to be on the lookout for these grafters.

Day School Lesson
 Lesson 7
 SAUL
 SAUL—Do not overcome of evil with good.
 TOPIC—David's Kindness
 David Shows Mercy
 STATE AND SENIOR TOPIC—Those Who Wrong Their Friends
 PEOPLE AND ADULT TOPIC—Evil Will
 Pursuit of David (vv. 1-3).
 David's departure (ch. 20), when that of friendship was shown, was hunting him as a wild beast. David flees from Saul and is in hiding as an outlaw. He is in the cave of Achish, the Philistine king. It was a bitter life, but God sent him to the cave and adapted the instructions. David could never be the broad man that he has been prepared in this bitter experience. He learned lessons, among which were:
 Dependence upon God. David's escapes caused him to realize that the Lord had rescued him from his adversary.
 The country and people which he was to rule. By the Lord's afflictions which heaped upon the people, he learned to remove them.
 The magnanimity of the Lord. This a man must know can be a true king. He that is spirit is better than the that of a king (Prov. 16:32).
 In David's Hands (vv. 4-20).
 Saul sends out spies (v. 4).
 Saul to find out whether Saul is very dead.
 In Saul's camp (vv. 5-11).
 David and Abishai went to where Saul was sleeping. Saul asked to be allowed to kill David. David forbade him because he was the Lord's anointed.
 David takes Saul's spear and water (vv. 12, 13).
 Once he had fled (chap. 24) David's life. Now again he was in the hands of the Lord. This David did that he had tangible evidence to the Lord that he had no evil intent.
 David's taunts Abner, the king's captain (vv. 14-16). He calls to him for his listless failure to watch over the king. The evidence of the Lord's will and Saul in his hands.
 David's reasons with Saul (vv. 17-20).
 David reasoned with Saul. He had nothing but good toward the king. He asked Saul to show what wrong he had done. What evil intent was in Saul's mind? If the Lord was directing Saul, why was he willing to appease his enemy? If Saul was angry because wicked men were cursing him, a curse should be laid upon them. David is very loyal to Saul to relent, for he had no wicked purpose. He had saved his life twice. David had placed Saul wholly in the Lord's hands. David recognized the Lord had delivered Saul from Saul's hands. Saul had delivered Saul from Saul's hands, but to save Saul's life, rather did he allow Saul to kill.
 David's Confession (vv. 21-25).
 David confessed that he had sinned. He asked for his confession to be forgiven. He asked for his confession to be forgiven.
 David's confession that he had played the harp exceedingly. We are daily many using such a harp, but still they go on. David shows his loyalty to Saul, however, in the name and spear to Saul. He knew that Saul's heart was not genuine, so he was not to be trusted. He still appeals to Saul for his life, and they part.
 Praying
 David to do a little with the Spirit than to be busy with things in your own way.
 Spiritual Love
 Spiritual love is but a poor man's love which years in the world to him.—Alford
 Important Duty
 David fulfilled every duty up to the point that of being a man of low aim.
 David's low aim is crime.

CIRCUMVENTING RATS

You remember the tale in the old blue-back speller about the milk maid? I can not remember just how it was, but it was something like this: A maid had milked a cow and the sale did not say whether it was a Jersey or a Holstein, or just a scrub cow. Anyhow, the maid had milked the old cow and was walking along with the milk pail on her head. Then she got to figuring on what she was going to do with the milk. As well as I can remember she decided to trade the milk for eggs. She figured on getting eggs and, barring bad luck, she ought to hatch out about four dozen chicks. These chicks would be ready for the market holidays and she could sell them for enough to buy a new frock, a calico frock. I reckon, for this was back in the days of calico. She would wear this frock to the picnic or something of the kind and all of the boys would fall in love with her and all the girls would turn green as grass with envy. Just then the little maid stumbled her pink toes and down she came and spilled all the milk. The moral was, "don't count your chickens before they are hatched."

This brings me down to what I wanted to tell. My little girl decided in the spring that she would raise some chickens. So she went to her grandma and got several dozen eggs and set them in the incubator. The eggs hatched fine and the chickens were counted. No telling Geraldine might have been counting on those little chickens about like the milk maid mentioned above. No doubt she had figured on the money she was going to get out of them. But one morning she went to the coop and beheld 101 out of the 125 chickens were lying dead! We figured on what had killed them and were sure it was a pole cat. That day I made her a coop and covered it with net wire, inch mesh. The chickens were all transferred to this coop and then I set eight steel traps around the coop. Well, what do you think I had in the traps the next morning? A creature that has come down through all the ages with men—a creature that destroys more than all the wars—just a plain old rat! In future I expect to have all chicken coops rat proof. It does not pay to try to raise chickens without rat proof coops, and I have recently learned how to make the best of all coops. First, make a frame in the shape of a hay baler. Then box up one end of the frame and cover it over well. Then cover the whole thing over with inch-mesh net wire. You can make a sliding door in each end if you prefer, and you should make this coop about six feet long and, say, have two feet boxed up for

the chickens to roost in. The other part is so they can get to the ground and you can keep the young chickens in this coop for several days. Or you can set the hen in the boxed up end and feed her and keep her shut up so the other hens can not bother her. You can move this coop to a clean place and at the same time the chickens are always safe from rats. I doubt the pole cats and opossums ever catch many chickens. The pole cat may go in a chicken house after the rats and be caught in there and accused of catching chickens, another case of circumstantial evidence.—Dallas Semi-Weekly Farm News.

T. & P. OFFICIAL PLEASED WITH OIL SITUATION HERE

W. H. Tobin, assistant to the general manager of the T. & P. Railway, spent last Thursday in this city on official business. He made a trip to the oil fields while in this city and stated that he was greatly surprised at the development going on. He predicted that the development was just in its infancy. Mr. Tobin was also pleased with the improvements in the city of Big Spring since his last visit here.

Albert M. Fisher Co

**WHAT'S DOING
IN
WEST TEXAS**

By
West Texas Chamber Commerce

San Angelo — Efforts are being made to secure a fish hatchery for Tom Green County. This county has more miles of running streams than any other county in Texas and the streams are frequented by fishermen. A hatchery is necessary to keep the streams properly supplied. Commissioner W. J. Tucker is expected here at an early date to go over the situation with officials of the San Angelo Board of City Development.

Stephenville — The Stephenville Chamber of Commerce held a membership banquet here this week. An overflow crowd assembled to enjoy the constructive program and to greet C. C. Colvin, new secretary of the Stephenville Chamber of Commerce.

Stamford — The West Texas Chamber of Commerce has pledged support to the ranchmen of West Texas whose rights to oil royalties have been jeopardized by action of the state in seeking to declare unconstitutional an act of the legislature granting one-sixteenth of the oil to land owners purchasing state land. Under the old law the state retained the mineral rights of state land. The legislature passed a bill giving the land owners one half the royalty and acting in good faith the landowners permitted oil operations on their land. Should the bill be declared void, title to royalties on many thousand acres of West Texas land will pass from the land owners and will work great hardship in West Texas. The matter was precipitated when the royalty of Ira G. Yates was attacked. The Yates pool in Pecos County is now one of the most promising pools of West Texas. The directors of the West Texas Chamber voted at their recent meeting in Cisco to support Mr. Yates and other West Texans whose property is jeopardized and the legislative bureau of the organization instructed to take whatever action is necessary in the case. Homer D. Wade, manager of the organization is now making a study of the matter.

Vernon — Programs and invitations to the Northwest Texas Press Association meeting in Wichita Falls Sept. 9-10 are being sent out by Ray Nichols editor of the Vernon Record, who is also secretary of the Press Association. Sam Roberts of Haskell is president of the organization.

Wichita Falls — The special train of West Texans who went from Wichita Falls to California where they spent two weeks studying the irrigation situation there has returned. The party was headed by J. A. Kemp of this city. B. M. Whiteaker agricultural manager of the West Texas C. of C. represented his organization. The party reported a successful trip and returned convinced that Texas offers a better field than California for agricultural development.

Lamesa — The largest motorcade in the history of Texas journeyed over the Dal-Paso Caverns Highway from Breckenridge to Carlsbad. Nearly five hundred people made the trip. A business meeting was held in Seminole at which meeting plans for improving this important artery of travel were made.

Dalhart — A. T. Holcomb, secretary of the Dalhart Chamber of Commerce has requested the West Texas C-C to create a new district in the north plains section. According to Mr. Holcomb, the present north plains district is too large to permit the entire section to have representation at the district conventions. Mr. Wade has the matter under advisement and will announce his decision at an early date.

Austin — Great progress has been made by the schools of west Texas during the past year. The State Department of Education reports that scores of west Texas towns have been granted increased affiliation and have increased their rank. Unusual efficiency has been reported in administration and instruction at the high schools of west Texas. Remarkable increase is reported in the number of new school buildings in west Texas and the same improvement is reported in school equipment in that section.

THE HABITUAL CRIMINAL ACT

Texas has a law very similar in effect to the "Beaume law of New York which has practically driven the habitual criminal out of that State, but it is seldom applied. Only recently a negro, convicted in a Dallas County court for his third felony, was given a life sentence. The maximum penalty for the felony itself was twelve years.

The habitual criminal statute of Texas provides a penalty of life imprisonment for the person convicted of a felony for the third time. A more frequent application of the law would tend to reduce crime in Texas. Criminals who have already been twice convicted would hesitate risking a third crime if life imprisonment faced them on conviction.

We are not familiar with the details of the law, but if it does not double the penalty for the second offense, the opportunity is presented to make a much-needed amendment to it.—Farm and Ranch.

TWO OF A KIND

The versatile real estate salesman had just finished describing the glorious opportunities of Western Texas to a skeptical eastern prospect.

"All West Texas needs," said the enthusiastic land man, "is good people and water."

"Huh!" retorted the easterner, "that's all hell needs."—Ex.

Kreso Dip—The ideal farm disinfectant....Cunningham & Phillips.

GREAT NEWS

An English woman claims that she has invented a shirtband, collar and collar button that will enable men to dress without swearing. It may seem a little matter to cable across the ocean, but who ever paid for the message knew that he was sending out glad tidings of great joy—that is, if the invention lives up to specifications.

A poet tells us that man is no longer devoured by lions, tigers or wolves, but by ants—mataphorical ants—in the form of bills, bores, taxes, wrong telephone numbers, lost

collar buttons and innumerable other little things.

"The small attritions wear us down." We can face the big things, and by facing them master most of them, but we can not get over the mountain we make out of molehills. It is the little things that get us down—that get our goat!

Buttons have been responsible for more blasphemy than has resulted from life's most serious misadventures.

"Life's larger trials lead us to prayer;

It's little worries that make us swear."

—Fort Worth Star-Telegram.

Owning an auto in China is distinctly a luxury. The license fee in one city costs \$37.50 a month and when gasoline is cheap it is \$1.50 a gallon. In addition, a jaunt off the main thoroughfare requires the services of at least four attendants.—Ex.

The Most
Amazing Quality
in Chevrolet History

Offering the most amazing quality in Chevrolet history, today's Chevrolet is the most popular gear-shift car the world has ever known.

Quality in design! Quality in construction! Quality in appearance and performance! Never before has a low-priced car possessed them to such an amazing degree—because no other low-priced car combines the progressiveness of Chevrolet and the diversified experience, the vast resources and marvelous facilities of General Motors.

Go with the crowds and study today's Chevrolet. Mark well the aristocratic beauty of its lines—the superbly executed details of its bodies by Fisher.

Then go for a ride! Revel in the thrilling spurt that results when you "step on the gas." Delight in the smooth operation—the swift sweep of the passing miles. Marvel at the way the car hugs the road, the ease with which it obeys the steering wheel, the promptness with which it responds to the brakes!

Here is quality obtainable at prices which reflect the savings of tremendous production and which emphasizes the willingness to share these savings with the public.

Here is the most desired object of American life today; a car of amazing quality—for everybody, everywhere!

—at these low prices

- The Touring or Roadster \$525
- The Coach \$595
- The Coupe \$625
- The 4-Door Sedan \$695
- The Sport Cabriolet \$715
- The Landau \$745
- The Imperial Landau \$780
- 1/2-Ton Truck (Chassis only) \$395
- 1-Ton Truck (Chassis only) \$495

**News From
WT Fields**

WT Make 20 Barrels
No. 1 lived up to expectations through Tuesday when it again at 1700 feet barrel production.

Company is keeping
its field persistently, bringing in returns. Times (Snyder).

Work to Resume
No. 1 work is scheduled to start on Tuesday with the arrival of casing from the Company's No. 1 well in Crane County that has been abandoned at 3974 feet and 12 1/2 inch pipe is being run. Refining Co. 1 Velma Byrens. Standard.

Crane County
The lime high at 3099 feet, producing 100,000 cubic feet of gas. Gulf Company's No. 2 Wad-Crane County wildcat, is being drilled. It is in the southeast quarter of section 25, public school district 25, twelve miles northwest of Church Fields. Eight inch pipe underreamed. San

Devlin Abandoned
Company has abandoned Mary Devlin, 12 miles east of Fort Stock, a hole full of sulphur at 1455 feet. It topped at 1420 feet, having a depth of 2625 feet. The well was drilled in quick time from the north and east of block 105, GC & survey.

2400 acres under lease
at some later date to test on the Devlin ranch. Standard.

Crane County
The necessity of storing or pinching in their porating of pipe line from steadily mounting, producing companies, particularly in the strip area, are building as quickly as possible.

Production Company is
55,000 barrel tanks that its number of reservoirs to six and expects ultimately a farm of thirteen or more. Three of its 55's are all and the fourth is par-Landreth's production wells is running around daily. Five tests are and it has two more located soon.

Weekley have ordered
well tank and Eastland is planning to erect Angelo Standard.

Crane County Tests
No. 1 Means started at of this week on the quarter of section 12, block school lands, Andrews Rock No. 1 Harris, is 104 feet on the southeast section 12, block A-46, No. 1 Means, section 12, which has been shut after the contract 100 feet was reached. Is for another 1000 feet on this Andrews test to start in 10 days. —

Well to Be Shot
Llano No. 1 Scarborough block C22 Winkler cemented back to the shot off the sulphur will be given a shot from Odessa Times.

Reeves County
County the Humble reported to be drilling at their location in section 12.

well Duff No. 1 in
is at work with a total of 2100 feet, the No. 1 western edge of the well shut down.

well has reached
depth of 4000 feet and orders. They are the hole, their third few weeks.

Thompson, Edgings
in tools at their rig, part of Reeves County reported to spud in the next two weeks.

Refining Co.'s
well, has moved 1500 feet

and are building their derrick to start the test. The first was abandoned on account of crevices which prevented all attempts to make a straight hole.

Activity in the whole West Texas is still at a lull, with infrequent acreage deals, and little development, or wildcatting.

Winkler County Oil News
Coming in at the rate of 35 to 40 barrels an hour, the Southern Crude Purchasing Company's well No. T88 B1 in the northeast quarter of section 44, block 26, has extended the field a mile and a half north. The present depth is 2660 feet in the oil bearing lime.

The Texon well is still putting out a tremendous gas flow, estimated conservatively to be more than 10,000,000 cubic feet. No reports have been received as to the appearance of oil with this gas.

The other wells in the Winkler County field are working steadily or shut down on top of the lime, waiting for the favorable production price of crude. No intimation has been received yet as to the time when this market will be revived to the point of encouraging further development. Pecos Enterprise.

CAPTURE 10,000 QUARTS BEER
Officers conducted a successful raid on prohibition law violators in Winkler County Thursday night of last week. They arrested eight law violators and confiscated 10,000 quarts of beer.

The booze was found in the sand hill region about 8 miles from the town of Wink.

A wonderful line of Wrist Watches to select from for the graduate at Wilke's Jewelry & Optical Shop.

R. L. Helm of Sanderson has been looking after property interests in Big Spring this week.

THINK STRAIGHT

Good, honest hard-headed character is a function of the home. If the proper seed is sown there and properly nourished for a few years, it will not be easy for that plant to be uprooted. But it is the business of the school to so engage youthful interests that youthful energies will flow into creative channels. No school can really educate; but every school should nourish the enthusiasm of every normal child for learning, for exploring, for manipulating; should stimulate the fountain of youthful curiosity and not plug it up with facts. Above all, it should not dam youth up—or down. Youth has the will, the energy, the impetus; give it raw meat and bones to chew on. Give it a place in the sun, keep it in touch with life, help it to get its feet on the ground and its wits ground to the razor edge. To go over the same old ground, to analyze the same old moss-covered problems is delectation; it is not preparation for life. This is a new world; it demands new brains, and new people to handle the new problems of life and of human society, quite as much as people trained in building bridges and motor cars or in selling lip sticks and bonds. Albany News.

HOWARD COUNTY MAKES GOOD SHOWING

Figures of the 1925 farm census report of the United States Department of Commerce give Howard County a rather favorable showing. The total valuation of farm property was given as \$9,202,790; the mortgage debt \$679,738; total farm population 4325. Number of bales of cotton produced that season, 20,721; total value of crops \$2,838,220. With the addition of oil to our resources the wealth of Howard County will show a considerable increase within the next few years.

DAWSON, GAINES WAKE UP

A personal trip over Dawson and Gaines County roads Monday, enroute to the Dal-Paso Cavern Highway meeting at Seminole, leads us to the thought that those two counties need a serum or tonic. The normal conditions of the roads are terrible, but when rain comes, then, brother, bring out your snow sleds.

The Times-Signal prays and hopes that the designated Route 83 will be given through these two counties. They need help and we're crossing both fingers that they get it.

Towns along the Dal-Paso Cavern Highway are not fighting the Bankhead Highway, for folks will want to go to the caverns by one route and return another. Traffic that is to come will be so heavy that two routes are absolutely necessary and insofar as we are concerned, we're for both the Bankhead and Dal-Paso Highways. Good roads are needed in a good country, and there is no finer spot in all the world than West Texas. Scurry County Times-Signal (Snyder).

Latest Activities of The First Christian Church

Daily vacation Bible school July 1122 with 139 children actually registered. Much and everlasting good done.

Meeting of 22 days duration with 42 additions most of whom were adults.

Sunday school that reached 270 in attendance.

Sunday school rooms in basement partitioned off and Sunday school better housed for more efficient work.

Men's Bible class paying for said improvement.

Our Sunday school class moved to the parsonage because of lack of room in our present plant.

Many tithers signed up. Everyone all steamed up and ready to go. If you are not a regular attendant at some church in our town you are urged to come work with us. You can help keep things going.

No one will want to be the quitter now since the meeting has closed.

We are wondering if there is a single person in our church who will lay down on the job just because the excitement is not so great???

God needs men who are always at the post of duty. God expects His people to always have up steam and be on the up grade.

You do not want to be called a quitter. You do not want to be called a meeting christian.

FIRST CHRISTIAN CHURCH

We are glad to report that our meeting has been a great success. We dated the meeting during the hottest part of the year, the time of year when it is hardest to get people to go to church, July 10-Aug. 1.

We had full houses almost every night. We are glad that not only our church was benefited but that all who heard the messages were benefited. Bro. A. B. McReynolds

will travel for three months for the Bible College of The Bible; Miss Annabel Helen Hall will begin a meeting with Rev. Clinton Lockhart, Ph. D. of T. C. U. at Palo Pinto Friday of this week.

We have been very fortunate to have had this team with us. Our church has been greatly strengthened with new material and we have been brought face to face with our indifference toward God and His program.

There were 42 additions during the meeting. Twenty five of these came by confession of faith and baptism. Those taking membership here came from: Central Christian, Dallas; New Home, Oklahoma; Baird, Texas; First Christian, San Angelo; Linsey, Okla.; Burk Burnett, Annadarko, Ok. Coleman, Coahoma, Bonham, Corsicana, Arp, Midland.

Total offerings reached almost \$1,000.00.

NETTER HALL DIES SUDDENLY FROM HEART ATTACK

It was a great shock to the community Wednesday morning when it was learned that Netter Hall, 66 years, 2 days, had died suddenly while at work at the Bernard Fisher home on Rannels street. Mr. Hall had just come to work shortly before 8 o'clock and he had just started to mow the lawn when he suffered a heart attack from which he died instantly. Medical aid was summoned, but his soul had taken flight before the doctor reached him.

Mr. Hall had made his home in Big Spring the past fourteen years, and no man was better liked than this kind old soul. He was of retiring nature but was friendly and accommodating as anyone could be. He had a big heart and a kind word always for his fellowman.

Funeral services were held this morning at the Presbyterian Church at 11 o'clock with Rev. R. L. Owen in charge of the services. Burial was made in I. O. O. F. cemetery and members of the I. O. O. F. Lodge were pallbearers.

Surviving Mr. Hall are his four children, Shelby Hall of this city, Noah Hall of Cave Springs, Ky., Emmett Hall of Russellville, Ky., and Mrs. Bertie Berndt of Russellville, Ky. His daughter Mrs. Berendt arrived this morning to attend the funeral of her father. The other two sons were unable to come. Three sisters and two brothers survive him and eight grandchildren and other relatives who sincerely mourn his death.

Many hearts are grieved at the death of this beloved one, and the entire community extends deepest sympathy to his loved one in their sad hour.

WOULD AMEND 18th AMENDMENT TO OUR CONSTITUTION

Walter J. Hayt, national organizer of the Federal Dispensary Tax Reduction League, Inc., is in Big Spring the balance of this week recruiting members for the organization which has for its object the amending of section 1 of the eighteenth amendment by adding three words, "except the government."

Boiled down the object would be to make real liquor so cheap that bootleggers could not successfully compete and the making it legal for government to handle it.

The adoption of the Buck plan as it is called would mean the opening of dispensaries one in each community of under 5000 and 1 to each 5000 in larger cities, while the penalties would be far more stringent than those in force in Canada. Mr. Hayt said. The plan as outlined is to help promote prohibition since it places all liquor under government control.

Use Herald Want Ads—They Pay

Victor Mellinger left Tuesday morning for eastern markets where he will buy fall and winter goods for the Grand Leader. Mr. Mellinger will join his family in New York City and after a visit with relatives and friends there, Mr. and Mrs. Mellinger and children will return home.

Mr. and Mrs. W. B. Potton and daughter, Willie Bell, of Santa Rita, N. M. and Mrs. M. A. Stewart of El Paso arrived Wednesday night for a visit with relatives in this city.

C. T. Watson, secretary of the Chamber of Commerce, and Robt. T. Piner made a business trip to San Angelo and Eden to meet with the men who are promoting the new railroad from Corpus Christi to San Angelo and see if they will not extend the line to Big Spring.

Mrs. O. J. Brown who lives on a farm twelve miles north of Big Spring, has as her guests this week her sister Mrs. Callie Cameron of Durant, Okla., and her brother in law A. D. Tinsley also of Durant. This is Mr. Tinsley's first visit to this section of the state and he is delighted with our country. He likes Howard County so well that he may decide to move here and become a permanent citizen.

Rev. G. O. Summers and family returned Tuesday from Paisano Encampment in the Fort Davis Mountains. They came home by way of Lympia Canyon visiting the sights; also at Fort Stockton where they spent the night with Mark Reeves and family. They were accompanied on their trip by Miss Mary Franklin of Colorado who will spend a few days with the family before returning to her home.

Dr. E. O. Ellington, President,
Mrs. Fox Stripling, Secretary.

ANNOUNCEMENT

I wish to inform the public that I am now sole owner of the Big Spring Wrecking Company, having recently bought out the interest of my partner.

I have purchased two lots just east of my place and plan to erect a brick and tile building there in the near future. The location that I now occupy with 140 foot front will be for rent as soon as my new place is completed.

I invite all old and new patrons to call and see me.

E. D. CARROLL.

George Long and family were in Big Spring the first of this week from their home in Amarillo for a visit with Mrs. Long's mother and sister, Mrs. Maxwell and Mrs. L. F. Beard.

Lime in convenient size packages. Coe & Parks Lumber Company.

Strict enforcement of sanitary measures is the best guarantee against the spread of disease in our city. Every good citizen is going to cooperate to help rid our city of typhoid.

Miss Susan Pope of Abilene was the guest of Miss Gertrude MacIntyre Saturday. Miss Pope, with her nephew, Pope Pool, was enroute to Midland for a visit with friends.

J. V. Wiggins enroute from a several weeks visit in Mineral Wells, to his home in Roswell, N. M. was a business visitor in Big Spring a few days this week.

Mr. and Mrs. W. A. Gilmour returned Sunday from a few days visit at Christoval. Their daughter, Miss Mary Louise Gilmour remained in Christoval for a longer visit with Mr. and Mrs. H. Hinman.

CHILDREN'S FATAL DISEASES

Worms and parasites in the intestines of children undermine health and so weaken their vitality that they are unable to resist the diseases so fatal to child life. The safe course is to give a few doses of White's Cream Vermifuge. It destroys and expels the worms without the slightest injury to the health or activity of the child. Price 35c. Sold by

CUNNINGHAM & PHILIPS

The State National Bank has the largest amount of deposits and resources, also the greatest number of customers of any bank in Howard County.

BILL BOOSTER SAYS:

"WELL, SIR, WHEN I SEE ONE OF THESE GRIM BIRDS AMBLE BY, WITH A FACE SO LONG HE COULD EAT OATS OUT OF A GURN, MAYBE I OUGHT TO FEEL SORRY FOR TH' GUY, BUT DARN HIM! I ALWAYS FEEL THE URGE TO PART HIS COCKTAILS WITH ONE OF MY NUMBER TWELVE PROGRAMS!"
