NUMBER 3

PERSONALLY SPEAKING

By E. M.

With the temperature at 103 degrees in the shade, Darrouzett residents were sweltering with the heat Wednesday. The day was generally agreed to be the hottest of the summer so far.

Gallons of coke and limonade were consumed in town. Matching coins to see who would buy the drinks was the favorite pastime of business men, while griping about the hot weather was the universal topic of conversation.

A few fortunate ones went swimming in an effort to escape the heat. Those forced to remain at home of in the office spent their time and energy wishing it would rain.

How fleeting is this thing called reputation!

After years of effort to finish the school of journalism at the University of Oklahoma, I expected the Oklahoma Daily, student newspaper, for which I had written reams of news stories, countless features innumerable editorials, and multitudes of headlines over a period of three years, to at least recognize that, taking the hard-earned sheepskin with me, I had forsaken the Daily office and Norman for new fields.

Alas for my expectations! A brief six weeks after my graduation while I am getting out this the sixth edition of the News, I see by the same Oklahoma Daily for which I slaved (?) three years that I am still in school and expecting to enter the annual summer tennis tournament in order to defend last year's doubtless title.

One of my correspondents humorously asks do I live in Norman or commute and edit the News evenings. Incidentally, the only tournament I have planned to enter this summer is a private one at checkers with P. J. Gheen who celebrated his seventy-eighth birthday today (Wednesday). Inviting me to come over and be taken on, Mr. Gheen remarked that he never had seen a woman yet that could play checkers and added that he bets I don't even get to the king row.

He hastened to offer a summer squash—and a very delicious one at that—as a peace offering. In spite of it, I think we'll have to have the tournament anyhow. Such a challenge can't be passed up—even if ye editor may, perchance, not even get to first base.

Now that dog days are just about due with this hot weather and every dog is supposed to some day have his day, I be thinks me of Maxine, the black and white bird dog I used to have until she developed a fatal fondness for chickens. Accordingly the following bit of silliness is dedicated to Maxine, alias Fido:

I had a little Fog named Dido,
I got him when he was a wup,
He used to stand on his hind legs,
And hold his front legs up,
And tag his little wail,
And tag his little wail,
And tag,
And tag.

Mr. and Mrs. Roy Phebus visited Mr. and Mrs. George Thompson of near Sunset on Sunday.

Mrs. Otis Travis and Miss Helen Montgomery and Laura Travis were in Follett on Friday morning.

Wheat Shipments This Season Are 100 Carloads Less Than Past Years

With harvest nearly over and a total of 219 carloads of wheat shipped out during the season, the shipment is approximately 100 cars less than the totals for the past two years, a check revealed.

Last year 314 carloads were shipped from the local depot, while in 1929 three hundred seventeen shipments were made.

Harvest this year had a late start compared with previous years. Only 18 carloads were sent out in June as compared with 105 loads in 1930 and 59 loads in 1929. To date, 201 shipments have been made this month as contrasted with 209 loads last July and 258 in July, 1929.

School Receives State Approval Of Four Courses

Four courses taught in the Darrouzett high school have been accredited by the state department of education according to word received by Supt. J. E. Speer from A. M. Blackman, Chief Supervisor of High Schools.

Work recognized was in modern history, general science and two years of algebra.

Since the new method adopted by the department of granting recognition to schools as a whole rather than passing upon their work by courses will be effective during the coming school year, it is quite possible that four full years of work will be recognized in another year, Mr. Speer says.

The coming school term will open Sept. 7. The year's work will emphasize the securing of state recognition, according to Mr. Speer.

Money Stolen From Station On Sunday

Between three and five dollars were taken from the money drawer at the Champlin Service station on Sunday afternoon. All the silver dollars and half-dollars in the compartment were stolen. Smaller change was left untouched.

A number of men were about the station when the robbery occurred. H. F. Ludlum, manager, who was handling the station alone, was out in front working on a car when the money was taken. He missed the amount immediately when he returned inside.

Methodist Aid Plans Food Sale Saturday

A food sale will be held on Saturday, July 25th, at the Russell Mercantile Company store under the auspices of the Methodist Ladies' Aid Society, according to an announcement made by Mrs. A. B. Grubb, president.

The sale will begin at 11 o'clock in the morning with Mrs. C. T. Phillips, chairman of the social committee, in charge. Cakes, pies, cookies, homemade bread and buns, and dressed chickens will be sold.

A supply of Skidoo, a cleaning preparation for kitchen use, is also on sale by the society at Hennigh's store.

Mr. and Mrs. Elgin Stoddard of Leedy, Okla., spent Saturday night with Mr. and Mrs. R. D. Hennigh. Mrs. Stoddard is an aunt of Mrs. Hennigh.

Canadian Dairymen Find Keeping Of Record Helps Cut Production Costs

Well-Balanced Rations Are Fed Holstein Dairy Herd

Keeping records helps to cut the cost of butter-fat production is the conclusion of G. A. Robbins and his sons who live in the southwest part of Lipscomb county near Canadian, according to W. K. Cottingham, county agent.

The Robbins began keeping records on their herd of purebred Holstein dairy cows on Jan. 1 of this year. They have been able to reduce the feed cost per pound of butter fat from 23.4c the first month of their experiment to 9.5c for the month of June.

Starting the experiment by feeding a well-balanced ration to each cow according to the amount of milk she gave, the dairymen reduced the

cost per pound of butterfat to 19.10c for the month of February.

The cost of production went up to 19.74 cents in March. In April it was 19.34 c per pound, and in May, 16.79 c. For June it dropped to 9.5 c per pound. Mr. Cottingham is of the opinion that well-balanced feeding rations together with a good succulent summer pasture are responsible for the cut.

Pasturage for the Robbins dairy herd has been provided by the planting of sweet clover, oats and barley. Cotton seed meal in the rations has been found unnecessary. Nothing but home grown feeds are used since the sweet clover furnishes sufficient protein to supplement the grain. Owing to the abundance of grazing afforded by the pasture, the Robbins have fed their herd no roughage in the last two months, Mr. Cottingham says.

Week-End Marks Harvest Closing, Grain Men Believe

Altho the end of the week is expected by elevator men to mark the end of the harvest season, trucking was still going strong Wednesday night. An average of 170 loads a day was brought in during the past week. Saturday of this week is scheduled to wind up the last combining.

Top market prices for wheat stood at 31 cents Wednesday.

When the reduction of 8c per hundred pounds on railroad shipments of wheat goes into effect August 1, the price of wheat should go up 3 1/2 to 4 cents per bushel unless speculators get the advantage instead of the farmers, according to J. T. Mosley, Santa Fe depot agent.

The reduced rates fixed by the interstate commerce commission affect shipments from here to Kansas City, Ft. Worth, Dallas, Houston and other southwest points.

School Board Holds Meeting On Sunday

A specially called meeting of the Darrouzett school board was held Sunday afternoon at the school building, according to D. R. Rush, member of the board.

Plans concerning the cutting off of a section of the back of the auditorium for a school office were discussed. Other school matters were also considered.

J. E. Speer, superintendent, who is working on his Master's degree at the Texas Technological College at Lubbock was present at the meeting.

Members of the school board who were present were: I. M. Roper, president; Henry Altmiller, Fred Hennigh, G. A. Jenkins, Otis Travis, and Mr. Rush.

Three Girls Complete Scout Requirements

Mavis Altmiller passed the Girl Scout tenderfoot test at the regular Meeting of the troop on Friday afternoon, according to Mrs. A. B. Grubb, Scout Leader.

Thelma Carter passed some of the requirements on the first class rank and Erma Hennigh finished part of the second class test. All of the girls are members of the Prairie Dog patrol.

Daisy and Lila Painter were visitors at the meeting. The entire group participated in a croquet tournament.

Violet Phebus Gets Experience Being Draywoman

The old adage "The woman's place is in the home," has been shown up by the recent experience of Violet Phebus. While Roy Phebus, Violet's father, was working in the harvest fields, Violet undertook to be substitute drayman (or—as we might say—draywoman).

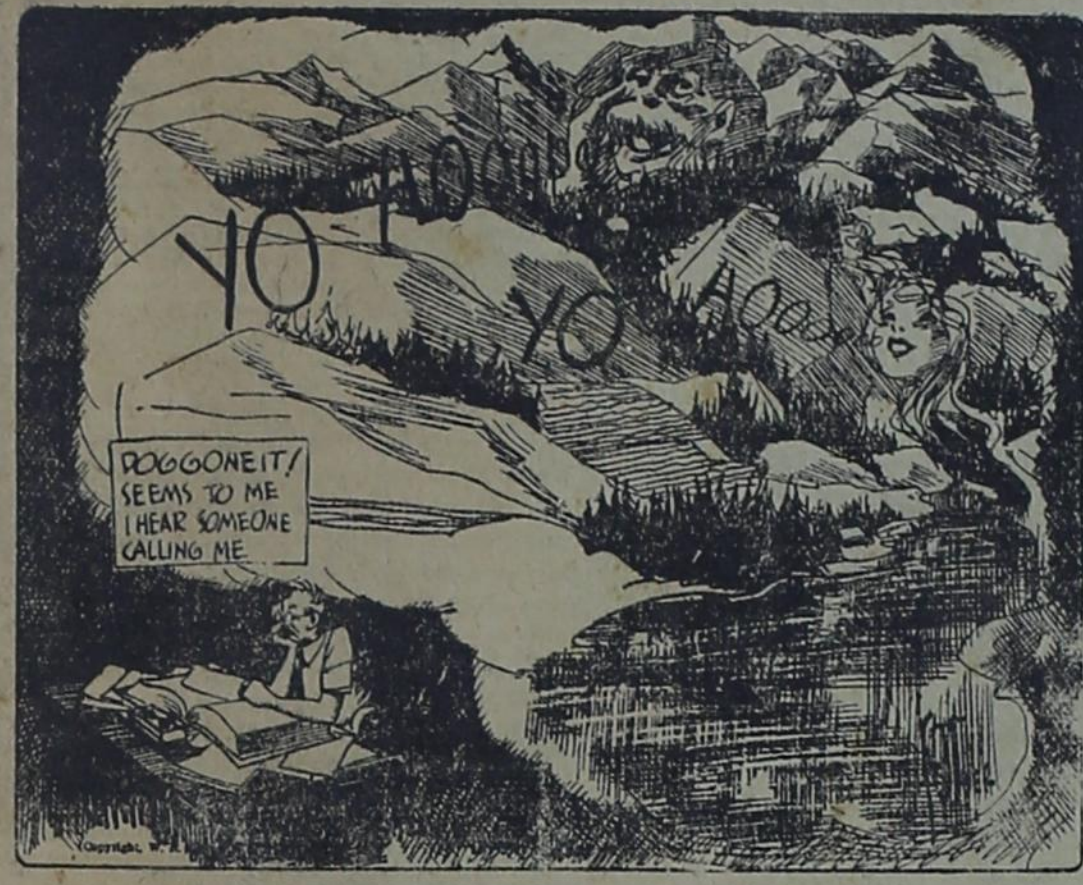

To determine the facts of the experience a questionnaire was presented her.

"Was the work hard, Violet?" "Oh, sorta, not much."

"Long hours?" "Nope, all you had to do was get up early to meet the trains, haul flour once in a while, cream twice a week, and bread every day."

Violet's job wasn't softened for her because she was a girl. She had to handle 5-gallon cream cans, large sacks of flour, and big express packages. Full bread boxes were rather heavy, too, she admits.

Darrouzett School Is Granted \$415 State Aid, Judge Dickenson Reports

Four hundred and fifteen dollars state aid was granted the Darrouzett school for the school year of 1930-31, according to word received recently by Judge C. A. Dickenson, county superintendent of schools.

The report was made to Judge Dickenson by J. T. Conn, secretary of the rural school division.

Darrouzett received state aid for the first time during the school year of 1929-30, when J. O. Baker was superintendent. The sum of \$846, was granted then.

Other schools receiving state aid

this year are: Higgins, \$591; Follett, \$500; Lipscomb, \$354; and Plum Creek in District No. 24 \$203.

The Boooker school is not included on the list since no application for state aid was made last year, according to Judge Dickenson.

Hennigh Car Crashes Into Bank On Sunday

Mrs. R. D. Hennigh received slight scratches and an unknown man whom the Hennighs had picked up was injured in the chest when the Chevrolet coach driven by R. D. Hennigh skidded on slick roads and crashed into a steep bank near Arrapahoe Okla., Sunday.

The other occupants of the car, Mr. Hennigh, Alpha May and Max, were uninjured. A fender on the car was smashed and the windshield shattered. The car itself was not damaged and the Hennighs were able to go on to Clinton within ten minutes after the accident.

The strange man had been picked up just outside of Arrapahoe. He was standing on the running board on the side of the car which hit the bank. Mr. Hennigh had momentarily lost control of the car when he tried to close a door with one hand and the machine began slipping on the wet road. The man was thrown behind the car when it collided with the bank or he would have been crushed by the car as it lay against the bank.

Friends of the man who lived near Arrapahoe helped take him to a physician. It was thought that his injuries were not serious.

Wheat Shipping Rates To Be Reduced Soon

Reduced rates on the shipping of wheat will become effective on Aug. 1 as a result of a recent tariff passed by the interstate commerce commission, according to J. T. Mosley, Santa Fe depot agent.

A tariff providing for the free delivery of freight shipment that is now being considered by the commission is expected to be approved soon, Mr. Mosley says. When the ruling becomes effective a Santa Fe official will be appointed to call for or to deliver any freight shipments.

Although the result of the new tariff may be slightly higher rates in the East, rates west of Kansas City will not be affected, according to Mr. Mosley.

Methodist Officials Are Elected Sunday

Mrs. George Russell was elected recording secretary and A. H. Montgomery, vice chairman, of the official board of the Methodist Episcopal church at a meeting of that group on Monday night.

Mr. Montgomery also serves as financial secretary of the board since he is financial secretary of the church. The group worked on a budget for next year. The meeting was the first since the organization meeting which was held in May.

Teachers Will Hold Institute

September 3-4

HORN TO INSTRUCT

All County Teachers Are To Attend Fall Meeting

Dr. P. W. Horn, president of the Texas Technological College at Lubbock, will be in charge of the instruction at the Lipscomb County Teacher's Institute which will be held on September 3 and 4 at Follett, Judge C. A. Dickenson, county superintendent of schools, has announced.

Every teacher in the county is expected to attend the institute. Enrollment will begin at 9 o'clock on Thursday, Sept. 3 at the Follett high school building. Immediately afterward a general assembly will be held in the auditorium with W. H. Sewell, county trustee, presiding. Doctor Horn will give an address before the group.

Tests Are Discussed

"Tests will be the topic of discussion at the first sectional meeting to be held from 1 to 2:30 that afternoon. J. O. Bakar, superintendent of the Higgins school, will be in charge of the high school division which is composed of the superintendents and teachers of the independent districts. J. E. Speer, Darrouzett superintendent will lead the discussion.

Judge Dickinson will direct the discussion of "Tests" in the rural teachers' meeting. He regards uniform standard tests as one of our greatest needs at present in educational work in order that all pupils may have the same test and be graded according to the same standard.

Horn To Speak

After an intermission, sectional meetings will be resumed at 2:45. Doctor Horn will speak to the high school meeting of which J. L. Hill, Follett superintendent, will be in charge. Mrs. Oscar Haines, county trustee, will be in charge of a round table discussion of rural school problems at the rural section.

An address by Doctor Horn will be given before the teachers and community at large at 8 o'clock that evening in the auditorium.

Track Meet Is Topic

"Organization of Interscholastic League," will be the subject for discussion at the first high school sectional meeting at 9 o'clock on Friday morning. Mr. Speer will be in charge. W. H. Keffer, county trustee, will direct the rural section in its discussion of "Organization for Rural Track Meet."

At the general assembly at 10:45, Doctor Horn will again address the Group. Mr. Sewell will preside.

Training Is Discussed

A round table discussion of school problems will open the high school teachers' meeting at 1 o'clock Friday afternoon. Mrs. W. H. Sewell,

Quilt Hidden In Hollow Log During Civil War Is Owned By Hill Family

Hidden in a hollow log during the Civil War to prevent destruction by the Union soldiers in their raids on the South, a quilt made by Mrs. Caroline Hill, mother of W. R. Hill, is a valued possession of the Hill family.

The quilt is of a wild rose design, applied on a white background. Green leaves and stems run out from each of the yellow-centered pink roses. To keep the design from wearing out, the quilt has been covered with thin green silkline.

Nearly 75 years ago Mrs. Caroline Hill spun the fine cotton thread of which the quilt is made and wove it on a loom. At that time the Hills lived on a cotton plantation in Georgia.

From the outbreak of the Civil War the family felt that the struggle would be a serious crisis. Accordingly, Mr. Hill's four uncles and his father sold all their land, cattle and other property. The gold received was placed in five leather bags and turned over to one brother to bury in a safe place.

The family's silverware, choice linen, and the wild rose quilt which Mrs. Hill considered one of her very best, were hidden in a hollow log in the woods to be taken out four years later when the war closed.

A number of other coverlets and spreads that were spun and woven by hand are owned by Hills. One ex-

quisitely finished purple homespun coverlet was made by Mrs. Mary Margaret Miller, mother of Mrs. W. R. Hill. White homespun and embroidered spreads and another with tufted work in a raised design are among the lot kept in a chest in which the family brought articles from Georgia.

Besides the quilts, several other relics are owned by the family. Among these are a powder horn carried during the Civil War by Mrs. Hill's father, John Miller, and an old Bible which is handed down to the oldest granddaughter.

Skill in quilt making is not confined to past generations in the Hill family judging from the fine workmanship of Mrs. W. R. Hill and Miss Mittie Hill. A quilt of unusually rich appearance is one made by Mrs. Hill from brightly-colored silk scraps joined together with the briar stitch.

A cross word puzzle quilt in red and white and another one in silk which she made for her nephew, Hill Redman, in blue and gold, the colors of his college at Flagstaff, Arizona, are the work of Miss Hill.

Shall America Give Wheat To Europe?

Again a solution is offered for the relief of the American wheat farmer. The debt-burdened European nations are included as well in the proposal made Tuesday by John Manley, manager of the Oklahoma Wheat Growers' association, who is also a member of the Farmers' National Grain Corporation Board.

Manley suggests that the Federal farm board give the nation's 250,000,000 bushels of surplus wheat to the European nations in order to create better international feeling, relieve American agriculture and start citizens of the nations to eating wheat again.

Asleep At The Trigger

Billy-the-Kid was a gentleman compared to the modern, sweet-scented, slick-haired, manicured machine-gun bandit. Billy-the-Kid gave his victims a chance to draw. Today's Gyp-the-Blood plies his machine gun without warning.

We are becoming calloused to gun battles and murder. People of the Middle Ages would have been horrified at the disregard for life shown in Chicago and other large cities. The hanging of a cattle thief in pioneer times was a better display of public spirit than the indifference to lawlessness seen everywhere today.

We are too smug and self-satisfied. We sit back and glance at the headlines and comment: "Another killing among the gang crowd today."

It's about time for us to wake up to the fact that the gangs will soon run out of gangs enemies and start in on Babbitted business men and bankers. Then a great howl will come out of the throats that were silent while gang wars were tolerated. It may be too late to stop it then. To save our own lives, it is necessary to stop murder—now.

A Deputy Sheriff For Darrouzett

Another robbery took place in Darrouzett Sunday. This time a filling station cash drawer was rifled in broad daylight. The incident is another to be added to the long list of petty thieving and house-breaking that goes on in this vicinity.

Darrouzett is no worse than other small towns. In terms of co-operation and community spirit it is much above the average. Yet the number of cases of thieving and drunkenness indicate an unusual disregard for law. If this continues—as unemployment and the economic depression indicate it will—conditions are likely to become worse rather than better.

If definite steps are not taken to remedy the situation, Darrouzett is likely to wake up some morning to find herself a town with a bad reputation. That circumstance would reflect unfairly upon the better element of people found here; it would prevent desirable citizens from moving here; and it would tend to injure business.

What Darrouzett needs right now is a deputy sheriff who will really be on the job and put an end to law-breaking. If offenders were caught and punished instead of ignored or winked at, it is only reasonable to assume that much of the things going on to the detriment of this community would stop.

Sunday School Lesson

(By REV. P. B. FITZWATER, L. D., Member of Faculty, Moody Bible Institute of Chicago) (©, 1931, Western Newspaper Union.)

Lesson for July 26

CHRISTIANITY SPREAD BY PERSECUTION.

LESSON TEXT—Acts 7:54-8:4; 11:19-21; I Pet. 4:12-19.

GOLDEN TEXT—Fear none of those things which thou shalt suffer: behold, the devil shall cast some of you into prison, that ye may be tried; and ye shall have tribulation ten days: but thou shalt be faithful unto death, and I will give thee a crown of life.

PRIMARY TOPIC—The Gospel Spread by Persecution.

JUNIOR TOPIC—Christianity Spread by Persecution.

INTERMEDIATE AND SENIOR TOPIC—Martyrs of the Early Church.

YOUNG PEOPLE AND ADULT TOPIC—The Results of Persecution.

Christianity is a life, a "way." Because it is the life of God expressing itself through men, it is indestructible. Its genius is to prosper through opposition. "The blood of the martyrs is the seed of the church." Prosperity may ruin the church, but persecution never.

I. Stephen Stoned (Acts 7:54-60).

In Stephen's ministry as deacon he testified of Jesus Christ and wrought miracles in confirmation thereof. This aroused violent opposition on the part of the synagogue officials. Not being able to meet the wisdom as Stephen spoke by the Holy Spirit, they stirred up the people against him. They arrested him and brought him before the council. They accused him of blasphemy and employed false witnesses against him. They could not silence him by argument before the council so they decided to do so by violence.

1. Stephen looking into heaven (v. 55).

Instead of looking about upon his murderers in their raging fury he looked up to heaven. This was the secret of his calmness.

2. He saw the glory of God (v. 55).

A vision of God's glory only can be seen by those who are loyal to him even unto death.

3. He saw Jesus at the right hand of God (vv. 55, 56).

The fact that Jesus was standing showed his actual interest in the sufferings of his faithful witness.

4. Cast out of the city and stoned (vv. 58, 59).

His prayer (v. 60). He kneeled down and cried with a loud voice, "Lord, lay not this sin to their charge." How like the prayer of Jesus on the cross!

6. He fell asleep (v. 60).

The Christian's death is only a sleep.

II. Persecution of the Church at Jerusalem (Acts 8:1-4).

1. The ringleader (vv. 1, 3). As a member of the Sanhedrin Saul had cast his vote against Stephen. He perhaps was the Sanhedrin representative to guide and direct in the execution. Saul's consenting to Stephen's death shows that he was not taking part himself, but directing the activities.

2. The disciples scattered (v. 1). The stoning of Stephen had so aroused the passions of savage men that they proceeded to wreak vengeance upon the Christians, who, as a result, were scattered abroad.

3. Preaching the Word (v. 4). Though forced out of Jerusalem, they did not go out in a panic, but went "everywhere preaching."

III. Preaching the Lord Jesus at Antioch (Acts 11:19-21).

In the providence of God a new missionary center was now being prepared. With the conversion of Saul and his commission as the apostle to the Gentiles, a new center was needed. Antioch was well suited as that center, for it was the natural door to the Graeco-Roman world. The persecution at Jerusalem sent the disciples as far as Antioch.

1. Preaching to Jews only (v. 19). In this they followed the example of Christ. They had not yet come to realize the universality of the gospel. Even thus limited, they were used in carrying out the divine purpose.

2. Preaching to the Grecians (v. 20). The disciples who had come from Africa and Cyprus were of broader sympathy than those of Palestine, and they courageously crossed the line preaching the Lord Jesus to the Greeks.

3. The hand of the Lord upon them (v. 21). Perhaps the Holy Spirit was poured out anew as at Pentecost. Their ministry was accompanied with the divine blessing. Many believed on the Lord through their ministry.

IV. Rejoicing in Persecutions (I Peter 4:12-19).

Fiery trials are to be expected by the disciples of Christ. The world hated Christ and put Him to death. To be reproached and hated for Christ's sake is a badge of honor, and those who may be called upon thus to suffer should rejoice.

Christ Wins at Last

No matter what the obstacles, Christ wins at last. No matter what the delays and disappointments, Christ triumphs in the end. In spite of suffering and loss and repeated defeats, Christ is the eternal conqueror. Lord, we believe! But we need a lot of help!—Charles E. Jefferson.

TITHING

(Continued From Last Week)

Is not desire for gain a low motive to appeal to as an incentive for doing good?

That depends entirely on what you want to do with gain when you get it. If you intend to spend your gains for selfish purposes, yes, it is a low motive. If you desire gain that you may be more useful, that you may do more good, that you may be a faithful steward for larger amounts, your motives are high and pure.

What is the difference between giving any paying tithes to God?

All the difference there is between paying your banker interest on the money he has loaned you and giving it to him. God owns what you possess. You cannot give anything to its owner. The Master never used the word give as applied to tithing. His language was, "Ye pay tithes" "Ye tithe." The words tithe giver and tithe giving are of recent coinage. See if you can find them in your dictionary.

"Come ye apart and be separate and touch not the unclean thing, saith the Lord." This is as true as ever and as obligatory.

Dill Pickles

To a layer of freshly gathered cucumbers put a layer of dill leaves and stems until the container is filled. Cover this mixture with a brine made of 1/2 cup salt to every gallon of water used. It is best to use cucumbers that are about 3 to 4 inches in length. At the end of one week remove the cucumbers from the brine and wash them well. Put in glass jars and cover with the following mixture:

To 6 cups water add 2 cups vinegar, 1/2 cup sugar and a generous amount of dill leaves and stems. Boil together and pour while hot over pickles in jars. Some of the dill also may be placed in the jars. Seal while hot.

Ginger Bread

- 1 cup butter
- 1/2 cup brown sugar
- 3 eggs
- 2 cups molasses
- 1 teaspoon soda
- 1 cup sweet milk
- 1 tablespoon ginger
- 1 teaspoon cinnamon
- 1 tablespoon warm water
- 4 cups flour

2 cups stewed raisins, cooled. Dissolve the soda in warm water. Cream butter and sugar. Add beaten eggs, molasses, dry ingredients, and milk. Roll the raisins in the flour. Mix well and pour into a well greased large bread pan. Bake for one hour over a slow fire.

The Minute Man 1776-1931

During the American Revolution the countrymen of Massachusetts, organized as a volunteer militia, won undying fame as the Minute Men because they were ready for service at a moment's notice. It was they that Paul Revere warned; it was they that won the battles of Lexington and Concord. Today, this bank is your Minute Man. Although we would not compare ourselves with those historic heroes, we're ready to serve you always. Come in and consult us if you have problems to be met.
