

## Student Of The Week

**STUDENT OF THE WEEK** Bryan Hayley, son of Mr. and Mrs. Paul Luther, was a new face to Rising Star 6th Grade when school opened August 24th.

Bryan is an asset to Junior High. The students have found him friendly and the teachers have found him to be co-operative and a very hard worker with a very good attitude.

Bryan is a member of the Kitten football team as a guard and tackle.

Bryan says his favorite subject is spelling.

Congratulations to Bryan for being chosen as Student of the Week!

## Starbrites Travel To Cisco

### To Entertain Senior Citizens

First I would like to apologize to the ex-student organization for taking so long to thank them for the generous donation of \$25.00 and to the class who used our building during homecoming, for their donation of \$31.00. We do thank you both and all so very much.

Thanks to Alice Harris for the United States flag donated in memory of her late husband, Everett Harris. We will remember you both when we display the flag.

Thursday, Oct. 15, thirty five enjoyed lunch and fellowship. The nurses from the clinic ate with us. All in all it was a good day.

Saturday night, Oct. 17, was an especially enjoyable time - twenty six in all. Twenty Starbrites and six boosters traveled to Coleman. The Starbrites shared the lime light with 5 other bands in providing music and

songs from seven till ten. If you like music and didn't go just kick yourself. You missed a wonderful time. They had a good crowd and I am sure they received several dollars toward the glass for the Senior Citizen building front.

Nineteen Senior Citizens entertained for the Senior Citizens of Cisco on Monday, Oct. 19. Bonnie Johnson now plays the guitar with our band. We give her a hearty welcome, also Wilburn Curtis who plays the French harp with us. The band is getting bigger and better all the time.

Several have called my attention to Sandy Wright's letter to the editor in last week's Rising Star paper. We would like her to know we agree with her a hundred percent and her letter will be a part of our scrapbook.

Reporter, Rilla Richburg

## WTU Files For Change In Rates

West Texas Utilities Company has filed for a change in wholesale rates for electric service it supplies to 14 rural electric cooperatives, one municipality and one investor-owned distribution company.

In its filing Friday, October 16, with the Federal Energy Regulatory Commission in Washington, WTU estimated that the new rates will produce about \$4.3 million in additional revenue for the company during the 1982 calendar year. This amounts to an increase of approximately 10 per cent from these wholesale customers

WTU requested that the new rates become effective on December 15. The present rates have been in effect since June, 1980. WTU also proposes to change to a fuel adjustment clause similar to the one applied to its retail customers. No other major changes were proposed.

WTU officials said the rate change is necessary to bring the Company's earnings on sales to wholesale customers to a level that will help WTU maintain a sound financial condition and attract new capital for growth required to meet future needs of electric customers. The previous wholesale rate increase proved insufficient because of inflation, higher than anticipated interest rates, and the delay in making the rates effective.

The following wholesale customers will be affected by the filing:

Coleman County Electric Company, Inc., Concho Valley Electric Cooperative, Inc., Dickens Electric Cooperative, Inc., Gate City Electric Cooperative, Inc., Greenbelt Electric Cooperative, Inc., Lighthouse Electric Cooperative, Inc., McCulloch Electric Cooperative, Inc., Midwest Electric Cooperative, Inc., Rio Grande Electric

## Eagles Ramble Over Rising Star 36-0

It was a long night for the CATS. Goldthwaite seemed invincible scoring 29 points in the first half. Rising Star lost their leading defensive player when Thad Chambers suffered a broken arm early in the first quarter. Things never came together for Rising Star. Goldthwaite came

## Conference Committee To Determine Fate of Peanut Program

The House of Representatives on October 15 adopted an amendment by Representative Stanley Lundine (D-NY) to abolish peanut allotments and quotas in 1982. Under the Lundine Amendment there would be complete open planting in 1982 and a single loan rate would be established on all peanuts by the Secretary of Agriculture.

The action of the House of Representatives means that the Lundine Amendment and the Mattingly Amendment passed in the Senate on September 16 will be submitted to the

Senate-House Conferencees from which a peanut program for the years 1982-1985 will be molded.

The Mattingly Amendment calls for poundage quota and a support rate of \$596 per ton on quota peanuts in 1982. Open planting under the Mattingly Bill would be restricted to additional peanuts grown beyond the farm base poundage on farms with no farm base poundage.

The House action is viewed with severe disappointment by peanut growers according to Ross Wilson, Manager of the Southwestern peanut Growers' Association, Gorman, Texas. He

said growers feel that the House vote to end allotments and quotas resulted in part from distortion of facts about a farm commodity program that has worked well for over four decades. He said peanut product manufacturers contributed substantially to defeat of the program by providing inaccurate and misleading information to House members.

Wilson said the growers will now concentrate their efforts and hope on the State-House Conference Committee in their attempt to secure a workable program for the years 1982-1985.

## Pecan Growers Sponsor Queen Pageant

A Pecan Queen Pageant will be sponsored by the Eastland County Pecan Growers Association in connection with the annual pecan show in December. The pageant will take place on December 1, 1981 in the Cisco Junior College auditorium at 7:00 p.m. The winner of the pageant will serve as the 1981-82 Eastland County Pecan Queen and will represent the county in the State Pecan Queen Pageant next July.

Mrs. Linda George and Mrs. Nancy Childress are co-chairman of the Pageant and are now making plans for the event.

Organizations and businesses are encouraged to sponsor a girl in the contest. Each sponsor will be required to pay a fee of \$15 to furnish items the contestant will need to represent the sponsor. Each contestant will wear a banner with the name of her sponsor during all her stage appearances. Each girl will receive publicity through newspaper and radio along with the name of her sponsor.

Mrs. George says this will be a great opportunity for businesses and organizations to help a girl from Eastland County go on to become the State Pecan Queen in 1982.

The following rules and regulations will apply to the contest:

1. Contestants must be between the ages of 16 and 19 as of July, 1982 (date of State

Pageant).

2. Contestants must be single (and never married) and her home must be in Eastland County.

3. The winner will be expected to represent Eastland County at the County Pecan Show and at the State Pecan Convention in July, 1982. All expenses to the State competition will be paid for by the Eastland County Pecan Growers Assoc.

4. Contestants will be judged on the basis of beauty, poise, personality and talent. There is no swim suit division.

5. Contestants must provide a billfold size picture, head and shoulders, for publicity purposes.

6. Entry deadline is November 23, 1981. Send the entire form or a plain sheet of paper containing the same information to: Linda

George, Box 543, Rising Star, TX 76471

The entry fee should be included with the entry form. Entry forms may be secured from Mrs. George or from the County Extension Agent's office in the Eastland County Courthouse.

Anyone who would like to sponsor a girl but do not know of someone you would like to sponsor, contact Linda George for suggestions of girls who wish to participate, but do not have sponsors.

## 4-H To Present PTO Program

The Rising Star 4-H members have been invited to give the PTO program Monday, October 26. Those giving demonstrations at the West Texas Fair will present them for the program. Others will also participate in the program.

## Brag Corner

## New Compulsory Liability Insurance Law

DEPT. OF PUBLIC SAFETY  
AUSTIN--Beginning January 1, 1982, Texas drivers contacted by Department of Public Safety officers during traffic stops and vehicle accident investigations will be required to furnish proof of compliance with the new compulsory liability insurance law.

Under House Bill 197, an amendment to the Safety Responsibility Act approved this year by the Texas Legislature, all drivers must carry minimum liability coverage for medical expenses of \$10,000 per person (\$20,000 for two or more persons) and property damages of \$5,000.

Colonel Jim Adams, DPS director, said troopers will accept as evidence of insurance coverage the policy for the vehicle being operated or a document issued by the insurance company.

"Such a document must contain a statement that the liability coverage for the motor vehicle is the minimum prescribed by the law," Adams said. "The document must also include the name of the insurance company, name of the insured person, policy period and policy number. This document may take the form of a letter or a card, depending upon the preference of the insuring company."

Adams pointed out that DPS troopers will be enforcing the provisions of this law along highways and rural roads.

"Local police officers and sheriff's deputies also have the authority to request this information from drivers," the DPS director said. "I am sure most law enforcement agencies in our state will also be enfor-

cing this statute in their respective jurisdiction."

Drivers who do not maintain the specified coverage risk being fined at least \$75 for the first offense and a minimum \$200 for subsequent violations. In addition, a conviction under this new law will result in the suspension of the violator's driver license and motor registration unless the violator establishes and maintains proof of financial responsibility for five years from the conviction date.

Adams also said vehicles which are to be used in the driving test by new driver license applicants must be covered by the minimum liability insurance specified by the law. Applicants will have to certify on the license application that the minimum coverage is in effect for the vehicle before they will be permitted to take the driving test.

The DPS director predicted that more Texans will obtain the required liability coverage when the new law goes into effect.

"Current figures show that approximately 74 % of the drivers involved in accidents carry liability insurance," Adams said. "This indicates that a substantial number of people must secure the required coverage or face the possibility of heavy

finances and loss of driving privileges."

Out-of-state, government-owned and self-insured vehicles are exempt from the insurance requirements of the new

law. However, drivers of self-insured vehicles will be asked by DPS officers to produce evidence of self-insurance at accident scenes and traffic stops.

## A Course In "How To Stay Alive"

Since the first American died in an auto accident in 1889, the toll of traffic deaths has soared to the range of 50,000 a year, with more than 3,000 persons a year killed on Texas roads. Statistics indicate that one out of every two drivers will be involved in a moving vehicle accident during their lifetime.

As a service to the community, Cisco Junior College and the Big Country Safety Association will offer a Defensive Driving course on a monthly basis starting in November. It is an eight-hour course for experienced drivers who want to learn how professional drivers avoid accidents.

The first course will meet on November 9, 11 & 12 from 6:30-9:30 p.m. each evening at the CJC campus in Abilene, and on each second Monday, Wednesday, and Thursday of the month thereafter. Tuition and fees for the course are \$15 per person.

Over 10 million people have graduated from Defensive Driving courses including over one million persons in Texas. Texas Safety Association statistics prove that the course can significantly reduce accidents among all age groups and levels of education. Because of the reduction in accidents, persons completing the course qualify for a 10% reduction in vehicle insurance rates covering bodily injury, property damage, medical payments, and collision.

Another function of the course is that judges may refer a person to the course in lieu of paying a fine and having the traffic violation on their driving record.

The class teaches motorists how to avoid collisions, how to gage following distances, and how to handle tailgaters, drunk drivers, pedestrians, and other highway problems. A defensive driving graduate knows what to do if the

brakes fail, the accelerator sticks, or the headlights go out. The driver learns that even in situations over which he has no control, evasive tactics may save his life.

Traffic accidents are the leading cause of accidental death in Texas each year. For further information call Cisco Junior College at (915) 698-2212.

### COMMENTARY

By Myrtle Owen

St. John 2:1-8--And the third day there was a marriage in Cana of Galilee and the mother of Jesus was there: And both Jesus was called, and His disciples, to the marriage. And when they needed wine, the mother of Jesus said unto Him, they have no wine. Jesus said unto her, Woman, what have I to do with thee? mine hour is not yet come. His mother said unto the servants, whatsoever He saith unto you, do it. And there were set there six waterpots of stone, after the manner of the purifying of the Jews, containing two or three firkins apiece. Jesus said unto them, fill the

water pots with water. And they filled them up to the brim. And He said unto them, Draw out now, and bear unto the governor of the feast. And they bear it. And that saying holds true today, whatsoever He says to you or me we must do it. Jesus said unto Philip, follow Me. Jesus said Verily, verily. I say unto thee, Except a man be born of water and of the Spirit, he cannot enter into the Kingdom of God. That which is born of the flesh is flesh (human parents) and that which is born of the Spirit is spirit. It is a fact that God loves you, John 3:16, for God so loved the world, that He gave His only begotten Son, that whosoever believeth in Him should not perish, but have everlasting life. For God sent not His Son into the world

to condemn the world; but that the world through Him might be saved. He that believeth on Him is not condemned: but he that believeth not is condemned already, because he hath not believed in the name of the only begotten Son of God. And this is the condemnation, that light is come into the world, and men loved darkness rather than light, because their deeds were evil. (Who is this Light? JESUS CHRIST, THE SON OF THE LIVING GOD). There is no other name under heaven or in heaven where by we might be saved, except the Name of Jesus). For every one that doeth evil hateth the light, neither cometh to the light, lest his deeds should be reproved, Verses 17-20).

**PETROLEUM BUILDING NEWS**

Renovation of the Petroleum Building is now underway and leasing of space has begun.

Presently on the ground floor of the Petroleum Building are the offices of M.M. White & Associates, a Texas General Partnership formed in Eastland County on September 8, 1980.

This firm originally formed by M.M. White and Regina Angell is involved in the exploration and development of oil and gas interests. On June 11, 1981, M.M. White & Assoc. exchanged ownership of stocks with Buffalo Mud, Inc.

partners, Warren Schroefel, Stuart Allen, and George Johnson. This partnership was dissolved by mutual agreement on September 15, 1981. On this date, the stocks were exchanged and M.M. White & Assoc. once again became solely owned & Operated by M.M. "Mike" White and Regina Angell. At no time were Mike White or Regina Angell involved in the management or operation of Buffalo Mud, Inc. George Johnson, Stuart Allen, or Warren Schroefel were never involved in the management or operations of M.M. White & Assoc. Buffalo Mud,

Inc. and M.M. White are no longer affiliated in any way.

Look for the future articles on the Oil activities of the area, the restoring of the building, it's tenants, and future activities.

## Preparing Your Garden And Yard For Winter

By TED BRICE GARDEN  
EDITOR

Though the first freeze of winter may be only a few days off or several weeks off it is time to get ready for it. We have already had temperatures that have set many records in this area this year. You can learn a lot from Old Mother Nature about weather conditions. In observing the squirrels you will note that they are extremely busy gathering their winter feed supply. This is quite natural but this is the first year in a long time that the squirrels have not been chattering among themselves as they gathered their food. They are busy working very quietly and fast. Does this tell us that we are going to have an early winter or a hard winter? I have already seen flocks of geese going over this Southwestern area. Another factor to consider is that the trees in the Ozarks have already changed colors about three weeks ahead of schedule this year. I feel sure that we will have an early winter or a hard winter if not both.

Plant material freezes at different temperatures. Some plants freeze at 38 degrees while other plants freeze at 28 degrees or lower. Still there are tropical plants that can NOT take temperatures below 60 degrees.

For plants in your yard, a good application (2 inches deep or better) of mulch should protect your root system against a freeze. Stop all fertilizing now. This will prevent new growth that

could be nipped by a freeze. When a freeze is predicted, you should water your plants heavy the night before. This will help to protect them if it does freeze as predicted. However, some plants will need additional protection. A simple framework can be constructed to cover the particular plant that need this additional protection. You can stretch either cloth or plastic over this framework.

Remember that Hanging Baskets are very easy to freeze and are also very easy to protect from possible freeze damage. After thoroughly watering your hanging baskets pull a plastic leaf bag up over the basket and tie it at the top of the hanging wire. Leave your basket protected this way until it warms up. This should give you ample protection from the freeze.

If you have a green house at home you may want to take your plants in for the winter. You also can move large patio or tropical plants inside the green house for protection. If you do not have a home green house you can move your large patio or tropical plants inside your house or into your garage. When you move plants inside try to give them the same amount of light that they had been getting outside, and be sure and keep them out of drafts. Don't put them around windows and doors. They can get too much light and atmospheric such as heat coming through the window glass can be very harmful to your plants. Use

## AAUW Learns About Home Care

Ranger Branch, American Association of University Women, met on October 8, 1981 in the home of Mrs. Wynelle Lang.

After the session was duly opened by Jill Page, president, Mrs. Connie Rosson, program vice-president, introduced Nancy Clark, RN Supervisor for West Central

Texas Home Health Agency in Eastland County. She reviewed the activities of her agency for the group.

This agency provides non-profit, skilled nursing care in the home and currently is making about 90 to 120 visits per week with probably 30 patients per week and growing. A number of their patients are residents of Ranger and nearby area. Mrs. Clark listed the following agency workers and staff: Joyce Speed RN, Jackie Tucker RN, Sue Stuard LVN, Paula Fonville LVN, Wilma Wilson LVNm Linda Speed LVN, and Betty Criswell and Theresa Clayton, Home Health Aides.

AAUW further learned that if anyone in our area is in need of this service they may call (817) 629-8041 (offices in Exchange building, Eastland) to ask questions or to evaluate need.

The business of the meeting was completed with Lillie Robinson bringing the minutes up to date and Connie Rosson reminding members of the plans to attend a Christmas Carol presentation on November 24 at the Fine Arts Building, Tarleton State University. This will take the place of the regular November session.

Delicious refreshments were served from a beautifully appointed table with predominate gold and rich fall colors to the following members and guest: Connie Rosson, Lilia Pittman, Jill Page, Eva Bobo, Lillie Robinson, Ruby Halbert, Nancy Clark and Wynelle Lang, hostess.

Grow-lux types of lights to simulate outside conditions.

If you have to do any pruning or removing of any damage limbs at this time of the year, it is extremely important that you seal over the open wound area with a pruning paint. It is advisable not to do any pruning or limb removal now unless absolutely necessary. For your lawn, stop fertilizing now in order to prevent new young top growth. Cut your grass short and let the clippings of your next cutting and any later cutting fall on the lawn.

Do not catch them or rake them and if your lawnmower has a mulch attachment use it. This last cut grass should decay enough by the time it freezes to form a mulch for the root system of your lawn. Keep your grass cut low on a regular schedule which may mean mowing once a week until it freezes. When it is predicted to freeze water your lawn heavy the night before. This will give you added protection against the freeze. Remember NOW is the time to get ready for winter NOT the day it does freeze.

SO LONG FOR NOW AND GOOD GARDENING TILL NEXT WEEK FROM YOUR GARDEN EDITOR, TED BRICE.

## College Night Set

Junior and senior students of high school in the Big Country who are planning to go to college and the parents of these students will have an opportunity to meet and talk with representatives from various colleges, universities, and vocational training schools at a college night program at Abilene High School on Monday, November 2, at 7:00 p.m. Representatives from forty institutions have been invited. In addition, representatives from the Army, Navy, Marine, and Air Force ROTC programs and a representative to discuss financial aid will participate in the program.

The evening program will begin in the auditorium where John Chalk, President of the Abilene High School Student Council, will preside. Mrs. Marie Denham, Administrative Officer for Guidance and Counseling, will welcome the students and parents. A Financial Aid Officer will discuss Financial Aid during the opening assembly.

Following the general meeting in the auditorium, each student and parent will have an opportunity to attend three discussion groups of twenty-five minutes each to obtain information about three different colleges in which they are interested.

College representatives will discuss entrance requirements, application procedure, estimated yearly cost, courses of study, types of housing available, financial aid, and other topics of concern to students and parents.

The Bibby's provided the Band shirts at cost.

Velda Bibby Lee worked very hard to have the shirts done in time for the Cross Plains Pep Rally.

Arley has a new factory now, they manufacture caps and ship them to Houston.

The whole student body would like to say Thank You for you dedication and support!!!

### NEW YELLS

Friday October 16th at the Pep Rally, several yells were performed by the cheerleaders. Some were new yells which the student body did not recognize. One of the yells is "We're the Cats" the words are: We're the Cats We can't be beat We're the Cats Won't take defeat!

"Get up and move" was another one. The words are: Get up and move Cats Get up and move, Hey, Cats Get Up and Move!! See ya Friday! Barbrie

State Comptroller Bob Bullock's office Thursday issued checks totaling \$37.9 million to Texas cities as their share of the one percent city sales tax for October.

This month's payment is about \$9 million more than the cities received during a comparable period in 1980.

The October payments push the 1981 yearly total of city sales tax payments to \$518.3 million, up 16 percent over the same 10-month period in 1980.

Cisco's check this month will be for \$10,296.83, bringing the city's 1981 payments to date to \$133,856.39.

Eastland will receive a check for \$9,437.61 this month. Eastland has received \$135,766.22 this year.

Rising Star will not receive a check this month but their 1981 total is \$12,702.53.

Still reporting rains this week of 6½ inches on Tuesday and Friday morning.

## GORDON SPOT

By DeMarquis Gordon

Over twelve inches of rain in one week in parts of Eastland County caused problems for many. We are thankful to get enough rain to fill our lakes and ponds, but unfortunately a number of residents had flood damage in their homes.

If you had flooding around your house you should check to see if the building structure is damaged.

Examine foundations and supports for undermining. If walls or foundations have settled or cracked, uncover footings and raise, reinforce or brace any settled sections. Be extremely careful when uncovering footings, because of the possibility of cavernous washouts.

If underlying material has been washed away, fill spaces to within 12 inches of the footing with gravel or crushed rock. Fill the remaining space with concrete reinforced with steel rods. Be sure to check piers for settling or shifting.

In the event the building has shifted or the floors have settled badly, it might be necessary to install temporary bracing until extensive work can be done.

In some cases the water was high enough to damage walls. To speed up drying of flooded studding and insulation, remove all siding strips or plaster

from upper and lower parts of the walls. Do no repaint walls until they are completely dry. This might take several months. Flooded insulation may be ruined and will have to be replaced.

Remove loose plaster. After house is completely dry, repair damaged plaster on walls and ceilings. Badly damaged plaster walls can be resurfaced with gypsum board (sheet rock) or plywood.

Flooded wooden floors will dry out slowly. Don't build fires to speed up their drying, as this could cause cracking or splitting from uneven drying. To prevent further buckling and warping, drive nails where the floor tends to lift or bulge. After floors are completely dry, plane or sand them level. If the floors are too badly damaged to be refinished, lay a new floor over the old, or cover with carpet, vinyl or linoleum.

The Extension office has information to assist those who experience disasters such as floods, tornadoes, and wind storms. If you have questions concerning preparation for floods, what should be done when flooding occurs or how to clean up and repair after the flood, contact the county Extension Agents in the County Courthouse.

## Introducing Gorman Milling Company's PEANUT HAY PROCESSING CENTER

### ROUND BALE PROCESSOR

This machine will grind a large round bale of hay in less than 5 minutes.

### PELLET MILL

250 HP Spout Waldron Pellet Mill for manufacturing Hay Pellets.

#### WHY A FORAGE PROCESSING CENTER AT GORMAN MILLING COMPANY?

1. Our area is suited for forage production but not large scale grain production.
2. We must learn to use feed stuffs that are available nearby. During the recent past freight rates have increased greatly, thus increasing the price our customers must pay for ingredients shipped in from distant points.

WE MUST BEGIN TO USE WHAT WE HAVE!

OLNEY SAVINGS INTRODUCES

# THE OLNEY SAVINGS INVESTMENT PLAN

HIGH YIELD.  
FLEXIBILITY.  
FLOATING RATE.

Olney Savings now offers a new way to invest your money. The Olney Savings/Investment Plan. It's designed to give you a high yield. And because you can withdraw amounts of \$500 or more at any time without penalty, it gives you the flexibility you need in these changing times.

The interest rate is determined daily by Olney Savings and may change from day to day. A minimum of \$2,000 is required to open your account. This plan is a repurchase agreement and you may renew by a simple phone call, by mail, or in person.

The Olney Savings/Investment Plan is backed by guaranteed U.S. Government securities, protected by the strength and resources of Olney Savings and is not insured by the F.S.L.I.C.

For the investor looking for short term, high yield and flexibility, the Olney Savings/Investment Plan is ideal.

## May News

By Entha Campbell

Dear Sis,  
Several people have been telling me that ripe pears may be substituted for apples in their favorite fresh apple cake, also that the fresh pears substitute for apples in a cobbler.

Mrs. Avis Massey and Mrs. Myrl Poss attended the 4 church musical in Comanche last Saturday night.

Visitors in the Church of Christ last Sunday were Francis Robinett of Llano and Mrs. Effie McGregor.

Morgan Ashworth visited his mother, Mrs. Eva Ashworth last Saturday, where she has been hospitalized in the Brownwood Regional Hospital for several days to have some tests done.

Mrs. Wilma Bond of Cedar Park returned home last week after visiting with Mrs. Avis Massey for several days. Mrs. Bond visited the senior citizen center and helped decorate for Halloween.

Mrs. Floyd Joyce of Rising Star.

A complete obituary will appear in next week's paper.

Mr. and Mrs. Sheldon Francy, of Rising Star, are proud to announce the birth of their daughter, Candice Diane Francy. The little lady entered the world in Hendrick Medical Center on Oct. 14 at 7:45 p.m. She weighed 7 lbs. 15 oz. at birth and was 21 inches long.

She has a brother Darryl Brett, who is 2. Maternal Grandparents are Mr. and Mrs. Austin Jackson of Cross Plains.
