THINK ABOUT IT!!

Common sense is instinct. Enough common sense is genius.

It is not sufficient to have great qualities; we must be able to make proper use of them.

To accept good advice is but to increase one's own ability.

The successful physician is a doctor who can manage to keep the patient calm until nature has time to cure him.

Babe Ruth's record of 714 home runs will never be forgotten. But how many of us know that the Babe struck out 1330 times, a record unapproached by any other player in the history of baseball.

Kites rise highest against the wind - not with it.

Why not go out on a limb? Isn't that where the fruit is?

The trouble with some self-made men is that they insist on giving everybody their recipe.

There is plenty of room at the top, but there is no room to sit down.

We often wonder why they are called the "secrets of success" when everybody is always telling them to everyone else.

The great dividing line between success and failure can be expressed in five words: "I did not have time".

Use what talents you possess: the woods would be very silent if no birds sang there except those that sang best.

Don't ever slam a door; you might want to go back.

Many of us spend half our time wishing for things we could have if we didn't spend half our time wishing.

The real measure of our wealth is how much we should be worth if we lost our money.

Wisdom is knowing what to do next, skill is knowing how to do it, and virtue is doing it.

Men and nations do behave wisely, once all other alternatives have been exhausted.

Some people drive like tomorrow isn't worth waiting for.

Besides the noble art of getting things done, there is the noble art of leaving things undone. The wisdom of life consists in the elimination of nonessentials.

For every student with a spark of genius, there's a dozen with ignition trouble.

If you know all the answers, you haven't asked all the questions.

Many ideas grow better when transplanted into another mind than in the one where they sprang up.

Wisdom is only common sense. Trouble is, it is not near common enough.

NOTICE

The Rising Star High School Senior Class is in need of a large building or barn in which to have the Halloween carnival this year. If you have such a place, or know of someone that does, please contact L.C. Housel at 643 - 2942, or James Steel at 643 - 3172 or the high school at 643 - 3521. This building is needed very urgently.

Homecoming

Ex - students and teachers and a host of friends will gather in Rising Star this Saturday. This will be the annual homecoming of Rising Star High School, with a large crowd expected to be on hand for the day's activities. This yearly event draws several hundred graduates and ex - students of RSHS back to the local campus for a day full of events.

The Saturday agenda begins with the ex - students and teachers attending a coffee registering in the high school gym at 9 a.m. The exes meeting will follow in the gym, at which time the exes associations will elect a new slate of officers for 1973 and the 1972 Homecoming Queen and King. Pat Agnew of Abilene, president of the Ex

Students Assoc., will preside. Luncheon will be served from 11:30 - 1:00 p.m. in the grade school cafeteria. Mrs. Bill Dennard, chairman of the luncheon committee, extends an invitation to the entire community to attend the luncheon, which will consist of a turkey and dressing dinner with all the trimmings. The luncheon is sponsored by the Rising Star Parent - Teacher

Association, and all proceeds will go for school improvement. At 2:30 a parade will be held through the Rising Star business district, forming in front of the high school campus and ending at the Elite Cafe. Parade committee members, Mr. and Mrs. C.M. Carroll and

Mr. and Mrs. James Armstrong, urge all classes, both past and present, churches, organizations, and individuals to have an entry in the parade. The march will be led by the RSHS Wildcat Band, under the direction of Mrs. Susie Rhodes, band director, and Jerrilyn Winfrey, drum major.

Following the parade, a pep rally will be held in the RSHS gym. Exes and Rising Star residents be sure and be on hand.

Highlights of the day's activities will be a football game between the Rising Star Wildcats and the Eden Bulldogs at 7:30 p.m. in Wildcat Stadium. During the halftime activities, the Wildcat Band will form the staging for the

crowning of the Homecoming Queen, escorted by the King, both elected earlier in the day, and for the presentation of the 1972 - 1973 Wildcat Sweetheart, Miss Sara Butler, RSHS Senior and daughter of Mr. and Mrs. Robert Butler, Sara will be escorted by Senior Wildcats.

Following the game, class groups and individuals will meet for parties. Officers for this year are: President, Pat Agnew; Vice President, Irene Mayfield and Dorothy Shook, secretary and treasurer.

Mr. Agnew extends a cordial welcome to all graduates, exes, teachers and residents to attend the day's festivities. He says he is hopeful that a record attendance will be on hand.

Wildcats Roll Over Blanket 28 - 6

By Johnny Sansom

The Young Wildcats put it all together at Blanket Friday night. Offensively and defensively the Cats played their best ball game against an out-manned but very tough bunch of Tigers. I believe that all of the Wildcats will agree that Blanket's boys hit harder than anyone they've played as yet, but the Cats took their best shots and came back with just a little more than the Tigers could handle.

Offensively, a lot of the credit goes to the Wildcat's offensive line. These kids don't usually get a lot of publicity, but ask Kim, Steve, Rickey or Alvin if maybe they don't deserve some very nice words this week. Dale Wolf, Andy Robinson, Jim Carpenter, Johnny Cook, Bob Cohen and Tanner Schlittler opened tremendous holes in the Blanket line.

Kim Joyce started it off on the first play of the game, and from that point on, the offense was in control. Kim also started the scoring parade with a 21 yard run, with nine minutes 15 seconds left in the 1st half of play. Rickey Ware who was a perfect 4 for 4 for the night, kicked this one through the uprights. With 3 minutes and 15 seconds left in the half Alvin Spencer plunged over from the 4 yard line. Ware again was on target. The 14 - 0 score held up through the rest of the half.

The 3rd quarter, following a fine performance by the Wildcat Band was a carbon copy of the first two, with Blanket moving the ball very well from 20 yard line to 20 yard line. When the Tigers got inside

the 20, the Wildcats defense rose to the occasion.

With 8½ minutes left in the 3rd quarter Rickey Schaefer scooted over from the 3 yard line for the Wildcat's 3rd touchdown. Rickey Ware made it 21 - 0 with another perfect placement.

Three minutes later the Tigers got on the scoreboard. With a little bit of razzle dazzle, Halfback Floyd Chrisman took a handoff from quarterback Ronnie Schulze, then faking an end run, threw back, to Schulze, who ran 25 yards for Blanket's only score. The extra point was blocked by Rickey Ware.

Rising Star scored one more time in the 3rd quarter, with Kim Joyce getting his 2nd touchdown of the night on a 4 yard plunge with 30 seconds left in the quarter. Again Ware's kick was good.

The 4th quarter was a defensive struggle with the Cats again getting in the better licks. Once again Blanket moved the ball pretty well until the Wildcats got down inside the 20 and then they really put the squeeze on.

Overall, the Cats looked very good. Their passing game didn't get cranked up, but once again didn't have to. Heroes for the Cats were again, abundant. Offensively the running attack was paced by Alvin Spencer and Kim Joyce. Alvin picked up 192 yards rushing and Kim 138 yards. Steve Bibb, I think, called his best game and continues to improve each week.

Defensively, there was a

bunch of improvement in the defensive line. Dale Wolf really made the night miserable for a boy from Blanket named Davis. Every time Davis got a handoff, Mr. Wolf really whacked him. Dale finished his night's work with 10 unassisted tackles plus 6 assists. Andy Robinson and Steve Tanner also had good nights in the defensive line. Teo Munguia really put on a good pass rush all night. Alvin Spencer also had a good night with 7 unassisted and 9 assists. Johnny Cook and Steve Bibb also got in their licks.

Once again this week will be a completely different game. The Eden Bulldogs have a 5 - 0 record. Eden always has a very tough and well coached team but I'm sure the Cats will be ready.

Homecoming: That in itself will be enough to get the Wildcats sky high for this game. I think all the exes will agree that this is one of the best Rising Star Wildcat teams they have ever seen play. I don't know about everyone else but I'm going to get to the game

early enough to watch all the excitement of old pals getting together again.

Our boys are playing great football and the least we can do is go down every game and give all that we've got, rooting for these kids. Believe me, they appreciate it. The more the merrier. So let's all get ready for Homecoming Saturday and a great ball game Saturday night. I mean everybody. See you Saturday night.

Pictured above are the Rising Star High School Wildcat Football team along with their coaches. They are front row left to right: Jim Carpenter, Calvin Diddle, Gary Westerman, Kim Joyce, Steve Bibb, Ricky Schaefer, Weldon Griffith, Alvin Spencer, Rickey Ware, Dale Wolf and Andy Robinson. Back

row left to right are: Head coach Frank Gray, Robert Owen, Johnny Hubbard, Rickey Bolles, Tanner Schlittler, Johnny Cook, Bob Cohen, Bill Carpenter, Duane Winchester, Steve Tarver, Kenton Joyce, Johnny Turner, Tommy Childers and assistant coach Bobby Fortune.

Class Of '47 Reunion Saturday

The Rising Star High School class of 1947 will hold a reunion from 5 to 7 p.m. in the First State Bank Community Room Saturday, Oct. 21.

The surrounding classes (45, 46, 48 and 49) are also invited to attend.

All members of these classes are cordially invited to attend this get - together.

North Star Club

The North Star Home Demonstration Club will have its 50th Annual Achievement Day S Saturday, Oct. 21, in the building south of Rosa Van's Beauty Shop.

They will have grab bags, bake sale and quilt chances, plus other interesting and lovely items.

All proceeds will be used for a worthy cause.

The Senior Citizens can bring anything they have made to show or sell. Proceeds from these may be kept by the individuals.

DONATIONS

Recent donations to the Rising Star Cemetery are:

Permanent Fund:
Mrs. J.W. Hight\$25.00
Mrs. W.C. Witt\$10.00
Regular Fund:
Victoria E. Jacobs\$10.00

Concession Stand Opens At 6:30

The PTA Concession Stand will be open Saturday night at 6:30 p.m. for those who would like to enjoy visiting before the football game.

The fifth and sixth grade mothers are asked to work the first half of the game. Any of these mothers who are able, please come by 6:30 p.m. Fifth grade mothers are asked to

bring 12 cupcakes. Sixth grade mothers are asked to bring a package of weiners.

Seventh and eighth grade mothers are asked to work in the concession stand the second half of the game. Each of the mothers from these two classes are asked to bring 6 sandwiches and a package of hot dog buns.

CEMETERY DONATIONS

Recent donations to the Wayside Cemetery Fund Are:
W.E. Gardener\$100.00
Mrs. Bob Slaughter\$20.00
C.T. Barton and O.A. Zienker\$10.00
Total donations so far are \$565.00

Methodist Women To Hold Luncheon

The United Methodist Church Women will serve lunch the fourth Monday, Oct. 23, from 11:30 to 1:00. Everyone is invited and welcome.

Special Service At First Baptist

A special service will be held at 11:30 p.m. Saturday night at the First Baptist Church, following the homecoming game and the after game activities.

Pastor of the church, Rev. Monte Mills, will bring the message, and music will be under the direction of Jess McGowan, church minister of music. A lot of special music will be provided.

A special invitation is extended to both young and old to attend this special worship service.

Lord's Acre Festival To Be Held

The May United Methodist Church will have its annual Lord's Acre Festival Saturday, Nov. 4, at the May Methodist Church.

The activities for the festival which begins at 5 p.m. will consist of several events. A Country Store will feature homecooked and handmade items. A Turkey Dinner will be served throughout the evening.

The outstanding feature of the evening will be the viewing of the crocheted Bible pictures done by the pastor, Reverend Ernest C. Hewitt.

Criswell Re-elected Upper Leon SWCD Director

Joe Criswell was re - elected Upper Leon Soil and Water Conservation District Director in a meeting held Tuesday, Oct. 10 in the Community Room of the First State Bank.

Criswell, who farms six miles north of Rising Star, was elected by unanimous vote of those attending the meeting. An applause of appreciation was given for his service to the district during his previous five year term of office.

Eastland County agent DeMarquis Gordon conducted the meeting and presented a wildlife film to the group.

Beade Northcut and Allan Colwick from the San Marcos,

Texas Watershed Work Plan staff led a discussion on the status of planning in the Sabanna Watershed.

According to Northcut, Sabanna Watershed work plan development is about 60 percent completed. The field surveying party will be in the watershed for the next three weeks surveying sites for smaller type flood control dams.

Currently serving as board members of the Upper Leon SWCD are Gene Gilbreath, Dublin; Ed Harrison, Gorman; J.T. Wilkerson, DeLeon; Norman Moore, Sydney; and Joe Criswell, Rising Star.

United Methodist Hold Meeting

The United Methodist Women of the First United Methodist Church met Monday afternoon, Oct. 16, 1972, in the fellowship hall. Twelve members were present for the Pledge Service, presented by Mrs. J.R. Bucy, treasurer.

"A Charge to Keep", was opening song. Mrs. Mary Coker gave the opening prayer.

The program was given by Mrs. J.R. Bucy, Mrs. H.B. Sone, and Mrs. Fred Cook.

Miss Madge Bell read scriptures from Psalms. Mrs. Bucy gave "Our Missions To The Peoples All Over the World".

Closing song was "Take My Life and Let It Be".

Pictured above are the owners of a new business concern in Rising Star, E. and E. Auto Sales. They are on the left, Eddie Barker and on the right, Earl Montgomery. Mr. Barker was the owner of a car lot in Knox City and Mr. Montgomery was in the auto business in Corpus Christi. The lot is temporarily located at 207 Joyce and is now open for business Monday through Saturday from 8 a.m. to 6 p.m. Eddie and Earl say they would like for all the people of Rising Star and the surrounding area to come by and take a look at what they now have to offer.

Mr. and Mrs. Harold Horton of Goldthwaite visited Mrs. Sally Smith this last weekend.

Mrs. Lois Emfinger has returned home after a few days in the hospital.

Mrs. Roy Barber visited her daughter, Mr. and Mrs. Drew Best of Lubbock last week. Mrs. A.L. Gray accompanied Mrs. Barber on her trip.

Mr. and Mrs. James Isbell had their son Mr. and Mrs. Billy Jack Isbell of Houston as guests over the weekend.

Mrs. Effie Fisher Edgar is seriously ill in the Brownwood Hospital and she would enjoy cards, letters, or visits. She is a former May resident.

Guests in the home of Mrs. Edna Atherton this week are Mr. and Mrs. Edgar Wiggins (he is Edna's twin brother) of Glyde, Ore.; Mr. and Mrs. Jess Bigham and Mrs. Mary Francis Boyer of Ukon, Okla.; Mr. and Mrs. Eddie G. Atherton of Dallas, and Mrs. Vera Bean. The group visited

with Mrs. Mable Bearden of Coleman last Sunday.

Mr. Charlie Weathersby of Odessa visited his brother Mr. Lee Weathersby.

Informed Consumer

Last week we discussed the principle of unit pricing. Open dating is a companion to unit pricing.

Open dating simply means that anyone going to the store can tell how long the product has been packaged. As with unit pricing, some Texas stores have voluntarily gone to the open dating system.

Many of you know perishable items such as milk, eggs and bread, as well as many other items, are dated as they are packaged. This date may be the date on which the product is to be picked up by the route man or it may be the actual date that the product is packaged.

For example, assume that milk has a shelf life of seven days. If milk is bottled on April 10th, it would be picked up from the store by the route man on April 17th. Either the date of the 10th or the 17th may be shown on the carton so long as the route man is familiar with the system and knows that the milk is to be picked up on April 17th. The markings are usually found at the top of the carton and are in code. Thus, in our example, if you purchase the milk on April 16th, you would get milk that had been in the grocery store for six days.

The same thing might be true of a loaf of bread. Bread of course has a shorter shelf life. Typically, dating of bread is done with different colored ties used to close the plastic bread containers. You might have a red tie for Monday, a green tie for Tuesday, a blue tie for Wednesday and so forth for each baking day of the week.

The route man knows that he is to pick up all blue tie loaves of bread on a certain day of the week. You as the consuming public, however, are not able to tell which loaf of bread is the freshest.

If you intend to use the product immediately, it would probably make no difference to you whether it had been on the shelf a short time or not. It would still be fresh when you used it. An example of this would be the purchase of a dozen eggs one morning to make an agel food cake that afternoon. Since the eggs would be used on the same day of the purchase you would not have the problem of spoilage. On the other hand, if you plan to keep the eggs a few days before using them you probably would want to get the freshest eggs available.

The next time you see your route man delivering some perishable item, you might ask him how his code works. By doing so you can assure yourself that you are an informed consumer. You will know that you are getting the freshest product available.

SECOND INCOME

Collect and Refill machines in Company secured locations. Choice of: Postage, Stamps, Welch's Juices, Mixed Nuts, and other well-known High Profit items.

Route 1 - \$495 investment earns up to \$50 or more per month.

Route 2 - \$995 investment earns up to \$100 or more per month.

Route 3 - \$2,495 investment earns up to \$250 or more per month.

Can start part time. Age or experience not important. Men or Women. Repeat Income. Must have auto and 3 to 8 spare hours weekly. Send References name, address and telephone number to:

P.S.I.
300 Interstate North, N.W.
Atlanta, Georgia 30339

Pictured above are Marshall and Entha Campbell of May enjoying a combined birthday party. Entha's birthday was October 12 and Marshall's was October 13.

Marshall Campbells Celebrate Birthdays

Mr. and Mrs. Marshall Campbell shared a surprise birthday supper Thursday night hosted by Mr. and Mrs. Johnny Cochran. Mrs. Campbell was fifty three on Oct. 12, and Mr. Campbell was fifty

three on Oct. 13. The couple said they celebrated for three days. Everyone in the area came by to wish them a happy birthday. Many cards and letters were received congratulating the event.

SOS To Hold Meeting October 24

Joe A. Bailey, SOS (Senior Opportunities and Services) Coordinator for Eastland, Callahan, Comanche and Brown Counties, announces there will be a meeting for all who are interested in forming a club for the elderly for this area. The meeting is to be held at 1:00 p.m. on Tuesday the 24 of October. The place will be the Community Room in the First State Bank in Rising Star. Mr. Bailey wishes to express his thanks to Mr. Charles Rutherford for offering the facilities of the beautiful new Bank for this meeting.

SOS is sponsored by OEO (Office of Economic Opportunity) and in the four county area there are fifteen SOS Clubs involving in excess of six thousand hours of participation each month.

We would like to see a large number at this meeting. Come and learn how you can become an active part in your community by becoming involved.

DESIGN OF A POSTAGE STAMP to salute the 75th Anniversary of the National PTA is a blackboard with the lettering chalked in a child's script. The blackboard is bordered in yellow and the chalk is in white. Print order of the 8-cent stamp is 135 million by gravure. The PTA was founded in Washington, D.C. in 1897 by Phoebe Apperson Hearst, wife of U.S. Senator George Hearst and mother of William Randolph Hearst, and Alice McLellan Birney, wife of a prominent Washington attorney. During its 75 years of working for the welfare of all children, the PTA:

- In 1899 petitioned Congress for a National Health Bureau (14 years before creation of the U.S. Public Health Service).
- In 1906 played a key role in the passage of the Pure Food Bill.
- In 1946 was named primarily responsible for the passage of the federal school lunch program.
- In 1951 conducted a national conference on narcotics and drug addiction.
- In 1965 shipped more than a million books to mountain schools in Appalachia.
- In 1970 initiated Project RISE (Reading Improvement Services Everywhere).
- In 1972, under federal funding, integrated alcohol education in its smoking and health project with plans for several pilot programs to be tested at the state level.

FROM OUR CHURCHES

First United Methodist Church Rising Star

Sermon for Sunday and scripture - John 1:1-5. "The Displaced Christ In Our Disordered World".

Pastor and wife attended Thursday night fellowship at Wesley United Methodist Church in Cisco. After refreshments and meal, Rev. and Mrs. Vernon Whittington of United Methodist Church in Midlothian shared with us films he made during their trip this summer. Dr. and Mrs. Floyd Johnson of Cisco attended.

Workers for our Lord's Acre Program are ready to start on specific jobs. If you have not thought about your project, remember Nov. 18 is the date set.

Mr. and Mrs. Cecil Joyce were visiting in Greenville this past week.

Mr. and Mrs. Andy Griffin and Mark spent weekend in Weatherford.

W.S.C.S. met Monday afternoon at 2:30 at church.

Visiting Lucy Boase Sunday were her daughter and husband Mr. and Mrs. Robert Rahmloo of Terrell, Texas.

Mrs. W.E. Gober is on the Not So Well list. She fell and bruised her head one night this past week.

Mr. and Mrs. Jay Koonce have returned from a trip to Phoenix, Arizona.

It is good to worship in Nature if it leads you to worship the God of Nature. - M.R.D.

The Man who samples the Word of God only occasionally never acquires a much needed taste for it. - Anon R

Read I Peter 2:2 also - Nehemia 8:45 - 12.

See you Sunday.

Church of Christ Rising Star

Linus, of the Peanuts comic strip, is credited with the following plans for his future: "When I get big, I'm going to be a humble little country doctor.

I'll live in the city, see, and every morning I'll get up, climb into my sports car and zoom into the country! Then I'll start healing people. I'll be a world famous humble little country doctor. I'll heal everybody for miles around!" There's a difference, Linus in calling yourself humble and really being humble. God's people are to be truly humble.

Our Teenage After - Game Fellowship, Saturday night following the Homecoming football game promises to be exciting and the best one yet. Our young people and their guests will enjoy pizza and the atmosphere to go with it.

Among our sick, Gertie Goss is in room S413 Hendrick Hospital, Abilene, after fracturing hip in a fall at the nursing home. She had surgery and is able to be in a wheelchair. Adrian Jenkins is getting out a little more now. Vera Johnson continues to recuperate from her respiratory treatments, but is getting along much better.

My sermon topics for Sunday will be "Who Then Can Be Saved," morning, and "The Voice of the Son of God", evening. Everyone is invited to worship with us.

When Jesus came to earth, He replaced the silver rule with the "golden rule". He has told us to gauge our treatment of others by the way we want to be treated (Matt. 7:12). If this one standard of living could be practiced by everyone, this world would become a virtual paradise. Perhaps there will be no time on earth when everyone will practice the will of God, but at least Christians can and should live Christ's "golden rule". This spiritual living will have its impact on the world.

First Baptist Church Rising Star

To God be Glory, should be the key to every person's walk as they begin each day, as it is the true and living God who give each day. We have become a self-sufficient people who have seemed to have made it on

our own. But one thing that so many seem to continue to forget is that a person without the saving grace of Jesus is merely existing and is not capable of Life for Jesus Christ the Son of God is Life. (1 John 5:11). As I mentioned Sunday morning, our whole system of life seems to be set up around; position, possession, and pride, and listen, this value system set by our society is nothing but the Devil. When our whole being becomes geared to a society and its values and its standards, my friends, the Devil is moving us right down the road he wants. In I Peter 5:8 it states "the devil, like a roaring lion walks about, seeking whom he may devour. "Do not mis understand, I am not saying that success is wrong, but when it gets out of the perspective of God's will and rules above God it has become a tool of the Devil. Our nation and society was founded on a belief in God and my friend, as in Jude 3 it is time that we "contend for the Faith". Are our standards and values to be set by the world in which we live or by the Jesus that lives within us? Praise God, Jesus Is Lord.

There will be an appreciation dinner on Oct. 25, 1972, given in honor of Lane Wells. This dinner is to allow each member of the church to show their gratitude to Lane for his faithful work for the Lord through the years. I, as Pastor wish to express my thanks and gratitude to Lane for his wonderful help in our music work, and likewise know this is not near enough for his many years of service. We likewise praise the Lord, that Lane has not left us but is still very much a part of a fellowship in the Lord and an active worker in our church.

You will read somewhere else in this paper about our after game service which will be at 11:30 p.m. in the church. I have already had many people question me about this as to why. Well, everyone else has parties, dances, fellowship, so I feel like for a Christian there should be no greater joy, as such an event as Homecoming,

than to come together and worship the God who makes it all possible. This service is open to anyone of any faith or denomination who would like to come. Jeff McHowan, our minister of music, will be leading in the song service and I will bring a message for the word of God. We will hope to see you in the House of the Lord at 11:30 p.m. Saturday night following the game.

I just praise the Lord each day that today the Lord is moving in our midst.

Satisfied With Jesus, Bro. Monte

Pioneer Church of Christ Pioneer, Texas

The peak of the peanut harvest season when many say "the ox is in the ditch" found an enthusiastic attendance. The presence of Professor and Mrs. James Alexander from Clyde was a contributing factor.

Of further inspiration was the presence of Brother Arthur Davidson of Rising Star who spoke words of exhortation to the congregation.

The hymnal service was under the direction of Ray Hutchinson of Rising Star.

"Wherefore let him that thinketh he standeth take heed lest he fall". Paul I Cor. 10:12. ...G.A. Dunn

Pastor Rev. Ernest Huett

Revival services will be held August 18, 19, and 20 at Calvary Baptist Church, with Dr. Leon Woods of Howard Payne College as evangelist.

Saturday Club Holds Regular Meeting

The Saturday Club met in the Library, Oct. 4, with Mrs. Helen Donham as hostess. After a short business meeting the program was brought by Miss Elizabeth Robertson entitled "What a Time; What a Civilization? Where in the World Are We?" It's timely thoughts were brought forth in an interesting manner. After which, Mrs. Donham served delicious refreshments.

The next club meeting will be at the Library on Oct. 18. Hostess will be Mrs. Sam Polk. Some of the club members met during the week to stain the new shelves in the library in preparation to put new books in the library. New children's books have been added.

We wish to thank the city and those in charge of having the Library freshened up with the new coat of paint. It does look beautiful and is an asset to our community.

PLEASE NOTE: The library is being kept open on Tuesday and Thursday mornings from 9:00 to 11:00 o'clock and on Saturday afternoons from 2:30 to 4:00 o'clock. This is your library and we want you to use it.

Animal Lovers Everywhere
BY NANCY STANLEY

At the West 36 Hill just out of your town the Trades Days on Sunday for Hound men and their hounds is beginning to pick up and growing little by little each week. Hound men and their hounds have come from as far off as Albany and Snyder to attend. As the word spreads from mouth to mouth we expect the attendance to grow. We have chosen the third Sunday and Monday of each month to be everyone's Trades Day. This includes dogs, livestock and junk. Anyone that wants to take part. There will be only a \$1.00 charge at the gate per car to come and set up your stand. This charge will cover the advertising that we must have if we expect to make a go of this here in Rising Star.

All men, women and children that are interested in joining the RISING STAR COON HUNTERS ASSOCIATION, being formed is asked to contact us. Get your name on the books, for we are planning a meeting soon. We will have a monthly meeting, plus hunts and shows both grade and UKC,

Mrs. Shannon Receives Honor

The biography of Mrs. J.B. Shannon, 1770 N. Graham St., Stephenville, Texas, has recently been selected to appear in the 1973 edition of THE WORLD WHO'S WHO OF WOMEN, published by Melrose Press Ltd., International Biographical Centre, Cambridge, CB2 3NJ, England. Each biography is accompanied by a photograph of the subject. Distribution of this important work is world wide. Other than to the world's most famous women, copies will be dispatched to the British Museum, London, England; the National Library of Scotland; the National Library of Wales; the National Library of Ireland; the Library of Congress, Washington, D.C.; and the Bodleian Library, Oxford, England; as well as many school and public libraries.

Mrs. Shannon has received International recognition in the fields of writing and reading: the 1955 - 1960 award for the Greatest Contribution to Americanism through writing, including articles and books written during this five year period to be used in the teaching of boys and girls. The award was jointly sponsored by the Federal Council of English Teachers and the International Silver Co., She received the characterization awards in International Poetry Readers and Writers Association, 1963, 1966, and the All Festival Award in 1972. Her latest composition "The Four Voices of Happiness", is being

prepared for publication by Brownlow Publications, Fort Worth. She is listed in the 1971 edition of PERSONALITIES OF THE SOUTH, the 1972 - 73 editions of the DICTIONARY OF INTERNATIONAL BIOGRAPHY.

She has tape recorded lectures on parent - teacher - child relationship for broadcasts on radio stations in Brownwood, Abilene, Sweetwater, and San Angelo. Her "Four Voices of Happiness" is being taped for use by the Churches of Christ of Australia. She has lectured in person in Vancouver, B.C., at the International Poetry Readers and Writers Assn.; in Fort Worth to the Council of Teachers of English, and to numerous English workshops and sectional meetings at teachers conventions; and in Salado, Texas, at the "Readers and Writers" roundup. She has written and directed numerous presentations for American Association of University Women and Delta Kappa Gamma Society, on the local, district, and state levels. Recently selections of her poems were read in Austin, Texas, on a program of

"Recognized Poets of Texas". In the spring of 1972 Gamma Zeta Chapter of Delta Kappa Gamma Society for women teachers displayed in DeLeon, Texas, the complete works and awards of Mrs. Shannon's.

A teacher of English in Stephenville High School, Mrs. Shannon is a member of numerous educational organizations, in which she has held key leadership positions. Her B.S. and M.S. Degrees are respectively from Daniel Baker and Abilene Christian College. She is a member of Graham St. congregation of Church of Christ in Stephenville, Texas.

The wife of James Birl Shannon, a retired public school administrator, she is the mother of three children: Charlotte Roper, a minister's wife in Sydney, Australia; Jamie P. Shannon, a teacher in the public schools of Brownwood, Texas; Sharon Buckman, a registered nurse and the wife of the Assistant Traffic Engineer, Tulsa, Okla. A native of Erath County, Texas, she is the daughter of Mrs. Roxie Elliott, 1287 West Frey, Stephenville, and the late W.C. Arthur of Lingleville, Tex.

The Shannons taught for many years in May Public School and attended Church in Rising Star.

NAOMI BURNS Shares Her Favorite

Recipes This Week MILLIONAIRE PIE CRUST:

- 4 egg whites
- 1 tsp salt
- 2 Ritz crackers
- 1 cup sugar
- 1 tsp vanilla
- 1 cup pecans

Beat egg whites until stiff, add sugar, salt and vanilla. Roll cracker crumbs until texture of meal, fold into egg whites. Add pecans. Bake 30 minutes at 350 degrees in well greased and slightly floured pie pan. Cool.

FILLING:
1 - 8 oz. cream cheese softened
1 cup powdered sugar
Blend together and spread on pie crust.

TOPPING:
1/2 pt whipping cream
1 small can pineapple
1 tsp vanilla
1/2 cup pecans

1 cup sugar
Whip cream, add sugar, vanilla. Fold in pineapple and add pecans. Pile on filling of pie. Keep refrigerated.

COUNTRY PIE THE CRUST:
Mix together well:
8 oz. can or 1/2 c tomato sauce
1/2 cup bread crumbs
1 lb. ground beef
1/2 cup chopped onion
1/2 cup chopped green pepper
1 1/2 tsp. black pepper
1/4 tsp oregano

Then pat gently into the bottom of a 9 inch pie plate.

THE FILLING:
1 1/3 cup cooked rice
1 1/2 cup hunts tomato sauce
1/2 tsp salt
1 cup water
1 cup grated cheddar cheese
Combine rice, tomato sauce, salt and water and 1/2 cup of the cheese. Spoon into meat shell. Cover with foil and bake in moderate oven at 350 degrees for 25 minutes. Uncover and add remaining cheese on top and bake uncovered 10 to 15 minutes longer.

"R.S.H.S. ROUNDUP"

Welcome back to R.S.H.S., all you Exes! The Rising Star High Student Body is pleased to have you back "home" in Rising Star. We hope many pleasant moments are relived this Homecoming weekend, for we know the joys that high school days can behold. The campus has probably changed since your days here, but it is still the same R.S.H.S., upholding the same principles and traditions.

There is a full day of activities planned for Saturday. We hope you enjoy them. A lot of preparation has been made on floats and the cheerleaders have really worked on preparations for the activities. There will be some fantastic parade entries this year, and the band has been working extra hard to lead the parade and the halftime show at the Rising Star Wildcat - Eden Bulldog game at 7:30 in Wildcat Stadium on Saturday night. See you there, really backing the

Cats!

It was good last week to see two of our fellow - students - Evonne Woody returned to classes after minor foot surgery and Johnny Turner was up and around after surgery for a chipped elbow which he received in the Rising Star - Richland Springs game. Glad to have you two back!

"It goes so fast. We don't have time to look at one another". - Wilder.

"One year can seem like a century or a brief moment. To some, time seems to crawl by, stopping occasionally to make an impression in our minds. To others, time is a rapidly moving merry-go-round, gaining momentum with every revolution. If we pause for a moment, can we remember our first grade reader? Or what we did on the day man first walked on the moon? These things - fleeting as they may be - give us our memories." - copied.

As I ran across these quotes this week, I stopped and applied them to myself and to what Homecoming really is. Can you remember?

Again, Exes - Welcome back. We are glad you are here. Let's make this Saturday the very best Homecoming festivities. A good time is in store for you - your children - and even the grandchildren.

Have a nice day, James Steel

"ONE WAY! ALL THE WAY!"

Hello, and it's time for another report on the S.F.C. On Tuesday we had a surprise guest speaker, Mrs. Monte Mills, wife of pastor of First Baptist Church. Mrs. Mills sang "He Touched Me" and gave her testimony, telling of her life as a teenager and of her work with college and high school students in Christian activities. Mrs. Mills inspired everyone with her singing and testimony, giving us all something to think about.

It was also great to see Evonne Woody come in after a few days' absence. Evonne led us in prayer to close the meeting; our thanks again to Mrs. Mills.

'Til next week, Marilyn

"NOT FINISHED - JUST BEGUN"

Tuesday we had a meeting to discuss our homecoming float and money making projects for our class trip. Please back our projects; we really need the money. Wednesday and Thursday classes progressed without any special events. Mrs. Claborn gave us special instructions on our term themes which were due yesterday, the eighteenth. Some of us need to get busy; right, Bob? Mr. Hill gave us a test in Bookkeeping and started chapter eleven. Typing finds us on Unit Six. Civics brings us lectures and tests, while Band brings the Charlie horses. They were well worth it after we did our new routine at the football game on Friday night in Blanket. Did you like it? I can't recall anything happening on

Saturday? Tell me, Seniors; were we busy? Sunday offered worship services and the opportunity to stay up past our bedtimes since we did not have to go to school on Monday, I, for one, took advantage of both opportunities! Monday was a day of wonderful rest and relaxation for us Seniors, since the teachers were in Snyder for the District Meeting. My check up after minor foot surgery, gave me the right to walk again and am I glad! Tuesday as S.F.C. and classes. We Seniors are getting all set for Homecoming Saturday. Everybody please buy a chance on our beautiful hand painted picture given by Mrs. Joan Hubbard; enjoy all the weekend festivities. Remember to give thanks for everything that happens.

Thinking of you, Evonne

P.S. How nice to have our membership increase to nineteen with Rose Mary's decision to graduate from R.S.H.S.

Welcome home, Rose Mary!

"STRONGER BECAUSE UNITED"

Hi! Here we are in the big middle of sports. It seems as though we cannot get rid of one until we have another one on us.

Our boys played Blanket on Friday night and we thought they played a fantastic game. Our basketball teams played Gustine Monday night in our gym and also did a good job. But the most important sport (football) and the most important game (Eden; homecoming) is Saturday night. The boys will want to try their hardest and so they will need a lot of spirit; this means we will have to have everyone there so please come!!!

In our classes some of us are not doing too good, especially American History. Mr. N. means business so everyone READ! Term themes were due on Friday but how many of us haven't turned them in yet? Thursdays are beginning to get us down in Chemistry; test day. That's about it for this week.

See ya, Cheryl

P.S. Welcome home, all you Exes, and especially Larry A.

"STEP BY STEP"

Wow! I am rushed for time. The Sophomores are very busy this week, working on their float.

In school we are doing a lot better. In Physical Science we are studying about liquids and gases. In English we are reading "Julius Caesar" and in World History we are beginning the chapter of the Byzantine, Moslem, and Russian Empire. In Algebra I we are studying positive and negative numbers.

The Sophomores are still selling light bulbs, so be nice and look bright with the Sophs. This is Homecoming and we are going to make the best of it. Come on, Wildcats; let's get those Bulldogs and tear them apart. Why not show the Exes who is the best?

Taronna

"IN THE FISHBOWL"

That's just about where we are, too! Things are really beginning to happen. The Freshmen are sponsoring a bake sale on Saturday, Oct. 21, to be held at Higginbotham's from 9 a.m. until 12 noon.

There is a large amount of excitement over the upcoming parade and football game. Even so, classes continue. In Biology we are studying

reproduction. Oh, M.G., I don't think you'll have to worry much about those gray hairs.

In Math we are studying algebraic expressions; and, you know, they are not hard at all.

We have started a new unit on poetry in English I. We find we have some very poetic Fish.

I would like to remind you one more time about annual payments; also to ask everyone to come to our bake sale and

buy something for Sunday dinner. I can almost guarantee it will be good.

Back with you next week. Bonnie Burcham

"TOWARD NEW HORIZONS"

This is a big week at R.S.H.S. It's Homecoming! In our homemaking classes we are really trying to keep up the spirit. Last week and this week we all took time - out to learn new yells. Remember, Wildcats, we are behind you all the way!!!

Back to classes: Homemaking I: they are cooking. Hey, Fish, what are those strange objects we are finding in the dishwasher? Don't worry, we all make mistakes. We want to thank the Freshmen for the cookies at our last meeting.

In the Sophomore Homemaking class, we finished some of our garments while others are still struggling to finish. All are working on notebooks, planning and building the F.H.A. float.

The three Homemaking III girls are budgeting how to use their money on foods. I have heard that they went to the grocery store to price things. The cheapest set of menus for a week was thirty - nine dollars; how about that, all you future husbands?

We still have loads of cookbooks so please buy one. Everybody be sure to take in all of the activities on Saturday.

A future homemaker, Delynn
P.S. Marissa, you can't sew a zipper in without thread!

"BETTER DAYS THROUGH BETTER WAYS"

We finally did it! After two years of trying and waiting, we had an FFA banquet. Guy kept it going good and strong all the way.

Ag. I and II are deep in parliamentary procedures. I even took a try at presiding officer, (and what a try it was!) I hope Ag. I has had as much fun as we have. (Don't you, Nathan?)

We will soon know how Ag. III came out on the study of beef, but, right now, we will have to wait.

I hate to inform the freshman girls in homemaking, but they are going to have problems for a while wondering what to do with overbrown masterpieces

they turn out.

As of yet, the FFA chapter hasn't bought any pigs for a project. We just don't want them to have to suffer through your failures!

For a long time Homecoming has been off in the distance, but now it is just around the corner. (areal sharp one) so everybody plan to come and yell. We would hate for you to miss our victory.

Place your faith in rural America. It's a good investment. Jay Benson

"RAH! RAH! RAH!"

Wow! Already Homecoming! Can you believe it? This week has really been busy, busy, busy for us cheerleaders and everybody! The spirit around here has been just great; keep it up. We think the Cats are really doing a fine

job. We certainly are proud of them.

We want to welcome all the exes home and hope they all enjoy this weekend as much as we have preparing for it. The Homecoming parade will be at 2:30 and the pep rally follows; the big game will be at 7:30 on Saturday night.

The football sweetheart this year is one of our cheerleaders, Sara Butler, who will be crowned at halftime. Hope to see you all there; it will be an exciting night for all!

Sharon

"WILDCAT COUNTRY"

Homecoming? What is it really? Homecoming is not just a special football game which each old graduate of R.S.H.S. attends. Homecoming is seeing the band lead the parade, talking to old friends at the P.T.A dinner, and screaming your head off at the pep rally. And you wonder could she really have been a cheerleader?

As old friends gather in their little groups to reminisce of better days, high school students sit in local cafes talking about the big game. Old Wildcats talk about a game long ago and one much more important to them. To the

Seniors it is their last time to really be a part of the Homecoming activities at R.S.H.S. It brings a little sadness to each one who knows it is their last time to play in a Homecoming game.

What is Homecoming? Homecoming is a special event that is remembered for years - and years - and years to come. Mary Lee

"WITH THE BOOKWORMS" Homecoming (hom' kum' in), n. 1. a coming or returning to one's home.

Homecoming is a wonderful time of year for everyone that remembers the good ole years.

Football games, pep rallies, the powder puff; REMEMBER?

How about the pranks and gags that were pulled on your poor ole teacher everyday; And all those great tasty wads of chewing gum you had to throw away!

Chemistry class was always a BLAST!

Oh, remember the skunk in the school house or the goat in the ceiling - were you here then?

Now I know what a terrible time poetry work was:

"She could remember a joke but a line of poetry, ha!" (We all have our weaknesses)

Can you remember all those banquets, coronations, and senior prom?

What fun all those years were...

Even though the building has changed, New faces pass through her doors,

She's still the same old school Her walls still stand

And all the cheers and laught er still echo in the halls, rooms, and you!

All you have to do is listen with all your heart

And most of all...

REMEMBER!! Welcome Home Exes! Yvonne McCutchen

'Trip To Canada'

By Ruby Boswell

I had the opportunity to visit two cousins in the State of Washington this summer and from there we made a trip to Canada; this was a month long trip.

I flew Braniff Airways from Love Field, Dallas, to Spokane, Washington, where my cousin met me at the airport. We went by car to her home in Cheney. The flight from Love Field, Dallas to Denver, Colorado, where I was to change planes, was uneventful - just smooth and fast except for the floating clouds and dense fog which reminded me of a game of "hide - and - seek" in the air as the plane darted in and out of the clouds. Plunging into the dense fog allowed me to recall a story my dad used to tell us kids about putting a blind bridle on a horse to keep him from being frightened of the sights he might see as he travelled. So it was with me on the plane. The fog - like the blind bridle - kept me from seeing anything frightening. It was a different story from Denver, Colorado to Spokane, Washington, because the fog lifted and the clouds disappeared; there was nothing to mar the vision. We de - planed in Denver and entered that huge air terminal. It was a treadmill of humanity scampering to and from gates in an effort to change planes.

Stepping up quickly to the ticket office I was somewhat puzzled as the lady there asked "smoker or non - smoker?" but delighted as she explained, "We divide our passengers into those two groups. If you don't smoke you don't have to breathe smoke - filled air". I was seated by the window in a non - smoking group. Beside me sat a lovely, eighteen year old girl, bronzed in the Nebraska cornfields by the sun, travelling to Moscow, Idaho, where she planned to enroll in college. We exchanged stories and facts about our native states, and ideas on the modern world in which we live. She seemed to enjoy the conversation very much and I certainly did as I was delighted to hear, first - hand, an explanation on some of the problems of youth. We were deeply engrossed in conversation when I interrupted to say "This plane gives me a sensation of standing still in mid - air; if it's moving, I can't feel it." It was at that very moment a voice over the loud speaker was saying "Ladies and Gentlemen, we're flying 750 miles per hour at an altitude of 27000 feet and the temperature is very cold up here, about 60 degrees below zero - so if some of you get cold, let us know and we'll lay another log on the fire." We had

a big laugh at my "standing still" sensation. Looking outside my window and down on the good earth I had left I caught myself saying, "Now if this plane breaks up and you get out alive, please have the searchers look for the last little remnant for I'll be clinging to it." Promising me she would do that, she remarked that she couldn't sit by a window because she got sick just to look outside. As we flew over the countryside, I observed it closely. I decided the mountains, cities and canyons looked like a miniature drawing. The highways looked like a blowing ribbon from a little girl's hair and the rivers like a narrow trail made by traveling wild animals. The flight to Spokane seemed short indeed - despite the 2,500 miles we had travelled and suddenly we were landing. My cousin met me there as the airport where I was to encounter the first disappointment of my trip. I had left the hot state of Texas anticipating a cool Washington temperature only to be greeted, as I de - planed, by a blast of hot air somewhat like our hot windy March day in Texas. This soon passed however, as the evening faded into crisp cold and clear night time.

The state of Washington had a very unique beauty. The grain fields on the rolling contoured mountain sides were a sea of waving golden ripe wheat. I had arrived in the grain harvesting season and the combines and trucks were busy cutting and hauling the grain. There the grain makes a hundred bushels or more to the acre almost unimaginable to us here in Texas. My visit there in the state of Washington was most enjoyable - my cousin and her family continually driving me to places of interest that I remember in detail but time and space will not permit a full account so I will endeavor to stay with the most important ones.

Of special interest to me was visiting the college there in Cheney where she lives and a son - in - law is employed in the school and could show me the new and modern buildings on the campus. Inside the entrance to the new library I gazed at a statue of the late John F. Kennedy and learned that our former Texas president, Lyndon B. Johnson, had presented it at the dedication ceremony. The campus is most beautiful with its natural landscape of tall and graceful trees and grass with flowers abloom all over. It seemed an ideal place of learning for a college education.

The most interesting thing I saw in Washington was the Grand Coulee Dam, where the mighty glacier - fed Columbia River is harnessed and made into the largest manmade lake in the world furnishing irrigation water and needed power for many major American cities. This claim is now refuted since the completion of the Aswan Dam in Egypt. There are already six units of the Grand Coulee Dam - and twelve more ultimately planned for; one unit alone will serve the needs of a city of

500,000 population. Westinghouse Electric Corporation will manufacture, install and test the first three hydro - generators, of a size and capacity never before attempted in the world. These are scheduled to be put on the line by 1973 - with installation of the first six to be completed no later than 1978. The second six units, depending on rapidly increasing power demands, are planned for installation by 1992. Total cost of the third new power plant is expected to be \$390 million which is to be repaid with interest through the sales of energy over a period of fifty years. Truly, everything about Grand Coulee Dam, the construction of the third new power plant, the area irrigated by the Columbia Basin Project and the hills around it is big! Farsighted planners are concerned not only with harnessing the mighty Columbia River, but also in providing for recreation and beautification. Stretching 4,173 feet from bank to bank, the Grand Coulee Dam blocks the mighty Columbia River 95 miles west of Spokane. A wall of water 1,650 feet long and 17 feet thick plunges over the dam in a 320 foot fall - madly racing toward the thirsty million acre Columbia irrigation project in Central Washington. As the sun lit day passes into the total darkness of night time the rainbow colored flood lights are turned on this plunging wall of water to illuminate the dam and furnish the observer with a picture of indescribable beauty.

Another thing of striking beauty in Washington State is the snow - covered Cascade Mountain Range. The snow run - off from the mountain ranges feed the many springs and rivers where trout thrive and fishermen have a field day in pursuit of this sport.

My flight to Washington, having been routed by Spokane, claimed as the gateway to the Pacific Northwest and Queen of the Island Empire, I missed Washington's highest mountain peak, 14,410 ft. high Mt. Ranier, and the Seattle - Tacoma Airport. Mt. Ranier is a dormant snow - clad volcano which has been closely watched since a new jetstream opened the summit cone in October, 1969; this could forecast an eruption or produce enough heat to melt glaciers. I hope someday to go back to visit this.

Time being a most valuable item on my trip I must report on going to Seattle, the deep water seaport, where I visited another cousin and family. An electrical engineer, he has recently returned to Seattle from Houston, where he was employed with the NASA program. It was this family who chopped and cleared a roadway of Virgin timber and underbrush, by hand, in order to reach Tiger Mountain where they built a split level home to escape the mad rush of big city life in Seattle. Nine miles out in the country of quiet to be and peace, this couple are bringing up their four children; two in college, one in high school and one in grammar school. An outstanding sight, while visiting Seattle was the world's first floating bridge built to

span Lake Washington; it is 6,561 feet long with a view of the Cascade Mountains in the distance. I had to desire to cross this lake of water in a car on a floating bridge. The trip to this home in Seattle and the enjoyable visit there was a stepping stone to a place of grandeur and beauty that words cannot describe.

In a chilly drizzling rain, at 5 a.m. in the early morning this cousin drove us through Seattle to a point of embarkation on the mainland where we boarded the Canadian Pacific Steamship "Princess Marguerite" for Victoria, British Columbia on Vancouver Island in Canada. This steamship plies the international waters, connecting Victoria, B.C. with the mainland of the United States.

At times the ocean water was choppy and "Princess Marguerite" did a bit of rocking as she hit the waves. The dishes on the tables in the dining room walked about as if they were equipped with legs. The steamship trembled nervously but kept cruising on toward Canada. With all this continuous motion not once did I get seasick! Dense fog engulfed us most of the way, but about 11 a.m. the fog lifted and in the distance we could see the most beautiful city I have seen in all my life. Blanketed by a mountain range in the background and nestled at the ocean's edge on Vancouver Island was Victoria, British Columbia. Standing elegantly overlooking Victoria's beautiful inner harbour was the world famous Empress Hotel and the majestic Parliament Buildings of British Columbia.

"Welcome to Victoria" in flowers greeted us as we docked at Inner Harbour where we saw Heritage Court which included the provincial museum and the Archive Building, the horse - drawn Tally - Ho's and the float planes in the Harbour. Victoria is the capitol city of the Province of British Columbia. The parliament buildings are situated in the heart of the city overlooking at Harbour. These buildings are illuminated each evening giving them a regal outline. They were first illuminated in 1897 to celebrate Queen Victoria's Diamond Jubilee. Good acre Lake is set in beautiful Beacon Hill Park; 154 acres of manicured lawns and gardens of the most gorgeous flowers on earth and sloping down to the sea where ducks and huge snow white swans swim and cavort at play in the clear blue water.

Victoria is known as Canada's city of Gardens the most beautiful being the world famous Buchart Gardens. There are six of these linked by spacious lawns, streams, and lily ponds which represent 30 acres of fragrance and beauty. Difficult to imagine, the Sunken Garden, which is one of the six, was once an abandoned quarry, miraculously transformed by the Buchart Family into one of the foremost gardens in the world.

The Malahat Drive, major access to Vancouver Island Communities, north of Victoria, B.C. allows the traveler a bird's - eye view of the Saanich Inlet, Goldstream Park, the Gulf Islands and the mainland of British Columbia. Vancouver Island, like Hawaii, is that "other island" in the Pacific. While I have yet to visit Hawaii, unimaginable to me would be any place on earth that could surpass the beauty of Victoria, British Columbia. It is here on this island, our travel bus driver told us, that sixty percent of the world's millionaires live.

Of utmost importance in learning about this place is that it is a world port on sea lanes to Japan, China, the Phillipine Island, India, South Africa, Australia, New Zealand and South America.

Indelibly printed on my mind is the picture of that nearly snow white city where almost every house is white except for the trim work, and kept immaculately clean. The trees so tall and graceful wave gently in the cool breeze where the temperature never changes more than five degrees - remaining between 65 and 70 the year around. Here on this

island there is no bare ground; a carpet of native green grass covers it completely except for the acres and acres of blooming flowers and shrubs; these are every size and color with hanging baskets of them decorating even the city lamp posts - all so fragrant. I was overwhelmed by a desire to just stand still, look and smell them. There were numerous ferns too - big ones and middle size ones growing right out of ground; the little ones growing in hanging pots. The total beauty of this place I find impossible to describe, so in leaving it to the readers imagination, I would like to mention the Royal London Wax Museum where life size figures, perfect in every known detail and exquisitely recreated of famous persons in history was on display. There was the likeness of Albert Einstein the greatest scientific genius of our age. Her majesty Queen Victoria and John F. Kennedy - to name three of the many.

As we prepared to board the Canadian Pacific Steamship "Princess Marguerite" for the voyage back to the mainland and Seattle, I observed this sign in big bold letters: "Visit Vancouver City - Canada's most beautiful city". Recalling afresh the beauty of the city I was leaving, I doubted any truth in the printing of this sign board. I had visited an Island Paradise in the Pacific and as I said a last good - by to the friendly people of so new acquaintance I felt a longing in my heart for a return trip with sufficient time and energy to see the whole of Canada - especially Vancouver Island. I was so impressed that I made an inquiry as to how a person could earn a living there. I learned the two main industries there were lumber milling and fishing. Disliking fish and fishing, and being unable to cut and haul and float logs, I soon decided I might do better at raising cattle where I am.

The time of departure was at hand when "Princess Marguerite" would cruise the Pacific back to our beloved America. It was with a heavy heart - almost to the point of

sadness - that I said a final farewell to Victoria, British Columbia.

Moderate Increase For Hunting Fishing License Proposed

AUSTIN -- A moderate increase in hunting and fishing license fees, a reduced - rate combination license and changes in several license - exempt groups are among provisions of three bills placed before the Sixty - Second Legislature, fourth called session.

One of the bills introduced by Sen. Tom Creighton of Mineral Wells calls for a resident combination hunting and fishing license at a fee of \$8.75. The others authorize the Texas Parks and Wildlife Department to raise the fishing license fee (resident and non - resident) from the present \$2.15 to \$5.25, and the resident hunting license fee from \$3.15 to \$5.25. Non - resident hunting licenses would be increased from \$25 to \$50.25.

Fishing licenses would be required of all persons ages 12 to 64. At present, fishing licenses are not required for youngsters under 17.

Previously exempt persons fishing with trotline, throw line or ordinary pole with line having no reel or other winding device in the county of residence would be required to have licenses under the proposed bill.

Another change specified that persons or family members fishing in artificial lakes or ponds on their own property are not required to have fishing

licenses, "... providing such lake or pond has never been stocked with fish by the Texas Parks and Wildlife Department".

Hunting licenses, under the other bill, would be required of all persons except those over 65 years of age. Presently, persons under 17 are exempt.

The same bill deletes hunting license exemptions presently provided for persons hunting on land on which they reside. Exempt hunters over 65 would be required to pay \$1.25 for a special license to hunt deer and turkey.

Also eliminated in the hunting license bill would be the present non - resident migratory waterfowl license issued on a reciprocal basis only for \$10. Remaining in the proposed bill as it stands under present law would be the \$5 non - resident migratory bird license.

If approved by the legislature, this would be the first rate increase since 1957. Fees at that time were \$2.15 for hunting licenses and \$1.65 for fishing licenses.

The first hunting licenses were sold in 1909 for \$1.65.

In 1927, a \$1 license was first required to fish with an artificial lure.

All of the revenue from such license sales goes into Special Game and Fish Fund No. Nine which supports the Parks and Wildlife Department's fish and wildlife conservation and restoration projects along with game law enforcement.

Clayton T. Garrison, P&WD executive director, pointed out that rising costs and accelerated programs have brought a need for additional revenue. Among the hundreds of department projects are efforts to establish new species of game fish in reservoir waters not used by native fishes, and new upland game bird populations such as hybrid Korean - ringneck pheasants and Eastern - Rio Grande turkeys.

If passed into statute, the new license fees and changes would become effective Sept. 1, 1973.

Trouble Remembering Names? CJC Offers Short Course

Do you have trouble remembering people's names? Your troubles may be over. Mr. Carroll Scott, Dean of Admissions and Faculty at Cisco Junior College, has announced that CJC is offering a short informal non - credit course entitled "INDEXING THE MIND" to cure this problem for you. The course runs for three consecutive Tuesday evenings, starting October 24, from 7:00 to 10:00 p.m. Tuition is only \$15.00 with the text book, which normally sells for \$5.00, included. To enroll, call Mr. Scott at area 817, 442 - 2567 or write to Cisco Junior College, Cisco, Texas 76437.

In addition to remembering people's names, "INDEXING THE MIND" is designed to help a person learn to make a sales presentation quickly and easily, remember a pretty girl's name and telephone number, make a higher grade on a test, never forget a joke, remember a parts number when he can't write it down, testify or cross - examine in court without notes, recall appointments and schedules without effort, and data and numbers as needed.

Many fun things will be taught, such as how to tell the day of the week if you know the date (without a calendar) and to recall, in the correct order, all of the cards in a deck of ordinary playing cards given to you one at a time.

Nationally - known Oklahoma City memory expert and author, Harvey Drake, will be the instructor. Drake is a training consultant for the Oklahoma City Police Department and has lectured at management conferences for universities such as Southern Methodist, University

Trip To Sweetwater

A trip to the Sweetwater pig show and sale last Saturday was attended by the May School Agriculture teacher, Mr. Bo Allen, and Mr. Hart, grade school coach. Several students attending were Tonya and Bo Emery Allen, Debbie Hart, Jacky Michael, Clendon Chambers, Stanley Purcell, Eddy Musick, and Larry Hart. Six pigs were bought for home projects to be shown in the January, 1973, hog show in Brownwood.

social security QUIZ

A mother who has worked all but 2 years since she was 20 in employment covered by social security dies at 42. Her husband continues to work. Are her two children—ages 10 and 12—eligible for any monthly social security payments?

- A. No, they are not eligible since the father is still working and supporting them.
- B. No, children are not eligible for payments on a mother's work record, only on a father's.
- C. Yes, they may be eligible for monthly survivors payments on their mother's work record.

If your social security check is lost or stolen, notify your social security office immediately.

Sign up for medical insurance under Medicare 3 months before you're 65. You could lose a month of valuable protection if you wait until your birthday.

of Texas, and Oklahoma State University. He is in demand as a speaker for banquets and sales meetings as well as for civic and women's clubs. Drake states that there is no such thing as a photographic memory and this means that any feat of memory that he can perform can be taught to anyone else of normal intelligence.

Scott urged anyone interested in the memory course to contact him right away.

Trailer - Brake Law Passes

The bill to revise the trailer-brake law, co-sponsored in the House by State Rep. Joe Hanna, passed with only four dissenting votes in the House of Representatives late Thursday. The Senate had already approved the bill earlier.

The bill retains safety features while doing away with unnecessary hardships imposed by the original bill, stated Rep. Hanna. The original bill was passed last session as a part of the national

operations still must be met by any rig...Which means that a towing vehicle must be capable of stopping itself and loaded trailer within 50 feet of traveling at 20 miles per hour, regardless of brake exemptions on trailer.

Owners of farm trailers and farm semi-trailers with a gross weight over 4,000 but under 15,000 pounds are exempt if they are used solely to transport their own seasonally harvested agricultural products and livestock from the place of production to the place of process, market or storage thereof, or farm supplies from the place of loading to the farm, and owners of machinery used solely for the purpose of drilling water wells or construction machinery (not designed for the transportation on public highway) may operate or move such vehicles temporarily upon the highways without the payment of the regular registration fees as prescribed law, provided the owners of such farm trailers and semi-trailers and machinery secure a license plate at a fee of \$5.

The amended bill exempts farm trailers and fertilizer trailers from being required to have lights if they are operated on the highways only during daytime, with visibility at 1,000 feet or more.

It also exempts boat trailers under 4,500 pounds from having fixed electric lights if they are operated under the same circumstances. Boat trailers under 3,000 pounds are not required to have brakes, turn signals, or lights if they are operated during the daytime, with visibility at 1,000 feet or more.

Trailers, semi-trailers and pole trailers under 4,500 pounds are not required to have brakes. If the gross weight of the trailer, semi-trailer or pole trailer exceeds 4,500 but is under 15,000 pounds and is not drawn at a speed in excess of 30 miles per hour, it is not required to have brakes. Over those speeds it must have brakes acting on one axle.

Environmental Protection Agency Grant

WASHINGTON, D.C. - Congressman Omar Burleson announces approval of a \$75,000.00 Environmental Protection Agency grant to the Brazos River Authority for Water Quality Management Planning.

The purpose of the study is to develop a basin-wide water quality management plan for the Brazos Basin and adjoining coastal areas, comprising about one-sixth of the area of Texas. Eastland County is one of 68 in the Basin. The study is to be financed half by state and local funds and half by this Federal grant, under the Federal Water Pollution Control Act.

The desirability of having an effective plan throughout the

basin is fully realized by all concerned. The urgency of developing such a plan has been emphasized by Federal regulations requiring that sewage systems built with Federal assistance in the future must be consistent with basin-wide water quality management plans; if such basin-wide plans are not in existence, the proposed sewage treatment facilities will not be eligible for Federal grants to assist in paying construction costs.

Congressman Burleson expressed gratification at the approval of the grant, having made personal contacts with the EPA Administrator in behalf of the Brazos River Authority request.

Annual Senior Citizen Bazaar October 26-27

Afghans, crocheted sweaters, knitting, oil paintings, ceramics, wood crafts, quilts, and many other lovely articles will be on sale at the annual Eastland County Senior Citizens Pre-Christmas Bazaar scheduled Thursday and Friday, October 26 and 27th at the Eastland Rebecca Lodge.

Close to 100 senior citizens are expected to participate this year. If you are 60 years of age or older, you are welcomed to show and sell any handmade articles at the Bazaar. Money

from the sale of articles will go to the exhibitor.

The Oldest Man and Woman exhibitor at the Bazaar will receive special honors. A special gift will be presented to

these two persons during the official opening ceremonies on the first day of the Bazaar, Thursday, October 26 at 10 a.m. in front of the Rebecca Lodge. The Rebecca Lodge is located on Lamar Street, two blocks north of the square.

The 10 a.m. program for the opening ceremonies will include the following: WELCOME, by Mayor Durel Reid; GREETINGS TO

SENIOR CITIZENS FROM EASTLAND COUNTY, by County Judge Scott Bailey; and RIBBON CUTTING, by the Oldest Man and Woman Exhibitor.

A special parade of Antique Cars will precede the opening program at 9 a.m. on the square. All owners of old cars are invited to participate. The

parade will begin at 9 a.m. from the Eastland Fire Station located at 416 Seaman Street. Mrs. Jewel Herweck, parade chairman, is asking that cars and drivers arrive earlier so that the group may line up and cars be decorated.

The Bazaar will also feature entertainment by county musicians during the two day event. The Home Demonstration Club members will sponsor a snack bar and cake and pie sale in conjunction with the Bazaar.

This is the third annual Bazaar of this type to be held in the county. Last year's Bazaar had 61 exhibitors who earned a total of \$640 from the sale of their articles. Senior Citizens are reminded that Wednesday, October 25th from 1 to 5 p.m. is registration and setting up of exhibits.

The public is invited to the Bazaar to see and buy the many articles that will be on sale.

4-H'ers Dream, Sew, Create Own Fashions in 4-H Clothing

SPECIAL - "It's frequently proclaimed that clothes make the man (or woman), but in 4-H it's somewhat reversed. Young people make many of their own clothes and some for other members of the family too," says Lois Howard, home economist with the National 4-H Service Committee, Chicago.

4-H's most popular program - clothing - boasts an enrollment of more than three quarters of a million members. With the supervision of the Cooperative Extension Service and the support of Coats & Clark Inc., 4-H members see the program as an outlet for creativity. They also learn new sewing and clothing construction skills and gain satisfaction by developing a wardrobe that complements their personalities, reports Miss Howard.

Beverly Schenler, of Arcata, Calif., one of six 1971 national winners in the 4-H clothing program, taught mentally retarded girls to use sewing as a creative outlet in a pilot 4-H program involving handicapped young people. Says Miss Schenler, "The girls expressed themselves best through their sewing."

Coats & Clark have supported the 4-H clothing program for over 32 years, with various incentives and recognition for 4-H'ers. County winners receive medals of honor, while each state awards an expense-paid trip to the National 4-H Congress in Chicago, Nov. 26-30. At the 4-H event, six national winners receive \$700 scholarships given by Coats & Clark.

The company also provides 4-H members with instruction booklets on various sewing techniques. For more information about the 4-H clothing program contact the county extension office.

Pecan Field Day To Be Held October 23

The Annual Eastland County Fall Pecan Field Day has been planned for October 23rd. Dan Childress, president of the Eastland County Pecan Growers Association announced that the main feature will be demonstrations of the latest pecan harvesting and spraying equipment.

The Field Day will also include tours of a native pecan grove where considerable improvement has been made and a tour of an improved planted orchard.

Childress said the field day will begin at James McCracken's pecan grove, formerly owned by Kent Word. The grove is located on Highway 183 five miles south of Cisco. It is managed by Tony White. The field day will begin at the McCracken's grove with the tour at 10:00 a.m. on October 23rd.

After lunch the field day will continue at Scranton in an orchard managed by Dale Carlile. The equipment will be demonstrated during the afternoon at the Scranton orchard.

Childress said several manufacturers have been invited to demonstrate equipment. Extension Service

Austin - State Representative Price Daniel, Jr., Monday urged all Texans, regardless of political philosophy or party affiliation, to vote November 7th for Amendment 3 providing for revision of the Texas Constitution.

"Modernizing our Texas Constitution is absolutely essential if we are to make our State government more responsive to the needs of all Texans and more responsible in transacting the State's business. Constitutional revision is particularly important in our efforts to reform the legislative process," Daniel said.

"Next session we can and will make the operation of the Legislature more open, efficient and democratic by adopting new rules and enacting reform legislation, but we cannot complete the job with our hands tied by present constitutional restraints and outright prohibitions.

"If we are to fully carry out the legislative reform mandate expressed so resoundingly at the polls in May and June, the people of Texas must give us the tools to work with by passing the revision amendment on November 7th.

"Our Texas Constitution has had to be amended more than 200 times. It now contains 53,000 words and is five times as long as the United States Constitution. Many of its archaic provisions retard, restrict and hinder, rather than encourage, the efficient and effective operation of our State government.

"I urge the people of Texas to give thorough and meaningful reform a chance by approving Amendment 4 and taking this important step forward in revising and updating our Texas Constitution," Daniel said.

Amendment 4 would give the Legislature authority to establish a Constitutional Revision Commission and to convene as a Constitutional Convention in January, 1974. The Convention would then recommend changes in the Constitution and submit such proposals to the people of Texas for their approval.

PROPOSED CONSTITUTIONAL AMENDMENTS

Instruction Note: Place an X in the square beside the statement indicating the way you wish to vote.

No. 1	<input type="checkbox"/> For <input type="checkbox"/> Against	The constitutional amendment to provide annual salaries of \$8,400 for members of the Senate and House of Representatives.
No. 2	<input type="checkbox"/> For <input type="checkbox"/> Against	The constitutional amendment abolishing the Lamar County Hospital District.
No. 3	<input type="checkbox"/> For <input type="checkbox"/> Against	The constitutional amendment to require the commissioners court in all counties of the state to compensate all justices of the peace on a salary basis.
No. 4	<input type="checkbox"/> For <input type="checkbox"/> Against	The constitutional amendment providing for a constitutional revision commission which precedes the convening of the members of the 63rd Legislature as a constitutional convention in January, 1974, for the purpose of submitting to the voters a new constitution or revisions of the existing state constitution.
No. 5	<input type="checkbox"/> For <input type="checkbox"/> Against	The constitutional amendment allowing certain tax exemptions to disabled veterans, their surviving spouses and surviving minor children, and the surviving spouses and surviving minor children of members of the armed forces who lose their life while on active duty.
No. 6	<input type="checkbox"/> For <input type="checkbox"/> Against	The constitutional amendment providing that the various political subdivisions of the State may exempt not less than Three Thousand Dollars (\$3,000) of the value of residence homesteads of all persons sixty-five (65) years of age or older from ad valorem taxes under certain conditions.
No. 7	<input type="checkbox"/> For <input type="checkbox"/> Against	The constitutional amendment to provide that equality under the law shall not be denied or abridged because of sex, race, color, creed, or national origin.
No. 8	<input type="checkbox"/> For <input type="checkbox"/> Against	The constitutional amendment to provide a four-year term of office for the Governor, Lieutenant Governor, Attorney General, Comptroller of Public Accounts, Treasurer, Commissioner of the General Land Office, Secretary of State, and certain statutory State officers.
No. 9	<input type="checkbox"/> For <input type="checkbox"/> Against	The constitutional amendment to provide that directors of soil and water conservation districts are not disqualified from holding or being compensated for more than one office.
No. 10	<input type="checkbox"/> For <input type="checkbox"/> Against	The constitutional amendment revising provisions on the time and method of proposing amendments to the state constitution and the time and method of publishing notice of proposed amendments.
No. 11	<input type="checkbox"/> For <input type="checkbox"/> Against	The constitutional amendment to provide a salary of \$22,500 for the Lieutenant Governor and the Speaker of the House of Representatives.
No. 12	<input type="checkbox"/> For <input type="checkbox"/> Against	The constitutional amendment permitting State employees, who are not State officers, to serve as members of the governing bodies of school districts, cities, towns, or other local governmental districts, without forfeiting their State salary, and specifying exceptions to the constitutional prohibition against payment of State funds for compensation to any person who holds more than one civil office of emolument.
No. 13	<input type="checkbox"/> For <input type="checkbox"/> Against	The constitutional amendment to set a six percent (6%) weighted average annual interest rate for bonds issued pursuant to constitutional authority presently having a specified interest ceiling.
No. 14	<input type="checkbox"/> For <input type="checkbox"/> Against	The constitutional amendment to allow a county to reduce its county permanent school fund and distribute the money to independent and common school districts on a per scholastic basis.

SPECIAL COW & HEIFER SALE

SATURDAY, OCT. 28th

STARTING 11:00 a.m.

WE EXPECT TO SELL 5000 HEAD

75 percent of cattle will be Bangs tested before the sale. All cattle will be guaranteed to test Clean.

TYPICAL EARLY CONSIGNMENTS

- 700 Angus and 200 Hereford and 200 black baldface two year old heifers, 150 calves on the ground; bred to Angus bulls; weight 700 - 900 pounds, sorted according to color and size. All are top quality.
- 300 Brangus crossbred and black baldface heifers, 750 - 800 pounds, bred to Angus bulls, calving now.
- 400 Hereford, Angus and crossbred heifers two years old, bred to Angus bulls and pregnancy tested to start calving Nov. 1
- 200 Charolais - Angus - Hereford, heifers weighing 800 pounds; these heifers are pregnancy tested and will start calving in January from small boned part Charolais bulls. These calves will be the right color and will be easy calved.

We Are Looking Forward To Seeing You!!

Turner Truck Stop And Restaurant

THAT'S A VALVE! - - Lone Star Gas Co. Regional Transmission Manager Herman Dempsey, center, T.D. Crowder, left, and Weldon Cunningham, right, inspect one of several giant valves now stored at the Regional Headquarters northwest of Eastland in preparation for installation in the giant natural gas pipeline now being constructed across the county. (Photo by Photos and Things).

Construction began Sept. 1, 1972, on Lone Star Gas Company's 36 - inch, \$70 million pipeline from the Delaware Basin in West Texas to the center of the company's transmission system south of Dallas. The 384 - mile pipeline, Line X, is being constructed in six contract spreads, each about 60 miles long.

The first 36 - inch steel pipe started arriving on the storage site in Eastland, Tuesday, Oct. 10, 1972, for construction of Lone Star's 36 - inch transmission line through our neighborhood. Joe D. Hughes Trucking Company of Houston started moving this pipe by pipe trucks from Houston to Eastland where it will be stored on a leased lot on East Main St. until needed on the pipeline.

Whittaker Pipeline Construction Co. has commenced construction of the pipeline near Huckabay, and will be progressing westward with construction. Fabrication work of related facilities is underway by this construction firm. Lone Star Gas Company Inspectors are on the job providing assurance that the pipeline will be built in accordance with specifications and safety codes.

Lone Star is using the most modern technology and construction techniques in building the pipeline. The new

procedures include the uses of aerial photogrammetry engineering methods for determining the pipeline's route, automatic welding machines and computers for analytical planning and evaluating.

To expedite drafting, right - of - way purchasing and surveying, Lone Star contracted with Tobin Research, Inc., a San Antonio based aerial photogrammetry engineering firm, to do aerial mapping for determining the pipeline's final route.

An automatic welding system will be used in constructing the pipeline. The system consists of automatic, self - contained, external welding units for completing the weld and a hydraulically powered machine to prepare the joints in the field.

Computerized analytical techniques are being used in planning material supply flow diagrams, determining the feasibility of construction scheduling and analyzing cost factors.

At Houston, the 40 - foot sections of pipe are being coated and welded into 80 - foot sections. The pipe is then shipped by pipe trucks to construction storage yards, such as the one here at Eastland, or directly to the

construction sites. About 200 trucks are needed daily to transport pipe for the pipeline.

It will be necessary for the pipeline to cross the Leon River in Eastland County as well as the Pecos, Brazos, Colorado, and Concho Rivers.

Hughes, Trucking Company supervisors have started the employment of local workmen to assist in unloading and storing operations at the storage yard. Further assistance is anticipated when this trucking company starts hauling pipe from the storage yard to the pipeline right - of - way.

As the pipeline construction contractor proceeds westward, it is anticipated that local labor will be in demand for construction activities on the right - of - way.

VISITORS

Guests in the home of Mr. and Mrs. Perry Brown during the weekend were Mr. and Mrs. Paul Jones of Clovis, New Mexico. Mrs. Jones and Mrs. Brown are cousins.

Recent visitors in the home of Mrs. H.C. Scott and Mrs. Elsie Mae Lewis were Mrs. M.M. Sheffield, Thelma Casey of Coleman, Vyron Funderburk and children of La., and Mrs. J.T. Harris and son, Everette.

Mr. and Mrs. Gary Jones and two children of Garland spent the weekend here visiting his parents Mr. and Mrs. Merlin Jones, and other relatives.

Mrs. Fletcher Stark, sister - in - law of Mrs. M.J. Dukes, and R.C. Stark, brother of Mrs. Dukes, visited all last week in the home of Mr. and Mrs. M.J. Dukes.

Mr. and Mrs. Frank Hubbard of Mason were visitors last weekend in the Leonard Harris home. Mr. Hubbard is Mrs. Harris' brother.

Health Hints

FROM BLUE SHIELD

Halloween Safety

Besides ghosts and goblins, there's often real danger lurking in the Halloween night air. Every year many trick-or-treaters are seriously injured or poisoned from eating candy and other goodies given to them by strangers. Youngsters have been known to receive candy coated with rat poisoning and fruit containing razor blades. Parents should give their children strict instructions not to eat anything given to them by strangers until they arrive home. At home, parents should carefully inspect everything received.

Also, if youngsters trick-or-treat at night, be sure they wear light colors so they can be seen by cars, walk along the shoulder of the road facing traffic if there are not sidewalks, wear makeup instead of a mask to see better, wait outside of homes of strangers for treats and carry flashlights instead of candles or jack-o'-lanterns.

WELCOME HOME THE HUDDLESTONS

Are you a hazard to your wealth?

Everytime you hold your paycheck in your hot little hand, you promise yourself to salt something away. But man is weak. And what you want today seems a lot more important than worrying about what you'll need tomorrow.

Quit kidding yourself. Join the Payroll Savings Plan where you work. It's easy. Just specify an amount you want set aside from your paycheck. Then that money is used to buy U.S. Savings Bonds. You never see the money, so the temptation to spend it is removed. And with every paycheck, your money grows. So when you need it, you'll find

you've got a sizeable amount stashed away. Enough to help out with what tomorrow may bring. If you can't trust yourself, trust U.S. Savings Bonds. Then you'll have a fund in your future.

Now E Bonds pay 5 1/2% interest when held to maturity of 5 years, 10 months, 4 days, the first year. Bonds are replaced if lost, stolen, or destroyed. When needed they can be cashed at your bank. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

Take stock in America. Join the Payroll Savings Plan.

A weekly public service feature from the Texas State Department of Health

Accent on Health

J.E. PEAVY, M.D., Commissioner of Health

Drug abuse and drug addiction are major national problems and certainly are the highest priority in the State of Texas. Thousands of Texas youths and adults endanger their health through the inappropriate use of drugs of all kinds.

In addition to the human costs, society loses thousands of dollars a year in health services, lost man hours, theft, and general social destruction. Drug abuse ruins lives and destroys families. It also takes lives. It must be of concern for every Texan.

An annual "Drug Abuse Prevention Week in Texas" allows us to voice our concerns over what has to be done to tackle this major dilemma

facial society. But it doesn't fully tell the day by day efforts put forth by State agencies to attack the problem and their efforts to provide at least a partial answer through the many services offered at the State level, say State Health Department officials.

Drug Abuse Prevention Week will be observed this year from October 15 through October 21. Some 17 state agencies, who cooperate under the Texas Interagency Council on Drug Abuse, during this week will try to spotlight drug abuse services available to the public from their respective agencies.

The Texas State Department of Health has responsibility for two major drug abuse services. Through a comprehensive public health education film

Library and an extensive literature distribution unit, the agency provides the latest, most authoritative drug information. It is available to the public at no charge.

In 10 Texas cities, methadone treatment centers are in operation to provide addicts with a synthetic narcotic drug substitute for heroin. The maintenance clinics are licensed and regulated by the State Health Department.

At present there are 16 clinics operating in 10 cities - Austin, San Antonio, Houston, Dallas, Fort Worth, Lubbock, El Paso, Corpus Christi, Harlingen, and McAllen. Under Texas law, the narcotic maintenance programs must have permits and conform to guidelines of the State Health Department.

Among the new regulations governing methadone maintenance in Texas is one providing the drug will be administered daily initially and then may be supplied each individual patient after a maintenance dose is established. The patient may not receive more than a three-day supply.

Patients on a maintenance program must also receive treatment within the geographic area in which they live. The areas conform to the 10 regional areas of the State Health Department. Reason for this is clear. A patient could be enrolled at more than one clinic and wind up with more methadone than he uses - selling the rest on the black market. A survey by the New York Times of 14 major American cities with methadone maintenance programs has found that in all of them there is some trafficking in the synthetic addictive drug.

Through regular checks of urine, clinic officials can tell if a methadone user has slipped back to heroin.

Just as heroin can cause a fatal reaction through an overdose, so can methadone. There have been fatalities in Texas caused by overdoses of methadone. In the clinic under state regulation, tests are run first to see if the patient is a user of heroin. Then, the maintenance dose is arrived at carefully. While an addict with a big problem can take large doses of heroin or methadone, a non-user could have a death-dealing dose on his first experiment with either.

Why has the maintenance program become a useful tool in the treatment of drug addiction? Persons on a maintenance program haven't really kicked the need for narcotics, but they are able to perform their normal jobs, care for their children, and attend school by using the

narcotic drug substitute. But even after using methadone, they cannot release themselves from their drug dependence without going through total withdrawal, for methadone is an addicting narcotic just like heroin.

Research is now underway to find a substance to take the addict off of methadone, an agent that would block the effects of heroin over long periods of time and yet not produce an addiction to the new substance.

But until that substance is discovered and perfected, heroin users have only four choices: to continue using the drug; undergo "cold turkey" withdrawal; go onto a regulated methadone maintenance program that will satisfy their habit and yet return them to a useful life; or undertake a methadone withdrawal program.

Square Dance Festival Oct. 28

The Taylor County Coliseum in Abilene will be the scene of the fourth annual Square Dance Festival Oct. 28, to benefit the West Texas Rehabilitation Center. The festival is sponsored by the Square Dance Clubs of Abilene, Anson, Dyess, Air Force Base, Sweetwater, and Winters. Square Dance Clubs from throughout Texas are expected for the Square Dance Extravaganza.

Eight top area callers will be on hand, with guest callers as time permits. Calling the tips will be Sleepy Browning, Jayton; Delton Lovelace, Abilene; Jack Mason, Sweetwater; Owen Renfro, Abilene; Raymond Calley, Brady; Ralph McMulle, Baird; Jay Lynn Moseley, Santa Anna; and C.L. Woods, Colorado City.

Spectators are welcome. There is no admission charge, but donations will go to the West Texas Rehabilitation Center.

First Baptist Honors Lane Wells

An appreciation dinner will be held on Wednesday night, October 25, at 7 p.m. in the First Baptist Church Fellowship Hall for Lane Wells, former music director of the church.

This event will be honoring Lane's many years of faithful service in the church music program.

Everyone is invited to attend this dinner and bring a covered dish.

HD NEWS

By Janet Thomas County Home Demonstration Agent

The last of the big spenders will visit the State Fair of Texas again this year. Mr. CAP, the mystery man whose identity is worth \$2,500 or more, returns to Dallas for the 16 day fair, Oct. 7 - 22.

The brainchild of the Colgate - Palmolive Company, Mr. CAP was a focal point of excitement at last year's State Fair. According to contest rules, Mr. CAP will stroll through Fair Park and the immediate vicinity until someone, with label or boxtop in hand, asks the magic question: "Are you Mr. CAP?" If recognized on the first day, Mr. CAP is worth \$2,500. The prize money increases by \$100 for each day that he remains unidentified. Daily clues will be provided on radio station KLIF. When Mr. CAP is found, the contest begins again with a new Mr. CAP.

An additional \$2,500 will be awarded at a drawing in the Cotton Bowl at 6:15 p.m. on October 22. First prize will be \$1,000; second, \$750; third, \$500; and fourth, \$250. Labels, boxtops or hand-drawn facsimiles, deposited in special boxes located in and around Fair Park during the run of the fair, are eligible for the drawing.

Detailed contest information will be announced prior to the fair. State Fair of Texas employees and exhibitors and previous winners in the Mr. CAP contest are not eligible for prizes.

For 16 days super sleuths will have a chance to shine. And Dad and Mom can hope that Junior might win something even more attractive than a giant panda or live chameleon.

Afghans, crocheted and knitted sweaters, quilts, oil paintings, stuffed toys, and many lovely articles will be for sale at the annual Senior Citizens Pre - Christmas Bazaar on October 26 and 27 at the Rebecca Lodge in Eastland.

We are expecting a large number of people to exhibit with many beautiful Christmas gift items to be on sale.

The Home Demonstration Club ladies will sponsor a snack bar along with cakes, pies, and other baked goodies for sale during the two day sale.

Everyone is invited to attend and participate in all the fun and activities.

Are sweet potatoes a favorite with you? Sweet potatoes, now for sale in the grocery stores, are economical, delicious, nutritious, and easy to prepare. Did you know that one serving of sweet potatoes supplies the body with its daily Vitamin A needs and approximately one-third of the daily needs of Vitamin C. They also supply small amounts of the B vitamins and minerals.

You might like to try this dish to add variety to your meals this fall...

- SWEET POTATO - APPLE BAKE**
- 2 baked sweet potatoes
 - 2 tart apples, unpeeled and sliced
 - 1/2 cup brown sugar
 - 3 tablespoons cinnamon "red hot" candies
 - 3 tablespoons butter
 - 1 teaspoon salt.

Peel and slice potatoes. Place layer of sweet potatoes in buttered baking dish. Cover with layer of apples. Sprinkle with half of sugar and candies. Sprinkle with salt and dot with butter. Repeat layers. Cover and bake at 350 degrees F. about 30 minutes or until apples are tender. Serves 4 to 6.

Want to join a home demonstration club: A HD Club is composed of homemakers who learn together. Everyone is involved! Members through their club meetings get the latest information on what's new for your home and family. You have an opportunity to participate in community projects. You meet with other homemakers for facts and fun.

What does it cost? Dues are not required. Your major investment is your time to learn and share new information.

Can anyone join? Yes, home demonstration clubs are open to all homemakers who would like to join. If there is not a club or group near your home, you

Cattlemen's Round-Up Holds Auction

Everything from trace chains to tractors will go on the auction block Saturday, Nov. 11, 1972, at the Tex Herring Equipment Co. in Lawn, Texas. The sale is the final phase of the 13th Annual Cattlemen's Round-Up for Crippled Children to benefit the West Texas Rehabilitation Center in Abilene, Texas.

Previous sales of cattle, horses, sheep and goats have raised \$103,000 of the Round-Up goal of \$120,000.

Col. Tex Herring, chairman of the Farm Equipment sale, said that if the kind of support the livestock sales have had carries over into the farm sale, the final \$17,000 can be reached. Herring stressed the importance of a large number participating in the donation of items. Items large and small are needed.

Any farm related items, such as ties, implements, appliances, vehicles, motor oil, are being accepted.

Anyone wishing further information may contact Col. Tex Herring at 692-1710, or contact the West Texas Rehabilitation Center, 692-1633.

The first farm equipment auction to benefit the center was held last April, and was so successful that the auction was made a part of the 13th annual Cattlemen's Round-Up for Crippled Children.

Questions and Answers

Q. I own a grocery store. I report my employees' wages and send in the social security contributions every 3 months. However, my brother, who owns a greenhouse, only makes out his report once a year. Who's right?

A. Both of you. A grocery store is considered a regular business and reporting employees' wages is done quarterly. However, operating a greenhouse may be classified as an agricultural enterprise which requires reporting employees' wages on an annual basis.

Q. I'm 64 and for several years I've been getting monthly social security payments based on my late husband's work record. Now I'm planning to remarry and the man I'm marrying is getting monthly retirement checks. After I'm married, will I continue to get payments?

A. Yes, you'll continue to get monthly checks after you remarry, and the amount of your monthly checks may increase. Call, write, or visit your social security office to notify them as soon as you remarry.

Kitten Homecoming Spectacular

WELCOME BACK
Rising Star Exes
CHARLES & RUBY
BALLEW

The Rising Star Kittens enjoyed exciting Homecoming activities last Tuesday evening Oct. 10, at the Rising Star field. Santa Anna Mountaineers were out maneuvered and slightly out - classed in a Kitten victory with the final score 26 to 12.

Coach Fortune stayed busy sending players in and every boy on the squad had some experience on the field. Santa Anna came to life in the fourth quarter making two touchdowns and getting 12 points on the scoreboard. But there was no doubt it was Kitten territory all the way.

These three co - captains also had the pleasure of kissing Miss Maynard with each presentation.

Kitten fans and the entire town can be proud of our grade school football team.

Welcome

From

SHULTS
IMPLEMENT

John Deere Sales & Service

Starting on the field were Ken Hounsel, David Kelley, Macky Elliott, Dwight Hutchinson, Benny Byrd, Bryan Ezell, Kevin Rust, Glen Dennard, Randy Bibb, James Thompson, and Jerry Lipps. Running in on the kickoff David Kelley ran the ball for our first touchdown. Macky Elliott made the conversion attempt good, making the score 8 to 0 just 20 seconds into the ball game. The second touchdown came soon with Dwight Hutchison doing the honors but seems we couldn't make another conversion the entire night. In the second

quarter it was David Kelley over the goal line with another 6 pointer. Kelley had a good night with one more touchdown in the third quarter and the score was 26 to 0.

Spectacular halftime activities were observed by a large crowd of spectators. The Kitten Pep Squad marched on the field and made a large circle with the majorettes forming a saluting entrance for the 1972 Kitten Football Sweetheart Kaylon Maynard to pass through. She was crowned by David Kelley with a blue football helmet. Presenting her with a beautiful bouquet of white chrysanthemums was Dwight Hutchison. Macky Elliott gave her a football.

NEWS

By Eva Stroebel

Mrs. A.P. Wende and son Donald, has as Sunday luncheon guest her daughter and family the Morgan Flemings of Cisco and Don's friend Sandy Boyette, also of Cisco.

Mrs. Fred Butler visited Josie and Alma Morris Sunday afternoon.

Mr. and Mrs. Edwin Erwin visited Mrs. Jack Thomas and Mr. and Mrs. Everett Blankenship Sunday afternoon.

Mrs. Agnes Townsend and Mrs. Beulah Sheridan attended church in Cisco Sunday and were Sunday luncheon guests of Mrs. Ola Boles. They all visited friends in the rest home in the afternoon.

Mrs. Maud Hill spent Tuesday and Tuesday night with Mr. and Mrs. G.C. Stroebel and entered the Graham Memorial Hospital in Cisco Wednesday where she is slowly improving.

Mrs. Wallace McCarver of Cisco visited Mrs. A.L. Higdon Wednesday afternoon.

Mr. and Mrs. Jack Cozart were Saturday night luncheon guests of Mr. and Mrs. Buck Sharp in Cisco.

Those visiting Mrs. Agnes Townsend last week were Mrs. Pauline Glacner, Mrs. Betty Blackwell and Miss Milespike of San Angelo.

Mr. and Mrs. Buford Cozart had relatives visiting them last weekend from Mesquite.

Mr. and Mrs. Jack Milespike of San Angelo spent last weekend with Mr. and Mrs. Dan Glacner.

Mr. and Mrs. G.C. Stroebel visited Mrs. Maud Hill in the Cisco Hospital Sunday afternoon.

As It Looks From Here
 By Omar Burleson

WASHINGTON, D.C. -- THE FOLLOWING IS FROM A SPEECH made by Congressman Burleson on the Floor of the U.S. House of Representatives on the subject of Revenue Sharing passed by the Congress last week...The Staff.

MR. SPEAKER, IN THE DEBATE on this bill when originally approved by this House, along with others, I attempted to convince its supporters that it was the worst piece of legislation ever before this body. In principle and philosophy it is no better as presented in the conference report now before us. This report should be voted down. Should this report be disapproved at least our Ways and Means Committee and the Finance Committee of the other body, could then fix the effective date as January 1, 1973, rather than make the handouts provided in this measure, retroactive to January 1 of this year. The savings would amount to approximately \$6 billion, an amount near that estimated to be cut from expenditures by the President to bring spending down to \$250 billion in this fiscal year as authorized in the legislation passed two days ago.

MR. SPEAKER, I CONTINUE to believe there is virtue in consistency. Those of us who supported the spending limitation a few days ago will be consistent in voting against this proposal. Turn down this monstrosity, this Frankenstein, and the problem of keeping expenditures at \$250 billion or less will be solved.

I SAY PARTICULARLY TO MY Republican friends that when you support this huge spending called for in this bill, you are hardly consistent with your strong support for the request of the President for a spending ceiling.

OVER THE PERIOD OF TIME provided for in this bill, \$32 billion is added to the 72 percent of any budget already committed by long - term appropriations and over which the Congress has no control. This is only the beginning of this program which is bound to grow and grow.

ALLOW ME ONE FINAL POINT. Money provided in this bill is automatically allocated to State and local government. They need to do nothing but go to the mailbox. They must spend the money handed them

to qualify for more funds in following years. Now what kind of a system is this? It is wrong and an innovation which I predict will be regretted by you who support it.

Charles Ashley -
Rowena King Wed

Mr. Charles Ashley and Mrs. Rowena King were married in Methodist Church in Hobbs, New Mexico, on October 6. They will reside at 723 East Green Acres in Hobbs. Mrs. Ashley is the sister of Lee Clark and aunt of Mrs. Glen Henry and Miss Pauline Roberds.

Mrs. Nona Roberts of Salt Lake City, Utah, has been a visitor in the home of her sister, Mrs. B.B. Morris.

Birthday
Supper

Hal Dean Michael celebrated his thirty - sixth birthday in his home Monday night, Oct. 16, with his family, Mrs. H.D. Michael, Jacky and Kenneth. Other guests included his parents, Mr. and Mrs. Floyd Michael, and a friend, Danny Daniels of Brownwood. Several other friends were by during the evening to offer congratulations.

The birds,
 animals & flowers
 are dying to tell us...
 "Give a hoot,
 don't pollute."

Everywhere you look, our environment is being threatened by pollution. Wild flowers along our roadsides are being picked rather than admired. Smog is killing trees, it's forcing birds to find new homes. Fish are running out of clean water. Just what's being done about it? A lot. But we've got a long way to go. Let's all do our part. And help keep the birds, animals, and flowers alive.
 GIVE A HOOT, DON'T POLLUTE.

Join Woodsy Owl's fight against pollution. Today.
