Survey Card Inside

### First Baptist Church to Distribute Scriptures

Members of First Baptist Church of Rising Star will be conducting a People Search/Scripture Distribution day in the city of Rising Star and surrounding community and area on Sunday, Nov. 5.

The purpose of the People Search program is to locate people who are not members of a local congregation and to distribute scripture tracts and New Testaments to each

Publicity chairman for the project is Mrs. Ruby Murdoch. A copy of the "Here's Hope" survey cards is printed in this newspaper.

Other Southern Baptist churches throughout the nation also are to be distributing several million New Testaments and conducting surveys in their communities. The People Search/Scripture Distribution is part of a nationwide evangelistic effort of Southern Baptists called "Here's Hope - Jesus Cares

**Booster's Giveaway List** 

The Rising Star Booster Club met Monday evening in the high school library with 11 members present. A short business meeting was conducted. Lee DeLong was selected offensive player of the week and Matt Harmon was chosen as defensive player of the week.

We would like to remind parents of Parents Night at the football game this Friday. Parents should be in the end zone at 7 p.m. with activities to begin at 7:15.

Opportunities for the merchants gifts will be offered for \$1 donations through the fist quarter of the game and drawings will be at half time, Friday, Nov. 4.

We thank everyone who handled gifts and ser-

vices to raise money for the Booster Club. A partial list of items to be given away includes two chicken fried steak dinners, The Rainbow; \$25 in groceries, Family Food Store; a brisket and a dinner ham, Chambers Grocery; \$20 gift, Hubbard's Gift & Gallery; U.S. savings bond, First State Bank; two brisket dinners, Barr's Bar-B-Q: four all-you-can-eat fish dinners, Cook's Fish Barn; lab profile, Rising Star Clinic; 12 custom made caps, Ole Rip Cap Co.; \$20 in gasoline, Nall's Quik Stop; and two cases of Coke, Max's Quickway.

There are several more nice items to be given away, so be sure to make donations for your chances.

# Wildcats and Tigers Well Matched, 7-7

rushing touchdown called

The Rising Star Wildcats took on the undefeated Hico Tigers in a key District 16-A game last Friday night. The game, tied 7-7, was decided on penetrations and went to Hico.

The Wildcats dominated the first half of play between the two very evenly matched teams. Hico kicked off to Rising Star and on the third offensive play, Wildcat Derrick White broke into the open and sprinted 36 yards to the Hico 35. Unfortunately the Wildcats fumbled and Hico recovered the loose pigskin on their own 12-yard line. The Wildcat defense has dominated the opposition all year and this game was no exception. The 'Cats held the Tigers on 3rd and 1. Following Hico's 31-yard punt the Cats took over on Hico's 35. The offense moved the ball well and White scored on a one-yard run with 3:39 left in the first quarter. Donny Alcorn's PAT kick was good and the Cats led 7-0.

Hico was forced to punt on their next possession but the Cats fumbled the ball on the punt return, giving Hico the ball on the Wildcat 39. Hico went for a 1st down on 4th and 12, but good pressure on the quarterback by Alan Havens and good pass defense by Larry Hollis caused the pass to fall incomplete. The Tigers turned the ball over on the Wildcat 12-yard line. An outstanding Wildcat defense held Hico to 4 yards rushing and only 5 yards passing for a total gain of 1 yard in the first quarter. Awesome!

White picked up 15 yards on the first play of the second quarter and Lee DeLong came up with a 12-yard gain but the Hico defense managed to keep the 'Cats from 1stdown yardage on a 4th and 1 situation. It was Hico's ball on the 'Cats 46-yard line. Hico came up with a big 26-yard pass play to the Wildcat 20. Good pressure from Alcorn and Matt Harmon forced the Tiger quarterback to get careless. Cody Wilson came up with the interception in the end zone and the 'Cats started from their own 20. The 'Cats seemed to be able to move the ball at will. White had another 13-yard pick-up and Alcorn a 15 yarder when disaster struck. DeLong picked up 15 yds and a first down but suffered a broken leg on the tackle. When the 'Cats lost DeLong, a Senior Captain, running back and safety, they also lost their mometum. Rising Star was forced to punt for the first time of the game. In my opinion this was the turning point of the game.

Hico came up with a big play of their own with a 23-yard rush. The Tigers had a 15-yard pass play called back and on the very next play they had a 39-yard

#### Fish Fry to **Benefit Sipe** Springs VFD

A fish fry to benefit Sipe Springs Volunteer Fire Department will be held at Cook's Fish Barn from 6 to 10 p.m. Monday, Nov. 6.

The meal is all you can eat for \$6 a plate.

Cook's Fish Barn is located about midway between Rising Star and Comanche on U.S. Highway 36.

back on a clipping penalty. With 2:30 remained in the second quarter, Harmon came up with a good quarterback sack for 3 yards. White had another QB sack, this one good for an 11-yard loss. Harmon had a tipped pass and the Wildcat defense swarmed for another QB sack, forcing Hico to turn the ball over to the 'Cats on downs at Hico's 40. With 53 seconds left in the half the Cats tried a fleaflicker but were unable to make it work and the half ended Rising Star 7, Hico 0.

The Wildcat defense came up with the ball when Bryan Bailey picked off a Hico pass and returned it 8 yards to the Hico 24 in their first offensive play of the second half, then momentum switched to Hico. Three big passing plays later (10, 30 and 30) Hico had the ball on the Rising Star 27-yard line. A 22-yard rush set up the Hico TD and the Tigers dashed 5 yards to score. The PAT was good and the game was tied 7-7 with only 3:15 elapsed in

the second half. The Wildcats had to punt on their next possession and it was a beauty. Alcorn punted 44 yards to Hico's 3-yard line. On the 'Cats next offensive series they started from their own 15-yard line. White broke out for a 24-yard gain but the Tiger defense held and the 3rd quarter ended with the 7-7 tie.

The 'Cat defense rallied and stopped Hico on 3rd and 8, only to come up with a penalty which gave Hico a new set of downs. The defense swarmed and came up with a QB sack forcing Hico to punt. On an excellent punt the ball took a Hico bounce and was good for 60 yards before being downed at the Rising Star 10. Penalties plagued the 'Cats and they were forced to punt from their own end zone. A personal foul was called at the end of the punt return, giving the Tigers the ball on the Wildcat 23. Again the RS defense rallied. It was 1st and goal for Hico on the 4-yard line, then 2nd and 1 on the 1 when Toby Long came up with a Hico fumble. Again the 'Cats punted from their own end zone.

Starting on their own 46 with 3:37 left in the game, the Tigers moved into Wildcat territory on a 35-yard rush. The 'Cat defense came alive and Alcorn's good backfield tackle cost the Tigers an 8 yard loss. On the very next play Alcorn's QB sack caused a loss of 6 more yards. Hico's 3rd-down pass fell incomplete and the 'Cats had the ball on their own 20 with 16 seconds left in the game. The Tigers did an excellent job of covering our receivers and came up with two QB sacks of their own, ending the game in a tie 7-7.

Hico had 3 penetrations to Rising Star's 1, which will give the decision to Hico. The Wildcats played with great heart and determination; they simply lacked the depth to overcome their injuries. It was a game of heartbreaking emotion, not only for the players but for the fans as well. All I can say is "WILDCATS, WE ARE PROUD OF YOU."

Tackles: B. Bailey 81/2, 1 int.; D. Alcorn 71/2, 11/2 sacks; C. Wilson 7, 1 int.; T. Long 51/2, 1 fmbl. rec.; M. Harmon 51/2; L. Hollis 4; D. White 31/2, 11/2 sacks; B. Flores 31/2; A. Havens 3, 1/2 sack; J. Evans 3; R. Barron 2, 1/2 sack; L. DeLong 1.

Rushes/yds.: D. White 25/169, 1 TD; L. DeLong 7/50; D. Alcorn 12/41; C. Wilson 2/2; B. Geye 1/1; J. Evans

Receptions/yds.: B. Bailey 1/4. Kick rtrns.: K-O: L. DeLong 1/17, D. White 1/31; P: C. Wilson 2/9.

Kicking: D. Alcorn 4 punts, avg. 37; D. Alcorn X pt., 1 for 1; D. Alcorn K-O

# Public Notice

Coordinator

Development Council Re: TDCJ Institutional Division Prison Site Proposals

E Dear Sirs:

The purpose of this letter is to advise you that November 6, 1989 at noon is the deadline for making any further changes, enhancements, additions or deletions to your prison site proposal. All changes must be received in my office by the deadline in order to be considered.

On November 8, 1989 the Board subcommittees will meet in the Reagan State Office Building in Austin to develop the final short list.

The site committee (North) who reviewed your site will meet at 9:00 a.m. in Room 101. These rooms are of a limited size and no public testimony is planned.

The Board is asking that communities limit the number of persons in attendance to no more than four to five persons who are familiar with the proposal specifics. There will be no public testimony at the November 8, 1989 meeting.

However, questions may be asked to community representatives regarding their proposal. If selected as a finalist, the communities will be given an opportunity to express their support through registering their attendance on November 13, when final presentations will be made.

Your cooperation in this matter is sincerely appreci-

Sincerely, William Barry Director of Management Service NOTIFICATION **PROCEDURES** SHORT-LISTED COMMUNITIES

The following procedures represent steps to be taken by each short-list community to insure adequate public notice of the potential of being selected as a prison site.

The Board of Criminal Justice has tentatively set November 13, 1989 as the date for final selection of prison sites. The meeting will likely be held in Austin in the Senate Chambers beginning at 9:00 a.m.

The procedures for soliciting public input will be as follows:

1. Each finalist community will be afforded 15 minutes to present support for its proposal and an equal 15 minutes will be afforded to opposing comments.

2. Persons attending the meeting will be given the opportunity to register their attendance and indicate whether they support or oppose the siting of a prison in their community.

3. Persons wishing to address comments to the Board will be asked to complete an information card indicating their name,

address, county of residence, and whether they desire to speak for or against the proposed site. Due to the overall time limitation of 15 minutes for support and 15 minutes for opposition for each community, it is suggested that persons with similar viewpoints coordinate their presentations prior to the meeting. Information cards have been provided to each shortlisted community and will be available at the Board meeting.

Because you may not be notified of your finalist status until a few days prior to this meeting, each community is being asked to insure that its citizens are made aware of the opportunity to appear at the meeting if the community is selected as a finalist. Please insure that the following notices are made not later than November 5, 1989:

1. Publication in the local newspaper(s) of the possibility of being a finalist and notification of the meeting date, time, place, and procedures as outlined above.

2. Posting of a similar notice on a bulletin board routinely used for this purpose at the city hall and county courthouse.

3. Other postings or announcements as appropri-

If notified that you are a finalist, please insure the following:

1. Immediate notice to the community in a manner

ley and Sandlin Brothers, both

of Carbon. White ribbon

winners were H&R Cattle

Company, Lummus and

Guess, both of Ranger; D.J.

West; Gene Snider and Gor-

Cross Plains.

Gene Snider of Gorman.

The champion Other Per-

Thirty-three entries competed in the Eastland County Hay Show Thursday, Oct. 26. Champion of five divisions were announced by County Extension Agent, De Marquis

Gordon. The Champion Alfalfa was entered by Toni Hart of Ranger, The entry was 22.5% protein, had a physical score of 85 and total score of 92.5.

Truet Hart of Ranger exhibited the Champion Coastal Bermudagrass bale. The entry was 14.6% protein with a physical socre of 89 and total score of 94.5

Lummus and Guess of Ranger was the owner of the Champion Sorghum-Sudan Grass Hybrid. It was 10.1%

similar to the above of the finalist status.

2. Copies of all published notices and any other evidence of compliance with the posting requirements must be express-mailed or telefaxed to Bill Barry, TDCJ/Institutional Division not later than 5:00 Friday, November 10, 1989.

(11-2)

Red ribbon winners in the Sorghum-Sudan Grass Hybrids were Mose Nantz, Lummus & Guess, both of Ranger, and Biff. Wade of Eastland. White ribbon winners were H&R Cattle Company, John Dyer of Cisco and

Lynn Talley. The hay was classified in the three groups based on chemical score (protein) and physical score. All those entries that scored 85 or above received the blue ribbon. Red ribbon winners scored 70 to 85 and white ribbons winners scored below 70. The physical score was determined by maturity of the hay, texture, leafiness, freedom from foreign material and color.

Dr. George Alston, Extension Agronomist, judged the hay and spoke to the group on 'Producing Quality Hay.'

Dr. Steve Hammack, Area Beef Specialist, spoke on 'Nutritional Needs of Beef Cattle.'

Ronald Pope, chairman of the Livestock and Forage Committee, presided over the hay show. Other committee members helped with the show and program.

County Hay Show were Eastland Farm And Ranch Center, H&R Feed Store in Ranger, Bond Fertilizer at Lake Leon, Johnson Seed and Fertilizer at Desdemona. Brown's Feed Store at Gorman, Carbonn Agri-Center, Inc. and Pioneer Farmers Cooperative.

Ribbons were provided by

the Texas Agricultural Extension Service Forage Test-

Cancer Society ToMeet Nov. 6th

The Eastland County Unit of the American Cancer Society, Texas Division Inc. will hold a meeting at K-Bob's in Sponsors of the Eastland Eastland on Monday, Nov. 6, at 6:30 p.m.

Everyone is welcome.

#### Senior Center News

Marion and Marjorie West attended a rythm band party in Cisco Thursday night at the Clois Webb home. Everyone enjoyed a delicious covered dish din-

Martha Carouth spent Sunday with her daughter, Linda Bates, and her sister, Minnie Bishop, Brownwood. Martha had a surprise visit from her son, Rickey, of Cross Plains last Thursday. He had lunch with them at the center.

Irene Joiner and Jim Summers spent Wednesday with Edith Bostick.

Wilma Rabe is still having to stay in bed:

Bill Gray and Irene Mayfield made a business trip to Brownwood last week.

Ruth Green took her sister, Irene Sims, to the eye. doctor in Brownwood last week and she is scheduled for eye surgery in November.

Marion and Marjorie visited their daughter, Juanita Hollis, and family Sunday afternoon.

Last Thursday the center had a birthday party honor-

ing the following who had a birthday in October: Sula Harris, Ladell Key, Freduct Criswell, Cliffogene Witt and Flara Westerman. We wish to thank Berna Lee Chick for baking the birthday cake.

We had a large crowd Monday for the Meals on Wheels luncheon. Persons over 60 years of age \$1.00, under 60, \$2.50. Call for a reservation for your meal at the center before 10 a.m. The food is catered from Cisco.

Bill and Jane Jenkins and Ladell Key spent the weekend in Austin on business.

Maurine Wells spent 10 days in Canyon with Ruth Pennington, a very dear old friend, and she reports a most enjoyable time.

Evelyn Ward will check blood pressures Thursday, Nov. 2, at the Center, from 10:30 a.m. to 11:30 a.m.

Berna Lee Chick attended the beauty pageant in Cisco Saturday in which her granddaughter competed. Jerrilea Anna won two first place trophies in two categories.

Marjorie West

A.B. Thornton

Services for Alton 'A.B.' Thornton, 74, of Abilene, were held at 3 p.m. Tuesday at Wylie Baptist Church with the Rev. Ed Jackson officiating. Burial was in Elmwood Memorial Park, directed by Elliott-Hamil Funeral Home, U.S. Highway 277.

He died Sunday at a local hospital.

Born in Mexia, he moved to the Wylie community as a child and attended school in

A farmer and rancher, he owned a ranch on Buffalo Gap Road, south of Wylie.

He was a member of Wylie Baptist Church.

Survivors include his wife, Cora Lee Kossey Thornton of Abilene; a son, Charles Thornton of Springtown; two daughters, Sandra Kay Wright of Dallas and Linda Rodriguez of Tulsa, Okla.; three sisters, Ethel Moore of Rising Star and Fannie Long and Beulah Glisson, both of Abilene; two brothers, Clarence Thornton and Roy Thornton, both of Abilene; and five grandchildren.

Memorials may be made to the Wylie Baptist Church.

103 E. College

### RSISD Board Meeting

The Rising Star Independent School District Board of Trustees convened in a special meeting prior to the regular meeting October 9 at 7 p.m. in the board room.

A training seminar in cash management, standard 8, was held in compliance with Education Code 23.33 and 19 TAC Section 61.174. The seminar was conducted by Becky Reeves from Texas School Services Foundation, Texas Association of School Boards.

Present for the seminar were Larry Wilson, Tony Long, Dr. Charles Barnes, Larry Chambers, Ronnie Green, Gary Wilson, Dr. Donald E. Bryan, Weldon Hill, Robby Stuteville and Kathy Herring.

REGULAR MEETING

The regular meeting of the school board began immediately after the seminar ended, shortly after 8 p.m. with the same board members and school personnel present, with the exception of Kathy Herring; David Harris was absent.

The minutes of the regular meeting on Sept. 11 were approved as read, as were the minutes of the special meeting Sept. 28.

A copy of the letter from Texas Education Agency Division of Accreditation was presented to the board.

A board training session for Oct. 26 was discussed, followed by a discussion of a letter concerning environmental compliance.

A statement of cash in bank and revenue and expenditures compared to budget was given by Bryan. Bryan, Hill, Stuteville and

Gene Hicks were appointed as members of the Attendance Committee.

The second reading on Board Policy Update 34, that the board adopt and rescind policy statements according to the instruction sheets for the Texas Association of School Boards, was given.

No track bids had been

A resolution to adopt a Certificate of Deposit Placement Program, with officers consisting of Board President, Superintendent and Bookkeeper, was presented. The resolution is attached to the minutes in the school of-

fice. Stuteville, high school principal, reported 104 students enrolled. Carolyn Walker has the student program in operation and printed the first computer report cards for the year.

Hill, elementary principal, presented keys to grading for elementary and presented documentation for remedial program. Enrollment at the elementary campus is 120.5.

Hill reported that the lunchroom operated without a loss in September.

The meeting adjourned at

Rising Star 643-5705

10:05 p.m. will be held Saturday, Nov. 4, at 8 a.m. at 600 East 8th Street in Cisco. There will be

# Annual Reunion To Be Held Saturday

The 9th Annual Reunion for all former employees of the Vassarette of Munsingwear and the old Hollywood-Maxwell Companies will be held Saturday, Nov. 4th, from 10:00 a.m. until 2:30 p.m. at

**Joyce Family Reunion** 

Descendants o the late W.W. (Billy) and Carrie Joyce met in the fellowship hall of First United Methodist Church in Rising Star for a family reunion on October 7.

The couple had five sons, Carl, John, Jack, Cecil and Floyd. Cecil and his wife, Mamie, Floyd and his wife, Lucille, and Jack's widow, Jonnie, are the members of their generation still living and all five were at the reu-

The Joyces enjoyed a great dinner of barbecue and beans and all the trimmings, with many kinds of salad, cakes and pies also served. There was much happy visiting, showing of old pictures and taking of new pictures and the Joyces agreed to meet again next year.

Those attending are listed by family:

Jack Joyce: Mrs. Jack (Jonnie) Joyce of Crane, Jack and June Atkinson of Crane and Sara and Levin Davis of Helena, Mont.

Cecil Joyce: Cecil and Mamie Joyce of Rising Star, Don and Virginia Joyce of Fort Worth, Bud and Barbara Joyce of Quinlan and

By Richard Kurklin

Ranger native Elzie Pruett, unable to find work in Ranger, took his family and moved to Ione, California, where he had relatives.

He worked for the Preston School of Industry, a California prison for men up to 27 years of age, in Ione for 13 years until May of 1980, when he retired and they returned

Mr Pruett, who had some experience with boilers, took a test and received a job as a Stationary Engineer. He attended the boilers to provide steam for heating and cook-

A prison is a city within itself and requires most of the services and trades found in a town he said. Carpenters, electricians, plumbers, doctors, barbers, and maintenance people are required and hired by prisons, he said.

At Preston the top office people came in from the capital, he continued, but most everyone else hired was from within a 20 mile distance. Even if someone from out of the area was hired, they moved there and soon became local citizens.

A new prison might have more non-locals hired at first, but the people who do the hiring become local citizens and they prefer to hire people they know, which will be local people. Prison guards must be trained and certified as law enforcement officers, but with many jobs you simply pass a test to show that you are capable of doing the job, said Mr. Pruitt. Of course those

COUNTY

Eastland

with higher test scores have a better chance.

Ione was a city of about three thousand people including the people in the prison. And according to Mr. Pruitt, the prison had to be the best thing that ever happened to Ione and Jackson, the county seat which was about ten miles away. It provided a stable and higher level of income which resulted in both Ione and Jackson, which did, grew to four times its size at first and has added suburbs and shopping centers. Otherwise an obscure town, the prison put Ione on the map and even drew tourists, who were able to tour the earlier prison facilities. And since then another unit to house older men has been secured

At first the prison supplied most of its own utilities, but has now turned those services over to Ione at the city's

The city can make money providing the utilities for the prisons, and thus hold down the cost to local residents. Pruitt continued.

Prisoners are given opportunities to learn trades and improve their lives; those who will work sometimes do and a few have become famous and wealthy people. Those who refuse to work or learn usually spend most of their lives in prison, he said, and sometimes prisoners are from very wealthy families.

Rather than living nearby, friends and relatives would usually travel to Ione on weekends to visit prisoners.

STATE

They would usually spend a night in a motel and eat at a restaurant in Ione.

Since Preston didn't have the high security which Texas state prisons have, escapes happened from time to time.

Those who really wanted out would try to stay out of sight while leaving the county as quickly and quietly as possible. Some prisoners whose time was running out would want to stay, so they would escape and go to a road so that they would be found and returned with more time added, Mr. Pruitt pointed out.

Local people were immediately notified of any escape, and they didn't feel that the prison was a danger, according to the Pruitts.

Mrs. Pruitt said that she felt safe living real close to the prison even though her home couldn't be locked or secured. And the prisoners never stole anything except for one incident in the prison, the Pruitts continued, and they were unarmed. However there was some theft by persons in the

Mr. Pruitt said that a Snyder man told him that with so many guards living in that city since the prison there opened, that there hadn't been any robberies there.

The prison on Ione paid much better than local industry pay rates, but a coal industry and a brick factory, both paying lower wages, came in and prospered.

Local people liked the prison, according to the Pruitts; who said that illegal drugs were brought in a

ZIP CODE

# Forward Group Organized To Support Prison

FORward action for Eastland County was organized Tuesday moming as citizens from throughout the county met with members of the economic Development Council to make plans to inform citizens of the importance of voting "FOR" proposition 8 on November 7th and "for" the land plan on November 18th in the effort to secure a major state prison facility here.

Preparations were made and programs set into motion

couple of times by prison employees. Their use by prisoners would be immediately detected and an investigation would result in action being taken against the guilty employees, who would be re-

Security at prisons is tested at times to keep employees alert, and Mr. Pruitt said that he never felt he was in any

danger. Prison jobs do require work, Mr. Pruitt said, and some employees eventually leave and go into business on their own.

Mr. Pruitt has now retired with what he calls an adequate income, and he says that what happens locally won't affect his income one way or the other.

The prison was a big help to the local hospital and it also benefited support businesses. Dangerous or troublesome prisoners were put in maximum security, and he said that no one had ever escaped from that part of the

to inform the public about the advantages of having a prison located in this county.

An independent committee was named to coordinate the various efforts to provide the information to the public.

One of the major emphasis will be the fact that the cost of the land is about one percent of the total amount that the state will spend to install the facility. A slogan of "1 for 99" was adopted and will be further explained.

E.C.D.C. President Don Sheppard presided and Director Dr. Charles Barnes spoke briefly explaining that he was meeting with officials of the Ranger and Cisco hospitals later Wednesday with a board member from the Snyder hospital, who was to explain that the hospital there was saved through a million dolar contract with the state the was established there.

The various aspects of the costs involved were also discussed and will be provided to the public so that all will

#### Council Contrary to what non-supporters of the proposed state

By Eastland County

**Economic Development** 

prison are saying about costs and taxes, the purchase of land for a prison site should not increase taxes, said a local auditor. The land, located in the Flatwood Community is scheduled to cost approximately \$650,000.00 including costs of right-of-way for one mile of an enlarged Farmto-Market road. If paid for over a ten year period of time, the payback to bond holders would be aboiut \$104,000.00 per year from revenues currently coming into the county treasury. Nine years ago the county borrowed, using a bond issue, \$680,000.00 to buy a new county jail and the annual payments on this debt have averaged \$130,000.00 per year. The final payment on the county jail will be made next spring before any payments would be due for bonds

the plane would not be in at 11:30 a.m., as scheduled.

When asked why the crowd hadn't been informed of that before, I understood the Chief to say that one had asked him about it before.

As news of this delay spread, various protesters said they were going out to the (proposed) prison site and wait there. They figured the TDC people would finally get there.

Someone mentioned there was supposed to be a lunch for the officials at the Eastland Chamber of Commerce. He added: "You can bet your bottom dollar none of us are invited!"

The crowd dispersed, and I went back to Eastland. It was past 12:30 p.m. when I decided to check out the prison site at Flatwood before going

East on the Flatwood Road cars and pickups were parked on the right shoulder off the pavement, and some people held signs near their vehicles. The television crewmen were still hanging in there

At this time I heard that the TDC plane had been delayed in Austin due to fog.

I could see that these were angry people, with the cold, deep anger of people who take a long time to get mad - but are mighty mad when they finally get there.

After 1 p.m. one man went to a house and made a call, and came back announcing that Dr. Charles Barnes said that people from the TDC might arrive late in the afternoon, or the next morning.

I decided to go home.

I didn't know whether the people protesting the prison would ever find the TDC officials. Human being often lack communication, and have strange ways of dealing with each other.

But the protesters, and other Eastland County citizens, would at least get to give opinions on the prison at the polls on Nov. 18. That was a lot more than had happened in some other counties, including my old home county of Scurry.

112 N. Main

a Tax Issue used to purchase land for a state prison. Thus, it is seen that the actual outlay of money by the county would be \$26,000.00 per year less than for the past nine years, making it possible to actually decrease taxes if desired by county authorities. Certainly there is no reason to increase taxes due to the land purchase. Some people also claim that

Thursday, November 2, 1989

Prison Is Not

the Eastland County Water District will expend millions of dollars to provide water service to the prison and that local taxpayers will pay the bill. This is also false information. The District will indeed borrow through revenue bond issue, \$1.8 million dollars which will be paid back to the District over a twenty five year period of time by the prison system through a contract for purchase of water. Actual cost to other non-prison users on the system is zero and certainly no increased taxes will be involved in paying for the prison water system. The proposed prison would be looked upon as if it were any other customer albeit there is an extra long, extra large line to this customer who will use water at a cost exceeding that of local patrons. There will be considerable advantage to the people living in the vicinity of the prison: adequate water and meters could be made available due to a reworking and retrofitting of water processing equipment and increased capacity of water lines in the area.

The same basic principles apply to the expenditure of \$2.7 million dollars to supply a sewage system for prison use - The prison is a customer and will pay its own way by paying the City of Eastland its monthly charge for sewer service. In the twenty five years of payback for a bond issued loan the local citizens will pay nothing for service to the prison. After the twenty five year payback, local citizens in Eastland will inherit a multimillion dollar sewer system which has cost them nothing. The same can be said of the water system.

These two examples of water and sewer are no different than the situation being experienced by local private utility companies. Together they will issue \$812,000.00 dollars of bonds which will enable them to construct electricity, gas, telephone and television lines for service to the prison at no charge to their other customers. In 10 - 25 years all utility lines will have been paid for by revenues collected from use of these utilities by the prison.

To say there is no cost to

local people is not quite correct. The prisons of which we as citizens are all part owners will pay using taxes from all people in the state. This is necessary because criminals are in our midst and we must protect ourselves by putting them in jail. The advantage of a local prison in our county is that 800 or so jobs will be created here rather than in counties 200 miles away. These jobs are permanent creations which can materially affect all of our abilities to pay taxes.

#### Jr. 'Cats Still Clinch No. 1 Spot by Becky Walker

The tenacious Tigers tried every possible attack to seize the Jr. 'Cats glittering crown and take away their unblemished season record of 5 wins, 0 losses. The combative .'Cats stood immovable.!

Hico came to Rising Star last Thursday night with a zero loss record in District and fought hard throughout the game to maintain that status. The Jr. 'Cats proved the old saying, "There's only room for ONE at the top,' with a 12-6 win.

A head-raising touchdown by David Bronson late in the first quarter started the action rolling and from then on, . there was never a dull moment. After failing on the conversion attempt, the Jr. Wildcats kicked off to the Tigers and resumed the defensive. Playing well, but not well enough to halt their opponents' clever passing strategy, the Jr. linesmen soon found themselves at the opposite end zone attempting to block the rival team's efforts on the extra-point play following the Tigers' heartbreaking offensive rush down field for a touchdown.

Resolving not to let this unlucky episode bring them down, our mighty bunch pulled themselves together and bounced back with an

80-yard TD run by Jarod Horton. The celebrating soon ended as the officials called it back, citing a clipping charge against the Jr. 'Cats. This was a heavy blow to the 'Cats but they managed to hang in there for the short time remaining in the first

Coming back on the field after a motivational halftime speech by their coaches, the Jr. prowlers were set on playing football against the seeming multitude of Hico competitors and securing nothing short of a victory for their school.

The third quarter passed quickly with the ball changing sides constantly and each team failing to drive through the other's line.

The 'Cats' aggressiveness finally proved stronger as time steadily ticked away in the fourth quarter. Bronson again rushed with the ball to gain a TD which put the 'Cats on top of their challengers by 6 points. The struggling Wildcats were unable to field the extra points yet another time. The ball went into Tiger hands with just about four minutes of play left on the clock.

These last few minutes were probably the longest felt all year to both Wildcat fans and players as Hico completed a couple of long passes down the field and drew increasingly close the the goal line. The 'Cats were finally able to force a fourth down and the despairing Tigers were required to hand the ball over for a Wildcat first down. The few seconds left in the game soon passed and the Jr. 'Cats came out victorious with the score

reading: Home 12, Visitor 6. The Jr. 'Cats are holding steady at Number One and plan to emerge as District Champs at the end of the season. With only two games remaining, every fan needs to take these last opportunities to watch this incredible team in motion.

Next game time is Thursday, Nov. 2, at 6:30 p.m. in Lometa. Drive on down and watch the 'Cats "hassle the Hornets"!

Rushing: Horton 12/58; Bronson 9/71, 2 TDs; Perales 4/12; DeLong 2/6. Passing: DeLong 2 att., 1 comp., 21

Recoveries: Elliott 1.

#### **Elementary Beat** by Gherda Williams

For last weekend's Halloween festivities the fourth and fifth graders carved jack-o-lanterns. Many of the students entered their jacko-lanterns in the pumpkin carving contest sponsored by the Seniors' Hailoween

carnival.

Each fourth grader brought their own pumpkin to school to carve," explained Judy Ware, a fourth

Clint Wolf said, "I can't wait to enter mine in the carnival's pumpkin carving contest.'

The fifth graders, on the other hand, did their project a little differently. "We are going to carve our jack-olanterns from watermelons instead of pumpkins," said Melissa Sizemore.

Courtney Ezzell added, "My daddy (Willie Ezzell) is furnishing watermelons."

Traci Clark exclaimed, "I can't wait to start carving mine! It's going to be better than anyone else's."

#### Queens of the Court by Shannon Stuteville

With the first week of "real basketball practice" behind them, the RSHS Lady Cats show a vast amount of improvement in skills and shooting in a very short span of time. Illness, injury and other factors have taken their toll on the Ladies, but hopefully all of the Lady Cats will be healthy and able to play again before too much longer.

# Parents Night Wildcats vs Evant Here 7:30 Friday

#### 'Cats Fight to Draw With Tigers

by Roanen Barron

The Wildcats ended Hico's winning streak Friday night but they didn't win the game. The 'Cats fought hard the whole game but the score ended in a tie.

The Wildcats scored first, early in the first quarter, but the Tiger defense held them the rest of the game. The 'Cats had many opportunities to score, but penalties killed their drives and kept them out of the end

The Wildcat defense held Hico to little yardage the first half keeping the Tigers scoreless until the third quarter. The defense held them the rest of the game. The Tigers had their chances

to win it also, but penalties called back a touchdown that could have given them a win. The defense made a good last stand at the end of the game that kept the Tiger offense out of the end zone.

The Tigers did win the game on penetrations. Because of penalties against the Wildcats late in the fourth quarter the Tigers were able to go just a few yards for the winning penetrations.

A Wildcat was seriously injured in the second quarter. Senior Lee DeLong had his leg broken in three places. All of us on the Wildcat Tales Staff wish Lee a speedy and thorough recovery.

## **End-of-Year Crop** and Livestock Survey

AUSTIN - The Texas Agricultural Statistics Service will begin contacting farmers and ranchers across the state in late November for 1989 acreage yield and production totals and end-ofyear livestock and poultry inventories.

"Adverse weather conditions this year have certainly had an impact on Texas Agriculture, and these surveys should help us summarize where the industry stands at the end of 1989,' state statistician Dennis Findley explained.

"Information from these confidential surveys conducted by mail, telephone or

#### THE RISING STAR 817-643-4141

Subscription Rates Per Year: Eastland County and 30 ml. radius of Rising Star, \$9; other Texas counties. \$13; out of Texas, \$19; No out of U.S. without APO.

POSTMASTER: Send address changes to The Rising Star, Box 127, Rising Star, TX 76471.

in person will also help producers make their plans for the coming year.

"Sound production and marketing decisions require good, reliable information and some advanced planning and our reports provide producers with solid facts and figures they can incorporate into their plans," Findley ad-

As always, the Texas service will be trying to keep survey costs at a minimum, so Findley is urging producers to return their mailed questionnaires as soon as possible to avoid follow-up contacts. "Remember, these are

sample surveys, so if you are contacted it is important to provide the requested information, since one producer represents similar operations of the same type and size. Our estimates can be no better than the numbers producers provide," Findley noted.

Results of the surveys will be published in early 1990. Anyone wanting a copy of the results can write Information Section, Texas Agricultural Statistics Service, P.O. Box 70, Austin, TX

### Regional 9-1-1 Plan Approved For West Central Texas

For residents of many area counties and cities, access to emergency services by dialing 2-1-1 came a step closer to reality as a result of recent action by the Advisory Commission on State Emergency Communications. Created to govern 9-1-1 activities in Texas, the Commission approved the West Central

Texas Council of Governments' 9-1-1 Plan at its October meeting in Austin.

During its 1987 session, the Texas Legislature paved the way for 9-1-1 in rurual parts of the state by creating the State Commission and by giving local governments the option of joining, by resolution, 9-1-1 planning activi-

ties spearheaded by Councils of Government throughout Texas. Prior to that, for smaller cities or rural areas to have 9-1-1 service, they had to either join an existing 9-1-1 district formed under earlier legislation, or excerise home rule authority to pay for 9-1-1 with revenues from

general funds.

Describing areas to be served, participating groups, costs, and scheduled services dates, WCTOG's 9-1-1 Plan was the result of an 18 month effort involving the Council of Governments and localities in the 18 counties surrounding Taylor County, said Sue Smith, 9-1-1 Director for the COG.

'We feel most fortunate to be one of the areas in Texas to have 100% participation in 9-1-1 by our area's counties and cities,' said Smith, 'and this will result in a more streamlined and cost-effective system for our citizens.' Local city councils and commissioners' court each adopted resolutions stating interest in participating in 9-1-1. The resolutions are the legal means the State Commission uses in authorizing telephone companies to begin collection fo 9-1-1 charges on customer bills.

Emergency answering points will be located within law enforcement offices in

each county, Smith said, yet the 9-1-1 Commission views the region as one composite system. Since ten telephone companies serve the WCTOCG area, and since the capacity of phone equipment now in palce varies widely, costs for the system are diverse, stated Smith, but over-

all, up-front equipment costs are projected at around \$1.1 million.

Fees for 9-1-1, approved for region at \$.50 per month per customer line, will begin appearing on telephone bills in many areas starting in January of 1990, according to Smith. The fee collection for Eastland and Callahan Counties will begin in January 1990. The fees will be

phased in on a staggered basis between January and April of 1990, she stated. 'It has been the policy across the state to collect fees for a planned time period, while the 9-1-1 telephone system is being installed, so that when the system is activated, all initial costs are paid,' she reported.

'The collection period in this region will be 24 months, and even at that we will lack around \$450,000 having enough to start operations in the black,' said Smith. That amount will be obtained through a state-level pool of funds, collected for this purpose from a surcharge on customer bills in the state's largest counties since last

New "yuppie disease": mumps. It seems that many in the 14 to 24 age group were under-immunized and may be at risk today. Vaccination is advised.

Wounds seem to heal faster with the application of epidermal growth factor. Researchers at Emory University, Vanderbilt University and the University of Louisville used a manmade form of the naturally occurring hormone in the study of side-by-side wounds.

Researchers at Mount Sinai School of Medicine in New York report some success in slowing the progress of Lou Gehrig's disease (smyotrophic lateral sclerosis) with doses of certain amino acids. More tests are planned.

Simple blood test, usually done to measure kidney function, has been found to be accurate in predicting the risk of heart attack or stroke in patients with high blood pressure. National Institutes of Health sponsored the eight-year research project.

Acupuncture offered relief from severe sinus headaches in a study at the Karolinska Institute in Stockholm.

What's new in medicine? We keep up with the latest developments, the better to serve you at Wal-Mart Pharmacy, Hwy. 80 East, Eastland, 629-3347.

July. To cover ongoing costs, the \$.50 fees will continue after the system begins operations.

Not only is the 24 month collection period a matter of accumulating funds to pay for the system, it is dictated by the tasks to be accomplished to start 9-1-1. Smith stated that, in addition to modifying many telephone switching offices, equipment for each answering point must be purchased and field-tested, calltakers must be trained, and in many places, rural addresses must be developed for indi-

vidual citizens.

Initially, many of the area's 9-1-1 answering points will feature systems which provide the calltaker with the caller's telephone number, for callback in the event the call is cut off. The calltaker can then quickly look up the caller's address from printed information on hand. Callers will be placed in voice contact with the emergency agency needed. In some areas, Smith stated that a more complex system which will automatically provide the caller's phone number and location, and will route calls to agencies automatically via computer, will be used.

'In all cases, the prospect of this service being available in all rural areas of the region is a challenging and very exciting one for us,' stated Smith. 'The response we have had, both from citizens and emergency personnel throughout the area, has been positive, especially with the attention that is being given to 9-1-1 on television and with the stat of 9-1-1 service in Taylor County. We want to keep the level of interest high in the importance of

9-1-1,' Smith continued, 'and we hope to do this by keeping the public informed about the progress being made with 9-1-1 throughout the coming months.

MEMORY
Is a precious gift
Of a time so long ago
Like the passing of a shadow

Or the closing of a door

As I go down memory lane
I see visions of the past
When each day was a pleasre
Now it is just a task

Now it is just a task

As I gaze across the valley
And see the wildflowers
blooming there
I smell the fragrant of their

As it is brought to me in the air

And then I met my Jesus As His story to me was told He is the master of yesterday, today and tomorrow As each day His blessing to us unfolds.
