Pony League Owen Aikin Speaks At 4th Of July Picnic

Started In **Rising Star**

A new diminsion has been added to the baseball in Rising Star. Interested people have formed a Pony League which consists of Junior Teenage youth ages 13 to 15. If there is enough interest, plans are also in making for a Senior League team ages 16 through 19. The boys are currently participating in some practice games to ready

themselves for next season. Boys participating are: Edward Anderson, Wade Ratliff, Tim Evans, Davis Morris, Terry Walker, Arley Simpson, Jim Simpson, James Driskill, Thad Chambers, James Morris, Tod Herring, Bill Owens,

Rusty Owens, Tommy Kitchens and J.C. Christian. Anyone who is interested in playing may contact James Evans at 643-7122 for more information.

The boys are playing in a tournament in Baird this week (Wednesday through Saturday). Their first game is Wednesday at 6 p.m. They also have a game scheduled with Cross Plains at Cross Plains on Monday night at 7:30 p.m.

The boys are in need of some equipment and will in the future need a field. The regulation field is larger than

Serving as coordinators of To Begin At Church of Christ the different phases of this year's event were: Publicity: Emma Jean Steele; Food Arrangements: Frank Gray; Parade Arrangements: Jimmy Rutherford; Games and Conessions: Debbie Green: Decorations: Evelyn Donham; Entertainment: R.D. Williams; Physical Arrangements: Travis Williams. Owen Aikin was the General Chairman for the second year.

In commenting on this year's Community Picnic, Aikin remarked that "the additon of several new features, such as the expansion of the midway and the opening of the parade to decorated bicycles, made this an even better event than before, despite the slight drop in attendance." The latter he attributed to two primary factors: the heat and the 4th coming on a Tuesday, instead of a Saturday, Sunday or a Monday. He added: "Next year, we hope to have an even bigger and more enjoyable one. This is an excellent opportunity for all of us to relax, enjoy some good food, and get to know one another better."

Part of The Crowd Whoenjoyed The Festivities

Kicked off by a colorful parade of floats and decorated bicycles, the Third Annual Rising Star July 4th Community Picnic got underway last Tuesday morning at 10 o'clock. This event is a part of the ongoing celebration of our nation's Bicentennial, begun

in 1976. Led by Gene Hicks, the local Cheif of Police, the procession included floats of an historical nature, as well as those protraying aspects of school and community life. Among the new features this year were the decorated bicycles, with their patriotic streamers of red, white and blue.

The parade assembled at the Rising Star High School, wound its way down the main street of the city and finally disbanded in front of the Market Building. James Rutherford,

President of the local First State Bank, served as the

Marshal. The First Prize of \$50 went, to the Future Homemakers of America Float, depicting various sewing and other skills taught in the High School. Second prize of \$25 went to the colorful and musical float of the local

local citizens made their way to the Cockrell-Williams under the expert guidance of Frank Gray, local Head Football Coach, and his crew, huge containers of Bar-B-Que, Potato Salad, Beans and other trimmings were served to over 250 hungry

townspeople and visitors. The tables were spread under the large oak trees in front of the Rising Star Clinic.

The crowd was entertained during the meal by talented McKinnerney and Maynard families, with a wide selection of lively country and Western music, patriotic numbers and sacred songs. The afternoon's activities included field games, such as an egg throwing contest. sack races and other forms of friendly competition. Groans and gasps were plainly heard as various contestants squeezed their caught eggs a little too hard. The Dunking Board again attracted many. A wide assortment of

the election and the following officers were chosen: President-Dorothy Shook, Vice President-James Armstrong, Secretary- Irene Mayfield, Treasurer-Lenell Henry, Trust Officer-James Rutherford, Jr.

The following will serve on the Board of Directors: James Rutherford, Sr., James Rutherford, Jr., Lane Wells, Milford Carroll, Lenell Henry, Dorothy Shook, James Armstrong, and Irene Mayfield. Mrs. Irene Mayfield is due much credit for her interest and diligence in keeping the records for some eight years, during which time the permanent fund amounting to \$17,248.81 has been

The following tips will help when the present building ensure safer handling of film was erected in 1926 and while in the mail stream.

Place film cartridges in sturdy evnelopes. When possible use the envelopes usually supplied by film processing companies.

Make sure that the processor's mailing address as well as a return address are written legibly on the outside envelope. Use Zip Codes.

As an extra precaution, tape your name and address to the film roll or cartridge before inserting it in the envelope. Your name and address should be written also on the back of any photographs being sent for re- touching, coping or other purposes, Postmaster Boyett said.

Prussic Acid poisoning continues to cause Eastland County cattlemen problems. Local Veterinarians report they have treated cattle for the grass poisoning as late as Thursday and Friday of last week. However, the number of poisoning cases have been less the last week as compared to the week

before. This could mean that the poison prussic acid is leaving the grass or it could men that cattlemen are more cautious about grazing cattle in pastures containing Johnson grass and sorghums.

We can not predict when the prussic acid will be gone. In fact, we are not sure if the spotted rain showers early last week will help or worsen the problem. We will do our best to keep cattlemen informed when the poison threat is over. Meanwhile I would suggest that cattlemen remain cautious.

All commercial pesticide applicators will need to be certified if they plan to use restricted-use or state-

limited-use pesticides. A commercial applicator is one who applies pesticides on the property of another for hire or compensation.

These applicators may attend a training program the workshop. There is no fee and take their exams for the training materials.

After a lull of several months the Rising Star Volunteer Fire Department was called into activity four times within the last 10 days.

A major grass and brush fire broke out in the Williams Community area Sunday night before last. Covering some 200 acres and fanned by a strong wind, the blaze necessitated the calling of units to assist from: Brownwood, May, Cross Plains, along with the Rising Star Department.

Further hampering the efforts of the firefighters was the extremely rough terrain over which they had to travel to get to the flames.

The call originated at approximately 8:30 p.m. and the Rising Star units did not return to the station until 3 a.m. the next morning. Second Coy Barker, and

> The third alarm, also in the Williams Community but in a different area, came at about 1 a.m the following Tuesday morning. It was answered by one unit from Rising Star and one from Cross Plains. Some 900 gallons of water were required for this fire. It was also in grass and brush. The cause of the fire is being investigated.

A fourth alarm came during the evening Tuesday but was of less magnitude than the previous ones. It was also a brush and grass fire.

John Bishop, Rising Star Department Fire Marshall, emphasized that with the extremely dry weather, it is Thursday, July 13, 1978

The Light Touch

Taking the bull by the horns is often a sound course of action, so long as you and the bull agree on when you can let go.

Good judgment comes from experience; experience comes from bad judgment. Noticed how quiet elections have been recently? Politicioans seem to be running out of issues to sidestep.

There's nothing that can help you understand your beliefs more than trying to explain them to an inquisitive child. Consult your doctor before

beginning strenuous exercise. There's always a chance he may advise against it.

Thursday, July 13, 1978 **Camp Meeting Starts Monday**

The Texas Camp meeting of the Church of God will begin Monday July 10 at 7:30 continue through July 16 at Camp Inspiration in Eastland. There will be services and conferences each day with a service each night. The theme for this year Camp Meeting is Characteristic of the New Testament Church. Camp Evangelist is Rev. Frank Courvisier from Mt. Sterling, Ky. Rev. Courvisier has been used of God to challenge the church to support world missions. He lead the Pleasant Prairie Church of God in Satanata, Kansas

where he pastored from \$4,000 to support world missions annually to \$61,000.00 annually in 10 years. He has made 12 missionary trips to Mexico, Central America and South America.

Dr. Robert Adams from Houston, Texas will be song Evangelist. During these seven days there will be conference and services each day for all age group. The Inspiration Church of God and the Church of God in Texas invites those in Eastland County to come share in Christian fellowship and learning.

Attorney General John Hill has urged Texas legislators to take advantage of a special legislative session to provide tax relief to utility bill payers, farmers and rancher, and elderly home owners.

"During my campaign for governor, I have advocated a tax relief package which would offer help to those who most need it- - our citizens stuck with higher and higher utility bills, our elderly person on fixed incomes, and our farmers and ranchers caught in a cost prize

squeeze," Hill said. "The special legislative session scheduled to begin July 10 offers a perfect opportunity to provide this

relief now, instead of waiting until I take office in January." Hill outlined his proposals to a meeting of a joint

House- Senate study committee headed by Rep. Wayne Peveto of Orange June 30.

Hill's proposals are:

tax on utility bills. This would knock utility bills down by 4 per cent for homeowners. 2. Increasing the property

1. Repeal of the state sales

tax exemption for person over 65 who own their homes. The current exemption is \$3,000; Hill proposes that the exemption be raised to \$5,000.

3. Increasing the exemption from state inheritance taxes. The current exemption of \$25,000 should be raised to \$200,000 under Hill's proposal, i in order to prevent young farmers from having to sell part of their land received through inheritance.

4. Providing for a constitutional amendment to allow farm and ranch land to be taxed on the basis of its agricultural productivity instead of its market value. Hill's proposal is based on the need to relive farmers and ranchers of taxes inflated by land value inflation.

Pioneer News -Mrs. A.C. Halsell

The great news this correspondent would like to write is, "We've had a big rain." That would be a rain such as we have not had in many months; one that would water our crops and gardens, renew pasture grass, fill tanks, quench the thirst of all animals and birds, (maybe drown the grasshoppers), fill area lakes, raise the level of

underground water; (do hope crop irrigation does not deplete this area) and cool us off. Indeed such a rain would be news of great import.

But the news I shall write for this column will not include news as mentioned above. We will have to wait for such a time as our Great Giver of all gifts sees fit to send us rain. Maybe He is trying to tell us something. Maybe He is trying to tell us our mad rush for creature comforts is not as important as would seem. Maybe He is trying to teach us patience as is sought in the following prayer by the late Peter visitors during the holidays Marshall entitled

FOR PATIENCE Teach us, O Lord the find that to wait is often harder than to work.

When we wait upon Thee we will not be ashamed, but shall renew our strength. May we be willing to stop our feverish activities and listen to what Thou hast to say, that our prayers shall not be the sending of night letters, but conversation with God.

This we ask in Jesus' name. Amen. Eighteen members of Mrs.

The Gospel is GOOD NEWS!

It is Good News because it tells us that we are just blobs on this earth: the results and victims of blind chance, but that we were created by an Eternal, loving and concerned God.

It is Good News because it tells us of one who came from God: taking our form, enduring our trials and accepting to die for us on a cruel Roman cross.

It is Good News because it tells us how we may live happy, useful lives here upon the earth and avoid the bitter agony of remorse.

It is Good News because it tells us of God's grace and forgiveness, of His Holy Spirit's assistance in prayer, and of His Son's fervent intercession on our behalf. It is Good News becuase it tells of Heaven: God's eteranl and supremely beautiful home, and how we

Earnings

Continental looks at a ceiling, not a floor.

Contrary to what many people believe, Continental Telephone is not guaranteed a profit just because it is a regulated, public-utility company that has no competition in its franchise area.

the government agencies that regulate continentals activities set a max allowable rate of return — a ceiling, not a floor. Our actual rate of return in any year may be much lower than the maximum allowed. It can be less, but it can never be more.

Unlike other businesses, we are not allowed to automatically raise our prices if our costs increase and our profits decrease. We can increase our rates only if the government agencies decide the rate hike is justified.

Our profits depend on how well we manage our business, how well-we control our operating costs, and the vol-

ume of our sales.

Earnings are necessary for us to pay stockholders a fair return on their investment and to attract new investors. Their money allows us to replace outdated equipment with new and efficient equipment, expand our service to new customers, and provide the kind of maintenance that adds up to reliable SETVICE
