## Wildcats Over Tolar

The Rising Star Wildcats came from behind to defeat the Tolar Rattlers 15-14 on Friday, September 23, and are now 3-1 in pre-season action.

The Wildcats started at their own 26 yd. line and moved the ball to the Rattlers' 37 before the drive stalled. Green's punt was downed at the Rattlers' 16 yd. line. The Wildcat defense forced the Rattlers to punt. Senior Reil Barron fielded the ball on his own 39 and then it was off to the races as Barron dashed 61 yards for the touchdown. Stacy Green's PAT was good and the Cats led 7-0 with 4:20 left in the first quarter.

The Cats had a penalty on the following kickoff and Tolar took over on their own 40. Three plays later the Wildcat defense forced Tolar to punt once again. It was 1 and 10 on the 27 but a penalty made it 1 and 20 on the 17.

Jimmy Evans hit Derrick White on a 28 yd. pass play and Kevin Bond picked up 12 yds. on the next play, but 3 plays later the Cats were forced to punt. Once again, Green's punt was downed at the 16.

Tolar put together an impressive drive and moved the ball to the Cats' 15 yd. line before the Cat defense

took over and managed to hold Tolar on 3 and 1 and 4 and 1. It was the Wildcats' ball on their own 10 yd. line. Two plays later, Tolar recovered a Wildcat fumble and with 5:38 in the half, Tolar found the end zone. The PAT was no good and the Cats held on to a 7-6 lead.

The Cats had another fumble on their next drive and it was Tolar's ball on their own 47. Once again, the Wildcats defense was too much for the Rattlers, forcing the punt. It was Cats' ball at the 30 yd. line; Kevin Bond broke into the open and ran 37 yds. to the Tolar 15. The Cats were unable to get the ball in and with :50 left on the halftime clock, Stacy Green's 32 yd. field goal was good and the Cats took a 10-6 lead to the dressing room.

The Cats held Tolar on 3 & 1 and 4 & 1 on their opening drive of the 2nd half. The Cats' drive started out good but another Wildcat fumble gave the Rattlers the ball on Tolar's 47. The Wildcat defense came alive and pushed them back to the 43 where Donny Alcorn recovered a Rattler fumble.

Several penalties and miscues forced the Cats to punt and Tolar started their

## RSHS Class of 1958 Held Reunion

In a pre-Homecoming Reunion, the class of 1958 gathered at the Lakewood Country Club this past June. In spite of the ozone hole, acid rain and the greening of America, an optimistic 20 of the original 23 graduates shared their 30 years of life after graduation.

Classmate Edward Burns drove all the way from New Jersey to reminisce with Jodie Wallace, Don Hicks, Roland Earp and Barbara Clark Redinger, all from New Mexico. Martha Walker Jones drove in from Tulsa and Oleta Spradlin also

came from the Sooner state to visit with classmates Robert Needham of Del Rio, Jane Key Jenkins of Levelland, Jack Callaway of Grand Prairie, Carl Weathers of Lubbock, Mary Reed Quindlen of Richardson, Donald Crisp of Brownwood, Carolyn Tucker Ray of Odessa, Anna Little Beeler of Lake Brownwood and Jeanette Hubbard Bass of Houston.

Traveling from Abilene to the reunion were Martha Duggan Burns, June Jones Moore and Joe Frank Crisp. Hometowners who were

there included Jerry Aaron, Pat Howard, Mack Elliott and Lester Harris.

Jim Lewis, who spent 10 of his school years with this class made a special effort to attend the 30th Reunion. He passed away in July.

If class reunions are as American as apple pie, the RSHS Class of '58 would highly recommend this tradition. The future caught up with them. It became the present.... Like Oliver North

of Iran-Contra fame, they chose to remember the good, the bad, the ugly and the beautiful - and they still liked each other after 30 years.

### EASTLAND

Plans are all set for the Old Rip Fest on Saturday, Oct. 1. It looks like this will be the best celebration ever, with booths and entertainment all day long. A giant Parade will begin at 10 a.m., with Roy Lee and Wanda Smith as Grand Marshalls. Ronnie Gill and the Bluegrass Boys will entertain on the Square from 12 noon to 1 p.m., followed by the Grand Drawing of Old Rip Bucks. Other highlights of the afternoon will be an auction held by the Wrangler Belles, a Tricycle Race, and Folk Life Dances. At 2 p.m. there will be a double attraction: A re-enactment of "The First Wedding in Eastland County" at the Majestic, and a Band Marching Contest at Maverick Stadium. The day will end with a state-wide Fiddler's Contest in the Majestic, beginning at 7 p.m. A big crowd is expected in Eastland for all these events.

The five story building near the southeast corner of the Square, known as the Petroleum Building, has a new name - the EBAA Building. It is now owned by the employees of EBAA Iron, and a lot of work is continuing. A new roof has protected the building for some time, and a new parking lot has been constructed behind the building. Now new windows are being installed. The old windows, installed in 1917, were beyond repair and becoming a hazard. Insulated tempered glass is being installed for safety, beauty, and to protect the building. A lot of work has also been done inside for use as a photo gallery for pictures of historic or local interest. Floors in the building will be renovated to suit

tenants. All of the ground floor space is now rented, and Truman Gregory and Associates is the new third floor tenants.

Eastland County Extension Homemakers Convention in Abilene this week, Sept. 27-29. Voting delegates from Eastland County are Arleta Shirey, Frances Bishop, and Wynelle Brown. Workshop sessions will include Community Resources, Safety, Legislation, Leadership, Cultural Arts, and Family Resources. Homemakers from across the state are expected to attend this meeting.

The Countywide Senior Citizens Bazaar will be Thursday and Friday, Nov. 3-4 at the Rebekah Lodge in Eastland. This annual event

began in 1967, and has drawn large crowd since. It is a showplace for area arts and crafts, and everyone 55 yrs. of age or older is invited to participate. There is no booth space fee or commission - individuals who sell handmade things get to keep all they make. The Homemaker Clubs always have a delicious lunch available, as well as homemade pies and cakes. The Bazaar is sponsored by the Eastland County Texas Agricultural Extension Service and the Extension Clubs. All are invited to attend.

### RANGER

The Ranger Chamber of Commerce will hold an Old Time Fiddler's Contest on Roaring Ranger Day, Oct. 15. Registration will begin at 3:30 p.m. in downtown Ranger, and the Contest will begin at 4 p.m. Cash prizes of over \$700 will be awarded in four age categories - 0-15, 16-29, 30-59, and 60 and over. There will be no entry fee and no admission charge to the con-

test. Come out and enjoy this good competition.

Ranger General Hospital reminds everyone that donations are still needed to keep the Hospital open. Contributions are coming in daily, but the facility still has a long way to go. Citizens of the Ranger area have shown a great desire to keep their Hospital open, and hopefully this crisis can be overcome.

A large crowd came into town this past weekend for the Homecoming celebration. More than 200 people gathered in front of the Old Gym Thursday night to participate in the "Snake Dance." It seemed everyone got into the picture, as the Police escorted the exuberant crowd to the stadium. The Band led the way with the cheerleaders close behind, winding and slithering the crowd around telephone poles and trees. The Ranger Volunteer Fire Department set the bonfire ablaze as the "dancers" ap-

proached the field. With the bonfire illuminating the stage, all four classes presented skits for the enjoyment of the crowd. The festivities continued the next day and through Saturday, with Registration of Exes each morning. Class meetings and picture taking was in the Ranger Public School on Saturday afternoon.

### RISING STAR

The annual Rising Star Homecoming will be Sept. 30-Oct. 1 this year. Festivities will begin next Friday with a Pep Rally at 3 p.m., and a game between the Wildcats and Rochelle Hornets at 8 p.m. in Wildcat Stadium. The Football Sweetheart and Band Sweetheart will be crowned at halftime. Saturday will begin with coffee and visitation in the gym from 8-9 a.m. An assembly and business meeting will follow, with the PTO serving lunch at noon. The Homecoming Parade will be at 3 p.m., with class reunions and parties from then until late. All Exes, former teachers and their families are urged to attend.

### CISCO

Cisco Junior College has a record fall enrollment - 1,971. This is an increase of 13 percent over the total count of the fall of 1987. "The last high enrollment was 1,861 in 1985," reports Olin Odom, director of admissions and records at CJC. The enrollment on the Cisco Campus reached 742, which is the largest since 1976. Dr. John Muller, dean of students, reports that "Dormitory students are about the same as last fall, so the increase is attributed to more area students getting their education locally." CJC President Dr. Roger C. Schustereit says the increased enrollment is "a tribute to our faculty, administration and staff, and to the leadership of the Board of Regents."

A 55/Alive Mature Driv-

ing Course will be conducted by the AARP Tuesday, Oct. 4 and Thursday, Oct. 6 in the Senior Citizens Center in the Laguna Hotel. Bob Bevers will be instructor, and the cost will be \$7. Sessions will be from 8 a.m. until 12 noon both days. This course consists of eight hours of instructions that develop safe, defensive driving techniques. Produced by the American Association of Retired Persons, the course teaches preventive measures that saves lives. Anyone 50 years of age or older who wants to take this course may contact Mr. Bevers at 442-1357.

The sixth annual Lord's Acre will be held Saturday, Oct. 15 at First United Methodist Church. The booths will open at 9 a.m., and will have baked and canned items, along with Christmas fare. There will also be an auction during the day with many items to bid on. The traditional menu of turkey, dressing and all the trimmings will be served at 11 a.m. The Church is located on West 8th Street, and the Festival will be in the basement of the building.

The Cisco High School Homecoming Parade will be held on Friday, Oct. 7 at 3:30 p.m. A pep rally will be held in Thrift Mart's parking lot following the Parade, and at 7:30 p.m. the Lobos will meet the Ranger Bulldogs on the football field. Trophies and prizes will be presented to winners in divisions of the Parade. Anyone interested in entering a car, float, or anything that would help make this Parade a success is asked to call Cisco High School at 442-3051.

Cisco Country Club has changed the weekly Golf Scrambles from Thursday to Tuesday evenings. With the start of football season, there were too many Thursday conflicts. The golf scramble will continue as long as there

# County Commissioners Meeting

Eastland County Commissioners found a lot of county business waiting when they met Monday. All Commissioners were present, with County Judge Scott Bailey presiding.

This was the last meeting of the fiscal year, which ends Sept. 30. The 1989 budget will go into effect on Oct. 1.

Ray Pruitt, County Auditor, asked for permission to adjust some line items in various Departments, so that the available money would cover items that were over the budget. Indications were that a number of those existed. The Commissioners approved this request.

Mike Moore, City Cisco Manager, requested permission to cross County Road 103 in Pct. 4 with a water line. He explained that this road was north of the city near the Fee property. He said the City would need to cut the road, but would repave it immediately. The Commissioners approved his request.

Jesse Jones, representing Paladin Geophysical for Pitcock, Inc. requested permission to run a Vibroseis Line along certain roads south to north in the County. They would be looking for structures likely to hold oil or gas. This request was approved.

On other road matters, Billy Bacon, Commissioner of Pct. 4, said the Court ought to "do something" about Companies which run plastic pipelines illegally under bridges on county roads. He suggested that they be fined \$500 if these lines are not removed. He said these plastic lines are very dangerous - they could blow up a while bridge.

Bacon listed about six such lines, four in Pct. 4 and two in Pct. 1. At least three oil companies were responsible, he said. He told of one six-inch plastic line under a bridge near Scranton.

The Commissioners requested that District Attorney Emory Walton take the necessary steps to bring the oil companies into compliance with state laws.

The Commissioners gave

further consideration for the removal of buildings located on the property immediately north of the County Jail. The bid was awarded to Eaton House movers of Olden, who will do the work for \$5,545 - and keep all salvage. Bacon made a motion to accept the bid, with a second by Norman Christian, Comm. of Pct. 2. Richard Robinson, Comm. of Pct. 1, also voted for the motion. L.T. Owen, Comm. of Pct. 3, abstained.

Billy Bacon reported that 26 prisoners were currently in the County Jail. Five were sentenced and due to be sent to the Texas Department of Corrections Monday. Judge Scott Bailey told the Court that a modified ruling had been made recently by the Texas Jail Standards Commission, exempting overpopulation in a jail in cases where inmates had been sentenced and were awaiting space in TDC.

Jean White, Secretary for Judge Bailey and the Court, brought in what appeared to be quite a few bills for Indigent Health Care. She mentioned the largest bill, one for \$1,018 from Humana Hospital for the care of one of the jail prisoners. She explained that Indigent Health Care does not pay 100 percent of these bills.

On another matter, Mrs. John Rodgers asked the Court if it could be of any help on the collection of a bill for secretarial services.

She explained that she had worked for a local attorney, Steve Davis, who had been court-appointed to defend Barbara Williams in the recent Organized Crime Trial.

On July 30 she learned that her employer had been indicted by a Federal Jury in Fort Worth for allegedly falsifying documents for immigration. She left her job at

that time, but stated that she was not paid for the last week she worked for the Attorney. She listed the amount owed as \$244.

She has filed in case in the JP Court, Precinct 1, and this will be heard by Judge Bush on Friday of this week. Davis has filed an answer saying that he does not owe Mrs. Rodgers anything.

Mrs. Rodgers indicated she was hoping for a garnishment on what the County owed Davis.

The Commissioners referred her to District Attorney Emory Walton. After consultation it was reported that the Commissioners "could not do a thing" about this problem, and Mrs. Rodgers would need to wait for the outcome of Friday's hearing.

On an unrelated situation, J.D. Griffin told the Commissioners that a bad problem existed on his land south of the Leon River south of Eastland. He said that in 1972-73 he paid to get a spring on his land dammed up and the water way fixed.

In recent years a neighbor, Harry Holt, cleaned out a spring on adjoining property and built a dike, he said. Now, especially during heavy rains, water overflows from this spring and runs across the Griffin land. The dam on his property has been torn out.

"The Water Commissioners said it was all wrong, but there wasn't anything they could do about it," Griffin told the Commissioners.

"We don't have any authority in this," Richard Robinson told Griffin. The Commissioners agreed that they didn't know what they could do about matters involving private property.

The morning meeting was concluded with a discussion on this matter.

## PARADE ENTRANTS, NOTE

Judging and awarding of prizes for the Homecoming Parade will be done before the parade begins. Line up is at 2:30 p.m. and the parade begins at 3 p.m.

Four \$15 prizes will be awarded in three categories, at large, clubs and organizations, and school K-12. Two \$5 bicycle rider prizes will be given.

Winners will be announced during the parade.

She is a very talented lady and reviewed many of her childhood experiences and joys of her early years through her composition called "Footprints - Rural Life." The selection was divided into five cantos (or chapters) prefaced by a poem by Emily Dickinson. A quotation appropriate to describe a reader of good books is:

## Mrs. Glen Swift Representative For Summer Sky, Inc.

More and more, people in this area are asking, "Where do you turn when there's no place to turn?"

Personal, family and workplace addictions, illnesses and other disfunctions prompt these desperate pleas for help.

But too often, ready answers aren't available, because most of us don't know where to look.

Recognizing these needs, Veteran Social Workers Mrs. Glen (Kathy) Swift has affiliated herself with an organization which can supply some

answers.

She is Community Service Representative for Summer Sky, Inc., and alcohol and drug treatment center, which offers a broad range of community services.

Mrs. Swift was with the Department of Human Services for seven years and with the Mental Health/Mental Retardation Organization for two years, so she has seen the needs of many. She is a native of Eastland.

Summer Sky offers detoxification, in- and out-patient treatment, family programs, aftercare, interventions, community education and supervisory, in-service and counselor training.

An Employee Assistance Program, sponsored by an employer, provides free, confidential, professional assistance to help employees and their families resolve problems that affect their personal lives or job performances. It provides consultation, supervisory training, assessment and referral as well as a 24-hour crisis-line.

For details, Mrs. Swift may be reached through this toll free telephone number: 1-800-722-8596.

Some traits of Down's syndrome can be spotted in ultrasound imaging, alerting doctor and mother-to-be to the need for further testing, a radiologist at Harvard Medical School has found.

Ideally, flu shots should be given by November each year, the Public Health Service recommends. Even later shots will be effective, however, and should not be neglected if earlier deadlines are missed.

Researchers at the University of Alabama have trained rats to respond to a certain odor with increased production of interferon. In time, they hope to enable people to do the same thing.

Preliminary research at the Louisiana State Eye Center in New Orleans suggests that zinc may halt the progress of macular degeneration. Because the mineral can have dangerous side effects, many doctors are using caution in recommending zinc to their patients.

If parents are allergic to foods, infants should not be fed allergenic foods, nor should breast-feeding mothers take them, according to a review in the Journal of the American Medical Association.

We love babies -- and we feature a lot of their special needs at Wal-Mart Pharmacy, Hwy. 80 East, Eastland, 629-3347.

**Kittens Shake Rattlers**

Two words can be used to sum up the game Thursday night against the Tolar Rattlers; "Jared Horton." Horton, #44 for the Jr. Wildcats, was all over the field.

The Wildcats got off to a bad start when Tolar scored very early in the first quarter. But the Wildcats got back in the game a few plays later when Jarod Horton scored on a 62 yd. run.

Tolar answered with two more TD's consisting of a 61 and a 53 yd. run. Tolar was now up 18-6, but the rest of the game belonged to the Jr. Wildcats.

Near the close of the second quarter, Jarod Horton scored a 50 yd. run. Next, quarterback, Chris DeLong threw a leaping 10 yd. pass and connected with #85, Will Ezzell. It was literally a leaping pass because DeLong only stands at 4 ft. 10 inches and had trouble seeing his receivers. At the half, the score was 18-18.

The Jr. Cats came out and scored two more TD's on runs by Jarod Horton of 27 and 16 yds. Horton also racked up two 2-point conver-

sions. All together, Horton totaled 28 points in the game. The Jr. Cats did well defensively also. Jarod Horton led the tackles with 12 and #80 Mackey Elliott had the only interception of the night.

Although Horton is the one in the spotlight, the offensive lines deserves the credit. The line did so much better than last week. They seem to get better every day.

Coach Robby Stuteville felt the team "fought hard, was terracious, and willing to go the extra effort to win." He was proud of the way the line played.

This Thursday, the Jr. Wildcats take on Rochelle, at Rochelle at 6:30 p.m. The support for the Cats has been great. Keep up the good job!

One more note. Coach Stuteville informed me that when the Jr. High football team wins, they should be called the Kittens. Even though the name sounds cute; you sure don't want to cuddle with them!

**Musical Notes**

**JAMMIN' THE NIGHT AWAY**

The Rising Star Wildcat Band performed Friday night at Tolar with a performance that shocked all! The band did their half time show to the theme "The First Annual End of Summer Show." They were all decked out in jams, T-shirts, shades, and some even had Hawaiian print caps on. The band began with a wave of horns to begin the first song entitled "Surfin' USA". Drum Major Stacey Wright then shouted "party" and the band got into position for their next song, "Tequila."

Twirler Jo Beth Landers performed to "Louie, Louie". The band ended their performance with everyone's favorite "Barbara Ann."

**Register to Vote**

If you are new to Rising Star or have turned 18 and you have not registered to vote in Eastland County, now is the time to do it.

Anyone who has not yet registered to vote must register by Saturday, October 8, to be eligible to vote in the national election on November 8.

You may pick up a form at the Rising Star Post Office or at First State Bank of Rising Star. If you need help in filling out the form, Rising Star's voter registrar, Dr. Charles Barnes, will be glad

to help you and will come to your home; just call him at 643-5300.

If you already have a voter registration card, there is no need to fill out another form for this election. Since Texans no longer pay a poll tax, a voter registration card is generally good until you move away. The County Tax Assessor and Collector mails new cards from time to time to registered voters.

Be ready to have a voice in local, state and national elections by being registered to vote. It's your privilege.

most impressive drive of the game from their own 5 yd. line. With 10:02 left in the game, Tolar connected on a 44 yd. touchdown pass and the run for the two points was good. The Rattler's homecoming crowd came alive when the scoreboard read Home 14, Visitors 10.

The Cats started on their own 32 and put together a good drive of their own. It was 1 & 10 on the 11 when the Tolar defense held the Cats. A field goal would not win the game, so the Cats went for it on 4 & 1. Tolar held and with 4:19 left in the game, the Tolar fans started celebrating. But they forgot about the fighting Wildcats.

Tolar managed to move the ball only 1 yd. on 3 plays and were forced to punt. The snap was over the punter's head and rolled out of the end zone giving the Cats a safety. With 2:48 left in the game, the score was Tolar 14, RS 12.

Kevin Bond returned the free kick to the Cats' 47. Jimmy Evans hit Reil Barron and it was 1 & 10 on Tolar's 39. Kevin Bond ran the ball and it was 2 & 7. Derrick White was tackled for a yard loss and Jimmy Evans' pass to Barron was incomplete and it was 4 & 8. Evans hit Green on a 12 yd. pass play and it was 1 & 10 on the 25. Evans to Barron was incomplete and Evans to White was incomplete and once again it was 4th down. This time Evans hit Donny Alcorn for a 14 yd. gain and it was 1st & 10 on Tolar's 11 yd. line. The fans were going crazy, the clock was running and the Cats had no time outs left.

A field goal would win, but it was 1 & 10. Lee DeLong ran for 2 yds. and Evans hit White for 7 before he ran out of bounds. On 3 & 1, DeLong picked up the 1st and it was 1 yd. to go for the touchdown. Kevin Bond got the call and it was 2 & inches. Evans threw the ball out of bounds to stop the clock, bringing up

3rd & inches with :02 left on the clock. The Cats lined up for the field goal and it was do or die for the Cats. Stacy Green's kick against the wind was off to the side and the buzzer went off.

But hold everything! There was a penalty. One of the Tolar players had leveled Green when he kicked and the referee threw the yellow flag giving the Cats another chance. Fans on both sides went wild and the tension mounted. This was it! Derrick White snapped the ball to holder Lee DeLong and Stacy Green's kick split the uprights giving the Cats the victory, 15-14.

Bedlam broke out as fans rushed to congratulate the players.

Once again, the Wildcats spoiled the Rattlers' hopes for a homecoming victory. Two years ago at Tolar's homecoming, the Rising Star Wildcats defeated the Rattlers 16-15. The Cats won on the last play of the game when David White hit Terry Barker on a 9 yd. TD pass. There was no time left when Barker ran in for the two point conversion. After watching the first game, more than one fan felt that it was a once in a lifetime win. This year's game proves differently. If you haven't been to a Wildcat game, you don't know what you've been missing. The Wildcats finally have a home game next week when the Cats (3-1) play Rochelle (2-1) for Rising Star's homecoming. Let's fill the stands and support the fighting Wildcats. LOVE THAT BLUE!
