### **USDA** Proposes PRINCIPLES AND Amendment To Referendum

Proposed amendments providing for confidentiality in voting and making the conduct of a beef

referendum more efficient and less time consuming were announced today by Ray Fitzgerald, administrator of th U.S. Department of Agricultures's Agricultural Stabilization and Conservation Service (ASCS).

Under the Beef Research and Information Act, beef producers may vote to authorize the federal government to withhold a fixed amount from each cattle sale to be used for research and promotional purposes. Under an amendment to the Act passed last year, the number of producers needed to approve such an order was reduced from twothirds to a majority of producers voting in a referendum. Today's proposed amendments to the regulations are to reflect this change in the law.

The proposed changes provide for: (1) voting by secret ballot; (2) reducing the registration and voting periods from 12

days to 4 days; (3) reducing the time allowed for challenging a producer's eligibility to register and vote; and (4) reducing the time for the ASCS executive director to make a determination on the challenges.

proposed The amendments in no way obligate the Secretary of Agriculture to hold a referendum.

The amendments appeared in the Federal Register August 7. Written comments must be received no later than October 9 and may be sent to the Hearing Clerk, U.S. Department of Agriculture, Washington, D.C. 20250. For further information, contact Robert Cook, emergency and indemnity programs division, ASCS, USDA, room 4095-S building, washington, D.C. 20013. Phone: (202)447-7997.

### Fun Day Slated At Ericksdahl Picnic Grounds Sipe Springs

#### FRIENDS CHARLIE FUND DAY

Don Starr, chairman of the Stenholm '80 committee, announced today that final preparations are being made for the Friends of Charlie Fund Day to be held at the Ericksdahl picnic grounds east of Stamford on September 8. A program of entertainment, games and food will begin at 5:00 p.m. Tickets are available from the Stenholm '80 office in Stamford, telephone 915-773-5521. Norris Starr of

OF Eastland is a member of the Stenholm '80 committee and may be

contacted for details. The committee has been organized to continue the grass roots support that helped elected Congressman Stenholm and will continue to work for him. It is anticipated that the Congressman will

announce his political plans on the 8th. The gathering is planned to raise funds to finance the campaign organization of Congressman Stenholm but it will

also provide an oppor- tainment throughout tunity for citizens from throughout the vast 17th Congressional District to visit with the Stenholm family in their home communi-

ty. The picnic grounds are located near the Bethal Lutheran Church where they attend. The family farm is nearby.

A meal of chicken, watermelon and all the trimmings of a country picnic is planned. A playground area is available for old and young.

There will be enter-

the evening and a short formal program will not interfere with visiting in the traditional manner.

Truet Hart, Eastland 4-H member, is still looking for his registered Hereford heifer that has been lost for more than a week. Truet purchased the heifer from Ross Wilson of Gorman with a certificate he received after catching a calf in the 1978 West Texas Fair Calf Scramble. He was preparing the heifer to take to the West Texas Fair next month. Last Friday, August 17, he took the calf to the Lake Road Animal Hospital north of Cisco to get required health papers needed to show the calf next month. The heifer pulled away from Truet and disappeared into the brushy rangeland north of Cisco. Ranchers in the area and many others have been very

Pe...n growers are on the lookout for the pecan weevil. It seems the conditions are now ideal for the emergence of the destructive insect. commercial Several growers have reported that no weevils have been fould in their orchard. C.T. Barton of Pioneer has weevil traps set, but have not seen weevils. Gary Underwood of Gorman reported seeing some weevil damage in early August, but not in recent days.

We think the weevils will be emerging by next weekend and control measures should be taken. Sevin is the chemical recommended for weevil control. It is almost time to plant small grains in Eastland County. Many farmers have already ordered or purchased seed. Some have called to ask about recommended varieties. Small grain varieties seem to be confusing because new names are always coming up. We thought it might be helpful o list the varieties recommended for this part of the state by the Agricultural Ex-

November. They attend a business school in Abilene and are sponsored by the Second Baptist church in Abilene. Several other churches in the area help pay tuition, rent, and food bills.

We delivered the food and some cash to Rev. Clayton Pennington, pastor of the Second Baptist Church on Sunday afternoon. Our time was short but here is a brief account of our visit with the girls.

We were able to spend only about twenty minutes with Ursil and Melvie from St. Kitts Island. It was very rewarding, enjoyable, and informative twenty minutes. We asked as many questions as time would allow. This is some of the information we received. St. Kitts (area 65 sq. mi.) is one of the Virgin Islands, belong-

ing to Great Britain. The people are very poor. They are mostly of African descent. The girls did not know any of their genealogy. Their people, as far as they know, have always been there. A little research on our part suggests they are probably descendents of slaves escaped from slave boats bound for America.

We found them (probably in their very early twenties) to be very alert, friendly, intelligent, and anxious to let people know about their home. They have never seen frost, much less natural ice or snow. They did not have their air conditioner on while we were there. If you remember, it was in the upper 90's Sunday afternoon.

The first European name connected with St. Kitts is that of Christopher Columbus, who discovered the island on his second trip to the new World. The first Englishman associated with the island was Sir Thomas Warner, who began colonizing it for the British in 1623. The French started about four years later.

Again a friend reminded me How many days are

few For him who suddenly becomes A special friend to you. You get together, and

you wish Through all your smiles and tears, That you had known each other for At least a hundred years. And then you greet each other for A little while or so And suddenly there comes the time For one of you to go. Some friendships last for many years, And some for just a day But who are we to question GOD And his mysterious

way? And in the last analysis, We thank HIM with a smile, For one more friend-

### **Doug Owen To Head Bike-A-Thon**

Research Hospital is proud to announce Mr. Doug Owen has been named to head the 1979 Fall Bike-A-Thon Campaign in Rising Star.

St. Jude's Development Director, made the announcement and said more information will be forth coming concerning the date, place, time etc.

"We are proud to find such a dedicated person for this important task," Kirwen said. "St. Jude Children's Research Hospital offers hope to stricken children everywhere that would not be possible without such voluteers."

"St. Jude Children's research Hospital is the only research center dedicated exclusively to the study and conquest of catastrophic diseases of children. Its work, particularly in leukemia and other childhood cancers, has been internationally acclaimed and cited as a leading exaple for basic and clinical research.

"No one has ever been charged for the benefits provided by St. Jude Hospital, Kirwen said. "And that includes the extremely expensive total medical care provided to children enrolled in its research studies."

"Over two-thirds of this year's 19 million dollar operating budget came from public support. Each year we rely on events like this to pay for the following year's costs."

"Since Danny Thomas opened this institution in 1962, his dream of conquering the deadly diseases of childhood has continously been brought closer to reality. Mr. Thomas is still the very active president of this organization and inspires us in this cause," Kirwen said.
