

No Quorum, No Action at Council Meeting

The Rising Star City Council had a called meeting planned for Thursday, October 28, but did not have a quorum in attendance and could not take any action on any of the matters which were listed on the agenda.

Items on the agenda, listed informally, were a discussion with Jerry Graham of Dynamic Production Inc., taxes, water and sewer rates, acceptance of the mayor's resignation and appointment of a new mayor, submission of a petition to the council, discussion with the district director of FmHA, John Wolf, and checking into the possibility of a financial grant from the federal government.

Only three of the councilmen were present, Doug Owen, Mark Cooksey and Willie Vandivere. Councilman Johnny Lee was in California attending a school in connection with his regular employment and Pete Starks' wife called and reported that Starks was ill. H.L. Killion had submitted his resignation October 22 and was not

in attendance. Lacking a quorum, the council could not take action on any city business.

The council members present requested Dynamic Production Inc. official Graham to cover the points his company wished to make and he consented to do so, with the discussion being tape recorded in order that absent councilmen might hear the full discussion.

Dynamic Production Inc. has been supplying natural gas to the City of Rising Star since January 1979; gas rates for the city had not been raised since November 1979, although, generally, gas rates have increased statewide since that date. Graham stated that the company had been lenient with the City of Rising Star because they had believed the intentions of the city were to pay its gas bill as quickly as it was able to do so; they no longer feel any progress has been made.

Company officials are dismayed, Graham said, that the city is current in its payments to another

company which supplies a similar amount of gas to the city, yet has fallen so far in arrears to his company. The city owes about \$125,000 to Dynamic Production Inc. for gas purchases.

Graham supplied each councilman with a copy of the charges to the city for gas purchases and the city's payments; since they began supplying the city in Jan. 1979, payments have been made sporadically, every two to six months, in amounts of \$10,000 or \$8,000.

Also of concern to Dynamic Industries Inc. was the transfer of funds from the utilities fund to the general fund.

Council members had planned to formally vote on the acceptance of the mayor's resignation and felt that by appointing a new mayor, which they were empowered to do by following guidelines of the city laws, they would save the city the expense of a special election. The expense would have to be paid from the general fund, which was already in a financially stricken state.

City Council Cuts Expenses

H.L. Killion, who submitted his resignation as mayor on October 22, presided over the regular monthly city council meeting Monday, November 1, saying that he had withdrawn his resignation.

"I've been convinced. If I didn't know where I was at, I wouldn't be here tonight," he said.

Killion and the four city councilmen present went into executive session, then returned to open meeting to take votes on the eleven resolution which had been drawn up by Killion.

The resolutions presented to the councilmen were:

1. No city employee (including police) can issue a purchase order in excess of \$50 except in extreme emergency. If such occurs, employee must notify their supervising commissioner with details of such. Approved.

2. No employee will be considered for salary increases for the next 12 months. Approved.

3. All employees will be docked equal some days from work whenever time permits. That time will be deducted from their monthly salary on a pro-rated base. This tie off will be determined between employee, city administrator and mayor. Approved.

4. No street repair (excluding grading) for next 12 months from city funding (except extreme emergency). Approved.

5. All street lights to be cut from city expense except one half lighting on Highway 36 and 183. Those remaining being cut from 400 watts to 175 watts. Approved.

6. No ad valorem tax increase. Approved.

7. Any assets not beneficial to the city and determined not to be in future will be offered for sale by bids. Approved.

8. (No increase in utility rates until city administrator prepares a new budget.) At this time council will meet to approve any rate increases—to include a firm resolution concerning indebtedness to Dynamic Production Inc. Approved.

9. One alderman will be appointed by council to oversee meter check reading each month. This report will be a permanent issue

on the agenda each month in future. Approved.

10. One alderman will be appointed by council to oversee a near continuous leak survey. This also being reported to council each monthly meeting. Tabled. Councilman Doug Owen pointed out that at the last monthly meeting, the council had voted to return the "gas sniffer" which would be used to the company from which it was purchased. Killion stated that he did not recall that vote. The "gas sniffer," which apparently has not been returned, was purchased for about \$1900, an expenditure the council had felt should not be carried through because of the city's financial difficulties.

11. Terminate both policemen immediately. Not approved. Pete Starks voted for the resolution and Owen, Mark Cooksey and Willie Vandivere voted against it. Killion announced that he would veto this vote following guidelines in the city's laws; according to that law, the council can then override his veto if a majority of the total number of councilmen vote to do that. Owen moved that no action be taken to terminate the employment of Curtis McGlothlin until the next regular monthly meeting. A motion was made to terminate the employment of policeman Dennis Hall when his contract expires; it was seconded and approved.

Vandivere moved to accept the resignation of Killion as mayor and was seconded by Owen.

"You can't do that," Killion said.

However, the councilmen asked that a vote be taken and voted three to one for the motion; Starks' was the vote against it. The legality of the matter will be checked.

The council again went into executive session to discuss the city's indebtedness of about \$125,000 to Dynamic Production Inc. with company official Jerry Graham. When they returned to open session, the council voted to set up a special fund for revenue from the gas system, a move that the creditor had requested.

Burglary and Shooting Under Investigation

Deputy Sheriff Albert Biggs of the Eastland County sheriff's office is currently investigating a burglary and a shooting incident in the Rising Star area. The burglary was at Bramlett Implement Inc. just east of Rising Star on Highway 36 and the shooting incident occurred near the Pioneer community, about 6 miles west of Rising Star.

Bramlett Implement Inc. was burglarized sometime between 6 p.m. October 30 and 6 a.m. October 31. Among the items taken

were six chain saws, a riding lawn mower, a garden tractor, several tools and a one ton truck. Biggs was aided in his preliminary investigation of the burglary by Curtis McGlothlin of the Rising Star police department.

The victim of the shooting, which occurred at 2:39 p.m. Sunday near Pioneer, is Fernando Almanza of Oklahoma City, Okla.; he sustained gunshot wounds in the back of the head and he is in guarded condition at Hendrick Medical Center in Abilene.

Texas DPS patrolman Larry Melson and Charlie Chapman, a city policeman in Cross Plains, were the first officers at the scene and stood by until Deputy Sheriff Biggs arrived. The officers were told that Almanza and a female companion were going to a stock tank to shoot turtles and were crossing a fence when the gun fell and discharged, shooting Almanza in the back of the head.

Biggs is continuing investigations in both the burglary and the shooting.

Commentary

by Myrtle Owen

HOW DO WE GET FAITH? Bible Text: Romans 10:8-17; Acts 11:13-14; can have faith. We read in Hebrews 11:6, But without faith it is impossible to please Him; for he that cometh to God must believe that he is and that he a rewarder of them that diligently seek him. "We see from this with out faith it is impossible to please him." Therefore, if God demands that we have faith when it is impossible for us to have faith, then we have a right to challenge His justice. But if He places within our hands the means whereby faith can be produced, then the responsibility rests with us whether we have faith. God has told us that without faith it is impossible to please Him. But He has also told us how to get faith. If we don't have faith, it is not God's fault. To blame God for our lack of faith is nothing but ignorance. God has provided the way whereby everyone can have faith. Faith for Salvation, The Apostle Paul said that we are saved by faith. "For by grace are ye saved through faith; and that not of yourselves: it is the gift of God." (Eph. 2:8) But how do you get faith to be saved? (Romans 10:8-10, 13, 14, 17) Verse 8 But what saith it? The word is nigh thee, even in thy mouth, and in thy heart; that is, the word of faith, which we preach; Verse 9, That if thou shalt confess with thy mouth the Lord Jesus, and shalt believe in thine heart that God hath raised him from the dead, thou shalt be saved Verse 10, For with the heart man believeth unto righteousness; and with the mouth confession is made unto salvation Verse 13, For whosoever shall call upon the name of the Lord shall be saved Verse 14, How then shall they call on him in whom they have not believed, and how shall they believe in him of whom they have not heard, and how shall they hear without a preacher? Verse 17. So then faith cometh by hearing, and hearing by the word of God. After studying the passage of scripture quoted above, what three steps does man take in order to receive

salvation? 1. Confess, 2. Believe, 3. Accept. To whom is this salvation available, according to verse 13? (Whosoever) According to verse 17, where does faith come from? (By hearing the Word of God). Read Acts 11:13-14 (Mark 16:15-18). (Angels cannot preach the gospel, God has given this task to man).

Ducks Unlimited Sets Banquet Date

The Brownwood Chapter of Ducks Unlimited has announced that its 5th annual banquet will be held at Brown County Feed and Seed on the Brady Highway, on November 11, at 6:30 p.m. Chapter Chairman Cliff Waddell of Brownwood feels the fund-raising function should be marked on the calendar by anyone who is interested in the future of North America's waterfowl. "The Ducks Unlimited success story," said Waddell, "is really starting to spread around. Banquets much like our chapter event held throughout the country last year contributed towards Ducks Unlimited's national fund-raising effort which raised \$30 million during 1981 alone. But what's even more important to realize," said Waddell, "is that this national fund-raising total must increase this year if the North American waterfowl habitat race is to be won."

today. Since Federal duck stamp dollars cannot be spent beyond U.S. borders, sportsmen funds earmarked for waterfowl conservation are not getting to the places where the great percentage of production takes place. But through Ducks Unlimited's efforts, over \$165 million has been raised in the U.S. since 1937. And \$.80 out of every one of those dollars has been sent to DU (Canada) to reserve some 3 million acres of prime habitat encompassing over 1,900 wetland projects.

The only problem in all this is that biologist's estimate millions of additional acres of habitat must be reserved in order to stabilize North America's waterfowl population. When you consider that habitat today is diminishing due to agricultural and development pressures, and that DU is the only nonprofit conservation organiza-

tion involved in the Canadian waterfowl habitat race, you can begin to see the significance attached to the organization's fund-raising events. Ticket's which are \$15.00 each, include a one-year DU membership and a subscription to the organization's magazine. Call Bill Pancake at (817) 725-6143 for tickets and further details.

EDITOR'S note: The following two letters were inadvertently omitted from last week's paper.

Dear Editor,

Last night at our town meeting I told the people we needed to keep our Police department because of the drug problems in this town.

One of our citizens (Who is not married and has children) said the drug problem starts at home. I disagree with him very strongly. Most of it starts on the streets and at school-from peer pressure.

No one has raised their children in a more drug free home environment than we have. I was at home with my children when they were at home. We taught them the effects of drugs and alcohol at

a very early age. We loved them and they knew it. If they weren't home when they were supposed to be I would get on the streets and look for them.

Drugs has no rules and no boundaries. They affect people from all walks of life. Peer pressure from users and pushers has no limits.

Because of our love for our children and the emotional pain we experienced with them because of drugs and our love and concern for the children of this community, we intend to do everything we can to make this community as drug and alcohol free as possible. The only way we can do this is to have a Police department we can trust and depend on.

Mary Ann & B.P. Underwood

Dear Editor,

I would like to thank the people who cleaned my place. They did such a nice job and I appreciate it. I read the paper about the city being broke and it upset me so much I just had to shed a few tears. I've been trying to think of some way I could help, but I'm on S.S.I. and I don't have much money. There is some junk iron on my place and I would like for the City to have it. I know it isn't much but if everyone will give what ever they have and maybe it will help.

.....give little thought to the question of values when we should measure them in terms of personal worth in everything he buys, enjoys or does. For example, some folks will buy real estate without any kind of evidence of title disregarding the fact that the principal value of the purchase is in the title, not in the land itself or the improvements thereon. This kind of thinking costs property owners thousands of dollars annually which could be saved and a part of the savings wisely spent for an abstract of title or title insurance.

Drug Abuse Program Will Be November 9

Marilyn Golightly, a field coordinator for Texan's War on Drugs, will be in Eastland on Tuesday, November 9. Mrs. Golightly will speak at 1:30 p.m. at the First Baptist Church, 101 West Plummer, Eastland. The program will be in the church's fellowship hall.

The Drug Abuse program is being sponsored by the Eastland County Extension Homemaker Clubs in conjunction with their annual Extension Homemaker Achievement Day.

The public is invited and urged to come to this program and hear Mrs. Golightly.

The Texans War on Drugs commission has as its overall purpose to diminish Drug and alcohol use among children and adolescents by educating and developing parent groups in Texas and the nation through Texans' War on Drugs.

The Texas War on Drugs commission

believes that a child's parents are the best bulwark against drug involvement. To fulfill that role, the parents must fully understand the subject and help others in the community to understand it. That means educating everyone who influences our youth - teachers, minister, scout leaders, coaches, legislators, etc.

You too can help. Whether you are a parent, grandparent, teacher, business leader or a concerned citizen, you have a vested interest in the future of our youth. Everyone has the obligation to understand the problem of illegal drug abuse among our youth and to help find solutions. Texans' War on Drugs can assist that effort.

Eastland County has been identified as having a serious illegal drug traffic problem. Let's all help stop this. The first step is to educate our parents and concerned citizens.

Deer Hunters Meet November 8

Kenneth Payne and Extension Agent DeMarquis Gordon and Janet Thomas.

Topics to be covered will be hunting laws and regulations, hunter courtesy, field dressing deer, boning deer, maintaining deer meat quality and preparing venison for the table.

The program will be of interest to the cooks as well as hunters. There will be no fee charged for attending.

4-H Adds New Member

The Stars of the Future 4H Club meet Monday, November 1, at 3:15 p.m. in the Ag. Room with 28 members attending. Michelle Kyle was enrolled as a new member.

The 4Hers answered roll call with something they have to be thankful for. Somethings our 4Hers are thankful for are: Mom & Dad, lambs, our country, our food, churches, 4H, friends, our club, rabbits, chickens, girl friends, our world, horses, puppies, family, little sister, animals, my dog Lady, boy friends, life, little brother, mouse, school, beef cows we eat, and C. W. Slick.

These 4Hers had so much to be thankful for, it was hard to choose just one. Roll

call took a long time! Mrs. Wanetta Parson gave a very good program on Method Demonstrations an Illustrated Talks. Mrs. Parson had many interesting and informative ideas on how to present demonstrations. She was assisted by Travis Parson, Tabitha Hutton, Jamie Hutton and Warren Parson.

Vice-President Jerry Long conducted the short business meeting.

Dates to remember are: November 6, Cisco Livestock Field Day, November 13, New Projects Field Day at the Eastland livestock show barn and November 20, Eastland Co. 4H Food Show.

Refreshments were provided by Toby Long and Jay Hall.

4-H Workshop Planned

There will be a Food and Nutrition Group Workshop for Rising Star 4Hers with Food and Nutrition Projects, Tuesday, November 9, at 3:10 in the Home Ec. Cottage.

Carol Goode asks that 4Hers bring paper and pen or pencil. The 4Hers will study nutrition, meal planning

and social and cultural roles.

4Hers wanting to enter the County Food Show, November 20, will have an opportunity to plan menus and be briefed on Food Show rules and categories.

Refreshments will be served and the meeting should be over by 5:10.

4-H Young People with Purpose

Get into Action with 4-H

How would you like to join 4-H? You can, you know, if you really want to, and we'd be glad to have you.

4-H is a national youth program for all youth between the ages of 9 and 19 regardless of race, color, ethnic background, economic status or cultural differences. The Texas 4-H program is administered by the Texas Agricultural Extension Service, a part of the Texas A&M University System.

The purpose of 4-H is to develop leadership and character in young people. 4-Hers learn by doing through actively working on projects and participating in club meetings and 4-H activities.

4-H clubs are organized in such places as rural, suburban and urban neighborhoods. Groups may be organized among neighborhood families in one or two city blocks, housing complexes or anywhere they are needed.

Youth can participate in a variety of projects in 4-H, such as foods, clothing, animal projects, electricity,

photography, arts and crafts, and many, many others. In fact, almost anything you want can be a project.

Most important and most of all, 4-H is a lot of fun! Where else can you get together with other people your age and have fun while you learn? Boys and girls in 4-H are always on the move doing something and participating in various activities.

For instance, the 4-H shooting sports project attracts numerous youngsters who are interested in learning to shoot and observe gun safety.

Livestock projects give youngsters a chance to be responsible for an animal and enter stock shows where they learn competitiveness and sportsmanship.

4-Hers can even learn to make their own clothes through clothing projects.

Besides projects, other activities such as the share-the-fun give youngsters a chance to participate in organized recreation. County 4-H Fun Day, Day Camp or Rally Day is the time for playing

games and making new friends. Members in 4-H can go on trips, take tours of interesting and educational places, and help finance their college education with scholarships awarded through 4-H.

Boosting the 4-H program is the private sector which provides great resources of money, personnel and materials for the advancement of 4-H. The

many business and industrial leaders who support 4-H give significant testimony that 4-H is a valuable educational program for America's youth.

Remember, you are what you want to be in 4-H. It is educational, interesting, challenging and lots of fun!

For information regarding your local 4-H program, contact your County Extension Office.

Pioneer News

By Mabel Halsell

I learned something of Cross Plains Library's genesis and growth in an interview with Mrs. Veda Debusk, a leader and co-organizer of the project.

In the early Spring of 1978, several concerned citizens in Cross Plains, headed by a newly appointed committee, appealed to the City Council for their consideration of a Public Library. The committee consisted of the following eight members: Mrs. Henry Burkett, Chairperson; Mrs. D. C. Lee, Mrs. Raymond Debusk, Mrs. J. L. Bonner, Mrs. Hollis Shultz, Jr., Mrs. Tom Ames, Mrs. Dick Waggoner and Miss Betty Browning. The needs for a City Library were evident; 1. No elementary library for jr. high school. (Due to a fire). 2. Books from the few available could not be checked out. 3. No use of a library in the summer-time. 4. Distance to Callahan County Library. 5. Some evidence of declining achievement in students.

An appeal to the coordinator for the Big Country Library System, revealed that the responsibility was on the community itself. Any county funds, state funds (25 cents per capita), or any other would be inadequate.

The committee made an appeal by sending out hundreds of letters to ex-students, former citizens and others. This netted the following donations: W. R. Gibson, \$2500; the late Mr. Raymond Debusk, \$700; Callahan County Commissioners Court, \$250; Juanita, Waggoner Furr, \$200; Mrs. P. M. Kuykendall, \$500 (In memory of Mrs. Elliot Bryant, Sr.) Pat McNeil, \$100; Cross Plains Bank, \$100.

There were hundreds of donations of \$25 or less. Much volunteer services including the designing and building of the fixtures and a sizable discount on the price of the building by the late Damon Jones. Credit goes to Roger Williams for the fixtures.

Books came in by donations, memorials and purchase. After obtaining a charter with the help of Mr. Don Wilson and getting membership in the Texas Association of Public Libraries, a full time Librarian was employed. Naomi McCowan serves in that capacity.

The library is open to the public for study, research, Children's Story Hour and all other library services. The library stands as a testimony to progress made possible by the unceasing efforts of those mentioned herein and by many others not named.

Remember that Elbert Hubbard said, "We will never be a civilized country until we spend more money for books than we do for chewing gum."

Again it was good to talk with Mrs. Ethel Brown. Her local visitors were Lou Grider and Jean Alexander of the community, and Mable Birchfield, Zora Bryant and Lois Garrett, of Cross Plains. Her nephew, Frank White and his sister Kathleen Hardesty of Las Cruces, N. M., visited Mrs. Brown on Saturday. Helen and Cole Tillotson called during the week.

When I called Mrs. Hiram Foster, I was not sure she was at home from the Hospital. She was able to come home during the week end and had the pleasure of a week end visit by all their children, including Billy Wayne and Fern from Henretta, Okla. Mrs. Foster wishes to express her sincere thanks to her many friends, for cards, visits and other expressions of love and concern during her stay in the hospital and since she has been home.

Billy Lee Freeman visited her mother, Mrs. Rody, during the week. Other visitors were Bob and Sally Rody and Charley. Mrs. Rody announced the birth of a great-grandbaby to Bobby and Cliff Holden of Abilene.

Visitors with Vanda and Tommy King were her parents, Mr. and Mrs. Darwin Anderson, of Abilene, Mrs. Ethel Anderson and Mrs. Loma Atwood. Mrs. Atwood accompanied Mr. and Mrs. Anderson home for a visit.

We regret to announce that Mrs. Alice Irvin fell and broke her hip. She is at Hendricks Medical Center. We wish her a speedy recovery.

Mr. and Mrs. George Parrish went to Houston for a check-up by his doctor. He did get a good report. They returned on Tuesday. Their recent visitors were Rev. and Mrs. P. A. Lindley of Coleman, Mr. and Mrs. Dan Notgrass, of Cisco, Mr.

and Mrs. George Lee Parrish, Chris, Michael and Aaron of Andrews, Mr. and Mrs. Raymond Parrish and Gormond Parrish of Cross Plains.

Mrs. Nora Phillips and Glenda's father had lunch with Vernon and Glenda Phillips on Sunday.

Visitors with Josie and Alma Morris were Mrs. Jay Chapman and Daughter of Stephenville, Mr. and Mrs. Brown, Tamara and Wesley, of Cross Plains, Mrs. Emma Morris and daughter of Rising Star and Mrs. Jay Rankin and daughter.

Mrs. Gann reports that they are doing fairly well, Mr. Gann is able to see after his stock and she is able to take care of the house. Always glad to hear from the Ganns.

Twenty or more children and grandchildren enjoyed a Halloween Party in the basement of the Cowan Hutton home on Saturday night. The invitations sent out by Mrs. Hutton announced that the Witch and Wizard of Huttonville were inviting each one to their Cave at the Hutton home, on Saturday night.

The children decorated the "Cave" with goblins, jack-o-lanterns, spiders, and ghosts. The haunted house and Mrs. Hutton's identical twins drew a visit by every one, only to see two "identical" black-eyed peas, lying snugly in their bed. Others enjoyable activities were fishing for treats and a delicious supper. Everyone had a very enjoyable evening.

Mr. and Mrs. Hutton went to Clyde on Sunday where they and her brother Elda Dean and her sister, Betty Haslam, enjoyed a birthday dinner and celebration for their mother, Mrs. Ella Dean.

Mr. and Mrs. Halsell accompanied by their daughter and husband, Lou and Charles Rodenberger spent the weekend in Odessa, visiting his sister and husband Mr. and Mrs. W. Sullivan.

We are always happy to have them and enjoy their singing very much. Other guest were Mr. & Mrs. A.V. Sellman of Lubbock, son of Annie Mae Sellman, Mrs. Perry brown of Cisco and Gary Logan, Candidate for State Representative for District 65.

The Starbrite Band played for the Rising Star Nursing Home, Tuesday we also went to Baird Nursing Home on Friday, we always like to play for them as they enjoy it so much, one little lady at Baird always asks us to come back tomorrow and stay all day.

Our regular bus driver could not go to Baird, but we had a good substitute, Marion West. Marion never lets us down when we ask him to drive, thank you Marion.

Morene and Corky Stribling of Odessa spent Sunday with her Mother, Rilla Richburg.

Hazel McCollum spent last week with her daughter in Fort Worth, Sue Braugardt and family.

and great grandson Justin and his mother visited her over the weekend.

Thursday night we met for an early Halloween party, a good crowd turn out to eat Hobo stew and drink witches brew. Quite a few witches, goblins and spooks turned out for the party before we ate, and they were judged. Lela Clark won 1st., and Luella McKernney 2nd. I'm glad I wasn't judge I'm afraid I would have given them all 1st. You should have seen Alvy and Dale Bible as The Flapper and Cowboy.

As a special treat for everyone Rilla and Margie made fried apple pies, thank you for going to so much trouble, they were really good, you should have been there.

Mr. & Mrs. C. W. Rogers, Mr. & Mrs. C.

USDA Farmers Home Loan Interest Drops

Washington, October 19—Interest rates for loan programs of the U.S. Department of Agriculture's Farmers Home Administration, which were lowered last month, will drop again effective November 1, Secretary of Agriculture John R. Block announced today.

Block said the additional reductions, which are as much as two percentage points for some loans, are possible because of the general move toward lower interest rates across all sectors of the economy.

In the Farmer Programs, the interest rates for farm operating loans will go from the present 13.25% down to 11.5%. Farm ownership loans will be reduced from the present 13% to 11.5%. Interest rates for limited resource farm operating loans will be lowered from 10.25% to 8% and limited resource farm ownership loans drop from 6.5% to 5.75%.

10. The Oldest Man and Woman attending the Bazaar opening ceremonies on Thursday, November 4 at 10 a.m. will receive special recognition as part of the program.

11. Extension Homemakers Clubs will sponsor the concessions during the Bazaar.

Some loans to help farmers recover from natural disasters will have a lower interest rate. The rates for production loans to farmers who need financing above the actual loss but who cannot get credit elsewhere will be lowered from 15.5% to 14%. The rate for actual loss loans remains at 8%. The rates for economic emergency production loans will be reduced, from 13.25% to 11.5% and economic emergency real estate loans go from 13% down to 11.5%.

Interest rates for single family housing loans will drop from 13.125% to 11.5% except for those who can afford the rates charged by the Department of Housing and Urban Development. Their rates will drop a full point from 13.5 to 12.5.

Loans for multi-family housing will be reduced from 13.125 to 11.5%.

Supplementa Feeding Tips

A systematic approach to supplemental feeding can help cattle maintain their condition while keeping a handle on costs, says a beef cattle specialist with the Texas Agricultural Extension Service, Texas A&M University System. Provide a good mineral mix, begin supplementation before cows lose a lot of weight and condition, and provide adequate protein and energy. Feed plenty of good quality hay and try to avoid situations calling for high levels of supplementation—it's seldom profitable.
