Wildcats Take District In Both Senior and Junior Track Meets

Rising Star's track and field teams swept both the senior and junior district meets at Gorman Thursday of last week in what turned out to be a two-team battle with the Gorman teams. The Wildcats amassed 67 1/2 points in the senior meet and the juniors took their division with 35 points.

Gorman made 49 points to stand second in the senior meet and Desdemona was second in the junior events with 28. Desdemona with 18 1/2, Carbon with nine and Olden with three followed in that order in the senior standings.

Individual scoring in senior events was closely bunched with Jerry Anderson of Gorman taking individual honors over Paul Freeman of Rising Star by the margin of one-half point. Anderson tallied 10 3/4 points to 10 1/2 for Freeman. Jerry Alexander of Rising Star and Neil Overstreet of Gorman were close third and fourth with 10 1/4 and 10 points respectively.

Rising Star athletes set district records in five of the events - the broad jump, the 440-dash, the 440-relay, the 880-run and the mile run. Records were also set in the pole vault and the shot-put by Gorman entrants.

First and second place winners in the events will compete in the regional contests at Stephenville April 25.

Rising Star first place winners were:

Broad Jump - Jerry Alexander, 18 feet 4 1/2 inches.

Boy Scouts Get Ready For Four Area Camporals

Hundreds of Boy Scouts and Explorers are preparing for the Spring Camporals which will be held in the four areas throughout the eight-county Comanche Trail Council on April 24-25 and May 1-2.

The campers will work to earn "gold nuggets" with which they can trade for official equipment as a highlight of the camping activities. Fourteen projects are scheduled for the 24-hour experience which includes tracking fire by flint and steel and by friction, judging, signalling, compass, cooking, first aid, knot tying, tent pitching, camping and fire program. Patrol leaders will lead their patrol mates in the projects and will be judged against standards. Ribbon awards will be presented at the close of the Camporal.

The Camporal will be held April 24 and 25 near Bend, Texas, on the Colorado River, for Scouts from Lampasas, San Saba and Mills counties. Camporal for the northern part of Comanche and for Erath county will be held April 24 and 25 on the Lois Gee farm near Dublin. Camporals will be conducted May 1 and 2 at the 36th Division State Park on Lake Brownwood for Scouts of Brown County and the Southern half of Comanche and at Lake Daniel near Breckenridge for Scouts and Explorers from Eastland and Stephens counties.

Activities will begin after 5 p. m. on opening days and close at 4 p. m. on the following day. The public is invited to attend the camp fire program on each Friday night. Campers are to bring cooking gear and food to prepare three meals and tentage to house their Troops and Posts.

Attend Funeral For Bob Joyce At Abilene

News has been received here of the death of Bob Joyce, a brother of the late W. W. Joyce and of the late Mrs. J. W. Boase.

Funeral services were held in Abilene on Saturday afternoon, April 18. The five Joyce brothers, John, Carl, Jack, Cecil and Floyd, and Leslie Boase, were pallbearers for the funeral.

Mrs. Lucy Boase visited the family in Abilene on Friday evening. The family is well known here.

John, Carl and Cecil Joyce live in Ft. Worth, Jack Joyce lives in Alpine and Floyd Joyce lives here. The Joyce boys were reared here and are sons of the late W. W. Joyce.

Phil Horton of Houston was here Sunday to visit his grandmother, Mrs. R. A. Horton.

Phil left Monday for Fort Mammouth, New Jersey, where he will be in training with the armed forces.

Charles Young and family left for College Station Sunday after coming to Rising Star to join his wife and son who had been spending two weeks with her parents, Mr. and Mrs. T. C. Crisp, and his brother, Mr. Charles Young.

Recent visitors to the home of Mr. and Mrs. J. W. Boase were Mr. and Mrs. J. W. Boase, Jr. and Mrs. B. H. Bragg.

Kittens Second To Gorman Star In District Contests

When the Grade School division of the District Track and Field meet was reeled off at Gorman's Brogden Field last Thursday, it was won almost single handedly by Gorman's phenomenal eighth grade athlete, Ronnie Page. This lad, who scored about 250 points in football during the past two seasons, looked like a future great in the athletic world as he scored five first places in the five events he entered. They were the shot put, the broad jump, the 50, 75 and 100 yard dashes. So dedicated is Ronnie to athletic sports, that his coach has to tell him at the end of each practice that it is time to quit; otherwise he would never be ready to stop, according to Coach Goodwin.

Gorman had a total of 31 1/3 points, followed closely by the Rising Star Kittens with 25. Carbon was third with 16, followed by Olden with 8 1/3, and Desdemona with 7.

The Kittens' 440 yard relay team ran an easy first with the remarkable time of 54 seconds flat. This was the most thrilling race of the Grade School meet. Mack Harris, a wiry little speedster, took an early lead, which was further widened as Kenneth Nunnally literally "ate up the track". Kenneth Pittman and Tommy Alford held their own as the foursome ran some fifteen yards ahead of the field. This victory partially offset the heart-breaking defeat which the boys suffered at Baird. In that race, Tommy Alford was riding high ahead of all comers, when a big yellow dog ran onto the track and fully zig-zagged back and forth in Tommy's lane, causing him to break his stride and finish second to Clyde. Tom was only about 30 yards from the finish with four or five yard lead when the dog did his little act. But as any fool can plainly see, a yellow dog is just naturally bad luck.

In the Gorman meet Kenneth Nunnally scored 12 1/4 points with second places in the 100, the 75, the broad jump, third in high jump, and first in the relay. Mack Harris was second in the 50, and first in the relay. Paul Green was second in the high jump and fourth in the pull-up. Jimmy Wilson was off form, but managed a fourth place in the shot put. Alford and Pittman scored 1 1/4 points each on their share of the relay.

With the exception of a few softball games, this meet closed the Kittens' 1958-59 sports program and brings to a close the coaching duties of J. M. Crump, who plans to teach and coach at another school next year.

Father and Son Banquet Friday Night

The FFA Father and Son Banquet will be held at the Elementary School lunchroom Friday night, April 24.

Honorary degrees will be presented to J. D. (Skeet) Clark, Cecil Shults and Mearlyn Jones. Awards will also be presented to various members of the FFA for outstanding work.

Donald Ray Crisp, who has been in Ft. Chaffee, Ark., for boot training in the U. S. Army, is visiting his grandparents, Mr. and Mrs. T. C. Crisp, while on leave before reporting for duty at Camp Ord, Calif., this week. He will visit his mother, Mrs. Dan Sanderson of Dallas, and go from Dallas to Fort Ord by plane.

Recent visitors to the home of Mr. and Mrs. J. W. Boase were Mr. and Mrs. J. W. Boase, Jr. and Mrs. B. H. Bragg.

Severe Hail Hits In Area; Rains Light

Rising Star, which has been on the edge of most of the rain showers in this area for the past ten days, has received a total of about 1.1 inches of rain, according to records at the city hall for that period.

Elsewhere in the area heavy showers and severe hails have occurred during the last few days.

The Cook community registered one of the most punishing hailstorms Monday afternoon when a narrow strip running northwest and southeast was devastated by hailstones to the size of golf balls and larger, according to Oscar Schaefer. Gardens, greens and crops in the path were severely pummeled.

The Amity community also received a severe hail on a strip about half a mile wide and running southwest and northeast. Trees were stripped and crops beaten into the ground by the icy storm.

Communities In Rural Contests Toured This Week

Judging tours of the communities in the Rising Star area participating in the Rural Community Improvement and the Pasture Improvement contests were under way this week. The judging group was to visit the Amity community at 11 a. m. Thursday and the Nimrod community at 2 p. m. of the same day.

Tours were also made of the Soda Springs and Newburgh communities Wednesday.

Mrs. Fussell Dies; Burial At Taft, Texas

FRUITS OF BAD STEWARDSHIP

THE LAND MOURNETH . . .

May 3 To Emphasize Soil Conservation

The week beginning May 3 has been designated by the National Association of Soil Conservation Districts as Soil Stewardship Week. During this week your Soil Conservation District makes a special effort through sponsored field days and tours and through the May 10 Soil Stewardship Sunday to focus each citizen's attention to his duty as a good steward of the Lord's Earth.

Your SCD recognizes that mankind's religions have influenced his attitudes toward land. Christianity with its emphasis on the dignity and moral responsibility of the individual teaches a positive attitude toward soil. References in the Bible repeatedly call man's attention to his obligation to treat the land as a gift from God - a gift for man to use with understanding.

When you visit a community where erosion and depletion of the soil have left their scars upon the land, it is not hard to understand the need for good soil stewardship. These scars are also on the people and their institutions. The meaning of God's Words as reported by the prophet Jeremiah becomes clear:

"Many shepherds have destroyed my vineyards, they have trodden my portion underfoot, they have made it desolate, it mourneth unto me; the whole land is made desolate because no man layeth it to heart."

FFA Team To Judge At Stephenville

The Rising Star FFA Land Judging Team, consisting of Gary Jones, Frank Weise, Billy Cook and John Bob Wilson, will compete in the State FFA Judging Contest at Stephenville Saturday, April 25, it was announced by H. L. Geyer, Rising Star High School ag teacher.

Little League Lighted Field One Of Best

Bob Shults formally took over the leadership of the Rising Star Chamber of Commerce at the regular noon luncheon at the Elite Cafe Tuesday noon and named a committee, consisting of A. D. Jenkins, Cecil Shults, George Steel, and B. A. Butler, to prepare a program of work for the new year. The committee will meet Friday afternoon of this week at the Jenkins Insurance Agency to plan the program.

Bill Button, manager of the West Texas Utilities Co., reported that the new lighted field now under construction for the Little League baseball program at the City Park, will be one of the best lighted and equipped fields of its kind in this section. The Chamber of Commerce is one of the co-sponsors of the Little League program in which 4 teams of boys from eight to twelve years of age will play a regular schedule as part of a national organization of boys hard ball.

Poles for the field - eight of them - will be set this week, Button said, and a total of 60 1500-watt lights will flood the playing area with light. Two of the poles will carry twelve lights and six will carry six lights each. It is hoped to have the lights turned on by this weekend, Mr. Button said.

Work of building the field is being donated, the Kizer Telephone Co., giving two days work of its construction crews, and other organizations of the town pitching in to help. The West Texas Utilities crews will set the poles and wire the lights in.

The program, of which the Lions Club is the chief sponsor, is under the direction of a committee headed by J. D. (Skeet) Clark. Boys of Rising Star and May are included. Four teams will be organized, each with a sponsor and a manager, and each will be uniformed and organized in accordance with the rules and regulations of the Little League organization; will carry out a base ball program for the youngsters culminating in a national championship.

League play is due to begin here May 4. A complete schedule will be published as soon as the teams are organized, it was announced.

MAY FIRST HAS SPECIAL MEANING

May Day in America has always been a pleasant day, more or less dedicated to spring. It is the custom of the young in heart to celebrate with outdoor festivities such as dancing around a May pole and crowning a May Queen.

Or - we think, grimly, of another nation, half a world away, defiantly dedicated to the memory of the day when lawlessness became triumphant in their land

- a day set aside to worship the rule of might; the glorification of the rule of the jungle.

But beginning last year, May Day took on a new significance in this country. Again this year, by proclamation of President Eisenhower, May 1st is LAW DAY U. S. A. This is a special day dedicated across our nation to observance of the fact that we have a government of law instead of men. It is particularly appropriate that Americans set aside this day each year to demonstrate to the world - and to ourselves - that our belief in individual freedom under law remains strong and unshakable.

Why is it that some men are able to live in freedom while

others are not? The rule of tyranny? We owe our rights and freedoms to our state and national constitutions, our laws, and our courts. In other lands, there are no rights and people are subjected to the edicts and whims of individual unhampered by legal restraints.

Most of us tend to take it for granted that an individual is free to think for himself and that his rights are protected by law. We know without actually admitting it that our whole way of life is governed by this rule of law.

Law is the intangible force guaranteeing all of us freedom, peace and progress - ideals which have been, and are, dependent upon the adequacy of our legal system and the protection awarded the individual by our courts.

On May 1st, then, this year and every year, with the nation's attention focused on LAW DAY U.S.A., it behooves us to re-define our belief and faith in this rule of law that is the birthright of all Americans.

It is this liberty and equality under law that distinguishes our system of government from communism. Without laws and the courts, these freedoms we take so for granted would be meaningless.

Our respect for law is vital to the continued growth and strengthening of our nation; our thoughtful observance of LAW DAY U. S. A., in a real sense distinguishes America from those who today live under tyranny; it is our answer to communism.

LAW DAY U. S. A. is the American way.

STRIP-CROPPING CONTROLS BLOWING

G. Goss examines peanuts stripped four rows maize and eight rows of peanuts.

Strip-Cropping Is Peanut "Must" Says Soil Worker

A reminder to peanut farmers to plan their 1951 strip crop pattern is offered by Aubrey Goss, long-time conservationist with the Soil Conservation Service at Rising Star. According to Goss, strip cropping is a must on peanut land if "blowing" on the coarse soils common to this area is controlled.

"A combination of stripping and winter cover cropping on peanut land will get the job done. Both practices are needed," Goss states.

A strip pattern of 2 rows of sudan or 4 rows of maize with 8 rows of peanuts gets the job done on our medium textured soils but the strip needs to be heavier on the coarse blow-sands. Usually 4 rows of sudan or cane with 8 rows of peanuts is needed to do the job on these soils.

Altus Butler, who farm 3 miles southeast of Rising Star, strips 4 rows of grain sorghum with 6 rows of peanuts on a medium sand. Butler says the maize strip holds the wind off the ground and gives good blow control after peanut harvest and until a winter cover crop is established.

B. B. Hickman strips 8 and 6 or 6 and 6 on his farm 4 miles west of Rising Star. Hickman farms a coarse blow-sand type soil which requires a wider protective strip than does Altus Butler's soil.

Club Sees Corn Meal Use Demonstration

The North Star Home Demonstration Club met April 7. After the club song, the devotional was conducted by Mrs. Beryl Heath, who used the scripture reading of John 1:1-10.

Mrs. Clara Burkhead presided over the business session. A financial report was given by Mrs. Claude Harris.

A demonstration on the use of cornmeal and grits was shown.

During the social hour refreshments made from cornmeal and grits were served to the eleven members present, including Mesdames Dennis Clark, Susie Coursey, Beryl Heath, Charlie Carroll, Rufus Pierce, Will Ware, Carl Irby, Dora Eberhart, Claude Harris, Clara Burkhead, and Ella Wells.

An invitation was given to a club near Brownwood to visit and give a demonstration on rug making in the month of May.

Ella Wells, Reporter

Mr. and Mrs. Billy Jenkins, of San Angelo were here during the weekend to visit her mother, Mrs. William Key, and his mother, Mrs. J. D. Jenkins, and other relatives.

WMU Meets In Circles To Study Missionary Book

The W M U of the First Baptist Church met in Circles on April 20. The Frank B. Owen Circle met with Mrs. Douglas Eakin. Each circle is studying the book, "The Holy Spirit in Missions". The first two chapters of the book were reviewed by Mrs. Fred Roberts. Dainty refreshments were served by the hostess to Mesdames Watson, Joyce, Jones, Williams, Wells, McDonald, Marsh, Barnes, and Pierce.

The Gerald Riddell Circle met in the home of Mrs. Will Ware with Mrs. Jimmy Fridge as book reviewer. Other members present were Mesdames Cox, Clark, Montgomery, Turner, Murphy, and Jackson.

The other circle met in the home of Mrs. B. B. Morris. Mrs. Julia Ross reviewed the book, "The Holy Spirit in Missions." Two of the G. A. girls, Daniela Darnell and Bennie Sue Morris, reported on G. A. work. Other members present were Mesdames Reed, Crump, Respass, Crownover, D. Clark, and Davis. Refreshments were served by the hostess.

BIRTHDAY SURPRISE FOR MRS. JOHNSON MONDAY

A surprise birthday dinner was served in the home of Rev. and Mrs. Joe Johnson on Monday, April 20, honoring Mrs. Johnson on her birthday. The covered dish luncheon was prepared and served by Mesdames Clara Cain, Beryl Heath, Bess Rachels, and by Mr. and Mrs. M. G. Joyce.

THE VIEW FROM A SENIOR'S HEAD

by Nelda Lee

Ahhh! Here we are again bringing you good news about our Seniors. Aren't you thrilled that our track team won district - - I am! We're really proud of our Senior track stars - - Gary Scott, Don Long, and Kenneth Ridens. I am confident that these guys, as well as their teammates, will do well at Regional. Something else we're excited about is the

won District in tennis this year, it couldn't have happened to a nicer guy than our bashful Larry. And don't forget that our one-act play won District and we're on our way to Stephenville for the Regional Contest, April 24. Our Senior actors include Lydia Mauldin, Don Long, Bill Rutherford, and "yours truly". It appears to us that RSHS is going to be well represented at these Regional meets; and if you have the opportunity to go and observe any of the Regional events, don't hesitate to do so 'cause we need your support.

Before too long now, you'll be finding little white cards in your mail-box; They will read something like this: "You are invited to the commencement exercises of the graduating class of 1957 -" This means that graduation time is drawing nigh, and may I add that none too soon either; in fact, I don't know wether or not some of our teachers are going to make it. The only consolation I know of is the fact that they will have three glorious months to recover.

Until next time this is "Naughty Nellie" leaving you with the final view - -

"To expect women to like and admire men is expecting too much from the dominant sex."

P. S. The one-act play cast would like to take this opportunity to thank Ann Murdock and Mrs. Dorothy Shook for the help

we us with our contest play - "Thank you very much."

STATION S-O-P-H

Here we are, back on the air once more. We have been having a lot of excitement around here at 'ole RSHS. Our boys came home from Gorman with first place. They led with 67 1/2 points with Gorman in second place with 49 points. There were several boys from the Sophomore class who took part. They were Coy, Wayne, Jackie, Tom, Beryl, Jerry, and Rodney; also Jerry holds second place in individual scoring with 10 1/2 points. Boys, we are very proud of you!

That 'ole flu-bug is getting around once more. Berney, we missed you and are glad to have you back. Johnnie, we are missing you, too. Hurry up and "get well quickly!"

Just think, fellow students, there are only five more weeks of school. I guess everyone is glad to see summer vacation so near. If I have been hearing right, there are two girls who are going to get married when summer comes. In June, isn't it? Elsie and Elaine, is that right?

By the way, here is a little gossip.

Jetta, you do get around, don't you?

Elaine, you are having troubles, aren't you? Who is going to help?

Ollie, are you really a sneak? Oh, I see, just a two-timers!

Snail, really now, do you have a rival? I don't think so.

Marty, how are you and C. P. doing?

Folks, it is time to sign off until next week. Be sure to try our friendly Dr. Pepper. It is really a good "pepper-upper" on these hot days! Frosty, man, frosty!

Until Johnnie gets well, Elsie Mae

FISH BOWL

We want to congratulate the track boys on their recent victory at Gorman; and, speaking of boys, we have a good many Fish track boys. They are Johnny, 100, 75, broad jump, Worley, M., 75 yd dash, 440 relay, broad jump, Dick, M., 100, 75, chins, 440 relay, Clarence C., shot-put. If I've left anyone out, I'll get you in next time. Almost all of the boys mentioned above came home with ribbons Thursday and we are really proud of them.

This day seemed like a holiday to us; yes, we came to school but most of the track boys out, we didn't have many classes and was it grand!

Here's the Black Dark Secrets for this week:

Joe E. - "Had a date for Thursday night?"

Wanda - That ride to Gorman was fun, uh? Let the Wind Blow - Open the Window!

Pat D. "Got a new Beau?"
 Mary - "Eat, Eat, Eat!" "That's us."

We are very glad to have our "class comedian" back. Welcome home, John Drinkard. He has been attending Brownwood High School.

That's it; so long, Sherry

SENIOR LIFE

September 2, 1957 - a date to remember. On that hot, summer day there came to Rising Star High School a tall brown-haired, brown-eyed boy - - and things have never been the same since. In case you haven't guessed who it was by now, I'll tell you. It was none other than our own little Elmer.

Elmer McCary was born in May, Texas on August 11, 1940. He started to school at May and then came here.

Elmer is a member of the cast of the Senior play this year and was manager of the football team. He has been very active in tennis, winning first place in district in 54-55 and second place in 56.

Elmer's hobbies are - reading, hunting, and dancing. His favorite color is blue. Steak is his favorite food. His favorite TV star is John Payne, and Debbie Reynolds is his favorite movie star.

Elmer's immediate future is already mapped out for him. He goes into the Army June 1 for six months active duty; after this he plans to go to college.

Here's wishing the best of everything to a friend, classmate, and a very swell person.

SENIOR LIFE

Lydia Mauldin was born in Sweetwater, Texas on April 4,

1941. She began school at Wink, Texas, and since then has attended six other schools. She went to school here off and on during grade school, but she entered here for a full term this year.

Lydia, brown-haired, blue-eyed, has received many honors this year. She was a member of the annual staff; a member of the cast of the one-act play, the cheer leading play, and the Senior play; and was manager of the girls' basketball team.

Lydia's hobbies include reading, traveling, meeting people, and dancing. Her favorite color is blue. Mexican foods are her favorite foods. Her favorite TV stars are Robert Horton and Loreta Young, and June Allyson and Paul Newman are her favorite movie stars.

After graduation Lydia plans to attend North Texas State, major in languages and minor in interior decoration. Later she plans to work in South America in a decorating firm.

I want to wish Lydia all the happiness in the world, and I know that with her personality she will have it.

Essie Hearren

SENIOR LIFE

Alice Faye Roberts was born in New Summerfield, Texas on January 7, 1941. Later she moved here and began school in the first grade at Rising Star Elementary School.

Today Alice is a popular brown haired, blue-eyed Senior. She has received many honors here. Her Sophomore year she was a Duchess in the Rising Star Free Fall Fair. Her Senior year she was a majorette and Senior class favorite. She was a member of the cast of the Junior and Senior play. She has been in FFA and has been a member of the band for six years.

Alice's hobbies are playing the piano and cooking. Her favorite colors are lilac and blue. Mexican dishes are her favorite food. Her favorite TV star is Robert Horton, and Rock Hudson and Susan Hayward are her favorite movie stars. After graduation Alice plans to

go to a business school this summer and then find a job.

I take this opportunity to wish all the luck and happiness in the world to a very deserving girl.

Texas Gets 90 Cents Benefit Of Each Cancer Dollar

Sixty cents of every dollar contributed to the Cancer Fund in Texas remains in the state, H. R. (Pop) Garrett, Eastland, a member of the Cancer Society Board, pointed out this week. Forty cents of each dollar goes to the national organization for use as follows: Twenty-five cents for research; 12 cents for national program development and three cents for fellowships.

"Of every dollar raised in Texas during the April crusade Texas receives 90 cents in benefits, including portions of the 40 cents returned to the state in the form of research and fellowship grants," said Mr. Garrett.

The Texas Crusade dollar is spent as follows, he explained:

30c For Cancer Research - Texas Research Institutions.

16c For Professional Education - Keeping the physician informed of up-to-date developments in care and treatment of cancer.

25c For Public Education - in-

forming Texans of the cancer's 7 Danger Signals in order that they may guard themselves and their families against cancer. This is a year round constantly expanding life saving program.

7c For Professional Service - support of Tumor Clinics and Cancer Registries.

13c For Lay Service - providing cancer patients with dressings, loan closet and comfort items, transportation, etc.

4c To Administration - and program development.

5c For Crusade - to provide materials for 80,000 Texans crusading for cancer Dollars to support the three fold cancer control program - research, education and service.

CARD OF THANKS

We wish to express our gratitude for the kind sympathy and helpfulness of our neighbors and friends which comforted us in the loss of our loved one, Gladys (Bender) Carr. We are grateful for the flowers, food, the cards, letters and the words of sympathy. May God bless you all.

SAC Gets Missile Platform Bombers

Peak production of the Air Force's new B-52 "G" missile platform bomber is expected by June at Boeing's Wichita, Kansas plant. Here on Boeing's flight line an Allis-Chalmers fork lift truck brings body jacks into position so that a 225-ton B-52 "G" fresh off the production line can be readied for a test flight as another zooms by in flight. The first of these global bombers described as "missile bases in the sky" was just recently delivered to the Strategic Air Command at Travis Air Force Base, California, after extensive flight tests.

Dried Flower Arrangements

Glycerin-treated leaves are well worth the time spent in preparing them. They last indefinitely once they are processed. Cut branches when leaves are fully matured and full of moisture. Select leaves which have a tough texture, such as magnolia and sycamore. Wash foliage to remove dust and dirt. Cut out defective leaves and crush the woody stem so it will absorb the glycerin solution. Several inches of stem should be immersed and allowed to stand for several weeks. Use half water and half glycerin. Instead of glycerin one might use 1 cup sugar, - cup vinegar, and 2 cups water.

To dry flowers naturally, pick at the height of development and strip off the foliage. Tie in bunches and hang with heads down to prevent undesirable shapes. Hang in a dry place until dried. An attic is an ideal place to dry if

will rob flowers of their natural color while drying.

A seldom used closet will do for a drying place. But a basement or garage is too damp. Flowers will mold.

Although most flowers should be dried upside down, dry some of the plumed type of cockscomb and salvia in a tall container so that their heads hang over the edge.

Grasses are easy to do. Some are picked while green, others while brown. But all are dried upright in a peach basket. The same treatment applies to seed pods.

In drying fern, pick at maturity and press with a warm iron. Store between layers of newspapers from 4 to 6 weeks. Palm-etto may be treated this way, also. Sage palm dries naturally in 3 to 4 weeks. Store grasses, cones, branches, and grains (such as wheat) in a box to dry.

Many wild flowers will dye successfully. The creamy white cones will absorb hot dye (the kind used for fabrics) as soon as they are picked. Hydrangeas should be picked just after peak

of the blooming period, when blossoms begin to die on the bush. Store until completely dry.

Blossoms of these flowers must be bleached before dyeing to produce bright, clear colors. Use a solution of half chlorine bleaching agent and half water; bring to a boil and remove from heat. Place a few blossoms in solution and stir with a fork even bleaching. Rinse in water and spread on the grass, hedge or shrubbery to dry in the sun.

To gilt or tint leaves, weeds, and grasses, bronzing oil is mixed with powdered pigment, which is available at most paint and paper stores. Also available is a ruby bronze and oil mixture in gold, aluminum, rose or green. Poster paint is practical for some materials. This oil will float on top of water. Dip leaves or material down into the water and as it is brought up the gilt will stick to the leaves. Allow to drain and dry.

Saturday Club Hears Program On Traffic Safety

The Saturday Club met on April 15th to study Traffic Safety. "Drivers Code" was discussed by Safety Officer, Ben M. Walker, Jr., of the Department of Public Safety, Abilene. He gave valuable information to club members. He discussed safety driving from different angles. Miss Eudora Hawkins, who is with the Department of Public Safety as representative of West Texas Utilities, in Abilene, was an interesting speaker at the club meeting also.

Two representatives from Ranger, who are with the American Cancer Society, made talks at the club and handed out literature for the crusade which begins in Rising Star now.

Members of the Saturday Club will solicit funds for the cancer drive.

During the club's social hour coffee and cookies were served to the four visitors and to the club members, namely, Mmes. Barney Cargile, Mabel Ellis, Clyde Flanagan, Marshall Grace, A. D. Jenkins, Olice Jones, Floyd Joyce, M. G. Joyce, A. T. Shults, Horace Switzer, A. Louise Weber, Ray Causeaux, B. H. Dennard, and the hostesses, Mrs. Lee Clark and Mrs. Fred Roberds.

Rebellion In The Dining Room

By Fred V. Hein, Ph.D., Consultant in Health and Fitness, Bureau of Health Education, American Medical Association, Chicago, Ill.

The nutrition of youth and of our whole population has improved immensely in recent years. But a number of studies indicate that many of our young people need to improve their eating habits. Adolescent appetites are generally good, but not always for the right types of foods.

Some skip breakfast, fill up on nonessentials at lunch, and after school spoil their dinner with a badly chosen snack. Others, at regular family meals, pass up essential foods. Still others go on fad diets and deprive themselves of necessary nutrients. A few, either from habit or to compensate for a lack of acceptance, eat too much.

Whatever the cause, they end up with certain dietary shortages. Adolescents probably need more food than at any other time in their lives. Frequently, not enough proteins are included to provide for proper growth and development. Foods supplying needed vitamins and minerals are sometimes left out.

How can the nutrition of youth be bettered? Not by nagging or preaching. Young people must be shown how better nutrition will help them to get the things they want. Help them, for example, to have a nicer complexion, a finer looking body, greater acceptance from their fellows, a better chance to make the team. Eating plenty of all kinds of all good foods can help them to achieve these goals. Here are the recommended types and amounts:

Bread and cereals—4 or more

servings of enriched or whole grain. Active young people have a special need for foods rich in energy value such as bread and cereals. Enriched bread and whole grain cereals not only supply energy but also contribute substantial amounts of protein. Enrichment assures a good proportion of the much needed B vitamins as well as iron.

Meat, fish, poultry, eggs, dried legumes—2 or more servings. Fast-growing adolescents need plenty of these foods. They supply high quality protein as well as valuable vitamins and minerals. The animal foods carry all of the amino acids (protein elements) essential to proper growth and development.

Milk and milk products—4 or more cups. Adolescents need milk as much as do younger children. Milk is most important for the calcium and other minerals it supplies, but it also furnishes vitamins A and D, when fortified, and the B vitamins. That milk is rich in protein is well known. Other milk products like cheese and ice cream can replace part of the milk.

Vegetables and fruits—4 or more servings. Vegetables and fruits are a major source of vitamin C and contribute heavily in vitamin A. Stress should be placed on vitamin C rich foods such as the citrus fruits, tomatoes, and "greens." But other vegetables particularly the deep yellow and dark green ones should not be forgotten. Potatoes and other starchy vegetables help supply needed calories.

Parents need have little worry about young people who eat the recommended amounts of all the kinds of foods listed above. The youngsters will derive fats and sugar not only from these sources but also from the inevitable sweets and desserts they eat.

JONES-BLAIR HOUSE PAINTS
J-B
Rugged as the Southwest... and just as beautiful!

Blistering sun and stinging northerners don't get to first base with Jones-Blair House Paint - it's made with built-in resistance to the Southwestern climate!
The Jones-Blair exclusive formula developed in J-B's own extensive laboratory gives this paint its special qualities - makes it flow on with a tough, uniform film in the correct thickness always to stick tight and weather right. It has amazing resistance to cracking, peeling, discoloring and durability for years of bright un fading life.
Jones-Blair House Paint has a self-cleaning action - doesn't collect dirt or stains. It goes a long way, too, because it has great hiding qualities. You get all this protection and economy plus superb beauty with Jones-Blair House Paints. They come in 24 colors - soft southwestern tones, and unusual intermixes - colors that are so nice to come home to!
