Eastland Drowning Victim Recovered From Brazos

The body of Johnny Elton Williams, 50, of Eastland was recovered from the Clear Fork of the Brazos River at 8:30 a.m. Wednesday, the third victim of a weekend boating accident.

Williams was one of four men in a fishing boat that was swept over the Gulf Dam ten miles north of Breckenridge last Saturday afternoon.

The bodies of R.L. "Snuffy" Morales, age 60, and Ronnie Martin, 50, were located Sunday morning and Monday afternoon. Another passenger in the boat, Phillip Murdock of Eastland, was able to survive by swimming the muddy river and climbing a steep bank.

According to reports from Stephens County Sheriff James Cain, Morales, Martin, Williams and Murdock werre in a

fishin g boat with 11 motor on the Clear Forls of the Braz los just east of Crystal F 'alls. The cur rent was swift, and they apparently got; so close to the Gulf Di am that their boat motor was unable to pull t hem free.

Kindergarten, Early Childhood Screening Will Be Held May 7

Kindergarten and Early Childhood Screening for the 1992-93 school year will be held May 7 beginning at 9 a.m. on the elementary campus.

Estrellita Coronation. We

appreciate you.

Please contact Randy Mohundro, elementary principal, at 643-2431 to schedule an appointment for children ages three to five for early childhood and children five years old by September 1 for kindergarten.

The Early Childhood program is sponsored through Comanche Special Services Cooperative. Any child who is thought to be developmentally delayed or handicapped in any way will be screened.

Children who will be regular kindergarten students in the 1992-93 school term will need to be screened also for educational needs.

Areas to be screened are hearing, vision, speech, motor skills and language ability. A developmental growth evaluation will be given.

Please bring birth certificate, shot records and social security number for your child. This screening is very beneficial to you. your child and your child's teacher in finding out his or her educational needs.

Easter has come and gone; we are glad it was a pretty, warm day, so those who had egg hunts or picnic lunches had an enjoyable day out in the sunshine.

Belinda and Oliver West had a lovely Easter luncheon for Marion and Marjorie West and for her parents, Ray and Sallie Hutchinson. Amy West was home from college and brought a girlfriend who is an exchange student from Germany.

Curtis and Stella Hill visited their children, John and Kay Bradley, and children of Lancaster. They also visited with their son, Marty Hill, also from Lancaster. Kay may be facing surgery.

Barbara Nixon, a nurse, will be here at the center April 30 to check blood pressures for everyone.

Benjamin Chick's sister, Sybil Clements, of Kerrville passed away. Berna Lee is back home after spending 11 days in Stephenville. Her daughter, Paula Hubble was in the hospital eight days, but is better now. She and her daughter, Jerrilea,

by Marjorie West spent the Easter holidays

with the Chicks. We were glad Oleta Seale was back at the center; she is back home after spending the winter months with her children.

Bill Gray was dismissed by a doctor last week. We were glad she was at the center Thursday.

A lovely birthday celebration luncheon was held for Joyce Geye, Alvie Bible and Berna Lee Chick.

We want to thank the Rising Star Flower Shop for the bouquet; it was just lovely. Monty Jones, the shop owner, sends flowers for the monthly birthday luncheon.

Dell Bible baked our lovely birthday cake. We want to thank her for doing this for our center.

We wish to thank Artie Jaggers for making pictures of our birthday people each month.

Oliver Wallace was a visitor at our center Thursday. Please come again, we were glad to have you.

Curtis Hill and Billie Lewis were visited by their sister from Hugo, Okla. the past weekend.

By HVO

THE FOLKS in Austin are going to be thrilled to know that I've totally and once and for all, solved the horrendous school finance problem. OH I know everybody thinks it's

unsolvable but it's really simple.

we've had the Robin Hood Plan which would rob from the rich and give to the poor. And you know how that got shot down. The rich, rich because it has a powerful lobby, shot that apple down quick.

AND THERE was one brief flurry from a not-so-brave state don (who is on his way out of the system who, heaven forbid, even anyway) broached the thought that, (better sit down for this) many of the small schools in Texas be CONSOLIDATED. Well, you know where that went.

Recently we've had the governor's Trickle Down Plan sprung, proposing the taxation "transfer" businesses to Austin, which has more expertise at extracting funds, than do the local yokels. But alas, most businesses are not without (read lobbiests) "spokes-persons" in Austin, so don't hold your breath waiting for that to come down. Under this plan, all the businesses in the state would send all their school tax money to Austin, and then Austin would properly distribute, on a fair and equal basis, back to the various schools in the state. Doesn't the thought of that warm the cockles of your heart? Remember REVENUE SHARING? Wasn't that cool? We sent all the money to Washington and they sent some of it back to us.

We're waiting for yet another "special session" of the legislature to decide on this and/or other plans salvage the educational system in the great state of Texas. Would it not be wise to also convene the courts at the same time, so that lawmakers and law-entrepeters could counsel one with another, in what might seem foolish, but none-the-less, possibly costsaving to the rest of us taxpayers. That way, they could know in advance which dog-and-pony plan might go down with the courts.

SO HERE'S what we're going to propose to the special session: THE SCHOOL SOLUTION! It came to us in a blinding flash of inspiration, while pulling crab grass. On hands (where a lot of good and knees, thoughts are known to incubate), we're pulling and tossing: up, out, the shoulder and away. crabgrass was flying undesirable

every which way. You could almost hear it singing: "I can fly...I can fly." And then it struck, like a bolt. School finance problem had been on the mind, so it was natural that we were open for inspiration.

We'll call it the P.P.P.S. & H.E.F. -- The Peter Pan Public School & Higher Education Finance Plan.

It's based on the simple philosophy that if you believe something hard enough, it might come true. Like Peter Pan: "I can fly, can fly". (Silly? Yes! But no more so than Robin Hood.) So if believe certain things hard enough: 1. that our young people deserve the best education we can give them; 2. that local control is the best control, Ross Perot notwithstanding; and 3. that when we stop playing games, looking out only for our own selfish interests and really get down to working together, WE CAN solve our problems deliver quality education, to lift Texas public education out of the back waters and to the national ratings it deserves. It may require answers to TOUGH questions: Less entertainment? More Teacher pay? Yearround school facility utilization?

In a nutshell, the Peter Pan Plan says we can do it, IF the decision-makers apply the same logic they ask of students in solving trig problems. And, maybe we all need to be on our knees, asking for a few bushels from Solomon's warehouse.

Given, that tax equalization and fair school financing may be impossible dreams, but it just could be that it's out there, if we look and work hard enough. The only thing at risk is our future.

Cisco Lady Golfers Invite **Area Golfers April 30**

CHIROPRACTIC FOR BETTER HEALTH

DR. STEPHEN G. BARRY

CHIROPRACTOR

MEDICAL RESEARCH SUPPORTS CHIROPRACTIC

The British Medical Journal reports that Chiropractic treatment of low back pain, which affects 75 million Americans, is superior to the standard regimen administered by medical doctors.

The study, published in the summer of 1990, indicated that chiropractic manipulation can relieve severe back pain quicker and at lower cost than medical treatment. Chiropractic patients experienced less pain and disability and missed fewer days work.

At Barry Chiropractic Clinic we are committed to not only getting pain. No symptom can be more depressing than persistent back pain. Don't delay treatment when help is readily available.

was the depth of water most caught their fish in, 1-4 foot of water. This is somewhat unusual this late in the year, but it opposes with our heavy rains earlier, Leon's fish

aren't off the beds yet. The overall three fish string winner was Olden's own Chuck Burgess, Chuck hashad a good year thus far placing well in almost every event entered. Second place, another familiar name in the pay out line around the area Bud Wood.

The final top ten finishers and their weights were: First, Chuck Burgess, 13.54; second, Bud Wood, 11.05; third, Raymond Ivey, 11.0; fourth, Chris Orr, 10.91; fifth, Dale Blyeth, 10.66; sixth, Casey Schupp10.52; seventh, Jim Moore, 9.44; eighth, Terry Wilson, 9.23; ninth, Gary Horton, 8.57; tenth, Earnest Boggs, 8.47.

The top three big bass winners were: first, Casey Schupp, 6.12; second, Chuck Burgess, 5.99; and Chris Orr, 5.90.

This year's Jr. Division entrants comprised 18 anglers of the 208 field, which is a good turnout of our future fisher persons. This years winners: first, Brian Koffman, 6.43; second, Keith Morris, 4.94;

outlets or at the Six Flags lar operating days.

Country music's award at Rainbow Ticketmaster concert box office on reguwinning artist Randy Travis will perform on Saturday, May 2, at Six Flags Over Texas.

His current album, High Lonesome, is on Billboard Magazine's Top Country Albums chart.

The concert will begin

at 8 p.m. in the park's Music Mill Amphitheater. Six Flags will be open from 9 a.m. until midnight

on the day of the concert.

All seats are reserved. There will be a \$5 concert fee in addition to Six Flags' regular admission price. Tickets can be purchased

and third, Robert Staton. The big story for me from this event was the show of our 4 to 5 pound class fish. If properly handled by anglers we should have some good numbers of hougs next year. What was lacking were a good number of three pounders. There fish are preferred sprawners, but this was offset with a huge number of 2-2 1/2 pounders.

The last two open events held at Leon (September 91 and April 92) have seen anglers really have to hustle to make the top 20. 6.48 this past weekend and 6.32 last year. This says alot for the success of the Florida strain introduction into Leon, thanks to TP and W. How about a new stocking in 1992?

THANK YOU

We want to say thank you for your prayers before, during and after surgery. Prayers were answered.

Perhaps you sent a beautiful flower, uplifting card, called on telephone, came by for a visit or brought delicious food while I was in the hospital or since returning home. It has made my recovery time much brighter.

Loving friends are a cherished gift of God and we love

Blance & Paul Cawley I want to express my appreciation for the sympathy shown at the death of my brother, Sterling Davenport. Thank you for the flowers, cards, phone calls and prayers. It is great to live in such a caring community. May God bless all. Roberta & Clayton Wilson

& Children We, the family of U.Z. Aaron,

wish to extend our gratitude for the thoughtfulness of his friends during his illness and following his death We would like to thank ev-

eryone for the flowers, food,

cards and prayers during the loss of our loved one. Most of all we would like to express our appreciation to all the wonderful people who stayed at the river from daylight 'til dark, looking and not

giving up on finding my daddy. The Family of Johnny E. Williams

We want to thank you for every kind deed duuring the loss of our loved one. Thank you for the food, flowers, cards and calls. God bless you.

Duby & Edna Jones Polly & Jim Cree & family

COASTAL HAY PRODUCTION

Dr. George Alston, Agronomist with the Texas Agricultural Extension Service at Stephenville shared some interesting information Tuesday evening at an Extension sponsored Hay Quality meeting. Dr. Alston relayed that in recent fertility studies using nitrogen fertilizer in one lump sum, instead of the commonly used three applications (Spring, after first cutting, after second cutting), coastal production has responded very favorable.

Alston states that "not on Highway 6. only do producers realize an economic gain in reduction of application cost, tility, Insect and disease they should benefit from Management, Establishthe early season moisture ment and Pruning. One availability for acthation hour of CEU will be given of the nitrogen".

Many times after the This course is coordinated first cutting rainfall be- by the Texas Agricultural comes short. With an early Extension season application of a Eastland County Pecan large amount of nitrogen Growers Association, Palo the fertilizer is in the Pinto County Horticulground working for a ture Committee. quick regrowth.

Alston cautions producers not to try this procedure with Liquid N because of a burn and set back of the growth "Ammonia Nitrate is pre-

CountyASCSEmployees Were Honored by State

The Texas State ASC Committee presented the Eastland County ASCS office employees a certificate of appreciation for their demonstration of exceptional ability, dedicated commitment and the performance of outstanding service to ASCS

TOUR

The Eastland County Extension Forage and Livestock Committee along with the U.S.D.A. Soil Conservation Service is conducting a demonstration and tour over mesquite, prickly pear, post oak and fire ant control on May 6 at 8:30 a.m. 4 miles south east of Carbon on Highway 6 (Jewell Cemetery, Road). Several methods of control will be demonstrated as well as results observed. The tour will move to the Don Massengill place west of Carbon (follow signs) to view a post oak control demonstration using Spirla at 12:30. Dow Elanco and Valient Chemical Company will sponsor lunch. Please preregister for this meeting by calling 629-1093, Eastland County Extension Office.

and the farmers and ranchers of Texas in the administration of the 1990/91 Disaster Program. The Texas State ASC Committee presented certificates of appreciation to every county ASCS office in Texas.

Jerry D. Harris, Chairman of the Texas State ASC Committee, said, "We would like to take this time to let you know how proud we are of our county office employees and their dedicated service to the farmers and ranchers of Texas."

In addition, Harris stated, "As you know, the county offices just finished the signup period for the 1990 and 1991 Disaster Program. What you may not know is what commitment and hard work it took for the counties to meet the deadlines imposed by Congress. Texas county offices were required to make a report of participation and projected payments not later than Saturday, April 11, 1992. However computer software sent to the counties to transmit the data was faulty. A fix to the problem was not received

until Friday night, April 10, and had to be handdelivered to many offices. Determined county office employees worked long hours Friday and into Saturday night traveling from county to county to ensure information was timely and accurately transmitted to Washing-

ton, D.C." As a result of county office efforts, the disaster information was successfully transmitted to Secretary of Agriculture Ed Madigan who announced a payment factor of 50.04% and authorized disaster payments of more than \$144,000,000 for Texas producers.

According to Harris, Texas ASCS employees continue to set the example for all government employees. Harris said, "The state ASC Committee members are all active farmers and ranchers, who regularly observe these committed professionals do everything they can within the regulations to make farm programs work." Everyone should be aware of how county office employees are working for them.

Cinco de Mayo Celebration

By Lupe Garcia

In conjunction with the Catholic Mens Society of Eastland County and Mayor Ronnie Ainsworth of Ranger, the first annual celebration of Cinco de Mayo in Eastland County will be held Saturday, May 2, in Ranger.

Traditional Mexican foods and games for the entire family will be available from 10:00 a.m. to 4:00 p.m. at St. Ritas Catholic Church. Following is a benefit dance at the Ranger Jaycee Rodeo Barn, from 8:00 p.m. till 1:00 a.m., with music by Mayo Villa Bravo and Los Bravos del Norte.

Ainsworth has proclaimed May 5 in Ranger as Mexican-American day.

"I have proclaimed May

5 as Mexican-American Day in Ranger in honor of the Mexican people who celebrate Cinco de Mayo,"

said Ainsworth. Mayo falls on a Tuesday, most Mexican-Americans throughout the country will be celebrating the event Saturday.

Contrary to popular belief, Cinco de Mayo is not Mexican Independence Day. That date is September 16. Cinco de Mayo was a battle fought by Mexican troops in Puebla, Mexico. The small, poorly equipped troop defeated Maximillian and the French oppression on May 5, 1862. Since that victory, it has been celebrated throughout Mexico and the Mexican community through-

\$69,000 - 3 BR, 2 bath home on 10 acres near city limits. Home ha

be given to a Mexican-American child because of the growing number in the community.

Jiminez did not have the chance to get the education he desired but encourages today's youth that with at one life could be difficult.

"I started here at Goodyear in 1961 as a tire repair man," said Jiminez, "After working my way up from general service department associate I finally became manger ten years ago or more."

Garces had a similiar situation. With not the appropriate education he wanted he has struggled over the years to accomplish his business ties in Eastland County.

"I have been owner and manager of service stations in Eastland County for some 30 years," said Garces, "I'm presently owner and manger of Kerr-McGee here in Cisco."

Realizing what other communties and locations were doing for their children, Garces states that it was time to do something about culturing the children of Eastland

Cisco Press - Eastland Telegram - Ranger Times - Rising Star -

Thursday, April 30, 1992 County.

After having lived in Eastland County all his life, Garcia realized that without an education he would probably be struggling also. He enrolled in a Technical Electrician School and is now employed by the Maintenance Department at Cisco Junior College.

"I thank the good Lord for giving me the chance to get this training," said Garcia, "Because of it I have been able to buy my first home."

Their are various other Mexican-Americans in Eastland County who have started business such as Ruben Gatea, owner of Kerr-McGee in Eastland, Ramona's Restaurant, owned by Ramona Gatea, and Ben Sancillo, who has served the community in law enfocement for about 30 years.

"No matter what cultural beliefs a man has, he has the right to celebrate his cultural beliefs and let it be known to his children," said Ainsworth.

The Catholic Mens Society are very excited about the event and hope that everyone can attend.

"I think that everyone in the community should be aware of the event, it is good for everyone, not only Mexican-Americans," said Garcia. "The celebration promotes the culutre.

ethnic values and welfare of all the mejcanos of Eastland County."

"I'm very glad that I can do something for the Mexican-Americans community of Eastland County," said Ainsworth. "We have got to start somewhere."

Legal Notice

Eastland Independent School District Board of Trustees is accepting bids on Student Accident Insurance for the 1992-93 school year. Bids will be opened for consideration at the May 11,1992, Regular Board Meeting scheduled to begin at 6:30 p.m., in the conference room of the administration building, 900 W. Plummer, Eastland. McCoy.

Although the number of stores and sales volume have multiplied through the years, the basic structure of this third-generation company has remained the same. Efficiently operated stores, an emphasis on customer service, and the philosophy of storewide low prices are the three major ingredients formulating the chain's success.

Now headquartered in San Marcos, Texas, McCoy's has not only continued to expand inside it's home state of Texas, but has added locations in New Mexico, Arkansas, Oklahoma, Louisiana and Mississippi.

> Mary Edwards, Lorene Midkiff, Elma May Huskey and Mr. and Mrs. Marvin Kays attended the tea honoring Mrs. Lois Locke, in the home of Mr. and Mrs. Gilbert Meredith, in Olden Sunday afternoon. Mrs. Locke is the Deputy Grand Matron of District 3, Section 4, Order of the Eastern Star, Grand Chapter of Texas. The tea was hosted by Ranger Chapter No. 275. Mrs. Locke is a member of the Ranger Chapter.

Mr. and Mrs. W.O. Murry of Oklahoma spent the weekend with his uncle, Alfred Agnew.

Have you noticed the beautiful wild flowers? Aren't they lovely? Due to the good rains that were received in the winter, the flowers are most outstanding. If you have not seen them drive along the roads and look. You will be glad you did. The weather continues to be hot in the Moran vicinity. No rain has fallen in several days. The weeds and grass continue to grow, but not as fast as a few days past. People are getting a rest from mowing.

Sunday guests of Mrs. Mary Young were Marie White of Lake Brownwood and Margie Clausel of San Angelo.

Dean Tollefson of San Antonio spent the weekend with his parents, Mr. and Mrs. Dale Tollefson.

Income eligibility guidelines are higher this year for the Qualified Medicare Beneficiary (QMB) program, according to Glyn Hammons, district manager in Abilene. "If your income was too high to qualify last year, you may want to reapply because the income eligibility guidelines were raised to conform with the new national poverty guidelines," Hammons explained.

The QMB program is run by the Health Care Financing Administration, the federal agency that runs Medicare, and Texas Department of Human Services. Under QMB, state Medicaid programs are required to pay Medicare medical insurance (Part B) premiums, deductibles and copayments for certain elderly and disabled persons with low incomes and

Poem

My Friend On a bright clear Sun-

day morning As we walk down this dusty country road

We can hear the birds singing sweetly

As they put on for us a show.

We know His love is with us

In every living thing The wild flowers bloom-

Blessed by the early

ing brightly

morning rain We feel His presence

near us

As we kneel in silent

prayer Asking for His love and

guidance

And he will meet with us there.

Do you know my Jesus The one that loves us so He gave his all for us Will you answer when He calls.

Bob Harbin

Repair..Restore Reuse..Resell RECYCLE!

VA, was a treasured stop for us, recognizing that this magnificent home of his own design, was his refuge from the pressures of public services, which included Governor of Virginia, Minister to the French court, Secretary of State, Vice President and ultimately the third President of the United States.

We'd read and heard much about the home, but were surprised to learn that he in fact did not invent the many ingenious devices of convenience for which it is famous, but had copied them from other sources. Restoration continues, and a major new, but conforming to the original, roof was being installed when we were there. In 1769, at age 26, Jefferson began the plans and construction of his beloved mountain top estate, and Monticello portrays the interests individuality of its creator. house displays many original family furnishings and the orchard, vineyard, and gardens reveal his horticultural interests and talents.

Here again, a lot of re-creation from archaeological finds, ancient records, etc., particularly in Mulberry Row, the slave quarters at the plantation. Though he called "abominable slavery crime," Jefferson was a slaveholder all of his life. He inherited 20 slaves from his father and 135 more from his father-in-law who had been active in the slave trade, a practice which was not prohibited until 1778 by an act drafted by Jefferson himself. He reportedly held a paternalistic view of his human property, and refused to sell slaves until economic difficulties forced him to sell a number during his lifetime, and his

death left the remainder unprotected. Usually living far beyond his means, he died deeply in debt, and his black community and property was sold at auction and dispersed.

Operated by a foundation, you buy your tickets at the bottom of the hill (expect to get Jeffersonfaced \$2. bills in change); bused up to the house; and join a guided tour of some 20 at a time. From a terrace you can see Charlottesville and the University of Virginia that he founded and made the "hobby" of his old age and beyond it the Blue Ridge Mountains. Entrance hall is a virtual museum with fossil bones, buffalo head, elk antlers, and a seven-day clock which indicates day and hour. In this house, Jefferson enjoyed the "ineffable pleasures" of family society with his beloved wife Martha, daughters Martha and Mary and 12 grandchildren.

The five rooms on the south end of the first floor -- bedroom, cabinet, library, south piazza and sitting room--comprised his private domain where visitors and even family were seldom admitted. His 7,000 volume

经过多数的

library was sold (to raise cash) to the federal government to form the nucleus of the Library of Congress. Other rooms include the formal parlor, dining and tea rooms, guest bedrooms, and the second and floors (untoured) contain nursery and five small bedrooms.

An important part of the mansion dependencies (kichen, servants' rooms, smokehouse, dairy, stables, carriage bays, ice house, rooms for tools, weaving, nailmaking, carpentry and other services for the operation of the house and farm. These were all joined cleverly at a lower elevation than the house, concealed in the hillside out of view, and roofed with terraces from the main house

The 5,000 acre plantation with four adjacent farms, was inherited by Jefferson at age 14, and was largely self-sufficient. He switched from tobacco to wheat cash crops and developed modern farming techniques, and the manicured grounds became a living laboratory, but due to many circumstances, the farms rarely showed monetary profit. Sound familiar?

Musical At Putnam May 1

The regular country and western musical will be Friday, May 1, at the Putnam school house. The concession stand will open at 5:30 p.m., and the music will begin at 6:30 p.m. Everyone is invited to attend.

Rising Star High School **Junior Cat Tracks**

The Jr. Cats wrapped up a successful track season with one last, District, win. The team had a great time at the meet, and they are very proud of their accomplishments.

The sprint relay and the mile relay both placed first, Michael Perales won the 100 meter dash and the high jump and Daniel Rodriguez won the 800 meter run. I would like to mention the fact that Daniel has competed in the 800 meter run in every track meet this year, and he has won every

Gary Stone placed second in the 400 run, Landon Ratliff

by Christy Hughes placed third in the 800 run and Don Rutledge placed fourth in both the high jump and the

400 run. Now their track season is over, the Jr. Cats will go into off-season workouts. The eighth graders will start preparing for high school and the younger Cats will be getting ready for another exciting year in Jr. High.

The Cats would like to say a special thanks to everyone who has supported them throughout this track season and the whole past year. Your spirit and devotion have been greatly appreciated.

Stuteville's Stats

by Emily Stuteville

The Jr. Lady Cats ended their track season well. They finished fourth overall in the district meet held in Rising Star on Thursday, April 23.

An exciting finish gave Rising Star a first place in the 400m relay. They also received second in the 800m relay and third in the mile re-

Placing in individual events

were: Amy Collins, fourth in high jump; Melody Fisher, third in the 100m dash; and Shirley Smith, first in the mile and fourth in the long jump.

The girls would like to thank the community for its support during the season. Hopefully, now they can kick back and enjoy those coming final ex-

Lady Cat Athletics

by Gherda Williams

The Lady Cat Track Team traveled to Wall High School last Thursday to participate in Meet. The team did not finish her teammates cheered her nearly as high in the rankings on! as they have been in the past track meets this season. However, this disappointment was due to the fact that all of the participants were Regional Qualifiers from much larger schools of 2A, 3A, 4A and 5A calibers.

Even though the competition was stiff, one team member did manage to place pretty high in the field events. Brandi Harris received 3rd place in the long jump (16'8") and 6th

Why are Taco Bell commercials so dumb? Why should we make "a run for the border"? Taco bell is in Brownwood, not Mexico. The songs are real lame. They try to hire neat people to sing, but they always get the dead, shotout-of-water, washed up, druggies-gone-straight singers. And who plays a piano on the back of a truck? You'll notice he doesn't do the commercials anymore. It's really not that cheap, either.

I am sorry I just let out all of my Taco Bell anger on paper. It won't happen again. You must admit that I am right.

place in the triple jump (32'). Brandi also made it to the finals in the 200m dash. She a Regional Qualifiers Track came in 5th (:27) overall, as

> The girls coach, Robby Stuteville, said, "Even though the Lady Cats did not do as well last week as they had hoped, their relay times were still good and a good time was

> had by all." An even better time will be had by the Lady Cats this Friday in Abilene at McMurry when they participate in the Regional Track Meet, as the girls still have good reason to be confident about advancing to finals in the Regional Meet!

Fast Talk

by Cheryl Robinette

What two sr. guys went fishing for snakes but ended up finding a beaver. Ask them about the beaver's tail.

What sr. guy and girl got new names, like "Tarzan" and

What coach's daughter ate a lot of cookies and candy during the coronation just so she would sit still during the skits? Oh, but wasn't she cute?

What new sr. doesn't have her boyfriend around anymore? Note to all the boyfriends: Never make your girlfriend's dad angry with you.

What sr. got hit in the eye with a BB? Next time be more careful when you aim.

What sr. finally found a girlfriend? Congratulations, but aren't we a little bit too shy with her?

What sr. just can't get enough of fishing and has to go every day?

What sr.'s husband left her and a friend fishing alone? And guess what happened when they caught one?

Which RSHS students are ready for school to be out? Hint: All of them, especially the seniors. What teacher played the

"elephant" at the coronation and had a soph. "duckie"? Hint: She teaches computer and the soph. is a cheerleader. What jr. fixed a sr.'s hair for

the coronation? Needless to say she had to wash it three times just to get all of the hair spray out. What 8th grade girl was

really rude in the coronation? Haven't you ever heard of

Just three more weeks of school left and everyone is counting down the days until the end.

Dear Marie

I have two friends, one's a boy and one's a girl. They've started going out and so far things have gone good. The problem is, I know him better than she does. In the past, he's only been with girls to "find out what they were like." I don't want to see her get hurt, but I don't want to lose a

friend. What can I do? Caught in the Middle Dear Caught,

You should give her a warning, but she might not listen. Either way, you're going to lose a friend. They might be a good couple, but if you feel you need to tell her, do so.

Emily wears her favorite colors, Baylor green and gold as often as possible, leaving us no doubt that she would like to attend Baylor University. She thinks she would like to study medicine or law. Her favorite clothes these days are XL T-shirts and sweats, but she assures me that's just 7 a.m. Driver's Ed days because she doesn't want to be thought a slob.

As a sponsor, I can tell you she absolutely adores creative activities such as decorating for the Coronation and works hard at all she participates in to be the best she can possibly be. She tries to be cool and calm about her achievement, but I think inside she's pretty excited. Em's statement about the whole thing? Just, "I'm glad to have a chance to represent my school in this way."

(Note: The last time a Rising Star student went to state was 1985. Mrs. Azalee Womack took Karen Wilson Brown to Austin in Spelling.)

Athletic **Scholarships** Available

Over 100,000 collegiate athletic scholarships are available each year to male and female high school and junior college student athletes. Contrary to popular belief, students don't have to be all state to qualify. Much of this money goes unused. A New publication with forms, sample letters and tables of factual information is available for student athletes. It takes them step by step through the important process of getting an athletic scholarship and includes college and conference listings.

For information on how to get a collegiate athletic scholarship, send a #10 self addressed, stamped envelope to the National Sports Foundation, 611A Willow Drive, P>O> Box 940, Oakhurst, NJ 07755.

County Commissioners Approve Proposal For Museum In Old Jail

Eastland County Com- agreed with this proposal, proved a proposal to turn the old County Jail into a

The proposal was from H.V. O'Brien, Eastland County Newspapers publisher and Editor of the Eastland Telegram. It was presented to the Court by Pct. 4 Commissioner Reggie Pittman, who oversees the jail.

"Turning the old jail into a County Historical Museum, through cooperation with citizens and groups locally, and to seek grants for development. This naturally would link to the Cisco Santa Claus Bank Robbery, the Conrad Hilton Museum, to the Roaring Ranger Museum, and points of interest in Gorman, Carbon and Rising Star. The idea being that each entity would help direct its visitors to other points in the county, with free exchange of literature and brochures, so that visitors who 'drop in' could be lured to stay longer and visit other sites, as we make them easy to visit." Pittman said that he

PARTIAL TACK LIST:

missioners Monday ap- and thought it would be a good thing for the whole county.

Pct. 1 Commissioners stated their approval, saying that tourism was a bigindustry in Texas now, and Eastland County should save historical sites and try to bring as many visitors here as possible.

County Judge Scott Bailey asked if anyone in the audience wished to state an opinion on the proposal.

Ed Allcorn, Manager of the Majestic Theatre, and Roy Lee Smith, President of the Eastland County Historical Society, spoke in favor of the idea.

Allcorn said that a Museum in the Jail would add interest to the historical area around the Majestic and its Annex on the north.

Roy Lee Smith said that the Museum was an excellent idea, but it would

take a lot of work. It will need participation from all the county, and a term contract would also be needed on the building," Smith said.

ness, halters, grooming items and much much more!!!

He turned to Sheriff Ronnie White and asked if the old jail was being used for storage, and White said it was. But the Sheriff added that a storage building could probably be put on the outside. White also said that he could clean the old jail up

with inmate labor. Roy Lee Smith told the Court it would take a lot of planning to set up a Museum properly, in which points of historical interest were left intact. There would also need to be volunteers to keep the Museum open, he reminded the Court.

After voting their approval on a Museum, the Commissioners requested that Roy Smith head the work. He was asked to first appoint a Committee to study the possibilities of the project.

On other business, the Commissioners voted to make an application to participate in the National Flood Insurance Program, and take steps to comply with all regula-

Pct. 1 Comm. Richard Robinson said that if the county is accepted, claims filed by Lake Leon flood victims will be reconsidered by the Federal Emer-Management gency Agency.

James Greer of Lake Leon told the Court again about the many homes that were damaged by high water in late December and early January, and how emergency aid claims were denied because the county did not participate in the flood insurance program.

Comm. Robinson said that if the county is accepted into the Flood Insurance Program "Every area of the County will have a different rate, depending on the likelihood of being flooded."

He added that all development would probably have to stop around Lake Leon, with strict enforcement on buildings below the 1385 ft. mark.

The Commissioners said it might be arranged for the Lake Patrolman to issue or deny permits.

On another agenda item, Sheriff Ronnie White told the Commissioners that he doesn't have the extra manpower to enforce a county parking ordinance around the Courthouse.

Richard Robinson said he would discuss the matter with Eastland City Manager Paul Catoe to see if the City's parking enforcer can also patrol inside the Square.

The Commissioners also heard from Wes Heald (Brownwood) and Bryan Neaves (Eastland) of the Texas Department of Public Transportation.

Heald said that funding should be available this summer to add five or

six miles of additional FM roads in the nine-county area he supervises. He discussed county roads from 1-20 into Scranton which have been proposed for a new FM road, and also unpaved roads NW of Ranger along the Stephens County line.

He said these roads needed paving, and he wished he could promise to fix both. But he said the Department would have to take everything into consideration and make hard decisions. "Not much money goes into FM roads," he said.

Heald added that he wanted people of the county to know that the improvement on 570 S.E. of Eastland would not influence the decision on new FM roads for the

"This is a different system-improvement on an existing road," he said.

On another matter, Commissoner Pittman reported on trash being dumped on county roads. After discussing this at length, the Commissioners voted to donate \$50 per month to Eastland County Crime Stoppers for rewards to citizens turning in names of people dumping trash on roads.

Pittman also reported on the jail population, saying that 26 were currently being held. Four of these were due to be sent to TDC shortly.

Sheriff Ronnie White also had some news on the jail, and it was good. On Thursday, April 23, the State Jail Inspector make his visit, and the facility was approved. This is the fifth year that the jail has passed in spection by State officials.

County Historical Society To Meet Tuesday At 7 At Jail

All Eastland Countians are invited and urged to attend an organizational meeting for the development of the Olde Jaile as a County Historical Museum.

Coordinator Roy Lee Smith has called the meeting for 7 p.m. Tuesday, May 5th at the Olde Jaile.

The County Commissioners Court voted this week to provide the historic old building for use as a county museum, and a great deal of details are to be worked out and plans formulated for its development to serve this entire area.

All persons interested in participating in this exciting project are invited to attend the meeting with ideas and recommendations, Mr. Smith said.

County Clerks Attend Seminar At Texas A&M

About 500 county and district clerks and their staff took part in the 20th Annual County and District Clerk's Seminar at Texas A&M University, March 16-18.

The seminar is designed to update participants on duties and responsibilities of their offices, helping them become more capable and effective in serving the public.

"Workshop for Professionals" was the theme for the meeting. Participants took part in general sessions, workshops and discussions on topics that included ethics, legal research, probate law, budget presentations, reports, new legislation, grant searches and prepa-

ration of court minutes.

The seminar was sponsored by the V.G. Young Institute of County Government of the Texas Agricultural Extension Service and the County and District Clerk's Association of Texas in cooperation with the Texas Association of Counties. Clerks received 18 hours of credit from Texas A&M Office of Continuing Education by participating.

President of the association for 1991-92 is Dorothy Browne of Gail, county and district clerk of Borden County.

Participating in the seminar from Eastland County were Joann Johnson, County Clerk and Bill Miears, District Clerk.

...Continued From Page 1

Drowning Victim

members v/ho were in a fishing can ip.

Around 4:30 p.m. the initial call, of a "possible drowning" came to the Sheriff's office in Breckenridge. A deputy was dispatched to the scene and determined what had happeneed, but by that time it w/a:s apparently too late to igel; a search effort underway before dark.

Local authorities and volun'teers began searching the river Sunday morr ing, with seven boats and dragilines. About an hour after dragging the river, authorities found Morales' body about 500 y ards downriver from the diam. Around 1:30 p.m. Monday Martin's body was located floating in the middle of the river about one-fourth of a mile from where Morales' body had been found.

A full crew was ready to resume the search Wednesday when Williams body was located. It was about a half-mile downstream from the others and about a mile from the Gulf Dam.

Sheriff Cain said this boating accident was probably the worst ever in the County, because of the number of fatalities. The Sheriff expressed his appreciation to all people who helped in the search efforts.

David W. Martin **ASCS News** Exec. Director **Eastland County**

Signup Program Extended: Signup for participating in the 1992 Wheat, Feed Grain and Cotton Programs has been extended through May 1. Secretary Madigan stated that farmers in a variety of special circumstances have indicated that more time for signup would be helpful. The extension will not delay receipt of advance deficiency pay-

ments. Failed Small Grains: Producers who have program crops that fail due to drought, freeze, flood or other conditions beyond their control should file a failed acreage report before making other use of the crop. ASCS must inspect the crop before disposition in order to receive insure that: disaster credit, and planted and considered planted credit.

Peanut Considered Produced Credit: Produces who spring transfer by lease to different operators or owners can receive considered produced credit for the pounds transferred provided that the transferring farm has not spring leased or released quota in any two of the previous three years.

Producers who spring transfer to the same operators or owners can receive considered credit for the pounds transferred provided that the receiving farm produces the receiving farm's basic quota and the transferred quota. These type transfers do not have a year restriction imposed as on leases to different operators or owners.

Reporting Cropland for Program Benefits: Producers are required to report all cropland acreage, including zero acreage reports on ASCS-578 when the farm is participating in the current year's production adjustment and CRP programs. This requirement is to

*Acreage affecting participating crops is not omitted.

Producers on nonparticipating farms requesting planted and consid-

cropland on the farm to insure that:

*Normal historical plantings of fruits and vegetables are not exceeded.

*Acreage of the crop with a zero report are not

present on the farm. Partial acreage reportis may still be accepted for nonparticipating farms. However, the only benefits for which the farm

may be eligible are: *History for a planted program crop.

*Price support benefits for a nonprogram crop.

Producers are encouraged to file an accurate acreage report to insure receipt of program bene-

USDA is seeking public comment on whether an acreage reduction program (ARP) for the 1993 wheat crop should be implemented. Any ARP decisions must be announced by June 1. Submit comments by May 1 to: Deputy Administrator, Policy Analysis, USDA/ ASCS, Room 3090-S, P.O. Box 2415, Washington, D.C. 20013.

1992 Wool and Mohair Incentive Payments: Payment rates for the 1991 marketings are: *241.8 percent of the net

sales proceeds for shorn *\$5.32 per hundred

pounds liveweight for unshorn lambs.

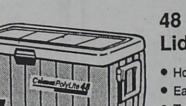

*247.5 percent of the net sales proceeds for mohair. Incentive payments are

based on support rates that are announced each year. The 1991 support rates for wool is \$1.88 per pound and for mohair is \$4.448 per pound. Final notices of peanut

undermarketings were mailed on April 1. These notices reflected an allocation of 36.5036 percent of the unallocated underproduced quota on the farm. Producers who received 1990 or 1991 disaster benefits could receive additional notices reflecting a reduction in effective quota corresponding to the pounds paid at the quota rate.

Engagement Announced RJC Home Volunteers Clean Up Computer Ball Park for Season Seminar

The Continuing Education Department of Ranger Junior College will present a one-day seminar entitled "Turning Your Personal Computer Into a Profit Center." This seminar is being coordinated by Ranger Junior College's Graham Campus and will be held at the Graham Alternate Learning Center, 701 Tennessee St., Graham, Texas, on Saturday, May 9,1992, from 9:00 a.m. to

5:00 p.m.

The American Home Business Association estimates that by the turn of the century, one third of American workers will be self-employed entrepreneurs working out of offices in the home. If you are considering a career change, would like to work for yourself, and are intrigued by the staggering capabilities provided to the individual by current computing technology, you should attend this seminar.

Ideas for in-home computing-for-pay will be discussed, as well as the tools necessary to turn your entrepreneurial drive into a reality. Aspects of planning, marketing, organizing, accounting, and controlling a business will also be covered. Fee for the seminar is \$85.00. Call Donny Veal at Ranger Junior College, 647-3234 for registration

A big 'Thank You' to all the volunteers who gave time and equipment for sprucing up the ball park.

Steve, thirty five years old, is a 1979 graduate of Tarleton State University with a degree in Plant and Soil Science. He is currently involved in agriculture and has been for the past sixteen years.

Steve is now serving as president of the Rising Star Volunteer Fire Department and as a Cub Scout leader.

He has been married for eleven years to his wife, Kay, also a TSU graduate. They have three boys; Jacob, Ben and Dan, who attend Rising Star Elementary School. As a father, and one who loves children, Steve would like to see the best decisions made for the future of our school.

Political adv. pd. by Steve Campbell, Rt. 1, Rising Star TX 76471
