THE RIGHT TO EARN A LIVING.

A long and bitter strike against a major California electric company* shows to what dangerous extremes some labor bosses will go.

A single issue prevented quick settlement of the strike—the union's demand for a closed shop.

The fact that this strike was against a power company made its menace all the greater—stoppage of power service in heavily populated areas would be catastrophic.

70 YEARS OF NIGHT BASEBALL.

On June 2, 1883 a baseball game was played at Fort Wayne, Indiana. The occasion was a landmark in the history of the national sport, for it was the first game ever played under electric light.

On June 2 of this year the 70th anniversary of the advent of night baseball will be celebrated in ball parks all over the country, with the approval of Baseball Commissioner Ford Frick.

This is just one more colorful little example of electricity's contribution to better living for the American people.

AFTER TWO DECADES.

Secretary of the Treasury Humphrey has stated that the federal budget cannot be balanced in the next fiscal year, despite substantial cuts in appropriations.

As the Portland Oregonian said editorially, "It took two decades to get the government and the taxpayers into this mess."

THE BARBITURATE DANGER.

An article in Today's Health, a publication of the American Medical Association, warns against the excessive or improper use of barbiturates.

Written by Dr. Donald A. Dukelow, the article says that in 1951 more than 688,000 pounds of these drugs were produced—enough to put every man, woman and child in the nation to sleep for 20 days if administered in the usual dosage.

When used properly, under a physician's supervision, barbiturates are of great value and can prevent much suffering.

OUR DEMOCRACY — by Mat

BORN TINKERERS

IN THIS AGE OF SPECIALIZATION, AMERICANS STILL LIKE TO ROLL UP THEIR SLEEVES AND TRY THEIR HANDS AROUND THE HOUSE. IT DOESN'T REALLY MATTER MUCH WHAT IT IS — IF IT NEEDS FIXING, THEY'LL TRY.

THIS IDEA OF TINKERING HAS HELPED MAKE US WHAT WE ARE. IT BUILDS QUALITIES OF INGENUITY AND ADAPTABILITY AND SELF-RELIANCE. IT CAN DEVELOP SPECIAL ABILITIES, OCCASIONALLY STIMULATES INVENTIVE GENIUS — SOME OF AMERICA'S GREATEST INVENTORS HAVE BEEN "BORN TINKERERS."

it's the Law

COURT RULES ESSENTIAL TO JUSTICE

What about court rules — the procedural rules governing legal trials? Are they tools of delay or instruments of justice?

The law is composed of two parts—the substantive and the adjective law. The substantive law defines rights, duties and remedies; it enforces contracts and rights wrongs; it describes crimes and sets up penalties.

Some of our most important rights are to be found in the body of procedural law. For example, as a person who wants justice to prevail, we like to think that every man, rich or poor, shall have his day in court.

Your day in court implies that you shall have the right to be properly represented, to have your case presented before an impartial jury and an unbiased judge, and to have a reasonable time to prepare for the trial.

Finally, the law governing procedure tells you how to appeal your case to higher courts when you feel that you have not had a fair trial or that a prejudicial error has been committed in the trial court.

Much of our procedural law comes from centuries of experience in the courts of other lands. It was inevitable that through the centuries some of the procedure would become cumbersome, obsolete and difficult.

Our Texas rules of civil procedure are made by our state Supreme Court, while the rules of criminal procedure are under the direct control of the Legislature. Both the court and the legislature are constantly striving, with the recommendations of the practicing lawyer, to improve these rules.

(This column, based on Texas

law, is written to inform—not advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

Washington

"As It Looks From Here"

The Congress is now grinding out Appropriations Bills for money to run the Government for the fiscal year beginning July 1 and running to the same period in 1954.

Reductions are being made in practically everything, but unfortunately the greatest reduction must come from National Defense if the cost of Government is greatly reduced.

Since 87c of every Federal tax dollar goes to pay for past Wars, foreign military and economic aid, defense at home, veterans benefits, and the interest on the National Debt, it only leaves 13c to run all the other huge activities of the Government.

The National Defense budget has been reduced by over five million dollars, and the Air Force is evidently bearing the brunt of it. The Secretary of Defense says that the efficiency of the Air Force will not be reduced. I hope he is right, but it is hard to see.

Incidentally, I am setting up a file on the requests I receive not to cut funds for this, that, and the other. It seems most of us are cutting funds which affect the other fellow, but not for expenditures for those things in which we are particularly interested.

This country is in somewhat the same position as the couple who got married and set up a budget for their living. The boy had a limited income. So they were going to set aside so much money for this and so much for that.

This country has bought two World Wars for itself and a great many other countries and the bills are past due. These bills are represented by the Public Debt, the interest on which is around six billion dollars.

SIX WILDCATTERS TO LUBBOCK FOR MONTH'S BAND PRACTICE

(By Jimmie Lewis)

The Rising Star Wildcat band will have six representatives in the Lubbock Summer Band School. They are: Jim Lewis, and Willie Jo Brawner, baritone; Jerry Davis and Eddie Jo Henry, trombones; Gary Joiner, clarinet and Barbara Joiner, flute.

Mr. and Mrs. Glen Henry took four in their car. Mr. Joiner took the other two with him. He also took the luggage.

The students left Wednesday, May 3rd and will be there until the school closes, July 3rd.

Mr. and Mrs. Hiram Brooks of Idaville or Broken Bow, Okla. were visiting in Rising Star this week. They are former residents of this city and were on their way to visit the J. B. Herrings in Big Springs.

the bitter pill can be sweetened, but it "ain't" easy.

In the face of these tremendous responsibilities, there is no need for me or anyone else to say that the path before us is strewn with roses. It is not difficult for us to face a real crisis when we can see it—such as war—but it is human nature for us to lose sight of the essentials before our eyes if we can put it off to another day.

The Eisenhower Administration says that the Budget cannot be balanced this year, even if taxes are not reduced and even if considerable reductions are made in spending. They ask that the excess profits tax on corporations be extended from its expiration date on June 30th.

Regardless of the level of taxes, one thing is certain. There is a great need for adjustment of taxes. We need an overhaul of our entire tax system in order to better equalize the burden.

I am often reminded to ask no convictions or no courage to myself which is worse — to have back them up.

Varieties of cotton grown in this country have been reduced in the past 25 years from 600 to 30 improved types. Strength and length of fiber have been increased through breeding improvements and cotton is more uniform and dependable.

June Is Dairy Month

Chicago TV actress Adrienne Falcon celebrates the advent of June Dairy Month and raises a toast to the U. S. Dairy industry with a refreshing glass of milk during a "break" in recent rehearsals.

Adrienne keeps trim by following the newly developed scientific diet for weight reducing, or ideal weight maintenance, which includes liberal portions of dairy and other basic foods in the menus.

BANNER SELLS AREA HOLDINGS TO FOREMOST

Affiliation of Banner Dairies with Foremost Dairies, Inc., was announced in Abilene Thursday.

No changes in management, personnel or policies are contemplated, O. D. Dillingham, Banner president, and Lloyd B. Hughes, said in a joint statement.

Banner will become a "wholly owned subsidiary" of Foremost. Its official name will be Banner division of Foremost Dairies.

Plans are fast taking shape for the 1953 Texas 4-H Roundup which will be held at Texas A. & M. College, June 10-11.

RISING STAR RECORD Thursday, June 4, 1953

May G. S. Chatter
By Ramona Myers

The eighth grade class trip was a big success. We had a wonderful time. Four members of our class did not go: Barbara Degman, who is visiting her sister in Hobbs, N. M.; Don Lee who had the flu and Donald Yoes and Dawine Eoff. We all missed them.

We left May Monday morning at 5:30. Fourteen members of the class, our two room mothers, Mrs. Murphy and Mrs. Myers, Mr. and Mrs. Marvin Chambers and Marva all went. It seemed to us that it was worth all our hard work.

About five miles south of Goldthwaite we ran into a very thick fog. It was hard for Mr. Chamber, the driver, to see the road. Suddenly we came into the sunshine and we were in Austin.

First we went to the Capitol. In the front of the Capitol there were two statues. One of Sam Houston and one of Moses Austin.

After visiting the secretary-treasurer's office and looking at the big vault we saw the legislative halls, both senate and house of representatives. The capitol grounds are lovely at this time of the year.

A very pleasant visit with governor Shivers where we had our pictures taken with him.

After lunch we headed for San Antonio, going through San Marcos, New Braunfels and other interesting places.

Our visit in the Alamo City was a pleasant one. Visiting Randolph Air Base. We knew a number of May boys who were stationed at the base.

A visit at the Majestic theatre was wonderful indeed, and all enjoyed it very much. After being lost for some time we finally made it back to our lodging place.

Visiting San Jose Mission, the Alamo and many interesting and historical documents were seen in the museum.

After a visit to Brackenridge park and zoo where all kinds of animals were in their cages which was a wonderful sight for the students.

We were mighty glad to get back home to May thank all for the very pleasant and instructive trip.

1953 Recommendations For Home Food and How to Preserve

COLLEGE STATION, May 31.—Each year since 1944 the State Nutrition Council has made recommendations to Texas families concerning home food preservation. Louise Macon, expert foods and nutrition specialist for the Texas Agricultural Extension Service and member of the Council says the 1953 information includes special directions for canning snap beans, white potatoes and emergency drinking water.

The Council, a committee representing 25 departments, agencies, organizations and institute in the state concerned with nutrition, attempts to assist the people of Texas achieve optimum nutrition by informing them concerning production, conservation, distribution, selection and consumption of foods. The food preservation committee of the Council coordinate the research and latest information each year in order to present uniform methods.

Miss Mason says the one step method of canning snap beans in glass jars has been approved by the Committee in the 1953 recommendations. The raw snap beans are packed into glass containers, covered with boiling water and sealed for processing in pressure canner at 10 pounds pressure.

The recommendations on canning small white potatoes, diced or whole, gives direction for the hot pack method. The potatoes are cooked in boiling water for 10 minutes before they are packed into the containers, covered with boiling water and processed at 10 pounds pressure.

Recommendations for food supplies needed for defense and disaster relief include a supply of canned drinking water. The committee recommends glass for canning emergency drinking water, processing pint and quart jars for 15 minutes at 15 pounds pressure.

Detailed information on these and other recommendations for home canning of food, is available from members of the State Nutrition Council, county home demonstration agents and other home economists in Texas. Members of the food preservation committee are: Sylvia Cover, Agricultural Experiment Station; Mrs. Beulah Smith, Farmers Home Administration and Miss Mason.

Amity

By Mrs. O. J. Reynolds

Mr. and Mrs. W. B. Alford and children of Lalita, Texas and Mrs. Bernice Schoelmann of Markham, Texas have returned to their homes after a visit with the Alford families here.

Mr. and Mrs. C. C. Mullican of Robert Lee, Texas visited in the home of her brother, Robert Watkins Monday of last week.

Norman Ray visited Mr. and Mrs. Dick Ray and children at Big Springs last week end.

Mr. and Mrs. O. J. Reynolds and Mrs. Corbett McDaniel attended funeral service for Mr. A. L. McDaniel of Comanche, at Stag Creek Saturday afternoon.

Mr. and Mrs. J. W. Reynolds and Mrs. James McKay and daughter of Merkel visited in the O. J. Reynolds home last week end and attended the McDaniel funeral.

Those from Amity who attended memorial services at Stag Creek Sunday were Mr. and Mrs. Bob Landreth, Mr. and Mrs. E. R. West, Mr. and Mrs. Everett Harris, Mr. and Mrs. O. J. Reynolds, and daughter Maurine and Bonnie, and Darrel and Doris Watkins.

Mr. and Mrs. E. L. Buth of Petersburg, Tex. visited Mr. and Mrs. E. L. Stodghill last Friday.

Mr. and Mrs. Jess Littlefield visited Mr. and Mrs. Bob Landreth one day last week.

Bonnie Reynolds has returned home after a two weeks visit at Merkel with relatives.

Mr. and Mrs. Robert Reynolds of Merkel visited in the home of his parents, Mr. and Mrs. O. J. Reynolds Saturday. Their children, Nancy and Bill remained for a few days visit.

Miss Patsy Haynes has returned home from Tarleton College at Stephenville for the summer.

VISITING IN PECOS

Mrs. Lela Ham of Route 1 left May 31st for Pecos to visit her daughter, Mrs. O. J. McLaurin and family. She will go by train. Mrs. McLaurin and children, Gary and Connie will return with her for an extended visit.

- Overize base for greater water capacity
 - Only one moving part—located above ground
 - Motor rated for continuous duty
 - Non-corroding bronze impeller—stainless steel shaft
 - Ideal for wells up to 100 ft. deep
 - Ready to plug in and use.

HIGGINBOTHAM'S

Golden Wedding Anniversary of Mr. and Mrs. W. H. Phillips Celebrated Sunday, May 31

An attendance of near 75 people were come and go guests for the golden wedding anniversary for Mr. and Mrs. W. H. Phillips at their home last Sunday afternoon. They were married at Cross Cut by Minister W. C. Williams, May 31, 1903. The Phillips have resided in the Pio. community all but five years of their married life. Two daughters and three sons were present over the week end. Mrs. Phillips has been ill for several weeks and was bedfast at the time of the occasion but enjoyed it all very much. Mr. Phillips is 72 years old. Mrs. Lena Phillips is 65 years of age. The children who attended were Mrs. Ophelia Harris, Cecil Phillips of Houston, Elva and William Joe of Odessa, Mrs. Harold Clairborne of Coleman. There were 10 grandchildren present. Two granddaughter, Melba Phillips and Betty Harris served at the refreshment table with a

large bouquet of yellow chrysanthemums placed upon a beautiful ecru lace table cloth. cake and punch were served to all the guests. Mrs. Elva Phillips was in charge of the register and greeted the guests as they registered their names in the golden anniversary book. Names registered were as follows: Miss Belle Phillips, Miss Ella Phillips, Mr. and Mrs. Delma Dean, Mr. and Mrs. Elva Phillips, Mr. and Mrs. George Scott, Mr. and Mrs. Cecil Phillips, Mrs. Irene Coon, Mr. and Mrs. Harold Clairborne and family, Mr. and Mrs. Wilbur Elkins, Garland Phillips, Melba Phillips, Betty Ann Harris, Mr. and Mrs. Curtis Pilcher, Mr. and Mrs. W. J. Phillips, James McGehee, Mr. and Mrs. E. M. Phillips, Jesse Brown, Brother Williams, Mr. and Mrs. Willie Wood, Mr. and Mrs. H. A. Chaney, Mr. and Mrs. A. O. Harris, Mildred Coon, Miss Katy B. Bryson, Mrs. Lorene Bryson, Mrs. Bessie Reems, Mrs. Maggie Boykin, Mrs. Dora Harris, Mr. and Mrs. Lonnie Gray, Phil Harris, Mr. and Mrs. Bart Brown, Mrs. C. B. Hester, Miss Grace Brown, Mrs. J. T. Brown, W. W. Phillips, Mrs. Ada Phillips, Mr. and Mrs. Sidney Cullins, Mr and Mrs. L. W. Pan- cake, Mr. and Mrs. B. I. Marshall, Mrs. Homer Brown and son, Jimmie, Mrs. Mattie Clark, Mr. and Mrs. Herman Harris, Mrs. Connie Rutledge, L. B. Hughes, Mr. and Mrs. Mack Marilyn Whitely, Mr. and Mrs. W. L. Lee, Katherine Brown. These relatives and friends bestowed many beautiful gifts upon this lovely couple, and wished them many happy days to follow.

BEGINNER V. B. S.

The Beginner department of the Vacation Bible School are looking forward to two happy weeks of work and play. On the first day of the school, 20 beginners and four adults were enrolled. Each child present received a crown with the letters—VBS—printed on each and with large stars surrounding the letters.

Each day the children will have a Bible story and a character story. There will be a period of singing and playing. Also, notebooks to color and handwork to do. We will have a happy, busy time together.

The beginner faculty include Mrs. Jack Gryder, superintendent, Mrs. D. R. Phillely, Bible story and handwork, and Miss Barbara Phillely, secretary and pianist.

MY CAMP TO TRES RIOS

By Mary Haynes, Amity

On May 27, our small group left from Comanche courthouse at about 8:00. When we reached the camp, on the east side of Glen Rose, we went into the dining hall to register and our cabins were assigned to us. We made our beds and met the ones staying in our cabins. There were 13 in our cabin and Rhea Erwin, one of my playmates at school had her bed beside mine. She was representing Eastland County and I was representing Comanche County.

We went to the recreation hall and elected officers and sang. Then we went to lunch, which was a sack lunch that we had brought from home.

We had a two hour class which was very exciting and in it we learned to raise and lower the flag. After that we swam in a beautiful pool. We then had a flag ceremony and ate. We were notified to bring a one-pound coffee can. We cooked our supper in it. It was very delicious.

The next day we had a flag ceremony and marched to the dining hall singing. We then went to class again where I learned to weave a basket. We sang and then ate. After lunch we rested and went to class again. Here I learned several new games, songs, and dances. Then we swam again and started class again. In this class I learned very much about the world, burgs, rocks, and several other things. We had flag ceremony that night and went to supper. That night we had a custom party, where we wore clown suits, and gypsy custom.

On Friday, May 29 we were packed to come home. We ate and had a table program, which we had after every meal. At this time we learned to make rosesets, hats out of chicken wire, and a costume out of newspapers. Then we went to the recreation hall and had a program. We all waved good-bye to everyone and reached Comanche at about 12:00.

It all was wonderful and I won the trip by just keeping a record of everything I did in 4-H.

ATHLETIC CONTEST TO BE HELD AT ABILENE

ABILENE, June 4, (Spl.)—The greatest athletic attraction in the South, the second annual National Intercollegiate track and field golf and tennis championships open a two-day stand in Abilene Friday and Saturday, June 5 and 6, with some 300 athletes to be represented.

Entries closed Sunday and General Chairman Oliver Jackson, track coach at Abilene Christian College, said that a record number of colleges were sending athletes to compete in one of the three divisions of the affair.

R. H. Smith of route 2, May was transacting business in the city last week end. He reports farming is going along in a big way in his neighborhood.

Beef is a good buy. The largest supply in history is going to market from the farms and ranches of the nation.

Texas Woman Wins June Is Dairy Month in Texas

CHICAGO, Ill.—Mrs. J. Murphy, 821 Wahoo Street, Grand Prairie, has been named a grand prize winner in the Monarch Finer Foods \$100,000 national limerick contest for the month of April, it was announced today. She will be awarded a 1953 model Westinghouse electric range. Previous monthly grand prize winner from Texas was Mrs. L. Woods, 417 Porter Courts, Orange, Texas.

This event features 10 separate monthly prize contests in which contestants are asked to supply the fifth line of a limerick. The contest, being held in celebration of Monarch's 100th anniversary this year, will award 100 appliance prizes to winners each month through December.

Contest entry blanks are obtained through local grocery stores.

GIRLS' AUXILIARY NEWS

The G. A. S met Friday at the Baptist church at 2:00 o'clock for the monthly stewardship program. We studied the second chapter book, "Jenny, Penny, and Kan". We worked on forward steps.

The G. A. love offering for Hendricks Memorial Hospital of linens and soap was valued at \$3.25. Our Robert Cox fund was closed and the offering given to him to be used in his work in northern California this summer. Our old Christmas cards and Sunday School cards were given to the G. A.'s and the girls chose and colored a paper doll to represent themselves on the Forward Steps chart.

This will be the last meeting until further announcement. The meeting was closed with the singing of the G. A. hymn. —Reporter

RECENT VISITORS OF MRS. R. L. JAMES IN RISING STAR

The following were recent visitors in the home of Mrs. R. L. James: a sister, Mrs. Lillian Courtney, and daughters, Mrs. Lola Collins and Lucille Hillman and daughter, Margaret of Los Angeles; a sister, Mrs. Winnie Smith from Baton Rouge, L.; a niece, Mrs. Smith, her husband, and Jay and Jean from Norfolk, Va.; two brothers, Wilson Fielder of Waco and Bob Fielder of Abilene.

June Is Dairy Month in Texas

COLLEGE STATION. — The dairy industry in Texas is a mighty important contributor to the over-all agricultural income of the state to say nothing of what it means to the health and welfare of the state's population. The value of all milk-produced in the state last year amounted to about \$200,000,000, says R. E. the Texas Agricultural Extension Burleson, dairy husbandman for Service. Total milk production reached almost four billion pounds.

During the present month, Burleson says the dairy industry will be in the spotlight for June is dairy month. At this time the industry, he explains, is having its troubles just as are other

parts of the great agricultural industry. This is the season of greatest milk production and surpluses are creating producer problems. They'd disappear, says the specialist, if consumers would step up their purchases of milk and other dairy products.

Stepped up purchases of milk are of the utmost importance because the fluid milk is the largest single outlet for the state's dairy producers. Surpluses are being used in large quantities for the making of ice cream, cheese, butter and evaporated, condensed and powdered milk. Dairy products in any form, says Burleson, are among our best food and are needed by young and old alike for providing essential nutrients.

The specialist says that milk production in the nation for the first four months of this year is about seven percent higher than for the same period in 1952.

H. D. Clubs Meet in Food Discussion

"Our grandmothers gave their families sassafras tea, sulphur and molasses, or store bought tonic to tone up the blood each spring, but today this is done year round with a good diet," stated Miss Mildred Daniel, Co. Home Demonstration Agent, at a leader training meeting in Eastland, Monday.

During her demonstration to leaders from eight of the 11 H. D. Clubs in the county, the agent prepared a vegetable platter and whole-wheat muffins. The vegetable platter, based on the Texas Food Standard, consisted of boiled cauliflower, whole steamed carrots, and baked Irish potatoes. These vegetables were arranged on a large platter, garnished with parsley, and served with a tangy lemon butter sauce. It was pointed out that the one-dish method of serving saves dish washing, besides making a colorful dish. The principles of cooking vegetables to retain minerals and vitamins were stressed in the demonstration.

For variety and to fulfill the requirement for a whole grain product each day, it was suggested that hot whole-wheat muffins be served with the vegetable platter. A suggested menu using the two products is:

Pressed Ham, Sweet Pickle Rolls, Vegetable Platter, Whole-Wheat Muffins, Fruit Cup, Cookies, Coffee or Milk.

Present for the demonstration were: Mrs. H. R. Inman, Mrs. Bill Tucker, Cheaney Club; Bernice Clark, Howard Club; Mrs. Henry Reed, Mrs. A. W. Wright, Union Center Club; Mrs. Earnest Schaefer, Mrs. R. D. Guthrie, Word Club; Mrs. Ray Judea, Lake Cisco Club; Mrs. A. C. Pierce, Pleasant Club; Mrs. J. C. Buler, Morton Valley Club; Mrs. Bob Roady, Mrs. H. A. Freeman, Mrs. Calvin Roady, Pioneer H. D. Club.

MAY FFA SPONSOR FATHER & SON BANQUET

The May FFA sponsored a father-son barbecue party Friday night, May 22, at the agriculture building. Bo Allen, president of the local chapter, had charge of a short program preceding the supper. He thanked Dr. Ben H. Moore for donating the goats for the barbecue and expressed the gratitude of the chapter for Mrs. Roy Armstrong's serving as chapter sponsor. Mr. Armstrong is the agriculture teacher of May High School. A thank-you also went to J. B. Shannon, superintendent of the school, for barbecuing the meat.

The president also presented the chapter sweetheart, Miss Charlotte Shannon, daughter of Mr. and Mrs. J. B. Shannon of May, a freshman of May High School. Charlotte was declared first actress in both district and area interscholastic league meet; first place winner in both district 14-B and Region II-B high school junior girls declamation; freshman treasurer; and an honor student in the high school.

Following the program, a variety of games was enjoyed by the group.

MRS. ALICE GRAVES TO VISIT ABROAD

Mrs. Alice I. Graves will leave from Brownwood by plane Thursday, June 4, to join her daughter and family, Mr. and Mrs. James W. Walker, Jr. in New York.

Mr. Walker is one of the vice-presidents of the Pan-American Airways. He will make a business trip to London, Paris, Rome and other points by plane. Mrs. Graves will accompany Mr. Walker and his wife.

Mrs. Graves has accompanied them on other trips to South America, China, Philippines, Japan and Hawaii.

Mrs. Graves stated she would probably be gone a month and might bring her grandchildren home with her for a visit in her lovely farm home near here.

Mr. and Ms. S. W. Woodruff had as their recent guests, their daughters, Mrs. Walter Barber, her husband and daughters, Lanette and Annette of Kennedy; also Mr. and Ms. A. Z. Glover and daughter, Sally of Snyder.

WORTHWHILE S. S. CLASS HAS PARTY

The Worthwhile S. S. Class met for their monthly social on Thursday, P. M. May 28th in the home of Mrs. F. J. Maynard, with Mrs. Ethel Barnes, Mrs. Ehel Parker and Mrs. Charlie Carroll as co-hostesses.

Mrs. Harry Hames, a visitor from Graham, gave a very interesting and inspiring talk on our call to help the West. She especially stressed the need of Southern Baptist Workers in Mormon, Utah, where she and Rev. Hames have been just recently in a revival.

Prayer was led by Mrs. McDonald. After a brief business session, Mrs. Barnes had charge of a Bible quiz. Delicious refreshments of Hawaiian punch, cookies and candy were served to the following: Mmes. Larkin, Lee Clark, Cox, Crownover, McDonald, Joyce, Mulloy, Landreth, Wade Clark, Carothers, Morris, Morrison, White, two visitors, Bennie Sue Morris and Mrs. Harry Hames of Graham and the hostess group.

SAMMIE HARRIS AND JIMMY TURNER EXCHANGE VOWS

Miss Sammie Harris and Jimmy Turner were married at the First Baptist Church last Saturday at 4 p.m. Rev. D. R. Phillely officiated in a beautiful double ring ceremony.

Their only attendants were Billy Agnew and Miss Nancy Oldham of Abilene.

The bride was lovely in a pink nylon linen dress, pink velvet hat and pink linen shoes. Her corsage was white carnations.

She wore an antique necklace belonging to Aunt Kate Jones for something borrowed, something old. Something blue was a dainty blue garter trimmed with a tiny bag of rice and a wishbone.

Mrs. Turner is the daughter of Mr. and Mrs. Woodrow Harris and Mr. Turner is the son of Mr. and Mrs. Raymond Turner.

This young couple is one of Rising Star's most popular members of the younger set. They fell in love back in the grade school and have always been sweethearts.

The immediate families, her parents, Mr. and Mrs. Woodrow Harris and her sister, Johnnie, his parents, Mr. and Mrs. Raymond Turner and daughter, Mrs. Homer Ray Kelly and daughters Susan Ann and Donna Rea, and Mr. and Mrs. Lane Wells made up the wedding party.

The young couple will make their home in Kermit where he has a position with the Pure Oil Co.

WSCS HAS GOOD MEET

Mrs. Harper was leader for the Spiritual life program of the Women's Society of Christian Service on Monday at 3 p.m.

Mrs. Arnold gave a very inspirational talk on prayer which was followed by a prayer.

Mrs. Sellers, the new president, presided over the business meeting. Sixteen members were present.

Rev. and Mrs. W. L. Armstrong, Jr. and children, Jackie and Beyrl. from Lake Creek, Texas were guests last week of Mrs. Mrs. Beyrl Heath and Dona Baker from Clovis, N. M.

Ground for World's Largest Revolving Globe to Be Broken Sun., Memorial Day

What does our Earth look like to a spectator five thousand miles out in space? Within two years visitors to the college campus of Babson Institute of Business Administration in Wellesley, Massachusetts, will be able to see for themselves what it looks like. "By then", according to an announcement made today by Dr. Edward B. Hinckley, president of the college, "work will have been completed on the world's largest revolving globe of the world. Every continent, country and significant topographic feature will be accurately shown on the great steel planet. The globe, having a diameter of about 30 feet, will represent the world on a scale of approximately 24 miles to the inch. Weighing 21 tons, the steel shell will be balanced on a six-ton shaft on a movable ten-ton carriage on top of a concrete foundation designed to carry a load of 75 tons. Electric motors will rotate the globe on its axis and revolve it on its carriage so as to represent accurately the passage of day and night and the successive seasons of the year. Floodlights will represent sunlight; ultra violet rays (black light) will permit the use of special effects. Three hundred major geographical points of interest will be illustrated." The globe will be housed in a new auditorium to be constructed on the 400-acre college campus. In this building, using the terrestrial globe as a mammoth visual education aid, will be held such Babson Institute classes as those dealing with "World Economics and U. S. Business", "Future of Private and Corporate Investments Abroad", and "Importance of World Wars". It is expected, also, that future geographical, geo-political, military, labor-management and economic congresses will convene here. Within the corner stone will be deposited copies of the 400 newspapers having Mr. Babson's weekly column—same to be opened up 100 years hence. At four o'clock Memorial Day, May 30th, ground-breaking ceremonies will be held on the campus of Babson Institute in Wellesley, Massachusetts. Following introductory remarks by Mr. Roger W. Babson, donor of the Babson World Globe, the principal address of the afternoon will be delivered by United States Senator (from Massachusetts), Leverett Saltonstall.

Farm Accidents to Increase Because of Labor Shortage

Farming is a dangerous job. The risks are physical as well as financial. In the last year of record, about 15,000 U. S. farm residents were killed in agricultural accidents. Another 1,300,000 were injured. Each farm is a desperate sphere of management and operation which involves a wide variety of activities and working conditions. The heavy toll of accidents caused by these different farm tasks wipes out some 17 million man days of labor every year. Texas farmers may face one of the major accident creating situations this year—labor shortages. When hired help is scarce, the farmer takes on more of the work load. He toils longer hours and becomes tired long before the job is done. As a result, he is tempted to take risky shortcuts or postpone needed repairs on machinery and buildings. This sets the stage for crippling accidents.

LOCAL ITEMS

Miss Johnnie Johnson, daughter of Mr. and Mrs. Bill Johnson, is at home after finishing her first year in Tarleton. Johnnie had the mumps and had to take her exams in her room. Mr. and Mrs. Bill Johnson had their son, Mr. and Mrs. Travis Johnson home for the week end. They also visited her parents, Mr. and Mrs. W. T. Hardy. Mr. and Mrs. G. B. Milner had their daughter and family, Mr. and Mrs. Stanley Collins and Debra Lynn of Midlan home for Sunday.

Plans for Texas 4-H Roundup Are Now Complete

COLLEGE STATION, May 22.—The annual Texas 4-H Club Roundup will get underway the afternoon of June 9 and will officially close after breakfast on June 12. In between will be a schedule of activities and training meetings for the 4-H members and their local adult leaders and the locale is the campus of Texas A. & M. College. According to information released by the general committee, the first planned group activity will come on Tuesday night... parties for the leaders and 4-H members. The official opening session is scheduled for 8:30 a.m. on Wednesday morning. Dr. G. C. Baker, Jr., chaplain, Southern Methodist University, is the featured speaker and will use the theme of the Roundup, "From Here Where... What Does the Future Hold for You", as the basis for his address. The delegates, after the address, will take their places in assigned groups to develop the points raised by Baker. The leaders will meet in a separate session. A chuck wagon feed is scheduled for Wednesday evening. The 4-H visitors will spend Thursday seeing Texas A. & M. College and in the afternoon will hear reports from the 12 groups. The annual banquet is scheduled for Thursday evening and will again be given by the Sears-Roebuck foundation. Mr. C. T. Johnson, southwestern area director for the Foundation is arranging the entertainment part of the banquet program. Missing from this year's program is the judging and team demonstration contests. These will be held on June 25 at A. & M. but final plans have not yet been announced. Attendance for the 1953 Roundup is limited to one 4-H boy and girl and one man and woman adult leader from each county in the state. Two county extension agents from each district and all district extension agents... about 1,000 total.

STOVALL FAMILY REUNION WEEK END

Mr. and Mrs. J. M. Stovall enjoyed a family reunion last week with their children and many relatives present. Good eats and lots of fun was the main program of the reunion time. Mrs. Stovall had four of her sisters at home with her. They are Mrs. Emmie McWhorter, Baird; Mrs. Cornelia Rain, Sapulpa, Okla. Mrs. Isabelle McDonald and Mrs. Nettie Walls of Waco; a brother, Mr. and Mrs. R. S. Liverett of Star, a daughter, Mrs. C. A. Bolles of Sealy, a granddaughter, Mr. and Mrs. Kenneth Wagner and two children of Katy; a daughter, Mrs. E. L. Moore and husband and their daughter, Mrs. Dorris Jean Hayes of McCamey; a step-brother, Mr. and Mrs. Jim Barnes of Killeen; two nieces, Mrs. O. B. Harris and Mrs. Reba Ellis of Waco; a nephew and wife, Mr. and Mrs. Allison McWhorter of Oplin and Mrs. Bessie Jobe and son, Billy Mack and daughter and baby.

Hot weather means that swimming and other water sports will be on the increase, and that means more deaths from drowning unless the strict rules of water safety are observed. Carelessness is a maker of statistics. Pasture mowing not only helps to control weeds but also keeps the grass tender and growing. May 30 is not observed as Memorial Day in all states. June is Dairy Month. Consumers are urged to step up their purchases of milk and other dairy products because they are a good buy and are good food. Dairy men should take time out to give their operations a critical check. Lower prices increase the premium on efficiency of operation. Ms. Una Millhollin is quite ill in the home of her son, J. L. Wolf in Haskell.

The volume of business, as measured by my Composite Business Chart, is 19% above normal. This is the same as it was last month and only one point below the high for the year. The year 1952 closed at 18% above normal and the present year opened at 19% above normal. For the past seven months the volume of business has been in a state of stabilization, fluctuating only two points in those seven months. The all-time high in the volume of business was 32% above normal in August, 1950. From that point it had a normal readjustment and declined to 4% below normal in August, 1952.

Had it not been for the strikes in 1952 the volume of business would hardly have dropped below the normal line. In fact, as soon as the strikes were settled, the volume rose rapidly from 4% below normal to 18% above in a period of four months. We have had an unprecedented period of prosperity for the past 13 years, supported by World War II, the Korean War and defense preparation. Negotiations for a Korean Truce blow hot and cold—one day the news is optimistic, the next day very discouraging. It is generally believed that if a Truce were effected our defense program would be stretched out some and cause a readjustment in business.

This readjustment need not be serious; in fact, it might be beneficial in that the fear of inflation would be dissipated. Both prices and wages could—for a time—be stabilized along with the volume of business, and the value of our dollar increased. In addition to our defense program continuing moderately, there are other factors that could tend to hold business at relatively good levels. Road building, automobiles, dwellings and the enormous increase in population, plus the moneys already appropriated for our defense program, could act as a cushion. The real test will be when automobile demand runs out and when railway equipment and other capital goods turn down.

CARD OF THANKS.

Thanks, deep and heartfelt, go to each of you for all your kindness and sympathy extended to me in the bereavement caused by the sudden death of my father, W. J. Stacy. I appreciate each thoughtful deed and word of sympathy. Avelon Harris and family

Sweet Clovers Help To Hold Water and Soil

COLLEGE STATION.—The dry weather last fall prevented the planting of sweetclover but the job can be done now. Farmers are urged to include spring plantings of the sweetclovers adapted to their areas. W. B. Coke, associate agronomist for the Texas agricultural extension service, says Hubam and Madrid are two of the best sweetclover varieties and can be planted, where adapted, from now until April 15. To insure a successful planting, Coke recommends that a soil sample from the area to be planted be sent to a soil testing laboratory for analysis. The analysis will show what fertilizers are needed and in what amounts. Generally, says Coke, from 200 to 400 pounds of superphosphate per acre is recommended for the blackland and other heavy soils of the state. Better results are obtained in the blackland area when the phosphate is applied in bands instead of broadcast, says the specialist. Sweetclovers are deep-rooted legumes and for that reason, have a decided advantage over other soil building crops. They increase the production of crops which follow them by adding nitrogen to the soil; increasing organic matter in the soil; improving soil aeration; increasing the water penetration and holding capacity; decreasing erosion and by helping to break up clay hardpans. When sweetclovers are planted on land for the first time, the seed should be inoculated. Plant food, says Coke, can be returned or added to the soil by using fertilizer but organic matter—and it's mighty important—must be returned to the soil in the form of plant or animal residues. Organic matter makes the soil porous and spongy—a very desirable condition. Results of experiments and demonstrations show that it pays to include sweetclovers in the crop rotation. At the Temple station, Coke says cotton following Hubam, which was harvested for seed, over a period of five years produced 315 pounds of lint an acre as compared to 165 pounds for land continuously cropped to cotton. In the Brazos bottom near College Station, corn following corn produced 28 bushels an acre while corn grown in a 2-year rotation with sweetclover produced 78 bushels an acre. Cotton yields in the blacklands almost yearly take a beating from cotton root rot. The best method so far developed for reducing these root rot losses, says Coke, is to use sweetclover in the crop rotation plan. Finally, he says, sweetclovers may be planted alone or with oats. When planted with oats, the oat crop can be harvested by windrowing and then combining. The sweetclover will continue to grow and can be utilized for grazing or seed production and soil improvement.

Special Program at Scottish Rite Hospital June 7

A little child will place a wreath of flowers before the statue at Texas Scottish Rite Hospital for Crippled Children in Dallas Sunday afternoon, June 7, to symbolize the gratitude of hundreds of little patients to the men and women, now dead, who made their treatment and care possible. The occasion will be the sixteenth annual memorial services of the hospital, honoring nearly 200 benefactors who left bequests to the institution in their last wills and testaments. The services will be broadcast by the Texas Quality Network from 2:30 to 3:00 p.m. Masons will come from all parts of the state to attend the ceremonies, James R. Temple, president of the hospital's board of trustees, said.

LOCAL ITEMS

Mr. and Mrs. C. M. Cox have as their guests their daughters, Mrs. Bill Forbes and Sara Alice of Corsicana and grandchildren, Carolyn and Bill this week. The two youngsters will spend several days with their grandparents. Mrs. Dave Brandel from Artesia, N. M. is visiting Mrs. Clara Cain and other friends here this week. Mr. and Mrs. Lee Henry had as their week end guests their son and family, Mr. and Mrs. Ted Henry of Forsan. Mr. and Ms. Ralph E. Erwin and children of Hobbs, N. M. visited her parents, Mr. and Mrs. M. J. Dukes. They also visited his parents, Mr. and Mrs. Edwin Erwin of Sabanna and attended the homecoming at Sabanna. Mrs. Beyrl Heath attended an

*Compiled by National Park Service

More than 40,000,000 people visited national parks last year and the figure is expected to go higher in 1953 as America prepares to spend a whopping nine billion dollars on motoring vacations. As another indication of the tremendous popularity of mobile vacations, 28 states now rank tourist receipts among their three top industries. New Mexico and New Jersey place it first.

CITY RECEIVES OVERALL SPRAYING ON TUESDAY

The mayor and city commission as well as those who operated the spraying machines certainly are entitled to the thanks of all the citizens for seeing that the big spraying machine was on the job last Tuesday night killing bugs, flies, fleas and all other vermine. It may take several nights to cover the city.

This process of spraying will certainly aid in keeping down sickness and probably help a lot in preventing polio.

Thanks to the officials for making Rising Star a clean little city.

EASTLAND COUPLE FOUND DEAD IN HOME MONDAY

CISCO, June 3.—Milton J. (Pop) Gaines, 61, prominent Eastland business and civic leader, and his wife, 60, were found dead in their home in Eastland Monday afternoon by friends who had gone there to see about them after Mr. Gaines had failed to appear at his business as usual. J. R. Boggus, justice of peace, reported that their death was caused by carbolic poisoning.

A sealed letter addressed to Rev. J. Morris Bailey was found on top of the family Bible.

Funeral arrangements had not been announced Wednesday.

BAYLOR GRADUATE TO LEAVE FOR CALIF. MISSION WORK

Robert R. Cox was in Fort Worth Tuesday to meet his three friends and fellow graduates from Baylor. They are Richard Smith and Charles Hunt of Birmingham, Ala. and Harold Hughens of Wichita, Kans.

These four young ministers will journey to Oric, Calif. where they will work as woodsmen and also conduct a mission.

There are several hundred people there and no church.

This is a great opportunity and also a challenge to these young men. They are well equipped to meet this challenge. They go well versed in the scriptures, in humility of spirit, great health and a sense of humor. Their friends here will watch for articles from Bob on his work there.

TOM LEWIS SELLS HOME TO J. J. GREGG OF SANTA ANNA WHO WILL MOVE SOON

J. J. Gregg of Santa Anna, well known newspaper man of this area of West Texas for nearly 50 years has recently purchased the Tom Lewis home and will move some time around the middle of June. Mr. Gregg is no stranger to the people of Rising Star as he at one time owned and published the Record.

The entire citizenship of Rising Star joins with the Record in welcoming Mr. and Mrs. Gregg to our midst.

C-324. "A Guide for Controlling external parasites of livestock and poultry in Texas" is available without cost at all offices of county agricultural agents. The new publication contains the latest information on the use of chemicals for controlling insects in herds and flocks.

Flower Arrangements.—Barefield Florist.

TEXAS RANKS FOURTH IN MOTOR CAR REGISTRATIONS

According to figures recently issued by the Bureau of Public Roads, Texas ranks fourth in

number of cars on highways. California is first, New York second then Pennsylvania and Texas. Total number of motor vehi-

cles registered in Texas 3,155,337 compared with 3,157,337 last year. There are 53,258,570 motor cars registered in the United States.
