NUMBER 51

WHERE THREE GOOD TEXAS COUNTIES GET TOGETHER

2 Elections Here Tues.

Lest we forget, Tuesday, November 3 is election day. Down in this country where the Democrats have so long dominated the political polls that nomination for a political office by the democrat voters has been tantamount to election, we tend to downgrade the general election except in presidential years, and to stay away from the voting boxes in droves.

We take a big interest in the primary elections which are held in May, and then ignore the really official voting in November. The primary elections are party affairs, conducted under rigid state regulations, but paid for by the candidates, and their results are nominations for the offices sought, not election to those offices.

The general election in November conducted by the state and paid for by public funds, is the important one. It decides who is to be elected.

The nominations of all parties are printed in appropriate columns on the general election ballots, and there are places for write-in if the voter doesn't like the choices which the electors of the various parties made in their primary elections.

But only one democratic candidate, one republican candidate, one independent, etc, can be printed on the general ballot.

If you failed to vote in the primaries or if you fail to vote in the general election, you are allowing somebody else to cast your vote, so to speak, and it may or may not be the kind of a vote you would have cast had you gone to the polls and made your choice of record.

If you voted in one of the primaries you are morally obligated to vote for the candidate nominated in that primary, but politically you are not. You can vote for the candidate of another party if you wish and no one is going to throw your vote out if it is properly cast.

But the important thing is to vote... to make your own choice, and not let some voter who thinks seriously of his obligations as a citizen cast the vote you failed to record. As has been said a lot of times, there are no vacuums in politics, religion or life—if you fail to fill your place, someone else will take it.

Besides the elective officers there are seven proposed amendments to the constitution of the State of Texas to be voted upon. There has been a great deal of discussion of these amendments in the Press, and there will continue to be until the time for the voting. If you have not informed yourself about them, may I suggest that you do so between now and the election and make a decision on how you are going to vote before you go to the polls. It is easier that way, and it makes for sounder judgment.

Tige Richards Buried Oct. 10

Funeral services for Silas Benjamin (Tige) Richards were held in the Higginbotham Funeral Chapel, Wednesday, Oct. 10, at 3:45 p.m. with Minister Tot McCowan officiating. Burial was in the Old Ft. Chaburn cemetery at Bronte, Texas, under the direction of Higginbothams.

Mr. Richards died in the Mims Hospital at Comanche at 3:45 p.m., Tuesday.

Born Oct. 24, 1889, in Coke County, the son of the late Mr. and Mrs. Med Richards, he was a retired farmer. He married Miss Iver Marie Eads at Robert Lee on Sept. 14, 1935.

Survivors include his wife of the home, and two sisters, Mrs. Oscar Moore of Portales, New Mexico, and Mrs. T. S. Armstrong of Abilene.

Pallbearers were Harold Armstrong; Dolf Richards, Winters; Sam Richards, Brownwood; Jesse Eads, Robert Lee; Arnold Stout, San Angelo, and Larry White, Rising Star. Honorary pallbearers were, Victor Childers, Weldon Hill, Felton Carr, Tommy West, C. F. Watkins, W. C. Witt and H. L. Geyer.

Rising Star voters, in common with those of other communities in the state, will go to the polls Tuesday of next week to help elect national, state and local candidates for political office.

Coincidentally, the citizens of Rising Star will decide whether or not they wish a one per cent sales tax to be collected along with the state tax and the proceeds submitted to the City Treasurer by the state.

The general election, in which there seems an apathetic interest, will be held in the school office room of the city hall with G. A. L. n, Jr., presiding as election judge.

F. J. Maynard and V. I. Hastings will preside at the city sales tax election to be held in the council meeting room.

Both elections will require that voters have properly registered. Preferably each should bring his or her registration certificate, but the judges will have a list of qualified electors which will be followed in case no certificate is shown.

The general election will bear the names of candidates nominated in democratic and republican primaries, held last May. With one exception all contested elections will be those that are statewide, including U. S. Senator, governor and other state offices.

The lone exception is a local race for justice of the peace in which B. A. Butler was nominated in the democratic primary and James Frizzell was named by the republicans in their primary.

No other county or district offices are in contest. The polls will open at 8 a.m. and close at 7 p.m. Only those voters who live inside the city limits of Rising Star will be eligible to vote.

Dallas Dill Is Buried Oct. 13 In San Angelo

Dallas C. Dill died in Shannon Hospital at San Angelo, October 13, 1970. Funeral services were held Thursday, Oct. 15 in the Colorado and Jackson Streets Church of Christ, W. H. (Dub) M. Clish, Jr., officiating. Burial was in Fairmont Cemetery directed by Johnson's Funeral Home.

Mr. Dill was born in Cross Plains, Nov. 30, 1906, and was married to Annie Harris at Wichita Falls, Texas. He had lived in San Angelo for 32 years. He formerly operated Prescription Pharmacy at 24 South Magdalene.

For the past four years he had been a pharmacist at Shannon Hospital and an elder at the Colorado and Jackson Street Church of Christ.

Mr. Dill, son of a pioneer physician in this area, the late Dr. J. R. Dill and Mrs. Dill, grew up in Rising Star and attended local schools.

Survivors include his wife of the home in San Angelo, a son, Dallas Charles Dill and a granddaughter, Shannon Dianne Dill both of Dallas.

Clifford Green In Border Patrol

Clifford W. Green, 31, of Brownwood has graduated from the United States Border Patrol Academy at Los Fresno, Texas, and will perform duties in the El Paso, Texas Border Patrol sector.

Green is the son of Mr. and Mrs. C. C. Green of 1002 13th St. Wichita Falls, Texas. He is a graduate of Early High School.

He is married to the former Judy Alford, daughter of Mr. and Mrs. J. T. Alford of Rising Star. The couple have two children. Before his appointment to the Border Patrol Green was an Electronic Technician at the Sante F. Railroad at Brownwood.

Wildcats To Blanket Next

The Rising Star Wildcats who lost a close game to the Richland Springs team here Friday night, will go to Blanket Friday night of this week to continue their quest of a conference victory.

The Cats, starting off with a rush, slumped as their game with Richland Springs progressed, and left the field with a disappointing 12-7 loss.

The Rising Star eleven holds victories over Early and Cross Plains, but have lost to Bangs, and Gorman in addition to Richland Springs.

Welding Short Course Is Set For Rising Star

An oxyacetylene welding short course for adult farmers will be held Nov. 2-3-4-5 under the sponsorship of the Rising Star High School Vocational Agriculture department, according to Victor Childers superintendent and H. L. Geyer, teacher of vocational agriculture.

Charles H. Yeates specialist with the Vocational Agriculture Division of the Texas Education Agency and the Department of agricultural Engineering at Texas A & M College, will be the instructor for the course. He is headquartered at Texas A & M College.

Mr. Yeates holds a B. S. degree from Texas A & M College in Agricultural Education. Mr. Yeates taught vocational agriculture and farm shop for a period of 15 years. He also taught automobile mechanics, electricity, electrical and...

Plant To Manufacture Paint Guns Expects To Open Soon

CJC President Becomes Rising Star Landowner

President Leland Willis of Cisco Junior College has become a Rising Star area landowner.

The CJC president this week consummated purchase of an 86.2 acre tract 3 miles west and five miles south of Rising Star on the Williams farm-to-market road from Billy G. Lee of Bangs, Texas. The tract is known as the old George Harris farm.

The tract adjoins a tract owned by Dean Madison, also of the Cisco Junior College faculty, and a brother of Frank Madison of the May and Williams communities. Madison stock farms his land and Willis said that he plans to install a small stock farm program on his acreage.

GIANT COCKLEBURS or Porcupine Nuts? Neither. They are chestnuts, gathered from trees in the orchard of Mr. and Mrs. Ray Welch just south of Rising Star Highway 183.

Exceptional Peanut Crop Is Harvested

R. T. Ezzell harvested exceptional peanuts on his irrigated farm five miles southwest of Rising Star, last week. The nuts were processed at the Pioneer Farmers Co-op and graded 80.

Mr. Ezzell's harvest yield was approximately one hundred bushels per acre.

CofC To Sponsor Air Strip North Of Town

The Rising Star Chamber of Commerce, meeting in a noon luncheon Tuesday at the Elite Cafe, agreed to sponsor an air strip to be constructed on the Ober Cooper farm a-

landing and take-off strip since the project will be open to public use.

It was also announced that about 35 street signs remain to be sold.

The attractive green and white signs are appearing on street intersections as rapidly as they are "bought" with contributions by local firms and individuals.

Services Held Saturday For Arthur Harris

Funeral services for Arthur Harris, 76, were held in Higginbotham Funeral Chapel Saturday, Oct. 24 at 3 p.m. with Minister James Haney of the Rising Star Church of Christ, officiating assisted by Roy Stevens of Brownwood. Burial was in the Rising Star Cemetery under the direction of Higginbothams.

Mr. Harris died in Hendrick Hospital at Abilene at 8:45 p.m. Thursday, Oct. 22 after a number of years of failing health.

Born at Comanche, Texas, May 9, 1894, the son of the late Mr. and Mrs. Jessie H. Harris, he had lived in Eastland County for 40 years.

He was a former salesman and married Miss Sula Harris in Rising Star on May 1, 1921. He was a member of the Church of Christ.

Pallbearers were Fred Cook, Cecil Joyce, Floyd Joyce, U. Z. Aaron, Glen Wilson and Carleton Land.

Survivors include his wife of the home in Rising Star; a son, Earl Robert Harris, of St. Louis, Mo.; two brothers, D. W. Harris of Cleburne, Texas, and George Harris of Artesia, New Mexico; one sister, Mrs. N. K. Taylor, of Fort Worth, two grandchildren, one and one great-grandchild, but one-half mile northwest of the city.

The meeting was told that county officials had agreed to the use of county machinery on construction of the 300-yard

Recent visitors to the home of Mrs. Gladys Flint were her sister Mrs. Gladys Flint and daughter, Jimmie of Electric, and her son and family, Mr. and Mrs. David Davidson and children of Olden.

RISING STAR MAN RE-ELECTED STATE SHEEP DOG ASS'N HEAD

The Texas Sheep Dog Association held the annual championship trials at San Saba, October 24.

Three classes of dogs were entered in the trials — the Ranch Class, consisting of dogs and their handlers who are relatively inexperienced and having less training than dogs in the upper classes; the Open Ranch Class consisting of better trained dogs with handlers who are experienced; and finally, the Open Class which embraces the highly trained dogs with experienced trainers and handlers.

Taking first place in the Ranch Class was M. D. McWilliams of Brady with "Doll." Second place went to D. C. Beaman of Waco with "Joe"; and winning third place in the Ranch Class was Lowell Heath of San Saba with "Rex."

In the Open Ranch Class, Pope Robertson of Elgin took first place with "Kate"; H. J. Cannon of Fairfield was second with "Rock"; and Preston Robinson of San Saba was

Equipment Moved Into Old P.O. Bldg.

Neri-Tech, Inc., began moving equipment this week into the former Rising Star post office building owned by Mrs. D. Breeding, with the prospect that the plant would go into production this week-end or early next week.

The company holds patents on an automatic roller paint gun which it will make in the new Rising Star plant.

Bruce Clark, Dallas, head of the firm said that the company has other items which it contemplates adding to the production list once the paint gun manufacture is established.

The Rising Star plant will be in charge of Mark Hubbard and the employee force is expected to reach 5 to 7 people initially as the assembly process is established.

"Duby" Jones Now Able To Exercise

"Duby" Jones was out of home on limited walks beginning last week as he recovers from a heart attack suffered about six weeks ago.

He was able to take walks of a block or two and said he was feeling much better.

DEATH LEARNED

On October 21st, Mrs. Fred W. Roberts and Miss Pauline Roberts received word of the death of Mrs. Ruby Dell Bailey of Tucson, Arizona. Mrs. Ruby Dell Bailey was the former Ruby Dell Roberts, daughter of the late Alta Roberts who lived in Rising Star when he was a boy.

Burglars Invade Five Rising Star Business; Take Cash And Radios

Burglars who invaded the Rising Star business district late Friday or early Saturday morning, broke into at least five businesses, including a grocery store and the First State Bank, and took a small amount of loot.

Biggest haul was at Watkins Grocery where entrance was gained by breaking the glass of a front door. The thieves seemed interested only in money, taking an estimated \$40 in change. Several pair of expensive work gloves were also missed.

The Jenkins Radio and TV shop on South Main was also entered and two auto radios were reported missing.

The glass in a rear door of the bank was broken and the thieves went through drawers in the teller's cages and ransacked other furniture but bank officials said nothing of any consequence was missing.

Only a few weeks ago the bank was held up at gun point and almost \$9,000 in working cash taken from the banking counters. No clues to the robbers had been uncovered.

The burglars broke out of the front glass panel at the Western Auto Associates Store, owned and operated by Mr. and Mrs. Glen Henry. It was not determined what if anything they took.

The Downtown Cafe, adjoining the Watkins Food Store was also entered, but nothing appeared to have been taken.

Rising Star police, the county sheriff's department and Texas Rangers were investigating.

BURGLARS GET \$2,000 FROM CISCO CAFE

Burglars who forced the front door of the Spot Cafe 600 East Eighth Street, Cisco, some time after 1:30 a.m. Tuesday, made off with an estimated \$2,000 in cash, a radio, tape recorder and stereo and a variety of trinkets usually sold at the cashier's desk, such as cigaret lighters and keys.

Charles Hill, owner of the popular Cisco restaurant, said the money was part of the receipts during the weekend which had been placed in

a small safe under the cashier's desk.

He estimated his loss, including the virtual destruction of an aluminum and plate glass front door, at between \$2,750 and \$3,000.

The loss was not covered by burglary insurance.

The intruders gained entrance to the cafe by prizing the front door with a wrecking bar or some such instrument. City police and members of the Sheriff's department investigated and dusted for fingerprints. The glass was broken and both the frame of the door and that enclosing the panel were badly bent.

The robbery was discovered by Mr. Hill when he came to open the cafe for business at 5:30 Tuesday morning. The cafe usually closes at 10 p.m. each night.

A service station across the street from the cafe closed at 1:30 Tuesday morning and the operator said he saw no one at the Spot prior to his leaving. The night police patrol checked the street at 4:35 a.m. The door is partially concealed by a breezeway in front of the building.

Mrs. Helen Addison, mother of Mrs. Hill, who works at the cafe, arrived at 5 p.m. but she remained in her car in the rear parking lot until her son-in-law arrived, and was not aware of the break-in.

Cynthia Hounsel Is One Of 12 State Dress Revue Finalists

COLLEGE STATION—Cynthia Hounsel, 16-year-old daughter of Mr. and Mrs. L. C. Hounsel of Rising Star, was one of 12 finalists in the State 4H Dress Revue in Dallas, Oct. 16.

The Eastland County 4-H'er chose a flower-splashed brown and white cotton blend fabric to create a flip tie blouse and box-pleated skirt. She added a white three-quarter length vest with low patch pockets to achieve a layered look.

Forty-six girls competed in the fashion event, sponsored annually by the Texas Agricultural Extension Service as a feature of the State Fair of Texas. Two winners were selected — Ginger Rodgers of Coleman County, first, and Kathy Atkinson of Harris County, second.

During seven years as a member of the Rising Star 4-H Club, Cynthia has won the "I Date You" Award, and

served as president. At Rising Star High School, she is a cheerleader, class favorite, band officer, and a member of FHA.

"Cynthia is an outstanding 4-H Club member because she is always willing to help anyone—first year club members and even Extension agents," said one 4-H leader.

Participants in the State 4H Dress Revue judged each other, considering poise, attitude, workmanship, and the over-all look of the ensemble. "They represented about 17,000 4H club girls enrolled in clothing education work throughout the state," said Kay Elmore, Extension clothing specialist and revue chairman.

Participants in the State 4-H Dress Revue judged each other, considering poise, attitude, workmanship, and the over-all look of the ensemble.

W. W. Ezzells To Observe Anniversary

Mr. and Mrs. W. W. Ezzell will be honored on the occasion of their 50th wedding Anniversary Sunday, November 1, in their home three and one half miles Southwest of Rising Star.

Neighbors and friends and relatives are invited to call between the hours of 2:30 and 4:30 p.m.

The couple's son and his wife, Mr. and Mrs. R. T. Ezzell, and their family will host the celebration.

NOTICE—Bring your meat animals. We process for lockers and freezers. Meat for sale by quarter or half. Good sausage. Cisco Locker Plant.

Recommendations Made For Care Of Cemetery

At a meeting of the Rising Star Cemetery Association with Mayor C. M. Carroll on Oct. 26, the following recommendations were made to maintain and beautify the city cemetery:

(1) Permits for burials will be issued by the Mayor at the City Hall.

(2) A maintenance fee of \$25 will be required for each future burial plot, that is, curbed.

(3) Lots will be staked according to regulations.

(4) All curbs must be jointed and aligned with no alley between except lots where specified.

(5) Citizens who have people buried should clean their lots or make a donation or give a perpetual fund for maintenance.

(6) Permission was granted the local undertaking establishment to use the truck owned by the Cemetery Association, provided they remove all excess dirt and rubbish from the gravesite.

Memorials to the Cemetery fund will be recognized and cards sent to families remembering. The Association paid tribute to persons who have left permanent memorials to the Perpetual Care Fund in the past. Included are Mrs. Peryle Heath, Mrs. Mary Smith and the W. E. (Ed) Anderson Estate.

Dr. Carpenter Speaks To P-TA

President Arla Hill called a meeting of the Rising Star Parent-Teacher Association to order on October 13.

Mrs. Edith Bibb introduced Dr. Billy T. Carpenter who gave a very interesting and informative talk on "Drugs as They Were Meant to Be Used."

Reports from the treasurer and committee chairman were heard.

The group voted special thanks to Martha Cook and her homemaking luncheon committee for their hard work in making a successful Homecoming luncheon.

The next meeting of the P-TA will be held on November 10 when the topic, "What the Law Says About Drugs," will be presented by the Abilene Police Department.

**COLORFUL FLOWERS**

Have you ever wondered why you've never seen a green blossom. Botanists have reached the conclusion that a green blossom would hardly be seen by the insects or birds that are so vital in the life process of plants by aiding pollination.

Hence, God in His creation of flowers and their process of life, thought of everything to assist their beauty and existence.

We try to make flowers more beautiful... our arrangements are given special attention and care, our corsages are carefully prepared... in other words we do everything possible to make the flowers you order, just what you want.

# Help save this farm

**Vote for Amendment 3 on November 3**

This farm, and thousands like it throughout Texas, might still be productive if we had a uniform method of assessing farm, ranch and timber land.

Some farmers and ranchers have had their tax jump 400% and 500% in one year's time. They can't stand it. They have

two choices: raise the price of their products, or sell out. One leads to higher food prices, the other to unproductive land.

But we can do something about it. We can vote to save our farms and ranches. We can vote YES for Amendment Number 3 on November third.

**Yes  Amendment 3**

## County Retail Sales, Deposits Up Senior Bazaar November 21st

The West Texas area showed a population increase of 6% from 1960 to 1970, according to a study released by the West Texas Chamber of Commerce this week. Figures are based upon preliminary census figures and will change slightly when final figures are released by the Census Bureau.

Retail sales also showed a substantial gain of 58% and bank deposits were up 86% according to F. V. Wallace of Amarillo, president of the regional organization.

The report compares population growth or loss with the economic trends for each of the 132 counties in the West Texas area. Chamber officials explained that a large percentage of the increase in retail sales and bank deposits can be attributed to inflation. After the inflation factor is removed there are still substantial increases of 13% in retail sales and 44% increase in bank deposits.

The report shows that Eastland lost 10% in population between 1960 and 1970. During the same period bank deposits in the county increased 100% and retail sales increased 13%.

The eastern one-third of West Texas, east of the 100th meridian, showed a larger growth than other areas in both population and other economic factors.

The Central West Texas area showed a 14% increase in population compared to a 2% increase in the Southwest Texas area and a 6% decrease in the Panhandle area.

The Central West Texas

area had a 94% increase in bank deposits compared to an 87% increase in the Southwest and a 71% increase in the Panhandle. Increases in retail sales by area were: Central 71%, Southwest 47% and Panhandle 45%.

Eastland County population is listed at 17,527, down from 19,526 in 1960.

County bank deposits are shown on Dec. 31, 1969 at \$30,865,000, up from \$15,459,000 on Jan. 1, 1959.

County retail sales are given as \$25,942,000 for 1969, up from \$22,955,000 in 1958.

## 2-Year Law Enforcement Plan Proposed By Council

A comprehensive multi-year law enforcement plan for improvement of criminal justice in the 19-county West Central Texas State Planning Region was received today by Governor Smith's Criminal Justice Council.

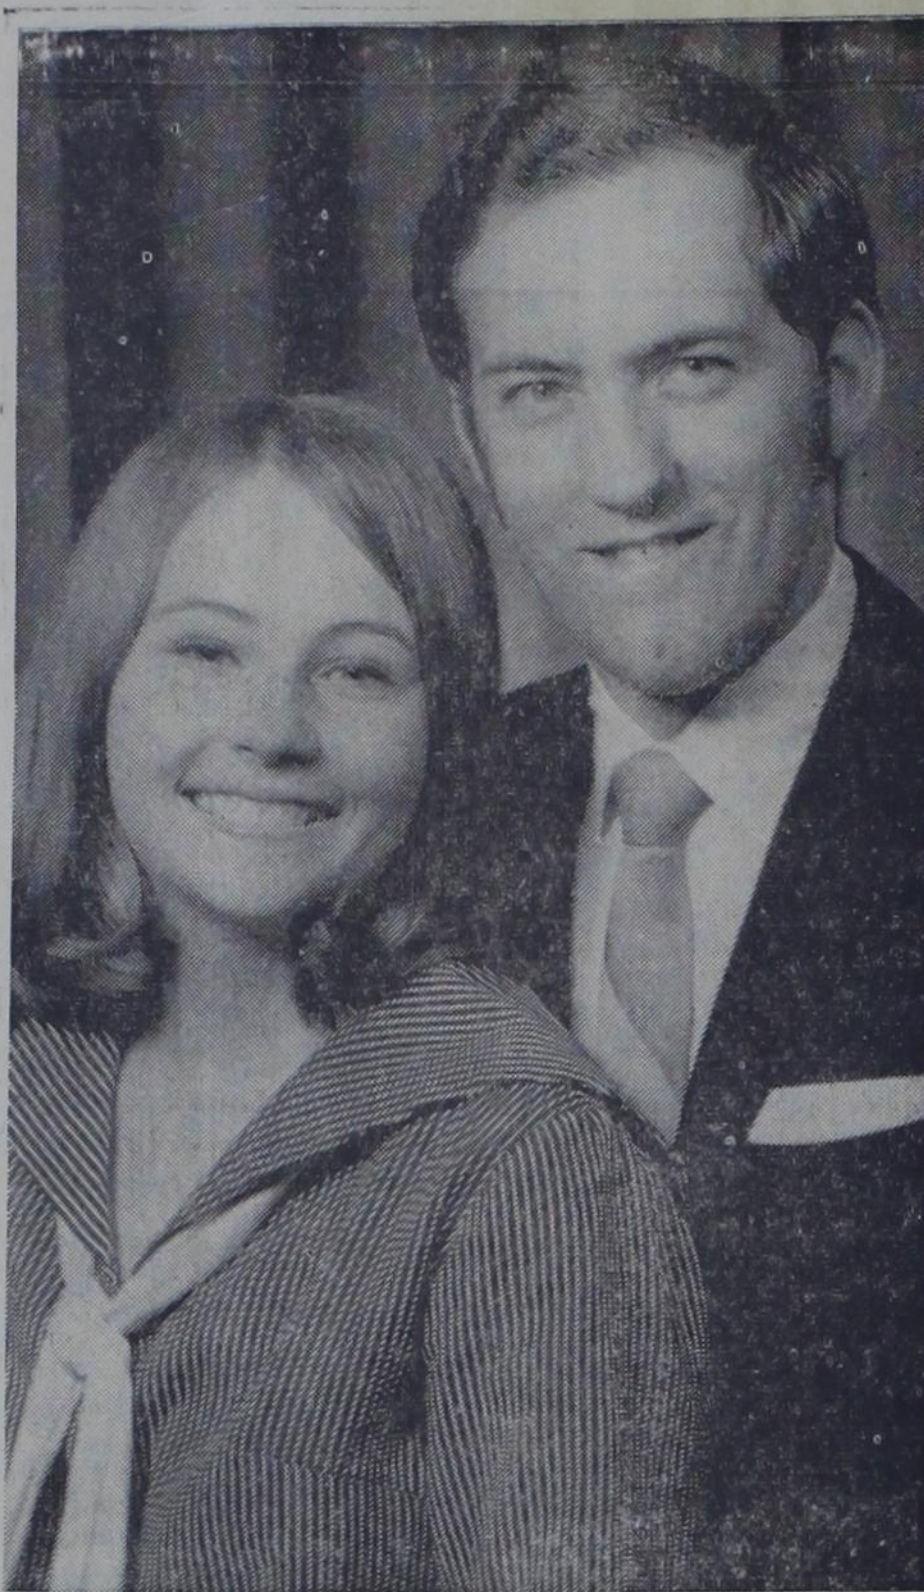

Judge Joe Frazier Brown, executive director of the Criminal Justice Council, said it was among the first of such plans to be received from a regional council. Each of the state's 24 regional councils will submit similar documents.

The annual Senior Citizens Fall Harvest Bazaar will be held at the First Christian Church Annex in Eastland on November 21, 1970. The bazaar is sponsored by the Eastland County Home Demonstration Clubs.

It gives senior citizens of the county—those 60 years or older, or those 50 or older who suffer physical handicaps—an opportunity to display and to sell articles which they make, such as oil paintings, quilts, knitting, crochet, ceramics, wood work, etc.

Entries may be taken to the Annex between 3 and 5 p.m. on Friday, November 2, or on Saturday morning, November 21.

Each exhibit should have a card attached giving the name and address of the owner, and stating whether or not it is for sale.

TO BE "MR AND MRS."—Gwendolyn Eberhart and Glen Davis Hatcher

of information and communications systems, and construction of facilities.

Included in the West Central plan is a survey of the existing criminal justice system, including problems, need resources and priorities, of the entire region, which is made up of the counties of Knox, Kent, Sonewall, Haskell, Throckmorton, Scurry, Fisher, Jones, Shackelford, Stephens, Mitchell, Nolan, Taylor, Galloway, Eastland, Rannels, Coleman, Brown and Comanche.

## Eberhart-Hatcher Rites December 27

Mrs. York Graham Eberhart of 2207 13th St. Brownwood has announced the engagement and approaching marriage of her daughter Gwendolyn Hope to Glen Davis Hatcher, son of Mr. and Mrs. Don Davis Hatcher of 3401 Third Street, Brownwood.

Miss Eberhart, daughter of the late York G. Eberhart, is a graduate of Brownwood High School. She presently resides in Austin and attends the University of Texas. The prospective bridegroom is also a 1967 graduate of BHS and is attending Texas University. He is employed by Phillips Petroleum Company.

The wedding is planned for December 27 at 2 p.m. in the First United Methodist Church at Brownwood.

## Farm Welding Class

(Continued from page 1)

acetylene welding and wood-working in the Jasper County vocational school. He has had two years experience as a draftsman, and two years experience as a welder.

"Many oxy-acetylene welding short courses in various parts of the state have been taught by Mr. Yeates and all have met with outstanding success," according to Ralph Moser, area supervisor of vocational agriculture, Stephenville, Texas. Arrangements for the adult education short-course in welding and in other fields are made through Mr. Moser's office.

The short course at Rising Star is scheduled to begin Nov. 2 at 7:00 p.m. in the vocational agriculture building. Other meetings in the series of 4 will be held Nov. 3-4-5. During the dates the short course is in progress, Mr. Yeates will be available to assist farmers with individual problems and to provide on-the-farm instruction, according to H. L. Geyer.

Farmers interested in attending the short course should write or call the superintendent of schools, Mr. Childers, or the teacher of vocational agriculture, Mr. Geyer. An entry fee of \$10.00 will be charged. Oxy-acetylene welding short course certificates are to be presented to each enrollee who attends all the training sessions.

Mr. Yeates stated that the short course will be adjusted to wishes and interests of farmers enrolled but that he expects to cover such subjects as safety in oxy-acetylene welding, factors controlled by the operator in oxy-acetylene welding, choosing adjusting torch flames, types of welding rods, preparation of joints, distortion, cutting and hard-surfacing.

Short courses in welding, as well as in other areas, are now available to farmers throughout the state under the new cooperative program between the Texas Education Agency and Texas A & M College.

This cooperative program is designed to make the services of specialist available to conduct short courses under the supervision of public schools. Such a program will enable teachers of vocational agriculture to provide improved educational services to farm people.

Specialist are now available in the fields of beef cattle, insect control, farm management, farm electrification, farm welding, swine production, tractor maintenance, dairy cattle, oxy-acetylene welding, and pasture improvement.

## THE GORDON SPOT

By County Agent DEE GORDON

You are going to see a lot of improvements made in the Kokomo community in the future. Those people have pride in their community and it's showing up in the new brick church and the remodeling of the old school building. They organized a community club under the oak trees, but plan to be meeting in the community center which was the old school building. Billy Walker is their president. Under his leadership they have entered the Texas Community Improvement Program.

As I drove through the community a couple of weeks ago I saw four men putting a new roof on the community center. I stopped and talked with J. C. Clearman, Floyd Woods, Alwin Laster, and Orval Treadway. They told me of the plans to remodel the building. Most of the material and all the labor is being donated. They said other people in the community would be working on the center after the peanut harvest is completed.

The weather was very disagreeable for the peanut tour on Oct. 8 as well as the Experiment Station field day Oct. 15.

About 25 men met at Carbon on Oct. 8 and we visited three peanut demonstrations. The temperature was in the low 40's and the wind was blowing about 30 miles per hour. The weather was not much better on October 15 during the peanut station field day in Stephenville. Tours of the station plots had to be eliminated because of the bad weather. However the visitors did get to see the educational exhibits. Extension specialists and Experiment researchers discussed the work being done to help solve the many problems in peanut production.

Mr. and Mrs. James W. Wood of Carbon are among 12 Texas 4-H leaders to receive a scholarship to the Southern Regional 4-H Leaders Forum at Rock Eagle 4-H Center in Georgia Oct. 19-23.

More than 200 adult 4-H leaders from 12 Southern States, Puerto Rico and the Virgin Islands are attending the Forum which has for its theme "Leadership to Expand 4-H."

This is a real honor for the Woods and for Eastland County. Upon their return home, the leaders will share the information gained with others in their local 4-H programs.

## LADIES HI THERE!

Thought you may just like to hear about Jeannie Beggs, Mineral Wells, Texas.

A housewife and mother of 3, Jeannie has a part-time job with a leading cosmetic company. Last week she worked for 10 hours; she earned over \$100.

If you are at least 18 years of age, have access to a car and would like to earn in excess of \$6 per hour, call collect 817 325-7971 between 9 a.m. and 9 p.m.

Complete training is provided. No door knocking is involved. Children, another job, lack of sales or cosmetic knowledge are not problems. Don't forget the number is 817 325-7971, ASK FOR JO ANN BLACKMON.

CROSS PLAINS, TEXAS

# Why Preston Smith?

Preston Smith believes in working hard. For you. And that's why he's doing such a good job as Governor of Texas.

When Preston Smith entered public service, he didn't start by asking Texans to elect him Governor. That would have been foolish, because being Governor carries great responsibilities. And it demands the clear, steady judgement that comes only from experience.

Preston Smith had the good common sense to work his way up—gaining insight into how our state government functions.

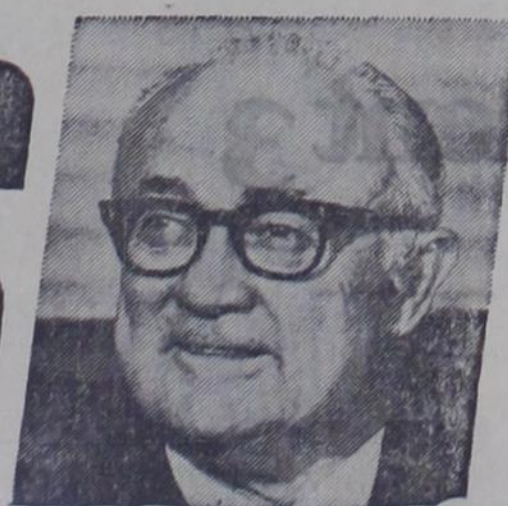

He served six years each—as State Representative . . . as State Senator . . . and as Lieutenant Governor. Only then, when he felt fully qualified, did he seek the Office of Governor.

Now, after two years he has expanded the duties of the Governor's Office to better serve all the people of our State.

Yes, Preston Smith believes in hard work. For 20 years, he's been working for Texas—doing a good job. You can help keep him as Governor. Vote. Vote for Preston Smith on Tuesday, Nov. 3.

# Preston Smith

is doing a good job. Let's keep him working for Texas.

## Wildcat Tales

### THERE'S ROOM AT THE TOP

We seniors have come up with another great money making project. This time it is going to be the Hallowe'en carnival. We want to see everyone there Saturday night. We are planning to have a cake walk and many different games.

In English IV we are studying the lives and works of many different English authors. Because of chemistry, we are walking around with burned fingers. We are bending glass over bunsen burners. In Algebra II we are working with variables and unknowns. Bookkeeping has been keeping us fairly busy. We are working on various projects which contain different types of ledgers and journals. In Civics we are studying the organization of Congress.

We seniors are even busier now because basketball season has started for the girls. We are hoping for a very successful season. V.S. it is always more fun to play on the

winning side, isn't it? L. A. watch out for trees. It is not good health to run into them. Pat

### NOT FINISHED—JUST BEGUN

Everything is running smoothly for the Sophomores this week. We are especially looking forward to Hallowe'en so we can see the Fish get a taste of what happened to us last year.

In World History we are studying the contributions of the Romans to our civilization. We are just finishing the study of genetics in Biology. In English II we are continuing the study of "Julius Caesar". Our garments are beginning to have a shape in Homemaking II; although, a few of us are having problems. Right C.M.?

Everyone had the privilege of hearing two ex-convicts tell it like it is about drugs, crime, and prison. They really made you think and want to do something about today's prob-

lems. We finally elected our room mothers who are Mrs. Butler, Mrs. Steel, Mrs. Hubbard, and Mrs. Boudreau.

### WILLING TO LEARN

Wow! Hallowe'en is nearly here! Can you believe it? It seems impossible that so much school has already passed.

In Algebra II the work seems to be getting harder. We are back to the statement problems and it is taking more and more studying to keep up. The English III class is enjoying a new unit "Drama In America". In American History we are studying "The Problems of a Growing Nation". Typing is coming along fairly well now that everyone has learned the fundamentals and how important they are.

Juniors, get to work on that spirit and lets get that spirit jug!

**MARY JANE**  
P.S. Incidentally have you paid your \$1.00 to the class fund?!!

### IN THE FISH BOWL

Back again with all the exciting news from Freshmen class. We Fish finally won the Spirit Jug.

In Algebra I we are still solving equations. The Biology class is now studying genetics. The Home Ec. I girls will be cooking until mid semester; they lead the F.H.A. in tupperware sales. We had a wonderful tupperware party. The cookies were really great! That is because the Fish made them.

The Freshman class officers had their pictures in the

Brownwood Bulletin. Some of us were a little on the funny side.

Mary Lee.

### AGRICULTURALLY SPEAKING . . .

It seems that the weeks fly by so quickly that nothing happens from news time to news time-but here goes.

The Greenhands were initiated into the chapter last week during our second F.F.A. meeting. Last year's Greenhands were raised to Chapter Farmers. It was announced that for our November program would be a sheepdog show provided by Mr. and Mrs. Z. L. Ezzel.

It was decided that the citrus fruit project would be started the last of November. Everyone be sure to order a case of grapefruit or oranges from us; also, some time this fall we will have a night meeting; after a business session we will go out in groups to sell rat bait.

Mr. Danny Prader began his student teaching in the Ag. department this week. Mr. Geyer is probably glad to get a little break. That's it for now—

JAMES STEEL

### TOWARD NEW HORIZONS

Hey, there people! Did I ever gather up the news from that way out horizon!

We had our F.H.A. meeting Oct. 21, 1970. Pres. Judy Benson called the meeting to order; Cynthia Housel read the minutes.

First, we had a speaker Diane Snider from Texas Woman's University in Denton. Miss Snider told about the

college and about the different subjects and how they work. She told about the dormitories and how the college is changing rapidly. We want to thank Miss Snider very much for her talk.

After the business meeting was adjourned, refreshments were served.

All you that are in the contest Sew-It-With-Wool, please send in your samples along with the information you filled in the books, so that the wool can be checked. Those who have entered are Jana Hubbard, Billie White, Reba Starks, Judy Benson, and trying for second year, Cynthia Housel and Sheila Green.

### L. C.'S GOALFINGERS

As you could all see in our game with Blanket, we have settled quite a bit and we are not half so nervous. We are still apt to throw the ball a-way too much and, of course, we can always improve our shot percentage.

Have you seen our gym suits? We appear a solid mass of blue and white when doing our exercises. In case any of you are still wondering about the POLLY printed on them, just chalk it up as a company's mistake. We really don't know what happened!

Hey, V.S., that score keeper at Gustine was fair. We really were winning!! Captain White Why do you groan so when doing the Bear Hug? (In case, you folks don't know, that's one of our exercises; not a 1920's dance.) What is the yell I hear going about the basketball court? It Rutee, Rutee, Rruuufee!!! Very strange, indeed!! Right R.

That's all for now  
BILLIE JEAN

## WASHINGTON

"As it looks from here"

### OMAR BURLESON Congressman 17th District

WASHINGTON, D.C.—THE ORGANIZED CRIME CONTROL Bill cleared the House of Representatives last week and it is hoped that it will shortly become law. This measure has been tied up in the Judiciary Committee for months where it was opposed by the Chairman and other members of the more liberal persuasion.

OPponents of the MEASURE HAVE COMPLAINED long and loud that it restricts personal liberty. As a matter of fact it does give law enforcement powers never before provided but this is not proof that it is repressive. Such measures were never before as necessary as they are today. Law enforcement continues to be essentially a local matter but local officers cannot cope with nationwide organized crime as is the case today and which is steadily increasing. The lawless are organized and the criminals have invaded legitimate businesses to prey on the public.

WITH NEW TOOLS IN THEIR HANDS, Federal law enforcement may be able to deal with this serious and never before experienced situation in our Country—guerrilla warfare, bombings, ar-

W.??!!  
That's all for now  
BILLIE JEAN

son and wanton attacks on police officers.

IN ADDITION TO WIDER JURISDICTION, which this measure provides for Federal law enforcement, there is now before the Congress a Bill authorizing the expenditure of over \$3 Billion dollars during the next three years for law enforcement grants to the states and localities. Further efforts are being made by a Senate Investigating Committee to identify and expose the organizations and influences which are waging guerrilla warfare in this Country against law and order.

TESTIMONY BEFORE THE SENATE COMMITTEE strongly indicates that not only is there propaganda designed to portray local policemen, state troopers and national guardsmen as brutal and dangerous out at the same time vicious attacks have been made on the police for no cause at all.

THESE DELIBERATE ATTACKS ARE TOO WIDE SPREAD, instances too numerous, the methods used too similar, not to be organized. It is intended to undermine the pillar of law and order from one end of this country to the other.

EVIDENCE HAS BEEN DEVELOPED from law officers across the Country that these organized efforts have distri-

buted, manuals in the cities and on campuses with instructions on how to wage guerrilla warfare. Information is furnished on how to manufacture bombs and use explosives.

THE U.S. ATTORNEY GENERAL IS CONVINCED that unless some pretty drastic action is taken to discover and punish the bombers, the arsonists and the murderers, the fabric of the Nation's order will be seriously imperiled. "The wave of senseless attacks on our police officers must be stopped. We will find a way to do it," said the Attorney General testifying before the Committee.

POLICEMEN ARE NOT ONLY BEING HAMSTRUNG by permissiveness, they are being murdered by militant terrorists who are striking at the mainstay of lawful authority.

CONNECTED WITH THE OVER-ALL CHALLENGE to law and order is the need for better legal machinery to bring violators to justice in the courts. Delays and technicalities are hindering the courts and generally the courts themselves have seemingly had a greater concern for "justice" for the criminal than justice for society.

ONE OF THE CONCERNS of the SENATE investigation is whether the conspiracies believed to have been established are financed by foreign sources. This is a dimension which will require intensive and wide inquiry.

SIMILAR GUERRILLA WARFARE is being carried on in other parts of the World, in a number of aspects what is happening here bears strong resemblance to tactics used to create disorder in other countries. Not only does this type of organized crime exist in this Country but it may be on an international scale.

# IT HAS BEEN

By Vada Arnold

The worst disaster ever to strike the peaceful village of May, happened early morning of September, 11, 1952, when one fourth of the business section of town was destroyed by fire. When smoke was discovered pouring from the walls of

fire but were unable to prevent it from spreading. A brisk south breeze fanned the blaze, and before telephone service was disrupted they were able to call in fire equipment from Rising Star, Cross Plains, and Cisco. These visiting firefighters prevented the fire from spreading to buildings across the street. They remained at the scene to insure safety to other buildings until all the rubble was burned.

Business buildings completely wiped out by the fire were The Red and White Grocery where the fire first started, Nelson's Feed Store, Willetts Grocery, The two-story Masonic building, a washateria owned by Mrs. E. R. McQuaid and a small building housing the community scales just south of the Masonic Hall.

Filling stations across the street were in great danger but were saved by valiant work of firemen.

The biggest fish story ever told in this area was in the mouths of every citizen in this section in the spring of 1952, when the fishing committee for Lakewood Lake at Lakewood Country Club decided to completely rid the lake of fish while the water was low, in order to get rid of undesirable fish and restock the lake as it filled again.

The committee was made up of Bob Needham, Elmo Smith and Cecil Carr. Game Wardens were consulted as to the best process to use. Warden John Wood of Brownwood advised the use of Rotentone, a substance that did not poison the fish but closed their gills and thus they died from suffocation for the lack of air.

Warden Wood said, "the

fish are definitely not poisoned and could be used for food with no danger whatsoever." As Rotentone took effect the fish came to the top of the water at once. The committee invited the general public to come out and help remove fish from the lake. A number of boats were used and the work started in the early morning of March 21, 1952, and lasted until all fish were removed from the water. Game wardens were on hand to supervise the work.

The lake had been stocked in 1934 with bass and catfish. The largest catfish caught on fish day weighed 48 pounds. Discarded fish were used by farmers for fertilizer. There were numerous fish fries during the ensuing days.

Charles Rutherford was awarded "a handsome diamond ring," in the contest for the most popular candidate in the annual Moslah Temple Shrine convocation held in Fort Worth in 1952.

A large number of West Texas Shriners and a large

following in Fort Worth, campaigned for Rutherford. He won the coveted prize over three other candidates.

Rising Star received a lot of publicity on account of the lively campaign. Those who attended from Rising Star were, Mr. and Mrs. W. E. Tyler, Mr. and Mrs. Charles Rutherford, Mr. and Mrs. Preston P. Mangum, Mr. and Mrs. Jack Jackson, Dan Dean and Sexton Hulien.
