# Merchants Offer Trades Attraction

Rising Star merchants have come up with a new idea in trade promotion which is being offered in the pages of the Rising Star Record this week under the sponsorship of the Rising Star Chamber of Commerce.

The project, known as Star Friday, is a cooperative offering of Two events, no three, make extraordinary shopping bargains designed to attract customers of this week and next in Rising the Rising Star area to the advantages of trading in this commun-Star a stimulating and prideful ity where savings are made possible by low overhead costs and there is a closer and more sat-

# 400 Boy Scouts Expected To Attend Summer Camps At Billy Gibbons Site

Explorers and leaders will camp at Boy Scout Camp Billy Gibbons during the 31st season which begins June 4 and continues, three weeks, closing June 24.

Dunn of Abilene; a brother,

he was born on February 22,

Barnes, on Easter Sunday.

"The camp is located in San Saba County near Richland Springs. Improvements of installation of electricity have been made which will insure electric refrigeration and fans for cooling the large dining hall. New kitchen facilities are now being installed and will be in operation this season," according to Lucius M. Stephens of Lometa, Chairman of the Camping and Activities Committee.

Camp brochures and program have been distributed to Scoutmasters and Explorer Advisors in the eight-county Comanche Trail Council with the thought that each unit conduct a camp rally night early in May inviting parents committee members

sistration for all

Four hundred Boy Scouts, The program includes swimery, marksmanship, crafts, hiking, cooking, Indian Lore, nature and council fire program. The staff has been selected which is directed by the professional staff of the Council." Special stress is placed on advancement of each camper to a higher rank in Scouting," stated Carl Arnspiger of Brownwood, Chairman of Advancement Committee. The food will be good and

wholesome and prepared by experienced cooks. Each camper is covered by insurance from the time he leaves home until he returns home.

Campers will be under the leadership of their Scoutmaster or Explorer Advisor or a committee member and wi be given excellent care an supervision. All persons tending the camp must ha a Medical examination

their family physican. TCT: O. H. (Onus) D tv Judge.

### WHY READ?

Do you like to read? Many people do not because they do not know why they read.

The people that do like to read, read for information. If it were not for books, we would have no record of man's achievements in the past. You find out how to do things from books such as how to biuld houses, raise chickens, lose weight, etc. Books tell us where to spend the cheapest vacations and have the most fun, where to find oil, how to work math, along with thousands of other things.

They also read for inspiration. This kind of reading stimulates the imagination. There is a book somewhere that can do for you what a certain book did for Winifred Garrison, who wrote of it: "Softly I closed the book as if in a dream. That day I worked no more. A new light shone on every common thing, but to God's praise, I shall work better all my other days." When you become irritated at the world, do not lose your temper; get a book and read it.

There are others who read for the pleasure. Words used in the right place and right order have a glamour about

You will find some who read for stimulation. They are not interested in the style of writing but in the author's ideas. You may disagree violently with something you read, but the muscles of your mind have been stretched so that you have to examine your own ideas in the light of others. You will either be strengthened in your present beliefs, or you will give them up because they are wrong.

It may be difficult for you to understand solid reading at first, but do not give up. The more you know, the better off you are. God does use ignorant men, but he has little use for the ignorance of ignorant men. Remember, "As a man thinketh so is he." Someone has said that the mind is the only canoe that will ever cross the river of death-so be careful about the

cargo. Co-editor

CREAM OF THE CROP

We have great news for you this week. The Senior class is sponsoring a "Giant Tupperware Party". It is Friday 27 at the high school gym. There is no admission, and it will begin at 7:30; there will be demonstrations and door prizes. Everyone be sure to come!!

We are really working on the play "Hillbilly Weddin" It will be given May 8. It is going to be very funny, so no one will want to miss it!

Well, Seniors, there are not very many days left of our high school life—only thirty ing; we're really going to more days. We all thought we could hardly wait at the beginning of the year, but now we are not in such a rush. Right, Jodie?

The Senion trip is coming up May 10. We are all looking forward to it. "Prade Ranch," here we come!!!

Mary Jo-Easy Biology test? Kathy-Are you still typing? Sue B.-You get letters all

Butch-What happened to it you did?! your house??

That's all for this week.

JUNIOR NEWS

Hi there,

Boy, what a week! Rings are due any day now; and if when they arrive, everyone has not paid- you may hear of the Junior Class's being convicted of lynching. Get that, Richard? On top of all our jitters over the rings, some of our Juniors are suffering from ailments. Mary and Cynthia both have heart ailments. Mary has a misplaced heart-you've heard of wering your heart on your sleeve, but I bet you never heard of wearing it on your head, now have you? Cynthia has a heart murmur. Her heart murmurs every day on the way to the lunchroom. Kenneth has some kind of ailment, but I don't know what. He seems more interested in watching Mrs. C. than in reviewing for a test. Better watch out for jealous husbands, Kenneth.

We have been studying some, too. The Homemaking girls are giving reports on "Looking Forward to Marriage." Somebody's mixed up, though; Donnie thinks she's already happily married. We are still studying the political systems in American History. Complex sentences continue to hold our attention in English, and we are studying "Projection and Related Theorems" in Plane Geometry.

That's it for this time. Bye for now, Katy

BOYS' SPORTS

Last Saturday the Track Boys traveled to Stephenville for the Regional Meet. We won the track meet with 93 points. We qualified four boys for the State Meet at Austin, May 3-4. These boys were: Kenneth Nunnally, Johnny Jones, Mack Harris, and Richard Green. These boys qualified in the Four-forty Relay; 220 Yard Dash; Broad Jump; High Jump; 100 Yard Dash; and 180 Low Hurdles. The rest of us industrious track boys are at the present doing nothing. We are, however, backing these boys in hopes of their winning the State Meet.

Until we make further plans for our activities, this is your sport's reporter saying "so long".

JOAN HICKS

On January 29, 1944, a cry that was heard for miles around, rang out at the Gorman Hospital at Gorman, Texas. A baby girl was born to Mr. and Mrs. R. H. Hicks. They named their baby Patricia Joan Hicks. She is now known as Joan.

Joan has been a very popular student during her school years, which began at Rising Star and have continued here. Joan will graduate in May of

During her four years in very popular student. She was cords, going to the movies,

a member of the F.H.A. for three years and played vollyball her Junior and Senior years. She also played basketball her Junior year and had a part in one-act contest play She was chosen cheerleader her Senior year and also Sgt-at-Arms of the Senior class.

Some on Joan's favorite pastimes and hobbies are dancing, swimming, reading, listening to the radio, and writing leters. Her favorite T.V. program is "Dick Powell". Her favorite actress and actor are Paul Newman and Cupicine. Her favorite movie is "From the Terrace". Her favorite songs are "Young World" and "Love Letters." Her favorite colors are green and orchid. The highlight of Joan's life is eating; she cannot resist fried shrimp, french fries, and lemon chiffon pie. Let's watch that figure, Joan!

As for the future, Joan plans to attend Draughon's Business College in Abilene. Joan has been a great asset to R. S. H. S. She has a great personality and friendly ways. Good luck, Joan, in your future endeavors!!!

### CAROL HARRELL

On September 11, 1943, an important event took place at Littlefield, Texas. A baby girl was born in the Payne-Shotwell Hospital. The proud parents were Mr. and Mrs. Charles Harrell. They named the baby Evelyn Carol; and we love to call her Carol. She began school at Rising Star when a Freshmen and plans to graduate in May of

Carol has been an active student while in high school; she was a member of the F.H.A. for three years.

Some of Carol's favorite pastimes and hobbies are R.S.H.S., Joan has been a watching T.V., playing reand just running around. Her favorite T. V. programs are "Dr. Kildare" and "Dick Powell". Her favorite actor and actress are Troy Donahue and Sandra Dee. The best movies she has seen are "Susan Slade" and "Blue Hawaii". She likes to hear any song by Joey Dee and her favorite colors are fuchia and orchid (but not together). Carol just cannot resist fried chicken, fried okra, and German chocolate cake.

As for the future, Carol plans to live with her sister and her family in Midland, where she will attend a beauty

Carol has been a true carol to the Senior Class and RSHS. She's like a song, always happy and spreading sunshine; good luck, Carol, to whatever your future may hold!!!

### LARRY HARDING

On November 23, 1943, an important event took place at the Gorman Hospital, Gorman, Texas. A baby boy was born to Mr. and Mrs. E. B. Harding. They named the baby Larry Gail Harding; ever since we have called him only Larry.

He began school at Rising Star, where he has remained and will graduate in May of

1962. During the past four years at RSHS, Larry has been a very popular student. He has played basketball for two years. He has been a member of the track team for the past four years. He served as Vice-President of the FFA for one year. He has had leading part in both the Junior and Senior plays.

Larry's favorite pastimes are skiing, fishing, hunting, swimming, and, of course, girls. His favorite TV program is "Bonanza"; actor and (Continued on page seven)

# Maybe your car insurance needs a checkup, too!

If you're a careful driver, you check up on the mechanical condition of your car regularly. By the same token, you should check up on your car insurance . . . to make sure that you're carrying the right kind, and enough of it. Bring your car insurance policies in to us. We'll be glad to review them for you. Without charge or obligation.

# Re-Elect John Hart County Judge

When he became County Judge the county owed \$708,190.00.

On April 1, 1962 the county had cash \$287,865.20.

The entire county debt now is only \$97,786.09.

Only 5 counties in Texas have a lower tax rate than Eastland County.

The financial condition of Eastland County is in excellent shape.

A Good Job well done deserves another term. John Hart solicits your support for re-election, May 5th.

# ABOUT YOUR HEALTH

Last year 11,348 Texans died planations of why this situation grosis? from the effects of malignant neoplasms, the statistical designation for all forms of cancer. For many years now, cancer has been the second ranking cause of death in Texas - and in the rest of the United States.

The only disease that ranks ahead of cancer, is heart disease and its associated vascular conditions.

Latest evaluations on the effectiveness of cancer treatment indicates that one out of every three persons discovered with the disease is cured.

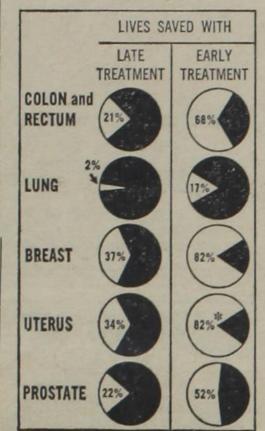

But, using the conservative estimates which characterize the medical profession, half of all cancer viotims could be saved if the disease were discovered early

Cancer can attack almost any part of the human body. Experts in the cancer research field say that for nearly every different body tissue there is probably a separate type of cancer cell.

The leading body sites of death-dealing cancer, listed in cider, are: digestive organs and the peritoneum, respiratory system (male), breast (female), genital organs (male), genital organs (female), urinary organs, leukemia, and the buccal cavity (mouth) and pharynx in the

male. Men fall victim to the disease more often than women. Ex-

# tance of early diagnosis of cancer

\*If detected in its earliest, presymptomatic stages with the "Pap" smear examination, cancer of the uterus can nearly always be cured.

AMERICAN CANCER SOCIETY 80

is true range from men smoking to men visiting doctors less often than women.

How effective is modern dia-

As a case in point — an explanation of the famous "Pap" test for uterine cancer is conclusive of its value.

The "Pap" test is simple, inexpensive, painless and absolutely reliable. It involves the physician taking a uterine smear which is carefully analyzed by a pathologist. Uterine cancer could be almost completely eliminated if adult women have a "Pap" test at least once a year during a thorough physical examination.

There's no doubt about it, a yearly physical examination could save thousands of lives every year. (A weekly feature from the Division of Public Health Education, Texas State Department of Health.)

FAMILY REUNION

Mr. and Mrs. Wilburn Scott were visited by Mr. and Mrs. Winfield Scott and family of Fort Worth, Pierce Scott, also of Fort Worth and Mr. and Mrs. J. C. Reese and family of Hereford — a family re-union of 17 on Easter Sunday.

Mrs. E. E. Winfery visited her two brothers, James and Harlan Reed and their families at Roscoe on April 22. She was accompanied by her mother, Mrs. J. A. Reed.

Well-thumbed pages of the seed catalog are among the first signs of spring in 4-H homes across the state where young gardeners abound. Whether it's cabbages or roses they hope to grow, the budding horticulturists all share the same enthusiasm.

The number of ambitious gardeners this year should reach well over 261,000, predicts the National 4-H Service Committee. The estimate is based on 1961 figures supplied by the state 4-H Club offices.

The 4-H garden award program, supervised by the Cooperative Extension Service and supported for the last 17 years by the Farm Equipment Division of Allis-Chalmers, is open to boys and girls from 10 to 21 years old enrolled in a 4-H Club.

# Air Mapping New Wrinkle to Save Highway Money Austin - An air-age process

with a jawbreaking name used by the Texas Highway Department to save time, money, and manpower.

Photogrammetry is the science of making maps from aerial

photographs. The precess is so advanced that it can sometimes do in two the May 5th primary are invited days what used to take field forces two months, and it is so age can, parking meter, and window air conditioner in an ands of feet above the earth.

Photogrammetry is proving cookies during the rally. effective in all phases of the Department's highway design cross-section work.

For instance aerial photo-days. graphs, taken at high altitudes, aid the engineer in selecting the best route for a proposed road. After the road route is selected, lower altitude photos are shot for design purposes. If necessary, cross-section maps can be produced from these pictures to show the amount of earth removed (called "cut") or added (called "fill") to level the roadbed. In any case, planimetric (two-dimensional) or topographic (three-dimensional maps can be made from these photographs

Because mapping from aerial photographs eliminates the need for field forces to spend countless hours — and sometimes months - resurveying sites when changes are desired, flexibility prevails. This flexibility, equated with economy, mini-Mr. and Mrs. Robert H. # Gibbens Blasts Out of Austin

"The smear campaign out of Austin, of which I had been warned, apparently is beginning here in the final days of this race," State Representative Wayne Gibbens said Monday as he blasted the smear campaign at the G. E. McDonalds and at FOR STATE SENATOR, 22nd and tactics of his opposition being waged by sources from out-TOM CREIGHTON, Re-election side this district. Gibbens is a candidate for re-election to the FOR LEGISLATURE, 63rd Dis. House from the 63rd Legislative

A piece of literature bearing an Austin postmark has been widely received over the district. Ministers of all denominations were apparently the main target of what Gibbens termed "the beginning of a vicious attempt to misrepresent and falsify my Jack Hill and family of Odessa voting record by distributing misleading, scurrilous propaganda filled with half-truths and

The return address on the entheir grandmother, Mrs. C. L. velope containing this piece of Claborn during the Easter holi- literature was LEGISLATIVE SERVICE, CAPITOL STATION, Miss Elizabeth Robertson, Mrs. AUSTIN, TEXAS, and the in-Effic Anderson and Mrs. Beryl formation purports to show how

The Texas Legislative Service by telegram has denied mailing any such voting records. Mr. Walter Long, head of this reputable legislative service in Aus-FOR LEASE: 166 acres, 53 acres tin, when contacted by telephone cultivated, one mile South on Monday said, "the compiling and gravel road from Methodist distributing of voting records is Church in Scranton, turn left not a function of our service. at cattle guard, go up private We certainly had nothing to do road 3/10 mile to house. \$1.00 with this." In answer to anper acre annual rental. Write other question Mr. Long stated John Hafernick, 4634 Calvin that no one is authorized to use Drive, Corpus Christi, Texas. the name of his legislative ser-26-3tc vice on an envelope.

Representative Gibbens said, 'Apparently the professional Austin lobbyists, who are opposed to my candidacy are attempting to hide behind the name of this responsible and respected legislative service in order to cloak this vicious and malicious propaganda with a false veil of

Fraud Is Charged Gibbens termed as "fraudulent" the use of the name "Legislative Service" as a return address on this envelope and has called for an investigation to ascertain if state or federal mail statutes have been violated.

District Attorney Jack Neal of Graham and Federal Postal Inspector L. H. Stephens of Ft. Worth have been contacted and asked to investigate this matter. Both have indicated that they would do so.

Representative Gibbens said, "I am now getting this information together and will forward lit all to the District Attorney and the postal authorities for their action if federal or state statutes have been violated.

"This propaganda makes it look as if I had voted to legalize gambling in Texas. Nothing is farther from the truth," Gibbens said. The material reproduced contains only a vote to postpone this issue and fails to accurately reflect my strong stand and votes against legalizing gambling in Texas. As is stated in the official records of the House of Representatives, I voted to postpone the measure only in order to secure more votes against the measure to insure its final defeat. This scurrilous propaganda also misrepresents the Car-

ling Beer Bill.' In conclusion Gibbens added, "The people of this district can expect more misleading and false propaganda from outside Lobbyists who will stop at nothing in their attempt to defeat me."

Rev. and Mrs. W. L. Armstrong of Lorenzo were here for a visit with relatives and friends at Easter. Rev. Armstrong has served as a Missionary to Hawaii, and is now pastor of the Methodist Church in Lorenzo.

KIZER TELEPHONE CO.

standably enough, our officials clear experiments. now meeting with the British publicly admit their skepticism of accomplishing very much. They must have the appearance of expectation. It is doubtful they hold out any great hope of n aterial progress.

The United States representatives have before them the experience of 1958. This was when representatives of the Esenhower Administration met in Geneva and agreed to a mortorium on nuclear weapons testing without any system of inspection.

The scientists at the Geneval conference at that time advised that underground nuclear testing could be detected and we would know when the Soviets violated their agreement. What they did not tell us was that without inspection, we would not know of the long preparation for atmospheric tests which occurred last September and

In addition, it has now been proved that underground testing can be conducted without detec-

It is reassuring to have the word of the head of the Arms Control Agency, William C. Foster, that tighter, not weaker inspection will be demanded on any agreement on a test ban which may possibly be reached at the current discussions in Geneva. Certainly there will be no agreement on any test ban without inspection, and there is not the slightest indication that the Soviets expect to agree.

Recently about twenty underground tests have been conducted in Nevada to determine whether they can be detected by seismic measurement. The answer is a definite no. This is one reason why Mr. Foster says that tighter, not weaker inspection will be needed if there is to be any guarantee against violations of a test ban.

The foremost nuclear scientist in the United States is Dr. Edward Teller. He warned in 1958 at the beginning of the Geneva Conference that underground tests could not be detected, and he foresaw the violation on the part of the Soviets at that time. He warned that the inspection truce in testing could be a So-viet trap. He warned correctly. He kept unging the American

the awfulness of the weapons thing; for the sake of having a spection.

Washington, D. C. - Under- Government to resume its nu- and wishful thinkers brought no one except the wishful think-The president of the United sumption of nuclear tests. # Spring...Time for Breakfast Buffet

According to the calendar, Spring is here. However, a glance out the window most of these mornings is ample proof that Old Man Winter doesn't give up too easily. A wonderfully cozy brightener for such a dreary day is a party that comes at the time you need it most, a Breakfast Buffet. Planned either as a weekday Kaffee-Klatch for just the girls, or as a weekend party party with husbands also included, you'll find that it will be a very successful and novel way of informal entertaining.

A definite characteristic of a morning party such as this one is that your guests are inclined to be far more relaxed than at an evening affair. Consequently, you, the hostess, should be too. First of all, plan your menu in advance, as you would for any other party, so that you won't be caught at the last moment with a vital item missing. Make it a simple menu, but not a dull one (after all, breakfast is a meal, not just a nutritional necessity, even when it's not a party.)

Another help to being a charming hostess is to set your table with the new attractive Sheffield paper plates and cups. That way, your enthusiasm isn't dulled by the thought of clean-up time. A very pretty breakfast table can be achieved through the use of paper in the sparkling hues of brown that remind one of Grandmother's heirleom china. Along with your the effect is a charming one. For the menu, our vote is for the following combination: Citrus Glow, Eggs on a Nest, Sour Cream Nut Bread and steaming hot coffee.

Citrus Glow can (6-ounces) quick-frozen concentrated orange and grapefruit

2 cups bottled cranberry juice
Mint leaves (optional)
Combine orange and grapefruit
juice, water and cranberry juice,
mixing well. Add sugar to taste—
about 2 to 4 tablespoons, pour into cold drink cups, chill, and garnish with mint leaves before serving. Makes about 5 cups.

1/4 teaspoon salt teaspoon sweet basil

2 cups spoon-size shredded wheat Salt and pepper
% cup chopped parsley
% cup grated American cheese

Melt 3 tablespoons butter or margarine. Stir in salt and basil. Add the cereal to the butter and stir until cereal is well coated with herb-butter mixture. Continue to cook over low heat, stirring constantly until cereal is toasty brown, about five minutes. Remove from Crushed pineapple, strawberries, pan to hot serving platter. Melt remaining butter in skillet. Beat eggs well. Stir in salt and pepper and parsley. Add eggs to skillet, on top of browned spoon-sized shredded wheat cereal. Sprinkle cheese over the eggs immediately.

Sour Cream Nut Bread 2 cups sifted flour teaspoon baking powder teaspoon baking soda teaspoon salt

1/4 teaspoon cinnamon teaspoon cloves teaspoon nutmeg egg, beaten

dients, stirring only enough to moisten them. Add the nut meats. Pour into a well buttered pan and bake in 350° preheated oven for 1 hour. Good served warm or cold. Another juice idea you might try is Lemon Surprise. This is not only an unusual breakfast beverage, it's a delicious way of including eggs in the menu in a different form.

Lemon Surprise 1 can (6 ounces) quick-frozen concentrated lemonade Cold water 3 eggs, beaten

or other fruit Mix concentrated lemonade with cold water as directed on can. Add the beaten eggs, mix well, cover, a spoonful of fruit in each cup and fill with lemonade mixture. Makes enough for six-ounce servings.

Cheese over the eggs immediately.

(You could make this in a chafing dish at the table and not have to leave your guests.) Makes 4 servings.

Sour Cream Nut Bread

Sour Cream Nut Bread

Still another breakfast idea, which is quick to prepare as well as delicious, is Baked Apple-Cereal dish. To prepare it, put 3 cups of spoon-size shredded wheat biscuits in a shallow baking dish. Spoon over the contents of a pound can of sliced apples. Sprinkle a cinnamon-sugar mixture over the apples. Be generous with the sugar mixture. Then bake in a 375° F. oven for 15 minutes. Serve warm with 1 cup brown sugar, firmly packed
1 cup dairy sour cream
1 cup broken nut meats
1 cup broken nut meats
Sift flour, baking powder, soda
Sift flour, baking powder, soda and spices together. Beat egg. Add for 4 people.
