

Eisenhower Is Inaugurated, Rules Out Appeasement As Way To Secure Peace

Foreign Policy Is Stressed In Talk

WASHINGTON, Jan. 20 (AP)—Dwight D. Eisenhower took over the presidency today with a pledge of American leadership in building free world strength and unity to combat communism.

"Great as are the preoccupations absorbing us at home," he said, "each of these domestic problems is dwarfed by, and often even created by, this question that involves all human kind."

Congressional Reaction Lauds Inaugural Talk

WASHINGTON, Jan. 20 (AP)—Dwight D. Eisenhower's first message to the nation as its new President was praised by both Republicans and Democrats today with the reservation by a few that it was not specific.

"This hope—this supreme aspiration—must rule the way we live," Eisenhower, trained in the ways of war, dwelt on peace as the goal of all Americans and freedom-loving people everywhere.

Shivers Takes Oath For A Second Term

AUSTIN, Jan. 20 (AP)—Allan Shivers today became Texas' first bi-partisan governor, challenging the Legislature to follow a sober course of reform that will make history as well as headlines.

BI-PARTISAN CHOICE

Shivers told the new-born 53rd Legislature its goal should be to create "a more responsive and responsible state government" and that it faced opportunities both to save money and to spend money more wisely.

THE WEATHER

NO SPRING AND VICINITY: Clear to partly cloudy this afternoon, tonight and Wednesday. Not much change in temperature.

PRESIDENT DWIGHT D. EISENHOWER

VICE-PRESIDENT RICHARD NIXON

FROM A TO Z, DOGS TO GUNS

Inaugural Parade Has Little Bit Of Everything In March

WASHINGTON (AP)—Democracy marches today in a whopper of a parade. And riding proudly at its head, performing his first chore as the new President, will be Dwight D. Eisenhower.

Like democracy itself, this parade has a bit of everything: A dog sled team from Alaska, 20,000 to 22,000 servicemen and women, 65 musical units, 50 floats, 5,600 civilians including 250 Indians, 3 elephants, 350 horses and a flock of pigeons making as if they were doves of peace.

Second state float—New Jersey, Washington crossing the Delaware. Third state float—Georgia, the golf course at Augusta, where Eisenhower played.

WASHINGTON (AP)—Retiring President Truman, content to rest the case for his administration with history, was packed and ready to leave Washington today after turning over the nation's leadership to a Republican.

New Prison Riot Is Underway In Penna.

BELLEFONTE, Pa. (AP) — Some 775 convicts at the Rockview branch of the Western State Penitentiary seized five guards as hostages last night in a riot which followed by minutes settlement of a turbulent 24-hour outbreak in the main unit at Pittsburgh.

The convicts at this Central Pennsylvania prison took control of the three main cell blocks, barricading the entrances with chairs, mattresses and other paraphernalia. Two hundred and twenty prisoners in one of the blocks who refused to join the rioting at the start set fire to a mattress and threatened to take three volunteer guards as hostages. But after consultation with prison officials, the guards were released unharmed and the prisoners agreed to remain quietly in their cells.

Ray Noble Presented With C-City Award

COLORADO CITY, Jan. 20.—Ray Noble, 35-year-old service station operator, received the distinguished service award for service to his community, at the annual DSA banquet held in Colorado City last night.

Noble was selected for the honor on the basis of continuous community service since his arrival here in 1945. In addition to serving as president of the Jaycees, for three years prior had been a director, and was prominently identified with Jaycee projects and undertakings during his membership in Colorado City. He is also a member of the Masonic Lodge, the Lion's Club, the Sportsman's Club, the Country Club and the Quarterback Club. While serving with the latter, he assisted in building the stands and was largely instrumental in setting up the scoreboard at Wolf Stadium, both being erected by volunteer labor donated by local civic groups.

RAY NOBLE

and has two children, Shana and Raymond. Sam Coker, last year's Jaycee president and DSA award winner, presented Noble with the award. Dr. Martin L. Cole, dean at Eastern New Mexico University told the banquet crowd that "building a community is not a chore—it's fun!" Three popular tunes were sung by the Howard County Junior College girls' quartet.

Sadler Heads State Senate Committee

AUSTIN — Harley Sadler of the 24th district will head the committee on internal improvements in the new state Senate. Other West Texans who were named to committee chairmanships Monday include the following: George Moffett, Chillicothe, Agriculture; Carlos Ashley, Llano, Highways and Motor Traffic; Wayne Wagonseller, Bowie, Labor; J. T. Rutherford, Odessa, Military and Veterans; Kilmer Corbin, Lubbock, Public Health; Andy Rogers, Childress, Stock and Stock Raising; Dorsey Hardeman, San Angelo, Water Rights, Irrigation and Drainage.

In addition to his chairmanship, Sadler also will serve as a member of the following committees: Aeronautics, Agriculture, Commerce and Manufacturing, Engrossment and Enrolled Bills, Finance, Insurance, Internal Improvements, Nominations of the Governor, Oil, Gas and Conservation, Public Buildings and Grounds, State Institutions and Departments, Stock and Stock Raising.

Weather Is Mild Over The State

Partly cloudy skies and mild temperatures prevailed in every corner of Texas Tuesday. The Weather Bureau said Wednesday's temperatures would be but little different, if at all. There was no rainfall Monday and none expected Tuesday or Wednesday or in the foreseeable future. Monday temperatures ranged from a low maximum of 59 at Wichita Falls to a hot 90 degrees at Laredo on the Mexican border.

Seven Detectives In Mexico City Resign

MEXICO CITY (AP)—Seven members of Mexico City's detective bureau, including its chief, have resigned. Gen. Miguel Molinar, the chief of police, gave no explanation for the resignations but said "the cleanup campaign in the police force will continue."

Riding THE GRUB LINE With Franklin Reynolds

A one-hour movie on the 1952 International Livestock Exposition is now available on request by agricultural organizations or groups. It covers the selection of the grand champion steer as well as other educational and interesting events of the big show.

Groups wishing to show the film should order it from Milton Bilis, National Broadcasting Company, 222 West North Bank Drive, Chicago, Illinois. The movie is a kinescope reproduction of the Allis-Chalmers Company "Farm and Home" telecast during the show. The movie is a black-and-white production on 16 mm. film with sound. Besides the steer judging in which an Ohio Shorthorn was picked as "steer of the year" the movie also covers a meat demonstration; the development of new sheep breeds, and some action shots of the carload competition.

Dr. Kenneth McFarland of Topeka, Kansas, scheduled guest speaker for the annual banquet of the Big Spring Chamber of Commerce, February 2, should be able to find some agreeable characters when he arrives here, for he, too, is a Hereford breeder.

He owns a "ranch" of 140 acres, half of which is inside the Topeka city limits, and on which he raises Herefords and Tennessee Walking Horses. His friends refer to him as "the Ph. D. with horse sense."

Dr. McFarland is an educational consultant and lecturer for General Motors Corporation and Educational director for the American Trucking Association.

Scores of Mitchell County district cooperators are busy this season constructing terraces on their cropland. A good many farmers started terracing last fall after the good rains put moisture in the soil. Most of them did not have a crop to interfere and it resulted in a good time to either finish the terracing job previously started or to get started on a new system on the farm. Many farmers had old terrace systems which were faulty and were causing considerable trouble through breakage, erosion at terrace ends, and loss of soil and water. All of these had observed their old systems for a good many years and had reached a decision to either correct them if possible or to tear down the old ones and to run new level lines.

In the absence of sufficient heavy machinery to do the job in many places farmers are doing their own work with either regular farm equipment or with a special terracing plow. At the present time, six maintainers, two belt machines, and 20 or more farmers constructing their own terraces are in operation. Approximately 250 farmers will construct some terraces this year in the district. All who are building terraces as well as those who plan to build them this year should be concerned about the minimum specifications so that their terraces will function as they are designed. The overall specifications are about the same as they were last year. Generally the minimum requirements as to terrace size are that they will be at least 15 inches high above normal ground and the base width should be at least twenty feet above normal ground. The effective height of the terrace is measured from a point of 2 feet off center of the ridge to determine whether it is 15 inches high or higher. For exceptional cases such as steeper slopes, outside water, and such, a larger terrace will be required and designed to handle the individual job. The terraces must be full bodied and not dish faced or hollow sided. All fills in low spots and gullies must also be full bodied and built to sufficient height so that after settling they will be above normal level of the adjacent terrace ridge. In most cases either closed-end are planned. The end closures are

now considered a part of the terrace and they must be made before the terraces can be considered as complete. Closed-end terraces means the end closures are at least two-thirds the effective height of the terrace ridge and partial-end closures means the ends closed to height at least one-half the effective height of the terrace ridge. The farmer is expected to measure the terrace lengths by the time the job is completed. Each terrace should be measured separately and a map made of the field showing the approximate location of the terrace lines in the field.

The vast majority of farmers in west Texas are sold on the value of terracing. They have proved thousands of times their effectiveness in controlling soil and water losses. They are definitely known to have increased crop yields from 25 to 50 per cent. They are effective in preventing floods, streambed siltation, reservoir siltation, county road and bridge damage, and many other advantages. Due to their important position on most farms in this area they should be properly laid out, adequately constructed, and thoroughly maintained. A terrace is just like a chain in that it is no stronger than its weakest point. District cooperators should study their terraces year in and year out and strive continuously to correct any faults showing up in the system and to make them function as they should.

Some 4,000 head of livestock will compete for more than \$54,000 in premiums at the fourth annual San Antonio Livestock Exposition, Feb. 20-Mar. 1, at the Bexar County Coliseum.

There are 811 entries of breeding cattle, including 60 head of exhibit stock. In the dairy show there are 204 entries which include 68 Jerseys, 63 Holsteins, 41 Milking Shorthorns and 32 boys' dairy calves. San Antonio will have one of the

top 1000 shows of the country with 810 boy lambs and 73 open class lambs. Exhibitors of breeding sheep have entered 314 head and 81 breeding goats will compete. Steer breeders have entered a total of 427 head including 119 in the open class and 308 in the boys show. Entries in the swine division include 134 open class pigs, 255 boys' class pigs and 200 Negro boys' pigs. There will also be the various classes in the horse show, and \$800 in prizes has been hung up for the rabbit breeders.

CASE LOAD HEAVY

Deadly Flu Strikes South Texas Area

A more deadly form of influenza had struck in South Texas with a vicious force Tuesday while a milder type over much of the state appeared to be waning. Last week, the influenza outbreak in the state had been called the worst since the deadly epidemic of 1917-18 which killed thousands of persons. Dr. Charles Miller Jr., Hidalgo County health officer, Monday said "a serious epidemic" prevailed in the county and urged the closing

of schools, theaters and public meeting places. Miller said there were 13,700 cases reported in the South Texas county last week and added that the total was probably far greater since many cases were not reported. He said that 86 victims had developed pneumonia and that there had been six deaths from the disease in Hidalgo County. He added that he had made his drastic recommendations after consultation with about two thirds of the county's 75 physicians.

Schools at Mission and La Joya were closed but Edinburg schools reported Monday that absenteeism had dropped from 37 per cent to 18 per cent. Absenteeism in Weslaco schools rose to 11 per cent Monday, highest to date. Meanwhile, it appeared that the influenza outbreak was brightening over much of the state, almost paralyzed a week ago by the insidious, misery-packed disease. Absenteeism declined 40 per cent in Big Spring schools and Sherman school officials reported absenteeism had dropped from 32 per cent to 14.6 per cent. Hill County School Supt. M. L. Brockett said, "The flu situation is definitely improving." All the County's schools were open Monday.

Frost schools in Navarro County were to re-open Tuesday to put that Central Texas county's schools all open once more. Influenza absenteeism in Abilene schools declined from 2.64 Friday to 1.31 Monday and Supt. A. E. Wells said, "We're getting back to normal. We hope." Aspermont, Old Glory and Rotan schools remained closed Monday. Rotan planned to re-open but changed plans when Dr. R. T. Wilkinson, city health officer, said the flu had increased 50 per cent since last Tuesday, when the schools were closed.

At Aspermont, Stonewall County Health Officer A. R. Manille said the flu is bordering into an epidemic. The Aspermont hospital was reported overflowing with patients on cots in the halls and X-ray room. Four other schools near Abilene—Elmdale, Hermleigh, Coleman, and Mozelle, all closed last week because of the flu—re-opened Monday. Buffalo Gap in Taylor County reopened Friday after being closed three days.

Rain Sweeps Pacific Coast

Rainy weather continued in the rain-drenched Pacific Northwest Tuesday but falls were lighter than the deluges during the past several days.

Floodwaters in Northern California and Oregon had driven some 2,000 persons from their homes and had cut highways and communication lines. However, swollen rivers began to recede in the lowlands. At least 10 persons died as a result of the flood and storm. There were a few other wet spots around the country. Light snow continued in parts of the Northern Plains States and snow flurries fell in New England. A belt of precipitation about 150 miles wide extended from Nebraska eastward into Ohio—snow in the west and rain in the east. Some freezing rain was reported in extreme northern Missouri and southern Iowa. It was cold in the Northern Plains and western Great Lakes region but fairly mild weather prevailed over most sections of the nation.

Bristow Is 36th On List For Submitting Of Bills In House

AUSTIN—Oble Bristow of Big Spring is No. 36 on the list for submitting bills in the new House of Representatives. House members held a drawing Monday to determine when they could submit any pet measures they might have on hand. Generally, West Texans didn't fare so well in the drawing, since only the first score or so numbers are considered "good." W. G. Kirklin of Odessa got No. 34, Hulon Brown of Midland No. 37, L. L. Armor of Sweetwater No. 43, while C. F. Sentell of Snyder was far down the list with No. 132 and W. A. Stroman of San Angelo was near the bottom with No. 143.

Nutritionists recommend liberal quantities of milk in the diet of both youngsters and adults because it is a sure way of obtaining the calcium needed for good health.

NOW GET THE NEW IMPROVED BARCENTRATE FOR TAKING OFF Ugly Fat
IT'S SIMPLE. IT'S AMAZING, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drugstore and ask for four ounces of liquid Barcentrate. Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoons twice a day. In the new Barcentrate carton there are 20 tablets, in addition to the liquid. These tablets are to be dissolved on the tongue as per directions, to help loosen the taste buds which lie on the surface of the tongue.
If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. You don't have to starve yourself; eat sensibly according to instructions on bottle. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloated disappears—how much better you feel. More alive, youthful-looking and active.
NOTHING HARMFUL IN BARCENTRATE
Barcentrate is the original grapefruit juice recipe for taking off weight. No starvation diet. No diet list to pay for. No vitamins to fortify you against hunger for you won't be hungry.
The Barcentrate liquid formula remains the same, EXCEPT that a new ingredient has been ADDED. The Barcentrate plan now also contains appetite curb tablets in addition to the liquid. The new, improved Barcentrate is the result of more than a year of experimenting and testing to further improve an excellent product.... More than four and one-half million bottles of Barcentrate have been sold in Texas in nine years.

LOST 90 POUNDS
Mrs. Ed Leach, 720 E. Guenther St., San Antonio, Texas, writes us as follows: "I take Barcentrate to keep down fat. I lost about 90 pounds taking this excellent product. I wore size 22 dress when I started. I now wear size 24 1/2."
THIS LADY LOST 15 POUNDS
"I am proud of a chance to tell others about Barcentrate," writes Mrs. C. E. Shumate, Route 2, Sweetwater, Texas. "I keep my weight down real easy and safely. I lost 15 pounds taking 3 bottles and I am thankful that I learned of Barcentrate."
GALVESTON LADY LOST 42 POUNDS
"Before taking Barcentrate I weighed 168 pounds. I now weigh 126, a loss of 42 pounds. Instead of wearing size 20 dresses, I now wear 14 and 16. I am so glad and feel so good. Words cannot express my sincere thanks." Signed, Mrs. P. H. Wunderlich, 1310 Thirteenth St., Galveston, Texas.
THIS LADY LOST 75 POUNDS
"I have taken about 10 bottles of Barcentrate and lost 75 pounds," writes Alice E. Owen, 1515 Mission Ave., San Antonio, Texas. "I now continue to take Barcentrate occasionally to keep my weight down and prevent bloating and gas on my stomach. I wouldn't be without Barcentrate in my medicine chest for anything."
EL PASO LADY LOST 40 POUNDS
"I wish to state that Barcentrate has done wonders for me," writes Mrs. Tracy Freeman, 3679 Bishop St., El Paso, Texas. "I have not only lost 40 pounds taking Barcentrate, but it has helped me in other ways. I feel fine taking this product and simply cannot express in words my sincere gratitude."
WACO LADY LOST 18 POUNDS
"I lost 18 pounds in 30 days taking Barcentrate," writes Mrs. Marie Gorman, Route 5, Box 117, Waco, Texas. "I am awfully proud to lose that much."

Seven Dead, 4 Lost In Formosa Strait Incident

HONG KONG, Jan. 20 — Seven men were killed and four are missing in the loss of two U. S. military planes, one of Chinese Red ground fire, in the Strait of Formosa, the captain of a British frigate said today.

Ten airmen were rescued by the Halsey Powell, a U. S. destroyer. Allied warships Monday abandoned search for the four missing men. Red shore guns fired at a U. S. destroyer taking part in the rescue operations but it was not damaged. Cmdr. John A. Hamer, captain of the Royal Navy frigate Morecambe Bay, said two men were killed when Red fire brought down a U. S. Navy Neptune patrol plane Sunday, six miles northeast of Swatow, a Red China port.

Hamer said the other 11 Neptune crewmen were picked up by a U. S. Coast Guard Mariner with a crew of eight. But the Mariner hit a large wave while attempting to take off in rough seas, overturned, caught fire and sank, killing five more.

The British officer said 10 of the 14 were rescued by the Powell. He expressed belief that if the four missing had remained afloat, they would have been found in the intensive search during which his vessel remained 36 hours within sight of Communist shore batteries.

Hamer said tide and winds in the strait would keep survivors, if any, from drifting to the Communist mainland.

Seven of the survivors were from the Neptune and three from the Mariner crew.

U. S. naval officers at Hong Kong speculated that some of the missing fliers might be prisoners of the Communists. These officers, of the patrol frigate Everett, said any survivors with life rafts had a fair chance of reaching the China coast. This could mean trial and imprisonment by the Reds.

A spokesman at Pacific Fleet headquarters at Pearl Harbor said Chinese Communist shore guns shot down the Neptune and later fired on a destroyer attempting to rescue the survivors.

The spokesman said the destroyer, which he did not identify, was not damaged. He said he did not know whether the destroyer returned the Red fire.

UN Blasts Reds All Along Front For Fifth Day

By GEORGE MCARTHUR
SEOUL (AP) — Allied tanks, artillery and warplanes today unleashed another shattering barrage of high explosives on Communist positions across Korea. It marked the fifth straight day of stepped up bombardment.

U. S. Patton tanks, firing from front line dugouts, blasted Red bunkers and trenches from Chorwon to Kumhwa in the Iron Triangle sector of the Central Front. The artillery joined in the thundering attack from farther back.

A heavy overcast blanketed most of North Korea but the U. S. Fifth Air Force said Marine Skyraiders and South Korean Mustangs flew through the clouds in strafing and bombing strikes on the Eastern Front.

Sharp patrol fights flared on the Eastern Front and the U. S. Eighth Army said an estimated 105 North Korean Reds were killed or wounded.

Temperatures along the battle line hovered just above zero. A light snow drifted down on the Central and Western Fronts.

Eleven U. S. B29 Superforts unloaded 110 tons of bombs last night on two Communist supply targets in Northwest Korea.

The Army said yesterday's hammering blows by tanks and warplanes accounted for 74 Chinese bunkers. The tankers popped direct fire into 12 Chinese caves.

Marine warplanes surprised an estimated two regiments of Communist troops on Papa-San Mountain yesterday and killed an estimated 120 of the 6,000 troops.

The huge mountain, the Communists' main fortress behind the Central Front, towers north of battle-scarred Sniper Ridge.

In naval action yesterday, the heavy cruiser Los Angeles and the destroyer Yarnall blasted bunkers, rail lines and communications facilities in Eastern Korea.

Very Simple, No Pencil!

SEOUL (AP) — A military policeman stopped a Puerto Rican jeep driver of the 6888 Central Postal Directory.

The authorization slip for the jeep was blank.

"Why isn't it filled in?" the M.P. asked.

The driver spoke for five minutes in fluent Spanish.

"All I want to know is why the trip ticket isn't filled in," the harried M.P. cut in.

The driver's buddy answered in English: "He says he doesn't have a pencil."

Canadian Population Of 30 Million Sought

OTTAWA (AP) — Canada's Chamber of Commerce urged the government today to open the nation's doors wide enough to immigrants to give Canada a population of 30 million by 1975.

AT STANTON

Dial Phone Building Being Constructed

By CLIFTON LAWHORNE
STANTON — Mayor J. W. Sale officially started construction on the new \$20,000 dial telephone building here Monday by digging the first shovel full of dirt.

Immediately following the brief ground breaking ceremony, the construction crew started work on the Southwestern Bell Telephone project, which is part of a local \$70,000 expansion program.

The ceremony began at 2 p. m. with invocation by the Rev. James E. Harrell of the Methodist Church. Cliff Fisher of Big Spring, manager, was in charge of the program.

Fisher said the company was placing the building in Stanton to keep up with the growth of the city. He said the building was part of Southwestern Bell's plans for improved service.

Mayor Sale called the company's future building one of the largest assets to the community. He pledged the city's full support to the expansion program.

Miss Mamie McDrumon, chief operator in Stanton, stole the show. In addition to marking the construction of the new building and the introduction of dial telephones to Stanton, Monday started Miss McDrumon's 30th year with the company.

Following Mayor Sale, she dug the second shovel full of dirt. She has spent all of her years with the company as an operator in Stanton.

In a brief speech, Miss McDrumon told how she went to work for the company in 1924 when there was only one operator. There are now eight operators.

At the time she started working, Stanton was the most western point of Southwestern Bell operations, and the district office was in Abilene. The complete company had only from 7 to 75 stations, she said. There are now around 600.

When Stanton had only a few phones, Miss McDrumon said she used to yell across a street for verbal relays when a long distance call came in. That was the only way a party called could be contacted.

When she couldn't attract any-

UNESCO Program Banned From Schools In Los Angeles Area

LOS ANGELES (AP) — The school board has banned the UNESCO program from the Los Angeles public schools.

The board heard four hours of heated discussion for and against the program last night, then voted to ban it from the curriculum. It had been used in modified form since last year, when organized opposition developed to its presentation as a separate, specialized subject.

The school board decreed, however, that the schools shall "continue to teach subjects of human relations and moral and spiritual values."

LETTER TO EDITOR

County Librarian A Major Official

Dear Editor:

Looking over Wednesday night's paper, on the front page, in dark headlines, "Major County Officials Given A Boost In Pay," it was very noticeable that one of the major officials did not receive a pay raise. That of course is the county librarian.

In my estimation she is definitely a major official. She happens to be "head of one of the houses of higher learning." A librarian is essential to your county and city, as a teacher in the schools of a county and city.

I have been visiting in the library on different occasions during the past eight years and have been able to see a complete change in the library in all ways under the supervision of your county librarian. She has done a wonderful job, or I should say jobs, as I have been in when she was doing the work of a janitor. She has done the building of more shelves and other jobs that are not that of a librarian. In studying to be a librarian money is spent on learning how to buy books, arrange books and things, other than being a janitor, that are important to a community.

Your county librarian has a good standing with the State Library, is a member of the Texas Library Association, the American Library Association, and she passed the State Board of Education examination so that she might receive her librarian certificate. Her salary should range in the field of \$3,000 to \$5,000. She also should attend library meetings in the district at

county expense. It is noticeable that county commissioners receive \$3,500 and \$300 expense money. They each have other incomes and meet twice a month (state requirements) and receive... more than a person who works daily in trying to help her community and without co-operation that she should have from the commissioners court of her community. Your county judge should receive a raise... he has a big job and a big responsibility and has spent money on an education and is well thought of throughout the state.

You have a good librarian and I firmly believe that something should be done about her salary and that she should have full co-operation of the court and the community.

Sincerely yours,
J. T. KIRK
State Capitol
Austin, Texas

Prosecution Declined In Mail Carrier Case

The case against a substitute carrier, who admitted to postal authorities that he ditched some mail, has been closed.

W. A. Foster, postal inspector who investigated the case here Dec. 21, said he had talked to U. S. Attorney Frank Potter in Fort Worth. Potter said that prosecution would be declined since the carrier was a juvenile and did not open any of the mail.

The carrier, employed as a

213 Plotters Rounded Up By Egypt Regime

CAIRO, Egypt (AP) — A roundup of suspected plotters against the government of Premier Ma. Gen. Mohammed Naguib has netted 213 persons, including 48 Communists, an Egyptian Cabinet minister announced last night.

Fuad Galal, minister of national guidance, said that 29 others of those seized were suspected of having relations with foreign powers "which have the interest of creating agitation in Egypt." The foreign countries were not specified.

substitute during the Christmas rush, told Foster and Postmaster Nat Shick that he threw mail away because the weather was miserable. The investigation was launched when two caches of mail were discovered and reported to police and to Shick. When picked up, the carrier then led authorities to still another batch that had been discarded.

Many Households Hard Hit In Present Wave Of Colds

HERE'S A TIMELY WARNING—Health authorities say, rest plenty, eat moderately, avoid crowds and go to bed at first symptoms. If severe, call doctor at once. Epidemic colds often mean headache, fever, muscular aches and pains. At very first sign of such discomfort, take two tablets of St. Joseph Aspirin, repeat as directed to ease headache, check fever, relieve muscle aches. St. Joseph Aspirin is first choice of millions. And no aspirin is surer, faster, or more dependable. 12 tablet tin world's largest seller at 10c. 100 tablets only 49c. Sold everywhere.

Ladies and gentlemen, here is Oldsmobile's candidate for the best-looking, best-driving car of all for 1953. It's the glamorous new Ninety-Eight—the last word in "Rocket" engineering and Classic styling. That distinctive, long rear deck is balanced by a new, longer "power" hood. The front-end is new, more dramatic. The chrome trim is new, more distinctive. The whole silhouette is new, more exciting. The interiors have been enhanced and "entranced" by new upholstery and Custom-Lounge Cushions. Even the "Rocket" Engine is NEW—with higher power (165 hp.), higher compression (8 to 1), higher voltage (12-volt ignition). And to match this super performance, there's a new Power-Ride Chassis, new Pedal-Ease Power Brakes*, Power Steering*, and even Frigidaire Car Conditioning! We're so sure that you'll fall in love with this newest Classic—this Oldsmobile Ninety-Eight for 1953—that we urge you to see and drive it soon. It's on display in our showroom now!

There are miracles of transformed lives every day in every land. The day of miracles is by no means past. —Ye are witnesses of these things. — Luke 24:48.

Eisenhower Warrants Support As President Of All Of Our People

Until today, Dwight D. Eisenhower, although the designate for the highest office in the land, carried on his labors as the new leader of a party. His administration, of course, will be associated with the fortunes of the Republican party.

most enduring of success in dealing with the great problems that abound on every hand. To wish him less would be a disservice to the nation.

Wilson Case May Mean Change In Either The Man Or In The Law

The Senate Armed Services Committee ran into a sticker when it settled down to consider the nomination of Charles E. Wilson as secretary of Defense.

changing the law so as to accommodate Wilson. Some members pointed out that the other Charles E. Wilson of General Electric had served as defense mobilizer after saying that every cent he owned was in General Electric.

These Days—George Sokolsky

Contemporary History Doesn't Always Hit The Mark It Should

History is the story of mankind that is constantly being re-evaluated. Julius Caesar wrote about Gaul but his account is more journalistic than historical in the sense that it was really a political campaign book.

will who is able to direct the national power to the suppression of the rebellion... Certainly to such contemporaries of Abraham Lincoln, he was mediocre, or even poor. We do not believe that today.

Deaths Equal The Record Low Mark

LONDON (U)—Britain's death rate in the third quarter of 1952 equalled the lowest level ever reached. And infant mortality and the stillbirth rates were the lowest ever recorded.

Godspeed!

Notebook—Hal Boyle

All Men Are Habit-Forming, Frances Says, In Answer To Hal's Comments

(EDITOR'S NOTE: Hal Boyle wrote a column describing the kind of ideal husband every woman needs. Today his wife presents a firm rebuttal.) BY FRANCES BOYLE

hairless dog? You can't keep trying to crawl headfirst through a pillow each morning to hide from an alarm clock without rubbing off some hair.

tea because his mother did. I don't know who taught him to smoke cigars. Let me conclude Mr. Boyle's analysis with this point:

Your Income Tax—2

Special Break Is Offered To Some Income Taxpayers

(Second of Six Articles on How To Make Out Your Federal Income Tax Return.) BY FRANCES J. KELLY

WASHINGTON—Although tax collections are running now at a record high some income taxpayers get a better break under the laws than they did a couple of years ago.

Taxpayers over 65 years of age get special consideration on their medical and hospital expenses. In their case, all such expenses—subject to limitations explained below—are fully deductible if long form 1040 is used.

This Day In Texas

Discovery of oil in the coastal marshes bordering the Sabine River on this day in 1859 inspired some dispute as to the ownership of that river bed.

LIFE'S DARKEST MOMENT

Efforts Must Be Made To Build Up Old-Fashioned Party Of Dems

The opinions contained in this and other articles in this column are solely those of the writers who sign them. They are not to be interpreted as necessarily reflecting the opinions of The Herald—Editor's Note.

(Nothing in Harry Truman's departure from the Presidency is more symptomatic of the man than his manner of leaving it. The tidelands move is deliberate plan of a discredited leadership to embarrass the new administration and the new Congress.

Today And Tomorrow—Walter Lippman

Inauguration Day Is Spectacle That Can't Be Taken For Granted

In the manner of his going Mr. Truman has been every inch the President, conscious of the great office and worthy of it. His farewell messages are those of the man of whom it can 'airily be said that he had many opponents and few enemies.

be contested, that the system of the Constitution continues. Though Cobb did not live to see more than the first intimations of the latter-day tyrannies, he knew how short and troubled have been the attempts of men to conduct democratic governments.

Bathrooms Are Lacking In London

LONDON, (U)—Nearly half the private homes in the County of London—which includes all of the central districts of the British capital—are without a bathroom.

These statistics on London's washing facilities are given in the annual report of Dr. J. A. Scott, county medical officer of health. His report says the London population has dropped more than a million in the past 20 years to the present level of 3,348,000.

Rain Revives The 'Dead' Rose

Today I wish to take up two plants which have strange ways of getting along in the world. They are the tumbleweed and the rose of Jericho.

has been an object of wonder to people in Palestine and Syria for thousands of years. The rose of Jericho also goes under the name of "resurrection plant." It dies, or seems to die, then comes to life again.

Stage Show Set Tonight

The P-TA sponsored musical stage show, "The Three Little Pigs," will be presented this evening in the High School auditorium beginning at 7:30.

Dwarfs will be featured in the title roles and the cast will be an all-adult professional group from the Penthouse Productions of New York City.

Tickets are 75 cents for adults and 50 cents for children. They may be purchased from any P-TA unit president, from Mrs. Bill Seals, vice president of the city Council of P-TA, or at the door just before the performance.

Proceeds will go toward paying delegates' expense to the national convention in Oklahoma City.

First Methodist Circles Continue Bible Studies

Monday night in the church parlor. Mrs. Walter White, lesson leader, led the group in the reading in the hymn, "O God Our Help," and Mrs. Jane Jones led the hymn, "Break Thou The Bread of Life."

Taking up the second chapter of Bible, Mrs. Sparks spoke on "The Physical Setting of the Old and New Testaments." Mrs. L. R. Saunders gave the social setting, Mrs. Martin Stagg's religious setting, and Mrs. White closed with a discussion of a few customs of Biblical times.

Mrs. White and Mrs. Stagg will represent the group at the sub-district WSCS meeting to be held Thursday in Lamesa. Attending were seven members and a new member. Mrs. W. T. Poulas.

Mrs. R. S. Youngblood was in charge of the lesson at the meeting of the Fannie Hodges Circle in the home of Mrs. J. R. Chaney. She led the opening prayer and spoke on "The World of the Bible."

Mrs. S. R. Nobles gave the social setting, Mrs. C. R. Moad the religious setting and Mrs. N. G. Hoover the customs.

During the business session Mrs. Moad reminded members of the sub-district meeting. The next meeting of the circle will be Feb. 2 in the home of Mrs. H. M. Fitzhugh.

McClures' Relative Rides In Parade

Mr. and Mrs. Eck McClure, Rt. 1, have received word that his cousin, J. N. Willis, of Ropesville rode in the Inaugural Parade today in Washington.

Head of the Hockley County Sheriff's posse, Willis rode in front of the group carrying the U. S. flag. His posse, according to the McClures, was the only one in the country invited to join the parade.

Mr. and Mrs. Willis left last Friday on the special Texas train to Washington.

Committees Of Auxiliary Appointed

Committees were appointed by Mrs. John Hodges, new president of St. Mary's Episcopal Auxiliary, at the Monday afternoon meeting in the parish house.

They are Christian social relations, Mrs. Shine Phillips; program, Mrs. Ray Clark and Mrs. E. G. Fausel; talent fund, Mrs. E. V. Spence and Mrs. Obie Bristow; house, Mrs. David Snelling; devotional, Mrs. T. C. Thomas; budget, Mrs. Mort Denton and Mrs. Bristow.

The following delegates and alternates were elected for the annual convocation to be held in Lubbock March 14-16: delegates, Mrs. Hodges, Mrs. Bristow, Mrs. Clark, Mrs. Denton and Mrs. Lee Hanson; alternates, Mrs. John Whiting, Mrs. Charles Long, Mrs. Jake Hancock, Mrs. J. N. Young and Mrs. M. H. Bennett.

The meeting opened with a prayer in unison, led by Mrs. Hodges, and the program was an hour-long recording of the high points of the triennial general convention of the Episcopal Church held for two weeks in Boston last September.

General's Wife Rescued From Pacific Ocean

SAN FRANCISCO (AP)—Mrs. Alys S. Trappnell, 46, identified by the Army as the wife of Brig. Gen. Thomas J. H. Trappnell, was rescued from the Pacific Ocean here last night.

Patrolman Paul McGoran said it was a suicide attempt, but the woman's mother, Mrs. Hulda N. Snow, discounted that possibility, saying: "I think she must have fainted on the beach. She often goes for walks there."

Mrs. Snow added that Mrs. Trappnell, who returned only two months ago from Indochina, where Trappnell is stationed, was "depressed because the general must remain overseas another year."

Trappnell is stationed at Saigon, Indochina, with the U. S. military mission. He is a survivor of the Bataan death march and of the Japanese prisoner of war camp at Mukden, Manchuria.

Physicians at Park Emergency Hospital said Mrs. Trappnell was suffering from an overdose of barbiturates, immersion and shock. She was transferred to the Army's Letterman Hospital, where her condition was listed as critical.

Trappnell formerly commanded the 187th Airborne Regimental Combat Team in Korea and participated in restoring order among rebellious Communist prisoners of war on Koje Island.

Mrs. Trappnell returned to the United States from Saigon Nov. 14 and had been staying here with her mother, Mrs. Hulda N. Snow.

Lucille Joins Lucy With New Baby Boy

HOLLYWOOD (AP)—Lucille and Lucy both have baby sons today, actually and via television.

For actress Lucille Ball and her husband Desi Arnaz, it's Desi Arnaz IV, 8 pounds 9 ounces, born by Caesarean section in Cedars of Lebanon Hospital yesterday.

For Lucy and Ricky Ricardo, the TV characters played by Mr. and Mrs. Arnaz on the "I Love Lucy" show, it's a boy, born during the program last night with far more commotion, and slacker, than the actual birth some 12 hours earlier.

The TV pregnancy sequences were filmed in advance and the staff decided long ago that the TV baby would be a boy, considered better for show business.

Plenty Of Bills Face State's Legislators

AUSTIN, Jan. 20 (AP)—An immediate state police crackdown on narcotics peddlers is called for in an emergency bill introduced in the 53rd Legislature.

It was one of scores of important measures offered by senators and representatives as the session whirled into an unusually fast start.

The high noon inaugural of Gov. Allan Shivers and Lieut. Gov. Ben Ramsey was today's principal business. But members were studying a rush of measures, many of them aimed directly at solving the session's biggest headaches: money raising, spending, water control.

The legislators had been expected to wait until after Shivers and Ramsey formally took office before settling down to bill writing and introduction.

Ramsey spurred senate efforts yesterday by announcing membership of committees which will process all legislation. It was at least a day ahead of his original plan.

In the house, the Appropriations Committee announced it would begin hearings on fund requests tomorrow at 2 p. m. Appropriations

TESCO Acquires Property In City

Texas Electric Service Company has closed a trade for 30 acres in northwest Big Spring.

The property, formerly the West Texas Livestock Commission Company, was acquired from the Texas General Baptist Convention, said R. L. (Jimmie) Beale, district manager for TESCO. The Baptist group had been given the property by A. L. Wasson, Big Spring.

Currently, part of the area is being used for storage of materials for a major construction project. This job involves the extension of high-voltage transmission lines from the Morgan Creek generator southwest of Colorado City. It will go through southeastern Howard County into the Spraberry area south of Midland. One line will connect with the Odessa-Midland sector.

No improvements to the property are anticipated at this time, said Beale. Eventually, the tract may become an area distribution headquarters.

CARD OF THANKS

Mr. and Mrs. Ernest Cole,
Mr. and Mrs. Loyd Reed,
Master Sgt. Joe Reed Jr. and family,
James Guthrie and family.

Farm Bureau Won't Back Plan To Add Cent To Gasoline Tax

By FRANKLIN REYNOLDS
Gov. Allan Shivers' plan to put an additional one-cent tax on the gallon of gasoline definitely is not going to have the support of the Texas Farm Bureau Federation.

That fact was made very plain at the meeting of 100 delegates to the TFBF's District 6 meeting at the Settles Hotel yesterday.

C. H. DeVaney of Cosbama, vice-president of the state organization, who presided in the absence of J. Walter Hammond, who is ill, in answering a question from the floor as to where new tax money is coming from, called attention to the resolutions of the last state convention calling for no increase in state taxes from any other source until natural resources, being exported from the state comparatively tax-free, bear their fair share of the financial burden.

Thus, has it been reaffirmed that a tax fight similar to that in the last session of the Legislature must inevitably arise in the present session. DeVaney also reminded the delegates that allied with the TFBF in the present campaign for a "more equitable distribution of the tax burden" will be the same allies as carried on the fight two years ago — the Texas County Judges and Commissioners Association and the Rural Letter Carriers organization.

Loyd D. Barbour of Iowa Park, director of District 3 of the state farm group also addressed the meeting, telling them that the situation in Austin is such that a great many of the members must be making plans to go to the capital when needed to throw their personal presence into the fight.

"We cannot trust the government to look after our interests for us," he commented, on either the state or the national levels. He explained that the farm and ranch population is only 15 per cent of the total population of the country and warned that by 1975 this percentage will have dropped to 12 per cent. "We are faced with the problem of fewer people feeding more people as the years pass," he commented.

The speaker urged immediate membership drives in all counties in order that the force of larger memberships can be thrown into the proposition of persuading the members of the Legislature that the interests of the rural people must be protected. He also told the delegates, speaking of the members of the Legislature: "We can't wine 'em or dine 'em. All we can do is inform them." He said "a lot" of the rural people

Repeal Sought Of Inspection Law On Autos

AUSTIN.—Senator Carlos Ashley of Llano hopes to get repeal of the controversial auto inspection law, passed by the last Legislature, before the April auto registration deadline.

He has repeal legislation ready to introduce in the Senate as soon as that body is organized and ready for bill-passing.

A half-dozen members of the House are preparing the same sort of bill.

Because of the rush expected from lawmakers eager to repeal the unpopular legislation, Ashley jokingly offered to have as many co-authors of his bill as wanted to get on the bandwagon.

The inspection law was wrong in the first place because wrecks can largely be blamed on drivers, not on the autos, Ashley believes.

He favors, instead, a strengthening of the Highway Patrol to cut down on the highway slaughter.

"It has been proved that more patrolmen out on the highways are a deterring influence," he said. "It's not a matter of arresting people... just their presence will cut down reckless driving."

Auto owners should pay the cost of the added patrol force, he believes.

Ashley can't introduce a tax measure, those have to originate in the House, but he suggests a \$1 addition to registration fees on autos, the \$1 to be earmarked for law enforcement.

With an estimated three million cars in the state, this would bring in \$3,000,000 for bolstering the patrol force.

The Patrol estimates it costs \$12,000 a year to keep two men and one patrol car on the road," Ashley said. "This \$3 million would give them 250 more cars and 500 more men, nearly double the present force."

The present auto inspection law has cost Texas motorists from \$10 million to \$15 million for inspection and repairs... and that's besides the administrative costs."

Assault Charges Are Filed In Colo. City
COLORADO CITY, Jan. 20 — Charges of assault with intent to murder have been lodged here against Andy Garcia, 32, and his brother, Leo Garcia, 35.

The counts were the aftermath of a shooting spree in which two cars were severely damaged Saturday night.

Justice of Peace W. J. Chesney said the two men were charged with "acting together" in attempting to murder Joe Aguilar, Lorraine, occupant of one of the cars. The two Latin-Americans were released under bonds of \$1,000 each.

Rail Worker Killed
SIOUX LOOKOUT, Ont., Jan. 20 (AP)—A 16-car Montreal - Winnipeg train derailed today, killing a railroad worker and injuring 24 persons.

of Texas will be needed to appear before the Legislature in support of legislation designed to bring about a more equitable distribution of the tax burden. He warned that legislation controlling the use of underground water may be written into the statutes, and reminded the farmers and ranchers that they would have a vital interest in such laws. He called upon them to be prepared to take part in the battles that are shaping up.

Barbour spoke at the afternoon session which followed early-afternoon panel discussions. Also speaking on the afternoon program was Leon Lane, organizational field representative for the state bureau, who asked each county to make new efforts to increase its membership.

In this connection Cecil Leatherwood, president of the Howard County Farm Bureau pointed out that with only 800 farmers and ranchers in the county his bureau had a membership of 715 in 1951; 641 in 1952, and pledged a membership of at least 700 for 1953. Howard County has the outstanding membership percentage in the entire 30-county area composing District 6.

Following Lane's address, Sam Allen of Lamesa offered a resolution which was adopted and which authorized the county presidents, when they only 800 farmers and ranchers in the county his bureau had a membership of 715 in 1951; 641 in 1952, and pledged a membership of at least 700 for 1953. Howard County has the outstanding membership percentage in the entire 30-county area composing District 6.

ELEPHANT WAS ONCE A DEMO

AUSTIN, Jan. 20—Miss Burma, the official GOP elephant in Eisenhower's inaugural parade today, used to be a Texas Democrat.

So says Sen. Harley Sadler, who once owned Miss Burma. Back in 1935 Sadler bought a circus outfit from Phil Isley, father of movie actress Jennifer Jones. Miss Burma was the star of the four elephants in the show. She and the others, toured West Texas with the Sadler and Bailey Brothers Circus.

Miss Burma now is owned by Mills Brothers Circus, headquartered in Ohio.

"Turned Republican soon after she moved to Ohio," Sadler commented.

Buchanan of Lubbock, area organizational director.

The meeting held here was one of 12 being held throughout the state.

Oil Purchasing Firms Due To Answer Supply Questions

AUSTIN, Jan. 20 (AP)—Major oil purchasing firms have been asked to answer seven questions on the oil supply situation to aid the Railroad Commission at its Feb. 18 state-wide oil poration hearing.

Chairman Ernest O. Thompson asked companies to answer the questions by Feb. 10 and to send a responsible official who could elaborate on or explain the data furnished, if necessary.

The questionnaire asks the following:

What do you consider ample stocks of crude, gasoline, kerosene, distillate and residual in the U. S. for May 1 and Nov. 1 of this year?

Do you consider total stocks today too high, too low or about right?

Does your company or any of its subsidiaries import crude or oil products? If so, give schedule

Oil Purchasing Firms Due To Answer Supply Questions

of imports, crude and products for 1953, by gravities.

Have you sold oil abroad to others for importation into the U. S.? If so, how much per day is contemplated?

Do you expect an increase in the expressed policy that oil imports should only supplement and not supplant U. S. domestic production?

Do you expect an increase in U. S. domestic demand for petroleum in 1953? If so, please estimate what your study reflects percentage-wise.

Do you contemplate a further steel shortage as affecting oil well drilling in 1953?

Thompson said answers to the questions were needed to determine market demand for Texas crude oil as required by Texas conservation laws.

LOOKING 'EM OVER

With Tommy Hart

The Texas Interscholastic League, those who do the thinking for that august organization, should deliberate before agreeing to okeh the two-platoon system in football.

True, the Texas Coaches Association has recommended that the unlimited substitution rule be retained, even after the National Collegiate Athletic Association rules committee voted to outlaw the controversial statute.

One wonders, though, whether the coaches had selfish motives in recommending that two-platoon ball not be outlawed. After all, it would entail much more work for the mentors.

The TII officials—and the coaches themselves—have this to think of, though. Two-platoon ball has been outlawed in college. If the boys don't get the training to go both ways in high school, where are they going to get it?

Texas college ball in general and Southwest Conference ball in particular has gone down hill the past year or two. What chance will such teams have in future seasons if the boys don't get the fundamentals in high school?

The Texas Interscholastic League has always gone down the line on NCAA rules and regulations in the past. It wouldn't be wise to get rash and go off the deep end at this time.

Corpus Christi Ray High needs two football games to fill out its 1953 schedule, is finding it very difficult to book games. The Ray team recently lined up a contest with Central High of Oklahoma City.

Miller High of the same city needs a grid date on Sept. 17. Ray's two open dates are Sept. 18 and Oct. 30.

Judging off the games in which I've seen them to date, the Big Spring High School cagers need a navigator—built on the order of Charley Warren.

Right now, Warren is HCJC's 'stabilizer.'

When you're analyzing the HCJC team, by the way, don't overlook the part Bobby Maines has played in the success of the team.

Not enough, perhaps, has been said of the young sophomore with the elastic in his jumping gear. His set shot is deadly, something to behold, and he needs less time to execute it than most players.

He set a scoring record in high school here that still stands. He had a great freshman year with the Hawks. And, wait and see he'll be a whiz in Western Zone play, which is just around the corner.

Paul Brown, the brilliant coach of the Cleveland Browns, says he got more out of coaching in high school than in any other level of football.

"That's where you render the most service to kids," says he. "You get a greater feeling of accomplishment when you see them progress."

Sonny Wimberly, a very promising football back at the local high school, is strengthening an ailing knee by running up and down the steps of Steer Stadium almost every evening.

Time was when it was considered better to stay off a game leg as much as possible. Now, medics say to try and strengthen it as soon as possible.

Look for Bobby Bragan, recently deposed as manager of the Fort Worth Cats, to get a kick up the baseball ladder. He's supposed to step in as skipper of the Hollywood Stars of the Pacific Coast League.

FOR FIRST TIME

Fem Volley Ball Team In Action

Arah Phillips' Big Spring High makes its first start of the new season this evening in Midland, at which time both A and B teams will see action.

The B game gets underway at 6:30 p. m., the feature attraction an hour later.

Back from the games last season won 29 and lost 3 games that season

are five letter winners and three regulars. They are Rosemary Rice, Nell Glover and Eloise Carroll, all of whom were regulars; Anna Mae Thorp and Nita Anderson.

The newcomer to the team is Louise Burchett, a sophomore up from Anna Smith's Junior High sextet. At 5-feet-8, she is the tallest girl on the starting lineup.

The Steerettes' three losses last year were at the hands of Abilene, 33-27; Monahans, 21-20; and Lamesa, 24-23. The defeat by Monahans occurred in the Big Spring Tournament. When the other two losses were absorbed, Coach Phillips was missing due to illness.

Big Spring defeated Midland five times in as many tries in 1952, twice in practice tilts and once each in tournaments at Lamesa, Big Spring and district. In the conference meet, the Steerettes prevailed, 23-15.

Regulars missing from last year's team are Charlene Wilson and Mona Lee Walker, each of whom lettered four years; and Sue Dennis.

Fornieles Wins Rookie Honor

Miguel (Mike) Fornieles, former star pitcher for the Big Spring Broncs, has been named Rookie of the Year in the Cuban Winter Baseball League.

Minnie Minoso, star outfielder for the Chicago White Sox, was chosen as the top veteran playing in that circuit.

The selections were made by a serving as baseball advisers for the National Sports Commission.

Both Fornieles and Minoso perform for the Martians club and Fornieles, like Minoso, is now employed by the White Sox.

They will be honored at the height of a sports fiesta Jan. 25, at which time they will be presented with special diplomas. Fornieles has an 8-3 won-lost record with Mariano.

Houston To Double Its Prize Money

HOUSTON, Jan. 20 (AP)—The Houston Open is doubling its prize money to \$30,000 to become—along with the Los Angeles Open—the richest tournament of the winter golf tour.

Only tournaments that offer more money now are George May's twin summer tournaments in Chicago, worth \$100,000 together, and the \$40,000 PGA meet.

President Dick Nauts of the Houston Golf Association, sponsors of the Houston Open, said yesterday that R. E. (Bob) Smith, millionaire Houston oilman, had offered to make up any loss the tournament might show for 1953 and 1954.

Dykes Overweight For Turner Bout

PHILADELPHIA, Jan. 20 (AP)—Philadelphia's Gil Turner will tip the scales at 149 or 150 pounds for his ten round outsize bout with Bobby Dykes of Miami here tonight.

But the lanky Florida boxer is having trouble making even the welter weight limit of 154 pounds.

Dykes, who has relinquished all claims as a welter contender because of his weight, was two pounds over the limit at a practice weight-in yesterday.

Lou Vicenti, co-manager of the six foot Dykes, was hoping an overnight "drying out" process would have the Dixie battler within the limit.

Ex-Steer

Calvert Shortes, HCJC basketball reserve, formerly performed for the Big Spring High School Steers. He's a freshman at the local college. He's 6 feet ½ inch in height.

Hogan, Harrison Share Phoenix Tourney Lead

By BOB MYERS
PALM SPRINGS, Calif., Jan. 20 (AP)—Golf's famous little slugger, Ben Hogan, remained temporarily out of retirement today, doubtless to the distress of the active members of the profession.

Hogan emerged from the sidelines to play in the unusual \$10,000 Thunderbird Country Club Invitational, and proceeded to torture the course with a seven-under-par 65 to share the lead after the first round yesterday.

The co-leader was veteran Dutch Harrison, and trailing behind were 23 other professionals out of the select 30 invited here who shot sub par golf.

Included in this array was still another grand "oldtimer," Byron Nelson, who forsook his ranch at Rosamoke, Tex., long enough to play here and score a fine 68.

Thunderbird is hardly three years old. Its expensively created course—a 6,300 yard carpet of green stretching out on an otherwise barren, sunbaked desert—has par of 36-38-72.

The members decided to throw a pro-amateur tournament and each pitched in \$100 or more to make up the money pot. For this, they get to play the first two rounds with one of the pros.

Bob Hope, Bing Crosby, Phil Harris, Randy Scott, Bing's son Lin, Jerry Lewis and other members joined in the fun. Hope said he shot approximately 78—give or take six or eight strokes.

Teeling off today, the nearest threat to the leaders was Jim Turnesa, whose 34-32—66 was just one stroke ahead of four others.

Paty Named 6-B Athletic Chief

LORAIN — Supt. O. B. Paty of Hermleigh was named chairman of 6-B football district, representatives of which met here Sunday.

Assigned to the conference are Coshoma, Hermleigh, Lorraine, Hobbs and Ira.

It's Official, Wyatt Now Head Coach At Arkansas

FAYETTEVILLE, Ark., Jan. 20 (AP)—Bowden Wyatt now is officially the University of Arkansas' new head football coach.

The 36-year-old teacher of a jazzed-up single wing was released yesterday from a contract which had nine years to run at the University of Wyoming.

A week earlier he was offered and accepted the Arkansas job for five years at \$12,000 annually to succeed Otis Douglas, resigned.

Bill Good, assistant to the Arkansas president, said today that agreement, included in the minutes of the board of trustees meeting, officially tied Wyatt to the post providing he could get loose at Wyoming. The actual signing of a contract will be a mere formality when Wyatt arrives here, Good added.

Wyatt said at Laramie, Wyo., last night that he would leave immediately to take over his new assignment.

In releasing the coach, the Wyoming board called attention to "the high frequency" with which coaches

IN DODGER LINEUP

Junior Gilliam May Be Good Enough To Replace Robinson

By JOE REICHLER
NEW YORK (AP)—It was just before Christmas and Jackie Robinson was visiting the office of the Brooklyn Dodgers. "I'm glad you dropped in," a club official remarked. "I want to talk to you about next year."

"I'll get to the point quickly," the official continued. "We have a kid second baseman in the minor leagues who we think is ready to take your job right now. His name is Junior Gilliam and he was the best minor league player of 1952. He may not be able to do all the things you do, but he's 10 years younger."

"He's not even on our roster yet, but he's going to play a lot of second base for us during spring training. In short, we're grooming him for your job."

"Now, what we would like from you would be to help the kid as much as you can. We're asking a lot since you may be cutting your own throat. How about it?"

Robinson, who had been listening intently, didn't hesitate for a moment.

"I'll help the kid all I possibly can," he said. "I hope, for the Dodgers' sake, he is every bit as good as you say he is. But I'll tell you this, I'm not yet ready to give up my job—to Gilliam or anyone else. Maybe next year. But not this. Should he, however, win the job from me, I'll still be in the

lineup somewhere. I know I'm still good enough to play every day on this ball club, so somebody better watch out."

Gilliam (true mouler Jim) could cause a radical changeover in the Brook lineup if he is as good as his press clippings. He is a switchhitter and oh, how the Dodgers yearn for another southpaw swinger!

He batted .301 at Montreal, slammed home 112 runs and topped the International League in runs scored with 111. He was up among the leaders in doubles and stolen bases and was named the circuit's most valuable player. He can per-

form with equal facility in the infield and outfield. He played six positions for the Royals last season and also the year before. He didn't miss an inning of play.

Gilliam will be one of 24 newcomers at the Dodgers' Vero Beach, Fla., spring training camp, although several like pitchers Ronnie Negray, Jim Hughes and Sandy Amoros were given a brief look last September.

Of the eight hurlers, the one most likely to make it is Ed Roebuck, 6-foot-2, 185-pound right-hander, who had a 13-8 record at Montreal. He is 22. Ronnie Lee, a left-hander discharged from service, had an impressive 14-4 record and a 2.20 ERA in his last season as a relief specialist at Montreal. Bob Millikin also is a possibility.

"If I can find a couple of relief pitchers in the lot," said Manager Charlie Dressen, "I'll be able to make Joe Black into a regular starting pitcher. Otherwise Joe will have to double up as a starter and reliever."

The prize of the infielders and outfielders is Don Zimmer, who is tabbed as certain to replace Pee-wee Reese—if and when. The 22-year-old Zimmer has amazing power for a 5-foot-9 guy and blazing speed afield and on the bases. With Mobile he collected 190 hits, including 32 doubles, 7 triples and 7 home runs and batted in 91 runs. He struck out 111 times, however.

Kids' Baseball Will Be Discussed Tonight

Sponsors and managers of Little League baseball teams will meet at John Dibrell's Sporting Goods store at 7:30 o'clock to discuss plans for the coming season.

D. R. Gartman, who is ramrodding the drive for baseball for the youngsters, said he had lined up 11 sponsors, eight of which will field Little League teams and three for Pony League ball.

The Pony League is for boys in the 13 and 14-year-old bracket.

A new playing field will also be discussed at tonight's parley.

EXPLOSIVE SITUATION

U.S., Russian Jets Fly Over N. Japan

By WILLIAM C. BARNARD
 TOKYO (AP)—American and Russian jet pilots are fencing bloodlessly—and almost daily—over the frozen wastes of Northern Japan, a U. S. general reported today in an interview.

Thus far they haven't tangled but Maj. Gen. Delmar T. Spivey called the situation "tense and explosive."

Spivey fathered Japan's air defense—manned by U. S. pilots in U. S. planes—and commanded it 2½ years. He left today to take command of the U. S. Central Air Defense Zone with headquarters at Kansas City.

He said the Russians have dozens of airfields on Sakhalin and the Kurile Islands—the closest only 13 seconds flying time from Northeastern Hokkaido.

"We are watching them and they are watching us," Spivey said.

"When they fly we see them and when they head towards Japan that triggers off the air defense system."

U. S. jets streak into Northern Hokkaido, Japan's snowbound, northernmost island, on frequent alerts.

Sakhalin is separated from Hokkaido by 20 miles of Soya Straits but Spivey pointed out that, from Northeastern Hokkaido, the nearest Russian-held Kurile Island is only 4½ miles.

"That means Russian territory is only 2½ miles from Hokkaido," he said. "At 600 miles per hour, that's 13 seconds from their territory to ours."

Russian planes engage in "training, gunnery and bombing near Japanese territory," the general disclosed. He said there had been no proved violation of Japanese territory by Russian jets since last week's announcement of the Japanese government that such violators would be shot down—by U. S. pilots.

Japan is defended by F84 Thunderjets and F94 interceptor jets. The Air Force has not confirmed well founded reports that Sabre jets—which hunt MIGs in Korea—are also poised to catch Russian MIGs over Hokkaido.

"Asked on what day the latest alert sent Allied warplanes to Northernmost Hokkaido, Spivey replied: "Probably today."

Inaugural Talk Today Is 42nd

WASHINGTON (AP)—Dwight D. Eisenhower's inaugural address today is the 42nd in the nation's 164-year history.

How come, since we've had only 32 men in the White House before today?

It's this way: 17 Presidents served one elective term each, making 17 inaugural addresses.

Nine—Washington, Jefferson, Madison, Monroe, Jackson, Lincoln, Grant, McKinley and Wilson—were elected to two successive terms, making 18 more inaugural addresses for a total of 35.

Cleveland was elected a second time after being out of office four years, making two more inaugurations for a total of 37.

Franklin D. Roosevelt's four elections brought four more inaugurations for a grand total of 41.

But that accounts for only 28 men making inaugural speeches out of the 32 before today, doesn't it?

Well, there were four more Presidents all right. But each one—Tyler, Fillmore, Johnson and Arthur—moved up from the vice presidency because of deaths and was never elected President on his own. They took an oath but it was without the frills of pomp and speech.

Salvation Army Building Being Remodeled Here

A need for bedding at the local Salvation Army headquarters was voiced today by Lt. Robert Hall, local commander.

Hall reported that all kinds of bed clothing are needed—sheets, quilts, blankets, and pillow slips. Bedsteads, mattresses, and springs are also needed, he said.

The bed furnishings are needed for the transient building at the headquarters. Hall said that decent places to sleep can not now be furnished those stopping over.

The transient building is now being remodeled into a dormitory style lodging. Previously, a m 11 rooms have been available and not many people could be accommodated.

Hall stated that the dormitory style will provide spaces for approximately 48 beds. Partitions have already been ripped down to start on the remodeling.

Made out of two old army barracks, the transient building has previously consisted of one long hall with rooms on each side. Everything was dark inside. Since the partitions have partially been torn down, the place has been lighted considerably.

Future plans call for a sitting room in front with couches, chairs, and perhaps a reading table. A family room will be constructed for transient families, and a ladies' bath will be installed.

A men's bathroom will be enlarged to consist of three water closets, three water basins, two urinals and three showers. At the present there is only one shower.

All the remodeling work is being done by people staying in the building. Hall stated that two of the men now lodging at the Salvation Army are carpenters.

Work on the remodeling should be complete in about two months, Hall said. He hopes that bed clothing can be obtained to complete the change.

"All we have now are old blankets that will hardly stand up under the strain of washing," he said. "However when they are cleaned up we can put them in other covers and use them."

Hall asked people having old blankets to contribute them, as they could be repaired.

In addition to the transient building, the clothing room is undergoing a face lifting. It has already been enlarged, and bins for different articles of clothing have been constructed.

"We're starting the sorting out process now," he said. "We should have it ready in a couple of weeks." Hall reported that there was no pressing need for clothing contributions at the present time.

Answer To Ancient Horror Story Sought

COPENHAGEN, Denmark (AP)—A moldering skull still covered with blonde hair was sent to a laboratory today for tests to prove that Giertrud Birgitte Bodenhoff—one of 18th-century Europe's richest women—really was buried alive, then killed by grave robbers 155 years ago.

The skull and a convulsively twisted skeleton were found yesterday after 10 days of digging, scraping and brushing in a cave-d-in vault in Copenhagen's Assistens Cemetery. Medical experts said they almost certainly were the remains of the rich beauty.

Giertrud's death is the subject of an old horror story that has sent shivers up and down generations of Danish spines. The ancient tale claims that she was buried in a state of suspended animation—by mistake after an overdose of narcotics—and later slain by grave robbers who sought to steal her jewelry.

The almost intact skull, uncovered by Police Constable Theodor A. Binnebaile, an amateur archeologist, had a slightly underhanging jaw. Contemporary paintings indicate that Giertrud's jaw was a bit that way.

Surgeons and dentists who althiered down into the vault agreed the skull belonged to a woman about 19 years old at the time of her death. Giertrud was 19 when she was buried.

The position of the skull and the skeleton indicated that she really had been murdered in her coffin. The skeleton was partly turned over and the thigh bones and spine bent convulsively back as if the young woman had been writhing in agony at the time of death.

The skull was found face downward, although undoubtedly the woman had been buried on her back. There also was a distinct dent in the brow as if it were hit by some sharp instrument.

The old tale claims that Giertrud was awakened by pain when one of the grave robbers yanked violently at an earring she was wearing. She sat up in her coffin begging for help, but the ghouls raped her and clubbed her with a spade.

Surgeons hope that X-ray tests, to be started today, will furnish final proof of Giertrud's after-burial murder.

Ike's Take-Home Pay Is Less Than That Of Truman

WASHINGTON (AP)—As President Dwight D. Eisenhower will receive about \$39,000 less in take-home pay than his predecessor Harry S. Truman.

The latter wanted Congress to remove this difference by retaining for Eisenhower the same tax exemption on a \$50,000 expense allowance that Truman enjoyed. Eisenhower himself made no comment and Congress, which had to act by Jan. 20 for the new President to benefit, did nothing about it after a House committee rejected the bill.

Here's the way Truman figured out his own and Eisenhower's pay:

Truman:	Annual salary	\$100,000
	Tax-free expense allowance	50,000
	Total	150,000
	Tax on salary alone	56,000
	Take-home pay	94,000
Eisenhower:	Annual salary	\$100,000
	Taxable allowance	50,000
	Total	150,000
	Tax on full amount	95,000
	Take-home pay	55,000

Rain Is Possible In Washington Tonight

WASHINGTON (AP)—A bit of rain is in prospect for Inauguration Day today, but not until the noontime swearing-in ceremonies of the President are well past.

The official forecast as of early today: "Early morning fog followed by considerable cloudiness with high near 50 today. Light rain likely tonight."

"We're starting the sorting out process now," he said. "We should have it ready in a couple of weeks." Hall reported that there was no pressing need for clothing contributions at the present time.
