September if the state legislature is going to give money out to build new prisons," according to Dr. Charles Barnes, project manager for the HOOS-GOW project. Dr. Barnes spoke to the Cisco Rotary Club last Thursday.

Eastland County is working toward getting a new prison system built here. Dr. Barnes said there will be three general areas in Texas chosen first and then the Texas Department of Corrections will make a tenative choice for one place and then it will go to the state legislature. He said all the factors of a future prison site will be looked at.

Barnes said one good point for Eastland County is that 25 percent of all prisoners come from the Dallas-Ft. Worth area. He said with the Interstate going thru this area, it will be easy for an inmate's family to visit them. Barnes said Eastland County is seeking a 2,250 bed prison similar to the one near Palestine, Texas. He said the prison will create 825 jobs that Eastland county does not have now. He said approximately 60-85 jobs will be filled by personnel from other prisons, but the remainding jobs will have to come from this area. He said the starting salary for these jobs will be from \$11,000 to \$46,000 annually.

have been put on probation and were not sent to prison. Barnes said everyone would probably be shocked to realize that over 400 citizens of Eastland County are on probation or are parolees. He said these are the same people that are considered prison escapees.

If Eastland County is chosen as the site of a prison it will take a little over a year to build the facility.

The HOOS-GOW project has taken interested citizens to the Correctional facility near Palestine. Dr. Barnes said they will be taking. another trip on February 23, if anyone would be interested in going. He said it is a beautiful campus, but he is always glad to leave there. Dr. Barnes said at the pre-

sent time the HOOS-GOW project is in need of money to buy 300 acres for the site of the prison. He said an option to get the money is for anyone who wants to help to go to their bank and set up a

QUEENS OF THE COURT At the end of an exciting game last Tuesday night in Gorman, the scoreboard disappointingly read Gorman 45, Rising Star 40. The Lady Cats got off to a slow start in the first quarter, and this slow start proved to be the reason for the loss. As the second half began, the Lady Cats started playing basketball as a real team, but it just wasn't enough. The girls really hustled and

Barnes said this will be the biggest industry in this area. He said it will be bigger than the oil, or agricultural industry ever was.

Dr. Barnes said there is a potential 100,000 person work force around this area, when commuting from the larger cities is considered.

He added that if Eastland County is chosen as a site for the prison it will set off a positive chain reaction for the boost of the economy.

Dr. Barnes, who is a native of Rising Star, said one of the biggest fears about a prison coming into Eastland County is what if an escape happens. He said prisons usually have

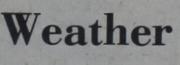

1-2 prisoners who escape each year. He said these are usually trustees, not the hardened criminals. He said the days of sawing the bars off a cell to escape are gone.

Barnes said prisoners today can go home for weddings, funerals or other family matters, if they are trustees. Usually a prisoner who is not in place when roll is called is considered an escapee.

These same men are usually parolled early. Barnes told club members to consider that several people

note with them that if Eastland County is chosen they will give a certain amount of money. Barnes added that if Eastland County is not chosen then the note will not be sent through. For more information on what can be done to help the

HOOS-GOW project obtain a prison for Eastland County, call Dr. Barnes at 442-3413, or stop by his office at 700 Ave. C, in Cisco.

A mild winter suffered serious frostbite as arctic air moved into the area last Thursday and kept temeratures below freezing until Tuesday afternoon. The frosty front brought

thunderstorms and freezing rain Thursday, causing the closing of schools in Carbon and Cisco in our area and putting a coating of ice on porches and vehicles here. Many households and

some businesss had water pipes freeze and some pipes burst; more water meters have been damaged than the City crews have been able to attend. Nighttime lows of 7° and 8° and daytime highs of 15°

to 17° kept area residents shivering during the worst of the cold spell. While the extremely cold weather appears to be a

thing of the past, cold weather is expected to continue for several more days.

WILDCATS TAKE TO THE COURT

Bad luck struck the Wildcats Tuesday evening at Gorman. The score was 30 to 75. High scorer was Reil Barron with 9 points. Others contributing to the score were: Derrick White and Jimmy Evans 4 each; Toby Long, Shawn Morrow, Stacy Green and Shannon Bailey 3 each; and Steven Wilson 1. The boys gave it all that they had and never gave up. Before the game was over, Stacy Green suffered a cracked collarbone and won't be able to participate in any ac-

tivities for a while. The Lingleville game scheduled for last Friday has been rescheduled for Thursday, February 9 at Rising Star.

**Accurate Wage Reports Are A Shared Responsibility** 

'While reminding all employers that annual employee wage reports must be filed by the end of February, Glyn Hammons, Social Security Manager in Abilene, also stressed that both employers and employees must share responsibility for keeping

accurate.

Wage reports should be checked carefully to be sure the name and Social Security number are correct for each employee. Incorrectly reported wages will someday result in lost benefits for the worker if the error is not

Social Security wage records found, Hammons said. According to Social Securi-

13 Administration records, small businesses are more likely to make mistakes in their reports than large businesses. Workers too, should check that their wages are being reported correctly, Hammons said. They should examine their pay stubs and W-2 forms to be sure that the name and Social Security numbers are right.

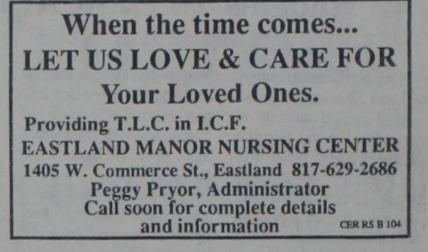

Now everyone can easily check the accuracy of their Social Security records on their own Personal Earnings and Benefit Estimate Statement (PEBES). This statement will show yearly earnings for every year since 1951 and a summary of earnings before 1951. An estimate of future benefits is also figured.

Cisco Writer's Club members are well represented in a recent issue of the "Concho River Review," a literary magazine sponsored by Angelo State University. Both prose and poetry by the local

Small Matter," and "Mother's Seed Quilt."

"A Small Matter" tells of an experience of one of Ruth's Aunts during the depression of the 1930's.

Another inspirational article, "Mother's Seed Quilt," is an account of a heirloom quilt owned by Ruth's mother, Mrs. Voy (Myrtle) Wilks of Cisco.

Ruth, the Secretary of the Cisco Writer's Club, is interested in music as well as writing.

In the same issue is a poem: "Myrtle White's Garden," written by Shirley Strawn (Mrs. Frank Strawn) of Abilene and Eastland County. Shirley grew up in Morton

Valley, and this poem is about a neighbor's garden which once stood on the location of "The Rig" Club. This establishment burned several years ago.

Shirley Strawn is the current President of the Cisco Writer's Club.

A poem by Susie Lewis of Cisco (Mrs. Monte Lewis) is titled "Poland Revisited." A grandmother from Poland and her feelings gave Susie Lewis inspiration for this poem.

The idea for submitting material to the Concho River Review came to the Cisco

writers last March 25-26 when the Texas Literary Circuit Festival was held in Cisco.

Various Editors spoke during this event, outlining the needs of their publications. Dr. Terry Dalrymple, Editor of the Concho River Review, told the audience that he needed authentic material with quality. All were impressed with his publication. The publication of these fine manuscripts by local

writers was a direct result of this meeting. A Gift to the AMERICAN CANCER SOCIETY
