

City Receives City Sales Tax Rebate

State Comptroller Bob Bullock Thursday continued improvements in the tax processing system in his office will result this month in a one-time, multi-million sales tax rebate bonus to cities and quicker tax reimbursements in the future.

Bullock said Texas cities who levy the optional one-percent city sales tax will receive two rebate checks for August.

He said this month's "extra" check will include a large amount of money from second quarter returns filed in the Comptroller's office on the July 31 deadline and normally would have been included in the September payment.

He said one check represents taxes being returned from last month's rebate cutoff through the end of July. The other check is the result of allowing an extra week of tax allocations for cities

during the first week of August.

Rising Star will receive \$907.19 for the period ending 7-31-80. This brings the total 1980 payments to \$10,723.14. For the second payment, from 7-31-80 through 8-7-80, Rising Star will receive \$2,736.00 making the total \$13,459.14 for 1980.

Bullock said city sales tax rebates will now be allowed to accrue through the first week of each month and be paid about the 15th of the month. The previous allocation period ran from the end of one month to the first of the following month and cities were reimbursed sometime after the middle of the month.

Bullock said improvements in the state's deposit and tax posting system will allow his office to keep the rebate pipeline open into the first week of each month and still get out city checks by mid-month.

Jerry Bailey To Graduate

Jerry Bailey is a candidate for summer graduation from the Sweetwater Campus of Texas State Technical Institute.

He will receive a certificate in Building Construction Craftsmanship.

Commencement exercises will be held at 8:00 p.m. Tuesday,

August 19, in the auditorium of Sweetwater High School.

Texas State Technical Institute is part of a growing four-campus system of state-supported college level technical schools. Other campuses are located at Amarillo, Harlingen and at Waco.

Co-Op Announces Meeting

The Pioneer Farmer's Cooperative Annual Meeting will be held August 28, 1980, in the Activity Center of the First Baptist Church, Rising Star. The meeting will start at 7:30 p.m. with plen-

ty of Bar-B-Q and ice tea, followed by a short business meeting. If you wish to attend please call 725-6564 or come by the Co-Op and make reservations so we will know how much food to prepare.

Pep Squad Meeting

There will be a meeting of the junior high pep squad cheerleaders and twirlers Monday, August 25 at 5:00 p.m. Meet at the school cafeteria. All girls should have their full

uniform by now. PLEASE be sure and be there. This meeting will be important to every girl involved. We will discuss rules, routines and the football game schedule.

NARFE To Meet Aug. 26th

The Eastland County National Association of Retired Federal Employees (NARFE) will meet Tuesday, August 26th at 5:00p.m. in Cisco at the Colony Restaurant located just off I-20.

President Neil Eaves will present a slide presentation on Big Bend National Park.

Dinner will be served at 6:00p.m.

All members are urged to be present.

Ada Prentice Meets At May

The Ada Prentice Unit of the United Methodist Church of May met in the home of Mrs. Alice Gee Wednesday morning with twelve women present, where they were served a breakfast. The

delicious meal consisted of bacon, sausage, eggs, angel rolls, cantaloupe and jelly. Effie McGregor assisted Mrs. Gee in serving the meal.

Breakfast was followed with a called meeting.

Mrs. Frank Madison

4-H Rally Day A Real Family Affair

Some of the 4-H group participated in the Halter Making classes during Rally Day. They were: Jami Long, Rex Long, Stephanie Long and Mrs. Tony Long.

Rising Star 4-H'ers enjoyed learning the art of leathercraft at the 4-H Rally Day. Involved in the project were-Seated left to right: Travis Parson, Jamie Hutton, Warren Parson and Karmen Hall.

4-H Rally Day Griggs School Reunion

Seventeen from Rising Star attended the Eastland County 4-H rally Day August 16. They were Jackie Harris, Mr. and Mrs. Rex Long, Jerry and Jami, Karmen and Jay Hall, Mrs. Tony Long, Stephanie and Toby, Mrs. Homer Don Parson, Travis and Warren, and Mrs. J.D. Hutton, Tabitha, Jamie and Tamara.

The club wishes to thank D&T Building Supplies for their willingness to provide boards to protect tables during the leathercraft classes.

PFC Michael D. Clark, son of Mr. and Mrs. J.D. Clark was home for 3 days last week. Michael attended funeral services for his great aunt, Mrs. Ida Montgomery and visited friends and relatives while he was here. He is now spending 21 days at Ft. Chaffee, Ark.

Business meeting will begin at 11:30. Lunch will be at 12:30, which will be furnished.

Hope everyone can come this year.

Second Annual Funday Slated At Ericksdahl

The Second Annual Funday Festivities honoring Congressman Charles Stenholm are scheduled for Sat., September 6, at the Ericksdahl Picnic Grounds near Stamford. Pictured is Stenholm talking with a group at last year's event.

Friends and supporters of Congressman Charles Stenholm are invited to the Second Annual Funday Festivities, Saturday, Sept. 6, 1980, at the Ericksdahl Picnic Grounds near Stamford.

Stenholm and his wife Cindy, along with their children Chris,

This group tried their hand at decoupage. They are left to right: Karmen Hall, Stephanie Long, Mrs. J.D. Hutton and Tamara Hutton.

Sand Art was a new and exciting experience for Mrs. Tony Long, Mrs. Rex Long, Travis Parson, Tabitha Hutton and unknown.

4-H Work Day And Party Set

The scrapbook work day will be topped off with swimming at Lakewood Recreation Center followed by a watermelon feast, if enough watermelons can be found.

Any 4-H'er not accompanied by an adult must bring a signed note from a parent giving permission for him or her to swim. Each member is to bring \$2.00 for swimming.

The work session

will begin promptly at 2 P.M. Saturday in the Community Room of the First State Bank and close no later than 4:30 p.m. to allow time for swimming.

All are to bring clippings, pictures, etc. for the scrapbook and especially ribbons and trophies won since January (4-H & school) to be photographed.

If all goes well, there will be a surprise guest.

Fellowship For Youth Set At Methodist Church

All Junior and Senior High School students are invited for fun, fellowship and refreshments this Sunday night at 7:30p.m. This is an event to get everyone back

together before school starts. The fun will take place in the Fellowship Hall of the First United Methodist Church. We hope to see all of you there!

Don't forget!

Cary, and Courtney Ann, will return to Texas for the Sept. 6 festivities sponsored by friends of Charlie and the Stenholm '80 Committee.

Congressman Stenholm will address the gathering of friends and supporters of the thirty-three county 17th Congressional District. A down-home fried chicken picnic will begin serving at 5 p.m. live entertainment will also be planned.

Tickets for Funday are \$10.00 each and can be purchased by contacting the Stenholm '80 Committee office, P.O. Box 1032, Stamford, Texas 79553, or by calling 915-773-5521 for more information. In case of inclement weather, activities will be held in the Ericksdahl Lutheran Church.

Dorothy Diddle Attends Worskhop In Abilene

Homemaking Teacher, Dorothy Diddle attended a "Get Acquainted" Tea sponsored by West Texas Utilities Living Consultants at the Lytle Shores Auditorium in Abilene.

The program was given by Jane Segerstrom.

Jane Segerstrom, image specialist and author of the exciting new trade paperback, LOOK LIKE YOURSELF & LOVE IT!, the 4-T GUIDE TO PERSONAL STYLE, is as animated as her book is helpful.

Jane heads a public relations firm, serves on the Home Economists in Business National Executive Board, lectures, gives workshops, consults, writes, and is a member of Women in Communications, Houston Professional Writers, American Society of Professional and Executive Women, and National Speakers Association.

Following a B.S. degree in home economics education from Pepperdine University, she taught in junior high and adult education, raised two children, and since has been consulting, speaking, and promoting products and information on radio and television.

Personal appearance Workshops, which Segerstrom began in Houston in 1973, helped clients discover their assets and taught them exactly how to look wonderful. The workshops helped refine the theories, checklists, and suggestions which later formed her book.

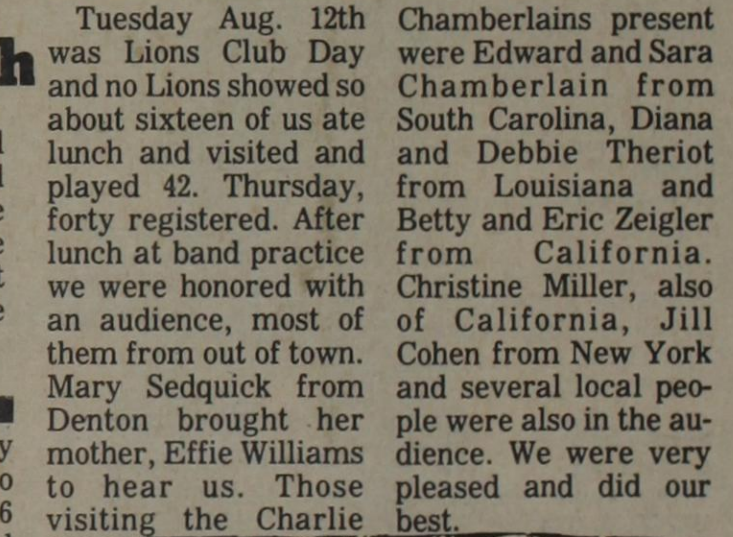

Three years in the writing, LOOK LIKE YOURSELF & LOVE IT! builds on a four-part concept begun by Hippocrates four-hundred years before Christ. It shows the reader how personality, body characteristics, and coloring interrelate—uses checklists to separate all races, all ages, and both sexes into four "Types"—then lists the numerous fabrics, kinds of clothing, accessories, hairstyles and even fragrances which most become each Type. Since personal coloring determines which colors are becoming, its identification is taught; and four charts with nearly five-hundred color samples are included to begin the reader's collection of two-hundred Becoming Colors. Drawings, photographs, charts, an easy, practical writing style, comprehensiveness, and complete index make this a reference work of merit.

Jane and her husband Cliff have been married for twenty-nine years. They reside in Houston.

Green To Address Citizens

Tuesday Aug. 12th was Lions Club Day and no Lions showed so about sixteen of us ate lunch and visited and played 42. Thursday, forty registered. After lunch at band practice we were honored with an audience, most of them from out of town. Mary Sedquick from Denton brought her mother, Effie Williams to hear us. Those visiting the Charlie Chamberlains present were Edward and Sara Chamberlain from South Carolina, Diana and Debbie Theriot from Louisiana and Betty and Eric Zeigler from California. Christine Miller, also of California, Jill Cohen from New York and several local people were also in the audience. We were very pleased and did our best.

Brag Corner

Julie Anna, age 6 weeks. Parents: Charlotte and Tim Bishop of Cross Plains. Grandparents: Mr. and Mrs. Dale Bishop and Mr. and Mrs. Chester Arrington of Cross Plains. Great Grandfather: Frank Stevenson of Sweetwater.

CARD OF THANKS

My deepest gratitude and sincere appreciation goes to each one for such loving kindness to me during my recent illness at Eastland Memorial Hospital. Your visits, cards, flowers and your words of encouragement will live in my heart always. A special thanks to Dr. Terry Treadwell and Dr. M.A. Treadwell for their concern. God bless each one of you. Lorraine Gray

CARD OF THANKS

Thanks to each and every one of you for your cards, food, flowers, visits, prayers, and expressions of concern during and after my hospitalization from the accident I had with my radial arm saw. I will always be indebted to Mr. and Mrs. Nix, their granddaughter, and Dr. Carpenter for saving my life from bleeding to death; also to Mrs. Horton, ambulance nurse, and X.L. and Erma Sherrill for caring for me up to and through surgery; also to Hansel and Ellen Sherrill for rendering aid to my wife. Special thanks to the Re-Act Club and Cross Plains for efficient ambulance service. Very gratefully yours, Ivan Sherrill

CARD OF THANKS

We wish to take this opportunity to express our appreciation for the kindness and sympathy shown us at the loss of our beloved father and grandfather, J.H. Wilson. A special thanks to Dr. Carpenter and the nurses and staff at the Rising Star Nursing Home for their care during his illness. Also to all who brought food, sent cards and flowers. May God bless each one. The Family of J.H. Wilson

Peanut Clinic To Be Conducted In Two Locations
A Peanut Clinic will be conducted by the Agricultural Extension Service in two locations in Eastland County Tuesday, August 26. County Agent DeMarquis Gordon said the purpose of the clinic is to help producers identify problems in their peanuts and provide recommendations for correcting the problems. Three Extension Specialists and the Agent will be available to look at diseased plants, insects, problem weeds and nutritional deficiencies in plants. The location of the morning clinic will be the Carbon Farm Supply in Carbon at 9:00 a.m. The afternoon clinic will be at the Pioneer Farmer's Co-op at 1:00 p.m. in Pioneer. Each clinic will be open for two hours. Producers are encouraged to bring sick plants or other problems in for diagnosis. The specialists and Agent will discuss individual problems with growers. Gordon said the specialists would also discuss cotton problems with producers since cotton is an important crop in the county this year.

NOTICE

Stop Looking—It's All in The WANT ADS

Horace White's Honored On Golden Anniversary

Mr. and Mrs. Horace White of Mineola, Texas were honored by their eight children with a reception at the May Community Center, August the 2nd from 2:00 to 5:00p.m. Approximately 300 friends and relatives attended.

Floral arrangements were gold carnations, white daisies, and baby breath. The table was laid with a gold and white tablecloth. The three tiered cake was a gold cake with white doves and white daisies with the bride and groom on top. Punch was served in crystal. The cake was made by Mrs. Larry Hardy. The cake and punch were served by Miss Tina Shewmaker of Mineral Wells, Miss Melissia Ann White of Eldorado, Mrs. Sherry Cooney of Odessa, all granddaughters of the couple, and Mrs. Buddy White of Eldorado, daughter-in-law of the couple.

The register table was laid with a white linen cloth and the golden wedding book was accented by a bud vase with gold carnations, white daisies and baby breath. Miss Melissia White of Eldorado, granddaughter, and Mrs. Dean Hood of Odessa, daughter were at the register table.

Horace M. White and Delora Wheeler were married January 10, 1930 in May, Texas. Witness's included Vernon White, Mildred Newberry, Marvin Angel, Hilva Stewart and Jim Miller. They were married by Rev. Sam Steel in front of Jim Millers Grocery Store.

The couples eight children are: Mrs. Dean Hood (Doris) of Odessa, Mrs. Robert Threadgill (Clois) of Houston, Mrs. Neil (Joy) Harper of Gladwater, Mrs. Bill (Bettie) Caddell of Big Sandy, Mr. Buddy

White of Eldorado, Mrs. Pete (Alva) Smith of Burnet, Mr. Tom White of Mineral Wells and Mrs. George (Melba) Shewmaker of Mineral Wells. The couple have 30 grandchildren and 17 great grandchildren.

GYMNASTICS

Dr. Dickie Hill, from A.C.U. will again be offering gymnastic classes, beginning Sept. 2, in Eastland. Classes will be held in the old gym behind the Eastland High School and Jr. High, every Tuesday night (excluding holidays) from 6:30-8:00 p.m. and will continue through the school year. Classes will be grouped in ages from 5 years old through high school. There will be a limit to the number of participants, so register early.

For more information and to register, call Sharon Arther at 629-2810 (home) or 629-8551 Station No. 36 (work).

Church Sale

The Calvary Assembly Church will have a Bake Sale and Yard Sale combined Friday, August 22nd from 9a.m. to 6 p.m. at the Randy McGinn home located 4 blocks east of the red light on Highway 36.

The sale will be a fund raising project to help buy our church building. We will appreciate all who will come by and help us in this effort.

Lunch Cost Schedule Announced

The Rising Star School cafeteria will begin serving meals on September 2, 1980. Breakfast will be served between 8:00 a.m. and 8:20 a.m. Lunch will be served between 11:30 and 12:30.

Cost: Students K-5 6th-12th Adults
Breakfast 50 cts. 50 cts. 70 cts.
Lunch 70 cts. 80 cts. \$1.20

Oil News

Two Brown County wildcats have been completed as gas discovery wells. Trans-American Exploration completed No.1 J. Beck four miles

southwest of May.

Location is 330 feet from the north and 530 feet from the east lines of Section 79, HT&B Survey.

The well is a Strawn discovery.

It had an absolute, open flow of 4,100,000 cubic feet of dry gas

daily from perforations at 1,330-36 feet. Operator set the 4½-inch casing at 1,445 feet.

Total depth was 2,057 feet and plugged back to 1,450 feet.

Other well, producing from the Marble Falls, is Ball Production Co. No.1 Willie Lee Medley.

Location is five miles south of Rising Star, spotting 990 feet from the north and 2,310 feet from west lines of Section 17, Block 3, BBB&C Survey.

During the daily potential it had an absolute, open flow of 1,100,000 cubic feet of day gas daily from perforations at 2,848-54 feet.

Operator set the 4½-inch casing at 2,950 feet, and the hole is bottomed at 2,990 feet.

Morris R. Greenhaw, Desdemona, will drill

Thursday, August 21, 1980

No. 1 M.K. Courtney as a wildcat four miles north of Eastland.

Having a proposed depth of 1750 feet, it spots 1276 feet from the south and 444 feet from the east lines of Section 41, Block 4, H&TC Survey.

The lease is composed of 480 acres.

J.W. Simpson, Graham, staked location for No. 1 J.E. Dudley in the regular field two miles east of Romney.

The planned 3400 foot venture is located on a 122 acre lease.

It spots 509 feet from the south and 390 feet from the west lines of Section 33, Block 3, H&TC Survey.

Bernard J. Mahony, Midland will drill No. 1-A Wade in Brown County Regular Field five miles southeast of

May. The planned 2700 foot try is located on a 420 acre lease.

It spots 330 feet from the south and west lines of Section 73, H&TB Survey.

Show Petroleum Inc., Breckenridge, will drill No.1 Bates as a Brown County wildcat three miles northwest of May.

Drillsite is 1,704 feet from the north and 2,310 feet from the west lines of Section 17, Block 3, BBB&C Survey.

The planned 3,400-foot test is located on an 82-acre lease.

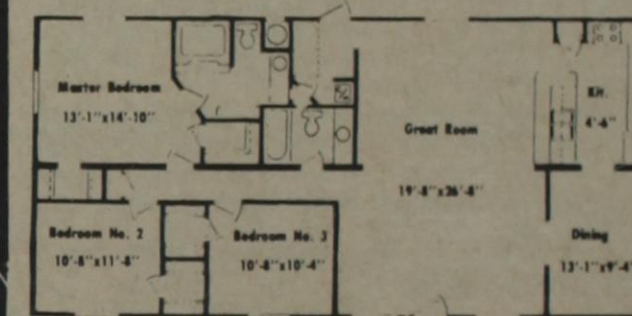

Another wildcat will be drilled two miles south of Cross Cut as Comanche Resources Inc., Odessa, No.1 R.B. Jones.

FROM OUR CHURCHES

First Baptist Church

The average person will say, "I want to live." The christian wants to live also but adds another dimension to what is called living.

Paul expressed it, "For me to live is Christ."

This jewel expression has several facets. It may be thought of in terms of a life attitude, making Christ the center of all activity. Even more it will mean an opportunity to express in this life the living presence of God in and through our lives.

Paul expresses inm Philippians the life we have in Christ as:

A life of joy: "Rejoice in the Lord alway." (4:4)

A life of assurance: "Being confident of this very thing, that He which hath begun a good work in you will perform it until the day of Jesus Christ." (1:6)

A life of obedience and responsibility: "As ye have always obeyed...work out your own salvation with fear and trembling." (2:12)

A life of power: "I can do all things through Christ which strengtheneth me." (4:13)

A life of contentment: "For I have learned, in whatsoever state I am, therewith to be content." (4:11)

A life of high thinking: "Whatsoever things are true, honest, just, pure, lovely...think on these things", (4:8)

A life of peace of mind: "The peace of God...shall keep your hearts and minds through Christ Jesus." (4:6-7)

Many other such thoughts are found in this letter to the Philippians.

R.D. Williams

REST TAKE A AREA BREAK

Texas Office of Traffic Safety

7th Day Adventist

Continued from last week.

PROPER DIET 7th Day ADVENTIST

To be able to look alive and healthy, one must eat the kind of food that will give the body what it needs, rather than what you think it wants. Man is a fine network of automatic reactions that function best from raw materials taken into the body, rather than the highly refined foods so commonly eaten today.

"Grains, fruits, nuts, and vegetables constitute the diet chosen for us by our Creator. These foods, prepared in as simple and natural a manner as possible, are the most healthful and nourishing. They impart a strength, a power of endurance, and a vigor of intellect, that are not afforded by a more complex and stimulating diet."

The modern conveniences of today, do not allow for the pace of living, or the desire to live as your system demands in a true sense. The modern can opener and the fancy packaged dinners, are fast taking the place of a simple-wholesome-nourishing diet in many homes.

When the blessings of health that come from a simple diet are appreciated, then all the unnecessary luxury can be dispensed with. Time in extensive and elaborate preparation of food is almost entirely wasted in the light of what our body really needs for food.

If the American people would live simply in their dietary habits, there would be little or no want of food in the world today. The state of health enjoyed would be on a higher and more productive plane.

The anemic blood

that is so common today, especially among the females, would not be such a problem if they would take into the body foodstuffs rich in life giving properties.

Good health can only be sustained by good blood, which in turn comes only from eating vital foods.

THE USE OF WATER

Of all the gallons of water used by humans today, there is a faithful forgetting that some of it belongs in the human body. We often forget to take a drink. Pure soft water, full of naturally free life-giving ions, should be taken into the body daily.

Cells of the body must be bathed in various fluids of which much is water. I'm quite sure that many diseases that exist today, would be reduced, and more easily controlled in the body, if only more pure soft water was used. The only way most people use water is to keep clean and to take internally, either in food or in the free state.

One should be efficient in the use of water in many other ways that involve the functions of the body. The skillfull use of water can be learned by those interested, but should not be practiced by anyone until the art is learned. Foot baths, fomentations, colonics and steam baths, have an important place in assisting the body to recover from many ailments. The external application of water is one of the easiest and most satisfactory ways of regulating the circulation of the blood.

Drinking 6 to 8 glasses of pure water between the meal, as well as bathing frequently, assists nature in her efforts to rid the body of daily impurities.

"In health and in sickness, pure water is one of heaven's

choicest blessings. Its proper use promotes health."

COMMENTARY

By Myrtle Owen

Gal. 5:5, For we through the Spirit wait for the hope of righteousness by faith. V. 6, For in Jesus Christ neither circumcision availeth any thing, nor uncircumcision; but faith which worketh by love. Ye did run well; who did hinder you that ye should not obey the truth? V.7) I Cor.9:24, Know ye not that they which run in a race run all, but one receiveth the prize. So run, that ye may obtain. Gal.2:4, and that because of false brethren unawares brought in, who came in privily to spy out our liberty which we have in Christ Jesus, that they might bring us in to bondage: Gal.3:25, But after that faith is come, we are no longer under a schoolmaster. V.26, For ye are all the children of God by faith in Christ Jesus. verses 27,28,29, for as many of you as have been baptized into Christ have put on Christ. There is neither Jew nor Greek, there is neither bond nor free, there is neither MALE nor FEMALE: for ye are all one in Christ Jesus. And if ye be Christ's, then are ye Abraham's seed, and heirs according to the promise. Rom.8:17, And if children, then heirs; heirs of God, and joint-heirs with CHRIST; if so be that we suffer with Him, that we may be also glorified together. Acts 26:18. To open their eyes, and to turn them from darkness to light and from the power of satan unto God, that they may receive forgiveness of sins, and inheritance among them which are sanctified (or set apart) by faith that is in me. Gal. 6:6-10, Let him that is taught in the word communicate (or share with others) unto him that teacheth in all good things. Be not

deceived; God is not mocked: for whatsoever a man soweth, that shall he also reap. For he that soweth to his flesh shall of the flesh reap corruption (Death) but he that soweth to the Spirit shall of the Spirit life everlasting. And let us not be weary in well doing: for in due season we shall reap, if we faint not, As we have therefore opportunity, let us do good unto all men, especially unto them who are of the household of faith.

SIPE SPRINGS NEWS

Mr. Frank Jacobs of Rising Star visited with Mr. and Mrs. Dick Wyatt Sunday.

Bro. McDonald of Abilene visited with T.A. Weaver Tuesday.

Mr. and Mrs. Gayle Leonard of Ft. Worth spent Tuesday with his parents, Mr. and Mrs. N.L. Leonard.

Mr. and Mrs. John McKeehan spent Saturday with her sister and family, Mr. and Mrs. J.D. Mitchell in New Castle.

Mr. Herman Anderson is again a patient a few days in the

Thursday, August 21, 1980

Eastland Hospital. We hope for him a speedy recovery.

Mr. Chisley Auten of Whitney visited with his sister, Ruby Boswell, Wednesday.

Margaret Millwee, a DeLeon 4-H club member, won 3 blue ribbons, 2 red ribbons, one third place and fourth place on her cake, which netted her \$40.00 at DeLeon Peach & Melon festival.

Mr. and Mrs. Robinson of Hassie, visited Mr. and Mrs. Jeff Price Thursday. Their grandsons, Brian & Rodney Helmuth of DeLeon were also visitors.

Personals

Bill and LaFond Ghormley from Deer Park, visited her sisters and other relatives here last week.

Wendy Green has returned from visiting her grandparents, Ruth & Homer Green of Ledbetter.

Mr. and Mrs. James Cox and boys of Morton visited relatives and friends here over the weekend.

Schaefer-Green Engagement

Edwin and Marie Allen Schaefer of Cisco have announced the engagement and approaching marriage of their daughter, Bridgette Marie Allen, to Tommy Glen Green, son of Mr. and Mrs. Robert Green of Cisco. Bridgette, granddaughter of Mr. and Mrs. R.A. Bell of May, attended Cross Plains High School. Tommy, a 1980 graduate of Cisco High School, is employed in Breckenridge. The wedding is set for 5 p.m. on Aug. 23 at the Bible Baptist Church in Cisco.

Mid-Year Cattle Numbers

A cattle inventory estimate for mid-year shows total numbers up 4 percent from a year ago, with beef cows up 6 percent. This indicates U.S. cattlemen are rebuilding their herds although current drought conditions in Texas and the Midwest have already caused

some cutback in cattle numbers. Calves under 500 pounds on farms and ranches also were up 6 percent, and the total 1980 calf crop is expected to be up 6 percent. However, low feedlot placements during the first half of this year leave many additional yearling cattle for feeding in the remainder of 1980.

Rising Star Nursing Center

Mary Harmon, Activity Director

Monday is always news day. We try to include everyone that visited the home and report all the activities.

Buster is getting to be a real pro at calling out the Bingo. There were a lot of happy winners, but everyone has fun whether they win or not. The winners this week were: Mattie Cosper, Emma West, Maggie Christian, Leo Atkinson, Ora Clark, Bertie Medford, Mary Hord, Mary Boase, Martha Irby and Lizzie Jacobs.

Wednesday we had a good exercise class. We had a lot of fun along with tightening up our loose muscles. Those getting in shape were Dollie Harrelson, Nettie Wilson, Estelle Bolding, Emma West, Della Roberts, and Martha Irby.

Thursday Bryant Houston and Martha Irby took on Mary Crisp and Buster Rixford in a game of 42. Bryant and Martha were the victors with two wins in their favor.

Friday they had a nice size class for Bible study. The lesson was

on the 4th chapter of Hebrew.

We would like for everyone to come out and visit the Nursing center. We are proud of our home and would like everyone to enjoy it. The residents here enjoy visits from people around town and it helps pass their time. What may not seem like much to you and me, means a great deal to them. So take a little time to think of someone else once in a while, because some day you will want someone to think of you.

VISITORS
Mary Hammett--Mrs. Rusty Beggs, Danyel and Charissa.

Martha Irby--Larry Nichols, Jimmy and Barbara Nichols, Mrs. Ed Witt, Nell Cooper, Carlene and Rob and Nick Nichols.

Emma West and Nancy Matthews--Rosie and Melissa Gomez, and Mr. and Mrs. Marion West.

Alma Morris--Louis Hudson of Merkel, Mrs. Ted Hudson, Mrs. Spradling, Betty Crutchfield, Mrs. Rusty Beggs, Mr. and Mrs. Jay Chatman and

daughters, Emma Kent, Cindy and Mr. and Mrs. Dale Brown.

Ora Clark--Mrs. and Mrs. Cox, Mr. and Mrs. Warren and Rev. Allen, and Ella Holt.

Annie Gotcher and Della Roberts--Brother Williams, Wendy and Stacy Green.

Buster Rixford, Red Cook--Karen Blanks, Annie Cook, Mrs. Red Cook, Rosie & Melissa Gomez, Donald Chalk, Yanya, Billy & Joetta Cook, Ben & Virginia Ensminger.

Mary Copeland, Sara Winslett--Judy Gaye Finley, Darrell McElyea, Betty & J.D. McElyea, Terry Gaines, Robin & Trent.

Alvin McNutt, Leo Atkinson--Joan Ray Apple, James Apple, George Webb, Williard & Isla Mae.

Bertie Medford, Susie Seals--Elsie Criswell.

Bryant Houston, E.A. McDaniel--Corbett & Vance McDaniel, Robert & La Verne Dixon and Nell Maynard.

Nettie Wilson, Blanche Weiss--Mrs. Jate Carter, Karen Blanks, Melissa & Rosie Gomez, Gregg & Wilburn Weiss, Floyd & Ludene Michael, Emily Howard.

Estelle Bolding, Hester Miller--Mr. & Mrs. Frank Jacobs.

Wallace Anderson, Claude Weathersby--Golda Williams, Mrs. V.J. Williams, Irene Baker, Mrs. Moore, Vernon Walker.

Ethel Degman, Dollie Harrelson--Christy Hollis, Luella McKinney.

Tennie Crutchfield, Maude Hill--Emma Kent, Melba & Sammy Cathey, Luella McKinney, Dinky, Judy, Kerry & Chad Hill, Gerrie Cooper, Rex, Bertha & Cathey Dunlap, Tom Crutchfield, Ludene & Floyd Michaels.

Bertie Clark, Josie Hammonds--Delia Dalton, Emily Howard.

Hattie Boatman, Georgia Miller--Willie Hughes, Flara Westerman, Manon Cox, Margaret & Ivan Sherrill, Opal Hill, Gertrude Courtwright, Oleta Seale, Era Haggan, Ava Talley, Lolene Claborn.

Linnie Brashear, Mary Crisp--Mr. & Mrs. Paul Brashear, Mark Matthews, Mr. & Mrs. Richard Harris, Allene Thompson, Lela Clark, Lila White, Cleo White, Luella McKinnerney, Alice Mayes, Earl Fussell, Nell Cooper.

Lillie Childers, Bessie Smith--Leroy Woody.

Mattie Cosper, Oma Poteet--Sandra, Tina & John Carr.

Maggie Christian, Minnie Mayfield--Delia Dalton, Opal Hill, Lela Clark, Lila Hill.

The Light Touch

By Clint Bray

How come only the most sensible people agree with us?

Eat, drink and be merry--and then try to deduct it from your tax return.

We'd enjoy the day more if it didn't start quite so early.

Easy way to stop the kids from borrowing the car: put handles on it and call it a lawnmower.

Nothing improves scenery more than the travel literature.

How about a journey to Bray's in Eastland, Texas for the prettiest casual blouses in town.

Obituary

R.H. Brannan

Services for Richard Henry Brannan Sr., 87, of Springtown were held at 2 p.m. Saturday at Higginbotham Funeral Home with burial in Pioneer Cemetery. He died Wednesday at Springtown.

He was born Feb. 5, 1893 in Lampasas and had been a resident of Springtown for two years. He had formerly lived about 50 years in Pioneer. He was a retired oil field worker, and Army veteran of World War I and was a member of the Pentecostal Church. He married Myrtle Ella Miller Aug. 2, 1919 in Bastrop. She died July 17, 1977.

Survivors include three daughters, Irma Miller of Pioneer, Vernelle Goins of Springtown and Donita Stark of Grand Prairie; two sons, Richard H. Brannan Jr. of Beaumont and Dean Brannan of Rogers, Ark.; two sisters, Olivia Bannister of Odessa and Pearl Waggoner of Breckenridge; 16 grandchildren; 14 great-grandchildren; and one great-great-grandchild.

Junior Hank Wilson

Junior Hank Wilson, 97, of Rising Star, a retired farmer, died at 7:30 p.m. Friday in the Rising Star Nursing Center.

Services were held Sunday at 4:00 p.m. in the Higginbotham Funeral Chapel.

The Rev. Dick Williams, minister of the First Baptist Church in Rising Star officiated.

Born June 1, 1883, in Arkansas, he married Mary Etta Harwell May 1, 1904, in De Leon. She died in 1972. He lived in Eastland County most of his life.

Survivors include two sons; Clinton and

Clayton Wilson, both of Rising Star; three daughters, Billie Faye Shelton of Temple, Sue Row of Brownwood and Mary Goodard of Camarillo, California; a brother, Tom Wilson of Comanche; 24 grandchildren and 25 great-grandchildren.

He was preceded in death by a son and two daughters.

Men In Service

Richard Newman

Pvt. Richard D. Newman, son of Mr. and Mrs. Billy D. Newman, Cross Plains, Texas, is attending basic training at Fort Gordon, Ga.

During the training, students receive instruction in drill and ceremonies, weapons, map reading, tactics, military courtesy, military justice, first aid, and Army history and traditions.

Personals

Mr. and Mrs. Kenny Butler and Jamie of Victoria have been visiting their parents, Mr. and Mrs. James Rutherford and Mr. and Mrs. Robert Butler and others.

"Rainmaker" Final Performance For Summer Theatre

"The Rainmaker," by Richard Nash, is now playing at the Roof Garden Dinner Theater in Cisco. The comedy takes place during a paralyzing drought in the West, and it deals with a girl whose father and two brothers are just as worried about her becoming an old maid as they are about their dying cattle. All their schemes to marry off the rather plain girl come to naught, as do their hopes for rain. Suddenly, from out of nowhere there appears a smooth talking character who promises rain and changes the lives of the whole family.

In keeping with the western theme, a meal of choice brisket is served by students in jeans and cowboy hats. This is followed by a brief concert of western music presented by members of the cast. Even Summer Director Marion Castleberry sings a ballad accompanied by David Dossey and Billy Smith.

The role of the father

is played by CJC English instructor, Cleatus Rattan, and the two brothers are David Dossey and drama student Michael Clark. Their sister is Colleen Altafer, and the Rainmaker is played by newcomer Billy Smith. Castleberry, who has been the director of the Summer Theater the past two seasons, appears as the deputy sheriff, and the sheriff is played by student Matt Williams. The play is directed by Crissy Castleberry.

The final run of "The Rainmaker" is scheduled from Wednesday, August 20, through the Sunday matinee, August 24. Dinner performances begin at 7 P.M., while the Sunday matinee begins at 2:30 p.m. Dinner tickets are \$12.50 and the Sunday matinee tickets are \$7.50. Reservations, which are required, may be obtained by calling the Cisco Junior College awit-chboard, (817)442-2456 during business hours, and 442-2589 on weekends.

Driving Smarter: Is This Trip Really Necessary?

By Brad Byers
U.S. Department of Energy

By far the best way to save gas is to stay out of your car. Without becoming a recluse, you can cut down on your driving enough to save a bundle of money if you go about it systematically.

First, keep a driving record. It can be a detailed record that would pass an audit by a CPA, or just a small notebook of mileage and gallons entries each time you buy gas. You'll get more benefit if you record the purpose of the longer trips and for a few weeks jot down every trip you make.

With the record, you'll be able to tell how much of your driving is essential. Then you can set a

realistic target for reduction.

For many people, a 20 percent mileage reduction for the first three months makes sense. Until you have a month-by-month record for a full year, you won't be able to make steady reductions because your pattern of driving varies too much with the seasons.

It may help to divide your trips into categories such as:

- Work
- Home (shopping, school, errands)
- Recreation

Work

Only you can tell whether it is essential that you drive alone to

work every day. But before you decide it is impossible to carpool and is unreasonable to take the bus, bike, or walk, ask yourself: "If gasoline were \$10 a gallon, would I still drive?"

Even one day a week of carpooling or riding the bus could cut your work driving by nearly 20 percent.

Home

Household driving is easy to reduce, but only if you keep records. Without records, it is like trying to lose weight without ever stepping on the scales: You could spend a lot of time fooling yourself.

If you chauffeur the kids to school or to little league, work out a ride-sharing routine with a neighbor. Or, if it's safe, insist the kids ride their bikes three days a week, or that they walk every Friday.

If you run numerous errands for yourself or the children, set some limits. Like: only one trip a day, or three days a week, or only between four and five p.m.

When shopping for unusual items, call ahead to find a store that has them. Then jot down the miles you saved by not making a useless trip. And congratulate yourself.

You also can save gas by combining errands into one trip. A car that has been warmed up gets better mileage than one that is cold. Even if you have to make six stops on a trip, you'll get better mileage with the warmed-up car, and you'll probably save miles as well.

Recreation

Don't eliminate recreation. But do set a goal of reducing the amount of gas you burn. If you

own a boat, reduce your use of it (and the drive to the lake) by one fourth. And reward yourself with a dinner out in a nearby restaurant or a visit with friends.

Study your pattern of recreational driving. Then set a modest goal. Each time you substitute a short recreational trip for a longer one, give yourself a miles-saved credit. And add up the credits once a month.

Goals and Remarks

Goals and rewards are very important, especially if there are several drivers in the household. You may want to

Seat Belts Offer Safety In Crashes

Motor vehicle crashes claim almost 50,000 lives each year. Injuries number in the millions. Most of these crashes need not be fatal or serious. Many injuries and deaths can be prevented by the regular use of safety belts.

A pamphlet from the American Medical Association

keep a chart in the kitchen to record your progress. And if there are teenage drivers, you may need to make the rewards fairly substantial.

Rewards should be frequent: once a month for children, perhaps once a quarter for adults.

In the next article, we'll tell you how to drive farther for less both in the city and on the highway.

points out that the most effective safety belt is the combination lap-shoulder harness, but even the lap belt alone will help keep you safe.

Safety experts estimate that safety belts save more than 3,000 lives annually, and that between 7,000 and 9,000 additional lives could be saved each year if safety belts were fully utilized.

The belt protects only if you buckle it. All too many motorists neglect to buckle up and utilize the protection that is readily available.

Most motor vehicle crashes occur in the home neighborhood at speeds under 40 miles per hour. At speeds under 40 seat belts

have a remarkably good safety record.

Children need safety belts too. The arms of a parent or other adult are not strong enough to restrain and protect a small child, even in low speed crashes. If the parent is not wearing a belt, he or she may be thrown forward.

Children up to age 4 should ride in a specially designed infant carrier or child restraint that is secured by the safety belts already in the auto.

Under all circumstances, fasten your safety belts before the ignition is turned on, and keep them fastened whenever the vehicle is in motion. Drivers must demand that passengers buckle up.

INTS FOR HOMEOWNERS

Automatic Irrigation Ends Lawn Care Drudgery, Enhances Home Values

Tired of the sheer drudgery that comes with hand watering your lawn? You know the routine. You give up an entire day standing there with a hose in your hand or dragging an oscillating sprinkler all around the yard just to find out you've overwatered some areas and left others nearly bone dry. And what have you got to show for the effort? There are still brown spots despite the some 300 to 400 gallons of water you've been pouring out each hour from your sprinklers.

If this frustrating situation sounds all too familiar, an automatic underground irrigation system may be your best answer. Such a system can be counted on to give your lawn the precise, regular watering it needs to look its best with an absolute minimum of effort on your part.

You can't rely on the rainy season to give your lawn the moisture it needs to stay lush and green all summer long. Rainfall varies too greatly—sometimes too much, sometimes too little—to count on. Two dry weeks and your yard has turned to tinder.

Unfortunately, automatic irrigation systems are still considered luxuries—proper for golf courses or industrial installations only.

But many home owners are changing their minds as they realize the value such a watering system adds to their homes.

As a matter of fact, they may just save money. For one thing, with an automatic underground irrigation system like those produced by the Rain Bird Corporation, less water is generally used with greater efficiency than with antiquated hand watering methods. The system

can provide just the right amount of water at the right time to keep lawns healthy and green. Because the very best time to water is during the early morning or evening, there's less water evaporation and, consequently, less water needed to get the job done.

There's time to be saved, too. With the convenience of an automatic system, homeowners are free to pursue more enjoyable or rewarding pastimes, even to go away on vacation—without the problems of forgetting to turn on or turn off a sprinkler.

The cost of such a system? Of course, the price of an effective automatic underground irrigation system will vary in proportion to the size of the lawn area to be watered and the number of sprinklers and valves to be used. The average costs, however, generally range from \$1,500 to about \$3,000—considerably less than it costs to add an extra room or build a garage—installed and ready to go to work.

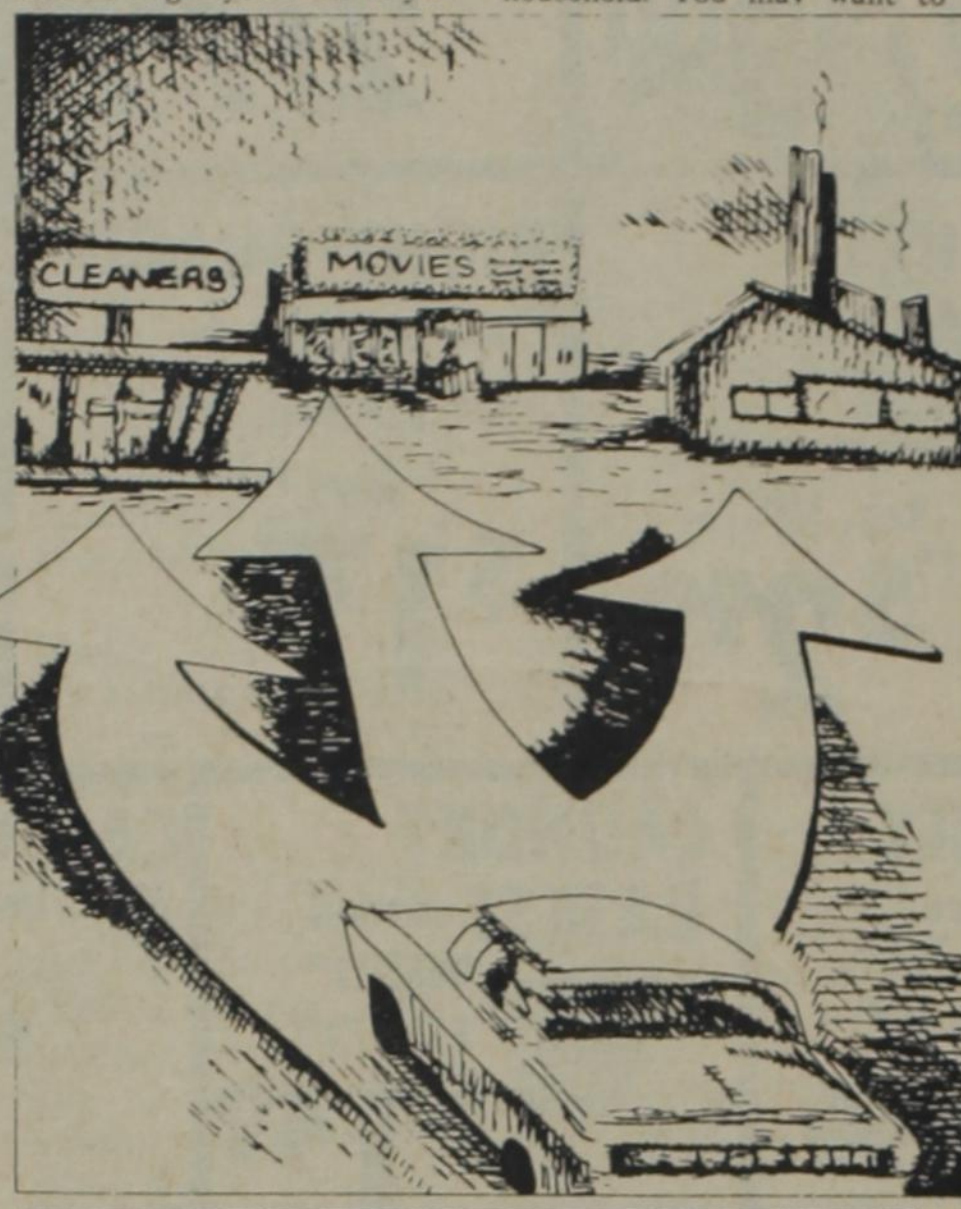

What's involved? Your irrigation contractor can wrap up the installation from start to finish in a day or two. Thanks to an inge-

nious device called a pipe-puller, he won't be tearing up the lawn at all.

Finding a Rain Bird contractor to do the job is as easy as checking your yellow pages. But remember to shop for value as well as price; ask for references to be sure you're dealing with a professional.

What about winter's freezing temperatures? Below zero weather won't damage an underground irrigation system if proper precautions are taken. Automatic drain valves can be installed to flush all water out of the system—no water, no freezing. Contractors also offer a "winterizing service" which involves removing all water from the system. Of course, the polyurethane pipe itself resists freezing better than other materials.

But the real payoff in going with an automatic underground irrigation system is going to be the beautiful, lush lawn you'll have. It will be an attractive asset that will stand up to weeds, pests and hard play. Should you decide to sell your property, your healthy lawn and automatic underground irrigation system will prove to be two very valuable assets.

SUPPER TO OFFSET THE WEATHER

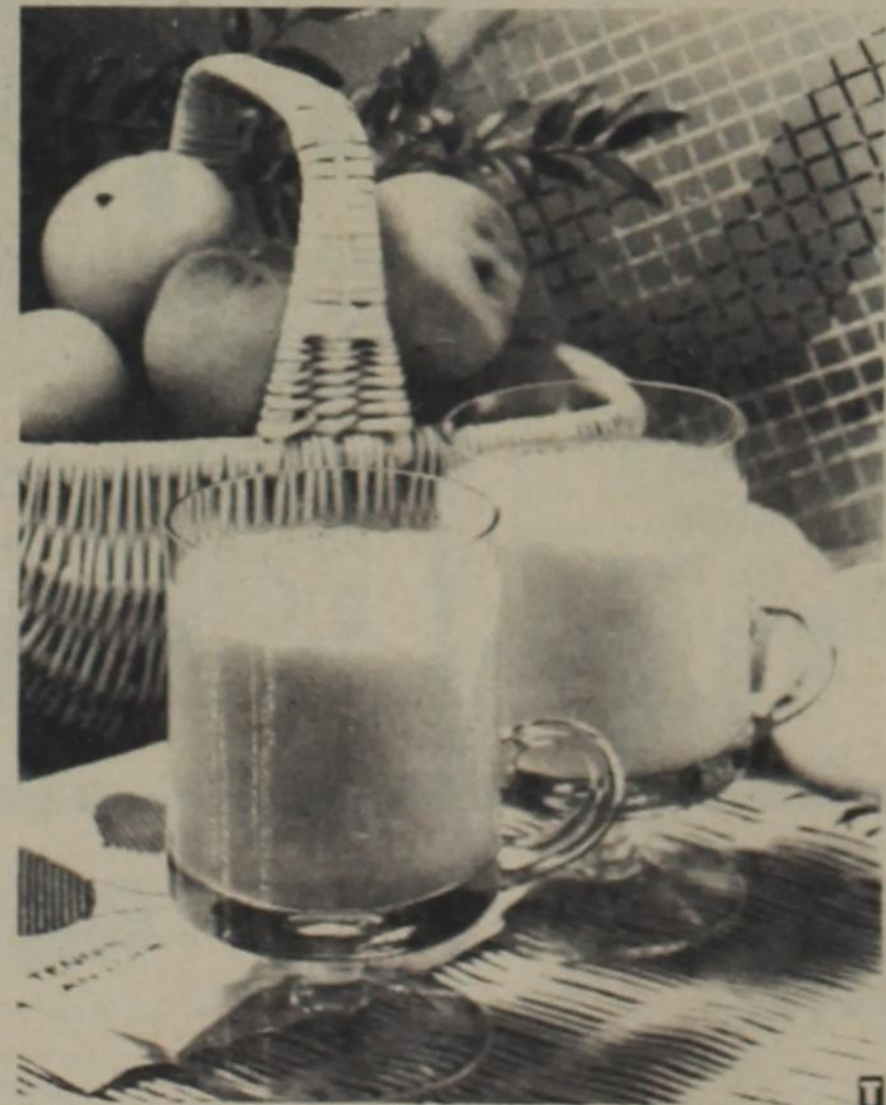

A spell of hot, humid weather takes its toll of nearly everyone, from sedentary citizens to gymnasts and joggers. Light suppers not only are appealing but also provide respite from hot, steamy kitchens. An antipasto platter can be prepared several hours in advance, and Double Duty Pink Frosted can serve as both beverage and dessert. Two scoops of lemonade flavor drink mix eliminate difficult beverage preparation, and the addition of grenadine lends just the right touch of color to this creamy, smooth concoction.

DOUBLE DUTY PINK FROSTED

- 2 scoops Country Time lemonade flavor drink mix
- 2 tablespoons water
- 1 cup milk
- 1/4 cup grenadine syrup
- 1 pint vanilla ice cream
- 1/2 cup club soda

Combine drink mix and water in electric blender container, blend until dissolved. Add milk, syrup and ice cream; blend again until smooth. Just before serving, stir in club soda. Makes about 3 cups or 3 servings.

Mix It Up—For Quick Energy

For a mid-morning break on a hot summer morning, or for get-up-and-go at any time of day, discover a world of good taste with Peachy Orange Foam. Starting with orange-flavored instant breakfast drink, add fresh sliced peaches, skim milk and crushed ice for a cool, refreshing beverage that looks good, tastes good and is good for you. One eight-fluid-ounce serving of this frothy, fruit-flavored drink ensures 100% of the U.S. Recommended Daily Allowance of vitamin C, is a significant source of protein, vitamin A and calcium, yet is low in fat and contains only 160 calories.

PEACHY ORANGE FOAM

- 3 tablespoons Tang orange flavor instant breakfast drink
- 1-1/4 cups chilled skim milk or reconstituted nonfat dry milk
- 1 cup sliced fresh peaches
- 1/3 cup crushed ice

Combine all ingredients in electric blender container. Blend well and serve immediately or blend again just before serving. Makes 2 cups or 2 servings, 1 cup each.

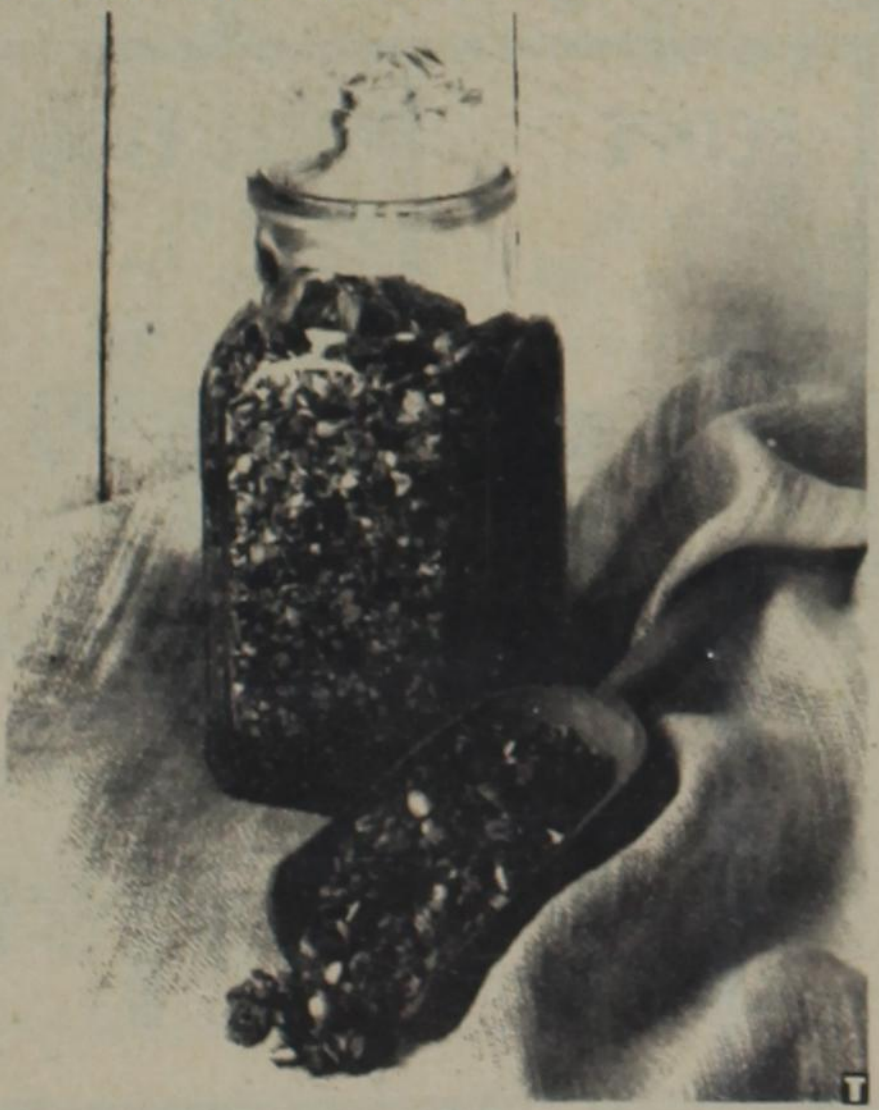

PITCHIN' IN

UNSALTED SNACKING MAKES SENSE

All over America, people are pitching in to get things done and improve the quality of life. With regard to good nutrition, for example, consumers receive a myriad of confusing messages. Many nutrition experts have worked together to clarify current nutritional concerns. In 1977, the U.S. Senate Select Committee on Nutrition and Human Needs proposed the U.S. Dietary Goals. More recently, the combined efforts of the U.S. Department of Agriculture and the U.S. Department of Health, Education and Welfare produced "Nutrition and Your Health," Dietary Guidelines for Americans. Both sets of guidelines advise Americans to modify their diets by increasing consumption of certain nutrients such as complex carbohydrates, while limiting their intake of others such as salt.

In keeping with these dietary recommendations, active Americans have learned to munch nutritious snacks when they need extra energy or when they do not have time for a meal. Planters has pitched in to make nutritious unsalted snacking a reality. In response to the needs of consumers who wish to limit their intake of sodium, Planters has introduced Dry Roasted Unsalted Peanuts, Cashews and Mixed Nuts. Each contains less than 10 milligrams of sodium per 1-ounce serving and is therefore suitable for low-sodium diets. An excellent source of vegetable protein, B vitamins and complex carbohydrates, cholesterol-free unsalted nuts are just what the smart snacker ordered!

Crunchy Peanut Granola is an easy-to-prepare mixture of Planters Unsalted Peanuts, cereal and raisins. If you love the flavor of fresh peanuts, you will want to dig into this healthy snack.

CRUNCHY PEANUT GRANOLA

Makes 9 cups

- 4 cups old fashioned oats
- 2 cups coarsely chopped Planters Dry Roasted Unsalted Peanuts
- 1 cup wheat germ
- 1/3 cup unsalted margarine
- 1/2 cup honey
- 1 teaspoon vanilla extract
- 1 cup dark seedless raisins

Combine oats, peanuts and wheat germ in a large bowl. Heat margarine, honey and vanilla extract to just below boiling point. Pour over oat mixture; toss to coat thoroughly. Spread mixture evenly over bottoms of two jelly roll pans.

Roast at 300° F. for 20 to 25 minutes, stirring occasionally, until mixture is lightly browned. Remove from oven; mix in raisins. Cool. Store in tightly covered containers.

Nutritional information per 1/2 cup serving: 281 calories, 8.6 grams protein, 13 grams fat, 32 grams carbohydrate, 4.5 milligrams sodium, 246 milligrams potassium.

For more tips for low-sodium snacking with Planters Unsalted Nuts, write for "Unsalted Snacking in a Nutshell": Box 130 USN, Madison Square Station, New York, New York 10010.

DRIVELINE

World's deepest oil well? 31,725 feet, in the Kola Peninsula, USSR.

Meanwhile, back in the USA, there are 508,000 producing oil wells in this country. Average yield—17 barrels a day. And how much is that, you ask? Well, one barrel (42 gallons) supplies the petroleum demands of over 200 people for one day...

Fifty percent of the oil we use is burned up in transportation. The Department of Energy estimates that if most American motorists complied with the 55 MPH speed limit, the U.S.A. could save 5 billion gallons of gas a year.

Did You Know? Nearly 100,000 American children are injured every year in car accidents. Over 800 fatalities a year are children under five. Now isn't that a good reason to slow down and buckle up?

History Lesson: The first speeding ticket was issued in 1902 to T. H. Shelvin of Minnesota, who was the first of the hot rodders. He was fined ten dollars for going over ten MPH.

Consumer Tips: The subject today is tires. A recent study suggests that one car in four has at least one seriously underinflated tire (4-6 lbs. under manufacturer's recommendation). An underinflated tire is more likely to blow out, wears ten percent faster, and reduces gas mileage by up to one mile per gallon.

Carry your own air pressure gauge (they're cheap) and check the pressure often. And always check pressure when the tires are cool, since driving can heat up tires, and that heat can increase the apparent air pressure by 4-8 pounds.

Rotate conventional and belted tires every six to eight thousand miles. That helps prevent wear and tear, and it even improves gas mileage.

At 70 MPH, your car encounters wind resistance equal to 30 horsepower. That's twice the wind resistance encountered at 55 MPH, which translates into 3-5 more miles per gallon at the lower speed.

DWI Beware... Texas law now requires automatic suspension of a driver's license even for a misdemeanor conviction for DWI... And there's a reason for it. Experts believe at least half of all traffic fatalities are related to drinking.

ANCIENT HISTORY DEPARTMENT: The invention of the seatbelt.

Back in 1910 the very first pilot for the U.S. Army complained that it was hard to stay seated in the cockpit during tricky flight maneuvers. This was at Fort Sam Houston in San Antonio; so an old cavalry saddle-maker suggested the pilot strap himself in with a four-foot length of horse leather. It worked. So the safety belt (a Texas invention?) became standard equipment on planes, and now cars.

Speaking of seatbelts, driver surveys show that only one person in five ever bothers to buckle up. This is plain silly when you consider the safety record. You are 57 percent less likely to be killed or injured in a car wreck if you are wearing a lap-shoulder-type seatbelt. Just wearing a lap belt alone, you are still 31 percent safer than with no belt at all...

Bikers Beware!!! Though new motorcycle registrations are up only one percent, motorcycle fatalities have risen 40 percent since 1976. Since that year, 27 states, including Texas, have weakened or repealed mandatory helmet laws. Federal highway authorities say a decline in helmet-wearing among cyclists has produced the alarming increase in deaths.

Definition of the Week: What is "a toroidal-shaped flexible membrane pressure vessel composed of long-chain macromolecules?"—A tire.

mothers and babies

LITTLE KNOWN FACTS
Although some babies may feed themselves before they're a year old—and others not till they're two or more, most try it by a year and if allowed practice can eat without help by 15 months.

Babies may learn to spoon feed themselves faster, if at around six months they're given bread crusts and other "finger-foods" to hold. Many babies enjoy learning to feed themselves in attractive high chairs such as this one, made of maple and available from Mothercare, retailing specialists for mothers-to-be, babies and children under seven. It has a hinged back, a safety belt and a removable tray with sure-hold hardware.

Pediatricians point out that parents needn't worry about table manners in babies just learning to feed themselves. Children tend to want to eat more expertly, more neatly all by themselves, they want to graduate from fingers to spoon and from spoon to fork, as soon as they feel equal to the challenge.

Experts recommend that if you intend to give your baby a play pen, you start putting her in it each day from about three months of age. If you wait until the baby starts to crawl (usually around six to eight months) she may resent the restriction.

Carriers to carry a baby on your back can be useful for shopping, walks, visits, housework and fretful periods. They provide physical and emotional closeness, doctors say. This back pack has a contoured cotton seat, a padded top rail and padded nylon shoulder straps. It's available from Mothercare, retailing specialists for mothers-to-be, babies and children under seven. Called the Deluxe Kiddie Seat, it also has a wide-angled stand with molded hinges.

People concerned about finding tasteful gifts for mothers-to-be or new babies can send a Mothercare gift certificate from Mothercare, P.O. Box 3881, N.Y., N.Y. 10163.

HOMES-RANGER

Brick three bedrooms, two full baths, den with wood burning fireplace, kitchen with double wall oven, corning cooktop. Dining room living room combination, central heat and air, utility room with washer dryer connections. Fenced back yard with covered patio, storage building. This is in a very nice neighborhood. \$75,000.

Rock two bedroom, central heat, one bath, living room, large kitchen, washer connection, range, refrigerator, would like to sell furnished. This house has 4 1/2 lots, 6 pecan trees and several fruit trees.

Linney-White Exchange Vows In Double Ring Ceremony

Mr. And Mrs. Steve White

Diana Linney and Steve White were united in marriage July 12, 1980 at the First Baptist Church in Rising Star. Officiating the double ring ceremony was Rev. Dick Williams.

The bride is the daughter of Mr. and Mrs. B.D. (Bud) Linney of Rising Star. The bridegroom is the son of Mr. and Mrs. J.E. White of Rising Star.

The bride was given in marriage by her father. She wore a floor-length gown made of white crepe back satin and chantilly lace. The bodice was covered with chantilly

lace and pearls were scattered in the front. The neckline was round with long sleeves with lace cuffs and pearl buttons. The skirt was crepe back satin with chantilly lace around the bottom of the dress. The train was attached to the back of the dress. It was also of white crepe back satin with scalloped chantilly lace covered with pearls. The veil was made of tulle in two different lengths. The headpiece was covered with chantilly lace with a string of pearls all around the headpiece. The bride's

mother made her dress.

Her bouquet was made of yellow silk daisies and white baby's breath surrounded by white lace with long yellow ribbons.

The bride wore a ring that was one of her grandmothers. She borrowed a bracelet from her sister. She also wore a blue garter and her father put a penny in her shoe for good luck.

The maid of honor was Kathy Linney, the bride's sister. Paula New and Karen Lee were bridesmaids. Elizabeth Jo Linney sister of the bride, was flower girl. The bridesmaids wore floor-length dresses of yellow crepe with a yellow chiffon cape over the dress. They carried long stemmed yellow carnations. The flower girl, also dressed like the attendants, carried a white lace basket trimmed with yellow ribbons and yellow and white carnations.

The bridegroom was dressed in a white tuxedo with vest and white ruffled shirt with a white bow tie. His boutonniere was a yellow carnation. Best man was the bridegroom's brother, Darren White. Groomsmen were Toby White, brother of the groom and Neil Scott. Cody Hook was ring bearer. They all wore brown tuxedos with vests and beige ruffled shirts with a brown bow tie. Their boutonnieres were yellow carnations.

The ushers were Jerry Harris and Robbie Bailey. They were also the candlelighters. Their suits were the same as the groomsmen.

Music was played by Teresa Lawrence, Derenda and Janetta

Lawrence sang, "We've Only Just Begun" and "With You I'm Born Again".

The bride's mother wore a yellow street-length dress with a white scarf. The groom's mother chose a light blue street-length dress. Their corsages were the same color as their dress.

The reception was hosted by the bride's parents which was in the church fellowship hall. The bride's table was covered with white lace over a yellow table cloth. The centerpiece was the bride's bouquet. Green punch was served. The cake was three-tiered decorated with yellow daisies. On the top were three yellow miniature wedding bells. Serving at the bride's table were Derenda and Janetta Lawrence.

The groom's table was covered with white lace over a yellow table cloth. The cake had three-layers which had a bride and groom on top. Mints, nuts, and coffee were also served. Gerri Cooper and Judy Hill served the grooms table.

The registry table was covered with a white lace table cloth. A white plume pen and pink silk flowers in a white vase decorated the table. Vicki Walker registered the guests.

Grandparents of the bride are Mr. and Mrs. B.H. Hearren and Mr. and Mrs. Lester Linney. The groom's

grandparents are Mr. and Mrs. Bill White.

After a wedding trip to San Angelo, the couple will make their home in Rising Star.

Nephew Of Locals Accepts Position With TABC

Randy Donahoo, deputy sheriff of Brown County for the past 2½ years, has accepted a position as inspector for the Texas Alcoholic Beverage Commission effective August 4, 1980.

Donahoo a certified officer, will be stationed at the Bryan District of the Texas Alcoholic Beverage

Commission and will work a 14-county area. Duties of a TABC inspector involve the enforcement of various laws concerning distribution, retailing, consumption and abuse of alcoholic beverages in Texas. He will be one of 11 inspectors assigned to that district office.

Prior to his association with the sheriff's department, Donahoo was a Brownwood police officer for eight years. He served as patrolman, juvenile officer and was a member of the criminal investigation team for the Brownwood Police Department.

He is a graduate of Brownwood High School and is a lifetime resident of Brownwood.

"I hate to leave Brownwood and it's a big move for me. I am looking forward to being associated with TABC and I feel a great opportunity accorded me," Donahoo said.

Donahoo's wife, Kay, is a service representative with General Telephone Co. She expects to transfer in the near future to the Bryan office. The couple has two children, Kellie Ann, 9, and John Andrew, 4.

Donahoo is the son of Mr. and Mrs. Robert Donahoo of Brownwood. He is also the nephew of Mrs. E.D. LeBleu of Rising Star.

Vicky Cohen of New York City, New York has spent three weeks visiting her grandparents, Mr. and Mrs. George Webb. Also this

Turner-Maxwell Wed

Dorothy Turner and Paul Maxwell were united in marriage by Rev. Dick Williams Sunday, August 17, 1980, at the home of the bride. The bride was escorted by her sons Billy and Johnny Turner. The ceremony was performed in front of a picture window that was flanked on each side by tall black wrought iron holders, filled with fresh fall colored zinnias picked from Paul's yard. The groom wore a blue suit with a white carnation boutonniere. The bride's sons also wore white carnation boutonniere's. The bride carried a bouquet of daisies and pastel colored carnations. She wore a blue street length dress with a blue lace bodice overlay. She wore her mother's wedding band for something old, a family necklace for something borrowed, a blue garter, and a new 1980 penny in her shoe for luck.

A three tiered wedding cake with pastel colored flowers topped with miniature love birds, nuts, pastel colored flower shaped mints and pineapple sherbet punch was served from a table covered with a white lace overlay.

The bride and groom will travel to Ruidoso and Carlsbad and other points of interest for their honeymoon.

Those in attendance were: the bride's parents, Hamp and Roby Kornegay, Billy, Cheryl, Renee and Shauna Turner, Johnny Turner, Evonne Woody, Mrs. J. Walter (Mary) Smith, the groom's sister, Herbert and Willa Dean Hoover, Rev. Dick and Vi Williams, Brenda Ezzell, Willa Dean Butler, Daisy Erwin, Edith Bibb, Eva Woody, Jake and Murlene Somerford and Charles and Barbara Wright.

The newlyweds will be at home at Route 1, Rising Star, Texas.

summer, Vicky participated in the International Gymnastic Camp in New York City, which is the largest of its kind in the world.

While Vicky was in Rising Star, she performed a gymnastic and aerobic routine for the senior citizens.

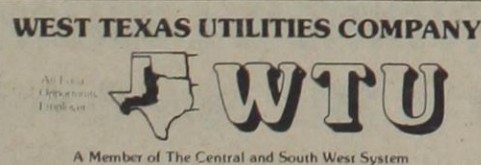

Summer Fall Winter or Spring

your filter can get dirty, clogged, waste energy...

but a clean filter
saves energy, money.

The purpose of a filter on your air conditioning or heating air blower is to help catch dust and dirt before it can enter your unit. In time, the filter will accumulate dust and dirt... if it gets clogged, it can't do the cleaning job it's supposed to and uses more electricity. To avoid damage to your unit and to save energy and money, be sure filters are clean. Permanent types can be cleaned according to the manufacturer's instruction. Non-permanent types should be replaced. It is wise to check filters every 30 days.

Save energy... save money... use clean filters.

Homemaking Hints

By Janet Thomas

After a long, hot summer we are now starting to see fall fashions appear in our area stores. If you are thinking about back-to-school clothes for your children or maybe adding some new garments to your own wardrobe, here are the fashion trends for fall, 1980.

The Preppy look is here in traditional '50s tailoring updated for fall. All the basics have surfaced - plaids, argyles, pleats, knee-capping lengths, rich colors, trimmed shirts, little collars, lots of jackets and sweaters - according to recent fashion news I have received. Knits of all kinds weave through the entire fashion picture.

The emphasis is on freshness and simplicity. Interesting textures, detailing and variety of fabrics tie the looks together. The silhouette is body-conscious and easy-going. Short jackets, narrow belts, dropped waists, pleats, tucks and shirring draw attention to the waist. Necklines perk up with Peter Pan collars, lace collars that may extend as large knitted or lace bibs, and detailing - crocheted edges, ruffles, pearl buttons, baby snaps.

Plaids and argyles are the main attraction of sweater/skirt and pants/top teaming. Pants and box pleated and kilt skirts go the plaid route with sweater sets or shirt and cardigan tops, blazer jackets. Argyle sweaters are paired with solid, herringbone or houndstooth skirts and pants.

The interest in plaids - glen, tartan and many variations - leads to traditional colorations including navy, green, wine. Gray and camel are the neutrals. Brights are used as accents and black and white is strong. Soft and muddled pastels, alone or worked together, provide feminine shading.

Sweaters and sweater sets are important with lots of detailing and varied textures. Bulky pullovers and cardigans of all kinds expand choices, sweaters go from softly feminine to "witty". Pretty looks come in Angora blends, lambswool, mohair, merino, soft alpaca and boucles. They appeal via collar interest and little details. The witty looks

incorporate pictorial jacquards and intarsias, especially animal and sport motifs, most often in acrylic knits. Sometimes the two treatments combine, such as, a soft lambswool or Angora blend with a flower, animal or abstract print. Sweater skimps and elongated dress versions go well with leggings.

Pants go to all lengths including walking and Bermuda shorts, knickers, culottes that flare just above or below the knee, lean trousers and roomier full lengths. Some full-bodied pants are nipped in at the ankle and tie at the waist. The trendiest slimlines are stirrup stretch pants.

No sweat dressing is also taking on new fabrication and details. There are plaid velours and two-tone jerseys. Printed or hand-painted geometric or abstract designs, snap closures at neck, shoulder or diagonally add new dimensions.

Man-tailored shirts blend with the classic scheme. Sturdy wovens, challis and rayon are popular. Soft styles include frilly, school-girl blouses, muted-hue tafetas or detailed crepe de Chines.

Suits feature narrow jackets over slim or slightly flared skirts. Diagonal closures are newsy. Dresses are classic with interest on contrasting trim, offset closures, belts.

Soft knit dresses are ruffled and fitted with feminine touches. Fabrics run the gamut: wool jersey, polyester knits, wool blend plaids, brushed cotton, rayon crepe de Chine. Corduroy appears in jackets, skirts and jumpers.

A wardrobe of knit dresses, skirts, pants, sweaters may be the norm this season. To maintain the good looks of washable knitted garments, proper laundering is essential.

Knits are wrinkle resistant, stretch for wearing comfort and return to the original shape without bagging and are usually machine washable and dryable.

General laundering instructions for washable knits, provided by the Soap and Detergent Association, include sorting knits by color, amount of soil and weight

of fabric. Close zippers, fasten hooks, and eyes and remove buckles and similar ornaments which may cause snagging. Turning knits wrong side out may also help prevent snagging. Pretreat oily stains on man-made fiber items. Ground-in soil may also need to be treated.

To wash, use a permanent press or knit cycle if available with appliance. Otherwise, use a warm wash and cold rinse; slow agitation or short wash time and slow spin speed.

Check care label on garment and the appliance manufacturer's instructions for drying. Remove from the dryer while still slightly damp. Overdrying may cause shrinkage and a build up of static electricity.

Instructions on laundry detergent containers are meant as guidelines for good cleaning. Follow directions for use.

RECIPE FOR THE WEEK:
This weeks recipe features corn salad. Last month, the agents in our district attended an in-service training meeting. For lunch we enjoyed a covered dish meal. I especially enjoyed the Corn Salad which the agent from Waco prepared.

CORN SALAD
1 can yellow corn, drained
1 can white corn, drained
1 small jar chopped pimientos peppers
½ bell pepper, chopped finely
½ onion, chopped finely
¼ cup sugar
¼ cup vinegar
¼ cup oil
Combine all ingredients and chill in refrigerator for two hours or overnight before serving.

Fire Department

The Rising Star Fire Dept has had seven fire calls since the last news report. On the 5th the dept was called to a grass fire at a residence at 102 N. Anderson St. Later that same day a grass fire was reported behind the John Joyce turkey farm on Dewey Chambers place. The night of the 7th there was a grass fire by the Jack Hubbard residence. On the 9th

Brownwood fire dept asked for help from Rising Star dept on a grass fire between May and Owens. On the 12th they were called to a grass fire at the Blake cemetery and church. They were called back to the same location on the 13th. On the 15th Cross Plains fire dept asked the Rising Star fire dept to help on a large pasture fire at Burket. The dept thanks Leroy Woody, Paul Cawley, Mr. Jones and a Mr. Harris for donations to the dept.

REACT

The Rising Star REACT emergency ambulance have answered one call since last news report. On the 7th the REACT ambulance started to Abilene with Mr. Ivan Sherrill and had a collision with a pickup at Cross Plains. The Cross Plains ambulance took Mr. Sherrill and the React ambulance attendant on to Abilene. Our attendant, Teri Horton suffered slight injuries in the accident. Our ambulance will soon be back in service.

Call phone number 643-4271 or 643-4822 or 643-6059 for ambulance service from 9 to 5 week days. You can also call 643-7401.

We want to thank Robert Eichelberger and R.L. Rust for donations to the ambulance fund. Lorene Clark

Briefs

Mr. and Mrs. Rusty Beggs and daughters, Danyel and Charissa spent the weekend in the homes of their parents, Mr. and Mrs. J.D. Clark and Mr. and Mrs. J.T. Beggs.

Thursday, August 21, 1980

OIL NEWS

H.R. Stasney & Sons Co. of Albany will reenter to 1,000 feet No.4 Katherine Fee, abandoned regular field project two miles northeast of Cisco.

Location is on a 180-acre lease, spotting 467 feet from the south and 988 feet from the east lines of Section 76, Block 4, H&TC Survey.

It was originally drilled in 1958 as Gulf Oil Corp. No. 1 G.P. #ee.

The planned 1,200-foot venture is located on an 80-acre lease.

It spots 2,190 feet from the north and 467 feet from the west lines of W.L. Swain Survey 45.

Same firm will drill No. 3-A Gunn in the regular field three miles southeast of Cross Cut.

Location is on a 100-acre lease, spotting 20 feet from the south and 3,180 feet from the west lines of W.B. Smith Survey 155.

Proposed depth is 400 feet.

Ball Production Co., Breckenridge, will drill No.2 Medley as a proposed 2,990-foot Marble Falls five miles south of Rising Star in Brown County.

Drill site is 330 feet from the north and 2,310 feet from the west lines of Section 17, Block 3, BBB&C Survey.

Location is 752 feet north of No.1 Medley, completing as a Marble Falls gas discovery.

Charlie Campbell Corp., Brownwood, No.6 Connaway is a planned 1,500-foot venture for the regular field one mile northwest of Brookesmith.

Location is on a 21-acre lease, spotting 1,551 feet from the northwest and 2,578 feet from the northeast lines of Garcia, Montez & Doran Survey, A-373.

Peggy Ann Inc., Hico, staked two Comanche County locations three miles south of Desdemona in the DeLeon, North (Strawn) Field.

Each venture has a proposed depth of 1,700 feet.

No.3 W.A. Harris is located on a 107-acre lease, spotting 1,275 feet from the southwest and 150 feet from the northwest lines of Section 3, HT&B Survey.

Fall Gardening

Most of Texas is suited to year-round gardening, and it's time to get the fall garden planted, says horticulturist with the Texas A&M System. Plant any of the popular warm season vegetables as well as so called "Winter" crops such as broccoli, cabbage, cauliflower, greens and carrots. Due to current hot, dry conditions, adequate watering is vital for seed germination and early plant growth. Consider using transplants to get the garden off to a fast start.

If You Live Here, There Or Elsewhere

.... and own real estate in this county, we have a complete record of your title from the deed from the State down to the present time whether it be a vacant lot, the big house in town or a dude ranch in the hills. Exactly how much land do I own? Any surplus or minerals? Mortgaged? Any adverse claimants? Is my record title chain unbroken? All these questions and many more are answered when we build your abstract in our modern plant.

BIBBY'S CREATIONS

GORDON SPOT

By DeMarquis Gordon

Congratulations to four Eastland County pecan growers who won ribbons at the State Pecan Show in Abilene recently. These were pecans that were grown in 1979. They won at the County and Regional shows before competing for state honors.

D.B. Raney of Ranger won a second place red ribbon with an entry of Caddo pecans. Another second place winner was Acres of Joy Pecan Farm at Rising Star with Cherokee pecans. Tony White of Cisco won third place with his Texas Prolific pecans and James Alexander of Pioneer won third place ribbon with his San Saba Improved pecans.

That was a pretty good showing considering the dry weather last year which caused poor quality pecans.

And we thought it was dry last year. This year has really been dry except for the month of May. Eastland has recorded only 10.72 inches of rain in 1980 and 6.65 of that came in May. The few little showers we have had since summer began, totals 0.58 inches.

Unless we have some heavy rain fall, this will be the sixth straight year of below normal rainfall. The average annual rainfall for Eastland County is about 28 inches. During the last 12 months going back to September 1, 1979 we have had only 13.83 inches of rain.

During the hot, dry summer months range fires are always a problem. Fire is the great hazard to rangeland and everyone has a stake in preventing range fires.

The rancher depends upon vegetation to produce livestock which ends up as

steaks and other meat products. Fishermen and water enthusiasts want clear rivers and lakes for fishing and water sports. Those who enjoy hunting need the forage produced on rangeland to provide cover and food for wildlife.

Thousands of acres are burned by wild fires each year. These ranges must be managed properly to reestablish forages. Burned-off land should be deferred from grazing the rest of the year and the following growing season.

When land is not deferred, livestock eat forage down to the ground. This keeps plants from building up food reserves and completing reproductive cycles, thus killing many plant species.

Doves, quail, deer and other wildlife, unable to find the type food they need, move to other areas, and serious erosion problems may develop because of continual lack of cover.

As far as wild fires are concerned, the old saying that "an ounce of prevention is worth a pound of cure" still holds true.

Motorists should snuff out cigars and cigarettes and place them in the car's ash tray instead of throwing them out the car window. Recreationists should be careful with camp fires and should never leave them unattended.

Landowners can protect their ranges by building fire guards. Sprayers and other fire fighting equipment should be kept in good repair and readily available for any emergency.

Because we all have a part in preventing range fires and much to lose in case of fires, let's all comply with all safety measures and immediately report all fires.

County Commissioners

The Eastland County Commissioners' Court, meeting at the regular time and place with all members present, conducted among other matters the following business:

ORDER APPOINTING ELECTION OFFICIALS
The following list of election officials are appointed to hold General and Special Elections for the ensuing year:

Precinct #1, Eastland-W.J. Stone, and Mrs. Marcus Odell, Alternate.
Precinct #2, Olden-Dr. Dick Hodges and Mrs. C.B. O'Brien, Alternate.

Precinct #3, Ranger--Charles Arnett and Mrs. W.C. Dreinhofer, Alternate.
Precinct #4, Desdemona-L.E. Clark and Mrs. Bobbie McKillip, Alternate.

Precinct #5, Gorman-Mrs. Mozelle Rhymes and Mrs. Louise Rankin, Alternate.
Precinct #6, Carbon-Mrs. D.D. Sandlin and Mrs. M.M. Stubblefield, Alternate.

Precinct #7, Rising Star-E.L. (Smoky) Gaines and Mrs. Mary Claborn, Alternate.
Precinct #8, Cisco-J.V. Heyser, Jr. and Tom Autry, Alternate.

Precinct #9, Lake Leon-Mrs. Morris Newham and Mrs. Howard Hill, Alternate.

County Eligible For SBA

Eastland County is among the 178 Texas counties now eligible for disaster recovery assistance because of drought and other extreme weather conditions, the U.S. Small Business Administration (SBA) announced today.

"SBA disaster recovery loans are available to agricultural producers in the affected counties who have suffered crop and livestock losses," said SBA Regional Administrator Mercurio Martinez, Jr. "The loans are low-interest and many compensate losses not already covered by insurance or other disaster or deficiency payments."

The administrative limit restricts business disaster loans to the actual amount of the damage or loss, up to a maximum of \$500,000. Larger loans may be considered in some cases and must be approved by the regional SBA office. The interest rate on the loan is either 5% or 8 1/4%, depending on whether SBA determines that the producer could receive credit elsewhere from commercial or non-federal sources. Martinez noted that it is not necessary for a producer to be turned down by a bank before applying for SBA assistance. Loan maturity is based on individual needs and repayment ability and has a maximum of thirty

years.

The following formula is used in computing the amount of eligible loss on crops: **ACRES PLANTED X ESTABLISHED NORMAL YIELD X PERCENTAGE OF LOSS X MARKET PRICE - RECOVERY = ELIGIBLE LOSS.** Up to 50% of the eligible loan amount may be used to pay outstanding obligations such as accounts payable, notes payable and operating expenses including reasonable living expenses. At least 50% of the loan must be held for planting and operating expenses in the new crop year.

The filing deadline for physical disaster loans is February 12, 1981. Economic injury disaster loan applications must be filed by May 12, 1981.

Eastland County will be serviced at 5555 North Lamar, Austin, Texas 78751.

Martinez said that loan applications and information on the SBA program will be available also in each county ASCS office. Telephone inquiries on particular disaster conditions named for each county may be made at 512-458-1851 in Austin.

Applications may also be obtained from Mr. Gene Goodman in the Dallas District Office. The telephone number is (214) 767-9475.

McMorrough New Farm Bureau TASC Head

Travis McMorrough will head the Texas Agricultural Service Company, an affiliate of the Texas Farm Bureau, beginning September 1, 1980.

McMorrough becomes Coordinator of TASC upon the resignation of E.T. Stubbs, who has been with the Farm Bureau affiliate for 21 years, and resigned to go into business for himself.

McMorrough has been with the company for 14 years, the last four as Assistant Coordinator. Before coming to TASC, McMorrough worked for General Tire Co. in Waco for 21 years.

TASC markets tires and batteries for farm machinery and automobiles, and agricultural equipment. These products are marketed under the Safemark brand, and are part of the Texas Farm Bureau service-to-member program.

McMorrough and his wife, Thelma, reside in West, near Waco, where the Texas Farm Bureau and its affiliated companies are located.

State Fair of Texas

The dates for the junior livestock show at the State Fair of Texas have been set for October 13-18. The entry deadline for 4-H club members wanting to exhibit livestock projects is September 1.

For additional information and entry cards, 4-Her's should contact the County Extension Office at 629-1093.

4-H Food Leader Training

There will be two remaining 4-H Food Leader Trainings announced Donna White, County Extension Agent - 4-H & Youth. One training will be Monday, August 18 from 7:30 p.m. - 9:00 p.m. in the ENB Community room. The second training will be Wednesday, August 20 from 10:00 to 11:30 a.m. at the FNB Community Room in Cisco.

4-H leaders and parents are urged to attend one of these meetings. The training

will include these items on the agenda:

- 1) How advertising affects your food buying.
 - 2) Computerized Check-Out - what's in store for tomorrow's consumer.
 - 3) Nutrition Labeling - What is the minimum labeling required by the law?
 - 4) Overview of the 4-H Foods and Nutrition project.
- 4-Her's are also welcome to attend these meetings.

Feeding Cattle

Many beef breeding cattle suffer from inadequate energy and protein during drought conditions, says beef cattle specialist with the Texas Agricultural Extension Service, Texas A&M System. Thus they lose weight, which causes a drop in milk production and reproductive activity. Lactation stress can be removed from cows by weaning calves early—after 60 to 80 days. However, roughages and grain are still needed to maintain breeding stock along with a protein supplement if legume hay is not available.

During drought conditions, producers must make sure that livestock receive needed minerals and vitamins. As green forages disappear, so do Vitamin A and phosphorus, says a beef cattle specialist with the Texas Agricultural Extension

Service, Texas A & M University System. Synthetic vitamin may be mixed with feed, injected intramuscularly or put in controlled drinking water. Bonemeal dicalcium phosphate or monosodium phosphate are good sources of phosphorus.

THE NEW TELEPHONE DIRECTORY

Serving Rising Star and Eastland County is almost ready for printing.

If you are a local business or resident and have recently moved into town or changed phone number within the last 6 months, please let us know immediately.

This is important as it will enable us to serve your community with the most complete telephone directory possible.

Please complete and mail to:
