

REACT Sets Up Board Of Directors

On May 4th the Rising Star REACT unit held its monthly meeting at the React building with seven members present.

A general discussion was held concerning the upcoming area meeting that will be held in Brownwood and whom from our unit will possibly be able to attend.

We also discussed finances of REACT and our ambulance service. We would like to thank the community for their wonderful support to our ambulance service, for without your support there would be no ambulance service that our community could afford.

The members brought into motion and seconded for a need and nominees of a Board of Directors to give guidance to the ambulance service. The new members elected were Mark Cooksey, Lewis Wilkerson and Dick Williams. Congratulations guys. Next a set of 10 regulations were voted on and passed for the ambulance service.

REACT AMBULANCE REGULATIONS

1. Ambulances to be left at John Bishop's or at designated location, authorized by all members of REACT Club, when not on a run or assisting Fire Department or being serviced.
2. No one drives ambulances unless they are on the REACT insurance unless extreme emergency. (No one on insurance who has had ticket problems in last 5 years).
3. Both ambulances are not to be used for transfers at the same time. One to remain in city to handle emergencies.
4. Crews and drivers to be placed on stand-by rotation with a crew being on call 24 hours a day.
5. When run is made, restock-reline and make ready before crew leaves ambulance.

Saturday Club

The Saturday Club will meet at 12 o'clock, May 19, for a covered dish luncheon in the fellowship hall of the First United Methodist Church.

balance. All of crew helps get ambulance re-supplied.

6. Re-linen before leaving destination of run.
7. If you use O2, check tank and make sure the next run will have enough. (Change when 500 lbs. or less)
8. Use professional attitude at all times when patient in back.
9. No one attends, unless as helper, without current Red Cross Advanced Card, E.C.A., E.M.T., or hold license as R.N. or L.V.N., or is a doctor-effective 5-4-82.
10. No one will drive or attend unless they have served a three month probationary period and have been certified by vote of the members in full of the REACT CLUB. Those on probation will serve as helper until after probationary period is over.

Any helper can hand supplies, equipment, fill out trip sheets and there are times when we need to have a woman on a transfer or emergency run, also sometimes an extra set of hands come in handy with loading and unloading.

We would like to say thank you to the donors of the new stretcher for the ambulance, it is greatly appreciated. Also we would like to thank the following for donations: Mr. and Mrs. John Lee, Mr. and Mrs. J.W. Stover and Mrs. Thelma Kirby. If your name isn't on our donation list, please be patient. We all receive deposits to deposit and it takes awhile to get the list of names together for the paper by Tuesday. We also would like to say Thank You to Pafford-Patterson ambulance service out of Eastland for lending us an oxygen regulator while one of ours was being repaired.

It seems like Thank You was the main word in this report-if it seemed that way to you-Good-Cause we meant it!

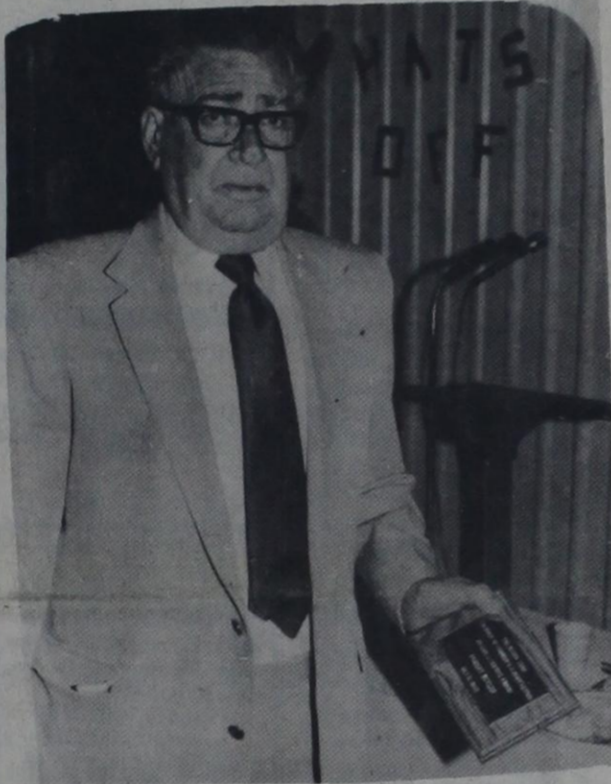

Be Careful and Be Safe.

The program will be a book review, given by Mrs. David (Doris Sue) Braungardt, the daughter of Mrs. Hazel McCollum.

Robert Butler Business Service Award.

Guest speaker at the Chamber of Commerce Banquet May 6 was Evalene Edge of Austin, a graduate of Rising Star High School, who is an employee of Palmer Drug Abuse Center.

Mrs. Edge advised the members of the business and farming community present to become alert to the

Junior High Students Win Places In All-District Band

Friday afternoon, May 7, was the date for the annual auditions for Region VII Junior High All District Band.

Rising Star had three students to audition—Sybrinna Killion, Renee Teague and Melissa Clay.

Sybrinna Killion won sixth chair clarinet out of 22 selected. Renee Teague won a position as auxiliary percussionist. Melissa Clay placed fifth in the Alto Saxophone section. However, since only four saxophones were needed she was first alternate.

The band, consisting

of 92 members from ten schools, returned to Stephenville on Saturday to rehearse, then to present a concert Saturday night. The clinician-conductor for the day was Dr. John Keith, Director of Bands at Tarleton State University.

The schools participating were Brownwood, Cisco, Comanche, De Leon, Eastland, Granbury, Hamilton, Ranger, Rising Star and Stephenville.

This is quite an honor for our students and we should be extremely proud of them.

fatalities, bodily injuries, and property damage to persons who, until the moment of impact, felt themselves not to be in any way involved in the drug-alcoholism scene.

Drugs and alcohol are big business; marijuana is the third largest industry in the United States. That size business buys lots of power and lots of advertising to help sell, not only their products, but also many opportunities to convince the public that their products are an asset to life, that chemicals offer a quick solution to the problems of life, Mrs. Edge said.

To combat drug-alcohol abuse on a personal basis, she advised community members to give their support to parents whose kids are involved; to not just blame them as bad parents, because parents cannot love a child so much that that child will not abuse chemicals—that decision is the child's.

Mrs. Edge also suggested that members of her audience help people understand they can be happy without the use of chemicals, that feelings of inadequacy, loneliness, frustration, and anger will not be dissolved by long-term use of chemicals.

With the voice of personal experience, Mrs. Edge told parents that looking the other way, blaming kids' problems on a stage of the teenage years and protecting the kids from their wrongdoing will not help kids abusing chemicals: the price to the kid has to be too high to pay for him to keep on with chemical abuse.

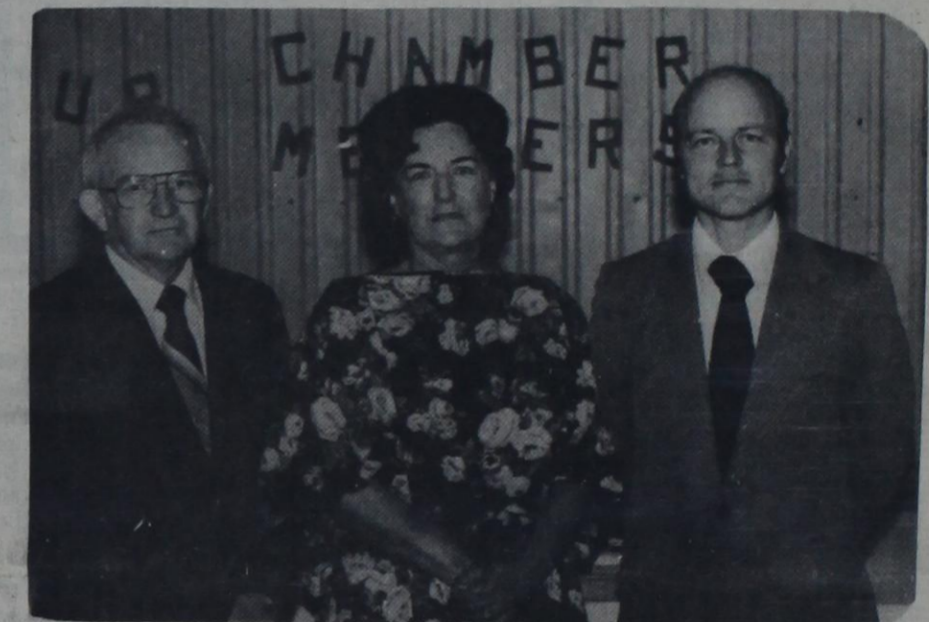

PTO Installs Officers For 1982-83

"The Midnight Ghost," a play by Basil Ring, was presented May 7th as a P.T.O. fund-raising project; approximately \$400 was made. The PTO officers thanks the cast and all who helped with the presentation of the play, those who brought and served refreshments, and those who helped with the commercials for grades K-8.

There have been some items lost and found during various PTO projects this year. Currently, Arla Hill has an extra ice cream freezer, Gloria

Rising Star Chamber of Commerce for 1982-1983 are Vice President, R.D. Williams; Secretary, Mildred Childers; and President, Delbert Biggs. Treasurer, Juanita Boyett not shown.

On behalf of the Rising Star Chamber of Commerce and Agriculture Travis Williams presented the following awards: a plaque for Business Service to Robert Butler; certificates for Outstanding Business Persons, to Joyce Baker and Robin Reeves; a certificate to Peggy Dennard as Outstanding Local Citizen for Contributions to the Community; and a certificate to Jackie Hobbs for Outstanding Service of Law Enforcement to the Community.

Mark Cooksey presented these awards: a plaque to

M.O. Proctor for Contributions to Farming; a certificate of merit to Troy Mitchell for Outstanding Area Farmer; and certificate to Park and Victor Plambeck for Outstanding Young Farmers.

A plaque for Outstanding contributions to Service of Eastland Co. went to District Judge Jim Wright, 91st District Court. Gerald Jones presented certificates to valedictorian of the Senior Class, Regina White, and to salutatorian Damon Cooper. High point students of the other Rising Star High School classes were

also honored: freshman, Karen Wilson; sophomore, Melinda Finley; and junior, Gretchin Williams.

The officers for 1982-1983 were introduced by Gerald Jones, vice president; Mildred Childers, secretary; and Juanita Boyett, treasurer.

Directors of the Rising Star Chamber of Commerce and Agriculture for 1982-1983 are Gerald Jones, Mark Cooksey, Joyce Baker, Jack Shults and Travis Williams.

Pre-register Kindergarten May 18

Before a child begins kindergarten in the 1982-83 school year, the parent must have these records for the school; a certified copy of the birth certificate, (a photostatic copy will be placed in the child's permanent school record); a record of 3 DPT and 3 polio immunizations, plus a booster after the 4th birthday; and an MMR vaccination, or doctor's certification that the child has had measles, mumps and rubella.

Plan to pre-register your child May 18 at the Rising Star Elementary School.

Title I Students Treated To Field Trip To Brownwood

On Tuesday, April 4, the Title I students from grades 1,2,3, & 4 went on a field trip to Brownwood. We visited the Fire Station, KBWD-KOKE Radio Station, Brownwood Regional Hospital, had our picnic lunch at Coggin Park, toured the Brown County Jail, stopped at McDonald's for a coke and returned home.

We would like to say a special "Thank You" to Kathy Hall who took her day off and spent it with us.

As with each successful adventure there are people who are never recognized for their share in making it successful. Today we would like for you to know that there are three ladies who along with their regular duties, took the time to order and prepare our picnic lunch. AGAIN, "Thank You" to Vonda, Kat, and Pat. We love you!

We hope you will enjoy sharing some thoughts brought back from our trip.

OUR FIELD TRIP
I like when we went in the Brown County Jail. We went in the back. He took us in the camera and door control room and he opened the doors a, b, c, d, e, f, g.

When he took us to the laundry room a man said, "You would not want to come here because it is no fun." He even showed us where he cooks the food for the men and women. He showed us how they take pictures and how they fingerprint.

Heath Elliott, grade 4

OUR FIELD TRIP
I like all the fire trucks at the fire station. I like the Brown County Jail. I like the camera and control room.

OUR FIELD TRIP
I liked all of them but the best was the KBWD-KOKE Radio Station and the Brown County Jail.

Chris Jones, grade 4

OUR FIELD TRIP
On the 4th we went on a trip to Brownwood and we went to the Fire Station and we saw how they sleep and where they cook their meals. Then we went to KBWD-KOKE Radio Station. We didn't get to speak on the air but I had fun. Then we went to the Hospital and we saw X-ray room and

we got a coloring book and a mask.

Saturday Club Installs New Officers For 1982-1984

Irene Mayfield, retiring president of the Saturday Club, opened the meeting on May 5, with a Thank you.

"To Each of You-I thank you from the depths of my heart.

For your loyal support in every endeavor, for your inspiring programs, for the sympathy you have shown for the underprivileged, for your interest in the youth of our city and country, and, most especially, for the continued support of our city library.

Thanks to Eleanor, our vice-president, for your loyalty, support, and encouragement; Dorothy, our secretary, for your sincere cooperation and help-for your talent as one of our librarians; Adelia, our treasurer, for your honesty and efficient work; Mary for your wonderful work as reporter and the many ways that you have helped and encouraged me and others; Pauline for your talent as a musician and for the beauty you have given us through music; Lillian for the history of the club, which is a tradition to be continued in memory of all who have worked to make the Club a success; Hazel for your faithfulness and for keeping me aware of my responsibility; to the chairmen and members of all committees, who have given me their full support; to the program chairmen and hostesses, who have served so willingly in programs on art, education, energy, conservation, public affairs, consumer's concern, and interna-

tional affairs. Through these programs, we have been enlightened and made aware of our responsibilities as citizens of our city, state and country.

My Thanks

My thanks for the joy of enjoying my association with you! For the blessings that you have brought to my life, For your friendship and support, For the beauty of your music and art, For your kindness you have shown, For the favor of your love and friendship, For your unselfish giving-expecting no payment and no word of praise.

Great would be my loss if I could no longer find A thankful response to things of this kind.

My joy of enjoying and the fullness of living Is found in my heart that is filled with Thanksgiving. I love you and thank you."

A standing ovation was given to Irene.

Pauline Hudson presented the program, the installation of the new officers in a unique ceremony using a choir of ten members to emphasize the beauty, dedication, and love of the club members.

The members joined in the singing of "Let Me Call You Sweetheart," "Home on the Range", "When

the Moon Comes Over the Mountain", and "God Bless America."

Pauline gave a brief introduction of the organization and purposes of the General Federation of Women's Clubs.

"Club work is truly the finest kind of partnership. In this togetherness lies our great power for accomplishment. This is the time when we feel the spirit of rededication; when we renew our loyalties and once again pledge support to the incoming officers.

At this time, too, we must pay tribute to the retiring officers for giving unselfishly of their time, energy, and wisdom during the past two years."

The choir sang "Always," followed with each out going officer pinning a corsage on the member filling the position for the oncoming two years.

Pauline read the duties of each officer and the closing chorus, "The World Is Waiting for the Sunrise" was dedicated to the new slate of officers.

The refreshment table was laid with a lace cloth and centered with an arrangement of spring flowers.

The co-hostesses- Lillian Howard, Hazel McCollum, Vi Williams-served sausage balls, cheese tid-bits, cake, cookies, olives, pickles, nuts,

punch or coffee to the following members: Ileta Agnew, Gladys Carter, Blanche Cawley, Mary Claborn, Lela Clark, Rosa Van Cox, Helen Donham, Joyce Geyer, Dorris Harrell, Lenell Henry, Pauline Hudson, Georgia Jacobs, Olice Jones, Beatrice Kruger, Irene Mayfield, Barbara McCollum, Eleanor Nunnally, Bonnie Polk, Elizabeth Robertson, Dorothy Shook, Adelia Shults, Bertha Mae White, and Cliffigne Witt.

SUMMER CAMPING AT THE 4-H CENTER

Summer is camping time and the Texas 4-H Center at Brownwood offers a camping experience that has no equal.

The program includes living and learning in an outdoor setting of 78 acres of wooded land on the shores of Lake Brownwood, says Christy Gentry, County 4-H program coordinator with the Texas Agricultural Extension Service, Texas A&M University System.

Campers participate in numerous educational activities and skills training, including canoeing, sailing, handicrafts, swimming and spots.

They also take part in songfests, talent

shows, dances and a host of special program.

Camping programs for this summer are set up for different age groups according to the following schedule: July 11-14, ages 12-14; July 14-17, ages 9-11; July 18-21, ages 9-11; July 25-28, ages 12-14; July 28-31, ages 9-11; Aug. 1-4, ages 15 & up; and Aug. 4-7, ages 12-14. The cost is \$49.00. This includes all meals, lodging, evening refreshments, and accident insurance.

Experienced resource teachers and qualified college-aged counselors will conduct classes, Christy Gentry notes, while adult leaders and county Extension agents will supervise campers.

Additionally, a full-time staff is on hand at the 4-H Center to look after the needs of campers, and lifeguards will be on duty during swimming activities.

Application forms for the 4-H summer camping program may be picked up at the county Extension office, says Ms. Gentry. Reservations are made on a first-come first-served basis.

WORD OF GOD

Parable of Jesus

And he said, Whereunto shall we liken the kingdom of God? or with what comparison shall we compare it?

It is like a grain of mustard seed, which, when it is sown in the earth, is less than all the seeds that be in the earth.

But when it is sown, it groweth up, and becometh greater than all herbs, and shooteth out great branches; so that the fowls of the air may lodge under the shadow of it.

And with many such parables spake he the word unto them, as they were able to hear it.

But without a parable spake he not unto them: and when they were alone, he expounded all things to his disciples.

Mark 4:30-34

Darryl Watson Wins Fourth In State

Darryl Watson won 4th place in State (in his weight div.) in the Power Lift contest.

To win this Darryl bench lifted 170 lbs., squat lifted 230 lb. and dead lifted 360 lbs. for a total of 760 lbs. To others that isn't important at all, to his Dad and I that is a great accomplishment.

Darryl is a twin; he weighed 4 lbs. ½ oz. when he was born. He also had crooked legs and club feet.

David and Darryl stayed in the Isolette for 31 days; they were five weeks old before we brought them home. At 7 weeks Darryl entered the Carri Tingley Children's Hospital in Truth or Consequences, N.M., where he spent the next 18 months of his life.

Darryl was taught to swim at 3 months of age for therapy. He had several operations on his feet and legs, and stayed in traction for months; I have a good collection of casts from his stay in the hospital.

We were allowed to visit him one hour Saturdays and one hour Sundays; due to the distance, the mounting costs and 3 other children ages 4, 2 and an infant, I was able to visit him about every two weeks. Don didn't get to go that often due to his job.

Thanks to David Pollock who lived with us at that time, when Don was unable to go with me, David was ready and willing to go to help drive and to help care for the children. We would not have made it without his help.

Darryl seemed to make slow progress in his treatment at times, but he did learn to crawl at a normal age. He took his first step while he was home for Christmas holidays before his first birthday on Jan. 21st; he was wearing a cast bent almost to a sitting position. Needless to say, that was a happy Christmas; until then we were not sure Darryl would ever walk.

Darryl was released from the hospital the following July. He still had several years of wearing corrective shoes and therapy. I was taught therapy so I could exercise his legs and feet to keep the leaders and muscles stretched and growing. David Pollock also helped me with this.

Darryl is now a junior in high school. He played football until his leg was broken his sophomore year

The doctor then advised against his playing any more due to his former problem; should his leg be broken again, it may be necessary to amputate.

Darryl is active in track. He has about 25 1st place ribbons and medals, a host of 2nd and 3rd; he has a 1st place trophy in a fundraising Bike-A-Thon (he rode 40 miles in approximately 8 hours), a 1st place T-shirt and certificates for Jump Rope For Heart. He also has two 1st place trophies and a 1st place medal for Power Lift competition. He brought home 4th in State and had only worked out for a few months.

Yes, Don and I are proud of Darryl for having the guts to hang-in-there, for he lives with pain in his feet and legs most of the time. Sometimes it is bad enough to cause him a slight limp. He never complains and never gives up.

These may seem like minor feats to some but to all Darryl's family they are great, for we know his history.

Pesticide Safety

Whether you're a veteran or a novice, there are some basic spraying facts every gardener should keep in mind. Proper and safe use of spray equipment and pesticides is important for health and good pest control.

Spray materials should be mixed at recommended rates. All directions and precautions on the label should be adhered to. Use the proper chemical for the pest which plagues you.

Don't guess at amounts. Always measure the pesticide carefully using

Banquet Honors Mothers - Daughters

Those attending the Mother-Daughter Banquet given by the First Baptist Church to girls, grades 7 through 12, who are Sunday School members, and their mothers, grandmothers or aunts were treated to a salad supper and were enter-

tained by Jean Darnell singing Negro spirituals.

Guest speaker for the occasion was Linda George, who also entertained the group by reading excerpts from "Just Wait 'Til You Have Children of Your Own," by Erma Bombeck.

Jean Gray Darnell entertained the banquet guests by singing negro spirituals.

Linda George spoke to the mothers and daughters assembled.

Store pesticides in their original container. Not only is it important to keep all original label information on hand, but keeping pesticides in unmarked containers is dangerous. Keep all pesticides and spray equipment out of the reach of children. Always store them under lock and key.

A person's attitude in using pesticides is also important. Pesticides should not be considered miracle products or cure-alls. But instead should be thought of as tools to be used in a total pest management strategy. Precautions should always be taken when pesticides are being applied. Always read and follow label directions.

For more information, contact your County Extension office.

measuring utensils. Mix only the amount needed for a single application.

Good coverage is the key to efficient pest control. Spray on target, especially under leaves where insects settle and disease begins. A haphazard application will not curb an infestation of insects or stop the spread of plant disease.

It is not necessary to drench your plants; spray just to the point of run-off. You may think more is better, but over-spraying can injure plants.

Weather is an important consideration in pesticide application. Spray before the heat of the day and always avoid spraying when temperatures are high. High temperatures cause some pesticides to evaporate quickly and leave an oil base residue that can harm plants. Some pesticides are not effective at lower

temperatures. Never spray when heavy rains are expected. Rain or watering after application will reduce the effectiveness by washing the spray material off plant leaves.

Pesticide "drift" can sometimes cause injury to non-target plants. Therefore, pesticides should be sprayed on a calm day. Drift can also be minimized by spraying at a lower pressure and using the largest practical nozzle opening.

How can anyone influence the development of people to make them responsible, self-respecting members of our democratic society?

The 4-H program can provide experiences!

When our nation was younger and even up to one or two generations ago, young people did not have the problem of meaningful experiences. They were in small, intimate groups, mostly farm and small church oriented, where they fit into the picture. But, because most people live in an urban setting today, meaningful experiences may be limited.

That's where 4-H comes in.

4-H can help the family, church and community provide proper development of young people by providing the right kind of experiences.

Most of the things we

Parent Advisory Council

There will be a parent Advisory Council meeting on Tuesday, May 18, at 1:30 p.m. in the Title I Remedial Reading Room. Parents and Grandparents of students involved with Title I are urged to attend. Any interested community members are invited. This will be the final meeting of the 1981-82 school year.

want young people to become are part of the 4-H program. The whole idea of 4-H is development of young people. Since 4-H is family oriented and co-educational, it is truly people.

4-H starts in one of our first "groups"—the family group which has so much influence on us. The 4-H program goes down to the "grass roots" because the people in it—from Extension to local leaders and even the young people themselves—actually help decide the kind of program they want.

So, besides involving the family group, 4-H also closely involves the community group.

Anyone who works with young people can tell you that most want and need to belong, to be recognized, be respected for what they are, develop a sense of responsibility and freedom which disciplines and have the good feeling of doing something meaningful by themselves.

OILFIELD DISPATCH

Report on county oil activity

A Jacksboro-based operator has staked location for the No. 1 D.C. Harris, a wildcat to be located 2.5 miles northeast of Mineral Wells. With projected total depth of 4,800 feet, the well is in a 93-acre lease in Palo Pinto County's T&P Survey, A-717. The operator is Circle Seven Production Company.

of gas per day. Absolute open flow was estimated at 340,000 CFPD.

The operator has 3,286 acres leased, with drillsite in Palo Pinto County's CEPI Survey, A-1572, five miles west of Grafard.

The well will produce from an interval 2,704 to 2,710 feet into the wellbore. Total drilling depth was 4,521 feet.

operator has 11,625 acres leased, with drillsite in Palo Pinto County's G.B.&C.N.G. Survey and has designated the venture as the No. 34 Set Ranch. Drillsite is five miles northeast of Brad.

A 2,000-ft. developmental well is planned by Maddux Oil & Gas of Fort Worth at a drillsite 15 miles southwest of Weatherford, Parker County. The location is in a 12-acre lease in the Green Wood Survey. Well's designation is the No. 1 Nell Jackson. It is in the Lazy Bend Gas Field.

Dallas Production Company of Dallas has revealed plans to drill a 4,900-ft. developmental well in the Set Ranch Field. The

Pitcock Inc. of Graham has filed first production figures on a new gas well in the Rife Field. The No. 8 Helen Johnson "A" showed potential to make 300,000 CF

CAPITOL UPDATE

John Tower
U.S. SENATOR for TEXAS
142 RUSSELL OFFICE BUILDING
WASHINGTON, D.C. 20510

The current dispute between Argentina and the United Kingdom is disturbing to all of us. All peace-loving peoples abhor the use of violence to settle international disagreements, and I have fully supported the Administration's efforts to help resolve the situation through negotiations.

However, I believe we must recognize that if the dispute cannot be resolved within a reasonable time through negotiation, the United States has no moral or practical alternative but to support the United Kingdom.

Britain in this century has been our closest and most reliable ally standing with us on matters of NATO policy and sanctions against the Soviet Union for the destabilizing and aggressive acts of that country. They have provided us with a base in Diego Garcia and British naval units are permanently deployed in the Southwest Asian theater. Britain has supported us most strongly in our efforts to focus the attention of the Alliance on crises that occur outside the defined boundaries of NATO that threaten the vital interests of member nations.

Support for Britain would be consistent with long standing fundamentals of American foreign policy -- that nations should not resort to force of arms to settle disputes between them and that the principle of self-determination must be upheld. These principles are inherent in the United Nations Charter and reinforced in the 1970 Declaration of Principles of International Law approved by the United Nations General Assembly stating that: "every state has the duty to refrain from any forcible action which deprives peoples...of their right to self-determination and freedom and independence....all peoples have the right freely to determine, without external interference, their political status and to pursue their economic, social and cultural development, and every state has the duty to respect this right in accordance with the provisions of the Charter." Argentina's act of aggression cannot be justified as an act of liberating the Falklands from British colonialism. In denying self-determination to the Falklands it is Argentina who should be subject to international condemnation for military imposition of colonial rule.

The Argentine claim to the Falklands which it has asserted by force of arms does not meet certain criteria of international law that have been used to assess claims to sovereignty of disputed territories. These criteria include: acquiescence to claim; actual administration of the area; affiliation of inhabitants; and historical, social and cultural links. In this context it is clear the British have the better claim.

There is more at stake here than our standing among the Latin American republics and our long term friendship and our special relationship with the British. There is also the perception of the United States as a dependable ally. There is the credibility of our leadership in NATO and the solidarity of the Alliance itself. The consistency of our dedication to principle is at issue. It is imperative that authoritarian powers be discouraged from imposing their will on a weak and unwilling neighbor.

Our support should take the form of economic sanctions, shared intelligence, logistics support, and consideration of any requests for assistance or support the British might submit to us.

Commentary

by Myrtle Owen

"HIS NAME SHALL BE CALLED WONDERFUL." When "the Revelation of Jesus Christ" takes place, when this sin-sick, war-weary world beholds the Prince of Peace, then men and angels will acknowledge Him in the fulness of His Person as eternal God and perfect Man. Then He will be known in His true character, set forth for us, a little here and a little there, in the names by which He is called. Let us take a backward glance over this first chapter of Rev. to see a few of the many names ascribed to our Lord and Saviour, our Prophet, Priest, and King: "Jesus" This beautiful name means "Saviour." To Joseph the angel of the Lord said, "Thou shalt call his name Jesus: for he shall save his people from their sins (Matt. 1:2) "Christ" (Rev. 1:1,2,5,9). This is the Greek name for the Hebrew "messiah," Israel's promised Lord. You will note also that these two names are linked together four times in this chapter; for Jesus of Nazareth is the messiah of Israel--eternal God, "the Faithful Witness" (v. 5)-faithful in His earthly ministry, as our Prophet from heaven, declaring the will of the Triune God. "The First begotten of the Dead." None other than the risen Lord, our Great High Priest! The Prince of the

Kings of the Earth--King of Kings and Lord of Lords. The one who Loved us and Washed us from our sins in His Own Blood. he is the Lamb of Calvary, our Redeemer. The one Who "Cometh with Clouds" V.7-our our coming King. The One Who was "Pierced" for us on the cross. Alpha and Omega the Beginning and the Ending, the First and the Last" verses 8,11,17). These are names that can apply only to the eternal God. "The Lord" (V8)-Jehovah, the self-existent One who reveals Himself. Moreover, he is the Lord, which is, and which was, and which is to come--another way of saying that He is eternal God, the Almighty, V8)-omnipotent God. The Son of man V 13, th God-man, our perfect Priest. "He That Liveth, and was dead" and "Is Alive for Evermore," v.18, our crucified and risen Lord Jesus. We shall be reminded of Calvary and of the empty tomb. "This same Jesus" who died for us is the eternal God who will be revealed in power and great glory when He comes again to reign. My friend, have you, by faith, beheld the vision of the Son of God, crucified, risen, interceding for His own? What will you do with Jesus which is called Christ? Upon your answer to this question rests your destiny--for time and for eternity.

Jetta Darr Receives Promotion

Jetta Darr, a 1961 Rising Star High School graduate, was recently advanced from assistant

secretary to the position of assistant vice president in the Richard Carlyon Co., mortgage bankers in San Antonio. Mrs. Darr will be in charge of the loan closing and shipping departments. Mrs. Darr has lived in San Antonio with her husband, Gerald, and their two sons, Steven, 14, and Jason, 12, since 1977. She is the daughter of Mr. and Mrs. A.J. Butler of Rising Star.

Arts And Crafts Fair & Sale

Everyone is invited to attend an arts and crafts fair and sale on Sat., May 15, from 10 A.M.-2 P.M. at the Tucker Auction Barn in the Flatwood Community. From Eastland go south on Hwy. 6 approximately 6 miles to FM 2563 and follow the signs. Anyone wishing to display their crafts or needing more information, call Jackie Tucker at 629-1956 (evening) or 629-8041 (day). This would be a good time to buy those special gifts or even shop for Christmas. Come out and have a good time.

Clio Reunion Set For June 4 & 5

To The Voters In The Eastland County Area

Martha and I would like to thank you for the support and confidence placed in me by virtue of your vote in the Democratic primary race for State Representative from this District.

We are now looking forward to the November general election and would sincerely hope for your vote and support in that race. If elected I will do my very best to merit the confidence you have placed in me.

In an attempt to better prepare myself and to be more familiar with your feelings on what I propose to be the issues I expect to face in the next regular session of the Texas Legislature, I will, for the next several weeks, be using this paper to place these issues before you and to elicit your response therein. Please watch for these requests and respond to them so that I may know your feelings and reflect them to the extent possible.

Again, Thank each and every one of you.

Sincerely,
Jim Parker
Democratic Candidate
65th Legislative District

FIRST UNITED METHODIST CHURCH

ing good." (Amos 5:24 living Bible)

Our Christian faith, our religion, becomes real only when we demonstrate that faith in action. Not long ago, President Reagan called for the Churches to become involved again in helping the poor, feeding the hungry, ministering to our communities. Actually, he is only asking the Churches and local Christians to assume again the responsibilities, which we have relegated to government, which were rightfully ours according to scripture. (Matthew 24:31-46 for example)

Christian mission, the ministering to needs, begins in our local community. I invite you to pause for awhile and ask yourself, "Is there someone in my community who needs my help? Then go out and give that help in the name of Christ."

Lewis Wilkerson

What is the meaning of religion? This is a question which has been asked time after time. Usually we think of religion as going and doing those ceremonial things of the Church; saying Amen at the right place, singing the correct hymns, keeping to the prescribed order. Yet, when we think on this question Biblically, we will find a different answer.

Amos, in delivering his prophecies to Israel, dealt squarely with this question. In chapter 5, verses 21-23, he tells those who were busy doing religious acts that these were not what God wanted. In strong language he pronounced "all this busy religiosity as being repulsive to God. Instead, he points out, God wants to see a "Mighty flood of justice—a torrent of do-

Beta Upsilon Chapter of Delta Gamma Engages in Last Meeting Of The Year

Beta Upsilon Chapter of Delta Kappa Gamma International met May 1, 1982 in Cisco, Texas at 9:30 a.m. in the Fellowship Hall of the First Baptist Church in its final meeting of the year.

President Anna Auvenshine presided over the business meeting. Plans were made to attend the State meeting in Austin, Texas June 10-12 when Ella Andres White, local member, will be honored with other State members with fifty or more years in Delta Kappa Gamma. Members gave President Auvenshine and her officers a standing ovation for the good service they have rendered.

Adeline Meridith presented an outstanding program honoring the Founders of Delta Kappa Gamma by discussing the seven purposes that have guided the Society. She

was assisted by Evelyn Kirk, Anna Auvenshine, Marilyn Henderson and Catherine Golemon.

Allye Terrell installed the new officers for the 1982-84 years. They are: president: Ethel Sparks, 1st Vice-President: Lois Marshall, 2nd Vice-President: Evelyn Kirk, Corresponding Secretary: Lorene Oliver, Recording Secretary: Adeline Meredith, Treasurer: Carilyn Page and Parliamentarian: Juanita Shaw. President elect, Ethel Sparks, led the members in singing the Delta Kappa Gamma Song.

Hostesses Betty Odom, Murl Gyger, Jeanell Purvis, Ethel Johnston, Evelyn Kirk and Pearl Donaway served delicious refreshments from a beautifully decorated serving table.

Tax Valuations To Be Mailed Soon

The Eastland County Tax Appraisal Office reports that it will be about June 1 before the new tax valuations will be mailed to County property owners.

Prior to those mailings, the County Appraisal Review Board has issued the following statement:

Ad Valorem (Latin for "according to value"), or property taxation as we know it, began over 100 years ago.

Property taxes are the primary source of revenue for local governments such as counties, cities, school districts, and special districts (hospital, Junior college, water, utility districts, etc.). They are used by the respective governing bodies to provide services of benefit to the community. Public education, fire and police protection, street construction and repair, utilities and health care are among the many projects supported by local property taxes.

The state of Texas has legislated some major changes in the ad valorem tax system.

In order to understand what has happened you first need to know that there are four basic stages in the tax process:

- 1) All property is supposed to be appraised at some value. 2) All appraisals are supposed to be equalized. 3) All taxing entities (ie., school districts, cities, counties, hospital and college districts, etc.) set their own TAX RATES. That is, they tax your property at a rate determined by each of them that will generate enough revenue for that particular body to operate and function in the public interest. 4) Finally, all taxing entities set into motion some method of Collecting taxes.

This letter will deal primarily with stages 1) and 2).

In the past all individuals were expected to go to the local taxing offices and place a value on their own property. An Equalization Board would meet once a year to determine if all values were proper. Because all taxing bodies levied their needs and collections differently, we have ended up with all kinds of values being placed on our properties.

Example: Mr. Smith's house may be on the school tax roll at \$3,000, the county tax roll at \$2,000, the city tax roll at \$1,000, and the water tax roll at \$500. (All of these values would be on the same house.)

In addition, two houses (or two pieces of property) of equal value may be on the tax rolls at entirely different values.

To further complicate things, different types of properties have been taxed at different percentages of their value.

Oil and gas may have been taxed at 60% of assessed value and homes at 40% of assessed value.

As you can see things began to get completely out of hand.

Therefore the state legislators determined that three major things would happen. First, all property in the state of Texas would be reevaluated at some "Fair Market" value. Secondly, all taxing entities will tax on 100% of valuation. Thirdly, all appraisal records will be updated at least every four years.

To get all property values reappraised an Appraisal Board was formed in each county. Their job was to get all property reappraised and set up an appraisal office.

After all property has been reappraised then the new values are to go to an Appraisal Review Board.

This board in Eastland County consists of three men: John Nevill of Eastland, Bob Shults of Rising Star, and Truman Fambrough of Ranger.

Their job will be to insure that all values that have been placed on Eastland County properties are fair and equal. All taxpayers who feel that the values set upon their property is unfair or

unjust have a right to appeal to this board.

It is important, in fact it is imperative, that you realize that this board has nothing!, nothing at all! to do with the amount of taxes you will be paying. The job of the Appraisal Review Board is to insure that fair values have been placed upon all properties. THIS IS THEIR ONLY PURPOSE.

Certainly the values placed upon your property will determine the amount of taxes you must pay: but not until a tax rate has been set by the various taxing bodies.

For example: if your house is valued at \$100,000 and you are taxed at a rate of 10 cents/\$100 value then your taxes would still be \$100. So the tax rate (which is set by your local taxing entities) will determine how much your actual bill will be.

Again I wish to emphasize that the Appraisal Review Board's job is to set values only.

Thanking you advance for your support and cooperation, John Nevill, Chairman, ARB.

Soil Conservation Service Offers New Program

The Soil Conservation Service (SCS) now has a cost-share program that pays approximately 80% of the cost on shaping and vegetating gullies, Ron Baily, District Conservationist, SCS, Eastland, announced this week.

Baily said that the land located in Eastland County in the Colorado River watershed is eligible under the program provisions. The Colorado River watershed covers several thou-

sand acres in the extreme southwest corner of Eastland County. Baily further describes the area as lying due west of Rising Star and includes Pioneer and Lakewood Center.

Baily said that the SCS is presently taking applications for the program for work to be done next winter and spring. Those interested should phone the Soil Conservation Service (817-629-1480) in Eastland.

GORDON SPOT

by DeMarquis Gordon

Which grass has the best protein content for use in Eastland County?

Actually, protein content of a grass is influenced mainly by two factors: amount of fertilizer it receives and stage of maturity.

Fertilizer increases protein content. Nitrogen has been recognized for a long time to be important. The more nitrogen applied, the higher the protein content. Phosphorus, potassium, sulfur and other nutrients are also important for improving protein content in grass.

All soils in Texas are inherently low in nitrogen and many also are low in Phosphorus, Potassium, sulfur and other nutrients. A soil test is the best guide for planning fertilization practices for pasture hay.

Maturity of a grass greatly influences protein content and other quality factors. As grasses begin to mature, protein content, digestibility and other quality characteristics decline rapidly.

As a rule, grasses are best quality when at three to four weeks of growth. Grasses which make seedheads, such as Kleingrass, johnsongrass and bluestem, should be grazed or harvested for hay before seedheads appear.

Coastal bermudagrass makes no viable seed and should be used by the time it has three to four weeks of growth. If grown for grazing, cattle should be turned into Coastal pastures when they have less than three weeks of growth. Harvest Coastal hay at about four weeks of growth.

WORD OF GOD

Now the works of the flesh are manifest, which are these. Adultery, fornication, uncleanness, lasciviousness,

Idolatry, witchcraft, hatred, variance, emulations, wrath, strife, seditions, heresies,

Envyings, murders, drunkenness, revellings, and such like: of the which I tell you before, as I have also told you in time past, that they which do such things shall not inherit the kingdom of God.

Soil and climatic conditions and fertilization practices influence growth rate on all grasses.

Numerous forage demonstrations have been conducted in recent years in Eastland County and results of these are available at the county Extension office.

OAK BUD POISONING IN LIVESTOCK

This is the time of year for ranchers to beware of oak bud poisoning in livestock.

Oak bud poisoning could be a particular problem this spring because cold, dry conditions have reduced range forage quality. Also, these conditions will slow spring growth of forage plants.

Oak buds are high in protein and begin growth before most desirable forage plants. They are readily eaten by livestock, especially cattle.

Tannins which are thought to be the toxic substances involved are most poisonous when oaks are budding and leafing. When more than 50% of an animal's diet is oak, the animal becomes sick. A diet of 75% or more usually causes death.

Signs of poisoning are a gaunt, tucked up appearance; constipation, frequently followed by profuse diarrhea; weakness; tendency to remain near water; reluctance to follow the herd; emaciation (wasting away); mucus in droppings; dark colored urine; and collapse.

Move animals showing symptoms to an oak-free pasture and put them on adequate feed and water. A supplemental feed containing 10% calcium hydroxide may help reduce losses.

However, prevention is a better cure for oak bud poisoning. Control oak in a pasture and save that pasture as a reserve for the oak bud season. Use moderate stocking and a deferred-rotation grazing program to improve range forage production.

Consult a veterinarian if you are unsure of the cause of livestock poisoning and losses.

Theresa Scott Recipient Of Scholarship

Theresa Scott of Rising Star has recently been named recipient of a \$500 scholarship presented by the Texas Cowbelles, according to the president, Mrs. Becky Terry of Alpine.

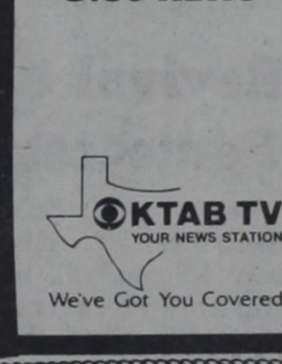

The Texas Cowbelles present two scholarships annually to deserving university women enrolled in an agriculture related program.

This spring Miss Scott also received the National Limoselles scholarship. The Limoselles is the women's auxiliary group with the national Limousin Association.

Miss Scott is a senior at Texas A & M, majoring in agricultural communications. She is a 1978 graduate of Rising Star High School.
