Benefit Of Frost Exceeds Damage

Kittens Roll Over Cisco Junior "B" Team 34 to Naught

The Rising Star Junior High Kittens found easy sailing as they rolled over the Cisco Junior High "B" team Midgets, 34-0 Tuesday afternoon on the local gridiron. Coach J. M. Crump cleaned the bench to keep the contest from becoming a runaway. The Cisco team was inexperienced, but they fought gamely down to the final whistle.

Johnny Jones, steady little quarterback, sparked the offense with excellent field generalship. He also scored 13 points for the winners. Larry Nichols was also outstanding with good running, passing and kicking to his credit. Joe Edmiston played stellar ball, and on one scoring play, he blocked out three men. Substitutes shone brightly in the fray, especially Tommy Alford, Skipper Ezzell, and Richard Creech. They were subbing in for Dick Morrow, Butch Butler, and Morris Culwell, who were ailing with the flu.

This victory followed on the heels of the Kittens win over the Cross Plains Mighty Mites last week. In that game the Rising Star lads won 20-0.

Next on the Kittens schedule is the May team which holds one win over the locals in an earlier fray. With four losses and three wins on the ledger to date, the Kittens are determined to make it even Stephen when this hurdle is passed.

Officials for the Rising Star-Cisco contest were Jack Calloway, Kenneth Ridens, and Pat Agnew.

Pep Club Performs.

The Rising Star Pep Club performed during the half of the Kitten-Cisco Midget game. They marched on the field, counter-marched facing the Rising Star stands, did a routine of "Put Your Head in the Air", then formed a box, and did another routine, "I Wish". They then marched off the field singing their fight song.

Foremost Dairy Group Visits Madison Plant

A group of representatives of the Foremost Dairy Products Co., most of whom were salesmen from West Texas, escorted by officials of the West Central Texas Milk Producers Association, inspected the Frank Madison dairy in the Williams community southwest of Rising Star last week. The Madison dairy was the only one in this section visited by the group.

Purpose of the tour was to acquaint salesmen of the company at first hand with dairying installations and methods in the milkshed from which the Foremost company draws its supply.

There were fifteen men and one woman in the group which spent some 30 minutes looking over Mr. Madison's advanced milk parlor type dairy and questioning Mr. Madison on his production and methods.

All-Day Meeting of North Star Club

An all-day meeting of the North Star Home Demonstration Club will be held Tuesday, Nov. 5. All members of the club were urged to attend and to come early for the meeting.

Mrs. C. L. Cones of Rising Star has returned from a visit with her daughter and son-in-law, A/2C and Mrs. Limmie Mitchell, who are now residing at Harrisonville, Missouri, where he is stationed at the Richland Army

Methodist Church Stresses Attendance

The First Methodist Church will put emphasis during the month of November on church attendance, cooperating with a nation wide movement known as Religion in American Life, the purpose of which is to increase attendance and support of American churches.

The church is using materials provided by the program to emphasize the theme "Find the strength for your life—worship together this week", which is the slogan of the campaign.

The program is sponsored by a laymen's committee composed of the major faiths. Twenty-four national religious bodies serve as channels of promotion and help provide for the program's expenses.

Although tender garden vegetables, such as tomatoes and beans, and garden flowers were killed, the series of frosts which fell in this area in the wake of a severe cold wave piling out of the north several weeks ahead of normal schedule, did less harm to field crops than good, according to a consensus of farmer opinion.

Light frosts took place Sunday night and Monday with low temperatures of 29 and 31, respectively, being recorded at the City Hall.

Most of the peanut growers reported that vines were damaged to a less degree than expected and that the effect on the quality of the hay through blackening and shedding of leaves, would not be as serious as first believed. Meanwhile the frost would hasten maturity of the peanuts themselves, they said.

Digging of the crop, delayed by rains earlier, was expected to get under way this week, if favorable weather is allowed. Reports of the yield from crops already dug seemed to substantiate predictions that about a 50 per cent crop would be harvested. Some areas found the yield much better than expected, while farmers in other areas said their crops were not worth the digging.

Meanwhile small grain crops and pastures were in excellent condition, greatly benefited by the early season moisture which has been received. For the first time in years, the soil is soaked with moisture this fall, and the prospect of a good season next year, given normal winter rains, is bright.

District Grid Schedule for 1958 Arranged

The new alignment of schools in Class B District 7, Region 2, Interscholastic League, in which Rising Star is now located, was organized at a meeting at Gorman Monday evening attended by Supt. Sam Jones and High School Principal Ray Nunnally. All of the five schools in the district were represented and the football schedule for next fall was completed at the meeting.

The Wildcats will open their conference play in the next district on October 10 with Moran at Moran. On October 17, they will entertain Baird at Rising Star. Only one non-conference game is on the schedule at this time, a game with Loraine at Loraine, an obligation assumed when games were arranged between the two schools on a home-and-home basis last spring. The game will be played October 24.

On October 31 Rising Star will play Jim Ned schools (formerly South Taylor and Tuscola) in a conference game here, and the conference schedule will close with Gorman at Gorman on November 7.

Five other games with non-conference foes are yet to be arranged.

Amendments Before Voters Next Tuesday

Rising Star voters will be given an opportunity Tuesday to vote on three proposed amendments to the Constitution of the State of Texas.

The election will be held in the two voting boxes as customary, the voting box for the West Rising Star Precinct to be located in the City Hall where Raymond Gray will preside as judge, and the East Rising Star Precinct box to be located at the American Legion Hall where Melvin Shook will be the judge.

The polls will open at 8 a. m. and close at 7 p. m.

One of the proposed constitutional amendments to be voted on at the election relates to the establishment of a retirement, disability and death compensation fund for officers and employees of the State.

Another proposes an amendment to Article II, Section 51a of the Constitution of Texas, so as to increase the limit on the maximum monthly payment to needy aged persons from state funds and on the total yearly expenditure out of state funds for assistance to needy aged, needy blind, and needy children; and allocating and appropriating additional sums supplementing current legislative appropriations, for payment of assistance grants.

House Joint Resolution No. 3 proposes an amendment to the Constitution of Texas adding a section to be known as Section 49-c of Article III, providing for the issuance and sale of bonds of the State of Texas to create the Texas Water Development Fund to provide financial assistance to certain political subdivisions or bodies politic and corporate of the State of Texas in the conservation and development of the water resources of the State; providing for the payment of such bonds; creating an agency to administer said Fund and to perform other duties prescribed by law; limiting the period during which financial assistance may be granted; and providing for the calling of an election and the publication and issuance of the proclamation therefor.

Graduates From Army Engineers School

FUESSEN, Germany (AHTNC) Specialist Third Class N. A. Rody, son of Mr. and Mrs. Calvin Rody, Route 2, Rising Star, Texas, recently was graduated from the craneshevel operator course at the Army's European Engineers School in Murnau, Germany.

After graduation ceremonies Specialist Rody returned to his regular duties as a bridge specialist with the 54th Engineer Company in Schwezingen, Germany.

He entered the Army in January 1955 and received basic training at Fort Leonard Wood, Mo. Rody was last stationed at Fort Bragg, N. C., and arrived in Europe in December 1956.

The 22-year-old soldier was graduated from Cross Plains High School in 1953.

Rain, Flu Cause Circus to Cancel

Because of rains which prevented the circus from entering the lot in some of the towns on its tour and because of "flu" which cut down attendance, the Cole Circus, advertised to be in Rising Star Saturday of last week, cancelled the remainder of its tour and went into winter quarters at Hugo, Okla.

Mr. and Mrs. Tom Baker visited Mr. and Mrs. H. J. Hamilton of Cisco, Rt. 4, one day last week. The Hamilton's formerly lived near Rising Star. At their farm now they have a number of fine Black Angus and Jersey hogs and a beautiful fall garden.

Big Rattler Is Killed By Boys

Howard Walker and Thomas Wolf killed a rattlesnake four and a half feet in length with a body fully four inches thick, on the O. R. Shults place Monday afternoon. The rattler, which had at least ten rattles, was lying in a road through the ranch and the two boys ran over it with their car. Mr. Shults said that he had sighted the big reptile a number of times but had never been able to get close enough to kill it.

Attendance Cut 20 Pct.; Re-Open Mon.

Rising Star public schools, yielding to the assault of the current wave of influenza which Monday and Tuesday cut attendance almost 20 per cent, closed their doors at noon Tuesday until Monday morning, November 4.

Closing of the schools was ordered to prevent as much as possible further spread of the malady and give pupils and their families a chance to combat the illness on more favorable terms, and to guard against a loss in average daily attendance which, under the terms of the Gilmer-Aiken school law, could result in a serious cutback in state aid next year.

The time lost this week will be made up during holiday seasons and in the extension of the term beyond the previously scheduled closing date, Supt. Sam Jones said.

Monday the high school registered 25 absentees and the elementary school 42, making a total of 67 pupils out with influenza. Monday there were 66 rec-absences. A number of teachers were also indisposed on the verge of taking the flu. "Under the circumstances," said Mr. Jones, "we thought best to close the schools to both pupils and teachers to recover. By next Monday should be back to normal. Closing the schools will give us an opportunity to take care of their children. We feel that the step we have taken will result in much more in the factory school and a healthier student body, and we are in cooperation of our patrons in an emergency."

Other schools which closed this week in this area include Gager and Scranton.

Organization of Lions Club Here To Be Discussed

The organization of a Club for Rising Star will be discussed at a meeting of local business and professional men, farmers and ranchmen, representatives of the Lions Club and of the Lions organization at School library Monday evening, November 4, at 7:30 o'clock.

Formation of such a club would give the men of Rising Star and vicinity an organization through which they can interest themselves in projects of community and area importance on a basis of good fellowship and enliven community interest, it was pointed out.

The club would meet weekly at a luncheon at night, and there would be entertainment and opportunity for good fellowship, well as for the promotion of projects of value to the community in the area.

Who would be interested in a discussion of the prospective purpose of a club here is invited to attend the meeting at the school Monday evening.

Rising Star 4-H Elects Officers

The Rising Star 4-H Club held its first meeting of the year 9:00 A. M. Thursday, Nov. 10, in projection room at School. The purpose of the meeting was to elect officers and organize the 4-H Club.

Miss Nancy Weather Home Demonstration planned the purpose and the duties of the club.

The officers elected were: President, Mrs. J. J. Harris; Vice President, Mrs. J. J. Harris; Secretary, Mrs. J. J. Harris; Treasurer, Mrs. J. J. Harris; and Reporter, Mrs. J. J. Harris.

Boy Scout Fund Here Now at \$275

Total contributions to the Boy Scout fund in Rising Star have reached \$275.00 according to Art Fisher, auditor. Occasional donations are still being received, Mr. Fisher said. Prospective contributors were urged to make their donations as soon as possible. It was hoped that the final sum would be around \$300.

Firemen School Being Taught Here

Beginning Monday night of this week, a series of weekly firemen schools is being taught at the City Hall to continue for five weeks. Sessions are held each Monday evening.

The instructor is being sent from Texas A&M College under the auspices of the State Fire Commission and all the latest methods used in fire fighting are being taught to the City Firemen.

Mayor Walter Smith and Fire Chief Harvey Chick urged all firemen to take advantage of the school and attend the weekly sessions regularly.

Crippled 'Cats Face Goldthwaite

The Rising Star Wildcats, flurried and weakened by the loss of their star back and quarter will invade Goldthwaite Friday night for their third conference game.

Cold weather, flu and injuries last week caused a mutual agreement between Loraine and Rising Star to cancel the non-conference game scheduled between the two teams here Friday night, and the postponement was a wise move in view of the fact that the already crippled Wildcats would certainly have been left in even poorer state to face the strong Goldthwaite eleven.

As matters stood Tuesday, Robert Needham, quarterback and chief running back of the Wildcat team was lost to the team for the rest of the season with an injured knee, while it was uncertain that Eugene Bishop, Mack Elliott and Edward Burns, all afflicted with the flu, would be in a condition to play. Coach Ray Nunnally was working the squad only lightly during the week because of the condition of his boys. Otherwise, however, the team was in good physical condition, and if the ailing members return and no further invasion of the flu epidemic among the squad takes place the 'Cats will have most of their strength to throw at the Eagles.

Not that it will give them any great advantage against the Goldthwaite team which has lost only one conference game so far, and that to the powerful Mason Punchers who defeated them by only one touchdown. The Mills County eleven is a senior outfit with most of its good squad of last year back to carry the ball in this year's play. The team is rather light and fast.

Roberds Well Flows 200 Bbls In Twenty Hours

What appears to be one of the best shallow oil wells drilled in this area in years was in process of completion on the Pauline Roberds tract northwest of Rising Star this week.

The well is the Sam Eakin Pauline Roberds No. 2, 600 feet east of the same operator's No. 1 Pauline Roberds in the SW 1/4 of Section 26, Block 2, ETRR survey.

The well is bottomed at 1,025 feet with nine feet of pay sand. It was sandfractured and is flowing naturally, making 200 barrels in 20 hours through one-sixteenth inch choke Wednesday of last week.

Find the Strength for Your Life

America is a nation of strengths. Its industrial might gives her people the highest living standard in the world. Its powerful defenses safeguard her heritage of independence and freedom.

America is a nation of strong people. They have courageously resisted the cold war tactics of an alien doctrine. They have bravely stemmed the advances of aggressors.

America is a nation of shining ideals. It has held proudly in trust "the preservation of the sacred fire of liberty," as George Washington called it. It has always been a nation "under God," as the Pledge of Allegiance states.

America is a nation of growing spiritual strength. In its early years, hardly more than a tenth of its citizens were connected with religious groups. Since then we have put on much spiritual armor. Today 60 per cent of us are Church and Synagogue members. More than half of us attend worship services regularly. We are on the high tide of deepening interest in religion.

A French visitor to our shores in 1830, Alexis de Tocqueville, expressed his amazement at the power religion exerted upon the life of the nation. He found in America that the spirit of religion and the spirit of freedom "were intimately united and that they reigned in common over the same country."

Thus did the French writer discern the source of our strong freedoms—our recognition of our dependence upon God. In our own day President Eisenhower has called for "a frank acknowledgment of our faith that He can supply that additional strength which, for these trying times, is so sorely needed."

During November, Americans are urged to do just that. The month is set aside as Religion in American Life Month. During this period a nationwide program, backed by a vast advertising campaign, emphasizes the importance of religion in personal, family, community and national life.

Let this be our opportunity to help keep ourselves and our country spiritually strong. Take to heart the RIAL theme, "Find Strength for Your Life . . . Worship Together This Week."

Proposed Constitutional Amendment Affects State Employees Retirement System

On November 5, 1957, three proposed constitutional amendments will be submitted for approval to the voters of Texas. One of these, House Joint Resolution No. 37, will, if approved, authorize several important changes in the State Employees Retirement System.

The System presently covers all regular employees of State department and agencies. It does not apply to part time employees nor to elected office holders. Persons covered by other state supported retirement systems are excluded.

The amendment would permit extension of the System to cover some who may now be under county retirement plans, and au-

thorizes inclusion of employees of judicial districts of the State who draw part or all of their pay from the State, directly or indirectly.

thorizes inclusion of employees of judicial districts of the State who draw part or all of their pay from the State, directly or indirectly.

The amendment would also allow the legislature to extend coverage to elected officials. However, in House Bill 790, which implements the amendment if and when the amendment receives approval, no elected officials, including members of the legislature, were included in the coverage.

Under present law, the State matches an employee's contribution made by the employee, but the employee's annual contribution is limited to \$100, which is 5% of \$3,600. The amendment would retain the 5% rate, but the \$3,600 limit would be removed and the contributions of both the State and the employee would be based on the employee's total pay.

The proposal would also remove the present provision that persons receiving benefits from the State Employees Retirement Fund must release the State's contribution on their behalf to this fund before becoming eligible for other state aid or pensions.

HOW VALUABLE

...IS LOCAL NEWSPAPER ADVERTISING TO LOCAL BUSINESS PEOPLE?

Here's what the American Bankers Magazine, a publication which represents a traditionally conservative profession, has to say:

"No business man or woman in any town should allow a newspaper to go to press without his or her name and business being mentioned somewhere in its columns.

"A stranger picking up a newspaper should be able to tell what business is represented in a town . . . it's the best possible town adviser. The man or woman who does not advertise does an injustice to himself or herself and definitely to the town."

FLU HAS HIT THE SENIORS

This is "Flu Week." If you have any of the following symptoms, you can become a member of the "Flu Club": A runny nose, high fever, watery eyes, back ache, and sore throat. The

advice of the Seniors on this, —if you have any of the symptoms—GO TO BED!!!

Again we would like to tell you, we will be selling Christmas cards soon and hope you buy all your cards from us. We will sell personalized or plain cards.

The Seniors are going to be afraid to look at their pictures when they arrive. Some of the activity pictures have come in and the results were—well, why not ask some of the cheer leaders?

Macbeth is slain; at last we've completed "Macbeth" in English.

Are the Seniors leaving? No, not now but later. We are writing for literature on where to go on our trip. Some of the questions in front of the Seniors are: Will it be New Orleans, Galveston, Bandera, or where?

Will we go by chartered bus or train? How much money do we have? And how long can we stay? We are really looking forward to the trip!

Our game last week was called off because of the flu so be careful and don't let the flu bug get you!

Let's get those Eagles tomorrow night, Cats!

NEW FACES

This week we go to the Sophomore class to find our new student. Our new face for this week is Elmer McCary. Elmer came here from our neighboring town south of Rising Star—May.

Elmer was born August 11, 1940, in May, Texas. His parents are Mr. and Mrs. H. B. McCary.

Elmer, a well-liked member of the Sophomore class, has brown

hair and brown eyes. He is five feet, eleven inches tall. His favorite magazine is "Post". Blue is his favorite color, while steak is his favorite food.

Elmer is well-liked by everyone including the teachers.

A note to all exes. I think we need a homecoming in '58; don't you?

FISH TALK

Hey, you Exes! Get with it! No Homecoming this year. All the kids around RSHS were really shook up when they heard the news. Let's get behind the old eight-ball and have a homecoming to back the Wildcats.

"He who prayeth best loveth best". That's what we've had in English lately. Poetry! Any one having trouble? The girls have been cooking again. We cooked dinner last week and surely did enjoy it.

I'd like to thank Jetta for pitching in for me last week—just couldn't get everything done.

The Fish are really enjoying high school. All of the Sophs, Juniors, and good old Seniors have really been nice to us. We like all of our teachers, too! They've also been very good to us.

Part of the pictures came in last week. They are really good, and we're looking forward to seeing all of them. Come on, Cats beat Goldthwaite!

Editorial NOTICE—EXES OF RISING STAR HIGH HOMECOMING

Last week the RSHS students heard the sad news. You should have seen the long faces. What a bunch of sad sacks! I guess you wonder what had happened. We had just heard the Homecoming was called off! You ask why? You—the Exes—had forgotten a little fact. You forgot to write and say you wanted one. Maybe you were like some of the other Exes and thought that when the announcement of the date came out in the Rising Star Record, you would come. It doesn't work that way though—it's your Homecoming! You have to show some interest in it if we have one.

The Answer

Everyone of you can right this grave mistake if you will sit down at your desk and write the President of the Exes, Charles Rutherford, a letter telling him you want to know the details. You say, well my letter won't mean much. That three cents

you use will help—you'll let us here in Twinkle City know you're behind our school and that your old alma mater means something to you. It's up to you, Exes! Please don't let us and ourselves down by not having a Homecoming in 1958. Remember, write now! Pat Howard

JUNIOR CHATTER

Here we are again; that is, most of us. We had several out with the flu; we hope they will be back very shortly.

Almost everyone has ordered material so they can begin their term themes. These themes will be written about authors whom we have studied in American Literature. We know it will be fun and we are going to enjoy finding out more about these authors.

Say, Jettie D., what happened to you at the gym last Monday?

Delwin, do making reports bore you?

We are very proud of the Junior Class. They sent a box of clothing to a poor family in Essie, Kentucky. If any one else would care to mail them something, please see Mrs. Shook.

That's all from the Juniors for this week so be ready for the spooks and goblins; they'll be out tonight.

Come on, Wildcats, beat Goldthwaite!

WE — THE SOPHS

Hello readers. Are you ready to meet more wonderful Sophs? I know you enjoyed meeting them last week. This week we find—

Danelia Darnell—Wow! What a girl! You'll not find a combination of brains and beauty like that very often. In RSHS we love to tease Danny just to hear her tinkling laugh. We know her parents, Raleigh and Ruby Darnell, and her brothers, Ray and Tommy, are every bit as pleased with her as we are.

Jettie Duggan—Jettie is such a good pal to everyone.

If you haven't seen Jettie play a basketball game, you should. And besides being a terrific athlete, Jettie is a pretty sandy haired gal with sparkling brown eyes and deep, deep dimples. (What's in that locker, Jett?)

All you Exes, know by now that there will be no Homecoming this year. Please support it next year.

Beat Goldthwaite!

Jimmy Wright, son of Mr. and Mrs. James Wright, Eastland, already has his two lamb on feed for the show. He secured the lambs from Walter Kurklin, prominent sheep raiser at Cisco.

A total of 22 boys from the Gorman, Cisco, Rising Star, Scranton, Ranger and Eastland clubs are planning on pigs for projects. Pigs of the Duroc Jersey (red) breed are the most popular among the boys. A decade ago pigs of the O.I.C. or Chester White breed were common but one rarely sees them in the county today.

Arrangements have been completed for the club boys who plan to secure lambs to feed out to get them on next Saturday morning, Nov. 2, according to word at the County Agent's office. Lambs are scarce and are higher in price than last fall it was said. Lambs are very popular as projects for boys.

Mike Thornell, who did such a good job as Master of Ceremonies at the 4-H Rally Day at the City Park in Eastland one evening last spring made the Dallas Fair trip on October 5 and reports a good time. Mike is an Eastland boy and was president of the club there last year.

Dwight Squires was named President of the Ranger Junior High 4-H Club at their initial meeting recently. Johnny Bob King was named to two different offices. He was named as the vice-president and also the 4-H County Council delegate. Other officers included Don Hooper, reporter and Roney Tye, secretary-treasurer. Hooper was formerly a member of the Junior High Club in Eastland. There is also a 4-H Club in both Hodges Oak Park and Young Schools in Ranger.

Phil Harrelson, Nimrod, is

keeping his fingers crossed in the hope that his second Jersey calf will be a heifer. The cow is a Youth Dairy Program animal and her first calf was a bull. The obligation is to give back the first heifer calf to be given to some other boy. Phil is the son of Mr. and Mrs. Oliver Harrelson. His mother is an accomplished musician although totally blind.

Douglas Browning, Hodges Park Club, Ranger, writes in for

help in locating a registered pig as his project demonstration in swine. Douglas is the son of Mr. and Mrs. T. L. Browning of Ranger.

Eddie Don Sargent, Eastland, who fed and showed two good Rambouillet and Corriedale crossed lambs at last spring's show wants to again feed lambs for his project in 4-H club work. The lambs were from the John Thurner flock on the Terrell ranch southeast of Eastland.

His brother Mickey also fed and exhibited lambs. Both boys did well with them. Both boys are sons of Mr. and Mrs. Ed Sargent. They live north of Eastland.

Judy Phillips, Eastland, is a club girl who wants to feed and show some lambs as her project. Leannah Leavelle and Judy Chick of Cisco were club girls who had lambs at last spring's show. Both did well with them.

Jimmy Johnson, Scranton and Warnie Kanady, Nimrod are club boys who have been recommended for the Calf Scramble at the Houston Fat Stock Show at Houston on February 23. Minors release papers have been properly signed and sent in for the boys. Eastland County boys have been scrambling for calves at the big show in Houston for the past several years.

Deuteronomy Is Studied By Ladies Bible Class

Thursday, October 17, Ladies Bible of the Church of Christ, with Minister Tansil as the teacher, studied Deuteronomy, the last book of the Pentateuch, which was written by Moses. Twelve ladies were present.

In Deuteronomy the Law is repeated. Moses understood, through God's revelation, he was soon to die; and that it was very important that he impress upon the new generation, God's will concerning Israel's responsibilities in the new land, which was filled with idolatry. The book contains Moses' farewell addresses, in which he rehearses God's promises, explains the Law, and instructs as to the future of Israel. Chapter 16 tells of the various feasts; Chapter 19 tells of the cities of refuge. Chapter 28 records the blessings for obedience, and the curses for disobedience. Chapter 21 tells that Joshua was charged and commissioned, by God, as leader to follow Moses. The song of Moses, setting forth God's mercy and vengeance, is recorded in Chapter 32 and 33. The death of Moses on Mount Nebo, and the grief of the children of Israel over the loss of their great leader, is told in Chapter 34.

The book of Joshua, written by Joshua—the new leader—was the lesson for Thursday, October 24. The book relates the conquest of Canaan, and records the dividing of the land. It is the first of 12 historical books. The key thought of the book is Redemption in Possession; as in Exodus there was Redemption in Deliverance. The conquest was a war against sin—to purify the land for the home of God's people, and to make possible the establishing of the true worship of God. In this study we see the fulfillment of the land promise made to Abraham; that people are punished for their sins, and that God works through men to accomplish His plans. We read in I Corinthians 10 that the conflicts of the wilderness and of Canaan are lessons written for our admonition, that we should not just after evil things. Joshua's farewell speech is recorded in Chapters 23 and 24. Joshua 24:29-31 tells of his death.

House Resolution Pays Tribute to Deceased Jurist

The following Resolution on the death of Judge Milburn S. Long, Associate Justice of the 11th Court of Civil Appeals at Eastland, was introduced in the House of Representatives at Austin by Rep. Paul Brashear and adopted by the Legislature:

Judge Long died of a heart seizure and was buried at Abilene. Gov. Price Daniel named Esco Walter, Abilene attorney and former high school grid great, to the vacancy.

The resolution reads: H. S. R. No. 26

House Simple Resolution

WHEREAS, on Tuesday, October 15, 1957, the State of Texas lost an esteemed citizen in the passing of Judge Milburn S. Long; and

WHEREAS, Judge Long was born October 23, 1893 in Granbury, Texas. He was a graduate of Glen Rosa High School and Reynolds Presbyterian College of Albany, Texas. He served as school superintendent of Moran before being admitted to the bar in 1916. A year later he became prosecuting attorney of Shackelford County, serving until he was elected as District Attorney in 1922. In 1927 he was appointed District Judge by Governor Dan Moody where he served until he was elected to the Court of Civil Appeals of the Eleventh District; and

WHEREAS, He was a member of the First Methodist Church, the Masonic Lodge, Odd Fellows, Woodmen of the World, the Lions Club and a director of the Eastland Chamber of Commerce. He has long been known as a friend to the farmer and rancher, owning a ranch near

WHEREAS, He was the former Ida Clark, Albany on August 30, 1957, is survived by his daughter, Mrs. Pat Owen; three brothers, H. Long of Abilene, R. S. Long of Fort Worth, Early Long two sisters, Miss Dollie Granbury and Mrs. Demarion of Ralls; and three children; now, therefore

RESOLVED, That the House of Representatives pay tribute to Judge Long; and be it further

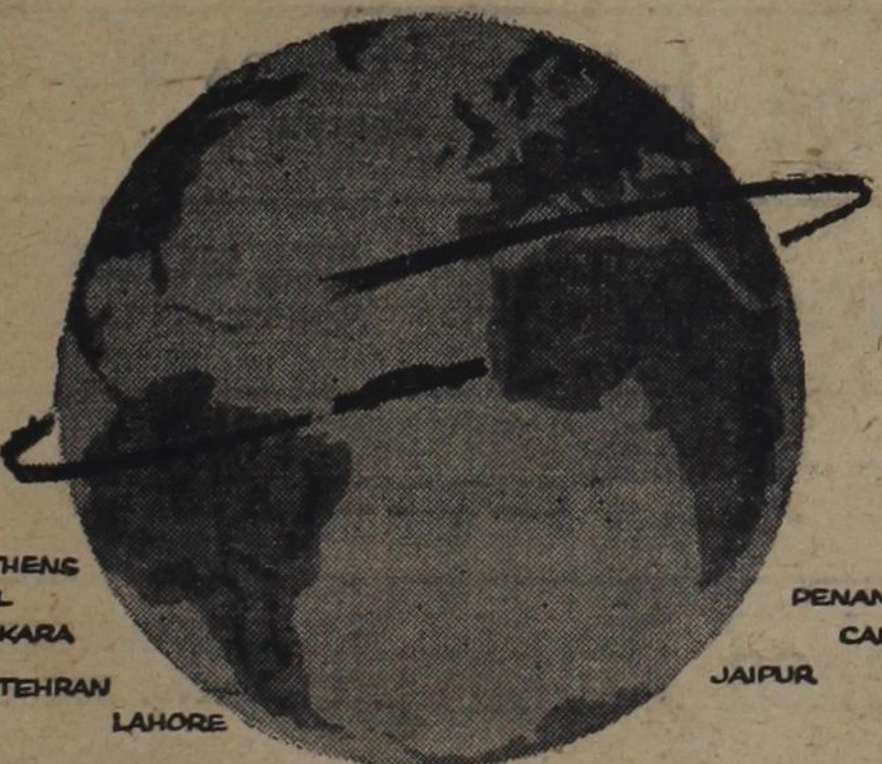

RESOLVED, That a copy of this Resolution be sent to members of the family and be printed in the House and when the House today it do so in memory of Judge Long.

Larry Campbell, Gorman; Fry Majors, Desdemona and M. Key Walker, Rising Star, although interested in the livestock and crop exhibits were also much interested in the new car made at the State Fair. Some discussion as to the girl sitting in the seat in one of the new cars a mannikin or a real girl turned out to be real.

58 FORD COMING NOV. 7

Nothing newer

AROUND THE WORLD

The 58 Ford has been proved around the world. This is the most dramatic and most grueling test ever given a new car before its public announcement.

The whole world was used as a test track for the 58 Ford. The car drove through England, France, Switzerland, Italy, Yugoslavia, Greece, Turkey, Iran, Afghanistan, Pakistan, India, Malaya, Thailand, Cambodia, Vietnam, and finally back to the place it started—Detroit, Michigan, U.S.A.

The Ford powered over the great mountain ranges of three continents: from the Alps to the Himalayas and the Rockies. It crossed the great rivers of history: the Thames, the Seine, the Tiber, the Arno, the Tigris, the Euphrates, the Indus, the Ganges.

This car stood at Buckingham Palace, rolled up the Champs Elysees to the Arc de Triomphe, and paused at the Eiffel Tower. It was greeted by the great Paris courtesiers at the famous fashion salons where its "sculptured in steel" styling was applauded by the most style-conscious audience in the world.

The 58 Ford rode smoothly down the rugged, beautiful seacoast of Tito's country, to a festival in Dubrovnik, and into Greece to Athens, where this newest classic met such ancient classics as the Parthenon and the Temple of Poseidon.

Into Turkey: and the 58 Ford passed the great white lacework palaces of the Sultans along the Bosphorus and the Golden Horn. Then the Ford went where few but nomads travel, up into the hot days and chill nights of the ancient mountains of Afghanistan. And thence along the route Alexander the Great followed with his chariots to cross the historic Indus river.

On and on the Ford moved, down into the heat of mysterious India, through New Delhi to the Taj Mahal, and to the great pink palace of the Maharajah of Jaipur.

This great new car met the challenge of the monsoons—rains that for centuries have stopped all road movement throughout Indo-China, but didn't stop the 58 Ford. It drove on to Penang in Malaya, and then north to Bangkok.

Further on came Saigon, the Paris of the Orient, at the farthest tip of Southeast Asia. Finally, it powered across the great Rockies and plains of North America and back, at long last, to Detroit, Michigan.

The 58 Ford . . . has been proved and approved around the world. A natural question arises. Why did Ford go to such great lengths with its 1958 model? Why spend so much money and time and go through all the problems of negotiations, customs, border transit, diplomacy in so many countries?

The answer: in the competitive automobile market of today, only the best in all-around value can survive. And this round-the-world test is the most decisive possible demonstration of the best.

The 1958 Ford is value: hard-dollar value. It is also style, power, performance, and a dozen great new features. But above all, it is value.

This is the car you've been waiting for. See it November 7—there's nothing newer in the world than the 58 Ford!
