New Look for Downtown

The Texas Highway Department is changing the look of Highway 36, in the center of Rising Star. Over the next few weeks the THD will be placing "NO PARK-ING" signs on both sides of Highway 36 going east and west one block each side of the red light. This is being done so the yellow center stripe can be moved back to the center of the road, giving more room to east

bound traffic. Curbing will be painted yellow to help designate the no parking area. This will not affect the loading and unloading zones to the businesses downtown, but will prevent the parking only, and help the flow of traffic through Rising Star move more safely.

If you wish further information concerning the two block area of Highway 36, please contact the Rising Star Police Department.

In pioneer days, making a fire was frequently difficult. Today, unfortunately, starting a house fire seems to be too easy.

The Bureau of Vital Statistics of the Texas Department of Health (TDH) reports 284 per- especially if you burn sons died in home fires last year in Texas. Seventy-six deaths occured in persons 19 years of age or younger-while 46 persons died in the one through four-year-old category. Fires also killed 94 persons age 55

There are some basic safety measures that can protect your family from becoming a fire statistic, according to the TDH. With winter ap-

Bids Sought on P.O. at Tolar

Tolar, Tx.-The U.S. Postal Service is asking for construction bids to build and lease a new main post office in Tolar, Postmaster Virgie Musick said here.

Bids are to be submitted to Raymond Barnes, realty management and acquisition specialist, Field Real Estate and Buildings Office, U.S. Service, Postal P.O.Drawer Dallas, TX 75221-0239.

Bids will be opened at 2:00 p.m. October 7, 1982, in Room 523, **Downtown Station Post**

Office, at the corner of Bryan and Ervay Streets in Dallas.

The proposed building will have 1,856 sq.ft. of interior floor space. It will be built with private funds and leased to the Postal Service for a basic period of 10 years with renewal options for 20 additional years.

The Postal Service has acquired an option to buy a site for the new post office which will be assigned to the successful bidder.

The site containing 18,750 sq.ft. of land is located on the south side of U.S. Hwy. 377.

homeowners should inspect their chimneys for cracks which could allow embers or carbon monoxide to escape. It's wise to clean your chimney annually to avoid chimney fires, wood or coal. Make sure the flues are strong and tight, and every fireplace should have a noncombustible hearth and a good spark screen.

According to the National Fire Protection Association, a chimney should be at least three feet above the roof peak and two feet above any portion of the building within 10 feet.

Don't forget the central heating unit. The pilot should burn with a clean, blue flame, and the vents should be unobstructed. In addition, check your electric system. Electrical cords should never run near heaters, through doorways, or under carpets, where foot traffic can cause extreme wear. Tacking cords to the wall is another potential

source of trouble. Never use or store gasoline or other flammable liquids near water heaters. Invisible fumes can become ignited and cause a devastating explosion and fire.

Every household should work out escape routes from each room and then hold fire drills. There should be a meeting place agreed upon outside where everyone is to go. Many people have lost their lives going back into a burning structure in search for someone who was safely outside.

Finally, install smoke detectors and make sure they are approved by Underwriters Laboratories or some other recognized testing laboratory. If the detectors are battery operated, check the batteries often.

Stars of the Future 4-H Summary

Debbie Geye Amasses Ribbons at Fair

It has been another eventful year for Rising Star 4H'ers. Our club has been active in both project work and community service. Enrollment was up with 41 members and we had an average attendance of 21 at club meetings.

At their first meeting of the 1981-82 4H year the 4H'ers set 4 goals to meet as a club. They wanted to do 2 community service projects, do a skit involving most of the club members, and choose a new name for their club. They met all 4 goals. In October the 4H'ers took Halloween cookies to the nursing home. In February they became the Stars of the Future and signd and sent Valentines to the nursing home and in April 3 teams put on 3 skits, using all

club. I think if the Rising Star 4H'ers had any one personal goal in common, it must have been, "To do my best." They certainly tried best everything they took on and our community has every reason to be proud of them.

a \$50 savings bond. Stephanie Long received a blue ribbon,

advanced to District and received a \$50 savings bond from the First State Bank of Rising Star. Stephanie received a blue ribbon on her dress at District.

Carol Goode received an Outstanding Clothing Leader award from the Co. Adult Leaders association. Carol took her clothing group on an enjoyable and informative field trip to Brownwood. They saw a movie, visited clothing stores, fabric centers, discussed patterns and discussed economics of buying ready made versus home sewing. Carol received a gift certificate from Trails West given by the Stars of the Future.

Gardening projects were undertaken by Meredith Hamblen, Jerry Long, Jami Long and Stephanie and Toby Long. This 4H group swept the County Garden Show at Eastland. Meredith Hamblen turned in a good record book in Gardening.

Rabbit projects were down this year with only four 4H'ers, Shane Spencer, Jolene Mc-Cutcheon, Melissa Gomez and Michelle McCutcheon. These 4H'ers showed some beautiful, healthy rabbits at the local livestock show.

Projects were Jackie Harris with a Limousin steer, Sam Scott with Champion Chianina steer of the Houston Stock Show. Stephanie Long with a Limousin heifer and Toby Long with a Simmental heifer. In addition to showing at Fort Worth and Houston, Jackie Harris won the Showmanship trophy at the County show and fifth place with her steer. Stephanie Long's heiver was placed first over her brother Toby's heifer at the local show. Toby

4H'ers with Beef

and Mouse won Grand Champion heifer at the Eastland County Show. The Rising Star 4H won the Herdsman Beef trophy. Sheep projects were popular with our 4H'ers. Having sheep

projects were Jami Long, James Gray, Bubba Lewis, Jerry Long, Kelly Hill, Howard Lawrence, Shane Spencer, Stephanie Long, Lee DeLong, Karmen Hall, Clifford J. Hall and Toby Long. Howard Lawrence had the Grand Champion Market lamb at Eastland County Show. Karmen Hall won Reserve Champion Finewool Breeding Ewe and Jami Long won showmanship.

The Stars of the Future had eleven 4h'ers turn in recordbooks. These recordbooks are generally considered a pain or worse and I am very proud of the following 4h'ers: Tabitha Hutton, Clothing; Jamie Hutton, Entomology; Howard Lawrence, Jerry Long, Karmen Hall, Jay Hall, Jami Long and Lee DeLong, Sheep; Stephanie Long and Toby Long, Beef; Meredith Hamblen, Gardening.

The Stars of the Future won first runner-up and \$10 in the County scrapbook contest. Stephanie Long was reporter and chairman of the scrapbook committee. Laura Cox, Jackie Harris. Howard Lawrence, Kelly Hill, Jerry Long, Jami Long, Stephanie Long, Toby Long, Tabitha Hutton, Karmen Hall and Jay Hall were the scrapbook committee.

Other activities our 4h'ers participated in were Cisco Livestock Field Day, County Camp at the Texas State 4H Center in Brownwood, the County Fair & Oilfield Parade, Homecoming Parade and the County Christmas Party. Karmen Hall and Wendi Green attended State 4H Camp. Travis Parson and Tabitha **Hutton** went to District Roundup with their Method demonstra-

The local stockshow and fair last March was something special to our 4H'ers. Our hats are off to the judges, donors and other helpers.

Thanks to to special 4H friends for news coverage, for buying newspaper ads to show support, for discounts on feeds, for other ways merchants supported our club and to adult leaders.

Most of all, thanks to the parents for their aid in transportation and finances and for their encouragement and pride in the 4H'ers.

In summing up the 1981-82 4H year, we have learned a lot, made new friends, shared happy times and disappointments and we look forward to the coming year with the hope of "Making the Best Better!"

DEBBIE GEYE

By Mabel Halsell

As I start to write my introduction, I am reminded of the preacher who was accused (falsely) of reading a book each week and preaching about it the next Sunday. No one can read "Ci-

ty Kid "by Mary Mac-Cracken without wishing to share its theme with others. I read about Luke, the city kid, who set fires for the joy of seeing them burn; who was a thief, a truant, and was only seven years old. His seemingly incurable criminal conduct had put him in the catagory of being "socially maladjusted with an overlay of emotional disturbances;" one who needed special help from special teachers.

Mary MacCracken, who became Luke's tutor, brings out the inadequacy of the college courses required for training those teachers. She asks, "Where would teachers-to-be learn about commitment and communication from such courses as History of Education in the U.S., Background of Mathematics 11, Practicum to Teaching Reading, and others? How could they learn to be teachers without children; without a love for children?" Mary's tenure of six years teaching such children was being interrupted by having to enroll for such courses required in "state approved schools."

Mary's sessions with Luke were divided between academic skills "something and nameless." She not only did the seemingly impossible for Luke, she aroused the innate aesthetic qualities that would have forever have been dormant in the potential criminal

he was beginning to be. Once he said to Mary while they sat in his hide-away tower,"Remember

that deer, the one in the meadow?" "Yes."

"He was just standing there, quiet, like now, but you know what? I wish I'd seen him running...running beautiful and free." Mary was quiet for a moment, then she said "Beautiful and free, you will some day."

Mary's answer to a question as to how she did so much for Luke climaxes the theme of the book: "...by listining to him. Luke needs someone to listen." And finally, " I cared for him."

Wednesday night were Mrs. Ruby McCowan and Naomi. Pearl and Jim Kramer visited Sunday afternoon.

Mr. and Mrs. E. J. Flippin visited their son Tan and wife in Stephenville Sunday afternoon.

Mr. and Mrs. J. T. Beggs enjoyed an ice cream supper in the home of Mr. and Mrs. L. W. Mitchell Saturday night.

Mr. and Mrs. Beggs were in Abilene on Thursday where they attended to business and did some shopping.

Mrs. Ethel Brown had a number of visitors this week. They were Mr. & Mrs. F.L. Dean of Rising Star, Mr. & Mrs. Mc-Cord, Mrs. Mabel Burchfield and Mrs. Pointer of Cross Plains and Mr. & Mrs. Tillotson, Mrs. Jewel Foster, Lou Grider and Mabel Halsell of the community.

Billy Wayne Foster and wife of Oklahoma, Charles Foster and wife of Abilene and Eugene and wife of the community visited their parents, Mr. & Mrs. Hiram Foster and attended the funeral for Mr. Foster's brother on Monday.

Mr. & Mrs. Joe Fleming's visitors were their granddaughter, Julie and Darwin Floyd of Brady, and their son Jim and Charlene and children.

Pat and David Witherspoon visited her parents, Mr. & Mrs. Bill Sessums during the weekend. They returned little Rachel home after a week's visit with her grandparents.

Vanda King and children went to Abilene Sunday where she visited her parents, Mr. & Mrs. Darwin Anderson.

Winifred Dodds, of Jonesboro visited them last week. Other visiters were her father, Mr. Lonzo Boyd, Howard, Judy and Allen Phillips. Janis Phillips went to Baytown where she attended the wedding of a cousin.

Mrs. Halsell was in Rising Star Thursday, delivering tomatoes and potatoes, and visiting. Among those she visited were Miss Era Witt, Mrs. Frizzell and Grace and Kenneth Morrison. The visits make the trip worth the time spent.

The D. G. Stovers, Vickie Hinyard and children had lunch with the Regie Stovers on Sunday.

Jim Alexander and

family visited his parents and grandmother, Mr. and Mrs. James Alexander and Annie Laurie Alexander on Sunday. Jean Alexander attended the wedding of Jeb Hughes, in Odessa, during the weekend. Jeb Hughes is the son of Jay and June Hughes.

I enjoyed a telephone visit with Mrs. W. R. Gibson who is living in Cross Plains now. She appreciates her neighbors, several of whom she visited recently, Mrs. Jonson, Mrs. Crist, Mrs. Shultz, Kate Watson and others.

The officers also worked on the annual program and made plans for the next meeting.

Did you know Texas has three different kinds of TICKS?

Damage: Suck blood and carry diseases.

Symptoms: Animals may become anemic, lose weight and hold their head in an abnormal position.

Control measures: Pasture rotation, chemical sprays, dips, dusts and systemics. **Square Meals Provide Sufficient Vitamins**

The word itself sounds healthy-vitamins. And for years, television commercials have urged everyone to take them regularly. Vitamin stores sprang up everywhere, and some people began taking large amounts of these essential organic compounds.

But the Texas Medical Association says most people receive the necessary vitamins if they eat well-balanced meals. Vitamin intake beyond the small amounts needed for life, growth and health has no known benefits. In fact, excessive amounts of vitamins A and D can be toxic.

Vitamins do not provide energy or build any part of the body. What they do is transform foods into energy and body maintenance. If a vitamin is missing, a deficiency disease becomes apparent. Rickets, pellagra and scurvy once were common diseases, caused by deficiencies in vitamin D, niacin and vitamin C, respective-These days, vitamin deficiency diseases are rarely found in the United States.

The measuring stick for vitamins (and minerals) is the U.S. Recommended Daily Allowances, a listing commonly found on labelb of foods and vitamin supplements. The RDA table gives the percentage con-

tained of the daily requirement for each vitamin in the product.

Academy of Sciences says "adequate amounts of vitamin E

A reasonable dietary supplement contains from 50 to 150 percent of the RDA for vitamins and minerals. Many physicians and nutritionists consider those with higher percentages as drugs, not dietary supplements. Examples are those with 3,000 percent of the RDA for vitamin B1 (thiamin) or with 2,500 percent for the vitamin B6 (pyridoxine). Despite claims in ads, large amounts do not increase vitality or strength. But they occasionally cause poisoning.

Vitamin E has been the subject of exaggerated claims in some cases. The National Academy of Sciences says "adequate amounts of vitamin E are supplied by the usual diet...self medication with vitamin E in the hope that a more or less serious condition will be alleviated may indeed be hazardous."

delayed.
Some people who eat normally still may want a vitamin supplement. Doctors often suggest a daily multiple vitamin tablet.

Salt Buildup in Farmland

Salt buildup in the soil due to saline seeps is becoming a growing problem on Texas farms and is affecting crop production. The problem results mainly from certain farming practices and the natural movement of water throught soil, said an agronomist with the Texas Agricultural Extension System, Texas A&M System. Water moving through the soil dissolves any salts present and moves them down to a compacted layer. The water and salts then move laterally to the lowest level in the soil and come to the surface. Farming practices that have contributed to this problem are terracing, contour farming and maximizing crop residues on the soil surface. Improving subsurface draining helps but there are no easy answers to the salt buildup problem.

Farm Picture Bleak Some Hope Remains

Thursday, September 23, 1982

Despite

catastrophic farm situation, there is some glimmer of hope as farmers forge ahead and plan for 1983, said an economist with the Texas Agricultural Extension Service, Texas A&M University System. Both weather and the marketplace have devastated the hope of many Texas producers this year. Delinquent loans are running rampant and farm prices are down sharply due to huge supplies. Farmers must now look at '83 government programs as they plan their production. Commodity programs will emphasize reduced production, so farmers need to keep this in mind as they prepare cropland.

CRIME: IT'S THE VICTIMS WHO ARE LOCKED UP

I want to talk to you this week about an issue that troubles me greatly and which I know is of great concern to Texans. It seems that whenever I have spoken about crime in the past 12 months I have gotten a strong and troubled response. No matter where I am—Jewett, Roma or Dalhart—people tell me they are angry and atraid about crime in our state.

This anger and fear concerns me for two reasons. First, because this kind of anger and fear serves as a sort of jail" for innocent people They are the ones locked in their homes at night while criminals go free. The second reason I am concerned is because unless something is done to stop the crime epidemic. people will be ripe for the kind of politician who will play on citizens' fears. The result could be that Texans lose their liberty in return for their "safety". In that sense, the crime problem is like a cancer gnawing at democracy.

The incumbent Lt. Governor's response to the crime issue has been shameful. While he has been in office the crime rate has risen 131%. He has done nothing to attack crime in a substantial way. In fact, he has fought stronger anti-crime measures. He openly opposed the new wiretapping law designed to catch drug dealers. He openly opposed the Governor's anti-crime package by putting it in a legislative committee run by a hostile Senator, who promptly bottled it up. Much of the package passed anyway and now Mr. Hobby has the gall to go around the state taking credit for it!

His sympathies in the fight against crime are evident. Not long ago he allowed the American Civil Liberties Union (ACLU) to hold a fundraiser in his Houston mansion and he proudly defends it. The ACLU has consistently opposed laws that would make it easier to deal with the crime problem.

deal with the crime problem.

I think such two-faced maneuvering is disgraceful. It is obvious that if we are going to attack the crime problem, if we are ever going to give law officers, judges and prison guards the tools they need to make us safer. Bill Hobby will

have to go.

If you have thoughts about this. I'd like to hear from you. Please write me at 1213 W. 34th, Austin, 78705.

OURSELVES

HUMBLE LET'S Don't think that God is going to send sickness to make us humble. God says humble yourselves. That is a commandment. If we couldn't humble ourselves. God would not have commanded us to do so. He will not ask us to do anything we cannot do. He says if you humble yourself He will lift you up and exalt you. "He that humbleth himself shall be exalted.' If we wait for God to humble us we may not be exalted. "Whosoever therefore shall humble himself as this little child, the same is greatest in the Kingdom of Heaven." If we get things from Heaven we must humble ourselves. Don't wait until God does it. God says, "If I shut up heaven that there be no rain...or if I send pestilence among my people; if my people shall humble themselves, and pray seek face...then I will hear from heaven...and will heal their land." When the pestilence came, and they humbled themselves, God healed. He didn't say for them to say that God was doing that to make them humble. He wills that His people humble themselves and pray and get the healing, and deliverance from the diseases. Listen to what God says about Manasseh: "And when he was in affliction, he besought the Lord his God, and humbled himself, greatly before the God of his fathers,

and prayed unto Him:

and He was entreated

of Him, and heard his

supplications." Now be

reasonable. Why didn't

Manasseh say that the

afflictions were sent of

God to make him hum-

anything to be exalted

about it was he, for he

was king. No, he didn't

even make that ex-

cuse. He knew that

God didn't afflict. It is

the devil. Manasseh humbled himself, instead of saying that God sent the afflictions to make him humble. His prayer was answered. Paul says, "Put on...bowels of mercy, kindness, humbleness of mind, meekness, longsuffering." If we could not put on humbleness God would not have so cammanded. "And what does the Lord require of thee, but to do justly, to love mercy, and walk humbly with thy God." We see that God said "walk humbly with thy God." We see that God tells us to walk humbly without being forced. We can do that instead of God having to make us humble. Some people want God to do everything. They said a little boy got up one morning and stretched his arms and said, "Lord bring me my shoes." The story goes that a man was praying for God to supply old neighbor Jones' needs, and his little boy tapped him on the shoulder and said, "Daddy, give me the key to the smoke house and I will

answer your prayers for you." Some pray, "Lord, give me patience." God says, "Be patient." If you could not be patient, God would not have so cammanded. Some pray, "God, clean me up." God says, "Cleanse yourselves from all filthiness of the flesh and spirit, perfecting holiness in the fear of God," (II Cor.7:1).

Saturday Club Hears About Clocks OES Deputy

The Saturday Club met September 15 in the City Library. Aleta Agnew, club president, called the meeting to order and welcomed 21 members and one guest, Bill Grav.

Helen Donham gave invocation. Dorothy Shook led the pledge to the flag the and the club sang "America," led by Lenell Henry and Cliffogene Witt. The program, "America Collects Clocks," was presented by Irene Mayfield who gave a brief history of the telling of time.

Prehistoric man marked time by the sun, stars, moon and tides: the agriculture and herding men told time by the sun, moon and seasons; the Greeks developed the sun dial, which progressed from a stick in the ground to the scientific, often beautifully decorated instrument capable of showing time: the Greeks build the water clock, the largest of which, the "Tower of the Wind," still stands; mecanical clocks were used in 1300; and the spring clock in 1525.

Germany began to make a variety of clocks, the architect usually Gothic in Germany and Renaissance in England and France. The watch was made by Peter Hamlein in 1910, which became highly decorated, housed first in enameled and crystal cases and in the 1700's they were housed in gold and silver engraved cases.

The 18th century was England's year of glory. They capitalized on four inventions: pendulum, spring, hair spring and the ship's chronometer and escapement. Americans achieved clock-making styles in the 18th century. The wrist watch monopolizes design today. Electrical clocks were invented in 1840, becoming practical in

In 1918 the atomic clock was built by the Bureau of Standards. which does not depend on the earth and sun. but on atomic vibrations. They will not vary more than a second in hundred thousand years. They are used in today's time. The Naval Observatory furnished time for the entire country. The atomic clocks are kept underground in direct contact with the earth and are regulated by slight vibrations of the surrounding air.

Honored

The Order Eastern Star Chapters of District III Section 4 met in the Fellowship Hall of the First Methodist Church, Eastland, September 20, for a salad supper to honor Dois Hodges, Deputy Grand Matron.

A large number of O.E.S. members and friends met to enjoy the delicious food and wonderful fellowship. Mrs. Eloise Zuspann was chairperson for the event. Mistress of ceremony was Luella Kitchens, Worthy Matron of Eastland Chapter.

The program was a courtroom setting with the defending lawyer, Norman Richardson; and prosecuting lawyer, Don Powell; trying Dois Hodges for her goodness and faithfulness inthe areas of church work, wife, mother, and Eastern Star work. Doris Griffin of Rising Star introduced the program with a solo, "Memories". She concluded the program with "Love Is the Theme". She was accompanied by Grace Glenn of May.

Those attending from the Rising Star Chapter were: Opal Dean, Worthy Matron; sue Gardner, Elizabeth Robertson, Bertha Mae White, Grace Morrison, Mary Eakin, Dorris Harrell, Grace Glenn and Doris Griffin.

FFA, 4-H Scholarships Grand Matron Begun by Pioneer

Beginning in the fall 1983, Southwestern Division of Pioneer Hi-Bred International, Inc., will initiate a new scholarship program to benefit farm youth in Texas, Oklahoma and New Mexico. Through the scholarship program, Pioneer will award six four-year scholarships annually to FFA and 4-H members in the three states.

who receive the \$4,000 scholarships will be awarded \$1,000 each year for the four years they attend college. By the fall of 1986, when the scholarship program is fully implemented. Southwestern Division of Pioneer will be awarding \$24,000 annually toward college educations for outstanding FFA and 4-H members.

High school seniors

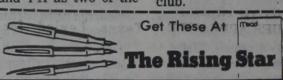

The announcement of the new scholarship program was made by Jim Lindsey, president of the Southwestern Division of Pioneer. "We hope the announcement of these scholarships phasizes how strongly Pioneer believes in the job being done by the FFA and 4-H organizations of Texas, Oklahoma and New Mexico," Lindsey said. "We regard the FFA and 4-H as two of the

finest youth organizations in the world."

Each year one FFA and one 4-H member in Texas, Oklahoma and New Mexico will be awarded a scholarship from Pioneer. To qualify for the Pioneer scholarship, the applicant must be a graduating senior in the upper 25 percent of his or her class. They must also be planning to pursue a degree in agriculture, home economics or a related field at an accredited college or university in the state where the scholarship is award-

Selection of the scholarship winners will be made by the respective FFA or 4-H scholarship committees in each state. The criteria they will use to select the scholarship recipient will include accomplishments while in FFA or 4-H, scholastic ability. financial need, leadership ability and citizen-

The winners of the scholarships will be awarded \$1,000 annually for four years provided they remain enrolled in an approved college and maintain a 2.0 or higher grade point average on a 4.0 grade scale. Students may apply for scholarship through their local FFA chapter or 4-H club.

mutually rewarding.

Parent-teacher conferences can be a vital, constructive, learning situation for parents as well as teachers. The conference should be planned for a specific time in a quiet, comfortable atmosphere. Serious pre-planning can help both parents and teachers make better use of their time.

Parents and teachers should agreeon fair, reasonable goals that benefit the child and bring pleasure and learning to youngster.

Helpful dialogue about what parents want for and expect from their child - as well as the teacher's expectations and professional responsibilities to the child and class as a whole can be a vital first step.

Other positive approaches to parentteacher conferences may include:

Parents can provide two important tools personal support and interest - that the teacher can use to help a child grow and develop while in

school. Together parents and teacher can figure out the strengths of a child. When you know what's right with a wrong with him/her, school and home provide a complementary support system that tends to accelerate the talents a child possesses and play down poor school

College Station-4-H and FFA youth will have the opportunity to become accident investigators starting the week of September 19-25. That's the week proclaimed by Governor Clements as Texas Farm and Ranch Safety Week.

During the week, youth will take part in the 1982 self-help accident report program being conducted by the Texas Agricultural Extension Service of the Texas A&M University System.

Dr. Gary Nelson, Extension safety engineer and coordinator of the study, said that 4-H and FFA youth will be given an accident report form through their 4-H leaders or school advisors. Their job will be to recall any serious accident that

may have occurred to a family member or close friend in the past 12 months.

Nelson explained that if an accident has occurred, a full description of the incident will be prepared. Key questions also will lead the investigator to discover causes of the accident and how to prevent future occurrences.

Completed reports will be sent to Texas A&M University for study to get a statewide picture of the types of accidents occurring in homes and on farms and ranches.

Nelson said that results of the study will be used to develop accident prevention educational programs for Texas families and agricultural producers.

Exec. Director To Speak At Farm Bureau Convention

The speaker for the Eastland County Farm Bureau Annual Convention on Sat., Sept. 25 in Eastland will be Warren Newberry, Texas Farm Bureau Executive Director. The meeting will be held at 6:00 p.m., Siebert Elementary School at Sadosa and Madera Sts. in Eastland.

Warren Newberry has served as executive director of the Texas Farm Bureau since February of 1972.

In this position he is chief administrative officer and business manager of the Texas Farm Bureau and Affiliated Companies.

TFB membership in 1972 totaled 136,943 families. Today, it is 276,247.

A native Oklahoman, the TFB executive director was reared on a cotton, wheat, and beef cattle farm near Lone Wolf, Oklahoma. He still maintains an active interest in the manangement of this farm. He graduated from Lone Wolf High School in 1942 and attended the University of Oklahoma.

Newberry operated the family farm until joining the staff of the Farm American Bureau Federation in 1953. He was the first president of the Oklahoma Junior Farm Bureau, and also served as vice chairman (in 1950) and chairman (1951) of the American Farm Bureau Federation Young Farmers and Ranchers Committee. In 1953, he was

employed by the Farm American Bureau Federation as director of Farm Bureau young people's activities, from which Farm Bureau's Young Farmers and Ranchers Program

developed. In 1956, he was assigned to work with the Southern states as area field services director. He held this position until May of 1970 when he became the director of the field services division of the American Farm Bureau Federation, the position he held when he became Texas Farm Bureau executive director.

During the period that he served as area field services director with the AFBF, Newberry resided in Vernon, Texas, where he was an elder in the Christian Church.

Newberry and his wife Jewell live in Waco, where he is active in Waco Rotary. He is an elder and past chairman of the Board of the Lakewood Christian Church, and has been appointed a trustee of the Texas 4-H Youth Development Foundation.

Motor Carrier Industry Supports Strengthening of Texas DWI Laws

The leadership of the Texas truck and bus industry has gone on record in support of legislation strengthen laws relating to driving

while intoxicated. Meeting in August in Kerrville, the board of directors of the Texas Motor Transportation Association (TMTA) voted to back efforts in the 68th session of the Texas Legislature for tougher motor traffic laws relating to the arrest, prosecution and conviction of drunk drivers.

"As a major highway user, the Texas truck and bus industry is deeply concerned with the DWI problem on our highways and the in-

Never become a Senior Citizen unless you are ready to be on the go, making a good representation for Rising Star. They are also bringing happiness to so many who are unable to go. These lovely people are the most beautiful and wonderful people one can find, not to mention fabulous cooks.

.

On Tuesday night, September 14, Alvy and Dell Bible were hosts to a birthday salad supper. There were 35 present enjoying fellowship and food. Visiting and "42" were in full swing. Those celebrating birthdays were Marjorie West (her second celebration month), Rolan and Tina Hassell and Charlie Chamberlain.

Twenty-nine members enjoyed lunch together Thursday and oh, what food! Two lovely fall arrangements were brought by Elizabeth Chamberlain. Harold L. Evans was our guest. The Star Brite band practiced and others played "42." Lucy and Wilburn Curtis are always early arrivers and have delicious coffee ready for us as we arrive with our covered dishes of food. You might ask Earl Fussell and Clyde Griffin who are the "42" champs now. Earl didn't show up Thursday night for a chance to win his championship back; however, one can count on him this Thursday for a fresh

Friday "Ole Yeller" rolled out with eighteen members and friends for Abilene and the West Texas Fair. There were name tags furnished by Lucille Huddleston. How nice to be so thoughtful, Lucille! We thank you so much. Our president, Louella McKinnerney kept the peppermint candy passed. The teasing, laughing and conversation leaves nothing to be desired. Opal Dean kept Doris Griffin doing the correct stitch in knitting. The day was most enjoyable and how very nice to see all the prizes won by Rising Star entrants. The travel was carefree and restful while "Big Yeller" was driven by competent Clyde Grif-

Then Monday September 20, Clyde had "Ole Yeller" ready to leave at 1:30 for eighteen members and Mrs. Metcalf to go to the Brownwood Care Center for an afternoon of music. A tremendous reception from the residents there with many requests for hymns that were the residents' favorites. Our president was able to make the trip though she fell out the door of her home on the way to the Center. She was bruised and becoming stiff, but that seldom stops a

R.S. Senior Citizen. It's really nice to have Anna Mae Seales back with us after some illness and traveling around.

On our sick list is Cleo (Mrs. Howard) White. She has been in the hospital and at home for over a week. We sure miss Cleo and Howard.

Dell Bible has had a sick spell which has kept her at home or the doctor's. The report from Alvy is that she is on the way to recovery. We are missing these four and wishing them a speedy recovery and back to Senior Citizens.

We are informed that Nellie and Ambrose Morgan left Wednesday on a tour to visit the Grand Ole Opry in Tennessee. they will be gone a week

Our newest members are Tina and Rolan Hassell, formerly of Weatherford; and Irene Askew. They are family now. Tina is a sister to Dell bible and Mattie Jordan: Rolan is a brother to Mary (Mrs. Roy) Clark; Irene is a niece of Louella McKinnerney.

Don't forget! The **Eastland County Clinic** is at the Center today, September 23, from 10:00 until 3:00.

Planned in the next week are: Friday the Star Brite Band to Cross Plains, to Baird at 1:30 on Tuesday and Gorman on Thursday the 30th at 1:45.
