## Through The Editor's Specs

By BAB

At Arthur Smith's barber shop the other day we were laughing at a sign, "For Sail," on a car that passed and Arthur suggested there might be more method than ignorance in the spelling. The incident recalls a letter which a newspaper columnist, who made a practice of playing upon oddities of the sort, received from a reader a few years ago:

"Dear Sir: With reference to your comment anent sign which I placed on my house and which seemed to amuse you quite a bit, please be advised that I 'sole' it, too."

Glancing through the Readers Digest the other day, I noted as perhaps many of you, a comment attributed to Samuel Taylor Coleridge to the effect that happiness in life is made up of many little things.

I have reason to agree. The confident clutch of a child's hand, the smile of someone you love, the concern of friends when you are ill, the tail-wagging happiness of a little dog that greets you at evening—such little things as these remind us that there are values of much greater importance than dollars and cents. Unfortunately we are not always conscious of our enjoyment of them until they are lost.

No doubt much of what we call sentiment is pure selfishness in its real essence. The affections we covet make us feel important, give us a comforting feeling of being needed. But, even so, they are vital to our spiritual welfare, and it is too bad that we must often lose them to be reminded of their meaning.

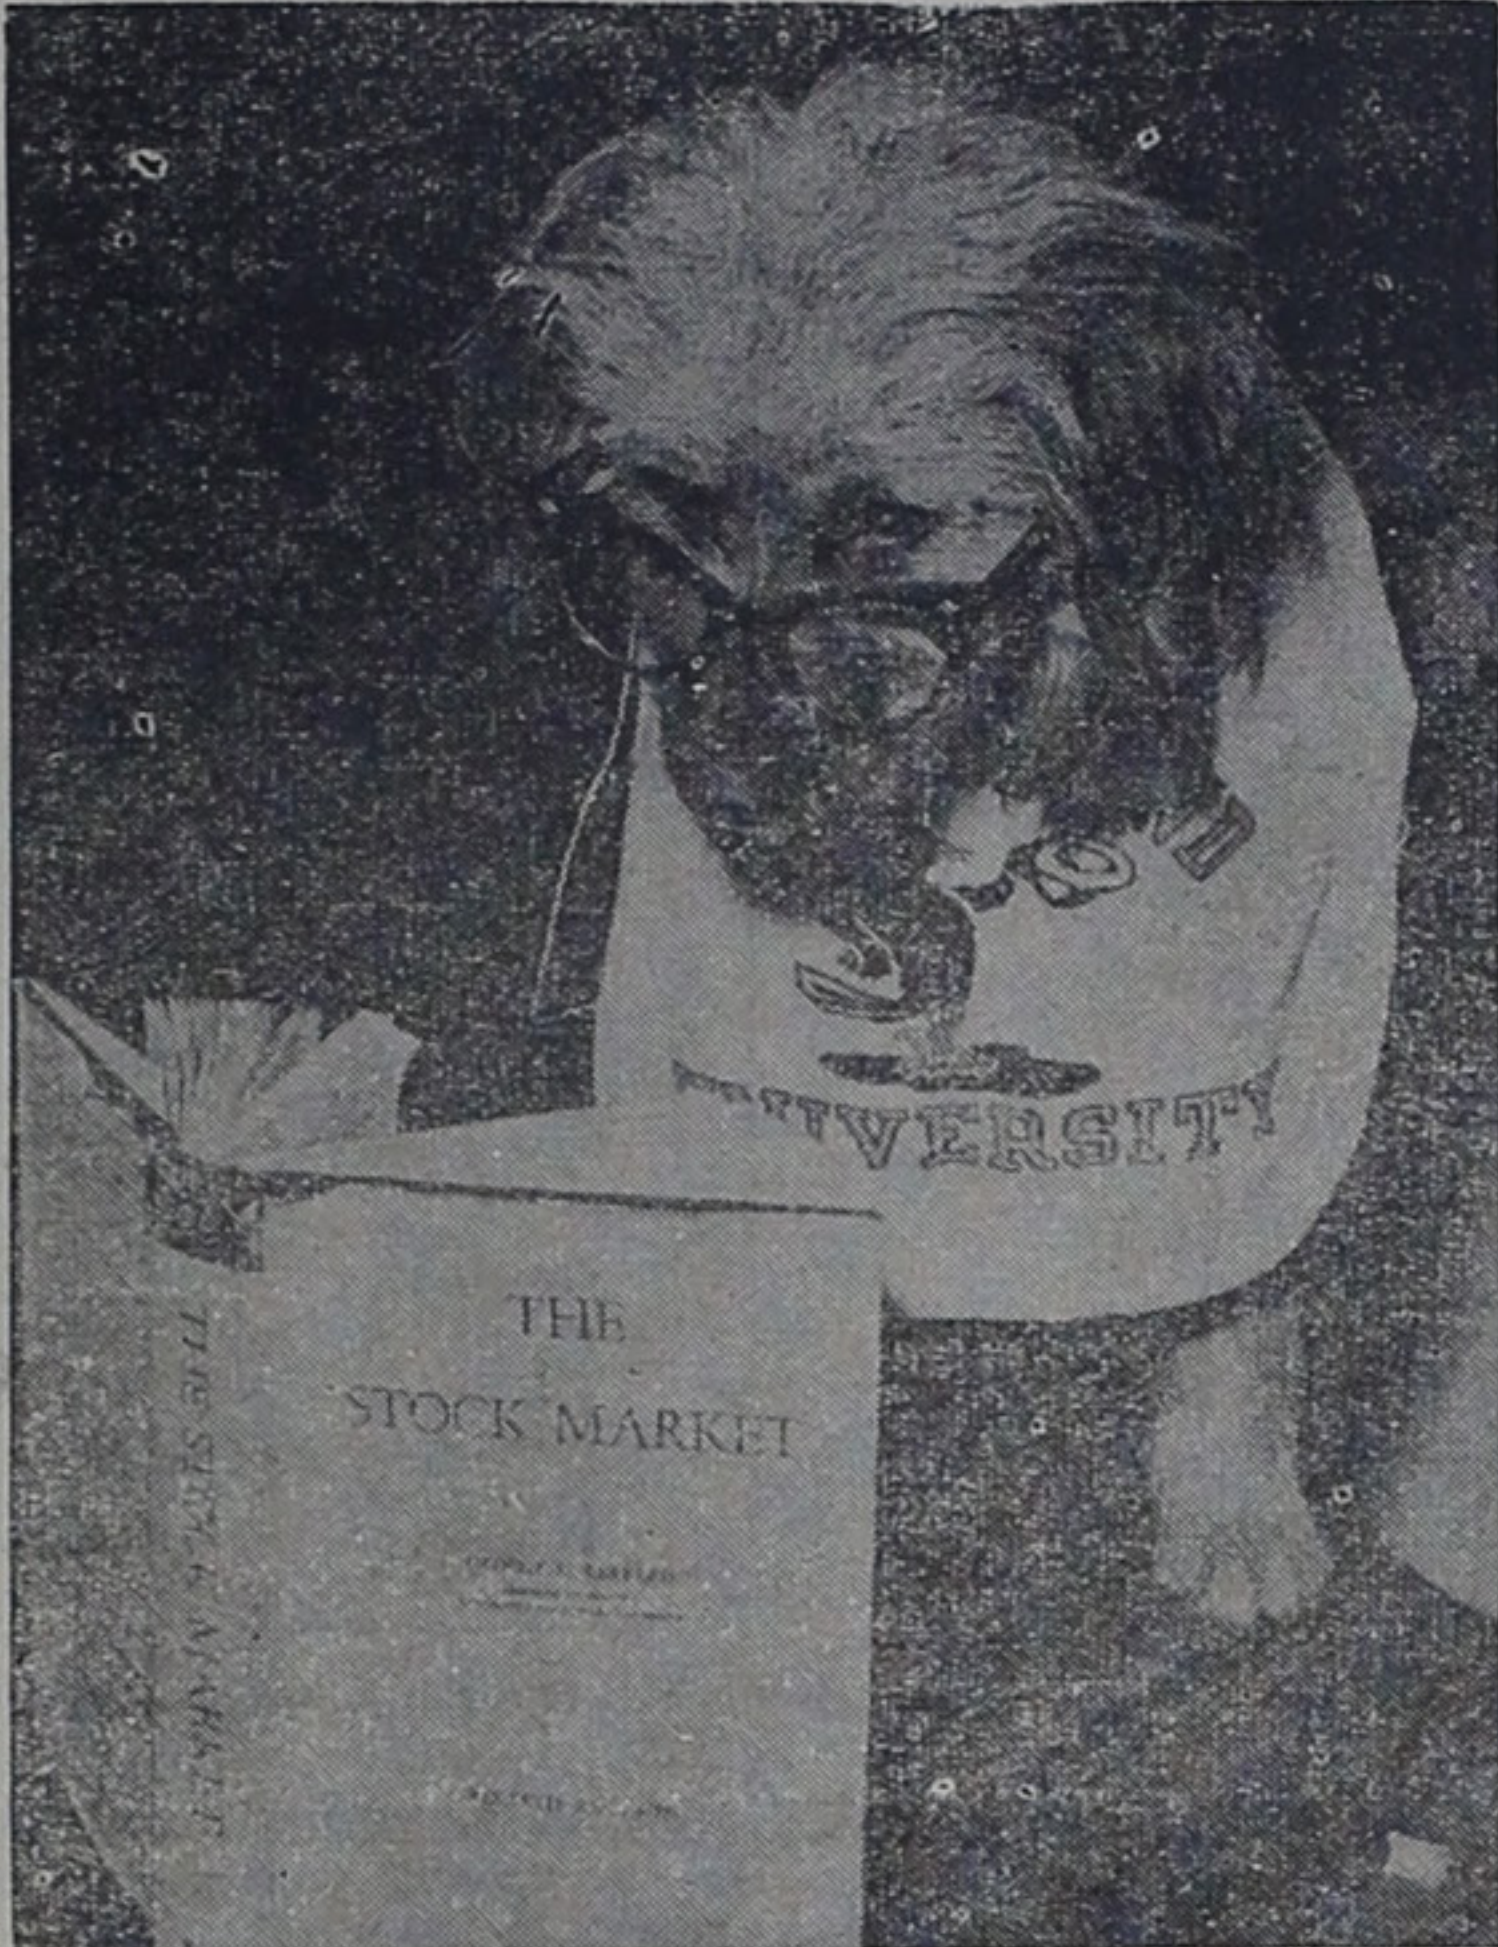

When the stump of a tail isn't around any more, the sense of loss can be deep and questioning, but it enriches the associations we still enjoy. It reminds, however poignantly, that we should be mindful and appreciative of the gifts that remain to us while there is still opportunity to be aware of them as more than memories. Perhaps, after all, he did not die in vain.

A couple of weeks ago when I referred to the designation of Dan "Boss" Blocker as Texan of the Year by the Texas Press Association, I had no idea the big boy was more than a likeable TV phantom so far as Rising Star addicts of the indoor recreation are concerned. Not so. It develops that he has some pretty close ties to some of the folks here to whom he is definitely flesh and blood. One of his former public school teachers is a member of the Rising Star faculty. She is Mrs. John Vermillion, who taught him in elementary school at O'Donnell. I understand that the TV star still keeps in touch with his former teacher.

## Lt. Erwin Enqaes In Georgia Maneuvers

FORT HOOD, Tex. — Second Lieutenant Jerry D. Erwin, son of Mr. and Mrs. W. R. Erwin of Route 4, Cisco, recently returned from Fort Stewart, Ga., where the 1st Armored Division executive a STRAC (Strategic Army Corps) Mobility test. Lt. Erwin is communications officer for the 16th Engineer Battalion, 1st Armored Division. He formerly worked as an electrical engineer for Texas Instruments, Inc., of Dallas. He entered the Army in November of 1961 during the Berlin crisis buildup. He is a 1961 graduate of the University of Texas with a bachelor of science degree in engineering. He was a member of Eta Kappa Nu and Tau Beta Pi honorary engineer fraternities and the Institute of Radio Engineers.

Pete Starks was returned to his home Wednesday from Rising Star Hospital where he underwent surgery last week. He is doing well.

## 'Coloreds' 'Whites' In Club Benefit

A "colored" team of "zoot-suiters from Zootville" will meet a team of Rising Star Quarterback Club members in one of two basketball games at the High School gym Saturday night in a program to raise funds to help pay off the debt on the football field clock.

The bill, sponsored by the Club of which H. McDonald is president, also includes a game between May and Rising Star boy exes, the antics of a clown and other features furnishing fun for everybody, Mr. McDonald said.

Admission charges of 50c for adults and 25c for children will be made. The program begin at 7 o'clock.

Members of the Quarterback club team are Curtis Alford, Alton Clark, Ray Agnew, Bobby Elliott, Skeet Slark, Duck Bailey, Robert Butler and Sam Jones.

## Two Rising Star Men On Curry Grand Jury Panel

Two Rising Star men are on a panel of 16 prospective grand jurors who have been summoned for 9 a. m. Thursday, Feb. 7, to consider a charge of murder filed against Nathan Curry, Cisco teenager, in the stabbing death of Mrs. Florence Hussey at Cisco in June of 1961.

They are Henry Reed of Rt. 1 and C. C. Rutherford.

Young Curry, free under bond of \$1,000 ordered by the 91st district court at Eastland, was charged with murder with malice at Eastland after his release from the State School for Boys at Gatesville was ordered by an Odessa district court. He was committed to the school as a juvenile. He was 16 at the time of the homicide. At the age of 17 he can now be tried as an adult, although, as Judge Turner M. Collie of the 91st district court pointed out in his bond ruling of last week, the crime of which he is charged is not, in view of his status as a minor at the time of its alleged commission, a capital offense under Texas law.

For that reason, the judge's opinion read, the youth was ordered admitted to bail in the sum of \$10,000, although Justice of the Peace L. W. Dalton, in whose court the charge of murder was filed by Sheriff Lee Horn, had refused to set bond.

## 97-Year-Old Wife Hosts Party for Husband on 100th Birthday Sunday

The 97-year-old wife of J. H. Evans was hostess at a celebration honoring him on his 100th birthday Sunday.

She was assisted by their four children — Mrs. Bob Leuchner of McCamey; J. W. Evans and his wife of Levelland; Sterling Evans and his wife of Houston, and Temple Evans, his wife and two sons of Brenham. A grandson, J. W. Evans II, his wife and two children of Sherman, and J. W. Evans III and a friend from the University of Texas also attended, as did a nephew, Cicero

Crutchfield of Austin and a number of neighbors and other friends.

Many gifts, flowers and telegrams were received by the honoree.

Mr. Evans was born in Alabama on Feb. 3, 1863, and he and Mrs. Evans were married at Devine in Medina county. They have made their home in Rising Star for the past 33 years.

A few years ago, Mr. Evans was the subject of a feature story in the Fort Worth Star-Telegram.

## George Brawner Buried Here In Service Tuesday

George Pickens Brawner, 87, who died in a Wichita Falls Hospital Sunday, Feb. 3, was buried in Rising Star Cemetery Tuesday afternoon following services at Higginbotham Funeral Chapel at 2 p. m. at which the Rev. H. K. Neely, Jr., pastor of the First Baptist Church, officiated. Higginbotham Funeral Home made the arrangements.

Mr. Brawner was a retired farmer, a native of Cartersville, Ga., and a resident of Rising Star since 1899. He was born Jan. 8, 1876.

His wife, Mattie El Dora, died March 28, 1962.

Survivors include four sons, David of Oklahoma City; Harold of Rising Star; Herbert of Austin; and Austry of Kansas City, Mo.; a daughter, Mrs. Lucille Handlin of Tulsa; two stepdaughters, Mrs. May Roach of Tulsa and Miss Bill Brawner of Fort Worth; 10 grandchildren and 13 great-grandchildren.

He was a member of the Baptist Church.

He spends his time mending broken lives and preaching.

## PURCHASE HOME AT PECOS

Mr. and Mrs. Buck Christian have purchased a 3-bedroom home at Pecos where Mr. Christian is a mechanic with the John Deere agency. They have four children. Parents of Mr. and Mrs. Christian are Mr. and Mrs. Jim Loflin and Mr. and Mrs. L. I. Christian of Rising Star.

## Reorganization Seeks To Spur Screwworm Program

Eastland County has been lagging far behind its sister counties in its contributions to the screwworm eradication program. Cecil Shults, County vice-chairman, said this week.

The program faces the necessity of securing an additional one million dollars in contributions if it is to continue, he said. This amount is needed to match federal and state funds.

A reorganization of the county set-up was effected at Eastland Thursday of last week, when Oscar Schaefer of Cook community was named county chairman, Mr. Shults vice-chairman, and five banking districts to spur the halting drive.

Those who were designated for the Rising Star area are Mr. Shults, George Steel, Ode and Joe Criswell, Jones Feed Store,

C. T. Barton, Pete Fore, E. H. Lawson of Cisco, G. T. Dawkins, Chuck Elliott of Carbon, Jim Ray Cox, M. M. Sheffield, and Clarence Stroebel.

C. R. Tyler, First State Bank vice-president, is the local treasurer.

So far, Mr. Shults said, Eastland has contributed about \$4,000 of a \$13,000 quota, of which the Rising Star area has contributed slightly more than \$900. Stockmen of this community are looked to for an additional \$2,500 to insure continuance of the program, he said. Counties around Eastland have raised from \$7,000 to \$15,000. Mr. Shults said. "Some counties have given as much as \$2 per head on cattle and 25c on sheep and goats," he said. "If the stockmen of this county will contribute as much as 50c per head on their cattle, we will raise our fair share of the cost."

Mr. Shults said that ranchers from Brownwood and Coleman to the Mexican border are giving good reports on the control measures so far employed. He warned that unless the additional funds are forthcoming, the fly sterilization project will have to be abandoned.

## Homer McBride Hurt In Collision Here

Homer McBride of May was reported showing improvement in a Brownwood hospital after sustaining serious injuries when his car was in collision with Highway 36 Saturday. He suffered a lung puncture and several rib fractures, it was reported.

According to information, the occupants of the Cadillac were en route to a funeral service.

#### HOME-FROZEN CREAM PIES

There's quite a trick to making a good cream pie that can be frozen and stored successfully. It takes a special recipe and special handling.

And that's what research home economists have come up with — a special way to make cream pies, so that the filling doesn't separate, or get grainy, lumpy, or spongy, and the crust remains flaky.

Cornstarch, the researchers find, is the most acceptable starch to use in the filling of a cream pie that's going into the freezer. And, you get best results if you freeze the pie filling and shell separately, then combine the two when ready for use — or use the frozen filling in a freshly baked crust.

Bake the shell on the outside of the pan, then remove, wrap and freeze. The filling may be frozen on the inside of the same size pan, then removed and wrapped.

Raw egg whites may be frozen separately and used in a meringue later, or freshly beaten whites can be baked in the frozen cream pie.

Here's the recipe for that special —

#### Cream Pie For Freezing

- 2 cups milk
- 2-3 cup sugar
- 3 tablespoons cornstarch
- 1/2 teaspoon salt
- 2 egg yolks, beaten
- 2 tablespoons butter or margarine
- 2-3 teaspoon gelatin
- 1 teaspoon vanilla

Heat milk to scalding (185). Add the sugar, starch and salt, and continue heating rapidly until boiling.

Stir about 1/2 cup of the hot mixture into the egg; pour back into the saucepan and cook an additional 5 minutes. Stir in the gelatin which has been hydrated in 1 tablespoon of the milk (cold). Add the butter or mar-

garine and vanilla. Pour into a 7-inch pie pan, freeze, remove from pan, wrap in moisture-resistant paper and store in freezer.

This basic recipe can be used to make several other kinds of pie.

For Banana Cream Pie, arrange 2 sliced ripe bananas over frozen filling and sprinkle with 1 tablespoon confectioner's sugar. Cover with meringue and bake.

Strawberry or Peach Cream Pie: arrange 1-1/2 cups sliced peaches or strawberries over frozen filling, sprinkle with 3 tablespoons confectioner's sugar. Cover with meringue and bake.

Coconut Cream Pie: Sprinkle 1-1/2 cups shredded coconut over frozen filling, cover with meringue and bake.

#### TAX MAN SAM SAYS:

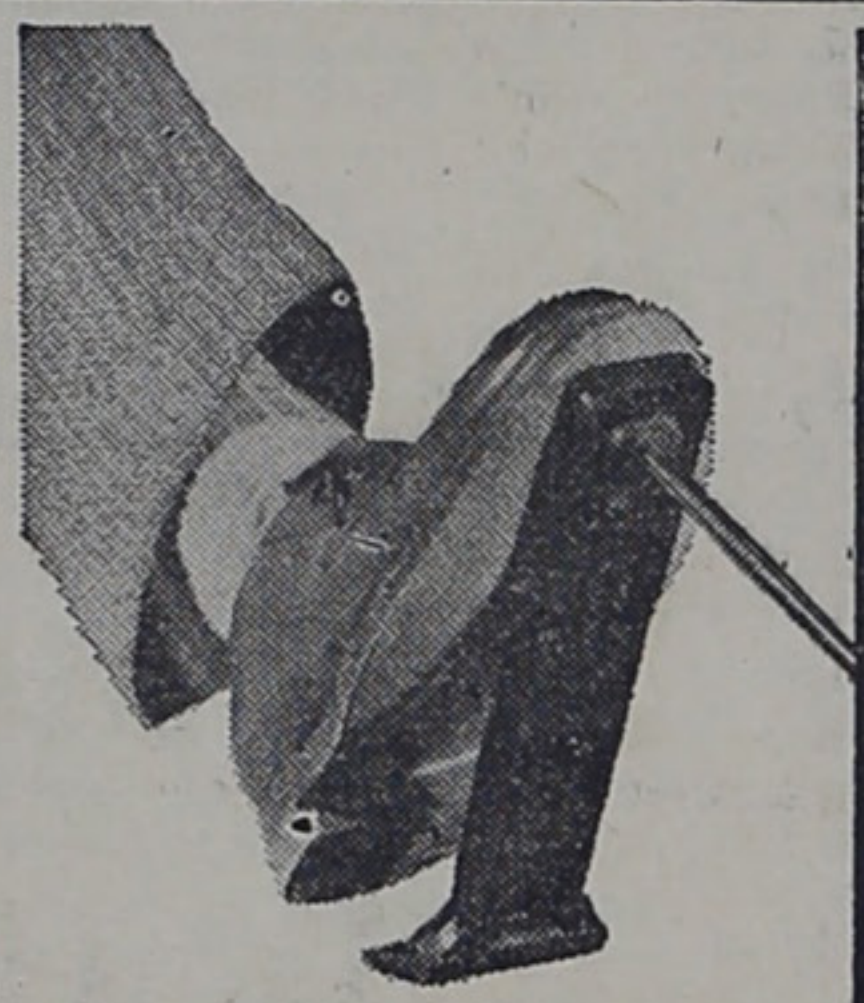

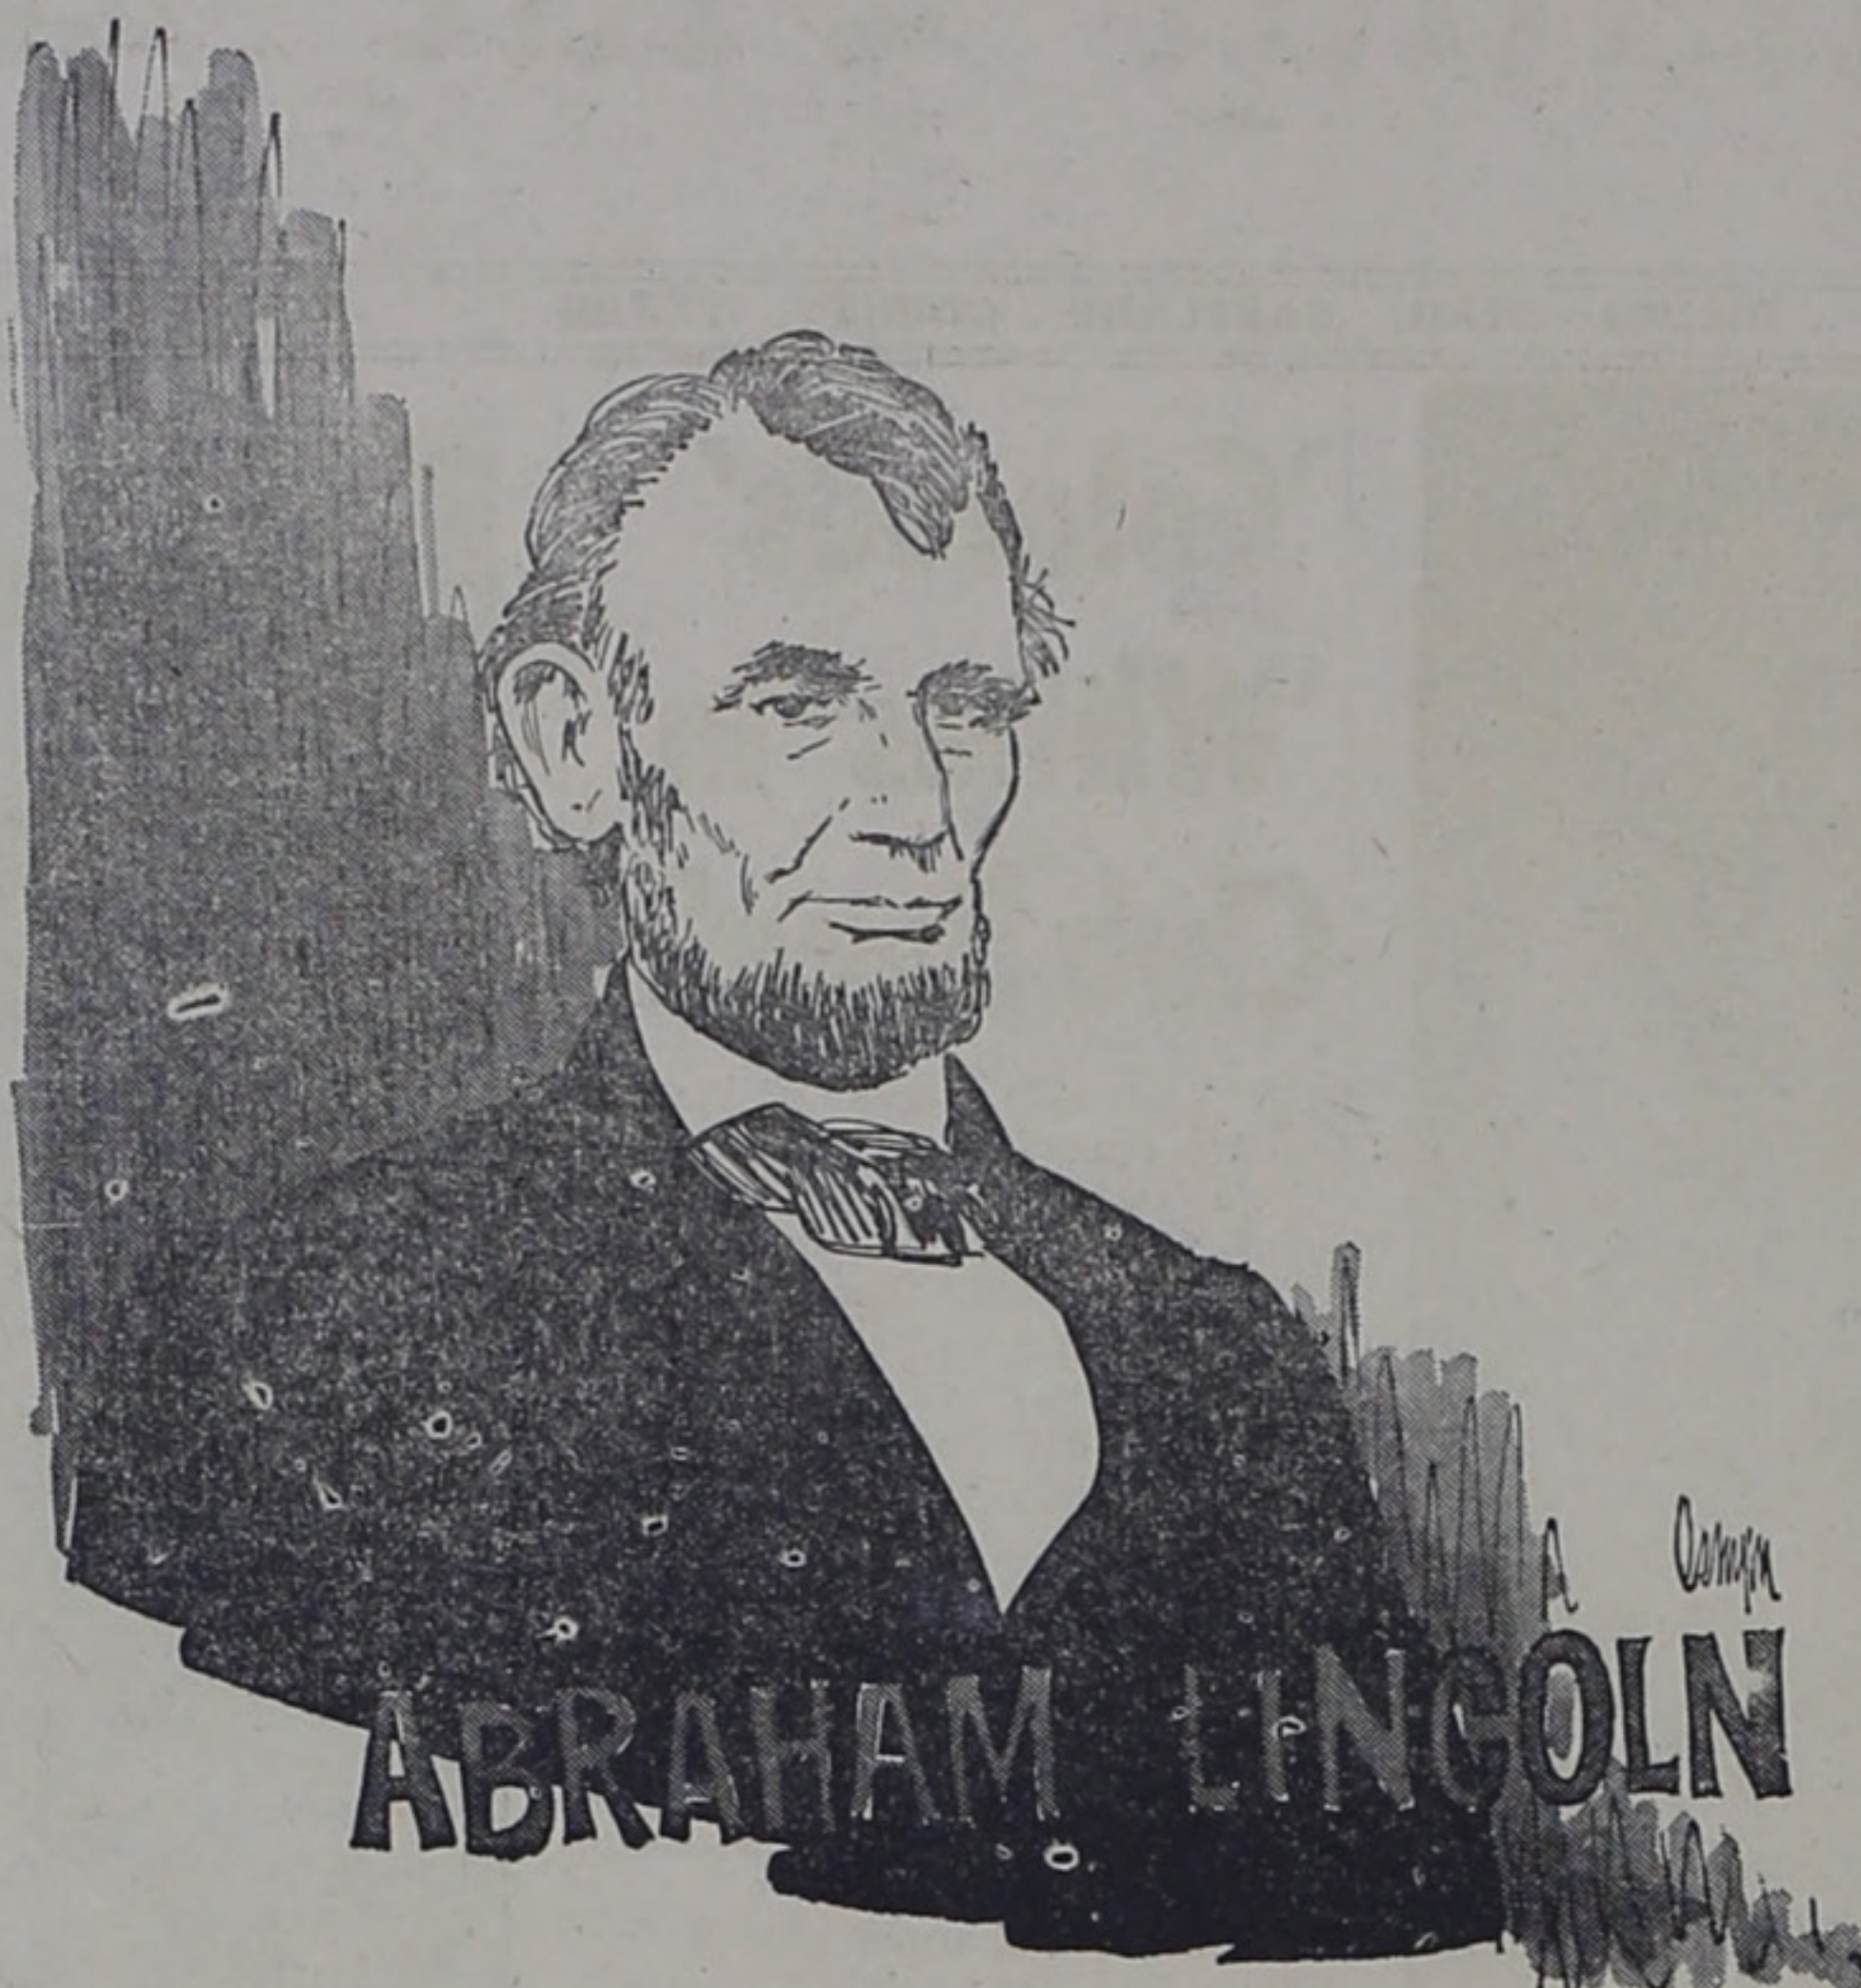

A dependent is worth a lot to you on your tax return. Every year some taxpayers fail to take exemptions they should take. On the other hand, the Office Audit part of Internal Revenue checks thousands of returns and disallows many dependents. The instructions are clear. Internal Revenue wants you to take all your exemptions. Read and follow the instructions; those exemptions are worth \$120 each, or more.

#### GUESTS OF SCHMITTS

Mr. and Mrs. Earnest E. Hayley and Cherryll of Wichita Falls, visited Dr. and Mrs. Allen Dean Schmitt over the week-end. Cherryll had surgery at Rising Star hospital Saturday. Mr. Hayley was editor of the St. Jo Tribune for many years, but is now a commercial printer in Wichita Falls. Both Mr. and Mrs. remarked upon the nice hospital in Rising Star.

## INTRODUCTORY NOTE

Several themes written on American Heritage or some phase of democracy will be published as editorials for the next few weeks. These are all written by seniors and should serve as an incentive for us to give our most loyal support to this great nation, America — Land of the Free.

## WHAT IS FREEDOM

Freedom is such a common, well-known word to people today that the real meaning is not often considered. Do we know the real meaning? I must confess that when I saw this title, I wondered if I knew just what freedom is or what it means to people today.

There are many meanings to the word freedom and, too often, we choose the one that happens to fit our ideals. We in America enjoy so many freedoms that the word is many times taken for granted. To those who are less fortunate than we, however, the word is one of great value. These people know that the power to do, say, or think as one pleases is a privilege not to be taken lightly. The right to provide the best for his children, the chance to keep up with the average, and the right to "move on" if he is unhappy in his present surroundings — these are all dividends of the word freedom which are so common to us today and are so desired by the less fortunate.

Still, this is not all that freedom means to me. Freedom goes into my innermost thoughts and feelings. It is a feeling of love — love for a country in which I can write this theme without regard to any person; a country in which I can think and say what I feel without fear of imprisonment, and a country that extends these freedoms to all who wish to accept them. This country stands for all the things that freedom means to me — perhaps that is why I cannot give a definition of it; it is too vast to be covered in a single word or phrase. The steeped churches, the newly plowed soil, the Negro working beside the White — these are all a part of my freedom.

What is Freedom? I do not know a definition that covers all that freedom means to me. I think the best definition is the one which comes from within a country through its people; for, to me, this is the only real meaning of freedom that there is.

## NOT FINISHED, JUST BEGUN

Hi there,

Everybody ready for the big event tonight? Of course, you are! What big event? Why, you know, the Senior Play! I knew you were just joking when you said you didn't know what the big event I was talking about. You knew that I meant the Seniors are presenting their play, "Tell It To Ethel", tonight at the high school gym at 7:00. You knew it would cost adults fifty cents and students twenty-five cents to see the star-studded cast present this comedy in three acts. Of course, you knew it, that's why you were anxiously awaiting tonight so you could attend. I knew you were just joking when you said you had forgotten about it.

Yes, this is the thing foremost on everyone's mind right about now, especially those in the play. We're all going around singing, "Everything's coming up-butterflies". The Seniors aren't forgetting their class work, though. If you don't believe it, just check with Mrs. Claborn and see how many of us Seniors already have our book report in for this time. What's that, Mrs. Claborn, only a few have it in? Come on, Seniors, you know I'm allowed to print only the truth in this news.

The Seniors are also enjoying the teaching of Miss Essie Heairren. She is doing her practice teaching at Rising Star High School and is using us as guinea pigs to test her methods of presenting a lesson. The Seniors seem to be profiting by the experience, however.

There isn't much going on this week, so I'm closing with this word: "Be sure and read the Senior Lives this week." I hope the news will be more interesting next week.

Bye for now,  
 Katy

## P.T.A. NEWS

The P.T.A. will have the regular meeting in the band hall on Tues. afternoon, Feb. 12 at three o'clock.

A film will be shown, which should be of interest to all parents and teachers.

Good attendance at the last game night, in spite of the weather, supported plans for another game night in February.

## TOWARD NEW HORIZONS

This week all of the Home Ec. classes have been very busy.

The Freshmen have been learning how to operate the sewing machines. We saw a film about choosing, laying, and cutting out a pattern; also, we have chosen our patterns and completed our color harmony notebooks.

The Sophomores are making yeast breads and learning new terms in cooking.

The Juniors have started their third year cooking lab. We want the girls in F.H.A. to remember the area meeting at Tarleton. It will be held in March and we are encouraging very girl to go.

Signing off,  
 Becky

## UPWARD AND ONWARD

The American History and Civics students are sorry they ever complained about Mr. Nunnally's being so hard. We have a new student teacher, Miss Essie Heairren, and she is really "working us."

We are really busy at R.S.H.S. — studying, some playing basketball, and all the activities that are in school.

We have our Recreation Building complete and are truly enjoying those ping-pong tables, thanks to the P.T.A.

Our class would like to wish a belated Happy Birthday to Willie Vandivere, and to Cherry Maples, who has one coming up this month.

Randy L. — Mr. Hill seems to doubt your age because of your childish actions.

Our class was certainly sorry to lose Linda Harris and Harvey Clark. We now have sixteen; we need to gain instead or lose, don't we?

Harriet

## "KNOWLEDGE COMES, BUT WISDOM LINGERS"

We are all missing Jan this week but glad to have Linda back with us. So many of us Sophomores have had colds and coughs; we are all doing better this week, to the relief of the teachers!

The homemaking girls have been making yeast breads and rolls; we are planning to study meat cookery next. The Ag. boys are going further into the study of electrical currents.

Our speech class has been working on two plays; we are progressing rapidly with our

work. It seems that we are having a slight problem with our emotions; J. G., don't you dare grin!

The Algebra I classes are learning to factor more than one term. The Algebra II class is studying logarithms under the supervision of a student teacher, Miss Essie Heairren. We are enjoying having her teach us for fourteen weeks. All the math students seem to have discovered one thing — something about a lunchroom!

We want to urge all of you to come out and back our basketball teams; they need your support. Without some support from the fans, a ball team loses faith in themselves. Show them that you care; they will try harder to win for you and uphold your faith in them.

The entire Sophomore class wants to wish Harvey and Linda the very best of everything. Congratulations and good luck!

It seems that S.R. has taken up the hobby of photography, or at least, that's the way her locker appears!

A.M. has developed a new habit — coughing. Quite a few others are trying their luck at it also.

Don't forget to attend the Senior play tonight; also, don't forget us next week.

Charlene

## LIVE AND LEARN

The freshmen class is now in the process of getting all back work done before six weeks' tests.

The Biology I class is choosing topics for their term themes. We are also studying the topic Hormones and Glands.

The Homemaking I girls have started on their dresses. It's rough going, girls, but keep up the good work.

In English I, we are reviewing the possessive forms of noun and pronouns.

In Driver's Ed, we are learning all about what is under the hood of a car — or are we?

I would like to welcome a new freshman, Mike Turner.

Until next week —

## GIRLS' SPORTS

I want to wish both teams continued success in district plays. We play our next game Feb. 7, at seven o'clock at ephyr. Then on Feb. 11, we play Brooksmith.

I want to thank the basketball team for the wonderful enjoyment I have had in being on the team and playing in the games. You girls are a wonderful group of girls to work with, and I want to wish you all continued good luck in basketball. Good luck, also to Linda Burkhalter who is now the new sports writer for the girls. Best of luck in everything, Rising Star High.

## WITH THE SENIORS

Donna Vondell Atwood was born at Gorman, Texas, on August 24, 1945. She is the daughter of Mrs. Mabel Atwood. Vondell has attended school at Rising Star for eleven years and will graduate from here in May.

While in high school, Vondell has received many honors. She has participated in and been an officer of the Rising Star F.H.A. In her Junior year of high school Vondell was chosen as class favorite; she also served as librarian of the Wildcat Band that year. Vondell has been on the Student Council and served as a school librarian. During her Senior year, Vondell was chosen as Band Sweetheart; she also was chosen as majorette of the Wildcat Band and served as Librarian for the band officers.

Vondell's favorite hobby is twirling; while her favorite activities are basketball and football, a favorite pastime; why not eating? That brings up pecan pie!

Vondell claims her favorite color is orchid. Elvis Presley and Sandra Dee top the list as her favorite actor and actress, respectively. Vondell's TV show is the "Dick Powell Show"; while "Ruby Ann" and "Hey, Paula" provide her with her favorite songs.

Vondell's plans for the future include attending Cisco Jr. College and after college, they are indefinite. Good luck, Vondell, in all your future endeavors.

## LUNCHROOM MENUS

Monday — Lima Beans with Diced Ham, Spinach, Potato Salad, Enriched White Bread, Corn Bread, Chocolate Cake, and Milk.

Tuesday — Meat Balls, Catsup, Whipped Potatoes, Buttered Corn, Cabbage and Carrot Salad, Enriched White Bread, Banana Nut Cake, and Milk.

Wednesday — Baked Ham, Green Beans, Creamed Potatoes, Tossed Salad, Hot Rolls, Enriched White Bread, Peanut butter, Honey, Butter, and Milk.

Thursday — Pinto Beans, Chopped Spinach, Spaghetti with Tomato Sauce, Onions, Pickles, Enriched White, Corn Bread,

# Birth Defects from Thalidomide Spur Mothers in March of Dime

Grave concern about the widespread problem of birth defects, recently spotlighted by tragic infant deformities caused by the drug, thalidomide, will inspire some two million Marching Mothers to seek their neighbors' support for the 1963 March of Dimes during the last week in January.

For volunteers in the Mothers' March, this concern is not a recent development. The National Foundation-March of Dimes, which observes its 25th anniversary this year, began to attack the long-neglected field of birth defects back in 1938.

Then, as now, medical authorities recognized that birth defects, in hundreds of disabling forms, overshadow all other child health problems. Every year, more than 21,000 deaths throughout the United States are caused by defective prenatal development. Every year, more than a quarter of a million babies survive despite significant defects.

To bring expert help to such children all over America, The National Foundation-March of Dimes—which helped conquer paralytic polio by totally supporting the development of the Salk and Sabin vaccines—now has a treatment program well under way.

Also in 1958, the March of Dimes organization initiated a program in the field of arthritis—equally neglected and shrugged off by the public as an inevitable hazard of aging, despite the fact that its severest form strikes children and young adults with alarming frequency.

This year, Marching Mothers will proudly report to their neighbors that a nationwide network of March of Dimes-financed study and treatment centers for birth defects and arthritis is operating at full capacity. Nearly 50 such centers are now open in communities across the country—double the number that were in existence just a year ago, and only the beginning of the network envisioned.

In addition, seven respiratory centers are maintained for

**WHY IT IS WORTH IT—Marching Mothers believe every child's birthright entitles him to a full, useful life. They will brave the elements late in January to seek public support for the March of Dimes which finances treatment centers and research for victims of birth defects and crippling arthritis.**

polio victims, for whom the vaccines came too late. Aid for thousands of polio patients is still a prime responsibility of the March of Dimes.

The birth defects and arthritis centers supported by March of Dimes contributions emphasize early and correct diagnosis, which is the key to effective treatment and rehabilitation. Such detection and care requires the skills of many different specialists, all working together with patient and family.

Until the development of the March of Dimes program, such top-quality attention was generally available only in large medical centers. The families of children afflicted with these crippling have often had to settle for less than the best because facilities were lacking or inaccessible.

The tiny victims of disease and deformity who are born today must rely on current medical knowledge to detect

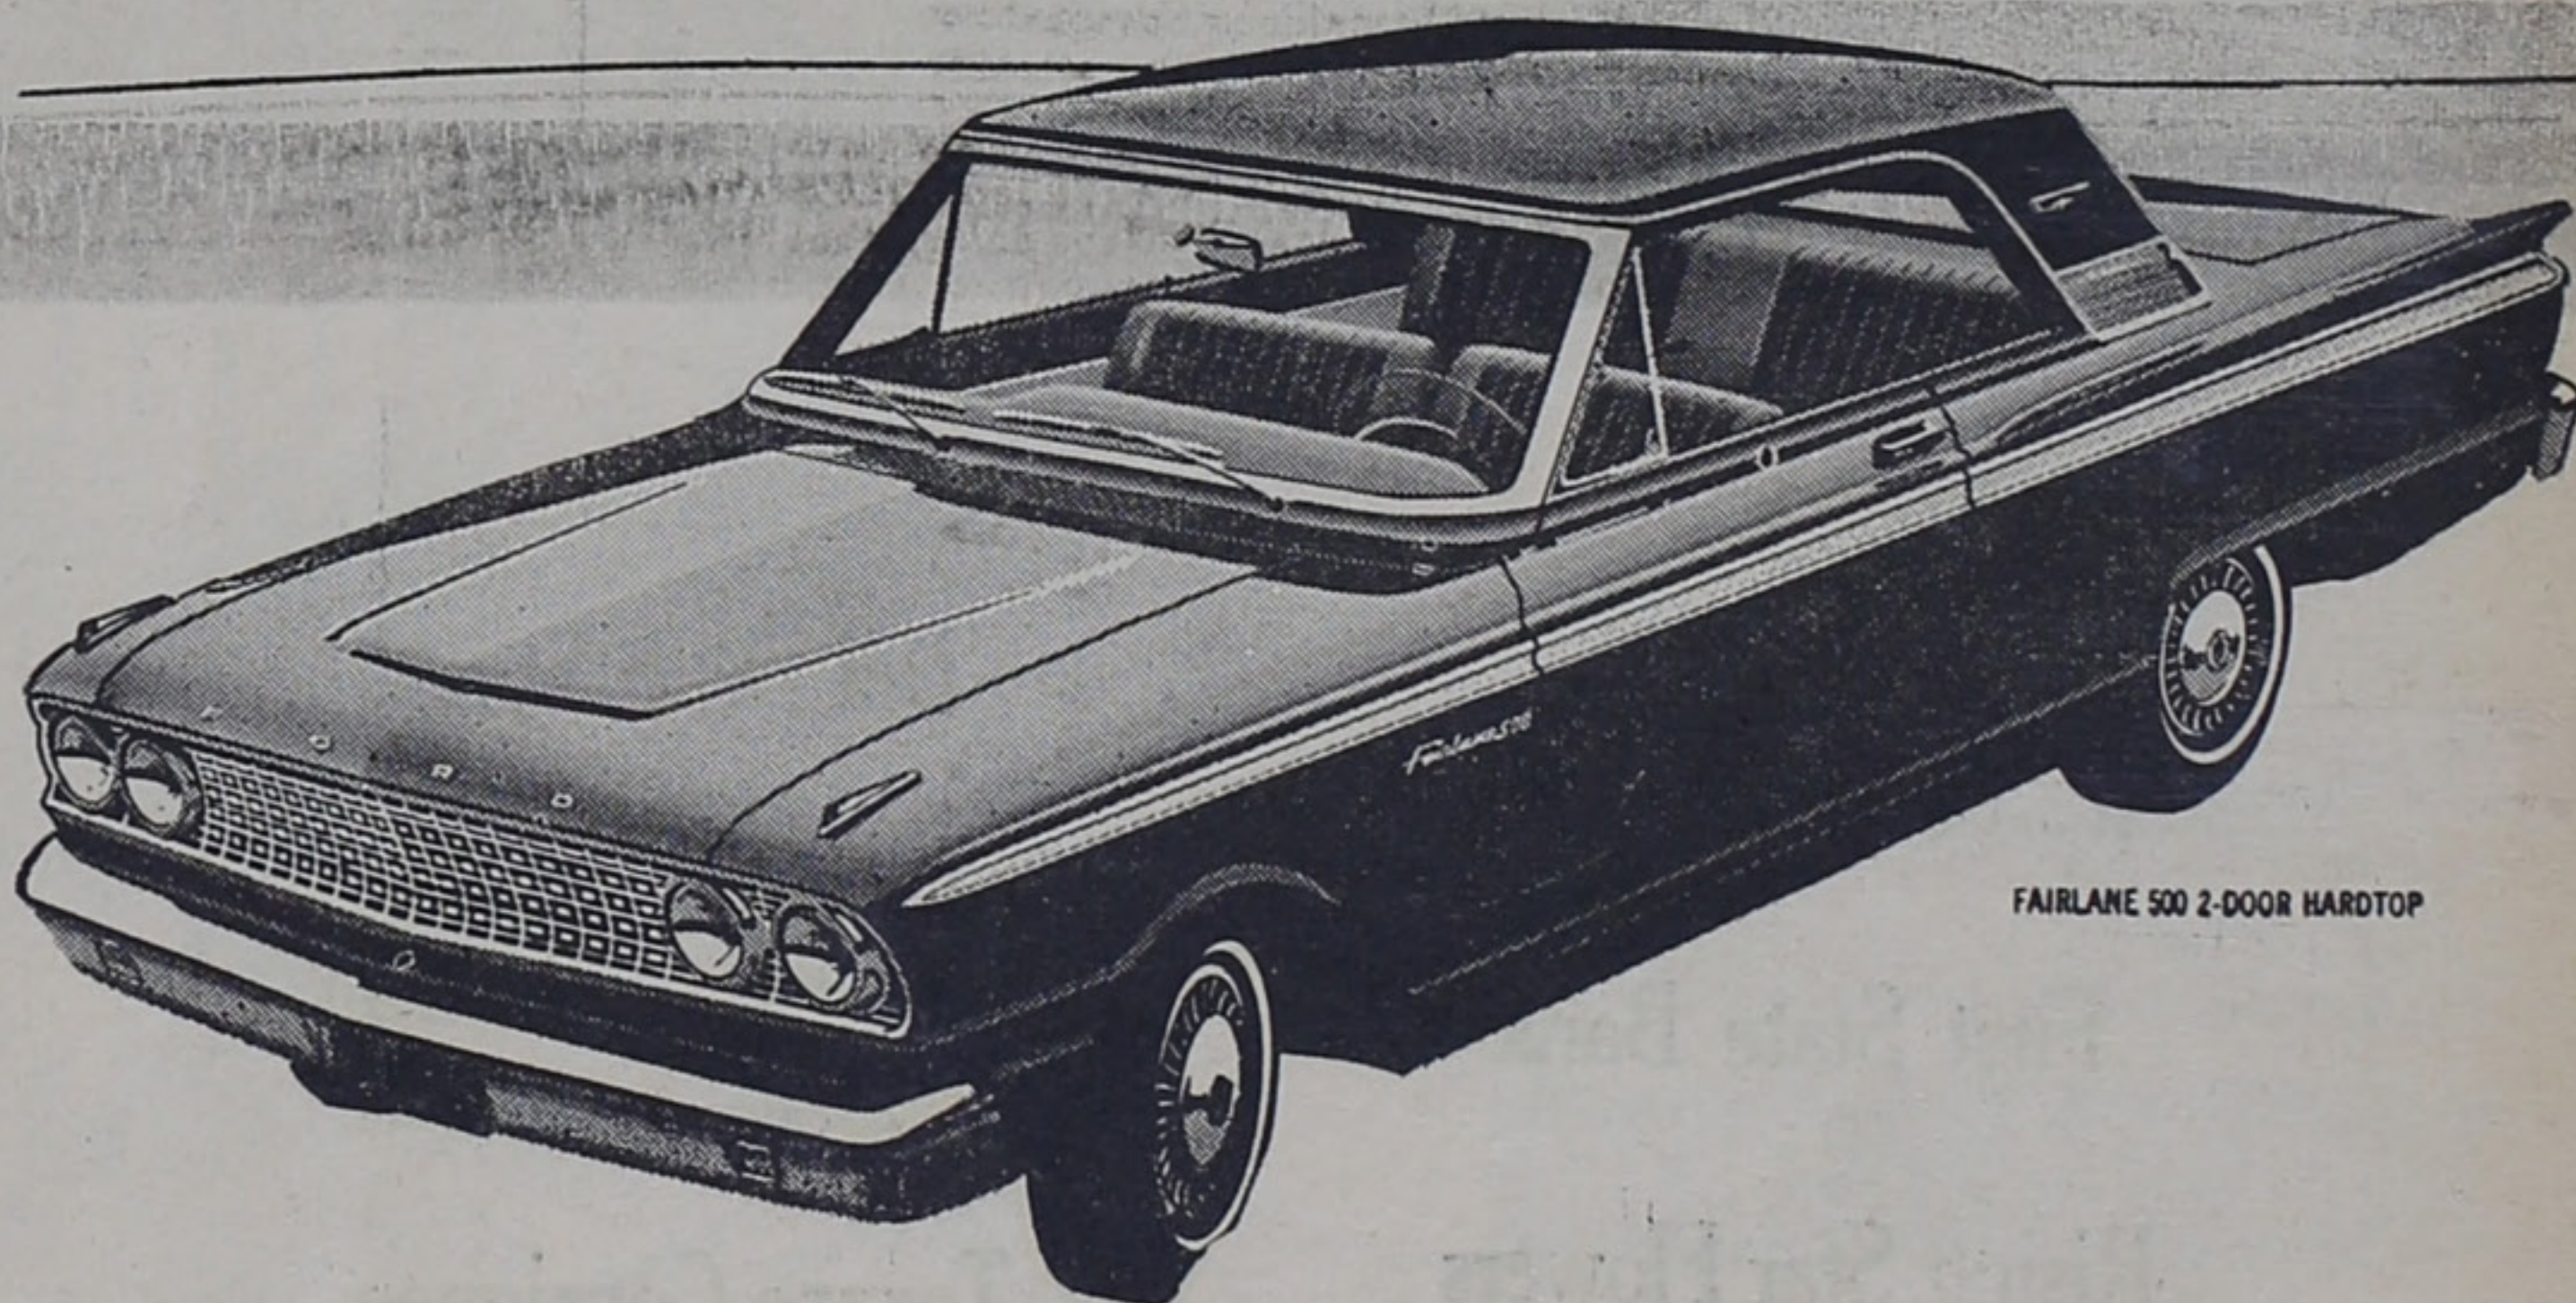

abnormal conditions in time for proper treatment—or on "repair work" to correct disability. Wonders can be, and often are, accomplished.

But the ideal solution—that of preventing disability or warding it off at the very beginning of life itself—is the goal of research scientists whose work is supported by March of Dimes grants. They are adding constantly to the treasury of medical knowledge of how best to treat and, ultimately, to prevent crippling conditions that take such a grim toll of our children's health.

As they pin on their badges bearing the symbolic "Golden Key of Hope," Mothers' March volunteers are convinced that a concerted effort of the public in partnership with science—as persistent as the program that triumphed over polio—can speed the day when the problems of birth defects and arthritis will be solved.

# What do they have to compete with our middleweight Fairlane?

FAIRLANE 500 2-DOOR HARDTOP

# not a thing!

Fairlane is in a class by itself. It gives you the winning combination of big-car room, ride, performance—yet it handles and costs more like the compact!

To illustrate, let's compare the middleweight Fairlane with the compact Chevy II which some people mistakenly feel is in the same class. Fairlane is almost 15 inches longer. It has more leg room, front and rear—and 3 1/2 cubic feet more trunk space! Choice of two spanking V-8's or a spunky Six!

Next, compare the middleweight Fairlane with the big

Chevy. Fairlane is a foot shorter, far easier to park and handle. Yet, amazingly, Fairlane has more effective front leg room . . . about the same effective head room . . . practically the same trunk space! Plus Ford's exclusive money-saving twice-a-year or 6,000-mile maintenance! Yet Fairlane is priced hundreds lower—even lower than some compact! Come see your Ford Dealer . . . compare for yourself!

## County Historical Survey Committee Begins Functions in Eastland Meeting

By Mrs. Lee White

The initial meetin of the Eastland County Historical Survey Committee was held in the Commissioners courtroom at Eastland Friday afternoon, Feb. 1, at 2 o'clock, with Mrs. Bernie McCrea of Cisco, chairman, presiding.

She introduced Eastland County Judge Scott Bailey and expressed to him appreciation on behalf of the committee members for the privilege of serving as co-workers with him on the committee.

Judge Bailey spoke briefly on the aims of the committee to sponsor projects of historical nature and, in turn, introduced

the speaker for the afternoon, Dr. Rupert Richardson of Abilene, chairman of the State Historical Survey committee. Dr. Richardson spoke on the origin of a state committee in 1953 and then on its becoming a state agency in 1957. He enlarged upon the purpose of organizing committees in the counties over the state, and on being successful so far in having coordinating committees in more than 200 counties. He also stated that January 19, 1953, was officially declared as Historical Preservation day by Gov. John Connally, who will present to each member of a county committee a Certificate of Recognition for service rendered during a two-year term.

Mrs. McCrea announced that a museum for the county would be the first project to be considered and then outlined the state's suggested program of work. The chairman then asked the committee members to stand with hands joined as she read the committee motto, namely, "Let us join hands as a group, pledging to carry out this important and valuable work, wishing to go on record as being progressive and united."

Charles Freyschlag of Eastland was appointed vice-chairman and Mrs. Lee White of Rising Star was asked to serve as secretary. Mrs. Ed T. Cox asked that her resignation be accepted by the committee and Mildred Amis of Eastland, a daughter of Mrs. Cox, was appointed to serve in her place.

Members of the committee present for the meeting were Mrs. Cox, Mrs. G. W. Hart and Charles Freyschlag of Eastland, and Mrs. A. H. Powell of Ranger.

The chairman announced the next meeting to be in Eastland at 2 p. m., Friday, Feb. 15. The public is invited to attend these meetings, and patrons interested in loaning or contributing any item of historical nature toward the establishment of a museum, may contact any member of the committee, Mrs. McCrea or County Judge Scott Bailey, the chairman stated.

## County Council Holds Regular Meeting Jan. 24

The Eastland County Council of 4-H Clubs held its regular meeting January 24 with Loresta Love presiding.

Since the time for county elimination contests is drawing nearer, we had our program based on this subject. Roger Blackmon briefed us with some information about these contests. Sandra Orms, a 4-H'er, also gave an interesting talk on what to say and how to express yourself in a demonstration.

March 3-9 is National 4-H Club Week. It was decided that each club would elect an outstanding boy and girl to be interviewed on the radio by Mr. Blackmon during this important week.

We also heard news and reports from different clubs. The Rising Star Club was to have a bake sale; the Nimrod club was to have a 'coon hunt and weiner roast; the Cisco club is planning a show March 8-9, and the Gorman Club will have a 4-H fair for March 2.

The meeting was adjourned and recreation was directed by Glenda Jordan, Loresta Love and Joy Love — Joy Love, Reporter.

## Aunt of Fred Roberds Buried in Jons County

Mrs. T. O. Rowland, 90, an aunt by marriage of Fred Roberds, died Thursday of last week in an Abilene nursing home and was buried in Bethel cemetery in the Funston community of Jones County following services at the First Baptist Church in Anson Friay at 2 p. m. She was the last surviving member of the Rowland family. Her husband and Mrs. T. B. Roberds, the mother of Fred, were brother and sister. Her family settled at Anson in 1889. A daughter, Mrs. N. I. Williams, and Mr. Williams are the secretaries and keepers of the Leaders Baptist Encampment grounds.

Mrs. Beuna Gracey has returned from Denton where she visited a niece.

**Board To Crack Down On Tardy Registrants**  
EASTLAND — State draft board No. 36 here, which has jurisdiction over Eastland and Stephens counties, this week announced a tougher policy regarding men who register late for the draft.  
The policy was established after a board survey which determined that 20 youths had registered late in the past six months.  
Federal law requires that young men register with the nearest draft board on their 18th birthday, or within five days thereafter.  
Under the new policy all young men who register a week late or more may be asked in writing to appear before the board in person to explain their tardiness. The board will give formal official consideration to declaring these men delinquent under the law and processing them for armed forces induction ahead of other men in their age group, it was announced.  
The following registrars are maintained for the convenience of young men:  
Mrs. Jewell Reaves, board clerk, second floor of Petroleum Building, Eastland; Mrs. Thelma Albright, Chamber of Commerce, Cisco; Mrs. Mae Belle Oyler, Retail Merchants, Ranger; Graydon W. Braze, Post Office, Gorman; Mrs. Agnes White and Miss Ollie Winfrey, City Hall, Rising Star; Mrs. Lila Ridings, Court House, Breckenridge.

ALL **BIG** THINGS

DON'T HAPPEN IN BIG CITIES

Proud cities of small and medium size are scattered throughout the West Texas Utilities service area, plus some small towns and villages.

But collectively they compose the vital and fast-growing Center of the Southwest, where major business and industrial development is taking place.

For example: a nationally-known packing company has established a lamb processing plant here... an existing manufacturer has developed machinery for a new process which is the hit of the footwear industry... one of America's great business complexes has constructed a major textile-producing factory... a wool scouring plant has been built and expanded... a leading surgical supply company will soon start plant construction... and dozens of other operations are bursting out all over the area.

Yes, it is very true. All Big things don't happen in the big cities. Our service area faces GROWTH UNLIMITED, and our own expansion plans are geared to measure and meet the electric service needs of this dynamic area, the CENTER OF THE SOUTHWEST.
