Russians Go 11.08 Miles Above Earth

New Record Claimed By Three In Message As Descent Started

MOSCOW (AP)—Three Russian balloonists who ascended into the stratosphere Saturday, wireless as preparations were made for descent that the balloon reached an altitude of 11.08 miles, which they claimed to be a new record.

NEWS BEHIND THE NEWS: The National

Whirligig

Written by a group of the best informed newspapermen of Washington and New York. Opinions expressed are those of the writers and should not be interpreted as reflecting the editorial policy of this newspaper.

WASHINGTON

Jokers

A very swell fight is on at the present moment among the "retail merchants."

The majority of the 1,500,000 affected would like to see the business up into a cost-plus-10-per-cent.

It really is a scrap between Macy's, of New York, and the Wanamaker type of stores. Macy peddles goods for cash and does away with the small loss that charge accounts incur.

If you take a Macy man off in the corner he will admit quite a lot of the "inefficient merchants" may fall by the wayside under such a code as is contemplated by his interests.

At the same time any one of these cash-and-carry men will point out to you that the cost-plus-10 boys have six or more jokers in the hole.

Says the majority code now pending: Clearance sales, damaged merchandise, fire sales, perishable merchandise, discontinued lines of advertised merchandise and goods sold upon final liquidation of any business—are exempted from the proposition of adding 10 per cent to gross billings.

Sales

The cash-only merchants say there is no way of riding herd on "sales" that might be inspired by any of these exceptions.

Further they announce that the two big mail-order houses first were lined up with the price-fixing idea but still giving you the slant from the no-credit stores, the mail-order houses checked up and found they could do more business on a lesser scale of profit.

Eau De Nickel

As the retail code affecting drug stores stands now those in the majority want to stop cutting prices at 21 per cent below the advertised figure.

This brings to mind a nationally known mouth wash which retails for a dollar a bottle. It is a U. S. Pharmaceutical formula and costs about 5 cent a bottle to manufacture.

Even at 21 per cent off it would seem high priced to the informed consumer.

Cat-Throat

Shock troops are concentrated in every corner for the retailer's battle.

On one hand are those big department stores that would like a fixed profit. On the other hand are those who insist on giving the consumer "a best possible price."

The chain drug store, organized into Drug Institute, Inc. favor the cost-plus system because they have been worn down to a receptive state by several years of cut-throat competition.

Smaller drug stores are being fought for by still another group of organizers. They too want definition.

No cheap chemicals in our prescription departments. Cunningham & Phillips—adv.

Verdict Reached In Less Than Hour And Half Of Deliberation

OKLAHOMA CITY (AP)—Harvey Bailey, Albert Bates, the three Shannons and Barney Berman and Clifford Skelly, of the Twin Cities, were convicted by a jury in the Charles Urschel kidnaping trial Saturday.

Isidore Blumfeld, Sam Kronick and Sam Kozberg of the Twin Cities were acquitted. Judge Edgar Vaught announced he would grant three days for motions for retrial for those convicted.

Judge Vaught will pass sentence next Saturday. The convictions were brought under the new "Lindbergh" law congress passed last year and leaves the sentences to the judge.

The maximum sentence possible is life imprisonment. R. B. Cobbs, of El Reno, foreman, said the verdict was reached after less than an hour and a half of deliberation.

MINNEAPOLIS (AP)—A trip to testify in the Urschel kidnaping trial brought dismissal of Police Chief Joseph A. Lehmyer by Mayor Baintidge Saturday.

EDWARDSVILLE, Ill. (AP)— Percy Michael Fitzgerald, Eugene Norvell and Mrs. Eileen Chessen were sentenced to life imprisonment Saturday by a jury for kidnaping of August Luer, Alton, Illinois, banker. Mike Muntia, given forty-five years; Christ Nicola Giteho and Charles Chessen, five years each on same charge. State demanded death penalty for kidnaping of Luer on July 10th.

New High Speed Ship Berthed At Local Port Friday

Hugh Smith, division operations manager of American Airways, Inc., enroute westward in one of the new Lockheed transport ships, spent Friday night here.

The new type ships, which are expected to be put in service on the Dallas-El Paso run in a few weeks, have cruising speed of 210 miles per hour. They are powered by a Super Wasp, 700-horsepower motor. Four passengers may be carried.

A shipment of 80 octane gasoline to be used exclusively in these ships, has been received at the airport here, which is operated under lease by American Airways.

Wander Inn To Open New Season Tonight

Wander Inn, haven for weary travelers and Big Spring's safe retreat against petty thievery, will be reopened for the winter season Sunday evening.

As has been the custom in the past, all transients are rounded in to Wander Inn, at the north end of South Main, and are kept overnight.

City Manager E. V. Spence announced a man will be maintained in charge of the inn.

Anthropologists Examine Bones Of Early Texas Race

AUSTIN, (AP)—Skeletons of an early Indian race dug from graves in Bell county, are being examined by University of Texas anthropologists here in an effort to determine the culture and age of the first Texans.

Flint artifacts, shell ornaments and seed beads have been found in the graves with the skeletons. The investigation is incomplete, but evidence uncovered thus far indicate the race had a low cultural rating, but probably carried on trade relations with Indian tribes along the coast.

J. S. Cosden Expected To Visit City Today

J. S. Cosden, head of the oil corporation bearing his name, and W. D. Richardson, his chief aide in operations of the company, are expected here today. They were reported last night to have made reservations for passage via American Airways from Big Spring to Dallas this evening.

L. Y. Gray, abstractor of Garden City and Rankin, here Saturday, reported ranchers in the southwestern portion of Glasscock county were suffering severely from drought. Grass conditions in the remainder of the county are somewhat better, he said.

PRISONERS RIOT IN EASTERN PENITENTIARY

A rebellion of about 1,500 convicts flared at Eastern penitentiary, Philadelphia, and raged for more than three hours before fire companies, Philadelphia and state police brought the situation under control. While smoke and flames from burning mattresses arose in cells and corridors the prisoners kept the institution in disorder, screaming and smashing cell furnishings. Warden Herbert J. Smith, who was wounded in an attempt to quell the riot, is shown at left talking to policemen after order was restored. Picture at right shows state police entering the prison during the height of the rioting. (Associated Press Photos)

Austin Bank Bookkeeper Says Forum Account Swell By \$22,774, Creamery Fund By \$43,896 Since Jan. 4

AUSTIN, (AP)—Deposits in currency in an Austin bank to the credit of accounts controlled by James E. Ferguson, husband of Texas' governor, were described Saturday by the Texas senate by W. B. Long, Jr., bookkeeper in the bank.

Long was produced by the steering committee conducting an investigation into the affairs of the Texas Rehabilitation and Relief Commission to corroborate testimony given Tuesday by Frank W. Chudej, former business associate of Ferguson, who said he had handed for Ferguson approximately \$22,000 in currency.

Lead Fades In Face Of Drive Led By Cordill

2,500 See Inter-District Game Saturday Night In El Paso

By Tom Beasley Staff Correspondent

EL PASO—Austin High School of El Paso and Big Spring fought to a 13-13 tie here Saturday night before 2,500 enthusiastic fans.

After spotting the Panthers to a 13-point lead, Cordill, lanky Steer quarterback, led his teammates in a desperate struggle that tied the count in the third quarter.

Soon after Salome, midget El Paso back, had slipped over for the Panther's second marker, Lee lifted a high perfect kick to Cordill on the Steer's ten yard line.

Behind hard blocking furnished by the Steer second string line, Cordill dashed up the right side of the line and ended his journey in a touchdown 90 yards away.

His try for goal failed.

In the third quarter Big Spring launched a drive that hit a snag on the ten yard stripe, but Bechtel, diminutive Steer halfback, flipped a lateral pass to Cordill who tore ten yards across the Panther goal.

Then, cool as a veteran of many seasons, Cordill dropped back and tossed a perfect pass into the waiting arms of Bob Flowers for the tying point.

Neither team threatened in the final quarter. Both the Panthers and Steers were trying desperately for a winning margin and fought wildly to the air.

Repeated penalties for incomplete passes and off side marred the closing minutes of the game.

El Paso scored in the first quarter when Salome, who weighs 125 pounds, took the ball on a cut back and plunged a few yards for a touchdown.

Try for extra point was good on a perfect place kick.

Again in the second quarter Salome passed up the Steer defense to count. Byrd chucked him a lateral and he scampered the remaining ten yards without trouble.

It was then that Cordill lifted the Steers from almost certain defeat.

70-Cent Oil Returns To Howard And Glasscock County Field As Humble Post Additional Increase

Passion Play To Be Given In City Soon

European Cast To Present Immortal Drama At City Auditorium

The great European Passion Play in English will be presented here at the City Auditorium, Friday, Oct. 13. It has its high purpose in that the members of the company believe that they have a mission to perform. They wish to reach the majority of the people rather than the exclusive minority. Living the history of the New Testament has become rigorous actually. They know their native village and their play is theirs. Little changed in text from the play of centuries ago, they know that it was performed in front of the Cathedral in 1364, long before America was discovered.

The Crusaders were not older—the spirit of fierce exultation still lingers in Europe—The Normans were strengthening their grip upon England—Frederick the Redbeard had no more than gone asleep in his great Hall—Italy was a welter of quarrelling principalities—cities had not gained that independence and richness which was later on to contribute to the splendor of the Great Passion Plays of the Renaissance. The common people in that era of feudalism were cramped between the vast power of ecclesiastical autocracy, and the nobility—they were sunk to ignorance hardly understandable in this day and age. The most fantastic superstitions were accepted as truths.

It was the first of the new forms of entertainment. The people had nothing. The noble, walled within his castle, alone enjoyed the meager luxuries of the day, and because they had so little and their masters compared to so much, it was the people who turned eagerly to such spectacles as the Passion Play. In Europe, in the middle ages, there was no entertainment to compare with it. With the purest form of the Passion Play in its day of full glory, history and legend credited it with being the outstanding example of medieval magnificence.

In the present production, no expense has been spared to make it most beautiful and elaborate spectacle ever presented to an American audience. Hundreds of costumes are carried by the company, the large extra list of people used. Among the ensemble of this sublime spectacle we find young ladies as angels, while others appear as water carriers, with their jugs and gourds, or as virgins, or as the Master. A great nondescript crowd of men and women and children are dressed in the period of the time. The players convey the atmosphere of this sacred drama to the hearts of both portrayer and the hearer.

Donkey Baseball Makes Appearance In State

TYLER (AP)—Donkey baseball made its appearance here at the East Texas fair.

The game, which has swept the state, is what it implies—baseball players riding donkeys. A player makes a circuit of the bases or going after a ball rides a donkey. Saddles and spurs are prohibited. An indoor ball and bat are used.

3 Millions In Bonds Are Given Approval

AUSTIN (AP)—Bond issues totaling \$3,157,786 have been approved by the attorney-general's department this month.

A large part have been refunding bonds issued by cities in re-financing. Among these were Dallas city refunding issues of \$1,264,000 and \$904,000. Sweetwater refunded \$47,000.

Our prescription men have had the college training and the experience. Cunningham & Phillips—adv.

Advance Brings Total Since July 10 To Fifty Cents Per Barrel

Seventy-cent oil became a reality for the Howard-Glasscock county field Saturday morning when Humble Oil and Refining company posted the price. Other purchasers—Coden, Col-Tex, Shell, Big Spring Pipeline—were expected to follow the Humble price, as usual.

Magnolia and The Texas company had posted 70 cents and 75 cents for various West Texas fields. They purchase no outside production in the local field.

Seventy-five cents is being paid in Winkler and Pecos counties, and 70 cents in Crane and Upton counties.

The latest hike brings the total increase since July 10 to 50 cents per barrel.

Officers Seek Local Youth Missing Week

John Pat Norris, 16, Not Seen Since 10 P. M. Sunday Of Last Week

Newspaper, peace officers and radio stations were employed Friday and Saturday in a search for John Pat Norris, 16, son of Mrs. J. P. Norris, 1103 Johnson street who has not been seen since he left his home about 10 p. m. last Sunday.

No reason was assigned as to why the lad might have disappeared. His mother enlisted aid of Sheriff James W. Hester, the Dallas and Fort Worth radio station through the chamber of commerce, and the press, in an effort to learn his whereabouts.

Young Norris was described as being five feet nine inches in height, weighing 155 pounds, light wavy hair, and wore a gray slipper sweater, tan corduroy trousers, brown shoes and a tan shirt when he disappeared.

Anyone hearing of him is asked to communicate with Sheriff Slaughter or Mrs. Norris.

Companies Sign Code, 4,000 Strikers Call Off Siege Of Plants

CLAIRTON, Penna. (AP)—The siege of Clairton by 4,000 striking coal miners was called off Saturday as the miners may study the coal code agreed to Friday night by the H. C. Frick Company and other "captive" mine operators.

Steel workers who slept in the Carnegie Steel Company's by-product plant to avoid possible conflict with the miners seeking a sympathetic walkout, remained inside pending departure of the pickets.

Mr. and Mrs. J. A. Tom of Martin county were here Saturday shopping and transacting business.

26 Per Cent Cut Invoked On Each Well

Reduced Includes 25 Per Cent Put Into Effect In Sept. 7 Order

AUSTIN (AP)—The railroad commission Saturday ordered that production from all oil wells in the state except stripper wells, be reduced 1-1-3 per cent, effective Sunday.

Action was taken to bring the state's production within the 965,000 barrels daily allotted to Texas by Harold L. Ickes, federal administrator. The former allotment was 975,200 barrels.

R. D. Parker, supervisor of the commission's oil and gas division, pointed out the order was temporary and that a new production schedule might be prepared later.

"We hereby order that all fields on a basis of 500 wells, excluding marginal wells, the approximate reduction in daily allowable of the Howard-Glasscock county field under terms of the Saturday order will be 6,000 barrels. This will reduce the total daily allowable to 11,000 barrels, exclusive of the marginal well allowance. The allowable was 20,000 barrels daily prior to the 25 per cent horizontal cut of September 7, and all wells in Texas except 'marginal wells' as defined by the laws of Texas by reduced in daily allowable production as of Sept. 7 by exactly 26 per cent," the decree read.

"Production had been cut 25 per cent effective September 7. 'Where there is no limit to the production of crude oil set by order of the commission, the average daily production for the week ending August 26 shall be the basis upon which 26 per cent reduction shall be calculated.' The order continued, 'No exception to the foregoing will be granted under this order for any cause.'

Regional Oil Czar Gave Up Insurance Job For Petroleum

FORT WORTH, (UP)—The regional NRA oil code director for Texas, New Mexico, Oklahoma and Kansas, deserted the insurance business in 1931 to enter the oil "game."

It was when word of an oil strike in a marshy bayou at Beaumont, Tex., swept over the state that J. D. Collett abandoned his insurance business and rushed for a lease in the Beaumont field.

"You see, I got my feet wet in oil early," he smiled from behind his neatly kept desk. Collett does not like big office buildings. For 12 years he had made his office in a quaint little triangular building tucked in behind the public library.

After the Beaumont incident, he returned for a short time to the insurance business, giving it up again in 1918 to become president of O'Keefe and Collett, corporation an independent oil concern. He still holds that post.

When Secretary of Interior Ickes named Collett as director of the fourth region's oil code, Collett's friends here abandoned his insurance life as an indicative he was a good selection.

The regional oil chief is an expert surveyor and has practical knowledge of geology. He is president of the Mid-Continent Oil and Gas association and a director in the American Petroleum Institute.

His oil holdings are all in Texas, in Winkler, Crane, Ector, Maverick and Eastland counties, all acquired as an independent.

Collett's private life is as varied as his public life and his activities are many despite the fact he observed his 64th birthday Sept. 24.

He likes golf and is a veteran billiard player. His friends describe him as an "excellent" dancer. He is a lover of animals and frequently goes to a large ranch near Strawn, Tex. on which he holds mineral rights. His visits are more often to spend a day with the ranch horses than to look over his lease.

Collett is married and lives in an attractive residential district here. His son, Davis, is on the engineering staff of the Atlantic Oil Producing company at Longview, Tex.

Several any stationery? We have several close ties in slightly damaged boxes that you can save money on. Cunningham & Phillips—adv.

'Moonlight And Pretzels' Heads Super Road Show At Ritz Today

The tremendous success of "42nd Street" has inspired a re-creation of the glamorous type of musical extravaganza, and it would seem that Broadway is destined to triumph in the world that it still retained supreme in the creation of shows of the sort made famous by Flo Ziegfeld. "Moonlight and Pretzels" is a comedy-drama which will feature all of the finest talent and genius of the Broadway stage combined into producing for the first time a musical comedy designed to eclipse any previously released and to set a stiff pace for those to follow.

And so was born "Moonlight and Pretzels" in beauty, big in story, and big in which is the feature and of R. Super Road Show to play at the Ritz Theater Sunday and Monday.

It was not to be a disjointed, plotless thing but to have a real story. And Monte Brice, Sig Herzog and Arthur Jarrett covered this assignment, with Monte Brice dialogue. The sets were done by Walter Keller and the dance costumes by Edward Bryner. These are named celebrated on Broadway.

The music and lyrics are by Jay Gorney and E. Y. Harburg who wrote "Brother Can You Spare A Dime," and "Isn't It Heavenly." Additional numbers are by Herman Hupfeld who wrote "Let's Put Out The Light And Go To Sleep," "Sing Something Simple," and "When Yuba Plays The Tubas"; and by Sammy Fain who wrote "Was That The Human Thing To Do," and "You Brought A New Kind Of Love To Me"; and Al Siegel who wrote "Satan's Holiday" and "Hey, Hey."

The hit song numbers of the show will probably be "Moonlight and Pretzels," "Dusty Shoes," "I Gotta Get Up And Go To Work," "Ah, But Is It Love," "Let's Make Love Like The Crocodiles," and "There's A Little Bit Of You In Every Love Son." Besides these are other very tuneful numbers.

The smart new dances were staged by Bobby Connolly who staged "Good News," "Follow Through," "Flying High," "Take A Chance" and all of the Ziegfeld shows for the past seven years. He threw all he knew into "Moonlight and Pretzels."

The Broadwayites of stage and radio fame are Roger Pryor, Lil-

lan Miles, Alexander Gray, Bernice Claire, Mary Lange, Doris Carson, Richard Keene, John Hurdley, Jack Denny and his orchestra. The Four Eton Boys, Max Stama, Geraldine Dvorak and the fifty most beautiful New York show girls.

15 Tables Play At Sorority Bridge Tourney Friday

Kappa Gamma sorority was host-ess to fifteen tables of bridge Friday evening in the Settles hotel ball room.

Mrs. Adolph Swartz was presented with a Yardley bath set for having made high for women. Glenn Guilkey was given a cigarette lighter for men's high.

Cleverly led cake squares bearing the Kappa Gamma emblem were served with punch to the following:

Misses Mary Allen, Mabel Robinson, Fern Wells, Mary Evelyn Gordon, Clara Secret, Ruth Liebman, Emily Bradley, Ina Mae Bradley, Altha Coleman, Nell Davis, Eloise Halley, Lorene Lamar, Pearl Butler, Irene Knaus, Marie Johnson, Agnes Currie, Catherine Young, Mary Alice Wilke, Maxine Thomas, Messis and Misses. Glen Guilkey, Adolf Swartz, Henry Covert, Elmo Wasson, Vivian Nichols, Lloyd Wasson, Joe Clark, R. L. Weatherford, Gordon Graham, Jack Mayes, George Wilke, Harvey Shackelford, Bill Turpin, W. J. Donnelly, Tom Donnelly.

One Dies As Santa Fe Mixed Train Crashes

ENTERPRISE, Kan., (UP)—One person was killed and two others injured when a wrecking train collided with a Santa Fe mixed passenger and freight train near here.

Sam B. Dill's Circus Features Old-Time Parade

What is wrong with the modern circus of today? has been the question for several years, and not without justification most of the old time thrills of the circus has been missed since the parade was discontinued. Although practically every other large circus on the road today has discontinued this popular feature of the circus, the Sam B. Dill's 3 Ring Circus which is coming to Big Spring on Monday, Oct. 2 still believes the parade brings people into town and stimulates business for the merchants, and with this idea in mind has made every effort to give the public this season one of the finest free street parades that has ever been presented by any circus.

Officers To Take Kelly To Oklahoma

Federals Plan To Secretly Transport Desperado From Memphis

MEMPHIS, Tenn., (UP)—Authorities made arrangements secretly to transport George (Machine Gun) Kelly, kidnaper of Charles F. Urschel, millionaire oil man, and his wife, Katherine, to Oklahoma City. Meanwhile W. A. Roper, department of justice agent gave the United Press details of the unprecedented man hunt that after weeks of fruitless trailing, resulted in their capture.

Kelly and his wife were given "work-outs" by department of justice agents Wednesday night. After three hours of questioning by agents working in relays, Kelly admitted orally that he was one of the Urschel kidnapers.

Both he and his wife agreed to go back to Oklahoma City where both are under indictment for the kidnaping and where the trial of ten others for the same crime is near completion.

May Use Plane.

Arrangements for their return were a carefully guarded secret because agents feared that members of Kelly's gang might attempt the delivery. Even the approximate time of departure was withheld and it was believed possible

ARRAIGNED, 'WANTED' FOR DEATHS

Louis K. Neu (right) is shown as he was arraigned in a Jersey City court and delivered to Passaic, N. J., authorities to face a murder charge in the death of Lawrence N. Shead, theater manager. Neu is also wanted in Louisiana for the death of Sheriff Clark of New Orleans. Harold Parks (left) of Zion Hill, Pa., was arrested with Neu. (Associated Press Photo)

nothing would be known of the trip until the Kellys were lodged in an Oklahoma City jail. The turn trip may be by airplane.

Roper said department of justice agents were close on Kelly's trail soon after Urschel was released. They first located the trial on the Coleman farm at Coleman, Texas, where Kelly's share of the ransom was found.

"They left that farm sure they were not linked with the case," Roper said. "They were driving Katherine's 16-cylinder automobile and didn't waste much time in covering their tracks. A magazine detective could have followed them to Minneapolis. From there it was easy to trace them through Chicago to Detroit. In Detroit they began to realize their heels were warm. They found they had been identified and we were after them."

Refuses Extradition And Is Tossed From Illinois To Indiana

CHICAGO (UP)—Thomas Leahy, ex-convict, was in the custody of Indiana authorities after having been literally tossed out of Illinois. Leahy, wanted in Indiana on a charge of robbing a bank at Culver, refused to waive extradition. At the suggestion of Municipal Judge Thomas A. Green, Indiana officers called to the state line.

Illinois officers escorted Leahy to within two feet of the line. "Ready!" they called. "Ready!" the Indiana officers, standing just over the line in Indiana, responded.

None too gently Leahy was lifted and tossed across the line. For a second, in mid-air, he was a free man. Then Indiana officers arrested him as he landed in their arms.

Construction Work Of Public Works To Start By Oct. 20

FORT WORTH (UP)—Actual construction on several Texas public works projects should be under way by Oct. 20, Chairman Ike Ashburn of the Texas public works advisory board said here.

Ashburn based his prediction on the fact that notice of allotments on the first set of approved applications are expected from Washington next week. Bids on the early projects will be asked as soon as they are finally approved in Washington.

Seven projects have been sent to Washington. Under a public works ruling, the projects approved by the state board are not disclosed until they have been approved in Washington. The board will meet again next Thursday and Friday. Fifteen more applications are expected to be sent to federal authorities next week, and thereafter the board, with increased personnel, expects to handle about 25 a week.

OFFERS NEW DISHES

The Crawford Coffee Shop, C. L. Hallock, manager, has announced his intention of serving special Chinese and Spanish dishes beginning Sunday, October 1, from 5 to 11 p. m. as an addition to his regular menu.

Mr. Hallock says that he has a chef who has had varied experience in preparing such foods and invites the public to take advantage of this new innovation.

BANDITS GET LOOT

WOODLAND, Kan., (UP)—Three machine gun bandits held up the Goodland State bank here, took three men as hostages and escaped with between \$1500 and \$2000.

Boyish Rider Will Ride In Texas Classic

Jack Westrope, Premier Jockey, To Boot 'Em At Arlington

FORT WORTH (UP)—Jack Westrope, youthful premier jockey of America, will ride at Arlington Downs during the Texas Jockey Club's forthcoming race meet, starting October 19.

The boyish rider who recently broke the nation's record for riding the most winners in one year, will be atop the thoroughbreds of C. L. Foster, Eastern racehorse owner, who owns Westrope's contract.

The young Montanan set up a record of 214 wins this year, up to the week ending September 23, shattering the previous record of 212 winners established in 1932.

With the Arlington Downs meet before him, the inaugural in Houston and perhaps a week at New Orleans, the 90-pound rider should set a record other jockeys will be shooting at for a long time.

Foster has secured Paul Waggoner, son of W. T. Waggoner, owner of the Arlington Downs track, he will send 18 of his thoroughbreds to the Arlington Downs meet.

Westrope probably will do the bulk of riding for Foster and probably will have mounts in each of the five rich stake events which feature the meeting.

Record Number of Teams Enter Gird Title Race

AUSTIN (UP)—At least 452 high school teams will compete in the race for 1933 Intercollegiate League football honors, according to the league's membership roll.

The number of contesting teams is the largest in the history of the league, according to Roy B. Henderson, athletic director. Last year approximately 425 schools participated.

The increase this year is attributed largely to the creation of "Conference C," composed of schools of 150 enrollment or less. Competition at that conference will end with district championships. "Conference B" competition will end with regional championships. Play-off for the state title is held only in "Conference A," composed of schools of 500 enrollment or more.

Mr. and Mrs. Noel T. Lawson left Thursday for Mineral Wells, where they will remain over the week-end visiting friends.

To Supervise Trade

Henry Morgenthau, Jr., governor of the farm credit administration, has been designated by President Roosevelt to direct Russian trade negotiations. The vast scope of these is expected to have an important bearing on recognition of the Soviet union. (Associated Press Photo)

Palo Pinto Court To Open Highway

MINERAL WELLS (UP)—Palo Pinto county commissioners have authorized condemnation of land through right-of-ways that could not be obtained for state highway No. 60 south of here to the county line.

The action is expected to permit letting of contracts at the October session of the state highway commission.

Miss Lajuan Gilmore, who has been in McCamey the past several months with Southwestern Bell Telephone company, returned to Big Spring Saturday. She will go to work here with the same company.

Anti-Gangster Devices Become Brain Children Of Nation's Inventors

DALLAS (UP)—Anti-gangster inventions will hold attention of delegates to the National Inventors congress here November 21 to 25.

A pair of metal mittens, chained together, prevent use of nimble fingers once the criminal is apprehended, the inventor explained.

Tear gas from a gun concealed under a coat sleeve and strapped to the forearm would be a big prize for a gangster, believes a Chicago designer. The gas could be released by a jerk of a string attached to a button in the wearer's hand.

Gadgets to handle criminals will not complete the exhibit, early entries indicate. "Fired" dish washers will be interested in a new machine to do their work. A lever shoots a stream of soapy water onto dishes placed in a receptacle. Reversed the lever turns an clear rinsing water.

An unbreakable fabric might be the answer to the landlord's big water bills and a pair of wooden tongs on which a patent is sought might be just the thing to save wash women from burning fingers while removing clothes from ers.

Scribes Order Beer Sheriff Prefers

DALLAS (UP)—Ice cream still find preference with Smoot Schmid of Dallas county. He offered to buy drinks for two scribes took 2 1/2 beer. The sheriff ordered a chocolate soda.

What is The N. R. A. Agreement Worth?

According to the agreement adopted by the local lumber yards our hours were from 7:30 a. m. until 5 p. m. every day except Saturday, and from 7:30 a. m. to 1 p. m. Saturday. All yards complied with this agreement til last Saturday. Since then the following yard continue to keep the agreement:

H. H. HARDIN
BURTON LINGO CO.
WM. CAMERON CO.
STAHLMAN LUMBER CO.
MIDWEST LUMBER CO.
ROCKWELL BROS. CO.

If you are in sympathy with the N.R.A. movement when you are in the market for building material buy from one of the above yards.

Pampa Harvester Eleven Play Steers Here Saturday

Plains Team Looks Strong Another Year

Loses To Oklahoma Class B Titleholders 7 To 6 In Friday Game

Pampa's Harvesters, noted for strong campaigns of the past few years under Coach Odus Mitchell, who was a three-sport luminary at Canyon Teachers college a decade ago, will journey down from the "high, wide and windys" Saturday at 2:30 p. m. to oppose Coach Obie Bristow's Big Spring Steers at Steer Stadium.

It will be the first invasion of Big Spring by a club from the Panhandle district and will bring to the city one of the strongest outfits in West Texas.

Although Jess Patton, star end, is the only starter who was a regular on the famous Harvester team of 1932, the team's showing Friday against Capital Hill of Oklahoma City, 1932 Oklahoma Class B champion and conqueror of Northwestern Oklahoma Teachers college a week ago, indicates that Coach Mitchell has another championship contender this season. The Oklahoma City team took a 7 to 6 decision.

The Harvester club will average little more than 160 pounds per man but is reported to make up in speed and "rough drilling in fundamental football for the loss in weight as compared with last year's club.

The Pampa game will be the last of three strenuous tests of the Steers against a trio of the strongest clubs of neighboring districts. Two open dates appear on the Steer schedule following the Pampa fracas. And then, the locals will hop into a string of four contests against the other teams of their own district.

Investigation Not Made For Political Aims Says Senator

AUSTIN, (UP)—Senator Walter Woodward, Coleman, expressed gratitude to former Governor James E. Ferguson for "his announcement of candidacy for attorney general."

"I confirm the announcement," said Woodward in a statement replying to Ferguson's editorial in the Ferguson Forum of this week which charged that testimony in the senate's relief investigation had been manipulated for political purposes.

"I am happy to state that when I am the attorney general of Texas," Woodward declared, "Any legislative committee has my consent, if the interest of the public is involved, to turn my pockets wrong side out twice a day and to examine my bank account every day."

Frank W. Chudej, former business associate of Ferguson, had testified before the senate he had deposited at Ferguson's request large sums of money, the origin of which he did not know. Such deposits totaled \$22,100 since January 4, Chudej testified.

"It is significant to note," Senator Woodward said, "that the former governor made no attempt to explain the source from which he obtained the \$22,100."

"It is not a sufficient answer for him to reply through the columns of the Forum. The witness chair of the senate committee is the proper place and it is open to him."

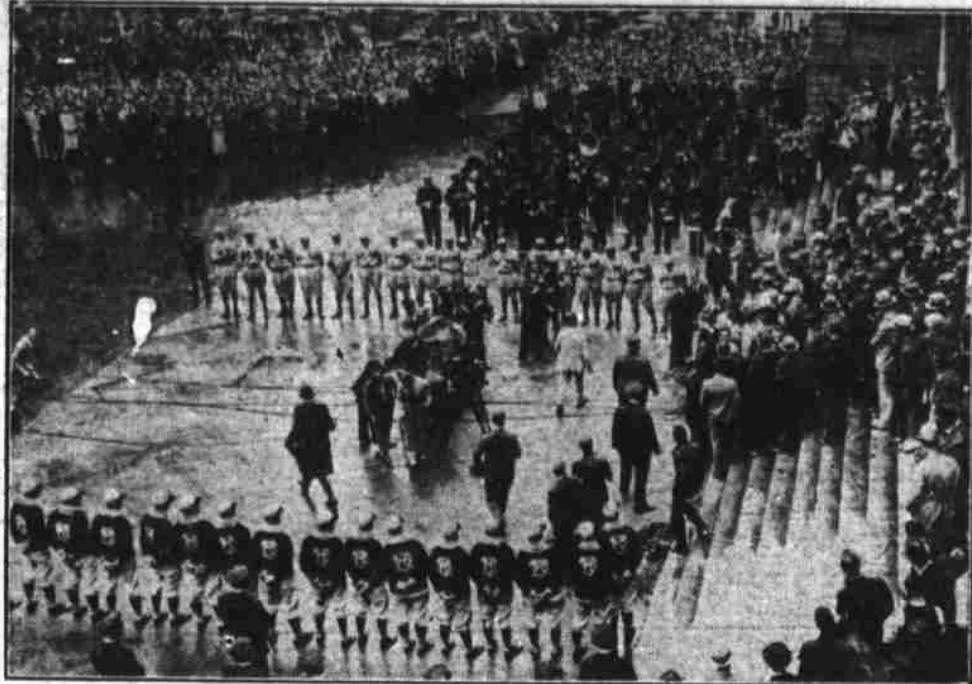

"I refute the statement of James E. Ferguson that Senator Clint Small, Amarillo, and myself opened up his cash deposits of \$22,100 in an Austin bank since January 4 this year for political purposes."

"I am only interested in developing facts which will throw light in connection with our efforts in determining whether we should continue the present relief set-up with former Governor Ferguson as the chairman, or enact other legislation regulating the distribution of Texas funds to feed and shelter the hungry and clothe the naked."

TO VIEW SUSPECT
SAN MARCOS (UP)—D. Castell, filling station attendant went to Mason Friday to see a suspected participant in the \$7,400 robbery of the First National Bank here May 22.

If Castell identifies the man officers will bring the prisoner here to be charged.

NEW YORK CHEERS NATIONAL LEAGUE WINNERS

Cheering baseball fans stood about the city hall in a drizzling rain to see Bill Terry's New York Giants, National League champion winners, receive the city's welcome from Mayor O'Brien at a reception attended by many high in civic and sports circles. The players, in uniform, are lined up in front of the city hall. (Associated Press Photo)

TWO GAMES TODAY CLOSE STORMY LAST HALF PLAY IN TRI-COUNTY LEAGUE

Cowboys And Tigers Tangle Here; ColTex And Stanton Ring Down Curtain In Colorado

The Tri-County Baseball League race comes to an end today, Sunday, after a torrid last half race.

The Big Spring Cowboys will battle with the Tigers on the Steer diamond beginning at 3 p. m. today.

Stanton must invade Colorado for a closing fracas with the winners of the first half, Col-Tex Refinery.

Tom Beasley, secretary of the league, was absent from town Saturday and no definite check-up on league standings could be obtained. However, many players and managers regard it as a three way tie

SMU Beats Tech, Abilene Humbled By Sweetwater, T.C.U. Beats Teachers In Principal Gridiron Contests, Friday

Colorado Snouts Roby; Pampa Beaten By Oklahoma City Team 7 To 6; T. C. U. Beats A. C. C., San Marcos Teachers Humbled Howard Payne

Head-liner for football fans of West Texas Friday was the night game at Lubbock in which Texas Tech's vaunted Matadors dropped a listless exhibition to Southern Methodist University 14 to 0.

The Sweetwater club minus Red Sheridan, romped away to a 19 to 0 victory over Abilene, repeating their performance of 1932. Consensus of critics was that both teams were far below the strength they possessed last year.

Lubbock high, which defeated Big Spring's Steers last week 14 to 0 on the Lubbock field, came through with a 26 to 21 victory over Ranger's Bulldogs.

Two upsets occurred in inter-conference games of college teams. San Marcos Teachers broke a 10-year jinx to beat Howard Payne, Texas Conference champion for the past five years. The score was 20 to 12.

Abilene Christian college's Wildcats went to Terrell to suffer the humiliation of a 12 to 7 defeat at the hands of Frank Bridges' Texas Military College eleven.

The Tech-S. M. U. game at Lubbock Friday night was disappointing to the 6,000 fans who crowded the stands; disappointing to West Texans because of the Matadors' defeat and disappointing to the entire crowd because the game was generally more uninteresting than

the crowd had expected. Coach Cawthon staked the Mustangs to an advantage at the outset when he sent in what he calls his "shock troops" who were pushed near their own goal line before he could rush in his first string, composed of hefty veterans.

The first half was made up of a continuous threat by S. M. U. with Tech stiffening repeatedly when forced back near the Tech goal.

In the second half S. M. U. got the aerial attack to functioning, with Fuqua, end, and Gore and Wilson, backs, shining in the attack.

A partially blocked punt from the toe of "Sis" Price, Tech's ace of the night, gave S. M. U. the ball on the 15-yard line and Wilson twisted through for the first counselor, J. R. (Jackrabbit) Smith, accompanied through for 15 yards and the second counselor in the fourth quarter.

The Mustangs got their air attack under way handsomely in the second half. This coupled with greater skill by the S. M. U. punters kept Tech far in her own territory.

Other Friday results included:

Colorado Wolves May Surprise Fans Before District Three Race Ends

Rumors out at Cantrill field in Colorado have it that several returning lettermen are due to make considerable fuss in District Three before checking out of the pennant races.

Jovial Jim Cantrill has been doing a juggling act with his club to add a bit more power to the forward wall.

Among changes noted in the starting line will be the transfer of Cox from halfback to right end, Stagner from right end to the other halfback position, and Captain Church from right tackle to right end, Red Morrison, expected to do

PLAYING MANAGERS WILL FEATURE SERIES PLAY

'Master-Mind' Tactics From Dugouts Give Way To Youthful Field Generals

NEW YORK, (UP)—The hokey about master minding in world series warfare will be pleasantly misled this year and it's because the managers of the Senators and Giants lead by actions in the field, and not by programs waved from dugouts.

Memphis Bill Terry of the Giants and Joe Cronin of the Senators are playing managers in every sense. Terry is not only a top-flight hitter, but a fighting leader. Cronin, who directs from the shortstop position, falls a few notches short of the 325 hitting mark of his rival, but gives no quarter as a fiery leader.

This is the first series since 1908 that each of the managers is a player. Back 28 years ago Frank Chance and Fielder Jones led their

Cubs and White Sox into the all-Chicago world series.

Storybook sportsmen, both of them. Each succeeded in piloting his club into its league championship during his first full year as manager. They are the youngest world series pilots on record, and their club records are all the more remarkable when recalled that managerial duties in no way marred their play.

Baseball men generally regard Cronin as the finer player of the two, rating him tops at his position in either league.

He's baseball's most eligible bachelor, 26, well fixed financially and handsome.

Terry, who may not be the one best first baseman today, certainly ranks with the first three in the game.

If there really is something to club managing and to baseball men it's heresy to think otherwise, then Terry's 1933 accomplishments to date must overshadow those of Joe Cronin. Of course this is because Bill took a set of ball players tagged by the experts as capable of nothing better than a second division berth and drove them to the top and kept them there. Cronin started with an outfit that was conceded a fighting chance to take the flag.

Mr. and Mrs. Monroe S. Decker of St. Louis, Mo. are the guests of Miss Lillian Shick.

Mrs. Parks' Golfers Go 1 Up On Rix

Women Golfers Renew Rivarly Friday At Country Club

Women golfers captained by Mrs. R. L. Parks emerged victorious for the consecutive week end in play against women led by Mrs. Ralph Rix, Friday at the country club.

Mrs. Parks' side, despite close matches in many instances, took wins as against five for Mrs. Rix's division.

Mrs. G. I. Phillips defeated Mrs. Theon Hicks; Mrs. Bob Hamilton lost to Mrs. Obie Bristow; Mrs. Rix defeated Mrs. Parks; Mrs. Travis Reed lost to Mrs. Gordon Graham.

Midwest Fat Stock Show Set For May

SWEETWATER.—May 15 and 16 have been set as regular dates for the Midwest Fat Stock Show in Sweetwater.

These dates were decided on at a meeting of the executive committee held in Sweetwater Tuesday evening. The meeting was attended by county agents and representatives from Fisher, Jones, Mitchell, Nolan and Scurry Counties. The executive committee consists of two members from each of the counties represented and is as follows: Joe Culbertson, Hamlin, president; R. M. Simmons, Sweetwater, vice-president; John M. Hendrix, secretary-manager; C. R. Moon, Frank Mabery, Fisher county; Otto Jones, Tom S. onerod, Mitchell county; Harry Winston, J. J. Koonsman, Scurry County; Watt Bennett, Luther Finch, Nolan county; Jim Moody, B. L. Jones, Jones county.

Count yagents from the five counties are also ex-officio members of the executive committee.

It was also decided to add exhibits of cured and canned meats as a part of the show, and to have several classes of pig entries. The Nolan County Herd-Bred Breeders' association have set this date for their annual spring sale of pure bred Hereford cattle.

The Midwest Fat Stock Show association embracing 5 counties, was formed in June to promote feeding of surplus feed to home raised cattle and the show will be laid along purely commercial lines. Each of these counties expects to hold a preliminary show in advance of the Sweetwater show. Much interest has been aroused, in the past three years, in the area.

It is anticipated that the Sweetwater show will attract a good deal of attention next spring.

In addition to calves that will be fed by 4-H Club Boys who will have their calves, arrangements have been made to finance from 150 to 200 calves in the five counties; boys not able to buy their own calves.

Tech Offers Courses For Teachers During Cotton-Picking Recession

LUBBOCK.—Three advanced courses are being offered at Texas Technological College for the benefit of teachers whose schools are closing for the cotton picking season, two in education and one in English. The courses will meet daily for nine weeks and will carry three hours credit each, allowing the student to do a full semester's work by going nine weeks.

The courses are Education 331, Principles of Education, Education 332, Economic and Social Background of Secondary Education and an English course above sophomore rank, selected to meet the requirements of those who enroll.

All who are interested are asked to meet at the registrar's office in the college Monday morning at 10 o'clock, October 8. While these courses are arranged for the special benefit of teachers whose schools will be closed for a period others may enroll.

DENOUNCES TARIFF TRUCE

GENEVA, (UP)—Switzerland denounced the world tariff truce arranged at the London economic conference, effective immediately. Switzerland is the fifth nation to withdraw from the agreement.

Ford Motor Company, Dearborn, Mich.

It takes seven cars to make a Ford

Henry Ford Dearborn, Mich.

Outside those features which are exclusive in the Ford V-8, many of our advanced improvements can be found in other cars—PROVIDED—you get six or seven of the best cars in America together and combine their particular good points.

But the only car in which you can find ALL these advanced improvements is the Ford V-8.

To illustrate: Begin with the V-type 8-cylinder engine. You can get an ordinary 8-cylinder engine in any of a dozen makes of cars. But if you want the V-type engine of 8 cylinders or more, several other makes of cars will give it to you, if you pay the price of these cars which runs from \$2,245 to \$5,000.

Take the extra strong X-type frame. You can get this in some other more expensive makes of cars as well as in the Ford. But we do not know of any car except the Ford, in which the X-members continue the full length of the frame, making 4 full length side members instead of two.

Several makes of cars will give you the ½ floating rear axle if you pay from \$1,310 to \$6,250. One maker of cars puts this axle in the high-priced cars, but not in the low-priced one. It is standard on the Ford.

You can get the torque tube drive in six other makes of cars, only one of which costs less than \$1,000. It has always been a part of the Ford.

There is only one other car—according to S. A. E. rating—that has more horsepower per pound of car weight than the Ford V-8 has, and that is a famous car which sells for \$4,825.

Take the Ford V-8 aluminum cylinder head, which adds 10 horsepower to the engine without using more gas—in fact, using less gas—it is standard in only two cars today, beside the Ford. One of these cars sells just under \$800 and the other at \$4,825.

The radiator capacity of the Ford V-8 is larger than that of any car of 30 horsepower or under, except one make of car, and that car sells at \$1,895.

Its crank case oil reservoir capacity is less than that of any other 8-cylinder car. Five quarts. That speaks volumes as to oil economy.

And so we could go on with specifications, showing that every Ford car combines the advanced improvements which are scattered here and there amongst a number of other excellent makes. And, of course, there are special points of quality that are exclusively Ford features.

In the list of light 8's, the Ford is lowest priced. Of the V-8's, the Ford costs less than one-fourth the price of the next car on the list.

September 29, 1933.

Henry Ford

Witchcraft

The first person to be executed in the Colony of Massachusetts was a woman physician accused of witchcraft. Nowadays we know that doctors "white magic" is the result of long scientific study, and wise people respect their physician and consult them regularly.

LET US PREPARE FOR SOME CHANGE

One of the most perplexing things about living in 1933 is that the world's largest thinkers seem quite unable to make up their minds whether we are approaching a sunset or a dawn.

If you nose through the books, magazine articles and interviews in which thoughtful men try to appraise the present situation you will find two schools of thought represented.

According to one school, the end of all things is at hand, and a great darkness is about to fall down over the waters. Capitalism is done for, western civilization is about to collapse and the world is about to enter a new dark age.

According to the other school, our woes are just the birth pangs of a new order of life. We are going through a great change and paying for it in misery and confusion, but when the change is finished things will be almost infinitely better than they were before.

Each crew of prognosticators can assemble a multitude of facts and a whole string of clever arguments to prove its case. You can get damnation with your morning coffee and salvation with your afternoon cigar.

Now all of this, however conflicting it may be, seems to indicate one thing indubitably: that we have reached one of history's great turning points, and that no matter what the future brings us it is going to be something different than what we have had before.

Yes! It is also quite possible that the disasters they foresee may not be quite as bad as they expect; the improvements may leave us only a little bit better off than we were.

The important thing is that we accept the fact that some sort of change is coming and prepare our minds for it.

PROMISING FIGURES: There is a good deal of encouragement in the most recent figures on employment and payrolls, as released by Secretary of Labor Frances Perkins.

Perhaps the best part of it is that payrolls are beginning to increase faster than employment. That quite obviously means increased purchasing power for the individual man, and forecasts a continued business revival.

For if business is to revive the ordinary consumer has got to spend more money; and he can't spend more if he doesn't get more. Every extra dollar in the wage earner's envelope is an additional stepping stone back toward prosperity.

Rep. Oscar F. Chastain of Eastland, is being groomed for a race for congress according to fellow house members. Eastland is in the new 17th congressional district, which includes the home of present Congressman Thomas L. Blanton of Abilene.

The House bill making NRA code compliance an answer and defense to anti-trust law prosecution, switches the burden of proof to the defendant. He must show by preponderance of the evidence that his act was in compliance with an approved code and took place after the code adoption.

Fire Prevention Week Proclamation

The destruction of property by fire in America has steadily increased until the annual loss now is approximately 500 million dollars.

These hundred of millions of dollars have gone beyond reclaim; the money has been worse than wasted.

But far more serious than the burning of property values is the toll of human life and personal injuries by fire that amount to several thousand each year.

Nearly all of this could be avoided if greater care were taken in constructing buildings, if litter and rubbish were removed from homes and places of business and premises in connection therewith, if children and grown people were thoroughly educated in handling fire and taught the importance of extreme carefulness.

NOW THEREFORE, I, J. B. Pickle, Mayor of the city of Big Spring, in cooperation with the nation-wide movement for the elimination of preventable fire waste, do hereby designate October 1st to 8th, 1933, as Fire Prevention Week in this city.

On these days let our civic and commercial organizations, school officers and teachers, and our people as a whole, arrange meetings and exercises for the study of our fire problems, as well as to impress the seriousness of the wastage caused by fire, and the need for utmost care for the protection of life and property. During Fire Prevention Week let a complete inspection be conducted of the entire city for the purpose of locating and removing fire dangers, and let us therefore, individually and collectively, make the prevention of fire a part of our daily routine.

IN TESTIMONY WHEREOF, I hereto affix my hand and Seal of the City of Big Spring.

J. B. PICKLE, Mayor, City of Big Spring.

Under The Dome

By GORDON K. SHEARER

At Austin

AUSTIN, (UP)—Things are looking much more cheerful for the state's school children and their teachers.

More than \$2,000,000 has recently been deposited in the state school fund. Approximately \$1,000,000 was added when Attorney General James V. Alired ruled the school fund was entitled to the cigarette tax increase, effective last May instead of September 1. The permanent school fund received \$1,073,000 when Alired received a certified check for that amount from the Mid-Kansas Oil & Gas company.

The check was for oil rights exercised by the Mid-Kansas under a lease. Fred Turner, Jr., young, broadshouldered West Texan from Midland, discovered the land on which Mid-Kansas had three wells in the Yates field was still state school property. An error in surveys had shown it belonging to settlers. Turner filed an application for a mineral lease upon it. The decision gave the state the oil taken out of the property before it was granted to Turner; a share of the bonus on 561 acres, a share of the rental and a sixteenth oil royalty.

Turner got nearly \$1,000,000 too. He was in court when the judgment was rendered. Modestly he declined to discuss it or what he plans to do with the money. Part goes to Fred Turner, Sr.

The \$1,073,000 check was signed by Richard Henry, president of the Mid-Kansas company. It was delivered after banking hours Saturday. Alired placed it in a little brown bill fold and carried it until banking hours Monday. He displayed it with some pride. It represents the biggest judgment ever entered for the state in a land suit. It is the biggest judgment of any kind since 1909 when Attorney General H. W. Davidson took one for \$1,628,000 from the Waters-Pierce Oil company that was paid in cash. The money piled on a desk was photographed.

The \$1,073,000 check has also been photographed. Reproductions have been made with the state photostatic equipment. Alired gives credit for the judgment to his assistant Ralph Yarbrough, in charge of land matters.

The cigarette tax million has produced some dissatisfaction among state employees. Under the ruling money goes into the school fund that otherwise would have been placed in the state general fund. In the general fund it would have hastened the time when state salary warrants will be paid in cash. Now employees discount them four per cent.

Rep. Oscar F. Chastain of Eastland, is being groomed for a race for congress according to fellow house members. Eastland is in the new 17th congressional district, which includes the home of present Congressman Thomas L. Blanton of Abilene.

The House bill making NRA code compliance an answer and defense to anti-trust law prosecution, switches the burden of proof to the defendant. He must show by preponderance of the evidence that his act was in compliance with an approved code and took place after the code adoption.

Boy Scout News

After a long delay, scouts of Big Spring will have an opportunity to have their tests checked by a board of review in order they may appear before the Court of Honor to receive badges for advancement.

Two troops have a joint camp planned for the week end. They are Troops No. 3 and No. 5 and the campsite is Moss Spring. Besides indulging in games and fun, a miniature jamboree will be staged.

Troop No. 2, which has had rather hard sledding for a time, may be revived soon. After the First Christmas church definitely withdrew as sponsor of the troop, Men's Bible Class of the First Methodist church expressed an interest. A meeting to the end that the class take the troop was held last week.

A. C. "Chief" Williamson was a visitor here last week when the executive board of the Buffalo Trail council met here.

TROOP MEETINGS: Troop No. 3—The troop spent Friday night at the Scout hut near the city park. After an outdoor meeting around the council fire, challenges were hurled. Two challenge games were "hoists" and "Indian leg wrestle."

Early Saturday morning members cooked their own breakfast, packed bedding and hiked back to town.

Attending were: Beavers—Halbert Woodward, Jim Brigham, Aaron McGee, Bobby McNew, Roberts—Austin Burch, Jack Cook, Harold Plum; Wolves—Harry and John Blumshield, Elmer Dorsett; Panthers—Wayne Burch, Steve Ford, Jr. of Troop No. 1 was in charge of the troop. Reported by Jim Brigham.

Troop No. 4—An overnight hike to Moss Spring was the treat for the troop Friday. On arriving at the spring everyone took a plunge in the cold clear water. By the time they got out it was late and supper had to be cooked.

The troop went to bed fairly early but some of the boys didn't go to sleep every easily because coyotes were howling a lot. Saturday morning the spring cavern was explored and the discovery made that daylight can be seen at a distance of 15 feet back. A few snapshots were taken of the spring and its surroundings.

Those present were J. L. Andrews, Waldon Higony, Truman Cairns, Hille Danner, Bruce Phillips, H. C. Smith, Verda Taylor, R. J. Johnson, and I. C. Wright. Visitors were Pharon Pitman, and Danner, and Mr. Bigony. Reported by J. L. Andrews.

Troop No. 5—Good attendance was recorded Thursday evening when Troop No. 5 held its regular weekly meeting in the basement of the First Baptist church.

Features of the meeting were a first aid demonstration, an exhibition how to make a neckerchief, hide, and an announcement of an overnight hike to Moss Spring in the near future. The affair is being arranged in connection with Troop No. 3, the troops camping on opposite sides of the spring.

Monday, Tuesday and Wednesday and Saturday the troop has practice for its football team. In order to play in the games the boys must pass some part of a test to become eligible.

Lotie's bill against discrimination in utility charges between communities led to discovery that there is now a statute making it a penal offense for rates to be fixed so as to destroy competition. The Cross Plains representative said such rate fixing was aimed at in his bill. His bill adds charter forfeiture as a penalty. The other penalties include:

HELP PREVENT FIRES OCTOBER SECOND TO NINTH. This week is set aside to emphasize the importance of guarding against fire. Do your part to prevent loss of life and property. Then, as always follow these precautions for greater safety.

You Can Never Tell About Fires!

There is no way to tell when YOUR home or business may be destroyed. The only thing you can do is to be sure that you have adequate insurance protection.

Let us advise with you on insurance of all kinds.

NATURAL GAS The Heat That Has Fewer Fire Hazards. Not Only Is It Safe—It Is Cleaner And By Far, More Economical.

Let Us Explain Our New Contract Rates The city commission of Big Spring has authorized us to offer our consumers Natural Gas by Contract at a new scale of rates. We urge you to come to our office at 112 East Third Street and let us explain the economical features of using gas on this sliding scale rate that will mean the end of high gas statements during the winter months. This new method of paying for gas is not mandatory. It is entirely up to you to decide whether or not you wish to use it.

Kappa Gamma Program For Year Outlined By Series Of Lectures

Mrs. W. J. McAdams To Speak To Sorority Every Two Weeks On Subject Of 'Training Leadership' And 'Psychology'

"Training for Leadership" is the general subject covering the study of the local Kappa Gammas for the year, with Mrs. W. J. McAdams as lecturer. The course is divided into three divisions of eight lectures each, given at intervals of two weeks. The course is based on standard university work, in accord with the trend of advanced education, explains Mrs. McAdams.

After the meetings the members are given each a copy of the lecture just delivered.

The subject has been made easily understood by the average listener and covers a wide territory. The division, "Psychological Basis of Human Behavior." The two to come are "Problems of Present Day Leadership" and "Influencing Behavior Through Speech."

The outline of the year's program is as follows:
How Knowledge Begins
What is Attention?
How Frequently Does Attention Shift?
The Nature of "Meaning."
Explanation of Optical and Other Illusions.

Learning and Forgetting
Difference Between Animal and Human Learning.

The Conditioned Reflex and its Importance.

What is a Habit?
Principles of Efficient Memorizing.

Why and How Does One Forget?
Causes and Remedies of Mental Disorders

Nature of Imagination.
Nature and Interpretation of Dreams.

Relation of Imagination to Mental Disorders.
The Work of Freud and other Psychiatrists.

Discovery and Treatment of

Mental Disorders.
Nature of Intelligence
What is Thinking?
What is Intelligence?
Is Intelligence Inherited?
Tests of Intelligence.
The Genius and the Feeble-Minded.

Motives of Human Beings
Importance of Physical Needs to Conduct.
Relation of Physical Needs to Other Desires.

Adjustment of Rationalization and Other Means.
The Will.
Increasing and Directing Will Power.

Development of Personality
Meaning of Personality.
Kinds of Personality.
Traits of Personality.
Abnormal Personality.

Personality Development and Improvement.

INFLUENCING BEHAVIOR THROUGH SPEECH
The Nature of Present-Day Speech

The Place of Speech in Our Life.
Characteristics of Great Oratory.
New Standards of Public Speech.
How to Speak Effectively.

Personal Development Through Speech.
What Should I Talk About?

Choosing a Vital Subject.
Choosing a Fitting Subject.

HELD FOR TWO SLAYINGS 1,700 MILES APART

Louis K. Neu, 26, (left) of Savannah, Ga., was arrested in Jersey City and questioned about the killing of Lawrence N. Sheed, Paterson, N. J., theater manager, and Sheffield Clark, wealthy Nashville, Tenn., business man, who was slain in a New Orleans hotel. After lengthy questioning police said Neu signed statements admitting killing both Sheed and Clark. At right Detective Keating, one of the officers who made the arrest, is shown examining the effects of one of the slain men found with Neu when he was arrested. (Associated Press Photo)

Three Duplicate Club Winners Announced

Three duplicate clubs met this week. The winners of the afternoon class were Mrs. Charles Koberg and Mrs. Sam Baker playing for Mrs. B. F. Wille for north and south; Mrs. Ralph Rix and Mrs. Robert Currie for east and west.

The evening winners were Mr. and Mrs. Victor Mellinger for east and west; Mrs. Albert Fisher and Miss Ruth Liebman, who substituted for Mr. Fisher for north and south.

All Forman the winners were Mrs. C. W. Harlan and Mrs. Thompson for east and west; Mrs. William Tate and Mrs. Roy Lamb for north and south.

The afternoon club will meet at 2:30 October 12; the evening club will advance its meeting time to 7:45 so that Mrs. Williams can finish her lecture before the bus offices close.

First Baptist WMS To Meet In New Circles

The circles of the First Baptist W. M. S. have been re-districted and will meet for the first time Monday afternoon in their new geographical homes.

The following circles will meet in the following places, all at 4 o'clock: Lucille Reagan with Mrs. B. Reagan; Florence Day with Mrs. T. E. Day; Mary Willis with Mrs. Douglas; Christine Coffee with Mrs. C. C. Coffey; Highland Park with Mrs. J. A. Coffey.

The members will elect officers and commence the business year.

Mrs. Terry Gives Pretty Fall Party

Mrs. W. R. Ivey Is High Scorer; Mrs. Savage Cuts High

Mrs. J. L. Terry entertained Friday afternoon with an unusually pretty autumn party, using roses and queen's wreath for her floral decorations.

Her score pads, tallies and refreshment plate carried out the Halloween motif, her daughter, John Anna passed the tallies.

Mrs. Ivey made high score and was favored with a vanity. Mrs. Savage won high cut and received pretty costume jewelry.

At the refreshment hour Mrs. E. D. Merrill assisted the hostess in passing the plates to the following: Mrs. W. R. Ivey, M. E. Savage, W. D. McDonald, Calvin Boykin, Victor Mellinger, J. B. Hodges, Clyde Watts, Jr., S. L. Baker, John Le Blue, C. E. Shive, E. M. La Belf, and Gus Pickle.

Shower Given At City Park For Mrs. Jesse Hush

Mrs. Jesse Hush was honored with a lovely miscellaneous shower Friday evening at the City Park by Mrs. Charlie Burleson, H. H. West and Fred Nephew.

The guests assembled at the Park where a dainty pink and white basket made by Mrs. W. F. Fries was heaped with lovely gifts and later cleverly presented by Mrs. Nephew to the honoree. After all the guests admired the gifts, each gave an appropriate reading for the occasion.

Dainty mint containers that formed an everlasting friendship chair were given as favors. A delicious baked luncheon of fried chicken, salad, olives, potato chips, lettuce and desert and iced tea were served to the following guests:

Mrs. L. A. Griffith Burr Trace, C. J. McKenney, Saraple, L. E. Madux, J. C. Brickhouse, W. F. Fries, E. E. Searcy, T. L. Williamson, M. E. Byerley, J. L. Smith, J. R. Luton, Young, J. A. Henderson, Inez Frizzell, Jack Potter, G. E. Covey, I. A. Hambrick, Boze, Rice, Myers

Among local people at the S.M.U.-Tech game Friday night were Hugh Dubberly, Ward Hall, Tommy Jordan, "Smitty" Smith, Ray Cantrell, Dr. Lee O. Rogers, Wendell Bedelch.

Washability Expert Coming To Montgomery Ward and Conman Next Week; Advice Free
What is a "washability expert?"
Back in East Texas it would be sure to be some colored mammy with a fondness for big words that mean nothing. In Montgomery Ward's local store, the stress is on the expert and not the washability. Everybody can wash but can everybody wash expertly?
Because the Lux company thinks not, they are sending an expert around to show women how to wash. Especially silks. Lux and silks sorter go together, says the Lux Company. For this very reason a very attractive Miss Farnsworth (probably a blonde) will demonstrate the ways and means of becoming an expert in washability all next week at Montgomery Ward's.

Petroleum And Bluebonnet Clubs To Meet Together
Two bridge clubs will meet together next week. They are the Petroleum and the Bluebonnet. Mrs. W. D. McDonald is hostess to both, and both meet the same week on consecutive days. Mrs. McDonald has therefore decided to entertain them on the same day and let the members enjoy playing together.
The joint party will be a bridge luncheon Tuesday at 6 o'clock at the home of Mrs. N. W. McCleskey in Edwards Field's.

For The Love of Eve by Lucy Walling

CHAPTER XXII

The next few weeks were busy for Eve. Outstanding in importance was the opening of the new theatre which was to be a gala occasion in Lake City. Dick brought home several invitations for the opening night. Admittance at first performance was to be strictly invitational. The following evening the theatre would be open to the public. "There will be lots of offers to buy these invitations at a nice premium," Dick said, "but I would like to catch anyone asking for them."

He asked Eve to give one of the invitations to Mrs. Brooks, who had been continually considerate and thoughtful. Two others were for the teachers who lived on the floor above. There were several left and these Eve was to pass on to some of her friends at the store.

The newspapers had devoted much space to the impending event and Lake City in general looked forward to it. The morning of the opening, Theron Reece telephoned Eve at her office.

"Just wondered if you could give me a couple of comps for the opening show tonight," he said. "Eve told him she was sorry but she had nothing to do with distributing the invitations."

Arlene was going to the performance with Sam Holderidge who had taken her out twice since Freda's party. Eve helped Arlene select a new frock for the occasion. During the noon hour they slipped on the dress department and it was their fortune to have Freda show them the newest gowns.

"Just a minute!" Freda said suddenly. "I've an inspiration!"

She brought into the fitting room a soft chiffon with myriads of tiny ruffles. It's low-cut neckline gave it a touch of sophistication.

"It's the most romantic looking dress we've ever had here," Freda declared. "I telephoned some of our wealthiest patrons the minute it came in and she took it on my recommendation. It is lovely on her; she had the same dark coloring you have, Arlene. But the next day she returned it for some unexplained reason and I've been waiting for just the right person to wear it!"

Arlene eyed the dress wistfully. "Even with my employees' percentage-off," she said, "it will set me back terribly—but I can't resist it. I've never worn anything as lovely as this dress!"

She stroked the soft ruffles gently. "I've never had places to wear such things," she went on, "but now that I have the dress I'll make occasions to wear it!"

That evening Eve sat in the brilliantly lighted theatre and looked happily about her. The ruby red mohair seats were rapidly filling with beautifully dressed women accompanied by men in severe evening clothes. Down in the second row Dick had seated Mrs. Brooks and the teachers. Mrs. Brooks was wearing a black dress that had been carefully made over and embellished with the heavy gold and amethyst jewelry that had been a gift from her husband. The older of the teachers wore her "convertible" black net dress from which the sleeves had been detached for occasion. Saturday afternoon the sleeves would be sewed back in place for the annual reunion of her normal school class. Miss McElhinney was charming in flowered yellow taffeta with tiny puffed sleeves and she apparently was much intrigued by a handsome young cellist who sat before her in the orchestra pit.

Dick had made a last minute check of the heating and lighting equipment and was now busy back stage. He would join Eve after the performance began.

He had reserved a box for their guests. Eve had invited Arlene and Sam, Marys and Ray. They made an attractive group—Arlene glowing in rose chiffon, Marys wearing forget-me-not blue satin, and Eve with her lustrous honey-colored hair and pale gold lace dress. Eve wore one green orchid at her shoulder and her wrap was lined with green.

The heavy cerise curtains parted, the lights went down and all eyes were turned toward the stage. First on the program was a feature motion picture starring a popular actress. This was followed by a few vaudeville acts of special merit.

Suddenly from behind a shimmering silver curtain stepped a famous vaudeville star in an ermine wrap. Her white gown was studded with brilliants, accentuating the blackness of her hair and eyes. Her dynamic songs charmed the audience, her sparkling wit captivated them.

Smiling and holding out her arms, she exclaimed, "This wonderful theatre—I must congratulate you upon having such a beautiful building in your city. It is the most beautiful house in which I have ever appeared. I hope (and here she smiled again), "that you will appreciate it!"

Eve, too, hoped that Lake City would appreciate it. She knew something of the tremendous cost that had gone into its construction

Labor Board To Mediate Ford Strike

Decision Seen As Test Between NRA And Auto Magnate

WASHINGTON, (UP)—The National Labor Board's decision to attempt to mediate a strike of Ford Motor company workers at Chester, Pa., points toward a direct test of strength between Henry Ford and the Roosevelt Administration.

Board members considered the Ford situation delicate and serious. It was but one of a dozen major strikes requiring the board's attention and involving more than 100,000 men.

Ford did not sign the automobile code. A direct showdown between him and the NRA was averted on that score when the NRA held the would be considered to be complying with its policies so long as he abided by the code's terms. The strike now has raised the issue of whether he will deal with the NRA in any way.

Chairman Robert F. Wagner of the labor board decided to undertake direct negotiations with Ford officials in Detroit after Ford's action in shutting down the Chester assembly plant blocked local mediation efforts there.

Gideon Band Has Party For Class At Hooser Home

The Gideon Band, a class of boys of the First Christian Church held a enjoyable party Friday evening at the home of Mr. and Mrs. H. C. Hooser.

They first played games in the house. After the refreshments of cake and cocoa were served they had such a good time that they played more games on the lawn in the moonlight.

Guests of the class were Marilyn Lee Davis, Doris Shuttlesworth, Dorothy Bell Riggs, Jewell Cagle, Eileen Killingsworth, Ethel Hooser, Hallie Watson, June Cook, Gwendolyn Harrison, Geraldine McClendon and Joe John Gilmer.

The members of the class present were Eddie and Fred Savages, J. O. Goldiron, D. K. Cagle, Steve Baker, Woodrow and J. W. Coots, Clarence A. V. A., Bobby Michael, Harvey and Hartman Hooser, Bud Johnson, Tommy Gage, A. Z. Pittman, and the teacher, Mrs. J. R. Creath.

Sam B. Dill's Circus 'Sundays' In Big Spring; Two Performances And Street Parade On Program Monday

"They're in town!" The Circus, the balloons, squawkers, clowns, and pretty girls; the thoroughbred horses, the animals, the swiftest aroma, pink lemonade, and the thousand and one other things that make up a big circus like Sam B. Dill's Circus.

Early this morning the first section of the big circus arrived in Big Spring from Lubbock, followed soon afterward by two other sections and proceeded immediately to the showgrounds on West Third Street where two performances will be given tomorrow.

A large circus always "Sundays" in its Monday town, and it is the one day of rest each week for the showfolk. It gives them the opportunity of writing neglected letters, mending, and the hundred and one things that have been put off from day to day during the past week. Most of them attend church services in morning, and a great many have visitors during the day.

The "big-top" is always up and ready on Sunday the same as every other day, but no performance is given. Hundreds of boys and "would-be" boys were on the showgrounds early this morning to see the big show unload and erect the many tents.

Sam B. Dill's Circus is one of the few remaining large circuses on the road and comes to Big Spring this season with many new and novel features, among which are numbered such acts as "Buddy" and his trainer, Walter Jennier, the sea-lion with human intelligence; Berja Beeson, dancing marvel of the wire; Buck Steele, cowboy movie star in person; Sahara, the world's largest performing elephant; Helen McLaughlin and her high school horses; "Little Lady" the only dove to ever climb a 25 foot pole unassisted; Elmer Harris in an endurance feat on the high trapeze and her iron jaw elds for life from the peak of the big top; Senor Bell, champion long distance tumbler, and a host of other internationally known acts.

Ballistic Experts Try To Link Kelly With Kansas Deaths

DENVER, COLO., Sept. 29, (UP)—Clugs from the machine gun found here in a trunk of Albert Bates, on trial in Oklahoma City charged with the kidnaping of Charles F. Urschel, were due to arrive in Kansas City for comparison with bullets from the guns which killed five persons in the Union Station massacre there on June 17.

Val C. Zimmer, Special Federal agent, fired a round of bullets from Bates' gun and sent the slugs to Kansas City by airmail.

Stone Mason Admits He Set Fire To Reichstag

LEIPZIG, GERMANY, Sept. 29, (UP)—Menius Van Der Lubbe, eccentric young dutch stone mason, confessed in the supreme court that he set fire to the Berlin Reichstag and caused a wave of popular anger that swept Adolf Hitler and his Nazis to power.

Mrs. Frank Hamblin has been called to the bedside of her father who is very seriously ill. She left for Chicago Friday.

The Thrill That Comes Once In A Lifetime

A Rogue To The Last by Wellington

Arlene eyed the dress wistfully. "Even with my employees' percentage-off," she said, "it will set me back terribly—but I can't resist it. I've never worn anything as lovely as this dress!"

She stroked the soft ruffles gently. "I've never had places to wear such things," she went on, "but now that I have the dress I'll make occasions to wear it!"

That evening Eve sat in the brilliantly lighted theatre and looked happily about her. The ruby red mohair seats were rapidly filling with beautifully dressed women accompanied by men in severe evening clothes. Down in the second row Dick had seated Mrs. Brooks and the teachers. Mrs. Brooks was wearing a black dress that had been carefully made over and embellished with the heavy gold and amethyst jewelry that had been a gift from her husband. The older of the teachers wore her "convertible" black net dress from which the sleeves had been detached for occasion. Saturday afternoon the sleeves would be sewed back in place for the annual reunion of her normal school class. Miss McElhinney was charming in flowered yellow taffeta with tiny puffed sleeves and she apparently was much intrigued by a handsome young cellist who sat before her in the orchestra pit.

Dick had made a last minute check of the heating and lighting equipment and was now busy back stage. He would join Eve after the performance began.

He had reserved a box for their guests. Eve had invited Arlene and Sam, Marys and Ray. They made an attractive group—Arlene glowing in rose chiffon, Marys wearing forget-me-not blue satin, and Eve with her lustrous honey-colored hair and pale gold lace dress. Eve wore one green orchid at her shoulder and her wrap was lined with green.

The heavy cerise curtains parted, the lights went down and all eyes were turned toward the stage. First on the program was a feature motion picture starring a popular actress. This was followed by a few vaudeville acts of special merit.

Suddenly from behind a shimmering silver curtain stepped a famous vaudeville star in an ermine wrap. Her white gown was studded with brilliants, accentuating the blackness of her hair and eyes. Her dynamic songs charmed the audience, her sparkling wit captivated them.

Smiling and holding out her arms, she exclaimed, "This wonderful theatre—I must congratulate you upon having such a beautiful building in your city. It is the most beautiful house in which I have ever appeared. I hope (and here she smiled again), "that you will appreciate it!"

Eve, too, hoped that Lake City would appreciate it. She knew something of the tremendous cost that had gone into its construction

F. L. Maytag To Visit Texas Organization To Pay Compliments

To personally thank his "boys" for the enormous increase in business, F. L. Maytag, Newton, Iowa, washing machine manufacturer will pay a special visit to Texas after October 19 to compliment the Texas Maytag Organization upon its successful volume of sales.

Mr. Maytag, who is chairman of the Board of the Maytag Company, at the age of 76 spends practically all of his time visiting Maytag sales organizations. He will attend meetings of managers, dealers and salesmen in West Texas and possibly Dallas, Ft. Worth, San Antonio and Houston. Mr. Maytag in a personal letter of thanks to the Maytag organization pointed out that the Company had orders for August deliveries of 52,124 units and that the factory at Newton, Iowa, is running both a day and a night shift and still hundreds of carloads behind with orders.

The Texas Organization, which is headed by the Maytag Southwestern Company, 215 Griffin Street, Dallas, Texas, distributors in Texas, had an increase of 252.9 per cent in July 1933 over July 1932. The sales in Texas in August 1933 failed those of August, 1932.

Much of the increase in volume is due to the President's N. R. A. program of officials of Maytag Southwestern Company say.

Both manufacturers and distributors are signers of the President's agreement.

ENGINEER FOUND DEAD
SHERMAN, TEXAS, (UP)—The body of Frank Thornton, 67-year-old Frisco railroad engineer, tude to Tulsa, Okla., Friday in a baggage car behind the locomotive he had expected to pilot.

He was found dead in bed here last night a few hours before he was scheduled to take the train out.

Mrs. Una Covert has arrived from Long Beach, Calif. to spend the winter with her daughter, Mrs. Nat Shick.

WHIRLIGIG—

(CONTINUED FROM PAGE 1) Its assurance of profit based on the wholesale price.

F. D. and F. C.— Since March 4—and for some months before that—you have been hearing about a gentleman named Franklin Delano Roosevelt.

Make no mistake about it—he is the works of this administration and you can praise him or damn as you will. Another man has stepped ever so quietly into the picture however and you might give him a little consideration.

His name is Frank C. Walker. He is treasurer of the democratic national committee and he was one of the first three inspired men who laid actual claim on the line way back last year to get Mr. Roosevelt nominated.

At present Walker is co-ordinating the "Executive Council" which embraces not only the cabinet but all of the emergency set-up and meets every Tuesday the president is in Washington.

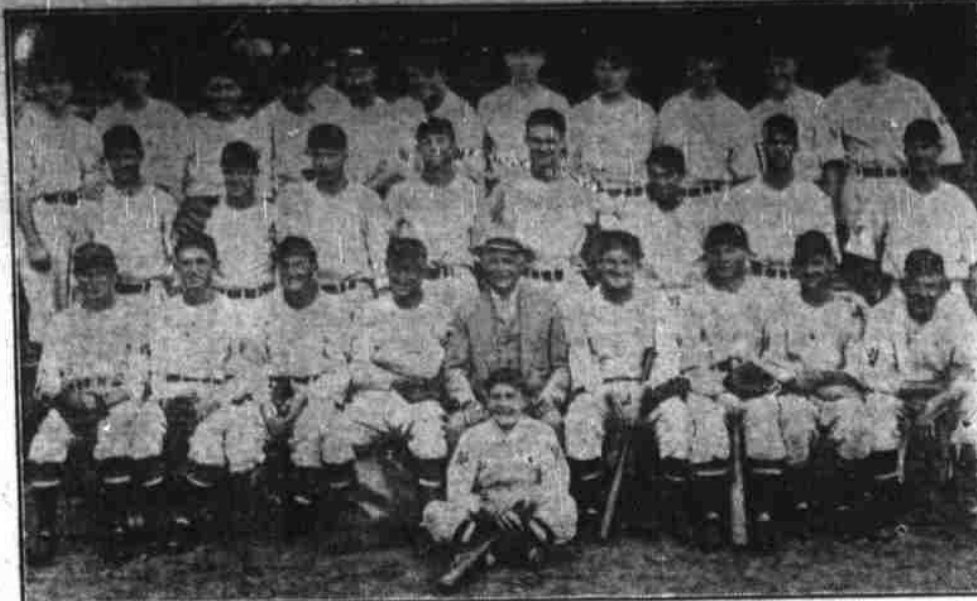

Walker didn't want this job. He had an eye on the governorship of Hawaii. It took specific legislation to make him eligible and the bill failed of passage.

But now he is in the "Executive Council" you might be surprised at the number of times the smart boys receive you and then suddenly say: "Pardon me, but I have to go see Frank Walker."

Lagging— Don't be astonished if Walker emerges as one of FDR's chief emergency fixers. NRA has been going ahead but not too fast. Public works was supposed to keep pace. Somehow or other it hasn't.

Henry Morgenthau, in charge of the Farm Credit Administration, has seen the handwriting on the wall and demanded that farm mortgages be refinanced in two or three weeks rather than three to six months. The Home Loan Board under "Resboard" Stevenson, designed to give urban home owners a chance at refinancing—has been even more delinquent. It hasn't even sized-up its task. Harry Hopkins, head of the Fed-

AMERICAN LEAGUE CHAMPIONS FOR 1933

Here are the Washington Senators, American League pennant winners, who will meet the New York Giants in the world series. First row, left to right: Rice, Stewart, Goslin, Schacht, coach; Clark Griffith, president of the club; Cronin, manager; Harris, Bolton and Altrock. Seated in front of the group is Mahorney, mascot and bat boy. (Associated Press Photo)

WORLD SERIES NEXT BIG JOB FOR NEW YORK GIANTS!

Here are members of the New York Giants, National league pennant winners, eligible for the world series. Left to right, bottom row: Trainer Schaeffer, Weintraub, Coach Smith, Mascot Troy, Spencer Richards; second row: Critt, Jackson, Coach Snyder, Manager Terry, Coach Clark, Drexler, James; third row: Mancuso, Verges, Fitzsimmons, Davis, Hubbell, Ryan, Schumacher, Maloy, Ott, Parmelee; top row: Clark, Feal, Salveson, Shore, Laque, O'Doul, Bell, Danning, Moore. (Associated Press Photo)

HUNDRED DEAD IN TAMPICO GALE

Tampico, Mexico's greatest oil port, was lashed by a 125-mile hurricane which destroyed at least three-fourths of the city. Some reports put the toll in dead and injured as high as 5,000. This is the second violent storm to strike Tampico in recent weeks. Damage to a beach resort caused by a gale on Sept. 15 is shown in picture below. Above is an air view of the stricken city. (Associated Press Photos)

Texas Division Home Loan Corporation Closing More Than 2,500 Applications

DALLAS, (UP)—More than 2,500 loan applications to the Texas division of the Home Owners' Loan Corporation are now in process of being closed, James Shaw, division manager, said. "Of course," Shaw said, "few have been actually closed. But as soon as the process begins to operate fully, many loans will be closed every day."

In all, Shaw said, 13,436 applications have been filed in the Dallas, San Antonio, Amarillo and Houston offices up to last Saturday. The applications aggregate \$28,491,000, an average of \$2,000 a loan. Of the applications, the Dallas office received 5,725 aggregating \$12,178,000. Approximately two-thirds of the Dallas applications were for cash loans, which the government has said would be granted only in cases of dire distress. Owners of mortgages, Shaw said, have agreed to accept \$4,000,000 in home loan bonds.

Mussolini is ironically the greatest force for peace in Europe. He is concentrating on strengthening his position at home. England also will go to almost any length to stay out of hostilities.

Texas Poultry Exports Take Tumble In August

AUSTIN, (UP)—Interstate rail shipment of Texas poultry and eggs in August totaled 63 cars as compared to 102 in August a year ago, the University of Texas bureau of business research reported. The 36 cars of poultry shipped this August was compared to 61 in August last year; the 27 cars of eggs to 41 cars in 1932.

Postmaster General To Use Plane On Texas Trip

NACOGDOCHES, Texas (UP)—Postmaster General James A. Farley as inquired about airport facilities here in answer to an invitation to visit Nacogdoches county during his trip soon to Texas. He indicated he would travel in an army plane.

ROSE HEAD TO TYLER

TYLER, (UP)—Dr. J. Horace McFarland, president of the American Rose Society, will be the guest of honor at the East Texas Rose festival here October 11 and 12. Roses for the occasion, believed the first of its kind ever staged in Texas, will be provided gratis by nurseries throughout the region, according to Chairman Tom Ramsey Jr. of the festival association.

Predicts Large Attendance

DALLAS, (UP)—T. C. Gardner, state director of the Baptist training service, predicted in a statement here that 5,000 young people would attend the annual convention of the service November 29 to December 2 at Mineral Wells. Representatives will attend from every city and rural community of the state, Gardner said.

Records Are Books For Blind

OAKLAND, Cal. (UP)—R. B. Irwin, blind since childhood, has devised what he is convinced is a boon to America's army of sightless. The former director of the American Foundation for the Blind in New York City has perfected a new phonograph record on parchment-like paper which may be rolled or bent. Using these records, the blind are able to read without learning the more arduous and inconvenient Braille system. From eight to 15 records are sufficient to transcribe an ordinary book.

COP'S PRISONER HIS LORD

LEOMINSTER, Mass. (UP)—Motorcycle Officer Raymond J. Matthews has a new home address since he arrested Luigi Altobelli for stealing coal from the yards of Mayor Frederick T. Platt. It seems that Altobelli was Matthews' landlord and immediately after Altobelli had paid a \$25 fine of coal-stealing, he ordered the policeman to vacate.

BANK RAIDED

PIPESTONE, Minn. (UP)—An armed band looted the Pipestone National Bank Saturday of \$1,600 and escaped, using three girls as shields.

Panthers' Coach

JOCK SUTHERLAND - PITTSBURGH

"Jock" Sutherland, starting his tenth year as head coach at Pittsburgh, is building this year's Panther football machine on the theory that the best defense is a good offense. (Associated Press Photo)

Power Plant Is Art Gallery

BERKELEY, Cal. (AP)—At first it seemed a bit incongruous that in old power plant on the University of California campus was going to be converted into an art gallery. However, in this day of technocracy and other demonstrations of the machine age, art has taken on something of a mechanical flair. So university regents said, "Why not?" They have appropriated \$2,500 for the transformation which is designed to relieve overcrowded hanging spaces elsewhere.

SOUTH SEAS LUBE TRIO

SAN FRANCISCO, (UP)—Lured by desire to pen novels of the South Seas, two men, a woman and a cat named Maxie Bear, are on the high seas out of this port, bound for Tahiti. Despite veteran seamen's warning "old dabbler" is soon to be at his winter's worst, the quartet sailed in a 27-foot lifeboat, cheeks and fur glowing with adventure.

Professor Debanek Holidays

BERKELEY, Calif. (UP)—And now they would "debunk" Independence Day. July the Fourth Professor Herbert E. Bolton, specialist in historic facts at the University of California, as much as says most of the states are "all wet" when they observe July 4, 1776, as Independence Day. Bolton contends the American Revolution not only raged between 1778 and 1783, but lasted 63 years long. "The region comprising California, Texas and most of the Far West, more than one-third of the

(Continued From Page 1)

offense. Felton Smith and Cecil French were forced out of the Big Spring line up with leg injuries.

The game lived up to predictions in that it was a battle of the "quarterbacks", Salome and Cordill scoring both touchdowns for their teams.

El Paso football fans accorded the Steers a noisy welcome when they arrived at 4:30 p. m.

A parade with pep squads and a band added lustre to the occasion. Several Big Spring fans, following the Steers, joined in the trek through downtown El Paso.

After the game, visiting players were tendered a dance: The line-up: Center Austin Dean Left End Henry Fletcher Left Tackle Wright Thomas Left Guard Hamilton S. Flowers Right Guard Les Graves Right Tackle Corgan Smith Right Tackle Ebons B. Flowers Right End Walker Cordill Quarterback Salome Bechtol Left Half Bailey Hare Right Half Redditt Cauble Full Back Baird Mike Brubelov, referee.

ELGIN RACE AT RITZ A thrilling addition to the R. A. Ritz program of today and Monday will be a complete film record of the Elgin National Stock Car Road Race, recently revived.

Ford won the first nine places in the race, which provided many unusual contests and a very definite test of the efficiency of the entries.

W. G. Riddle, district manager of the Southwestern Bell Telephone company and Paul T. Vickers, secretary of the Midland Chamber of Commerce, were here Friday afternoon.

United States, did not gain independence from Europe until 1810, the professor reminded his students

"Step right up, LADIES and GEN'M'N"

HAVE you ever heard a street-corner medicine man hawking his wares? Confess. Weren't you tempted to buy by his persuasive talk? Why didn't you? Wasn't it because you could feel no real confidence in his product? Wasn't that because, though he was here today, you didn't know where he'd be tomorrow?

How differently you feel when you buy an advertised product. Here is no human personality to persuade you. But, instinctively you know you can trust the word of "The salesman in type." Manufacturers and merchants who advertise are permanent. They stand back of their products! They spend millions of dollars to determine your needs and to perfect products that will satisfy those needs. Unlike the medicine man, their business is built on your continued good-will.

Research laboratories, with the wealth and resources of great industries behind them, are constantly seeking to invent and improve things to make your life simpler and more pleasant. They bring their discoveries to you in the advertisements. Advertised merchandise is merchandise of quality. Merchandise you can depend on. Let the advertisements teach you what's new and good. Let the advertisements guide you in spending your money wisely. Step right up, ladies and gen'm'n!

A.M. Fisher's New Fall '33 Challenger TWO TROUSER SUITS

Gentlemen!
Here's An Exceptional
Clothing VALUE!

\$25

This warm weather can't last forever—nor can these unusual clothing values. We have just received a new shipment of two trouser suits of unusual value. We bought them at a minimum margin because we are determined to make these the outstanding value suit at \$25. They're outstandingly beautiful, too—in new sturdy, fine fabrics, in this season's new and correct weaves, designs and colorings, right modeled and carefully tailored. We think these suits would be good values at \$25 with one trouser—we know them to be unusual values with two trousers at \$25.

"Grand Old Man Of Utah" Dies; Passing Evidences Decline Of Mormonism

Brigham H. Roberts Admittedly Practiced Polygamy,
Won Seat In Congress As Wet

By GEORGE D. CRISSEY

United Press Staff Correspondent
SALT LAKE CITY, Utah (UP)—The body of Brigham H. Roberts, 76, reposed in state Friday in the L.D.S. tabernacle as mute evidence of the passing of one of the last links between modern times and the polygamous days of mormon-

ism. Back in the 90s, Roberts, who later won titles as the "Grand old Man of Utah" and the "Fighting Liberal of Mormonism," admitted practicing polygamy. Children by three wives and the second wife survived him. In 1898 he startled the world with a powerful eloquent defense of Polygamy, made on the floor of the United States house of representatives. That it was a brave stand and an able plea even his enemies—swayed by religious prejudice—admitted. But, brave though it was, it cost him his seat as representative from Utah, although he had been elected as a Democrat by an overwhelming vote. Roberts died Wednesday night from complications caused by still his towering frame the liberalism and courage, characteristic of him, prevailed. Even as his last breath approached, he invaded Carbon county, less than a week ago, as a representative of the Civil Liberties Union to demand fair play and justice for striking coal miners who, incidentally are not mormons. In 1928, when Alfred E. Smith was running for president, Roberts broke from general church political policy—clashing with Reed Smoot, then senior senator and a member of the council of 12—and urged the election of Smith, the Catholic, and repeal of the 18th amendment. He wasn't a wet, believing in the mormon "word of wisdom" which bans alcoholic beverages, but then, as always, he lifted his voice in defense of personal liberty and human rights.

Church Services

FIRST PRESBYTERIAN
Rally Day will be observed in all departments of the First Presbyterian Church next Sunday, October 1. At 9:45 a. m. the Sunday Church School will have a special program entitled "The Church of God is Calling." This program is in charge of Mrs. Raymond Dungan. A large attendance is sought. Theme for the worship service at 11:00 a. m. will be "Loyalty." The officers and teachers of the Sunday School will be installed as a part of this service. Special music is being planned.
At the evening service at 7:30 the pastor, Rev. John C. Thorns, will begin a short series of "Elijah, the Desert Prophet." The first of this series will be in the subject "Elijah by the Brook."

EAST FOURTH STREET
All departments of the Sunday School meeting at 9:45 a. m. Mr. John R. Hutto, general superintendent in charge.
Preaching by the pastor at 11 a. m. and 8 p. m., R. T. S. at 7 p. m.
Morning message: "When Laymen Lay"
Evening sermon: "The Impossible With God."
Special music at all services.
Having 315 in Sunday School last Sunday, goal for Sunday was set at 320.

FIRST METHODIST
This morning at the eleven o'clock hour, the pastor, Dr. J. Richard Spann will preach on "Visions Of The Higher Way." At 7:45 in the evening the sermon theme will be "Comfort or Character" (181).
The Men's Bible Class will begin the Life of Paul at 9:45. It will be a challenging study for all the members of the city to follow these challenging studies from October 1st to Christmas. Dr. J. Richard Spann is the teacher of the First Methodist Men's Class.

FIRST CHRISTIAN
Rev. S. J. Shettlesworth, pastor, announces following subjects for today's services at First Christian church, 411 Scurry:
Sermon topic for morning service beginning at 11 a. m.: "The Talents."
Sermon topics for the evening service: "A Four-Cornered Gospel."

WEST SIDE BAPTIST
Rev. B. G. Richburg will present "The Judsons as Missionaries to Burmah," in the 11 a. m. service of the West Side Baptist church today.
At 3 p. m. he will give a detailed explanation of the tabernacle built for Moses.

CHURCH OF CHRIST
The minister Rev. Melvin J. Wise will deliver the fourth of a series of morning services.
Subject of the sermon will be of sermons on prayer in the Sunday "For Whom Should We Pray."
Bible school will be held at the usual hour.
Evening service—"Positive and Moral Commandments."

FIRST BAPTIST
Sunday School 9:15—Mr. George Gentry, superintendent.
Preaching at 11 a. m. by pastor, R. E. Day. Morning subject, "The Call of a Distressed Soul."
B.T.S. meets at 8:45 with Mrs. Ben Sullivan leading.
Evening preaching hour 8 o'clock subject, "A Given and Found Rest."
Mrs. Bruce Frasier in charge of the music. A welcome awaits you at the First Baptist church.

FUNDAMENTALIST
H. C. Goodman, the pastor, made the following announcement for today. Bible school, lesson, Psalms 1 and 2; morning sermon theme, "The Words of Eternal Life," evening, first of a series of messages on the Book of Genesis. "Let There Be Life," beginning at 7:45 p. m. song services in charge of C. C. Nance.

ST. MARY'S EPISCOPAL
The services at Saint Mary's church this morning will be Holy Communion at 8 o'clock.
Adult Bible Class will meet at 10 o'clock by Miss Bow in the same scene a day earlier. His nose spurted blood and his teeth ached. Mild suspicion alighted on him that maybe he was swinging the haymaker. It was then that Wood stepped to the front to exonerate him.
Clara readily forgave but a slightly discolored face did not let her forget.

New Angle Is Unearthed In Urschel Case

Lawyer Being Sought As
Writer Of Ransom
Notes

OKLAHOMA CITY, (UP)—A lawyer with underworld contacts was sought as the "master mind" of the \$200,000 Urschel kidnap plot as the sensational trial of ten defendants was concluded here. Federal prosecutors in the war on racketeering declared the original ransom notes as well as the threatening letters used by George (Machine Gun) Kelly to terrorize Urschel trial principals and witnesses "were formulated by a legal mind."
The theory that Harvey F. Bailey, notorious desperado-convict, was the "brains" of the conspiracy has been abandoned, it was revealed.

Swain Denies Nine Millions Received For Highway Work

FORT WORTH (UP)—Federal District Engineer C. E. Swain said that negotiations are underway for securing more funds for relief work in the Rio Grande and the Panhandle but denied that \$9,000,000 had been allotted to Texas for highway work in those areas.

AUSTIN (UP)—F. T. Sexton, federal road bureau engineer stationed here, has been notified that \$9,000,000 road funds have been allotted to Texas for relief work in the Panhandle and in the hurricane area of the Rio Grande Valley. Five million dollars is for the Panhandle drought sections.
The announcement was made to Highway Commissioner D. K. Martin.

Details of the expenditure of the fund have not been worked out, W. R. Montgomery, Edinburg, former state representative from Hidalgo county, said. Montgomery is here in the interest of hurricane area relief measures.
The allotment brought a hurried visit to Austin of C. E. Swain, federal division engineer stationed at Fort Worth. Swain returned to Fort Worth by an early morning train.

Cline Urges Direct Relief Have Safe- Guards Attached

AUSTIN, (UP)—Walter D. Cline, president of the West Texas Chamber of Commerce, advised the Texas senate that proper safeguards should be placed on direct relief or "doles" given unemployed.
He testified that "a lot of fellows, presumably working for their destitute families, will not buy food, medicine and clothing when given cash. Instead they make a down payment on a radio, shoot their money in a crap game, or buy some sordid liquor with it."

Former Postmaster Assessed Sentence

HOUSTON (UP)—Floyd Parker, 22, former postmaster at Leggett, Tex., was sentenced to 13 months in the federal reformatory at Chillicothe, O., after he pleaded guilty to a charge of conspiring to embezzle funds from the postoffice.
Parker told Federal Judge T. M. Lemmerly the embezzlement was committed by his wife, who committed suicide several months ago. Prior to his wife's suicide, Parker told the court, he attempted to burn the post office down and destroy the records.

Government Buys More Than Six Million Pigs

WASHINGTON, (UP)—The federal "pig birth control" program reached an end with an estimated purchase of about 6,000,000 pigs and 160,000 sows.
The purchases of the porkers for government use ended at the close of trading Friday.
Agricultural adjustment officials estimated the total cost of the porkers and their processing fees will not amount to more than \$35,000,000.

Federals Investigate Robbery Money Found Friday In Texarkana

TEXARKANA (UP)—The Texarkana Press Friday said two federal agents were here investigating angles of the robbery of a Federal Reserve Bank truck in Chicago.
The newspaper said the agents came here by airplane after a Texarkana bank had identified currency received by a gasoline filling station operator as part of the stolen money.

o'clock, and will hear a lecture on the Book of Psalms.
The 11 o'clock services will be that of the Holy Communion. The sermon time will be taken in describing the preparations that were made before the institution of our Lord's Supper.
Visitors are welcome at all services at Saint Mary's Church.

ST. PAUL'S LUTHERAN
Sunday school at 10 a. m.
Preaching service at 11 a. m.
The pastor, Rev. W. G. Buchsacher, will deliver a message in Loraine during the afternoon and will appear at Hyman in Mitchell county for the first time in the evening.

**House Refuses To
Increase Pay Of
Racing Chairman**
AUSTIN (UP)—Members of the house of the Texas legislature balked at raising the salary of the state racing commission chairman to \$6,000 a year.
An amendment to the proposed new racing act was adopted, placing his pay at \$10 a day when the commission meets, with a limit of \$1,200 a year. Frank Scofield, Hillsboro, is chairman.
The amendment limits the other commissioners to actual expense. They are already on state salaries as state tax commissioner and state agricultural commissioner. The commissioners are H. P. Edwards, Dallas, and J. E. McDonald, Waxahatchie.
A substitute proposal to pay Chairman Scofield \$3600 a year was pending when the house recessed.

**Federal Czar For
Aluminum Dependent
By Independents**
WASHINGTON (UP)—Federal appointment of a "czar" for the aluminum industry to protect independent manufacturers from the "Mellon trust" was demanded by the industry.
George D. Haskell of Springfield, Mass., said the industry was so completely dominated by the Aluminum Company of America, controlled by former Secretary of Treasury Andrew W. Mellon, that he "dared this domination won't continue even after the industry was codified."
The Aluminum company proposed that the code be administered by a group chosen by the industry itself. Haskell said the independent manufacturers wanted a single authority appointed by the government.

Apparel

That is Fashionable is Always Shown Here.

If you are interested in a coat, suit or dress we are prepared to show such standard merchandise that their authenticity is beyond question. Try on these garments. They have that "right feel" and certainly the "correct look" and are moderately priced.

Dress Coats
Luxuriously furred, correctly styled and made.
\$34.50 to \$95

Tailored Coats
Smart, trim styles in materials that bespeak quality.
\$16.75 to \$39.50

Standard Frocks
Co-Ed novelty woolsens, clever styles, smartly trimmed.
\$7.95

Silk Dresses
Charming new styles that are priced gradually upward from
\$7.95 to \$35

WOMEN'S WEAR
MAX & JACOB

WHY PAY MORE?

We offer you cut-rate drugs every day at prices which mean a fair profit to us...and still gives you great savings! Inasmuch as 80 per cent of the salaries in Big Spring have not been raised...we feel that we are doing our part in our attempt to keep prices in line with present day salaries.
