RISING STAR, EASTLAND COUNTY TEXAS THURSDAY, AUGUST 21, 1958

VOLUME 68, NO. 44

Through the Editor's Specs

BY BAB

Improvements to the business district of Rising Star:

New quarters for the West Texas Utilities being prepared in the D. Breeding building adjoining the present office are nearing completion. The new office will have an all plate glass and aluminum front, with angled glass wall, giving a full view of the modernistic interior. A bit swanky, chum. Follows the

modern style of making the entire office and showroom a sort of show window. Back of the office and displays there will be rest rooms, a work shop, store rooms and a conference room available to local civic groups as well as company personnel.

Across the street the Roach Motor Company is completing a used car lot and store room for new Ford cars. The front is open with chain link fence and double gates. Replaces the old Gulf service station and shields the creek bed between the old station and the theater building which was, we admit, somewhat of an eyesore. Watch for Roach Motor Company's advertisement next week about used cars as well as new Fords.

Coming up Main Street from the theater, the Joyce building is getting a new front. The old awning has been torn away, the sidewalk broken up and replaced with a new one. Floyd Joyce of Joyce Insurance Agency, owner of the building, is having the improvement made. It is adding much to the new look of the street. Scheduled is construction of a new post office building, modernistic in every respect, on Smith Street just back of the Elite Cafe, and, of course, the rebuilding of State Highway 36 about which many details are yet to be worked out.

At May, eight miles south of Rising Star, the Mey Nursing Home, occupying the long unused hospital building, will shortly announce the opening of a new addition adding fourteen rooms to the home. The addition has been constructed at the rear of the hospital building. The home is proving to be very successful and popular.

Bananas are growing in Rising Star, Mrs. Fred Roberds reports. The D. C. Hazlewoods have a six-year-old tree with a number of bananas on it. The fruit is about four or five inches in length. Quite a novelty.

Claborn Family Has Fifth Annual Reunion This Week

The fifth annual Claborn reunion was held at the Telephone Lodge at Brownwood Lake, Sunday to Tuesday, August 17-19.

The following were present: Mr. and Mrs. Alton Clark, Mrs. C. L. Claborn, Mr. and Mrs. C. A. Claborn, Larry McCollum, Mrs. H. R. House, Mr. and Mrs. C. M. (Mutt) Carroll and sons, Mr. and Mrs. Herman Claborn, all of Rising Star.

Mr. and Mrs. C. E. Claborn, Livingston, Texas; Mr. and Mrs. Jack Claborn and children of San Antonio; Mr. and Mrs. J. C. Claborn of Cross Plains; Mr. and Mrs. Gene Hill of Okra; Mr. and Mrs. Jack Hill and children of Kermit; Mr. and Mrs. A. W. Claborn and Mr. and Mrs. Ozell Claborn and Misti of Midland; Miss Kay Beasley and Mr. and Mrs. R. J. Dodson of Abilene; Mr. and Mrs. A. M. Claborn of Mullins; Miss Carolyn Graham of Trent; Mr. and Mrs. Joe Claborn of Kilgore; Mr. and Mrs. Don Anderson and children of Crosbyton; Mr. and Mrs. 'Red' Johnston and sons of Lovington, N. M.; Mr. and Mrs. Bob Claborn and children of Sundown; Mr. and Mrs. Danny Claborn and Pam and Mr. and Mrs. H. F. Claborn of Cisco; Mr. and Mrs. Carl Baker and Rita of Lubbock and Mr. and Mrs. Ray Acker and Mr. and Mrs. W. F. Acker of Cross Plains.

Mr. and Mrs. D. Breeding are making great improvements to their home on South Main Street. It will be occupied by Mr. and Mrs. Marvin Crump on Sept. 1st.

Classes Register Friday, Aug. 29

Registration of classes for the new term of Rising Star High School will take place at the high school building Friday, August 29. (Last week's Record was in error as to the date. The Junior and Senior classes will register during the morning, beginning at 10:30 a. m., and Freshman and Sophomores will register from 1:30 to 3 in the afternoon.

A meeting of the faculty of the schools will be held at the Library of the high school Friday morning prior to the registration and beginning at 9 o'clock, Supt. Sam Jones announced.

There will be no school on Monday, which is a Labor Day holiday, but a full schedule of classes will begin Tuesday morning with buses running on schedule and the lunchroom operating as usual.

Due to the fact that the school day will be longer than usual this year, with seven periods instead of six, the buses will run about 30 minutes earlier than was the case last year, Mr. Jones said.

Enrollment at the Elementary school will take place Tuesday, the first day of school. First grade students enrolling for the first time will be required to bring copies of their birth certificates, parents were advised.

The faculty of the schools for this year is:

Sam Jones, superintendent; High School — Ray Nunnally, principal and football coach; Martha J. Childress, speech and social studies; Mary A. Claborn, English; H. L. Geyer, vocational agriculture; Weldon Hill, typing and coach; Billie Nowlin, home economics; Homer Putnam, mathematics and chemistry; Peggy Tate, band and public school music; Jack White, general science and biology.

Elementary school — J. M. Crump, principal and math in 6th, 7th and 8th grades; Mrs. Madolyn Sone, first grade; Mrs. Etta Mae Tyler, second grade; Mrs. Lois Ferrell, third grade; Mrs. Betty Jo Fisher, fourth grade; Mrs. Irene Vermillion, fifth grade; Edward Watkins, sixth grade; Miss Alice Wheeler, eighth home room and English in 6th, 7th and 8th. Miss Peggy Tate, band master will have charge of 7th grade home room and music in all grades.

A budget of \$124,325 was approved for the operation of the Rising Star public schools during the next school year at a meeting of the board last week when a public hearing on the budget was held as required by law.

The new budget compares with \$127,771 spent last year.

Wildcat Gridmen Are Called For Monday At 7:30

The whistle will blow on football practices at Rising Star High School again Monday morning at 7:30 o'clock!

Members and hopefuls of the 1958 squad will meet Coaches Ray Nunnally and Weldon Hill at that time to receive equipment and instructions for the new season practice sessions. Until school opens Tuesday morning of the following week, there will be two practice periods daily — one at 7:30 a. m. and the other probably at 5:30 p. m. Some changes may be made in these hours, however.

The Cats, playing for the first time in a league of their own dimensions, will meet Blanket here Friday evening, September 5, in their first game of the season. May, which ordinarily opened with the Cats, is now in the Rising Star district and the game between these two old rivals has been moved into the lower bracket of the season schedule where the conference games have been located. Bangs, Early, Richland Springs and Woodson will furnish non-conference opposition for the Cats after the Blanket game and before they meet May in the opening of a conference series including Baird, Jim Ned and Gorman as well as the Tigers.

Mrs. G. B. Laswell of Brownwood was here Tuesday for a visit with her brother, Lee and Mark Clark, and with her sisters, Mrs. M. G. Joyce, and Mrs. Fred Roberds.

Mr. and Mrs. C. A. Adams of Star, Tex. and Mrs. Edith Smith of Rochester, Tex., were guests of Mrs. Beryl Heath during the past week.

Band Members Called For 6:30 P. M. Monday

It's Band Time Again! Members and prospective members of the Rising Star Wildcat band will meet at the High School band hall Monday at 6:30 p. m. to begin the new band year, Miss Peggy Tate, bandmaster, announced.

Peanut Crop Needs Rain To Realize Early Promise

Cloudy skies and recurring thunderheads brought hope to the peanut growers this week for August showers needed to materialize the hitherto excellent prospects for a good peanut crop. Unless rains are received the crop will be considerably shorter than its first promise, growers said.

Good winter and spring rains followed by showers in June and July gave the crop the best moisture boost that has been the case in many years, but the heavy vines have fruited only moderately. West of Rising Star the crop has suffered from lack of any rain in July and the vines are smaller than are those east, north and south.

Farmers say that rains in late August would be very beneficial since, as they point out, the peanut does most of its fruiting late in this month or early September under normal conditions.

Final rates for grower price supports on 1958 peanuts have been set at \$213.20 a ton, or about 80.8 per cent of parity. Last year's prices were 81.4 per cent of parity.

Southwestern Spanish type Peanuts, such as are grown here, will be supported at \$209.69 a ton as compared with \$224.97 for Virginia type and \$220.17 for Valencia type.

Mrs. Maude Marshall Dies In Odessa

Mrs. Maude Marshall, 64, died in an Odessa hospital Tuesday of last week following a two-week illness. Services were held Friday, August 15, at Highland Methodist Church of which she was a member, with burial in Sunset Memorial Gardens, Odessa.

Survivors include her husband, F. K. Marshall; six daughters, Mrs. W. W. Phillips of Colorado City; Mrs. A. B. Chambliss of Reno, Nev.; Mrs. Jack Nunger of Tulsa, Okla.; Mrs. H. B. Keetan of Fort Worth; Mrs. R. G. Porter of Tulsa, and Mrs. W. H. Thomas of Compton, Calif.; one son, F. E. Marshall of Odessa; a sister, Mrs. Mamie Cozart of Ackerly, Texas; one brother, Zed Erwin of Lubbock; a half sister, Mrs. Mabel Atwood of Rising Star; four half brothers, Bruce Erwin of San Antonio, Jeryl and Hulien Erwin of Rising Star, and W. R. Erwin of Sabanno; 24 grandchildren and four great-grandchildren.

Mrs. Marshall was born in Oklahoma and raised in the Sabanno and Pioneer communities. Attending the funeral from Rising Star were Mrs. Mable Atwood and children; Mr. and Mrs. Hulien Erwin, Bruce Erwin, Mr. and Mrs. W. R. Erwin, Mrs. Dan Atwood and Mrs. Flara Westerman.

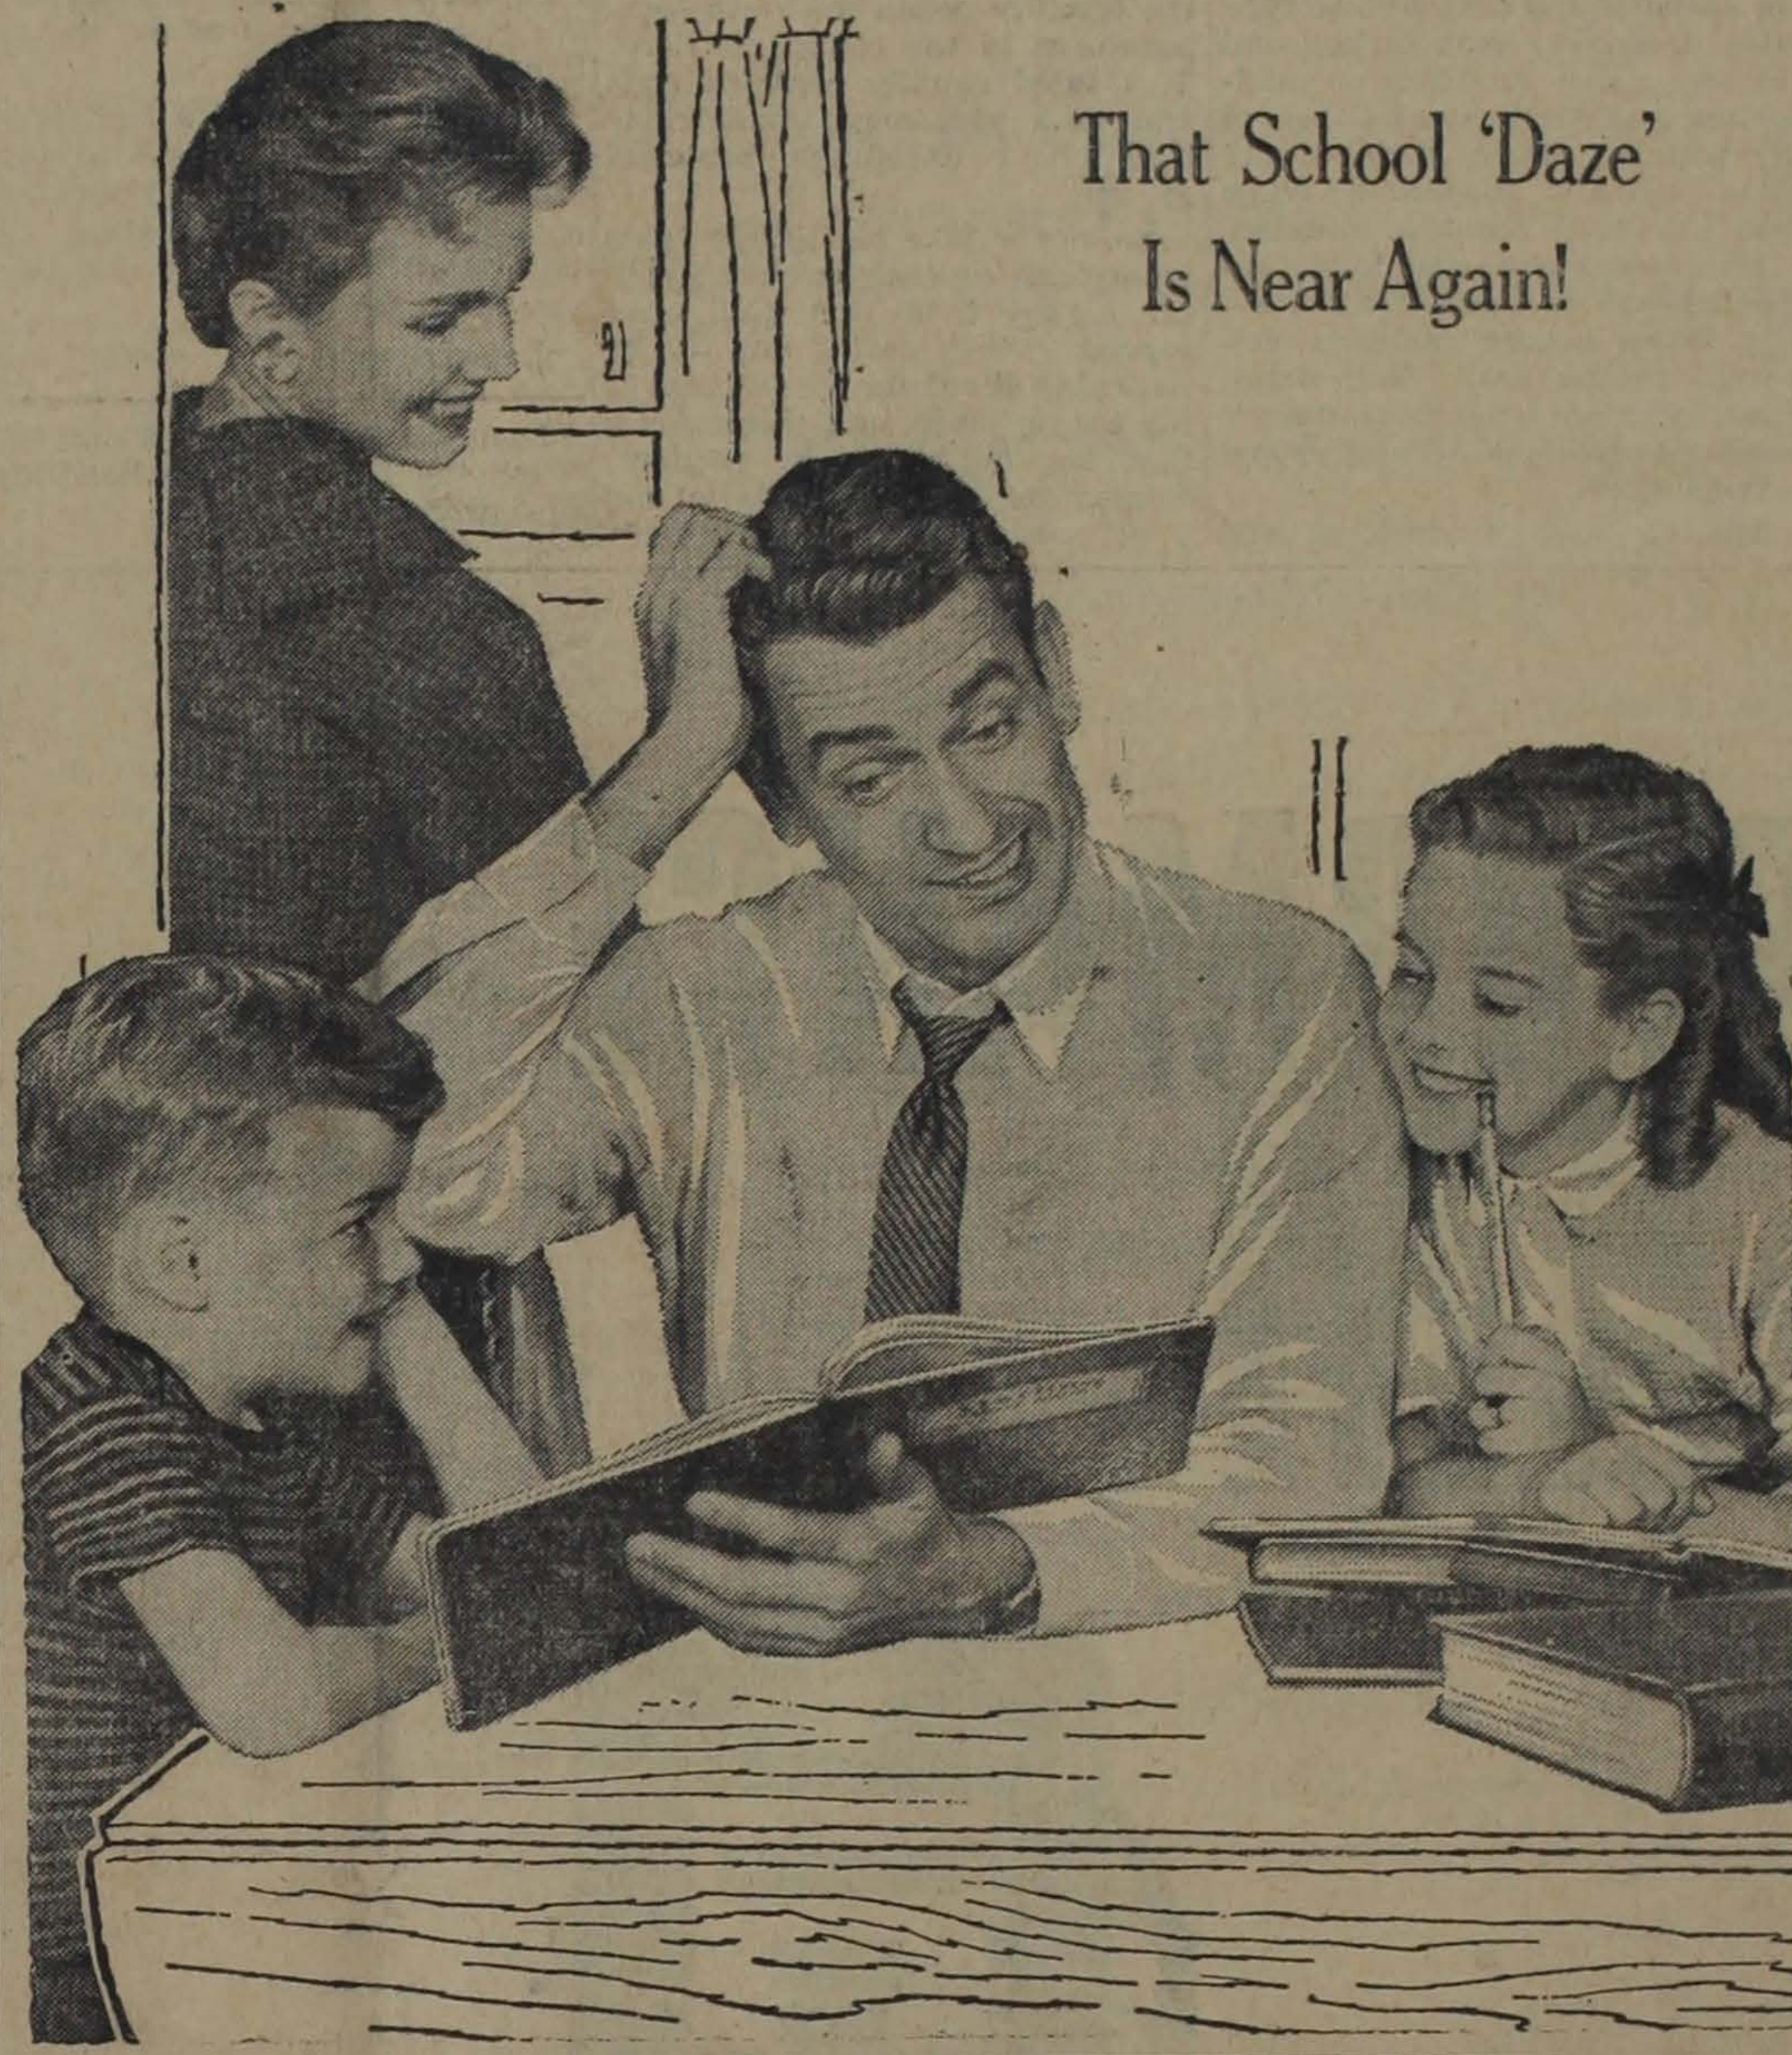

ED MCGLOTHLIN DIES IN GORMAN REST HOME

Edd McGlothlin, 80, a former resident of Rising Star and later owner of the telephone exchange at Capton, died Monday in a Gorman rest home after an illness of several months. Burial was in Rising Star cemetery after services at Carbon Methodist Church at two p. m. Wednesday.

Mr. McGlothlin is survived by his wife, the former Jo Ella Cox of Rising Star, and several children. After selling the Carbon Exchange he was active in the grocery and service business until he was stricken.

Mr. and Mrs. Douglas Eakin returned Sunday from an extended vacation in the state of Colorado where they enjoyed the comforts of cool mountain air, fishing and rest. They report a good trip.

They are now having some improvements made on their home here, on West Austin.

That School 'Daze'
Is Near Again!

Magnitude of Larry Harding's Rising Star Melons Amazes Eastland Viewers

EASTLAND — Eastland area citizens were amazed at the size of the watermelon which was on display here last week at the National Bank. The melon, the largest grown in Eastland County which was brought here, was put on display by the Chamber of Commerce.

H. J. Tanner, C-C manager, presented 14-year-old Larry Harding, Route 2, Rising Star, with a cash bonus for the melon. It weighed 87 1/2 pounds, and was won by Willie Speaker, who came within half pound of guessing its weight.

Actually, melon growing in Eastland County has been going on for some time. In fact, Larry's father, E. B. Harding, has planted melons for some 10 years.

Like all farming, there are risks you have to take in melon growing. This year, for instance, insect damage was very small, but the market wasn't what it would have been.

There were not enough truckers either. About half of the Harding's crop went unsold. They were not completely disappointed, however, for they did fairly well on the melons they did sell.

The Hardings plant both Orange Meat Tender Sweet melons and Charleston Greys. They find a market for both types.

Watermelons isn't the only crop on the Harding farm, however. Besides the 40 acres of melons planted this year, they also have 38 acres of peanuts, and 20 acres of cotton. They have fine fruit and pecan orchards on the homestead, too.

Larry, who has been active in 4-H Club work, will become a member of the Future Farmers of America this year. His dad admits he is a top hand on the farm.

Other farms in the area who grow melons include Charley Ballew, Buck Gregory and Oscar White.

Mr. and Mrs. H. E. Sprayberry visited their son, Ray Sprayberry and family in Odessa over the weekend. Roy works there for the Continental Oil Company. Mrs. Roy Sprayberry, (nee Amanda Smith) is in a Dallas Hospital, where she is being treated for leukemia.

Mr. and Mrs. J. C. Davis and son and daughter of Port Neches, Texas, were guests last week of Mrs. Davis' parents, Mr. and Mrs. J. W. Cawley, and Mr. Davis' brother, O. E. Davis and Mrs. Davis.

Mrs. Mabel Ellis is remodeling re-arranging and re-roofing her home at 209 East Pollock St. When it is completed it will be one of the best homes in the city.

Displays Site Is Changed To City Market Building

The site of the products and hobbies exhibits to be held August 29 and 30 under sponsorship of the North Star Home Demonstration Club has been changed from the former Bowers Grocery building to the City Market Building, it was announced this week.

The exhibits will be open to anyone wishing to place products, hobby items, antiques or other interesting displays in the show, Mrs. Clara Burkhead, chairman of the committee in charge, said.

The show is usually held at the club's headquarters north of Rising Star, but because there will be no Fall Fair this year the members of the club elected to move the displays into town and open them to the public for participation.

Exhibits of household arts, canning, needlework, antiques, agricultural products and whatever else might be of interest as well as indicative of the industry and artistic life of the area are invited. No prizes will be awarded nor any judging done, Mrs. Burkhead said. "We believe the displays will be interesting enough without contests," she said.

Funeral Services Held For Mrs. Watson Sunday

Funeral services for Mrs. Olive Watson, 52, who died at her home in Brownwood Friday morning, August 15, were held at the Higginbotham Funeral Chapel in Rising Star at 4 p. m. Sunday afternoon with burial following in May cemetery. Dr. Goodwin, pastor of the Central Baptist Church of Brownwood, officiated, and Higginbotham Funeral Home was in charge of burial arrangements.

Mrs. Watson is survived by her husband, Jee Lee Watson; two daughters, Edith Gustine of Rhome, Alaska, and Jess Pearl Watson of Big Spring, Texas; a brother, Howard Kinsel of Dallas, and two sisters, Mrs. Bernice Gillingham of Brownwood and Mrs. Margaret Ross of Houston.

She was born at Rusk, Texas, on October 28, 1905 and had lived in Brown County for 26 years. She was a member of the Methodist church.

SISTER DIES

Mrs. Effie Terry of San Antonio, a sister of Mrs. Bill Maynard and of J. R. McKinnerney, passed away and was buried at Richland Springs recently. Those attending the funeral from Rising Star were Mr. and Mrs. J. R. McKinnerney and their daughter, Geraldine Richter, Mr. and Mrs. Bill Maynard and other relatives.

Rush Creek Tour, Hearing September 4

A tour of the Rush Creek watershed district and a hearing on the proposed development of the watershed under the USDA soil conservation program, will be held September 4. The Record was informed this week. Place of the hearing will be determined later.

Directors of the association and representatives of interested communities, meanwhile, will hold an executive planning session at the REA building in Comanche Thursday of this week at 8 o'clock it was announced. A representative of the Rising Star Chamber of Commerce will attend.

Rising Star is in the extreme upper end of the district, which extends from this community almost to Comanche.

The hearing will be held under auspices of the State Soil Conservation board to determine the attitude of the land owners toward the proposed program, and to some extent the feasibility of the project. A great deal of work has already been done in promoting the program, which has been tentatively approved. If finally approved, it will mean the development of many water and soil conservation structures on watershed land under easements already granted by most of the owners. Portions of the cost required to be paid by the district itself will be credited to soil conservation work already done by the land owners, under a new federal law, it was explained. The Comanche County district court has agreed to sponsor the project. A tax power body must do so meet USDA requirements, it was explained.

Construction of the project would mean expenditure of several hundreds of thousands of dollars on soil and water conservation which would be recovered in greater fertility and values, it was declared.

First Williams Homecoming Held Saturday, Aug. 9

By Mrs. Horace L. Jones
The First Williams Community Homecoming was held Saturday, August 9, 1958, in the Williams Gym. Horace L. Jones, president of the Williams Community Club, presided at the meeting and introduced the speaker, Clive Pierce, former superintendent of schools at Williams, and present superintendent of schools in Taylor County, Abilene.

Mr. Pierce brought an address which was greatly enjoyed by all present as he paid great tribute to the early settlers who made the Williams community and school outstanding for years. The honor guests for the homecoming were all guests 70 years of age or over.

A program at 2 p. m. featured Ann Murdock, Soloist, Skippy Moore, pianist; C. A. Fleming, Mr. Large and J. W. Moore, song leaders. Frances Cook, daughter of Mr. and Mrs. Ben Cook, gave an excellent twirling act which was enjoyed greatly by all in the audience.

The program committee was composed of Mrs. Frank Madison, Patricia Madison, J. Weldon Moore and Mrs. Horace L. Jones, who directed the program for the meeting.

Mrs. Horace L. Jones presided at the registration. Those attending were:

Mr. and Mrs. George Williams, Mrs. Hallie Williams, Mr. Steve Williams, Mrs. Nora Arnold, Mr. Othel Arnold, Cross, Cut, Texas; Mrs. W. A. Williams, S. C. Sam Fleming, Mrs. Bud Williams, Mr. (Continued on page 5.)

WORKERS CONFERENCE

The Workers Conference of the Cisco Baptist Association met with Carbon First Baptist Church on Tuesday, August 19.

The theme was "Stewardship." Those in attendance from Rising Star were Rev. and Mrs. Ed Jackson, Mr. and Mrs. Fred Roberds and Pauline.

Mr. and Mrs. Lewis Dunn and son, Donnie of Colorado City spent the week-end here visiting her sister, Mrs. Curt Butler, and other relatives.

ABOUT YOUR HEALTH

A weekly public service feature from the Texas State Department of Health.
HENRY A. HOLLE, M.D., Commissioner

Like other living things, bacteria need food, warmth, and moisture to grow in numbers. That's why food poisoning is so much more common in warm weather — and why you need to be especially careful now about preparing food and storing it.

With proper safeguards of cleanliness and cooling, food poisoning can be avoided. Here are a few suggestions to help you make sure that the food you eat this summer will be safe to eat.

It is well known which foods are most susceptible to bacterial growth, as these are especially dangerous unless they are pro-

perly prepared, handled, and stored.

Egg and milk mixtures, including custards and mayonnaise type salad dressings, ham, turkey and chicken, either in salads or sandwiches, and potato salad — one of the popular picnic foods — are often quickly suspected, when food infections occur in summer.

Ham sandwiches used to be considered safe because of the slow, salt laden curing methods employed in the past. But, today, most hams are tenderized and are subject to spoilage without proper refrigeration.

Making ham sandwiches and

wrapping them in wax paper, then allowing them to stand at room or outdoor summer temperatures for a few hours, has caused many cases of food poisoning. Ham sandwiches are delicious, but they should be refrigerated until time to eat them.

Potato salad can be another trickster, unless all ingredients are thoroughly chilled before mixing, and the salad stored in shallow containers in the refrigerator. Deep bowls filled with the mixture retain the room temperatures in the center portions. This salad usually contains eggs and milk and mayonnaise mixture that encourage bacterial growth.

So, never take perishable foods on a picnic unless you have a way to keep them ice cold until served. When eating out — be particular about the cleanliness of the eating place, and select foods that are not risky in summer. Remember a food can taste and smell good, even though it is load-

As It Looks From Here

17th Texas District
Omar Burleson, M. C.

WASHINGTON, D. C. — It is often my feeling that the success of the Congress may be measured by some of the things it does not do, as well as some of the things it does.

Someone suggested a few days ago that the last action of the Congress before adjourning should be a bill repealing all laws passed during the last two weeks of session.

Legislation is being ground out

ed with bacteria. And always wash the hands before handling and preparing foods.

in the closing days until it is virtually impossible to give proper study to every measure.

However, the Congress has just passed a measure which is highly justified. Some may recall that in this column a few weeks ago was discussed the virtual impossibility of deporting aliens who are found to be undesirable, as long as the alien had money and could hire a lawyer to keep his case in the Courts. Many of these cases have been in Court for ten years or more, and the undesirable alien is still here.

The bill passed provides for one appeal from a deportation order direct to the United States Circuit Court of Appeals, and if the Circuit Court and the Supreme Court uphold the order, the only other action available would be to seek release on writ of habeas corpus on an issue that could not have been raised at previous hearings. This measure should prevent the legal merry-go-round by which subversives and criminals with money can bring endless court actions and stave off deportations for years.

Another partially won victory for those of us from oil producing areas is a section in the new Reciprocal Trade Act, giving the Administration mandate to substantially curb damaging oil imports.

Now that the Congress has acted, the Administration is on trial to carry out in good faith the reduction of foreign oil imports, which has been a factor in the adverse conditions now being experienced by the independent domestic oil industry.

Another prediction made in this column some months ago is, unfortunately proving true. Inflation is the most serious domestic problem confronting the nation.

The administration is girding itself for a new anti-inflation battle. Its tool will again be tighter money and an effort to cut Federal spending.

On the matter of cutting Federal expenditures, there is agreement on the need, but many doubts about the deed.

Since the Congress is adjourning and much of my time will be spent back at home, this column will be discontinued for the remainder of the year.

My thanks and appreciation to the newspapers which have been good enough to carry it, and to those who have expressed an interest in reading it.

Mr. and Mrs. Howard Barnes and two boys of Ft. Worth spent two days here last week with Mrs. Ethel Barnes.

IT'S THE LAW in Texas

A public service feature of the State Bar of Texas

STATE SOMETIMES "INHERITS" PROPERTY

Made your will? If not, the State of Texas may wind up as owner of your estate upon your death. Under our statutes, the estates of persons having no heirs who die intestate revert, or "encheat," to the State.

Such provisions have been carried over from the English common law. There, under such circumstances, the estate escheated to the British crown. The theory of the process is that the sovereign (or State), having been the original owner of all lands before they were parceled out to individuals, is entitled to a return of such lands when the possibilities of legal inheritance have been exhausted.

This idea has been expanded to include personal property as well as real estate. It also applies in the case of a person absent for a term of seven years and not known to exist who leaves no heirs and no will.

Presumably, there is hardly a person who does not have some individual or charity that he would prefer to have his estate, rather than have it go to the State by default, so to speak. Yet, surprisingly, estates worth many thousands of dollars do escheat to the various states from time to

time. Now, before you shrug the matter off with the idea that these statutory provisions could not possibly apply to you, better think a minute. Suppose you and your spouse have no heirs besides each other and your children. Many people do fall into this category.

In event of a catastrophe resulting in death for you and your entire immediate family, no legal heirs would remain. Therefore if you had no will, your property would go to the State. In preparing a will, it is possible to provide for such an eventuality.

In this hypothetical case, you would probably want to designate some friend as executor, to take care of all necessary arrangements and then distribute the estate according to your wishes.

On the other hand, if you have plenty of possible heirs, a will could be used to designate which of them shall participate in the division of the estate. And even if you wish your property to be distributed entirely in accordance with statutes of decent and distribution as explained in previous columns, a will can perform useful functions. Among other uses, a will could provide for an orderly and economical partition of your property, preventing any waste of the assets by heirs impatient for a settlement.

What happens to property which escheats to the State? Following certain required legal formalities and court proceedings, all escheated lands are set apart to

PERFORMANCE TEAM

It makes sense.

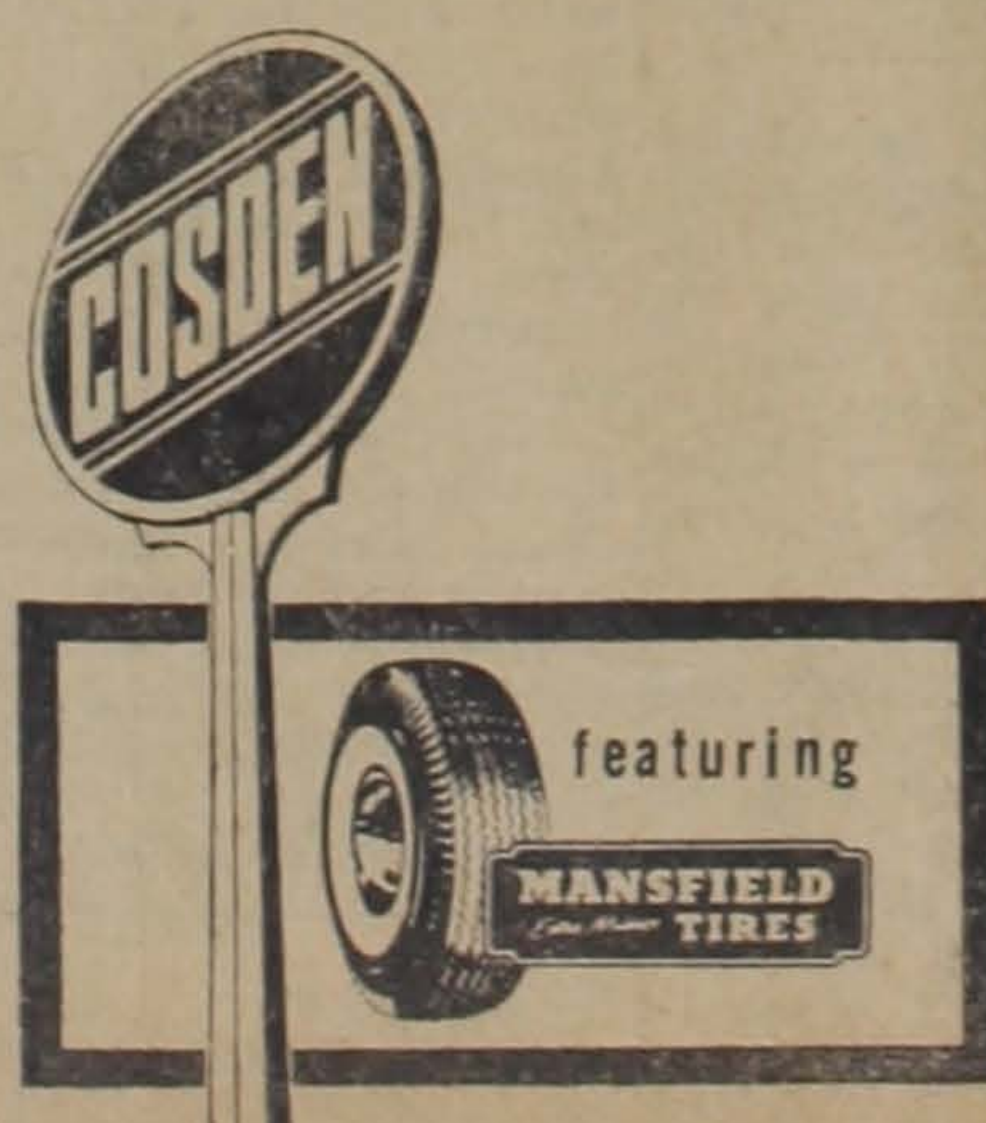

Both Cosden Premium Ethyl and Higher Octane Regular have been engineered to deliver maximum performance. This means sure starts, quicker get-away, greater mileage per gallon.

Cosden's 10 W 30 multi-viscosity motor oil — designed to work with this gasoline — reaches deep down into engines, routing out friction, smoothing the way.

Together — motor oil and motor fuel — this Cosden Performance Team will give you smooth power, passing power, sure starts and quick get-away. They're made to go together.

Result: greater performance, greater economy, greater enjoyment from your car!

HIGGINBOTHAM'S

Area Boy Scouts To Stage Annual Swimming Meet

The annual swim meet for Boy Scouts and Explorers will be staged Friday night, August 22, in Ranger at the City Pool starting at 7 o'clock. Scouts and Explorers from Ranger, Eastland, Cisco, Carbon, Gorman, Woodson and Breckenridge are expected to participate.

The public was invited. Contests include swim races in two divisions, using strokes of back, side, breast and crawl and with one comedy race. Relay races will include all four strokes.

H. A. Shockley and Arthur Defebach of Ranger will direct the contests. Dr. E. E. Addy of Cisco and Dr. T. C. Ford of Breckenridge are on the Health and Safety Committee under which this activity is conducted.

The Boy Scouts have always stressed water safety and are at this time engaged in a national safety program to cause people to be safety conscious.

Ribbon awards will be presented at the conclusion of the contests. The Scout Troop and Explorer Post having the highest percent of its registered membership present will receive special recognition.

County School Board Staff Is Announced

Rising Star High School Cheer Leaders have returned from SMU at Dallas with new ideas and some honors gained at the annual Cheer Leader school there. The girls — Jettie Duggan, Betty Jenkins, Mary Lois White, LaVena Boggs and Carolyn Hunt — spent a week at the school, learning new techniques in cheer leading, new yells and getting themselves "really pepped up" for the football season which starts here September 5.

The received honorable mention in yell-leading contests held during the course of the school.

Comanche Reunion At Lubbock Soon

The eighth annual Comanche County reunion will be held at Mackensie State Park in Lubbock on the fourth Sunday in August, it was announced this week.

A basket lunch will be served at 1 o'clock, and there will be group singing. John Scitern is president of the association.

The public was invited.

the Permanent Free School Fund of the State, and may be leased and sold by the Land Commissioner under certain regulations.

Escheated personal property is sold by the local sheriff under a court of writ and the money received therefrom paid into the State Treasury.

(This column, prepared by the State Bar of Texas, is written to inform — not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

LURE — Pretty Carole Ann Springs, one of San Antonio's famed Poster Girls, wets a line at Medina Lake, again one of Texas' top fishing spots as a result of heavy spring rains. Offering such picturesque scenery, we know fishermen will flock to beautiful Medina Lake, near San Antonio, to try their luck and be on the look-out for such a catch.

Stop - Look - Listen!

Some times it pays to STOP, LOOK and LISTEN! This is especially true when selecting a bank upon which you can safely rely as a SAFE place in which to keep your hard-earned surplus money.

Recently, on the front page of the Star-Telegram, there appeared this headline:

"KANSAS BANK SHORTAGE OVER HALF OF DEPOSITS"

Then followed an account of the closing of the State Bank of Hoyt, Kansas, and the disappearance of its cashier. The bank's deposits were not insured and "MANY PERSONS LOST THEIR LIFE SAVINGS."

This will never happen to you if you are a customer and depositor of the FIRST STATE BANK of Rising Star, regardless of the amount of money you have on deposit with it. For more than fifty years we have been on the "same old corner", through a depression and several droughts. When banks were literally closing by the hundreds during the THIRTIES our doors were never closed.

We have always strived to put safety first and good banking service next. Our loyal customers are our greatest asset.

GA Has Program For Benefit of Indians

The Girl's Auxiliary of the First Baptist WMU met at the church on Thursday Aug. 14, for a party for the Indians. The girls brought useful gifts which they will send to the Indians. Bennie Sue Morris and Daniela Darnell, planned the games and the refreshments. All of the girls joined in singing carols. Those who attended were Marcia and Janet Shults, Pamela Geye, Virginia Bishop, Becky Nowlin, Jay Morrow, Maria Geye, Bennie Sue Morris, Daniela Darnell, and the sponsors. Mrs. J. R. Morrow and Mrs. Raymond Turner.

LUNCHEON

The WSCS of the Methodist Church will serve luncheon and render a program at the basement of the church on Monday, August 25, from 11:30 to 12:30 a. m.

Office supplies at the Record

Mrs. John Roach Visits Children

Mrs. John Roach has been visiting her children and grandchildren. Her son, Jack came with his wife and three children and visited his mother here and accompanied his mother to Midland where they visited Mr. and Mrs. Milton Montgomery and two children; then they drove to Ft. Stockton where they visited Merle Roach and family.

In Alamogorda, New Mex., Mrs. Roach visited her oldest son, Lawrence and family. Mrs. Roach and her children spent some time in Cloudercroft, N. Mexico, where the weather is always cool and where the scenery is beautiful. She was accompanied home by Jack Roach and family who live in Fort Worth. They all report a wonderful vacation.

Mrs. Clara Burkhead attended the State Home Demonstration Council meeting in Austin last week.

BRIDE IN CEREMONY AUGUST NINTH

MRS. JERRY DON BROWN

Mary Ida Jackson Wed To Abilene Man August Ninth

Mary Ida Jackson, daughter of Mr. and Mrs. Lewis Jackson, 3641 Yale St., Abilene Texas, is married to Jerry Don Brown, son of Mr. and Mrs. Roy M. Brown, 1701 Lillius St. Abilene, Texas. They were married in a double ring ceremony, August 9th at First Baptist Church of Eulus, Texas, by Rev. Glen O. Hillburn. The couple will make their home in Abilene while Mr. Brown com-

pletes his schooling. Mary Ida, is a graduate of Rising Star High School, where she received high honors. She engaged in extra curricular activities as cheer leader, in basket ball, volley ball, tennis and as a member of the band. She graduated from McMurry College in Abilene where she edited the College Year Book, held membership in the Penn Club, the FFA Press Club, and TIP Social Club. Mary Ida taught at Ector High School in Odessa during the past school year. Jerry Don Brown, graduated from Abilene High School and is now a senior Physical Education major at Hardin-Simmons University.

Members of the McKinnerney family met for a family reunion at the "J. R." home recently.

It's An Old American Custom . . .

. . . for people to lose things, including their eye glasses and title papers. We later find our glasses on our noses but we seldom, if ever, find our abstracts. There is really no excuse for losing anything we have if we will be careful. Right now we are in the process of losing our Freedom, and will if we don't arouse ourselves and fight. We can make you another abstract if you lose yours, but if you lose your Freedom it's gone forever. Freedom has a high price!

When you have a gift to buy and you do not know what to select let this wellknown store help you. It is a store beautifully designed for perfect comfort with air-conditioning.

They have experienced sales personnel trained to know the proper gift for a specific occasion and thus to be of the most reassuring service to their customers. You can save you many hours of shopping and uncertainty in selecting the proper gift. Everyone is welcome and treated with an air of friendliness in the Gift Shop at Cisco.

Osborn Studios and Camera Shop

No gift is more appropriate than a portrait of yourself. No gift is more appreciated by a loved one than a lifelike presence of the one who is away—a portrait such as only Shy Osborn's studio can make. This studio, located at 508 Avenue D in Cisco, is skilled in the creation of the desired mood, pose and effect in personal portraits. They can give you an exact likeness, touched with the personality that is yours alone. They specialize in portraits of babies and weddings as well portraits of men and women that are distinctive. The Osborn touch can give a treasured effect to a portrait of your wife, fiancé husband or yourself.

You will find them courteous and accommodating, a real pleasure to do business with. They are efficient and you will be delighted not only with their work but with their reasonable prices.

You can keep those fast-growing children young forever with an Osborn photograph. Go in today or telephone HI 2-2565 for an appointment. You will be happy you did.

On your next trip to Cisco take this write-up with you. It will be worth \$2.50 if you have three 8x10 photos made. This offer is good until September 1. So drop on our next trip there.

Cisco Locker Plant, Inc.

Mr. A. Z. Myrick, President

The Cisco Locker Plant, Inc., is located at 109 W. 9th St. in Cisco. Phone HI-21377.

The nice part about having a locker is that you can serve any food you please at any season of the year you please.

You may accomplish this with a great saving of money by having a frozen food locker. Many are now renting lockers and stocking them with seasonal foods for use a month or more in ad-

Business & Professional Review

Prepared By Slater and Company

GRAVES BUTANE COMPANY

THE GRAVES BUTANE CO., located at 1300 Ave. D, in Cisco, services this entire section and they have many satisfied customers.

The company has built its reputation upon satisfying the people who patronize it. This is the real measure of success, as anyone they have served will testify.

Bottled gas has been a life-saver to many people in the rural areas. Even now when all other types of gas are available, many people still prefer to use butane and propane. This testifies to the merit and worth of the service.

Wylie Funeral Home

Time and service have honored Wylie Funeral Home located in Cisco at 402 West Fifth St. Phone HI 2-2333 for fast and de-service. Wylie ambulances are oxygen equipped, air-conditioned by refrigeration and have two-way radios for fast dispatch.

For years this reputable firm has served the people of this section. They relieve you of all worry and responsibility, and by sympathetic service bring comfort in the hours of sorrow and distress. Their service supplies the consoling thought that the final tribute to your loved one has been beautiful and fitting.

When the funeral director must be called, may we suggest that you place the Wylie Funeral Home in charge. You will find their services priced to fit your individual needs.

In this review we unhesitatingly refer our readers to this reliable firm and suggest that you call them when in need of a funeral director.

Company Shaefer's Radio and TV Service

Located at 1201 Ave. D in Cisco for all your radio and TV service and repair.

Don't risk hurting or straining your eyes by watching a television set that is out of adjustment. Let the experienced repairmen of Schaefer's Radio and TV Service put it back in top shape for you.

When your radio or Hi-Fi set stops operating don't take the chance of ruining it for good by trying to fix it yourself. A radio is a very delicate piece of mechanism. Take it to Schaefer's and nominal service. Satisfaction on be sure of expert, fast and efficient work is guaranteed by Schaefer's Radio and Television Service at 1201 Ave. D in Cisco.

In this Business and Professional Review we are happy to recommend to our readers Schaefer's Radio and Television Service. You will be glad that they repaired your set when you see how it operates after they have finished the job.

CISCO STEAM LAUNDRY

For clean laundry at low cost and prompt delivery phone Cisco HI 2-2151 or come to the Cisco Steam Laundry with plant and offices located at 103 West Ninth Street in Cisco. You women can save hours every week by sending the family's dirty clothing to Cisco Steam Laundry where they are carefully cleaned with the most modern laundry equipment, dried in fresh air for a clean, fresh smell and appearance and delivered to your

door step. Your clothes will look nicer and wear much longer when Cisco Steam Laundry cleans them. Bachelors will be assured of thoroughly clean clothes for good grooming at Cisco Steam Laundry.

Cisco Steam Laundry specializes in wet and dry wash, fluff work clothes to women's lingerie and flat work, from menserie. Clothes just cost you less, wear longer and look nicer when you send them to Cisco Steam Laundry in Cisco.

Smitty's Radio and TV Service

Repairing your radio or television set can be costly for you if your maintenance shop is not well qualified in training and in experience to do the job.

Smitty's Radio and Television Repair Service, located at 509 E. 8th Street in Cisco, has had years of proven community service. Smitty's is qualified to handle skillfully any repair job you might have. Smitty's Radio and TV Service maintains a fully equipped repair shop staffed with factory-trained technicians. In this repair shop you will find expensive, highly sensitive electrical equipment that will test and repair your radio or television set. Smitty's Radio and Television Service also carries in stock a complete line of radio and TV repair parts that will enable them to repair your set at once, avoiding those long and irritating waits for parts to arrive from the factory. Smitty's combines efficiency and skill with the proper equipment to give you the best in radio and television repair service. So there's no need to miss your favorite program when you can easily phone HI 2-2736 or go to Smitty's.

Mac's Body Shop

Employees at this firm are specialists in body and fender work as well as auto painting and upholstery. The place to have your car rebuilt is at MAC'S BODY SHOP in Cisco, Phone HI 2-2526.

At this firm are specialists in expert painting and body repair. This is one of the best known body and fender repair shops in this section because of its excellent workmanship and service. They use only high grade materials that will give long wearing service.

Their body and fenderwork equals any done in this section. They have the "know-how" that puts their work in a class by itself. Be sure to see Mac's Body Shop at 1105 Ave. D, Cisco, the next time you need any work of this type.

Brown's Chiropractic Clinic and Sanatorium

Chiropractic is the avenue to health. You, too, can be healthy and well and functional in society. This can be accomplished through the wonders of Chiropractic.

The Brown's Chiropractic Clinic and Sanatorium is located at 800 West Sixth in Cisco. The telephone is HI 2-1400.

Illness and disease in the body are effects—and every effect has a cause. Chiropractic contends that the cause of disease is due to vertebral subluxation which creates pressure on the nerves and impedes the transmission of nerve energy. For instance, a disorder of the neck vertebrae can cause an effect in the colon—which, in turn, can cause an effect in the entire circulatory system which, in turn, causes damage and disorder in the other organs of the body. Chiropractic adjustment alone will correct this entire situation. By correct adjustment of the displaced vertebra, normal functioning is restored in the colon, which causes it to eliminate properly, thus clearing up the condition in the blood and eliminating the cause of all the illness of the body.

If the human body is kept clean and the organs are kept in their proper locations and functioning properly, great wonders take place in the body every day. Regardless of what your ailment might be, call on Brown's Chiropractic Clinic and Sanatorium and let them show you the truth of Chiropractic. The results speak for themselves.

Chas. M. Cleveland Optometrist

Dr. Charles M. Cleveland is located at 602 Ave. E in Cisco. His phone is HI 2-1166.

Dr. Cleveland is one of the most capable and popular optometrists in this section. He gives competent service of every type offered by his profession.

Your eyes are one of your most precious possessions and you want to guard them. You can be sure when you take your vision problems to Dr. Cleveland that you will receive careful, efficient attention, a thorough examination and an honest, skilled analysis. If you don't need glasses he will tell you so and if you do you will get just the right lenses in frames of the most attractive styling. He is able to fill any prescription or duplicate any lens.

Glasses must be properly fitted to be useful to the wearer. The best lens are useless unless they fit comfortably. Dr. Cleveland has many hundreds of grateful patients in this section to testify to the great concern he has in each patient's problem and the pains he takes to give complete satisfaction in every case. In this review of the prominent professional men of this area we are glad indeed to recommend Dr.

At this time when a new term of school is just starting may we suggest that you take the children to Dr. Cleveland for a thorough eye examination. It may be the best thing you could do to help them in their studies.

The Boss Manufacturing

In a review of the business interests of the Cisco community, there is no concern more worthy a unit of a national manufacturing concern, the originator and of mention than this one. It is the biggest maker of canvas work gloves and other work gloves in the nation. The big Cisco plant serving the Southwest and the West Coast with Boss products is the thirteenth of the Boss family. It is located in North Cisco on the Breckenridge highway.

The Trade Name "BOSS" is recognized throughout the trade as standing for the best in quality and workmanship. Boss gloves are sold all over the nation and in numerous foreign countries. They are in demand wherever work gloves are used in the western world.

In making this review of the businesses of Cisco we are proud to point to the Boss Manufacturing plant as an outstanding example of the successful industrialization of this area, and the advantages that it offers to other manufacturers seeking new locations.

Dallas Man To Be Speaker For Farm Bureau Barbecue

Melvin T. Munn, Dallas, director of public relations, Blue Cross-Blue Shield of Texas, will be the featured speaker at the annual barbecue and picnic sponsored by the Eastland County Farm Bureau on August 25, at the city park in Eastland.

At present Mr. Munn is director of public relations, Blue Cross-Blue Shield of Texas, with headquarters in Dallas, Texas. He is a native Texan, and received his education in Texas schools. He is married and the father of two children — Michael Melvin Munn, 8, and Kay Munn, 5 years old.

For two years Mr. Munn was director of religious education, First Methodist Church in Longview, and since moving to Dallas has been active as a teacher in the White Rock Methodist Church. He has been connected with many social and civic activities besides an outstanding member of Kiwanis International. At present he is chairman of the speakers Bureau, Dallas Community Chest, and a member of the Youth's Service Committee, Dallas Council of social Agencies. Farm Bureau members who have been privileged to hear Mr. Munn in past years will be pleased to know that he is to be this year's barbecue speaker. The chance to hear Mr. Munn will be well worth time and price of a barbecue ticket to every Farm Bureau member as well as the public in general who are urged to join the farm group in a good old-fashioned barbecue and the fellowship afterward.

Just prior to the barbecue, the Farm Bureau Queen elimination contests will be held and the winner will be announced at the barbecue. All contestants will meet at 5 o'clock at the Farm Bureau office to dress. The judges will be on hand at 6 o'clock to judge the young ladies and the presentation of the contestants will be at the Band Shell at the park at 6:30 p. m. The winner will be eligible to compete with winners from twelve other counties in District 7 for the district title.

The local Farm Bureau will present the Queen a gift and each contestant will also receive a gift. John Love, president of the Eastland County Farm Bureau will place the crown on the winner of the county title.

LOCAL ITEMS

Guests in the home of Mr. and Mrs. Oral Davis on Sunday, August 17th, were: Mr. and Mrs. K. H. Rowland, and Mr. and Mrs. John Grant. Mr. Rowland is superintendent of schools at De Leon and Mr. Grant is one of the teachers. Oral Davis taught in De Leon High School last year.

Mrs. Billy Phillips of St. Joe has been visiting her mother, Mrs. Olice B. Jones and family. She will be accompanied by her husband who is coming for her this week. Mrs. Olice Jones and her daughter visited relatives in Bangs during the past week.

Mrs. Ethel Barnes leaves Sunday to visit her daughter, Nell, for two weeks, in Dallas.

Mr. and Mrs. Bobby Zellars and two children of Big Spring and Mr. and Mrs. Harold Walker of Odessa, with their two children visited Mr. and Mrs. Arthur White during the weekend.

Mr. and Mrs. H. E. Murdock who were accompanied by her sister and husband, Mr. and Mrs.

How To Forget You're Dieting

No one would ever guess you're dieting when you can enjoy a dessert as delightful as this one. Even you'll forget, when you dip your spoon into one of these creamy rich Chocolate Pot Creams. For these petite puddings are the kind of ambrosial dessert that dieters—and non-dieters—dream about.

Richly flavored with chocolate, velvety smooth and deliciously sweet, these pots de creme count up to only 83 calories for each serving. That's because you sweeten the puddings with the non-caloric sweetener, Sucaryl, rather than with sugar. You cut calories almost in half (actually a saving of 64 unnecessary calories per serving) and you just can't taste the difference. For sweet proof, try this good recipe:

Pots De Crème Au Chocolat
(Chocolate Pot Creams)

- 2 cups skim milk
- 3 egg yolks, beaten lightly
- 2 teaspoons Sucaryl solution
- 1 ounce bitter chocolate, grated

Scald milk; blend in yolks and Sucaryl; add grated chocolate and stir until well blended. Pour into small earthenware pots or custard cups, and bake in a pan of hot water in a slow oven (325°F.) for 20 minutes, or until knife inserted near center comes out clean. Serve chilled.

Makes 6 servings. Each serving contains 83 calories; 4.5 grams protein; 5 grams fat; 5.5 grams carbohydrate. If made with sugar, each serving would contain 147 calories.

- November 14 — Open Date.

Bob Smith, of Cisco, have returned from an extended trip to Post Falls, Idaho, where they visited their parents, Mr. and Mrs. J. S. Runkle, and three sisters of Mrs. Murdock. They traveled by train and report a wonderful visit with their people.

Mr. and Mrs. J. W. Kornegay of Tulsa, Oklahoma, were here Sunday to be with his parents, Mr. and Mrs. W. H. Kornegay and family. J. W. Kornegay is education director in one of the Baptist Churches in Tulsa.

Mr. and Mrs. Billy H. Dennard and Gary are now enrolled in the First Baptist Church and Sunday School. The Dennards are the new owners of the Palace Drug Store.

Mr. and Mrs. L. C. Hounsel of

Ft. Worth and their two children are spending the weekend here with her parents, Dr. and Mrs. W. S. Carter.

Miss Willie Brawner of Ft. Worth was here this weekend to celebrate her mother's birthday. Mrs. G. P. Brawner, her mother, will celebrate her 87th birthday on Wednesday, August 20th, at the Brawner home here.

Mr. and Mrs. Jim Bolding from Mansfield are here for a visit with her mother and sisters, Mrs. Mollie Hill, Miss Hollie Hill and Mrs. Aubrey Goss, and other relatives.

Mr. and Mrs. Frank Perkins, former residents of Rising Star, who now live at Lockney, Texas, were visitors here this week.

They also visited Mr. and Mrs. D. J. Jobe in Brownwood.

Mr. and Mrs. Miller Ray Henry of Ozona and their two children spent a few days here this week with his parents, Mr. and Mrs. Lee Henry, and with his brothers, Glenn and other relatives.

Mr. and Mrs. Larry Hodge and little daughter, Becky Lynn, of Lovington, New Mexico, are spending some time here with her parents, Mr. and Mrs. W. B. Smith and other relatives.

Mrs. Bernice Marable spent the weekend here with her aunts, Mrs. Elizabeth Williams, Mrs. Jim Angel, Mrs. Bess Bowers and other relatives. Mrs. Marable is a teacher of long standing. She and her husband were teachers in Rising Star schools for several years. She now lives at Hope, New Mexico, and teaches in Artesia, New Mexico, public schools.

M. D. Gibson of the City Drug Store went to Fort Worth Sunday to visit his son, Jack, and family. Jack is being transferred by his company, the Texas and Pacific Oil Co., from Fort Worth to Lafayette, La.

Mrs. Bob Shults underwent major surgery at Harris Hospital in Fort Worth Tuesday, August 12. She is doing well.

Mr. and Mrs. Ed Witt and Mr. and Mrs. A. H. Franken-

berg and son of Abilene have just returned from a two-weeks vacation, fishing and cruising on the Colorado River, and enjoying delectable rainbow trout. They also visited parts of New Mexico, Arizona, Nevada and California by automobile.

Mr. and Mrs. C. A. Claborn have returned from a vacation trip to Atlanta, Ga., where they visited a sister of Mr. Claborn, Mrs. Sammie Graves, and family.

Mrs. Irma Stacy of Odessa was a guest of Mrs. Barney Cargile week before last. They have been friends since the Stacys made their home here a few years ago.

Mr. and Mrs. Barney Cargile, Jr., and children from Opelousas, La., visited their parents, Mr. and Mrs. Barney Cargile Sr. recently.

Mr. and Mrs. Gene Dill of Champagne, Illinois, where Mrs. Dill is attending school, are expected here by their parents, Mr. and Mrs. Russell Dill for a vacation with them.

Mr. and Mrs. Jack Jackson returned from Denison where they visited Mr. Jackson's mother, Mrs. M. M. Pierce, for a week.

Guests of Mrs. Beatrice Hellums last weekend were Mr. and Mrs. Scott Hellums and his mother, Mrs. Mattie Hellums, of

Mary Perkins Bride At Vista, California

Mr. and Mrs. D. J. Perkins of San Angelo have announced the marriage of their daughter, Pfc. Mary E. Perkins to Cpl. Gale L. Norman, son of Mrs. Kenneth Allen of Salt Lake City, Utah.

The couple exchanged vows in Vista, California on August 6. Both are in the U. S. Marine Corps at Camp Pendleton, Calif. They will make their home in Oceanside near Camp Pendleton.

Granddaughter To Wed Kentucky Man

A granddaughter of Mr. and Mrs. C. R. Martin of Rising Star — Miss Patricia Jo Martin, daughter of Mr. and Mrs. Joe J. Martin of Amarillo — will be married to Travis Herman Boles of Louisville, Ky., on August 30.

The engagement was announced at a reception and tea during which 150 guests were registered at the home of the bride-elect's parents at Amarillo.

Hobbs, N. M., and Mrs. S. T. Hilliard of Comanche. Mrs. Mattie Hellums and Mrs. Hilliard are sisters-in-law of Mrs. Beatrice.

Mr. and Mrs. Timmie Johnson have returned from a six weeks vacation spent visiting relatives and friends in California.

Mr. and Mrs. Woodie Hall and son of Fort Worth were visitors here Monday.

The Kizer Telephone Co.

Wishes to express its thanks to the people of Rising Star and Cross Plains for their votes of confidence and cooperation which make it possible to give this area a telephone service years in advance of the times.

It is now possible for the company to go ahead with the EXTENDED AREA SERVICE PLAN which will combine the Rising Star and Cross Plains areas in One-Dialing District and thereby double the service to each customer without toll costs.

We feel that the actions of the Rising Star and Cross Plains Councils in approving the small increase in rates necessary to finance the Extended Service are votes for the progress of our Twin Communities, because a first class, dependable Communication Service is vital to the growth and living values of any community.

You may be sure that it the purpose of the Kizer Telephone Company to merit the confidence expressed and to provide you, our friends and patrons, with the best telephone service to be found anywhere.

When the present program of the Kizer Company is completed, you, as a subscriber, will be connected with more than THIRTEEN HUNDRED telephones TOLL FREE!

HALF A MILLION DOLLARS to make possible this service for you!
We are glad you have given us the opportunity to do so.

Sincerely,

E. O. and Ralph Kizer.

CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT THE GENERAL ELECTION ON NOVEMBER 4, 1958.

HJR #30—Number Three on the Ballot.

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 4, 1958.

HOUSE JOINT RESOLUTION NO. 30 PROPOSING AN AMENDMENT TO THE CONSTITUTION OF TEXAS TO REQUIRE THAT VACANCIES IN THE OFFICE OF COUNTY JUDGE AND JUSTICES OF THE PEACE BE FILLED BY THE COMMISSIONERS COURT ONLY UNTIL THE NEXT GENERAL ELECTION.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Section 23 of Article 5 of the Constitution of the State of Texas is hereby amended so as hereafter to read as follows:

"Section 23. Vacancies in Offices of Judges of Superior Courts To Be Filled By The Governor.

"Vacancies in the office of Judges of the Supreme Court, the Court of Criminal Appeals, the Court of Civil Appeals and the District Courts shall be filled by the Governor until the next succeeding General Election; and vacancies in the office of County Judges and Justices of the Peace shall be filled by the Commissioners Court until the next succeeding General Election."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1958, at which election all ballots shall have printed thereon:

"FOR the Constitutional Amendment providing that vacancies in the office of County Judge and Justices of the Peace shall be filled by the Commissioners Court only until the next General Election."

"AGAINST the Constitutional Amendment providing that vacancies in the office of County Judge and Justices of the Peace shall be filled by the Commissioners Court only until the next General Election."

If it appears from the returns of said election that a majority of the votes have been cast in favor of said amendment, same shall become a part of the Constitution of the State of Texas.

Sec. 3. The Governor of Texas shall issue the necessary proclamation for the election herein provided for and shall cause this proposed amendment to be published in the manner required by law and shall cause said election to be held as required by the Constitution and laws of this State.

Market Hogs At Correct Weight For Top Prices

College Station, August — Hog producers can help the marketing situation by going to town with their animals when they reach the top weight of 200 to 225 pounds. E. M. Regenbrecht, extension swine husbandman, advises hog feeders against marketing overweight animals. No practice, he says, has a worse record for weakening the market.

If hogs are fed beyond the top weight of 200 to 225 pounds, more than two-thirds of the additional gain will be fat. Too, points out the specialist, more feed will be required to make each pound of gain to say nothing about market penalties for the extra fat.

The problem of dealing with overfinished hogs doesn't end at the market. The packer must trim and merchandise the fat which is already a burdensome surplus. Too, many times the retailer must do more trimming on the cut to make it acceptable to the consumer.

By marketing hogs at the correct weight, Regenbrecht says the overall marketing situation will be improved which includes the maintenance of top prices.

To take the guess work out of knowing when hogs reach the top weight, the specialist suggests that hog feeders install a set of scales. They are needed for determining accurate weights and they will more than pay for themselves by making available to the feeder valuable information on gain weights and feed efficiency and will permit the grower to check litter and weaning weights.

Mrs. P. B. Bishop of Goliad is visiting her son, J. W. Bishop, and family.

Union Center Club Party On August 26

The Union Center Hobby Club met June 12 for an all day quilting session. Nine members and three visitors were present. A covered dish dinner was enjoyed at noon. The club was happy to welcome Mrs. Cargile, Mrs. Jenkins and Miss Jo Anna Allen as dinner guests.

After the quilt was finished, Mrs. Scott painted some scarfs, Mrs. Martin worked on her crochet and Mrs. Crowell worked on a Bible cover she is making of leather.

Plans for the next meeting, August 26th include a quilt and some craft work. The evening of August 26 is the regular monthly community party. Mrs. Carl Dunn and Mrs. M. M. Sheffield will be hostesses for the occasion.

Members present for the quilting were Mmes. Wright, Reed, Gage, Knox, Allen, Crowell, Martin, Scott and McBeth. — Mrs. G. G. Crowell — Reporter.

Mr. and Mrs. S. L. Swindell accompanied by Ray and Joe Swindell and their families of Santa Anna and by Mr. and Mrs. Kenneth Childers of Abilene went to Uvalde Sunday to visit Mrs. Windell's mother, Mrs. Nettie Eaton, who is ill. During their visit they stopped over at Garner State Park.

Mr. and Mrs. Joe Fox spent last week vacationing at Buchanan Lake and at Victoria, Texas, where they visited their son and family. Cotton harvesting is under way at Victoria they reported and crops look good. Lots of rain.

Mr. and Mrs. Joe Trussell of 2005 12th Street, Brownwood, were visitors in Rising Star First Baptist Church Sunday. The Trussells are wonderful singers and pianists and have rendered service in some of our largest Churches in Texas.

Explorer Scouts To Attend Arrow Meet At Dallas

Twenty-eight Explorers and two Scouters from the eight-county Comanche Trail Council will be leaving August 20 by air conditioned chartered bus to attend the national Order of the Arrow conference at the University of Kansas, Lawrence, Kansas. They will travel 2400 miles through parts of five states and return August 30. Oren Sumpter and Dabney Kennedy of Brownwood will be the leaders for the trip.

The group are members of the Otena Lodge of the Order of the Arrow. Allan Pritchard is Lodge Chief. The Order of the Arrow is an honor camping society with-

in the Boy Scouts of America, dedicated to promoting Scout camping and emphasizing the ideals and principles of Scout-hood. The Order was originated in 1915 and since has spread to all of the 48 states, plus Hawaii, Alaska, Puerto Rico, Germany, Japan, Panama, and Mexico. There are 110,000 members at the present time in over 500 active lodges. These lodges can be found virtually in every major community in the country.

Everything is in readiness at the university for the influx of some 2,500 young men who will reside there during the four-day conference, August 25 through 28. Delegations have already signed in from each of the 48 states, and at latest report four boys from Juneau, Alaska, are making the long trip to represent their local lodge.

The keynote speaker is Explorer Richard Lee Chappell, twenty-year-old member of the scientific team from the Anartic stations of the International Geophysical Year. An Order of the Arrow member himself, Chappell is recognized as one of the outstanding young men in the Boy Scouts of America.

Other activities will include an Indian pageant, massive barbecue, largest safety show on earth, a camping training fair, group training sessions, like-interest groups, and presentation of induction ceremonies. The conference will close at noon Thursday, August 28, with a closing challenge given by Dr. E. Urner Goodman, of Bondville, Vermont, founder of the Order of the Arrow. Dr. Goodman has devoted his lifetime to the welfare and training of American boys and men, and he will challenge the delegates to return to their own

communities dedicated to promoting Scout camping and the high ideals of Scout-hood.

Sgt. Reed To Be Transferred To Athens

M/Sgt and Mrs. Earl Reed and daughter, Carlene, spent last week visiting in the home of Mr. Reed's mother, Mrs. T. A. Reed, in Rising Star. They also visited his brother, W. G. Reed and family and his sister, Mrs. C. T. Barton, and Mr. Barton.

Sgt. Reed has been stationed for the past two years at Barksdale Air Force Base, Louisiana.

After a visit with his twin sister, Mrs. R. M. Woods, at Baytown, Texas, Sgt. Reed will report to the Port of Embarkation at New York for transfer to Athens, Greece, where he will begin 30 months of overseas duty prior to retirement. He now has 18 years

of active duty and during World War II served in the European theater. During the Korean War he was stationed at Okinawa.

Sgt. Reed also has a son, A/3c William Ocie Reed, who is stationed at Shaw Air Force Base, S. C.

Leslie Martin and daughter, Sanda Kay, of Marfa were guests last week of his parents, Mr. and Mrs. C. R. Martin.

A PICTURE OF PROGRESS

U.S. PASSENGER AUTOMOBILES AVERAGE 9,360 MILES A YEAR, AND CONSUME 645 GALLONS OF GASOLINE. IF YOU EQUAL THAT AVERAGE THIS YEAR, YOU'LL PAY ABOUT \$56.76 IN DIRECT TAXES ON GASOLINE ALONE!

GASOLINE IS A COMMODITY THAT ALL OF US DEPEND ON... YET THE TAXES ON EVERY GALLON ARE FOUR TIMES AS HIGH AS THE FEDERAL TEN PER CENT ON "LUXURIES".

FOR EVERY DOLLAR PAID FOR FUEL AN ADDITIONAL 40 CENTS GOES TO THE FEDERAL AND STATE GOVERNMENTS —

REMEMBER: THE REAL PRICE OF GASOLINE... EXCLUSIVE OF TAXES... STILL REPRESENTS ONE OF THE BEST BARGAINS ON YOUR FAMILY BUDGET.
