

The Rising Star Record

Serving the Most Prosperous Sections of Eastland, Brown and Comanche Counties

STANDARD Ptg. Co.,
230-236 First Street
LOUISVILLE, KENTUCKY

ESTABLISHED IN 1890

RISING STAR, EASTLAND COUNTY TEXAS JULY 14, 1960

VOLUME 70, NUMBER 30

Practical, realistic instruction is a basic part of courses at the Office of Civil and Defense Mobilization's Staff College in Battle Creek, Mich. This scene shows how students learn to meet typical CD problems given them while they simulate emergency duties which government officials must be trained to perform under attack. Below, a class learns from a 3-dimensional city map how evacuation would be carried out if and when ordered.

Parking Ban Temporary Measure To Insure Safety During Highway Construction

Roper Ties Calf In 11.4 Seconds In Rodeo Here

Terry Hodges turned in one of the fastest times ever recorded in calf roping at the local rodeo arena last Friday night when he won the jack pot night cap event with a time of 11.4 seconds.

Mike Sims took second with 13 seconds and Tommy Bacon and Horace Gibbs tied with 13.2 for third place.

The regular calf roping events, produced almost as good time when Peyton Whitaker roped and tied his calf in 11.8 seconds to win top money. He was closely followed by Logan Adams and Sonny Phillips with 12.9 seconds, a tie for second.

In the bronc riding event Harold Byrd took first and Jerry Harris second.

Sonny Mack Gibbs did a fast job of roping and tying his goat in the goat roping event, registering a time of 18.1 seconds, Gerald Harris was second with 20.7 seconds.

In the bull riding Richard Hash and Sam Odeom took first and second respectively.

The girls and boys amateur barrel races produced a tie for first with Frazier Clark and Billy Allen each making the circuit in 20.3 seconds. Linda Koonce was third with 21.8 seconds.

In the girls open races Judy Moore took first in 18.7 seconds, Lois Merc second in 19.3 seconds and Judy Deatheridge and Sue Alvin tied for third with 19.5 seconds.

The rodeo this week will be held on Saturday evening instead of Friday, the change having been made to allow the Rising Star Roping Club to attend the Coleman Rodeo and ride in the parade and grand entry.

Farm Bureau Queen Contest Rules and Awards for August

The following contest rules and awards apply in the Farm Bureau Queen Contest to be held August 5, 1960 at the Eastland High School auditorium:

I. The purpose of this contest is to give recognition to the Farm and Ranch girls of Texas. The basic principles of the contest are as follows:

1. This is an honest-to-goodness Queen Contest. The girls are to be judged on grace, poise, charm, vivaciousness, and all the other qualities that go to make up winsome Texas future homemakers. There are three main points on which they will be judged: namely, (1) appearance, (2) poise, (3) personality.

2. This contest is to give our beautiful farm and ranch girls recognition.

3. There is nothing personal in the project. It is anticipated that through the institution of this contest that more farm and ranch girls, and other young people may become better acquainted with the principles of the Farm Bureau organization.

4. Question outline will be presented to the masters of ceremonies in the county and district contests. The same questions will also be used in the state contest.

5. Each contestant will be required to speak approximately one minute on some subject pertaining to Farm Bureau.

6. This project offers a contest that is glamorous, attractive, gains attention, and is worthy of sponsorship by county Farm Bureaus.

II. Eligibility

1. Daughter or sister of a Farm Bureau member actively engaged in agricultural production. Membership should be in county of participation.

2. Single

3. Age 16-22 (sixteen by September 1, 1960 and not over 22, Sept. 1, 1961).

4. County must have 25 Farm Bureau members.

5. To enter district elimination, county must have a queen contest with at least two participants.

6. Exceptions—daughters of state directors, all employees, county presidents and secretaries.

To Insure Safety During Highway Construction

Restriction of parking on the north side of West College Street in the block just west of the signal light is a temporary safety measure, Mayor Walter Smith said last week. The City Council placed a ban on parking along that side of the block in order to prevent congestion and guard against accidents during the heavy hauling of gravel and other materials incident to the construction of Highway 36 west of Rising Star to Pioneer.

Gravel trucks are hauling heavy loads of aggregate and gravel from a pit south of town to the highway under reconstruction, at the rate of one truck about three or five minutes during the day. With this traffic added to the already heavy traffic on the highway, serious congestion can occur, particularly if parking narrows the lanes of travel through the area, the mayor said.

Intervals of the signal light at the intersection have been lengthened from 25 seconds to 40 seconds to give traffic more time to clear, he said.

The city council urged that citizens keep this in mind when suffering any inconvenience and to cooperate in the interest of safety.

One of the more serious problems faced by the city and traffic authorities is the failure of pedestrians to observe the light "stop" and "go" signals. Elderly people, in particular, place themselves in serious danger of being killed or maimed by failing to observe the signals. The council pointed out that truck traffic is extremely heavy and that the big trucks are hard to stop sometimes, and urged that people walking across the intersection do so with extreme care and only when the light is green and the "go" signal is on. Above all things, watch the traffic carefully, said the council.

A special policeman will be on duty at the intersection to oversee traffic during day hours, the Council said. He is prepared to assist pedestrians when required.

Regulations on Hunting to Be Set Up by Comm'n

AUSTIN.—Setting up hunting regulations in counties under regulatory authority will occupy most of the time of the members of the Game and Fish Commission in their mid-summer quarterly meeting here July 15.

Biologists of the Commission will meet in Austin three days in advance, tabulating recommendations following public hearings held in nearly 100 Texas counties during the past two weeks.

Generally, hunting and fishing regulations in those counties will be changed very little, according to Howard Dodgen, executive secretary.

"Biologists are recommending amending the regulations in a number of counties which will make the killing of spike bucks legal," Dodgen said. "Antlerless deer will include the killing of spike bucks as well as doe under the proposal. However, this will be just a recommendation of the field men and the actual administration must be done by the Commission."

Another important question will be liberalizing the dove season because of the increased number of birds apparent this year, he said.

It is possible hunters may get another 10 days of hunting in each zone, or an increase in the daily bag limit.

At a conference in Washington recently it was indicated there is a heavy crop of doves in practically every State. As a result, it was felt the law governing the killing of this migratory bird could be liberalized to permit extension of the season or increase in the daily bag or possession limit.

It also is expected the white-winged dove season will be set for three days in mid-September. Whether the hunt will be held on consecutive days or alternate days is still under discussion. Shooting would be permitted from 2 p.m. until sunset in the valley counties.

For the past three years shooting has been on alternate days, with a bag limit of 10 doves, either of mourners or whitewings, or a combination of both.

The Commission also must set next year's annual operating budget. The budget committee has been busy on the details of next year's operation for several weeks and the report will be ready for submission at the next meeting.

Authority probably will be given by the Commission for setting up the waterfowl season within an agreed bracket date. This will be subject to recommendations of the Fish and Wildlife Service on the basis of waterfowl

104 Degrees Are Recorded By City Gauge Tuesday

Rising Star sweltered in mid-July heat this week in common with the rest of the country, with temperatures rising to 104 Tuesday, according to the city records. A mild norther blowing in early Wednesday promised to give some relief from the extreme heat.

However, there was little prospect of rain, so badly needed by pastures and grain crops. According to the city gauge, with the year half gone this section has received less than half of normal precipitation. There has been no moisture in July. During June 1.39 inches were recorded, bringing to 18.22 inches the year's total.

Pentecostal Revival Begins July 17th

Rev. T. D. Simmons, pastor of the Pentecostal church on Highway 36, has announced a revival at their church to begin Sunday, July 17 at 7:45 p.m.

The evangelist will be William E. Lamb, age 16, of Waco, Texas. The public is invited to attend the services.

Mr. and Mrs. Elbert Jackson of Carbon spent Sunday with Mr. and Mrs. Everette Harris.

Mr. and Mrs. J. T. Harris, Mr. and Mrs. Everette Harris, Mr. and Mrs. Preston Stewart, Mr. and Mrs. Calvin Stewart and Mr. Calvin, Jr., of Belmont, N. C., dined in the home of Mr. and Mrs. J. T. Harris Wednesday.

SWPG Assn to Meet July 29th At Stephenville

The annual meeting of the Southwestern Peanut Growers Ass'n will be held in Stephenville at the Tarleton State College agriculture auditorium on July 29, 1960.

The program will begin with a membership meeting at 10 o'clock.

Cong. W. R. Poage, chairman of the U. S. House agriculture committee, will be the principal speaker at the general session beginning at 11 a.m.

During this session John Duncan, president of the Georgia Farm Bureau, will explain the objectives and purposes of growers contributing to research and promotion through self-assessment programs.

There will be brief announcements relating to recent industry developments.

At noon the Southwestern Peanut Growers Assn will be host at a luncheon in the Stephenville City Park.

The following is the program for the afternoon:

1 p.m.—For growers (City Park)—Demonstration by officials of Federal-State Inspection Service of peanut grading equipment to be used for first time in official grading in 1960.

1 p.m.—For peanut buyers, county agricultural agents, ASC personnel and others interested in operation of the voluntary self-assessment program (Agriculture Auditorium). Instruction by officials of SWPGA and Farm organizations in the mechanics of collecting the growers contributions at marketing time for furthering research and promotion with respect to Southwest spanish peanuts.

Fishing Tackle Taken In Burglary Near Here

Constable Blake Forehand and Brown County Sheriff Ray Masters went to Graham Sunday to recover several hundred dollars worth of fishing tackle taken from the home of Oran Crownover, three miles south of town, during a burglary last week. Besides the tackle a .22-caliber automatic rifle was missing from the home.

WATKINS REUNION

Friends have been renewing acquaintance with Woody Hall who came from Fort Worth to do some repair work on the Bernard Watkins farm north of town. Over the week-end of July 4 children of the Watkins family met for a short reunion.

Those present were Mr. and Mrs. A. G. Foyt, Austin; their son, George, of Boston, Mass.; Mr. and Mrs. T. J. Fowler and Dolores, Dallas; Mr. and Mrs. Woody Hall, Fort Worth, and son, James, from Lubbock. Due to illness, M. L. Watkins and family of El Paso, were unable to be present.

Mrs. Beulah Kay Hicks Buried at Ranger

Funeral services for Mrs. Beulah Kay Hicks, formerly of Rising Star, who died in a Glen Rose hospital Monday, were held at First Baptist Church, Glen Rose, Wednesday, with burial at Ranger, her former home.

Mrs. Hicks and her husband owned and published the Rising Star Record in 1952 and 1953. Prior to that they published the De Leon Free Press.

Stolen Car, Minus Tire, Radio Recovered

A 1960 Oldsmobile sedan, belonging to Floyd Joyce and stolen from near their home here Wednesday night or Thursday morning, was recovered by Con. Blake Forehand on the road about four miles southwest of Rising Star. A spare tire and the radio were missing, but the car was otherwise undamaged. The wheel had been jacked up in what apparently was an effort to remove other tires, but Constable Forehand surmised that the thieves had been frightened away before they could strip the car further.

Aunt Kate Jones is now a patient in the rest home at May. She was accompanied by her niece, Mrs. Mark Clark, and Mr. Clark.

Mr. and Mrs. G. R. Pate of Carthage spent the week end with Mr. and Mrs. J. W. Maples.

Band rehearsals will start August 22 at 7:30 p.m., Mr. Gonzales said.

Miss Emily Brown on Extended Visit To Holy Land, Middle East and Europe

Miss Emily Brown, daughter of Mr. and Mrs. Perry Brown of Rising Star, sailed from New York on June 30 for Naples, Italy, where she arrived on July 9. After spending the week-end there, the Wheaton College party, with whom she is travelling, will leave for Alexandria, Egypt.

They will travel part of the way by camel. They will visit the Pyramids and the Sphinx, thence to Lebanon. From the heart of the Amorite country, ancient temples will be visited.

After spending a night in Damascus, Syria, the party will travel to Arabian Jerusalem, the old Biblical Jerusalem, the they will remain about ten days.

Among the places scheduled to be visited are the Mount of Olives, Garden of Gethsemane, Solomon's Temple, Pilate's Judgment Hall, Jacob's Well, Bethlehem, the Judean Wilderness, and the Dead Sea, including a swim in the salty water. In the city of Jerusalem they will also visit an American school and the Rockefeller Museum.

From Jerusalem they will go to Jordan, Tel Aviv, Haifa, Athens and Rome. Then for another two weeks Miss Brown will continue an extension to France, England and Southern Germany and view the cities of Paris, London, Nuremberg, Frankfurt, and other cities.

Mr. and Mrs. Roy Stambaugh and Mr. and Mrs. Robert Butler were in town for a fall in Cisco.

Band Members to Be Measured for New Uniforms

Because of changes in the uniforms and the company supplying them, it is very important that all senior band members be present at the band hall between 1 p.m. and 8 p.m., July 15, to be remeasured for the new band suits, Band Director Lloyd Gonzales has announced.

Those who are not measured or will not be able to be measured on this date, were asked to contact the band director as soon as possible.

"I cannot take the measurements," said Mr. Gonzales. "The uniform company specifically requested that they do the measuring for correct uniform fitness."

"If the student cannot be present, he or she should pick somebody in the senior band with similar fitness in waist, length of pants, size of hat and coat."

"The longer it takes to get the measurements, the more time the company will require to make delivery. I cannot stress too much the importance of being measured. We would like to get the uniforms for the beginning of the school year. Please notify all band members who live near you."

Band rehearsals will start August 22 at 7:30 p.m., Mr. Gonzales said.

Good Dairy Herd Records Mean Higher Profits

COLLEGE STATION.—Profits are higher for the dairyman enrolled in a dairy herd improvement association. Because, says Joel M. Hillin, agent in farm management for the Texas Agricultural Extension Service, he knows his cows by their production records.

Each month records from DHIA herds emphasize this fact. Nationally, Hillin says the USDA records show that DHIA cows make a profit of \$78 per year compared with a profit of only \$28 per cow in non-testing herds.

Why this big difference? Hillin says records enable the DHIA member to cull low producing cows, to feed each cow according to her production and to select the best breeding stock for raising herd replacements.

Hillin points out that Texas dairymen have available two widely accepted systems of record keeping; namely, DHIA and owner-sampler. The DHIA program is designed to furnish not only production records but also records which can be used in dairy cattle sales and for proving bulls. A DHIA supervisor calculates these records at a small cost to the member.

Under the owner-sampler program, the dairyman weighs and samples the milk from each cow in the herd one day each month. The local DHIA supervisor tests the samples for butterfat and keeps production records on each cow. These records, according to Hillin, are as valuable to the dairyman for making on-the-farm management decisions as are DHIA records and are more economical.

Hillin emphasizes that there is a record program for every dairyman regardless of herd size and that dairy profits can be increased the record way. He suggests to dairymen, not now enrolled in a record keeping program, that the local

agent should be contacted for special information.

Mr. and Mrs. Billie Phillips are visiting her mother and brothers, Mrs. Olice B. Jones and Monty and Mearlyn Jones. They will enter North Texas State College for the second term of the year.

IT'S THE LAW IN TEXAS

Administrator Says Six New Laws Are Important to Vets and Families

Sumner G. Whittier, Administrator of Veterans Affairs, has called the attention of veterans and their dependents to the following six laws enacted recently by Congress and approved by President Eisenhower:

1. P. L. 86-490 provides that if a veteran submits proof of dependents within 60 days of notice that the evaluation of his service-connected disability is increased to 50 percent or more, the additional compensation for the dependents will be paid for the dependents from the date of evaluation instead of the date proof was received by the VA, as the previous law required.

2. P. L. 86-491 makes uniform the marriage requirements for widows entitled to death benefits under either death compensation or dependency and indemnity compensation. For death compensation it extends from 10 to 15 years the time limit within which the widow must have married a veteran who later died from a service-connected disability. This law does not affect a widow who qualifies because she was married to the veteran for five or more years or where a child

was born of the marriage.

3. P. L. 86-492 allows a widow eligible to receive dependency and indemnity compensation, which is based on the rank of the deceased veteran at the time he was separated from service, to have the benefit of a higher rank than that at time of separation from the service provided he held it for six months at least and was holding it within 120 days of the date of his separation or death.

4. P. L. 86-494 provides that survivors of certain Navy enlisted men, who died as a result of aviation accidents between Oct. 8, 1940, and Aug. 3, 1942, while training to become aviation cadets may apply for \$10,000 gratuitous National Service Life Insurance less the amount of Government insurance in force. Payment will be made to survivors but not to estates.

5. P. L. 86-495 prohibits payment of benefits other than insurance to any child on account of the death of more than one parent in the same parental line following the date of the law (June 8, 1960). The prior law would allow a combination of payments from a parent's

and a step-parent's death in some cases.

P. L. 86-497 authorizes waiver of premium payment to be granted, upon application, to a totally disabled in line of duty while making application for insurance and prior to the date their insurance became effective. The waiver of premiums renders the insurance non-participating while the waiver is in effect.

Ranger Man Is President of Peanut Shellers

RANGER.—T. C. Wylie, vice president and general manager of the Ranger Peanut Company, was re-elected president of the Southwestern Peanut Shellers Association in Galveston recently at the conclusion of the 17th Annual Convention of the organization.

Wylie was elected president of the organization in 1959 at the Mineral Wells convention and will serve another term or until June 1961.

The convention site will be moved to San Antonio in 1961. Approximately 225 persons attended the week long convention at the Galvez Hotel.

Wylie has been with the Ranger Peanut Company, holding his present title, since 1944 when the company was granted a charter.

The plant was built during the war years in 1942-43 when material of all kinds was scarce and a priority was needed to secure practically every item. Much of the installation of Ranger Peanut Company has been replaced since that time by up to date machinery.

The company buys in excess of 3,000 tons of peanuts each fall, then shells and sells to users throughout the United States. In past years many shipments of peanuts have been made outside the United States. The company employs over 30 employees during the shelling season.

The Ranger Peanut Company seed has become well known in the peanut producing area of the United States.

Donald Ray Crisp, who is now stationed at Abilene and working at Paducah, visited his grandparents, Mr. and Mrs. T. C. Crisp, over the week-end.

"If National Farm Safety Week doesn't git here soon there ain't gonna be none of us left to celebrate it!"

Farm Chemicals Under Public Law Control

COLLEGE STATION.—Effective March 5, 1960, defoliant and dessicants came under the regulations of Public Law 518. The basis for the control program on farm chemicals is to prevent undue risk from residues of the chemicals in the raw agricultural product.

Certain of these chemicals, however, have been granted an extension by the Food and Drug Administration, explains Fred Elliott, extension cotton work specialist. This extension is good until March 5, 1961, he says.

Any defoliant or dessicant used will eventually have tolerances or an exemption from tolerances designated for its safe use or will be registered on a nonresidue basis. Until

official Federal regulations are issued governing the use of a specific defoliant or dessicant, it should not be used, Elliott warns.

In a recently published Texas Agricultural Extension Service leaflet, Elliott lists the chemicals that have been granted this extension, and gives a guide for their use. This leaflet may be obtained from the local county agent or from the Agricultural Information Office, College Station, Texas. Ask for L-145.

ATTEND REUNION

Mrs. Helen Donham and her three children, Don, Mike, and Sharon, attended the Reed reunion at Lake Cisco on Sunday, July 10. The reunion is held an-

Mr. and Mrs. Robert Butler and family and Mrs. John Roach attended the wedding of Bernie Roach and Barbara Lyn Henry in Fort Worth Saturday, July 2.

Free Brochure on 1960 State Fair Now Available

DALLAS.—An illustrated brochure which provides advance information on the 1960 State Fair of Texas, Oct. 8-23, is now available free on request.

The brochure is in the form of a small newspaper titled "Jubilee!" The Fair this year will celebrate its 75th anniversary with a giant Diamond Jubilee Exposition.

"Jubilee!" contains a tentative Calendar of Events for the 1960 State Fair, and incorporates detailed information on entertainment attractions, exhibits, livestock and horse shows, women's department activities, and special shows, features and events. It also provides ticket information on those attractions for which an admission price is charged.

In addition, the brochure lists the complete football schedule for the Cotton Bowl stadium for this season, including some 31 college, professional and high school grid games to be played during the period from Aug. 5 to Jan. 2, 1961.

"Jubilee!" also features a picture layout of quaint old-time photographs made at the Fair back in the early days, taken from the historical picture collection of the Fair.

Copies of the "Jubilee!" brochure can be obtained by sending a post card with name and address to Publicity Dept., State Fair of Texas, P. O. Box 7755, Dallas 26, Texas.

Accounting for almost one out of every nine automobiles in the United States, California tops all other states in gasoline consumption.

Attend Smith and Alford Families Reunion July 3

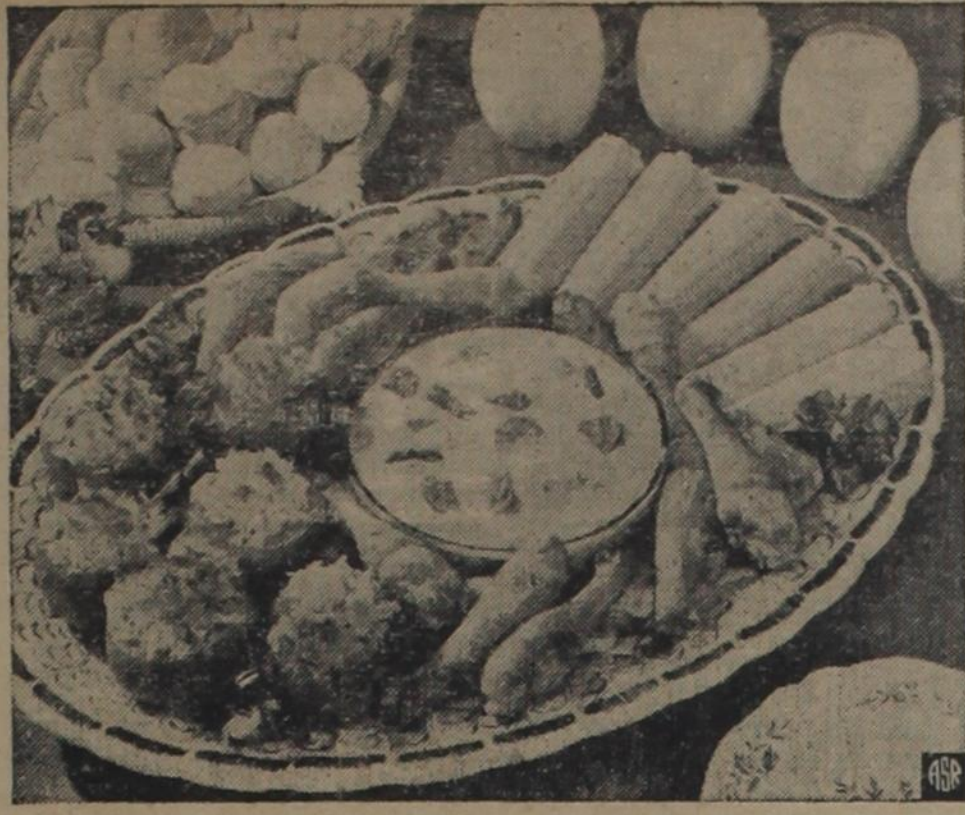

Attending the reunion of the Smith and Alford families at the American Legion Hall here on July 3, were:

Mr. and Mrs. V. D. Armstrong and grandson of Mesquite; Mr. and Mrs. J. Lee Smith, Suzanne and Debbie, Andrews; Mr. and Mrs. Roger Smith, Judy, Sue and Gary, Lubbock; Royce G. Smith of Dallas; Lorene Brown Fort Worth; Mr. and Mrs. S. K. McBride, Barbara, S. K. and Johnny, Midland; Mr. and Mrs. Sherwood Miller, Cynthia and Linda, of Houston; Mr. and Mrs. Ervin Hull of Rising Star; Jean Hughes, Albuquerque, N. M.; Pearl Bailey, Fort Worth; Mrs. Homer Smith, Amity; Mrs. Ray Smith, San Angelo; Mr. and Mrs. Leon Hull, Stanton; Edna Davidson, Stanton; Lillia Franklin, Odessa; Mrs. Viola Tyler, Cross Plains; Ethel and Jane Roark, Cleveland, Texas; Mr. and Mrs. J. W. Joyce, Fort Worth; Mr. and Mrs. Bill Jake Joyce, Ann and Gene, Coleman; Mr. and Mrs. Raymond Gray and Frank Gray, Rising Star; Mack Gibson, Rising Star; Gene Gray, Albany; Mr. and Mrs. H. R. Thomas and Dick and Linda Gray of Odessa; Mr. and Mrs. Charles L. Moore, Patsy, Janice and Charles of San Antonio; Mr. and Mrs. John Casoli and Johnny of Ingleside, Texas; Ben Frank Alford III, Ft. Belvoir, Va.; Frank Alford, Ingleside; Carl Alford, Rising Star; Mr. and Mrs. Edgar Phil- len, Dallas; Mr. and Mrs. Ed- ward Watkins and Julie, Rising Star, and Mr. and Mrs. Doss F. Miller of Iowa Park.

Increased mechanization marked the Texas cotton harvest in 1959-60. Machine stripping and picking accounted for 44 percent of the State's upland harvest last year . . . up from the 35 percent for a year earlier.

Having Trouble With Your Livestock? I Would Be Glad to Help
A. D. HARRELL
May, Texas

Chicken And Creamy Mushroom Gravy

Now is the time to blend the bounty of summer vegetables and tender young chickens into a memorable menu which is perfect for outdoor dining. On a warm platter, arrange fresh corn-on-the-ear, red-ripe tomatoes topped with buttered crumbs and sauteed chicken. Make plenty of creamy mushroom gravy with nonfat dry milk and place a bowl of this in the center of the platter. Carry it to the coolest part of the patio or your favorite outdoor eating spot. If you add a basket of quickly baked refrigerated biscuits and mugs of cold nonfat dry milk, you have set the stage for memorable alfresco dining.

Sauteed Chicken with Creamy Mushroom Gravy (Makes 6 to 8 servings)

2 (2 1/4 pound) frying chickens, Pepper cut in serving pieces
Salt
3 tablespoons finely chopped onion
Sprinkle each piece of chicken with salt and pepper. Melt butter in large skillet. Saute onion in butter until tender but not browned. Brown the chicken in butter-onion mixture. Cover tightly and cook until tender about 25 minutes. Remove chicken from pan; keep warm in oven.

Creamy Mushroom Chicken Gravy (Makes 2 cups gravy)

3 tablespoon butter
1 tablespoon finely chopped onion
1 cup sliced mushrooms
OR
2 (3-ounce) cans sliced mushrooms
2 tablespoons flour
2 chicken bouillon cubes
1 1/2 cups hot water
1 cup Super Starlac nonfat dry milk (dry form)
3/4 teaspoon Worcestershire sauce
1/4 teaspoon kitchen bouquet
1/4 teaspoon pepper
2 tablespoons sherry, optional
Melt butter in medium-size skillet; saute onion for one minute. Add mushrooms; saute until brown. Stir in flour. Dissolve bouillon cubes in hot water. Blend in nonfat dry milk and seasonings. Slowly stir into mushroom mixture. Add sherry, if desired. Heat thoroughly. Place hot gravy in center of platter. Surround with chicken, corn-on-the-ear and broiled tomato halves.

4-H Representative Reports to North Star Club

The North Star Home Demonstration Club held its regular meeting on Tuesday, June 21 with the president, Mrs. Carl Irby, presiding. The club's motto, pledge and prayer were repeated in unison. The devotional and council report were given by Mrs. Putman, who is council delegate. Charlene Vermillion, the 4-H club representative, reported on her club's work. She designs her dresses which she makes. During the social hour refreshments of cold drinks and cookies were served to Mmes. Carl Irby, Ethel Clark, Homer Putman and her two children, Jess Perry, Beyrl Heath, Nora Harris, Dora Eberhart, Tee Hardin, Will Ware, Ella Wells, members, and Mrs. Ethel Parker, Mrs. John Vermillion and Charlene Vermillion, visitors.

First Success Is Important in Making Fisherman

AUSTIN.—A child's future as a fisherman depends a great deal on the success of his or her first few fishing trips. At least, this is the theory of A. C. Becker, Jr., in his article, "Let's Go Crabbing," in the July issue of Texas Game and Fish magazine. "A couple of water-hauls," writes Becker, "and junior will suspect that those fish dad used to bring home came out of a fish market."

The author then explains why crabbing is the perfect way to introduce youngsters to fishing. "Tackle requirements are simple and inexpensive, there's little know-how involved, and you can find crabs just about any place there's salt water. Even if a child has ten thumbs, he can catch crabs—something edible that he himself caught and can be taken home for mom to admire."

A piece of string, a dip net, some meat scraps and salt water are all that is required. "In no time at all," writes the author, outdoor editor of the Galveston Daily News, "junior will manage all by himself, feeling like a man. His interest will be thoroughly whetted for the outdoors, and before long he'll be graduating to more skillful phases of fishing."

Other articles in the magazine include a piece on the Golden Eagle; something on the importance of lake aquatic vegetation control; a glance at the Texas alligator situation; an introduction to the Aluminant, a new underwater vehicle; a short but interesting story of the scissor-tailed flycatcher; and the history of a fish hatchery bass and her family.

Mrs. Beyrl Heath and Mrs. Maude Forrider visited relatives in Richland Springs recently. Hostess was Mrs. Homer Putman.—Ella Wells, Reporter.

The application of paint and other protective coatings on wood serves several important functions. Paint increases the service life of wood, just as the paint finish does on a car. A house represents a large investment. Regular paint maintenance will protect this investment. Painting also improves the appearance of a house by giving it a new "life".

Although paint is seldom thought of for its insulating properties, light colored paints contribute much to the comfort of home owners in hot weather. They reflect the sun's heat rays away from the woodwork making the house cooler.

Proper application and adherence to paint manufacturers' instructions are necessary for satisfactory paint performance. Recommended coverage, and priming and thinning instructions are generally stated on the paint can. Paint applied in too thick a film has a tendency to crack. If applied too thin, it will not provide sufficient protection. The optimum thickness in applying an oil base house paint is about .005 inches, preferably applied in three coats, consisting of one prime coat and two finish coats.

Mrs. Ray Smith visited here with her sisters, Mrs. Love Shults and Mrs. Harry Frye. She was accompanied by them to Fort Worth where she visited her son, James Smith, and wife. She will later return to her home in San Angelo, where her daughter, Elizabeth Worley and two children live with her.

Olan Cox of Johnson City, a cousin of Mrs. Mark Clark, was here for a visit with Mr. and Mrs. Mark Clark on Saturday, July 2.

Allens Enjoy visit Old Home Town

Mr. and Mrs. Luther T. Allen and son, Robert, and family have just returned from a very enjoyable trip to Mr. Allen's old home town of Emmett, Ark. Mr. Allen was born there and lived there until he was sixteen when he moved to Texas with his folks.

Since Mr. Allen had not been back in 51 years, it was fun visiting and reminiscing with old friends and relatives of his boyhood days.

Other places visited were Hot Springs, Ark. and Shreveport, La.

On their return they stopped in New London, Texas, to visit another son, Clyde and family.

Mr. and Mrs. Allen celebrated their Golden Wedding anniversary last year.

Olan Cooper of Chico, Calif., is here for a visit with his brother, Ober Cooper, and family.

HIGGINBOTHAM'S

take a fun trip!

this weekend... why not load

up the car and take the family for a weekend of fun at the lake or your favorite stream? It's not far by car. There's boating, or skiing, or fishing or maybe you'd enjoy the peace and quiet of getting away. A trip by car is the inexpensive way to treat the whole family to a world of fun in the out of doors.

Before you leave, let your friendly Cosden dealer get your car "travel ready". He will give it bumper to bumper service and fill it with Cosden Premium Ethyl or Higher Octane Regular gasoline. For best mileage economy it's a better brand to GO BUY! You'll like the way Cosden performs. It's refined and 'travel tested' especially for Southwest driving conditions. Best wishes for a world of fun this weekend!

COSDEN

HIGHEST QUALITY GASOLINE AND MOTOR OIL

Your Travel Host for the Southwest

ABOUT YOUR HEALTH

This September, 262,420 children are expected to enter the public schools of Texas for the first time according to estimates of the Texas Education Agency.

Estimates are based on births six years ago, immigration estimates and projected birth-to-death ratios.

Nearly all public school districts in Texas require proof of age in the form of a birth certificate or a suitable certified copy stating that they are six years old on or before September 1.

During July and August, because of the increased demand for birth certificate copies, the Division of Vital Statistics of the Texas State Department of Health is one of the busiest places in Texas.

At the peak periods more than a thousand requests for certified copies must be processed daily.

After the request is received with the correct information and fee properly accounted, a card is prepared which serves as a record of the transaction and an aid in locating the original record.

A special searching crew—extra personnel are needed during

peak periods—locates the original birth certificate from information furnished on the record card.

Unless there is a complication such as incorrect information, searching takes a short while by using an index especially designed for school searches.

The original certificate is photostated, officially signed and sealed, and mailed to the person requesting the copy.

A record is kept of the transaction for accounting purposes with appropriate listings.

Parents who have a child entering the first grade this year should check with the superintendent of school regarding local regulations.

A certified copy of birth may be obtained from a local registrar, county clerk, or the Division of Vital Statistics of the Texas State Department of Health, 410 East 5th Street, Austin, Texas.

Enclose one dollar with the child's name, date and place of birth, and the parents' names. (A weekly feature from Public Health Education Division, Texas State Department of Health.)

Judges to Select Top Conservation District Named

COLLEGE STATION.—Judges who will select the three top conservation districts in the state have been named by the 1959-60 year Tire & Rubber Company, sponsor of a national soil conservation awards program.

John Jack Barton, extension agent and water conservation specialist.

W. L. Hollans Hill, chairman, Upper East Fork SCD supervisors, Delo, has been named chairman of this year's judging committee.

A. T. Vandiver, Dalworth SCD, Burleson, and T. N. Winn, Neches-Sabine SCD, Tyler, were named as the other two members of the committee.

Vandiver and Winn are repeaters from last year's judging committee.

For purposes of the national contest, Texas is divided into three competing areas with six individuals being named for top honors. Most other states comprise a single competing unit.

Winners will be named in July or August, Barton said.

Mrs. Elsie Cozart, Mrs. J. E. Notgrass, Mrs. Etta Hill and Mrs. Boles visited Wednesday morning in Cisco with Mrs. Emma Vanzant who is ill.

Mrs. Vernie Allen is visiting in Athens with her daughter, Mrs. James Callerman.

Wheat Marketing Referendum to Be Held at Eastland

All growers who will harvest more than 15 acres of wheat as grain in 1961, are eligible to vote in the wheat marketing referendum to be held on July 21 at the County ASC office in Eastland. Both husband and wife are eligible to vote.

The polls will open at 8 a.m. and close at 6 p.m.

Emmett Powell, County ASC Office Manager, said that the following conditions will apply:

At least two-thirds of the votes must be for marketing quota for the law to be in effect.

If quotas are in effect, the producer who harvests within his allotment will be eligible to receive the set level of support price for his crop.

If quotas are not in effect producers who harvest within their allotment will be guaranteed 50% of parity.

Acreage allotments will remain in effect regardless of the Marketing Quota Referendum.

If Marketing Quotas are not in effect there will be no penalty on excess wheat.

"I GIVE YOU TEXAS"

By Boyce House

It was a drizzling, gloomy day and a windshield, smudged with mud whenever another car passed, made driving a task. As I pulled into a service station, the thought arose: Here is a man who is sheltered from the weather and safe from the hazards of the highway. The proprietor, as he filled the gas tank, asked, "Do you drive around over the State a good deal in your work?"

"Yes," I replied.

He continued, "I just stay here by the road and watch others go by. You have a job that is real living."

You Texas." And it's not as simple even as that. You can't use just any stories; they have to have a purpose, an idea to emphasize and they must be fitted into a pattern; so, with the planning, the selection of material, going through it to get it in hand and the physical and mental effort of actual delivery—besides the worry as to whether the remarks will flop—this all adds up to a serious undertaking, even if it is a humorous speech.

Waco has a "midget market." Sappy Sam says, "I didn't think Waco would have enough midgets to support a market."

A sign on a little store in Austin, "Yep, we're open."

People who don't make speeches think that it is a simple matter for an experienced speaker to make one.

How mistaken this idea is! In the space of 11 months, this chronicler has made eight addresses in the Lower Rio Grande Valley. On an average, I use 20 jokes in a speech — that's about one per minute. For fear that someone at one of the meetings will be present at a later one, eight completely different speeches were made. This required about 160 stories and that is about equal, in words, to turning the 4-H workshop June one-third of the book, "I Give You Texas."

Nimrod HD Club Ladies Have Family Night

The Nimrod Home Demonstration Club ladies held their annual family supper Thursday June 30. Group singing and games were enjoyed by all and a 4-H home demonstration was given by Rodney Harrelson and Carl Stroebel, Jr. The 4-H girls modeled the dresses they made during the 4-H workshop June 20 to 25.

Mr. and Mrs. Bevington Reed and son, Joel, of Alpine, visited last week end with Mrs. Reed's mother, Mrs. J. E. Notgrass.

Tatum *Buddy* STAPLERS

Homemakers, hobbyists, students—every member of the family will want one... in his favorite color... to fasten, fix or tack... easily and quickly. Staples correspondence, recipes, closes school lunches, bulky packages, tucks up shelf paper, family bulletins... and does scores of other jobs at home and at work. Lightweight, regged. No plastic parts. Adds a gay note to desk or kitchen. Uses standard size staples.

A FRIGIDAIRE Electric WATER HEATER

IS ASSURANCE OF QUALITY

Your Assurance of Quality—The Frigidaire One-Year Warranty and Nine-Year Protection Plan is your assurance of quality. Whichever model you buy—Imperial or DeLuxe—It's protected against tank failure for 10 years. The entire Water Heater, including electrical controls, is covered by the One-Year Warranty. And under the Protection Plan, the tank is fully warranted for an additional four years after expiration of the first-year warranty, with a liberal allowance granted if replacement of the tank is necessary in the sixth through tenth year.

West Texas Utilities Company

Make playtime paytime too— with U.S. Savings Bonds

Here's how to make your "two weeks with pay" pay even better.

Make sure you have some U. S. Series E Savings Bonds at home working for you while you relax.

Interest earning Savings Bonds never take a day off. No matter where you go or what you do, they stay on the job earning money for you.

And now Savings Bonds are better than ever! Every Series E Savings Bond purchased since February 1, 1957, pays 3-1/4% interest when held to maturity. It pays higher interest, too, in the earlier years, and matures in only 8 years and 11 months.

Now, more than ever, it's wise to save with U. S. Series E Savings Bonds. Buy them regularly where you bank or through the Payroll Savings Plan where you work.

The U. S. Government does not pay for this advertisement. The Treasury Department thanks, for their patriotic donation, the Advertising Council and

Doris Sue McCollum and Dr. David Braungardt to Be Wed Here July 30

Mr. and Mrs. E. B. McCollum are announcing the engagement and approaching marriage of their daughter, Doris Sue, to Dr. C. David Braungardt, the son of Rev. and Mrs. A. A. Braungardt of Shawnee, Okla. The bride-elect received her B. S. degree from Texas Christian University and is also a graduate of the Harris College of nursing, Fort Worth. She is at present employed as a nurse in the Houston City Schools. She is a member of Alpha Gamma Delta.

Dr. Braungardt received his B. S. degree from Texas Christian University and a Doctor of Medicine degree from Baylor University Medical College. At present he is resident physician

Attend Wedding of Bernie Jack Roach

Mrs. John Roach, accompanied by Mr. and Mrs. Robert Butler, attended the wedding of Mrs. Roach's grandson, Bernie Jack Roach, to Miss Barbara Henry in First Christian Church at Fort Worth on Saturday, July 2 at 6 p.m.

A reception in the church followed the ceremony, and many pictures were made of the happy couple.

Bernie Jack Roach, son of Mr. and Mrs. Jack Roach, was born and reared in Rising Star and attended school here.

Mr. and Mrs. W. P. Crisp of Lancaster visited his brother, T. C. Crisp, and Mrs. Crisp over the week-end. They drove to Cisco Saturday evening to visit Mr. and Mrs. Clinton Crisp who are in the hospital there after having been injured in a car accident Saturday.

"Centers of Good Will" Is WMS Topic

"Center of Good Will", was the topic of study for the WMS of the First Baptist Church on Monday, July 6, at the church. Seventeen members attended the meeting.

The program was planned and directed by Mrs. Dennis Clark. Prayers were led by Mrs. R. Turner and Mrs. Will Ware. Special music was rendered by Miss Pauline Roberts.

Topics were discussed by Mesdames R. Turner, Julia Ross, J. W. Murphy, Ella Wells, H. K. Neely and Earl Marsh. Prayer of dismissal was led by Mrs. Perry Brown.

Husband in Eunice Visit Daughter and

Mrs. O. L. Burns and Peggy have returned from Eunice, N. M., where they spent a week with Mrs. Burns' daughter and husband, Mr. and Mrs. Bob Lucas, and made the acquaintance of their new son, who was born June 30, in Andrews' Hospital. The baby was named Bobby Guy Lucas. The family has a six-year-old daughter.

Mrs. Burns also visited with Mr. and Mrs. Gaylon Swift while away.

GUESTS OF HARREISS

Visitors in the home of Mr. and Mrs. Charles Harrell this week were: Mr. and Mrs. Edwin Ware and two children of Midland; Mr. and Mrs. Bill Byers and Ricky of Hereford; Mr. and Mrs. Dale Dixon of Amarillo; Charles Harrell, Jr., his daughter, Brenda, and Claudette Reese all from Los Angeles, Calif.; and Della Walker of Cisco.

13 Members Answer Roll Call of North Star Club

Thirteen members answered roll call at the North Star HD Club's July 5 meeting and four visitors were welcomed. The devotional was given by Mrs. Lee Burkhead who also read a timely article on "The Freedom of Our Land."

Mrs. Lee White led the group in singing the national anthem. After the business session, the meeting was turned over to Mrs. Sandra Shelton, the County Home Demonstration Agent, who presented a film on altering ready-to-wear to fit one's figure. Mrs. Florence Pringle demonstrated rug making.

Three new members were introduced—Mrs. Pringle, Mrs. Lee White and Mrs. Bryan Milner.

A refreshment plate of sandwiches, cake squares and iced tea was served to Mmes. Shelton, Nora Harris, Will Ware, Lee White, Ella Wells, Alex Conner, Jesse Perry, Beyrl Heath, Mrs. Heath's cousin, Mrs. Maude Forrider of Denver, Colo., Mrs. John Roach and Sara Lynn Butler, Mmes. Carl Irby, Florence Pringle, Tee Hardin, Susie Coursey and Bryan Milner and the hostesses, Mrs. Burkhead and Mrs. J. T. Alford. — Ella Wells, Reporter.

ATTEND FAMILY REUNION IN COLORADO

Mrs. E. E. (Jiggs) Rutledge and son, Jackie, have returned from a week's stay in Colorado where they attended the Johnson-Thompson family reunion. They stayed at the Wits End Dude Ranch near Bayfield, Colo., picnicked in the pine woods near Vallecito Lake and fished in Pine River.

Forty four attended the reunion including many relatives of Mrs. Rutledge from California, Louisiana, New Mexico and other places.

ATTEND GA CAMP AT LUEDERS

Attending the Girls Auxiliary Camp at Lueders July 11 to 14 were: Pam Geye, Robbie Richburg, Marcelene Roberts, Caroline Brown, Becky Nowlin, Virginia Bishop, Trudi Wolf, Sherry Lewis, Roxy, Shirley, and Linda Smith. Sponsors were Mrs. H. L. Geye, Mrs. J. R. Morrow, Mrs. James Wolf, Mrs. Rowena Chambers and Mrs. Oliver Smith.

SSgt. and Mrs. Don Thompson and children of Greenville, Miss., have returned home after a few days visit in the home of Mr. and Mrs. Jiggs Rutledge.

Bible Study and Business Occupancy Circle Meetings

The WMS of the First Baptist Church met Monday, July 11, for Bible study and business meeting.

Mrs. Raymond Turner presided. Mrs. Lee Clark led the hymns with Mrs. Ella Wells accompanying.

The lesson on "Ye Shall Be Witnesses," was led by Mrs. Mel Marsh.

Tentative plans for the meeting were made.

The nominating committee composed of Mesdames Olice Jones, Love Shults and Lee Clark reported. The officers will be voted upon at the regular business meeting. The WMS will meet in circle meetings of Monday, July 18th.

Ramsour circle will meet with Mrs. E. M. Roberts.

Owens circle meets with Jimmie Fridge.

The Wilson circle will meet with Julia Ross.

Cottage prayer meetings will be held a week in advance of the Baptist revival. Prayer services will be held each evening during the revival at the church. The cottage prayer meetings will be divided into three groups and will be sponsored by the circle chairmen of the WMS.

Wilted Leaves Are First Symptoms of Mush'r Root Rot

COLLEGE STATION.—Mushroom root rot is one of the most common root rot diseases of shade trees and shrubs. Peach and plum orchards are frequently destroyed by the disease which occurs in all areas of Texas. Infected trees or shrubs usually die from April through July.

Wilted leaves are the first symptom. Next, one or two limbs may die. In a few days, the entire tree or shrub dies. Dead areas are produced in the bark on the main trunk and larger roots just beneath the soil surface. When the dead bark is peeled back, the white mold growth of the fungus over the wood surface is seen. The fungus occurs most frequently in wooded areas or in

recently cleared land. Arborvitae, chinaberry, cultivated junipers, rose and pyracantha appear to be very susceptible. Fruiting bodies of the fungus consist of honey-colored or light brown "toadstools" or mushier near the base of infected rooms. These mushrooms cluster near the base of infected trees or shrubs, generally in the fall. Whether they develop depends on the weather and the extent of decay.

All tree stumps and large roots should be removed as thoroughly as possible before orchards are set in infested soil. Planting of newly-cleared land to an annual crop for several years helps to kill the fungus. Native yaupon and cedar are resistant. Photinia, gardenia, waxleaf ligustrum, Japanese privet and crepe myrtle have been known to escape the disease in infested areas. Lawn grass sod growing too close to a tree or shrub may encourage attack by the mushroom root rot fungus.

Visitors in the home of Mrs. Love Shults on Sunday, July 10, were her son ad wife, Mr. and Mrs. Jack Shults of Brownwood. Jack is now employed by the Morton Food Company.

Guests of Mr. and Mrs. A. A. White during the week end were their daughters; Mrs. Dean Walker and children of Odessa and Mrs. Bob Zellars and children of Big Spring.

Mr. and Mrs. Sandy Warlick of Route 1, and Foy Warlick of Route 1, were visitors at Rising Star on Sunday, July 10. The Warlicks are new residents in Rising Star.
