Victim of an early morning automobile-truck crash, Newt Robinson, justice of the peace-nominate for precinct 1 of Howard county lay near death Friday afternoon at the Malone & Hogan Clinic-Hospital.

Robinson suffered a skull fracture and probable severe brain injury when the car in which he was riding alone was in collision with a sand truck on highway 1 at the western outskirts of the city. His left leg also was broken, while three occupants of the truck escaped unhurt.

The mishap occurred about 6:45 a. m., on the highway curve near the Lakeview grocery, said Highway Patrolman Hardy Matthews, who investigated. Robinson was en route eastward, toward town, and the truck, driven by George Proctor of Colorado City, was headed in the opposite direction.

Physicians at the hospital gave discouraging reports on the condition of the injured man early in the afternoon, saying that it was extremely critical. Every resource was being used in an effort to save the young man's life.

Robinson is 27, a native of Big Spring, son of Mr. and Mrs. Levi Robinson. He formerly worked for both The Herald and the Weekly News, and just two weeks ago emerged as the successful democratic candidate for justice of the peace. He had been a frequent visitor at the J. P. office of late, "getting acquainted" with routine of the office he is slated to take over on January 1.

# Acquisition Of Ships Hailed By Britons

New Craft Can Be Used To Crush Italians Claim

ALEXANDRIA, Egypt, Sept. 8 (AP)—British naval authorities at this eastern Mediterranean base hailed today the acquisition of 30 over-age American destroyers as providing Britain with powerful additional weapons to crush Italy's communications with her armies in North Africa.

The British Mediterranean fleet, demonstrating its fighting strength in a sea battle on Aug. 30 and again yesterday in its unchallenged bombardment of the Italian island stronghold of Scarpanto, expects to get a number of the American craft.

This would release warships now tied up by convoy duties and would give more screen protection to British battleships and cruisers in increased attacks expected on Italian bases.

British authorities here would not disclose how the eastern Mediterranean fleet had been reinforced as announced by Prime Minister Churchill in London yesterday, but the joining up of the eastern and western battle squadrons the past week brought together the largest number of battleships, destroyers and aircraft carriers seen in the Mediterranean since Italy entered the war.

The British were understood here to be prepared quickly to man the American destroyers, drawing upon her reserve naval personnel in England and at Mediterranean bases.

The Egyptian press meanwhile gave prominent display to Churchill's statement that a stream of convoys was pouring fresh troops into the middle East as an indication of major activity soon to be forthcoming on the African war fronts.

British successes in shelling Scarpanto, and an earlier attack there on Rhodes in the Aegean whose Labor Day break was further evidence Britain is master of Premier Mussolini's "mare nostrum"—our sea.

# Carol Quits In Favor Of Son, May Take Refuge In U. S.

BUCHAREST, Sept. 8 (AP)—King Carol II, yielding to demands of Rumania's new military dictatorship and riotous clamor in the streets, abdicated today in favor of his 18-year-old son Mihai and fled into exile aboard the royal yacht.

Reported with him was red-haired Magda Lupescu, his associate of more than a decade ago when he relinquished his right to succession to the throne for gay Paris exile and let Prince Mihai reign as child monarch under a regency.

The destination of the royal yacht, which sailed into the Black sea from Constanta was not known. The 46-year-old king boarded it after secret departure from Bucharest by special train.

Back of him in troubled, dismembered Rumania Carol left his son as the front of an axis-aligned military dictatorship which already had started a wholesale roundup of important political figures in Carol's decade of power.

Prince Mihai immediately was proclaimed king-successor to his father, but only to be a figurehead ruler under stern General Ion Antonescu, to whom Carol had first yielded his kingly powers and at whose demand he finally gave up the throne.

A wild, strained enthusiasm swept the capital at the proclamation of Mihai's succession.

May Go To Egypt  
Carol was believed by some to be en route to Egypt with his tiff-haired friend, who had been banished. But there was no confirmation of this.

Other observers supposed he might seek exile more distant—possibly some place in America. Switzerland had been suggested earlier as a place of refuge.

Gangs of the anti-semitic Iron guard, which Carol had outlawed and hundreds of whose members had died before his firing squad,

roamed Bucharest, beating Jewish shopkeepers who failed to hang pictures of stalwart young Mihai in their windows.

Much of the clamor for Carol's abdication and Mihai's succession had come from the Iron guard. Police made no effort to control the excesses of the guardists.

Street celebrations of Mihai's rebirth to kingship often masked the deprivations of the guardist squads.

Carol left a Rumanian shrunken to pre-World war size by cession of territory first to Soviet Russia and last week to Hungary which by the stern arbitration of the Rome-Berlin axis regained about half of Transylvania.

He left Rumania in the firm hands of Gen. Antonescu, who has aligned his new nationalist regime closely with the destinies of warring Germany and Italy.

The old crown council, composed of former premiers and close confidantes of Carol, was "suppressed," as the announcement said, shortly after noon today. This had been the highest governing body in the old regime.

The council had made the final decisions on surrender of Bessarabia and northern Bucovina to Russia last June and northern Transylvania to Hungary last week. At the same time the mayor of Bucharest, General Dombroksi, was dismissed.

Others In Line  
It was reported that Antonescu had ordered the arrest of other important figures in the Carol regime, including the millionaire munitions manufacturer Milaza and General Constantine Argelatu, who was premier after the assassination of Premier Armand Calinescu last year.

It was Argelatu who ordered execution of hundreds of the then outlawed Iron guard in retaliation for the shooting of Calinescu.

# Ranger Force Transfer Is Ruled Legal

Mann Opines W. Lee's Powers Limited To 'Moral Suasion'

AUSTIN, Sept. 8 (AP)—Attorney General Gerald C. Mann said in an opinion today the means by which the governor can compel state laws to be faithfully executed is virtually limited to "moral suasion."

The opinion held constitutional an act of the 44th legislature which transferred command of the Texas ranger force from the executive department to the department of public safety.

It was sought by Governor W. Lee O'Daniel who asked whether the law was constitutional, and, if so, what means he had of carrying out his constitutional duty of "causing the laws to be faithfully executed."

Mann's opinion said the constitution does not require or contemplate that the governor is himself to execute the laws but is intended only to obligate him to see that the proper officers of the state execute the statutes.

The attorney general added: "Such general words as are found in this constitutional provision cannot be made the basis of an implication of want of legislative authority to vest the execution of the laws of the state in such officers as may seem to the legislature necessary or advisable."

"Insofar as the matter of the means by which the governor may compel the laws to be faithfully executed is concerned, there is little that he can do save to bring about the faithful execution of the laws by moral suasion."

# Reports On District Conclave Heard At Friday Luncheon

Reports on the Amarillo district convention were given by delegates and the newly-elected district governor, Hugh Duncan, for the American Business club luncheon held Friday at the Crawford hotel.

Duncan spoke on the need for increased membership in the club and the desire of the convention that each local club organize another branch in some nearby town within 90 days.

Another high light on the convention was the recommendation to call the club the American Business club and not to refer to it as the A. B. Club as has been done in the past.

Other delegates spoke on their impressions of the convention, Jane Head of Coahoma sang "I Haven't Time to be a Millionaire" and "Angel in Disguise," with Mrs. Sue Gibson playing piano accompaniment.

A governor's meeting for next Tuesday night at the Crawford was announced and a golf tournament was announced by Worth Peeler. Those wishing to enter must qualify between now and Friday.

Guests were Richard Lucas and Bernard Coughlin.

# LARGEST BAND

AUSTIN, Sept. 8 (AP)—The University of Texas expects to have the largest band in history this fall, Director George E. Hurt predicting today it would exceed 230 men.

# Mrs. L. A. Ford Dies Suddenly

Stricken as she walked across a downtown street with her husband, Mrs. Lena Velma Ford, wife of L. A. Ford, succumbed unexpectedly at 10:30 Friday morning. Death was said to have been due either to a heart attack or a cerebral hemorrhage. Mrs. Ford was 51 years old.

The Fords, who reside in the Elbow community, had just driven to town and parked their car on Second street. Mrs. Ford was stricken as they started toward a grocery store, was taken to a nearby physician's office, and then to a hospital. Death, however, came almost instantly.

Born in Llano county February 17, 1889, Mrs. Ford had resided in this county for some 23 years. Survivors besides her husband include her mother, Mrs. O. E. Smith of Mullins, Tex.; three daughters, Mrs. Roy Bates, Jr., of near Big Spring; Mrs. Lloyd Peck of Ross City, and Miss DeAlva Ford of Elbow; one son, L. A. Ford, Jr., and two grandchildren, D. R. Bates and Lovella Peck. Other survivors are two sisters, Mrs. Lily Cook of Mullins and Mrs. Charley Gill of Whon, Tex., and four brothers, Milton Smith of Seminole, Tex., Emmett Smith of California, and Leslie Smith of Caradon, Tex. Residents of Big Spring are the mother-in-law, Mrs. W. E. Ford, and a sister-in-law, Mrs. A. B. Johnson, and there are also five brothers-in-law, A. E. Ford and Lloyd Ford of Big Spring, W. E. Ford of Stanton and W. K. and John Ford of Phoenix, Ariz.

The funeral service will be held at 3 p. m. Sunday at the Eberley chapel, with Melvin Wise, minister in charge, and the Rev. J. W. Zink, pastor of the Church of Christ, officiating.

# Damage Suit In Jury's Hands

Damage suit of W. E. Allison et ux, versus Cunningham and Phillips was with a jury of 70th district court Friday afternoon, at the conclusion of testimony and attorneys' arguments shortly before noon.

Evidence, including testimony of physicians, C&P employees and the plaintiff and friends, had been heard Thursday afternoon and Friday morning. The Allison are seeking damages on the allegation that Mrs. Allison suffered injuries from swallowing fragments of glass assertedly contained in a glass of sherbet she ate in a C&P drug store in July of last year. Compensation was sought on the basis of alleged negligence of defendants Thomas & Thomas are attorneys for the plaintiff, while the defense is represented by Brooks & Little.

While this civil case was being heard, the grand jury continued at work for its fourth straight day. District Attorney Martelle McDonough indicated that the body had much investigation ahead, but that a report might be forthcoming late this afternoon or Saturday morning. State cases are slated for trial before Judge Cecil Collins next week.

# Duce's Airmen Attack Anew

ROME, Sept. 8 (AP)—Italian airmen struck back at Britain, the high command announced today, with a raking fire of air raids on her "lifeline" from the central Mediterranean to the Indian ocean.

In apparent retaliation for British bombardments in the Dodecanese islands, the high command reported a dive bombing attack which "virtually destroyed" the fortress of Deli Mara at Malta, four steamers damaged in attacks on convoys in the Mediterranean and Red sea, gasoline depots fired in the first attack of the war on Suez, and a bombing of ships in the harbor at Aden.

Besides these attempts to disrupt British shipping, attacks were carried out in the Sudan and Egypt. At the same time the high command admitted British raiders "still coming from Switzerland" had done "damage of some importance" to private dwellings and railway cars at Turin and San Paolo.

This quickened tempo followed upon yesterday's communique which told of a whole series of heavy naval and air engagements which ranged from the coast of Algeria to the eastern Mediterranean and the Red sea.

The Rome radio broadcast a dispatch to the newspaper La Stampa reporting heavy fighting between the Italian defenders of a lonely outpost on the Sudan frontier where it was said a British force, supported by tanks, had attacked.

(The Italians, who were two days march from the nearest garrison, defended their position and forced the British to retreat, leaving 22 dead Australians and Englishmen as well as many natives, the paper said.)

# 30 Of Fugitive Band Caught

LITTLE ROCK, Ark., Sept. 8 (AP)—Spurred by additional captures, officers of three states today tracked the remainder of 30 convicts whose Labor Day break from the Cummins prison farm has cost six lives.

Five more captures last night brought to 30 the number accounted for through killing or recapture.

A motorist's report last night that a roughly dressed man brandishing a shotgun had tried to stop him on a highway three miles south of Pine Bluff sent Jefferson county officers and state police in to swamp land in a hunt for the man after dogs had picked up his trail.

Officers attempted to close in on another convict reported seen near Natchez, Miss., and north Louisiana possemen were on the alert for fugitives in that section.

Two escaped prisoners were reported seen in the vicinity of Winchester near the spot where two convicts were killed yesterday in a plantation cabin by a trusty guard.

Poses attempted to find trace of a fugitive believed to have been seen near Dumas, in southeastern Arkansas.

One of the most intensive hunts in the south's recent history accounted for 22 of the prisoners by killings or capture. Most of the convicts still at large were serving short terms.

In addition to the two convicts killed yesterday, a guard was slain at Cummins the day of the delivery, a posseman was killed at Columbia, La., early the next morning, a convict was killed near Colquhoun, and another convict lost his life near Vicksburg, Miss., the third day.

# DESTROYERS ANCHOR

AN EAST COAST CANADIAN PORT, Sept. 8 (AP)—A group of United States destroyers—part of the 30 warcraft to be turned over to Britain under the destroyer-defense base exchange—arrived in port out of the dense fog along the coast today.

WASHINGTON, Sept. 8 (AP)—The house refused twice today to change the registration age limit of 21 to 18, inclusive, in the Burke-Wadsworth compulsory training bill.

On a voice vote, Representative Rees (R-Kan.) lost in an effort to broaden the spread to include men from 21 to 18, inclusive, and Representative Anderson (D-Mo.) was defeated, 161 to 47, in an attempt to make the brackets conform to the senate's figures of 21 to 30, inclusive.

WASHINGTON, Sept. 8 (AP)—President Roosevelt renewed today his plea for speedy congressional action on conscription, and the defense tax and appropriation bills, but declined comment on the house vote to delay actual drafting of men for a 90-day period of volunteer recruiting.

LOUISVILLE, Ky., Sept. 8 (AP)—M. H. Davidson, 93, quartermaster-general of the Grand Army of the Republic, died today following a heart attack.

## RAIDERS LOSE AT LEAST 34 OF CRAFT

LONDON, Sept. 8 (AP)—German warplanes too numerous to count assailed Britain today in a mightier-than-ever offensive which seemed designed to wear down the Royal Airforce and smash its bases to clear the way for land invasion.

All over the London area and southeastern England the planes of besieged and besieger tangled in a series of non-stop battles.

The fourth attack of the day on London's own defenses came in early evening, causing a 36-minute alarm.

Wave on wave of fighter-escorted bombers swept like a tide against the London area, following up an all night attack which lasted seven hours and 33 minutes.

While the fourth London raid was under way the air ministry announced RAF attacks last night on the Fiat airplane engine works at Turin, Italy, on the German-held French harbors of Boulogne and Calais and on the Cap Gris Nez (France) emplacements of long-range guns that had battered the

## Seeks To Halt Work On Dam

OKLAHOMA CITY, Sept. 8 (AP)—Governor Leon C. Phillips today directed the attorney general to file suit in the eastern Oklahoma federal court for an injunction to halt construction on the giant Red river hydro-electric dam.

A complaint drafted by Attorney General Mac Q. Williamson and ready for filing named the Guy F. Atkinson company, a contractor, Cleon A. Summers, eastern Oklahoma U. S. district attorney, and Curtis Harris, special government land attorney, as defendants.

The complaint challenged validity of the 1938 act of congress which authorized the construction and cited a 1923 United States supreme court decision which set the southern bank of the Red river as the boundary between Texas and Oklahoma, and thus, it was argued, made the Red river an Oklahoma stream.

It was contended that 100,000 acres of fertile Oklahoma land lying within the basin would be inundated. Within this area live 2,000 families, the complaint said.

Annual revenue from this land was estimated at \$1,500,000, exclusive of potential oil revenue.

## Puerto Rico Fascists Act, Committee Hears

WASHINGTON, Sept. 8 (AP)—The Dies committee had a report today of subversive activity by a fascist-like organization in Puerto Rico—the island the United States is seeking to make into a Caribbean "Gibraltar" to safeguard the Panama Canal.

Identifying the organization as "The Spanish Falange," Rep. Thomas (R-N.J.) reported it was working for the return of the island to Spanish whose possession it was prior to the Spanish-American war.

## FURIOUS DUELS ARE REPORTED BY GERMANS

BERLIN, Sept. 8 (AP)—Two formations of German planes bombed hangars and airplane works at Henley and Weybridge today, German sources said, leaving 14 of their own number downed but reporting 35 British planes shot down.

Four hangars and 10 planes at Weybridge were said to have been hit by middleweight bombs, while at Henley hits were scored on runways as well as the south side of the field.

Henley and Weybridge are both west of London, Henley, on the Thames, being the scene of big crew races.

German pursuit planes accompanying bomber formations reported back to Berlin that the raiding squadrons broke through Britain's air defenses after fierce battles this morning.

Thirty-five British planes were destroyed during these engagements, informed German sources said. At one airport the Nazi attackers were reported to have destroyed six planes on the ground along with several hangars and accessory plants.

# Defense Plans Well Along

WASHINGTON, Sept. 8 (AP)—President Roosevelt said today that Costa Rica and Ecuador were cooperating completely with the United States in plans for defense of the Americas, but he added that no negotiations for acquisition of additional naval and air bases were now under way with any country.

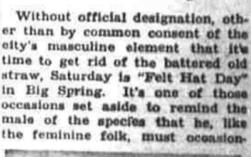

Asked about reports that Costa Rica had offered to this country Cocos Island, about 500 miles northwest of the Panama Canal in the Pacific, for a base, the president replied that all he could say on that was that there was complete cooperation between Costa Rica and the United States in the defense of the Americas.

Another question at Mr. Roosevelt's press conference was whether the Galapagos Islands, about 1,000 miles southwest of the canal, were involved in talks with Ecuador. He made the same reply, namely, that Ecuador was working with this country on continental defenses.

Mr. Roosevelt emphasized that there were no negotiations on at all to acquire bases other than those granted by Great Britain on eight of its crown colonies from Newfoundland to British Guiana in exchange for 50 over-age destroyers.

# 'Straws' Taboo After Today

Without official designation, other than by common consent of the city's masculine element, the time to get rid of the battered old straw, Saturday is "Felt Hat Day" in Big Spring. It's one of those occasions set aside to remind the male of the species that he, like the feminine folk, must occasion-

ally take note of the change in season and put his attire in harmony.

Practically all dealers in men's wear are joining in observance of the occasion by making special offers on the new fall numbers in headgear. Stocks are replete with colors, sizes and styles. One to fit every personality and every purse, they say. Special advertising messages appear in today's issue of The Herald.

So Saturday's the day to change the skyplex. It may be that public opinion will be strong enough that the finger of scorn will be pointed at the man so daring to continue wearing his faded straw after Saturday.

WASHINGTON, Sept. 8 (AP)—The house refused twice today to change the registration age limit of 21 to 18, inclusive, in the Burke-Wadsworth compulsory training bill.

WASHINGTON, Sept. 8 (AP)—President Roosevelt renewed today his plea for speedy congressional action on conscription, and the defense tax and appropriation bills, but declined comment on the house vote to delay actual drafting of men for a 90-day period of volunteer recruiting.

Asked at a press conference to comment on the house action, subject to another vote before the bill is finally acted on, the chief executive said he could not comment on any of the three major bills pending except to say tempus fugit (time flies).

# Newcomers Honored At Morning Coffee Given At Country Club Thursday By Mrs. E. W. Potter

Newcomers to town, Mrs. R. L. Tollett and Mrs. A. V. Karcher, were complimented Thursday morning with a coffee from 9 o'clock to 11 o'clock at the Country Club by Mrs. E. W. Potter.

The honor guests were formerly of Fort Worth and moved here recently when the Cozden Fort Worth offices were changed to Big Spring.

In the house party were Mrs. E. V. Spence, Mrs. J. H. Greene, Mrs. G. C. Dunham, Mrs. Ray Lawrence, Mrs. J. E. Hogan, Mrs. P. W. Malone and Mrs. J. L. LeBlau.

# Loraine Crenshaw And Jay Francis Marry Here

Loraine Crenshaw, daughter of Mr. and Mrs. Gene Crenshaw, and Jay Francis of Midland, were married Tuesday night by Justice of the Peace John Ratliff.

Mrs. Francis attended Big Spring public schools and was formerly employed by the Ritz theatre.

Francis was graduated from Midland high school where he was a star on the Midland football team and was mentioned as an all-state quarterback. The couple will be at home in Midland.

# Buffet Supper Is Held At Harold Plum's House

Guests present included Eugene Pueritoy, Stella Robinson, Steve Nobis, Frankie Martin, Bill Dyer, Mary Freeman, Cecil Pueritoy, Kathleen Underwood, Harold Plum, Lorell Martin, George Williams, Sis Smith, Walter McAllen, Nettie Carter, Frank Deason and De Alva McAllister.

Later the group went to the McAllen home for dancing.

# Approaching Marriage Of Eleanor Houston-J. D. Poe Announced

STANTON, Sept. 6. (Sp.)—Inaugurating a series of early autumn parties was the betrothal tea Thursday afternoon, given by Mrs. A. R. Houston and Mrs. Jim Tom at the Tom residence. Inspiration for the affair was Mrs. Houston's daughter, Eleanor, whose engagement to J. D. Poe was announced. The wedding date has been set for September 17.

The Tom residence resembled a flower garden, so profusely were late summer and early autumn blossoms used. Greeting guests at the door were Beth Houston and Jeanette Thornton. In the receiving line were Mrs. Tom, Mrs. Houston, Miss Houston, Mrs. John Poe, mother of the bridegroom, Mrs. Barker, Mrs. Gerold Poe, Mrs. J. C. Ellis of Midland, Mrs. Alfred Tom of Midland, Mrs. Edmund Tom, Mrs. W. Y. Houston, Mrs. H. A. Houston, and Mrs. Bee Duke of Brady, a great aunt of the bride-elect.

In the dining room, Mrs. Hoover and Corinne Wilson presided in serving guests, assisted by Beth Houston and Angela Schell. The tea table was laid with an imported grass linen cloth and centered with a bouquet of white blossoms which stood on a reflector. In front of the centerpiece stood a miniature bride and bridegroom, and at each side were all white tapers in silver holders. Guests were served heart-shaped sandwiches, cakes, and iced tea, and were presented with tiny white scrolls tied with white ribbon, on which was written "Eleanor and J. D. Sept. 17."

Other members of the house party were Irene Barker, Cloma McClain, Bessie Lena Bell, Mrs. J. T. Bell, Jr., of Garden City. Presiding at the bride's book during the afternoon were Miss McClain and Miss Barker.

The honoree wore a floor-length frock of black and white silk jersey with a shoulder corsage of red rose buds. The honoree's mother, Mrs. Houston, and Mrs. Poe wore ensembles of red roses.

Included on the invitation list were Mrs. J. E. Millhollon, Mrs. Gordon Stone, Mrs. Annie Stone, Mrs. Calvin Jones, Mrs. Paul Jones, Mrs. J. E. Kelly, Mrs. Earl Powell, Mrs. Ernest Price, Mrs. J. K. Barfield, Mrs. Earl Houston, Mrs. Fillmore Epley, Mrs. John Epley, Mrs. George Billy Wilkinson, Mrs. W. M. # Child Welfare Unit To Be Discussed

The Council of Church Women are sponsoring a discussion program on "County Child Welfare Units" at the Episcopal parish house Tuesday, September 10th at 8 o'clock, lasting through Friday.

Miss Lydia Cagle of Austin, state representative of the County Welfare Units, will be present to discuss the need of having a child welfare worker in Big Spring.

The Child Welfare program includes care of the child in a broken home, the neglected child, the delinquent and pre-delinquent child, and the socially and mentally handicapped child which cannot receive adequate care in his own environment.

Should a county Child Welfare unit be established in Big Spring, a salary of \$200 had been estimated for expenses and salary of a social worker.

Various committees, each headed by a member of the County Welfare Board and composed of laymen and women of the county, assist in developing the program.

A county welfare unit would not be a duplication of any service operating in the county at the present time.

The public is invited to attend the meeting.

# MISS LANEIOUS NOTES

By Mary Whaley

It's too bad that one can't take a golden moment that sometimes occurs in even the drabest of lives and hold onto it for longer than just a few minutes. For so much of living is humdrum and ordinary.

In nearly everyone's life there comes a time or maybe a few times when the spotlight of success and attainment is focused on one but even while the glow is still being realized, its radiance begins to dim with time.

That must be why there was such a thing as memory given to man—to make his lot bearable. For though the hero may turn to a scoundrel in the worlds eyes in the space of a few hours, man can take out his memory and live again his big moment.

Sometimes the pleasure is so acute that one can be happy and still realize that in a short time the moment will have passed and the feeling gone. It's like shaking a kaleidoscope with its many bits of colored glass and seeing the patterns change and never to be seen again.

But with memory, the boon that distinguishes man from other forms of life, the golden hours of life can never be totally gone and no power on earth can drive them completely from mind.

Raiders

English channel coast.
To meet the onslaught, masses of British fighters took to the skies, setting upon at least one formation of 200 bombers and battle planes and fending off bomb attacks on airports in the London area.

Battles were raging in fully half a dozen areas of southeastern England, and the air ministry said at least 34 German planes had been shot down in the fighting before noon.

Nine British aircraft were admitted lost but six of their pilots were reported saved.
The air ministry said "intensive" air battles resulted in turning back attacks on several airdromes as the Germans attempted to smash their way up the Thames valley toward London.

Meanwhile, observers along the southeast coast declared the Germans had evacuated all French civilians from a 30-mile-deep zone of the French coast opposite England.
The Daily Mail said it had learned this action was taken to prevent sabotage and spying on military preparations.

On the Mediterranean front, British fleet operations during a six-day period were reported in an admiralty communique to have been "entirely successful, except that no contact was made between our main forces and enemy warships."

Clash Rumors Are Denied

MEXICO CITY, Sept. 6 (AP)—Mexicans wondered today what the next step would be in the bitter political controversy growing out of the July 7 presidential elections, but rumors that clashes had broken out between opposing factions were denied officially.

although evidencing interest in what the Mexican press termed threat of revolution by general presidency, patiently awaited developments.
Many expressed the conviction there would be no real trouble. Others wondered how the status of Almazan, and of General Manuel Avila Camacho, administration party presidential candidate, would be adjusted.

# Tyson-And River-Keep On Rollin'

By HAROLD V. RATLIFF  
WACO, Sept. 6 (AP)—Paul Tyson and the Brazos river keep rolling along through the heart of this city.

The Brazos will go on forever but Tyson says it will be time for him to quit when he's beaten in a footrace by one of his Waco high school players.

That's how the dean of Texas coaches put it the other day as he prepared to open his twenty-eighth season and found his team a championship favorite as usual.

Behind him is a fabulous record. In 18 years of sending his squads forth to battle for the state title, Tyson's Tigers have won 181 games, lost 16 and tied 3, going to the finals seven times and winning four championships.

In no season has a Tyson team lost more than two games.

The year before the school entered the Texas interscholastic league and started playing for keeps, the Tigers hung up the greatest football record ever compiled in this state.

The 1921 eleven was undefeated, untied, unscared and on an opposing team got inside the Waco 20-yard line. The Tigers rolled up 526 points in eight games, an average of over 65 per game against the best high school teams of the state.

Tyson turned down an offer from Connie Mack to pitch for the Philadelphia Athletics to become a coach, starting at Denison High and coming to Waco in 1914. He has been here all but one year—1931, when he got a leave of absence to take work on an advanced degree and do football research at Stanford University with his friend Pop Warner.

To Tyson, football is a means to an end. He's as proud that some of his football players have gained high scholarships as he is of the championships they helped win.

"In football you find out what a boy really is," he said. "You can correct evil tendencies on his part and build him physically and mentally."

In Texas you don't need to say football in speaking of the sport. Just say "Tyson."

# Wolf Hunters Parley Ends At Lamesa

LAMESA, Sept. 6 (AP)—Texas-New Mexico Wolf Hunters closed their association's second annual meeting 22 miles northwest of here in the Cedar Lake oil field area this week, after having had approximately 800 people in attendance and approximately 300 dogs. Hunters also came from Oklahoma to attend the three-day meeting, at the termination of which C. D. Pounds of Lamesa was re-elected president. J. C. Bingham of Welch was re-elected to the vice presidency and J. B. Smith of Knott was again declared secretary-treasurer.

Forty dogs were entered in the bench show, while 51 animals were entered in the field trial event. J. M. Hooks of Abilene showed a nine-month old male hound for the first time and won the grand championship in the bench show. The dog's name is Straightaway. Hooks' nine-month old Texas Girl was the best opposite sex in the bench show. These showed in the seven to twelve-month old class. In the one to six-month old bench showing C. W. Dunnam's Eagle-master won the first male position, with his Flying Lady Eagle winning the choice female position. Dunnam is from Childress.

Field trial winners in the all-age class were Flapper, first, owner Marion Gentry, Breckenridge; Jeff, second, E. B. Vasey, Odell; Copper, third, Milt Good, Dickens; winner of the derby dog field trial was High Tension, Hooks, Abilene. These two derby dogs were in the 13 to 24-month old group, while in the all-age group of derby animals Good's Copper won first, with Hooks' Susie Q taking second honors.

Best pairs were puppies, Dunnam's Eagle-master and Flying Lady Eagle; all-age hounds, Hooks' High Tension and Jewell.

In the contests judges were W. B. Eason, Paradise, and T. A. Harris, Lamesa.

New directors are Bert Massingill, Vealmoor; Henry Baker, Childress; B. W. Eason, Paradise; J. D. Read, Paradise; Jim Hooks, Abilene; L. J. Ackers, Abilene; C. P. Slack, Abilene; Ray Johnson, Littlefield; M. C. Lear, Crane; Alvie Allen, Silver; Bob Cooper, Roaring Springs; E. E. Black, Roby; Marion Gentry, Breckenridge; C. D. Dameron, Rochester, and W. L. Craft, Floydada.

Ackers is president of the Oklahoma-Texas Wolf Hunters association; Hooks is immediate past-president; and Dunnam is secretary of that association.

# Pitt May Use Aerial Game

PITTSBURGH, Sept. 6 (AP)—Only four days before Pittsburgh's simon-pure Panthers begin their 1940 football practice, the campus is agog over what's coming out of the grabbag.

Like the little girl, with the little curl, the second edition of the P. S. (Post-Sutherland) Panther-machine can be good—or else. No one seems to know.

For one thing, Charlie Bowser has lost 15 lettermen who helped him to a better-than-expected season in 1939, winning five of nine. Gene, too, are the stalwart carry-overs from Jock Sutherland's regime—elusive Dick Cassiano and the veteran Ben Kish.

On the other hand, the prospects are for a fair first-string eleven and the usual supply of material. In addition, Pitt (believe it or not) will pull an air attack out of its sleeve this fall—an air attack, mind you, by the machine which, not so long ago, was just one powerhouse after another, year after year.

Under Pitt's new amateur blush, the rules forbid practice before Sept. 10, which gives Bowser only two weeks to get ready for a back-breaking eight-game schedule that opens with Ohio State's big Buckeyes.

Yet, if all you hear is true, Pitt's first string team doesn't look too bad. Despite early toek-waving by Bowser.

# Junior Loop Race, Hot Enough To Explode, Reaches Climax Soon

NEW YORK, Sept. 6 (AP)—The American League inferno is getting hot enough to explode, and it probably will next week.

There is a good possibility Cleveland, Detroit and New York will be approximately tied by Tuesday when the world champion Yankees invade the west for two games with the Indians and three with the Tigers. If something doesn't pop in those games, it only can mean the American league is lined with asbestos.

The valiant Detroit Tigers overwhelmed the Indians again yesterday, 11-2, and the Yankees walloped the Washington Senators in both ends of a doubleheader, 2-1 and 8-1. Furthermore, the Boston Red Sox pounced on the Philadelphia Athletics, 9-7, and created the almost unprecedented situation of the entire first division being

bunched inside 4-12 games three weeks before the season ends.

There are the figures:

Club	W.	L.	Pct.	Behind
Cleveland	75	54	.581	25
New York	73	56	.568	2
Detroit	74	57	.565	2
Boston	72	60	.545	4 1/2

A four-game losing streak hardly can be called a Cleveland collapse, but the Tigers certainly have the Indians on the run.

The Chicago White Sox stopped the St. Louis Browns, 4-2, in a night pitching duel between Ed Smith and Bill Trotter.

The National league flowed along its placid course. The Cincinnati Reds conquered the Pittsburgh Pirates, 6-3, to welcome Johnny Vander Meer back into the big time. "Double No-Hit" kept nine

hits pretty well scattered, walked five and struck out six.

The Brooklyn Dodgers kept their distance, eight games back, by beating out the Phillies, 8-5, scoring three times in the tenth inning.

The New York Giants swept a doubleheader from the Boston Bees, 8-7 and 4-1.

Probable pitchers today:

National League  
Brooklyn at Philadelphia (2) — Grissom (1-2) and Fitzsimmons (13-3) vs. Smoll (2-7) and Higbe (11-3)

Chicago at St. Louis — French (12-12) vs. Shoun (10-10). (Only games scheduled.)

American League  
Cleveland at Detroit—Allen (8-6) vs. Newsom (17-8)

New York at Washington—Ruffing (13-9) vs. Chase (12-14).

St. Louis at Chicago — Auker (11-9) vs. Rigney (12-16). (Only games scheduled.)

# The Sports Parade

By Hank Hart

Ed Schweda, Gene Stack and Ed Mahan, Lubbock baseballers, all get tryouts in the Chicago White Sox's training camp next spring.

Irv Pellegrini, former Big Springer, was released outright by the Odessa baseball club a short time before the season closed. He had long been on the voluntary retired list.

Mal Stevens, who hit in the neighborhood of .350 for the Lamesa Lobos, was released a week before the campaign ended because Manager Jodie Tate did not care to meet the waivers price. He had been dispatched by Spokane to Lamesa.

Jack Vaughn, the very competent Lamesa footballer who goes to the University of Texas this fall, played throughout last season with a bad throwing arm. Despite his troubles, he proved to be one of the finest passers in Texas high school circles and was unanimously picked for the all-district team.

It might be of interest to Dana Bible's Texas football camp to learn that Jackie had the bad wing operated on during the summer and the member seems to be working out fine.

Bobby Brown, former San Angelo high school gridder, is expected to be in Southern Methodist's starting lineup the coming football season. He'll play right half and is expected to team with Will Mullenweg, Ray Malouf and Preston Johnston in the Mustang starting secondary.

He's one of two District 3-AA boys on the SMU roster (the other is Horace Young of Sweetwater) and one of the 11 or so lads who'll represent 3-AA in Southwest conference play next fall.

The others are Dave Wafford and Woodrow Adams, both of Midland, at TCU; Alton Bostick, Big Spring, University of Texas; Weidon Bigony, Big Spring, Baylor, and John Kimbrough, Odell Herman, Zolus Motley and Dub Sibbey, all of Abilene, at Texas A&M.

# S'West Grid Teams Plunge Into Work

Coach Dana Bible and with, Cowboy Jack Crain, the Longhorn flier, showing up with added pounds.

Southern Methodist and the defending champion Texas A. & M. squads each had 58 candidates on hand.

Texas Christian university and Rice each had 49; there were 43 at Baylor and 41 at Arkansas.

Coach Homer Norton cautioned his Texas Aggies that they couldn't rest on their laurels of last season when they were rated the nation's No. 1 team.

Baylor university, one of the squads mentioned in the top three of pre-season favorites, started flipping the ball around the first time.

Coach Matty Bell of Southern Methodist found that he would have one of the lightest teams in the race, averaging but 191 pounds.

Kyle Gillespie, the brilliant little Texas Christian university quarterback who favored a trick knee last season, showed he had gotten the desired result from an operation. He was stronger and faster than ever and ready to run opposing teams ragged.

Jess Neely, 102 Rice coach, found the Owls all in tip-top shape as he started his first season in the conference.

Arkansas had center Ken Hayden on the sidelines through a touch of malaria but he's expected back in a few days.

# Opponent For Joe Louis To Be Decided

NEW YORK, Sept. 6 (AP)—Billy Conn and Bob Pastor, fancy dant of the boxing ring, fight it out over the 15-round route in Madison Square Garden tonight to decide a future opponent for Joe Louis.

When last heard from Joe wasn't worrying too much about it.

The best that can be said about the chances of the Pittsburgh pretty boy or the ex-collegian from Manhattan, if tossed in there with the bomber, is that tonight's fight should be a good match to see.

The fight, postponed from mid-August because of a light shower and a lighter ticket sale, has been postponed with the customers the last few days.

No one seems to know why, but the betting odds not only have remained in Conn's favor, but actually have gone up a point or two in the last 24 hours. You could get as high as 9 to 1 or 1-2 that the Pittsburgher does that thing to Bobby, despite the fact Pastor went 20 rounds with Louis in two starts before the roof fell in on him in the 11th round in Detroit last fall.

# Alice Phillips Medalist In Fem's Meet

Mrs. Alice Phillips, defending champion from last year and several times winner, took medalist honors with an 85 in the qualifying rounds of the women's city tournament at the Big Spring country club Thursday. In the bridge tournament, ran in conjunction with the golf competition, Mrs. Mary Rogers and Mrs. Ola May Oldham took the top position for the day. Mrs. Obie Bristow, women's city champion in 1938, and Mrs. A. Swartz tied for the second-place position with a 91. There are three flights with eight, six and five entrants respectively.

Playing of the second round started at 1:30 this afternoon. Championship flight:

Mrs. Phillips meets Mrs. Maude Bennett, qualifying score of 100. Mrs. Swartz and Mrs. C. S. Blomshild, with a position score of 102, duel each other; Mrs. Obie Bristow is challenged by Mrs. E. O. Ellington, with an even 100 for yesterday's mark; and Mrs. Harry Stalcup, with a 93 for the qualifying round, engages Mrs. Travis Reed, with a 109 chalked up for yesterday.

First flight:

Mrs. J. H. Robb tangles with Mrs. H. W. Smith; Mrs. Bill Tate draws a bye; Mrs. Haydyer Griffith meets Shirley Jane Robbins, and Stella Flynnt takes a bye.

Second flight:

Gladine Rowe competes with Mrs. E. M. Conley; Mrs. Jimmy Beall gets a free ticket; Mrs. Robert Schermerhorn travels on a pass, and Mrs. Matt Harrington also moves into the next round with a bye.

# O'BRIEN SHINES BUT EAGLES ARE EDGED BY BEARS

PHILADELPHIA, Sept. 6 (AP)—The Philadelphia Eagles flunked their first test of the season but little Davey O'Brien served notice on the National professional football loop that he's still the same deadly tamer who won the all-league quarterback berth last year.

The one-time Texas Christian sparkplug put on a one-man aerial clinic last night but his three touchdowns passes couldn't match the 27 points rammed over by the Chicago Bears in an exhibition game before 35,000 at Temple University Stadium.

# BIG NAME PROS AT SCRANTON

SCRANTON, Pa., Sept. 6 (AP)—Most of the big names in professional golf and a group of top-flight amateurs led off today in the opening round of the \$5,000 Antracite open golf tournament. Heading the field were P. G. A. Champion Byron Nelson, of Toledo, O., Lawson Little, national open winner, and Sammy Snead, Shawnee-on-the-Delaware, Pa.

# Longhorns Take Rough Workout

By JACK DOUGLAS  
The Big Spring Steers engaged in a spot of roughing it up Thursday when Pat Murphy, head mentor, put the team through the season's first session of heavy blocking. He gave his first string backs a taste of carrying the ball through the line against the second team, having only those men on the defensive through whom the play was supposed to go to enter the action.

Pete Pressley, jack rabbit back and last year's squadman, and Tabor Rowe, letterman and field general, showed marked improvement in their kicking by getting the ball thirty-five yards down the field. Those men returning boots followed interference that meted out some hard blocking to the opposition. Ralph Stewart, big end who was moved to his present position on the flank after holding down the pivot slot last season when Paul Kaach was knocked out of the running with a broken leg, appeared to be well qualified to fill his berth in yesterday's training bout.

The Herd's chief blocking back, rough and tough Owen "The Whistler" Brummett, showed plenty of fire in the afternoon session. What was perhaps the standout performance in the rehearsal was that turned in by Doyle "Hunka" Stewart, rangy but young second string tackle. "Hunka" was able to slip through the opposing line in such a manner as to make the first stringers think that a bull was loose in somebody's yard.

Billy Shaw, chubby Steer second string tackle, was injured slightly on one play but showed he had what it takes when he came back to make his two laps around the course at the end of the afternoon's action. No other men showed any bad results from the strenuous workout.

Pawing is still a weak point in the Bovine curriculum. Hurlers have a bit of difficulty in finding their targets and the receivers seem to misjudge the range and trajectory of the pints.

It is Murphy's intention to give his boys their first heavy duty scrimmage this afternoon.

# Champs Are Upset Victims

DETROIT, Sept. 6 (AP)—The 1940 world's softball tournament, its beginning marked by a double upset which dethroned the men's and women's defending champions, swung into high gear today with a schedule calling for 65 games to be played before nightfall.

Under the one-defeat system of elimination the champs bowed out the tournament and left it a wide open race.

The Alameda, Calif., girl champions went down before Keller's girls of Detroit, 2 to 1, last night. Covington, Ky., defending men's champions, dropped from the race a short time later under a 5-to-1 defeat at the hands of Detroit Briggs.

# MEET FOR TITLE

ODESSA, Sept. 6 (AP)—Henry Hook of Indiana and Noah Valdez of San Angelo meet in a 15-round featherweight bout here tonight. Babe Ritchie, Lubbock heavyweight, will referee.

Tyler, Henderson Win In E'Texas League Tests

By The Associated Press

Tyler lacked only one victory of a place in the finals and Henderson was one-up on Marshall today in the East Texas League Shughnessy play-off.

Tyler beat Longview 5-3 for the second win in a row last night and the game ended in a near riot when fans attacked Umpires Neely Vaught, John Rowland and Rowland Mackey.

Mackey suffered severe lacerations about the face. The assault followed a close play at the plate when Dutch Becker of Longview tried to score from second on Charley Smith's single in the ninth.

Bob Gillespie hurled six-hit ball for Henderson as the Otters took the opening game from Marshall, 5-3.

Longview and Tyler play at Tyler and Henderson meets Marshall at Marshall tonight.

AMBITIOUS BOYS

DALLAS, Sept. 6 (AP)—When the football squad of Tech high school goes to the practice field, the boys just make a day of it, lunch and all.

The players insisted on two workouts daily but their bus was available for only one round trip per day to the field.

So they work until 11 a. m., eat picnic lunches and talk football until 3 p. m., then resume practice.

# 'Boom Town' Opens Today At The Ritz

Replete with such spectacular action scenes as a blazing oil well being whiffed out by a blast of TNT, oil gushers roaring in to shoot derricks high into the air, a dive into a sea of mud to escape whizzing bullets, flat fights extending from a frontier saloon to a swanky Manhattan office, and other thrills of the oil fields, "Boom Town" opens today at the Ritz theatre for an engagement of four days.

Overshadowing even the intense

fast action of the story is the stellar cast which comprises Clark Gable, Spencer Tracy, Claudette Colbert and Hedy Lamarr as stars, supported by Frank Morgan, Lionel Atwill, Chill Willis, Marion Martin, Minna Gombell, five-year-old Casey Johnson and Baby Quinlan, who made a sensational debut in "Forty Little Mothers."

The picture was ten weeks in production and location scenes were made in more than thirty sites to record all of the thrilling drama of men who seek fortunes in oil and of the women who love these two-fisted men. It was directed by Jack Conway, noted for his action pictures, and was produced by Sam Zimbalist.

"Boom Town" covers the entire field of the fabulous oil field while following the story of two men who meet in a rough boom town and form a partnership. They remain friends through adversity, even when one marries the sweetheart of the other. They split when the husband apparently is untrue to the wife, but are reunited years later when both men bury the hatchet at a time when both are wealthy from oil. Then a siren enters the story to smatch the husband from his wife and the friend resorts to one of the most poignant schemes in screen drama to break up this affair and send the husband back to his wife.

## YOUR ARMY

A Series Of Articles Describing The Arms And Services Of The Regular Army

### No. 4—Field Artillery

Over hill, over dale, We have hit the dusty trail, And those calissons go rolling along!

Field Artillery, one of the most colorful of all the branches of the United States Army, offers many of the most interesting opportunities for young, able-bodied American men who want action, romance, travel and specialized training in trades that will provide the basis for a busy and profitable life in the Army or later in civilian life.

For the man who loves horses, the Field Artillery always has had a special lure, but today the attraction is broadened by the fact that many of the units of the American Field Artillery have been motorized—equipped with fast-moving, high-powered tractors that can haul the 75 millimeter (3-inch) and the 155 millimeter (6-inch) guns over smooth roads or rough ground at amazing speeds.

There is no limit to the sort of country a man will see and enjoy if he serves in the American Field Artillery. There are modern Field Artillery posts at Fort Myer, Virginia, just across the Potomac from Washington, where special drills and reviews are often staged for notable personages in historic New England, in the great Southwest country of Texas and Oklahoma, in North Carolina, Georgia, and Kentucky, in Indiana and Iowa of the Middle West, the Pacific Coast and in many of the overseas possessions of the United States, such as Hawaii and the Philippine Islands.

The official color of the Field Artillery is red—the red of romance and thrilling action. The color adorns the hat-cornic of the artilleryman in the field and decorates brilliantly his dress uniform. And it is the color of the guidon carried at the head of each marching battery of Field Artillery.

For the man who wants to learn as well as earn and travel, the Field Artillery offers many interesting opportunities for acquiring expert training and experience in many varied trades and skills. The care and training of horses in the horse-drawn units is one of the specialties. Thousands of men are trained each year in motor mechanical trades, in radio and telephone work, in the use of optical instruments. Men are given opportunities to learn carpentry, horse-shoeing, machine work, cooking, map-making, clerical work and many other useful occupations for military or civil life. And the pay is good and promotions rapid, for the Field Artillery is one of the most rapidly expanding branches of the modern United States Army.

## Like Columbus, He Landed Oct. 12, Opened New Land; The Result Is Sand Springs, With Thirty Families

Mark the date. It was October 12. That's the day a fellow by the name of Christopher Columbus made a big discovery and opened up a new land.

That's the day a fellow by the name of W. H. Gillem opened up a new land, too. On a smaller scale, of course, but in quite a remarkable way, just the same.

The year 1938 was the year of Gillem's pioneering. He had been a merchant and filling station operator in various West Texas

towns—Big Spring, Post, Abilene, and finally at Coahoma. He had his ups and downs, and through it all he had to pay rent, something he found burdensome.

Over in Coahoma, he looked about for a "little piece"—you know, the plot of ground, the home, the conveniences everybody looks for. He looked west and decided that a flat of sandy land—"shinney" you might call it—on the new highway between Coahoma and Big Spring might be the place. It wasn't a very attractive loca-

tion; a stretch of sand dunes, no water, no vegetation, no nothing. In fact, some people told W. H. Gillem he was a step beyond the foolhardy, to attempt to make a living out there in the windy open spaces. But Gillem, a jovial chap who can take his share of work and trouble, went ahead. He bought a piece of land from J. R. Merrick, out a few miles from Coahoma, seven miles west of Big Spring.

He opened a cafe, store, tourist camp and filling station, on the north side of the highway. What's more important, he drilled a well and got water.

His well is only 26 feet deep, and out of it comes water that by state tests is 100 per cent pure. As a matter of fact, the water has been so good that it has had word of mouth advertising until some 40 people of Big Spring go out regularly to get water from Gillem's well. He's glad to give it away.

The sandy land out around Gillem's place, with the shallow water, proved to be productive. Gillem and his wife set out grass, trees. Whereas the sand was so heavy a couple of years ago that you couldn't get a car through it, the whole Gillem acreage is covered today with a thick Bermuda turf. He has a patch of black-eye peas that looks like it would produce enough to feed one of Uncle Sam's national guard units all summer. He has trees—trees of good size—all over the place: locust, chinaberry, Chinese elm, cottonwood; and pecan and walnut and cherry.

Some of them he bought, others he set out from branches; a couple have even grown from seed. The thing is, they're all growing. There are 144 trees on Gillem's two-acre tract, all put there since he moved out in October, 1938.

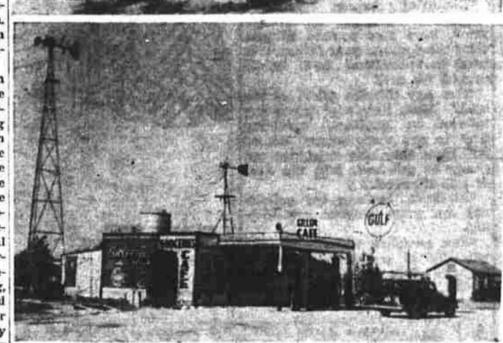

Gillem wanted other people to share his new life. He originally had 13 acres, disposed of some of it. He talked and persuaded other people that out in the "sand flat" they could live cheaply, grow things—and pay no rent.

Today, thanks largely to Gillem's efforts, there are some 30 families living along a mile stretch of the highway. Some six houses are owned by men who work at the Corden refinery, near Big Spring and only a few miles away.

With what amounted to a new town, Gillem decided it ought to have a name, conferred with the county agent and others. The title "Sand Springs" was the result. There was sand there, as nobody would deny. What few people did know was that, a few hundred yards south of the highway there is a strong, flowing spring, an underground stream (probable source of the shallow water) that crops out of the ground. It has a good supply, and is good water.

Sand Springs it is. There's a telephone line, a gas line. There's mail service, because Gillem went to the postal authorities and got a rural route changed to service his community. There will be, soon, possibly, an REA line to provide electric power. The Sand Springs folk are signing up for REA participation.

So here's a new community, growing out of the shinnery land, thriving on highway traffic, shallow water, and productive soil, with comfortable houses and no rent. There may be an incorporation some day, and if there is, the mayor of Sand Springs would probably be W. H. Gillem. For he's the fellow who, like Columbus, opened up a new land on October 12.

THE MAYOR OF SAND SPRINGS might some day be the title for W. H. Gillem, pictured above with his wife and their granddaughter, Donna Rae Houston, because Gillem blazed the way in opening a highway community in the sandy lands between Big Spring and Coahoma, a community that now numbers 30 families—people who own their own homes and their own garden tracts, with shallow water to irrigate. The community was non-existent two years ago, became "Sand Springs" after Gillem persuaded others to join him in his settlement. Below is pictured his cafe, store, and filling station. At the rear is a tract well sodded with Bermuda grass, and with flourishing trees. To be seen are the windmills that draw the all-important water, from a depth of 26 feet. (Photo by Kelsey.)

### Margaret Whaley Resigns Post To Go To Corpus

Announcement of the resignation of Mrs. Margaret Whaley as secretary to the county commissioners court was made Friday by County Judge Charles Sullivan, who said Miss Alta Poindexter has been named to succeed Mrs. Whaley on Sept. 15.

Mrs. Whaley, who has held the secretaryship for the past ten years—through three county administrations—is to move to Corpus Christi to join her husband, Searcy Whaley who is employed with a finance company there. One of the most gracious and accomplished workers around the courthouse, Mrs. Whaley Friday was receiving well-wishes of many who have had business relationships with her office.

Miss Poindexter has worked for the past several months in various other courthouse offices.

War Casualties

America may be able to escape war through adequate preparedness, but European hostilities already have laid a heavy hand upon this nation's domestic economy.

The outlook for wheat and tobacco is relatively no better. Great Britain—normally the United States' best customer for farm products—is trying to fill its needs from British commonwealth of nations resources and thus save foreign exchange to buy armaments.

"Well now pet, you can't learn. It come in one of those there antimotious telegrams. I'll get it, but mind you, never a word of my showing you!"

Solemnly Constance went through the ritual of secrecy, then hugged Meg's arm, unaware she was cementing a stout friendship for years to come.

Meg saluted out and back with a conical air of nonchalance, then drew a telegram out from under her apron and stood back while Constance read it.

The wire, Constance thought, was all that Meg had called it in her coined word—antimotious. It was not only anonymous, but written in anonymity. Her face paled and the blue of her eyes turned dark as she read.

CONCHITA CABELLO ENROUTE TO RANCHO INCONGNITO LOOK OUT FOR HER SHE'S AS SHREWD AS OLD MICKY MAHONEY FREEZE HER OUT AND WE'LL SWING THE DEAL FOR YOU WHILE SHE'S ON THE REBOUND

Constance handed the telegram back to Meg without a word.

"I know who sent it, and it hurts, pet."

"It . . . it does hurt, Meg," she agreed.

Don had written that wire. Don was paying her off for refusing to save his car.

## NO-THIRD-TERM PARTY GAINS SUPPORT

HOUSTON, Sept. 6 (AP)—General Chairman, Mike Hogg today announced that representatives from five more senatorial districts of Texas were added to the executive committee of the no-third-term party.

With these additions, he said, the committee now totals 24 members. Seven more will be appointed.

The new appointments, Hogg said, were: E. L. Kurtz, of Kelly, third district; T. P. Hoffington, Navasota, fifth district; Ralph Briggs, Athens, sixth district; Dr. C. P. Bevil, Galveston, seventeenth district; John A. March, San Angelo, 20th district.

The no-third-termers seek to prevent President Roosevelt's re-election and to promote the cause of Wendell Willkie.

Mrs. David I. Peterson and Shirley and Ida Mae of Mesquite returned to their home Friday after visiting Mrs. R. A. Slaughts.

Second Corps Area To Furnish Largest Quota In First Army Draft

WASHINGTON, Sept. 6. (AP) — The second corps area, embracing New York, New Jersey and Delaware, would furnish the largest quota of the first 400,000 military trainees under the senate version of the Burke-Wadsworth selective service bill calling out men from 21 to 30, inclusive.

THE WRONG TRAIL

BATON ROUGE, La., Sept. 6. (AP) — The sheriff is looking into the pedigree of two of his blood hounds. One, called upon to follow the scent of a man who threw a dynamite cap under an oil refinery, apparently picked up a lead. With the posse following, the dog ran straight to a hamburger stand and stopped.

Another was taken to Columbia, La., to hunt for six escaped convicts. The dog found the fugitives all right but struck up such a warm friendship with them that they had to tie him to a tree to get rid of him. Officers rescued him.

Wallace Stumping The Corn Belt In Informal Fashion

SPRINGFIELD, Ill., Sept. 6. (AP) — Henry A. Wallace is stumping the corn belt in informal fashion. Without fanfare, the democratic vice presidential nominee is moving around Illinois by automobile, making speeches in the smaller agricultural communities, meeting the local party leaders and chatting intimately with farmers about the corn-hog program.

No special train is needed to accommodate his entourage, no radio hookups carry his words beyond the fringes of the crowds. His speeches are extemporaneous and everything else about the tour shows a lack of formality.

His Illinois itinerary is taking him 1,100 miles in five days with a dozen speeches sandwiched between overland jumps. Wallace plans to make the same kind of tours in Nebraska, Minnesota, Indiana, Iowa and perhaps other states.

Usually the candidate can get all of his official party in one sedan. With him are two close friends and farm program supporters, Rep. Marvin Jones of Texas, chairman of the house committee on agriculture, and Clifford V. Gregory, of Des Moines, associate publisher of the journal 'Wallace's Farmer,' formerly published by the Wallace family.

Others in the party are James Lecron, the candidate's secretary; Wallace's son, Robert, 20; and J. H. Lloyd, Illinois director of agriculture. Accompanying them are a half dozen newsmen.

OTHERS FROM COUNTY ENLISTED IN ARMY

Additional enlistments in the army from Howard county are reported from the El Paso headquarters of this recruiting district. Among youths most recently assigned are: John G. Goldiron of Big Spring, to Normale, quartermaster depot at San Antonio; and R. M. Stroup, K. K. Coffman and Marvin F. Dunivan, all of Coahoma, all assigned to the quartermaster corps at Fort Bliss.

The annual payroll of employees of federal, state and local governments is about \$6,000,000,000.

Driver's Headlights Often Fool Him Into Mishaps

STATE COLLEGE, Pa., Sept. 6. (AP)—An automobile driver's own bright headlights can fool him into accidents.

This finding about night driving risks, made in a new study at Iowa State college, was announced to the American Psychological Association here today by Dr. A. R. Lauer. The university set up some photo-electric cells, which measured in terms of light just what the drivers were able to discern.

They showed, for example, the changing brightness of the beams of its own headlights spreading out in front of a speeding car. This brightness, on the pavement six feet in front of the car, was 50 foot-candles. At 20 feet in front it was only half that brightness, and at the safe stopping limit ahead, 600 to 700 feet, only one twelve-hundredths of the close-by brightness.

"Thus," said Dr. Lauer, "a driver is often fooled by the high intensity of his light near at hand resulting in overdriving the safe visible distance ahead."

The recent Iowa tests cast a doubt, he said, on the safety of reducing the size of headlight lenses, which he declared is happening in the newer lamps.

Knew What He Was Talking About

OKLAHOMA CITY, Sept. 6. (AP) — "But I wasn't born in Oklahoma," persisted a negro trying to register as an alien.

Yes, the official replied, one could tell by the Alabama accent. "But I'm an African." The official (one must be patient) laboriously explained that African descent didn't mean one wasn't a citizen.

At the door, the negro paused. "I was born," he said desperately, "in Monrovia, Liberia, Africa." "Oh-h-h-h," a small voice said. "Name, please."

PRODUCTION SLASHED

AUSTIN, Sept. 6. (AP)—The University of Texas Bureau of Business Research reported today Texas cement plants had slashed production almost 25 per cent in July, turning out only 522,000 barrels as compared with 672,000 during June.

Records showed the July output was 142,000 barrels under that of July a year ago.

REUBEN WILLIAMS IS APPOINTED TO INSURANCE POST

Reuben Williams, a former resident of Big Spring, has been named by Governor W. Lee O'Daniel as state casualty insurance commissioner to succeed R. G. Waters, resigned. A full term as a member of the three-man state insurance commission is six years. The job pays \$5,000 a year. Williams' term will expire Feb. 10, 1941. He served as secretary to the governor until last May when he resigned to become campaign manager for O'Daniel in his race for re-election. Williams, who is 31 years old, is the son of the late A. Williams who formerly operated a dry goods store in Big Spring.
