Defense Calls Witnesses

Defense Attorneys Woodley, Gray and Pullman began calling up witnesses Monday in the Organized Crime Trial in 91st District Court with allegations and accusations heating up the case.

On trial for the abduction-murder of Debra Garcia of Cisco are Pat Starr, Brenda Andrews and Richard Hinton. At least two others are expected to be tried later.

Charles LeFlore and his brother, Thomas Le Flore were convicted of the crime in 1982 and 1983, and are serving lengthy terms in prison.

Special Prosecutor Bill Hart rested his case against the three defendants last Friday. Toward the end of that day's testimony Bobby Laird, a jail trusty at the Eastland County Jail, alleged that the District Attorney Emory Walton had been bribed in the case.

Court opened Monday morning with Attorney George Gray informing Judge Herman Fitts of an article printed in the Abilene Reporter News last Saturday morning.

He expressed the opinion that District Attorney Emory Walton should be held in contempt of court for giving statements to a reporter for this paper. He reviewed the "gag order" on courthouse personnel.

Judge Fitts did not cite Walton, saying that he could not hold a witness until they

have been instructed.

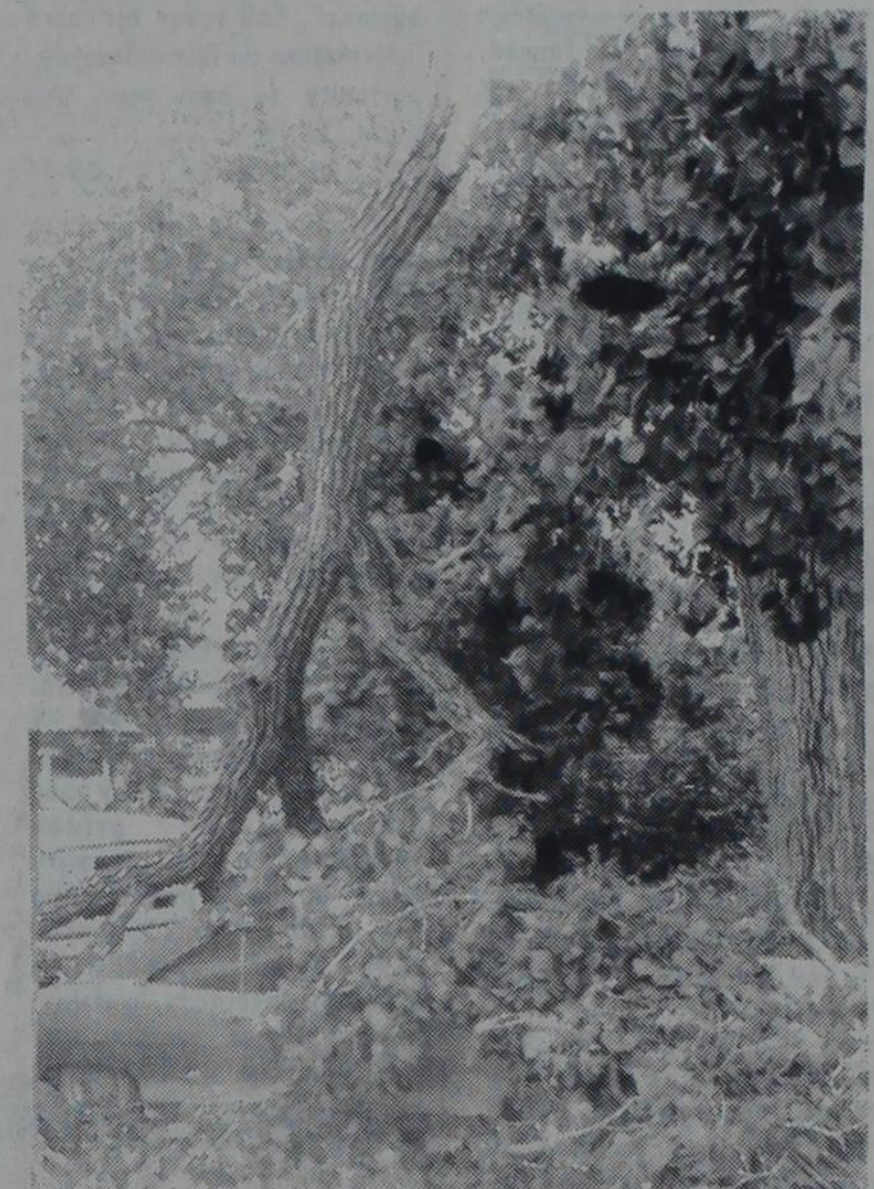

The Defense Attorneys then joined in a motion for a mistrial, citing lack of evidence. This was overruled by Judge Fitts.

The jury was brought in at 10 a.m., Monday, but stayed only a few moments. This happened more than once that morning.

David Cunningham, once employed by Attorney Hart as a private investigator in the Garcia case, was called to the witness stand. After considerable discussion as to the value of the testimony of Cunningham, the Investigator was allowed to review his files before testifying.

Monday afternoon continued with witnesses and

Rainfall Continues, So Does Damage

A large branch broke off the cottonwood tree located east of what used to be the Simpson laundry and pierced the trunk of a car owned by Willie and Sue Vandivere last Wednesday evening.

Mrs. Simpson said the tree was planted in 1900 by the late Mack Gibson.

Rain fell in fits and starts last Wednesday beginning at 5 p.m. and continuing several hours. Two inches of rain were reported.

Thunderstorms began rolling over Rising Star at 4:30 p.m. Thursday and continued through the night. Lightning and thunder, hail and high winds came every few hours keeping many residents awake through much of the night. Four and a half inches of moisture were reported for Rising Star.

Midway between here and May less rain fell, but two inches of the two and a half reported came in a torrential downpour in a short period of time.

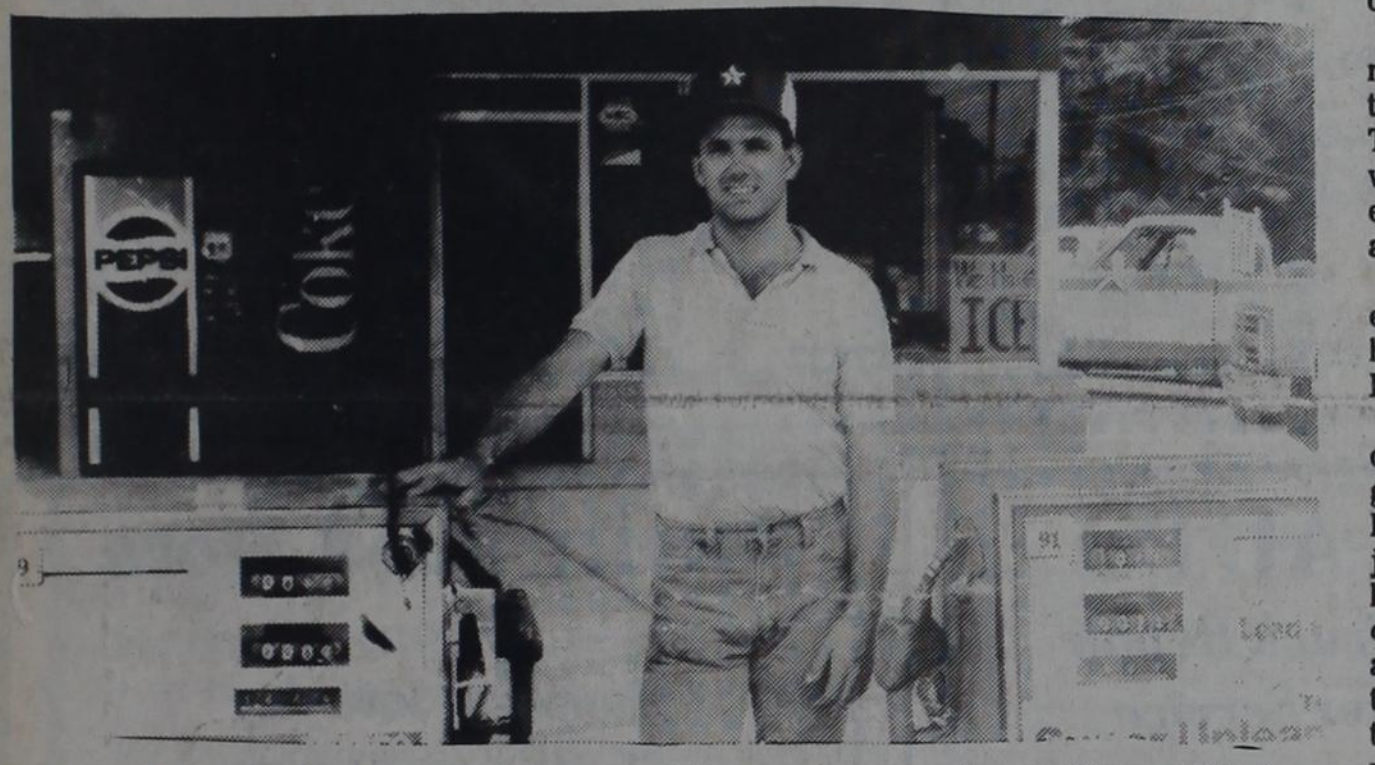

A trace of rain was reported Sunday and again Tuesday.

Light rainfall began falling in the early hours of Wednesday and was continuing at 8 a.m.

Some Rising Star residents are beginning to make odd, quacking sounds.

David Cooper New Texaco Manager

David Cooper is the new manager of the Texaco service station on West College, open Monday through Saturday from 7:00 a.m. until 5:30 p.m. and closed Sundays. The telephone number is 643-1805.

Cooper's Texaco will continue to offer services such as flat fixing, oil changes, lube jobs and car washes. Batteries and other automobile accessories are in stock at the station.

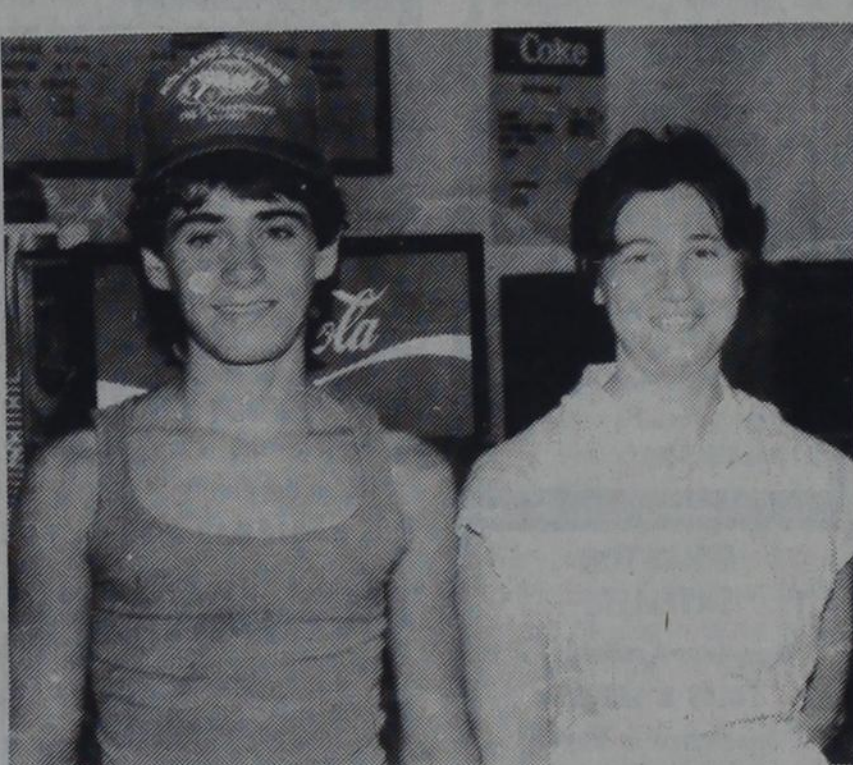

David invites all his customers to continue patronizing the station, which has both full-service and self-service pumps.

Star Pizza Is Open for Business

Jimmy helps his mother, Linda Evans, by making the free deliveries of food orders offered by the Star Pizza.

Star Pizza, located in the 100 block of East Smith Street in the building that used to be a laundry, is owned and operated by Linda Evans. Hamburgers, cheeseburgers and French fries are served in addition to pizzas. Pizzas come in three sizes with a variety of toppings, on dough that is made fresh daily.

Realizing that a number of Rising Star residents do not have transportation, Linda offers free delivery in town on any order. She plans to add fish and chicken orders to go in the near future.

The cafe is open from 11 a.m. until 9:30 p.m. Mondays through Thursdays and from 11 a.m. until 11 p.m. Fridays and Saturdays. It is closed Sundays. The number for call-in orders is 643-7005.

Star Pizza has several video games, foos ball, a pool table, a juke box and television.

Linda said she has worked in cafes since she was 15 years old and she has had ten years' experience in managing food service businesses. She is helped by her sons, Ronnie and Jimmy. Ronnie helps out with the cooking and both he and Jimmy make deliveries.

Rising Star and area residents are invited to come by Star Pizza or to call in your orders for pick up or free delivery.

Contel Givesto Park Fund

Johnny Lee delivered a check for \$100 from Contel of Texas to the Rising Star Park Committee Chairman Mrs. LaQuita Lucas for use in the Colquitt E. Williams Memorial Park fund.

Mrs. Lucas expressed thanks to Contel of Texas and said the money will be used for repairing the merry-go-round and painting it and other park equipment.

Contel had contributed the same amount two years ago when the Park Committee spearheaded efforts to clean, paint and generally beautify the park. More playground equipment was added at that time.

Proctor Lake Rise Continues

Runoff from recent heavy rains on the Sabanna and Leon Rivers continues to cause higher than normal levels at Proctor lake, which is operated and maintained by the Fort Worth District, U.S. Army Corps of Engineers. As of May 29, the lake is nine feet above conservation

pool, affecting lands around the lake and causing potential danger for some people and property. Because of flooding in the downstream areas, no releases are being made at this time. Stored flood waters will be evacuated as soon as downstream conditions permit. The public is warned to

use caution when approaching low water crossings and adjacent lands to the Leon River downstream of the dam.

You May Leave It To Us -

...to see that your title index records are kept up to date for that has been our business for many years. The land owner who makes it a practice of bringing his abstract to us for an occasional check has found that it pays off in dollars and cents. A title has some characteristics of the human body in that it has to withstand the ravages of time. While time may cure some titles, it destroys many others. Don't neglect your title.

"YES, THERE IS LIFE AFTER BREAST CANCER. AND THAT'S THE WHOLE POINT!"

-Ann Jillian

A lot of women are so afraid of breast cancer they don't want to hear about it.

And that's what frightens me. Because those women won't practice breast self-examination regularly.

Those women, particularly those over 35, won't ask their doctor about a mammogram. Yet that's what's required for breast cancer to be detected early. When the cure rate is 90%. And when there's a good chance it won't involve the loss of a breast.

But no matter what it involves, take it from someone who's been through it all. Life is just too wonderful to give up on. And, as I found out, you don't have to give up on any of it. Not work, not play, not even romance.

Oh, there is one thing, though. You do have to give up being afraid to take care of yourself.

Get a checkup. Life is worth it.

County Included in \$300 Million Highway Improvement Program

BROWNWOOD-A \$300 million program to improve roadways throughout Texas was approved at the May meeting of the State Highway and Public Transportation Commission. About 140 of the project involve upgrading roadways to current standards, Stotzer said. Other projects include resurfacing, repair work, and some safety improvements. The majority of the projects will go to contract during the next 21 months.

In Eastland County, a project to rehabilitate the surface of selected ramps on Interstate 20 from the Callahan County line to near FM 570 has been included in the program.

Bryan Neaves of Eastland will be the Highway Department resident manager in charge of the project.

'23 Murder Trial Set Records

A murder trial in Eastland County 64 years ago set at that time and concluded with a guilty verdict and death sentence.

Judge E.A. Hill of the now-abandoned 88th District Court read the verdict at 12:07 a.m., after the case went to the jury at 8:50 p.m. on a Saturday. It was the second time in the history of the county that the death penalty had been assessed. The first case, several years earlier, resulted in a new trial being granted, and the punishment was made 99 years.

The second death-sentence case, described in detail in a Nov. 4, 1923 issue of the Eastland Oil Belt News, had a somewhat different ending.

According to a local citizen who supplied the old newspaper, said that this defendant later had his sentence commuted to life, served four years, escaped and so far as is known, was never heard from again around here.

The Oil Belt News described the case as establishing a record for the number of witnesses—63; for the time required to present the evidence—three and a half days and three night sessions; and for the great attendance throughout.

There are many family names in the account of the trial: Senator Joe Burkett, special prosecutor; Assistant County Attorney Gilvie Hubbard; Defense Attorney T.J. Cunningham; Sheriff Barton, Deputy Sheriff Jamison, and Policeman Spahr and Graham.

"Elzo Been, another special prosecutor, made the opening address, in which he outlined the State's case forcibly and eloquently.

He reached emotional heights and brought tears to the eyes not only of relatives (the murder victim), but to the eyes of member of the audience. He spoke in part as follows: (and thereafter three columns of solid type quoting his opening remarks complete.)

"In concluding, Mr. Been asked the death penalty, denouncing the murder as being without extenuating circumstances.

"Let (the defendant) pay the penalty with his life. We promise him that when the parting comes, his loved

ones will be allowed to be near—though (the victim) was murdered with no one near at the last moments. We promise (the defendant) a better resting place than the one he provided for (the victim)" — lifting up the twisted piece of barbed wire found near the victim's body. "We promise (the defendant) a better resting place than the one he provided for the victim — a trench in a lonely thicket far from home and family, where wolves prowled and snakes hissed and there the body lay smoldering away for seven long months."

"Defense Counsel Cunningham then addressed the jury. He was followed by County Attorney Barnes who spoke forcibly 45 minutes.

"Another defense counsel, Judge B.D. Shropshire, who made a strong battle throughout the trial

delivered a powerful plea for the defendant.

In this case, the victim's body had been found in another county, and the jury was admonished to return a "not guilty" verdict unless they each and every one were convinced that the murder had occurred in Eastland County.

"It is probably the most dramatic case in the annals of Eastland County and in some respects without a parallel in the history of the State. The evidence relied upon by the State was entirely circumstantial but the prosecution did not hesitate to ask the death penalty. The defense sought to shift the shadow of suspicion on the shoulders of the defendant's brother, and the brother's testimony was one of the main links in the chain of State's evidence."

Proctor Lake

Continues To Rise

Runoff from recent heavy rains on the Sabanna and Leon Rivers continues to cause higher than normal levels at Proctor Lake, which is operated and maintained by the Fort Worth District, U.S. Army Corps of Engineers.

As of May 29, the lake is nine feet above conservation pool, affecting lands around the lake and causing potential danger for some people and property. Because of flooding in the downstream areas, no releases are being made at this time. Stored flood waters will be evacuated as soon as downstream conditions permit.

The public is warned to use caution when approaching low water crossings and adjacent lands to the Leon River downstream of the dam.

Senior Center News

Last Thursday was a good day at our Center. Some forty nice people enjoyed a delicious noon day meal and fellowship together. A few visitors were with us-we hope they enjoyed being with us, for we always love to have them and hope for their return.

We did decide on some business. It has become necessary for us to sell the Senior Citizens' bus. Anyone who would like to inspect the bus may do so on any Thursday. We will be taking sealed bids and bids will be opened at a later date. No date has as yet been set. The bus motor is in excellent condition, it has five almost new tires, and the battery is good. Watch for an ad from the Center in a forthcoming newspaper.

As to the news: The Star-brite Band played at the Rising Star Nursing Home for their monthly birthday party. The band also played at De Leon last Thursday afternoon. It is wonderful to have our band working again and cheering those lovely folks in the nursing homes. There were fourteen band members who traveled to De Leon, including Deward and Willie Lee Maynard with

their fiddle and guitar. I wish I could have been there, for it sounds like great fun.

Juanita Hollis and her children, Justin and Christina recently visited her parents, Marion and Marjorie West.

Linda Lancaster's art class made up of Dicie Adams, Zada Henson, and Marj West, has closed for the summer.

Doddie, Rusty and Candace Davis, Woody and Rowena Chambers came by for lunch on Monday.

Alice and Darwell West of Abilene are visiting her sisters, Rada, Mary, Inez and Stella. Wanda and Dale Wolf of Midland have been here for several days, visiting with his mother, Rada King, who is now living in the local nursing home. We, at the S.C. Center, wish for her a pleasant stay at her new home. She has brought so much sunshine wherever she has been through the years.

Jimmie and Judy Robertson of Grand Prairie visited his parents, Inez and Henry Robertson, on the Memorial Day weekend.

That's the news for now, written by Liz, who is filling in for our faithful reporter, Martha, who is ill.

State Approves County Jail Work

Members of the Jail Standards Commission indicated in Austin Wednesday that they were pleased with the efforts of Eastland county officials to bring the jail up to state standards.

Attending the May 27 meeting were County Judge Scott Bailey, County Commissioners Robinson, Christian and Bacon, and Sheriff Don Underwood.

Robert Viterna, executive director of the Jail Standards Commission, viewed material presented by Judge Bailey and James Wheeler, an Abilene architect hired by the County Commissioners. Wheeler spoke on behalf of plans made for jail improvement.

A letter from the Jail Standards Commission in April repeated earlier reports that the county jail had inadequate lighting, a faulty drain, and needed work done in the Inter-Com system.

The jail was brought into compliance on the number of inmates and proper segregation as to offenses early this year.

Along with information submitted to the Jail Standards Commission were plans for the possible expansion of the present jail building.

"We are pleased that the Commission has looked favorably on our efforts here," stated Judge Bailey, upon his return to Eastland. "We will continue to work for compliance of the facility."

RELEASE OF FARM POUNDAGE QUOTA
All or part of the farm poundage quota may be released temporarily or permanently. Quota may be temporarily released for one year only and will provide considered produced credit for that year for the pounds released provided that quota has not been released from the farm in the prior two years.

The final date to release quota is June 15, 1987.
REAPPORTIONMENT OF PEANUT QUOTA
Released quota will be reapportioned to those farms that make a request and meet other eligibility requirements. Request cannot exceed the expected production considering other available quota on the farm.

The final date requesting reapportioned quota is June 15, 1987.
TRANSFER OF PEANUT QUOTA
The final date for spring transfers is June 15, 1987. Transfers filed after that date will be considered fall transfers and the transferring farm must have planted a sufficient acreage to be expected to produce the full effective quota on farm or a transfer will not be allowed.

Producers are reminded that there is no planting requirement for a spring transfer. Those with a large amount of undermarketings may want to consider transferring a portion of their basic quota from the farm and retaining their undermarketings to market the crop.

Transfers of quota do not cause bad history nor does it create good history for purposes of protecting the farm poundage quota from future reductions. Planting a sufficient acreage to produce the farm's basic quota will provide good history for the 1987 crop year.

We are maintaining a register for those interested to indicate their desire to transfer quota by sale, lease, or owner.
