Electric power consumption increased 1.4 per cent. A total of 15 new firms chartered, compared with 88 in July. Livestock shipments stopped their downward trend for 1940. Poultry shipments climbed upward. Postal receipts in 47 cities were 6.4 per cent ahead of August last year and 1.5 per cent above July. The same 47 cities showed a 28.8 per cent gain in building.

INVESTIGATE CRASH FATAL TO PAIR

MARFA, Sept. 26 (AP)—An investigation today failed to reveal the cause of a plane crash that took the lives of Corvill Spence, 24, and William H. Smith, 27. The crash occurred near the Marfa airport late yesterday. Spence, who had 105 flying hours at Randolph Field, San Antonio, owned the plane. Smith was an enlisted man in the quartermaster corps of Fort D. A. Russell. Spence's step-father, Major G. D. Barrens, is quartermaster at Fort D. A. Russell. Smith, a native of Louisville, Tex., was the son of Mrs. Bessie Smith of Denton.

Ford For 1941, Ready For Public Showing Tonight, Larger, Roomier, Has Refinements For Better Riding

1941 Ford Super DeLuxe Fordor sedan. Like the rest of the new Ford line, it is larger, easier riding, and more beautiful outside and in.

The new Ford line is released for public inspection today. A special preview showing is announced for tonight at the Big Spring Motor company, local dealer.

There has been a lot of advance discussion of changes. And changes there are, starting off with a considerable increase in size for the Ford V-8's, DeLuxe and Super DeLuxe.

Here 'n' There

Mrs. W. J. Jackson, head of the Coshoma home demonstration women, says more canning is going on in that section than in several years. To make matters even more active, club women are engaged in supervising a mattress program.

Billy McElroy, district liquor control board supervisor, says counterfeit beverages seized in this district are resold, proceeds going to the old age pension fund. Beers are sold to highest bidders locally, whiskies and wines must go to Austin.

Gregorio Roldon and wife are keeping the county clerk's office busy these days digging up birth certificates. They only had 13 children. Curiously, all save two were registered, a mark equalled by few families hereabouts.

Proceeds from a clean up of soft machines in Colorado City recently has been divided between welfare agencies and the amount is to be used for welfare work. Big Spring units received some aid from the clean-up.

Mrs. J. E. Brigham, who recently joined the Red Cross knitting school, is generous in her praise of the teacher, Mrs. G. Saville. It seems it only took her five minutes to learn and now she can hardly wait to start on sweaters for the whole family.

A custom at the Farrar school is to give each child a party on his birthday anniversary and the events are reported to the society columns. While this reporting goes on, the children sit with ear to phone and coach the teacher in case anything gets left out.

George Melcar has been doing Boy Scout work so long that Thursday morning when called upon to take the jurors' oath in the 9th district court, he stuck up his right hand in the scout sign.

Harold Akey, Big Spring Mury course pro, gathered his clubs a few days ago and went to Hobbs, New Mexico, where he entered the professional-amateur meet there. He came back with his clubs—but that was all.

MEXICAN HELD

Jose Rivera, Mexican, was held by police Thursday for observation after he was taken into custody in the act of dismantling a negro

shack. He told police he had lived there and had returned to make repairs—but with a crow-bar. Officers said the Mexican talked incoherently. A youth from San Bernardino, Calif., also was being detained for observation at the city jail.

Announcing the big NEW FORD 1941 FORD

In some years, some cars take a big jump ahead. The Ford does that for 1941.

It has jumped ahead in size. It's the biggest Ford we've ever built, inside and out. It's wider. It has a longer wheelbase. Its seating room is wider by as much as 7 inches. It has new wide doors and semi-concealed running boards.

You'll notice also a new beauty, achieved by a skillful blending of mass with longer flowing lines. Larger windshield and windows give better vision all around.

One of its biggest advantages is the new soft ride.

New, slower-action springs give a slow, gentle, gliding movement. A newly designed stabilizer helps absorb road shocks, and maintains balance on sharp curves and in cross winds.

More rapid acceleration to match its familiar speed and power makes this new Ford an even livelier car to drive.

These are only a few of this new car's outstanding features. It represents all the rich experience gained in building more than 28 million motor cars.

Any Ford dealer can give you many good reasons for making this your 1941 car.

40-Hour Week Into Effect Next Month

WASHINGTON, Sept. 26. (AP)—A 40-hour work-week with time-and-a-half for overtime becomes the law of the land four weeks from today, supplanting the present 42-hour standard for all employers and employees covered by the wage-hour law. The law applies only to those engaged in interstate commerce.

The change in employment standards on Oct. 24, labor economists said, probably will have little effect on job conditions for most of the nation's workers.

Statistics indicate most workers are on a 40-hour week or less, the U. S. Bureau of Labor reporting that in July the average work week in manufacturing industries was 37.8 hours.

A year ago when the wage-hour work week standard dropped from 44 to 42 hours a week, wage-hour officials reported that 2,380,000 workers would have their work week shortened by two hours.

Labor economists estimate reduction of the work week to 40 hours will be felt especially by employers in enterprises running close to the margin between profit and loss.

They have expressed concern over the possibility that in some cases the 40-hour week will mean reductions in weekly pay, especially for hourly paid workers who will lose two hours under the new standard unless they continue on the 42-hour plan and are paid time and a half for the extra two hours.

Citrus Men In Agreement On Wages-Hours

WASHINGTON, Sept. 26. (AP)—The wage-hour administration announced today citrus fruit packers and canners from Florida, Texas and California had reached an agreement with the agency on a cooperative program to obtain compliance by the industry with wage-hour law standards.

The two sides which have had prolonged disputes over the law and regulations issued under it will now work together, the announcement said, on the joint enforcement program.

Details of the agreement and enforcement measures to be taken by each side were not disclosed.

Since the early days of the wage-hour law, the citrus industry has attacked agency regulations which defined and redefined the area of production within which citrus packing and processing were exempt from the law.

Growers and packers outside the exempted area frequently charged that the narrow scope of the exemption area gave those within its boundaries an unfair competitive advantage in the marketing of citrus fruit.

Faster-Action Brake Designed For Autos

MINNEAPOLIS, Minn. (UP)—A device which enables a driver to start braking his car in one-eighth of a second may reduce traffic hazards, according to Stanley E. Anderson, Superior, Wis.

His "gadget," as he calls it, combines an accelerator and brake pedal.

At 30 miles an hour the average driver travels 33 feet before he can jam on the brakes, but with Anderson's invention the time is cut to only five and one-half feet, a demonstration in the Twin Cities disclosed.

The accelerator is mounted directly below the brake; both are operated by one master pedal which fits the driver's shoe.

South Carolina Forests Will Be Improved

COLUMBIA, S. C. (UP)—The U. S. Forest Service is expected to follow an expanded four-point program in South Carolina national forests this fiscal year.

The program will include erosion control, further construction of recreation areas, fire fighting and setting out of new trees.

Tree planting, ground cover planting, gully work, and terracing will come under the erosion control feature, according to plans outlined to state foresters by regional officials.

Two new recreation centers with extensive lakes and picnic areas are to be constructed in Abbeville county and in Pickens county.

Birth Odds Favor Boys
MONTGOMERY, Ala. (UP)—The average American family has odds "slightly in its favor" that its expected child will be a boy. This observation was made by the Alabama state health department from a special study of births in the past three years.

White House Peanut Vendor To Become 'An American 100 Pct.'

WASHINGTON, Sept. 26. (AP)—Steve Vasilakos, peanut vendor who's closer to the White House than any other business man in America, admitted today he is the happiest man in the nation.

"Right soon next Tuesday," said the man who has peddled peanuts to presidents for more than 20 years, "I am an American 100 per cent—papers and all."

Steve got to good news in a government envelope and celebrated by stuffing the White House squirrels and birds with free handouts of his best merchandise.

"This exam," he said, "was one tough business, but I say to myself he's right because look what a man gets—he gets this beautiful, wonderful country!"

Vasilakos came to the United States from Greece in 1910, took a

flunked it. Desperately he went back to his books. He took the examination a third time and yesterday they told him he had passed—but with a struggle.

"Now after soon," rejoiced Steve, "I can say 'I love my country'—not just 'I love this country.'"

British Women In Argentina Use Card System To Avoid Buying Products Made By The Enemy

By HAROLD K. MILKS
BUENOS AIRES (Correspondence of the Associated Press)—Brightly colored cards peeping from the purses of British women—and many North Americans and Argentines as well—were not for bridge.

They're a part of the more serious game of war as played on this side of the Atlantic.

The cards, postcard size, and in packets of 11 covered by a transparent envelope, are streamlined versions of the British official "blacklist" designed to discourage purchases of products originating in the countries of Great Britain's enemies, Germany and Italy.

During the early months of the war the blacklist question became a confused one due to misunderstanding of brands, types, and origins of many products. Then some astute official thought of appealing to pro-British women.

Long, cumbersome lists were distributed. In their places came the cards, neatly printed on both sides, packed in the transparent envelope for convenient use.

Each card lists brand names of popular products, such as cosmetics, foods, automobiles, bicycles, razor blades, drugs, classifying each list by the country of origin. The divisions include "Britannica"—that one comes first on each card—"Aleman" (German), "Norte-

americans," "Japones," and "Argentinia."

Sponsors of the project say all British women in Argentina are using the cards as marketing guides to avoid purchasing enemy products. Many Argentines, North American, and other pro-British residents of Argentina have asked for sets of the cards.

The cards avoid mention of "blacklist." Its idea, explained the sponsors, is to show where the various brands originated, and let the buyer take her choice.

Delinquents Pass IQ
WILMINGTON, Del. (UP)—Intelligence tests conducted by the mental hygiene clinic of the Delaware State Hospital show that few delinquent children are feeble-minded. A report on the tests by Superintendent M. A. Tarumian disclosed that only 4.35 of the youths referred to the clinic by the Juvenile Court as delinquents were found to be feeble-minded.

Minor Loop Teams Wander Far Afield

By The Associated Press
Texas colleges have a full schedule this week, two of them trying to crack top-ranking southwest conference teams and others playing over an area of seven states.

Texas A. and I. of the Alamo conference tackles Texas A. and M. and North Texas State of the Lone Star loop plays Baylor.

Texas Mines of the Border conference plays an inter-sectional game with the University of North Dakota.

Teams from Oklahoma, Louisiana, New Mexico, Arizona and Arkansas furnish the opposition for Texas Tech, McMurry, Stephen F. Austin, Howard Payne, West Texas State and Trinity university.

The schedule:
Thursday night: Daniel Baker vs. St. Mary's at San Antonio.

Friday night: Howard Payne vs. New Mexico A. and M. at Las Cruces, N. M.; Texas Tech vs. Oklahoma A. and M. at Oklahoma City; Schreiner vs. Southwest Texas Teachers at San Marcos; Southwestern Louisiana Institute vs. Stephen F. Austin at Nacogdoches; West Texas State vs. Arizona State at Amarillo; Arkansas State Teachers vs. Trinity at Washachie.

Saturday: Texas A. and I. vs. Texas A. and M. at College Station; University of North Dakota vs. Texas Mines at El Paso.

Saturday night: North Texas State vs. Baylor at Waco; East Texas State vs. Abilene Christian college at Abilene; Southwestern vs. Texas Lutheran at Georgetown; Texas Wesleyan vs. Sam Houston at Huntsville; McMurry vs. Southwestern Oklahoma Teachers at Durant, Okla.

SPORTS ROUNDUP

By EDDIE BRIEZE
NEW YORK, Sept. 26 (AP)—Since coming into the American league Bobby Feiler has whiffed nearly 1,000 batters, but Birdie Tebbetts of the Tigers isn't one of 'em.... The rumor foundry has it that Babe Ruth has made up his mind that managing in the minors is better than managing at all and is definitely out for the job at St. Paul.... Red Barber, the sportscaster, may take a fling at vaudeville this fall.

TODAY'S GUEST STAR—Art Cohn, Oakland (Cal.) Tribune—"Ernie Lombardi of the Reds has just been made an honorary member of the Cincinnati fire department.... I guess old Snooz is just about at the peak of his career, huh?"

Hope we're wrong, but we'll have to string along with Maxie Baer against Comiskey tonight.... By the way, the fisticuffing will not be aired.... Your well-dressed football player this night will wear equipment costing \$36.50.

O. K. B. L. U.—Dick Parker of Bridgeport, Conn., comes up with this one: "It is only fair the west coast should have the Farr-Louis fight.... After all, New York has had its share of sickeled series, so why shouldn't Los Angeles have a five-cent prize fight?"

It's that old sentimental stuff again, dang it! BH Guthrie, president of the hard-boiled American association umpires, gave a pair of shoes to the baby of Catcher Otto Denning of the Minneapolis club.... How those boys have grown!.... Forty members of the Marquette grid squad are one inch taller and 15 pounds heavier than they were as high school seniors.

OVERHEAULING JOB—Ed Head, the Dodger flinger, began as a southpaw.... He broke his pitching arm in an auto accident several years ago.... His career was curtailed until Carlos Moore, who managed the Houma (La.) club this season, took him in tow and made a right-hander out of him.

Tigers Ace-High In Pennant Race

By JUDSON BAILEY
The American league has reached the showdown stage in its pennant struggle and the Detroit Tigers are holding the ace. The double victory over the Chicago White Sox yesterday was all they needed. They can eliminate the Cleveland Indians by winning any one of the three games the two teams have with each other this week-end. And they either can brush off the New York Yankees by winning two of them, or they can wait

for the world champions to wear themselves out.
The standings today are:
Games To Detroit 89 62 .589 3
Cleveland 87 64 .576 2 3
New York 84 64 .568 2 6
It is apparent neither Cleveland nor New York can win except through Detroit losing two games to come down to their level in the pennant race. As far as Cleveland is concerned the Tigers must lose three because whatever they don't lose the Indians will.

Steers Have Stiff Session On Maneuvers

Big Spring's Steers were put through offensive play paces yesterday afternoon in preparation for the tilt with Lubbock's West-erners Friday night. Coach Pat Murphy, in view of the confusion encountered by the Steers in their duel with Austin high school of El Paso, concentrated mainly on a stiff session of running through maneuvers that will be used against "Goober" Keyes' Bad Men of the Plains.

In regard to physical condition, the Bovines are ready to sail against the Plainsmen. Guard Hal Battle, being the only one to receive a troublesome injury last Friday, is not expecting to be handicapped by his week-old game foot.

It was planned to make some changes in backfield formations, substituting a punt formation for the staggered box used in the two previous games this season, but, as things now stand the Murphys will mainly make use of a box to the right or left. Lubbock has not depended much on a passing attack so far this year, making practically all yardage by running. If such is the case in Friday night's game, Big Spring should be able to make a better showing, regardless of the score, than last Friday, having a forward wall with plenty of poundage to be moved before a play can break through.

Probable starting lineup: Nations and Stewart, ends; Nance and Patton, tackles; Battle and Barton, ends; Kauch, center; Brummett and Collins, halfbacks; Bostick, quarter; Presley, full.
Carl Coleman will take his Yearlings to Lamesa for an opening game there. Judging from practice appearances, Coleman has some boys who are going to be welcome recruits for the Steer squad in a year or so.

The Yankees could get a tie by winning their remaining games if Cleveland knocked off the Tigers in two or all three games. In the first case it would be a deadlock with Detroit and in the second with Cleveland. The champions have won six in a row and to expect them to win six more in four days is stretching the imagination even against Philadelphia and Washington.

They have a doubleheader today with the A's while Detroit and Cleveland grid for their final series opening tomorrow in Cleveland. The Indians kept in the pennant fight yesterday by beating the St. Louis Browns 4-2 as Al Milnar bested Vernon Kennedy in a hurling duel.

The Tigers took two thrillers from the White Sox who have won 13 of their 20 previous engagements. Buck Newsom got credit for both, bringing his victory total to 21 for the year. The scores were 10-9 in 10 innings, and 2-2. Newsom went in as relief hurler in the opener and went the route in the second.

The Cincinnati Reds divided a doubleheader with the St. Louis Cardinals, taking the first game 5-0 with Junior Thompson pitching magnificent two-hit ball. Johnny Mize notched his 42nd home run to lead the Redbirds to a 4-3 decision over Bucky Walters in the second game.

The Chicago Cubs captured both ends of a twin bill from the Pittsburgh Pirates, 2-1 and 6-4, and moved within one game of fourth place in the National league.

WASHINGTON, Sept. 26 (AP)—Senator Thomas (D-Okla.) has proposed that congress appropriate \$4,320,000 to pay off, at the rate of \$2.40 a bale, holders of cotton pool certificates issued in an early administration cotton control program.

The proposal was offered yesterday in the form of an amendment to the supplemental appropriation bill (HR 10539) when it comes to the senate.

LAMDEUBBERS NOW—With Princeton, Yale and Notre Dame on their schedule before that clash with the Army team Nov. 30, Navy Coach "Swede" Larson and Dick Foster (left), 1940 Navy captain, settle down to football topics at Annapolis. Foster is from Piedmont, Cal.

UCLA Opens Tough Schedule With Mustangs, But Has A Tough Team, Maybe Better Than Last Year

By ROBERT MYERS
LOS ANGELES, Sept. 26 (AP)—The boys come in large sizes at stronger in the line, and while the University of California at Los Angeles, and that's the type it'll bring—

Miss Kenny Washington? What an under-statement! Dusky Washington was half, well, a third, of the U. C. L. A. team for three years.

In Jack Robinson U. C. L. A. has one of the most dangerous running backs in the country. He's been moved to Washington's left halfback spot, and while few believe he'll ever be as valuable a 60-minute hand as Kenny, he's a touchdown threat from any part of the field.

Speedy Ray Bartlett, another negro, goes at right half, Ned Mathews returns at quarter and season-get tough playing pushovers. Let's take on the big ones and get tough, too.

Letting the chips—and two university publicity men—fall where they would, the quiet, confident talking Babe continued: "I think we're going to have a

better team than our unbeaten outfit was last year. We're deeper and the boys come in large sizes at stronger in the line, and while we're going to miss Kenny Washington—

Comiskey Is Favored Over Baer Tonight

JERSEY CITY, N. J., Sept. 26 (AP)—Accompanied by a tidal wave of rumors, a flood of betting on Pat Comiskey hit the money fronts here and across the Hudson in New York today, less than 12 hours before the Paterson Irishman tangles with Max Baer.

One betting commissioner estimated \$100,000 of Comiskey money suddenly had appeared. As a result, the odds on the tussle in the local ball park jumped in favor of the Irish kid with a solid right hand, establishing him as choice at 5 to 7 or 8.

Most of the folks in the know, however, guffawed at the talk of "something doing." Confronted with reports of "business" on Baer, they pointed out (1) Baer and his manager, Axel Hoffman, are reported to have bet more than \$10,000 themselves, on Maxie to win; (2) Baer has a contract to appear in a Broadway show, hinging on his victory in this 15-round brawl, and (3) although the playboy champion is, as always, the question mark of flatland, and that not even he knows how he'll feel when he climbs into the ring about 8 p. m. (CST), he still regards pouncing Pat as a "fresh young punk" to be flattened.

Lamesa Out For 3 Wins In 3 Starts

LAMESA, Sept. 26 (Sp)—With the scalps of Slaton and Roswell hanging on their belts, Coach McCollum's Golden Tornadoes of Lamesa are putting on full sail for the duel with Tahoka Friday night. Time has been spent on aerial maneuvers, polishing the rough spots of an attack that has given satisfactory results a large percentage of the time.

Tahoka is slated to put a strong crew out in the field against the Lamesans, having turned in a fast-moving performance in the two starts they have made this season. Last Friday night, Tahoka edged the rugged Class A Crosbyton grid-ders after being downed by Monahans a week ago last Friday.

Playgrounds Prepared For Fall Season

City supervised recreational centers have been graded in preparation for football and volley ball during the fall and winter, Malcolm Bridges, county and city recreational supervisor, announced.

Also to playground equipment are also being made. Regular football will be played by smaller boys at the centers, touch football will be the game for larger boys, and volley ball facilities will be provided for girls.

Bridges reported tentative plans are now in progress to line up women's clubs and men's service organizations to carry on programs of the same nature as those conducted in the amphitheatre during the past summer. Each group will be responsible for fifteen minutes on each night's program instead of being in charge of the entire week's entertainment. These plans will probably be placed in effect in November.

One of the rural units, Hartwell, which has been closed during the summer months, has been reopened and community get-togethers will be conducted every Tuesday and Friday night. Moore's community has dropped Tuesday nights and will hold open house on Fridays in the future.

All recreational superintendents in the district will meet with assistant district superintendent H. F. Malone and Mary Berry, district director, in San Angelo, today and Friday.

Bufs' Krist To Face Vols

NASHVILLE, Tenn., Sept. 26 (AP)—Manager Eddie Dyer of the Texas league Houston Buffs named his ace moundsman, Howard Krist, to face Nashville's George Jeffcoat tonight in the second game of the Dixie series.

The Vols' power asserted itself in last night's opener, the Southern association champions pouncing three Buff hurlers for 11 hits and a 7 to 5 victory before a chilled crowd of 2,300 spectators.

Sherman-Sunset Tilt In Gridiron Spotlight

Associated Press
The spotlight of Texas schoolboy football falls on Dallas tonight with the Sherman Bearcats, ranked by many as the No. 1 team of the state, meeting Sunset's upsetting Bisons.

Sherman, with crushing victories over Greenville and Highland Park to its credit and with a team the critics say is the best since the days of Pest Welch, was generally picked to beat Sunset in the inter-district clash.

The Dallas team leaped into prominence last week with a surprising 7-0 victory over the highly-regarded Corsicana Tigers.

The Sherman-Sunset tilt takes precedence over even four conference games that bring the championship battle to three districts.

There are 81 games on the schedule, 35 of them inter-district affairs, with Waco playing at Corpus Christi in the South Texas feature.

Waco showed little last week in beating North Dallas—that is little as expected of the highly-ranked Tigers. Corpus Christi was impressive with a 14-0 decision over Jefferson (San Antonio). Playing Corpus Christi on their own field will be a real test for the Tigers.

The conference schedule has one game tonight with Fort Worth Tech meeting Arlington Heights in district 7. District 10 has Corsicana at Bryan and Cleburne at Hillsboro tomorrow night while district 11 has Athens at Tyler.

There are three inter-sectional games with Bowie (El Paso) going to Clovis, N. M., and El Paso high playing at Roswell, N. M., and Orange entertaining Vinton, La. Amarillo's Golden Sandies, ranking team of the Plains-Panhandle district, journeys to Fort Worth to tackle the tough Poly Parrots. It will be the first major test for Amarillo's favored squad.

This week's schedule by districts:
1—Friday: Big Spring at Lubbock, Vernon at Pampa.
2—Friday: Plainview at Electra, Burger at Quanah, Chillicothe at Childress, Breckenridge at Wichita Falls, Arlington at Graham.
3—Friday: Brownwood at San Angelo, Ranger at Odessa, Cisco at Sweetwater, Tahoka at Lamesa.

4—Thursday: Cathedral (El Paso) at Ysleta; Friday: Midland at Austin (El Paso), Bowie (El Paso) at Clovis, N. M.; Saturday: El Paso high at Roswell, N. M.
5—Friday: McKinney at Denison, Clarksville at Paris, Cooper at Bonham, Greenville at Gainesville.

6—Friday: Gladewater at Sulphur Springs, Odd Fellows Home (Corsicana) at Denton.
7—Thursday: Fort Worth Tech vs. Arlington Heights (Fort Worth) conference; Friday: Amarillo at Poly (Fort Worth); Saturday: Olney at Paschal (Fort Worth).
8—Thursday: Sherman at Sunset (Dallas); Friday: Austin at Forest (Dallas), Highland Park at Woodrow Wilson (Dallas); Saturday: Masonic Home (Fort Worth) at North Dallas.

9—Friday: Cleburne at Hillsboro (conference), Corsicana at Bryan (conference), Waxahachie at Ennis.
10—Friday: Cleburne at Hillsboro (conference), Corsicana at Bryan (conference), Waxahachie at Ennis.
11—Friday: Athens at Tyler (conference), North Side (Fort Worth) at Longview, Adamson (Dallas) at Marshall, Mexia at Kilgore; Saturday: Mount Pleasant at Texarkana.

12—Friday: Dallas Tech at Jacksonville, Overton at Henderson, Beaumont at Lufkin.
13—Thursday: San Jacinto (Houston) vs. St. Thomas (Houston); Friday: Riverside (Fort Worth) at Lamar (Houston); Saturday: Jefferson (San Antonio) at Austin (Houston).
14—Thursday: Vinton, La., at Orange; Friday: Palestine at Conroe, Nacogdoches at South Park (Beaumont), Davis (Houston) at Galveston, Pasadena at Goose Creek, Milby (Houston) at Port Arthur.

15—Friday: Temple at Breckenridge (San Antonio), Robstown at Kerrville, Burbank (San Antonio) at Laredo; Saturday: Abilene at San Antonio Tech.
16—Friday: Waco at Corpus Christi, Harlandale (San Antonio) at Beville, Mercedes at Harlingen, San Benito at Mission, Pharr-San Juan-Alamo at Edinburg, McAllen at Waco, Brownsville at Donna, Kingsville at Alice.

17—Friday: Temple at Breckenridge (San Antonio), Robstown at Kerrville, Burbank (San Antonio) at Laredo; Saturday: Abilene at San Antonio Tech.

13-Second Kayo By Texas Boxer

LEADVILLE, Colo., Sept. 26 (AP)—With a 13-second knockout little Joe De Lao of Austin, Tex., last night won the Class B bantamweight title at the Interstate A. A. U. boxing tournament in the old Taber opera house.

De Lao's lightning punch floored Ad Romero of Las Vegas, Nev. The little Texas fighter received a trophy presented by Joe Louis, heavyweight champion, for the quickest knockout of the three-day tournament.

Owing to a some meeting of the Lions club, league matches for men's bowling will be postponed from tonight to Friday night.

NEWARK, Del. (UP)—John Williams, 39, attempted to play the role of peacemaker but all it got him was a trip to Delaware hospital, where he was treated for severe head cuts. Williams said he attempted to break up a quarrel between another man and a woman and that the woman struck him with a lamp.

Recruiting Well Ahead Of Schedule

WASHINGTON, Sept. 26, (UP)—War department officials predicted today the record influx of recruits would give the army its immediate objective of 375,000 regulars by mid-November, well ahead of schedule.

The flow of enlistments indicated 40,000 or more for September, compared with 31,960 in July and 38,611 in August.

As of September 21, with 324,000 enlisted men in service, the regular army was the largest in American peacetime history.

Newspaper advertising, employed for the first time on a large scale, and specially built mobile recruiting stations have contributed materially to the enlistment drive, officials said.

The imminence of conscription was not given the major credit for enlistments.

Officials cited the fact that the recruits were signing up for the army's regular three-year term.

Flat Feet Sufferers Told There Is Cure

BOSTON (UP)—Worried about flat feet?

Dr. W. H. Johnson of Boston told the delegates to the annual convention of the National Association of Chiropodists that the affliction could be cured if a person picked up marbles with his toes for five minutes twice a day.

He added that the cure could be hastened by being fitted with proper shoes.

SIOWX CITY, Iowa, Sept. 26, (UP)—Answering complaints that the traditional greeting of Kiwanis club members resemble the nazi salute, Bernard Caine, president of the Sioux City club, told objectors: "Hitler will have to change his salute; we invented it long before Hitler was ever heard of and it's ours."

More Size, More Beauty Emphasized In New Mercury To Be Shown To Public At Preview Here This Evening

The Mercury 8 for 1941 adds extra roominess and easier, softer ride and beauty to a power that has already made Mercury cars famous.

A longer, bigger, easier-riding, faster-accelerating Mercury with new sweeping speed lines, rolls into public view tomorrow. The new line may be seen tonight, at a special preview at the Big Spring Motor company.

The car which made tenth place in its first year and strengthened it last year, looks as though it should go even further in 1941.

The smart new exteriors with their bright metal fender speedlines, new chrome radiator grilles, doors that practically enclose the running boards, hidden gasoline filler cap, new chrome fender-top parking lights and heavier bumpers, with center mounted front license plate are a few of the exterior points which will be immediately observed as new on the 1941 Mercury 8.

The Mercury now has a two-inch longer wheelbase with spring base increased in proportion to 129 inches. The sedan body is roomier than ever before, the front seat measuring 57 1/2 inches in width from door to door and the rear 51 inches. The easier riding of these bodies is not all due to the increased roominess, but is enhanced by the new full luxury type individual cushion springs used. Over these is a heavy pad of foam rubber which contributes to the unusual softness found in the cushions this year.

The interiors of the cars are more beautiful than before. The instrument panel is redesigned, placing all the gauges and speedometer under a single glass directly in front of the driver, where they may be clearly seen through the

"clear vision" two-spoke steering wheel.

The ignition control is placed on the side of the steering column where it locks the steering as well as the ignition. One of the features of the new controls is the ignition switch light this year. It makes it easy to find the keyhole in the dark. A horn ring is standard on all models.

The most interesting mechanical change this year is that of the spring suspension, which continues the use of the well known transverse springs but with changes that give the Mercury one of the smoothest boulevard rides found in any car.

To accomplish these several things have been done. The frame is of new construction with a welded center section, which makes it

more than twice as rigid as before. The springs have been lengthened in the rear, and have a greater effective length both front and rear. As a result they are softer and slower in action. The lever-type hydraulic shock absorbers have been improved in sensitivity to match the new springs. Metal spring covers are found on all models and the springs are internally lubricated through grooved spring leaves. At the front of the frame an improved stabilizer or "levelizer" is used.

There are numerous other improvements in the power plant and chassis. The clutch pedal operation is made delightfully easy by the use of a balancing spring. The semi-centrifugal clutch has been increased in size this year to give longer service and softer action. The transmission has been improved by providing lower gear ratios in low and second speed to assure still quicker "get-away."

There are six body styles this year available on the Mercury chassis. Two of these are entirely new—the coupe, which may be obtained in either of two seating arrangements, and the Mercury station wagon.

Willkie Maps Big Schedule

ABOARD WILLKIE TRAIN ENROUTE TO OMAHA, Sept. 26, (UP)—Back in the Midwest for a speech at Omaha tonight outlining his views on raising farm income, Wendell L. Willkie formulated today a heavy October campaign schedule calling for 20 major addresses in key states.

As the republican presidential nominee swung down through South Dakota after a two weeks tour of the West, he arranged to devote the remainder of his drive for votes to the populous eastern half of the country.

He will speak on foreign policy in Cleveland October 2.

Later in the month he is expected to discuss "political bosses" in a Missouri speech assailing the Pendergast Democratic organization. Philadelphia will be among the cities where he will talk, and

republican leaders are assuming he will close his campaign in Madison Square Garden, New York, on Nov. 3.

Willkie worked on his Omaha farm speech yesterday between rear platform appearances in eastern Montana and North Dakota. He told an audience at Dickinson, N. D.:

"I want to give to the farmer something more than just a dollop. I want to give to the farmer markets. I want to give to the farmer an expanding economy instead of a declining economy."

BENNETT RETURNS FROM MAYO CLINIC

Dr. M. H. Bennett returned Wednesday night from Rochester, Minn., where he remained for several days at the Mayo Clinic for consultation and treatment of a nasal ailment.

Dr. Bennett's condition is considerably improved, and he has returned to his office to resume regular practice.

Mexico Federals Chasing Rebels

MEXICO CITY, Sept. 26, (UP)—Federal troops are pursuing small bands of rebels in four states, the Mexican ministry of national defense reported today.

In Durango state, troops clashed with a group near San Simon. Three rebels were killed, and one taken prisoner. Others escaped into the mountainous countryside.

Members of various bands were said to have surrendered in Chihuahua, Tamaulipas and Michoacan states.

President Lazaro Cardenas, touring northern Mexico, has offered jobs and pardons to all those surrendering. He was en route today from Saltillo to Torreon, Coahuila state, to inspect a communal farm project, after which he planned to visit Chihuahua state to get a first hand view of the situation there.

Announcing the New

MERCURY 8 FOR 1941

BEHIND the broad, masterful lines of the new Mercury 8 is written the most amazing success story in modern motor car history.

Introduced just two years ago, in a field crowded with well-established cars, the Mercury dared to challenge the recognized standards of value and performance with new ideas! And to date, it has won over 150,000 owner-friends!

The story of the Mercury's meteoric rise is its owners' story, written in the warmth of their enthusiasm. When they found the Mercury a big car in all the good things the word implies—and an economical car, they spread its praise far and wide. And so contagious was their enthusiasm that they made the new Mercury one of the most popular cars in its field!

The 1941 Mercury adds to the new ideas that have made this car a name for comfort, for easy handling that is a revelation. It is a new and livelier car, a thrillingly big car—inside and out. Body and doors sweep out over the running boards. Windshield and windows are wider and deeper. A new long wheelbase adds still more spaciousness.

You'll find the 1941 Mercury on display tomorrow. Give it the judgment of your experience—any Mercury, Lincoln or Ford dealer will arrange a demonstration for you on short notice.

YOU'LL LIKE THESE ADVANTAGES!

- New Exterior Beauty. A long, low car. Wide body, superb streamlining. New bright colors.
- Big Powerful Engines. Only V-8 in its field. Brilliant get-away and performance. Economical.
- Luxurious Interiors. Beautifully decorated in harmonizing colors. Wide seats. Resilient cushion pads of foam rubber.
- Ease of Control. Finger-Tip Gearshift. Valve-action clutch and hydraulic brakes. Newly-designed, perfected stabilizer.
- New Riding Comfort. Long, easy-action springs. Improved shock absorbers. Center-poise balance. It rides like a dream.

HOURS CHANGED
 BERLIN, Sept. 26 (AP)—The United States embassy has had to revise its working hours because of British air raids in order to give the staff enough sleep. Members come to work at 10:30 a. m. instead of 9, take an hour for lunch instead of an hour and a half and quit at 7 instead of 6.

Applications Being Taken For The CCC

Applications are being taken now by the county welfare office here from youths desiring to enroll in the Civilian Conservation Corps, according to an announcement from the district headquarters for the state department of public welfare.

Quotas for Howard and nine other counties in the district have not been announced, an dit was indicated that they might be governed by the number of applications on file. Five thousand Texas boys will have an opportunity to enroll in CCC camps Oct. 17-18, and every county will have an opportunity to share in the allotment. The number for the state is due to an enlargement of the program. Admission to the CCC camps does not make a boy more liable for military call, pointed out Marjorie Whiteker, district director for the welfare department. There is no distinct military training attached, all of it has been of a non-combatant type calculated to aid the country in case of national emergency. Primary aim is to fit boys for profitable places in civil life.

This is done through vocational and business training. Youths between the ages of 17 and 23 1/2 years are accepted for training upon proof of good moral character and by passing a reasonable physical examination by a camp doctor. CCC boys with dependents are required to remit \$22 monthly to their families or other dependents, retaining \$8 for spending money.

MARKETS Wall Street

NEW YORK, Sept. 26 (AP)—The stock market ran up against further complicating foreign news today and leaders generally backed away moderately. After a fairly steady opening prices began to slip and, at the worst, losses ran to a point or more for stocks and other industrial groups.

WORK ON COTTON ALLOTMENT FOR '41

Work of preparing 1941 cotton allotments for Howard county has been started by the county AAA staff. Records for all cotton farms of the county during 1940 are being filled in for use by the state board in arriving at individual allotments. The county figure has not yet been announced. This year it was 64,977.1 acres. Deadline for submitting the allotment data to the state board is Oct. 12.

Officials of District One Football Conference of Texas High Schools accept "Victory" bell from the Santa Fe Railway to be awarded the winner of the district which embraces Amarillo, Borger, Lubbock, Pampa and Plainview. The bell remains in possession of the winning team as long as they are champions. The 500-pound trophy was presented by Miss Jean Gillies, daughter of J. A. Gillies, general manager Santa Fe Western Lines, and Miss Alice Mayne, daughter of Earl Mayne office engineer of the company. Left to right: W. A. McIntosh, superintendent of Borger schools and conference chairman; C. M. Rogers, Amarillo school superintendent; Misses Gillies and Mayne; and General Manager Gillies.

Those without dependents must deposit the \$22 with a government finance officer to be returned to them upon completion of the enrollment. Youths desiring additional information may contact the county welfare office at 101 G.

100,000 TONS OF SCRAP COULD BE BOUGHT BY JAPS
 NEW YORK, Sept. 26 (AP)—Steel industry sources estimated today that Japan could acquire

not more than 100,000 tons of steel scrap from the United States before the presidential restrictions go into force Oct. 16. Until this year, Japan was the United States' biggest customer for scrap. This year Great Britain became the greatest buyer of the steel-making essential.

Italian Bases Are Shelled

ALEXANDRIA, Egypt, Sept. 26 (AP)—British naval forces again have shelled Italian supply bases and troop concentrations in the Sidi Barrani area, inflicting heavy damage and leaving behind a trail of huge fires, British naval authorities announced today. The warships were said to have moved into the waters a short distance off Sidi Barrani and fired at point-blank range, scoring direct hits on Italian military objectives. (In Rome the Italian high command acknowledged the British naval bombardment of Sidi Barrani and added that the Italian port of Tobruk on the Libyan coast had been bombed by British planes.)

Weather

(Continued from Page 1)
 43 on September 30, 1920. Fort Worth's minimum was 47 as compared with the record low for the date, 45 in 1912. Not only in North Texas, but all the way to the usually balmy Gulf coast, came reports of record lows. Galveston had 56, lowest for the date in weather bureau history that goes back to 1871. The all-time September low of 54 was made on Sept. 28, 1908, and indications were it would be bettered tonight. Houston's 54 was an all-time record for the date. While the first frost of the season whitened low spots around Kansas City, Texas Panhandle temperatures dipped down into the thirties for the first time this autumn. Muleshoe was the coldest spot in the state with a bleak 39, only two degrees warmer than Kansas City. Not noticeably warmer were Crosbyton with 41 and Haskell with 40.

ONE BIG REASON

we're glad to be in the newspaper business....

THERE ARE hundreds of reasons why we are proud to be newspaper men. But of all of them, nothing can match the pride we take in the young men who daily deliver our product to you. Almost unique is this business in that respect. Here created is a job that allows a young school age boy to earn his own way... to know early in life the thrill of providing for himself, to a degree, and to actually accomplish something worthwhile with his own brain and energy.

AND NO EASY job is this that these young men of tomorrow tackle. Yet they seem to thrive on it. As a rule, they are the athletes of their schools, the conscientious workers of their studies, the young men who are least delinquent in any phase of their lives. And, as a rule, these boys are the men to whom, in a few years, employers will be turning for workers who do the job and do it well. These boys are proud of their jobs. Some of them will go on in the newspaper business. Others will go into business and finance. Still others will become skilled technicians and laborers. Why are they the cream of the crop? Simply because they have learned early in life the important lesson that by serving well they themselves profit well.

Giannini's Fight Brought Before Bankers' Meet

ATLANTIC CITY, N. J., Sept. 26 (AP)—A tussle between A. P. Giannini, Pacific coast banking magnate, and the federal government that broke into the staid deliberations of the nominating committee of the American Bankers association threatened to reach the convention floor today.

The name of W. L. Hemingway, St. Louis banker, was sent to the 4,000 delegates on the fourth day of the 66th annual convention as the unopposed candidate for second vice-president over Giannini's vigorous protests. By custom the second vice-president becomes president two years hence.

Giannini charged that rejection of an opposition candidate whom he supported was fomented by "sycophantic satellites of the most arbitrary and bureaucratic departments of the federal government."

He referred to the candidacy of Russell G. Smith, executive vice-president of the Bank of America of San Francisco, of which Giannini is chairman of the board. Smith asked the nominating committee late yesterday not to consider his name "at this time." Giannini had threatened a floor fight in the convention if his candidate were not named.

Giannini has been at odds for several months with both the comptroller of the currency and the securities and exchange commission.

HAPPY RELIEF FROM PAINFUL BACKACHE

Many of those gnawing, nagging, painful backaches people blame on colds or strains are often caused by tired kidneys—and may be relieved when treated in the right way. The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day. If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pain, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passage with snoring and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

REWARD ON THEIR HEADS—Left, Turner Ross Fowler, 21; right, Charles (Buddy) Acker, 20; from a photograph supplied by Texas Rangers. These men are wanted for the kidnaping and murder of George Robertson, Lamar County Chief Deputy Sheriff, on Sept. 10. A reward of \$200 has been offered by Lamar County and a like amount by Gov. O'Daniel, making a \$400 price on the heads of this pair.

LOUISIANA VOTE FRAUDS PROBED

NEW ORLEANS, Sept. 26 (AP)—Governor Sam Jones' "reform" administration moved swiftly today toward a far reaching investigation of alleged primary irregularities a few hours after five of its own election commissioners were indicted in cases charging vote fraud.

The commissioners were named in federal indictments which al-

leged they changed tally sheets in the recent congressional election to switch votes to T. Hale Boggs, who had the support of Governor Jones. Boggs was nominated. Shortly afterward Attorney General Eugene Stanley and District Attorney J. Bernard Cooke of New Orleans petitioned criminal district court here for an open hearing to probe any irregularities in the gubernatorial and congressional primaries held this year. It was set for October 14.

LENDING PROGRAM APPROVED BY FDR

WASHINGTON, Sept. 26 (AP)—A \$500,000,000 export-import lending program for improving economic conditions in the western hemisphere became law today with President Roosevelt's approval. The new act increases the lending authority of the Reconstruction Finance corporation by \$1,500,000,000. Of this sum, \$500,000,000 will go to the Export-Import bank for use in Latin America. The remainder is for the general uses of RFC, including loans to defense industries.

LITTLE DAMAGE IN GIBRALTAR RAIDS

MADRID, Sept. 26 (AP)—Tuesday's French air raid on Gibraltar caused "surprisingly little" damage, Mrs. Jean Dixon, American wife of the British air attaché in Madrid, said today. Mrs. Dixon said about 200 bombs were dropped, that four persons were killed and a dozen injured. A bomb, said Mrs. Dixon, fell close to the British battle cruiser Renown, which immediately stood out to sea. (The Vichy admiralty said a bomb hit had been scored on the Renown.)

THIS JEWEL IS NOT FOR SALE

Good name in man or woman, Mr. Shakespeare's Iago said, is the immediate jewel of their souls.

Back of every business success, back of the smallest product that contributes to that success, is an enduring good name. This is a jewel that is never for sale.

Advertising cannot make a bad name good. Nor should it try! But advertising can carry a good name to a rich and just reward. In fact, advertising is the voice of the good name. Through advertising, the good name is able to make the promises that men live by.

This newspaper is proud of the good names in its advertising columns. You will find nothing but good names here.

Former Publisher Dies In Austin
 AUSTIN, Sept. 26 (AP)—W. W. Halcomb, 33, former assistant secretary of state, former newspaper publisher and public relations man, died here today after a brief illness.
 He is survived by his widow and a young daughter, Phila Jane. Funeral services and burial will be in Austin tomorrow.
 For the last two years Halcomb had been public relations representative for Bowen Motor coaches and had been stationed here.
 Previously he had published a newspaper at Dumas and also had lived at Turkey and Longview.
 When Attorney General Gerald C. Mann was secretary of state and James V. Alfred was governor, Halcomb had charge of convict parole matters, and was active in setting up local parole boards.
 He was manager of Jerry Sadler's successful campaign for the railroad commission in 1937. In 1934 he was a speaker in Alfred's campaign for governor.

LOSS OF JOB LEADS TO FOUR DEATHS
 NEW YORK, Sept. 26 (AP)—Four tragic deaths were linked today to dismissal of a young father from his job.
 Robert Fletcher Sadler, a sales executive for International Business Machines Corp., leaped to his death from Manhattan bridge yesterday, apparently inconsolable in the belief that a report he had made on a subordinate caused the latter's discharge.
 Less than a day before, the former employe, Donald O'Reilly, had shot to death his two young sons and then killed himself after a frantic search for work during secret.

RELIGIOUS PROGRAMS OFFERED—Pictured above is the Catholic Motor Chapel, St. Rita, from which will be presented a series of three religious programs on Thursday, Friday and Saturday evenings at 7:30. A feature of the program will be the showing of the religious motion picture, "The King Of Kings," which depicts the life of Jesus Christ. One section of the film will be shown each evening, and in addition there will be talks on religious subjects, and questions on Catholic beliefs will be answered. Two Paulist Fathers, shown here, will be in charge of the programs, which are open to the public.

Wallace Asserts Granary Program 'Is Working'

TOPEKA, Kas., Sept. 26 (AP)—"The ever normal granary program is working. The nation's farm cash income has risen from \$4,700,000,000 in 1932 to \$9,000,000,000 in 1940," Henry A. Wallace told a political rally last night.
 Wallace, making the major farm address of his western campaign swing, recalled the collapse of World War-boomed farm prices and said:
 "We remember how discouraged we were when these prices failed to rise again. x x x We remember how farmers organized and appealed for help from Washington and the cold shoulder they got from the interests that ruled the republican administrations then in power. For 12 disheartening years you hung on grimly x x x."
 "Then in 1932, there was a voice of cheer—the voice of Franklin D. Roosevelt. You found in Roosevelt a man x x x with courage to balance up the scales in your behalf x x x"

Garner Remains Mum On Arrival In Washington

WASHINGTON, Sept. 26 (AP)—Vice President Garner returned to the capital today after a two-month stay in Texas, still silent about his future plans.
 Colonel Edwin A. Halsey, secretary of the senate, was the only official to meet the train.
 "I have no statement," was Garner's reply to all questions about his return here, his departure for Texas two months ago, or his possible part in the coming political campaign.
 When the vice president left here July 22 he said he was going home to vote and declined to say whether he would return.
 "I'll reserve my decision on that," Garner told reporters then. "I have a leader who waits until the last minute to make up his mind."
 This apparently was a shot at President Roosevelt's last minute announcement that he would accept the third-term nomination of the democratic convention.
 Garner, who twice won overwhelming victories with Roosevelt, unsuccessfully sought the presidential nomination in his own right and was supplanted as the democratic vice presidential entry by Henry A. Wallace, the secretary of agriculture.

SONG CONVENTION TO BE HELD SUNDAY IN MIDLAND COUNTY

Fifth Sunday session of the Four-County singing convention will be held this weekend at Greenwood, in Midland county, it is announced, and a large attendance is anticipated.
 A full day's program of gospel singing is scheduled, beginning at 10:30 a. m., and dinner will be served. Greenwood is located some 15 miles southwest of Stanton.
 The convention includes membership in Dawson, Martin, Midland and Howard counties, and a large representation from each county is expected.
 Errett Nance is president of the convention, Jeff Hendrix is vice president and Mrs. Lena Greer is secretary.

WOMEN WANT DRAFT TO HELP SOLVE THEIR PROBLEMS

WASHINGTON, Sept. 26 (AP)—A lot of women are looking to the new draft program to solve some domestic problems.
 Officials of the selective service committee are getting numerous letters daily from wives who want erring spouses conscripted to keep them from "stanning around with other women" and mothers-in-law who think a year in the army would be just the thing for their sons-in-law.
 "I have a husband that is a mechanic," wrote a South Carolina woman. "I hope that you can use him in the draft as he is so mean at home that I think a year's training might help him."

Artist Shows Paintings At Exhibit And Tea At Hotel Wednesday

Paintings of Mrs. Margaret Tupper of San Angelo were exhibited Wednesday afternoon at the Settles hotel at a tea and reception from 3 o'clock to 5 o'clock. It was an invitational affair and more than 200 persons were invited.

The paintings of Mrs. Tupper included oils, water colors and pastel portraits and were hung in the entertaining rooms on the mezzanine floor. Mrs. Tupper was present to greet guests and talk about her paintings.

One that caused comment among the visitors was "The Texas Range" an oil that was a prize winner in one of Edgar Davis' contests held in San Antonio. It has been exhibited at Columbia university and other shows.

Another was the "Venus de Milo" that the artist painted in the Louvre where she obtained permission from authorities to paint the famous statue.

Other favorites were the "Guitar Players," "Chapel Mission San Jose," and the portraits.

Tea was served from a lace-laid table centered with a white awn bowl holding yellow marigolds and white gladioli. Yellow tapers in

W. M. S. History Given As Group Re-Organizes

LAMERSA, Sept. 25. (Sp.)—The final meeting of the Woman's Missionary Society of the Methodist Episcopal church South was held at the Methodist church Monday. The society was organized in 1906 by Mrs. J. A. Sweeney.

The first society was composed of women of several denominations and the parsonage was built by the group.

The Home and Foreign Missionary societies were united in 1911 with Mrs. Bainbridge as president and the name Woman's Missionary Society was adopted. In 1914 with Mrs. J. E. Garland as president and 13 members, \$175.00 was raised for the year and the society financed the remodeling of the parsonage. Mrs. J. R. Flanken was president in 1916 and in this year the first mission study class was organized by Mrs. Walter Perkins.

In 1922 the present parsonage was built and the society refurbished it throughout. The present church was built in 1925 and the society furnished \$1,330.05 for construction.

Those who served as presidents from 1906 to 1940 are Mrs. J. A. Sweeney, Mrs. Bainbridge, Mrs. E. Simpson, Mrs. W. L. Marr, Mrs. J. E. Loveless, Mrs. J. R. Flanken, Mrs. J. E. Garland, Mrs. Dixie Kilgore, Mrs. T. H. Christopher, Mrs. J. M. Strawn.

Mrs. J. C. Loveless, Mrs. W. K. Crawley, Mrs. Wallace, Mrs. Hull, Mrs. E. R. Tinsley, Mrs. J. M. Strawn, Mrs. W. K. Crawley.

The group reorganized under the name Woman's Society of Christian Service this week and the Rev. E. D. Landreth was in charge.

Mrs. R. J. Hoback was elected temporary chairman and a history of the missionary society was given by Mrs. Crawley.

Mrs. Carl Rountree furnished organ music and Mrs. Noble H. Price sang. Approximately 30 charter members signed the charter and those who join before October 8th will be included on the charter.

Mrs. Walter Jones was named president, Mrs. M. E. Smart, vice president; Mrs. M. E. Boren, recording secretary; Mrs. W. L. Marr, corresponding secretary; Mrs. V. O. Key, treasurer.

Secretaries are Mrs. E. R. Tinsley, Christian social relations; Mrs. Arthur Hull, local activities; Mrs. W. T. Webb, literature; Mrs. J. Hoback, supplies; Mrs. P. B. Ryan, student work; Mrs. W. K. Crawley, child's work.

Pull the Trigger on Lazy Bowels

With herb laxative, combined with syrup pepsin to make it agreeable and easy to take.

When constipation brings on acid indigestion, bloating, dizzy spells, gas, coated tongue, sour taste and bad breath, your stomach is probably "crying the blues" because your bowels don't move. It calls for Laxative Senna to pull the trigger on those lazy bowels, combined with good old Syrup Pepsin to make your laxative more agreeable and easier to take. For years many doctors have used Syrup Pepsin, as agreeable carriers to make other medicines more palatable when your "taste" feels easily upset. So be sure your laxative contains Syrup Pepsin. Insist on Dr. Caldwell's Laxative Senna, combined with Syrup Pepsin. See how wonderfully its herb Laxative Senna wakes up lazy nerves and muscles in your intestines, to bring welcome relief from constipation. And see how its Syrup Pepsin makes Dr. Caldwell's medicine so smooth and agreeable to a touchy gullet. Even finicky children love the taste of this pleasant family laxative. Buy Dr. Caldwell's Laxative Senna at your druggist's today. Try one laxative that won't bring on violent distaste, even when you take it after a full meal.

Is Elected To Legislature At The Age Of 21

TRENTON, Sept. 26.—Pannin county has elected the state's youngest legislator to represent this state legislative district.

He is John W. Connelly of Trenton, member of a pioneer North Texas family which first settled at Kentuckytown, Grayson county, and he was 21 years old on Aug. 2, six days after leading the field in this year's election. He was victor over six opponents in the summer primaries.

The youthful legislator was graduated from Trenton high school in 1938 and afterward attended Baylor university at Waco and East Texas State Teachers college at Commerce. He remained in college until last March, when he withdrew to inaugurate his campaign which today has given him a unique distinction.

Young Connelly long has been interested in liberal and constructive measures "in the interest," as he says, "of efficient and progressive government."

As a new member of the Texas law-making body, he expects to be active in movements to secure for Texas "a progressive and workable state government."

The Connelly family settled in Grayson county in the middle of the last century. They continued to reside in Grayson county for many years before moving to Trenton.

Spaghetti Suppers Satisfy Robust Fall Appetites

Serve in Individual Casseroles with Pork for Pleasant Surprise

By FRANCES PECK
Heins Home Institute

NO DOUBT, you have noticed already that members of your family are asking more frequently for second servings at dinner time. This is just another sign that summer warmth has given in to autumn chill. Everyone is going in for greater activity and their energy is burned up quickly. You'll want plenty of substantial foods on your menus, then, to satisfy these extra energy demands.

Here is a recipe that's just right for this very purpose—Individual Casseroles of Spaghetti with Pork. Not only are these casseroles particularly satisfying to sharpened appetites, but they are novel and tops in flavor. Furthermore, you

will find they are a special delight to you when you want to limit your meal preparation so you may join in on some fall activities of your own. They are made with spaghetti that comes in cans already cooked to tender goodness and mixed with a rich, spicy tomato sauce well flavored with stout cheese.

To prepare this dish, first brown lightly one pound ground raw pork, then sprinkle with one teaspoon salt. Fill individual casseroles one-half full of cooked spaghetti in tomato sauce with cheese from two large (24 oz.) cans. Sprinkle with the cooked pork, then top with the remaining spaghetti. Arrange a strip of bacon across the top of each casserole. Bake in a moderate oven (375° F.) about 30 minutes or until the spaghetti bubbles and bacon is crisp.

Canada Will Have Bumper Wheat Crop

OTTAWA, Sept. 26.—(Correspondence of the Associated Press)—The specter of starvation over Europe has by no means ruined the career of that notorious international nuisance, the curse of plenty.

Not here in Canada, anyway. Canada's big headache is bumper wheat crop, coming on top of a record carry-over in the midst of a war which is restricting rather than expanding the foreign wheat market.

The latest official estimate shows a Canadian wheat crop for this year of 561,000,000 bushels, a crop exceeded only once before in Canada's history. That was in 1928, when 566,000,000 bushels were produced.

The carry-over from last year's crop on Aug. 1 was 301,000,000 bushels. That makes a total of 862,000,000 bushels clamoring to be converted into bread and eaten.

But Canada herself consumes no more than 130,000,000 bushels annually, and even optimists do not expect she will be able to export more than 200,000,000 bushels. That would leave 532,000,000 bushels still unsold when next year's crop is harvested.

Even the problem of storing such a gigantic surplus is a headache, for the country's total elevator capacity is only 420,000,000 bushels.

Wheat-growers are up against storing a large part of their crop on the farm. But farmers hesitate to build the necessary granaries until they know someone will advance them money on such farm-stored wheat. Commercial banks have declined to take the risk; growers accordingly are demanding that the dominion government advance cash against farm-stored wheat.

That makes wheat a political question—nothing new, of course, in wheat-growing countries. But behind it all is the glaring economic fact that Canada's wheat production is completely out of line with her export possibilities.

Even if room enough can be found to store all of the unsold surplus, and farmers are tired over the winter with government subsidies, the problem of disposing of those 532,000,000 surplus bushels will remain.

Record in Enlistments Set in 2nd Corps Area

PLASSBURGH, N. Y. (UP)—The 2d Corps Area is believed to have established a new record for enlistments—a record not approached since World war days.

Recruiting posts in the area comprising New York, New Jersey and Delaware handled 1,504 enlistments from Aug. 1 to Aug. 16, according to Col. L. B. Magruder, corps area recruiting officer. Magruder termed the voluntary enlistment the best half-month's record since the war of 1914-1918.

AN ANALYSIS OF THE WAR DEVELOPMENTS

By DEWITT MACKENZIE

There have been few such anxious moments in the war for England as the present while she waits to learn whether powerful Japan and strategically placed Spain will add their weight to that of the Berlin-Rome axis.

Adherence of either Nippon or Spain to the axis would shake Britain badly. Should both of them rush in for the kill, it would create a situation of extreme gravity.

However, should this position of four-against-one materialize, the question at once will arise as to whether England will have to face this storm alone or whether she may expect aid. First off, we shall want to know what Russia will do, for this vast union would be a mighty factor.

The Muscovites may be credited with expecting that sooner or later (probably sooner) they must fight both Germany and Japan.

Then where will Turkey stand? This most powerful of the Balkan states, leader not only in the Balkans but among Near Eastern countries and guardian of the vast, important Dardanelles, is England's good friend, but has been sitting tight thus far—in large part because of Russian pressure. They told me in Ankara not long before the war that the Turks placed their trust in Britain as in no other na-

tion, and there is no indication of change of heart.

Another big "if" is the great Moslem world which might follow the lead of Egypt—thus far England's ally. A holy war would raise hob with the nations against which it was directed, for there are few things more terrible.

It certainly will seem an ironic circumstance to British Premier Churchill and his fighting flock if they have to take on this added burden now, just as they have demonstrated that they may have chances of beating Germany and Japan into the conflict to help finish the job.

Of the two eventualities—the entrance of Spain or of Japan into the war—the Spanish possibility seems to me to present the greater immediate danger to Britain. The hostility of Spain would threaten the security of Mother England herself.

Hitler's chief purpose in bringing in Spain would be to secure bases for operations against Gibraltar with the idea of smashing British control over the western Mediterranean and the gateway into the Atlantic.

This threat would be doubly strong in view of Britain's astonishing abandonment of the siege of Dakar, French West Africa, in support of General De Gaulle, leader of Frenchmen still fighting the axis. Lacking this strategically vital port—naval and air base capable of controlling the South Atlantic—it would be a catastrophe to Britain to lose Gibraltar.

Those present were Mrs. Truman Townsend, who is to be next hostess, Mrs. John Knox, Mrs. H. J. Agee, Mrs. Allen Shackelford, Mrs. G. G. Morehead, Mrs. Burley Hull, Mrs. Charles Creighton, Mrs. Justin Holea, Mrs. Ray Smith.

Church Women Hold A District Meet In McCamey Wednesday

Five Big Spring women representing various local churches attended the district meeting of the Council of Church Women held all day Wednesday at McCamey.

Churches reported on their work and Mrs. Shuttlers of Odessa presided. Representatives from over the district attended and were from El Paso, Odessa, Midland, Monahans, Balmorhea and other spots.

Woman Builds Houses As Profitable Hobby

CEDAR RAPIDS, Ia. (UP)—Building houses usually is considered a man's job. To Mrs. Florence Boyd of Cedar Rapids, Ia., however, it is a hobby and a source of income.

Three years ago Mrs. Boyd walked out on her job as a school teacher to take up her hobbies—interior decorating and dressmaking besides building houses—and she is still at it.

Soon she will start work on her fourth house. And she does all the work, too—from sawing and planing her own lumber to mixing the cement and pouring it into the forms.

"I keep having that feeling that I've forgotten something."

Wisconsin Forest Proud
MADISON, Wis. (UP)—Wisconsin today is the first state in the nation in total acreage of county forests, through addition of 70,000 acres last year, H. W. MacKenzie, state conservation director, reported. A total of nearly 1,800,000 acres are in county forests in Wisconsin now.

Aunt Abby says

Uncle Bob Work isn't speakin' to Aunt Esther Work until she changes her new hair-do.

When I visited Cousin Martha I played safe and took my own LIPTON'S TEA. "Well," she scolded, "you're not the only one that knows LIPTON'S makes the smackingest best tea that ever poured out of a pot."

Back in Grandma's day, it used to be easier to get company to go home early. They just naturally get wore out slidin' off the horse-hair sofa.

As I recall it, my sister-in-law has never praised but one thing in her life—and that's the flavor of LIPTON'S TEA. It'll please you, too—try it. It doesn't cost but half a cent a cup.

LIPTON'S TEA

How To Cook Husbands' Is One Important Recipe To Be Learned

This recipe on "Cooking Husbands" was taken from an early 19th century cook book and contains a bit of sage advice that is probably just as good now as in the early 1900's. Editor's note.)

How To Cook Husbands

A good many husbands are spoiled by mismanagement. Some women go about it as if their husbands were bladders and blow them up. Others let them freeze with carelessness and indifference. Some keep them in a stew by their flitting ways and words, others just them. Some keep them in a pickle all their lives.

It cannot be supposed that any husband will be tender managed in way but they are really delicious when properly treated.

In selecting your husband you could not be guided by his silver appearance as in buying a mack-

rel, nor by his golden tint as if you wanted a salmon.

Be sure and select him yourself as tastes differ. Do not go to market for him as the best are always brought to the door. It is far better to have none unless you will patiently learn to cook him.

A preserving kettle of the finest porcelain is the best but if you have nothing better than an earthen pipkin, it will do with care.

See that the linen in which you wrap him is nicely washed and mended with the required number of buttons and strings sewed on. Tie him in the kettle by a strong sil cord called "comfort" as the one called "duty" is apt to break. Then make a clear steady fire out of love, neatness and cheerfulness. Add a little sugar in the form of what confectioners call kisses, but no vinegar or pepper on any account.

A little spice improves him but it must be used with judgment. Do not stick any sharp instrument into him to see if he is becoming tender. Stir him gently. You cannot fail to know when he is done. If thus treated you will find him very reliable, agreeing nicely with you and the children and he will keep as long as you want, unless you become careless and set him in too cool a place.

Canadians Go To Iowa For Religious Education

LAMONI, Ia. (UP) — War and no coincidence led all Canadian students who entered Graceland College here this fall to enroll in the religious education department.

They were required to tell customs officials they desired to study certain courses not available in Canada to take money out of their country.

Graceland is maintained by the reorganized church of Jesus Christ of Latter Day Saints, and by enrolling in the religious education classes the students kept the letter of the law.

Culinary Contests At State Fair

DALLAS, Sept. 26.—Harry Lycaut, nut, orange, graham, brown, Seay, president of the State Fair, said the contest of Texas to be held in Dallas, October 5 to 20, is shown with "Mama's Sugar," little Paula Branch, discussing the double prizes to be awarded in these contests this year. Imperial Sugar company of Sugarland, Texas, is to match each of the 360 prizes to be given by the State Fair Association with grocery orders to be honored at any Texas food store. This will make a grand total of 720 prizes for the best breads, cakes, candies, jellies, preserves, canned fruits, vegetables and pickles.

Breads, cakes and candy will be judged Wednesday, October 9th, and all exhibits must be delivered at the fair grounds by 9 o'clock of that morning. Entries from outside of Dallas in jellies, preserves, canned fruits, vegetables and pickles must be delivered at the fair grounds before Thursday, September 26th. The entry book will be open to Dallas resident exhibitors from Monday, September 30th through Wednesday, October 2nd. Premium lists and entry blanks may be obtained by writing to the State Fair of Texas at Dallas.

The different divisions have the following entry classifications:

BREADS—biscuits, beaten biscuit, pastry shells; salt rising, rolls and baking powder nut breads; rolls and cheese straws, sponge, marble, angel food, chocolate angel food, silver, gold, nut, chocolate loaf, tea cakes, gem cakes, assorted cookies and egg kisses. Modern Cotton Drying Increases Planter's Cash

TIFFON, Ga. (UP)—Agricultural experts pointed out today that by use of modern drying methods farmers can save nearly 5 a bale on their damp or wet cotton.

The cost for drying—previous to ginning—costs only 28 cents per bale and increases the gin capacity 28 per cent. Improvement of dry cotton by means of the drier increases the value \$123 a bale.

The high power microscope was developed in 1835.

Chapter 25 DINNER PARTY

Constance knew she had to be alone for a few moments. Too many unhappy situations had piled one on the other, for her to remain poised much longer.

Senior John, they have been in the bath. There is not one tik-kittle left. "Then for goodness sake bring the tik-kittle before Juliano decides he wants it."

Constance stood before the wardrobe wondering why she had brought so few clothes with her; why she had thought so little of clothes in the east; why she had bought nothing, not even a shoe-sock, with the fateful fifty-thousand?

slender brows, the heavy lids, the delicate patrician nose, and the wide, hungry red of her lips, lips lifted audaciously to the man who laughed down at her; Pedro.

the hour it took Juliano to round up the musicians, get them into their velvet bolero suits, she wondered if she could plead weariness, a headache, anything.

Marine Band To Appear In Abilene

Visit of the famous U. S. Marine Band to the Hardin-Simmons university campus in Abilene, next Tuesday, will make the H-S auditorium, scene of its two concerts, a mecca for the day for musicians throughout West Texas.

The band will play matinee concerts, at 3:30 and night concert waiting.

God has laid a plan we should follow. Which our friend fulfilled with pride. Knowing sooner or later, The Almighty would have her resting at His side.

Just think how happy Our departed friend must surely be, To know her life was worth the effort That she spent so zealously for Thee.

There will always be an affectionate longing For her sweet and tender care, That makes life worth living, Though it may be spent in tears.

We know she will be anxiously waiting, To see what we can do, When the world is placed on our shoulder And we work our problems through.

Our friend is now peaceful and contented, And wants us to be the same, So let us live as she did, That she might not have lived in vain.

It will be a joyful meeting When we gather on the Shore, To be with the Lord, Our Saviour, And our friend, forever more.

—By Corrie McKinnon and Son, May.

CAPT. W. F. SANTELMANN

at 8, under the direction of Capt. William F. Santelmann, eighteenth in the list of its distinguished conductors who include John Phillip Sousa, and his father, W. H. Santelmann.

Capt. Santelmann became leader on April 1 when Capt. Taylor Branson, former leader, retired after 41 years of service. His father was leader for nearly three decades everywhere.

Known as "The President's Own" band, a distinction it has held since 1800, the band is making its current tour by approval of President Roosevelt. Current interest in national defense adds interest to its programs, entirely by American composers, and it is playing to capacity audiences.

Its concerts at Hardin-Simmons are the only ones in West Texas, and throughout the area high school bands are already making reservations to attend en masse. The first to be received from Richard Young, Market director, called for 150 seats. Last year, the U. S. Navy band played to two capacity audiences at H-SU as well.

IN MEMORY OF MRS. L. A. FORD

Maybe we have not considered, That the best of friends must part; Although it may leave one with A grief-stricken and laden heart. We should never give in to sorrows, Because life is meant to be that way, But later there will be a happy meeting, Although it may seem far away.

God has laid a plan we should follow, Which our friend fulfilled with pride, Knowing sooner or later, The Almighty would have her resting at His side.

Just think how happy Our departed friend must surely be, To know her life was worth the effort That she spent so zealously for Thee.

There will always be an affectionate longing For her sweet and tender care, That makes life worth living, Though it may be spent in tears.

We know she will be anxiously waiting, To see what we can do, When the world is placed on our shoulder And we work our problems through.

It will be a joyful meeting When we gather on the Shore, To be with the Lord, Our Saviour, And our friend, forever more.

NO, COME 'Y' THINK O' IT, I HAVEN'T! AND HE'S USUALLY RIGHT IN MY HAIR, TOO!

D-DEAR ME, I WONDER IF HE COULD HAVE GIVEN UP THE CASE A-AND GONE AWAY?

GOSH! HAVE HE HAS!

EMPLOYMENT GETS A BOOST WITH NEW INDUSTRIAL ACTIVITY

WASHINGTON, Sept. 26 (AP)—Secretary Perkins reported today that expanding industrial activity, notably in industries producing national defense needs, boosted August employment to the highest August level on record with the exception of August 1937. He estimated that nearly 26,000,000 workers were employed in August, an increase of 1,120,000 over August, 1939.

Auto Horn Ruled Out As Swain's Love Call

SALT LAKE CITY, Utah (UP)—Salt Lake City's mayor, Ab Jenkins—who recently banned "joke boxes" in beer parlors—is pushing his campaign against noise in another direction. The mayor proclaimed the unnecessary blowing of automobile horns a misdemeanor. "The auto horn should be used as a warning—not a love call," said he, professing a firm belief in the old formalities which provided that a dating swain should at least be willing to climb the stairs to his beloved's door.

MY FAVORITE RECIPE—

Ice Box Cake, Frozen Salad Are Recipes That Are Suggested

ICE BOX CAKE
Dissolve 1-4 cup sugar in two tablespoons of water in a double boiler. Add two beaten egg yolks and stir till smooth and thick. Cool, cream 1-2 cup butter and 1 cup powdered sugar and add egg mixture. Add 1-2 cup drained crushed pineapple. Fold in beaten egg whites and add 1-2 teaspoon vanilla. Crush one small package (five cent box) of vanilla wafers and sprinkle in mold. Chill in refrigerator over night. This amount will serve five persons and was submitted by Mrs. B. T. Cardwell, 102 Princeton, who says that this is a favorite cake at her home.

FROZE PINEAPPLE SALAD
A hot or cold weather dish that hits the spot is the frozen pineap-

ple salad contributed by Mrs. F. W. Bettle. This is always in demand at their home and is not hard to make.
Ingredients:
1-2 cup of cream cheese
1-4 cup of salad dressing
1-2 pound of marshmallows cut fine
1 small can of crushed pineapple
Add the salad dressing to the cream cheese and then add the marshmallows and the crushed pineapple.
Beat 1-2 pint of cream until stiff and fold into the mixture. Let stand for 3 hours in refrigerator pan.
Serve with salad dressing if desired and decorate with a maraschino cherry.

Girls Outshoot Boys On Championship Team

MUNHALL, Pa. (UP)—The "Annie Oakleys" have made it embarrassing for the male sharpshooters of Munhall high school. For four years in succession, the Munhall school has won the National Rifle association championship for small-bore arms in competition with other scholastic teams. But of the 20 members on these championship teams of Munhall during the past four years, only two were boys. This year, there is not a boy on the championship team of five members and intra-school eight member teams. In the hope of bettering their record, the boys have started a male rifle team to practice in private in anticipation of the time when they may be good enough to compete with their sister sharpshooters. Water expands one-eleventh of its volume in freezing.

Sees Activity On The Coast

The west coast has had a six months' start in defense work and its bustling plants, big payrolls and pre-depression spending is a reliable forecast of the immediate future of the rest of the nation, in the opinion of D. U. Bathrick, vice president and general sales manager of Pontiac Motor division. Bathrick has just returned from a sales tour which took him to Oregon, Washington and California. "Crossing the Rockies is like stepping into a new business world," Bathrick says. "Shipyards and factories are working on a 24-hour basis and the only thing preventing payrolls getting any bigger is an absolute lack of skilled men. The streets are full of new cars and dealers are begging for more and faster deliveries. Shops, hotels, cafes are crowded. For the first time in years I saw lines formed in front of theater box offices. It was like stepping back into 1928. Much has been written and said about the probable effect of the national defense billions on general business. A few days on the west coast—particularly California—will convince the most skeptical that 1941 is destined to be a history-making year. "I consider all this western activity a mere rehearsal for the prosperity to come to the entire nation. The west coast with its great airplane and shipbuilding plants has been a focal point for defense dollars for the last six months and more. Detroit, I believe, is the next focal point, and from there the rising tide of spending-earning power should sweep over the country in a golden flood. "The west coast at the moment is a glimpse into the immediate future of the United States."

Town's Dream Shattered

UNIONTOWN, Ore. (UP)—For the first time in 75 years no school opened this fall at Uniontown, a southern Oregon village that in the '70s dreamed of future industry. Only three or four pupils lived in the district. They were transferred to another school.
