

National 4-H Week Mike Howard To Address Homecoming Crowd

Gerald Jones examines a 4-H Scrapbook which is currently on display at the First State Bank during 4-H week, October 6-11.

Don't miss the speaker, Mike Howard, 1949 graduate of Rising Star High School, who will be addressing the 24th annual Homecoming on Saturday, October 18, 1980 in the Rising Star High School gym.

Mr. Howard is a very interesting and informative speaker.

Mike Howard began his law enforcement career in 1951 by serving two years as a Military Policeman in the U.S. Army, spending half of that time in the Far East Command.

He attended Decatur Baptist College, receiving an AA degree in Physical Education.

He then attended North Texas State University, receiving a BS degree in Government, History, and Education.

Mike spent seven and a half years as a City Policeman, and then was recruited into the United States Secret Service in Dallas, Texas. He was assigned to the White

house during the Kennedy Administration.

In the summer of 1961, Mike was attached to the Kennedy family, and traveled with Mrs. Kennedy, Caroline and John, Jr.

After President Kennedy's assassination, Mike was assigned to Lee Harvey Oswald's wife, two children, mother, and brother, hiding them out for six days and nights, for fear they would be killed in retaliation for the President's murder.

Mike was then assigned to president Johnson and his family at the White House. When Lynda Bird, the President's eldest daughter, went off to college at the University of Texas, he was assigned to her protective detail. Much of his time was spent in the girl's dormitory and sorority house, where Lynda resided.

After Lynda Bird's graduation, Mike traveled world wide with her for four years. Being her number one protector, Mike shared many of the highlights

in Lynda Bird's life, including her courtship with a movie star, her marriage to a Marine Major in the White House, her honeymoon in the Virgin Islands, and the birth of her first child, Lucinda. He had the honor of being named Godfather to this child.

When President Johnson decided not to run for office in 1968, he asked Mike to "go home to Texas" with him. Mike became Special Agent In Charge of the Johnson Protective Detail in 1969, and remained with LBJ until his death in 1973. He was head of Mrs. Johnson's Detail until his retirement in 1974.

Mike now resides at the Twin Arrows Ranch northwest of McKinney with his wife, Martha.

He is a 1949 graduate of Rising Star High School.

4-H Council Booth

The Rising Star 4-H Club was on hand to man the 4-H Council booth at the Eastland County Fair Oct. 4. The 4-H'ers were there to greet visitors to the booth and answer questions about 4-H.

Jami and Jerry Long, Stephanie and Toby Long, and Karmen Hall enjoyed examining the scrapbooks from the other clubs and talking with other 4-H'ers visiting the booth.

The 4-H Council booth was decorated in the green and white 4-H colors with a 4-H mobile overhead and the Eastland 4-H Club flag at one end. It held the scrapbooks from the 4-H Clubs in Eastland County.

Adult leaders, Rex and Trudi Long, were there and relieved the 4-H'ers so they could watch Karmen Hall, Stephanie Long, Laura Cox and Sabrina Killion in the talent contest.

The 4-h'ers who manned the Council booth and participated in the Fair did a fine job in representing their club and their town. Great JOB, 4-H'ers!

PTO Meeting

The Rising Star PTO will meet Tuesday, October 14th at 3:00 p.m. in the Rising Star High School gym.

The program will be presented by the local 4-H and will tell about the different projects and how to join.

The Rising Star PTO is also in charge of the Homecoming Luncheon on Saturday.

Charlie Jordan Visits Rising Star

Charlie Jordan, meteorologist for KRBC-TV, channel 9 in Abilene, was a guest of the Rising Star Senior Citizens on Thursday, October 2nd. Everyone truly enjoyed his country-casual friendly manner. He joined

right in with a group playing 42 before lunch at the center. Charlie complimented all the wonderful cooks who had prepared the delicious food for lunch. During lunch, I had a chance to visit with him across the table. He told a little about his life. Born and raised in Pampa, Texas, he was the son of an oil field worker. Charlie grew up in this part of the country and liked the environment. He was awarded a football scholarship to McMurray College in Abilene. "At the time, he said, I didn't realize that it also involved going to school." So he took up roots and joined the United States Navy. He traveled

from one end of the globe to another charting hurricanes and tropical storms, gaining a vast knowledge of weather forecasting. Charlie has been stationed in California, Newfoundland, Midway (where he lost all of his belongings to a storm at one time), and Lake Hurst, New Jersey, where he ran a weather station.

Charlie retired this year after serving 25 years in the Navy. He returned to Abilene saying he wanted his kids to grow up in this wonderful environment. Stating that this area has something special to offer—something that can't be found anywhere else. For example, what the Senior Citizens have done on their own here in Rising Star without the aid of the Federal Government—they saw a need and accomplished more. Jordan praised the Senior Citizen group for what they are doing—this he

said is what I hope my children will be able to learn. Jordan has two children, a son and daughter 17 and 16. He and his wife recently bought a new home in Abilene.

Many people were curious about the very interesting folklore tales he tells on the 6:00 p.m. nightly news, concerning the weather. Jordan stated that he plans to compile all these which have been sent to him in a pamphlet and anyone wanting one can send a self addressed, stamped envelope to him and he will send one back. He will give more details on the air later when all this has been finalized. Charlie stated that he has heard most of these from his own grandmother.

Everyone enjoyed Jordan's visit and hope he returns to Rising Star again sometime.

4-H Scrapbook Display

The Rising Star 4-H Club scrapbook is on display at the First State Bank during 4-H week, October 6-10. The scrapbook was first runner up in the County 4-H scrapbook contest. Eastland 4-H won Grand Champion, Cisco and Gorman 4-H clubs tied for second runner up. Carbon won 3rd and Nimrod club won 4th.

The scrapbook contains 20 pages of newspaper clippings and pictures of the

clubs activities through the year. Each page was illustrated by a 4-H'er. The 4-H'ers are proud of their scrapbook and hope you will take time to take a look at it while it is on display.

The 4-H'ers would like to thank the First State bank for providing space for the scrapbook display and thank Mrs. Kay Barker at Star Florist for the flower arrangement.

May United Methodist Slate Fall Festival

The May United Methodist Church is sponsoring a Fall Festival on October 25, 1980. The event will be held at the May Community Center, which will include the Lord's Acre, a Bazaar and a dinner. The Bazaar will be held in the reception room of the Community Center from 1 pm until 9 pm, with Mrs. Johnny Madison in charge. The sale will include Christmas decorations and gifts, plants,

quilts, baked foods and other suitable items.

The dinner will start at 5 pm with Mrs. Grace Glenn in charge. It will consist of home baked turkey and dressing and other traditional Thanksgiving foods.

Every one is invited to join the May group in friendly fellowship and good food.

The price is \$3.00 for adults; \$2.00 for children and \$1.00 for children under six.

May 4-H To Host Food Show

The May 4-H will meet Friday, October 10th at 7:00 p.m. in the First Baptist Church Recreation Center for a Food Show. Each member is asked to make a baked item from one of the four divisions which are included in regular Food Shows. They are:

1. Breads and Desserts
2. Snacks and Beverages
3. Side Dish and
4. Main Dish.

3. Side Dish and
4. Main Dish.

Rules will be explained by a representative from the Brown County Extension office.

After judging, members will sample these items for refreshments.

All parents are urged to attend to become familiar with these rules and how shows are conducted.

Ezell Accepts Position With RRC

Bryan Allen Ezzell, son of Mr. and Mrs. R.T. Ezzell, has accepted the position of Engineering Technician III with the Oil and Gas Division of the Railroad Commission of Texas in the San Antonio District Office.

His wife, Lisa Beth, is employed by Ray Ellison Developments, Inc. as Assistant Manager of the Camelot Apartment Complex, where the couple will reside. Lisa is the daughter of Mr. and Mrs. Jack Shults.

Items Sought For Country Store

Items are needed for the Country Store part of the Halloween Carnival. The Carnival will be held Saturday,

October 25th. To donate an item, please contact any member of the Rising Star Senior Class.

Santa Anna Zips Past Rising Star 30-0

Santa Anna zipped past the Wildcats, 30-0, last Friday.

The Santa Anna defense limited Rising Star to 55 yards of offense while, Santa Anna racked up 270 yards. Santa Anna scored late in the first quarter on a 13 yard pass to Jimmy Clifton. The Mounties scored 16 points in the second quarter to have a 22-0 lead at half-time. The final touchdown came in the fourth quarter, bringing the final score to 30-0, Santa Anna.

Rising Star's Billy Nall, No. 65, received a broken arm on about the eighth play of the game. We all hope Billy gets well very soon.

The people on the field really appreciated all the fans and backers of the Wildcats who supported us to the very end—you did a fine job.

Please remember that the Wildcats travel to Lometa this week. We need everyone there at Lometa, gametime is 7:30 p.m.

The Junior Varsity is idle this week after winning against the Santa Anna Junior Varsity last Thursday night in Rising Star 6-0. Scoring was led by Dean Stephens, a sophomore at Rising Star High School.

See you at Lometa! Gwynn Tharp

Mrs. Charlie (Lessie) Smith Death Reported

Word was received early Tuesday morning in Rising Star of the death of a former resident, Mrs. Charlie (Lessie) Smith. She

passed away at 7:00 a.m. Tuesday in a Nursing Home in Arvada, Colorado. Funeral services are pending upon arrival of the body in Rising Star.

Dr. Sohns Office To Close

Dr. Sohns office in Cross Plains will be closed at noon on

Saturday, October 11th and will reopen at 8:30 a.m. on Monday, October 20th.

Photos by Carolyn Ratliff

The WILDCAT BOOSTER CLUB met Tuesday at 7:30 pm in the high school library. The Booster Club is in charge of the concession stand at Thursday night football games for the Junior High and Junior Varsity teams. The coaches showed the game film and gave a preview of Friday's game at Lometa.

ALL FOOTBALL FANS are welcomed and encouraged to attend the Booster Club meetings on each Tuesday night.

Walker-Caulder Exchange Vows

Mrs. And Mrs. Keith Caulder

Jenny Carol Walker, daughter of Mr. & Mrs. Harold Walker of Rising Star and Keith Caulder, son of Henry T. Caulder of Mornings Port, La., were married August 16th in the First Baptist Church of Rising Star. Rev. R.D. Williams officiated at the double ring ceremony.

Kay Pollock was organist for the service and accompanied Kay Gray, soloist, who sang "Longer" and "What I Did For Love".

The bride was escorted to the altar by her father and given in marriage by her parents. She wore a gown of white sheer

organza lined in taffeta with a lace bodice and trim. The bridal headpiece was fashioned of lace and seed pearls with a finger tip veil. She carried a bouquet of multicolored carnations and daisies arranged with baby's breath.

Susan Walker, sister of the bride was maid of honor. Bridesmaids were Debbie Phelps and Debbie Ratcliffe of Abilene, Lisa Mims, cousin of the bride, of Palestine and Sandy Hunter of Odessa. Roy Evola was best man and groomsmen were Rich Congdon, Dana Richie and Steve Jolly, all of Abilene. Ushers and candlelighters

were the brides brother, Terry Walker and Alfonso Martinez.

The bridal attendants wore dotted swiss floor length gowns trimmed with ruffles and lace in pastel colors and carried white fans decorated with silk flowers. The groom was attired in white tails and the groomsmen wore black tuxedos with ruffled pastel shirts. The mother of the bride wore a floor-length floral design dress.

The sanctuary of the church was decorated with brass candleabra and a brass arch covered with greenery. The reception was

held in the fellowship hall at the church. The bride's table was covered in white satin with a white net cloth gathered with multicolored bows. The three tiered wedding cake was white decorated with yellow, pink, apricot, green and orchid roses, white doves and topped with the traditional bride and groom. The groom's table was draped with a brown cloth with a silver coffee service. The cake was fashioned in a double horse shoe around a porcelain bride and groom figurine. Decorations for the reception were designed by Peggy Dennard and Sue Vandivere decorated the wedding cakes.

The bride graduated from Rising Star High School and Cisco Jr. College and is now attending McMurray College. The groom graduated from high school in Shreveport, La. He is now serving as a sergeant in the U.S. Air Force and is stationed at Dyess Air Force Base in Abilene.

Following the honeymoon trip the couple will reside at Rt.4, Box 163, Abilene.

Artist Of The Month

Mildred Foster Jackson is the artist of

the month at Cisco Jr. College. Her paintings will be on display in the Maner Memorial Library through the month of October.

Mrs. Jackson has resided in Austin since 1949. She is the daughter of the late Emory and Julia Foster of the Atwell Community. She married Newnan Jackson of Cisco in 1936. Newman's mother, age 98, still resides in Cisco.

Mildred retired from the Texas Employment Commission in 1978, after 25 years of service.

Mrs. Jackson has studied art under Edna Collins, Walden Rust, and Bell Crawford Thompson. She was an instructor in china painting. Her specialties are landscapes, barns, windmills, birds, seascapes, and florals, in oils.

Each year Mildred's work is shown at the "Artist Harvest" show sponsored by the Chamber of Commerce in Austin in November. It has been shown at the American and North Austin banks, Hilton Inn, Texas Employment Commission, Department of Public Safety in Austin, and at her home.

The Jackson's have built a retirement home near Austin, in Cedar Creek. Her paintings may be viewed at the CJC Library during October, or may be seen at her home, Rt.1, Box 101c, Cedar Creek, Texas 78612, telephone (512) 321-5256.

1960 Class To Get Together

NOTICE!!!

The Class of 1960 will host a 20 year class reunion on Saturday, October 18, at the Home Economics Cottage immediately following the Pep Rally until game time.

EVERYONE IS INVITED---other classmates, parents, and teachers.

Interesting Art Classes Being Offered At CJC

The Art Department of Cisco Junior College is "going and growing" this year and is meeting the needs of the changing community around it. More people of all ages are attending institutions of higher learning than ever before. People of retirement age, mothers whose children are getting older, and people who desire to see if they have any latent talents within them, are coming to explore the possibilities of the CJC art department.

This fall there are courses in drawing, painting, design, and ceramics. Although all students receive college credit for the courses they attend, there are many students whose goal is not college credit, but the enjoyment and satisfaction they receive from producing a work of art with their own hands.

The drawing course is concerned with basics. The students are led step by step into seeing and reproducing still life, landscapes, and figure drawing. Most beginning students pale at the thought of drawing the human figure, but with the teacher's knowledge of illusion

they quickly come to realize that they are not adrift on a sea of white paper; through a series of exercises they too can build upon their store of knowledge.

The oil painting class is a great place to develop an interesting and lasting hobby. Studying and developing a confidence in one's ability to use color are skills that will help in interior decoration and choice of clothing, as well in the graphic arts. Oil painting is an engrossing art, and most people find that when they become involved in a painting hours can pass before they even think of "coming up for air". Since some students do not take the drawing course, there is discussion and demonstration of basic principles which relate to realistic drawing.

The design class is the "science lab" of the art world. In the design class students learn the principles that govern the placement of the elements to achieve good composition. They work with a wide variety of materials. Because their goal is to learn to use line, shape, value, texture, and color in their pure forms, much of their work is abstract rather than

realistic. These principles can be easily applied to realism if the student desires to develop his art in that direction. Harmonious design is of fundamental importance in interior decoration, creative woodworking, painting, and most creative hobbies.

T.V. Cable Customers

Brownwood T.V. Cable Inc. has announced to the customers in Rising Star that this month you will be receiving two bills. Please pay the white bill only. Attach the pink bill with your payment.

Bills will be mailed out around the first of the month.

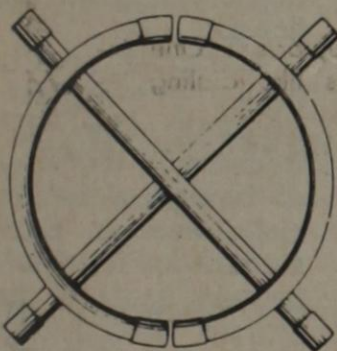

We are sorry for any inconvenience this may cause you.

Needlework And Crafts Needed For Festival

NOTICE!!!

All who have needle work and crafts for the Annual Harvest Festival Nov. 7 & 8 at the First Methodist Church, please bring to my home, 114 Miller no later than Nov. 5. PLEASE, I NEED YOUR HELP!!!

WTU Manager Makes Presentation To City Council

Local West Texas Utilities Manager, Travis Williams recently spoke to the Rising Star City Council asking for a 8.27 per cent increase in rates.

Here is what the manager said.

The subject I'm here to discuss with you today is not a cheerful one, but it can no longer be avoided. For the second time in its history—which goes back over 50 years—West Texas Utilities Company finds it necessary to ask for a general rate increase.

We have filed officially, as of September 30, 1980, with other incorporated municipalities for an increase in retail rates to customers within their jurisdiction, and with the Public Utility Commission of Texas for an increase to customers outside incorporated towns.

I'm sure that in the light of our present economy this doesn't come as a big surprise to any of you. In fact, a lot of people have been surprised that we haven't been forced to make this move sooner.

Our only other retail increase was in 1973, and you all know what has happened since then. That 6 per cent raise we were granted very graciously then by all the cities we serve has gone a long way. Every other utility company in the state, and probably in the nation, has had at least one increase since then, and most of them have had several. In fact, annual increases have become a way of life for many utilities.

We regret that our time has finally come, but we don't apologize for it. We are proud of our record and we believe our customers should feel fortunate that we have been able to hold off for so long.

There are several reasons why we've been able to manage without a rate increase during this period of double-digit inflation. For one thing, when the foreign oil embargo created the energy crisis, construction was already well under way on our newest and largest power station—the Fort Phantom Hill Plant. The timing of this plant proved very beneficial to us and to our customers.

Completion of the second unit in 1977 gave us a generation reserve margin to carry us for several years without having to build more plants. In turn, this reserve capacity has allowed us to sell energy to Central Power and Light Company. These off-system sales have helped our revenue picture greatly.

At the same time, we have been trying to hold down operating costs in every way possible. This is in keeping with WTU's reputation as a conservative company with firm control of its expenses.

ditures.

But we've gone about as far as we can in this battle against inflation. We can no longer absorb the increasing expenses alone without risking a dangerous decline in the financial condition of our company.

It is especially essential at this time that we stay in a position strong enough to attract capital, because some of those major construction projects we've been able to defer will wait no longer. Construction costs, of course, have skyrocketed; not only the cost of materials and labor, but the cost of financing, as well.

The typical customer naturally is interested only in his monthly bill, and there is no denying that most bills have increased, principally for two reasons: More usage and higher fuel costs.

The average residential customer has increased his consumption of electricity from 6,363 kilowatt hours in 1972 to 8,270 kilowatt hours this past year. The cost of fuel has risen from 23 cents per million BTU in 1972 to \$1.96. Generally, this fuel cost is the only increased expense that has been shared by the customer under our present rate schedules.

One of our essential responsibilities, as a public utility, is to maintain fair rates to safeguard our ability to fulfill customer needs, now and in the future. If we fail in this, we fail all the way. We cannot decide for the customers how much electric energy they will need. They decide for themselves, and we must be able to supply it on demand.

So, based on detailed studies of the investment required for new construction, increased cost of borrowing money, as well as the increase in operating costs, we have determined that rate adjustments are necessary at this time if we are to continue serving you in the future as in the past.

We would not have asked for that first increase seven years ago if we had not needed it. We would not ask for one now if we didn't need it. We didn't inflate our requests then, and we don't inflate them now. In comparison with steps necessarily taken by other companies, our present needs are modest.

Our request will produce an increase in total revenue of \$12,729,691. This amounts to 8.27 per cent based on revenues of \$153,914,156 in the test year, ending June 30, 1980.

The last time we adjusted our rates it was for a simple percentage across the board. But this is no longer practical nor possible. Our old rate structure does not conform to those being approved by the Public Utility Commission of Texas, so we have

redesigned it in a manner that we believe will be acceptable. It will be much simpler and more consistent with modern practices.

We now have over 125 rates for many types and classes. The new structure will be reduced to less than 30 rates. The effect of the increase on different customer classes will vary according to present relative rates of return from each class. Under our proposal, rates of return among the various classes will become more equitable.

We have requested an effective date of November 4, 1980 for our new rates. You, as our city's official governing body, have several options.

You have the option of approving the increase, denying the increase, or suspending the rates for a period of up to 120 days after the effective date before taking further action. In the event the rate increase is denied, the company will, of course, appeal such action to the PUC.

The city also has the option of denying the present request and ceding future jurisdiction to the Public Utility Commission. Frankly, there is some merit to this latter approach and to ceding original jurisdiction, since the PUC has a staff of experts who can knowledgeably and routinely analyze our case, and who at the same time will be analyzing our case with rural customers.

If the city should cede jurisdiction to the PUC, the Regulatory Act requires notice to the city prior to any rate change and guarantees the city the right to participate in any hearing.

There are certain ramifications within each of your options. We are confident that you will become familiar with all of them and do what you think is best for your city. We, too, have our customers' best interest at heart and trust that this matter can be settled as quickly and as amicably as possible.

The "Marriage-Go-Round" To Open October 16th

Director Janis Myer announced the cast for the first play of the Cisco Junior College Theater Season. The MARRIAGE-GO-ROUND opens Oct. 16 and will play Oct. 17 & 18.

The Marriage-Go-Round is the story of two happily married college professors whose union is threatened by a sexy female houseguest. The houseguest is from liberal Sweden, and wishes, for purely "anthropological" reasons, to mate with the husband and produce the perfect offspring. The results of this idea are witty, ironic, and wildly funny. The play

makes a loving and warm statement about the joys of marriage.

The cast, comprised of C.J.C. drama students, includes Tracy Freed as the loyal wife, Jay Hatler as the confused husband, Kathy Powell as the misguided visitor, and Rex Graham as the family friend.

The Marriage-Go-Round will be on view October 16-18 in the Roof Garden Theater atop the Laguna Hotel in downtown Cisco. The ticket price includes dinner and the play. Performances are at 7 p.m. Call (817)-442-2467 for reservations and ticket information.

Pioneer Pentecostal Church Homecoming

The "Homecoming" at the Pioneer Pentecostal Church in Pioneer, Texas, is to take place October 11 (second Saturday). The Rev. Pal Sojourner of Stephenville, Texas, has consented to be our pastor for that day.

Lunch will be served

at 12 noon. Ladies are asked to bring a covered dish (if it's convenient).

Come expecting a refreshing from the Lord, and the fellowship of old friends (and new ones).

Your Hostess, Grace Eakin Norris

REACT

The Rising Star REACT ambulance has answered three calls since it has been back in service. On Sept. 30 the ambulance took Mrs. Helen Mitchell to the West Texas Medical Center in Abilene. On Oct. 1 the ambulance took Mr. John Starkey and Mrs. Nora Clark to the De Leon hospital. The REACT Club thanks the children of John Starkey and Mr. & Mrs. J.D. Clark for their donations.

Our ambulance now has a regular C.B. radio but we are badly in need of a high band radio in order to have direct contact with the Police or Sheriffs dept. or the hospitals, instead of trying to contact a local C.B. base in order to relay our message by phone. We are trying to raise funds to buy one. Anyone wishing to donate money for this worthy cause may do so by contacting any REACT member. Am-

Field Day Gives Overview Of Peanut Research

Visitors attending the 1980 Peanut Field Day at the Texas A&M University Plant Disease Research Station here Sept. 25 got a broad overview of the many areas of peanut research being conducted by the Texas Agricultural Experiment Station.

More than 100 field day participants got a firsthand look at research studies involving such areas as variety tests and disease and weed control. Numerous peanut varieties and breeding lines are being screened for resistance to pod rot disease and lesion nematodes. Among these are Starr, Florigiant, Pronto, Early Bunch, Comet, Tifrun, Spantex, Florunner, EC-5, Tamunut 74, Toalson, and two Florida and two Texas breeding lines.

Early and late leafspot are also major disease problems in peanuts, and various fungicides are being evaluated for effectiveness in controlling these problems. Benlate has been effective, and crop rotation and early planting have also helped reduce foliar disease problems. In addition, breeding work is under way to develop disease immunity in Spanish-type peanuts by using Virginia-type peanuts that have leafspot resistance.

Studies are also under way to determine the effects of skip-row planting, such as planting two rows and skipping two rows. Yields have generally been increased by about 30 percent with skip-row plantings on dryland peanuts. Of course, more land is required with such a planting system. Soybeans are being grown on skip-row rows as a possible alternative crop to increase overall income.

A major research project involves weed controlling such weed problems as crabgrass and Texas panicum.

The herbicide Dual has generally given good control of these grasses when incorporated to a three-inch depth throughout the seedbed and furrow.

Peanut producers attending the field day also heard good news as far as the peanut market is concerned. Ross Wilson, manager of the Southwest Peanut Growers Association, said that U.S. peanut production and consumption will be about even this year, with none available for the export market. This makes the supply of peanuts the most critical since 1954. peanut prices are strong at the present time, Wilson noted, and consumption is also up. He said that each American will eat 7.1 pounds of peanuts this year.

On the political front, Wilson said that all is quiet as far as government farm programs are concerned. He emphasized that producers are united in favoring a price support program for the next four years rather than a target price program.

Giving a brief overview on the energy situation was Henry O'Neal, agricultural engineer with the Texas Agricultural Extension Service. He pointed out that there is actually an abundant supply of energy in this country but that we don't know how to use it efficiently.

O'Neal cited sorghum and corn stalks and gin trash as good sources of energy that can produce 60 percent of the heat value of all energy used in agriculture in the U.S. He said that on a per-pound basis, corn or sorghum stalks have as much heat value as coal.

The Agricultural engineer added that an alcohol production plant is being built at Texas A&M University to be used in studying the production of ethyl alcohol from agricultural products.

Creighton Endorses Glasgow For Senator

Retiring State Senator Tom Creighton of Mineral

Congratulations,
STARBRITES!!!
CONNIE'S BEAUTY SALON

EXES!!!
The class of 1940 say they were probably the "Most Outstanding" ---WELL, there's no probability about it. **THE CLASS OF 1939 was OUTSTANDING also. You say you have Doctors, Lawyers, Teachers, Engineers, Wonderful Housewives, Oil Field Specialists.. & Peanut Farmers.**
WE have the SAME but even BETTER!!!

CJC Community Courses

Cisco Junior College will offer thirteen different Community Service Courses to people in the general area of Cisco during the current Fall semester. Community service courses are open to everyone, have no admission requirements, and are usually taken by people interested in the subject for the pleasure of learning about it or how to do it. The courses are designed primarily for adults, but some are open to children. Each course will carry a small tuition fee to cover the basic costs of offering it.

Engine repair--basic repair of all small engines.

The Wednesday night offering will be Conversational Spanish--fundamental principles of communicating in Spanish. Advanced Cake Decorating will be the class offered on Thursday nights. This course will involve the advanced techniques of cake decorating.

Friday evening's offering is Basic Welding--oxy-acetylene and electrical welding for beginners.

Two free courses will be offered this semester. These offerings are "one day inly" classes and include Microwave cooking--basics of microwave cooking; and Energy Conservation in the home.

Interested persons may pre-register through the CJC Registrar's office, or at the time of the first class meeting. Early registration is advised because some of the courses have a class size limit. Tuition costs range from \$10.00 to \$30.00 with some classes requiring the students to furnish their own supplies.

For more information call the Registrar's office or Clois Purvis at Cisco Junior College at 442-2567. If there is a course that anyone would like to have offered, bring this to the attention of Clois Purvis; it may be that the class can be offered in the near future.

Wells announced today that he intends to vote and support Bob Glasgow as State Senator. "I have known Bob Glasgow for many

years. he has proven himself to be a hardworking and effecting District Attorney, and I am confident that he will be a hardworking and effective Senator for the 22nd District."

The BACK FORTY

"If she doesn't stop telling him to act his age, he said he was going to tell hers."

We aren't acting when we greet you and tell you we are glad to see you when you come into First State Bank to open an account-checking or savings. We are telling you that we are glad to have you as a customer and a friend.

Over 300 Attend Event Opening New Plant

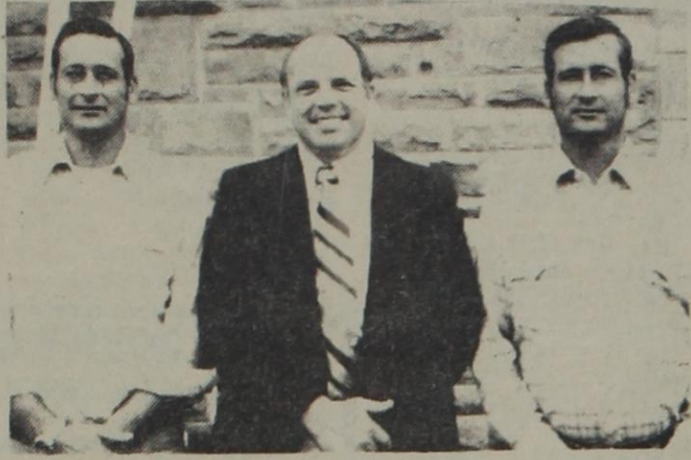

More than 300 persons, including employees of El Paso Companies and business and civic leaders of area cities and counties, took part in dedication ceremonies Tuesday for the new W.D. Noel Natural Gas Plant. The program was held in the Carbon School gym due to rainy weather.

The new plant is located just north of FM2526 five miles west of Carbon and 12 miles southeast of Cisco.

W.D. (Bill) Noel, co-founder and first president of Odessa Natural Corporation, was guest of honor as the new natural gas plant was named for him. He and Mrs. Noel attended the event.

Weldon Lewis of Odessa, operating vice president of ONG, served as master of ceremonies for the program. The invocation was given by Jim Hobbs, superintendent of construction for ONG.

Mr. Lewis said the new plant gathers gas in partnership with Valero Transmission Company from seven area counties and extracts some 170,000 gallons of natural gas liquids from 30 million cubic feet of gas daily. The gas then goes into pipelines and sold for use by cities and industry.

WHICH IS Donald or Ronald?—That's what Jim Sitton, center above, has been wondering ever since the three men pictured were in Cisco High School some 20 years ago. They all work for Odessa Natural Gas or El Paso Products Company and were present Tuesday noon at the new ONG plant dedication southeast of Cisco. Ronald is the Hale twin shown left, and his brother Donald is on the other side. The Hales live here and both work at the new ONG plant. Jim is a pilot for El Paso Products Company and lives at Midland. The Hales are sons of Mr. and Mrs. T.L. (Smokey) Hale, and Jim's parents are the J.W. Sittons. (Staff Photo)

The new plant has 22 employees and represents a major expansion for ONG and Valero in this region, Mr. Lewis said. Joe Shepard, here since 1978, is the plant

manager and supervised the building of the plant, pipelines and underground storage. Ward Arnold is the plant superintendent.

Mr. Shepard was introduced and he spoke briefly to pay tribute to Mr. Noel for his work in pioneering natural gas extraction. Mr. Shepard, with ONG 34 years, noted that the company has over 600 miles of pipelines and processes 160 million cubic feet of gas daily. It was Mr. Noel, he noted, whose work resulted in running natural gas from oil wells through hydrocarbon plants instead of flaring it.

Mr. Noel was presented a hard hat, the type worn by oil workers, by Mr. Shepard. The hat was painted with decorations by Mrs. J.R. (Sandy) Keating, secretary at Noel ONG plant.

Mr. Noel, retired president of ONG and now chairman of the firm's board of directors, expressed appreciation for being honored. He said that he began work in the industry at Breckenridge for Gulf Oil Corp. in 1935. The new plant, he said, represents the latest in technology developed by the industry to reduce emissions and pollutants.

ONG workers along with Valero and other associated companies and community leaders of this region were praised by Mr. Noel for helping make the new plant

possible.

Several Valero officials, including James Willoughby, area foreman; Wayne King, San Antonio, superintendent of Valero hydrocarbons; and Ellis Wind and Ted Snailum of the San Antonio headquarters, were introduced. Mr. King spoke to say the project "is good for Valero."

Mrs. Noel was presented a plaque "for the support and help you have been to your

husband over the years."

The huge signboard with the plant name -- Odessa Natural Corporation...W.D. Noel Plant -- was unveiled.

Guests included Mr. and Mrs. Joe Hanna of Breckenridge, Mr. and Mrs. John Ben Sheppard of Odessa, and a large delegation of company executives from Odessa, Midland and El Paso. ONG is a subsidiary of El Paso Products and the El Paso Company. Three company planes flew executives to the Abilene airport from Odessa and Midland and they went to the dinner by bus.

The Cisco Junior College Band and Belles, directed by Tim Jones and Pat Owens, assisted with welcoming visitors and provided a musical program.

4-H ADULT CAMP SET

Harvest Happening - '80, a camp for mature men and women, will take place at the Texas 4-H Center in Brownwood from Tuesday, November 4th through Friday, November 7th. Participants are advised to cast their vote for their favorite candidate on Tuesday morning and then to come to camp and watch the results come in at our Election '80 Campaign Countdown.

Freedom of Choice is the motto for the remainder of the camp as campers will be able to participate in four skill areas: Lapidary, Needlecraft, Ceramics, and Basketweaving. Eight special features will be presented and recreation

will be held every evening. Singing, good eating and fellowship will abound as campers choose their own activities. For those inclined to dominoes, cards or shuffleboard, space has been set aside for these activities at all times. The 1.7 million dollar facilities of the Texas 4-H Center provide a resort-type atmosphere for Harvest Happening - '80 participants. Ten lodges will house five men or five women to a sleeping area. Each has adjoining bathroom facilities. To insure your comfort and convenience, only 100 registrations will be accepted. For more information about Harvest Happening - '80, contact your county Extension agent.

Working at the Eastland County Fair in the

4-H Council booth are John Kidd,

Leanne Brown and Truet Hart

4-H Week Activities

Several 4-H members participated in the planning and set up of the 4-H Council sponsored booth at the Eastland County Fair, October 2-4. At the booth, the county's individual 4-H clubs exhibited their 4-H scrapbooks, showing activities of the past year. The 4-H booth, sponsored by the 4-H Council placed third in competition in the educational booth division and received \$10 prize money for their effort.

Another major activity during 4-H week this year is

the State Fair of Texas at Dallas with several Eastland County 4-H members entering projects. Scott Anderson and Bud Wood of the Nimrod 4-H have Jersey dairy projects entered to be shown on October 12.

The second week of the State Fair, two other 4-Hers will be exhibiting livestock projects. Truet Hart from Eastland will be showing a Hereford steer on October 15th and Sam Scott from Rising Star 4-H will be showing 3 heifers on October 16.

Teresa Felber, Potomac, Md., used skills acquired in the national 4-H home environment program, supported by the S & H Foundation, Inc., to create this decorative pillow for her home.

PUBLIC NOTICE

In compliance with Sec. 43(a) of Art. 1446c, V.A.C.S., West Texas Utilities Company hereby publishes NOTICE that it has filed, on September 30, 1980, its statement of intent to make changes in its rates charged for electricity and services sold and rendered inside and outside municipal jurisdictions, such proposed changes to be effective November 4, 1980. Such Statement of Intent includes the proposed revisions of tariffs and schedules and a statement specifying in detail each proposed change, the effect the proposed change is expected to have on the revenues of the Company and the classes and numbers of utility customers affected. Gross revenues are expected to be increased 8.27 per cent by the new rates. Statements of intent were filed with the Public Utility Commission of Texas and with the following municipalities:

Abilene	Haskell	Quitaque
Albany	Hawley	Rankin
Alpine	Hedley	Rising Star
Anson	Impact	Roaring Springs
Aspermont	Iraan	Robert Lee
Bard	Jayton	Roby

Rising Star Nursing Center

Mary Harmon, Activity Director

Last week was a lazy week for some of the residents. The rain was cool and relaxing but some had the sniffles.

Tuesday we passed out popcorn and prepared ourselves for the Bingo game. Everyone carefully picks out a card or two and is certain that they have the ones with the winning numbers. The winners last week were: Bryant Houston (4 games), Linnie Brashear (2 games), Mary Hord, Earl Fussell (2 games), Martha Irby, Ora Clark (2 games), Leo Atkinson, Mary Boase (2 games), and Mattie Cosper.

Dominos were a very popular game also last week. Almost every afternoon you could hear the rattle of dominos in the dining room, then there would be the silence while everyone was concentrating on the right move.

Friday Mrs. Odom gave the weekly Bible Study class and Mrs. Campbell led the music. Everyone enjoyed it very much.

VISITORS:
Martha Irby—Carlene Nichols.

Rose Roach—Earl & Ivy Allen, Annie Mae Seal, Rilla Richburg, Ladell Key.

Emma West, Nancy Mathews—Marjorie West, Allen & James Hines, Joe & Nell Fleming.

Buster Rixford, Red Cook—Earl & Ivy Allen, Donald Chalk, Mary Ann Underwood, Annie Cook, Kim Martin, Karen Blanks.

Dellah Roberts, Annie Gotcher—Earl & Ivy Allen, Reta Byrd.

Bertie Medford, Susie Seals—Thelma Eberhardt, Ola Mae Maxwell, Herbert & Billy Hoover.

Estell Bolding, Hester Miller—La Verne Carroll, Sybil Sears.

Roy Emfinger—J. Earnest Yielding, Pearl Harris, Ivy Allen, Kathleen Muckleroy, Edna Allen.

Tennie Crutchfield, Maude Hill—Dinky, Judy, Kerry & Chad Hill.

Ethel Degman, Dollie Harrelson—Clara Schlittler, Nell Maynard, Betty Melton.

Josie Hammonds, Dolly Clark—Pernie &

Le Roy Lyon, Edra Butler, Kay & Joseph Pollock, Clara & Le Roy Thomas, Jenny Jones, Genevieve Crawford.

Hattie Boatman—Jerry Underwood, Chet McGlothlin, John Hale.

Mary Starkey, Nellie Strength—Mr. & Mrs. Walter Starkey, Larry & Elaine Lane.

Linnie Brashear, Mary Crisp—Edra Butler, Ila Mae Marshall, Paul Brashear, Nell Cooper, Faye Medley, Troy Willett, Manon Cox, Mrs. Parrish, Mrs. Barnes, John Hale, Mr. & Mrs. Chas. Young, Annie Mae Seal, Mrs. Hudson.

Maggie Christian, Minnie Mayfield—Annie Mae Seals, Lela Clark, Rilla Richburg, Ladell Key, Lila White, Cleo White, Velma Turner.

Mattie Cosper, Oma Poteet—Tina, Sandra & John Carr, Corinne Hopper, Geneva Bobeen, Emma Kile, Karen Blanks, Annie Mae Seals, Rilla Richburg, Ladell Key.

★ Oil News

Sioux Natural Gas Corp., Brownwood, will drill No.1 Glen Walls in Brown County Regular Field 14 miles northwest of Brownwood.

The planned 3,000-foot venture is located on a 121-acre lease.

It spots 1,450 feet from the south and 2,721 feet from the east lines of Jose Padillo Survey 646.

R.L. Gohlke, Wichita Falls, will drill three regular field projects in the county.

No.3 Cleo Grooms is located on a 320-acre lease five miles southwest of Brownwood and slated for 1,900 feet.

It spots 1,980 feet from the south and 150 feet from the east lines of J.M. Ross Survey 610.

Other two ventures are located on the D. Brooks 129-acre lease and slated for 1,750 feet.

Site for No.2 Brooks is 1,580 feet from the north and 150 feet from the west lines of I. Day Heirs Survey 613.

No.3 Brooks will be drilled 1,880 feet from the north and 150 feet from the west lines of the same survey.

Dr. Ruth Y. Ackers
Podiatrist Inc.
Announces Our Newest Location
2150 S. Danville
Abilene, Texas
695-1890 Or 695-1891

rs-32

Two regular field projects will be drilled two miles east of Burkett by 6 Bar Operations Inc. of Abilene.

Each venture has a proposed depth of 1,500 feet.

No.2-B Bowden will be drilled on a 182-acre lease. It spots 8,594 feet from the north and 2,723 feet from the east lines of A. White Survey 161.

No.3-B Bowden will be drilled 8,594 feet from the north and 330 feet from the east lines of the survey.

Tomm Dawson Drilling Co., Bangs, staked two regular field locations 10 miles west of Brownwood on an 89-acre lease. Each try has a proposed depth of 1,350 feet.

No.1 Welch will be drilled 170 feet north, thence 2,500 feet east of the southeast corner of J.H. Grimes Survey 354, but located in Section 29, HT&B Survey.

Site for No.2 Welch is 470 feet north, thence 2,500 feet east of the same survey.

Another regular field project for the county will be drilled one-fourth mile north of Bangs.

It is Kilgore Brothers, Brownwood, No.4 McMurry, slated for 1,550 feet.

Location is on a 33-acre lease, spotting 2,000 feet from the north and 900 feet from the west lines of Section 23, HT&B Survey.

Southeastern Resources Corp., operating from Rising Star, will drill a Brown County Regular Field project 12 miles northwest of Brownwood.

Located on a 383-acre lease, it is No.12-A Betty Bucy.

Site is 3,500 feet from the west lines of Henry Graham Survey, A-651.

Lamesa Crude No.4 N.A. Hahan has been completed as a Strawn gas discovery well 10 miles northwest of Cisco in Eastland County.

Location is 1,870 feet from the south and 480 feet from the west lines of Section 2981, TE&L Survey.

Thursday, Absolute, open flow was 2,003,000 cubic feet of dry gas daily from an open hole at 2,239-41 feet.

A.E. Richmond, Bangs, No.1 Lola Hill is a planned 1,300-foot regular field reentry project two miles southeast of Bangs.

October 9, 1980
Location is on a 448-acre lease, spotting 175 feet from the north and west lines of Section 8, ETRR Survey.

WHAT TO DO IF YOUR LIGHTS GO OUT

We'll do our best to keep it from happening, but let's face it. Even with the miracles of modern technology, it sometimes occurs in the best of systems.

So, if your power goes off, we hope you'll help us get it back on as quickly as possible.

HERE'S WHAT YOU SHOULD DO:

1. Check your neighbors. Call them or go outside and see how widespread the outage is.
2. If your house is the only one affected, check your breaker box.
3. If the trouble is not on your side of the meter, call us - your local WTU office - and give us the following information:
 - Your name and address
 - Time of the outage
 - The area affected (as many addresses as possible)

We'll take it from there. Please don't prolong the call with questions that can't be answered. We'll be getting many other calls, depending on how widespread the outage is. And, if you're answered by a recorded message, it means that the dispatcher already has been swamped with calls and that we're working on the problem.

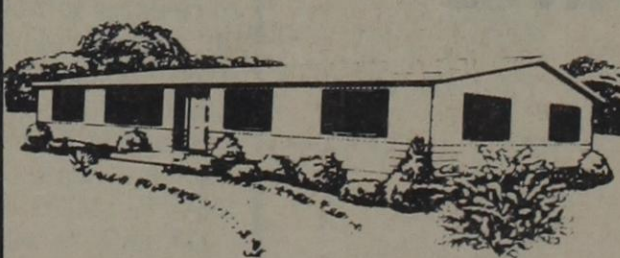

WEST TEXAS UTILITIES COMPANY

A Member of The Central and South West System

Remember, our goal, as always, is to provide reliable electric service at the lowest practical cost. And if an outage does occur, we aim to restore service without delay. We appreciate your help.

4-H Club Holds Monthly Meeting

The Rising Star 4-H Club met Monday, October 6 at the First State bank Community room with sixteen present. The club gained three new members: Howard Lawrence, Becky Owens and Laura Finley. We are very proud to have 4-H'ers join our club.

Pres. Travis Parson called the meeting to order and asked Jamie Hutton to lead the Pledge of Allegiance. Tabitha Hutton led the 4-H Pledge and Jerry Long led the 4-H Prayer. Pres. Travis Parson then led a short business meeting.

The 4-H'ers voted to hold a bake sale Wednesday, Oct. 15 starting at 10 am in front of Higginbothams. If you are rushed for time before Homecoming do your baking the easy way—visit the 4-H BAKE SALE!!!

Adult Leader, Trudi Long announced the Cisco FFA and 4-H Field Day set for Oct. 25. Adult leader Hohnni Scott explained that this Field Day was a good opportunity for the 4-H'ers to see how to feed, groom and show their animals.

The 4-H'ers discuss-

ed the Homecoming parade and voted to decorate a pickup for the parade. 4-H'ers wanting to ride in the parade should be at High School to help decorate the pickup at 1 pm.

Sam Scott showed the 4-H'ers the handsome poster he prepared for 4-H week. This very nice poster is in the lobby of the bank. The club spent the remaining time working on posters.

Refreshments were served by Tabitha Hutton and Karmen Hall.

4-H'ers attending the meeting were Bart Baker, Laura Finley, Karmen Hall, Jay Hall, Jackie Harris, Tabitha Hutton, Jamie Hutton, Howard Lawrence, Jami Long, Jerry Long, Stephanie Long, Toby Long, Becky Owens, Travis Parsons, Warren Parsons, and Sam Scott.

The 4-H'ers will be presenting the program for the PTO, Tuesday, Oct. 14 at 3 pm. Donna White, County Extension Agent will be there and the 4-H'ers will be telling about 4-H projects. Reporter, Stephanie Long

OCTOBER 5-11

Eight 4-H'ERS Win At County Fair

EASTLAND COUNTY FAIR 4-H

Eight Rising Star 4-H'ers won top honors at the Eastland County Fair, Oct. 2, 3, and 4. Our club is proud of the participation and enthusiasm shown by the following 4-H'ers:

Kindergarten-3rd grades
Jerry Long-1st and Best of Show, cactus.
Jamie Hutton-2nd, Crafts from junk; 2nd decoupage, first-seed art and first in wood craft.

Warren Parson-1st, plaster art; 2nd, misc.; 1st, leather; 1st, junk; 1st, sand art; 1st, decoupage; honorable mention, art.
Toby Long-2nd foliage plants.

Youth-4th through 7th grade.
Jerry Long-1st and Best of Show, cactus.

Tabitha Hutton-1st and Best of Show-purse; 2nd, dress; 1st, plaster art; 1st, seed art and 2nd, string art.

Stephanie Long-1st, latchhook; 1st, flower arrangement; 1st, foliage plants.

Travis Parson-1st, Leathercraft; 1st, junk; 1st, misc.; 1st, decoupage; 1st, sand art; 3rd, string art; and 1st, liquid embroidery.
Youth-8th through 12th grade
Jami Long-2nd, flower arrangement.
CONGRATULATIONS 4-H'ers!

Pictured above are Jami and Rex Long, who greeted visitors to the 4-H Council Booth at the Eastland County Fair.

Elizabeth Robertson Presents Program For Saturday Club

A very interesting and informative program was given by Elizabeth Robertson for the Saturday Club meeting on October 1st.

Elizabeth used the feature article, Monday Moanin' The Town Crier, titled Man and energy, which appeared in The Brownwood Bulletin, August 25, 1980, as a basis for the program, Energy Conservation.

"Stand a yardstick on end and consider each inch to represent 1000 years. At the top is the present, with all its trials and tribulations—and its energy crisis."

The yardstick stands for 36,000 years of history, and Elizabeth discussed those years in 8 periods of time, bringing facts of the first oil well brought in at Spindletop in 1900. This introduced "the great petroleum boom, great energy-consuming industries and lifestyle, and the subsequent energy crisis."

The conclusion was in questions: What can I do; what can you do—the biggest consumers of energy—to conserve energy?

The meeting followed the usual procedure with the president, Irene Mayfield, asking Emma Jean Steel to offer the invocation.

Dorothy Shook, secretary, led the members in the Pledge of Allegiance, followed by roll call, reading of the minutes, and cor-

respondence.

Mary Claborn presented the 1980 edition of the RSHS annual, "La Estrellita", to the City Library; a complimentary copy from the Taylor Publishing Company.
Bertha Mae White gave the door prize, a potted begonia, to the lucky number 16, held by Joy Setser.

The refreshment table was covered with a beautiful green cloth from Tripoli and the yardstick surrounded by pennants, which asked questions about energy conservation, as a centerpiece. Silver and crystal appointments were used in the serving of finger sandwiched, a strawberry cake, orange bon-bons, nuts, and coffee to the following members:

Gladys Carter, Mary Claborn, Lela Clark, Rosa Van Cox, Helen Donham, Joyce Geye, Dorris Harrell, Lenell Henry, Lillian Howard, Pauline Hudson, Olice

Jones, Lucille Joyce, Hazel T. Marsh, Irene Mayfield, Hazel McCollum, Lottie Mae Roach, Joy Setser, Dorothy Shook, Emma Jean Steel, Vera Westerman. Co-hostesses and program coordinators were Elizabeth Robertson and Bertha Mae White.

Personals

Goldene Ware is looking forward to this weekend or early next week, to a visit from her aunt Georgia (Bowman) Booth, from San Diego, California. She left California with two daughters and their husbands Sept. 15th on a motor trip to Florida, via Paducah, Ky. They will visit in Louisiana, De Leon, Comanche and Rising Star on return trip to California.

Chad Barr, son of Ronnie & Pat Barr of Brownwood, celebrated his 2nd birthday in the home of his grandparents, Cole & Leo White Sunday, October 5.

Mr. and Mrs. W.W. Ezzell, R.T., Olena and Anna of Mesquite, attended the funeral in Fort Worth, Wednesday for Mrs. J.T. Maddox, sister of W.W. Ezzell.

EXES!!!
Are we going to let the class of 1940 get away with Bragging about Being the Best??? NEVER, NEVER.
All classes have excellent students. Now take the class of 1942. We think we are outstanding, too. Some are Doctors, Lawyers, Teachers, Insured People, Wonderful Housewives and by all means.... PEANUT FARMERS!!!!

Senior Citizen Luncheon

We had a delightful time this past week even if it was a bit much for some of us. Thursday, October 2, Charlie Jordan, our KRBC weather man, was a very congenial guest. I think he must have talked with all 46 of us individually. He gave an interesting account of his life and work as a forecaster and some tongue and cheek methods of weather forecasting. He came before eleven o'clock and stayed until three. He played 42 and asked us to play a few numbers for him. I am told he mentioned his visit on the 6 o'clock news.

Thursday night, the Starbrites entertained at the Eastland Fair. We were served chili and beans with cowboy cornbread and free drinks. They were a very enthusiastic audience and invited us back Friday night, which about 13 were able to do. They reported just as good a time as the night before.

Saturday night the fourth, I was unable to

travel to Brady but Elizabeth Chamberlain has written the following account for me. I am told they were given a standing ovation by an audience composed of over a thousand people.

Saturday night, the Starbrites ended a busy week with a performance at the Brady High School football stadium. The occasion was a game of Tag Football, benefitting the McCulloch County United Way—with both teams made up of former high school football players. It was an exciting, rough and tumble game, in spite of the fact that most of the men (if not all) had been out of training a number of years.

The Starbrites had their chance at the half-time, it must be said, they never played better! The turn-out was stupendous. Those wonderful folks gave our Band the most heart-warming, enthusiastic and appreciative reception, ever.

Thursday, October 9, 1980

Next Saturday evening, our Band will once again entertain those lovely people at the Nursing Home. Those performances are the ones we love the most, for those folks truly enjoy and appreciate any small thing done in their behalf. When we can bring an hour of pleasure to keep them happier and less lonely, we are indeed happy!

Local Briefs

Mrs. Ethel McQuarters of Seguin and her niece, Mrs. Eldora Jane Waters of Houston spent Wednesday, Thursday and Friday with Mr. and Mrs. G.H. Lockhart. While here, Mrs. McQuarters, who is a cousin of Mrs. Lockhart's celebrated her 83rd birthday. Mr. and Mrs. Lockhart also celebrated their 62nd Wedding Anniversary on October 3rd while they were here.

Stenholm

Congressman Charles W. Stenholm has been named to receive the National Associated Businessmen's (NAB) Watchdog of the Treasury Award for voting against unnecessary federal spending during the 96th Congress.

Stenholm scored 100 percent on NAB's "Economy Voting Record" (EVR), an index of congressional attitudes toward economy is government.

Thirty-five Senators and 179 Representatives (41 percent) qualified for the award, with only 62 Representatives scoring 100 percent.

Stenholm has also been awarded the National Federation of Independent Businesses' "Guardian of Small Businesses" award for his voting record on issues effecting the country's independent businessmen.

OIL NEWS

Rodman Petroleum Corp., Odessa, staked No.2 Erwin as a proposed 3,750-foot wildcat in the Nicholas (Duffer) Field.

Location is on a 246-acre lease six miles northeast of Cross Plains.

It spots 4,126 feet from the south and 1,380 feet from the west lines of Abraham Winfrey Survey, A-548.

Thomas Kidd Oil production Co., Denver City, filed application to re-enter to 2,500 feet an abandoned wildcat five miles southeast of Eastland.

It is No.1 Herman C. Jordan, located on a 160-acre lease.

Drillsite is 467 feet from the north and east lines of Section 26, Block 2, H&TC Survey.

Kilgore Brothers, operating from Rising Star, staked two locations five miles east of Cross Cut in the Blake (Caddo) Field.

Each venture is located on a 225-acre lease and slated for 2,250 feet.

No.1-F Kilgore is located 2,780 feet from the south and 330 feet from the east lines of N.B. Mitchell Survey 153.

Site for No.2-F Kilgore is 3,713 feet from the east survey lines.

Dr. Sohns Office In Cross Plains Will Be Closed At Noon Saturday, October 11th And Open At 8:30 A.M. On Monday, October 20th.

Church News

First Baptist Church

We worship a risen Christ. He is alive; our faith is a living faith. Too many Christians miss the adventure of Christianity by playing safe with their Christian development. To live as a Christian is to take risks.

John F. Stevens, engineer and builder of major segments of the Great Northern Railroad and the Panama Canal, instructed one of his construction chiefs on the canal project: "You won't get fired if you do something; you will if you don't do anything. Do remember. If it is wrong, you can correct that; but there is no way to correct nothing."

Risk makes faith an adventure. Don't miss attempting great things for God.

God's will for every Christian is the investment of ones life in living to achieve, bearing a return on the gift of life He has given.

Too often we are as the servant in the parable of the talents. (Matt. 25) When asked to give an account of the stewardship of the money left to him, the servant replied that he was afraid to do anything with it and went and hid it in the ground.

Dare we not invest our lives in His church, service to others, and our community for its good?

We all face the fear of being a failure, being unpopular, and of getting hurt. But think! There is with the Lord's help a greater possibility of being a success, being an achiever, of helping others, of making our community a better place in which to live and serve the Lord.

It's true, living by faith is an adventure—Try It!
R.D. Williams, Pastor

Seventh Day Adventist

FOR THE MOST HOPELESS

Finally, be ye all of one mind, having compassion one of another, love as brethren, be pitiful, be courteous. 1 Peter:3:8.

Christ came to bring salvation within the reach of all. Upon the cross of Calvary He paid the infinite redemption price for a lost world....His mission was to sinners of every grade, of every tongue and nation....The most erring, the most sinful, were not passed by; His labors were especially for those who most needed the salvation He came to bring. The greater their need of reform, the deeper was His interest, the greater His sympathy, and the more earnest His labors. His great heart of love was stirred to its depths for the ones whose condition was most hopeless and who most needed His

transforming grace....

We should cultivate the spirit which Christ labored to save the erring. They are as dear to Him as we are. They are equally capable of being trophies of His grace and heirs of the kingdom. But they are exposed to the snares of a wily foe, exposed to danger and defilement, and without the saving grace of Christ, to certain ruin. Did we view the matter in the right light, how would our zeal be quickened and our earnest, self sacrificing efforts be multiplied, that we might come close to those who need our help, our prayers, our sympathy, and our love!....If our hearts are softened and subdued by the grace of Christ, and glowing with a sense of God's goodness and love, there will be a natural outflow of love, sympathy, and tenderness to others.

Come close to the great heart of pitying love, and let the current of that divine compassion flow into your heart and from you to the hearts of others. Let the tenderness and mercy that Jesus has revealed in His own precious life be an example to us of the manner in which we should treat our fellow beings, especially those who are our brethren in Christ....Never, never become heartless, cold unsympathetic, and censorious. Never lose an opportunity to say a word to encourage and inspire hope. We cannot tell how far-reaching may be our tender words of kindness, our Christlike efforts to lighten some

burden. The erring can be restored in no other way than in the spirit

of meekness, gentleness, and tender love.

have been visiting in the home of her parents, Mr. & Mrs. Ray Nunnally.

Mrs. Bruce Belk and children, Jarrod & Jaimie of Houston,

Couple To Be Honored On 50th Golden Anniversary

Mr. and Mrs. E.M. (Bob) Roberts

Mr. and Mrs. E.M. (Bob) Roberts will be honored by their children on their 50th Golden Wedding Anniversary with a reception in the Fellowship Hall of the First Baptist Church, October 12, 1980. Their friends are invited to join them between the hours of 2:00 until 4:30 pm.

E.M. Roberts and Ina Lorene Campbell were married at the home of the R.R. Shelton at Hollis,

Oklahoma. Roberts was employed in construction work for over 40 years but now is semi-retired.

They have four children as follows: Bob Roberts of Toledo, Ohio; Mrs. Daryl Chadwick of Midland, Texas; Mrs. Alice Dombrowa of Scotland and Mrs. Wayne Cotton of San Angelo, Texas. They have 14 grandchildren and 1 great grandchild.

All friends are cordially invited.

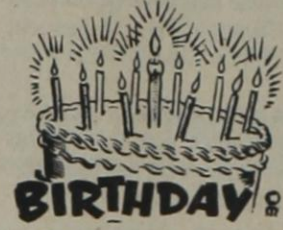

COMMENTARY

By Myrtle Owen

Colossians 3:1-11, The New life in Christ: If ye then be risen with Christ, seek those things which are above, where Christ sitteth on the right hand of God. Set your affections (or mind) on the things above, not on things on the earth. For ye are dead, and your life is hid with Christ in God. When Christ, who is our life, shall appear, then shall ye also appear with him in Glory. Mortify therefore your members which are upon the earth; fornication, uncleanness, inordinate affection, evil concupiscence, and covetousness, which is idolatry: For which things sake the wrath of God cometh on the children of disobedience; In which ye also walked some time, when ye lived in them (or at one time). But now ye also put off all these things; anger, wrath, malice, blasphemy (or railing), filthy communication out of your mouth. Lie not one to another, seeing that ye have put off the old man with his deeds; And have put on the new man, which is renewed in knowledge after the image of Him that created him. Where there is neither Greek nor Jew, circumcision nor uncircumcision, Barbarian, Scythian, bond nor free: but Christ is all, and in all. The Christian virtues, Put on therefore, as the elect of God, holy and beloved, bowels (or heart)

Thursday, October 9, 1980

of mercies, kindness, humbleness of mind, meekness, long-suffering; Forbearing one another, and forgiving one another, if any man have a quarrel (or complaint) against any: even as Christ forgave you, so also do ye. And above all these things put on charity, which is the bond of perfectness. And let the people of God rule in your hearts, to which also ye are called in one body; and be ye thankful.

College Night

Junior and senior students of high schools in the Big Country who are planning to go to college and the parents of these students will have an opportunity to meet and talk with representatives from various colleges, universities, and vocational training schools at a college night program at Cooper High School on Monday, Oct. 27, at 7 p.m. Representatives from 36 institutions have been invited. In addition, representatives from the Army, Navy, Air Force and Marine ROTC programs and a representative to discuss Financial Aid will participate in the program.

The evening program will begin in the auditorium where Chris Taylor, president of Cooper High School Student Council, will preside. Mrs. Marie Denham, coordinator of Guidance and Counseling for the Abilene Independent School District, will welcome the students and parents.

Following the meeting in the auditorium, each student and parent will have an opportunity to attend three discussion groups of thirty minutes each to obtain information about three different colleges in which they are interested.

College representatives will discuss entrance requirements, application procedure, estimated yearly cost, courses of study, types of housing available, financial aid, and other topics of concern to students and parents.

The Colleges and Universities Which Will Be Represented Are:

- Abilene Christian University
- Abilene intercollegiate School of Nursing

SIPE SPRINGS NEWS

Mr. and Mrs. Charles Screws of Abilene visited Mr. and Mrs. Dick Wyatt Saturday.

Mr. and Mrs. Darwin Osburn of Sidney were visitors in the Squab Weaver home Sunday.

Mrs. Lucile Steel and Mrs. Ruby Boswell visited relatives and friends in Eunice and Hobbs, New Mexico over the weekend.

Mrs. Irene McKeehan visited her sister, Mrs. J.D. Mitchell and family in New Castle this past week.

Mrs. Jack Millwee, accompanied by her sister, Pat Leslie, of De Leon, visited their parents, Mr. and Mrs. Layne Cotter in Baird Monday.

Mr. and Mrs. G.T. Whittle were in Ardmore, Okla. last week.

Mr. Herman Anderson is spending a few days in Eastland hospital. He will be back home soon we hope.

Our final rainfall for the weekend was 5 and 6 tenths inches.

Rookies In Food Nutrition

Rookies in Food and Nutrition met Monday, October 6th at 5:30 p.m. in the home of Mrs. Carol Goode.

The 4-H'ers talked about labeling, nutrients, food storage, the basic four food groups and meal planning.

The 4-H'ers cut out pictures of foods and arranged them on paper plates. They were checked by Carol Goode to make sure they included the basic four food groups.

The next meeting will be November 3rd at Mrs. Carol Goode's home. The meeting will start at 5 p.m. and the 4-H'ers will cook a meal. Sounds like fun? You bet!
