## Freight Service Problem Occupies CofC Meeting

The problem of securing adequate freight service for Rising Star occupied practically all of the business session of the Rising Star chamber of commerce meeting Tuesday noon at the Elite cafe.

Secretary A. D. Jenkins reported that efforts to secure a local agent for receipt and delivery of

freight via the Sunset Motor Lines were baffled by the expense of constructing a dock and providing adequate shelter.

The company's offer of \$50 per month or 18c per hundred on local freight handled by the agent was "not enough to justify the cost of building a dock," the CofC was told.

Various solutions were proposed including a suggestion that the CofC reopen negotiations with the Santa Fe lines in the hope of reviving that company's application for approval of a direct daily service through Rising Star which has been persistently pigeon-holed in the Motor Carriers Division of the Railroad Commission despite repeated protests and appeals from Rising Star shippers and merchants and the Santa Fe people.

The discussion resolved into a motion that the CofC finance an appropriate dock if a local agent can be secured and that it so notify both the Sunset people and the Railroad Commission of its action and agreement with the Sunset people with the provision that if the local arrangement does not work out satisfactorily, the CofC will demand that the Sunset permit for freight service in Rising Star be cancelled and a permit be given to a line that will provide adequate service.

Action on equalizing dues of members to the chamber of commerce was delayed to the next meeting.

## Mrs. Mangum Is Buried Tuesday In Dallas Cemetery

Mrs. Harriett Elizabeth Mangum, 77, who died in May Rest Home Sunday after a lengthy illness, was buried Tuesday after funeral services at 9:30 a. m. in Higginbotham Funeral Chapel here. The Rev. Milton Slayden pastor of the First Methodist Church officiated.

Burial was in Laurel Land Memorial Cemetery in Dallas with graveside rites at 3 p.m.

Mrs. Mangum was born May 18, 1885, in Atlanta, Tex., and had lived most of her life in Dallas to which she moved in 1901.

Surviving are a son, Preston B. Mangum, Rising Star attorney and a former member of the Texas House of Representatives; three brothers T. R. Brooks of El Paso, Miss.; Pat Brooks of Mooringport, La.

MR. AND MRS. ALBERT N. LANCASTER

## May Couple Observe Golden Wedding Anniversary With Open House July 22

Mr. and Mrs. Albert N. Lancaster will observe their Golden Wedding anniversary on Sunday, July 22, with an open house from 2 to 4 p.m. at their farm home near May, Texas.

The event will be hosted by

## 109 Register For Salt Tank-Crocker Reunion July 7-8

One hundred and nine registered at the Salt Tank-Crocker reunion in two sessions, Saturday night and all day Sunday, July 7 and 8, at the Barnes Chapel Methodist Church in the Crocker Community.

Perhaps the highlights of the event was the heart searching religious service at 11 a.m. Sunday in which Rev. U. S. Sherrill of Abernathy, Texas, exhorted peoples everywhere to read, meditate on, and digest the "Word of God" and to "sit where they sat" (his text) in order to be more understanding and compassionate with the actions of people. True understanding and compassion, it was suggested, will be more successful in effecting world peace than great demonstrations of military strength.

Following an old fashioned "dinner on the grounds" the group assembled in a business session at which time the annual necrology was read and general business was attended.

Besides Rising Star, these Texas communities were represented: Cross Cut, Cross Plains, Wichita Falls, O'Donnell, Tahoka, Post, Weatherford, Cranfill Gap, Wolf-orth, Comanche, Lubbock, Odesa, Abernathy, Burleson, Abilene, Irving, Cisco, Coleman, Merkel, Hamilton, Munday. Also Hobbs and Jal, N. M., and Oklahoma City, Okla., were represented.

## Sipe Springs Cemetery Meeting Sunday, July 29

The annual cemetery meeting and homecoming will be held at Sipe Springs cemetery all day Sunday, July 29. The annual event is sponsored by the Sipe Springs Cemetery Ass'n and the public is invited. Lunch will be spread in community style at noon.

The committee in charge is: Jack Whiteside, president; James Wyatt, secretary; S. McKeehan, Richard Thorp, J. L. McKeehan, Frank Whitlock, and Guy Houser.

Mrs. Doza Benson of Crawley has been visiting in the home of her grandchildren, Mr. and Mrs. Homer Cain, at 306 East Ross Street.

## Rising Star Corporation Is Now Ready For Business

The Rising Star Development Corp. was ready to receive payments on subscriptions and issue certificates this week following a meeting of the temporary directors at 5 p.m. Tuesday when the charter was accepted and a set of by-laws adopted.

Subscribers to the stock of the corporation were asked to stop by the First State Bank where

they may pay their subscriptions to James Rutherford, secretary, and receive their stock certificates.

Charter for the new corporation was approved at Austin last week.

A meeting of the stockholders has been called for 8 p.m. Tuesday, August 7, at the American Legion Hall to elect a board of permanent directors and attend to other business which is necessary.

The new directors will elect the officers, who will take responsibility for the management of the corporation.

The organization is in adventure in community action to provide the means for the economic growth of this community. It has met a wonderful response on the part of the citizens of Rising Star and the area about this community, who have recognized in their support both the need of positive action to keep small communities alive and growing and the fact that this action can come only from the citizens themselves.

The corporation has an authorized capital stock of 1,000 shares at \$100 per share, of which more than \$17,000 has been subscribed. The charter provides that the corporation will issue an initial minimum of \$10,000 in stock in order to be in business.

Selections of projects to be financed with the aid of loans from government or private agencies will be the responsibility of the permanent directors.

## Exciting Contests Feature Rising Star Rodeo Friday

Hot, fierce competition was the unvarying rule in a series of exciting contests at the Rising Star rodeo Friday night. It was a good night, there was a big crowd and the contests, as usual, were crowded.

In the professional barrel races, Lou Alban of Comanche took first place when she rode the clover leaf pattern in 18.4 seconds, closely followed by Janice Page in 18.5 seconds and Charline Moore in 18.8 seconds. In the boys and girls open barrel races, Cassie William was first in 19.1 seconds, Vickie Pipes second in 19.2 seconds and Cindy Patton third in 19.4.

Jackie Bibby, Dn Jones, Reggie Underwood and Jerry Hubbard rode in the teenage steer riding contest.

In the calf roping contest, Horace Gibbs took first place with a tie in 12.3 seconds. He was crowded by Payton Whittaker with a time of 12.4 seconds and Logan Adams in 12.8 seconds.

Alton Swindle took the bronc riding contest with Jack Chapman in second place, while Bill Hargrove and Ronnie Pack were one, two in the bull riding event.

The jackpot roping likewise resulted in close ties with Horace Gibbs also taking first place in this event in a time of 11.2 seconds. Payton, likewise took second place with 11.5 seconds. Tommy Fleniken was third in 11.8 seconds.

## First Sterile Screwworm Flies Are Released In Texas Program This Week

MISSION — The first box of sterile screwworm flies from the new production plant here came off the assembly line Wednesday and were released over Southern Texas by Friday.

"This is a great day in the short history of the Southwest Screwworm Eradication Program," Dr. G. D. Stallworth, supervising veterinarian for the Texas Animal Health Commission, said. "It is second in importance only to the day when we will turn out the last box of flies that will complete the eradication program."

Sexual sterility of screwworm flies is accomplished by subjecting pupae to radiation from cobalt-60, which emits gamma rays. Pupae are then packaged in cartons, held until they emerge as flies, and then dropped by airplane. About 3 to 5 per cent of the total fly production is not sterilized and provides brood stock for continued production. The fly colony was established on Sunday, June 17, the day after the formal dedication of the plant. All operations of the plant are timed to coincide with the normal life cycle of the screwworm.

"We now have a plant to produce from 50 up to 75 million sterile flies per week, the volume needed for eradication of this costly livestock pest in the Southwest," Marvin J. Bridges, executive director of the Southwest Animal Health Research Foundation, commented.

"The increased supply of sterile flies from this plant will not only greatly strengthen the eradication effort, but also will provide flies for future tests on establishing and maintaining a barrier zone to be formed by continuously releasing sterile flies along portions of the U. S. - Mexican border," Dr. S. C. Gartman, assistant veterinarian in charge, Animal Disease Eradication Division, U. S. Department of Agriculture, added.

Program officials outlined these plans for the months ahead. The temporary facilities at Kerrville will continue to produce about 23 million flies per week as production at the Mission plant is increased. The Kerrville unit will be gradually closed and personnel and equipment transferred to Mission.

Plans are for the Mission plant to build up to around 50 million flies per week within the next 2 to 3 months, the average production called for in the program budget. This will then be increased for a short period to the 75-million capacity.

## Pentecostal Church To Begin Revival July 15

The First United Pentecostal Church will begin a revival Sunday, July 15, with services each evening at 8 o'clock. Mrs. A. J. Martin, the pastor, will do the preaching, assisted by Mr. and Mrs. Thompson of Comanche, who will lead the music.

The revival will continue through the week of July 15 and for an indefinite period.

The public is invited to attend the services at the church on West Highway 36.

## Roping Club Receives May Parade Award

The Rising Star Roping Club was awarded first place in the May Rodeo parade on July 4, and received a very handsome trophy.

The Rising Star riders led the parade.

## HUSBAND OF MERLE SELLERS PAQUETTE DIES

Word was received by the Rising Star Record, just before going to press Wednesday afternoon, of the death of Lionel Paquette, husband of Merle Sellers Paquette, at Tucson, Ariz. His death occurred Tuesday night.

MARGARETTE STANFIELD

## Rising Star Graduate To Get Seminary Degree

FORT WORTH — E. Margarette Stanfield, daughter of Mr. and Mrs. T. E. Stanfield, Brownwood, Texas, will receive the Master of Religious Education degree from Southwestern Baptist Theological Seminary. Rising Star was her home town till she graduated from high school.

Dr. James E. Coggin, pastor of the Travis Ave. Baptist Church, Fort Worth, will deliver the commencement address during services beginning at 10 a.m., July 20 in Truett Auditorium. His subject will be "You, Your Gift, Your Doctrine."

President Robert E. Navlor will present degrees and diplomas to approximately 115 candidates.

Southwestern Seminary, the largest evangelical seminary in the world, enrolled 2067 students in 1961-62. Founded in 1908 the seminary is an agency of the Southern Baptist Convention.

## New Officers Are Installed By Lions Club

A new slate of officers was installed by the Rising Star Lions club in a program at the Elementary school cafeteria Monday night.

The officers are: B. A. Butler, president; John Pruet, vice-president; John Lee, secretary; Lane Wells, treasurer; H. McDonald, tail twister; Sam Jones, Alton Roan, Roy Holly and George Steel, directors.

Jack McCollough, Stephenville, deputy Lions district governor, was the installing officer, and the Cross Plains Lions club presented the program in which Tom Ward of Breckenridge Lions International counsellor, spoke on "Making the Job Need You."

Lane Wells, the retiring president, was thanked for his leadership during the past year.

Three new members — George Carter, James Rutherford and Rev. Milton Slayden were introduced.

## Gary Jones Receives Texas Tech Citation

Gary Jones, son of Mr. and Mrs. H. M. Jones, this week received from the School of Arts and Science of Texas Tech, Lubbock, a certificate certifying him to the Dean's Honor List of the college.

The certificate states that it is awarded only to those students who have attained a grade point ratio of 2.0 or better during the past semester.

Mrs. Herbert Jones of San Diego California and her mother Mrs. Burns of San Saba, Tex., were guests of Mr. and Mrs. Dan Doyle and of Mr. and Mrs. Doxa Alexander during the past week.

## Over 1,700 Phones Now Included In Kizer Co. System

The expansion of the plant of the Kizer Telephone Company at Rising Star, Cross Plains and May has been completed except for the construction of a new trunk line between the Rising Star and May exchanges, Ralph Kizer, of the company, said last week.

Seventy-five new lines have been added to the Rising Star exchange making possible addition of 200 or more telephones. Many new telephones have already been cut in through the new lines and these have been given a new series of numbers — 643-6xxx.

A new and larger battery system has been installed to give additional power necessary to operate the expanded equipment.

## Farm Safety To Be Emphasized In Week of July 22-28

COLLEGE STATION — The theme for the 19th annual National Farm Safety Week, July 22-28, is "Family Safety at Work and Play" and major emphasis is being placed upon highway and farm machinery safety.

According to the Texas Farm and Ranch Safety Council, motor-vehicle accidents account for almost half of the fatal, but only a fifth of the non-fatal injuries to farm people in the United States each year. In 1960, 11,300 farm residents died from accidents and 950,000 suffered disabling injuries. Of the total fatalities, 5,100 resulted from traffic, and 3,300 from work accidents.

The Council points out that studies of accident reports show that over 90 per cent of all accidents involve some human failure — improper attitudes, carelessness, lack of attention to rules and regulations and many others.

Accidents, the Council continues, are the leading killers of young people from ages 1 to 36 and rank fourth in total deaths. From 1950-60, nearly a million persons died of accident injuries, safety record equal to other non-

## Singing At Sand Hill Friday Night

There will be singing Friday night, July 13, at Sand Hill to which the public is invited. It will be the regular singing meeting.

## Through the Editor's Specs

By BAB

Who is big business?

It is common to regard Big Business as a greedy, monolithic octopus seeking to enslave the working man and bleed the customer for the sake of profits. The picture persists from the days of the big trusts which were little more than the incorporated personalities of a few ruthless men who built great empires in oil, steel, coal, railroads, utilities, etc., during the formative years of our great national economy. These men were the owners as well as the managers of big business, and it is doubtful indeed that the United States could have become the industrial giant that it is had they not laid the foundations with an imaginative daring and risk-taking possible only in individual action.

But any idea that such ruthless individuality persists in the modern industrial corporation is discredited by a study of the ownership of American business enterprises. The great corporations are no longer owned by a few men or women. It is true that there are still large blocks of individually owned stocks, and enormous holdings by such organizations as insurance companies, trust funds and such like, but the average American corporation is — and is rapidly becoming more so — an economic democracy whose officers and directors are elected by the shareholders and are responsible to these shareholders for the way in which they manage the company.

A report of the New York Stock Exchange — which is not

## 17 Rural Traffic Mishaps In This County In June

Sergeant Roger W. Sosebee of the Eastland highway patrol sub-district this week released the Eastland County rural traffic accident summary for June 1962. Sergeant Sosebee reported that 17 rural traffic accidents occurred last month in which no persons were killed, 11 injured with property damage amounting to \$8,425.00.

During the same month last year there were 10 accidents with none killed, 7 injured and property damage amounting to \$6,803.00.

Sergeant Sosebee reminded that more strict compliance with traffic laws would further reduce this loss that kills and cripples so many of our citizens each month.

Mr. and Mrs. Lewis Wills and family of Kermit are visiting his parents and Mrs. Joe Johnson.

a stock-owning organization, but a market in which stocks are bought and sold like wheat, peanuts, livestock or any other commodity — reveals that there are now 517,000 Texans who own stock in American business enterprises. This does not include the hundreds of thousands of small business men who own stores, service stations, shops and similar enterprises of their own or in partnership with others. Nor does it include small corporations whose stocks are not listed on exchanges or traded in public sale.

The statistics for the United States as a whole reveal that there are 17 million shareholders of major businesses.

"Texas' 517,000 shareowners comprise three per cent of the national total," says the Stock Exchange release. "The State total represents an increase of 142,000 over the 1959 total; this in turn was an increase of 215,000, or 134 per cent, over 1956. Dividends received by Texans in 1961 totalled \$367,000,000."

This is the free enterprise system at work as it should be at work in an economy such as ours, where large aggregations of capital are necessary to provide the tools of mass production. It is the savings of millions of people which provide the capital, making it possible for industry and business to expand and give jobs, produce the goods and services that enrich our society and return profits in the form of dividends to their investors.

It is vital to the health and continued growth of the American economy at the opportunity for investment in the stocks of American business be attractive and that there is faith in the future of the profit system. To invest will not buy shares. Otherwise people with savings and the root source of our supply of vital capital will dry up. This is a serious fact that politicians, labor leaders and others must keep in mind if they wish the free enterprise system to remain strong and fruitful.

If they wish to impose some other and socialistic system on the country, a good way to start is to destroy the profit opportunity in share investments and create distrust of business. Without new capital to maintain and improve plants industry will decline.

It is foolish to expect an increase in the economic product by destroying the only means by which the product can be created.

## IT'S THE LAW IN TEXAS

### LEGAL TERMS

Words are good tools. All professions have to use them precisely to get their work done. Your doctor has words for your ills; and your pharmacist, for your drugs.

As a rule, we say what we have to say: If people do not get it the first time we tell them again. But you can't always do that in wills and contracts.

In legal papers, words need clear meanings for courts to interpret them right. Hence, technical terms such as the following:

1. Real Property: Land, buildings, fences, and things attached to the land such as trees and crops.

2. Personal property: Movable things: Bonds, bank accounts, notes, cars, livestock, furniture, jewelry, clothing, television sets, etc.

3. Community property: Property which a man or wife earn

after marriage.

4. Separate property: Gifts, inheritances, and some court awards received after marriage as well as things which man or woman owned before marriage.

5. Trusts: You have a trust when someone holds title to property for another person's sake. Thus a man's will may have some person or concern hold and manage his business interests and turn the income over to his widow.

6. Deposition: A sworn statement to get or keep testimony for a law suit — a help when a witness is sick or far away, for instance; or when facts can be taken down in "discovery" proceedings to shorten actual trial time. Dispositions are of two kinds:

a. Lawyers on each side ask the witness questions before a notary public. His answers are taken down, and he signs

the "transcript."

b. The lawyers write out their questions beforehand; and the answers, given before a notary, are also written out. The notary sends the testimony to the court where it may be used during hearings.

(This newsfeature, prepared by the State Bar of Texas, is written to inform — not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

## Plans Finalized For First Cotton Bowl Rodeo Dec. 27

DALLAS — Plans have been finalized and dates announced for the first annual Cotton Bowl Rodeo, to be presented in the State Fair Livestock Coliseum Dec. 27 through 31.

There will be seven performances, with go-rounds scheduled each night and matinees on Saturday and Sunday, Dec. 29 and 30.

The Cotton Bowl Rodeo, sponsored by the State Fair of Texas and sanctioned by the Rodeo Cowboys Association, follows the National Final Rodeo, held in Dallas during Cotton Bowl Week for the last three years. The national Finals will be held in Los Angeles this year in early December.

"The high standards of rodeo set by the National Finals in Dallas will be continued by the Cotton Bowl Rodeo," said James H. Stewart, executive vice president and general manager of the State Fair.

"Two of rodeo's top producers and stock contractors have been signed to produce the Cotton Bowl Rodeo," Stewart said. "They are Lynn Beutler Brothers in Elk City, Okla., and Harry Knight of Fowler, Colo."

"This will insure that the Cotton Bowl Rodeo will have first-class direction and the best bucking stock available, and will continue to be a rugged, fast-moving, competitive attraction as it has been during the past three years in Dallas," Stewart said.

## ABOUT YOUR HEALTH

During the sweltering of Texas summers, most of us can do something to get some relief take a cool shower, wear light clothes, find a shady spot or sit in front of the air conditioner.

But babies are not so self sufficient. They are dependent upon mother to help them beat the heat.

The human body constantly produces heat and must constantly lose it to be compatible with life. Evaporation of sweat cools the body and this process is aided by circulating air. Also, physical exercise increases the amount of heat produced and in turn must be lost.

With these facts in mind, mother can do a lot to make baby comfortable in hot weather—and she'll have a healthier baby if she does.

Baby should be placed in the coolest spot possible. The crib or playpen should be placed in a good circulation spot — in the middle of the room or near a window or door. If outdoors place the baby in the shade.

Placing an electric fan in the room increases the circulation of air around him. This should be done whenever the temperature exceeds 84 degrees and there is little or no breeze. But be sure the fan is out of reach of inquisitive hands.

If an air conditioner is used, never leave the baby in the car. Temperatures rise to dangerous levels inside a car parked in the sun in a very short time.

Clothing is important. In temperatures below 80 degrees the usual clothing may be worn, but with temperatures between 80 and 92 degrees, just a diaper is sufficient. But when the heat goes over the 92 mark, baby should wear a cotton shirt to absorb perspiration.

The more active the baby the less clothing is needed at the same air temperature. It helps to change the position of a small baby occasionally.

Plenty of liquids should be offered the baby on hot days — at room temperature — and don't worry if the baby seems to lose his appetite a little.

Most babies love a bath. Several a day will help to keep him cool. If the temperature is over 90 degrees, partially drying

Mrs. Eva Cargile was reported recovering satisfactorily in Medical Arts Hospital, Brownwood, after having been taken ill several days ago. She expected to return to her home soon.

the baby will have an additional cooling effect.

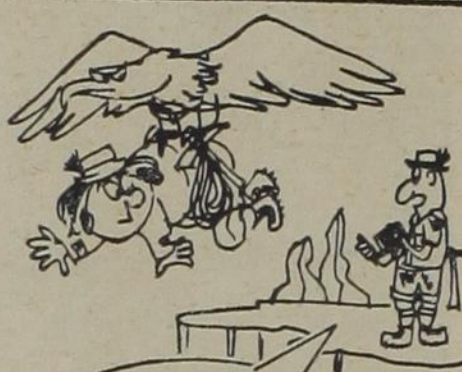

A bath before napping will help the baby to fall asleep easier.

(A weekly feature of the Public Health Education Division, Texas State Department of Health.)

Willie Jack Smith and Arnold Weathers from Dallas are visiting Mayor and Mrs. Walter Smith this week.

Mrs. Annie Stapp of Fort Worth visited her brother, Ed Kennedy, and Mrs. Edna Hancock, and other relatives here during the week end.

Mr. and Mrs. J. W. Bullard of Nashville, Tenn., visited with her father, J. R. Bucy, and Mrs. Bucy, Monday and Monday night. They were en route to Victoria, Texas.

**Col. Alford To Be Group Commander At Sheppard After Over 2 Years In Greece**

By Karen Taylor

CISCO — "Greece is a crossroads — a meeting place of Eastern and Western culture," according to Mrs. David Gaston Alford, wife of Col. D. G. Alford of the United States Air Force. Col. and Mrs. Alford and their

children, Mike, 15, and Patti, 11, returned to Cisco recently after spending two years and seven months in Athens, Greece, where Col. Alford, a jet pilot, was stationed. The Alford's will be at Sheppard Air Force Base at Wichita Falls on July 20, where Col. Alford, will be the new air

base group commander.

Col. and Mrs. Alford, both natives of this area, lead lives of varied and continental experiences. Besides having bi-linguistic children (Mike and Patti speak English and Greek) the Alford's have been stationed at Hamilton AFB, Calif.; McDill AFB, Florida; and Lake Charles AFB, La. among other bases, in the past years.

Col. Alford, who coached football at Cisco High School in 1946-47, was raised in Rising Star and is the son of Mr. and Mrs. Carl Alford of Rising Star. Mrs. Alford is the daughter of Mr. and Mrs. Raby Miller of Cisco and the niece of Nick Miller, also of Cisco. She is a graduate of Cisco High School and attended Cisco Junior College and Texas Christian University. Both she and Col. Alford are graduates of Daniel Baker College in Brownwood.

Col. Alford and Patti flew to the United States from Greece, arriving in New York on June 3. From there Patti flew to Texas, and Col. Alford drove the family's new car, a German Mercedes purchased in Europe, to

Cisco. Mrs. Alford and Mike came home on an ocean liner, the Constitution, stopping in Rome and Genoa, Italy; Cannes, France; and the Maderia Islands. The two particularly enjoyed the islands which are of volcanic rock mountains of over 3,000 feet in height.

Having lived in Greece the past two and one half years, the Alford's all speak Greek to a certain extent. Col. Alford speaks, reads and writes the language.

Because of lack of military schools, Patti and Mike attended American Community schools which were divided into American, Greek and French sections and the Ursaline Academy Catholic School.

The family described Athenians as friendly and humble people who live in a democratic monarchy similar to that of England. The city of Athens is modernistic in contrast to other places in Europe the family visited. Mrs. Alford and Mike both made group visits to the Holy Land while in Europe.

Mike made the trip during the Christmas holidays last year. He was among 28 students, four

**Exciting Old World Tours and Marble Houses**

runs and two priests from the Ursaline Academy who visited Lebanon, Jerusalem, Jerico, Bethlehem, the Dead Sea, the Jordan River, Cairo and Egypt.

Highlights of his trip included a week's stay in a Franciscan Brothers monastery, a swim in the Dead Sea and visits to the Sphinx and archeological museums.

Mrs. Alford, who went to the Holy Land in February, 1961, visited many of the same places seen by Mike. She recalled touring Cairo, Luxor, the Nile, the Valley of Kings, the Temple of

Karnak, the Aswan Dam, which will soon cover many of the ancient pharaoh statues, and the Red Sea.

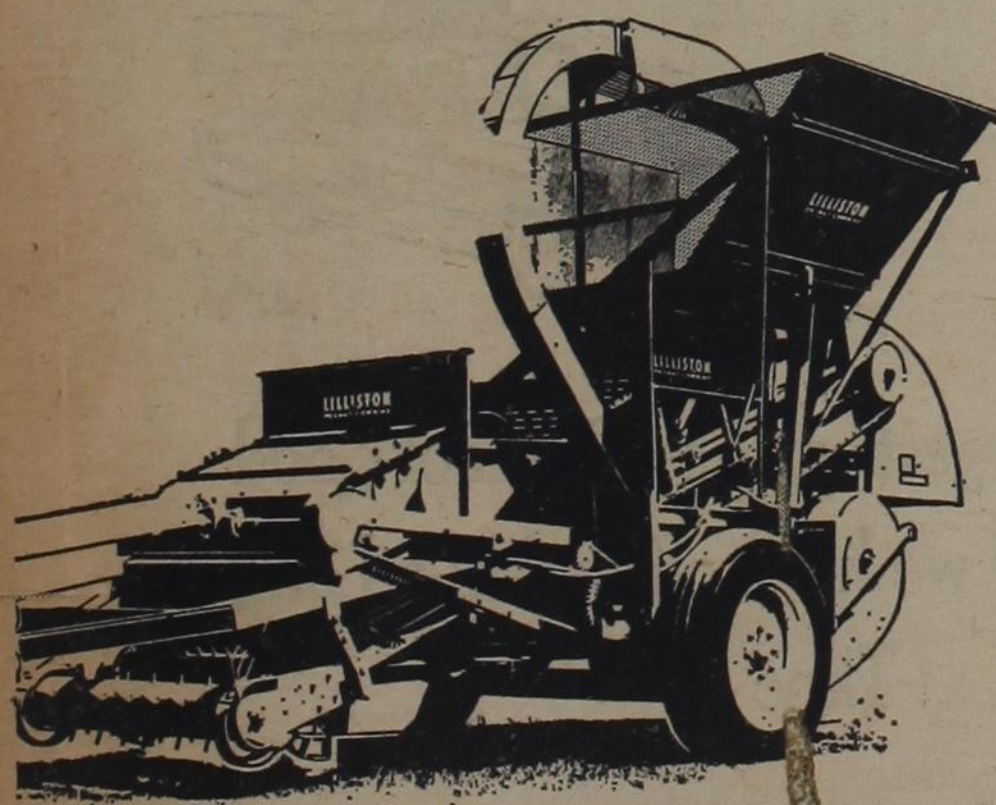

The Alford's lived in a 14-room Greek villa during the past two years. Because of an abundant supply of local marble, the home had staircases, cabinets, sinks, window sills and floors of marble. Formal gardens took place of grass on the rocky countryside and lawns.

The Alford's commented on the summer of 1960, which was particularly wonderful one for them. Their late son, David Al-

ford, 19, spent that summer with his family before his tragic death on September 9 in Cisco. Many Ciscoans remember David, who graduated from Cisco High School and attended North Texas State University, while staying with his grandparents, Mr. and Mrs. Raby Miller in Cisco.

The Alford's, who are staying with Mr. and Mrs. Miller until their move to Wichita Falls, stated that they are "mighty happy" to be home, but are already looking forward to another visit in Europe. "We left Greece with tears, but we are home with happiness," Mrs. Alford said, summing up the family's feelings.

"I've always been partial to Lilliston, but this is the best ever." □ "Sweetest running machine I've ever operated." □ "It picked under what were probably our worst conditions, yet it saved more peanuts than ever before." □ "We've seen many combines in operation and Lilliston's got them all beat." □ "I need a machine that will work early mornings and late at night and this Lilliston does it—tough vines have nothing to do with it." □ "Wasn't any more strain on the tractor than if a combine wasn't hooked to it."

They're talking about the 1962 Lilliston Peanut Combine. The proof is in the picking, and these men have seen it prove. Before you do anything, see the Lilliston. It's the finest Peanut Combine ever built.

### Mrs. C. M. Cox Elected President Of Baptist WMS

The WMS of the First Baptist Church met on Thursday, July 5, for a business meeting and program.

Mrs. Julia Ross, president, directed the business meeting. The nominating committee recommended the officers who were elected for the ensuing year:

President, Mrs. C. M. Cox; vice president, Mrs. Lee Clark; treasurer, Mrs. C. E. Baker; Y. W. A. Director, Mrs. Ira Hudler; G. A. Director, Mrs. Raymond Turner; G. A. Counselors, Mrs. Roy Holly and Mrs. James Wolf; and Sunbeam Leader, Mrs. J. D. Clark.

Circle chairmen are, Mrs. Fred Roberds, Mrs. Love Shults, Mrs. C. A. Watson and Mrs. Jimmie Fridge; Song Leader is Mrs. Olice Jones and pianist, Mrs. F. J. Maynard.

At this meeting, the program was built around the topic "They That Keep My Ways." Those giving parts on the program were Mrs. Jimmie Fridge, Mrs. T. C. Crisp, Mrs. Love Shults, Mrs. Grace Frye, Mrs. B. B. Morris, Mrs. Lee Clark. Prayer was by Mrs. Perry T. Brown.

On Monday, July 9, the Circles of the WMS met in the homes of members. The Owen's Circle met with Mrs. Ira Hudler with nine members present, Mmes. Lee Clark, Joe White, Everett Parker, J. W. Murphy, Dennis Clark, Olice Jones, Perry T. Brown, Bonham and the hostess.

The Paul Bell Circle met in the home of Mrs. Oral Davis with Mmes. T. C. Crisp, Chas. Carroll, Earl Marsh, Love Shults, Grace Frye, W. H. Ware and Ethel Barnes attending.

The Bob Cox Circle met in the home of Mrs. C. E. Baker with nine members and one visitor in attendance.

Present were Mmes. B. B. Morris, W. G. Reed, C. M. Cox, C. A. Watson, Fred Roberds, Jess Martin, Anna K. Hittson, and Miss Pauline Roberds.

Each circle program was taken from the Royal Service Journal of the WMS and was a study of "The Beginnings of Communism" with special emphasis on four characters — Engels, Len-

## SOCIETY, CHURCHES AND CLUBS

Mrs. Fred W. Roberds, Editor

### May WSCS Hears Mrs. Chambers Monday P. M.

The WSCS of the May Methodist Church met in Friendship Hall of the church Monday afternoon for the July program. Mrs. Walter Chambers, professor of piano at Southwestern University, Georgetown, was the guest speaker and presented the program on "The Church and Today's Students."

She gave a very interesting account of many phases of student life on the campus of a university.

After a brief business session, refreshments were served by the hostesses, Mmes. Ross Grace Clyde Nesbit, and Grace Glenn, to Mmes. Loyd Alexander, Charles Baucom, O. C. Allen, A. M. Bowden Marvin Chambers, and Mrs. Chambers, the guest.

The WSCS of the First Methodist Church of May met in the Fellowship hall of the church on July 2 to complete its mission study of the book, "Edge of the Edge."

Mrs. Homer West presented a discussion of the final three chapters and Mrs. Grace Glenn presided at the business session.

The society opened its meeting with two songs, "This Is My Father's World" and "The Church's One Foundation," led by Mrs. Ross Grace with Mrs. C. C. Allen at the piano.

Mrs. J. J. Prentice led in prayer. The group voted to buy and install an air conditioner for the church as its project for the year. All donations will be appreciated.

Ten members were present. They were Mmes. R. H. Bettis, A. M. Bowden, Ross Grace, O. C. Allen, Grace Glenn, Clyde Nesbitt, Homer Allen, Leroy Lennington, Marvin Chambers, and J. J. Prentice.

Mrs. Ethel Barnes spent the week-end with Mr. and Mrs. A. O. Angel.

in, Stalin and Khrushchev. The song, "A Mighty Fortress Is Our God," was sung.

### Vacation Bible School Closes Friday Evening

The Vacation Bible School of the First Methodist Church of Rising Star closed Friday morning of last week with a program in the sanctuary of the church.

Mrs. Jack Hubbard was junior teacher, assisted by Francis Eberhart; Mrs. J. R. Bucy was in charge of the primary department, assisted by Bonnie Lyd, and Mrs. Milton Slayden taught the kindergarden department, assisted by Mrs. Cecil Joyce and Mrs. Floyd Joyce.

Rev. Milton Slayden directed a worship service each morning and assisted with the junior classes.

Refreshments were served each day by women of the WSCS.

"In spite of several handicaps, such as illness among students, we feel we had a very successful school," said Mrs. Bucy.

### YWA Meets With Mrs. Hudler On July 5th

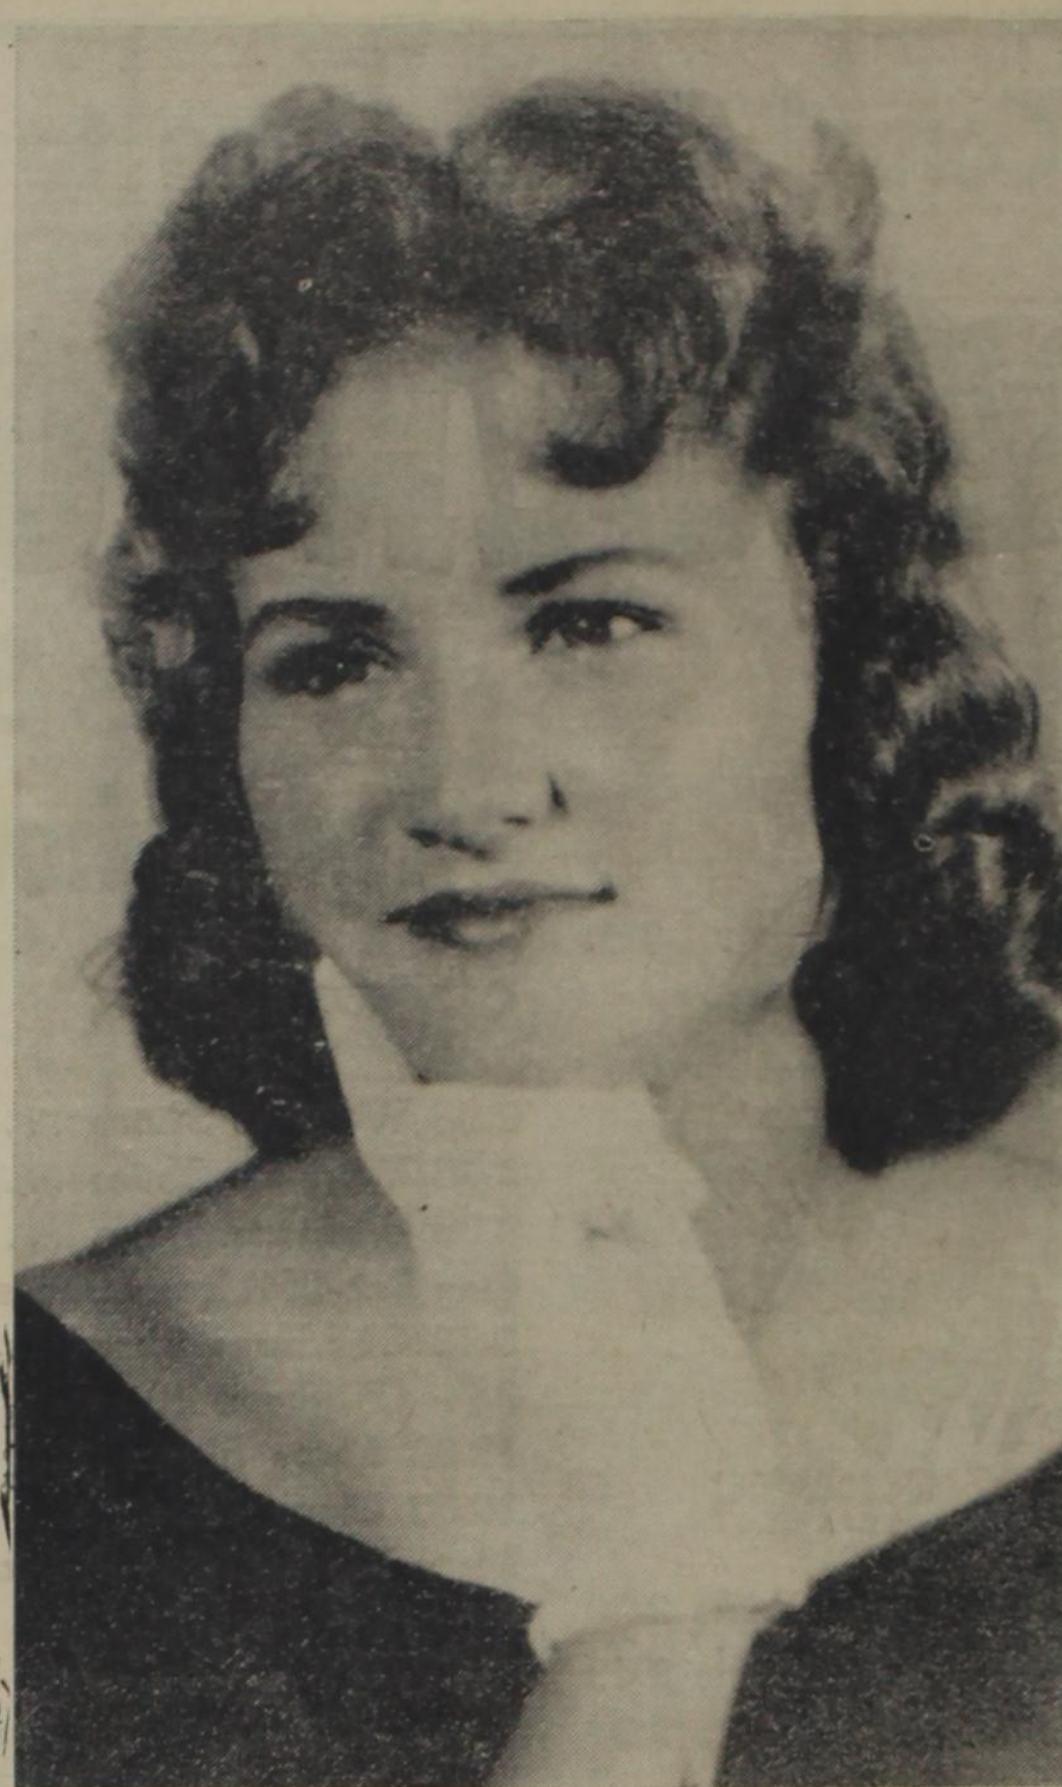

The YWA of the First Baptist Church met July 5 at the home of Mrs. Ira Hudler, sponsor.

Ollie Winfrey was in charge of the business meeting, Maria Geye read the calendar of prayer for foreign missionaries and Mrs. Ira Hudler offered prayer.

Maria presented the program on "What Baptists Believe." Each member had a part. Louise Fraley read the scripture from the 4th chapter of Ephesians 1-6, and Maria led the closing prayer.

There was one visitor, Sandra Clark. The next meeting date will be July 27.

Sandra White left Tuesday for a three-weeks visit with her brother and his wife at Midland. Her sister-in-law was to undergo surgery Thursday. Sandra was accompanied by Mrs. E. L. Underwood.

MISS DONNIE CHAMBERS

### Miss Chambers to Wed Gorman Man

Mr. and Mrs. F. D. Chambers of Rising Star have announced the engagement and approaching marriage of their daughter, Donnie, to Jim Rodgers, son of Dr. and Mrs. D. V. Rodgers of Gorman.

The wedding will take place at 6 o'clock in the evening of Saturday, July 28, at the First Baptist Church in Rising Star and the Rev. H. K. Neely, Jr., pastor, will read the ceremony.

A reception will follow in the church Fellowship Hall.

Mrs. Maxie Boories and Mrs. Miller Sweden of Sweetwater visited Dr. and Mrs. A. M. Bowden and Mrs. J. J. Prentice last week.

### CELEBRATE BIRTHDAYS

Guests of Mr. and Mrs. C. E. Flanagan this week were Mr. and Mrs. H. E. Nay and Mrs. Wanda Hardy and two boys, James and Tim, all of Monahans. They all celebrated birthdays of Mrs. Flanagan and Mr. Nay while the visitors were here.

### VISIT AUNT HERE

Mr. and Mrs. R. N. Walker and two children of Yuma, Ariz., were here Tuesday to visit Mr. Walker's aunt, Mrs. W. E. Ellis, while enroute from Granite Shoals, Texas, to their home after attending a family reunion. Mr. Walker is a railroad engineer for the Southern Pacific.

**State Fair Exposition Gets "E for Export"**

One hundred companies or organizations in the United States have received or will receive the "E for Export" award announced by Harry C. Myers of the Dallas Field Office of the Department of Commerce, upon receipt of a communication from Commerce Secretary Hodges advising that Pan American Livestock exposition was the first organization in Texas selected to receive an "E" award. Presentation of the award will be made in the near future by a member of the Department.

The "E" awards, consisting of flags and certificates, signed by the Secretary of Commerce, are given for outstanding contributions to the nation's export program. This is an all out effort spearheaded by the U.S. government to increase the sales of American products to overseas markets. The program is vital to the nation's economic health and to the country's balance of payments positions.

Mr. and Mrs. Bob Holt and three children of Schenectady, N. Y., have been visiting his parents, Mr. and Mrs. Mack Holt

**Cattle Prices Improve During Month of June**

Fort Worth—Improved moisture conditions contributed to higher stocker and feeder prices during June, and the supply of fat cattle in Texas feedlots declined from the number on feed the preceding month.

The latest monthly summary issued by the Cattle Feeders Division of the Texas and Southern western Cattle Raisers Association points out that it is a normal procedure for some feedlots to greatly reduce their feeding volume during the summer months, but that much of the present decline can be attributed to the price relationship between feeder and slaughter cattle.

All classes of replacement cattle moved higher with light weight grass type cattle showing the most advance. Calves were \$1 to \$3 higher and feeder steers 500 pounds and up looked 50c to \$1.50 higher, according to Lloyd Bergsma, director of the TSCRA Cattle Feeders Division.

During the first part of June prices were stronger on fat cattle, but the last two weeks of the month prices turned lower and a part of the earlier price increase was erased.

In the dressed beef trade, supplies of beef were not excessive, but the demand was only fair at best. Demand for the better grades of beef generally slacks off during the summer months as consumers increase consumption of cold cuts and other processed meat.

At Los Angeles, choice steer beef 500-600 pounds was quoted \$1 lower at the month's close compared to the previous month. Heifer beef of the same weight and grade was also off \$1 per hundred. At New York, choice steer beef 600-700 pounds was 25c to 50c lower than last month's close.

In the slaughter trade, both pounds and down were in strong demand in June. Bergsma said the supply of this weight cattle has been limited and grass fat calves will probably fill a major share of this demand during the next 90 days.

Mrs. Earl Swayne will leave Sunday for Buena Park, Calif., where she will visit her mother, Mrs. Ben Graves, and her sister, Mrs. Neva Dougherty. She will also visit her brothers, Franklin and Bill Graves and their families in Calif. Her cousin, Mrs. Burl Hudson of Lawn will accompany Mrs. Swayne on the trip. She expects to be away two weeks.

Mr. and Mrs. G. R. Olsen of Garland visited Mr. and Mrs. J. R. Bucy over the week end. Mrs. Olsen is the former Myrna Caudle. They also visited her brother, W. E. Caudle.

**Bowling News**

Going into Tuesday nights bowling, teams 2, 3 and 1 were tied for first place with identical won 11, lost 10 records, but as was expected, old man nemesis jumped up and hit team 4 in the face. Team 2, getting tremendous help from all its members, downed team 4 three games to none. Leading team 2's charges was again Edra Butler with a fine 424 series followed by Pully Buchanan's 394 and John Yocham's identical 394 series. High for team 4 was again Lloyd Gonzales with a 457 series followed by Preston Mangum with 386.

In the other contest, team three knocked team 1 farther into the cellar and enabled themselves to hold on to a first place tie by defeating team 1 three games to none. Robert Whiteside led team three with a sizzling 507 series followed by Robert Butler with a 410. Eddie Henry led team 1 with 338 series.

Standings to date are as follows:

Team	Won	Lost	Ave.
3	14	10	.583
2	14	10	.583
4	11	13	.458
1	9	15	.375

Team 4 is 3 games behind the leaders while team 1 is 5.

This week's schedule pits team 1 against team 4 and team 3 against team 2. This week's schedule proves to be a very interesting one in that the two top teams, 2 and 3 are bowling each other for top spot in the league.

The top three men bowlers last week were Robert Whiteside with a 184, Whiteside again with a 178, and Lloyd Gonzales with a 169.

Top three women last week were Edra Butler with 149, Billie Nowlin with 147, and Pete Buchanan with 144.

High series honors for men goes to Robert Whiteside with 507 and for women, Edra Butler with 424.

**GUESTS OF MRS. HANCOCK**

Guests of Mrs. Edna Hancock recently were Mrs. Ester Ferribee and daughter, Janette of Caratolis, Pennsylvania, known here as Mrs. Bland, Mrs. Orrobal Davis of Ohio, and Mrs. Etta McIntyre of San Marcus. Another guest of Mrs. Edna Hancock during the week end was Mrs. Allen Hull of Big Spring.

**Two Outstanding Ministers Honored By Farm Magazine**

William R. Farmer, San Gabriel, is named Texas Rural Minister of the Year. He is pastor of San Gabriel Baptist Church. Mr. Farmer is among 14 ministers from the South honored by The Progressive Farmer and Emory University School of Theology, Atlanta, Ga. This is the 14th year that outstanding ministers have been named.

Certificates of recognition will be presented to the ministers at a banquet at Emory on July 11.

Mr. Farmer will also be honored at the Texas Rural Church Conference in October. Rev. W. H. Wieting, pastor of Grapeland Methodist Circuit, Grapeland, will be recognized for second place honors at that time.

The August issue of The Progressive Farmer cites Mr. Farmer for his work with farm people. He helped develop a local flood warning system for citizens and livestock owners. He works with farm agencies, researchers, and farmers in helping them carry out grain sorghum, cotton yield, and fertilizer tests.

Through his leadership a community information night meeting has been developed. Speakers are invited to the community to talk on cotton insect control, mechanical harvesting, chemical weed control, and other farm problems.

Mr. Wieting, a farmer, carpenter, and pastor, is also cited for outstanding and practical help to farm people.

**130 Students To Attend HPC Student Workshop**

BROWNWOOD — Approximately 130 students from 30 to 40 junior high schools across the state will attend the student council workshop to be held at Howard Payne College July 15-20 by the Texas Association of Student Councils.

Although several workshops for high school student council members are held each summer by TASC, the annual workshop at Howard Payne is the only one exclusively for junior high school students and attracts representatives from the entire state.

Mrs. Thelma Holley of Grand Prairie is director for the workshop.

**CARD OF THANKS**

We wish to thank all the wonderful people who were so thoughtful and helpful during Sandy's stay in Baylor Hospital at Dallas. The pot plants and cut flowers were beautiful, the gifts of candy and lingerie were lovely and we appreciated so very much the concern of friends and neighbors who called to inquire. May God bless you all with good health. God bless you all with good The Elliotts, Bobby, Inez, Sandy, Scottie and Ran Ree.

**CARD OF THANKS**

We wish to express our sincere thanks to so many neighbors and friends for their kind expressions of sympathy in the loss of our loved one. We are grateful for the cards, letters, flowers, food and every thoughtful deed and word. God bless you all. The Large and Hamilton Families.

**One-Dish Meal North Star Club Program**

The North Star Home Demonstration Club held its regular meeting on July 3.

The program was presented by the County Agent, Mrs. Beverly Nicholson, with a demonstration on preparing a "one-dish, skillet meal." Recipe books were distributed.

The four county camp will be held at Lake Brownwood, on July 20, beginning at 9 a.m. and all members attending are asked to bring a covered dish.

We still have a complete assortment of greeting cards, which may be obtained from any club member.

Boxes of useful articles for the Travis State School will be sent to Austin on July 20. Contributions are still being gratefully accepted and we thank all who helped us to remember these forgotten children and make their lives a little brighter.

The President, Mrs. Lee Burkhead, was taken by surprise when the members of the club presented her with a well filled box of gifts, in recognition of her birthday on July 3.

Refreshments were served to 19 members and 5 visitors, by Mrs. Will Ware and Mrs. Beyrl Heath. — Reporter, Mrs. Perry.

The citizens of Brazos County gave a site of 2,416 acres for the original campus of Texas A&M College.

## Dan Gallagher Retires As WTU Controller July 1

Dan A. Gallagher, controller and a director of West Texas Utilities Company, will formally retire from active service July 1. Gallagher actually closes his 33-year career with WTU today when he leaves his office to begin preparations for an extended tour of Europe. Mr. and Mrs. Gallagher will sail from New York July 3 and plan to return to the States early in September.

Cal Young, WTU president announced today that Roff W. Hardy, vice president and assistant controller, will assume the duties of controller July 1, subject to action of the Board of Directors. Gallagher, who joined WTU in 1929 as secretary-treasurer of the company, was elected a member of the Board of Directors in 1934 and served in this capacity until March, 1943. In 1942, he was commissioned a lieutenant in the U. S. Navy, and following his training at Quonset Point, R. I., Lt. Gallagher was assigned to Corpus Christi Naval Air Station as personnel officer for a flying squadron.

Following his release to inactive duty in 1944, Gallagher returned to Abilene and rejoined WTU as manager of the Property Department. In December, 1947 he was named controller of accounting and was re-elected a director in March, 1948.

Born in Clinton, Illinois, he spent his early life there and attended the Clinton public schools. Before enrolling at the University of Illinois in 1919, Gallagher worked as cub reporter, a teacher in a rural school and as a clerk for the Illinois Central Railroad.

Gallagher attended the University of Illinois and was awarded a Bachelor of Science degree in 1923. Before joining WTU in 1929, he worked as a statistical clerk for the Central Illinois Public Service Company in Springfield; in Chicago for Arthur Young & Company, a public accounting firm; and in Dallas for the Central and South West Utilities Company.

## Irby's Return From Extended Trip On 36th Anniversary

Mr. and Mrs. Carl Irby returned to their home here from an extended trip begun on July 4th. They traveled by bus and went to Paine Air Force Base, at Everett, Washington, where they were met by their daughter and family, Captain and Mrs. C. B. Nichols, Jr., and their two children, with whom they visited for 12 days.

The Nichols family took them to many places of interest including Victoria, Columbia, Canada. They also visited the World's Fair at Seattle, Wash., and the English Rose Garden and many wonderful places. They came back by Lebanon, Oregon, where they visited Mrs. Irby's sister and husband, Mr. and Mrs. L. D. Campbell and Portland, Oregon, where they visited Carl Irby's sister, Mrs. Bertha Irby Brice.

They traveled through 12 states and enjoyed every hour of their travels. All of this trip was in celebration of their 26th Wedding Anniversary.

Guests of Mrs. E. A. Boatman Monday, July 2, were her brother and his wife, Mr. and Mrs. Lon H. Corn of Houston; Mrs. Cron's sister, Mrs. Mert Goodrich of Oklahoma City; Mrs. Boatman's cousin, Mrs. Mae Lanham and daughter, Mrs. Thelma Shelton, of Baird, and Mrs. Lanham's granddaughter, Miss Christie Wiggins of Abilene.
