Rising Star Man Named Vice-President Of Eastland County Farm Bureau

A Carbon peanut farmer, Glen Justice, has been re-elected president of the Eastland County Farm Bureau.

Officers were elected last week at the annual Farm Bureau convention held in Eastland in the Christian Church annex. Other officers are A. W. Wright of Rising Star, first vice president; Luke Palmer, Gorman, second vice president; and Ray Norris, Eastland, secretary-treasurer.

New directors are Mrs. Herman Schaefer, A. W. Wright, T. C. Cozart, John Love, Ray Norris, A. T. Wende, Mitchell Campbell and J. C. Coats. Hold-over directors are Mrs. R. N. Browning, Henry Reed, Herman Schaeffer, A. C. Justice, G. O. Warren, Luke Parker, A. V. Myrick, Henry Fry, Melvin Adams and Glen Justice.

Delegates to the state convention to be held in Dallas Nov. 9-12 were also named. They are Mr. and Mrs. Glen Justice, Mr. and Mrs. R. W. Gordon, Mrs. Eula Caldwell and Mrs. J. C. Coats. Alternates are Mr. and Mrs. A. P. Wende and Mr. and Mrs. A. W. Wright.

Mrs. John Love is service manager of the Farm Bureau and Richard Fletcher is assistant. Office secretary is Mrs. Betty Fletcher.

Guest speaker was Dr. James Whittington of Eastland.

Four resolutions were adopted by the convention and will be presented at the state convention. They are as follows:

Resolution 1—That every effort be exerted to maintain peanuts as one of the seven permanent basic crops, for production and support of all peanut program.

Resolution 2—We recommend the adoption of the resolution of the National Peanut Improvement working group in its annual meeting in May, 1960 that a national peanut facility be secured and support the undertaking to have this facility procured as a part of the United States Department of Agriculture research program, to be constructed, maintained and operated under the supervision of the U. S. Department of Agriculture.

Resolution 3—Be it resolved that the Eastland County Farm Bureau endorses a proposed state constitutional amendment which would authorize the Texas Legislature to permit agricultural producers through referendums to determine whether they desire to voluntarily assess themselves to obtain funds to be administered by elected

grower committees and used to further research, promotion and education with respect to the various agricultural commodities.

Resolution 4—Whereas, loss of population and decline of fiscal resources have severely narrowed educational opportunities for many children living in rural and semi-rural areas of Texas; and

Whereas, all Texas school children regardless of residence should have an opportunity for an adequate education to fit them for useful and productive lives; and

Whereas, local communities should be given financial incentives to initiate improvements in local schools and school programs through locally sponsored consolidation actions; and

Whereas, it lies within the power of the legislature of the state of Texas to encourage local initiative by providing financial incentives to local communities that wish to improve schools programs by consolidation; and

Whereas, these financial incentives can be provided from savings through increased efficiency without additional cost to the state, now therefore,

Be it resolved by the Eastland County Farm Bureau

That the Texas Legislature be advised of the critical necessity for strengthening local school programs through locally sponsored school district consolidations, and of the need for legislation to remove existing financial barriers to such consolidations and to provide financial incentives for sound reorganization.

Social Security Questions Answered

QUESTION: When will payments be possible directly to the funeral home?

ANSWER: For deaths after 9-13-60, immediately; where death occurred before 9-13-60, this new provision cannot be used until December of 1960.

QUESTION: I work for a non-profit organization (or a church). How can I now get social security coverage and credits?

ANSWER: The old requirement that two-thirds of the employees must agree to coverage if the governing board or body agrees to such coverage. Once the organization files a waiver to cover one or more employees, all persons hired after that date are covered on a compulsory basis.

QUESTION: How long must a wife be a widow in order to collect on her husband's social security?

ANSWER: Before September 1960, she must have been married to the beneficiary for at least three years; now she can qualify after the marriage has been in effect for 1 year.

QUESTION: Was any change made that affects city, county, or state employees?

ANSWER: Yes, Texas was added to the group of states authorized to divide a retirement system so as to cover only those employees who wish to be covered. For full details on this matter, address your inquiry to John H. Winters, Director, Texas State Department of Public Welfare, Austin, Tex.

is. His office is the only source of official information as to how a governmental sub-unit may get coverage for some or all of its employees.

QUESTION: I have read the questions in this series, but did not find the question I'd like answered. How can I get the information I want?

ANSWER: Write to the Social Security Administration, Box 5168, Abilene, Texas, and you will get a prompt reply to your question. Or, check the representative's travel schedule at your local post office and meet him when he is next in your community. No appointments are necessary.

ABOUT YOUR HEALTH

Texans are prone to think of their state as one of wide open spaces, while the truth is, cities claim the overwhelming proportion of the State's population.

It is fallacious for Texans to think that air pollution is a problem only in Pittsburgh and Los Angeles or that Texas cities can't have their own air pollution problems.

The fact is that even small towns with a cotton gin as the sole industry often have their own peculiar air pollution problems.

Air pollution abatement engineers from the State Health Department's Division of Occupational Health have thick files on instances of local air pollution problems in small and large cities alike.

Several Texas cities comprising large urban complexes have experienced somewhat severe air pollution conditions, especially during temperature inversions which prohibit the natural dissipating of pollutants.

However, active cooperative programs undertaken by municipal, industrial, and civic groups can do much to alleviate the air pollution problem in most cities.

Industries can install special smoke reducing apparatuses and devices which significantly reduce odor, soot, and dust.

Municipalities can utilize land-

fill disposal of refuse instead of the once popular open incineration. Cities often pass ordinances which make it mandatory for new industries to install air pollution control devices before operations can begin.

Civic groups can spread the word that everyone can do his part to control air pollution. Many experts claim automobiles as the number one contributor to air pollution in some areas.

This cause can be greatly reduced by having automobiles properly tuned so that they are operating at peak efficiency. Home burning of leaves is another big contributor to air pollution, especially in the fall; and trash burning not only contributes air pollution, but is insanitary as well.

Air pollution can bring on crying, sneezing, and coughing; can corrode buildings, spatch laundry, ruin paint, and generally make city living unpleasant unless everyone cooperates to hold it down. A weekly feature from Public Health Education

Division, Texas State Department of Health.)

Rev. and Mrs. H. K. Neely, Jr., returned Saturday to Rising Star after two weeks of vacation spent in Dallas, Fort Worth and Cisco. In Fort Worth the First Baptist Church pastor completed oral examinations at Southwestern Theological Seminary preliminary to receiving his doctorate in theology. Lacking in his work toward that degree is only his thesis which he plans to complete this year. At Dallas he visited a sister and at Cisco both he and Mrs. Neely were guests of their parents.

Miller Ray Henry and son from Ozona spent the week end her his parents, Mr. and Mrs. Lee Henry, and his brother and wife, Mr. and Mrs. Glen Henry. Other visitors in the Henry homes were Mr. and Mrs. Ted Henry and son, Bennie, from Forsan.

SENIOR JIVE

Hi, there! Once again it is time for my version of the Senior news.

This week we have all been busy exchanging pictures since they came in last week. We are all very proud of our pictures this year because of that distinguished and sophisticated air we all seem to depict in our portraits. One other characteristic of our pictures is that they are in color. We Seniors have four big ones that are in color.

This week the Wildcats jump the Panthers at Panther Stadium in Gorman. We're all hoping to bring home a Panther. Let's go, Cats!

In this week's issue of the "Senior Jive", I have the honor of letting the exciting story of Douglas Atwood's life find its way into the minds of everyone. I hope you enjoy reading about our Seniors as well as I enjoy writing about them. This is to be the first 26 lives to follow.

Now I'll push my luck a bit further to pass on a bit of gossip. Charlie—you'd better watch Rucker and Snail—both absent the same day! Kinda makes you wonder, doesn't it? Ha!

Jetta—"Somethin's gotta give, somethin's gotta give, somethin's gotta give!"

Jerry—Would you mind giving out a few of your Book-keeping secrets? You're the first one I've seen yet that can balance his books without the balance sheet or trial balance! How about that, Jerry?

Lanette—What was your rush last Thursday afternoon at the Home Ec cottage? Did it have anything to do with being late for class? Ha!

Rodney—It is no wonder you had to call in the TV repair man. By the way you were shaking that antenna around it is small wonder you didn't have to buy a new TV set! Ha! By

the way, how is Snuffy?

Elaine—So you and Tom had a flat tire at the lunch room the other day. You are either off schedule, Tom, or you're not real smart—if I had been you that would have happened on a dark lonely road! Ha!

Rucker—From what I hear Tucker is very mad at you for taking his girl, Bodine, away from him. Rucker you should be ashamed!

That is all for this week, folks, but we'll be back next week with more exciting adventures from the "Senior Jive."

DOUGLAS ATWOOD

Douglas was born June 22, 1943, and at the age of six he joined what is now the Senior class of Rising Star High. Douglas spent all but one year with this class; that year he attended May Grammar School.

Douglas' favorite movie stars are Doris Day and Robert Mitchum and his favorite type of movie is a comedy. His favorite foods are steak and fried chicken. Douglas was manager of the Wildcats his freshman year. This year Douglas is class favorite.

Douglas said that if he went to college after finishing high school, he would go to Tarleton but at the present he is undecided.

Loafing is Douglas' favorite pastime besides the time he spends with Lanette Clark. Ha! Really, Douglas is a very industrious boy and we're all sure that some day he will be President of the United States.

It has been a pleasure knowing you all these years, Douglas. Good luck in the future.

JUNIOR HEADLINE

Study is the word going through each Junior's mind. Last Friday was the deadline on American History projects

and we are keeping our fingers crossed for good grades, as we spent many hours toiling away on them.

Time flies and I can hardly believe that there is only one more football game. We want to invite everyone to come to the bonfire Thursday night, November 3, and also to come to the pep rally Friday morning. This, we hope, will inspire and put pep into the boys so they will get out there and win. Fans—let's back the Wildcats!

What has been going on behind our backs?
Jody, did you fall down at Grade School one Thursday night?
Patty, what was that strange object on your head in Biology?

P. D., what was G. B. helping you with in the library last Tuesday?

W. W., I hear you are finding a certain Senior very interesting, especially in Study Hall.

B. B., how do you like to run extra laps; and do you like to have your picture taken?

SOPH NEWS

Hi there,

This week has proved to be a busy one for us Sophs. Here's a few of the activities we've been engaged in this week:

Monday—Christmas cards being distributed; pictures came in. First timing in Typing. Be-gan Genetics.

Tuesday—Films on "Julius Caesar", complete memory work. Genetics confusing.

Wednesday—Review for test in English. Tommy, watch your detours!

Thursday—Test in Biology. Our third lesson in Health. First five minute timing in Typing I; Homemaking Test.

Friday—Pep Rally. English Test; Correct Biology test. Basketball suits handed out. Manager chosen.

As you can see, this week has been a busy one for the Sophs.

See you next week.
Bye for now,
Katy

FRESHMEN CORNER

The pictures came in Monday and I must brag about ours. In World History we are studying about Julius Caesar and his adventures. The girls in Homemaking I are preparing breakfasts. It seems rather funny to be eating breakfast right after you eat lunch. Roger got his foot hurt playing football and is hopping around. The band is going to present half-time show with the Gorman Band Friday night. We are going to form the outline of Texas. This is the last Wildcat game of the season, so let's try and go to Gorman and back the Wildcats! We are having the bon fire Thursday night; everyone try to come and yell. By the way, Carolyn, did you say gargle or something else?

F. H. A.

This week I am going to bring you news from the Homemaking Departments. Our Homemaking Department is divided into three classes. In Homemaking I, we find our "Fish"; Homemaking II, "Sophs"; and Homemaking III, "Juniors and Seniors."

Dropping in on the "Fish", we find them busy fixing breakfast. Really now, "Fish", breakfast in the afternoon! Some of our Fish have ordered F. H. A. pins; keep up your cooking, Fish.

The Sophs are really soaring this week. From what I hear, they have really been busy. Say Kay L., is it true that cut your pockets on the wrong nap.

Now for our faithful Seniors and Juniors. We are trying to get our suits made in time for football banquet, but it looks as if we won't make it.

This is one Homemaker wishing you Cats a victory over the Panthers!

V. A. NEWS

Everything seemed to be running smooth until Mr. Geye said something about a test Friday over farm management—there seems no end to the farming business.

This week we are studying grasses; the troop seems to enjoy this subject because of the field trips.

Tuesday, we elected Green-hand officers; they are as follows: President, Roger Goodwin; Vice President, Randy Lewis; Secretary, Don West. Reporter; Jimmy Rutledge; Treasurer, Joe Whitefield; Sentinel, Willie Vandivere.

Wednesday, we went on a field trip and studied different kinds of grasses.

Thursday, we had a test over the grasses we studied and that's about it for this week.

KNOCK 'EM DEAD, GIRLS!

A salute to our majorettes, who have done a very fine job this year.

Now to the news:

Just think, this is our last football game for the season. We Seniors will never play for another in our high school career; sort of sad, isn't it? Seniors are sad people anyway; glad to get out of high school but yet sorry to leave. —But enough of this talk; life is just a bunch of mixed emotions any way.

Our last ball game will be played at Gorman this year. The bands will do a joint show—it may prove to be interesting; why not come and watch us and back the Wildcats at the same time. Just think that some of them are playing their last game too. Now just a touch of gossip:

Gary, Billy—Now bark!
Don D.—It is getting so we can set our watches by you; ten minutes late every morn-

ing!
Vondell — I still think you ought to do the hula!!
Stay tuned, folks; more next time.

WCS of First Methodist Church Here Celebrates 20th Anniversary Oct. 20

WCS remembers—Mrs. Norman Purvis, at pulpit, calls the roll of deceased members of the First Methodist Church Womens Society of Christian Service during memorial services at the observance of the 20th anniversary of the WCS while Mrs. Floyd Joyce, WCS president, places a red carnation for each name. Mrs. Jay Koonce is standing just beyond Mrs. Purvis.

WCS of First Methodist Church Here Celebrates 20th Anniversary Oct. 20

The Womens Society of Christian Service of the First Methodist Church of Rising Star celebrated its 20th anniversary Thursday, Oct. 20, with a special program and a tea attended by 60 women.

All except four of the 20 charter members of the organization were present and answered to their names as they were called by the pastor's wife, Mrs. Norman Purvis, against a background of soft organ music played by Mrs. Tom Lewis. The recognition ceremony was preceded by a hymn, "O Zion Haste," led by Mrs. Vivian Koonce. Mrs. Vada Arnold led in prayer.

A lovely memorial service for 11 members who have passed on was a highlight of the program. The memorial arrangement consisted of 12 red carnations and 11 white ones, and as Mrs. Purvis called the roll of

those to be remembered a white flower was placed with a red by Mrs. Floyd Joyce, president of the WCS. Those deceased, whose names were called in this part of the service were Mrs. Eva Hancock, Mrs. Nellie Childress, Mrs. Gertrude Christly, Mrs. Earl Pringle, Mrs. May Johnson, Mrs. Kate Lewis, Mrs. Grace Stewart, Mrs. Reba McVey, Mrs. Ella Crabb, Mrs. Lexie Dean Robertson and Mrs. C. Y. Butler.

The memorial was concluded with a poem, "Hold High the Torch—You Did Not Light Its Glow; 'Twas Given Us by Other Hands You Know."

Mrs. Sam Jones of Brownwood sang, "I Love a Little Cottage," and "Thanks Be to God."

Purpose of Society. Mrs. Purvis told of the purpose of the WCS—to "work, pray, love and give of our money and talents so as to make our church a better church," said Mrs. Purvis.

"John Wesley said, 'The World is my parish,' but in his diary he added, 'I mean that part in which I am.' So we are not to give up; we are to begin where we are with what we have and work, work, work."

Mrs. Frank Gray gave a lovely musical recitation, "If Christ Came to Your House."

At the tea in the church dining room, Miss Linda Koonce presided over coffee service and Mrs. Frank Gray poured punch at a table covered with imported linen inlaid with lace. The table was centered with four-tiered birthday cake with 20 candles in blue. Miss Lydia Mauldin served the cake and presided at the guest book.

Charter Members. Charter members whose names were called during the service were Mrs. Hazel (Butler) Tunnell, Cross Plains, first president of the society; Mrs. John Joyce of Fort Worth; Mrs. Bess (Bowers) Rachel, Mrs. Mabel Ellis, Mrs. G. Mary Lois White and Charles H. Dudley Wed at First Baptist Church Saturday

MARY LOIS ... 558u5 ... dc 24
Mary Lois White became the bride of Charles Harold Dudley, in a double-ring ceremony read at the First Baptist Church of Rising Star, on Saturday evening, Oct. 29.

The bride is the daughter of Mr. and Mrs. Oscar White.

C. B. Dudley and Mrs. Imogene Dudley of Brownwood are parents of the bridegroom.

Officiating at the 7 p.m. rites was the Rev. H. K. Neely, pastor.

Nuptial music was by Linda Koonce, organist, and a vocal quartet, Mary Jo Awalt, Joan Hicks, Kay Walker and Sherry Aaron.

Sara Lynn Butler was flower girl. Ky Wayne White, nephew of the bride, was ring bearer.

Mrs. Gary Maynard was matron of honor, and the bride's niece, Joy Morrow, was bride's maid. Best man was Bobbie Hubbard of Abilene. Gary Maynard was groomsmen. Ushers were Brent Underwood and Robert Morrow.

Given in marriage by her father, the bride wore a formal

gown of chantilly lace over white satin. She carried a white orchid atop a white Bible.

A reception following the wedding was in Fellowship Hall of the church. House party members were Mesdames Vernon Walker, Timmy Johnson, John Taylor, Kay Walker and Joan Hicks.

After November 1 the couple will reside at Lawn where the bridegroom is employed.

Five Children of Brooks Family Are Reunited Here

The five children—four daughters and one son—of the late Mrs. Donna Brooks gathered at the home of Mr. and Mrs. B. M. Williams in the Cook community, northwest of Rising Star, Friday, October 28, for their first all-family reunion since the death of their mother on December 27, 1945.

It was, they said, a most enjoyable event with a dinner in the evening and a renewal of the happy informality of their family life.

The mother, widowed by the death of her husband in 1907, when her children were too young to have any distinct memories of their father, raised her family alone.

The children are Mrs. B. M. Williams, at whose home the reunion was held; Mrs. F. R. Kingsbury of Longview; W. W. Brooks of Goliad; Mrs. M. G. White of Corpus Christi and Mrs. J. R. Old of Corpus Christi.

The county's financial condition is shaping up well as far as indebtedness is concerned. As of Jan. 1 the county will owe \$136,305 and have \$38,330 in reserve.

The county now owes just \$16,000 on the \$4,320,000 road bonds issued in 1922. Actually there is more than that amount of money in the sinking fund but the bonds can't be paid off until they mature. The last payment on these bonds is slated Feb. 1, 1962.

Other road and bridge bonds still outstanding total \$88,000. The original issue was for \$197,000 and the final retirement date is 1966. The county is already \$32,000 ahead in paying off that debt.

Only other debt is for machinery in the various commissioners precincts. Precinct 1 owes \$13,800, Precinct 2 \$8,505, Precinct 3 \$2,500 and Precinct 4 \$7,500.

Rev. and Mrs. H. K. Neely were visited on Sunday, Oct. 30, by Mrs. Neely's parents, Mr. and Mrs. Harry Schaefer at Cisco.

Better Keep This in Mind—

... if you buy real estate without an abstract the chances are good that you will be required to furnish one when you go to sell or borrow money. It is customary for seller to furnish buyer with an abstract as he usually adds cost of same and other necessary expenses to the sale's price.
