Some irate newspaper readers and viewers of television news have suggested that Nikita Khrushchev should be put into orbit with the other Soviet animals now that he and his henchmen have brought their antics to the United Nations in what they regard as high contempt for the United States. The \$64 question is, of course, who would put him there.

Perhaps he will himself, in time. As I see it, there are some conclusions of a sober satisfaction to be gained from his United Nations trip. His coming here with other communist brass is capable of two interpretations. Either he has recognized the United Nations as a forum from which to carry on his campaign for world domination, or he has found the United Nations a serious obstacle to his designs and is leading a direct assault to destroy it. Perhaps both motives influence him.

If the former, he is putting himself, at the mercy of democratic processes. And if there is any real basis for our faith in those free processes we can be confident that he will fail, ultimately if not at once. If our philosophy of freedom is wrong and if we cannot put faith in our system and the rightness of the decisions it will eventually reach, then there is no other world left for us but the kind Mr. Khrushchev represents.

If his purpose is to destroy the United Nations, there is no more convincing argument for its effectiveness as a world congress and an institution for preserving and effectuating world freedom. I am glad he came. He has challenged free people everywhere, and he has revealed what he fears and respects most. I am sure the free world is going to meet that challenge and that the United Nations will emerge a stronger organization and the free world closer knit in its unity and purpose.

Announcement this week that the Rising Star Cooperative Hospital Board has made a contract with Dr. Dean Allen Schmitt of Ranger to operate Rising Star Hospital is mighty good news. Bill Tyler, chairman of the board, deserves a lot of credit for the accomplishment. Bill worked hard and with determination despite disappointment after disappointment and the contract signed last week is a tribute to his persistence, his judgment and his faith.

Rising Star Hospital means a lot to this community and its sister communities. It is a prime asset, one that will have a decisive effect upon our future as a town. Good hospitals and medical care are vital. The people of this area put a lot of money into the hospital and along with their investment they put hope and faith in these communities. They are entitled to have that faith realized.

I think you will like Dr. Schmitt. He is that kind of a man.

Issue Dates for Surplus Foods Set

The next issue date for USDA Surplus Foods in Eastland will be as follows:

Monday, October 10—Eastland, Olden and Ranger;
Tuesday, October 11—Pioneer, Rising Star, Okra, Carbon, Gorman and Desdemona, and
Wednesday, October 12—Cisco, Scranton and Nimrod.

Red Cross Members Called to Meeting

A meeting of Red Cross members in Eastland County has been called for 2:30 p.m., Monday, October 3, at the 91st District Court room at Eastland, by Stanley Webb of Cisco, county chairman.

Mr. Webb urged a full attendance of members of the organization.

See page Cargile for new and Rutherford Chevrolet. HL-2-15-15

Branton Road on Priority, Engineer Tells C of C Meeting

"I can assure you that the Branton farm-to-market road will have first priority on our next planning," Dist. Highway Engineer E. M. Pritchard of Brownwood told the group of some 45 Rising Star, Criswell store area and Sabanno men who met with the Rising Star chamber of commerce at noon Tuesday in the Elite Cafe.

"It depends upon the money we receive, if any, in the next legislative appropriation," he said.

Mr. Pritchard headed a delegation from the district office of the State Highway Department at Brownwood to the luncheon. With him were Retiring Engineer Robt. J. Milligan, Ass't. Dist. Engineer Gordon Smith and County Highway Engineer R. P. Haun of Eastland. County Judge John Hart and Comm'r-Elect Buck Collins were also guests.

The Chamber of Commerce was host to the group.

The conference or hearing was brought about through the efforts of County Comm'r Bob Carter who has been working upon a project for a farm-to-market road from the Criswell store area toward Sabanno to connect, ultimately if not at once, with Farm-to-Market Road 569 from Cisco through Nimrod to Pioneer.

Mr. Carter has insisted that too much of the farm road money being spent in Eastland County by the highway department has been spent in Precinct 2 around Lake Leon to the exclusion of roads needed by the people of his own precinct. He said he had been promised the road and he asked that enough money be diverted from a project to be built from a Precinct road already designated to build a section of the Branton road. "I am asking for only three miles," he said.

It was clear that the 35 members of the delegation from the area the road would serve were with him.

Mr. Pritchard explained that the department does not wish to build small sections of road because of the excessive cost, but prefers to build a long enough section to bring the cost down and to build all roads, if possible, from one point to another because roads that are completed generate more traffic

W. R. Roberts Buried At Pleasant Valley

Funeral services for W. R. Roberts, 62-year-old son-in-law of S. J. White of Rising Star, were held at Brady at 2 p.m. Thursday of last week with burial following in Pleasant Valley cemetery in Brown county.

Mr. Roberts died of a heart attack while working in the meat market of a Brady store Wednesday afternoon, September 21, about 2 p.m. He collapsed and died suddenly.

He is survived by his wife, the former Vera White, and one daughter, Mrs. Jack D. Gray of College Station. One sister, Mrs. T. B. Edmonston of El Paso and a grandson also survive.

Mr. White, Mr. and Mrs. A. A. White, and Mr. and Mrs. Raymond Gray attended the funeral from here. They were accompanied by Mrs. Annie Tate of Haskell who was visiting here at the time.

Mr. Roberts was formerly employed by Agnew's Grocery and Market here.

Schedule of Social Security Visits

A representative of the Abilene Social Security office will be in Rising Star for interviews in regard to Social Security matters on October 3, and 31 and November 28, according to a schedule just received by the Rising Star Record.

There will be no visit in December, according to the chart.

The representative will be in the office at 10 a.m. on each day.

and gasoline tax money. He, as well as Retiring Engineer Milligan pointed out that none of the farm to market roads in the county have enough traffic—400 cars daily—to pay their way. The road from Rising Star to De Leon is about the most profitable of the paved farm roads built here, he said.

The department's view was further explained by Ass't. Eng. Smith who has been transferred from Eastland to the Brownwood post.

"We have the road on our program," said Mr. Pritchard. "In fact, I can assure you that it will have first priority on our next program."

In answer to a request from Mr. Carter that he take some of the funds from the Precinct 2 project to build the three miles of the road from Criswell store west, he said the department preferred for reasons of cost and traffic, to build all the road at once from the connection

Mutt Carroll Is President of Exes

C. M. (Mutt) Carroll was elected president of the Rising Star Exes at their homecoming Saturday of last week. He succeeds Lee Hughes. The election took place at a meeting in the Rising Star High School gym at 3:30 p.m. following a pep rally. Rev. Jimmy Turner is the new vice-president.

Mrs. Robert Butler was named Queen of the Homecoming. She was presented during the half-time ceremonies of the Rising Star-Cross Plains game, the feature of the homecoming program Saturday. Mrs. Glen Winfrey was chosen secretary. Pat Howard was chosen chairman

of publicity. A parade of clowns and floats took place at 7 p.m. Saturday afternoon through the business district led by the Rising Star High School band in the new band uniforms.

The Class of 1953 held a reunion "within a reunion," the principal event of which was a dinner at the Elite Cafe when the Class Prophecy was reread and compared against the actual careers and experiences of the class members.

About 200 former students of Rising Star High School were here for the homecoming, Exes association officials estimated.

The first Cross Plains touchdown was scored near the end of the first period after the Buffs recovered a Rising Star fumble on the Wildcats' 24 yard line. Hutchins scored from the five-yard line but a pass for two points failed when Cross Plains drew a five-yard penalty.

The Wildcats had received the ball at the start of the game, and carried to the CP 18 yard line in a drive featured by Jodie Edmiston's sparkling 35-yard run to the Buff 35. Cross Plains took Jones' nice kick and carried back to the Rising Star 48-yard line where the Rising Star defense, helped by a five-yard penalty against the Buffs, forced the visitors to kick. The recovered fumble and the first Cross Plains score followed within a few minutes.

The Cats came right back in their finest effort of the season, rolling from kickoff to the CP 17-yard line, in a series of plays to which Coy Edmiston contributed a brilliant scamper for 43 yards, eluding all but the last CP defender at the CP 29-yard line. Two plays carried to the CP 17 where Johnny Jones, faking beautifully to Coy Edmiston at the line, whirled around left end for 17 yards untouched and a score. Larry Harding took Jones' short pass under great difficulties for the

and the Cats led

talent suffered some 45 yards to 20 for the Buffs—cost them advantages gained by their defense and set up two of the Cross Plains scoring opportunities.

who was used only on kick-offs because of an injury, kicked to the CP 4 for no return and the Wildcats after yielding two first downs broke up a lateral attempt on the CP 24 and recovered the ball. The Cats drove to the CP 8, lost 9 on a fumble and regained the distance, but a pass to Rodney Smith in the end zone was just out of reach and the Buffs took over with their backs to their goal and brought the ball out a short distance where it seemed the drive had been stopped when Coy Edmiston dropped Hutchins for a five-yard loss.

But there the tiring Rising Star defense relaxed enough for the Buffs to pull the first of their double reverse passes which broke Beard into the open for a touch down run of 69 yards nullified by a clipping penalty that gave the Buffs the ball on the Rising Star 22. Beard circled left end for the score. The try for two points failed and the half ended with the score 12 to 8 in favor of Cross Plains.

The third period was scoreless. A 15-yard penalty blunted another Rising Star drive that carried to the CP 30 on a nice punt return by Jones, and a fumble near the end of the quarter gave the Buffs the ball on the Rising Star 35 where the Cats yielded only three yards in as many downs.

But as the third period ended the Buffs pulled another of those double reverse plays which sucked in the Rising Star defense and let a Cross Plains receiver

Effect of Rain On Peanut Crop Is Uncertain

Rains averaging about two inches generally over the Rising Star territory fell over the week-end and into the early part of the week to break a searing summer-end drought, brighten grain prospects, green up pastures and cause a considerable uncertainty about the effect on a severely restricted peanut crop.

The rains, which would have been greeted with jubilation about the first of September, came weeks too late to realize on the fine peanut crop prospects of early August. August moisture had given the crop a wonderful boost and caused predictions of one of the best yields in history, contingent upon later rains which were confidently expected.

But week after week of baking, 100-degree heat and dry weather withered away most of that prospect, and the few peanut yields so far harvested and sold bear out a rather gloomy outlook for most sections so far as the grade and bushels per acre are concerned.

There was a variety of opinion about the effect of the moisture on the peanuts. About the only general agreement was that it would make it easier to dig the crop.

Farmers with grain crops dusted in and livestock men with pastures were happy with "he showers."

And, needless to say, there was a general gratitude for the cool weather ending those seemingly endless days of suffering heat.

Guests of Mrs. Beyrl Heath on Tuesday, Sept. 27, were Mrs. J. C. Weathers of Brownwood and her daughter, Mrs. Malon Sheffield and two children of Austin.

Mr. and Mrs. M. G. Joyce, accompanied by Mrs. Beyrl Heath, visited relatives in Brownwood Tuesday of last week.

Ranger Doctor and Board Sign Contract

The Board of Directors of the Rising Star Cooperative Hospital, announced this week the signing of a contract between the Board and Dr. Allen Dean Schmitt of Ranger, for the opening and operation of Rising Star Hospital.

October 10, or as soon thereafter as it is possible for Dr. Schmitt to move his office from Ranger to Rising Star, is the date set for the doctor to establish offices in the hospital.

Dr. Schmitt, a physician-surgeon of the osteopathic branch of the medical profession, has been in Ranger for about five months, prior to which he practiced for a number of years at St. Jo, Texas, operating a very popular clinic which he sold.

A statement from the Board, appearing on Page 3 of this issue of the Record explains in general the terms of its agreement with Dr. Schmitt and reports upon the persistent efforts it has made over the past six months or so to secure a doctor, efforts which have at last been successful in the agreement with the Ranger doctor.

Mrs. Frances Wilkerson, who is a registered nurse, will be office nurse and technician for Dr. Schmitt. Mrs. Wilkerson said she had accepted the position offered by Dr. Schmitt, and that she was glad to be able to offer her assistance in getting the hospital open for the service of this area.

"We are happy to have secured Dr. Schmitt to operate our hospital," said W. E. (Bill) Tyler, banker and chairman of the board, who directed the search for a doctor. "He comes to us highly recommended as a physician and surgeon and a citizen. We are confident that our people will like him very much, as he has been well liked at St. Jo and at Ranger. We are sure that under his administration our hospital will become what we envisioned it to be when funds were raised and

the institution built—a medical center protecting the health and serving the medical needs of Rising Star and surrounding communities."

As the Board statement explains, the agreement with Dr. Schmitt provides for his securing, if possible and if needed, another doctor to be associated with him.

Dr. Schmitt's family is still in St. Jo where Mrs. Schmitt is a teacher in the St. Jo schools.

Mr. Tyler said that response of local people to news of the agreement with the new doctor has been highly commendatory. "Our people are happy at the prospect that their hospital will again be open and operating," said Mr. Tyler. "I am sure that Dr. Schmitt will have the full cooperation and the support of the citizens of this area. Wherever he has been he has enjoyed a large practice and the respect and the confidence of the people, both as a doctor and a citizen."

"The hospital will not be opened for bed patients immediately, because there are some repairs and improvements to be done and medical equipment to be installed, including X-ray machines, laboratory equipment and so forth, the board said. It is hoped to have this done within a short time, however, Mr. Tyler said.

"Dr. Ben Bradley left the hospital in excellent condition," said Mr. Tyler. Dr. Bradley, who had operated the institution since 1948, notified the board after the death of his wife last spring that he did not wish a renewal of his contract. The board has passed a resolution in which it expressed its thanks to Dr. Bradley for the manner in which he conducted the hospital and the condition in which he left it. "We appreciate it very much," said Mr. Tyler, "and extend to Dr. Bradley our sincere best wishes and hopes for his continued success."

Dr. Bradley will remain in Rising Star and will operate his own clinic on Brownwood highway south of the city and near his home.

Mulloy Burton Morris, 76, a retired farmer of Stephenville, died Sunday at 8:15 a.m. in his home.

Mr. Morris previously lived in Rising Star where he was a farmer until 1956 when he retired.

He was married to his wife, Emma, March 30, 1935, at Rising Star.

Funeral was held at 3 p.m. Tuesday at the First Baptist Church at Rising Star, with W. R. Ivie of Cisco, a retired minister, officiating, assisted by Rev. H. K. Neely, pastor of the First Baptist Church.

Burial was in the Rising Star Cemetery under the direction of the Higginbotham Funeral Home.

Survivors are his wife; two step-sons, Chester L. Lawson of Florida and Sammy Lawson of Stephenville; two daughters, Mrs. Luvinia Chapman of Stephenville and Mrs. Silvia Nell Brown of Murfreesboro, Tenn.; one son, William Asberry of Stephenville; three brothers, Wilson and Columbus, both of Rising Star, and John of Kilgore; three sisters, Mrs. Emma Kent of Cisco; Miss Josie Morris and Miss Alma Morris both of Rising Star and seven grandchildren.

Palbearers were Robert Dugan, Marvin Cage, Golden Lawson, Eldridge Lawson, Bill Maynard and Rawleigh Long.

Mr. and Mrs. Don McKinnery of Sulphur Springs were

of carnations.

Wildcats Lose to Cross Plains But Play Best Game; Early Next Foe

The score was 18 to 8, first downs 15 to 7, but it was a much better game than that.

Two Rising Star fumbles and two long passes from a double reverse formation that caught Wildcat defenders flat-footed were the key plays in a Cross Plains offensive that spoiled the Rising Star Homecoming Saturday night of last week and kept the Class A Buffalo gridders on top of a ten-year winning streak.

But for the first time in as many years, the Class B Wildcats led their visiting foe in the score for at least a portion of the game and there were opportunities which, if they had not been lost to Wildcat errors, might have made the outcome a considerably different result.

Each team gained about 195 net yards on the ground, with the Rising Star backs performing spectacularly in a number of running plays while the heavier Buffalo backfield consistently ground out short yardage and turned to the air for their most exciting feats of offense.

The Wildcats played their best game of the young season and except for the final five-minute period of the first half, when the Rising Star boys were plainly tired, they kept the pressure on the visitors throughout the game, completing one sustained drive from kick-off for a touch-down, adding the extra two points by a completed pass and carrying to the Cross Plains eight yard line in another drive in the second quarter. Defensively the Cats contained their opponents very well.

But at

the Buffs

the Buffs

two points

who was used only on kick-offs because of an injury, kicked to the CP 4 for no return and the Wildcats after yielding two first downs broke up a lateral attempt on the CP 24 and recovered the ball. The Cats drove to the CP 8, lost 9 on a fumble and regained the distance, but a pass to Rodney Smith in the end zone was just out of reach and the Buffs took over with their backs to their goal and brought the ball out a short distance where it seemed the drive had been stopped when Coy Edmiston dropped Hutchins for a five-yard loss.

But there the tiring Rising Star defense relaxed enough for the Buffs to pull the first of their double reverse passes which broke Beard into the open for a touch down run of 69 yards nullified by a clipping penalty that gave the Buffs the ball on the Rising Star 22. Beard circled left end for the score. The try for two points failed and the half ended with the score 12 to 8 in favor of Cross Plains.

The third period was scoreless. A 15-yard penalty blunted another Rising Star drive that carried to the CP 30 on a nice punt return by Jones, and a fumble near the end of the quarter gave the Buffs the ball on the Rising Star 35 where the Cats yielded only three yards in as many downs.

But as the third period ended the Buffs pulled another of those double reverse plays which sucked in the Rising Star defense and let a Cross Plains receiver

failed and that was the scoring.

The Cats still had fight left and carried the ball to the Cross Plains 35 in a drive sparked by Rodney Smith's fine run of 24 yards. Smith almost got away. A series of pass attempts lost a net of four yards.

The Cats played by far their best game of the year although they were hampered by injuries and illness of key players. Skipper Ezzell, guard, was injured on the first kick-off and saw only limited duty during the game. Charles Carroll and Butch Butler had both been flu victims and were not up to physical par, and Tom Hardin, who was injured in the Melvin game, has not seen action since. He will be out for two more weeks, the coaches said.

Friday night the Cats take on another Class A foe when they meet the Early Longhorns in their second home game of the season. The game will be called at 8 p.m.

A feature of the half-time was the appearance of the Wildcat Band in their beautiful new blue and gold uniforms for the first time. The uniforms were received Saturday of the preceding week.

During the Rising Star part of the half-time program, the football team presented its sweet-heart, Miss Ollie Winfrey, and the Rising Star Ex-Students Association, presented their homecoming queen, Mrs. Robert Butler, Coy Edmiston and Charles Carroll, Wildcat captains, escorted Miss Winfrey, and the Buffs presented Mrs. Butler with a bouquet of carnations.

Former Rising Star Resident Buried Tuesday

Mulloy Burton Morris, 76, a retired farmer of Stephenville, died Sunday at 8:15 a.m. in his home.

Mr. Morris previously lived in Rising Star where he was a farmer until 1956 when he retired.

He was married to his wife, Emma, March 30, 1935, at Rising Star.

Funeral was held at 3 p.m. Tuesday at the First Baptist Church at Rising Star, with W. R. Ivie of Cisco, a retired minister, officiating, assisted by Rev. H. K. Neely, pastor of the First Baptist Church.

Burial was in the Rising Star Cemetery under the direction of the Higginbotham Funeral Home.

Survivors are his wife; two step-sons, Chester L. Lawson of Florida and Sammy Lawson of Stephenville; two daughters, Mrs. Luvinia Chapman of Stephenville and Mrs. Silvia Nell Brown of Murfreesboro, Tenn.; one son, William Asberry of Stephenville; three brothers, Wilson and Columbus, both of Rising Star, and John of Kilgore; three sisters, Mrs. Emma Kent of Cisco; Miss Josie Morris and Miss Alma Morris both of Rising Star and seven grandchildren.

of carnations.

World War I Vets To Meet Sunday To Organize Here

The preliminary meeting of World War I Veterans was held Star on Wednesday night, September 21, at which time the objectives of this organization were discussed and a large group of people attended. It was decided another meeting would be held in the high school on Sunday, October 2, 1960 at 3 p.m.

This will be an organizational meeting and it is hoped that a large group of interested W. W. I. Veterans and their wives will attend. District Commander H. R. Garrett will be in charge and State Department Commander Roger Q. Evans will explain the program.

Guests of Mr. and Mrs. Ira Hudler on Saturday were her sisters, Mrs. Galloway and Mildred Eubank, both of Santa Anna.

Miss Sally Lyons, a student in Howard Payne College, visited friends in Rising Star during the week end.

Return From Trip To Wyoming Sale

Mr. and Mrs. C. T. Parker, Jr., and daughter, Susan, of Ballinger—where Mr. Parker is county agent of Runnels County—Mrs. Ethel Parker of Rising Star, his mother, and M. O. Proctor have returned from a 12-day trip through west and northwestern United States during which they were guests of the Beckton Stock Farm in Wyoming for a time. Mr. Parker, one of the outstanding livestock experts in Texas, served as master of ceremonies at the Beckton Field Day and Sale of Registered Red Angus cattle.

The Beckton ranch consists of more than 12,500 acres in the foothills of the Big Horn mountains. Five square miles of the ranch are actually on top of the Big Horn mountains.

The party's trip carried them through nine western states, including Texas, and to many points of interest from the Bad Lands and Black Hills of South Dakota, Jackson Hole, Wyoming, and Yellowstone National Park to Durango, Calif., and Santa Fe, N. M.

Miss Hettie McClanahan of Graham visited her sister, Mrs. Ethel Taylor and her son, Bobby Guynes, during the week end.

P-TA Seeks Funds To Buy Public Address System

The Parent-Teacher Ass'n is starting a financial drive for funds with which to purchase a public address system for Wildcat stadium to be used in connection with football games and appearances of the Rising Star high school band, it was announced this week.

The system will have speakers to be used inside and outside buildings.

Many contributions have already been received, but there is still plenty of room for others, Mrs. O. L. Burns, chairman of the finance committee, said.

A list of the contributors will be published in the Rising Star Record.

M. M. Sheffield and his son, Malon Sheffield, were here for the Homecoming. Mr. and Mrs. Sheffield are teaching school at Putnam. Malon Sheffield is a law student at the University of Texas.

Mr. and Mrs. Jack Hill and children visited his parents, Mr. and Mrs. Gene Hill.

Sears Swine Show Winners Announced

The County 4-H Sears Swine Show was held Saturday, Sept. 17, at Eastland. Pat Miller, son of Mr. and Mrs. Pete Miller, of Olden, showed his gilt to first place in the show. Showing in second place was Carolyn Ann Plambeck's gilt. Carolyn is the daughter of Mr. and Mrs. Park Plambeck of Cisco.

Billy Welch, Gorman, showed the third place gilt, Jerry Hooper, Olden, showed his gilt to fourth place, Donald Fonville, Olden, showed the fifth place gilt, Willie Cantwell, Jr., Ranger, showed his gilt in sixth place, Bill Arnold, Carbon, showed in seventh place with his gilt and Bob Livengood, Ranger, showed eighth place gilt.

Pat Miller showed his gilt and Roger Wilkerson, son of Mr. and Mrs. Odis Wilkerson of Seranton, showed his Sears boar in the area show at Breckenridge Saturday, Sept. 24.

Sabanno Project to Be Planned at De Leon

A meeting will be held at De Leon Thursday evening of this week, under the sponsorship of the De Leon Community Club to discuss organization of a program for the upstream watershed development of Sabanno creek.

Officials of the Soil Conservation Service have been asked for assistance in the proposed program for which basic plans are expected to be laid at a dinner at a De Leon cafe Thursday evening.

Rev. Jimmy Turner Pastor at Carbon

Mr. and Mrs. Raymond Turner, Rev. Jimmy Turner, son of of Rising Star, has accepted a call to the pastorate of the First Baptist Church of Carbon and he and his family have moved to the parsonage there.

Mrs. Turner is the former Sammie Harris, daughter of Mr. and Mrs. Woodrow Harris of Rising Star. The Turners have three children, two sons and a daughter. Rev. Mr. Turner is a graduate of Hardin-Simmons University, Abilene.

Mr. and Mrs. Floyd Joyce Leod in Fort Worth on Wednesday visited their daughter, Mrs. Mcday of last week. They also visited their son, John Jay and wife at J. N. M., during the week end.

Ira Hudler and Fred Roberds attended the District Brotherhood meeting in Abilene Tuesday, Sept. 27.

Kin of Rising Star People Gets Army Citation

The Army Commendation Medal for meritorious service was presented to Capt. Frank B. Alford, nephew of Carl Alford, Mrs. Raymond Gray and Mrs. Homer Smith of Rising Star, at a recent ceremony at the U. S. Army Engineer Research and Development Laboratories, Ft. Belvoir, Va.

Capt. Alford is the son of Mr. and Mrs. B. F. Alford of Ingleside, Texas.

Major General Gerald E. Galloway, commanding at Fort Belvoir, presented the medal to Capt. Alford in recognition of his services as U. S. Air Force Research and Development Command liaison officer to the laboratories during the period July 2, 1956, to July 14, 1960. Capt. Alford, who is being assigned to the Air Force Flight Test Center, Edwards Air Force Base, Calif., was cited for his outstanding assistance to the laboratories in response to inquiries pertaining to highly technical information of U. S. Air Force development programs. The citation further stated that his "initiative and untiring efforts beyond that normally expected of an officer of the same grade and experience has contributed greatly toward the fulfillment of the U. S. Army Engineer Research and Development Laboratories' mission".

A native of Texas, Capt. Alford attended Texas A&M College where he received a bachelor of science degree in mechanical engineering. He entered the service in May, 1942, and was graduated from flying school in July 1943. During World War II he served as a B-17 pilot in the European theater of operations and later served on Guam. Released from active duty, he was recalled in 1951 and in 1953 went to Germany. On his return he was assigned to Fort Belvoir.

His medals and decorations include the Distinguished Flying Cross, Air Medal with three oak leaf clusters, Air Offensive Battle Star to EAME campaign, German Occupation, and the Distinguished Unit Citation.

Announcing the 1961 Ford... Beautifully proportioned to the

CLASSIC FORD LOOK

The 1961 Ford Galaxie Club Victoria—beautifully built to take care of people

BEAUTIFULLY BUILT TO TAKE CARE OF ITSELF

The 1961 Ford introduces a whole new concept of what a car can do for you... and for itself!

It lubricates itself. New nylon bearings and a newly developed lubricant keep the '61 Ford freshly greased for 30,000 miles. Good-bye grease rucks! What's more, it cleans its own oil. The 1961 Ford's Full-Flow oil filter lets you go 4,000 miles between oil changes.

It adjusts its own brakes. A "mechanical brain" keeps brakes adjusted for the life of the lining.

Rust? Ford's body is specially processed to resist corrosion, even to galvanizing body panels beneath doors.

Ford takes care of itself on the turnpike, too, with a new 390-cu. in. Thunderbird Special V-8 that has all the punch you'll ever need. The 352 Thunderbird Special V-8 and 292 Thunderbird V-8 thrive on regular gas. And, for top economy, you can choose the '61 Mileage Maker Six.

This is the 1961 Ford... beautifully proportioned to the Classic Ford Look... beautifully built to take care of itself.

HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF

LUBRICATES ITSELF. You'll normally go 30,000 miles without a chassis lubrication.

CLEANS ITS OWN OIL. You'll go 4,000 miles between oil changes with Ford's Full-Flow oil filter.

ADJUSTS ITS OWN BRAKES. New Truck Size brakes adjust themselves automatically.

GUARDS ITS OWN MUFFLER. Ford mufflers are double-wrapped and aluminized—normally will last three times as long as ordinary mufflers.

PROTECTS ITS OWN BODY. All vital underbody parts are specially processed to resist rust and corrosion, even to galvanizing body panels beneath doors.

TAKES CARE OF ITS OWN FINISH. New Diamond Lustre Finish never needs wax.

New Styling, 30,000-Mile Lubrication Featured in New Fords on Display Here

The 1961 Ford on display at Roach Motor Company this week features crisp new styling, new dimensions for greater maneuverability, and major engineering improvements such as 30,000-mile lubrication, that will result in lower maintenance costs and more carefree operation.

James O. Wright, Ford Motor Company vice president and Ford Division general manager, said the new Ford, nearly four inches shorter and two inches narrower than in 1960, will offer "a completely new, fresh appearance in the classic Ford tradition of straight-line design."

Mr. Wright also announced the 1961 Ford styling has been recognized for its "functional expression of classic beauty" by a world-renowned fashion authority. In Rome, Italy, against a backdrop of the new fashion center of the world, the Centro Per l'Alta Moda Italiana recently presented Ford Motor Company with a special medal honoring the 1961 Ford.

Mr. Wright said engineering and design improvements in the

1961 Ford make it "a car that virtually takes care of itself." Improvements include:

—A new grease and lubrication system that extends the normal chassis lubrication interval to 30,000 miles.

—New, heavier brakes that adjust themselves.

—Specially processed underbody parts, including galvanized body panels below the doors, that resist rust and corrosion.

—Aluminized mufflers that are double-wrapped for three times normal life.

—A 250 per cent increase in the thickness of anodizing on aluminum surfaces for brighter, longer-lasting grille, headlamp and tail lamp trim.

"These features," Mr. Wright said, "combined with Ford's Diamond Lustre finishes that never need waxing and the Full-Flow oil filtering system that permits a 4,000-mile oil change interval, will mean fewer inconvenient service stops and more savings with the new Fords."

The new Ford line, to be introduced by Ford dealers on

September 29, consists of 16 models in four series—Fairlane, Fairlane 500, Galaxie and station wagons. Added to the line are two new models—a Galaxie Club Victoria (two-door hardtop) and a six-passenger Country Squire station wagon.

All six station wagon models, from the two-door Ranch Wagon to the nine-passenger, four-door Country Squire with simulated wood paneling, have a new roll-down rear window in the tailgate. The tailgate itself is seven inches wider than in 1960. The front-facing third seat in nine-passenger station wagons has been improved and, when not in use, folds quickly into the floor.

A power operated rear window is standard on the Country Squire models and the 9-passenger Country Sedan and optional on others.

Ford introduces a new 390-cubic-inch Thunderbird Special V-8 engine in 1961 that is designed for effortless performance. The Thunderbird 352 Special and the Thunderbird 292 V-8's, as well as the Mileage Maker Six, all are designed to deliver greater economy on regular grade fuels.

Sue's Flowers Opens Shop on South Main Here

Attention is called this week to the announcement of the opening of Sue's Flowers, Rising Star's newest business, established in the Jobe building, on South Main, next door to the Rosa Van Beauty Shop.

The new floral shop will serve Rising Star and this area with fresh flowers for all occasions, for funerals, weddings, anniversaries and for other events and purposes for which flowers are ideal.

The proprietor is Mrs. Sue Harris, daughter of Mr. and Mrs. A. D. Jenkins, who recently moved her home here from Fort Worth.

Mrs. Harris invites her friends and neighbors to visit her shop. She said she will appreciate every order given her and will guarantee satisfaction.

Mrs. Dennis Strackbeld and family of Odessa were visiting here and in Cross Plains during the week end.

To Attend Officer Candidate School

WACO. (TAFNS) — Airman First Class Thomas H. Edge, Twelfth Air Force Headquarters, has been selected to attend Officer Candidate School (OCS) at Lackland AFB, Tex. Upon successful completion of the 25 week training course which begins in September, he will be commissioned a 2nd Lt. in the United States Air Force Reserve.

Airman Edge was born in Shawnee, Okla., in October 1936, and graduated from Cushing High School in May 1954. He attended Oklahoma State University at Stillwater prior to his enlistment in the Air Force in September 1955. On completion of Air Force basic training at Lackland AFB, Tex., Edge was assigned to Dyess AFB, Tex., as an administrative clerk. Transferring to Twelfth Air Force in November 1959 he was assigned duties as an administrative clerk in the office of the comptroller. Airman Edge is married to the former Evalene Hutton of Rising Star, Texas.

Mr. and Mrs. Clifton Hord of Baird were here for the High School Exes Homecoming.

Greenwood Family Reunion Sept. 11th

The annual reunion of the descendants of the late Mr. and Mrs. J. P. Greenwood was held Sunday, September 11, at Abilene State Park. Their only surviving sons are W. B. Greenwood, 2225 Ambler Avenue, Abilene, and T. J. Greenwood, 507 West Paine Street, Comanche. Attending the reunion were 93 relatives and six visitors, including:

Mr. and Mrs. W. B. Greenwood, Mrs. Edna Murray and Burl, Mr. and Mrs. Ed L. Greenwood and children, Abilene; Mr. and Mrs. Jim Broom, Odessa; G. W. Woods and Gaylene, Mr. and Mrs. Johnnie Fonville and boys, Mr. and Mrs. Paul Laufer and children, Big Spring;

Mr. and Mrs. T. J. Greenwood, Comanche; Mrs. S. R. Clements, Mr. and Mrs. Newt Burleson and Mickey, Snyder; Mr. and Mrs. Oscar White and Mary Lois, Rising Star;

Mr. Berry Greenwood and Miss Joyce Greenwood, Carbon; Mrs. Connie Cloud, Abilene; Mr. and Mrs. Bill Reed and Tutor, Mrs. A. E. (Skeeter) Reed, Jim and William, Big Spring; Mr.

and Mrs. E. H. Edwards, Brownwood;

Mr. and Mrs. Bailey Greenwood and son, Munday; Mr. and Mrs. T. B. Greenwood, Mrs. L. B. Culpepper and children, Eastland; Mr. and Mrs. Ira Greenwood, Regina and Mike, Abilene; Mr. and Mrs. O. L. Willson and Stella, Mr. and Mrs. Jerry Wilson and two children, Eastland; Mr. and Mrs. R. L. (Short) Greenwood and Shirley; Mr. and Mrs. Carl Myers, Danny, Kent, and Carl Wayne, Mr. and Mrs. Carol Greenwood and four children, all of Haskell; Mr. and Mrs. James Harris and children, Eastland;

Mr. and Mrs. A. H. Hollowell and Carolyn, Abilene; Mrs. Nona Sanders and Venita, Abilene; Mr. and Mrs. W. C. Herring, Haskell; Mr. and Mrs. Tommie Herring and two children, Anson.

Mr. and Mrs. D. D. Chadwick and two boys, accompanied by Miss Alice Faye Roberts, spent the week end here with their parents, Mr. and Mrs. E. M. Roberts.

RISING STAR HOSPITAL TO BE OPENED

To The Stockholders of Rising Star Cooperative Hospital and the Public:

For the past several months, and since your Hospital board was notified by Dr. Ben Bradley shortly after the death of his wife, Sara, that he would not ask renewal of his contract with the board, we have been engaged in an intensive effort to locate one or more doctors to operate the hospital.

The importance of the hospital to our community and section, the obligation assumed when funds were raised and the hospital built, and the need of an institution where people could be assured of good medical treatment and care impelled us to make every possible effort and to explore all avenues that promised continued operation of the hospital.

We have at length been successful in executing a contract with a physician-surgeon who has been highly recommended to us and whose professional qualifications, good character and ethical conduct we have found to be of the highest order.

He is Dr. Allen Dean Schmitt, Doctor of Osteopathy, who has been in practice at Ranger, Texas, for the past few months, prior to which he operated a clinic and hospital for eight years at St. Jo, Texas, where he is held in high esteem and did a large practice. It was, indeed, because he could not carry the work load of that practice that he sold his St. Jo clinic and agreed in that sale not to practice within a specified distance of the community.

Although Dr. Schmitt is enjoying a considerable and growing practice at Ranger, the opportunity presented by a hospital such as we have induced him to come to Rising Star for a permanent location.

He will establish his office in the hospital here by October 10, or as soon thereafter as the move can be completed. Opening of the hospital for bed patients will be delayed until the board can complete repairs to the building and install the necessary medical equipment.

The contract which Dr. Schmitt and the board signed Thursday of last week provides that he will associate himself with another doctor in the operation of the hospital. The reasons are clear. No one man is able to stand up to the work required in maintaining a hospital such as ours and taking care of the practice that it will attract. More

important, the people of our community and area are entitled to have medical care at our hospital available at all times. It was with that need in mind that we entered into a formal agreement with Dr. Schmitt providing for what we consider the most efficient and satisfactory conduct of our fine institution consistent with the assurances given at the time it was built.

We feel very fortunate in obtaining the services of Dr. Schmitt. It has been no easy task to obtain a doctor, and there were times when we were almost ready to give up. Although we printed and mailed many hundreds of descriptive folders to hospitals and associations in the hope of contacting internes or older doctors who might be interested, we received very few responses and no real interest. Only one prospect came to interview us. We carried on our search through personal contacts, telephone calls, letters and by whatever means offered any hope of interesting a qualified physician-surgeon.

We were told bluntly that while there might be a doctor interested in practicing in Rising Star, none was at all interested in taking over the responsibility of the hospital. Not until we contacted Dr. Schmitt did we have a single prospect willing to consider it.

It is, of course, impossible for the board to operate the hospital. The overhead and the cost of maintaining a separate staff are prohibitive. Only when the hospital operation is combined with a doctor's practice is there any reasonable prospect of successfully maintaining it.

Not until we contacted Dr. Schmitt had we made any real effort to interest a Doctor of Osteopathy in locating here and assuming charge of the hospital. As a matter of fact we were not too well informed about the standards and rating of this branch of the medical profession, although there is a very successful and popular practitioner at Cross Plains and the highly successful and popular Comanche Hospital is maintained and operated by osteopathic physicians and surgeons.

We found:

1. That Doctors of Osteopathy are recognized as fully qualified practitioners by the United States, including Texas, where they are required to

take the same examinations as other doctors under a State Medical Board whose members include Doctors of Osteopathy.

2. That there are thousands of active doctors of osteopathy in the United States, serving as family doctors for a large percentage of the population; that the profession operates some 400 hospitals and six colleges where candidates for the D. O. degree attend more hours in classes than the average medical doctor; that D. O.'s are qualified in all branches of medicine and surgery, give standard medical treatments, including X-rays, surgery and seums, and prescribe drugs and other medical treatment just as M. D.'s do.

3. We learned that the D. O. profession is rapidly growing in numbers and importance, with standards as high as those in other branches of the medical profession. According to the Life Magazine in a very informative and interesting article last spring, there is a growing tendency among the younger members of the DO and MD to collaborate. Life reported that the chief physician of the United States Steel Corp. in New York is a D. O., and that recently the Rockefeller brothers and their mother made grants totaling \$1,000,000 to the Kirksville College of Osteopathy and Surgery in Kirksville, Mo., where nearly a century ago a pioneer doctor developed techniques of bone and organ manipulation—in rebellion against the primitive medical methods and excessive use of drugs common to his day—and named the new medical technique "Osteopathy" from a Greek root word meaning bone.

While a large number of older osteopaths confine their practice to manipulation, a majority combine manipulation with standard medical treatments. There are many DO's who do no manipulation at all, using standard medical and surgical treatments altogether.

Dr. Schmitt is one of the latter. His practice is confined to standard medical and surgical techniques. His treatments are in all respects similar to those used by MD's. He does not discount the value of modern osteopathic techniques of manipulation. They are too time-consuming for his practice, he told us.

Dr. Schmitt has been assured by members of his profession in this area that he will have their full cooperation.

The surgeons at Comanche Hospital who know and recommend him highly, have told us that they will be more than glad to cooperate, even to the point of coming to Rising Star Hospital if their assistance there is required.

The Rising Star Hospital will be operated as an open staff hospital, with registered nurses and standards conforming to those established by State law and the State Licensing Board. Any qualified doctor will be welcome to bring his patients to it, and to use its facilities for their treatment.

Under the agreement with Dr. Schmitt, the board will equip the hospital with X-Rays, electrocardiograph machines, laboratory equipment and all that is necessary to bring the institution up to standard and provide the doctors and surgeons with modern means for the quickest and most effective treatment and care of their patients. In accordance with a new state law vented heat will be installed, kitchen facilities brought to the highest possible standards, and everything required by state law as standard to hospital operation in Texas will be done. The building will be redecorated. It is in excellent condition except for some minor repairs and repainting.

We believe that the hospital will be open, receiving bed patients and operating as a complete medical institution within a very few weeks. Under the direction of Dr. Schmitt and whatever doctor or doctors he associates himself with, we feel sure that it will function as a highly successful center of medical care and treatment, serving the people of our community and adjoining area in a manner well pleasing to them, and offering the most adequate facilities for their safety, treatment and care. We are confident that you will find its standards high and its services efficient and reasonable.

We ask your cooperation and support of Dr. Schmitt, his staff and the doctors who may work with him in carrying out the purpose and functions of this very important institution—an institution which certainly has the potential of becoming one of the best and most popular small hospitals in our section.

Sincerely,

THE BOARD OF DIRECTORS

W. E. Tyler, Jay Koonce, Fred Roberds, M. G. Joyce, Robert Butler, Dixon Boggs,

HOW I CAN BE A GOOD PUPIL

I can be a good pupil by doing as my teacher asks and by studying. If I have the will to be a good pupil, I must have the determination, self-confidence, and desire to further my knowledge. In order to be a good pupil, I must have the ability as well as the desire. Some pupils want to be a good pupil, but they can not seem to learn as well as others.

If I am to be a good pupil, I must be willing to give up many extracurricular activities. I need to spend at least one or two hours on my studies each day. I must listen in class and be sure to get the correct instructions about the assignment for the next day. When I am absent from class, I should find out what the assignment is and bring it up outside of class. If I have trouble with an assignment, I should go to the teacher and get him to help me.

I must pay attention during the class so that I will know it when we have a test. If I will listen in class, I will not have to do some last minute cramming. I should not have to cheat on a test because it will not help me at all. If I ask someone to help, I will be doing them a wrong as well as myself. When I help someone on a test, it is just the same as cheating myself. I should not ask others to help me and refuse to help them. I should be quiet if I have finished a test before my other classmates to allow them to have the same chance I had.

To become a good pupil, everyone has to have the desire to be one. If I have not applied

myself to the fullest extent in high school, I will regret it when I am ready to start college. It pays to be a good pupil!

SENIOR JIVE

It's news time again, and I'll try my best to bring you up to date on the latest happenings.

September 20th the photographer came and we all had our pictures taken. We Seniors had ours taken in our caps and gowns and also our class pictures.

In English IV we're getting more and more involved in Shakespeare and his "Macbeth;" the old fellow really led an interesting life.

In Civics we are learning the fundamentals and basis of the Constitution. We're all hoping it will soon be cool weather so maybe the gnats will leave us alone. They're murder!

We had our first basketball practice of the season Monday, 19th and another Tuesday, 27th. We're hoping to have a first rate team again this year. Cut out those late hours, girls!

We're sorry to say Tom Hardin won't be with us during the next few games due to a concussion suffered during the second game of the year. We surely hope Tom is back with us again because we need that 200 pounds in the line up.

Here is just a portion of the gossip going around old Rising Star High.

Jetta—The next time you start to give a book report, don't forget your main character! OK?

Rex—You had better watch your step with Snail; remember,

Mutt's almost as ferocious as you are, sometimes!!

Beuler—You and Coy seem to have quite a good time in sixth period study hall; almost as bad as Tom and Elaine!

Jonesy—Did you just have to go around behind the football field last Tuesday night? Did you say you thought you lost a hub cap? Oh, I see!

Johnnie—We know love makes the world 'round and 'round. Aren't you getting a little dizzy? Ha!

Snail—Was that the flu bug or the love bug that made Charlie so sick? Ha!

Jerry—What's all this jazz about this being a "free" country? Too bad J. H.

Dug—How come you and Lanette were late to sell magazines? Oh, May Plower trouble?

Elaine—On Tom's return, his first words were "Who you been lovin' since I been gone?" See ya' around Finney

FROM ME TO YOU

We Juniors are really in there backing the Wildcats with three cheer leaders, four majorettes, and football players running around everywhere. We were certainly proud of Worley for the grand performance at Bangs.

We have on another election spree and our room mothers are as follows: Mrs. Robert Butler, Mrs. L. E. Hageman, Mrs. Robert Burns, Mrs. Estelle Hardin, Mrs. R. T. Ezzell, Mrs. Jay Koonce.

Our class favorites are Patty Hardin and Jodie Edmiston. Student Council representatives are Skipper Ezzell and "yours truly".

Have my ears been paying attention? Sherry, was it G. S. Monday night and how was the Fair?

Is something cooking K. W. and L. N.?

W. W., why end a blooming romance with a letter?

Joan no more parties—Huh? B. B. was W. W. in your way at the Fair??

Sorry Butch, it was Taffy!

LEARNING—A LIFETIME ENTERPRISE

When we enter the first grade, we are beginning an important part of our lifetime enterprise. Each first grader probably looks forward to the day he will be a senior in high school.

During the first few years of school, our desire is to go from one class to another; but as the

years pass, we are able to participate in many activities and sports, and school becomes a pleasure rather than a task. As we grow older and advance in school, we begin to realize the importance of our education.

The unfortunate students who leave school do not realize at the time what they are sacrificing; but, as time passes, they look back and regret their mistake.

Students who earn their diploma usually have a much better and easier life than the ones who do not finish school.

Does it seem to be such a waste of time for an education if you think of how much difference it will make in the years ahead?

Carol Burns
 English II

SOPH NEWS

Hi there,
 We're all looking forward to a good game with Early on Friday night. I'm sure all the Sophs will be there backing the Wildcats.

We're really digging into this thing called "man" in Biology. We're studying his classification.

We're getting down to sewing this week in Home Economics learning all we forget during the summer.

Some of the Sophs surely had fun at the Fair last week. Joy had a case of mistaken identity though; she was positive that she saw her family at a red light but it turned out to be a family of — well, Joy, you tell them!

It seems a couple of Sophs are going around in a daze; Donnie because of a broken love; Richard because of a school bus romance.

Well, that's it for this week. See you at the game!

Bye for now,
 Katy

FISH DIARY

Monday—Some of the kids that went to the Fair Saturday are still sleepy. Judy, why do they call you "Goldie?" Does it have something to do with gold seatcovers?

Tuesday—What a day! Pictures being taken all over the place. We were really glad to get our new uniforms in today. They surely are pretty. I would like to thank Carolyn for her nice gift of horned toads in study hall. Loretta, I see you have finally caught him. The Freshman girls in 2nd period

study hall had better get settled or suffer the serious consequences.

Wednesday—Nothing very interesting happened today except for a "worm race" at noon. The race was soon stopped when the worms got stepped on. Wanda, why do you wear that M around your neck?

Thursday—Lovey, you had better watch where you go; you might turn red. The band marched down town at two on Saturday afternoon; then the pep rally. The new suits are very pretty but are certainly warm. Did you enjoy band practice, Carolyn?

Friday—Pep Rally. Test in Homemaking I. Ugh. Joe, have you learned to raise your hand when you want to speak in English?

Be seeing you next week.
 So long, Sharon

CALLING FHA

Calling all Future Homemakers and Officers. Let's all get on the band wagon and help our sponsor. We are looking forward to installing new officers and initiating the new members; let's all help our sponsor, Mrs. Nowlin. There are a million little things we can do to get ready; find your job and do it!

It won't be long until we will be traveling toward Dallas to the Fair. Every Future Homemaker is really looking forward to it, but more on that when the time gets here. Until next week, I am just another Future Homemaker wishing you Wildcats a Victory!

F. H. A. Reporter

LOOKING FORWARD TO A GOOD YEAR IN SPORTS

There are many reasons why Rising Star High School will shine in sports this year. First, we have the athletes necessary for a good team and also the student body and fans to back them.

We should have a good season in football because there are a number of boys on the team and they have size, ability, and the will to win.

There are a lot of backers with enthusiasm this year. The Quarterback Club was reorganized for the first time in many years. There has not been spirit like this for quite a while. These reasons will be factors that make this football season a great one.

In basketball, there are also many bright spots. We only

Home Is Welcome to Rising Star Couple After Long Vacation Trip

Editor's Note—This is the final installment of an account of a trip which Mr. and Mrs. Marion West made through eastern and northern United States this summer.

By Mrs. Marion West
 Leaving Baltimore we drove over Super Highway Interstate 40 to Washington, D. C., the capitol of the United States, seat of the government since 1800. The capitol building is naturally the chief object of interest in the city.

We secured a guide to show us places of interest in the city. We drove to the capitol building. We walked around the capitol. It has a beautiful lawn and many different kinds of flowers in full bloom. A crew of workmen are re-polishing the stone structure of the capitol. This makes it look very new and beautiful. This job is near completion.

We drove around the White House. It is a beautiful building, with a very large lawn and many beautiful flowers and shrubs.

From here we went to see the Washington Monument. Here we took an elevator to the top of the monument, which is 555 1/2 feet tall. It is among the world's tallest masonry structures. In this structure is a native stone from each state and many foreign countries. Around this monument are 50 U. S. flags, representing the 50 states.

From the top of this building you are able to get a wonderful view of the city, from four view points.

We next drove to the U. S. mint building, many handsome embassies occupied by foreign nations, Department of Commerce building and the Supreme Court Building.

From here we drove by the Arlington National Cemetery. This cemetery covers more than 400 acres, is the largest of U. S. national burial grounds, and contains the graves of about 60,000 men and women, principally members of the armed forces of the U. S. Here the Unknown Soldier was buried in 1921.

Leaving Washington, D. C., we drove to New Market, Virginia. It was near here in the year of 1748 that George Washington did land surveying of land for about a month.

Following U. S. Highway 11, we continued our travel to National Bridge, Virginia. Natural Bridge, formed by nature, is

lost one regular from a squad that won their district. The boys are already looking forward to this sport, where there will be experience at every position. The girls are also anticipating a fine season in basketball. They are the only team in the district that was not hit too hard by graduation. There is already excitement in the air for the basketball season.

In track, there was just one loss also. The team had two events that went to State last year, and the outlook for this year is better than ever. There will be a dozen or so experienced boys that have grown bigger and faster through the year. Track will be a strong point in Rising Star sports this year.

These are just a few reasons why I am really looking forward to a good year in sports.
 Johnny Jones
 English III

one of the Seven Natural Wonders of the World. It is 215 feet in height, with a width of 100 feet, and a span of 90 feet. It is 55 feet higher than Niagara Falls.

Our next stop was at Roanoke, Virginia, which lies in a bowl made by the encircling Blue Ridge and Allegheny Mountains. Here is found one of the largest rayon plants in the world. The next city of importance we stopped at for a visit was Chattanooga, Tenn. It was incorporated as a city in 1851. An important rail center was a key objective of the Union Army. Around this city was fought a number of battles of the Civil War. There is coal mining in this region, manufacturing of textiles, chemicals, stone, glass and steel.

From here we crossed into Georgia. We stopped at Deer Park, Ga., and purchased gasoline. Here we saw a free animal zoo maintained by the Taxaco station. Here we saw a bear, deer, some monkeys and "Hazel", a five legged cow. She is a large Holstein cow in perfect health.

From here we drove to Birmingham, Alabama. This city owes its rapid development to the presence within a small radius from the city of great mineral deposits, especially of iron, coal, and limestone for the manufacture of steel.

Leaving Alabama we drove to Meridian, Miss. This city lies among the most southerly of the Appalachian foothills. It is the trade and commercial center of an agricultural and lumbering region. This city was the temporary capital of the Confederate States.

Continuing our travel we drove to Jackson, Miss. The largest city in Mississippi, it spread along high bluffs with the Pearl River forming its eastern boundary. This city has railroad shops, oil well drilling supply houses, and manufacturing of brick, lumber, stone fixtures, clothing and glass bottles.

We next stopped at Vicksburg, Miss. Here is found the Vicksburg National Cemetery, containing graves of Civil War Soldiers. The cemetery established in 1865, embraces an area of 119 acres, containing graves of 17,450 (12,911 unidentified), who died within 150 miles radius of Vicksburg during the Civil War.

From here we drove to Shreveport, La., river port at the head of navigation on the Red River. This city is the trade and marketing center for the surrounding area, largely growing cotton and sweet potatoes.

Just a short drive from here and we were back into Texas. We had seen a lot of beautiful country and enjoyed it all very much, but were glad to be back in Texas and see our own little city.

Mr. and Mrs. C. E. Fox Observe Anniversary

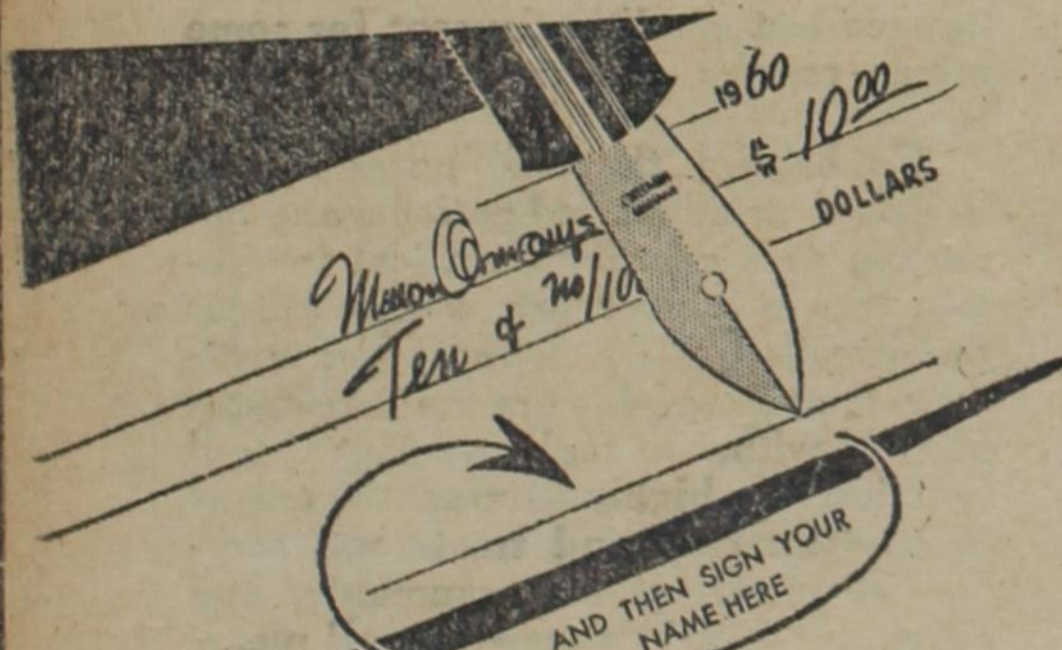

Mr. and Mrs. C. E. Fox observed their 40th wedding anniversary informally Monday of this week. They were married on September 26, 1920, at Santa Anna, Texas. Mrs. Fox is the former Emma May Ivey.

All of their ten children—six sons and four daughters—were married except two daughters, both school children.

Hospital Days at Scottish Rite Is School Time for Crippled Kids

Hospital days are school days for all youngsters at Scottish Rite Hospital for Crippled Children this fall, and they are happy about it.

The institution has opened the first full-scale school of a new hospital in the city for its young patients.

It will give school-age patients from all over the state an opportunity to keep up with their school work while they're rehabilitated through surgery and therapy at the hospital in Dallas.

Miss Ann Sewell, a teacher in the special education division of Dallas Independent School District, will conduct the classes in a schoolroom created from a sewing room previously used by volunteers.

Looked Forward. "We've been looking forward to this for several years," said Mrs. Helen P. Haese, superintendent.

She said of herself and Dr. Brandon Carrell, chief of staff: "We feel of all who really need education, these children do most. Many will never be able to make a living doing manual work. They need every opportunity they can get."

Another advantage: The previously heavy summer load at the hospital should slack, for school-age patients will no longer be reluctant to enter during the school term.

An average of 60 to 70 youngsters occupy the red-brick institution at 2201 Welborn St., and somewhere around 25 of them at a given time are of school age.

New Program. In the past only Dallas patients were taught at the school, under Mrs. Helen Cantrell.

"Many others wanted to participate when she came to teach the local students," said Mrs. Haese. "We felt we could do a great deal of good if we could teach them all."

Hospital board president John McKee initiated the new program and worked out details of the cooperative system with Dr. W. T. White, superintendent of the participating district.

ENROLL IN CISCO JUNIOR COLLEGE

Enrolled in Cisco Junior College Cisco: Mary Lois White, daughter of Mr. and Mrs. Oscar White, William Gary Maynard, son of Edward Maynard, Johnny Bob Wilson, son of Mr. and Mrs. Miley Wilson, and Jimmie Frank Fleming, son of Joe Fleming. Jimmie Frank is a Cross Plains graduate, the others of Rising Star High School.

SHOP THE CLASSIFIEDS!

Miss Sewell will work with small groups of the local students on block assignments supplied by the patient's home schools.

She'll inform the home school of progress periodically, but not actually grade the youngsters. If the patient load gets too heavy, Mrs. Cantrell will be called in to assist.

The school is in gay and colorful surroundings furnished by the hospital's auxiliary, of which Mrs. Frank B. Weber Sr. is president. It took over the classroom as a project.

Clara Burkhead North Star Club New President

The North Star Club met in regular session on Tuesday, Sept. 20, and elected officers for the new year.

Mrs. Clara Burkhead was chosen president, Mrs. Carl Irby vice-president, Mrs. Jesse Perry, secretary-treasurer, Mrs. Rufus Pierce, assistant secretary-treasurer, and Mrs. Lee White, council delegate.

Mrs. Carl Irby, retiring president, presided at the meeting and Mrs. Burkhead led the singing of "The Battle Hymn of the Republic."

Mrs. Will Ware gave the council report in the absence of Mrs. Homer Putman, and a very interesting report of the THDA convention at Brownsville was given by Mrs. Lee White, the state delegate.

Bottle drinks were served by Mrs. Prry to Meses. Carl Irby, Rufus Pierce, Claud Harris, Lee White, Beyrl Heath, Susie Coursey, Rosa Roach, T. Hardin, Clara Burkhead, Will Ware, Ella Wells, Charles Carroll, Ada Williams, Mabel Ralston and Ethel Clark. —Ella Wells, Reporter.

LOCAL BRIEFS

Among visitors in the Marvin West home over the week end were her children, R. L. Maxwell of Kermit, Mr. and Mrs. Elder Thomas of Beaumont, and Mr. and Mrs. J. C. Turner, Jerry Sue, Carla and Sandra of Abilene.

Mr. and Mrs. N. W. Weather of Hobbs, N. M., spent a few days last week with their parents, Mr. and Mrs. J. W. Weathermon of Rising Star and Mrs. Rob Montgomery of May.

Mr. and Mrs. Bernard Joyce of Fort Worth attended the Homecoming and visited relatives here Saturday.

SOCIETY, CHURCHES AND CLUBS

Written by Mrs. F. W. Roberds, Phone 5-5301

Saturday Club Program Sept. 1 On "Government"

The Saturday Club of Rising Star, of the Heart of Texas District, met at the Public Library on September 21, for a study on "Government." "In all forms of Government the people are the true legislators", was the theme.

Roll call responses were in keeping with the topic. "Losing Individualism" was discussed by Mrs. Louise Weber. Names of four prospective members were voted upon. During the social hour coffee and spice cake were served by the hostesses, Mesdames John D. Clark and Robert Butler to the following members:

Mesdames Barney Cargile, Lee Clark, Marshall Groce, Ira Huddler, Olice Jones, M. G. Joyce, Fred Roberds, Jim Settle, Fred Tunnell, Charley Tyler, Louise Weber, D. C. Hazelwood, H. K. Neely, Roy Holly and the hostesses.

The club will meet on October 5 at 2:30 at the library to study "Americanism." The topic will be discussed by Mrs. Robert Butler. Hostesses will be Mrs. W. E. Ellis and Mrs. Ira Hudler.

Sgt. Walker Takes Part In Army Exercises

AUGSBURG, Germany (Ahtne) Army M-Sgt. Joe R. Walker, son of Mr. and Mrs. Gillespie M. Walker, Route 1, Rising Star, Tex., recently participated with other members of the 24th Infantry Division in Exercise Summer Shield, a two-week field training problem, in the Bavarian region of Germany.

The exercise provided the troops with practical experience in working as independent units under isolated field conditions.

Walker is operations sergeant of the division's 24th Signal Battalion in Augsburg. He entered the Army in 1948 and arrived overseas on this tour of duty in July 1958.

The sergeant, whose wife, Louise, is with him in Germany, was graduated from Cisco High School and attended Cisco Junior College.

Mr. and Mrs. Thomas Kent and two daughters of Knox City visited their parents over the week end. She is the daughter of Mr. and Mrs. W. P. Lyon and his mother is Mrs. Emma Kent.

Mr. and Mrs. A. W. Bailey are visiting their son, Warren Dean Bailey and family at Jal, N. M.

Seymour Girl Wins Second GA State Honor

Miss Melba Woolsey, daughter of Mr. and Mrs. Arvel Woolsey of Seymour, has been named second place winner in the state Baptist Girls Auxiliary Queen Regent contest. Mrs. Woolsey, mother of Melba, is the former Vera Mae Griffin, who was born and reared in Rising Star.

There are 17 districts in the state, with one entry from each district. Judging took place August 30, at the Women's Missionary House Party at Baylor University in Waco.

Queen Regent is the highest step in Girl's Auxiliary, and much study and work is required. This includes note book work, memorizing and explaining scriptures, denominational facts, facts concerning mission work and a history of the church of which they are a member. After close examination, and passing the work required, a Queen Regent cape is presented to them. Miss Woolsey received her cape in May, along with three other young ladies from the First Baptist Church, of Seymour. The girls were privileged to attend music week at Glorietta, New Mexico this summer.

Miss Woolsey was given a rating of excellent at the Texas Baptist Junior Choir Festival held in Fort Worth, April 30, in recognition of a meritorious performance during the State Choir Festival as pianist for the Seymour First Baptist Junior Choir. She received a certificate with rating, excellent.

Mr. and Mrs. Donald Joyce of Fort Worth were here for the Exes Homecoming, and visited his parents, Mr. and Mrs. Cecil Joyce.

Mr. and Mrs. Delwin Chambers and two babies were here for the Homecoming and visited their parents, Mr. and Mrs. F. D. Chambers and Mr. and Mrs. Alton B. Clark.

Mrs. Julia Ross Is Installed as WMS President

Officers for the ensuing year were installed during the business meeting of the W. M. S. at the First Baptist Church on Monday, September 26. They are President, Mrs. Julia Ross; Vice President, Mrs. Love Shults; Secretary, Mrs. B. B. Morris; Treasurer, Mrs. Jimmie Fridge; Program Chairman, Mrs. Lee Clark; Prayer Chairman, Mrs. R. Turner; Stewardship Chairman, Mrs. Fred Roberds; Circle Leaders, Mrs. Earl Marsh, Mrs. Perry Brown and Mrs. B. B.

Morris; Community Missions Chairman, Mrs. Charles Watson; Mission Study Chairman, Mrs. F. W. Respass; Pianist, Mrs. H. K. Neely; and Song Leader, Mrs. Olice Jones, and Publicity Chairman, Mrs. Fred Roberds.

Mr. and Mrs. Billie Joe McKinnerney and daughter were here for a visit with her parents, Mr. and Mrs. H. E. Murock, and his parents, Mr. and Mrs. J. R. McKinnerney. Billie Joe teaches at Tuscola.

Mr. and Mrs. Robert Nunnally and three daughters of Abilene were here for a visit with his mother, Mrs. T. J. Nunnally.

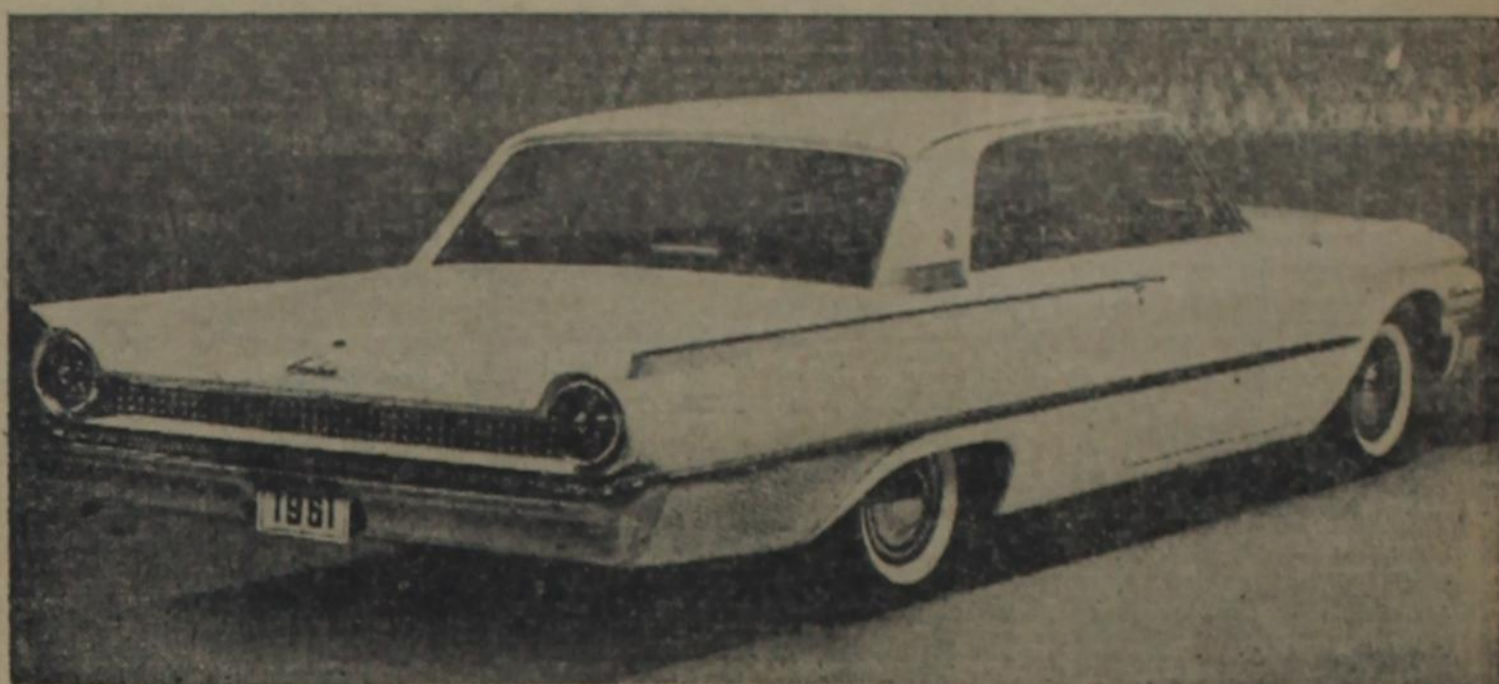

GO TO CHURCH!

Take Over Premier Service Station

Mr. and Mrs. Tom Freeman have moved to Rising Star where Mr. Freeman, a native and former resident of this community, has taken over management of the Premier Service Station on North Main.

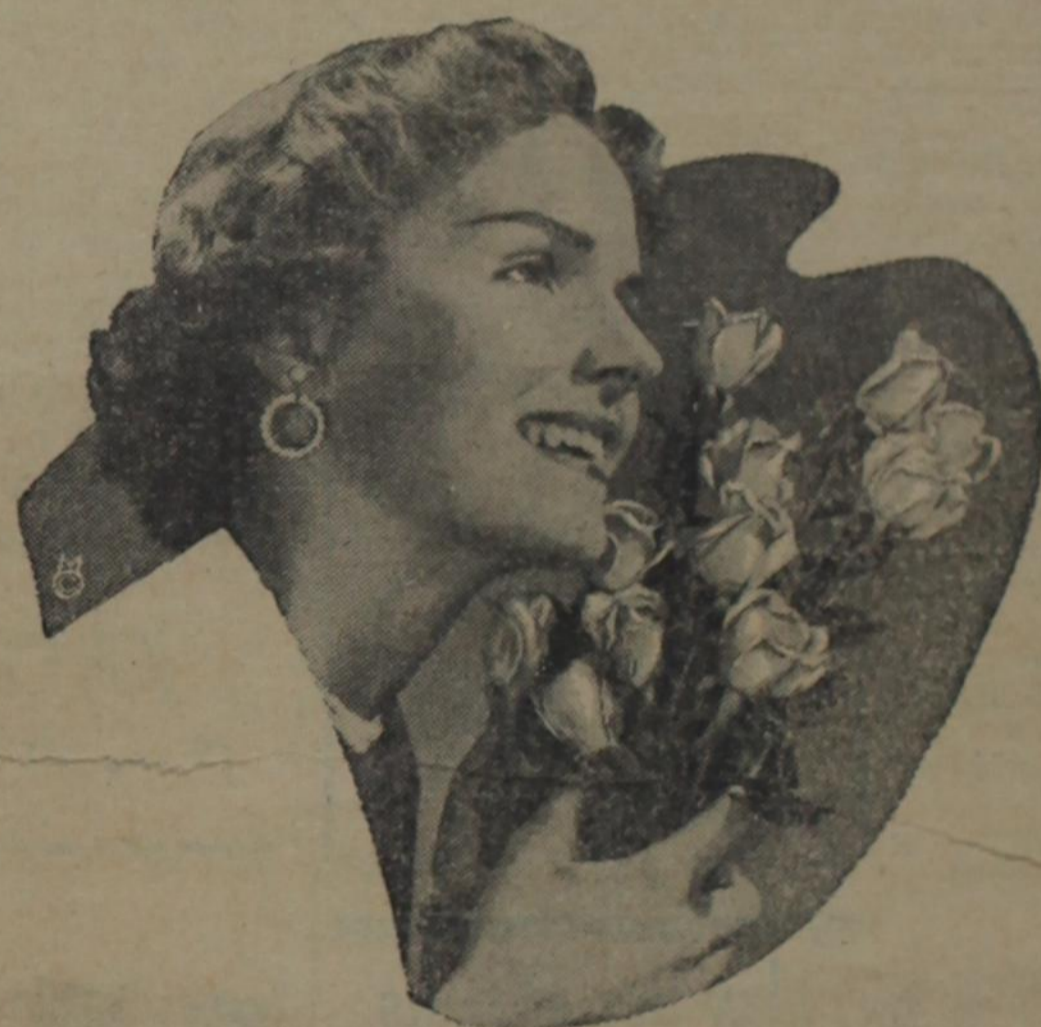

Mr. Freeman attended high school here and entered the service during World War II. After the war he was employed in New Mexico, Colorado and Oklahoma.

He is now here for the first time since the war and he invites his friends and neighbors to call on him at the Premier station for guaranteed service at reasonable prices.

The 1961 Ford Galaxie Club Victoria, a new model in the Ford line that will be introduced to the public on September 29, features crisp, new styling that has been honored by an international fashion authority in Rome for its "functional expression of classic beauty." The new Fords are nearly four inches shorter and two inches narrower for greater maneuverability, and introduce 30,000-mile lubrication. Other engineering features include self-adjusting brakes, double-wrapped aluminum muffler, longer-lasting bright trim and underbody parts, and a 4,000-mile oil change interval. A new optional 390-cubic-inch high performance engine also is available.

NOTICE OF BIDS

THE HOUSING AUTHORITY OF THE CITY OF RISING STAR, TEXAS, will receive bids for Fire and Extended Coverage insurance on its project until 2 p.m., Tuesday, October 18, 1960 at which time the bids received will be publicly opened and read at the City Hall, Rising Star, Texas. Both coverages should be for 3-year terms. The project consists of six duplex buildings containing 12 dwelling units and a separate maintenance building. All are of brick veneer construction with wood decked, tar and gravel covered roofs.

We desire coverage in the following amounts which represent 80 per cent insurance to value: Dwellings, \$58,500; maintenance building, \$1,300; contents \$1,600. All structures are within city limits and all are within 500 feet of a fire hydrant. A \$50 deductible clause will apply to windstorm losses. Bid proposal forms and other data may be obtained from the Housing Authority or Public Housing Administration, 300 W. Vickery Blvd., Fort Worth 4, Texas. The Housing Authority reserves the right to waive any informality in bidding or to reject any and all bids.

Rising Star P-TA In Membership Drive

The Rising Star P-TA is now carrying on its drive for memberships. Notices are being carried to parents by their children in school and a campaign of the Rising Star business district will be made Monday or Tuesday.

Everybody who is interested in the schools, directly or indirectly, is urged to join up and help. Dues are 50 cents per person.

A project now being worked upon by the P-TA is aimed at securing a public address system for the school.

CARD OF THANKS

We wish to express our thanks to the Rising Star Fire Department and our neighbors who extinguished the fire in the garage at our home north of Rising Star recently.

Mr. and Mrs. Bob Shults

Mr. and Mrs. Tanner and two boys were here from Rule for a visit with their daughter, Mrs. Roy Holly, and family.

Fall Is Just Around the Corner—

... and there are many indications that business conditions will improve even though this is an election year. A good business climate will insure a revival in real estate trading and leasing and now would be a good time to get the abstract ready for any emergency. Many trades are lost because the landowner waits until the last minute to order his abstract brought to date. Order now so your abstracter will have plenty of time to do you a good job.

Kennedy-Johnson Barbecue to Be Held at Eastland

A county-wide Kennedy-Johnson Barbecue will be held at the Eastland City Park at 6:30 p.m. Tuesday, October 4, at which time the speaker.

Plates will be sold at \$1 each, the funds to be devoted to an active campaign to bring out the vote for the Democratic National ticket and carry the county for Kennedy and Johnson in November, it was announced.

Every Democrat is invited to attend the barbecue, but whether or not they can attend they are urged to be liberal in their purchase of tickets in order that as much money as possible may be raised for the campaign.

Tickets may be obtained in Rising Star at the First State

Bank, the Rising Star Record, the Chamber of Commerce and from individuals who are supporting the national democratic ticket.

Tickets are on sale in all towns in the county.

Union Center Club In New Building

The Union Center Hobby Club has moved into its not quite finished but usable community building this week. The building, constructed with donations of cash from Rising Star business men, citizens of the Criswell store community and donated labor, is almost finished and will be completed within a short while.

Meanwhile the club will carry on its activities there.

The club thanks Mr. and Mrs. Odus Criswell for the use of their building for club headquarters before the new building was constructed and since the club's organization in 1951. It also expressed its thanks to

the business men of Rising for their generous contributions which helped to make possible the new center.

Dr. and Mrs. David Braungardt of Houston were visitors in the home of her parents, Mr. and Mrs. E. B. McCollum over the week end. They also attended the Homecoming.
