IT'S THE LAW IN TEXAS

JURY DUTY

Jury duty is an experience everybody ought to have.

In a criminal case twelve jurors have a duty to do justice as each one sees it, and yet be unanimous. In most trials both sides have much to say, and the evidence is conflicting. The twelve jurors vary in their ability, temperament, character, education, and their experience in the world and in the question at stake.

Yet a jury made up of both sexes, with wide age and educational difference, jobs and origins must all come up with the same verdict. Upon their verdict much depends—the life or liberty of others, and the public good. So it may take them days of talking among themselves, all to agree.

Jury duty calls for insight, common sense, courage, tact, firmness, patience, (especially toward the jurors who disagree with you), good humor, to hear others out and change one's mind, readiness to go over and over the facts to find something to bring agreement. In short, jury duty demands a "de-

cent respect to the opinion" of others.

More and more women share civic duties, especially as jurors. Time was in Texas when women could not serve on juries. They still cannot in four states.

A jury finds facts. It hears and weighs evidence and then comes to a verdict. It does not make the law—the legislature does; and the judge "charges" or instructs the jury concerning the law applicable to the particular case it is concerning.

The judge will tell you not to find the accused guilty until he is proved so under strict rules of evidence. If you have any "reasonable doubt,"—not imaginary or far-fetched—acquit the accused.

Civil cases do not demand a moral certainty, merely the "preponderance" of what you regard as reliable and believable evidence.

AS IT LOOKS FROM HERE

By Omar Burleson, M. C., 17th District, Texas

WASHINGTON, D. C.—The made as to what horses could do with street cars at the present time.

The Liberal Washington Post laments the fact that Southern conservatives have so much power in the Congress by reason of their holding the Chairmanship of most of the major Committees. They like to quote editorially Woodrow Wilson, who wrote in 1885, "I know not how better to describe our form of government in a single phrase than by calling it a government by the chairmen of the standing committees of Congress."

They also like to quote the senior Henry Cabot Lodge, writing in 1887, who said in part that the House of Representatives "is a complete travesty upon popular government, and upon government of the nation."

These same sentiments are being voiced by the liberal elements today, against chairmen of committees of the Congress who are more of the conservative mind. Since conservatives from one-party states are retained in office longer by the electorate and wield considerable authority, they are castigated for blocking numerous pieces of radical legislation. Our nation should shudder to think that the situation might be otherwise.

For this principal reason Congress and its operation are always fair game for the predominantly liberal press. Particularly this is the case of the "bounty hunter" reporter who is able to sell sensational stories on its shortcomings, which, of course, are many.

Democracy means not "I am as good as you are," but "You are as good as I am."

Their granddaughters of Abilene visited Mr. and Mrs. Ed Milwee recently. They are Danna Sue and Jo Beth White and Lou Ann Cambell, who visited their grandparents here for several days.

I have had many people asking me questions lately about the rules for entries in the West Texas Fair which will be held in Abilene September 10-15, 1962. Here are a few of the rules for entries which I hope will answer some of the questions.

GENERAL RULES:

1. Entries will be accepted, 9 a. m. to 5 p. m., Friday, September 7, and 9 a. m. to 12 noon Saturday, September 8, in the following divisions: Youth Food, Needlework, Art, Antique, and Hobby Division. No entries will be accepted after 12 Noon Saturday, September 8. Enter fair ground with exhibit at Gate 11.
2. Each person desiring to exhibit articles in the Woman's Home Art Display department is requested to complete and return entry sheet not later than September 3, 1962, showing items to be entered. Entry sheet may be obtained from the West Texas Fair Association, P. O. Box 2281, Abilene, Texas.
3. Articles which have received a premium at any previous exhibition of the West Texas Fair will not be permitted to compete.
4. An exhibitor cannot enter more than one article under any one premium number in this department.
5. All exhibits must be the work of the exhibitor and made within the last three years, except where special rules require otherwise.
6. No article can be exhibited to compete for more than one premium.
7. No entry fees will be charged.
8. Exhibitors are requested to redeem their entries from 9 a. m. to 1 p. m. Monday, September 17. No articles will be released except on presentation of duplicate entry tickets.
9. All exhibits must remain on display for the entire period of the Fair unless otherwise specified.
10. Food entries (cakes, breads, candy and other foods) will be auctioned off at various times during the day with proceeds going into a fund for air-conditioning the woman's building. (donation of these entries is on a strictly volunteer basis.)

These are the general rules for the Woman's Home Art Displays. However, each division in the department has a set of rules, so it would be best to check the catalogue or write or phone me if you have any questions.

Let's have a lot of entries in the fair from Eastland County, so get busy and talk it up with your neighbors and friends.

ABOUT YOUR HEALTH

Parents have their hands full remembering all the things needed for a child beginning school for the first time. But one item they should put on their list is a birth certificate.

This word of advice comes from W. D. Carroll, state registrar, whose vital statistics staff at the Texas State Department of Health is responsible for handling the flood of requests for birth certificates for children entering school for the first time this September.

Many parents tend to put off requesting copies of their youngsters' birth record until the last moment, resulting in a heavy work overload.

The vital statistics staff, despite long hours of night and week end work, can process just so many requests before school begins.

More than 270,000 children are expected to enter elementary schools of Texas for the first time this fall. The estimate is based on calculations made by the Texas Education Agency.

A good many parents, some of whom may have waited too long in past years, have already requested and received birth records on this year's new scholars, but tens of thousands of additional records will have to be processed between now and the first time that first school

bell rings in September. More than one youngster has been forced to postpone his days at school simply because his parents couldn't produce proof of his age when it came time to register him.

Carroll's advice to parents: "Send in your request today to the local registrar, county clerk or the State Department of Health."

All you have to do is give the child's name, date and place of birth, the mother's maiden name, and the name of the father. The information, with the necessary fee should be addressed to the local registrar, county clerk, or to the State Department of Health, Section on Birth Records and Statistics, 410 East 5th Street, Austin, Texas.

Something else: Be prepared to show school officials a record of "shots" your youngster has had. Depending on local school board regulations, proof of immunizations against small pox, whooping cough, diphtheria, and other diseases may be required.

(A weekly feature of the Public Health Education Division, Texas State Dept. of Health.)

MR. AND MRS. EVERETT REDINGER

Granddaughter of Mrs. W. J. Clarke Married June 29 In Hobbs, N. M. Ritual

Barbara Jean Clarke, daughter of L. C. Clark of Lovington, N. M., became the bride of Paul Everett Redinger of Hobbs, N. M., in a ceremony at St. Helena's Catholic Church at Hobbs, N. M., at 10 a. m., June 29.

The bride is the granddaughter of Mrs. W. J. Clarke of Rising Star and of Mr. and Mrs. E. W. James of Cross Plains.

The double ring ceremony was used in a ritual performed before an altar decorated with two sunburst arrangements of white stock and emerald greenery. The couple knelt on white wrought iron prie dieu with satin kneeling cushion while the Rev. Ronald Pregliasco united them.

The father of the bride gave her away. The Chorale Prelude by Brahms was played by the organist, J. C. Stewart, before the ceremony, and Miss Rita Adrain, soloist, sang the Mass of the Blessed Virgin and Ave Mar-

ia at the end of the ceremony.

The bride was gowned in white silk organza over white taffeta with a white silk embroidery of leaves and flowers from neckline through bodice and down the chapel train, and her silk illusion veil hung from a lace tiara trimmed with pearls. Her flowers were a cascade of white butterfly roses centered with a large white orchid streaming white lace and white satin.

A reception in the church school hall followed where a three-tiered wedding cake was served.

After a wedding trip to points in Colorado and New Mexico the couple are at home at 1894 South Cochran.

The bride was graduated from Hobbs high school in 1958, attended Draughon's Business College in Lubbock and is employed by the Clarke Oil Well Service in

Hobbs.

The groom is an employ of Famariss Oil and Refining Co. Hobbs.

Attending the wedding this area were Mrs. Dennis of Rising Star; Mrs. Allie of Montgomery of Cross Plains; Georgia Graham of Cross Plains and Mrs. Ann Martin of A

Bowling News

In bowling action last week Team three's continued dominance was stopped by Team two. With Edra Butler leading the way, Team 2 drove Team 3 by the tune of three games to one. Team two received two tremendous supports from all of its members with Edra having games of 172, 124, and 153 for a series total of 433. Merelyn Jones had games of 129, 126 and 162 for a series total of 433. On the other side of the board, Team three wasn't letting down either with Robert Butler's 159, 130, 142 for a series total of 431, Glen Henry with games of 143, 125, 152 for a series total of 431, and Robert Whiteside with 139, 150, and 128 for 417.

However this was not good enough to withstand the charges of their rivals.

In the other contest, Team four was handing Team one another defeat by the tune of three games to one. Lloyd Gonzales was the big gun for Team four with games of 127, 199, 453. Dorothy Whiteside was the leading lady with games of 146, 128 and 118, and a series total of 392. Sue Henry had the high game with 149. Eddie led Team one in scoring with a 348 series. Leading lady for Team one was Ima Yocham with a 320 series.

As it looks now, Team three is leading the field with 23 wins and 13 defeats for a 639 percentage, followed by Team two with 18 wins and 18 defeats for an even .500 percentage and Team four with 18 wins and 18 defeats for an identical .500 percentage. Then comes Team one with 13 wins and 23 defeats for a .361 percentage. Teams 2 and four trail Team three by only five games while Team one is ten games off the pace.

This week's schedule sees Team one against Team two and Team three against Team four. If Team four should defeat Team three they would trail by only two games. So you can see it is still anyone's race so far as the championship is concerned.

Top three high games for the men last week were by Lloyd Gonzales with 199, Preston Mangum with 166, and Merelyn Jones with 162. High series honors go to Lloyd Gonzales with 459.

Top three games for women go to Edra Butler with 172, Edra again with 153 and Sue Henry with 149. High series honors go to Edra Butler with 454.

NOTE—Anyone interested in joining the winter league may see Eddie Joe Henry or call 643-2754.

Shifts Continue In Farm Real Estate

COLLEGE STATION, — The average value per farm in Texas increased from \$48,378 to \$64,950 between 1959 and 1962, according to H. C. Bates, economist of the Texas Agricultural Extension Service.

In the same period, the average size of farms increased from 631 to 710 acres. This year the land on the average Texas farm is worth \$59,302. Buildings are worth an additional \$5,648. The average value for land and buildings is about \$91 per acre, he said.

The rate of sales of farm land accelerated some during the last title transfers in Texas rose from year also. The number of farm 51.8 per 1,000 farms in 1960-61 to 58.2 in 1961-62.

A study by USDA's Economic Research Service shows the average value per acre of farm real estate reached a new high of \$123 per acre in the U. S. in 1962, 5 percent higher than in the previous year. About \$32,800 of this land, and the balance, \$8,600, by farm buildings, Bates said.

Rufus Pierce Honored With Birthday Dinner

Mrs. Rufus Pierce honored her husband with a birthday dinner on July 31. The table was gaily decorated with an arrangement of pink "Rose of Sharon". A decorated Angel Food cake was lighted with candles. The guests who shared the joyful occasion were his sister, Mrs. John Byler of Brownwood; his brother and wife, Mr. and Mrs. Oscar Pierce of Bangs, and a great-niece, Billie Pierce of Breckenridge.

A delicious dinner was served and the cake was cut and served with drinks and ice cream.

SAID THE FORD FALCON TO THE CHEVY II (AND CORVAIR)

No matter which compacts you compare the facts favor the Ford Falcon. Here's proof!

FALCON VS. CHEVY II

- Chevy II tried to copy Falcon's lines, length, wheelbase, height, width—and many inside dimensions. But here's where it missed!
- Falcon's standard engine is a smooth Six; Chevy II's is a Four!
- Falcon offers more passenger comfort—almost 1 inch more rear leg room for example!
- Falcon has bigger rear doors—1 1/2 inches wider!
- Falcon goes 6,000 miles between oil and oil filter changes*; Chevy II, 4,000—a 33% savings!
- Falcon has extra layers of insulation—50% more underfoot!
- Falcon holds the Mobil Economy Run's gas mileage record for a Six or Eight!

PLUS 10% more glass area, multi-leaf instead of single-leaf rear springs, wider trunk opening with a mat inside, helter bumpers, greater maneuverability, more models to choose from!

And Falcon's prices start lower!

FALCON VS. CORVAIR

- Falcon is a true family car! It's not only longer but almost 4 inches wider than the Corvaire. It holds 6 big people in comfort. (Just try to seat 6 in a Corvaire!) And that's just the beginning!
- Falcon's engine delivers more horsepower than Corvaire's rear-mounted engine!
- Falcon packs away almost twice as much as Corvaire's front-end trunk!
- Falcon bridges the bumps better with a 1 1/2 inch longer wheelbase!
- Falcon has bigger brakes than Corvaire!
- Falcon seats are comfortably higher—1 1/2 inches higher in front, almost 3 inches in back!

PLUS 33% savings in oil and oil filters, record gas economy, 10% more glass area in the windshield alone, bumpers almost twice as deep—all in addition to Falcon's bigger doors, more shoulder room, deeper seats!

And Falcon's prices start lower!
