

## Through the Editor's Specs

BY BAB

The Russell Dills and the Floyd Joyces are having a friendly rivalry in which neither side has the least bit of influence. It's a contest in grandchildren. To date the score is even, but only because of some quick action on the part of the Dill family. Until quite recently the Joyce children had presented Mr. and Mrs. Joyce with four grandchildren, the same number possessed by the Dill family. Just the other day Mr. and Mrs. Gerald McLeod of Fort Worth became the parents of another boy, which put the Joyces under front by one. But not for long. The Dills pulled even by a smart bit of strategy. In football terms, they completed a forward pass. Mr. and Mrs. Eugene Dill of Champagne, Ill., adopted a baby boy, which brought the Dill total to five also. Eugene is attending the University of Illinois at Champagne.

"We're figuring on pulling ahead of them next month," said Mrs. Dill. "And we're hoping it's a girl. All boys is too much of a good thing. We'd like a little variety."

All of the Joyce grandbabies are boys, too.

The New Fords will be here Friday.

In this issue of the Record is an advertisement announcing the new models. From the picture the 1959 Ford is a classy article. Weldon Roach, local Ford dealer, invites you to view it on display at the Roach Motor Co. showrooms this weekend.

Voters of Texas will vote on nine amendments to the state constitution November 4. I wonder how many in Rising Star know what the proposed amendments provide?

One of the prettiest sights in the farming area about Rising Star is the peanut and feed crops on the Oscar White farm in the Amity community. Mr. White, who does "booster" irrigation, had to do comparatively little of it this fall, because of the good rains and his strip-cropped fields reflect the prosperity that the farm land of this area affords when it gets enough to drink.

The Whites have 150 acres in peanuts and some 100 acres in maize.

Generally speaking the peanut crop promises a good yield throughout the Rising Star area. Feed crops are excellent and the ground is in the finest condition for small grain in many years.

### EDWARD BRADLEY NAMED CLASS VICE-PRESIDENT

Edward Bradley, son of Dr. and Mrs. Ben H. Bradley, Rising Star Texas, has been elected Vice-President of the sophomore class at Webb school, Ben Buckle, Tennessee.

This will be his second year at Webb. He is a member of the Honor Committee. The Honor System is one of the oldest and most basic of the Webb School traditions. The honor principle in Webb School is even older than the system. In the earlier history of the school by custom the honor principle was upheld by the Senior Class. About 1918 the present system was established. An Honor Committee was formed, composed of four representatives from the senior class, three from the Junior class, two from the Sophomore class, and one from the Freshman class. To this group was entrusted the creation of a sense of honor among all of the students and the responsibility for punishing breaches of honor. In later years a representative of the Lower School has been added to the group. These students are elected by the class but they represent the best sentiment in the student body. They are usually leaders of the finest type.

## First Peanuts Brought Here Last Monday

Albert Neie, farmer living five miles north of Rising Star, brought the first 1958 peanuts to Rising Star Monday of this week. The peanuts tested 68 - an excellent grade - and brought Mr. Neie better than \$3.00 per bushel.

Jones Feed and Seed purchased them for the Durham Peanut Co., of Comanche.

Two other loads of peanuts were brought in Monday, one by G. G. Crowell and the other by R. J. Pharr. Both tested well. Mr. Neie estimated his yield at between 24 and 25 bushels per acre.

Digging of the crop was getting under way in good earnest this week although light rains were causing some interference and giving growers concern for the safety of a harvest that appears no w to be one of the best in many years. Late planted peanuts are not suffering from the moisture, but many growers reported that their early crops were shedding the nuts and causing loss of grade.

Despite the fact that acreage this year is somewhat below normal, the yield is excellent and the grade fairly good, provided the crop can be harvested without too much damage from rains.

## High Schools Make Contribution To Scientific Farming

H. L. Geyer  
Teacher of Vocational Agriculture  
Rising Star High School

High school vocational agriculture programs are making a valuable contribution toward developing scientific farmers. Modern farming demands that farmers have a scientific knowledge of such things as insect and disease control of crops and livestock, fertilization of crops, operation of motors, etc. In high school vocational agriculture programs, training in these scientific aspects of farming is provided for youths preparing to become farmers. Too, such training is available to adult farmers.

Each high school student enrolled in vocational agriculture at Rising Star High School receives approximately seven hours of instruction each week in various agriculture subjects. These subjects pertain to the science of producing crops and livestock, developing farm mechanics skills in welding, electrification, shop, farm buildings, conservation of soil and natural resources, and farm machinery. Too, instruction for young and adult farmers is provided for those people who are now engaged in farming.

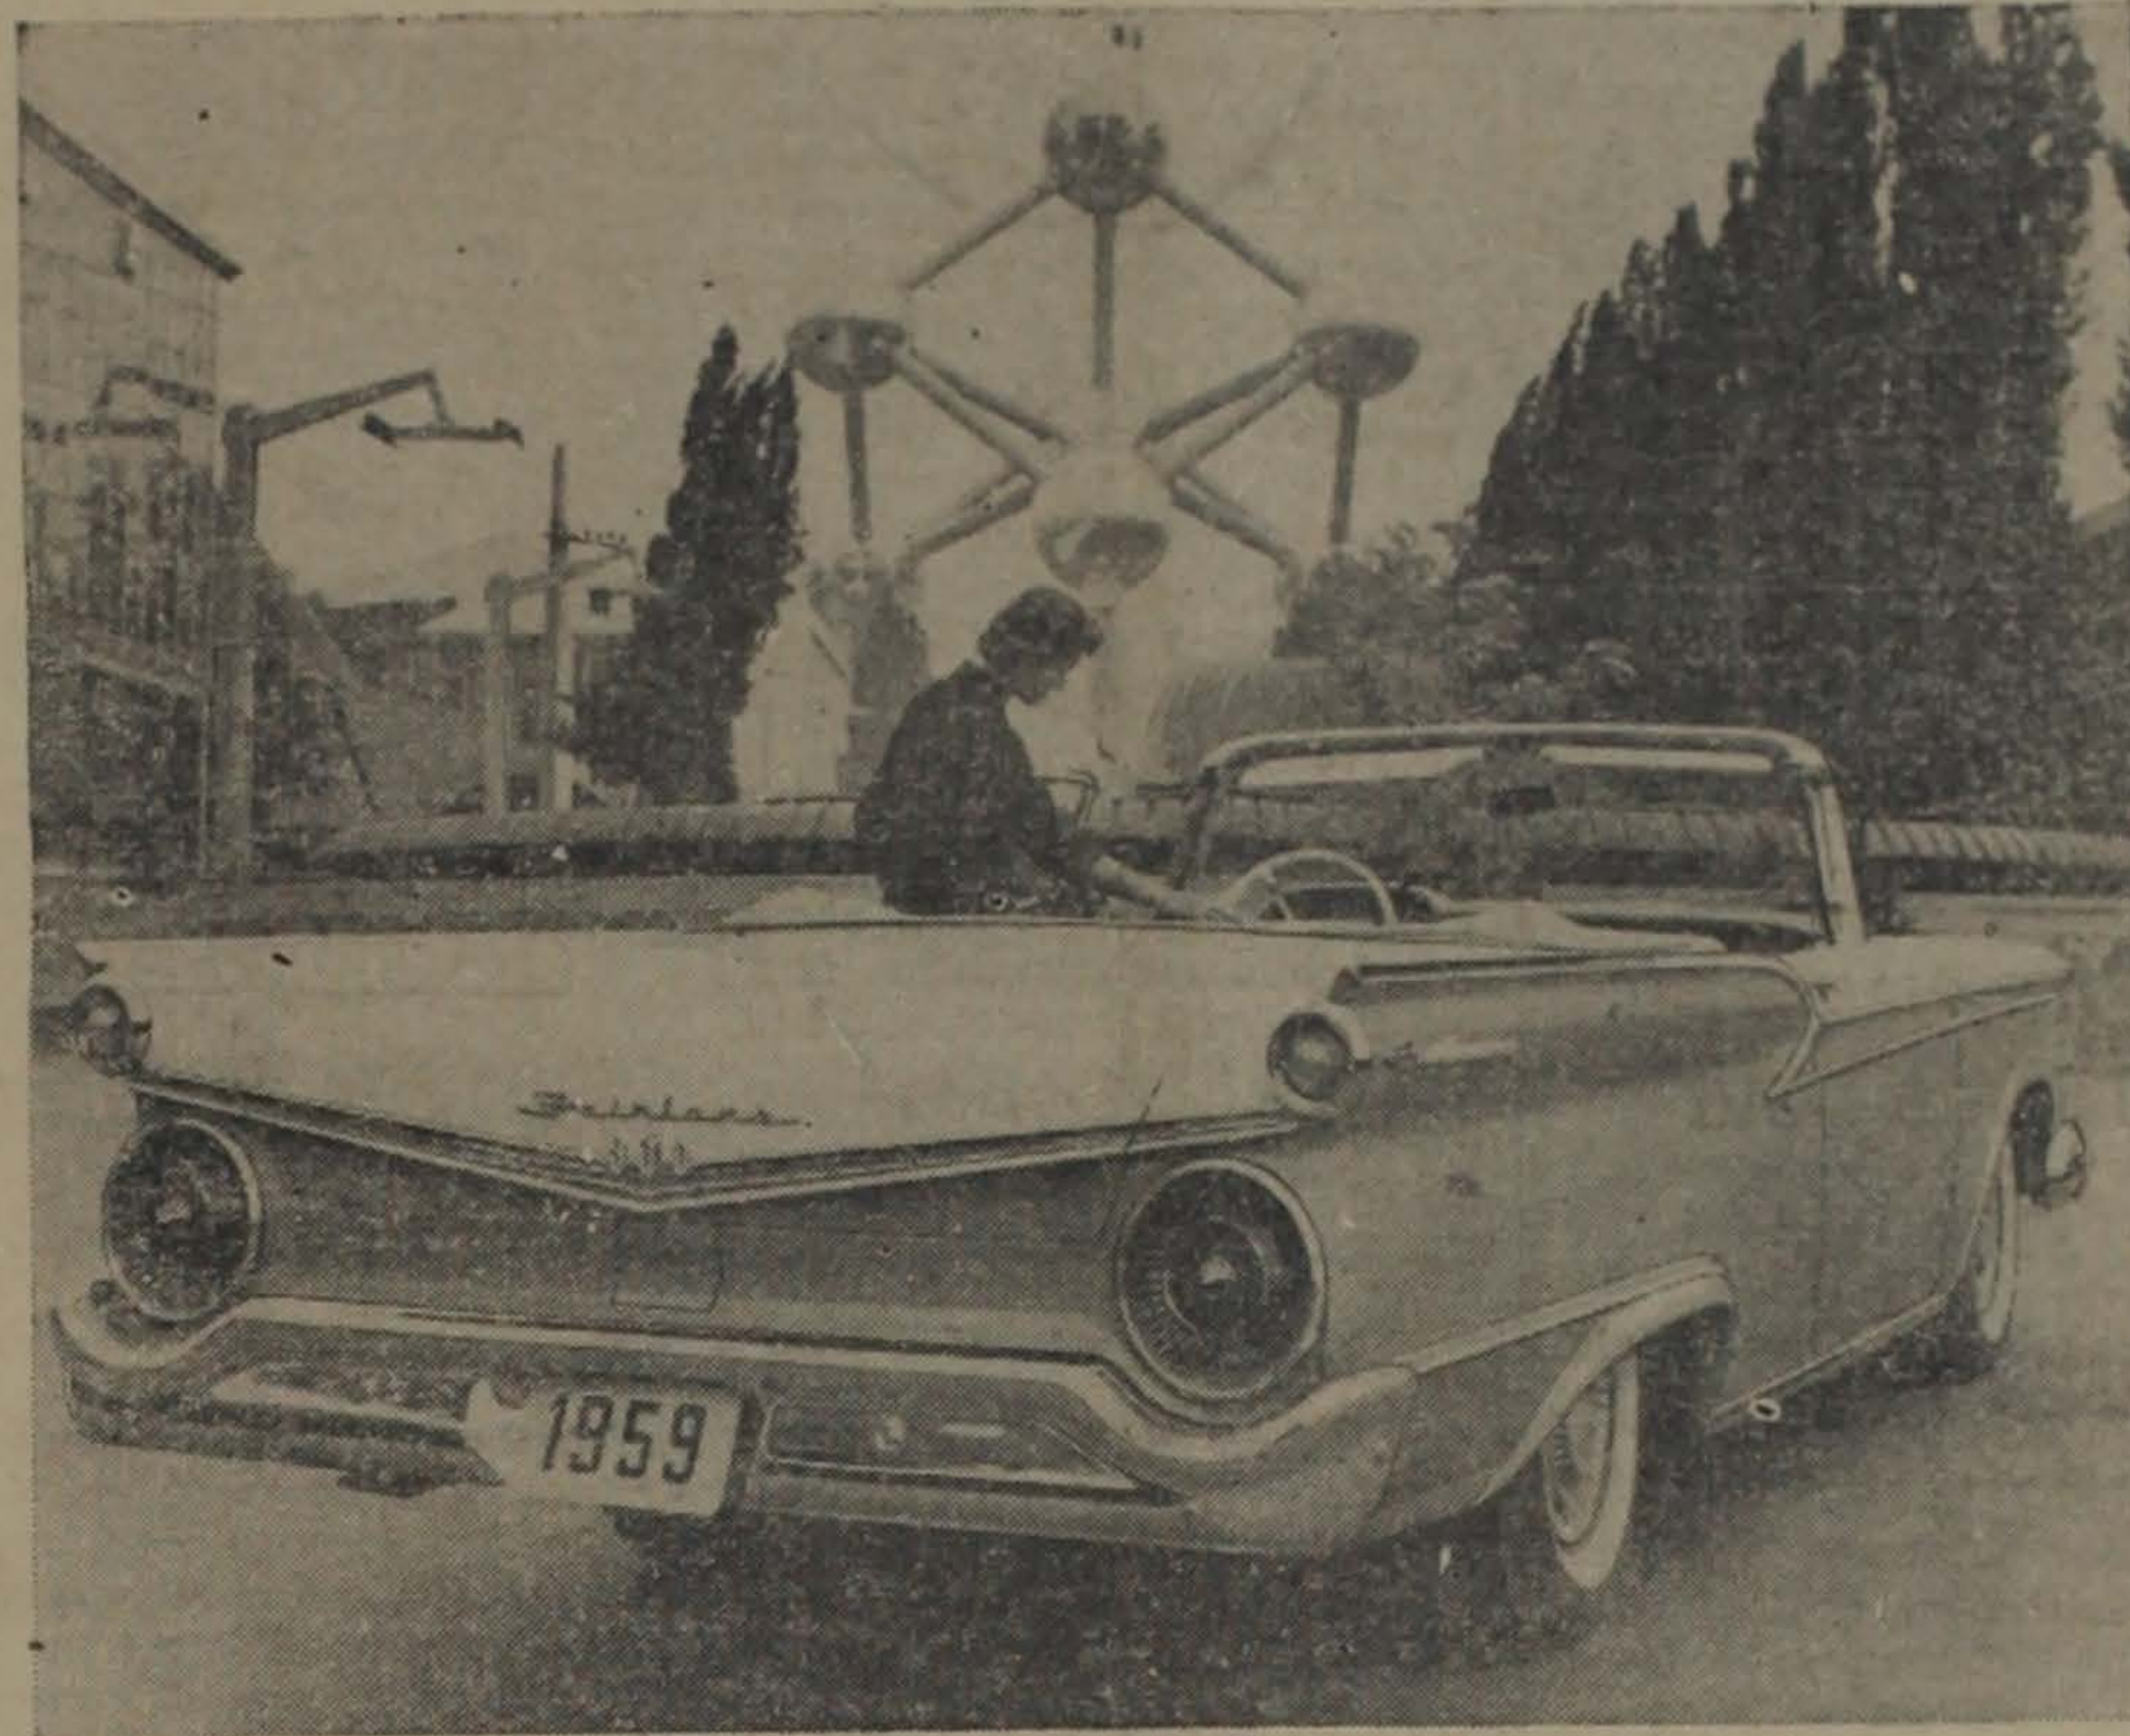

Such scientific training in agriculture is no doubt largely responsible for the high degree of perfection we have reached in Texas and the United States in producing farm commodities. This perfection also is making a very important contribution to our national economy and to the national leadership the United States is able to demonstrate among world powers. History has demonstrated that for a country to be world leader, she must have a strong program of agriculture. Consequently, it is important that we train an adequate number of scientific farmers to produce the food and fiber needed by our people. And even though we will need fewer farmers in the future, these farmers that are needed must be highly trained in the science of agriculture.

(Next week) Mr. Geyer will discuss "Vocational Agriculture and the Adult Farmer".

J. E. Barton, son of Mr. and Mrs. Ted Barton, who graduated from Rising Star High School in 1951 and who is now in the U. S. Army, is on his way to Japan. He is leaving his family in Brownwood while he is away.

## ON DISPLAY IN RISING STAR FRIDAY

The Ford Sunliner Convertible shown above at the Brussels World's Fair is one of the new 1959 Ford models to go on public display Friday. The new models will have their showing at the Roach Motor Company in Rising Star.

### Charles Young Trains For AG Instructor

Charles W. Young, son of Mr. and Mrs. C. O. Young, Route One, Sidney, and a Senior at Texas A & M College, will spend the week of Oct. 13-17 at Bowie High School to observe operation of the vocational agriculture department in the school.

This week of observation is a part of the training received by Charles in his preparation for teaching high school vocational agriculture after graduation from Texas A & M. In addition to his observation program this year, he will spend three weeks next semester doing actual teaching in a vocational agriculture department.

E. V. Walton, head of the Agricultural Education Department at Texas A & M, said the time spent by students observing and teaching permitted them to gain valuable experiences as they prepare to become teachers of vocational agriculture.

Charles is an active member of the Texas A & M Collegiate FFA Chapter.

### BREAKS RIBS IN TRACTOR ACCIDENT

C. E. Smith was in Rising Star Hospital this week where he received treatment for broken ribs sustained Friday of last week when he was thrown against the fender of his tractor while plowing in his pecan orchard. He was struck by a limb and thrown against the wheel fender. His mother, Mrs. Velma Smith of Midland, was visiting here at the time and drove him to the hospital. Mrs. C. E. Smith and daughter, Wanda, were away on a visit to another daughter of the C. E. Smiths, Mrs. C. L. Reeves and family, at Odessa. They returned Friday afternoon to find Mr. Smith in the hospital. En route to Odessa, mother and daughter also visited a sister of C. E., Mrs. L. W. Harris, and family.

### C. M. McClain Named CS Supervisor

C. M. McCain was elected as a supervisor of the Upper Leon Soil Conservation District for Zone 5 in a recent meeting of the Board of Supervisors, according to a report here today.

Mr. McCain, a well known livestock farmer, is replacing F. M. Spurlen who had served as supervisor of Zone 5 for the past five years. During his term as supervisor, Mr. Spurlen has attended almost all of the monthly meetings and many state meetings. His own farm, east of Eastland, is an excellent example of conservation, officials said.

Mr. and Mrs. Mark L. Jackson of Malvern, Arkansas are visiting their son, Rev. Ed Jackson, Mrs. Jackson and Dick while on their vacation.

Mrs. Beryl Robertson Kelly and her husband of Marshall, Ark., a cousin and namesake of Mrs. Beryl Heath, were guests of Mrs. Heath for a weekend visit.

## Wildcats Find Scoring Punch To Defeat May 28-20 Friday In Conference Opener

By J. M. Crump

The Rising Star Wildcats found that they possessed an offense in their District 7-B opener on Wildcat Field last Friday night. Combining a slashing single-wing running attack with a phenomenal passing game, the Wildcats ran up a 20-0 lead during the first inning, pardon - quarter. (Too much World Series) The final score was 28-20.

Gary Scott was the chief engineer of the Wildcat victory as he figured in all of the scoring. He passed to Wesley Walker for two TD's, to Pat Agnew for one, to Johnny Jones for a conversion two points and to Agnew for two more. In addition, he ran over one touchdown with a burst of speed through left tackle. But he also, and unintentionally contributed to the May scoring, when a pass, deep in his own territory, was intercepted by May's right halfback, Bobby Compton, and Quarterback Richard Ferguson of the Tigers, sneaked into the end zone for one of the visitor's three touchdowns.

The game began with May kicking off to the Wildcats, who returned it to their own 32. After Scott and Douglas Walker carried for two successive first downs, the Cats fumbled and lost the ball. May ran four downs without gaining a first, so the Wildcats took over on the May 40. From this point Scott spotted Wesley Walker near the goal and pegged him a perfect pass for Rising Star's first score. Scott hit Jones in the end zone for the two-point conversion.

Moments later, the May center snapped the ball over the head of the Tigers' punter, and Rising Star recovered on the May 21. Wesley Walker took another Scott pass in the end zone to raise the score to 14-0.

Another bad snap-back set up the Scott-to-Agnew score. The quarter ended soon after, with the Wildcats leading 20-0.

Soon after the second quarter began, May's quarterback, Richard Ferguson, broke into the clear on a sneaker and raced 41 yards into the end zone. Right Half-

(Continued from Page 4.)

### NIECE DIES AT KERMIT

Death of Mrs. Linda Day, 18-year-old niece of Mr. and Mrs. Z. Aaron, occurred suddenly Sunday afternoon at her home in Kermit. She was the daughter of Mr. and Mrs. George Cook and attended grade school here before her parents moved to Kermit several years ago. She is survived by her husband and a baby son, and her parents, besides other relatives. Mr. and Mrs. Aaron went to Kermit Monday to attend funeral services Tuesday.

Mr. and Mrs. Miley Wilson and their two sons and Darwin Cain attended the State Fair on Oct. 4th and 5th.

E. D. Ware of Midland was here this week, the guest of his mother, Mrs. Ida Ware. He also visited his sister, Mrs. C. E. Smith, and family.

## Important Changes Made In Social Security Program

Some important changes have been made in the old-age survivors insurance program as a result of the Social Security Amendments of 1958 which President Eisenhower signed into law on August 28, 1958.

All of the changes, directly or indirectly, affect the American public as a whole. Working persons - employed an self-employed - need to know about them; their families need to know about them.

In the article to follow I shall describe the changes singly and in detail; today, I shall restrict myself to a summary of the most important changes designed to strengthen this Federal social insurance system which provides partial protection against loss of earned income upon the retirement, death, or total disability of the worker.

Most important, because it affects practically all working people and their families, is the increase in benefit amounts. This applies to those now getting benefit payments and to those who will become beneficiaries in the future. Most monthly benefit checks will be about 7 percent higher, with a minimum increase of at least \$3.00 in the amount payable to a worker who retired at age 65 or later. (Women workers who began to receive benefits at any time between age 62 and 65 will receive slightly smaller increases). The maximum monthly payment a family may receive is increased from \$200 to \$254 a month. Families now receiving maximum monthly benefits under the law will receive increases from \$7.50 to \$54 depending upon the deceased worker's average monthly wages.

Right here I want to point out that people now on the beneficiary rolls do not have to get in touch with the social security office to obtain these benefit increases. The larger amounts are effective with January and will show up on benefit checks for that month which will be in the mails early in February.

(For more complete information ask your Social Security office, 103 Fannin, Box 5168, Abilene, Texas, for free booklets on the 1958 amendments.)

Mr. and Mrs. Miley Wilson and their two sons and Darwin Cain attended the State Fair on Oct. 4th and 5th.

E. D. Ware of Midland was here this week, the guest of his mother, Mrs. Ida Ware. He also visited his sister, Mrs. C. E. Smith, and family.

## Homecoming At May October 25

### Over 90 Register For Burns Reunion Here October 5th

The members of the Burns family gathered at the American Legion Hall in Rising Star Sunday, October 5, for their annual reunion. There were 90 names on the register, but there were a few who failed to sign in. The day was spent in visiting and reminiscing. Each family brought baskets loaded with delicious food for a noon spread. Coffee and tea were furnished.

Oldest members present were Mrs. Arnie Burns of Okra and A. L. Rogers of Dallas. Baby Snell of Rankin was the youngest.

Those attending were: Mr. and Mrs. Alvin Kitchens, Carolyn and Royce, May Burns, and Ella Hewitt of Levelland, Texas; Mr. and Mrs. Tom Goodwin, Roger Dale, Mrs. Arnie Burns, Mr. and Mrs. Robert Burns Sue and Bobby, Mr. and Mrs. Carl Burns, Mr. and Mrs. N. D. Burns, Patricia, Larry, Boyce and Royce, and Beverly, Mr. and Mrs. P. O. Burns, Mr. and Mrs. O. S. Brazzil of Okra; Mr. and Mrs. Ira Carter, Jane of Stamford; Mary Etta Aldridge, Kermit; Mr. and Mrs. Dick Smith, Ft Worth;

Mr. and Mrs. C. B. Snell and family of Rankin; Bobby Wheeler, Mr. and Mrs. Cammon Slocum, Mrs. S. D. Perigo, A. L. Rogers, Mr. and Mrs. Garrett Tunnel, Mrs. Bettie Bailey, all of Dallas; Maudine and Olene Brazzil, Lubbock; Mr. and Mrs. W. E. Nelson and Randy, Houston; Mr. and Mrs. Billie Barnes and Reg, Big Lake; Mr. and Mrs. M. A. Burns and Milton Wayne, Abilene; Mr. and Mrs. Richard Baack and Rick, Mr. and Mrs. Chilli Brazzil, Mr. and Mrs. D. W. Greenhaw of Abilene; Mr. and Mrs. Ossie Burns and Peggy, Betty Ruth Burns, Camon Burns of Rising Star;

Mr. and Mrs. Edd Burns, Edward, Mrs. Ella Burns, Mr. and Mrs. Gene Schaefer and family, Mr. and Mrs. Danny Claborn and daughter, Mr. and Mrs. Homer Claborn of Cisco; Mr. and Mrs. Cloyd Walker and family of Lawn, Texas; Decie Honea, Lorraine Raines and Bobby of Lancaster, Texas.

The following were visitors: Joan Hicks, Okra; Dianna McGhee, Stamford; Mrs. J. W. Brawley, Cisco; Wanda Lust, Eastland; Charlie House, Rising Star; John Owens, Rising Star. Mr. and Mrs. J. G. Medford of Okra visited in the afternoon.

### CJC Homecoming Set For Saturday, Oct. 18

Cisco Junior College expects more ex-students on its campus than ever before for this year's homecoming. Word from everywhere states, "We'll be there!" Come and meet all your friends on Saturday, October 18. The activities will begin at 2 o'clock with a meeting of ex-students on the college campus. At 2:30 there will be a meeting of the ex-lettermen. At 3:15 there will be a parade downtown. Several high school bands plan to march in the parade.

A barbecue supper will be served from 5:00 to 7 at the college cafeteria at the cost of one dollar a plate. This will be followed by a bon-fire at 7 on the campus circle. The activities will be highlighted by the game at Chesley Field at 8 o'clock between the Cisco Wranglers and the Blinn Junior College Buccaneers. Following the game will be a reception in the college gym. The general public and all ex-students are cordially invited to attend these activities.

Mrs. Lillie Smith of Brady has returned to her home after spending a few days here with her aunt, Mrs. Mary Palmer.

Mrs. Leona Holden visited the J. H. Haskin family in De Leon Sunday.

Louise Stroebel and Mary Stroebel of Route 2, Cisco were visitors in Rising Star Sunday.

Mrs. Becky Lewis of Ft Worth was a visitor in Rising Star Sunday.

Mr. and Mrs. George William of Route 3, Hamilton visited Mr. and Mrs. H. L. Geyer on Sunday.

### RAIN RAIN!!

The City gauge recorded 1.35 inches of rain in Rising Star for the period Oct. 10 through Oct. 14.

The annual May Homecoming will be celebrated Saturday, October 25, with a program including a parade, band concert, barbecue, football game and other features.

The parade will take place at 3 o'clock in the afternoon with riding clubs and floats from May and neighboring communities. The Rising Star Roping Club will be one of the entries, and invitations have been sent to business men here and elsewhere to have entries. A number from Rising Star are expected to appear in the march.

The celebration will begin with a coffee at the homemaking cottage of the May schools, at 10 a. m. followed by a concert by the May High School band at the High School auditorium at 11 o'clock. There will be a barbecue lunch at noon in the cafeteria of the schools. The parade will follow at 3 p. m. and at 5 there will be a pep rally in the gymnasium preceding the football game between the May Tigers and the Gorman Panthers at 7:30 p. m. in the May stadium. The game will be followed by an Exes pow-wow concluding the program.

## Horton Replaces Ailing Bond At Prison Rodeo

HUNTSVILLE - (Spl) - The old saying "The Show Must Go On" was never truer than when Robert Horton, co-star of the popular TV series "Wagon Train", agreed to replace Actor Ward Bond here at the October 19 performance of the 27th Annual Texas Prison Rodeo.

Bond was forced to cancel his scheduled personal appearance on the advice of his physician who declared, "Under no circumstances can I permit Bond to travel to Huntsville."

When Horton, who plays the role of Flint McCullough, scout of the television series, heard of the cancellation, he readily informed prison officials, "I'll be happy to appear at the Rodeo to help this worthy cause which in turn aids the inmates' welfare program."

Horton is rated as one of the most versatile actors in Hollywood today. The rugged tall, handsome personality has made a name for himself on stage, screen and television. What's more, he is an accomplished singer, with numerous songs to his credit in several musicals.

In "Wagon Train", Bob Horton alternates with Ward Bond as the principal characters of the weekly hour-long episodes.

He also has learned to do nearly all of his stunts for the show. He has done falls, mounts a dismounts from a galloping horse and refuses to use a stuntman in his fight scenes.

Convict contestants added, "We know of Bob Horton and his appearances at some of the best rodeos in the nation. But we promise Horton and rodeo fans that our show will top any in the world."

H. H. Coffield, Rockdale, Chairman of the Texas Board of Corrections, says, "There are plenty of good reserve seats available at \$2.40 and \$4.40 each."

They may be had by writing Rodeo Ticket Office, Huntsville, Texas, enclosing check or money order.

Louise Stroebel and Mary Stroebel of Route 2, Cisco were visitors in Rising Star Sunday.

Mrs. Becky Lewis of Ft Worth was a visitor in Rising Star Sunday.

Mr. and Mrs. George William of Route 3, Hamilton visited Mr. and Mrs. H. L. Geyer on Sunday.

## IT'S THE LAW in Texas

Some of the proposed amendments to the Texas Constitution, to be voted upon at the General Election on November 4, if adopted, affect officers and employees of cities, counties and precincts. The changes will mainly involve length of terms of office and retirement, disability and death benefits. Proposed Amendment Number two authorizes each county to establish, following a majority vote of its voters, a retirement, disability and death compensation fund for appointive officers and employees of county or precinct. Elective officers may also be covered if the voters approve.

The fund would be made up of contributions from the income of each officer and employee, plus contributions made by the county. The county's part must at least equal the amount paid in by the individual, but cannot exceed 1-2% of the individual's salary. Accumulated money in the fund would have to be invested in federal, state, county or municipal bonds. Those receiving benefits from the fund would not be eligible for any other pension retirement funds or direct aid from the state, unless the entire fund is first released to the state.

Proposed Amendment Number three would in many instances change the length of time for which the county commissioners court can appoint persons to fill vacancies in the offices of County Judge and Justice of the Peace. Now such appointments can be made "until the next general election for such offices." If the amendment is approved, such appointments may hereafter be made only "until the next succeeding General Election," as is already the case in appointments made by the Governor to fill vacancies in district and appellate courts.

Proposed Amendment Number four provides an "automatic resignation" for any district, county or precinct official serving a four year term who announces his candidacy for a different office while still has more than one year

### Wildcat Tales—

of his term to serve. The provisions cover announced or actual candidacy for "any office of profit or trust under the laws of this State or the United States other than the office then held."

Vacancies created by such "automatic resignations" are to be filled in the same manner or as other vacancies for the particular office are filled.

Proposed Amendment Number Five would allow Home Rule Cities to amend their city charters to set up longer terms of office, not to exceed four years, for their elective or appointive officers, or both. Other cities, operating under the general laws rather than the Home Rule provisions, could do the same thing by majority vote of their qualified

voters. This amendment also contains a provision for "automatic resignation" where the holder of one office announces for or becomes a candidate for another office while he still has more than one year to serve of a term originally longer than two years. There is one restriction on cities setting up the longer terms for their non-civil service officers. All members of their governing bodies must be elected by the voters, and vacancies in such governing bodies must be filled by special election rather than by appointment.

Other proposed Constitutional Amendments will be discussed next week. (This column, prepared by the State Bar of Texas, is written to inform, not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

solely for entertainment of course. They're all on educational health subjects slanted to every age group from kindergarteners to oldsters. During the last two years, over 15,000 bookings have been made of health department films, and displayed to more than one-and-a-half millions of Texans. Film library secretaries claim that some of the more popular films, such as "The High Wall" - a mental health film dealing with human prejudices - are booked weeks in advance. It is for this reason that a second, third and fourth choice is requested when making application for film loans. Careful records are kept of each film, containing the number of showings and total audience. Unfortunately about half of the loanees do not fill out the requested information on the card enclosed with each film. As a result the totals actually fall short of the whole number of showings and audience covered with each film. Some films are very popular. "Preface to Life," a film about parent-child relationships for showing to adult audiences, had 26 viewings before 900 people during September. One of the headaches of the

## PETROLEUM—basic to the needs of our time

Oil and natural gas have powered most of the great technological advances of modern times; petroleum hydrocarbons have transformed the dreams of inventors into the realities of engineers ... Today, in the United States, oil and natural gas provide about 75% of the country's energy requirements; and large quantities of oil, available for production beyond immediate need, are necessary to the national security.

An obvious example is the gasoline that powers our automobiles; another is the diesel fuel burned by post-war railway engines. But do not overlook electric power plants, the airplane, whether jet or propeller driven, factory power plants, farm mechanization, and the revolution since World War II in home heating devices. Oil provides the energy that moves the trucks, airplanes, ships and tanks of our Armed Forces.

But petroleum as a source of energy is only part of the story. In the past two decades, the petrochemicals have supplied the country with a vigorous new industry: already most of our rubber is made from petrochemicals ... the ubiquitous plastics derive from petroleum products ... paraxylene, a petrochemical, is the raw material for one of the most useful of the new fabrics. In this area, wonders never cease; the petrochemicals contribute more each year to the efficiency, comfort, and convenience of modern living.

Thus, oil's progress has made other progress possible all along the front of American industry ... Petroleum is the American resource that is basic to the needs of our time ... that is essential to our national security.

**The Humble Company, established in 1917, has developed with the industry.**

Humble's exploration activities extend from Florida around the rim of the country to California, Oregon and Washington, and beyond to the new State of Alaska ... The Company is a leader in the production of oil and gas in the United States ... Humble Pipe Line Company is a public carrier transporting not only Humble's oil but that of many other companies and independent producers to Gulf Coast terminals ... Baytown refinery is one of the nation's great manufacturing plants ... And Humble is a marketer in the Southwest, supplying the needs of motorists in modern service stations.

The Humble Company believes strongly in research, maintains two outstanding research facilities, and annually budgets considerable sums for this activity ... Humble research has made substantial contributions to the discovery, production, and utilization of petroleum.

### Roundup Planned For Boy Scouts Of This Region

It's Roundup time for Cub Scouts, Boy Scouts, Explorers, and their Leaders in the Boy Scout movement in the eight-county Comanche Trail Council this Fall.

"The program is designed to recruit 500 new members, round-up all registered members and organize an additional 10 Scouting units so that more boys ages 8 through 17 may have the opportunity to benefit by Scout training," stated W. Doyle Graves of Stephenville, who is chairman of the Organization and Extension Committee.

Each member who recruits and trains a new member will receive a pair of miniature cowboy chaps for a neckerchief slide and each Pack, Troop, or Explorer Unit that registers six new members from September 1 to December 15, will receive a national award and the leader will receive a plaque.

The theme for this month is "go western" with the suggestion that every unit conduct an open house for parents and friends and present badges to the boys with decorations creating a western atmosphere with songs of the old west.

Roundup Barbecues will be held in November sponsored by many civic clubs with a special program around the campfire with a branding ceremony inducting all new members.

"We invite all organizations to sponsor the Scouting program for boys in their community and we pledge cooperation in the development of these new units," stated Mr. Graves.

The aim and purpose of the Scout program is citizenship training, character development, and physical fitness through "learn by doing."

Mrs. A. D. Jones is visiting a niece in San Angelo.

This appealing poster, showing four-year-old Alan Kowalski of Warren, Mich., will be displayed throughout the country in the Thanksgiving MARCH FOR MUSCULAR DYSTROPHY. As 1958 Alan symbolizes nearly a quarter million American victims of this progressively crippling disease whose cause is obscure and for which there is, as yet, no effective treatment. Funds raised in the house-to-house appeal this November will strengthen the scientific research program sponsored by Muscular Dystrophy Associations of America, Inc.

Mr. and Mrs. J. D. Somerford of Midland were here over the weekend visiting his parents, Mr. and Mrs. J. L. Somerford, and her parents, Mr. and Mrs. Luther Forbes.

Mrs. W. B. Pringle and son, Fred, spent Saturday night and Sunday here with W. B. Pringle. Mrs. Pringle is employed in Comanche, while the son is a student at Tarleton College.

### Officers Named By Cisco Baptist Ass'n. For Year

The Cisco Baptist Association officers were elected for 1958-1959 at the annual meeting in Breckenridge recently, according to a report here.

Officers elected include Rev. B. L. Davis of Cisco, moderator; A. L. Teaff of Moran, vice-moderator; J. C. Allison of Eastland, treasurer; Rev. Don Turner of Gorman, clerk; Rev. Harvy Kimbler of Eastland, Sunday School superintendent; Rev. Ralph Perkins of Ranger, training union director; R. B. Hall of Eastland, music director; Rev. Bennie Hagen of Olden, director of youth activities; Buel Bryan of Desdemona, vacation Bible school leader; Rev. Ed Crow of Cisco, chairman of evangelism.

S. E. Carter of Breckenridge, brotherhood president; Mrs. E. A. Cain of Breckenridge, woman's missionary union president; Rev. Ralph Perkins, Rev. B. L. Davis and Rev. Don Turner, district board; Byron Bryant, Rev. Harvy Kimbler and H. Littleton, Lueders board; and Dr. M. A. Treadwell of Eastland, royal ambassador leader.

### Film On Alaska To Be Shown At Preserve Meeting

The Sabanno Valley Game Preserve Association will hold its regular monthly meeting Tuesday night, October 14, at the Center Point Community House, it was reported by club officials.

Following a business session, a film on Alaska will be shown by Miss Eudora Hawkins of Abilene. Miss Hawkins, an officer of the State Federation of Women's Clubs, has presented programs to the association on several previous occasions.

All members were urged to be present and visitors are welcome at the meeting.

Mr. and Mrs. Terry Perkins of Midland, returning from a trip to visit relatives in Brownwood, stopped over Sunday for a visit with Mr. and Mrs. Virgil McGaughey, Curtis Rhone of Lampasas and H. E. Fitzgerald of Eastland were also guests of the McGaughey's Sunday.

### 20 Per Cent of Food Dollar Spent On Dairy Products

COLLEGE STATION — The average person in the United States in 1957 consumed milk and dairy products which utilized 695 pounds of milk, according to A. M. Meekma, extension dairy husbandman.

The average consumer bought 142 quarts of fluid milk, which headed the list of individual purchases, says Meekma. Cream was second at 43 pints (milk equivalent) and butter was third with 8.4 pounds.

Per capita consumption of other dairy foods was 7.8 pounds of cheese; 15.1 pounds of evaporated and condensed milk; 5.7 pounds of nonfat dry milk; 19.8 quarts of ice cream and other frozen dairy products; 5.2 pounds of cottage cheese; 5.4 quarts of fluid nonfat milk; 16.4 quarts of buttermilk; and 4.1 quarts of chocolate milk.

Twenty cents out of each food dollar, or 20 percent of the food budget, was spent for the above listed foods.

The money price of milk may be seemingly high, but the "real" price has shown a sharp decline, points out the husbandman. For example, in 1890, milk retailed at an average of seven cents per quart. Despite this low price, the factory employee had to work about 25 minutes to earn wages equal to the price of a quart of milk. By 1920, it took 15 minutes for the worker to earn a quart of milk. In 1947 it took 10 minutes and in 1957 it required only seven minutes.

Dairy farmers produced 126.3 billion pounds of milk in 1957. This all-time record production was accomplished with only 20.5 million cows, a smaller herd than the United States has had any time in the last 40 years.

The increased total production was due to greater yield per cow — a three percent increase over 1956 to an average 6,162 pounds per cow. Had the 1957 herd produced only at the 1925 rate, 50 percent more cows would have been needed to meet the production record of 1957, says Meekma.

Mrs. Beryl Heath visited in De Leon Sunday and attended the 82nd anniversary homecoming of the First Methodist Church there.

Mr. and Mrs. Lon Archer of Buffalo Springs visited old acquaintances in Rising Star Friday.

# THE WORLD'S MOST BEAUTIFULLY PROPORTIONED CARS

These Fords you've got to try! Far left is the new Thunderbird... center, the new Custom 300 Tudor Sedan... and above, the 9-passenger Country Sedan.

The elegant new Fairlane 500 Town Victoria

Stylish, powered and priced for today's driving! There never was a Ford like this before! Its classic new design was awarded the Gold Medal of the Comité Français de l'Élégance at the Brussels World's Fair! With new Thunderbird flavor in each lively line and tastefully new interiors, these '59 Fords are beautifully proportioned for elegant driving.

Power, performance and economy are served up in new proportions, too. All standard Ford engines — Six or Thunderbird V-8 — thrive on regular gasoline at regular prices. You save up to 5 cents on each gallon! There's a new aluminum muffler that normally will last twice as long as conventional mufflers used on other cars... full-flow oil filtration that lets you

change oil at 4000 miles instead of the 1000 often recommended... new Tyrex cord tires often recommended for greater economy and safety... a brilliant new Diamond Lustré Enamel Finish that's so durable you won't have to wax it ever... and two new economy power windows... automatically. That's why we say, for '59, Ford is truly a masterpiece of underpricing!

NEW economy team Number One! Get all the high performance of a complete Fordomatic Drive teamed with a Six or Thunderbird V-8 — at a price that puts automatic

driving within everyone's car budget. It's a simplified Fordomatic with nearly 1/3 fewer parts. NEW economy team Number Two! Take Ford's versatile new Cruise-O-Matic Drive, add the responsiveness of Thunderbird Special V-8 power and you have the last word in automatic driving plus the "built-in" overdrive savings of an economy-gear axle.

Altogether NEW in everything you can see, feel or touch!

## 59 FORDS

in the cars with Thunderbird elegance

Come in and get that NEW FORD FEELING.

### WE WERE FOUND!

An ambitious, adventuresome sailor and his fleet landed on American shores 466 years ago. "In 1492 what did Christopher Columbus do, But sail the ocean blue? All the people thought the whales would eat him, But they never more to meet him."

Our beautiful land was here all the time just waiting for someone to discover it. On Monday of this week we celebrated Columbus Day, which is a day set aside to honor Columbus' finding of America. Although Christopher Columbus never saw the continents of North or South America, his discovery of the New World kindled the spark of enthusiasm that led to further discovery and exploration.

After Columbus came Ponce de Leon, Cortez, Balboa, Cabot, and others who explored and summarized the vastness and wealth of the New World. These explorers and their men carried to the Old World news of the newly found lands so abundant with forest and game, of lands drained by mighty rivers and sheltered by soaring mountains, of lands rich in gold and silver, and of lands inhabited by savages and cultured civilizations.

The contrast and newness of our land made the Europeans tingle with excitement and a desire to venture west to seek their fortune and find a new and better life.

These, our ancestors, began building new nations, new governments, and new cultures. The Pilgrim Fathers and other such groups of freedom loving people interested in building homes tilling the soil, and establishing a

land of prosperity and happiness for their posterity are those to whom we are indebted as founders of our nation.

As we look at America today, it makes our hearts swell to see her as the greatest nation upon earth. We should be ever grateful to our forefathers who established and fought for our country and never cease to thank God and ask Him to bless us and keep us strong, but honor, too, goes to the one who discovered our wonderful land. Aren't you glad Columbus found us?

### ABOUT THE JUNIORS

If these Juniors survived last week's tests, we can survive anything!

Most of the Junior football fans turned out for the Tiger-Wildcat clash. Here is one who was there with bells on an in fine voice, too!!

What do we care if we turn up hoarse on Saturday morning; we have been backing those Wildcats.

A few of the daring Juniors are unhappy about one certain rule. Personally, I doubt if it will do any notable good; I imagine we'll continue to go to lockers only twice in morning and twice in the afternoon. And no books on the floor, either, Juniors. Like it or not, students.

I hear that the faculty enforces those laws that they set before us. That means demerits to lawbreakers, doesn't it?

I know a few Junior girls who believe that Mr. Putman believes in hard work-outs. Two hours the night before and then regular P. E. class the next day make for sore muscles and heavy eye-lids. Remember the eyelids, LaVeda?

The Junior English Class got a large charge out of someone's prophetic statement on a Six Weeks' Test. Quote: "Don't ever go into the woods by yourself." "East is East until it meets West." Ah, well -- so there you are.

This being all for this edition, this is "That Girl" saying So Long again. Make sure you BEAT THOSE BEARS!!

### THE SOPH CHATTERBOX

Some of the Sophs. have learned that they are not studying hard enough and have promised themselves to burn a little more oil this six-weeks. I suppose that when we begin "Julius Caesar", we will all be "in the know" about this man Shakespeare??? "Doug, did you and Charles enjoy the new seats in English; oh, I see -- you didn't get to occupy them long enough. Everything is so quiet in the

hall now with the new rules on the use of the lockers that we feel as if we are really walking down "Dead Man's Alley".

Elaine, why do they call you 'Murny' and you 'Turney', Jetta? Johnny, how about the new green and white Plymouth that I see whizzing in a northwest direction ever so often; give, Girl. Let's beat those Bears, Cats.

### FISH BOWL

Well, six weeks tests are over now, and all of us got through them very well; we hope.

M. G. is your new admirer, R. S.?

S. S., how are you and R. A. getting along these days? (How was the Kitten game?)

The room mothers are giving parties for us each month. The first one was given at the home of Carol White. Were you surprised to find yourself with a dress on F. C.? We are having a skating party Saturday night at Cisco. Those who don't know how to skate have my pity.

Some of the Freshman girls went to the Dallas Fair with the F. H. A. last Saturday. We had a wonderful time, but as a result, many colds!

That is about it for this time. See you next week.

YEA, WILDCATS, BEAT THE BEARS!!

### BOYS SPORTS

The "Wildcats" tackle the Baird "Bears" October 17, at Rising Star. These Cats have really been making a fine showing the last few games, so everybody come on out and back the Wildcats Friday night. The boys basketball has not started yet but several of the boys are ready to start. The outlook for our basketball team is very good; and with a little luck, we should do some good.

Come on, Wildcats, let's beat Baird!!

### Football—

(Continued from Page One)

back Bobby Compton drove through the line on a quick opener for the extra points.

Then came the backfired pass which set up May's second touchdown, which was sneaked over by Ferguson. Harris scored the extra points, but an offside penalty nullified the play. On the next attempt, the play failed.

The half ended with Rising Star holding a 20-14 lead.

The third quarter began with Rising Star kicking off to May's 34. May gained only four yards in four plays, so the ball went

over. Douglas Walker made two nice runs but a penalty erased most of the gain. The ball went over on downs to May.

Wesley Walker intercepted a May pass on the 30. Douglas Walker ran to the 21, but a penalty took the ball back to the 35. Rising Star punted and the safety man was stopped cold by Jack Nelson. May quick-kicked and Larry Earp returned to May's 37. Penalties set the Wildcats back and they were forced to punt.

After a 15-yard penalty and only short gains on three plays, May attempted to punt, but Wesley Walker blocked the punt and covered it on May's 18. Rising Star moved to the 9, but fumbled and lost the ball. May gained only 3 yards on 3 downs. They punted to near midfield and Douglas Walker returned the ball to the May 35. Walker carried to the 30 as the third quarter ended.

The fourth quarter began with Scott carrying to the 27, followed by a first down on the 23 by Doug Walker. Walker ran to the 14, and then got another first down on the 5. Fourth down

found the Wildcats on the 4 yard line. Scott passed complete to Johnny Jones, but he was stopped a yard short of the goal.

May broke out to the 19 and a first down. Stopped on the 25 they attempted to punt, but Scott crashed in to block. Rising Star took over on the May 27. Scott ran for five, then passed to Don Long for a first down on the 15.

After the Wildcats drew a 5 yard penalty Scott ran through left tackle to the one yard line. He then found this same hole to score. Scott passed to Agnew for the extra points.

May took the kickoff and with beautiful blocking, ran the ball to Rising Star's 17. Two plays carried to the 5. Compton drove over for the final score of the game, the final result being Rising Star 28, May 20.

Rising Star led in rushing, passing and punting yardage and in the number of first downs.

Most of the honors went to the juniors and seniors on the Wildcat club. Don Long probably played the best game of his life, es-

pecially on defense. Great on both offense and defense were Scott, Douglas Walker, Wesley Walker, Pat Agnew, Kenny Ridens, and Larry Earp. Gary Maynard played his usual steady game until he was injured in the third quarter and removed from the game.

Friday night the Wildcats will pit their new-found strength against the potent Baird Bears in another district contest at Wildcat Field.

Local fans, who gave good support to the Wildcats at last week's game, will likely turn out in even greater numbers for this important contest.

### BAND NEWS

As the cheerleaders would say "Skit, skat, how about that!!" In case you don't know what I'm blabbering about, its about the game last Friday. Boy! are we ever proud of the Wildcats! See, for better service - go Wildcat.

Well every good program has a commercial, so now that I've finished mine, I guess I had better get down to business. (right Mr. Gonzales?)

Friday night we marched on the field in a company front playing "Entry of the Gladiators". When we reached the fifty yard line we formed a house and played "Home Sweet Home"; from there we went into a shoe and played "Golden Slippers"; then we went into a railroad sign and played the old favorite "I've been Working On the Railroad"; (Oh, incidentally, the name of our performance was "Occupations.")

Following the railroad sign, we went into the formation of a ship and played the "Erie Canal". Still in the snip formation we marched off the field playing "Entry of the Gladiators".

See ya' next week and don't forget Friday night. Bring your whole family, relax, enjoy yourself, and leave the entertaining to us. This has been an unpaid, unpolitical announcement.

### RSHS CHEERLEADERS

Last week was a busy week for the cheerleaders. We taped programs on the football boys' lockers. The program on each locker (Continued on page 5.)

Sorry we ran short . . .

The Texas-Arkansas game will be broadcast from Austin by Bob Walker and Dave Smith. Radio time will be 7:45 p. m.

The SMU-Rice game will be broadcast from Dallas by Ves Box and Eddie Hill. Radio time will be 7:45 p. m.

**Mrs. Elliott Honored With Shower Saturday**

A pink and blue shower honoring Mrs. Mack Elliott, in the home of Mrs. Dixon Boggs on Saturday, October 11, from 3 to 5, was carried out in a beautiful manner.

The table was laid with a lovely linen and was centered with an arrangement of pink carnations and blue asters. Cake squares decorated in pink and blue booties were served with delicious punch.

LaVeda Boggs and Jane Ann Key Jenkins assisted in serving. The honoree received many beautiful and useful gifts.

Co-hostesses were: Mrs. Alton Buchanan, Mrs. William Key, Mrs. Robert Butler, Mrs. Lester Harris, Mrs. Don Harris, Mrs. L. L. Lewis, Mrs. Billy Jack Jenkins, and LaVeda Boggs.

**SERVICE SEEKERS CLASS ELECTS NEW OFFICERS**

The Service Seekers Sunday School Class of First Methodist Church elected the following officers for the ensuing year:  
Teacher - Mrs. Otto Arnold  
Ass't. Teacher - Mrs. J. B. Caudle  
President - Mrs. Earl Swayne  
Vice-Pres. - Mrs. John Nunnally  
Secy.-Treas. - Miss Nina Robinson  
Reporter - Mrs. H. S. Switzer  
Plans were made to hold a business and social meeting once a month. Announcement of the first of these meetings will appear at a later date.

Mrs. J. C. Hudson is selling her home north of town and will move to Eastland soon.

**LOCAL BRIEFS**

Mr. and Mrs. Harley Nay have spent a week here improving their home. The home is occupied by Mr. and Mrs. Wade. Mr. and Harley Nay live at Monahans. They visited Mr. and Mrs. C. L. Flanagan.

Mrs. Love Shults has returned from Breckenridge where she visited her daughter and husband, Mr. and Mrs. Phil McCannies.

Mr. and Mrs. D. A. Grimes of Houston were among the visitors in Rising Star Sunday.

Mrs. Charles Harrell and Carol Harrell of Lubbock were visitors here Sunday.

Mr. and Mrs. Lawrence Davis of Lubbock are here for a visit with Mr. and Mrs. J. T. Gardner and his brother, Oral Davis, and other relatives.

Mr. and Mrs. Burt Roberds and Mrs. Vardie Hale of Rodeo, N. M. left Friday for their homes after a ten day's visit with Fred Roberds, Mrs. Roberds and Miss Pauline Roberds.

Mr. and Mrs. J. P. Morrison who are operating the Conner Laundry made a business trip to Dallas last weekend. Mr. Morrison is a brother of Mrs. Glenn Shults.

Mr. and Mrs. James E. Wilson of Springtown were here Friday to visit his parents, Mr. and Mrs. Lawrence Wilson.

Mr. and Mrs. A. R. Wilson of Hays, Kansas, and daughter, Donna Sue, visited Mr. and Mrs. Lawrence Wilson, during the weekend and went to Odessa to visit his mother.

Mr. and Mrs. Raymond Turner visited their son, Jim and family in Abilene on Sunday.

**WSCS Organizes New Circle October 9**

A very interesting program on "Our North American Neighbors" was led by Mrs. Robert E. Cook at the meeting of the WSCS of the First Methodist Church on Thursday evening, October 9. Mrs. York Eberhart and Mrs. Bill Crawford gave interesting discussions in a church parlor fittingly decorated with items from neighboring countries. Mrs. M. R. Grove was program chairman. After the program a circle of

the Women's Society of Christian Service was organized with the following officers:

Mrs. York Eberhart, president; Mrs. Bill Crawford, vice-President; Mrs. Jay Koonce, secretary-treasurer; Mrs. Earl Swayne, reporter.

Following election of the officers punch and cookies were served. The next meeting will be on November 13 at 7 p. m. in the church basement. All ladies not members of the WSCS are cordially invited to attend.

During the business session the WSCS voted to serve a turkey dinner on October 27 from 11:30 a. m. to 1 p. m. - Reporter.

### CARD OF THANKS

To all my friends in Rising Star and other places and especially to Dr. Bradkey and hospital staff for the many acts of kindness and real friendship shown me while in Abilene and Rising Star. Thanks for your cards, letters, gifts and flowers. May you ever have the same kind of friends.  
Mrs. J. H. Coon and family

Mrs. Wilburn Scott was a patient for a week in Rising Star Hospital with virus flu, but has recovered and feels fine.
