

FLAG ETIQUETTE
There is considerable misunderstanding among the general public as to the proper manner of rendering courtesy and respect to the United States flag.

On December 22, 1942, Congress approved Public Law 829, commonly known as the "Flag Law", which codifies and emphasizes existing rules of flag etiquette. These interpretations are based on provisions of this law. Here are some questions and answers.

Q. Is it proper to fly the flag of the United States of America outdoors all night long?

A. No, not for individuals. Although there is no requirement that a night and day display be authorized by law Section 2a of the Flag Code indicates as follows: "It is the universal custom to display the flag only from sunrise to sunset on buildings and on stationary flag staffs in the open. However, the flag may be displayed at night upon special occasions when it is desired to produce a patriotic effect."

Q. What interpretation is placed on that part of Public Law 829 which reads: "The flag may be displayed at night upon special occasions when it is desired to produce a patriotic effect?"

A. The term, "special occasions" means athletic events, bond campaign ceremonies, patriotic pageants, parades, etc.

Q. Is it proper to carry the flag with a band or other marching unit at night at an athletic event and to display the flag on a pole, with a spotlight or floodlights on it, during the event?

A. Yes, it is entirely proper. As provided in section 2a of the Flag Law for display of the flag on special occasions for patriotic effect.

Q. When the flag is not flown from a staff, how should it be displayed?

A. It should be displayed flat, whether indoors or out, or so suspended that it folds fall free as though the flag were staffed. When displayed either horizontally or vertically against a wall or in a window, the union should be uppermost and to the left of the observer in the street.

Q. What is proper respect to the flag during the ceremony of hoisting or lowering it, or when the flag is passing in a parade or in a review?

A. Those present in uniform should give the military salute (men and women). When not in uniform, a man should remove his hat with his right hand, hold it over his left shoulder, his hand being over his heart. A woman salutes by placing her right hand over her heart.

Q. Is it proper to fly the flag during bad weather?

A. In addition to the cases noted earlier, the Armed Forces have special storm flags for display in inclement weather.

Turner Elected In Democratic Run-Off

Saturday's Democratic runoff election drew a comparatively small number of voters, with an approximate total of 500 votes cast.

The only race of immediate local interest was that for the office of Constable for Precinct No. 3, in which Buddy Turner won over W.H. (Hamp) Kornegay, incumbent, with 159 votes to Kornegay's 154.

In the bid for the Texas Railroad Commissioner, Jon Newton defeated Jerry Sadler in local voting with a 196 to 102 vote tally.

Also in the statewide voting, W.T. Phillips won out locally over Carl Dally in the race for

judge in the Court of Criminal Appeals, with a local count of 164 to 116 voters decisions.

Dr. G.A. Dunn, election judge, was assisted by Dr. Kenneth Morrison.

Three Charged In Local Burglary

Merchandise valued at approximately \$3,000 was taken from D&T Building Supply in an early morning burglary here on Tuesday of last week.

In the investigation conducted by Eastland County Sheriff L.E. (Lefty) Sublett, and local officials, it was determined that entry to the building was made through a window in the back of the building, and the stolen goods were removed through the back door, and transported to a vehicle parked on an adjoining lot.

According to Don Claborn and Tommy Pernell, co-owners of the firm, the complete stock of hand tools, along with two hand calculators, a power saw, power drill, water cans, plumbing fixtures and other items were taken.

However, Sheriff Sublett has stated that most of the items have been recovered and three Eastland County youths involved in the burglary have been arrested. Two remain in the Eastland County Jail, while one has been released on bond.

Community Service Classes Offered At C.J.C.

Cisco Junior College will offer several Community Service Courses during the summer term, Dean Carroll Scott has announced.

The non - credit CS classes held by the college during the previous fall and spring terms of 1975 - 76 have been exceptionally well attended, Mr. Scott said, and a good enrollment is anticipated for the summer classes.

The courses will begin during the week of June 14 - 18, and registrations will be held concurrent with the first class meeting of each. All registration will take place at the Registrar's Office in the CJC Administration Building.

Five classes will be held on Tuesday evenings - Tennis Fundamentals, from 6:30 - 9:30 p.m. for six weeks; Art for Children, Ages 6 - 14, from 4:00 - 5:30 p.m. for eight weeks; Beginning Karate, 7:30 - 9:30 p.m. for ten weeks; Bowling, 7:00 - 9:00 p.m. for ten weeks; and Basic Macrame, 7:00 - 9:00 p.m. for three weeks.

Two courses will be taught on Tuesday nights - Rock and Mineral Identification, from 7:00 to 9:00 p.m. for six weeks; and Advanced Karate, 7:30 - 9:30 p.m. for ten weeks.

Ag Exemptions Effective July 15

AUSTIN - - Comptroller Bob Bullock said Tuesday his office has rewritten sales tax procedures on agricultural exemptions to make them as easy to read as a mail - order catalog.

"Inflation has squeezed the farmer and rancher tighter than a bale of wet hay," Bullock said. "Our new procedures are clear enough for them to be able to take advantage of the sales tax exemptions to which they are entitled."

The new procedures will be effective about July 15, he said. The Comptroller said the procedures clarify the fact that the following items are exempt from the sales tax: expendable supplies such as hand tools, baling wire, binders twine, hardware, tires and lubricants for farm machinery; fences, pens, gates, cattle guards and chutes; and structures that can be considered a piece of equipment, such as automated laying houses and farrowing houses. However, most farm buildings, such as barns, garages, warehouses and family dwellings, are taxable, he said.

Exemptions for farm machinery and equipment and storage facilities will be clear cut, Bullock said, as well as the general exemption for all medications and tonics given to farm animals. In addition, he noted, the term "farm or ranch" has been clearly defined for the first time. Bullock said the new procedures tie in with Internal Revenue Service regulations. Proof that the IRS has allowed an item as an investment credit

will be two classes on Thursday evenings - Advanced Silver Smithing, 7:00 - 10:00 p.m. for ten weeks, and Exercise and Volleyball for Ladies, to be held 7:00 to 9:00 p.m. for ten weeks.

Fees for the courses range from \$5.00 for Macrame to \$25.00 for Silver Smithing, with most costing between \$15 and \$20. The fee for the course depends on the number of meetings it will have. Mr. Scott said. The shorter classes have smaller fees as a general rule, and the longer ones the higher fees. He also pointed out that each student is required to furnish his own tools and silver for the Silver Smithing class.

Instructors for the classes will be Steve Kent for Karate, Vallie Parker for Art, "Ace" Prescott for bowling, Joan Walker for Macrame, Phil Rogers for Rock and Mineral I.D. and Silver Smithing, and Jerry Choate for Tennis and Exercise and Volleyball.

An information leaflet giving details about each class may be obtained by contacting the CJC Registrar's Office, 442 - 2567. The brochure also has a pre - registration form on it, Mr. Scott said. He concluded that the Registrar's Office could also give more detailed information about each of the classes.

BY NORMA PERNELL
Bicentennial Publicity Chairperson

Plans for the Rising Star area Bicentennial Picnic are in full swing. Everyone for miles around is invited to come on July 3rd and help celebrate the Bicentennial and join the fun and games.

The festivities are to begin at 10:30 a.m. with a parade. Barbecue with all the trimmings will be served between 11:30 a.m. and 1:00 p.m. at the City Park and hospital grounds. Tickets for the lunch are \$2.00 per plate and advance tickets will soon be on sale.

All proceeds from the picnic will be used in the restoration of the Market Building, a project of the Heritage and Horizons committees.

Old-time fiddlings and singing will entertain during the lunch. After lunch there will be games in which all ages can participate. A schedule of the games and other activities is to be published at a later date.

The Jaycees are responsible for the setting up of the tables and tents and the cleanup after the festivities. Frank Gray is head of the food committee for the barbecue luncheon, and the Volunteer Fire Department is in charge of the games. Deward Maynard will be the announcer.

A report was submitted this week by Mrs. Tommy Pernell, publicity chairperson of the local Bicentennial committee concerning the progress of various local Bicentennial projects.

Work has begun on the development of a park between Palace Drug and Higginbothams. There is a need for several benches and a bird bath. Anyone having any of these things to donate is asked to contact Mrs. Rex (Jackie) LeBleu. Volunteers are needed to get the area in shape.

The Carter Building on West College Street is now ready and open. Anyone having old pictures or papers related to the early days of Rising Star and this area is asked to take them by the building or give them to Mrs. Gladys Carter.

Carl Smith is gathering information about the history of Rising Star to be published in book form. If anyone has any information, please contact Mrs. Smith.

A Bicentennial recipe book is to be printed. If anyone has any old recipes that belonged to your mother or grandmother, or any other old recipes, please give them to Emma Jean Steel or Lanette Henry. Only two weeks remain to get these recipes submitted, so please hurry. Plans are to have this book ready to sell by the July 3 festivities.

Church of Christ

Why do so many ignore or fail to understand the Bible? One reason is because worldly affairs and pursuits seem so attractive and harmless, especially at the first. Satan has blinded so many to the harmful effects of living strictly for the flesh (II Corinthians 4:4; Galatians 6:7-8).

Another reason why so many fail to see either the value of living righteously or of leaving the hopelessly divided religious state and being united upon the plain, simple teachings of the New Testament, is an acquired or else a built-in prejudice. At times, the religious picture presented has been one of obvious extremes, with emphasis upon the complete suppression of any sign of enjoyment from life, a sort of widespread monasticism. Even the sacred institution of marriage has been maligned by the suggestion, however indirect, that celibacy is somehow more sacred and more noble. Thus, the noble and exalted principles of the Gospel have been rejected, along with the exaggerations. Prejudice hinders an objective look at the disciplined yet joyous and completely fulfilling life under the direction of God.

Reactions against extremes in Scriptural interpretations and applications have also produced prejudices that hinder unity, or even acceptance of the Gospel. The Reformation, for example, was largely directed against the sacramental concept of the Roman church, according to which God's grace was dispensed upon the carrying out of certain works of merit, such as pilgrimages to "sacred" sites, recitations of stated prayers, attendance at Mass, etc. The pendulum swung to the opposite extreme: that salvation involves no work of any kind, or, as stated in the Reformed Creeds: Salvation is by faith only. What this prejudice blocks is the understanding that the Biblical faith that saves is always an obedient faith, or, as Paul expresses it, "faith working through love" (Galatians 5:6). (More Later).

Our Bible classes are designed to help all ages know both the text and the meaning of the Scriptures. We invite you and your family to attend these: on Sunday at 9:30 a.m., on Wednesday at 7 p.m., and the Assemblies on Sunday at 10:30 a.m. and 6 p.m.

Our sympathy goes out to Vina White, following the death of a sister last week in McCamey.

The sick among us include M.A. Arvin, who underwent surgery last Monday morning at the Gorman Hospital. It was to repair a double hernia. He is in room 7. Vina White was in the Odessa Hospital part of last week with pneumonia, but was to have been released the first of this week. She is with her son Wayne, at 1213 Alpine, Odessa, 79760. Joe Allgood is to enter Scott and White this week for tests. Mrs. Harvey, the mother of Lida Mae Howard, is some better. Mrs. Willie Mae Buzbee has not been well lately. Lewis Ogle is somewhat improved, but was still in Cisco Hospital at the time of this writing.

The Lake Cisco Christian Youth Encampment (12 years and up) is slated for June 20-26. Several of our number plan to attend.

The Rising Star Church of Christ has given funds for additions to our church library, in memory of: Lorene Cox, Holley McDonald and Clyde Evans.

John Shero, a dynamic Gospel preacher working with the Austin Avenue Church of Christ in Brownwood, is scheduled to conduct our Summer Evangelistic effort this year. The dates are July 19-25.

We hope you have a good week. Let us know if we can serve you in any way.

First United Methodist Church

It was said of the Disciples after the ascension of Jesus, they "all continued with one accord in prayer and supplication." For a great many people, religion is an occasional thing, something to enjoy on great festivals, something to rely on in time of danger. But real religion is more than an emergency measure. It is continual. It sets the pattern of man's daily thought and practice. Like regular meals, it silently stocks the storehouses of his spirit with power. By it tracks are laid, patterns are formed, and habits are established.

Someone has said, "It is hard for a man brought up on the music of Bach to be completely satisfied with the tunes of tin-pan alley." Perhaps they are right. But, for sure it is hard for a person who has been raised in the company of Jesus to be satisfied with chislers and compromisers. Above all, this continual religion gives a man a working knowledge of the ways of God. To be sure the ways of God are not always easy. They must be studied with more care than a man studies the stars in the heavens. Not all meals are exciting. Something happens aside from the fact we are fed. But out of that regular routine now and then there is a meal that is unforgettable, at which friends and family are drawn together in the closest circle of joy and peace.

In the words of Hugh Blair, let us all be reminded, "It is for the sake of man, not of God, that worship and prayers are required; that man may be made better - that he may be confirmed in a proper sense of his dependent state, and acquire those pious and virtuous dispositions in which his highest improvement consists."

For us Methodists another Conference year has closed and we begin our planning for a new year. This week at Waco seven districts from the Central Texas area will gather to discuss the progress of our church and try to assimilate the actions of Our General Conference which just met in Portland, Ore., recently. This Pastor and his wife will be attending the Conference which will be held at the Convention Center. As has already been announced, this Pastor will be returning to serve the Rising Star United Methodist Church and the community for another year.

Let us know when and if we can be of assistance to you, or yours in the coming weeks. We would be most happy to share our Lord's ministry with you. Have a good week and we hope to see you in worship this coming Sunday.

Six Flags Begins Daily Operation After Spring Season

ARLINGTON -- Six Flags Over Texas has begun daily operation following the most successful spring season in the theme park's 16 year history.

During the spring season, more than 399,000 persons visited the entertainment center. The figure represents an increase of some nine percent over 1975's record pace.

General Manager Dan Howells said, "The introduction of our new parachute ride, The Texas Chute Out, was undoubtedly a major factor in the attendance boost.

"In addition," he said, "the public seems to be in a traveling mood this year. Perhaps it's a result of the bicentennial atmosphere, but, whatever the reason, people are definitely out on the road."

The park will be on a daily schedule through Labor Day, when weekend-only operation will resume for the fall season.

During the summer months Six Flags will extend its night time operating hours and add evening entertainment features, details of which will be announced shortly.

Mrs. Grace Glenn, member of the 65 Club of the First Comanche Bank of Comanche and guest, Opal Fleming made

the tour with 3 bus caravans to Lyndon B. Johnson State and National Park. Points of interest were: the Johnson family home in Johnson City, the birthplace of the late, President, the first school he attended, the Texas White House, the Johnson family cemetery, and the Admiral Nimitz Center in Fredericksburg. The group of two hundred and four had the evening meal at Ma Kocks Restaurant in Fredericksburg.

In the business meeting, the perpetual cemetery fund has passed the seven thousand mark. Contributions are still in order and due to inflation, probably should be increased. Upkeep fund collected \$285, and \$30 was added to the church building repair fund.

Other than local people, those attending were from Abilene, Comanche, Dallas, Dublin, Big Spring, McKinney, Midland, Merkel, Arlington, Cibola, Clyde, Garland, Odessa, Sweetwater, Stephenville. The farthest "comer", from Albuquerque, N.M., was Mrs. Irene Moore Chandler. The total attendance was approximately 60. We appreciate the presence of Rev. R.D. Williams of Rising Star.

Amity 1976 -- another success.

Former students of the Amity School and one teacher, Mrs. Nettie Lee Rankin assembled for a group picture taking. Maybe next year we will get to see them.

As usual, various musical presentations, group singing, dinner - on - the - ground, and a "hearty" rain entertained the crowd.

Flag Day JUNE 14th

Flag Etiquette...

Continued From Page 1

Q. Is there any difference in the position of honor for the flag whether on platform, in chancel, or on the floor or ground level?

A. Yes, the position of the flag of the United States is determined by the displayer who displays it on his right (to the observer's left), whether he is on a platform, stage, in a chancel, or on the same level as the congregation or audience. Section 3k of the Public Law provides that the National flag should occupy the position of honor and be placed to the right of the speaker as he faces the congregation or audience, with any other flag being placed to the left. If the congregation or audience is displaying the flag to the speaker, the flag should be placed to the right of the congregation or audience (on the same level as the audience), with any other flag being placed to the left.

Q. In advancing and retiring colors, how should the flag of the United States and other flags or banners be crossed at the front of the room?

A. At no time should any flag or banner pass in front of the flag of the United States. "Front" meaning nearest or next to the audience.

Q. Is it proper to display another flag or pennant above the flag of the United States? A. No.

Q. How should the United States flag be displayed when flown with the flag of the United Nations or any other national colors?

A. Senate Bill 694, which became law when President Eisenhower signed it July 9, 1953, prescribed rules and guidance for this. The American flag is to be given the position of honor at all times as set forth in the National Flag Code. This means no flag should ever be flown above the Stars and Stripes. As a general rule, the United States flag shall be in the same level and to the right of the United Nations flag.

Q. When should the flag be flown at half mast?

A. On Memorial Day (May 30) when it flies at half mast from sunrise until noon, then it is raised to full staff until sunset. The determination as to when and for whom the flag is displayed at half staff on State property is generally established by local custom, but may be the subject of state law, local ordinance, or other regulation.

Q. How may worn - out or unserviceable flags be destroyed?

A. The flag should be destroyed in a dignified way, preferably by burning, and in private without ceremony. According to an approved custom, the Union is first cut from the flag; and then the two pieces, which no longer form a flag, are cremated.

Q. May the flag be washed or dry - cleaned?

A. Flags should be cleaned in the manner best suited for the material of the flag.

Miss Lucas Becomes Bride Of Mr. Saunders Saturday In Roscoe

Miss Becky Lynn Lucas became the bride of James Saunders Russell in a double ring ceremony at 7 p.m. Saturday, June 5, at the Roscoe Church of Christ.

Officiating was J.B. Hudson of Cisco.

The bride is the daughter of Mr. and Mrs. Bob Lucas of Roscoe and Mr. and Mrs. Bill Russell of Denison. Mr. and Mrs. O.L. Burns of Rising Star are the bride's grandparents.

The altar of the church was centered with a fountain surrounded with Woburn Abbey roses and apricot colored carnations entwined with huckleberry leather and eucalyptus greenery with sypsothelia. Flanking the setting were double candelabra holding apricot colored tapers centered with arrangements of yellow carnations and Woburn Abbey roses with gypsophelia and tied with apricot colored satin bows.

An A Capella quartet from Abilene Christian University composed of Dr. and Mrs. Jack Boyd and Dr. and Mrs. R.E. Blondeau sang, "Sunrise, Sunset", "My Reverie", "Wedding Song", "Processional" and "The Lord Bless You and Keep You." Dr. Don Russell, brother of the bridegroom sang a solo, "I Pledge Thee My Love".

BRIDE

Escorted and given in marriage by her father, the bride wore a white delustered satin gown lavishly trimmed in alencon lace and seedpearls. Summer Weather Can Be Deadly For Pets

Many of us have pets that serve as our traveling companions, but we often subject them to serious danger when we don't intend to do so. This statement is made by Dr. Dennis McIntosh, member of the Texas Veterinary Medical Association's Public Information Committee. Dr. McIntosh warns that when you go shopping, Fido or Kitty would be safer left at home. If you leave them locked in the car while you shop, even with the windows open, they may become victims of HEAT STROKE!

Temperatures inside the car may reach astronomical proportions, causing a dangerous rise in your pet's body temperature. Vomiting, coma, and even death may be the result. If this does occur immediate veterinary treatment is necessary. You may help by giving a cold bath, but your treatment must be followed by your pet's doctor if it is to be successful. Even with immediate veterinary treatment, the outcome is often not totally successful because the high body temperature (often 109 - 110 degrees) may result in brain damage or damage to other vital body organs, especially the kidneys.

Dogs with thick hair coats, such as St. Bernards and Huskies, are especially susceptible.

Overheating while playing outside in the hot Texas sun often occurs.

Prevention is safest - just don't let your pet get overheated. Don't lock him in the car. Exercise periods should be held during the cooler morning and late evening hours. Heavy coated dogs and cats should be watched carefully. Clipping long hair helps, but then sunburn can be a problem! Check with your veterinarian - he can tell you if your pet would be especially susceptible to heat stroke.
