

## June Reunions Proliferate

### Greenwood

Those who attended the Greenwood reunion Saturday, June 19, were: Cora White, Mart Greenwood, Mozelle and Timmy Johnson, Larry and Fae White and daughters, Regina and Karla, Mary Lois, Amy and Shannon Dudley, Derrell White, and Edyth and J.R. Morrow all from Rising Star; Lilly Clements, Hubert and Helen Clements, Harvey and Norma Jean Clements, and Ken and Paula Martin and son, Aaron all from Snyder; Ike and Emma Harper, Eastland; Rusty and Shirley Greenwood, Ozark, Ark.; and Carl and Debbie Smith and daughter, Kharla, Ira, Texas.

All attending had an enjoyable lunch at the home of Mart Greenwood in Rising Star, Texas.

### Nunnally

The 33rd annual reunion of the Nunnally families was held on the 12th and 13th of June in the Activities Building of the First Baptist Church in Rising Star.

Saturday was spent in gathering and visiting, followed with a picnic supper.

On Sunday it was the usual basket lunch with lots of good things to eat. Pictures were made throughout the day, that is a custom that we have been carrying on through all these years of getting together. Florence Nunnally from O'Donnell is responsible for all of this and we are indeed grateful to her.

Plans are to meet again next year, same time and place. Those registering from Rising Star: Ray and Eleanor Nunnally, Duck and Ruby Bailey, Lottie Mae Roach, Sharolyn and Laura Cox, Dean and Jeanine Bailey, Robert and Edra Butler, 2 visitors-A.P. Smith and Marie Hardin, from Abilene: Alton and Jessie Nunnally, Bob and Joy Nunnally, Gale and Ruby Nunnally, Wanda Silkman, Jan Lineweaver, Kathy Decker, Les Havins, T.J. and Stacey Kersey, Tom and Cindy Kersey.

Roy S. Nunnally and Roxanne-Austin; C.C. and Florence Nunnally-O'Donnell; Jack and Ann Roach-Ft. Worth; Geneva Wallace-Ranger; Mae Claire Crownover-Comanche; Bob and Fran Roach-Dallas; Karen Allen-Clyde; Mike Bell-Clyde; Cooky and Gayla Robinson-Putnam; and Virgil Bowers-Anson.

### White

The descendants of Mack and Sarah (Lee) White held their annual Family Reunion June 18, 19, 20th at Byrds Store, Tx. The owners of Byrds Store and the Recreational Center there, Mack and Pansy White, their son, Roy Mack White, Florida, and their daughter Mrs. Peggy Hopper, and her daughter Blenda, 11 years, were the Host and Hostess of this Reunion. They were excellent in their various divisions of service, for which every person present was greatly thankful. Our Sunday noon meal was catered by the Underwood Restaurant, Brownwood, Roy Mack White delivered the food which he and Peggy White Hopper served. This food was excellent, well prepared and appreciated by everyone—all happy to say "The price was right." Secretary, Mrs. Horace L. Jones sent a Thank You note to Underwoods for their complete services of a full meal—especially the steaks, salads, beans, and cherry pie—ALL equipment for eating.

Those present to enjoy this annual White Family Reunion were: Vonnie and Goldene Ware, Mrs. Von Dene Ware, Mrs. Kenneth Willett, David Willett, Mrs. Denise Emert and Dedria, Dena and Jerry Knight and baby, Jay Lee, Stella, Terry, Judy Ware all from Rising Star, Gary Ware and friend Danny O'Brien from Brownwood, Wayman and Orlene Ware, Arlington; Kirk and Robin Harrison, Dallas; Francis Stuart, Carl White, Corsicana; Jan Cline, Freda Ware, Arlington; Oleta Burnett Porter and Ducla Puctce, Fort Worth; Jerry, Clint,

Amy Snow, Ft. Worth; Mrs. Billie McBee, Brownwood; Faye Forgy, Kelly, Joe, Katherine Williamson, Eastland; Wayne, Lena Dell Gage, Cross Plains; Tony, Sharon,

Weldon, Brian Gage, Clyde; Carl Mooney and Lu "Masters, Brownwood; Mrs. Artie White, San Angelo; Andy, Ruth Anderson, San Angelo; Lee Roy and Ruby White, Granbury; Mack and Peggy Gray, Gardendale; Mack and Pansy White, Byrds Store; Roy Mack White and son, Tony; Sue and Jesse Taylor, Indian Rocks Beach, Florida; Mrs. Peggy White Hopper, daughters, Brenda and Traci, Byrds Store; Mark, Leatrice, Jeremy White; Patrick, Brandy, Ricky White, Byrds Store; Horace L. Jones, Rising Star.

Horace L. Jones, president of this reunion, called the business meeting to order at 1:30 p.m. Peggy Hopper and Mrs. Horace Jones were thanked for supplying baseball equipment. Peggy directed swimming for the kids. Martha G. Jones furnished candy, chips, and treats for all the children.

Roy Mack furnished his golf cart to ride around. Many fathers drove and everybody really enjoyed these trips and watching the children's joyful rides.

Mrs. Horace L. Jones resigned as secretary and reporter of this reunion after 10 years of service. Mrs. Lena Dell Gage was elected this position.

We voted to have the Underwood Restaurant to cater for us next year.

Horace L. Jones was retained president again for 1983. Mack, Pansy White, Roy Mack White and Peggy Hopper were each thanked for the excellent work they did as delightful Hosts and Hostess.

This was indeed an enjoyable time for everyone present. The next Reunion will be the 3rd weekend in June, 1983 at the same place.

Mrs. Horace L. Jones  
Reporter

### Steel

More than fifty descendants of Rev. Sam and Charity Steel attended the annual reunion at Kirkland Lodge at Lake Brownwood June 18, 19 and 20.

Mrs. Pearl Steel Daniel of Alhambra, Calif. traveled the longest distance to attend the reunion; Oliver Steel of Brownwood was the oldest descendant attending; and Justin Daniel of Steve and Juanita West Hollis, was the youngest descendant attending.

Robert Steel of La Jolla, Calif., was unable to attend but sent a nice donation to help finance the reunion. Thank you very much, Robert, and hope you can make it next year.

The following officers were elected for next year: president, Charles Campbell; vice-president, Entha Campbell; secretary-treasurer, Judy Penny. The food committee will be: chairman, Marjorie West of Rising Star; Lucille Stillwell, Fort Worth; Mary Jane Steel, Fort Worth; and Mrs. Mark Fisher, Brownwood.

The families attending enjoyed three days of wonderful fellowship. The reunion will be held at the same place next year and at the same time—the third Sunday weekend in June.

Marjorie West

## Class of 1932 Plans 50th Anniversary

The RSHS Class of 1932 area graduates met Monday evening at the Travelers Steak House in Brownwood to plan class activities for the 50th homecoming on October 16.

The class will meet at 3:00 p.m. Friday, October 15, in the home of Mr. and Mrs. Charles Rutherford to work on the float for the homecoming parade on Saturday at 2:00 p.m. A barbecue dinner will be served on the patio.

Former teachers of the class will be invited

to eat with the 1932 class at the PTO luncheon served on Saturday, following the general assembly in the high school gymnasium.

Attending from Rising Star were Mr. and Mrs. Jack Agnew, Mr. and Mrs. Ray Nunnally, Mr. and Mrs. Lafayette Parker, Mr. and Mrs. Charles Rutherford; Mr. and Mrs. Waymon Ware from Mansfield; Mr. and Mrs. Roy Fisher and Mr. and Mrs. Cecil Herrington from Brownwood.

## Nursing Program at TSTI Is Taking Applications

The Vocational Nursing Program at Texas State Technical Institute in Sweetwater is now accepting applications for the fall class term to begin August 23.

Courses of study include Anatomy and Physiology, Vocational Nursing Skills, Basic Microbiology and Nutrition.

Other studies include Pharmacology, Maternal and Newborn Nursing and Medical-Surgical Nursing.

The nursing program at TSTI is a very concentrated 12 month program. Approximately 615 clock hours are spent in classroom study and about 1116 hours are used to gain

clinical experience. Students will be giving direct patient care under instructional supervision.

A special pre-entrance exam is required for acceptance into the program. The text will be given at 9 a.m. on June 23 and July 14. Applicants may take it at either time.

Anyone interested in the Vocational Nursing program at TSTI should contact LaVohn McGlothing, Cheryl Kelley or Bobbie Sutterfield at 234-8441 extension 60.

## Guys & Dolls Golf Scramble June 26, 27

Area golfers are being invited to a two-day Guys and Dolls Golf Tournament to be held at Lakewood Recreation Center, midway between Cross Plains and Rising Star, Saturday and Sunday, June 26 and 27. Entrance fee is \$50 per team and will be accepted until mid-afternoon of first day's play.

Play will be in the form of a man and woman scramble and total score for the two days will be computed in determining winners. Cash prizes will be awarded. Three full

flights of players are expected.

Twenty-five teams are expected to compete in the tournament and entries have already been assured from Baird, San Saba, Cisco, Coleman and Brownwood, as well as from the host club. With a limited number of golf carts available for rent, Lakewood officials urge visiting golfers to bring their own carts.

A highlight of this year's tournament will be a catered dinner to be served in the clubhouse Saturday evening at 7:00.

## May ISD Board of Trustees Met June 10

The May ISD Board of Trustees met in a regular session at 8 p.m. in the Home Economics Building on the 10th of June 1982. Presiding over the meeting was Wayne Pittman with Eddie Hardy, Clayton Chambers, Royce Kilgo and Tommy Petross participating. Also attending was Don Rhodes, Supt.

The Annual Application for Vocational Funds for the 1982-83 school year was discussed and approved. Remodeling on the gymnasium was discussed and approved. The remodeling

will consist of insulation of the ceiling, strengthening of the rafters over the bleachers, replacing windows, painting the interior with some outside painting also. It was decided that May ISD would furnish all materials and hire some of the labor to install the materials. Other items on the agenda were the approval of the checks for the past month and discussion of the upcoming special trustee election in August.

The next regularly schedule meeting is set for July 9, 1982 at 8 p.m. in the Home Economics Building.

Revelation 3:7-13, The Message To Philadelphia-The Missionary Church Within Professing Christendom; The church at Philadelphia, whose name means "brotherly love," represents the missionary period. To it Christ says, "I have set before thee an open door, and no man can shut it. Therefore, it is very significant that He addresses Himself to this church as the One who "hath the key of David." Quoting from Isaiah 22:22, He refers to Iliakim (Isa. 22:20), who was a type of Christ. The Lord Jesus is the Prince of the House of David, upon whom "all the glory of his Father's house" is hung (Isa. 22:24).

He it is who is the central theme of all divine revelation; and He it is who opens and closes doors for service for His messengers of the cross. "Behold, I have set before thee an open door, and no man can shut it," we hear Him say (Rev. 3:8). It is only a little more than one hundred years ago that the great missionary movement began with William Carey. Before that, the heathen nations were without a missionary among them. When people were concerned about them, the elders of the church argued, "When God wants to convert the heathen, He will do it without any assistance from you."

"During the last hundred years, however, we have seen a great movement in the way of missionary endeavor, and missionary societies like the China Inland Mis-

sion, the Africa Inland Mission, and many others are the fruit of the going forth of Carey. God said, "I have set before thee an open door, and today the heathen are asking for more missionaries than the church has supplied. The fields are white unto harvest" in very truth. Following these words of promise, the Lord sounds a warning to false teachers, then adds some of the most reassuring words to be found in all the Scriptures; "Because thou hast kept the word of my patience, I also will keep thee from the hour of temptation, which shall come upon all the world, to try them that dwell upon the earth. I believe our Lord here has reference to the great tribulation period, from which the church will be delivered. "Thou hast a little strength, and hast kept my word, and hast not denied my name." The feeble few, walking in the pathway of separation, keeping His Word, and not denying His name, will be caught up with the Lord, and thus escape the "hour of temptation, which shall come."

"As we read on in this closing book of the Bible, we learn something of the sorrow and anguish and suffering that will come upon the earth during the dark tribulation period. And as we read, we thank our God that He will take us to be with Himself before these things begin to come to pass. Let us pray that we will be found worthy to escape, and we will if we faint not."

# Tax Relief for Two-paycheck Families

Dallas— If you and your spouse both bring home a paycheck, you may be able to deduct up to \$1500 on next year's tax return. Differing rate schedules for single and married taxpayers gave rise to the so-called "marriage tax penalty" when two wage earners of relatively equal income are married.

The Economic Tax Recovery Act of 1981 will bring some relief to working couples who have been subject to the marriage tax penalty. The deduction from gross income is 5% of the qualified earned income of the spouse with the lower qualified earned income, or \$1500, whichever is less.

For example, if you earn \$20,000 and your spouse earns \$8,000, you would be taxed on \$27,600 (\$8,000 X 5% subtracted from \$28,000) rather than the \$28,000 combined income.

Although this new provision should provide some relief for many two-earner families, you should continue to keep track of your withholding to avoid owing additional taxes at tax time.

If you find that you are falling behind during the year, the two most common remedies for under-withholding are estimated tax payments or revised Forms W-4, "Employee's Withholding Allowance Certificate."

Estimated taxes are paid directly to IRS in quarterly installments on vouchers that come with the Form 1040-ES, "Declaration of Estimated Tax for Individuals." The 1040-ES comes with instructions and a worksheet to help you determine how much additional tax you must pay to supplement the withholdings from your wages.

If you choose, instead, to give your employer a revised Form W-4, you can claim fewer or no allowances, request that your employers withhold at the higher single rate even though you're married or, if you're already at the single rate, request additional withholdings.

Besides the unpleasant surprise of a big tax bill, failing to have enough withheld can bring about an estimated tax penalty. Making sure that your current year's withholding equals or exceeds your prior year's tax will insure that you avoid this penalty.

Additional information is available in IRS Publication 505, Tax Withholding and Declaration of Estimated Tax. The free publication may be requested by using the handy order form in your tax package.

Elimination of the marriage tax penalty will provide relief for many two-earner families. But, a watchful eye to insure proper withholding is still important.

She was preceded in death by two husbands, Byron Barker and C.H. Clardy.

## WORD of GOD

### Warning - Promise

He that is not with me is against me; and he that gathereth not with me scattereth.

When the unclean spirit is gone out of a man, he walketh through dry places, seeking rest; and finding none, he saith, I will return unto my house whence I came out.

And when he cometh, he findeth it swept and garnished.

Then goeth he, and taketh to him seven other spirits more wicked than himself; and they enter in, and dwell there: and the last state of that man is worse than the first.

## First Baptist Church

FIRST BAPTIST CHURCH

God says, "My grace is sufficient for thee." (2 Cor. 5:9)

My dictionary tells me that sufficient means: as much as is needed, equal to what is required, enough.

C.H. Spurgeon illustrates how God's people look at God's all sufficient grace.

Suppose some little fish, being very thirsty, became troubled about drinking the river dry. The river would only reply, "Drink away, little fish, my stream is sufficient for thee."

Suppose a little mouse in the granaries of Egypt, after the seven years plenty, feared it might die of famine. Joseph might say, "Cheer up, little mouse, my granaries are sufficient for thee."

Suppose someone might say, "I fear I shall exhaust all the oxygen in the atmosphere." But the earth might say, "Breath away, O man,

and fill thy lungs, my atmosphere is sufficient for thee."

Paul declares what God said to him, "My grace is sufficient for thee." Here are some promises of God's All sufficient grace:

I can do all things through Christ who empowers me.

I can be cleansed from all my sin.

God promised to supply all my needs according to the riches of Christ.

In all things we are more than conquerors through Christ.

God comforts us in all our tribulations.

Paul speaks of the God who is able to make all grace abound unto us, His people. God loves His people and is ready to pour out every blessing we need to be at our best and to bring glory to His name. If faith claim God's promises. R.D. Williams, Pastor

## Drop Love Handles, Fitness Expert Says

Hate those "love handles," those ugly rolls of fat that make your swimsuit look like the Pillsbury Doughboy lives there?

It's enough to make you jump into a fad diet and starve until the rolls drop off. The advice from Robert L. Kaman, Ph.D., of Texas College of Osteopathic Medicine: Watch it.

"Effective and safe weight loss is a matter of simple arithmetic," the associate director of the medical school's Institute for Human Fitness said. "You have to burn more calories than you take in. And that gives you a choice: eat less or be

more active or both. With few exceptions, gradual weight loss is the ONLY kind that stays with you."

How many calories do you need? Dr. Kaman gives a formula. To maintain current weight, multiply your weight by 11.43. Then multiply the answer by 1.3 if you get no exercise, by 1.4 for moderate exercise and by 1.5 for vigorous exercise. To lose weight, take in fewer calories than your final answer.

But don't forget nutrition. "You still need a diet of three meals well balanced in the four major food groups," he said.

## Dark Tan--It Can Age You Fast

### DARK TANS

Don't fall for the Madison Avenue pitch that deep, dark tans make people young, healthy and vigorous. Not so, says a Texas College of Osteopathic Medicine dermatologist.

"We live in a sun worshipping society, where deeply tanned people are admired and regarded as healthy," said Stephen Kessler, D.O. "In reality, deep tans wrinkly and age the skin before its time

and present the threat of skin cancer."

And, of course, sun can burn. Dr. Kessler's advice is to wear a sunscreen lotion (the best available is marked SPF 15) if the skin hasn't been exposed to sun for a while. Continue to wear the sunscreen over a period of weeks until the skin tans. Then the tan will be a protection from normal summer sun exposure.

The TCOM faculty member urged the use of common sense when

## DO YOU KNOW?

### HELMET RESEARCH

Do woodpeckers and motorcyclists have anything in common? Scientists think they might—if the motorcyclists are wearing helmets. Researchers are studying how a woodpecker's skull construction keeps its head from being injured when it bores into a tree. The findings they come up with may mean better designed and more protective helmets for motorcyclists.

Even without this added research the Motorcycle Safety Foundation says the most important piece of protective gear any motorcyclist can use is a helmet. The woodpecker wears a built-in helmet—riders must fasten theirs on. And, they must wear their helmets every time they take a ride—no matter how short the trip. Woodpeckers don't have to think about their protective gear. Motorcyclists have to make a conscious decision to wear their helmets whenever they ride.

out in the sun. People who don't tan well should avoid mid-day sun (10 a.m.-2 p.m.), when the ultraviolet radiation is the highest. "If you must be out then, wear a sunscreen and clothing and hats to cover the skin." And don't be fooled by a cloudy day, Dr. Kessler added. The skin-burning ultraviolet rays come through the cloud cover.

A sunburn can be severe enough to require medical attention. "If the burn does not respond to home care," he said, "consult a physician."

## States May Keep Part of Collections for Food Stamp

### Overpayments

States will now be able to keep 25 percent of the money they recover from people

who've received too many food stamps, Assistant Secretary of Agriculture Mary C. Jarratt said today.

### Butter

### Authorized for Release

DALLAS—According to Gene P. Dickey, Regional Administrator of USDA's Food and Nutrition Service, the 50 million pounds of butter authorized for release will be ready for initial shipment to states sometime in late July or August. Dickey explained that the butter is currently in 69-pound blocks and will be reprocessed and repacked into 1-pound blocks for distribution to the needy.

At the same time, the states and distributing agencies will be busy arranging for frozen storage and transportation according to Priscilla Schmitz, Food Distribution Director for the Southwest Region of the Food and Nutrition Service. "The butter can be kept for two weeks at 32 to 40 degrees (Fahrenheit). It can be safely stored for up to six months at 0 degrees (F)," said Schmitz.

Distribution will follow the same guidelines as USDA's free cheese giveaway. A state can order as much as state officials estimate can be distributed to the needy.

keep about \$1 million this fiscal year because of their efforts to collect overpayments made because of these mistakes, which are termed "non-fraud recipient errors."

Since January 1980, states have had a similar financial incentive to recover money overissued to food stamp clients who committed fraud against the program. States already are keeping 50 percent of the money they recover from food stamp recipients who have received food stamps fraudulently

Frigidaire

## Ice-N-Water Refrigerator-Freezer

For ice and chilled water through the door, plus 25.6 cu ft of convenient storage space, it's the Energy Saving Frigidaire Ice-N-Water Refrigerator-Freezer.

• Delivers ice and chilled water right through the door.

• Easy to clean texture steel doors

• No more troublesome defrosting

• Glass shelves keep spills from dripping through

• Help conserve energy the easy way — with a conveniently located Electric-Saver switch. Use Hi when the weather is hot and muggy. Lo when it's cool and dry.

• Keep most top-quality meat cuts fresh and ready to cook for up to 7 days in the Flowing Cold Meat Tender. They don't need thawing because they don't quite freeze.

• Delivers ice and chilled water right through the door. Saves door openings — especially in hot weather — just to get a cold drink.

• Keep spills from dripping through onto food below. The shelves are tough tempered glass. Solid and easy to clean. Easy to rearrange, too — because they're fully adjustable.

# GORDON SPOT

by DeMarquis Gordon

Trees damaged by recent wind storms should be cared for as soon as possible. Injuries to trees that expose the wood or kill the bark allow insects or disease organisms to enter the trees. Proper treatment protect the tree and promotes faster healing.

from the trunk, remove the injured bark, shape the wound and apply a tree wound paint or dressing on the wood but not on the edge of the bark. Cut away all damaged bark and remove isolated scraps from the wound area. For fastest healing, shape the edge of the wound as nearly as possible to an elongated ellipse.

First, remove damaged limbs and branches, making the cut flush with the trunk of limb. Small cuts usually heal over quickly, and normally no treatment is necessary. However, if the cut is more than one inch in diameter, a tree wound paint or dressing should be applied to prevent disease organisms or insects from entering.

Remove all splintered wood and smooth the surface of the exposed area with a chisel. After the surface of the wound dries, apply tree wound paint to reduce drying and cracking of the inner paint since the paint can crack or slough off, losing its effectiveness.

To prevent bark breakage when removing a heavy limb, first cut the underside of the damaged limb about eight inches from the point at which it originates. Cut at least a third of the way through the branch until the saw binds. Then cut through the branch from above and several inches farther out. Make the final cut flush with an parallel to the branch from which it originates.

Broken trunks, split crotches or cracked limbs often are mended by restoring the damaged part to its original position and holding it there permanently. This can be done by the use of bolts, screws rods or cables in the trees where this work is necessary. In some cases, it might require a professional ar-

borists to do this work.

The fruitless Mulberry is widely used as a shade tree in Eastland County. It is a rapid-growing tree and provides a dense shade; however, this year its beauty is marred by diseases which cause spots on the leaves. Eventually, some of the leaves will fall prematurely. Two diseases are associated with this leaf shedding: Cercospora Leaf Spot and Bacterial Leaf Spot.

Cercospora Leaf Spot, the same fungus that causes leaf spot on peanuts, is characterized by somewhat circular leaf spots. The spots are from 1/8 to 1/4 inch in diameter and have a dark brown center which is surrounded by a yellow halo.

Bacterial Leaf Spot on Mulberry's causes an angular spot which turns black and falls out, giving a ragged appearance to the leaf. These diseases can best be controlled by foliar sprays with fungicides. Trees should be sprayed at two-week intervals as long as we have high humidity.

ornamentals. If you have problems with bagworms you should apply in insecticide before the end of June. Use insecticides containing either one of the following: Sevin, Dursban, Dylox, Diazinon, Orthene, or Malathion.

## Every Diabetic Needs Annual Eye Exam

The leading cause of new cases of blindness among adults under 75 is a diabetes-linked eye disease. Medical eye specialists urge annual eye examinations for all diabetics, even those with no symptoms of visual difficulties.

According to the National Society to Prevent Blindness, the longer a person has been a diabetic, the greater the chances of developing the disease. Early diagnosis is the best defense. Laser therapy to seal the blood vessels and other treatments are available. Even those with advanced diabetic retinopathy have real hope for retaining useful vision.

To learn how to take care of your eyes, write your state Society to Prevent Blindness or the National Society to Prevent Blindness, 79 Madison Avenue, New York, N.Y. 10016.

**Beyond the Cross**  
The Christians of Communist lands are sending a message to the Church in the West...a message of suffering and pain. However it is also a message of triumph and victorious Christian growth as the Church under Communist oppression risks life to worship, to fellowship, and to receive the Word of God.

This message is graphically portrayed in **BEYOND THE CROSS**--a newly released film produced by Underground Evangelism, a missionary outreach based in Los Angeles, California.

**BEYOND THE CROSS** was filmed over the past several

FIRST UNITED METHODIST CHURCH

years. Many of the scenes were actually filmed by the persecuted Church inside the Soviet Union.

**BEYOND THE CROSS** is a stirring documentary of the heart-rending story of Ivan Moiseyev, a young Russian who was cruelly murdered for his faith. Scenes of Christian leaders being reunited with their families only moments after being released from prison; interviews with exiled believers confined to the barren, frigid wastelands of Siberia--you will witness it all in **BEYOND THE CROSS**.

You are invited to attend a showing of this factual film at First Methodist Church on June 28, at 7 p.m.

Plan now to see and hear this revealing message that the Church in Soviet Russia filmed at great risk.

## Accent On Health

Texas Department of Health  
Robert Bernstein, M.D., Commissioner

When planning your summer picnics and cookouts, a few easy precautions can be taken to ensure that the germs that cause food poisoning don't accompany you on your outings.

"Meat, poultry, fish, shellfish, cream pies, custards and potato salad should be kept in the ice chest," says Lenwood L. Scholtz, Assistant Director of the Food and Drug Division, Texas Department of Health.

Scholtz said there are several types of bacteria which cause food poisoning but most problems are caused by salmonella organisms that dwell in warm blooded animals and in man. "Salmonella germs don't like heat, so the adequate cooking of food is one of the best methods of preventing salmonellosis," he said.

But once the food is cooked, it should be served soon or promptly refrigerated. The reason for this is that bacteria in food multiply quickly at temperatures ranging from 45 to 140 degrees Fahrenheit. "The best rule is to keep hot foods hot and cold foods cold until they are served," Scholtz said. "Keeping food just barely cool or warm doesn't help a bit."

Since Salmonella germs are endemic in poultry and to a lesser extent in pork and beef, these products

should be thoroughly cooked. "One mistake outdoor cooks frequently make is to take juicy meat from a plate, put it on the fire, and then return the cooked portions to the same unwashed plate," Scholtz stated. "They are contaminating the meat again in its original juices."

Or, picnickers may use a knife to cut up meat before barbecuing, and then use the same knife to chop up lettuce for a salad. This may lead to cross contamination.

Scholtz referred to the many misconceptions about food spoilage associated with using mayonnaise during the summer months in picnic sandwiches and in potato salad. "Commercially prepared mayonnaise is not a dangerous product in itself," he explained. "In fact, it is just the opposite. Mayonnaise, because of its high acidity, serves as an unfavorable medium for the growth of most bacteria."

"When mayonnaise is diluted with other food items, however, it loses its effectiveness. Mayonnaise should never be considered a

substitute for refrigeration," he warned.

During 1980 in Texas 2,457 cases of salmonellosis were reported, compared to 2,612 reported for 1981. "These are only reported cases are only a very small percentage of the actual ones."

For more information, contact Lenwood L. Scholtz, Assistant Director of the Food and Drug Division, Texas Department of Health, 1100 West 49th Street, Austin, Texas 78756, (512) 458-7248.

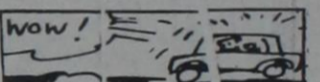

Ideal drinking water is free of bacteria, sparkling clear and tasty, but water in its natural state seldom has these qualities. Water drawn from a natural source must first be purified at a treatment plant before it is pumped to consumers. Many Texas towns use these three basic processes: coagulation and settling, filtration and disinfection.

Purity -- plus good taste -- is the essence of a highly sophisticated system of filtration, water treatment and purification used at White Rock Beverages in the making of its seltzer, now being introduced here in Texas. The system reduces the mineral content of water to just six parts per million. No minerals are added after the purification process, leaving the seltzer practically salt free -- important for people on low salt diets.

How can you tell if the water in your club soda is impure? It will bubble furiously when opened -- but for a short time only. Then it is flat.

Texas has a great area than Illinois, Indiana, Iowa, Michigan and Wisconsin combined.

## Mother's, Father's Benefits Change

According to Glyn Hammons, Social Security District Manager in Abilene, a mother or father who gets Social Security Benefits because she or he is caring for a child who is receiving benefits on the work record of a retired, disabled, or deceased worker should be aware of the changes in the law that affect such benefits.

A parent who became entitled to such benefits after August 1981 will receive them until the child is 16, not 18 as under the old law unless the child is disabled. Benefits to the child will generally continue until he or she reaches 18 or marries. Benefits to disabled children continue so long as the disability continues.

A parent who was getting benefits in August 1981 or before because she or he was caring for a child under 18 will continue to get benefits until the child reaches 18, marries, or through August 1983, whichever comes first.

A mother or father who has a child who is disabled should be sure to notify Social Security prior to the child's 16th birthday. At that time, a determination of disability may assure that the child's benefit will continue beyond age 18 and so long as the child remains disabled. The parent's benefit can continue as long as the child gets benefits because he or she is disabled.

When benefits were first paid to a surviving mother in 1940, the

benefit was viewed as a means of helping the mother stay at home with the young children during their formative years. The labor force participation for married women was 17 percent in 1940, compared with over 47 percent today. And most women are likely to go back to work once the child enters school.

If you have any questions about how the new law may affect your benefits as a parent, you should call the nearest Social Security office. The Abilene office is located at 142 S. Pioneer. The telephone number is 698-1360.

# Morgan-Paulk Wed in Double Ring Ceremony

Mr. & Mrs. Ramon Anderson Paulk, Jr.

Miss Marla Morgan, daughter of Mr. and Mrs. Charles Morgan of Carbon, became the bride of Mr. Ramon Anderson Paulk, Jr. in a double ring ceremony in the First Baptist Church of Carbon on Friday evening June 4, at 8:00 p.m.

Mr. and Mrs. Ramon Anderson Paulk, Sr. of Ashburn, Georgia, are parents of the bridegroom.

Rev. Delbert Smith, Pastor of the First Baptist Church, officiated at the candlelight ceremony before an arch of emerald greenery and white baby's breath decorated with orchid satin bows and wedding bells flanked by a pair of white dove baskets of Gladiolus, Iris, and Daisies in three shades of orchid and white spiral candelabra holding white candles carried out the Bride's chosen colors of orchid and white decorating the altar.

Mrs. Joe Bond provided wedding music preceding the ceremony and accompanied Mr. Nelson Dutton as he sang "The Rose" and "The Twelfth of Never".

Given in marriage by her father, the Bride wore a traditional formal length gown designed by Alfred Angelo featuring a seed pearl studded lace bodice with a sweetheart neckline. The full flowing chiffon skirt was also decorated with the seed pearls studded on alencon lace. The floor length veil matched the front of her gown being alencon lace and seed pearls. She carried a bouquet of an orchid Iris surrounded by white silk roses, stephanotis and orchid baby's breath atop her white Bible.

The groom and groomsmen wore grey

suits with matchings shirts and ties and white silk Rosebud boutonniers.

Mr. Ramon Anderson Paulk, Sr. was his son's Best Man.

Groomsman was Marty Morgan brother of the Bride. Ushers and candlelighters were Marc Morgan, brother of the Bride and Hall Redfearn. Brian Tucker was ring bearer.

Matron of Honor was Mrs. Robby Stuteville of Gustine and Miss Alice Kanady of Carbon was Maid of Honor. They wore identical dresses of orchid eyelet with deeper floral shades of orchid. The dresses featured round necklines with ruffles edged in white lace. The full skirts set off by orchid satin sash

ties in back completed their ensembles. They carried nosegays of white daisies and miniature orchid iris. They wore orchid baby's breath in their hair.

Miss Emily Stuteville of Gustine was the flower girl. She wore a white and orchid eyelet dress designed the same as the Maid and Matron of Honor. She wore orchid daisies in her hair and carried a white basket filled with Spring flowers and orchid and white ribbon streamers.

The Brides Mother chose a pink floor length dress with pleated chiffon cape and matching accessories. The Groom's mother chose an aqua floor length

dress with hand painted chiffon cape with white accessories. Both mothers wore white Gardenia Corsages.

Silk flowers were used throughout the wedding and were made and arranged by the Brides Grandmother Stacy.

Miss Cindy Jackson of Cisco registered the guests.

A reception was held in the fellowship hall of the church. Members of the house party were aunts of the Bride, Mrs. Tim Stacy of Arlington and Mrs. Terry Stacy of Carbon. Also assisting were cousins DeLana and Jennifer Stacy and Mrs. Robby Stuteville and Shannon Stuteville of Gustine. Angela Stacy, cousin of the Bride gave each guest at the reception a satin rosette filled with rice.

The Bride's table featuring a centerpiece of three shades of orchids and gladioli was covered with an orchid knit skirt overlaid with a white crocheted tablecloth made by the Bride's late Grandmother Era Morgan.

The table held a three tiered cake decorated with orchid flowers topped with a pair of white doves holding wedding rings atop white wedding bells tied with orchid ribbon. A miniature bride and groom were inside the columns separating the top tier of the cake. Crystal appointments belonging to the Bride's late Grandmother Morgan were used to serve the orchid punch, nuts and mints.

The Groom's table held a chocolate cake in the shape of a large arrowhead. Silver appointments held various homemade candies, mints, pecans and pretzels make by the Groom's mother. Coffee was served

from a silver coffee service. Those serving at the Groom's table were Mrs. B. Hall Redfearn, Mrs. L.V. Jackson, Miss Suzanne Redfearn and Miss Misti Keith.

For her going away dress, the Bride chose a deep orchid chiffon dress with ruffled hem. She wore a white and orchid gardenia corsage and white accessories.

After a honeymoon trip to points of interest in New Mexico, the couple are at home in Carbon, Texas. They will be moving to Sierra Blanca, Texas, July 1, where Ande has taken a position as Agriculture teacher with the Sierra Blanca school system.

A rehearsal dinner was hosted by the bridegrooms parents in the home of Mr. and Mrs. B. Hall Redfearn of Carbon, on Thursday evening.

## Homemaking Hints

By Janet Thomas

"forever-new" look in your wicker furniture is keeping it clean.

Go over it thoroughly with a soft brush and warm soapy water. Use a toothbrush for hard-to-get-at places.

Wicker pieces made of reed and willow (both natural and painted) should be periodically wiped off with a soft damp cloth. Do not wet the surface of painted wicker furniture; too much water may cause the paint to peel or crack.

If this type of wicker becomes brittle, take it outside and hose it off. A fine spray of water on natural wicker will "feed" the reeds and ensure greater flexibility.

Wicker made of either fiber "twisted paper" or sea grass should never be hosed off because water will weaken the weave as well as the individual fibers. To clean this type of wicker furniture, use a damp cloth only.

Very diluted domestic bleach will whiten soiled reed and willow pieces that have been left in their natural state, but this procedure should be used with great caution and only if scrubbed with warm soapy water does not do the job.

Wicker furnishings, kept clean and in good condition, will continue

to give any decor the international flavor and feeling of comfort they have graced the world with for centuries.

The Texas Agricultural Extension Service has a new bulletin *Cleaning on a Shoestring* which is available free from the Eastland County Extension Service office. This publication not only discusses cleaning wicker furniture but other household furnishings and surfaces.

### RECIPE FOR THE WEEK:

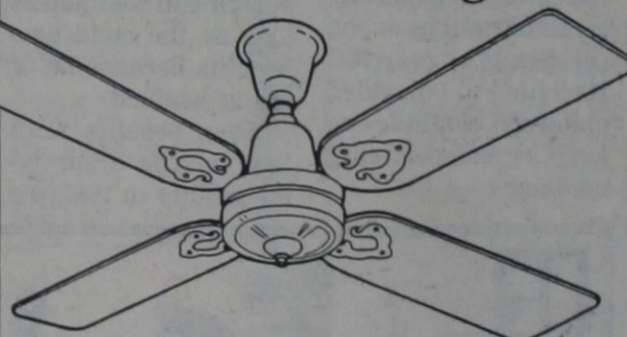

Zucchini - Pineapple goes around again! The recipe has gone through considerable testing at Purdue University. Of concern was the acidic level of the recipe for safety. The following recipe is recommended. Those of you with gardens producing abundant supplies of fresh zucchini might like to try the following recipe.

**FAKE PINEAPPLE**  
4 quarts grated or diced zucchini  
1 1/2 cups "Real Lemon" juice  
1 can (46 oz.) of unsweetened pineapple juice  
3 cups sugar

Remove peeling and seeds from zucchini. Grate or dice, mix all ingredients thoroughly and simmer for 20 minutes. Stir frequently. Pour hot zucchini mixture into clean, hot jars, leaving 1/2 inch headspace. Process 30 minutes in boiling water bath.
