

Army Confesses Release System Badly Jammed

Senate Investigation Extracts Promise Of Separation Centers

By MAX HALL
WASHINGTON, Sept. 13 (AP) — The army acknowledged today that its backlog of men eligible for release, but still in uniform, was badly jammed up.

But—Maj. Gen. S. G. Henry, assistant chief of staff, told senators — this backlog will be cleaned up within 40 days.

The general testifying before the senate military committee which wants to know why men are not being discharged faster, said:

The jam-up occurred in part because the airforces—believing full airpower was needed against Japan—released no men between the day Germany quit and the day Japan quit.

New separation centers being put into operation, Henry said will speed up the discharges; 171 will be in operation by December 1. There are now 22.

He said they'll be able to discharge 800,000 men a month by December 1. He didn't say that many would be getting out of service monthly by that date.

But previously the army was understood to have said 800,000 would be getting out by Dec. 1. The navy asked congress again—please—not to reveal part of the Pearl Harbor story, the part about the Japanese code.

Congress listened to the army and navy—with mixed feelings.

That was the situation on Capitol Hill today, along with congressional news about surplus property... Standard time government corporations... unemployment pay... and the Japanese Black Dragon Society.

As for the Pearl Harbor facts: It was learned that the navy has renewed its plea for continued secrecy for portions of the naval inquiry board's report on the 1941 disaster. These portions have to do with breaking the Japanese code.

But some members of the senate naval committee, which has the full naval report, say they believe the public ought to be given the whole story. A 10-man congressional committee will start an A-to-Z investigation of Pearl Harbor shortly.

Meantime the law-making machinery is gathering speed. The senate followed the house and passed a bill to snuff out the three-man surplus property board and substitute one boss (probably W. Stuart Symington). President Truman is sure to sign it, because he asked for it.

The house passed a bill to turn America's clocks back one hour on September 30. The senate is expected to do likewise.

The house passed the Whittington bill which would bring federal corporations—like RFC and HOLC—under stricter congressional control.

Boswell Receives Master's At Texas
Among those receiving their master's degree from the University of Texas recently was George M. Boswell, Sr., for 13 years superintendent of the Coahoma schools until his resignation last spring.

Boswell, who now resides in San Angelo, did his major work in education, history and Spanish. He wrote his thesis on "Instructional costs in small Texas high schools of district No. 13." He had received his BA degree from North Texas State Teachers college in Denton in 1932.

PAW DIRECTIVES OUT
WASHINGTON, Sept. 13 (AP) — The wartime practice of issuing Petroleum Administration for War directives for expediting delivery of parts for new drilling rigs has been discontinued, Deputy Petroleum Administrator Ralph K. Davies said today.

Gen. Jonathan Wainwright (right), hero of Corregidor, pulls the cord that unveils display of Japanese surrender documents at the national archives at Washington. With him along the case are (left to right): Comdr. Jonathan Wainwright, II, the general's son; the commander's wife, and the general's wife. (AP Wirephoto).

Radio Engineers Still On Walkout

NEW YORK, Sept. 13 (AP)—The American and National Broadcasting companies returned to the air at 7 a. m. today, their regular opening time, but engineers who walked out yesterday remained away from their jobs.

Engineering executives and some radio announcers and producers turned technician to put the networks on the air—manning control panels, pulling switches and turning dials.

The engineers walked out at 5 p. m. (CWT) yesterday, disrupting nationwide service and causing cancellation of some programs.

A. T. Powley, president of the independent engineers' union, the National Association of Broadcast Engineers and Technicians, said last night the men would be asked to return to work today.

Officials of both networks have termed the walkout unauthorized and said it began without warning.

The union said it resulted from a breakdown of contract negotiations. Immediately after the walkout which the union said resulted from a breakdown in contract negotiations during the afternoon, there was "dead air" on NBC for 15 minutes, and on ABC for half an hour.

The walkout began half an hour after the two networks received notification from the union that

Dawson Co. Hails Pea As Money Crop
LAMESA, Sept. 13 (Spl) — The humble black-eyed not only has come to the rescue of drought-ridden Dawson county but promises to be here to stay as a money crop.

Recommended as a soil conservation practice in 1938, pea planting is paying off this year that it likely will take its place along with grain sorghums and cotton as a money crop for the county.

Prolonged drought held cotton planting to 10,000 acres in Dawson county, normally one of the heaviest producers in the state.

When July rains came too late for cotton, farmers planted approximately 20,000 acres to black-eyed peas in order not to depend entirely upon grain sorghums.

Peak of the green pea harvest is due this week with farmers receiving from \$25 to \$40 per acre. Truckers are purchasing the crop for canneries at Tyler, Rusk, Lindale, Athens and Grapeland.

T. A. Barfield, county agent, has made some 2,000 placements of migratory laborers in an effort to assist farmers in the harvest, but still there is a serious labor shortage. Pullers receive one cent per pound, and since peas are easily picked and weigh heavily, many pullers are netting from \$8 to \$12 per day for their efforts.

Representatives Gather To Talk On Balkan Issue

Byrnes Confers With Yugoslavian King At London Meet

By JOHN A. PARRIS JR.
LONDON, Sept. 13 (AP)

U.S. representatives in eastern and southeastern Europe were gathering in London today for urgent consultations with Secretary of State James F. Byrnes on numerous touchy Balkan situations now before the big five council of foreign ministers.

Byrnes saw King Peter of Yugoslavia at Claridge's hotel on the express invitation of the young exiled monarch. Later the secretary of state consulted with the Greek regent, Archbishop Damaskinos, at the American embassy.

Another Byrnes conference was with Herbert Evatt, Australian foreign minister.

Diplomatic quarters considered significant the disclosure by the American embassy that the American diplomatic representatives were hurrying to London. Already here are Arthur Bliss Lane, American ambassador to Poland, and Robert Patterson, ambassador to Yugoslavia.

Some diplomats said they believed King Peter was trying to gain American support for his view that Marshal Tito's regime in Yugoslavia was dictatorial, and that the situation demanded a reshuffle of authority.

Byrnes' talk with the Greek regent was believed linked both with a proposed peace treaty for Italy and Balkan politics.

Byrnes took advantage of a day recess in the conference of five leading foreign ministers. Staff representatives of the United States, Great Britain, Russia, France and China held secret conferences and studied documents which were so complicated as to postpone the third plenary session until Friday.

Greek domestic problems are considered linked to the general unrest in the Balkans.

France was reported to have offered detailed plans for internationalizing the German Ruhr and Rhineland.

Five Contributions Add To Bible Fund
Five contributions have added \$66 to the high school Bible fund, which is progressing steadily toward a \$2,000 minimum goal.

The Men's Bible class of the Wesley Methodist church gave \$26 toward the cause, and gifts of \$10 were received from the J. A. Davidson family, the Frances Boyle Estate, Lt. Jewel Barton, and the Salvation Army.

Col. Stafford Warren, Rochester, N. Y., a member of the mission said many persons still may die from initial effects of the explosion, but it will be difficult to determine whether from radioactivity or other injuries caused by the bomb.

Reporting on destructiveness of the atomic bomb, which was set to explode above ground, Farrell said that for a radius of one and a quarter miles from the point of detonation the area, including Japanese military headquarters, was completely demolished.

To a radius of two miles, everything was blasted, with some structures set afire. Between two and three miles, damage was slight. There was roof damage up to five miles and glass was broken up to 12 miles.

He emphasized that these were preliminary reports and that additional studies would be made from every angle. Some members of the commission expected to go to Nagasaki, where the second atomic bomb was dropped, today.

Unlicensed Driving Cases Increasing
Cases for driving without licenses have increased here in keeping with a state-wide campaign announced by Homer Garrison, director of public safety.

"This isn't a red tape or revenue proposition," Garrison said. "We are trying to keep people from being maimed or killed." He pointed out an estimated 250,000 drivers in Texas either have no license or are using expired ones.

Japs Empowered To Round Up 'Wanted'

OPERATION FOR TOJO—Capt. James Johnson, 1st Cavalry division medical officer (right), operates on Gen. Hideki Tojo, former Japanese premier, after he had shot himself in the chest in a suicide attempt. (AP Wirephoto from Signal Corps via Navy radiophoto from USS Iowa).

Tojo Afraid He'd Miss

JAPS WOULD HAVE STARVED IN CONTINUED AERIAL INVASION

By RUSSELL BRINES
TOKYO, Sept. 13 (AP)—Japan was beaten to her knees before surrender by the American "aerial invasion" which virtually paralyzed industry and so completely blocked the islands that 7,000,000 Japanese probably would have starved to death if the war had continued another year.

This was reported by seven prominent industrialists at a press conference yesterday.

They said that American air raids decided the outcome of the war and that Japan was defeated before the first atomic bomb was dropped. Only the militarists and industrialists, however, knew they had been beaten. The former wouldn't admit it and "we industrialists were too cowardly to speak out."

The industrialists participating in the conference included Ryozo Asano, president of the Japanese Steel Tube Co., Ltd., and director of Asano Portland Cement Co.; and Aichiro Fujiyama, president of the chambers of commerce and industry of Japan.

Mines, strewn in the Inland Sea and off Korea and North China, severed Japan's contact with the continent, they said.

Resultant shortages of coal, oil, salt and food contributed to paralyzing of industry so completely that industrialists indirectly informed the militarists shortly before the surrender that industry could not continue.

The industrialists estimated that 10 per cent of the population would have starved if the war continued another year. They said official rationing had been half of normal diet since July, 1945, and that food still was a major problem.

Search Continuing For Jail Breakers
The search was still on Thursday for three prisoners who escaped from the Howard county jail Monday evening.

Two men, believed to be Jesse Coy Kimbrough, 20, and Robert Martin, 20, were reported to have roared through Eastland Wednesday in a car stolen from young Kimbrough's father, W. E. Kimbrough, Eastland, Tuesday night.

At the same time, a car stolen from B. D. Rice, Cossden employe, on the evening that the three men broke jail here after overpowering Deputy Sheriff A. D. Bryan, was recovered a mile north of Eastland. Officers theorized the escapees abandoned it before making off with the Kimbrough car.

The elder Kimbrough reported to officers he was unsuccessful in trying to persuade his son to surrender. Moreover, he was struck in a struggle to gain possession of a pistol seized off Bryan.

Ex-Premier Says He Knew Time Had Come To Commit Suicide

By DUANE HENNESSY
YOKOHAMA, Sept. 13 (AP) — Hideki Tojo, in the first interview since he shot himself two days ago, said today he had planned to kill himself for a long time but that when he saw American officers standing outside his house he "knew the time had come."

The deposed Japanese dictator then shot and wounded himself near the heart with a .32 caliber pistol, but prompt blood transfusions and other treatment by American army doctors saved his life and he was declared today to be in "satisfactory" condition.

In talking today Tojo brushed aside many questions relating to war and politics, but when asked if Saburo Kurusu had known about Pearl Harbor plans when he talked to Cordell Hull about peace, Tojo replied that he could not answer without documentary evidence.

Tojo was registered as patient No. 10,694 and was the 100th patient admitted Tuesday at the army's 98th evacuation hospital.

He looked little like a dictator as he was interviewed. He was propped up on his bed with a folding chair and pillows behind his back. He was covered by a clean white sheet, but his feet were sticking out. He was dressed in G.I. pajamas many sizes too large.

Tojo said he felt much better but suffered a little pain "inside," pointing to his left side. Maj. Elbert Elliott of Houston, Tex., said Tojo's condition was considered "quite satisfactory," but later the former war lord's eyes appeared to become slightly glassy and he complained of being tired.

Asked why he decided to shoot himself instead of performing the traditional ceremony of hara kiri, he replied:

"While hara kiri is the traditional manner of ending your life, I feared I might miss." He explained that the traditional ceremony calls for the perpetrator to bring the knife up and across his stomach, and that a second person stands behind with a sword to cut off his head. He explained, he had no one to carry out the second part.

"I have nothing to say, because it is all being decided by the United States government," he replied when asked how he felt about the fact he must face trial when he recovers.

He said his treatment in the hospital was "good" and that the United States army was "abiding by international law" in giving him treatment.

Military police guards, his nurse and a Japanese-American interpreter were constantly in the room during the interview.

Government To Show Results In Two Days

TOKYO, Sept. 13 (AP)—Eighth army headquarters empowered the Japanese government today to round up the remaining Japanese on General MacArthur's "wanted" list.

No time limit was set but it was indicated that the government would have to show some progress within two days or the privilege would be withdrawn.

The government had asked permission to handle further arrests after Hideki Tojo, deposed wartime dictator, shot himself two days ago while American officers hammered at his door. Now in "satisfactory" condition and able to talk with correspondents today, Tojo has headed MacArthur's list of those sought for questioning about war crimes.

Japan today reported formally that its imperial headquarters had been abolished in compliance with MacArthur's orders, and MacArthur announced that Gen. Walter Krueger of the Sixth army and Vice Adm. Harry Hill of the Fifth amphibious force would enter Sasebo, Kyushu, Sept. 20 to prepare for its occupation two days later.

Tojo offered no defense of his militarist government which launched the Pearl Harbor attack, while Prince Fumimaro Konoye, present vice premier, blamed militarists like Tojo for his own failure to avert war.

Prince Konoye called on General MacArthur today, Allied headquarters announced without amplification.

Japan's business leaders emphasized in an interview today that both the militarists and the industrialists knew before surrender that the war was lost—before the first atomic bomb dropped, but that militarists wouldn't admit it and "we industrialists were too cowardly to speak out."

The nation, they said, was industrially paralyzed and on the verge of starvation.

As Tojo, raised to a semi-sitting position, at his first food since his attempted suicide Tuesday, others who had played major roles with him since the sneak attack on Pearl Harbor either were being rounded up or were doing a more effective job of self-elimination.

The navy minister in Tojo's infamous "Pearl Harbor cabinet," Adm. Shigetarō Shimada, surrendered quietly at his home to an American officer, saying he had contemplated suicide but changed his mind.

But the man whom the Japanese defense of Honshu's vital Kanwar machine had planned to lead to plain against American invasion, Field Marshal Gen. Sugiyama, killed himself with a pistol shot through the head at his office near the emperor's palace.

"I regret the war ended in such a way," he had told his aide, Colonel Tanaka, "and as I was in an important post I keenly feel my responsibility and am awaiting a significant opportunity to do away with myself."

One of Japan's three field marshals, member of the Kwantung army clique and a former war minister, Sugiyama found that opportunity yesterday, while his wife was killing herself at her home.

(The Domei agency, in a broadcast recorded by the FCC, said Sugiyama shot himself three times but lived an hour. Domei said, "he felt a deep responsibility for Japan's defeat." He left farewell letters to the war minister, his chief of staff and others.)

More suicides were believed likely as the hunt progressed for the listed persons, including seven suspected key members of the dreaded "Black Dragon Society," which has been ordered disbanded.

Konoye Claims He Tried To Avert War But Tojo Too Strong

By RUSSELL BRINES
TOKYO, Sept. 13 (AP) — Prince Fumimaro Konoye, Japanese vice premier, declared today that he had tried in the summer of 1941 to meet President Roosevelt and avert the war but his proposal failed partly through militarist opposition and partly because the Japanese government was regarded internationally as a liar.

"It was that way when I was trying to see Roosevelt. The government was considered a liar, because no matter what we promised regarding China, final decision on the removal of our troops from China depended

upon the military. That was one reason why the meeting was never held."

Konoye, premier in that fateful summer and fall, said that an argument with the then War Minister Hideki Tojo over continuing peace negotiations led to his own resignation and Tojo's climb to the premiership.

"I feel confident that if I had been able to see Mr. Roosevelt I could have established a basis for intervention of the imperial house in the rising war tide within Japan at that time," Konoye said in an interview.

The prince, who was succeeded by Gen. Hideki Tojo as premier in October, 1941, said that the Pearl Harbor attack the following December was engineered in strictest secrecy by a small group under Tojo and that many of the military clique, all the civilians and himself were totally unaware of the attack beforehand.

Konoye was leader of the pro-American faction in the pre-war struggle with militarists, and had been Tojo's strongest opponent.

The army named Tojo as war minister in a slight reshuffling of Konoye's cabinet in December, 1940, and there was nothing he could do to oppose the appoint-

ment, made by General, now Field Marshal, Shunroku Hata, former war minister. From then on, said Konoye, Tojo's power increased.

"Up until August the army was undecided whether to accede to the basic American requirement that it withdraw completely from China," Konoye asserted, "but by October Tojo's attitude changed, and when my cabinet fell on Oct. 16, 1941, I knew that war was inevitable but I did not know just how or when it would come."

He said his resignation actually came about in a controversy with Tojo over whether negotiations

should continue.

He had officially suggested to the United States that he and President Roosevelt meet personally. Washington agreed and Honolulu was tentatively mentioned as the scene.

Meanwhile, Konoye said, the negotiations became entangled with the unsolved problems of Japan's activities in China.

"Finally," he said, "Washington made clear that such a meeting would be useless unless basic problems could be settled.

"In the controversy with the (See KONOYE, Page 12, Col. 1)

Japanese Women's War Activities Have Brought Peacetime Freedom

By ADELAIDE KERR
AP Newsfeature Writer

Japanese now in the United States say the Nipponese woman's war activities on farm, factory and fighting line have done much to free her from her old position, which was virtually that of man's slave.

They expect to see her much more active in careers and politics in the postwar world and even to win the right to vote in the next 25 years. Those who express that opinion are chiefly identified with educational fields. None of them want to be quoted. They are in the United States as enemy aliens and under injunction not to talk.

But what they say sums up to this:

"The position of Japanese women already had begun to change before the war. During the war they produced most of the country's food and much of its weapons and even fought in battle. After the war a certain number of them can be expected to exert themselves in education, literature, art, birth control, the Labor Movement and the woman's suffrage movement."

Before the war Japanese women were considered generally to be the unhappiest, most restricted women in the modern world. Their whole lives were bent on serving and pleasing men.

Their marriages generally were arranged by family or marriage broker and many of them saw

their husbands only once or twice before marriage. Once married, a Japanese wife had to wait on her husband when he dressed, scrub him in the bath, bow low before him when he left and entered the house, walk behind him, carry his packages and be waiting with a sweet smile to welcome him when he returned from a party with the geisha girls.

A husband could divorce his wife on very slight pretext, which meant disgrace and social eclipse for her.

Women were expected to spend their time in household tasks, flower arrangement, tea ritual, visits to family and shrine. They were discouraged from going to movies and theaters and acquiring much education.

But gradually the picture began to change, partly as a result of Japan's activity in the outside world after World War I.

Japan now has a number of women doctors, lawyers, teachers and dentists. Japanese women also have worked in agriculture, fishing, mining, traffic and industry. Figures of the 1930 census reveal that out of 32,058,850 women in the country, 10,589,403 were breadwinners and \$54,792 of these were employers.

Women of the upper classes, began to be active in social problems.

Within the last few years Japanese women formed philanthropic, social and suffrage associations and during a recent parliamentary election women speakers were in greater demand than men.

Coahoma Club Begins Fall Activities With Luncheon Wednesday

COAHOMA, Sept. 13 (Sp1) — The first fall meeting of the 1941 Study club was held Wednesday in the parlor of the First Methodist church, when the out-going president, Mrs. G. W. Felton, entertained with a 12:30 luncheon, honoring the new president, Mrs. Charles Read, Jr.

The three course luncheon was served by the ladies of the Methodist church. A color scheme of green and gold was used in table decorations.

The regular meeting followed at 2 p. m. with Mrs. Read presiding. The new yearbooks were distributed and committees for the year were appointed including, program, Mrs. Edna Tanner, Mrs. Flora Lay, Mrs. Marie Severance, Mrs. Hattie Bell Shive; membership, Mrs. Audrey Cranfill, Mrs. Leslie Adams and Mrs. E. J. Davis; parliamentarian, Mrs. Norman Read; reporter, Mrs. H. L. Borden; personal service, Mrs. E. T. O'Daniel; social, Mrs. C. H. DeVaney, Mrs. Ray Swann, Mrs. G. W. Felton, Mrs. W. C. Rogers; telephone, Mrs. Tom Barben, Mrs. Eleanor Garrett.

The programs for the year are to be on Russia. Mrs. Norman Read introduced the subject when she reviewed W. L. White's book, "Report on the Russians."

MUCH has been written about feminine hygiene. But too often women overlook hygiene in the REAL sense of the word—under-arm cleanliness and sweetness. You cannot be attractive with under-arms moist, stined and smelly. Use Arid, the new cream deodorant.

1. Does not irritate skin. Does not rot dresses and men's shirts.
2. Prevents under-arm odor. Helps stop perspiration safely.
3. A pure, white, antiseptic, stainless vanishing cream.
4. No waiting to dry. Can be used right after shaving.
5. Awarded Approval Seal of American Institute of Laundering—harmless to fabric. Use Arid regularly.

More women use Arid than any other deodorant. 39¢ and 59¢ (plus tax) at any store which sells toilet goods.

Over 500 Receive Orders At Post To Be Discharged

Orders received today boosted to more than 500 the total number of officers and men who will leave the Big Spring Bombardier school in September for separation centers.

The new orders listed 275 officers and seven enlisted men, most of whom are due to report to their respective separation centers before Oct. 1. Previous September totals were 122 officers and 123 enlisted men.

Additional orders are expected daily. The orders are received from individual separation centers, specifying the number of men from the Big Spring base that can be accommodated on a certain date.

Personnel and separation centers effected by the new orders are: Ft. Bliss, Tex., 9; Ft. Dix, N. J., 71; Camp McCoy, Wis., 46; Camp Atterbury, Ind., 45; Ft. MacArthur, Calif., 27; Camp Shelby, Miss., 23.

And Camp Beale, Cal., 16; Indiantown Gap, Pa., 13; Ft. Lewis, Wash., 7; Ft. Bragg, N. C., 7; Ft. Sheridan, Ill., 6; Ft. Douglas, Utah, 4; Camp Blanding, Fla., and Camp Gordon, Ga., 3 each; and Ft. Logan, Colo., and Camp Chaffee, Ark., one each.

Saco-Underground Army-Revealed As One Of Top Secrets

CHUNGKING, Sept. 13 (AP)—Saco—the Chinese and American underground network which crisscrossed occupied China and on good authority actually reached into the Tokyo imperial palace—was revealed today as one of the top secrets of the war.

Guerrilla armies with which Saco worked now may be publicly credited with killing more than 25,000 Japanese in the past year. Chinese and American partners in Saco—personnel of a naval group in China facetiously known as the "Rice Paddy Navy" took the wraps off the organization and its manifold hush-hush adventures.

The guidance of the Sino-American co-operative organization—Saco—came from two sides. The director was Tai Li, head of the central government secret police. His deputy was Milton S. Miles, 45, of Jerome, Ariz., imaginative and incisive naval officer who was promoted from commodore to rear admiral just a month ago.

Tai's organization, with which Miles has worked since a few weeks after Pearl Harbor, was far more than a secret police force. It provided the manpower for Saco—guerrilla armies, jink masters and crewmen who became saboteurs, anti-Japanese fifth columnists and agents of every description.

NAMED JUDGE
AUSTIN, Sept. 13 (AP)—Former County Judge J. B. Randolph of Kimble county today was named judge of the 112th judicial district at Junction by Gov. Coke Stevenson. He succeeds the late Judge W. C. Jackson.

DDT FIGHTS TREE PESTS—A plane specially equipped to spray DDT flies over timber infested with the spruce budworm in an experiment with the insecticide in Quebec province.

Some Army, Navy Trucks Too Heavy For State Roads

AUSTIN, Sept. 13 (P)—Some types of army and navy vehicles purchased by civilians cannot operate under all conditions on Texas highways because their empty weight exceeds the maximum gross weight of 48,000 pounds allowed by Texas law.

An opinion by the attorney general says a vehicle in excess of the legal maximum gross weight, increased from 38,000 pounds to 48,000 pounds as of Sept. 4, cannot be registered for highway use.

The opinion was sought by State Highway Engineer Dewitt C. Greer who said some vehicles purchased from the army and navy by civilians were very heavy and some of them have an empty weight in excess of the maximum gross weight.

The opinion made these stipulations: Where a truck weighs 40,000 pounds empty, it should not be registered if its gross weight exceeds the legal limit.

Each unit—truck, truck-trailer, trailer or semi-trailer—should be registered separately, and if an individual unit has a gross weight in excess of 48,000 pounds it should not be registered.

If two or more units whose separate gross weight does not exceed the legal gross weight are operated together and their combined gross weight exceeds the legal limit they may operate under a special permit.

Franco Violent In Dislike For Masons

MADRID, Sept. 13 (P)—Generalissimo Francisco Franco unleashed a violent attack against Masonry today in an unscheduled speech.

Franco blamed what he called a "Masonic superstate" for attacks abroad against the Spanish government. He spoke before a hastily summoned meeting of robbed priests and monks who are accredited as the religious advisors of the feminine section of the Falange.

Franco denounced the Masons of the world, adding:

"But I think the battle is advantageous for us, they go against God and we are his soldiers."

CAPT. WRIGHT LIBERATED

Among liberated prisoners known to many Big Spring people is Capt. Huddleston W. Wright, whose wife and daughter reside at 2201 25th street, Lubbock. He was in the famous lost battalion of Java.

TRAINING ON B-29

First Lt. Jake S. Bishop, Jr., son of Mr. and Mrs. J. S. Bishop, 1407 Scurry, has been undergoing combat crew training as an air-transport commander on a B-29 at MacDill Field, Tampa, Fla.

BACKED UP INVASIONS

Russell Everett Turnbow, boat-swain's mate, second class, has been serving with a repair and supply unit which backed up invasions in the Marshalls, Gilberts and Okinawa.

RECEIVES CONGRESSMEN

ROME, Sept. 13 (P)—Pope Pius XII received six members of the U.S. house foreign affairs committee today and told them the end of the war will not diminish or simplify humanity's problems. The group included Rep. Luther A. Johnson (D-Tex.).

KILLED IN CRASH

SAN ANTONIO, Sept. 13 (P)—Flight Officer Leander C. Stedman, Jr., of Jacksonville, Tex., was killed yesterday when the AT-6 army plane he was piloting crashed at Davenport Field, an emergency landing strip near Randolph Field.

S.O.S. FIRE GUARD

Sudden death to fire! S.O.S. Fire Guard employs the smothering action of a vaporizing liquid as the fire fighting agent. Action is fast and sure, especially on electrical, gasoline, and oil fires. Meets requirements of Interstate Commerce Commission for use on motor trucks and buses. Approved by U. S. Coast Guard and Marine Inspection. Bears Underwriters' label. 1 quart size.

- 1 QUART FLUID REFILL—Will not freeze! . . . 1.00
- PANIC-PROOF HANDLE LOCK—No chance to make a mistake! Releases by turning handle to left or right.
- ONE-PIECE CAP DESIGN—Made in one piece brass drop forging for added strength and smooth construction.
- PATENTED SAFETY PHLARE DESIGN—New pump action at all times, even though fire extinguisher is not used often.
- READY FOR INSTANT USE—Handy bracket included with each S. O. S. Fire Guard . . . can be fastened most anywhere.

MONTGOMERY WARD

The Nation Today— Senate Bill To Plan 3,000 More Airports To Be Acted On By House

By JAMES MARLOW
WASHINGTON, Sept. 13 (P)—The senate has just passed a bill to give the country 3,000 more airports. The house has to approve before work gets started.

\$75,000,000 a year—for setting up 3,000 new airports and repairing 1,600 of the 3,000 existing airports.

There are about 3,000 airports now. The majority of them can handle only small private planes. They're sort of air parks.

There's no sense in trying to be precise here about the congressional action. The house may change the senate version of the bill. Then both houses may work out a compromise.

The government — through the Civil Aeronautics Administration — suggested last November that 3,000 more airports be added.

Until that's done, no one will know exactly what the program will be.

The vast majority of the new ones—about 2,900 of them—would also be for small planes, the air park type.

"PERSONAL MEANING"
Warrant Officer John W. Galey, carpenter USN, and formerly of 407 Donley, was engaged in practice landing operations preparatory to the storming of Japan's beaches when word of peace came. Said a report from his attack transport: "Peace had a personal meaning."

CAA figured the job of laying out the airports, plus the land, would cost \$1,250,000,000.

Check Local Store
Collins Bros. Drugs

Half of this — \$625,000,000 — would be paid by the government. The other \$625,000,000 would be paid by states, cities or counties.

Two congressmen — Rep. Clarence Lea, California democrat, and Senator Pat McCarran, Nevada democrat — showed two bills into congress to carry out in some degree the CAA program.

Lea's bill would have the government put out about 65 million dollars a year for the next ten years — or \$650,000,000 to be matched dollar for dollar by the local communities for a total of \$1,300,000,000 over 10 years.

McCarran's bill finally went through the senate yesterday. It would have the government put up \$375,000,000 over five years — or

LETTER FROM SGT. JONES

Sgt. Omar L. Jones, assigned to the 308th bomber wing, headquarters squadron, now on Okinawa, happened to be in Manila the day news of peace came. "Those boys really did celebrate," he said. Back on Okinawa the GIs were too busy to do much celebrating. Sgt. Jones, son of Mr. and Mrs. S. P. Jones, said it is impossible to imagine how Okinawa could be changed so quickly into such a beehive of activity. He is somewhat concerned about a coincidence of names here in Big Spring and asks that it be pointed out he is not the party by the same name mentioned in court litigation. To set the record straight, Sgt. Jones was graduated from high school here in 1941, attended Texas A. & M., was a member of the First Methodist church, and was happily married to Nell Taylor of Sulphur Springs in April of 1942. Sgt. and Mrs. Jones plan to make their home here after he is discharged from the service.

The Rattler: Youngster Spouts Off Languages

AP Newsfeatures
NASHVILLE, Tenn.—The college gang loafing around Vanderbilt University's book store looked up one day this summer to hear an 11-year-old youngster remark, "Nope, I'm not looking for a place to play. I'm going to college."

Since then the whole school has heard of Gene Crozier, who is tackling college Spanish during his vacation from the sixth grade. Gene has been studying other languages at home for a year.

He was bound for the grocery store one day, muttering a few Spanish phrases he had picked up from a shortwave broadcast. "A neighbor happened to hear me and offered to lend me some grammar books to study," he says.

He learned the basic grammar and pronunciation of five languages from the books. When Christmas rolled around he asked for more language books, and spent Christmas Day studying them.

Last Spring, while waiting in a dentist's office, Gene asked to use a typewriter. The dentist found him busily typing in Spanish. He took Gene to Vanderbilt, where they let him audit classes that semester.

Now he's enrolled in the regular five-year Spanish course, although not officially registered. "He's far ahead of the college students in his conversational ability, and his accent and pronunciation are nearly perfect," the instructor says. "But we can't tell how he'll develop until the going gets a little harder."

Big, Little Inch To Be Leased Or Sold

WASHINGTON, Sept. 13 (P)—The government plans to sell or lease the Big Inch and Little Inch war emergency pipelines soon, an official disclosed today.

Operation of the Big Inch will be discontinued about October 15, said Sam H. Husbands, a director of the Reconstruction Finance Corporation. The date will depend

Army Gains, Navy Loses In Casualties

WASHINGTON, Sept. 13 (P)—The army gained but the navy lost men in today's latest revision of casualty reports from World War Two.

The total now stands at 1,070,730 for all branches of the armed services. This is 278 more than last week's recapitulation.

Liberation of 285 more prisoners of war who previously had been listed as missing cut the army's casualty total down to 922,302, but the navy's total rose to 148,428, an increase of 563 over last week's figure.

Tree-Ripened And In Natural Green Color, Texas Lemons Ready

The Texas lemon season again is in full swing, carrying out the progressive increase in quantity and quality.

This year weekly service to retailers is assured this season for the tree-ripened fruit marketed as Tex-Lem.

Jucier and richer in vitamins C and B, these Rio Grande valley lemons have everything that the yellow lemons have and more.

In the past, yellow lemons from Italy and the Pacific West have supplied the Texas market, and users have become accustomed to their characteristic color.

The new lemon gives more juice and acid than artificially colored lemons, according to specific tests.

It makes good lemonade as it does lemon pies or other confections.

The yolks of eggs contain lecithin, an important substance for nourishing nerves and aiding growth.

Brazilian Culture Shows Influence Of Yank GI's

RIO DE JANEIRO—American Army and Navy influence in Brazil has done much to swing the country toward American rather than French culture.

English has taken the place of French as the foreign language emphasized in high schools.

It has become old fashioned to call your sweetheart "Cherie."

It is possible to learn English and win scholarships attending courses at the Instituto Brazil-Estados Unidos and similar institutions and the United States has sent specialists here to help with the orientation job.

Brazil is an island in South American Spanish culture, having been discovered and developed by the Portuguese.

efficient and immune to external influence. Brazil, in the past, has reflected the important French influence which Portugal has accepted.

Now that France has been freed, French influences are returning to Brazil.

But regardless of what happens in the future, many Brazilians feel they will not forget the lessons taught by American GIs.

Coast To Coast NBC Hookup To Highlight Dinner For Col. Hobby

HOUSTON, Sept. 13 (AP) — A coast to coast NBC broadcast will highlight the welcome home dinner here tomorrow night for Col. Oveta Culp Hobby, former head of the W.A.C. The broadcast will be from 9:45 to 10, and will feature an address by Brig. Gen. Henry Irving Hodes, assistant deputy chief of staff to Gen. George Marshall, chief of staff and Col. Hobby's response. General Hodes will be General Marshall's personal representative. Col. Hobby resigned from the W.A.C. and has resumed her duties as executive vice president of the Houston Post. The dinner was originated by Houston friends who desire to show their appreciation of her services during the national emergency. The dinner is an invitation affair, and hundreds of acceptances have been received by the committee in charge.

Early Norther In Texas Brings Cool Winds And Rains

By The Associated Press Blustery winds beat down Texas temperatures yesterday (Wednesday) as an early norther swept the state. Yesterday's winds and rain were gone but mercury readings remained unseasonably low today (Thursday). The norther came from the northwest, where Raton, N. M., early today reported a low of 30 degrees. Coolest spot in Texas this morning was Pampa with a low of 42 degrees. Amarillo reported 44. Wettest spot yesterday was Brownsville, with 1.25 inches of rain which benefited crops. Corpus Christi received .62 inches. Rainfall ranged from traces to showers over most of South and East Tex-

as, but none was reported in West Texas. The forecast for most of the state was fair and continued cool today and tomorrow. The weather's sudden change of pace caused damage in some sections. Howling winds and rain upset a circus crowd in Dallas. Two were injured seriously, and several others hurt slightly as the crowd under the big tent of Ringling Bros.-Barnum & Bailey circus rushed for exits when the storm struck. Fred Bradna, 70, equestrian director for the circus, and Mrs. Mary L. Buliek, 34, were hospitalized. Fort Worth reported a stiff wind which caused some damage. Rain and hail fell in some parts of the city. Temperatures dropped from 95 to 61 degrees. Cotton picking was halted in the Corsicana area which received .95 inches of rain. Other low readings today: Abilene 58, Austin 63, Big Spring 51, Brownsville 68, Dallas 62, El Paso 59, San Antonio 63, Tyler 59, Midland 52, Wink 51, Salt Flats

56 and Guadalupe Pass and Plainview 48. PTA CONVENTION AUSTIN, Sept. 12 (AP) — The Texas Congress of Parents and Teachers announced today it would hold its annual convention in San Antonio Nov. 14-15 since ODT restrictions have been lifted. ADMISSION BY TICKET AUSTIN, Sept. 12 (AP) — Admission to McDonald Observatory in the Davis mountains henceforth will be by ticket only, the University of Texas announced today. Our Shoe Repairs put new pep in old shoes. CHRISTENSEN SHOE SHOP Cor. 2nd and Runnels

From where I sit... by Joe Marsh Mad Dogs and Wagging Tongues The county had a "mad dog" scare last week. Phoebe Token's spaniel bit the postman, and he vowed that he was plenty mad about it. But by the time the rumor got around, it wasn't the postman who was mad, it was the dog. And before the truth was learned, half the kids in the neighborhood had missed school, while their mothers nearly died of fright. Wagging tongues can cause a lot of "mad dog" trouble. Like wagging tongues that gossip about our soldiers drinking too much around Army camps. It's just not true, as the government found out and told us. Milk and beer are among a soldier's favorite drinks—which is why we have the best behaved army in history. But those ugly rumors are bound to hurt morale and cause hard feeling. From where I sit, wagging tongues can cause a heap more trouble than mad dogs. Joe Marsh

Officials Continue Requests For Help In Cleaning Up City City and health officials are continuing their request for Big Spring people to cooperate in concentrating all efforts to finish the cleanup sanitary campaign even though the polio epidemic has died out. Lawrence Wells, city sanitarian, is checking local cafes to see that they are abiding by health rules. R. L. Roberts is answering calls to business establishments needing another dusting of DDT. City crews are still busy cleaning alleys. SAY YOU SAW IT IN THE HERALD Men, Women! Old at 40, 50, 60! Want Pep? Want to Feel Years Younger? Well Balanced Meals Can Be Appetizing

By CHARLOTTE ADAMS
 Delectable Rice
 Lamb Patties
 Dandelion Greens
 Spanish Rice
 Whole Wheat Bread
 Orange and Apple and
 Grapefruit Salad
 (Recipes serve four)

Lamb Patties
 1 pound chopped shoulder of lamb
 1 egg
 1-4 cup milk
 1-4 teaspoon celery salt
 Salt and pepper
 1-2 teaspoon dried mint
 Mix lamb, egg, milk, and seasonings thoroughly but with the lightest possible handling. Form into patties about an inch thick. Fry in butter or margarine over fairly low heat, so that the patties may brown and at the same time cook through.

Spanish Rice
 1 cup rice
 1 cut clove garlic
 1 teaspoon marjoram
 1 green pepper, chopped
 3 tablespoons salad oil
 Salt and pepper
 1 can condensed tomato soup
 Brown garlic in hot salad oil. Remove garlic and add rice. Stir constantly over moderate heat until rice is lightly browned. Put rice in saucepan with two cups salted boiling water and cook over slow fire until water has evaporated and rice is fluffy and dry. Add soup, marjoram, and chopped pepper, and allow to stand over hot water at least fifteen minutes before serving.

Sun Time And Clock Time To Jibe Again Under House Measure

WASHINGTON, Sept. 12 (AP)—The house today passed without opposition a resolution to return the nation to standard time September 30.
 The measure would abolish daylight saving, or war time. It would mean that clocks would be turned back one hour at 2 a. m. on Sept. 30.
 The legislation now goes to the senate, where speedy adoption is expected. Action by the president is not required.
 Clocks were set ahead one hour in 1942, when congress created wartime as a means to conserve fuel and provide longer daylight working hours.

Egg Plant Boon To Meatless Meals

CHEF'S EGGPLANT . . . Pinch-hits for meat . . .

By CHARLOTTE ADAMS
 Associated Press Food Editor
 A more-or-less meatless meal once a week is a welcome change for most people, particularly if you serve a good, hearty vegetable, well dressed up, as the mainstay, accompanied by others which go well with it, and by potatoes, spaghetti or rice for further filling ingredients.

Italian Eggplant
 1 medium-sized eggplant
 1 can tomatoes
 1 clove garlic
 1-2 pound Mozzarella (soft Italian cheese)
 Salad oil
 Salt and pepper to taste
 1-4 teaspoon oregano
 Peel and slice eggplant. Soak in salted water for 20 minutes. Place enough salad oil in skillet to cover bottom. Chop garlic and simmer a few minutes in oil. Remove garlic from pan and fry eggplant until tender. Place layer of eggplant in casserole dish, then cover with a layer of tomato, cheese and seasonings. Continue until all ingredients are used up. Bake in 350 degree oven 30-40 minutes.

Chef's Eggplant
 12 slices eggplant, 1-2 inch thick
 1 egg slightly beaten
 2 tablespoons water
 1 teaspoon salt
 1-4 teaspoon pepper
 1-3 cup melted vitaminized margarine or butter
 1 cup quick oats
 Cook eggplant in boiling, salted water until almost tender. Drain. Combine egg, water and seasonings. Add melted butter or margarine to oats. Dip eggplant in egg mixture. Place on greased cookie sheet or in shallow pan. Heap oats mixture on each slice. Place under broiler until brown. Serves six.

Armenian Eggplant
 1 eggplant
 1 tablespoon shortening
 1 pound lamb shank
 4 sliced leeks
 4 tablespoons flour
 4 tomatoes
 1-4 pound sliced American cheese
 3-4 cup milk
 1 cup bread crumbs
 2 tablespoons melted butter or margarine
 Salt and pepper
 Melt shortening in an iron skillet. Add lamb, cut in small pieces, and brown lightly on all sides. Remove from skillet and place meat in a greased casserole. Pour one-half cup water into the pan in which the meat was browned. Bring this to a boil and pour the liquid over the meat. Sprinkle meat with two tablespoons flour, salt and pepper. Add layers of sliced leeks, tomatoes, sliced and peeled, and thinly sliced cheese. Sprinkle again with flour, salt and pepper. Cut peeled, sliced eggplant into finger-length strips and place on top of casserole contents. Pour milk over all. Cover and bake at 350 degrees for 45 minutes. Remove cover, sprinkle with buttered bread crumbs and bake 10-15 minutes longer, until crumbs are browned.

"You're Not Licked Yet"

(Editor's Note: Walter Callow, a Canadian flier wounded in a World War I crash, does not flinch at his crude nickname, "The Human Log." He has been bedridden for 15 years, blind and paralyzed; yet where he might have given himself over to despair, he has turned his energy to the needs—physical, sentimental and psychological—of other men.)

By WALTER CALLOW
 AP Newsfeatures
CAMP HILL HOSPITAL, Halifax, N. S.—Since I have worked with the inconvenience of a disability since 1917 and have been closely associated with and always interested in incapacitated men, I feel I know the problems of many soldiers who today are returning to all countries of the United Nations in large numbers.
 Disabled men, above all, should be made to realize they are needed. My creed is that if a person has a healthy mind, hearing, a voice and the will to do, he can still live a useful life. And the will to do or the incentive is perhaps the most important requirement. In my case, the will to do stemmed from the fact that my mother and wife both died within a year from the time I became bedridden, and I had to support and educate a 10-year-old daughter. This I was able to do by various means—buying and selling real estate, contracting, the lumber business, and the stock market, etc.
 Coupled with the will to do must be an occupation the man really likes.
Be Patient
 They cannot be expected to settle down at once. Men who have been conditioned to kill must be reconditioned to civilian life. If they flare up once in a while, that is to be expected and should be met with patience and consideration.
 Often soldiers dwell on their handicaps and think they can't do certain things. They must forget the sports and skills once cherished and concentrate on the things they still can do.
 I have known the difficulty of getting insurance and loans, of dealing with persons in authority who think one a constant source of annoyance and leave obstacles in the way. In the past I have been able to surmount these obstacles and have been blessed with the cooperation of friends. I know others can do the same, given a chance and encouragement.
 Daily I talk with a procession of incapacitated men. Through my work in sending overseas 3,000,000 cigarettes as well as comforts, I have become known to 75 per cent of the men overseas. Landing in Halifax from troopships, some visit me even before boarding trains for their homes.
My Friends Succeeded
 I remind them of outstanding men like the late President Roosevelt, whose handicap, I believe, made him even greater than he would otherwise have been, and the famous legless flier, Douglas Bader. We discuss their plans for the future and if they have none, I am sometimes able to suggest something suitable. Whatever the disability—blindness, amputation of one or more arms or legs, spinal injuries—they can still be useful citizens. Disabled friends of mine have found careers in law, medicine, teaching, music, farming, government departments, forestry, selling, painting, paperhanging and operating movie projectors, among other things.
 Many of these men who were young and irresponsible before going overseas, have become accustomed to assuming heavy responsibilities and have gained practical experience in many trades. If they are given the full support of their country, they can be invaluable in replanting our forests, developing our untouched mineral and other resources, expanding manufacturing industries and export trade. It is my belief they can weld the world in an everlasting peace.

Pope Pius Receives Ike, Son And Clark

ROME, Sept. 13 (AP)—Pope Pius XII received Gen. Eisenhower, his son, Lt. John Eisenhower, and Gen. Mark W. Clark, U.S. commander in Austria, in a private audience today.
 Following the audience Gen. Eisenhower visited St. Peter's Cathedral. The Allied commander was expected to return to his headquarters in Germany tomorrow.

Wrap scissors in waxed paper to prevent them from rusting during the hot, humid weather.

Dairy Course Plans 8-Point Program
 COLLEGE STATION, Sept. 13 (AP)—Feature of the dairy fieldmen's short course to be held at Texas A. and M. college Oct. 8 and 9 will be an eight-point dairy operational program. The program is recommended by the U.S. Department of Agriculture and the dairy industry committee.
 A. V. Moore, professor of dairy manufacturers and director of the short course, said this program is being put into operation all over the country through state schools similar to Texas A. and M. college.
 The eight-point program:
 1. Feed every cow for economical production.
 2. Save milk dollars by improving grasslands.
 3. Retain feeding values by improved hay making and silos.
 4. Keep production records for better herd management.
 5. Breed for improved herd replacements.
 6. Protect quality of milk and cream by cleanliness and cooling.
 7. Reduce labor cost by improved layouts, equipment and methods.
 8. Maintain herd health for quality and efficiency.

Old Settlers Plan Reunion And Picnic

Old Settlers of Howard County will hold their annual reunion and picnic at the City Park Friday, September 21. J. S. Winslow, president of the Old Settlers Organization, has announced. Originally scheduled for Aug. 30, the picnic was postponed due to the polio epidemic, but with the let up plans are being made again. All residents of the county for 20 years or more are invited to attend with their families.

Egg shells are chiefly formed of carbonate of lime.

Three Youths Held In Hitchhike Slaying

ATOKA, Okla., Sept. 13 (AP)—Three Aulin, Tex., youths were bound over to the district court without bond after preliminary hearing yesterday on charges of murder in the hitchhike slaying Aug. 2 of McGraw E. Streckenfinger, 20, Pittsburgh, Kans., merchant marine.

Assistant County Attorney I. O. Correll said Judge J. B. Maxey first presided over a juvenile court for the younger boys of the trio, Omá Dixon Clauch, 14, and Ernest Entland, 15. Judge Maxey said Clauch and Entland were capable of committing crime and they were given a preliminary hearing with a third youth, Billy Stussler, 17. All three have pleaded innocent.

Entland took the stand to corroborate a written statement that included his assertion that he had no part in shooting Streckenfinger after hitchhiking a ride from the Oklahoma-Texas border near Kiowa, Okla.

Written statements were also entered by Clauch and Stussler.

IN UNIFORM

HENDRICK AT PEARL HARBOR
Willard Hendrick, storekeeper (disbursing) second class, has been serving with the naval service force organization at Pearl Harbor which trained and provided men to operate and hold forward bases during the war.

FOR REASSIGNMENT
Capt. Ollie C. Hart, son of Mr. and Mrs. A. C. Hart, has reported to Miami Beach, Fla. for reassignment according to word from that base. Capt. Hart was taken prisoner about the time the big offensive got underway in France after the invasion.

IN REDISTRIBUTION
Flight Officer Earl H. Sturdivant, Odessa, holder of the Air Medal, has reported to the redistribution center at San Antonio. He is a graduate of the Big Spring high school and son of Mr. and Mrs. B. A. Sturdivant.

BARNETT WOUNDED
Among names of army wounded in the Pacific region is that of Ira D. Barnett, son of Mrs. Lillie L. Brothers, Stanton.

ASSIGNED TO TRIPOLI
F-O Robert W. Meeks, son of Mrs. J. T. Meeks, has been assigned to Mellaha air base, Tripoli, by the air transport command.

RATLIFF PROMOTED
Among officers of the navy living at station at Ottumwa, Iowa, promoted to senior grade lieutenant, is Lt. Joe E. Ratliff, formerly a member of the local school faculty. He has been in service since 1943.

MAKING MAPS
New maps for Bavaria and Austria mean plenty of work for T-Sgt. Ollie McDaniel. The 660th topographical battalion is utilizing more than 5,000 aerial photographs in the task of mapping the occupied section. Most of the men in the unit have been overseas from two to three years.

REPORTS TO CENTER
Cpl. L. B. Baker, route No. 2, recently reported to the redistribution center at Hot Springs, Ark. for reassignment. He was a prisoner of war for 10 and a half months, holds the distinguished unit badge, and the EAME ribbon with one battle star.

DISCHARGED FROM WAC'S
Pfc. Verna M. Tidwell, 506 Benton, has received her discharge from the WAC's at Camp Beale, Calif. Her husband, T-5 Ernest F. Tidwell, who served in Germany, was discharged through the Ft. Sam Houston distribution center on Aug. 1. Mrs. Tidwell is the daughter of Mrs. Annie J. Lamont, 470 Taylor, Astoria, Oregon.

ABOARD NORTH CAROLINA
James Harlan Morgan, 19, S-1c, was serving aboard the USS North Carolina, one of the fleet's mightiest units, at the time the massive battlewagon was wheeled in to protect occupation forces in landing in Japan. He is son of Mr. and Mrs. James T. Morgan, 110 Algeria.

ASSIGNED IN TRINIDAD
M/Sgt. Robert C. Ritter, formerly of Big Spring, has been assigned to the ATC Isle of Trinidad base. He has had 18 months previous overseas service as a line chief. His wife, Mrs. Billie Louise Ritter, and son, Robert, reside in Monahans.

Three Years Of Hell Not Easily Forgotten

ABOARD A U. S. MERCY SHIP OFF TOKYO, Sept. 13 (AP)—Three years in Kawasaki prison camp was described as "a living hell" by Marine Private First Class James E. Hinkle, 25, of Barry, Tex. The Texan was released Aug. 20 with other American war prisoners shortly after the Fourth regiment landed in the Japanese homeland.

Captured January 8, 1941, along with 23 other Marines, Hinkle was with the North China force, embassy guard detachment at Teintsin. When captured they were waiting for the ships to return from the Philippines which had evacuated the "old" Fourth Marines.

"It's been a living hell under the Japanese," he said. "We were forced to work ten hours a day. Our food consisted of boiled maize and soy beans like the cows at home eat."

"We were never told of the progress of the war and anyone who asked questions was given a beating with a baseball bat. When new prisoners came into camp bits of information circulated and we were able to get a fairly clear picture of what was going on outside. That's what kept our courage up, I guess."

Hinkle added that the Japanese living quarters for internees were intolerable. Conditions were so crowded, he pointed out, that they were sleeping side by side with each others' feet in their faces.

When they were first captured in Teintsin, they were taken to Shanghai where they remained in a prison camp for two months. While there the Marines were assigned with labor units in erecting a miniature monument of Mount Fujiyama.

Later the detachment was split up and Hinkle was transferred to

improvement in our living conditions. "But," he continued, "you don't forget three years of hell in 30 days."

Kawasaki prison camp, Japan, where he has been confined since. He worked in a steel mill during his internment there.

He was transferred to the Omari prison camp near Tokyo on Aug. 16, shortly after the Japs offered to surrender to the Allies. "They never told us that Japan was surrendering," he said, "but we knew what was happening. We were treated much better there and knew nothing short of surrender could have caused such an

Steers To Work Under Stadium Lights Today

Southwest Football Anticipates Big Year With Heavy Ticket Sales

DALLAS, Sept. 13 (AP)—Jammed stadiums are coming back to Southwest conference football after an absence of two seasons while a war was being fought.

Reports on advance ticket sales from the seven conference schools show gains ranging from 33 1-3 to 50 per cent. Texas A. and M. does even better than that if 1944 alone is considered for comparison. Business Manager Pete Jones reports more tickets already sold for the Texas-A. and M. game Thanksgiving day than for all contests played at College Station last year.

A sell-out of 33,000 is due Turkey day as A. and M. gets this traditional contest at home. Last season it was at Austin. But A. and M. also expects big gains in attendance for other home games, anticipating for instance, that 15,000 will turn out for the Southern Methodist tilt.

Business manager Ed Olle of the University of Texas forecasts attendance will be 50 per cent above 1944, this being based on advance ticket sales.

Johnnie Porter, business manager of athletics at Arkansas University, declared the advance ticket sale is the heaviest in a decade and more than doubles last year. "We expect approximately 25,000 to witness three local games and 12,000 (a sell-out) for the Arkan-

Locals Prepare For Tahoka Tilt

Under the Steer stadium lights at 8:30 p. m. today the Big Spring high school Steers will go through their last workout before opening the 1945 season here Friday at 8:30 p. m. against the Tahoka Bulldogs.

Big Spring Athletic association members, pushing the sale of season tickets, are urging a good turnout of fans for the occasion. Already the organization has taken out 200 seasonal blocks and reports indicate a gratifying response.

Those who make the most of the opportunity to look the Steers over will see a lighter—but faster and fierier team. The team average is 147 pounds (strip weight), but even at this figure, it is substantially heavier than boasted by the Bulldogs.

Tahoka balances up at 144 pounds, with 147 average on the line and 142 in the backfield. Steer line average is 149 against 143 for the backs.

Some 60 hopefuls will be coveting on the velvety turf tonight, and at least two-thirds may see some action in the opening tilt.

Starters for Big Spring likely will be D. D. Douglass and Marvin Wright on ends; Gerald Harris and Jimmy Shaffer on tackles; Ike Robb and Billy Casey on guards; Tommy Clinkscals, center; Jackie Barron, quarterback; Hugh Cochran and Bobo Hardy, halfbacks; Robert Miller, fullback.

The Tahoka picture stacks up with Buddy Bragg and Jerry Edwards on ends; W. J. Kahl and Pete Schaffner on tackles; Glenn Newton and Gene Akin on guards; Joe Harvick, center; J. A. Dodson, quarterback; Billy Jack Barrington and James Cleave Barrington, halfbacks; and Charles Stephens, fullback. Edwards, with 155 pounds, is the only Bulldog tipping the beam over 150, according to Homer D. Stewart, Tahoka coach.

Barksdale Field Will Open Season Saturday

SHREVEPORT, La., Sept. 13 (AP)—Barksdale Field will send an experienced battle-tested football troupe into action here Saturday night in a season opener against the Maxwell Field Marauders of Montgomery, Ala.

A check on the 80-man Barksdale Sky Raider squad discloses that Lieut. Raymond Curfman, formerly of Texas Tech and head coach, will have available 26 with college football backgrounds, two who have played pro ball, 20 with high school experience and two sandlot alumni.

TAKES DECISION

HOUSTON, Sept. 13 (AP)—Paul Altman, Texas middleweight, took a 10-round decision over Fritz Zivic at the coliseum ring here last night. Zivic, the former world's champion welter from Pittsburgh, was outpointed all the way after the third round.

Tourney Cancelled, PGA Called Greedy

SAN FRANCISCO, Sept. 13 (AP)—San Francisco's 15th annual open golf tournament, one of the major events of the winter circuit, has been cancelled by the Junior Chamber of Commerce, whose announcement bitterly criticized the National Professional Golfers Association as a commercialized, money-avid organization.

Bel Brown, president of the junior chamber which has sponsored the meet in previous years, said yesterday the decision was reached after the PGA had refused to accept the requested dates for the tourney and insisted on a minimum purse of \$10,000.

"The sole aim of the PGA is not the promotion of golf but the making of quick money for its touring members," he declared.

San Francisco's cancellation is the second in the bay area. Oakland recently abandoned its winter tournament because of inability to raise the required guarantee.

Charity Pro Game To Feature Amputee Star

PHILADELPHIA, Sept. 13 (AP)—The champion Green Bay Packers put their professional football prestige on the chopping block tonight when they tackle the Philadelphia Eagles in a charity game.

The huge Municipal stadium will get a pre-game DDT once-over to assure an estimated 75,000 fans that there will be few, if any, mosquitoes and insects around to distract their attention.

To more than 21,500 servicemen, many of them amputee cases, the gridiron clash promises to serve as a morale builder. They'll be on hand to watch Jack Sanders, who lost part of his left arm while serving as a marine lieutenant on Iwo Jima, start at left guard for the Eagles. He'll play with a specially constructed steel brace covering the lower part of his arm.

SAY YOU SAW IT IN THE HERALD

RETURNS—Constance Cummings (above) stage and film actress, is making a movie comeback after a long absence. She'll appear in a version of a Noel Coward play.

Cardinals Go To Farm For Hurry-Up Pitcher

By JACK HAND
Associated Press Sports Writer

Sam Breadon's Cardinal farm system, shriveled to a handful of outposts and a smattering of talent, has turned up Lefty Art Lopatka to prove it still can produce a live one when the hurry call for help is sounded.

With Billy Southworth's St. Louis gang struggling desperately to catch the front-running Chicago Cubs, who had won via the shut-out route a few hours earlier, Lopatka was given his big league launching against the hard-hitting Brooklyn Dodgers in a two-night game.

The 25-year-old grad of the Columbus Red Birds justified the management's faith by subduing the Dodgers with four hits, 3-2, keeping the Cards 2 1-2 games behind Chicago. A scheduled second game was rained out.

Hank Wyse made sure the Bruins wouldn't lose any ground by blanking the Phillies, 4-0, on nine hits.

Cincinnati shaded New York, 4-3, in the other National league contest on successive homers by Frank McCormick and Hank Sauer. Boston and Pittsburgh were not scheduled.

Washington picked up a half game on Detroit in the blazing American league scrap, slicing the Tigers' advantage to a game and a half, all on the losing side of the ledger. Five big games with the Bengals over the weekend in the nation's capital probably will decide the issue.

Roger Wolff pitched and batted the Senators to a 5-1 triumph over Cleveland in an arclight game witnessed by General Jonathan M. Wainwright, the hero of Corregidor. The knuckleball artist yielded only four hits in recording his 18th win and drove home three of the Washington scores with a bases-loaded double.

Detroit's crippled Tigers lost a heartbreaking second game to Philadelphia, 3-2 in 6 innings after romping to a 7-4 decision in the opener behind Al Benton.

It has been a tough week for Steve O'Neill with Hank Greenberg and Eddie Mayo out of the lineup and Hal Newhouse's sore back forcing him to skip his regular turn. But yesterday's marathon nightcap was the toughest of all.

O'Neill gambled with Prince Henry Oana, the big Hawaiian up from Buffalo, and saw his choice

justified as the recruit allowed only one single for 8 2-3 innings. Roberto Estalella tied it with a double and the same stocky Cuban finally broke it up with another two-baser in the 10th, scoring Mayo Smith, Dixie Trout, trying for his fifth win of the eastern jaunt, was the victim of Estalella's second double.

The Yankees greeted Chicago's White Sox like a sure ticket to a first division berth, grabbing both games of a series opening double, 3-1 and 9-8, the second in 10 innings, to tighten their grasp on third place. Russ Derry and Charley Keller hit homers to ease Red Ruffing's task in the opener and Frank Crosetti tied the finale in the ninth with a round tripper. Oscar Grimes' triple followed by Aaron Robinson's single finally broke it up.

Sloppy Boston fielding let down Mike Ryba as the Red Sox bowed to St. Louis, 9-2. Bob Muerter handcuffed the home club with four blows in gaining his 12th victory against three setbacks.

If Chicago "Two Ton" Meets Monticello

CHICAGO, Sept. 13 (AP)—The big and little of high school football in Illinois?

Tackle Robert Jones of Chicago's Englewood High, who is known as "Two Ton," weighs 282 pounds.

Harold Jordan, on the Monticello, Ill., squad, which last year had one of the state's heaviest prep players in 265-pound Jack Jordan, tips the scales at 62 pounds.

A small magnet can be used to pick up and hold pins when sewing.

The name Guatemala means land of the trees.

PRO-AMATEUR MATCH
TULSA, Okla., Sept. 13 (AP)—Thirty-two Tulsa amateur golfers paired with as many of the nation's top-flight professionals, were all set today for a high spot in their careers, a low ball match, preliminary to the opening tomorrow of the \$10,000 southwestern invitational tournament on Southern Hills country club course here.

Opportunity In Service With The News

The new latitude given to local chapters of the American Red Cross in home service work should be welcome news to those who seek an opportunity for service.

During the stress of war, certain procedures were standardized and to a degree limitations were imposed. Naturally, these limitations became defenses against certain appeals for help, both borderline and ineligible.

Now, in the words of the Howard-Glasscock chapter executive secretary, our chapter is placed in the position of being "able" to do almost anything we are big enough to do.

In a nutshell, the liberalization of policy will mean more activities for the people here at home. No longer will the heavy end of our funds be expended elsewhere but will be left here for expending at the judgment of chapter officials.

Home service work naturally will find its veterans work increasing instead of decreasing. There will be multiplied hundreds of service and dependent claims, appeals for loans, requests for furlough extensions, etc. and assistance in obtaining benefits or aids for veterans.

An equally big field is opening in the civilian realm, for the day of easy money will gradually wane. The poor, the unfortunate, the stricken will be with us in increasing numbers.

Some appeals will be so apparent that it will require no debate as to the necessity of action. Others will raise the question of right, and still others of practice. These must be dealt with sympathetically, intelligently, and realistically. Necessity and humanity should be the final, determining factors. It will not be easy to go the second mile on some of these cases, especially in view of a natural caution we have developed over the years. But when there is doubt, we hope that it will be resolved in favor of the recipient.

The opportunity is one of service to people... to people right here at home. Strangely, we will be less interested in them specifically than we will be in international unfortunates abstractly. Red Cross now will be confronted with the decision to establish in the minds of its constituency its worthiness. We can't pass the buck down the line on this. We will succeed or fall right here at home.

Let's Do Somethin' About It

One irate (to put it mildly) citizen complains that only by grasping her son by the shoulder and jerking him back was his wife able to prevent the child from being struck by an automobile at a downtown street intersection.

"And he has not seen them until yet," he fumed. "He" in this case was a youth, piloting a weather-beaten jalopy, packed with a cargo of young girls.

All of us went through that age, but it is a wonder indeed that as many get through it as do. It is a wonder that they do not kill or maim more

Texas Today--

Big Trees In Texas

By DOROTHEA LYLE Associated Press Staff

Texas, a state generally associated with cowboys and range lands, can lay claim to one of the 222 largest trees in the United States, a 60-foot honey mesquite near Gatesville in Coryell county.

In a survey yet to be completed, the American Forestry association lists the Texas mesquite, with a circumference of 10 feet, 9 1/2 inches, as the largest of its species in the country.

However, the Texas Forestry Service reports that when they can be located and reported, a number of Texas trees probably will qualify for the listings.

C. A. Goeth of San Antonio reported to the forestry service last May a cypress tree which he says is "reputed to be the largest tree in Texas." He says it is located near Cypress Mill in north Blanco county about 35 miles west of Austin on the historic road from Austin to Llano. It is 33 feet around.

The tree was struck by lightning about 75 years ago, he says, and the top is dead, but the trunk is still growing in circumference. Goeth claims there is another "magnificent cypress, entirely healthy, about a mile up the creek, but nearly two feet smaller around."

Of 14 large trees in the state reported to the Texas service, the tallest is "Jumbo," a 120-foot

pecan at San Saba. Natives claim it is the "largest pecan in the world." Jumbo has a 24-foot circumference and the branch spread is 100 feet.

The forestry service says that the project of locating Texas forest giants from more than 200 species probably will reveal some "whoppers."

A post oak, 86 feet high and 11 feet 8 1/2 inches around, is located south of Waskom in Harrison county. It is one of the largest of that type reported.

Maryland claims a catalpa 17 feet, 10 inches around, the AFA says, but in Jefferson, Marion county, Texas, a 96-foot catalpa overtops the Maryland tree 38 feet in height. However, the Texas tree has a smaller circumference, 11 feet, 9 inches.

Thousands have visited a much-photographed dogwood tree two miles south of Rusk, Cherokee county, in the spring when it is covered with white blossoms. The Texas dogwood is 14 inches smaller around than a North Carolina dogwood which has a 70-inch circumference, but the Cherokee county tree has a 47-foot crown spread and is 25 feet tall.

Another beautiful tree in Cherokee county is a holly in its winter dress of waxy green leaves and bright red berries. It measures 49 feet in height and 7 feet around. The holly is located on

the forest tree nursery operated by the Texas Forest Service six miles south of Alto. Near it stand the remains of an old Indian mound estimated to have been built in 1,000 A.D.

In the state park at Dalingerfield, Morris county, is one of Texas' largest chinquapins, 60 feet high and 12 1/2 inches around.

The Bishop live oak near Rockport in Aransas county ranks eleventh in a list of notable live oaks prepared by the late President E. L. Stephens of Southwestern Louisiana Institute. Its circumference is 25 feet, 6 inches. The ten larger, all in Louisiana, measure from 27 to 35 feet around.

Sam S. Powell of Gatesville reported a live oak 28 feet around is growing on his farm three miles north of Gatesville.

The Hauschild oak, a live oak seven miles north of Victoria, was reported last May by A. W. Grant, publisher of the San Antonio Express, who says the tree is "almost perfectly developed in every respect." It is 70 feet high, 21 feet around, with a 120-foot crown spread.

Near Leakey at the little town of Rio Rio in Real county is a live oak with a crown spread of 100 feet and 26 1/2 inches in circumference.

One of the largest magnolia trees, a little more than 15 feet around, is located at Woodville in Tyler county.

In the red oak class is an 85-foot specimen four miles southwest of Waskom in Harrison county. It measures a little better than 15 feet in circumference.

(Texas has some historical trees. Read about them in a subsequent issue.)

Hollywood--

The Cunning View Of Television

By BOB THOMAS

HOLLYWOOD -- Perhaps you, too, are confused concerning the relationship of television to motion pictures. For information on this important subject of the future, I went to the television studio of Michael Patrick Cunniff.

Cunniff, a leading man at the old Fox studios in the silent days, was swept out along with the others by the advent of talkies, and in succeeding years he studied almost every job in the process of making motion pictures. In 1939 he switched his interest to television and applied his cinema knowledge to the new medium.

"I think the television experimenters in the east are on the wrong track," he said at his studio, Stage Eight. "Most of them are schooled in the stage or radio, instead of motion pictures, which is the medium television comes closest to."

Cunning first worked with the Don Lee television station, but lately he has been doing his own research. His backing? That remains a mystery.

"Is the present motion picture adaptable to television?" I asked him.

"Some people think so, but I definitely do not," he said. "The motion picture is made to be seen on a gigantic screen. Long shots and medium long shots comprise 34 per cent of the picture."

What is the answer for television entertainment then? Cunniff says it will have to be provided by new methods, adaptable to the new medium.

The television play could be completely filmed, with the accent on closeups.

As an example, let us take a chapter from one of Cunniff's serials, "Tom Sawyer." First we would see a Teletone of the river, scenes which Cunniff took on the Sacramento. There would be a shot looking up to a tree house. Then we would switch to the live action and we would see Tom and Huck talking in the tree house. This would be done on the spot by actors from the Cunniff studio.

"With a crew of fast-moving actors, we can put on an interesting play without a single stage wall," said Cunniff. "It places a responsibility on the actor because he has to move fast and think fast and sometimes make a costume change in 30 seconds."

"This is the only method by which television programs can be interesting enough and yet commercially possible."

Now don't ask me how television itself works.

When the scene was over, the camera would switch to a miniature set of a Mississippi town. After that, we would return to the live action and Huck and Tom would be talking at Tom's house.

"With a crew of fast-moving actors, we can put on an interesting play without a single stage wall," said Cunniff. "It places a responsibility on the actor because he has to move fast and think fast and sometimes make a costume change in 30 seconds."

"This is the only method by which television programs can be interesting enough and yet commercially possible."

Now don't ask me how television itself works.

How To Torture Your Wife

With The AEF: Marine Poet Laureate Of Ashiro Prison Camp

By HAL BOYLE

YOKOSUKA NAVAL BASE, Japan, (AP)—Oscar, the Marine poet laureate of Ashiro prison camp, was alternately humorous, cynical, sentimental and homesick in his verse.

His poetry, whose only published outlet so far is a memory book kept by Oscar during two and a half years in prison camp, reflects the mental attitudes and alternating moods of his fellow prisoners.

Oscar comes from a small town and served six years in the Marines. I can't give his full name until the Navy forwards word to his next of kin that he is alive, free and well. His most romantic poem is only six lines long:

"Picture a sunset in a setting of blue,
"Picture a rose petal covered with dew,
"And you have a picture,
"Of the beauty that lies
"In the unfathomed depths
"Of my loved one's eyes."

True to poetic tradition, Oscar didn't give away the lady's name. He learned some Japanese words and wrote this galloping piece about the Japanese character around the camp:

"A cooie in a kittiyaw
"With kursa and kanami.
"I know what he is wishing for
"It's rye bread and salami.
"A cooie in a kittiyaw loading up a roe
"I know what he's wishing for
"It's yasume tomorrow."

"On the friendly shore
"I will hang my hat and say
"I won't roam no more
"Cause I'm where I want to stay.

"You can have your Army,
"Navy and Marine Corps,
"I don't want 'em.
"I just want to stay on the friendly shore."

His poem "Our Thanks," reads in part:

"We who are about to live salute you
"With the joy that's in our hearts.
"We salute your land, America, for the justice she imparts.
"No one can tell the joy we feel
"That peace reigns over the earth.
"For that your motherland still stands
"And that our blood was worth.
"No more grief or bloodshed
"That many lands now stain
"For liberty and justice
"For all one earth remain."

Washington--

Pauley -- Prophet Without Thanks

(First Of Three Articles)

By JACK STINNETT

WASHINGTON -- When President Truman appointed Edwin W. Pauley Allied reparations commissioner, with the personal rank of ambassador, some commentators observed that the President was paying off a political obligation incurred at the Democratic convention when Pauley backed him strongly for the vice presidential nomination.

This observation was a laugh then and has become a greater one.

There's no doubt that President Truman, the late President Roosevelt, the Democratic party and the war effort have, or should have Pauley listed among their creditors. But appointing him reparations commissioner to the Moscow conference was putting the debt deeper in the red.

If he should be appointed, as some now are predicting, our next federal loan administrator, that would be writing with ink of a different color.

The 42-year-old California oil man is just about the administration's top blue ribbon winner of thankless tasks. From the time he first appeared on the national scene as the 30-year-old representative of independent oil men in the old NRA of 1933, he hasn't had much else.

In 1938, the Democratic party handed him the job of raising campaign funds in 11 western states. In 1942 he took over as secretary treasurer of the party and by last year had not only wiped out a \$750,000 deficit but, according to National Committee Chairman Frank Walker, put the party on a sounder financial basis than it ever had been.

In the meantime, Pauley had performed a big chore for which he has had no public credit.

"He don't want no daikon
"He don't want no komi,
"All he wants is meat balls
"On a pile of macaroni."

That one had a wide audience. Anything mentioning food was sure to find favor among the hungry camp population. The very sound of the names of different foods sounded like bells.

Oscar wrote a song and a poem on the ending of the war. The song, "On the Friendly Shore," ends:

"On the friendly shore
"I will hang my hat and say
"I won't roam no more
"Cause I'm where I want to stay.

"You can have your Army,
"Navy and Marine Corps,
"I don't want 'em.
"I just want to stay on the friendly shore."

His poem "Our Thanks," reads in part:

"We who are about to live salute you
"With the joy that's in our hearts.
"We salute your land, America, for the justice she imparts.
"No one can tell the joy we feel
"That peace reigns over the earth.
"For that your motherland still stands
"And that our blood was worth.
"No more grief or bloodshed
"That many lands now stain
"For liberty and justice
"For all one earth remain."

McMahon, a democrat, pointed out that the survey staff included Harold Mitchell, GOP state chairman of Connecticut and close friend of Pan-American Airways Vice President Sam Pryor, former republican national committeeman. McMahon asked war department executives (all of whom are republicans) what they meant by playing GOP politics, and also why a friend of Sam Pryor's was going to survey post-war air routes.

Worried, the war department dropped its plan. But now several months have passed and they are bolder. They now plan to send the same "survey" artists from Europe to the Pacific. Tragedy is that a lot of enlisted men who haven't seen their homes for two and three years will be forced to go along. And unlike the big-shot executives, the enlisted men can't commute by air across the ocean every few weeks.

Washington Merry-Go-Round--

Army Boondoggling Bombing Survey

By DREW PEARSON

WASHINGTON--One of the army's best boondoggling projects is about to get a new lease on life. It is the U.S. strategic bombing survey, supposed to survey the damage done by U.S. bombers to Germany.

Under this high-sounding title, big-shot business executives have been commuting back and forth across the Atlantic by plane at top priorities, while a thousand officers, enlisted men and civilians have been growing through Germany doing relatively little.

The stories collected by the army photographers attached to this bombing survey are almost unbelievable. But many of them come from former news cameramen, one formerly with March of Time. They state that part of their time was spent photographing new German inventions at the request of the American business executives. These business executives also were greatly interested in German patents and even had army cameramen take pictures of German patent specifications.

Some of the army officers attached to the bombing survey collected German cameras, then after getting enlisted men to repair them, sold the cameras in London. Other officers went in for collecting oil paintings and German china (while estimating the damage done to Nazi factories).

One U.S. airplane allotted to the bombing survey had so little to do that it was sent on a special trip from Frankfurt to Paris to bring back a case of cognac.

The top executives of the bombing survey as announced by the war department, were: Franklin D'Olier, president of Prudential Life Insurance Company; Henry C. Alexander, vice-president of J. P. Morgan; and Robert P. Russell, president of the Standard Oil Development Company. It may have been that they did not realize what was going on around them.

But here is the pay-off. The U.S. strategic bombing survey is now going to the Pacific. Several months ago the war department set up a survey for the Pacific, but got cold feet when forthright Senator Brian McMahon of Connecticut threatened to expose the plan.

McMahon, a democrat, pointed out that the survey staff included Harold Mitchell, GOP state chairman of Connecticut and close friend of Pan-American Airways Vice President Sam Pryor, former republican national committeeman. McMahon asked war department executives (all of whom are republicans) what they meant by playing GOP politics, and also why a friend of Sam Pryor's was going to survey post-war air routes.

Worried, the war department dropped its plan. But now several months have passed and they are bolder. They now plan to send the same "survey" artists from Europe to the Pacific. Worried, the war department dropped its plan. But now several months have passed and they are bolder. They now plan to send the same "survey" artists from Europe to the Pacific. Tragedy is that a lot of enlisted men who haven't seen their homes for two and three years will be forced to go along. And unlike the big-shot executives, the enlisted men can't commute by air across the ocean every few weeks.

McMahon, a democrat, pointed out that the survey staff included Harold Mitchell, GOP state chairman of Connecticut and close friend of Pan-American Airways Vice President Sam Pryor, former republican national committeeman. McMahon asked war department executives (all of whom are republicans) what they meant by playing GOP politics, and also why a friend of Sam Pryor's was going to survey post-war air routes.

Survey For New Dam Made In Grapevine

DALLAS, Sept. 13 (AP)—Preliminary studies on a new dam near Grapevine, one of five dams authorized by congress for flood control and water conservation on the upper Trinity and tributaries, have already begun. The southwestern division U. S. Engineers Office said yesterday core boring machinery to determine foundation materials have been moved to the site and field studies to determine the eventual area of the flood control basin have begun. The cost of the Grapevine reservoir is estimated at \$3,973,000.

British Air Marshal To Fish In Gulfport

McALLEN, Sept. 13 (AP)—British Air Marshal Sir Arthur Coningham is expected to arrive at Port Isabel today to fish for sailfish. He is to be accompanied by a party of American army and navy officials, according to Lt. Charles

J. Sullivan, commanding officer of the Harlin-gen army air field rescue boat at Port Isabel, in charge of arrangements. The cabin cruiser Eola of Coastal Refineries today flew Coningham's colors, ready for the trip into the Gulf of Mexico. Read The Herald Want Ads.

"Boy! Now I know how these Philistines in the Bible felt, who were slain by the jawbone of an ass!"

Elliott Says Father Let Sons Stand Alone

WASHINGTON, Sept. 13 (AP)—Brig. Gen. Elliott Roosevelt was quoted by house ways and means members as informing the committee that his father, the late president, took the position that his boys "stand on their own feet." This statement, committee members said, was made in connection with young Roosevelt's contention that his father had nothing to do with the promotion of his financial affairs.

Police Notified Of Missing Car Wheel

Frank Cathey, 904 Gregg, reported to police that one '39 Chevrolet wheel, 650.16 tire and tube, is missing. The tire number was not available. Several drunks were arrested by police Wednesday and one person was picked up for VD check. Two traffic tickets were given.

World Series To Start In American League Home City

WASHINGTON, Sept. 13 (AP)—The world series will start October 3 in the home city of the American league pennant winner and Baseball Commissioner A. B. "Happy" Chandler said today that President Truman probably will attend.

The opening date decision was reached at a meeting attended by representatives of clubs that still figured mathematically in the two close major league races.

Chandler said after the meeting that the first three games of the series will be held in the park of the American league winner and the rest of the series, four games if needed, will be played in the winning National league city.

Ticket prices will be the same as in previous years with a top of \$6 for box seats and a bottom of \$1 for temporary bleachers.

Chandler called on the president early this morning, presented him with a gold world series pass and personally invited him to see the American-National play-offs.

weapon—an appeal through the throne. If I had been able to converse with Mr. Roosevelt I am confident I could have brought back enough assurance of prospects of peace—even if the basic problems were then unsolved—to convince the throne to intervene."

Konoye said that when the Japanese surrender decision finally was made, the emperor made it "on his own responsibility."

Asked if the special "peace envoy," Saburo Kurosu, had known about the Pearl Harbor attack plans before his flying trip to Washington, Konoye replied, "I was out of the government by then and have no definite information, but my belief is that Kurosu went to Washington as a gentleman and had no knowledge that an attack was imminent."

MRS. PICKLE RECOVERING
Mrs. L. A. Pickle was returned here Thursday from Lubbock where she has been in the home of her son, Randall Pickle, for several weeks following surgery. She was reported doing well.

VISITING HERE
Mrs. Fox Stephens and son, Doss, Fort Worth, are the guests of her sister, Mrs. Charles Abela, and the Rev. Abele.

Hereford Breeders Completing Tours

Howard County Hereford Breeders will complete their second annual tours with visits to farms and ranches south and west of Big Spring.

Rexie Cauble, president, urged as many business men and others interested in better cattle, to go on the tour.

The schedule calls for the group to leave from Walker Drug at 2nd and Main at 8 a. m. to inspect the Lee Hanson herd. Part of the cars will come back by the corner at 8:30 a. m. to pick up any who might be late.

Other visits are scheduled at the Loy Acuff, H. D. Cawden, Mrs. Pearl Cauble, Cauble Hereford Farms, Darrell Douglas, John Phillips, Everett Lomax, O. H. McAlister, Dr. G. T. Hall, Cole Shifer, and A. H. Shroyer places.

Four car loads made the trip Monday when approximately a score of breeder farms were visited. Stock generally was in top condition and those who made the trip said there was a noticeable increase in quality of herds at several of the farms.

Fewer Ducks, Geese Wildlife Man Says

WASHINGTON, Sept. 13 (AP)—There will be fewer ducks and geese on the southward flight this year, Director Ira N. Gabrielson of the Fish and Wildlife Service predicted today.

Gabrielson said last winter's inventory of waterfowl showed a decrease of approximately 20,000,000 birds. The figures were confirmed by observers watching the migration northward this spring.

Gabrielson said a heavy kill during the hunting season last year was largely responsible for the large reduction.

Lions Pleased With Clean-Up Drive

Lions club members Wednesday reported a generally cooperative spirit on the part of the public in response to the house-to-house sanitary survey being undertaken by the organization.

Bill Dawes, Ted Groehl, Marvin Miller and George Melear reported interesting incidents in connection with the canvass, and each added in a serious vein that the people were genuinely clean-up conscious. In almost every case people either have put their premises in order or working on it.

Several teams have not yet completed their check, but Dewey Martin, general chairman, said that it was hoped the work would be completed this week.

John Dibrell, high school grid coach, spoke briefly, telling the club he believed the squad this year was the best bunch of trainers he had ever taught and predicted a better season for the Steers. First game is set for 8:30 p. m. Friday.

County Schools In Operation

Howard county schools are in operation and with complete staffs in most instances, according to reports compiled at the county superintendent's office.

Eight common schools are not open this year, sending children to other districts. Vealmoor's status is uncertain.

By schools (except Forsan, which is listed elsewhere), teaching staffs are:

Gay Hill—Mrs. Hattie B. Lacy and Alice Bryson.
Center Point—Mrs. Muri Bailey, Mrs. Nita L. Adams, Elizabeth Edwards.

School Enrollment In Colorado City Totals Over 1,000

COLORADO CITY, Sept. 13 (SpI)—Colorado City Public Schools registered an enrollment of 1,038 pupils when school began Sept. 3 with only one teacher vacancy existing in the Math department of Junior High school. High school enrollment reached 364 and elementary grades numbered 587. Eighty-seven children are attending the colored school.

Frank H. Kelly, president of the school board, met with the faculty preceding school opening and pledged the cooperation of the school board in helping promote a better relationship between faculty and community.

Newby H. Pratt will return from three years in the physical education of the Navy to the principalship of Junior High school. Mrs. Pratt will also teach in the elementary grades.

High school teachers are H. M. Morton, principal, Mable Phillips, Gladys Miller, Joetta Beauchamp, A. Clarke Prather, Jane Merrill, Mrs. Frances Godwin, Mrs. O. L. Moore, Mrs. Shirley Kiker Brown, Mrs. Irene Smith, Mrs. Norma W. Sanders, R. E. Post, and S. A. Walker.

Junior high school teachers include Newby H. Pratt, principal, Mrs. Nora Morton, Rebecca Smitoot, Mrs. Miriam Craddock, Mrs. Mable Ernest Whitley, Mrs. A. B. Lightfoot, Mrs. Minnie B. Williams, Mrs. DeLina Stone, Mrs. Ruth Dulin, Mrs. Mamie Lou New, Teachers at Hutchingson are Mrs. W. V. Quinney, principal, Mrs. M. J. Dawson, Mrs. A. Clarke Prather, Mrs. W. W. Rhode, Mrs. Rosco Eula Carter, Mrs. Arnel B. Smith, Mrs. U. G. Hardison (substitute) and Mrs. Ruth Miller Donaldson.

Primary ward teachers are Mrs. V. V. Strophire, principal, Mrs. D. R. Headstream, Mrs. Florence McShan, Mrs. M. O. Chapman, Inez Butler and Mrs. W. L. Doss. Z. W. Carroll is principal at the colored school and teachers are D. W. Wallace, Hettie Wallace and Mary Fowler.

Livestock

FORT WORTH, Sept. 13 (AP)—(USDA)—Cattle 3,600, calves 2,300; most classes slow, uneven, about steady; calves active and fully steady on early rounds; medium grade slaughter steers and yearlings 11.00-13.00, better kind scarce; medium beef cows 8.75-10.50, few good cows to 11.00 and better; sausage bulls 7.00-9.50; good and choice fat calves 12.00-13.00, few heavyweights higher; medium and good stocker and feeders 10.00-12.00; about 40 per cent of the receipts cows.
Hogs 50, active and steady; good and choice 150 lb. up 14.55; sows mostly 13.80; stocker pigs scarce.

Enrollment Tops Last Year's Mark

Big Spring school enrollment reached 2,671 by Wednesday, reported W. C. Blankenship, superintendent, marking a little better than 200 more pupils this year than during 1944-45 school year, he estimated.

High school pupils numbered 718 and eighth grade had 217. Enrollment by schools was 455, West Ward; 152, North Ward; 190, East Ward; 169, South Ward; 227, College Heights; 320, Central Ward; 123, Kate Morrison, and 100, colored school.

More teachers are needed in the Kate Morrison school, Blankenship said.

First and second grades at West Ward are on a double day session and prospects are to place College Heights and South Ward schools on the same system because of the large amount of first and second grade pupils.

Full List Of Teachers Enroll Forsan Pupils

A full complement of teachers enrolled Forsan public school pupils Monday, reported Dan McRae, superintendent, when the grand total reached 237. Eighty-seven students enrolled in high school and 150 in grade school.

Opening program included the introduction of teachers and an address "A School's Pentecost Purpose," by Supt. McRae. Rev. Burl Clark gave the invocation.

Teachers are Joe T. Holladay, high school principal; Mrs. R. L. Condray, home economics; Helen Nixon, foreign language; Bessie James, commerce; Camilla Hoisager, social science; Iris Dunlop, English; Lela Goin, grade school principal; Mrs. Harvey Smith, elementary Spanish; Mrs. Jo Burrow, mathematics; Mrs. H. D. Williams, public school music; Mrs. Beese Cathcart, fourth; Mrs. A. P. Oglesby, third; Mrs. Gwen Holladay, second; Mrs. Margaret Clark, first.

Youth Painfully Hurt In Forsan Car Wreck

FORSAN, Sept. 13 — Hubert Butler, 18, was confined to his bed today with painful but not serious injuries received in a car mishap here early Wednesday.

According to his account, he must have dozed as he neared here Wednesday. No bones were broken but he lost several teeth and was painfully bruised. Bill Birdwell, a passenger in the car, escaped with minor bruises.

Three Couples Given Divorces In Court

Three judgments for divorce were entered in 70th district court Thursday by Judge Cecil Collins.

John Lawler was granted a divorce from Vera Lawler; Laura Loecke from John D. Loecke; and James Edward Gatlin from Pauline Lois Gatlin, whose maiden name of Mocalis was restored.

Case of Blue Cross Lodge No. 31, a corporation, versus Juana Rosales, a feme sole, for trespass to try title, was continued after the plaintiff withdrew his announcement of ready following selection of a jury.

The case of C. W. Rogers versus R. W. Handy, et al, suit for possession and damages, was set for hearing at 10 a. m. Friday but there were indications it might be settled before that time.
