

Gravel Topping Goes on Caliche

Immediately after the caliche was put down around the post office the last week in December, it rained and snowed. Although the mess was not as bad as in the past, it was still muddier than most people wanted to walk through. The group of citizens who pooled donations to spread the caliche used the money left from that project, plus more donations, and purchased gravel to go over the caliche.

The gravel was hauled in and spread early

this week, with sincere hopes that postal patrons will no longer have to wade through mud to get to the post office. The group paid \$84 for the gravel and \$140 to have it hauled. Additional donors are: Mr. and Mrs. Mike Donham, \$27.50; J.C. Nance, \$27.50; C.B. Nichols, \$5.00; John Gardner, \$10.00; Dorothy Shook, \$50.00; Ed Witt, \$32.00; and James New donated 4 hours dozer work.

The MUD WADERS of Rising Star sincerely thank this group of caring citizens.

Lady Cats Pull Off First District Game

The Lady Cats played their district opener at Gorman, Friday, January 7. The Lady Cats led 17-9 at the end of the first half, but the pantherettes exploded into the second half making the final score 31-30. Vickie Walker led with 11 points followed by Melaine Ratliff with 9 and Kathy Linney with 6. Rebounding efforts

were obvious with Melaine Ratliff & Kathy Linney each pulling 11 off the boards. The team was backed by Debbie Geye and Gretchin Williams with 8 rebounds apiece.

The next game is Carbon, Tuesday, January 11 followed by Moran here Friday January 14. Both of the games will be District level play.

REACT

On January 10, 1983, the React met at the Methodist Church with 14 members present and 1 honored guest, Fleta Gregory. Fleta discussed with us a bout ECA (Emergency Care Attendant) classes that will start the last of January or first week of February. The classes must be a total of 40 hours. Anyone who is interested in taking this class please contact any React member.

I, Debra Williams, was appointed and accepted by the members as the new reporter. At the end of each month, I will place in the paper a total list of people who donated for that month. I will also place a total amount donated. We of the Ambulance Service would like to thank all those who donated to us in 1982, and to all those who supported and helped us. I would also like to remind you that any donation is tax deductible.

There is a total of 27 members, so far, in React. They are: Lewis & Terry Wilkerson, Dick & Vi Williams, Ray Green, Terry Horton, Truett Horton, Debra Williams, L. E. Allen, Mark Cooksey, Willie

Chamber of Commerce

The Chamber of Commerce and Agriculture met Tuesday, January 11, for a luncheon and discussion of the business. President of the organization, Delbert Biggs, presided over the meeting.

The main item under discussion was the upcoming banquet. A proposed speaker was deemed unavailable and suggestions of potential speakers to contact were made. Other facets of preparing for a banquet were also discussed. It is hoped that plans will be finalized soon and details will be released at that time.

Vandivere, Gaynelle Sansom, Mary Rowen, Lillie A lford, Milton Teague, Jake Landess, Ruby & Frankie Sayas, Betty & Garry Duggan, Paul & Dorothy Maxwell, Clyde & Doris Griffin, John Bishop, Gene Bishop, Joyce Baker, and Inell Robertson.

Anyone who would like to help work with the Ambulance should contact one of the members. Anyone who would like to be a driver must be 21 years old and have either a restricted Chauffers or a Chauffeurs license. I hope 1983 will be a safe year for everyone.

WTU Bills Have New Look

West Texas Utilities Co. has redesigned its customer bills, giving them a new color and new format.

The monthly statements, still in postcard form, will carry the same information as the old bills, but arranged for more efficient processing, according to Larry Connors, WTU controller.

In addition to the amount due and the due date, the statements carry the customer account number, the fuel cost factor, the dates and amounts of the last two meter readings, and the number of kilowatt-hours used.

First to receive the new bills will be customers in WTU's Abilene District, which includes Abilene, Albany, Baird, Cisco, Clyde, Cross Plains, Merkel, Moran, Rising Star, Santa Anna, Tuscola and Winters. The new bills will be used in other districts as the customer information is transferred to the new computer system, Connors said.

Little Town

by Maxine Crisp
I like to live in a little town,

Where the trees meet across the street,
Where you wave your hand to say "Hello"

To every one you meet.
I like to stand for a moment

Outside the grocery store,
And listen to the friendly gossip

Of the folks that live next door.

For life is interwoven
With the friends we learn to know;
And we hear their joys and sorrows

As we daily come and go.
So I like to live in a Little Town,

I care no more to roam.
For every house in a Little Town

Is more than a house; it's Home!

19. Principals' reports.

Special Note

All public school records relating to revenues and programs required or partly funded by state or federal governments are open to public scrutiny.

Each year an independent audit, prepared by a Certified Public Accountant as required by state law, is sent to the Texas Education Agency audit division where it is again audited by that agency following state guidelines, said Rowena Chambers, secretary and bookkeeper for the Rising Star Independent School District. The audit includes every fund in the bookkeeping records: general, lunchroom, sinking, vocational, Chapter II, Skeet Clark Endowment, transportation, vocational, payroll and athletic funds.

Tax records are audited by the State Property Tax Board.

In addition to these audits, Title I, accreditation, teachers' certification, transportation and lunchroom funds are monitored each year and audited anew every five years by the Texas Education Agency. A total of 15 audits are prepared annually on school records, including not only those bookkeeping records which account for revenues, but also accreditation. The school system is reviewed regularly by state agencies and is presently working on a five-year accreditation program under which conditions of classrooms and the lunchroom facilities have already been brought up to standards required by state law, Mrs. Chambers stated.

Help for Paying Heating Bills

Austin--Some low-income Texas households may be eligible for help in paying their heating bills, according to the head of the Texas Department of Human Resources.

Human Resources Commissioner Marlin W. Johnston said the assistance with paying utility bills is available to low-income households who in January 1983 received food stamps, Aid to Families with Dependent Children, Supplemental Security Income, or needs-tested Veterans Administration benefits, in January.

Potentially eligible veterans are those who receive payments under 415, 521, 541, or 542 or Title 38 of the U. S. Code or under Section 306 of the Veterans and Survivors Pension Improvement Act of 1978. Eligibility is limited by gross income. For instance, aid is available for a one-person household having less than \$334.49 gross income per month. The gross income limit is \$546.49 for a two-person household, \$749.49 for a three-person household, \$926.49 for four persons, \$1,092.49 for five, and \$1,277.49 for six. Eligible households must be subject to energy cost increases because of higher bills or rent due to rising utility costs. Households are eligible if they live in privately owned or rented housing even if the cost of utilities is included in the rent payment or if the household pays only a portion of its home energy costs. Johnston said application forms are mailed automatically to households which receive food stamps, AFDC, and SSI. Households receiving needs-tested Veterans benefits must request an application form DHR in January. If you have not received an application and think your household may be eligible, contact a local office of the Texas Department of Human Resources, Johnston said.

Gifts Cheer Foster Children

The hearts of our Eastland County foster children were cheered this Christmas by the generous monetary gifts contributed by interested Eastland County civic organizations and individuals. One example was voiced by a foster parent who said, "I had a gift put away on lay away, and the check from the Board arrived just in time for me to redeem this gift for our foster child." The Eastland County Board members were pleased with the response and are most appreciative. Those contributors were listed as follows:
Cisco Civic League
Cisco Noon Lions Club
Cisco P.T.O.
Eastland Rotary Club
Eastland Lions Club
Eastland Civic League and Garden Club
United Presbyterian Women of Eastland
Ranger Lions Club
Dr. & Mrs. Bruce Golemon of Ranger

do we have in Lubbock who could make this delivery?"
"Why don't you try that young doctor, David Ivy? He seems capable enough."
Santa checked his watch. It was Christmas afternoon-Saturday, December 25. Federal Express was closed for the holidays. Dr. Ivy seemed to be his only alternative.
"Hello, is this Dr. Ivy? This is Santa Claus. Really it is. Look, I need your help. Could you make a delivery for me? Got a pencil and paper? I need to give you the specifications. Yes, I realize it'll take some time to put this together. Keep track of your time and charge me for the labor."
Sunday, December 26, passed without incident. Santa finally gave up and went to bed.
Early the next morning the phone rang waking the old man from fitful sleep.
"Santa? David Ivy. Just thought you would want to know. The package was delivered to the Copes at 3:10 a.m. on Monday, December 27. He weighed eight pounds, one ounce and was 21 and 3/4 inches long. You didn't specify it but I topped him off with brown hair and gave him blue eyes."
"Is that all?"
"That's it. Oh, one more thing. They named him Justin Lynn Coe. And his big brother, Jeremy, said to tell you thanks."
Santa returned the receiver to the nightstand and walked to the computer terminal. Sure enough, the display read:
JUSTIN LYNN COE
BORN: December 27, 1982
3:10 a.m.
WEIGHT: 8 pounds, 1 ounce
LENGTH: 21 3/4 inches
STATUS: Baby and Mother doing fine.

Belated
A Christmas Story
The old man blinked to clean his eyes and took another sip of coffee. His annual trip to deliver presents to good girls and boys got longer each year. Not only were there more children, but the standards determining what was "good" seemed lower these days.
But, no matter. This year's excursion was now behind him. All that remained was a little paperwork.
Before turning to the matter of bonus checks for the elves, Santa decided to take a peek at items placed in backorder. All of this information was now stored in a computer.
"Dreadful machines, computers," Santa muttered. "But a necessary evil I suppose."
The screen glowed a gentle green as the bearded gentleman keyed in the password: "HO-HO-HO." When the first menu moved into view, he selected "4 BACKORDERS."
Santa crossed his fingers and turned away from the screen. He hoped the next message would read "No backorders on file."
The terminal beeped to indicate it had an answer. Santa groaned as he read the flashing words, "One Present Undelivered."
It only took a few strokes on the keyboard to discover the problem. Santa picked up his phone hot-line to the main workshop.
"My records show we missed a delivery to Joey and Nancy Cope in Lubbock, Texas. What do you have on that?"
"It simply wasn't ready in time to make the Christmas eve run, sir," the elf answered. "It was a special order."
The jolly old saint put the phone down and sank back into his chair to think. Delayed deliveries were bad business. And to make matters worse, he knew his reindeers couldn't make another long trip again this soon.
Santa turned to Mrs. Claus, "Honey, who

THE LOWLY COCKROACH

Almost everyone has encountered one of these disgusting little creatures at one time or another. They can be unwelcome guests even in the cleanest of homes.

Cockroaches are flattened, fast-running, nocturnal (night) insects that seek warm, moist, secluded areas. They are among the most important of the household pests. Cockroaches are also known to cause severe injury to plants and their fruits.

Most cockroaches are tropical or subtropical in origin and generally live outdoors. However, some species have become well-adapted to living with man. Though it is true that dirt, filth and grime are what they like best, roaches at times infest even the most sanitary and well organized homes and

buildings. Although they may bear names such as "German" or "American" cockroach, all domestic roaches originated in north or tropical Africa. The world-wide distribution of the domestic cockroaches was made possible by their ability to infest various means of transportation, especially ships.

Cockroaches breed within the home, sharing with man his food, water, shelter and warmth and are therefore active throughout the year. They consume any human or animal food or beverage, as well as dead animal and plant materials, leather, glue, hair, wallpaper, fabrics and the starch in bookbindings. They contaminate food, especially with organisms which cause food poisoning. Good housekeeping and taking precautions to prevent the invasion of cockroaches into a home or building works better than ap-

plying insecticides to control an established population. However sometimes chemical control becomes necessary. To effectively control roaches with insecticides, it is necessary to inspect closely for their shelters and thoroughly treat these areas. Regardless of the insecticide used, chemicals placed in or near regular hiding places will provide better control than those places only occasionally visited.

Present methods of insecticidal control generally provide temporary control. Since some roaches invade homes and buildings from outside, reinfestation can occur once the insecticide

THURSDAY, JANUARY 13, 1983 has broken down. Therefore outdoor populations must also be controlled.

There are three basic insecticide formulations used to control roaches: residual sprays, dusts and baits. Residual sprays are applied to cracks, crevices, baseboards and other runways and hiding places. Dusts which generally have longer residual action than sprays are most often used as a supplemental treatment. Baits are usually long lasting and often can be applied to areas that cannot be effectively sprayed or dusted.

Wallace Elected Chairman Of Railroad Commission

AUSTIN—Mack Wallace was elected to serve a two year term as chairman of the Texas Railroad Commission today.

Outgoing chairman James E. (Jim) Nugent made the nomination, which was supported by Commissioner Buddy Temple, at the beginning of the Commission's regular Monday conference. Nugent had served as chairman since January of 1981.

Wallace, who is the Commission's senior member, was appointed to the Commission by Governor Dolph Briscoe in September, 1973, to succeed Byron Tunnell. He was then elected to serve the remainder of the term for which he was appointed; and in 1978, was elected to serve a full six-year term.

This is Wallace's second term as Railroad Commission chairman. He previously

served as chairman from January of 1977 to December of 1978.

Wallace, 53, is a graduate of Baylor University School of Law. After four years in private law practice, he was elected Henderson County Attorney in 1957. From 1962 until 1973, Wallace served as District Attorney for the Third Judicial District of Texas.

In January of 1973, Wallace was appointed Legal Counsel to the Governor. In April of that year, he was appointed Executive

Director of the Governor's Criminal Justice Council, where he served until his appointment to the Railroad Commission.

Serving as the governor's representative, Wallace chaired the Interstate Mining Compact Commission from January 1 to December 31, 1980, and is presently serving as chairman of the Compact's Legal Committee. He is also co-chairman of the Legal Committee of the Interstate Oil Compact Commission, chairman of the Texas Mining Council,

chairman of the Texas Solar Advisory Committee, and a member of the Texas Energy and Natural Resources Advisory Council.

Wallace also presently serves as a member of the National Academy of Sciences committee to study the emergency productive capacity of the nation's oil and gas fields.

While a member of the Texas Energy Advisory Council, Wallace chaired the Emergency Energy Preparedness Committee and the Advisory Committee

on Lignite Research, Development, and Demonstration, and served as a member of the Advisory Committee on Nuclear Energy.

Until January of 1979, Wallace also served as a member of the Texas-Louisiana Steering Committee for the development of geopressed geothermal energy. On October 2, 1981, Wallace was appointed to serve a three-year term on the Advisory Committee of the Center for Energy Studies of The University of Texas at Austin.

Wallace recently served as chairman of a special committee designated by the governor and lieutenant governor to develop a report reflecting the Texas position

on federal natural gas policy. The report was delivered to the Federal Energy Regulatory Commission and members of Congress in August, 1982.

Texas Operators Report December Discoveries

AUSTIN—Railroad Commission Chairman Mack Wallace announced that Texas operators reported 114 gas and 91 oil discoveries in December 1982.

One year ago, 116 gas and 47 oil discoveries were filed with the state's energy regulatory agency.

Gas discoveries in the last month of the year included 32 in deep South Texas, 29 in the Refugio area, 19 in Southeast Texas, 11 in West Central Texas, seven in the

Panhandle, four each in North Texas and the San Angelo area, two each in East Texas, East Central Texas, and the Midland area, and one each in the Lubbock and San Antonio areas.

Oil discoveries included 54 in West Central Texas, nine in the Refugio area, five each in Southeast Texas and the Lubbock area, four each in North Texas and East Texas, three in the San Angelo area, two each in the Panhandle and Midland and San Antonio areas, and one in deep South Texas.

In 1982 there were 1,421 gas and 702 oil discoveries throughout the state. For 1981 there were 1,279 gas and 583 oil discoveries.

In December, operators reported 344 exploratory and field tests wound up as dry holes. New applications for permits to drill oil and gas tests totaled 2,528 in December compared with 3,382 in the same period of 1981.

Applications to drill, deepen, plus back and for service wells in December amounted to 2,836 against 3,636 a year earlier.

Operators filed 618 amended applications to drill. A year earlier they submitted 795 amended requests.

Early Man Files To Drill County Wildcat

Thomas C. Melton of Early has filed for permit to drill a 2,900-foot wildcat for oil or gas, one mile northwest of Pioneer in Eastland County's ET RR Co. Survey, No. 21. The explorer will be known as the No. 1 K.D. Brooks. The operator has 80-acres under lease.

The No. 3B Charles G. Pence is slated to be drilled in the P. Cameron Field by Chase-Mann Petroleum Inc., operator from Ft. Worth. With projected total depth of 4,000 feet, it will be spudded in a 280-acre lease of the H&TC RR Co. Survey, Sec. 42, Blk. 4, four miles northwest of Eastland, in Eastland County.

The No. 3 thru 10 Wilson, seven developmental wells in Eastland County's Waldrop Field, are scheduled to be drilled three miles northwest of Rising Star. Petro-Mack Inc. of Dallas is listed as the operator. Locations are in a 74-acre lease in the ET RR Co. Survey, Sec. 25, Blk. 2. Projected total depths are 1,150 feet per well.

Bush Oil Co. of Abilene has revealed plans to drill a 1,700-foot developmental well in the Scranton Field. The operator has 92-acres leased, with drillsite in Eastland County's H&TC Survey, A-820 and has designated the venture as the No. 1 Louis L. Morgan. Drillsite is nine miles southwest of Cisco.

At a location six miles southeast of Eastland, M.H.M. Oil Inc. of Crowley has completed the No. 1, 2, and 3 Oma Mae, three new oilers in the Eastland Regular Field. Drillsites were in a 40-acre lease in Eastland County's H&TC Survey, A-311.

The No. 1 well showed daily potential for 18 barrels of oil on an open choke, the No. 2 well is pumping at the rate of 21 barrels of crude oil per day on an open choke. The No. 3 well is the largest of the three and is pumping at the rate of 32 barrels of crude oil per day and was also tested on an open choke.

Total drilling depths were 1,150 feet, 1,122 feet, and 1,120 feet, respectively. Production will range from 1,043 feet to 1,054 feet, with top of pay being logged between 1,043 and 1,049 feet.

Ridgeway Oil Exploration & Development Inc. of

Houston has revealed plans to drill a 2,000-foot developmental probe in the Hawk-Eye Field, one mile west of Romney. The well will be located in a 120-acre lease in Eastland County's H&TC Survey, Sec. 57, Blk. 3 and is to be designated as the No. 29 Delbert Tarver "A".

A new oil producer in the Hawk-Eye Field has been finalized by Nimrod Operating Co. of Cisco. Designated as the No. 3 Isenbach, the well indicated capacity to produce 39 barrels of oil per day on an open choke.

The location is three miles southwest of Romney, in a 159-acre lease in the H&TC Survey, A-1999, Eastland County.

Bottomed at 1,223 feet, the well will produce from an interval of perforations 1,174 to 1,177 feet into the hole. The pay formation was first encountered at 1,164 feet.

Ridgeway Oil Exploration & Development Inc. of Houston has posted initial production figures for the No. 8 Schaefer, new oiler in the East Nimrod Field, two miles northwest of Romney.

The well indicated potential for 25 barrels of oil on an open choke. With drillsite in a 45-acre lease in Eastland County's H&TC Survey, A-254, the well had total drilling depth of 1,275 feet. It entered the pay horizon at 1,195 feet and will produce from a set of perforations 1,199 to 1,200 feet into the wellbore.

Pumping at the rate of 5 barrels of oil per day, the No. 7 Neely has been completed in the Scranton Field by Ft. Worth-based, Parker Operating Inc.

Located one mile south of Scranton, the well is in a 160-acre lease block of Eastland County's H&TC RR Survey, A-191.

It was drilled to a total depth of 1,750 feet, after

entering the pay zone at 1,644 feet. It will produce from a perforated interval of 1,680 to 1,684 feet into the hole.

The No. 1 & 2 Stroebel, two developmental tries in the Eastland Regular Field, are scheduled to be spudded four miles south of Cisco. With projected total depths of 2,000 feet, the wells will be in a 160-acre lease in Eastland County's H&TC RR Co. Survey, Sec. 63, Blk. 3. Enstar Energy Inc. of Dallas is listed as the operator.

Todd & Sanders Inc. of Wichita Falls has staked location for the No. 1 Hat-chett in Stephens County's McLennan-Reid Field. It is scheduled for 4,100 feet of hole making. The location is in a 160-acre lease in the O.A.S. Survey, about one mile south of Eolian.

Wes-Mor Drilling Inc. of Graham has revealed plans to drill a 4,900-foot developmental probe in the Stephens Regular Field, five miles east of Ivan. The well will be located in a 320-acre lease in Stephens County's TE&L Co. Survey and is to be designated as the No. 1 Mor.

...give little thought to the question of values when we should measure them in terms of personal worth in everything he buys, enjoys or does. For example, some folks will buy real estate without any kind of evidence of title disregarding the fact that the principal value of the purchase is in the title, not in the land itself or the improvements thereon. This kind of thinking costs property owners thousands of dollars annually which could be saved and a part of the savings wisely spent for an abstract of title or title insurance.

Recipes Worth Collecting

The recipe this week is an original Chicken Soup recipe made up by Mrs. Alene George of Seminole, a retired 4th grade school teacher and mother of Chuck George. Linda, her daughter in law, and Chuck were not feeling well last year when Alene was here helping operate the Joy Pecan Shoppe, so she made this soup and Linda said it was absolutely delicious. Doctors have discovered what our mothers and grandmothers knew, that chicken soup does have a healing effect. Chuck and Linda are both teaching in the May school system; Chuck teaches Math, Linda, the 4th grade. They have two children Cristy, 5 years and Alex, 2 years. They have lived south of Rising Star on the Acres of Joy Or-

chard for the last 6 years. We hope you enjoy the recipe.

CHICKEN SOUP
(Or alter to make cheese Soup) Cook 1 fryer (or part of one) in plenty of salted water. Cover well and simmer 1-1½ hr. until tender. Dip out pieces to cool. Bone, skin, and cup up chicken, set aside.

While chicken is cooking, cook until tender in small amount of water: 1 Med onion, 3-4 stalks celery, 1 medium carrot- (Chopped)

Add 2-3 Tablespoon oleo (this is a must) Cook noodles (2 or 3 handfuls) in chicken broth. (More water can be added to broth if needed.)

Add vegetables to broth and noodles.

Make a paste of 3-4 Tablespoon flour mixed with milk to thicken

Sipe Springs News

Mrs. Jack Millwee has been at the bed side of her father Mr. Layne Cotter in West Texas Medical Center in Abilene, we hope for him a speedy recovery.

Mrs. Ruby Boswell and Mrs. Lillie Auten of Whitney spent Tuesday and Wednesday here last week.

Mr. & Mrs. Gale Leonard of Fort Worth spent Wednesday here with his parents the N. L. Leonards.

Mr. & Mrs. Larry Anderson and two

daughters of Snyder spent last weekend with his parents Mr. & Mrs. Herman Anderson.

Mr. & Mrs. Dick Wyatt visited with her Aunt Gussie Stanfield in Gorman Hospital who has been quite ill. We hope she has a speedy recovery.

Mr. & Mrs. T. A. Weaver spent the weekend with their son Covie Weaver and family in Garland.

Mr. & Mrs. Travis Boswell of Arlington spent this past weekend here.

Variation: Make same way with canned or saved-over chicken broth, without chicken, add chunks of potatoes, more velveeta cheese, call it cheese soup.

Put in about ¼lb velveta cheese chunked up. Let it melt. Fold in cut-up chicken, pour in a few globs of milk. Add more salt and pepper if desired.

May News

Everyone is invited to attend the Sunday School classes and preaching services of the First Baptist Church of May. Three men were elected to become deacons of this church. These men are O. Williams, D. Warren and J. Jackson.

Mr. & Mrs. M. J. McDaniel, of Sidney, recently attended the Sunday morning preaching services in the newly built Holder Church.

Mrs. Avis Masey visited Butch and Lydia Massey last week. We missed her from senior citizens last Thursday.

Dutch and Opal Dean Montgomery attended the senior citizens last Thursday. The senior citizens are busy quilting. Anyone needing any quilting done should contact Eva Ashworth, site manager or Avis

Saturday Club

Wednesday, January 5, The Saturday Club met in the City Library with a program and business meeting.

Helen Donham and Dorris Harrell were hostesses and greeted the members and one guest, Kay Belk of Houston, Texas.

Ileta Agnew, Club President, opened the meeting and Blanche Cawley gave the invocation.

Yvonne Williams called the roll which each member answered by giving the name of a favorite book.

The Treasurer, Beatrice Krueger, reported that cookbook sales had been very good and few are left for sale.

Dorris Harrell presented the program dealing with the title "Americans read poems and books" using the periods of American Literature and selections using the theme of Americanism as Max Lieberman expressed it in his poem "I am an American."

Helen and Dorris served delicious refreshments from a beautiful table to twenty-nine members and one guest.

The Bible. It has a lot to offer.

FRESH SPINACH SALAD

1 package of fresh spinach (washed, dried and chilled)
6 slices bacon
½ cup sliced green onions
3 tablespoons olive oil
3 tablespoons fresh lemon juice
¼ teaspoon salt
¼ teaspoon dry mustard

Optional ingredients: hard-cooked eggs, mushroom, ham, water, chestnuts and black olives.

Tear spinach leaves into bite size pieces in a large bowl. Cook bacon in a skillet over low heat until crisp. Remove bacon from skillet and drain on paper towel. Sauté green onions in bacon drippings just until tender. Remove pan from heat and add olive oil, lemon juice, salt and dry mustard. Blend well. Add optional ingredients desired. Just before serving, pour dressing over spinach and toss lightly. Sprinkle with bacon pieces.

Homemaking Hints

By Janet Thomas

The Extension Homemaker Clubs will begin the New Year with a program entitled "Cleaning on a Shoestring" to be presented by County Extension Agent, Janet Thomas.

This program will include demonstrations on how to make your own "high-power, low-cost" home cleaners.

Homemakers, not more than a generation ago, didn't have super market shelves full of super cleaning solutions. Instead, the women used a few basic ingredients to create some very effective cleaning products.

Many expensive cleaning products available today are really nothing more than these same basic ingredients that have been perfumed and packaged in aerosol cans and attractive bottles.

The purpose of this program is to show you

how to do the same thing. If you are interested in attending one of these program presentations, give me a call at 629-2222. All Extension Homemaker Clubs are open to the public and everyone is cordially invited to attend.

The programs will be presented on:
January 10 - Kokomo Extension Homemaker Club;
January 12 - Morton Valley Extension Homemaker Club;
January 13 - Pleasant Hill Extension Homemaker Club;
January 19 - Lake Cisco Extension Homemaker Club; and
January 20 - Flatwood Extension Homemaker Club.

Pioneer News

By Mabel Halsell

My Co-correspondent, Mrs. Betty Beggs was called away unexpectedly; so, the reason for my writing the news today.

To many people today, history is boring. To understand all that is going on in the world today, every one needs a background of some knowledge of history. I'm thinking of a review of an interesting subject, in the way of an historical event, that I wish to review in this column. For an interest starter, here are some questions for you to explore. Maybe you know the answers, maybe not.

When was the International Geophysical Year?

What was it and what nations took part in it? And in what way?

What was "Operation Deepfreeze"? And when did it start?

What nation discovered the Antarctic first. Is there a Columbus for the Antarctic?

These are thought questions; We'll continue later.

A report from Mrs. Ethel Brown is that she is very much better, after being sick for a few days. Her visitors were Mrs. Dale Gary, Mabel Birchfield and Garmon Parrish all of Cross Plains, Velma Brown, Lou Grider, Mrs. Jewel Foster, Mr. & Mrs. Tillotson, and Bobby Brown, of the Community.

Mrs. David Witherspoon, and Mrs. Doyle Witherspoon visited Mr. & Mrs. Bill

Sessums. They returned little Rachel Witherspoon home with them to Lancaster. Dorothy Zedletz was another visitor.

Vi Harlow of Marble Falls has been visiting with her sister, Jean Fore and Mr. Fore. She visited at the Recreation Center, on Sunday with her brother and wife, Mr. & Mrs. Paul Harlow. She was enroute home after visiting another sister in Arkansas. Rev. Stan Coleman and wife had lunch with the Paul Harlows on Sunday.

Mr. & Mrs. Lynn Daniel spent last week visiting their son David, in Longview. They enjoyed the week baby-sitting with their little grand-son Jodie, visiting "The Lake of The Pines" and the rest and vacation.

Visitors with Josie & Alma Morris last week, were Rev. & Mrs. Glen Purvis, Rev. & Mrs. Stan Coleman, Tamara Brown & Mr. & Mrs. L. W. Mitchell. P. C. and Edythe Carr visited Mr. & Mrs. Halsell on Tuesday. Other visitors were Lou and Charles Rodenberger of Abilene.

Mr. & Mrs. L. D. Griffin of Coleman, visited Mr. & Mrs. W. G. Parrish recently.

Mrs. Foster's visitors were members of their family. They are well and enjoying the pretty days. Mrs. Miller was elected reporter for the Quilting Club at the last meeting.

Senior Center News

In spite of the fact that several of our group have been on the sick list, while others were "baby sitting" their grandchildren, we still had a nice group who went to the Cisco Center, last Friday, to entertain those good folks with the Starbrites' special brand of music. Really, I thought we performed at our very best. We all had a good time, in spite of the cold north wind which was there.

Our usual Thursday meeting was well attended last week. There were several visitors present--including our own (Charlie's and mine) daughter, Betty Ziegler who was visiting from Fresno, California. We had a good practice session with the band, the 42 games sounded very lively--but, of course the meal was the greatest. Not because it is the only thing we enjoy at our center, but

because everyone who attends can have a part in this very special fellowship. Indeed, it is such a pleasure to sit at the table and enjoy a delicious meal with some of your very best friends.

When you read this, we will already have had the CPR demonstration, presented by Mr. Cartee, of Cisco. That event is to take place this afternoon. I wish I could have known about it before last week, in order that I could have put it in last week's paper.

January 21, at 6:30 P.M., the Starbrite Band is to travel to the Nursing Home at Cross Plains. Be sure to keep this date in mind. And, the Senior Citizens' January birthday party is to be the evening of the 25th. You will miss a wonderful good time, if you are not in attendance. Thats all, folks. Adios, Amigos. Elizabeth.

ORDER OF THE EASTERN STAR

Twelve members of the Rising Star Chapter No. 277, Order of the Eastern Star met Monday, January 3, for an intensive study in preparation for District III, Section IV, School of Instruction to be held in Eastland, Texas, January 18, 1983.

These members were joined by three more members at 7:30 p.m. for the regular monthly under the leadership of Worthy Matron Opal Dean and Worthy Patron Harold

E. (Tex) Evans. The evening was spent in planning a dinner to honor the Masons and Chapter responsibilities for the School of Instructions.

Refreshment tables were decorated by beautifully tatted snow flakes made by Celestine Carleton. The members enjoyed delicious sandwiches, chips, relishes, and cake, tea, and coffee. Hostesses for the evening were Celestine Carleton and Dorris Harrell.

United Methodist Women

The United Methodist Women met Monday afternoon at 3:00 at the church, the first meeting of the new year with nine members present.

Mrs. James Armstrong, president, presided and Mrs. Cecil Joyce gave the invocation. Miss Elizabeth Robertson's and Mrs. Maggie Smith's birthdays were celebrated. Miss

Robertson read scriptures from the 5th Chapter of Ecclesiastes and "The 5th Chapter of Ecclesiastes to us Today" was presented by each member present reading and discussing the topic of the study, "A Better Way of Worship Is Open to People."

The Society benediction was repeated in unison in closing.

Baptist W M U

An interesting program on the "Rapid Growth in Suburbia." Those on the program were Debbie Jones, Julia Ross, Betty Gray and Jean New. The presentation of problems developed in building new churches in fast growing cities in the states. Active discussion followed the

program. Doris Griffin presented the Missionary Calendar and Celestine Carleton led in prayer.

Dorris Harrell presided for the business session. She announced that Vi Williams will lead in Bible study next Monday.

Beta Upsilon Chapter Holds Meeting In Cisco

Beta Upsilon Chapter of Delta Kappa Gamma International met Saturday, January 8, 1983, in Cisco at the Federated Club.

President Ethel Sparks presided over the business meeting. After the group sang the Delta Kappa Gamma song and repeated the Collect, Evelyn Kirk, second vice president, gave a report on a survey made to determine legislative priorities.

1. Providing cost of living increases in retirement pay.

2. Increasing teacher salary.
