

## Through The Editor's Specs

By BAB

They tell it that a visitor walked into the Astrodome at Houston wearing a raincoat. As he stood looking around at those seven acres of captive space, some wag inquired:

"Think it'll rain, friend?"

The visitors gazed up at the steel and glass fretwork of the enormous dome. "You never can tell," he said slowly. "See those clouds up there?"

That about says it.

Clinging to one of those cliffside perches they call upper box seats, you have a shuddery sensation of being poised for a fall in space. What you see is a rocket view of such a contrived immensity that it seems something created outside this earthy old world, something dreamed up at NASA into which you have been transported by a \$3.50 ticket and those escalators that country people are inclined to stumble on.

(We don't have such things in Rising Star. They don't even have them in Brownwood.)

It is an illusion heightened by the impossible green of the artificial outfield grass, 'way, 'way down there! and the green and yellow suits of those space-helmeted greensmen dragging the very brown sand of the diamond with their harrow-like rakes.

It is heightened even more by an abrupt change from the thick, cottony heat of outside Houston to the cool, dry air inside. Those Houston police, strictly functional fellows, saw to it we had plenty of opportunity to compare. Although our tickets called for the north entrance where there was plenty of parking space, they led our air-conditioned bus around to the opposite side.

No doubt when we get to the moon, as some folk and the Russians think we will, such great bubbles of steel and glass as the Astrodome will house communities in which our earthlings can move in an atmosphere of home, secure from spatial sun and cold. What they will be doing up there is something else.

But what has been done at Houston is recognizable, if not yet realized in full. They have built an Astrodome to bring in major league baseball. But they don't have major league ball yet—not quite. They do have the finest home for a minor league club you could imagine. All they need a team for is to advertise it. Forty-six thousand people—and a few thousand whites—streamed into the big bubble Sunday afternoon to see the Astros take a 14-3 licking from the Los Angeles Dodgers.

A person would have to be a very bitter Astro fan not to concede a certain grandeur in the scenery of defeat. But I am inclined to agree with James Rutherford that anybody able to spend \$35 millions or so on a house could afford to spend a few millions for something to put in it.

They could also cut the weeds on those acres of vacant lots that spread about it.

But it was a grand trip.

Mr. and Mrs. Glen Henry visited Terry Henry at Forsan and Lawrence Henry at Monahans recently.

Mrs. Feril Crook and Mrs. Lauster Bell of Fort Worth visited their father, G. E. McDonald, last week-end.

They'll Lead the Cheering for the Wildcats This Fall . . .

These Wildcat Cheerleaders will be out there urging the Wildcats on to victories in their football games this season. They are, left to right: Sallie Medford, Robbie Riehnburg, Kay Nunnally and Debbie Medley.

## Cat Squad of 35 to Start Grid Practice Next Week

The Rising Star Wildcats, preparing for competition in Class 9-A this fall, will field one of the most numerous squads in several years, including seven senior lettermen, three junior and one Sophomore lettermen.

The squad of about 35, will begin workouts next week. Equipment will be issued at 2 p. m. Monday and practice sessions will be held in the evening for the present, Coach Frank Gray said.

The coach urged all boys who expect to play on the teams to secure blanks for the required rental consent from either the coach of Spt. Edward Watkins at the high school. Each boy must turn in a form showing a doctor's approval of his physical condition and signed also by a parent, before he will be allowed to play. This is an Inter-scholastic League requirement.

In addition to the varsity schedule of games, Coach Gray

has planned a schedule of "B" squad games to give younger and inexperienced members of the Wildcat teams actual game experience during the season. Games have already been arranged with Comanche and Eastland "B" teams, the dates to

### WILDCAT SCHEDULE

- Sept. 9 — Wylie here;
  - Sept. 16 — Gorman here
  - Sept. 23 — Blanket there;
  - Oct. 1 — May homecoming;
  - Oct. 8 — Bangs there;
  - \*Oct. 14 — Goldthwaite there
  - \*Oct. 21 — Early here;
  - \*Oct. 28 — Santa Anna there;
  - \*Nov. 11 — Cross Plains here.
- \* Denotes conference games

be announced later. Other games will be arranged as soon as possible, Mr. Gray said.

The first varsity game will be with the Wylie team here on

September 9. It will be a non-conference game.

The Wildcats will compete in District 9-A with Cross Plains, Early, Santa Anna and Goldthwaite. The first district game will be played with the Goldthwaite team at Goldthwaite on October 14. The Cats will then play Early, Santa Anna and Cross Plains in order.

The Cats moved up to an "A" rating last year.

Two of the Cats' games will be homecoming games. They will play the May Tigers in the Rising Star homecoming game here Saturday, Oct. 1 and the following Saturday night they will play Bangs in a homecoming game there. These will be the only games they will play on Saturday. All others are scheduled for Friday nights.

Prior to the opening of the regular schedule, two scrimmages have been scheduled, one with Comanche on August 26, and the other with Eastland on Sept. 2. Both will probably be played away the coach said, but they are open to the public at no charge.

Senior lettermen on the prospective squad are Mike Donham, tackle; Jimmy Rutherford, back and Dwight Carter, back, all three-year boys, and Danny White quarter, Hurby Hubbard, Willie Ezzell and Ben Chick, all guards.

Junior lettermen are Robert Clark, back; Travis Ford, tackle and Ronald Hunt, end. The only other letterman is Ronald Green, Sophomore and regular center.

Two newcomers, both experienced, and a regular who was injured in the first game of last season and played no more, are good prospects to strengthen the team. The transfers are Carl Clark of Hobbs and Don Claborn, both of whom are eligible this year. Dalton Hughes is the injured boy who returns to active participation this year. Clark is an end, Claborn a back and Hughes plays both back and end positions.

Three Juniors who show promise are Jackie Bibby, Richard Callaway and Mack Wolf. They were on the squad last year but did not letter.

There will probably be others, upper classmen, Sophomores and Freshmen, to report said the coach and they will be welcome and given every opportunity to show their ability.

Further enhancing the future and perhaps present prospects, are some 12 graduates from last year's fine Junior High team. These Freshmen and others who not on the regular A squad will see plenty of action in the B schedule.

The Quarterback Club is assisting in putting team equipment in good order by purchasing the materials with which the coach is doing repair work.

## Prospects for Re-Opening Of Local Hospital Brighten

Outlook for re-opening of Rising Star Hospital under conditions inviting Medicare approval brightened this week with the visit here of a group of high officials of the Seventh Day Adventist Church in Texas to confer with members of the local hospital board.

The group conferred with W. C. Dart of Fort Worth, president of the Texas Conference of the denomination; W. B. Robinson, secretary-treasurer of the conference and Elder George Nickle of Keene, Texas, a retired missionary with 33 years of service in South America and Cuba.

The group conferred with W. E. Tyler president of the hospital board; Cecil Shults, A. P. Smith and Jay Koonce and inspected the hospital building on West College.

After the conference, Elder Dart said his group would recommend that the hospital commission of the church send its medical secretary to make a complete survey of the situation, the hospital potential, the cost of putting the hospital into operation under a lease arrangement with the local board, the number of doctors needed, etc. Upon the result of this survey would depend a decision on whether or not to take over the operation of the institution, he said.

The Adventists maintain more than 400 hospitals and dispensaries throughout the world, about 45 of them in the United States. In Texas at present they operate hospitals at Beeville, San Marcos, Menard and Santa Anna and are considering a number of other locations to which they have been invited, Elder Dart said.

They also maintain a large medical college in California from which come many doctors to staff hospitals in their connection.

The Santa Anna Hospital is an outstanding example of the success of the denomination in its hospital program. Taken over some ten years ago it has been built into an outstanding example of medical efficiency and service to a small community, with its capacity far exceeded by patient demand. It has a staff of two doctors and a third is being added.

If the hospital commission of the conference elects to take over the local institution, it will be staffed with adequate medical, administrative and operating personnel, and it will be operated to meet Medicare standards, the Rising Star men were assured.

The local board would be expected to equip the hospital to meet the Medicare specifications, he said.

A copy of the lease agreement under which the Adventists assume responsibility for the operation of hospitals such as the Rising Star institution will be sent to the local board for study, Mr. Dart said.

The Rising Star Hospital was closed on July 1, coincident with the effective date of Medicare, but Dr. C. B. Wright still maintains a clinic in the building.

### First Baptist Church "Retreat" Aug. 19-20

The First Baptist Church will have a retreat August 19-20. This will be at the Heart of Texas Encampment on Lake Brownwood. Activities will begin at 6 p. m. The group will leave the church at 4:30 Friday afternoon, returning Saturday evening. There will be fun, recreation, inspiration, singingspiration, campfire, group discussion and much fellowship, said the pastor.

The entire church is invited. Those who plan to attend are asked to get their names to Mrs. Marie Hardin not later than August 15.

### CJC Students Here May Have City Work

Rising Star students who will be enrolled at Cisco Junior College are eligible to work for the City of Rising Star, Mayor W. G. Reed has announced.

Interested students are asked to make application at the City Hall in Rising Star or at Cisco Junior College. Two young men and one young lady are needed.

### Rotary Oil Project Staked Southwest

Louis Pitcock of Graham has staked location for a rotary project in the Brown County regular field four miles southwest of Rising Star. It will be the Pitcock No. 11 Butler. Proposed depth is 1,500 feet, 1,600 feet from the north and 2,170 feet from the west lines of Thomas Benson Survey No. 783.

## Economist to Preview Sheep and Goat Prices

John G. McHaney, economist from Texas A&M University, will discuss the price outlook for wool, lambs and mohair at the annual Eastland County Sheep and Goat Field Day at Ranger, according to the prepared agenda for the all-day affair.

McHaney, one of the outstanding agricultural economists of Texas, has appeared on the field day program several times in the past. The meeting this year will be in the cafeteria at Ranger Junior College instead of the Tiffin Gas Plant where it has been held during the past, said Dr. John Foster, DVM, chairman of the agricultural committee of the Ranger Chamber of Commerce.

Jack Groff, Kerrville, sheep and goat specialist of the Agricultural Extension Service of A&M, and Dr. Maurice Shelton, geneticist from the Livestock and Forage Center of the Agricultural experiment station at McGregor, Texas, will also be on the program beginning at 9:30 a. m. and lasting until mid-afternoon with timeout for a Dutch treat lunch at noon.

A representative from the large wool and mohair warehouse headquarters at Lampa-

sas with a branch station at Ranger, will discuss marketing of the fibers.

Joe Jackson, Caddo, and Joe Fambro, Mingus, directors of The Texas Sheep and Goat Raisers Ass'n, will discuss the aims and objectives of their organization.

J. M. Cooper, Eastland County farm agent and his assistant are co-sponsors.

## Adventists To Build Church In Rising Star

Elder H. B. Petry of the Seventh Day Adventist Church at Santa Anna who recently conducted a revival meeting here, announced this week that the denomination will build a church on South Miller Street in Rising Star across from the Twilite Acre Nursing Home.

The church will be of brick veneer construction and air-conditioned, he said. It will be built to accommodate 150 worshippers.

The Adventists recently purchased the framework of the old Church of Christ building here and are now engaged in moving the lumber to the site of their new church.

Construction is expected to begin about Sept. 1.

## Infant Is Buried Here In Services Thursday

Reggie Daryn Smith, infant son of Mr. and Mrs. Carl Lee Smith died in Eastland Memorial Hospital at 6:30 a. m. Thursday, August 4, shortly after birth.

Graveside services were held at the Rising Star cemetery at 2 p. m. Friday, August 5 with the Rev. J. W. Hodges, pastor of the First Methodist Church, officiating. Higginbotham Funeral Home was in charge of burial arrangements.

The baby is survived by his parents; the paternal grandparents, Mr. and Mrs. C. E. Smith of Rising Star; the maternal grandparents Mr. and Mrs. A. B. Foster of Cross Plains, and two brothers, Rodney Dean and Rickey Wayne Smith of Rising Star.

## Cub Scout Fishing Derby Set for Aug. 13

Scoutmaster A. W. Griffin has announced that the Cub Scout Fishing Derby will be held Saturday, August 13, at 5:30 p. m. at the north end of Pioneer Lake.

Prizes will be awarded for the largest fish caught and for the most fish caught.

A Weiner roast will follow the derby. Food and drinks will be furnished by the pack.

All committee men, and Cub Scouts and their families are invited to attend.

## Williams Reunion To Be Held August 14th

The Williams Community reunion for former residents and ex-students of the Williams school will be held on Aug. 14 at the Williams gym, it was announced this week.

Those attending were asked to bring basket lunches to be spread.

## Highway East of Town Will Get Improvements

State Highway 36 from Rising Star to the Comanche line east will be improved with additional base and surfacing under a program approved by the Texas Highway Commission in Austin this week.

The project, extending from the intersection with Highway 183 in Rising Star to the junction of Highway 36 and the De Leon Farm-to-Market road, a distance of 4.4 miles, will cost an estimated \$150 thousand.

Mrs. Conrad Schaefer and Mrs. M. B. Shook have returned from a vacation trip to Sante Fe, New Mexico.

Mrs. Mollie West has returned to the Twilite Nursing Home after an illness in the Comanche Hospital.

## Nimrod News

BY MRS. EVA STROEBEL

Mrs. Nannie Brooks and children of Cisco visited her brothers, Eldridge and Golden Lawson, last Monday.

Dickie and Ronald Erwin of Hobbs, New Mexico, are visiting their grandparents, Mr. and Mrs. Edwin Erwin, of Sabanno.

Blackleg is prevalent in the community. Herman Schaefer has lost seven head of cattle and Oscar has lost five.

Mr. and Mrs. F. M. Reich of Del Rio spent the week-end with his brother, Claude Reich, and Mrs. Reich and other relatives.

Mrs. Wordis Erwin and Peggy attended the homecoming at Sipe Springs, Sunday. They also attended the funeral of a cousin, Earl Anderson of Pasadena. Burial was in the Carbon cemetery Sunday.

Mr. and Mrs. Truett Dawkins attended church at the Cook Baptist church Sunday morning.

Mr. and Mrs. W. C. Reed and children of Stamford spent the week-end with her parents, Mr. and Mrs. Claude Reich. The children stayed for a longer visit.

Mr. and Mrs. Gus Brandon of

### News From May

By Mrs. Ludene Michael

O. L. Killion of May and his sister and husband, Mr. and Mrs. Ottis Pierce of Clovis, New Mexico, visited their brother, Floyd Killion, at Edna recently. Mr. Killion has been ill.

Mr. and Mrs. Weldon Landers of Fresno, Calif., are visiting her parents, Mr. and Mrs. Ernest McDaniel, at Twilite Nursing Home at Rising Star. They will visit Corbett McDaniel and other relatives in Dallas, before returning to their home.

The Lancaster family reunion was held at the home of Mrs. A. N. Lancaster Sunday, August 7. About 50 relatives and numbers of friends attended.

Friends at May offer deepest sympathy to the family of Mrs. Betty Jo. Suttle, who died at her home in Odessa, August 6. Funeral services were conducted in the Chapel of Roses Funeral Home in Odessa, with burial in the Ranger cemetery.

Mr. and Mrs. Walter Chambers have moved from Georgetown to Brownwood. Mrs. Chambers is the former Iola Bowden, daughter of the late Dr. Bowden and Mrs. Bowden, and niece of Mrs. J. J. Prentice of May.

Maj. Max Prentice and mother, Mrs. J. J. Prentice, attended the wedding of Nancy Archer and M. R. Ford in the First Methodist church at Brady, Saturday at 12 noon. Immediately following the wedding a dinner was served to wedding guest and attendants.

Mrs. J. R. Edwards of May is a patient in a Galveston hospital.

M/Sgt and Mrs. Terry Young and sons, Robert, Barry, and Todd, spent a 30-day furlough visiting their parents Mr. and Mrs. C. O. Young and Mrs. Lavora Smith. The Terry Young family spent three years in Germany where he was stationed with the Armed Forces. He is presently en route to Viet Nam.

Mr. and Mrs. Todd and daughters, Debbie and Carrell, of Herford, visited Mrs. Todd's mother, Mrs. Grace Glenn, recently. The Todds are employed as teachers in the Herford school system.

Mrs. Lila Shipman accompanied her son Jerry, to Abilene hospital last Wednesday for treatment for a knee injury.

### REUNION

Descendants of Mrs. Willie Arnold will hold a family reunion of the Arnold and Struck families at the home of Mr. and Mrs. W. V. Fenter, one mile west of and two miles south of Rising Star, Sunday August 14. All descendants and old friends are invited to attend.

Kenneth Joyce of Crane is visiting his parents, Mr. and Mrs. Cecil H. Joyce.

## WMU Circle Meetings Study "Major Cults"

The WMU of the First Baptist Church met in circles this week. The Van Worten Circle met at the church with Mrs. Charles Carroll leading the program. A study of the "Major Cults" was presented by Mmes. Carroll, Dennis Clark, Roy Rutledge, Jesse Martin and Miss Pauline Roberds.

The Boyd O'Neal Circle met with Mrs. Everett Parker with the same program.

### STAMP PADS AT THE STAR

Sabanno visited relatives in Merkel last Sunday.

Mr. and Mrs. Edgar Townsend have been attending services at Wesley Methodist church in Cisco this week.

Mr. and Mrs. Wesley Yeager of Cisco visited in the Edgar Townsend home, Wednesday.

Rev. Gary Ethinson has resigned as pastor of the Nimrod Baptist Church, effective August 7. Rev. Ethinson and his wife are moving to Indiana where he will pastor a church. Rev. Lewis Sneed of Abilene preached in the absence of the pastor Sunday.

Recent visitors in the home of Herchel Stone were Mr. and Mrs. William Hill of Bryan, and Mr. and Mrs. Charlie Hill and daughter of Arlington.

Rev. Sneed and Mr. and Mrs. Doss Cozart of Okra were Sunday dinner guest of the Jack Cozarts.

Mr. and Mrs. Don Cozart, Mr. and Mrs. Buford Cozart, Mr. and Mrs. T. C. Cozart and Arthur Cozart attended the funeral of their brother-in-law in Anson Sunday.

David Perminter spent last week with his sister and husband, Mr. and Mrs. Herchel Stone.

Mr. and Mrs. Ken Leach of Austin spent last week with her parents, Mr. and Mrs. Carl Stroebel, and family. Ken left Monday to enlist in the U.S. Army. Mrs. Leach will return to Austin where she is employed in the city school system.

Lewis Stansell of Duncan, Okla., sent Tuesday night with Jim Harrelson.

Mr. and Mrs. Herchel Stone visited Mr. and Mrs. Walter Ziehr Monday night.

### FIRST CHILD

Mr. and Mrs. Pat Agnew of Abilene have announced the birth of their first child, a boy, born August 1. The baby weighed 9 1/2 pounds, and was named Joe Todd. Maternal grandparents are Mr. and Mrs. Paul Cawley, paternal grandparents Mr. and Mrs. Ray Agnew.

Mr. and Mrs. Gene Bishop and son, Ken, visited his parents and grandparents Mr. and Mrs. J. W. Bishop and Mr. and Mrs. E. B. Jarrell, over the week-end.

### FAMILY TOGETHER

The descendants of the late J. C. and Melissa Maples will hold their annual family reunion at the American Legion Hall at Rising Star, Sunday August 14. It was announced. All descendants and friends are invited to attend.

Miss Elizabeth Robertson and Mrs. Beyrl Heath visited relatives in Comanche recently.

Mr. and Mrs. Luna Bishop of Cumby spent two days this week with Beyrl Heath.

Before you rearrange your furniture, be sure you will not be sacrificing convenience or use of space. There may be only one way to arrange it for best use of the space you have.

5. Locate a good light in the proper place for each conversation group.
6. Plan an interesting and attractive group at the spot first seen as you enter the room.

Furniture arrangement need not follow a set pattern. Livability is the first and final rule. Think of the needs of different members of your family in each room as you plan a workable arrangement of your furniture. Arrange the living room furniture so that comfortable seating and adequate lighting are provided for each member. Think in terms of groups that are usable and convenient, and not in terms of individual pieces.

Try these guides for good furniture arrangement:

1. Keep traffic lanes open.
2. Place large pieces first, parallel to the lines of the room.
3. Balance the pieces in a group and each group on each side of the room.
4. Accent a center of interest.

**VISITS DAUGHTER**

Mrs. M. S. Sellers who has been ill in the home of her son Wayne in Rock Hill S. C. has improved sufficiently to go for a visit with her daughter, Mrs. Lionel Paquette, at Martinsburg, W. Va. Mrs. Sellers address is c/o Mrs. Lionel Paquette, V. A. Center, Martinsburg, W. Va. 25401.

Mr. and Mrs. George Boyd of Hobbs, New Mexico, visited Mr. and Mrs. Tom Grisham over the week-end recently.

Mrs. York Eberhart of Brownwood visited friends in Rising Star Monday.

**STAMP PADS AT THE STAR**

**It Has Been**

By VADA ARNOLD

For many years Rising Star was an inland town, in the midst of one of the richest farming, livestock and fruit growing areas in Texas.

A mail hack from Cisco to Brownwood brought the mail once a day, and picked up passengers who wanted to travel the route. Freight wagons drawn by four to six teams of horses hauled merchandise for the stores, gins and other places of business.

Through the years, enterprising citizens felt the need of a railroad, and worked diligently to bring one to Rising Star. Finally in 1910, their dreams were realized and the first train came to town.

This 42 miles of railroad, from DeLeon through Rising Star to Cross Plains created more work, more friends and more laughs than the Toonerville Trolley ever thought of.

The line handled farm product, livestock and building material. The train ran seven days a week, there was one passenger car, combination mail and baggage car and all the freight cars they could handle.

The engineer on the first train into Rising Star was a Mr. Jetton, a very humorous man. Hundreds of people from miles around old and young had gathered to see the first train they had ever seen in their lives. As the train came to a stop, the crowd literally swarmed about the engine to look things over. Mr. Jetton stuck his head out of the cab window and yelled, "Look out, move back, we are going to turn around." In the excitement of the crowd trying to get out of the way, one woman fell and was injured, but she did not bring suit against the railroad company. She said "Seeing that train was worth getting hurt".

One conductor who made the run was a very religious man, and conducted a Bible Class for the passengers every Sunday morning, from Rising Star to Sipe Springs. These classes had all the seriousness and solemnity of a church service.

In 1919 there were oil develop-

ments around Sipe Springs and Cross Plains, and the railroad experienced such a boom that two trains a day were put on to handle the excess business.

There were passengers from nearly every state in the union, coming to explore and make oil investments in this area.

On one occasion the engine stalled on a heavy grade. There were lots of melons growing near the tracks and some of the passengers asked to get off the train and gather them. They came back onto the train with all the melons they could carry. The story is told of one man, who attempted to cut one of the melons and failed, he tapped it on the floor, time after time a little harder each time, but the melon did not fall open. The man was so mad, he stood up and threw it as hard as he could against the floor. It bounced and hit him in the face. A native of this country on the train, told the man, "That's no water melon and it is not supposed to be eaten. It is pie melon"

Three miles west of Sipe Springs was a water tank where the train stopped for water, on the north side of the track was a nice lake, a good fishing place, and an ideal site for ducks. As it took some time to water, the trainmen kept trot lines set out and would run them on each trip. The men kept their guns ready during duck season and "It was just too bad for ducks".

Then there was the man who lived three miles east of Rising Star, supposed to be farming, but noted for the brew he made. "They say it was the kind you could put in a punch bowl and not leave a headache". The train would stop near this farm house. Trainmen would leave a dollar bill under the trestle, and on the return trip there would be a quart of ice tea in place of the dollar bill.

There was a part time preacher living at Sipe Springs. He often preached on the streets of nearby towns, when he could get a free ride. This fellow was bald with a fringe of red hair, the train crew called him "Bro. Red".

Nearly every morning about 10 o'clock, when the train stopped at Sipe Springs for 15 or 20 minutes work, "Bro. Red" boarded the train, and delivered a short sermon to the passengers. After praying for the safety and

security of each passenger, he passed his old worn hat around for a collection. As the train started he made a bow and polite thanks and left the train.

One morning a bakeman closed the trap door and latched it from the outside. After his usual sermon and collection, "Bro. Red" went to the door and failed to get out. No one paid attention to his ravings until the train had gone three or four miles from town. Then the train stopped and "Bro. Red" was put off. The conductor said "What Bro. Red called the train crew could not be found in the Bible." After that the passengers missed a lot of good sermons.

Although the MK&T train tore over the tracks at the rapid speed of 15 miles an hour, it never failed to stop and pick up passengers who made their way across fields, down muddy or sandy pathways to the railroad track to hail a ride. The train crew called these people "Rabbit train passengers."

In the early 30's there were few passengers riding the train and freight was very light. There was only a train three days a week. This lasted about three years and finally the company decided, "No revenue, no train."

**Annual Staff to Go To Texas Tech School**

The Rising Star High School Annual staff met with Mrs. C. A. Claborn Friday morning to discuss their trip to Texas Tech Those making the trip this year are Mike Donham, Kay Nunnally, Pam Geye, Debbie Medley, Rita Jones, Beverly White, Belinda Hickman Brenda Bailey and Peggy Burns.

The school has classes taking and developing pictures, making layouts and learning to make a good annual.

The group expects to have a wonderful time, as plenty of entertainment will be included.

Kay Nunnally, Beverly White, Peggy Burns and Pam Geye will show and Pam Geye will represent us in the beauty contest.

Mr. and Mrs. Bill Medley and Mike Donham will furnish the transportation — Peggy Burns.

Mr. and Mrs. Pierce Scott of Bright Waters, N. Y., are visiting his mother, Mrs. Wilburn Scott. The family visited Winfield Scott in Fort Worth and went from there to Hereford for a visit with a daughter of Mrs. Wilburn Scott, Mrs. J. C. Reese, and Mr. Reese.

Mrs. M. E. Crossley of New Boston visited friends here recently.

D. C. Hazelwood is a patient in a Comanche hospital.

**OFFICES SUPPLIES AT THE STAR**

Recent visitors in the home of their parents, Mr. and Mrs. W. C. Witt, were their daughters, Mrs. M. R. Hardin, Elaine and Donna, of Midland, and Mrs. L. E. Allen, and Mr. Allen and children of Roscoe. Sheri Gilliam of Midland, a friend of Elaine and Donna, was another visitor.

"You mean you had to pay TWENTY-FIVE DOLLARS for those new medicines?"

"Yes... but they saved \$900 and my husband's life!"

**YEARS AGO** when the physician fought to bring a patient through a seige of pneumonia there was little he could do but help conserve the patient's strength, make him comfortable... and hope for the best.

In fact, the doctor sadly signed death certificates for 33 out of every 100 pneumonia patients he treated. For those who survived, recovery was slow and expenses were high. The cost of the average case was about \$1,000, including three or four weeks' time lost away from work.

Happily, this grim picture has changed. Under the onslaught of sulfa drugs... and now the antibiotics... pneumonia has steadily lost ground. Now, uncomplicated cases clear up in four or five days. And instead of losing 33 out of every 100 cases, the doctor saves all but a very few.

Just as striking as the cut in deaths and disability is the cut in the cost of curing pneumonia. More and more patients can now be cared for at home. As a result, the average case of pneumonia may cost no more than \$100... including the loss of income, the doctor's visits and the "expensive" new medicine!

Today, more than ever before, an investment in prompt and proper medical care may well represent one of the biggest bargains of your life.

**PUBLIC NOTICE  
Proposed CONSTITUTIONAL AMENDMENT  
NUMBER ELEVEN ON THE BALLOT**

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966. SENATE JOINT RESOLUTION NO. 19 proposing an Amendment to Section 49-d, Article III of the Constitution of the State of Texas, declaring state policy regarding optimum development of water reservoirs; providing for the use of the Texas Water Development Fund under such conditions as the Legislature may prescribe by General Law in the acquisition and development of storage facilities and any system of works properly appurtenant thereto; providing for the sale, lease or transfer of such facilities under General Law; providing for long-term contracts for water storage facilities; authorizing the issuance of an additional \$200,000,000 in bonds by the Texas Water Development Board upon a two-thirds (2/3) vote of the elected members of each house; providing that anticipatory legislation shall not be invalid because of its anticipatory character; providing for the necessary election, form of ballot, and proclamation and publication. BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-d of Article III of the Constitution of the State of Texas be amended to read as follows: "Section 49-d. It is hereby declared to be the policy of the State of Texas to encourage the optimum development of the limited number of feasible sites available for the construction or enlargement of dams and reservoirs for conservation of the public waters of the state, which waters are held in trust for the use and benefit of the public. The proceeds from the sale of the additional bonds authorized hereunder deposited in the Texas Water Development Fund and the proceeds of bonds previously authorized by Article III, Section 49-c of this Constitution, may be used by the Texas Water Development Board, under such provisions as the Legislature may prescribe by General

Law, including the requirement of a permit for storage or beneficial use, for the additional purposes of acquiring and developing storage facilities, and any system or works necessary for the filtration, treatment and transportation of water from storage to points of treatment, filtration and/or distribution, including facilities for transporting water therefrom to wholesale purchasers, or for any one or more of such purposes or methods; provided, however, the Texas Water Development Fund or any other state fund provided for water development, transmission, transfer or filtration shall not be used to finance any project which contemplates or results in the removal from the basin of origin of any surface water necessary to supply the reasonably foreseeable future water requirements for the next ensuing fifty-year period within the river basin of origin, except on a temporary, interim basis. "Under such provisions as the Legislature may prescribe by General Law the Texas Water Development Fund may be used for the conservation and development of water for useful purposes by construction or reconstruction or enlargement of reservoirs constructed or to be constructed or enlarged within the State of Texas or on any stream constituting a boundary of the State of Texas, together with any system or works necessary for the filtration, treatment and/or transportation of water, by any one or more of the following governmental agencies: by the United States of America or any agency, department or instrumentality thereof; by the State of Texas or any agency, department or instrumentality thereof; by political subdivisions or bodies politic and corporate of the state; by interstate compact commissions to which the State of Texas is a party; and by municipal corporations. The Legislature shall provide terms and conditions under which the Texas Water Development Board may sell, transfer or lease, in whole or in part, any reservoir or associated system or works

which the Texas Water Development Board has financed in whole or in part. "Under such provisions as the Legislature may prescribe by General Law, the Texas Water Development Board may also execute long-term contracts with the United States or any of its agencies for the acquisition and development of storage facilities in reservoirs constructed or to be constructed by the Federal Government. Such contracts when executed shall constitute general obligations of the State of Texas in the same manner and with the same effect as state bonds issued under the authority of the preceding Section 49-c of this Constitution, and the provisions in said Section 49-c with respect to payment of principal and interest on state bonds issued shall likewise apply with respect to payment of principal and interest required to be paid by such contracts. If storage facilities are acquired for a term of years, such contracts shall contain provisions for renewal that will protect the state's investment. "The aggregate of the bonds authorized hereunder shall not exceed \$200,000,000 and shall be in addition to the aggregate of the bonds previously authorized by said Section 49-c of Article III of this Constitution. The Legislature upon two-thirds (2/3) vote of the elected members of each House, may authorize the Board to issue all or any portion of such \$200,000,000 in additional bonds herein authorized. "The Legislature shall provide terms and conditions for the Texas Water Development Board to sell, transfer or lease, in whole or in part, any acquired storage facilities or the right to use such storage facilities together with any associated system or works necessary for the filtration, treatment or transportation of water at a price not less than the direct cost of the Board in acquiring same; and the Legislature may provide terms and conditions for the Board to sell any unappropriated public waters of the state that might be stored in such facilities. As a prerequisite to the purchase of such storage or water, the applicant therefor shall have secured a valid permit from the Texas Water Commission or its successor authorizing the

acquisition of such storage facilities or the water impounded therein. The money received from any sale, transfer or lease of storage facilities or associated system or works shall be used to pay principal and interest on state bonds issued or contractual obligations incurred by the Texas Water Development Board, provided that when moneys are sufficient to pay the full amount of indebtedness then outstanding and the full amount of interest to accrue thereon, any further sums received from the sale, transfer or lease of such storage facilities or associated system or works may be used for the acquisition of additional storage facilities or associated system or works or for providing financial assistance as authorized by said Section 49-c. Money received from the sale of water, which shall include standby service, may be used for the operation and maintenance of acquired facilities, and for the payment of principal and interest on debt incurred. "Should the Legislature enact enabling laws in anticipation of the adoption of this Amendment, such Acts shall not be void by reason of their anticipatory character." Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed thereon the following: "FOR the Constitutional Amendment authorizing the issuance of an additional \$200,000,000 in Texas Water Development Bonds and providing for further investment of the Texas Water Development Fund in reservoirs and associated facilities." "AGAINST the Constitutional Amendment authorizing the issuance of an additional \$200,000,000 in Texas Water Development Bonds and providing for further investment of the Texas Water Development Fund in reservoirs and associated facilities." Sec. 3. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

**Ex-Rising Star Woman  
On Holy Land Tour**

A former Rising Star woman, Mrs. Ernest Caskey of Ballinger, and her husband are now on a tour of the Holy Land and other Mediterranean areas with a group of Methodist editors. Before her marriage Mrs. Caskey was Willie Mae Cochran, a niece of Mrs. Jay Rachel and M. M. Watkins. Mr. Caskey is superintendent of schools at Ballinger and Mrs. Caskey is on the Ballinger faculty. During the tour the group has or will visit Rome, Cairo, Jerusalem and other Holy Land cities, Athens Paris and London. They will arrive at Dallas on the return August 22.

**TOURING EUROPE**  
Jim Lane and John Jackson, recent graduates of Texas Christian University, are touring Europe and the Scandinavian countries prior to entering graduate school in the autumn. Lane, son of Mr. and Mrs. Wesley I. Lane, Jr., 3033 Cortez Drive, Fort Worth, will enroll in law school at Baylor University. He was president of Delta Tau Delta fraternity and of the Interfraternity Council at TCU. His mother is the former Floyd Glen Joyce, daughter of Mr. and Mrs. John W. Joyce, former long time residents of Rising Star. His great-grandfather was the late pioneer attorney, J. L. Alford, who practiced law in Rising Star for many years.

**DAUGHTER DIES**

Karen Mayes, young daughter of Mr. and Mrs. Harvey J. Mayes of Copperas Cove, and niece of Raymond, Bud, and Ellen Mayes and Mrs. J. J. Kornegay, all of Rising Star, died in Darrell Hospital at Fort Worth Thursday, August 4, after a two year's illness. Burial was in the Coperas Cove cemetery.

Mr. and Mrs. Glen Hodges of Denton spent the week-end with his parents, Rev. and Mrs. J. W. Hodges. Their son David returned with them after spending a week here with his grandparents.

**PUBLIC NOTICE**

**Proposed CONSTITUTIONAL AMENDMENT NUMBER SIX ON THE BALLOT**

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.  
HOUSE JOINT RESOLUTION NO. 37 proposing an Amendment to Article III of the Constitution of the State of Texas by adding thereto a new section, Section 51-d, so as to provide for the payment of assistance by the State of Texas to the surviving spouse and minor children of law enforcement officers, custodial personnel of the Texas Department of Corrections or full-paid firemen who suffer violent death in the course of the performance of their duties as law enforcement officers, custodial personnel of the Texas Department of Corrections or as full-paid firemen; providing for the necessary election, form of ballot, proclamation, and publication.  
BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:  
Section 1. That Article III, Constitution of the State of Texas, be amended by adding Section 51-d to read as follows:  
"Section 51-d. The Legislature shall have the power, by general law, to provide for the payment of assistance by the State of Texas to the surviving spouse and minor children of law enforcement officers, custodial personnel of the Texas Department of Corrections or of full-paid firemen who suffer violent death in the course of the performance of their duties as law enforcement officers, custodial personnel of the Texas Department of Corrections or as full-paid firemen."  
Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed thereon the following:  
"FOR the Constitutional Amendment providing for the payment of assistance by the State of Texas to the surviving spouse and minor children of law enforcement officers, custodial personnel of the Texas Department of Corrections or full-paid firemen who suffer violent death in the course of the performance of their duties as law enforcement officers, custodial personnel of the Texas Department of Corrections or as full-paid firemen."  
"AGAINST the Constitutional Amendment providing for the payment of assistance by the State of Texas to the surviving spouse and minor children of law enforcement officers, custodial personnel of the Texas Department of Corrections or as full-paid firemen."  
Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment. In counties using voting machines, the above provision for voting, for and against this Constitutional Amendment, shall be placed on said machine in such a manner that each voter may vote on such machines for or against the Constitutional Amendment.  
Sec. 3. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time required by the Constitution and laws of this State.

**FRIGIDAIRE**  
ROOM AIR CONDITIONER

If really "big" cooling is your requirement, consider the new Frigidaire Prestige Room Air Conditioners. New Soft-Sound Styling creates Pin-Drop Quietness... a soothing, restful murmur of cool comfort. No more rattling vibration or roaring air noise. With 4-way air distribution and only 3 simple dials, you can be confident of maximum cooling comfort. Washable, bactericide-treated, foam plastic filter behind new magnetic-action, lift-off front panel are but 2 more great features of these fabulous new room coolers. With 6 models to choose from...each accompanied by an exclusive Frigidaire 3-way written guarantee, there's no need to swelter in the heat any longer. Stop in at your WTU appliance showroom.

- Thru-the-wall or window installation
- Big moisture removal ranges from 2.2 to 6.5 pints per hour
- Exclusive floating suspension hushes vibration noise
- Two fan speeds for ventilation or cooling circulation

After down payment, sensible terms may be added to your monthly Electric Service Statement.

**FREE WIRING**

...to WTU Residential Customers... 220-volt on one-ton or larger room air conditioner when purchased from a local dealer or WTU.
