Local Man Burned in Explosion

Toby White of Rising Star received second and third degree burns when a cylinder of oxygen he was preparing to use exploded about 5:15 last Tuesday. White, 26, was transported by Rising Star Emergency Medical Service to Hendrick Medical Center in Abilene and was placed in the Critical Care Unit.

The accident with the borrowed equipment happened as Toby White was preparing to weld farm equipment on the Charles Rutherford stock farm north of Rising Star. Speculation was that a bit of oil or some other flammable property was between the regulator and the bottle of oxygen. The explosion and resulting fire burned Toby's arms, chest, neck and face. His shirt was of a synthetic material which melted onto his skin. Arley Bibby caught the burning man and began smothering the flames with his hands, then repeated the actions after Toby escaped his ministrations. Rutherford then rushed White to Dr. Billy T. Carpenter's office. The doctor was out on an emergency and Mrs. Carpenter called for the EMS.

White was moved from CCU later in the week and was receiving therapy in the hospital's Whirlpool this week. His family

learned Tuesday that Toby may need skin grafts on some of the burns. Also, Toby's insulin level had not been stabilized early this week. A diabetic since childhood, White and his family were concerned that the disease would slow down the healing process, ordinarily a lengthy enough ordeal for burn victims. He was not yet able to use his hands by Monday.

Jake and Barbara White expressed deep appreciation to each person who had a part in helping after the accident. They credited Bibby, who had minor burns on his hands, with saving Toby's life, and were impressed with the caring attention given by the volunteer EMS personnel in getting the burn victim to treatment as quickly as possible.

On Toby's behalf, they also want to thank everyone for the cards, flowers and other acts of kindness during Toby's hospitalization. They were looking into the possibility of securing Whirlpool or Jacuzzi equipment to use in the abrading treatment burn victims must endure.

Toby, a full time employee of Ole Rip Cap Co., worked part time for Rutherford. He does not have hospitalization insurance.

Owen Home Lost to Fire

Fire completely destroyed the home of Johnny and Jackie Owen Friday, October 4, shortly after noon. (This reporter did not learn of the family's disaster until a week later.) The frame house, located just west of town on W. Pioneer St., was reduced to ashes before the blaze was extinguished by volunteer firemen. A stiff breeze, blowing first from the south and then from the north, hastened the destruction of the two-bedroom frame structure.

The fire was seen by Johnny's brother and neighbor, Robert, who immediately went to the nearby home of his parents, L.T. and Josie Owen, to report the fire. The fire siren did not work and apparently there was a problem in getting correct telephone numbers and delays in locating volunteer firemen during the lunch period. To the father and brother who could see the flames rapidly destroying the house, it seemed an inordinately long time before the vol-

unteers and fire trucks arrived. At the time of the fire Johnny and Jackie were at the courthouse in Eastland and were notified of their loss by Johnny's dad. Johnny is an oil field worker and Jackie works at Wal Mart in Eastland. He speculated that the fire may have started at the breaker box.

The Owens had no insurance on the house and lost all their possessions, including valuable antiques and cherished collections of arrowheads and guns, as well as Johnny's school yearbooks and other school memorabilia on which he set great store.

They are looking for a mobile home they can buy to set on the site of their burned home. Johnny said the area has been cleared of charred rubbish and prepared for setting up a mobile home. He said they have been given a sufficient amount of clothing already, and some of the other items they need.

Jars for donations were

set up at The Ole Store and other businesses to help the Owens with expenses.

Homecoming Activities

The 35th Annual Homecoming of Rising Star High School will be held Saturday, October 19. Theme for this milestone year is "Generations of the Past; Living in the Present; Building for the Future."

Officers and Directors of RSHS Ex-Student Association have planned a full day of events for all ex-students, teachers and friends of the school. Registration will run from 8 to 9 a.m. in the high school gym, at which time coffee and donuts will be available and lots of visiting will take place. A business meeting will begin at 9 a.m. when 1992-93 officers will be elected by the association assembly.

During the business meeting, the 50th anniversary Class of 1941 will receive special recognition, along with their Coming Home Queen and King. All classes who graduated in a year ending in "1" will be honored, and all other represented classes will be recognized.

At the end of the business meeting, entertainment will be provided by a talented group of ex-students who are well-known in this and surrounding areas for their musical abilities. You do not want to miss this treat!

Rising Star Parent Teacher Organization (PTO) will serve lunch in the school cafeteria from 11:30 to 1 p.m.

The Homecoming Parade will begin at 2 p.m. Present and past classes are encouraged to enter class floats in the parade as are businesses, organizations and interested people in Rising Star and surrounding areas. Entrants are asked to line up in front of the high school campus by 1:30 for identification and instructional purposes. Three judges will determine the best three entries for cash prizes. For additional information, call David Harris.

Immediately following the parade, a Pep Rally will begin in the school gym, led by the RSHS Cheerleaders. The football team will be recognized and honored, Junior High Cheerleaders will lead a yell or two, and the RSHS Band will do their thing. Parade winners, elementary poster winners and high school run-through sign winners will all be announced at the pep rally.

The football game between Rising Star Wildcats and Santo Wildcats will begin at 7:30 at Wildcat Stadium. Halftime

Cats Face Santo Saturday Wildcats Draw Buffalo Blood in 17-15 Win

Buffalo Stadium was the place to be Saturday night. The stands were packed on both sides for the annual Cat/Buf show-down. This year's contest took place on Cross Plains Homecoming.

The Buff's got off to a red hot start offensively and it looked like they were going to stampee all over the Cats. But the Cats kept their defensive heads up and only allowed one score the first quarter when Buff seniors, Jody Brown and Colby Walker, ran in 4 yd TD and kicked a 1 point P.A.T. respectively.

Second quarter give and take mistakes slowed both teams down but when the Cats forced the Buffs to punt, the snap went over the kickers head. The Cats gained control of the ball on the one yard line. Scotty Wilson and Jarod Horton's blocking put Aaron Long in for the six points. Jeff Medley's P.A.T. was good. The end of the first half saw a score of 7-7.

The second half was more exciting. Jeff Medley and Ronnie Wilson lead blocking helped put Jarod Horton in for a TD in the middle of the third quarter making the score 14-7. The Cat defensive line, Matt Harmon, Donnie Horton, Terry Ware, and Will Ezzell did a great job.

The Buff's buffaloed the secondary unexpectedly when Jason Fleming found Michael Cowan for a 40 yard TD pass. Fleming drilled Walker for a 2 point conversion putting the Buff's ahead 15-14.

The hollow feeling in the pit of everyone's stomach was very severe at the beginning of the fourth quarter. A very hard fought battle began.

The Buff's lost the ball on downs and punted the ball deep into Wildcat territory. The Cats began to move the ball to the opposite territory slowly but surely with 6:29 left in the game. Five minutes later, despite 3 attempts to get into the end zone, Jeff Medley paced off his steps. Donnie Horton snapped the ball. DeLong grabbed, held and Medley, cool and calm, booted the pigskin between the uprights, making the score 17-15 Cats.

Buff's had one more chance with 1:22 left on the clock. Jarod Horton dashed those dreams with an interception.

With 24 seconds left, DeLong downed the snap for the final play of the game and wild crown counted down 14 seconds.

Both teams should be commended for their high level of sportsmanship on the field.

Class of '70 Meets at Homecoming

Members of the Class of 1970 will get together Saturday afternoon to determine whether there is truth in the old saying that "life begins at 40."

The get together will be at the home of James and Carol Cook, where several class members plan to pile up a few more memories.

Early Voting Began for Nov. 5 Election

Early voting by personal appearance for the Nov. 5 Election in Eastland County started Oct. 16 and continues through Nov. 1. Voting is held in the County Clerk's office, first floor of the Courthouse, during regular office hours Monday-Friday 8:30 a.m. - 5 p.m. This election deals with 13 Constitutional Amendments, and is considered a very important one.

Senate Bill 1186 was enacted recently to change the term in the Election Code from "absentee voting" to "early voting." This accommodates the change in the

law allowing any voter to vote early regardless of whether he or she will be absent from the county.

This does not apply to the early voting application by mail, County Clerk JoAnn Johnson says. There are certain other deadlines and restrictions on this type of voting. An individual may call the County Clerk's office for information concerning an application by mail, or go in person to the office and pick up a form.

All registered voters are urged to study the proposed Amendments and cast a vote, either early or on Nov. 5.

Boosters to Sell Wildcat Buttons

The Booster Club will have Wildcat Pride buttons on sale Friday at school and Saturday during the business meeting and pep rally; the cost is .50 cents. We have two designs to select from.

Anyone interested in decorating the football team's float come on over

to Mr. Walker's barn (Cindy Elliott's dad) at 7:00 p.m. Friday. We need all the creative ideas we can find.

Pam Cook still has Wildcat T-shirts, bags and jackets for sale. If anyone needs school spirit here is a way to show it.

USDA Commodity Recertification

It is that time of year when Central Texas Opportunities, Inc., which sponsors the Temporary Emergency Food Assistance Program, must recertify its clients who participate in this much-needed program.

The Texas Department of Human Services' guidelines state that to receive USDA commodities,

households must apply once a year in the contracted service area where they live.

Peggy Roberts, Eastland County Center Director and staff will be at the following location during the month of Oct., 1991 to assist clients with their applications.

Rising Star: Senior Citizens Center, Oct. 29, 1991, 9:00-11:30.

Homecoming Luncheon at School Cafeteria

The Rising Star Parent Teacher Organization (PTO) invites you to the annual Homecoming luncheon on Saturday, October 19. Lunch will be served from 11:30 to 1:00 in the school cafeteria. The menu will include:

Baked Ham, Sweet Potatoes, Corn, Salad Bar, Rolls, Apple Crunch Dessert, Tea or Coffee.

Plates will be \$5 for adults and \$3 for children. All are invited to join in the fun and conviviality with good food and friends.

Retraction From The Eastland County Newspapers

In the Oct. 13 issue of the Eastland County Newspapers there was an incorrect statement in the announcement of campaign workers for Jeanne Sadowski, candidate for U.S. Congress, 17th District. It was stated that her campaign Treasurer is "Jim Haas, owner of the H & R Block Company in

Eastland." Mr. Haas has the franchise for H & R Block in Breckenridge, not Eastland. Marshall Garmon has the franchise in Eastland, and is not connected with the Sadowski Campaign.

The Newspapers regret the error and any problems it may have caused.

FALL-TIME TO CONTROL PEACH LEAF CURL

Fall is the time when peach tree care is often forgotten or neglected. Fall is an important time for the control of peach leaf curl. Mid October till December 1st is the time to control this disease to insure a good crop next year. Applying a fungicide now can stop or reduce this disease that can attack peach trees.

Puckered and distorted peach tree leaves that were either bright red or light green in diseased areas last spring were due to peach leaf curl fungus. The only time to effectively control this disease is in the fall with a copper-containing fungicide. A commonly used fungicide is Kocide 101.

Timing of the fall spray is critical for effective control and for avoiding tree damage. Copper is a metal and can cause severe defoliation unless applied correctly. Apply the copper-containing fungicide once the tree has gone dormant.

Other fungicides containing chlorothalonil can also be used to control peach leaf curl. A fungicide in this category is Bravo 720.

Which ever fungicide you select make sure you read and follow the label instructions.

Fall spraying is important to the health and production of peach trees. This also is the only time when peach leaf curl can be controlled.

WILDLIFE MANAGEMENT AND MESQUITE CONTROL TOUR

A Wildlife Management and Mesquite Control Tour is scheduled for 9:00 a.m., Thursday, October 17, 1991. The tour will start off with a class room session in the Eastland National Bank Community Room in Eastland. Participants in the tour

Eastland County Agricultural Extension Agent

will receive 2 hours of continued education credits for private pesticide license holders.

The class room session will cover wildlife lease management and an introduction to wildlife food plots. Dr. Dale Rollins, Extension Wildlife Specialist, will be presenting these subjects. The tour will then move to Bill Wright's wildlife food plots south of Eastland.

The last stop will also be on Wright's Ranch. This stop will examine a streamline basal mesquite control result demonstration and half cutting mesquite for quail cover. Dr. Tommy Welch, Associate Department Head and Extension Program Leader for Rangeland Ecology and Management will discuss the mesquite control demonstration.

The tour is being sponsored by the Eastland County Extension Program Council Wildlife and Natural Resources Task Force. All interested persons are invited to attend.

Record Peanut Crop Expected

United States peanut production for 1991 is forecast at a record high 5.02 billion pounds, 39 percent more than last year. The previous record was 4.41 billion pounds set in 1984, according to the U.S. Department of Agriculture's latest crop production report.

The harvested area, estimated at 1.96 million acres, is 9 percent above last year. Yields are expected to average 2,558 pounds per harvested acre, up 567 pounds from 1990.

Texas farmers expect to harvest 310,000 acres of peanuts and produce a 604,500,000 pound crop this year. Crop yields are expected to average 1950 pounds per acre. The 1991 production compares with 534,650,000 of peanuts produced in 1990 and 484,700,000 pounds in 1989.

"All eligible producers may obtain loans on their

1991-crop peanuts," Jerry Harris, Chairman of the Texas State ASC Committee, said.

Price support loans will be available for warehouse-stored peanuts, and farm-stored additional peanuts, from harvest time through January 31, 1992. Loans on farm-stored quota peanuts will be available through March 31 he said.

Quota peanuts within the farm's poundage quota that are mandated for domestic edible use, or retained for use on the farm. Additional peanuts are peanuts that are placed under loan at the price support rate for additional peanuts, or are marketed through an approved contract for exporting or crushing.

"Generally, additional peanuts are peanuts that are produced in excess of a farm's poundage quota," the ASCS official explained.

Senior Citizens Center

by Marjorie West

Doris and Florence Monnes of Hobbs, N.M. visited Oral and Amy Davis last week. While here they visited their brother's family, Truman and Vera Davis, in Goldthwaite and nephew's family, Jack and Helen Davis, of Big Valley.

Marion and Marjorie West went to Abilene Tuesday and stopped over in Clyde and visited Juanita Hollis and family.

We are sorry to hear Darrell Madison has been in the hospital for several days. He is at home recovering now.

Curtis and Stella Hill and Mary Carroll visited Dow and Alice West in Abilene last Friday. Alice has been in the hospital but is better now.

We were glad that Oleta Seals was back in Rising Star and visiting at the center Thursday.

We are glad Lolene Claborn has recovered from eye surgery and was back in Senior Citizens club Thursday.

Debra Manning and family from Alaska visited Deariso Duensing. (Thanks for the news from Alaska).

We are glad Stanford Horton is back in our club. We miss those who are not at the club each Thursday.

Carrie Gaines visited her sister in Baird Wednesday.

Thanks to Marion West for building a "scooter" table for the ladies to move the food from the kitchen to the serving table.

We had two bank employees visit at lunch Thursday. We appreciate our visitors and welcome you each Thursday. Those who have difficulty standing in line, let us know and we will be glad to fix you a plate.

Randall Armstrong from Wichita, Kan. and a friend from Fort Worth and Sheila and Jake Senkirik from Bangs visited Winnie and James Armstrong last Saturday.

Have a good week!

Letter To Editor

(EDITOR'S NOTE: The following letter from Criminal District Attorney Leslie Vance to the Texas Department of Criminal Justice is being published to inform the public that an inmate convicted of crimes in Eastland County will soon be eligible for parole.

Anyone wishing to write the TDC Pardons and Paroles Division on this matter may use the address in the letter from District Attorney Vance.

'Public opinion is important in this case', states Vance. 'I invite your paper and the public to forward comments to the Department of Criminal Justice.'

Re: Steven Douglas Alford - Inmate # 391037
Dear Board Members:

This office is in receipt of notification that the above referenced inmate will become eligible for parole consideration in the near future.

This is to serve as a protest in the most strenuous of terms. This inmate is a serial rapist and the residents of Eastland County view the circumstances of Mr. Alford's crimes as some of the most heinous crimes ever committed in this area. Said crimes weigh heavy on the

minds of the residents of Eastland County.

While Mr. Alford's parole notice and criminal history will reflect that he was convicted of three charges of burglary of a habitation, these burglaries were all in the course of committing extremely brutal sexual assaults and beatings of elderly women. Mr. Alford can only be considered as extremely violent and vicious and will continue to pose as a threat to the community where ever he may be.

The only reason my predecessor in office consented to plead these cases to burglary with a fifty year sentence was due to the fact that none of the victim's were fully able to withstand court appearance. One of the victims, Mrs. Brown, was beaten so severely that she has not yet recovered from the traumatic effects of the beating and the entire experience.

To release Mr. Alford from prison in this short time considering the number of vicious crimes that he committed and the helpless and defenseless nature of his victims would be a travesty.

Prior to the parole of Mr. Alford, this office respectfully requests an opportunity to be heard further on this matter before the entire parole board if need be.

Attached hereto is a narrative taken from the

"LUNCH & LEARN" PARENTING PROGRAM

All interested parents are invited to attend a "lunch and learn" program on "Setting Limits with your children Without Waging War" this coming Thursday, October 17th from 12:10 to 12:50 p.m. at the Eastland Library.

The program will be presented by Mrs. Janet Thomas, County Extension Agent-Home Economics.

Everyone is invited to bring a sack lunch and join us during their noon hour. The program is informal and free.

FAMILY RESPONSIBILITIES

How can you strengthen your family? With too little time and so much to do, we tend to focus on the physical needs of the family at the expense of nurturing its inner core — those values that shape who we are, what we think and how we behave.

Values simplify a complex world, and give young people the strength to stand by their convictions despite contradictory messages they may receive from the world around them. A grounding in family values helps

young people make positive decisions.

Fairness is one of those important values.

"What you do not want others to do to you, do not do to other". - Confucius

Fairness doesn't always mean treating everyone the same. In a family, for example, fairness must take into account the ages of the children, their needs and capabilities. What is appropriate for an older child may not be appropriate for a younger sibling.

The next time someone in the family complains that "it's not fair!" hold a mock trial.

This is a meaningful exercise that also can be fun for the family and help everyone feel they've contributed to finding solutions. Have the "defendant" and a "prosecutor" present their points of view and have a non-partisan "judge" come up with a solution that everyone thinks is fair. Three days later, check with family members to see if they still believe the solution was fair and is being implemented.

Fairness isn't always possible to achieve. But trying to be fair helps to create harmony in society.

The Quilting Circle ladies got the Four Crosses out and worked on the Pinwheel Variation. They put a small Christmas quilt into the frames.

Frankie and Oliver Smith went to Ranger Saturday to see her father. They returned and went to the Cross Plains Homecoming. Bobby and Roxie Nance and children of San Angelo went with them.

Jewel Foster enjoyed the homecoming at Pioneer and helped with the serving of food and cleaning up. She thought everything turned out well.

Lottie Sooter returned from her California trip to visit with her son Cecil Sooter and family.

Nell and Joe Fleming enjoyed a visit with their family who came for the Cross Plains homecoming. Glenn Fleming and his son, Bryan of Amarillo, Gary of McLean, Bill and JoVeda Watson of

Byrds Store, Julie Robinson and children of Midland, Alton Fleming of Pampa, and Jim and Charlene Fleming Sunday. Sam Fleming of Cross Plains visited Monday.

Novilia Barton was visited on the weekend by her children Cecil and Mary Barton of Waco.

John and Irma Miller were in Temple Tuesday and Wednesday on business and enjoyed a visit over the weekend from their children, David, Liz, and Sam Miller, all of the Houston area.

Say 'Yes' to lower water rates

On Nov. 5, Texans can cast a vote in favor of lower water rates. Voting for Proposition 10 can help give nonprofit water suppliers a break on property taxes.

Water rates must reflect all the costs of providing water, so when a supplier is taxed, the bill is actually paid by you, the consumer.

Meanwhile, water users served by cities, water districts and other tax-exempt providers don't have to shoulder such costs.

About 2.5 million rural Texans rely on nonprofit water suppliers. We don't think they should be penalized through taxation. If you agree, Vote For Proposition 10.

When It Comes To Long Term Savings a CD Can't Hold a Candle To The Deferred Annuity

Consider These Dramatic Differences Between a CD and an Annuity

	Southern Farm Bureau Life's FLEX II	Bank CD
Current Interest Rate*	7.75%	6.5%
Interest Earnings	Tax-Deferred	Currently Taxable
Surrender Charges Limited To 8 Years**	Yes	No
Partial Free Withdrawals**	Yes	No
Safety	Reserves Established by Insurance company	FDIC
30 Year After-Tax Accumulation***	\$332,868	\$197,188
30 Year After-Tax Monthly Income***	\$3,028	\$1,629

The above chart is for comparative purposes only. Call your county Farm Bureau office for your personal FLEX II Profile!

Southern Farm Bureau Life Insurance Company offers Flex II, a Flexible Premium Retirement Annuity designed to help accumulate wealth for the future. And, it's backed by one of the strongest companies in the country. Southern Farm Bureau Life has been rated A+ (Superior) by Best, since the inception of this rating system.

The A.M. Best Company is an independent commercial insurance company rating organization and information used is based primarily on each insurance company's annual financial statement. Best assigns its highest rating to those companies which in their opinion have achieved superior overall performance when compared to the norms of the life and health insurance industry. Best ratings, however, are not a warranty of an insurer's ability to meet its contractual obligations.

*FLEX II current rate is not guaranteed, subject to change periodically. Once the annuity is established, current rate is guaranteed for one year. The guaranteed rate is 4% for the life of the policy. CDs offer no long term guarantees beyond CD maturity. Bank CD rate above is a hypothetical interest rate. Call your bank for a current rate.

**Up to 10% of accumulation value on contracts with value of \$5,000 or more is available each year with no company surrender charge after first year. Such withdrawals of interest are taxable and withdrawals occurring prior to age 59 1/2 may be subject to IRS penalty. Bank CD withdrawals may occur without penalty only after CD maturity. CD penalties renew with each CD renewal.

***30 year accumulation assumes a \$50,000 single premium. Interest rates shown above, and 28% tax bracket. The 31% tax bracket is used for the FLEX II accumulation. Monthly income from FLEX II based on company's current payment option rates for a male, age 65, 10 years certain and life, and are not guaranteed. Once policy is annuitized, monthly income is guaranteed for life. CD monthly income based on company's current immediate annuity rates, 10 certain and life and are not guaranteed. Payments received directly from bank CD are not guaranteed as to amount or length of time received.

Fishing Outdoors

by Terry Wilson

It was this outdoorsman distinct pleasure to be invited to visit with 5 kindergarten and 1 third grade class at the Siebert Elementary last week. A big thanks to the Eastland Independent School District, Mrs. Allmond, Mrs. Boose, Mrs. Davidson, Mrs. Smith, Mrs. Sharp, Mrs. Gregory and Mrs. Billy, plus my employer Enserch Processing for allowing me time out to talk to these fine groups of future outdoor persons.

Our programs was a very simple run over types of bait, tackle and some places to fish. But the big crowd pleaser was a 4 pound plus live large-mouth bass. The shrieks and giggles were great and some eyes did get wide when these youngsters touched and got close to "Bob the Bass." This lunger was furnished by my number one fishing

partner in about 10 cast. He also caught and released a number of 2 pound and smaller fish. A huge thanks to the birthday boy, Howard Wilson, my dad.

Events such as this cannot be done often enough. Whether it be fishing, hunting or just plain being outdoors. The future is yours and mine to shape. Please get involved with today's youth.

Thanks again to everyone who made this possible especially the youngsters.

Texans who buy a taxable boat or motor must pay a 6.25 percent sales or use tax. This new law went into affect October 1.

Part of House Bill 11, passed during the second special session of the Texas Legislature, imposes the sales tax on all sales of taxable boats and

motors. Also, new residents who bring a boat registered in another state to Texas must pay \$15.00 for the boat and \$15.00 for the motor.

A taxable boat is a boat other than a canoe, kayak, rowboat, raft, punt or other vessel designed to be propelled by a paddle, oar or pole. A taxable motor is an outboard motor with an internal combustion engine.

The bill was passed to create more money for the state. Jim Ramsey, assistant revenue branch manager at Texas Parks and Wildlife Dept., said estimates from the state comptroller's office indicate that this bill will raise about \$600,000 over the next biennium for the state's General Revenue Fund.

The taxes may be paid to the TPWD or the County tax assessor collector. If they're not paid within 20 working days of the date of sale or the date of entrance into the state, 5 percent of the tax due will be assessed as a pen-

Cook Gives Services To Church Or Non Profit Organizations

Auctioneer Jasper Cook of Cisco is a busy man but is offering his services free to any church or non-profit organization.

Cook, who just returned from a trip to West Frankford, Ill., where he preached to a capacity audience at Antioch United Methodist Church celebrating their 100th anniversary, will be the auctioneer next Saturday, Oct. 19, at the Lord's Acre Auction at First United Methodist Church in Cisco at 10:30 a.m. Mr. Cook is also to be the auctioneer at Baird United Methodist Church's Lord's Acre project on Nov. 9, 1991. Baird's auction will begin at 7:30 p.m.

In the meantime Jasper and his wife Evelyn are busy with their own auction house at 200 W. 8th Street in Cisco. Their next auction is set for Sunday, Oct. 20, at 1 p.m. They are accepting con-

signments for all their auctions, but ask that no one brings "junk" please.

Cook Auction Service has brought a lot of out-of-towners to Cisco in the past few months and they continue to return, not only for the bargains they find, but also for the fine manner in which they are treated at the auction. One outsider was quoted as saying, "This auction is not boring, it's a fun thing to do!"

Jasper Cook has been auctioneering for more than 25 years handling all kinds of auctions. He is first and foremost an ordained Methodist minister, a native of Cisco, artist, author, musician, and an auctioneer who is willing to give his services to any church or non-profit organization. You can call him at (817) 442-3154.

Christian Musical Festival To Be Held At Mountain Top Church October 26

Since the fall season has arrived, what better way to celebrate than with a Fall Music Festival. Area Christian singers and musicians will once again hold a Music Festival at the Mountain Top Church in Cisco. The evening will begin with red bean and cornbread dinner at 5 p.m. Tickets may be purchased from Mountain Top singers and musicians, adults \$3 and children \$2. Immediately after the dinner the music festival will begin at 6 p.m. and open with praise and worship

music to our wonderful Saviour Jesus Christ, said a church spokesperson.

Various area singers and musicians will be involved in this time of praise and fellowship. The music will represent all age groups and all styles.

Eastland County Bass Club

HORTON WINS AT HUBBARD CREEK

The Eastland County Bass Club monthly club tournament was held on Hubbard Creek, Sunday, October 13, with 10 club members attending. At the 4 p.m. weigh-in, Gary Horton was declared the winner with three fish weighing a total of 10 lbs. In second place with three fish weighing 7 lbs. was Melvin Crabtree. In third place with two fish weighing 5.77 lbs. was James Mayes. James also had the big bass of the tournament a nice 4.30 lbs. fish that was caught on a spinner-bait. All anglers reported catching a lot of small fish. There were 15 fish weighing 32.92 lbs. weighed in for a 2.18 lbs. average per fish and all fish were returned to the lake.

The Guys and Dolls Tournament held on Lake Proctor, Saturday, October 12 was a fun filled day enjoyed by the ten couples who attended. We had a very nice day weather

wise but the fish didn't cooperate very well. The anglers decided to have a jackpot and an optional big bass pot with only one winner. Al Senterfitt was the overall winner with four fish weighing a total of 7.96 lbs. which included the big bass of the day that weighed 2.69 lbs. Everyone reported catching by flipping a jig. Anglers took a break for lunch at which time we gave out our awards from last year's fishing. The trophy for anglers of the year was presented to Al Senterfitt.

Area anglers are reminded that the E.C.B.C. sponsored by weekly jackpot has been postponed until Sunday, October 27, due to our club activities next week. Our next jackpot will be at Chock-O-Block on Lake Leon with fishing hours from 1:30 to 5:30 p.m.

Entry fees have to be paid before fishing. One

other reminder about the jackpots as well as club tournament is that fish to be weighed in are to be brought to the scales in a bag with water on them. This is to insure that the fish can be released back into the lake alive.

The E.C.B.C. Mini-Classie will be held Oct. 19-20. The top 16 anglers who qualified have been notified by letters as to whether they are boaters or non-boaters. These anglers will meet at Double Vision Restaurant in Eastland for the drawing of the lake to be fished and the drawing of partners. We will have 8 boaters and 8 non-boaters who will participate. This drawing will take place at 6 a.m. Boaters who can't attend are asked to call Gary Horton at 647-3888 so other arrangements can be made.

Cottonwood Musical To Be October 18

The Cottonwood Quilting Club is having their monthly Country and Western Musical on Oct. 18, 1991 at the Cottonwood Community Center in Cottonwood.

The musical will start at 6:30 p.m. with Smokey Callaway as the emcee. All Country and Western musicians are invited to attend. For more information call 817-725-6263.

Stephenville Production Credit Assoc. To Hold Annual Stockholders Meeting

Congressman Charles Stenholm highlights Stephenville Production Credit Association's annual stockholders meeting on October 19 (Saturday) at Stephenville High School. The meeting begins at 5:30 p.m. with a barbecued meal.

According to Jack Pettit, the Association's president, Congressman Stenholm is highly regarded for his involvement in agriculture, rural health care, budget, veterans, and small business issues. While representing the 17th District, Charles serves on the Agriculture Committee as chairman of subcommittee on livestock, dairy, and poultry, and a member of the Budget Committee. Stenholm was elected to Congress in 1978.

The second sectional

meeting will be held at Hill College Performing Arts Center in Hillsboro on October 26, and nationally known humorist Stan White will be featured for the 5:30 p.m. meeting.

Main business is election of three directors by stockholders. Nominees include incumbents Jerry J. Laughlin of Morgan Mill, Fred Klutts of Pottsville, and Roy Boone of Maypearl. The other nominees for director are C. D. Lesley of Comanche, Harold Lee Price of Eastland, and Joseph D. Doskoil of Maypearl.

Other business items are the board report by Jerry J. Laughlin, the financial report by Jack Pettit, and 1991 nominating report by Roland Collins of Sidney, and Lanny Neil of Brandon.

R. W. Evans, board chairman of Proctor, will preside. A free Jack Tar trip to Nuevo Vallarta Beach Resort, Mexico will be given away at each sectional meeting.

Stephenville PCA serves agricultural producers in 14 Texas counties. The PCA extended 152 million in agricultural loans during the previous 12 months and as of October 1991 the loans outstanding are \$78.8 million.

'Living With Cancer' Conference To Be In Eastland October 26

The Anderson Network - an organization of current and former patients of U.T.M.D. Anderson Cancer Center of Houston - is hosting a day long conference for patients of the North Central Texas region. All cancer survivors, their family members and friends are invited and encouraged to register and attend. You need not be an Anderson patient - we want to reach out to all as we all share the same concerns, issues and questions.

The day's agenda will include sessions on cancer in men, cancer in women, cancer prevention and awareness, patient/doctor communication, nutrition, coping techniques and much more.

It promises to be a full day of information, sharing and understanding. Presenters will be Anderson staff, local doctors and patients.

The conference is open to all who have been touched by cancer in some way - whether as a patient or family member or friend of a patient. We sincerely hope you will make plans to attend.

Here are the facts:
Place: 1st Baptist Church, 405 So. Seaman, Eastland.

Pharmacy Topics
By Bob Mueller

Someday scientists may be able to spot signs of cancer in ordinary urine tests. So far, researchers at Johns Hopkins University, using molecular diagnostics, have been able to spot mutated genes linked with bladder cancer in cells naturally shed in urine.

Patients with life-threatening asthma can be helped with large doses of triamcinolone, say researchers at Albert Einstein College of Medicine-Montefiore Medical Center, Bronx, New York. The drug is given over three days and the effect lasts six to nine months.

New CPR (cardiopulmonary resuscitation) technique is getting good results, say doctors at Seton Hall University School of Graduate Medicine. Pressure is applied to the upper abdomen (in addition to standard CRP) to move arterial blood back toward the heart.

Powerful drug against migraine and cluster headaches - dihydroergotamine - once only available by injection, is now being formulated as a nasal spray. Clinical trials will conclude soon.

When new medications become available, we'll have them here for you at Wal-Mart Pharmacy, Hwy. 80 East, Eastland, 629-3347 - where you can find everything your baby needs. When your doctor prescribes the best, we do the rest.

office. 'Doc Hollywood' is rated PG-13.

No, Fox, is not named 'Hollywood' in the picture! His name is Dr. Ben Stone, and he is a cocky, ambitious young doctor who is headed across the country to a high-dollar plastic surgery practice in Beverly Hills.

But a car accident strands him in the small town of Grady, South Carolina, principally known as the Squash Capital of the south. But who can complain too much, when your ambulance driver turns out to be Julie Warner - cast as an unconventional local resident named Lou.

The citizens of Grady have squash by the bushel, and enough down-home hospitality to delight any tourist passing through. What they don't have are enough doctors. So through legal and auto-mechanical circumstances, Dr. Stone and his Porsche are forced to become residents of the town for a brief but memorable period of time.

That was one thing the ambitious young doctor hadn't planned on. But that was only the beginning of unexpected events. For he certainly hadn't planned to fall in love with Lou!

Filed on location in Florida, this romance-

comedy provides good entertainment. It was Director Michael Caton-Jones interest in the story that attracted Michael J. Fox, whom the Director approached for the title role.

'I got this exciting impression of a Director looking at America with a fresh and different eye', says Fox.

The story is about traditional values and a sense of community - different from the legacy of the 1980's, which suggested that it wasn't enough to be part of the community. You had to be at the top of it,' Fox says.

A bonus for the film is that it has a lot of music - a few familiar tunes, and others by contemporary composers. Carter Burwell is in charge of the music.

CJC To Offer Dance Class

Want to have a ball? Learn the basics and then some. Acquire the ability to be able to dance at social occasions.

Traditional ballroom and country-western dancing will be taught for 7th, 8th, and 9th grade students. The class will meet from 4:30 to 5:30 p.m. on November 19, 21, 26, December 3, 10, and 12 at the Hilton. Instructor for the class is Carol Brown. Cost for the class is \$12.

Registration deadline is Wednesday, November 13. For more information concerning registration contact Charlotte Speagle at CJC, 442-2567.

Wildcat Tales

Rising Star High School Journalism Class

Continued Fast Talk

by Cheryl Robinette

Cross Plains? Well, Mrs. W. gets to rub it in Mr. W.'s face for another year.

What soph. M.S. needs to learn how to drive? I guess he took lessons from his big sister.

What jr. J.B. decided to join his buddies back in RS. I guess California was just too much for him.

What senior R.W. made an awesome tackle and really surprised the filmer leaving her speechless.

What sr. led the Wildcats to a 1-0 district win? Great game guys and awesome kick J.M.

What jr. could not find her boyfriend after the game Saturday night? Looks like L.R. needs to put a leash on her him so she will know where he is form now on.

What jr. G.S. got so excited he almost fell off the stands at the game? Better watch out, those big steps are doozies.

What jr. W.E. is going to take a blanket girl to homecoming? If nothing else she can definitely warm him up afterwards.

What jrs. W.E., T.W. and R.S. took soph. J.H. for the most scariest spotlighting ride of his life Friday night? Did you spotlight a monster or a girl?

What soph. had seven guys ask her to homecoming? We all know what her mind will be set on this week.

What soph. T.B. is going to ask someone form May to homecoming? Better watch out dude, she's a tiger!

Wildcat eyes to all of the Wildcats for showing good sportsmanship most of the game.

Wildcat eyes to S.W. for keeping his cool during this game.

Wildcat eyes for helping opponents up during the game.

And a special Wildcat eyes to all of the Wildcat fans during the game for really supporting the Wildcats to the end.

Cosmic Thoughts

by Slam

Hi! Here's your horoscope: Aries: When you get out of the shower, don't rub too hard with a towel. May make your tan fade!

Taurus: Licking the floor is a really disgusting habit. If you continue doing it no one will go to Homecoming with you.

Capricorn: In case you didn't realize it, exchanging wadded up paper balls for meatballs is not a good practical joke for the PTO luncheon.

Sagittarius: Collecting ear wax is a nasty habit. Get rid of that 6 inch wax ball in your room! It's a real turn off. Boy, friends will dump you.

Gemini: Eating crushed glass is not as funny as it seems, because when you kiss your date, it cuts their lips.

Scorpio: Cutting your own porkchops is a real bad idea. Mainly because sheep explode if you touch them wrong. (W.T. editor's note: Must be experiencing technical difficulties on his antenna here!)

Libra: You are old enough to make your own decisions. If a jerk really ticks you off, hit him where it counts.

Aquarius: Aboid bathing in boiling water. Not only because you can't touch water, but because red skin is out this month.

Cancer: Go Cancer! I believe that Cancer should take a week off. Go Wildcats!

Pisces: Watch out for the toilet monster. It eats all the paper and never leaves you any. Check before you close the door.

Virgo: Another disgusting habit is crushing cans with your armpit. I don't even know how you do it! Most girls are not impressed.

Leo: For those of you who didn't know, if you turn the Chevrolet symbol upside down, it becomes a Satanic symbol. So crash your Chevys!

From Back Page City Council Meeting

the police and court reports.

They voted to allow City Judge Tex Evans and Police Chief Roger Carroll to learn the cost of radar from Eastland.

On a motion by Cook, seconded by Harmon, the council voted 5-0 to allow Chief Carroll to get reserves, who will work for the hours and not for the pay.

On a motion by Cook, seconded by Barnes, the council hired CR Production to draw up preliminary plans for a park pavilion and the placement of trees; the motion carried 5-0.

The meeting recessed from 9:15-9:24 p.m.

After discussion, the council voted 5-0 to hold meetings once a month, on the third Tuesday of each month; the council was to meet October 15.

Following discussion of billing procedure, late and check charges and cut-off dates, the council advised the administrator to refer to its action on Agenda Item 4.

A list of owners of septic tanks within the city limits was requested by the council.

They discussed the contract from Texas Department of Commerce, relating to Rising Star Vineyard; they voted to study the contract and letter before the next council meeting.

Under the heading of mayor's comments, Mayor Bible wanted to invite citizens to write letters of factual statements on how high taxes affect their lives and about laws that are in effect that people don't agree with and why; he said he personally would take letters to the governor's office if he received 800-1,000. Barnes stated that the comment was out of order; Cook suggested that the mayor call TML to find out just where he stands on mak-

ing such statements.

Under the heading of council comments, Barnes' expressed shock at the number of members on the Parks Board and asked when they were appointed. Goldston requested physical addresses in addition to mailing addresses on labels. Harmon asked when 911 would be put into effect; Barnes said soon. No one knew the answer to Cook's question about a possible deadline on erecting street signs and whether block numbers should be on them.

Under the heading of city administrator's comments, Leonard informed the council that some houses may be condemned by a fire marshal, but that the council must make a resolution before the remains of a building may be burned. She said notification was received that Billy Bush had passed Class D Waste Water Certification. She spoke about the grant application being sent in on behalf of the city; and Leonard informed that council that she had filed the warranty deed on the old dumpground at the courthouse in Eastland.

Adjournment was at 10:25 p.m.

A called meeting of Rising Star City council was held Friday, October 4, at 5:40 p.m. at City Hall. In the absence of Mayor Jerrell Bible, Mayor Pro Tem James Cook presided; other council members present were Randy Goldston, Billy Harmon, Edra Butler and Charles Barnes.

Following discussion of the contract presented CR Production, the council voted 5-0 on a motion by Harmon, seconded by Barnes, to accept the amended contract.

Adjournment was at 6:55 p.m.

Junior Cat Tracks

The Jr. Cats played an exciting game last Thursday night when they defeated the Cross Plains Mighty Mites 22-12. This brought the Cats' season record to 4-0 which overjoyed the team members and their supporters.

Captains for the Jr. Cats were eighth grader Michael Perales and seventh grader Landon Ratliff. The Cats won the toss and chose to receive the kickoff which was returned by Daniel Rodriguez. A clipping penalty was called on the Cats and later Cross Plains intercepted a Rising Star pass; Cross Plains was forced to punt only a few plays later. Both teams were hampered by penalties and careless mistakes in the first quarter, which contributed to no scoring.

In the second quarter both teams came alive. The Cats' defense slipped, and Cross Plains was able to score. Their extra point attempt failed and the score was 6-0, Cross Plains. The Cats soon went for revenge! Daniel Rodriguez ran the ball 64 yards for the Cats' first touchdown for the night, and quarterback Landon Ratliff carried in the two-point conversion. The halftime score was 8-6, Rising Star. As the second quarter came to a close, however, there was some confusion over the amount of time left on the scoreboard. The problem was solved by having the referees keep track of the time on the field throughout the end of the first half. This mix-up did not affect the outcome of the game, but it did give the Jr. Cats a chance to run a few more plays.

The third quarter began with a Cross Plains fumble, recovered by Michael Perales. Great plays run by several Cats gained yardage that was offset by penalties. The only touchdown of the quarter was by Perales with 1:26 left on the clock. The extra points were run in by Ratliff, bringing the score to 16-6, Rising Star.

As the last quarter of this game began, the two teams were still drawing many penalties. With only a little over a minute left in the game, Cross Plains' No. 10, Brock Walker, ran 93 yards for a touchdown, but no extra points were earned. This made the score 16-12, Rising Star. In reply to that run, Perales went 70 yards back down the field for a Wildcat touchdown with only 1:00 left in the game. The extra points were not made, but the Cats managed to hang on to their 22-12 lead to win the game.

After the district game was played, there was a short scrimmage between the Cross Plains and Rising Star second strings. The sixth grade Jr. Cats held their own on offense and defense, proving that they were able to play just as well as the seventh grade Mighty Mites, who had a size advantage.

The excited team members were ready to talk about the double-header.

Kirby Bush told me, "They were probably the hardest hitting team yet. We had our

Building Blocks

by Betty Jones

The building is starting to all come together. The workmen have been diligently at work and made up four or five days of work.

The foundation grade has been completed and the masonry contractors have laid the foundation brick.

The electricians have arrived to do their underground work for the future air conditioners. (Yay!) Also, the plumber will begin his rough-in underground work for the restrooms next week. The slab will be poured for the auditorium area this week.

The building is coming up out of the ground! Since the foundation grade beams are poured, weather won't pose such a threat. We should start seeing more and more progress on campus.

by Christy Hughes

hopes up the whole time, and we didn't let them down." Johnny Fox claimed, "We had a lot of confidence. Our lines blocked good, and our quarterback looked like a quarterback."

Robert Hollis simply stated, "It was awesome!" Shawn Harrelson said that he thought they did well, but the team really had not expected to do as well as they have done so far.

Gary Stone believes, "It was great! We were expected to lose, but we won anyway!"

Daniel Rodriguez thinks that the team has done well, and Bo Fox says that with this win behind them the team will try even harder next week.

Landon Ratliff stated, "We won! It was hard, but we won!" Michael Perales claimed, in a very excited tone, "I'm speechless. It feels totally awesome to beat Cross Plains!"

Coach Doyle Browning is very pleased with the Jr. Cats. He said proudly, "It was a good game. I was glad to see our players come from behind and take the game back."

With a 4-0 district record, the Jr. Cats must go to Santo and to defend their perfect season record. The game will be tonight, October 17, at Santo, beginning at 6 p.m.

Be sure to continue your support of the Jr. Cats as they continue to display their tenacity and spirit!

Showcase

Individuals need to develop a philosophy regarding the increase of job vulnerability as they move upward in the organization hierarchy of a school district. In Waylon Jennings' song, "Working Above the Net," leaders find a succinct description of what veterans know and novice leaders will soon learn; "Up on the High Wire, I hear the crowd begin to call; some want you to fly, some want to see you fall." Although not an optimistic thought, leaders need to be aware of just who may be in that crowd. Experienced educational leaders know that board members may well be included in the group; and they are not unlikely to be among those in the group wanting to see the individual fall.

A final controversy in administration involves shortages of personnel. If projections are correct regarding administration the future may also produce a leadership vacuum. Perhaps now is the time for the internal and external publics to begin to wrestle with the question put so succinctly by George Jones, "Who's gonna fill their shoes?"

Probably one of the most profound examples of the philosophies found in C&W music can form the framework for dealings in many areas. These include management, relationships, negotiations, hiring practices, delegation, budget allocations, and more. "You've got to know when to hold 'em, know when to fold 'em, know when to walk away, know when to run" epitomizes the "pursuit of wisdom" referred to by Webster's Dictionary in the definition of philosophy.

The words of Country and Western music contain a number of recommendations for strategically moving through in or out of a career in school administration. Based on observation and experience leaders appear to follow a number of methods varying in success from situation to situation and from individual

Basketball Babes

The 1991-92 school year has entered the second six weeks, as of last week, and the Lady Cats have really geared up their practices.

Since the Lady Cats only get to work out four days a week, due to Friday afternoon pep rallies, their coach, Robby Stuteville, has them doing extensive dribbling, shooting (especially shooting drills), and passing drills three days a week, and has cut scrimmaging back to one day a week.

However, the Lady Cats do not complain about the harder workouts as you might think. In fact, sophomore Emily Stuteville was quoted as saying, "Now that the first six weeks is out of the way and the pressure of school work has lifted we can concentrate better on our extra-curricular activities, especially basketball!"

The game was quite a show last Thursday! The brawl with the Mighty Mites ended in victory for the Junior Cats, 22-12.

Pep squad member Holly Butler stated, "Our guys were tremendously awesome." Cheerleader Kristie Collins was in complete agreement, "They did really well."

Seventh grader Lisa Bush exclaimed, "We're so proud of our guys and we think it's neat that they're undefeated!"

Our 5 favorite things about the TAAS test

1. Watching Gregg spill food all over himself.
2. Realizing that the person sitting beside you actually knows what the Pythagorean theory is.
3. Playing fill in the dots on the answer sheet.
4. Realizing you really did need to know how to spell accommodate. Accommodate? Accommodate? 5. Answering stupid questions that start out like "Bernie has 3 country, 7 rock tapes and 12 easy listening tapes".
5. Things we have to say to the people who spray painted our field house.

1. Grow up or deface your own building.
2. If you have to vandalize, be a little more creative.
3. You're just jealous because our football team is better than yours was.
4. Learn how to spell.
5. Clean up your own mess.

The Juniors' 3 favorite things about Coach Goodman's Geography class.

1. Work, work, work.
2. Watching Rene and Gregg fight.
3. Using up all of our blue pencil colors drawing oceans.

The sophomores' 3 favorite things about painting windows downtown.

1. Paint-covered appendages appeal to us.
2. The lovely smell and consistency of tempera paint.
3. They get to express their creativity by making brown out of green, orange, purple, and yellow.

The successfulness of the team is great; however, some supporters are a little spoiled. "We've forgotten how to lose," said eighth grader Tiany Chambers.

We hope the Junior Wildcats continue their four-game winning streak as they travel to Santo on Thursday, October 17. The game will be at 6 p.m.

This young team is a pleasure to watch, so come on out and enjoy yourself!

Dear Marie

My family is having some financial trouble. I want to help out but I don't know how. What can I do?

Helpless

Dear Helpless,

See if you can get a part time job to take care of your own expenses. If not then help use your utilities wisely. Also don't blame your parents or yourself for this. It's nobody's fault. These things happen. Parents may be jumpy because of financial stress, but emotions go back to normal when things get settled. Remember the old saying, "United we stand, divided we fall."

Marie

Dear Marie,

I have a big problem. My parents don't like my boyfriend. I don't know what their problem is! Are they just being hard cases? I don't know. Help!

Answers Needed

Dear Answers,

You need to sit down with them and ask why they do not like him. Remember to keep an open mind and your cool. Then see if you can see the characteristics they dislike in your boyfriend. Who knows? They may be on to something.

Rising Star City Council Meeting

The Rising Star City Council met Tuesday, October 1, at 7 p.m. in City Hall; Mayor Jerrell Bible and council members Randy Goldston, Billy Harmon, James Cook, Edra Butler and Charles Barnes were present.

Others present were Sam Derden, Craig Rogers, Tracy Smothers, Tex Evans, C.M. Carroll, Roger Carroll, C.W. Best, Billy Bush and Don Cornett.

The minutes of the September 17 meeting were approved as read.

The Saturday Club offered to pay half the expenses for a new roof for the City Library if the City would pay the remainder. The council voted to accept written bids for a roof.

The council was told of the need for a new roof for the 4-H hut; they voted to secure bids for a steel roof.

The council discussed deferring payment of utility deposit on a house used once a week for Alcoholics Anonymous meetings. The council then voted to allow AA the use of City buildings for meetings, or to defer payment of deposits.

(Item 4) Tracy Smothers asked that she not be required to pay for a full month's use of utilities that were connected midway through the month; Shirley Leonard, City Administrator, explained that it is standard policy to bill the minimum on utilities, even though a meter may have been installed for only two weeks. The council voted to retain the current pol-

icy. Sam Derden with Browning-Ferris Industries Inc. (BFI) spoke with the council about a tax legislators have placed on landfills. A vote was taken to consider raising the rates of trash pick-up service in February.

On a motion by Barnes, seconded by Cook, the council voted 4-1 to adopt the police policy, with the rider that it may be amended; Goldston voted against. Harmon had requested the original list be included.

The council discussed

Jump Rope for Heart

Jump Rope For Heart is a fund-raising event sponsored by the Texas Association for Health, Physical Education, Recreation and Dance, to benefit the American Heart Association.

Our school will soon be participating in this event, which will also benefit your child, our school and our community. Your child will learn an easy aerobic exercise he or she can continue throughout life. Our school will continue to receive free curriculum materials from the American Heart Association. Our community will enjoy a continued decrease in the death rate from heart disease and stroke.

At the Jump Rope For Heart event, students will jump rope for a set amount of time, supervised by Shelly Bailey, P.E. Teacher.

Before the event, students should collect sponsors who will give a donation for them to jump rope.

Your child will be eligible for prizes based on donations collected and turned in form family, friends, your co-workers, or even company sponsors. We strongly encourage you to help your child collect donations and not to let him or her go door to door.

For your child's safety and convenience, ask sponsors to contribute by check payable to the American Heart Association.

Prizes will be given out 6 to 8 weeks after the Jump Rope For Heart event.

The 4th, 5th and 6th grades of Rising Star Elementary will be participating in the Jump Rope For Heart program beginning October 11. The actual jumping will take place on October 21 and 22 at the elementary during P.E. class times. Students will be asking for contributions or pledges from October 11 until October 24. All money will be turned in by October 25. If a student ask you for a contribution, please help the American Heart Association by making a contribution.
