

The Big Spring Herald

Big Spring, Texas, Friday, August 10, 1928

By T. E. JORDAN

Selecting Jury For Trial Today

COMANCHE, Texas, August 9 (AP)—Selection of the jury, is expected to be completed today for the trial of Harley Holland, 23, and J. D. Pierce, 22, farm hands, who were charged with a criminal attack upon Velma Banhead, 9, of DeLeon, Texas.

The youths are alleged to have been companions of Dick Hazard in the crime, for which he was convicted yesterday, and given the death sentence.

Football Boys To Go To Camp September 1st

Coach Bill Stevens Meets With Football Boys Tuesday Night Plan For Camp at Two Draws

The meeting of the football boys of the Big Spring High School with Coach "Bill" Stevens at 8 o'clock Tuesday evening, at the Junior High School Building, proved to be an interesting and enthusiastic one.

Approximately thirty boys who plan to come out for Senior football this season met with the new coach to meet him, and to discuss plans for the season. It was decided that a training camp would be held at Two Draws, near Post, Texas, beginning September 1st. The football men will go to this camp site, where they will spend two weeks in intensive training in preparation for the opening football season. All of the fundamentals of football will be given at the training camp, and the boys will go through strenuous training during the time they spend in camp, getting in shape for the opening games.

Coach Stevens seems delighted with the material he has to work with this season and believes that we have everything in our favor to have a winning team. Six men, with experience will be back in the line-up this year, and plenty of new material, with wonderful promise will be on hand to take the place of the players lost last year through graduation or some other cause.

Ed Settles captain and "Red" Coats, co-captain of the Steers, will make good leaders for their teammates, and will do everything in their power to help make the training camp a success, and really worthwhile to the members of the team.

The boys will leave for camp September 1st, to be gone two weeks.

Veteran Driller Likes Our City

An oil driller dropped into Big Spring today after looking things over stated ours was the kind of a town he liked and he was going to locate here. He said he spent one day in Wink and that one day was all he wanted. He said he was off oil boom towns for life as a man's life was not worth any more than a dog's in the majority of the oil boom towns. He said he had been following the oil game for forty years and had been in on the opening of most every big field in the United States.

He said he never expected to see another boom such as they had at Ranger, Texas where new boys had more money than a drilling contractor today. He said the Big Spring field is going to be a good one and he is going to stick with it.

Big Cotton Crop Scheduled For Tex.

Austin Aug. 9 AP.—A total of \$337,000 bales of cotton may be expected from 17,585,000 acres of cotton probably remaining for harvest in Texas, H. H. Schutz, statistician of the Federal Department of Agriculture in view of the August first condition on report of crop. Picking is active in the southern part of the state.

Cotton Prices Drop \$4 To \$7 Per Bale

NEW YORK, Aug. 9 AP.—Cotton prices broke four to seven dollars a bale from yesterday's high levels on the New York Cotton Exchange, today, under heavy selling by Wall Street, Liverpool and Southern interests.

T. H. Bacon and family of Abilene are visitors in the city today. Mr. Bacon is transacting business, while his family visits with relatives and friends.

Labor Chiefs Who Will Endorse Presidential Nominee

NEA Atlantic City Bureau

Thousands of votes from the ranks of organized labor wavered between Governor Al Smith and Herbert Hoover as these men went into conference at Atlantic City, N. J. They comprise the Executive Council of the American Federation of Labor and are shown as they met to consider, among other problems, which presidential nominee they would support. Left to right, seated: David J. Tobin, treasurer, Frank Morrison, secretary; William Green, president; Frank Duffey, vice-president. Standing, left to right: Jacob Fisher, Martin F. Ryan, James Wilson and James O. Newman.

Two Banks Robbed Tex. And Okla.

INEZ, Texas, Aug. 9 AP.—The State Bank was robbed here today by two masked men who secured between four hundred and five hundred dollars. The hold-up was carried out by one of the robbers, while the other remained in an automobile to keep a lookout. The robbers had a good start before the robbery was discovered.

John Branch, cashier, and Miss Willie Bailey, clerk, had been locked in the vault by the robbers and were liberated a few minutes after a customer discovered the robbery. A posse was immediately formed and all roads in the vicinity of Inez are being watched. It is reported an arrest has been made at Goliad.

The Citizens National Bank at Muskogee, Okla., was robbed of approximately \$3000 by three robbers shortly after noon today.

Death Penalty For Assault

COMANCHE, Aug. 8 AP.—Five minutes after having been given the case and on the first ballot, the jury trying Dick Hazard, 23, of near De Leon for criminal assault on Velma Banhead, 19, daughter of a Comanche county farmer, today returned a verdict of guilty and assessed his penalty as death.

Harley Holland, aged 23 and J. B. Pierce, aged 22 charged in the same offense are now on trial.

Hazard, Harley Holland, 23, and J. B. Pierce, 22, all farmer youths, were alleged to have taken the Banhead girl out for an automobile ride Saturday night, July 21. It was charged that the three youths also picked up Christina Gammage, 17, of Gorman, and took her with them.

Gunmen Kill One And Wound Two

PHILADELPHIA, Pa., Aug. 9 AP.—Hugh McLeon aged 29 years, former mascot of the Philadelphia Athletic Baseball team was killed and two other men were wounded, today, when three gunmen opened fire on them from a closed automobile.

The murderers sped away in their car before anyone could attempt to stop them.

Calcium Arsenate Available Friday

The car of Calcium arsenate will be here Friday morning without fail. Car will be opened at 7 a. m. The poison will be sold for seven cents per pound if you call at the car and get it. A higher price must be charged if unloaded and stored for future delivery.

Get your calcium arsenate today and get it at the car if you want to save money.

Mrs. R. E. Carter and son John J. of Canyon, Texas, is in the city visiting her sister, Mrs. W. H. Powers. Mrs. Carter was formerly Miss Grace Sherman of this city.

Florida Storm Said To Have Lost Force

JACKSONVILLE, Fla., Aug. 9 (AP)—Government weather bureau officials here announced today that the tropical disturbance which struck the east coast and raged thru the citrus section to the west coast was centered this morning near the Gulf coast about fifty miles north of Tampa, moving slowly up the coast in a north-westerly direction. The bureau officials said that due to greatly decreased velocity of the storm they now felt no further concern over it.

No major damage has been done at Tampa, but all telephone and telegraph lines are down within a radius of fifty miles said a radio-gram received from R. S. Vance, Associated Press operator of the Tampa Times.

Nolan Co. Celebrates Completion Of Paved Road

Nolan county celebrated the completion of its million dollar link in the Broadway of America Wednesday night.

This will be a momentous occasion for this city and section and the whole State, for that matter, as it marks the completion of another gap in the most traveled highway in the entire State. It is the culmination of nearly five years program as the bonds were voted in 1923 but the actual paving has not taken that long. The 20-mile stretch west of this city was begun about two years ago and finished a year later. This road is a sledge stone base road with asphalt topping.

The east side of the county has just been completed; it was begun last year after recommendation of Highway Commissioner Ely and built by the Julian C. Fields Construction Company. It is the Bates type reinforced concrete, 18 feet wide, and the state highway inspectors have acclaimed it to be one of the finest and most up-to-date concrete roads in Texas. Each concrete for the west and east parts aggregated about \$500,000 each.

There will be no more muddy detours for Nolan County because it now has 58 miles of paved highways and 12 more miles under construction. Sweetwater now can invite all Texas to come and see her.

Culberson Co. Well to Be Drilled Deeper

Chas. Koberg reports the oil gusher recently brought in near San Martine is not showing up so well and it is to be drilled deeper. Geologists contend that it is impossible to secure production in the formation from which this well was producing but predict a big oil pool being found somewhere in that area.

Al Smith Attends Friend's Funeral

ALBANY, N. Y., August 9 (AP)—Governor Alfred E. Smith has decided to go to Chicago to attend the funeral of his friend, George Brennan. It is his intention to leave for West tonight, returning to Albany tomorrow night.

Miss Mildred Rogers left last night for a visit with friends in Abilene.

Another New Building For Big Spring

Big Spring's business district is being increased on all sides and in every direction. Another contract has been let for a handsome service station, to be erected at the corner of West Fourth and Scurry Streets, this new building extending the business district one block in another direction.

G. H. Byrne, agent for the Texas and Pacific Coal and Oil products, advises that he has awarded the contract for the erection of a Service Station on his lot at the corner of West Fourth and Scurry Streets, to cost approximately \$18,000.

This will be one of the most modern and up to date service stations in all West Texas, and will be something just a little bit different. The lighting system will be in keeping with the shop, and is of such proportions that the Texas Electric Service Company will run a special line to serve this station. Mr. Byrne believes in the future of Big Spring and is putting his money where his mouth is.

92 Stations to Broadcast Hoover's Speech

NEW YORK, Aug. 9 AP.—An announcement that eleven additional radio stations being added to the hook up today, increased the number which will participate in broadcasting Herbert Hoover's notification ceremonies at Palo Alto, Calif. to ninety-two. The broadcast is to open at 7 p. m. Eastern standard time, Saturday.

The new stations will include W. B. A. P. at Fort Worth and WDAG at Amarillo.

Thief Steals Ice Cold Watermelon

A thief or thieves entered the home of Mr. and Mrs. J. Johnson in Washington Place sometime Tuesday afternoon. A screen was cut whereby an entrance was gained.

An ice cold watermelon and a string of pearls are among the things found missing.

6 Villages Destroyed Volcanic Eruptions

LONDON, August 9 (AP)—According to reports transmitted by residents of Timor, nearly the entire island of Paloweh in Dutch East Indies has been destroyed by the eruption of a volcano on August 4th. Six villages were destroyed by fire and deaths reaching to nearly a thousand, are believed to have resulted from this volcanic eruption.

Building Addition To Home on Johnson St.

A room is being added to the former Barrick home at 304 Johnson Street, now occupied by Mr. and Mrs. John Harwood. The foundation for the addition has been laid, and construction has been started.

W. T. Brange, architect, is a business visitor in Cisco today.

3 Deep Wells On Lime, 2 More Shallow Tests

Three Deep Wells Have Been Cemented Just Above the Big Pay And Are To Be Drilled In

Big Well Expected

Material For 2 Derricks Near Henshaw Well Reported Two Locations Made West of Highway

BY S. F. VALENTINE
NEW DRUMRIGHT, Glasscock County, Texas, Aug. 9.—The F. H. E. Oil Company's No. 1-C Roberts located in the northwest corner of the southwest quarter of section 155, block 29 Glasscock County, filled up with oil and is stopping over after the plug was drilled this morning at 3035 feet. The hole was drilled 15 feet in the pay or to a total depth of 3035 feet, it was reported. While the well had not been tested at noon today, a production estimate of from 3,000 to 4,000 barrels has been made.

This is an extension south for the deep pay and is an offset on the west to Mike Glasscock, Evans Oil Company, on which he is drilling in the northeast corner of the east 50 acres of the north half of the southeast quarter of section 157, block 29, having set the eight inch at 1850 feet yesterday.

The No. 2 Roberts Couden's trying to pull the six inch so that they can set deeper. Three deep tests standing cemented are: Amerada's Stewart No. 1, at 3091 feet. Owen and Sloan Couden offsetting the Merrick and Bristow producer in the southwest corner of section 137, at 2939 feet and Sprague Oil Company offsetting the same well south at 2930 feet.

Two derricks are on the ground in the area of the Henshaw et al producer which extended the field west, Mariand-Texon 1000 feet east and Wetherspoon Oil Company north and a little east. This well has been pinched in flowing thru a very small choke until more tankage is on the ground. The Henshaw well is a mile north of here along the highway.

It was reported this morning that two locations have been made west of the highway but this could not be confirmed.

Plans For New School In County

Plans to establish a school at Forsan, in the heart of Howard county's oil field are underway, and location for same will be made within a short time by County Judge H. R. Debenport. The Forsan Townsite Company has agreed to donate the location for the school, the funds for its erection to be raised by public subscription.

Plans for the building have been drawn, but not accepted to date. This will probably be a two-teacher school, and will be ready for school to open early in September.

Because this new oil town in Howard county is growing so rapidly, and new people continue to come, it is thought that a two-teacher school will be needed for this community.

Intense Heat Causes 2 Prostrations

DALLAS, Aug. 8.—Two heat prostrations were caused by the intense heat here today.

Walter Harris, 74, and Miss Jimmie Bradburn, 19, were those overcome.

Continental Supply Co Erecting Warehouse

Material to be used in the construction of a big warehouse for the Continental Supply Co. is now arriving and work on this structure will be rushed.

Calcium Arsenate Is Due Tonight

Failure of the carload shipment of calcium arsenate to arrive Monday has caused cotton growers quite a bit of inconvenience in making the extra trips to town to secure the poison which has been delayed enroute. C. W. Cunningham when questioned concerning the shipment stated he was reasonably certain it would reach Big Spring tonight.

Showers which began to fall early this morning will be favorable to a rapid multiplication of the leaf worms and farmers are very anxious to begin poisoning their fields before the insects become numerous in all portions of the county.

Japanese Ultimatum Sent to Nationalists

TOKYO, Aug. 8.—Japan today told the Nationalist Government at Nanking, China, that unless it foregoes its abrogation of the commercial treaty between the countries and maintains the extra-territorial rights of Japanese citizens, the Japanese government "may be obliged to take suitable measures to safeguard its rights and interests."

Boy Scouts To Make Tour Of Davis Mountains

Fifteen Scouts of Troop No. 2 Will Leave Monday on Educational Tour, With Claude Wingo

The boy scouts of Troop No. 2 plan to leave Monday morning on an educational tour of the Davis mountains, Claude Wingo, minister of the First Christian Church and Scoutmaster of this troop, will be in charge of the group of boys on the trip. They have chartered a truck to travel in, with a special driver.

Leaving here early Monday morning, the Scouts plan to make their first stop at Pecos. From there they will go through the Davis mountains, including Livermore, said to be the tallest mountain in the world, towering 10,000 feet; Saw Tooth, another high mountain in this range, with an elevation of 7,000 feet.

They plan to spend Sunday August 19th at Skillman Grove Union Camp meeting. This is the old Cowboys camp and it has an interesting and colorful history. The next week they will visit Fort Davis, Olympic Canyon and other points. They will spend a night at the forks of the U-P trail, another historic place with an interesting history. They plan to return to Big Spring on Thursday Aug. 23.

This will be a wonderful trip for these young men and one that will stand out in their memories all through life. Brother Wingo knows every nook and corner, rock and stone in this section of the country where he served as missionary for several years, and he can give the boys the background and history so that the trip will really mean something to them. It will be a real educational tour for the Scouts and one really worthwhile.

\$55,000 Cattle Deal Completed at Uvalde

UVALDE, Texas (AP)—The largest cattle deal on record in this section was completed when Dolph Ericson and George A. Kennedy of Uvalde and R. S. Sterling of Houston sold 6,250 head of steers to Lee Blivins and Frank Corn of Amarillo for approximately \$55,000.

The first delivery of these steers 1,250 in number, will be made in October and the remaining 5,000 head will be delivered in April, 1929.

The cattle are located in Kinney and Dimmit Counties.

T. and P. To Build Line To Wink

By the Associated Press
WASHINGTON, Aug. 8.—Permission to build 35 miles of new railroad into the Winkler oil field in Texas, was granted the Texas-New Mexico Railway company today, by the Interstate Commerce Commission. The line authorized will run from Monahan, a point on the Texas and Pacific, via Kermit to the Texas New Mexico boundary.

Estimates of cost totaled \$708,000. The construction will be financed by the Texas and Pacific Railway.

Loughran Must Box Lomski Before Gob

NEW YORK, Aug. 8.—Tommy Loughran, world's light-heavyweight champion, can not box anybody else in New York State until he defends his title against Leo Lomski, the Aberdeen assassin, under the auspices of Humbert J. Fugazy.

Mr. and Mrs. J. D. Williams and two daughters of San Angelo arrived yesterday afternoon for a few days visit in this city with relatives and friends.

T. And P. Mirrors West Texas Growth

Texas and Pacific Making Best Record Ever Made By Any Railroad in U. S. in Normal Times

Net Income \$3633,018

For the First Six Months of the Year Gross Gains Are Pronounced Remarkable

Rapid growth of West Texas is again emphasized by the statement of the Texas and Pacific Railway for the first half of 1928, which shows, it is believed, the most remarkable gains ever registered by any American railroad under normal conditions.

Net income of \$3,633,018 reported by Texas and Pacific for the first six months of 1928 is over three times that of \$1,087,835 for the next best first half in 1927. After providing for dividend requirements of \$992,560 on the \$3,703,000 preferred stock, this showing is equivalent to \$7.84 a share on the outstanding \$38,755,110 common, comparing with \$1.27 a common share in the first half last year and with \$7.55 a share for the full year 1927.

Gross Gains Remarkable
Although this comparative rate of improvement in net income is unparalleled by any of the major carriers, with the exception of Missouri Pacific and the St. Paul, both of which made poor showings in 1927, the most phenomenal part of Texas and Pacific's report is the increase in gross revenue.

Gross for the six months of \$24,237,850 is an increase of \$5,822,117 or 31.6 per cent over the 1927 period with the month of May registering a gain of 44.8 per cent in gross over last year, and June of June up 60.3 per cent.

For the first 21 days in July local loadings of Texas and Pacific totaled 19,385 cars against 12,544 a year ago, and 11,454 cars were received from connections against 11,341. Principal increases in local loading were petroleum, 4,301 cars; lumber 293; fruits and vegetables 272; cement, lime and brick, 235; stone, sand and gravel, 206 and other mill products 114.

Lancaster Optimistic
Commenting on the outlook for the road J. L. Lancaster, president, recently was quoted in the Wall Street Journal as follows:

"The commercial situation is satisfactory and improvement is being shown in general business conditions. Crops in our territory, including sugar cane in Louisiana, are in excellent condition, promising abundant harvest and with continued activity in West Texas oil field development the outlook is good for record tonnage during the remainder of the current year."

Due principally to heavier movement of oil, fruit and vegetables in privately owned cars, Texas and Pacific's equipment rental for the first six months this year is more than double that of a year ago, totaling \$1,767,900 against \$844,058.

Plans For Resort On Border Are Outlined

SAN ANTONIO, Aug. 8.—Plans for the establishment of a pleasure resort on the Mexican border were outlined Tuesday afternoon by S. A. Owen, in San Antonio as the purchasing agent of a trio of financiers in New York City.

Owen will leave Friday with Dave Woodward for Eagle Pass to look over a site 20 miles south of there.

Tentative plans include the building of a hotel, a casino race track and the organization of all sorts of sporting events.

Panther Draw Singing Will Be Held Sunday

The Panther Draw singing will be held next Sunday at the arbor at Lee Store. W. R. Purner will be in charge of the all day singing and some of the best singers in the county will attend. Dinner will be served on the grounds. Everybody invited.

Revival Meeting At Coahoma Starts Sun.

Rev. S. J. Horton will open a revival meeting at the tabernacle in Coahoma, Sunday night, August 12, beginning at 8 o'clock. W. A. Pittman will be in charge of the singing during the meeting. The public is extended a cordial invitation to attend all these services.

EXPRESSION OF THANKS
To the good people of Howard County and my good friends:
I wish to offer my sincere thanks for your support and the kindnesses shown me in my race for Commissioner of Precinct No. 2. Long will I remember my good friends. Although I did not make it, I must say I am proud of the votes I received and to those who did not support me, I hope a friendship and kind feeling remains.
Your friend,
J. O. ROSEER
Clara N. Cause, piano technician of Lubbock is a business visitor in the city this week.

Oran Steadman Signed Pratt Goes to Atlanta
Oran "Slim" Steadman for three years a star athlete at Texas Christian University in football, basketball and baseball, was yesterday added to the roster of the Springers. It was necessary to sign some one as Clyde Pratt, star outfielder of the Springers, was recalled to Atlanta. This leaves none of the members of the old Piper outfield in the ranks of the team. Pratt was the last to go. White being released in midseason, and Bond only a few days ago.

There is no death - what seems so is transition. This life of mortal breath is but a suburb to the life Elysian, whose portal we call Death. And through that portal one of our friends has journeyed. We shall not see the familiar figure on our streets again.
The passing of Arthur Carroll from our midst will be felt by a host of Big Spring people. For years he has kept our towns so conscientiously and so well. In his life he exemplified the words of Pope: "An honest man's the noblest work of God." For he was a tireless worker and absolutely honest and reliable at his task.
At home he was always thinking of the comfort of his immediate family. On him his mother could steadfastly rely and he was devoted to the interests of his sister and her little children. They will miss his daily ministrations.
With those for whom he labored in a business way, he was trustworthy and faithful in the highest degree. His cheerfulness was remarkable. He held no malice, but at all times practiced the Golden Rule. Kindness and gentleness were his chief characteristics. Never was he known to grumble at his daily lot, but courageously faced life, doing his best to please both man and God. Death found him unafraid.
He has taken his place in the silent ranks of those who slumber in earth's bosom. And "God give each his beloved sleep." We would not call him back to a world so full of toil and care and pain - "Blessed are they that sleep in Jesus." But we know when he wakes, in that blessed "City that hath foundation, whose maker and builder is God," he shall hear the words: "Well done, good and faithful servant, enter thou into the joy of thy Lord." And there will be "no night there." There are sorrows, sorrows, for the pulses that are beating, but unutterably blessed are the dead.

Coach Stevens
Lobos, they lost only four games. Not only is Stevens a football coach but he knows every fundamental of basketball, baseball and track events.
Stevens is a college friend of our townsman Alfred R. Collins, former coach of the Big Spring High School, and Collins says that Stevens is one of the "sweetest" football players in West Texas.
Schedule Arranged
Six games for the season have already been scheduled. The first one will be played on home ground, September 21. According to Coach Stevens, everything looks good to him here. He has six old men on this year's team, and some mighty good green material to work with. Ed Bettles is Captain of the Steers this year with "Red" Coats co-captain.

Ry. Commission
(Continued From Page One)
Rule 4. Sweeping is prohibited except for the purpose of starting, testing or cleaning out, well and such sweeping shall be done under the direction of the Umpire.
Rule 5. No formation below 2800 feet shall be shot.
Rule 6. No well to be drilled into the line pay shall be located nearer than three hundred and fifty (350) feet from the boundary line of the lease.
Rule 7. The plan of proration provided for by the rules herein shall be administered by the Railroad Commission through a Committee composed of seven members selected by a committee consisting of one representative of each operating company in the Howard county field. Said committee of seven shall be known as the Advisory Committee and shall perfect its organization and adopt details to govern its procedure. An umpire for the field shall be adopted by the Railroad Commission from two or more nominations by the Advisory Committee. The umpire shall be the agent of the Railroad Commission and its enforcement officer, and shall enforce the rules adopted by the Railroad Commission herein and the orders of the Advisory Committee issued in respect to and in furtherance of the plan of operation provided for by said rules. The Advisory Committee is authorized to review, or revoke any ruling or order made by the umpire, subject to appeal to and approval of the Railroad Commission, in cases where an appeal to said Commission the orders of the Advisory Committee shall take effect when issued and so remain until approved or revoked by said Commission.
Vacancies in the Advisory Committee shall be filled by election by a majority of its own members. If because of withdrawals, from the Committee or for any other reason four or more members of the Advisory Committee are not in agreement on the nomination to fill such vacancy, such vacancy or vacancies shall be filled by the committee consisting of one representative of each operating company in the Howard county field, as provided for herein for the selection of said committee originally.
Respectfully submitted,
Howard County Advisory Committee by Robt. Pizar, Chairman.

CITATION BY PUBLICATION
THE STATE OF TEXAS
To the Sheriff or any Constable of Howard County, Greeting:
YOU ARE HEREBY COMMANDED TO SUMMON Frank Ashley by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 32nd Judicial District, but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 32nd Judicial District, to appear at the next regular term of the District Court of Howard County, to be held at the Court House thereof, in Big Spring, Texas, on the first Monday in September, A. D. 1928, the same being the 3rd day of September, A. D. 1928, then and there to answer a petition filed in said Court on the 8th day of August, A. D. 1928 in a suit numbered on the docket of said Court, No. 1262, wherein Edna Ashley is plaintiff, and Frank Ashley is defendant and said petition alleging that plaintiff has been an actual bona fide inhabitant of the State of Texas for a period of twelve months and has resided in the said County of Howard for a period of six months next preceding the filing of these papers. That the defendant disregarding the solemnity of his marriage vow, and his obligation to treat the plaintiff with kindness and attention, with in about a year after the said marriage began a course of harsh, tyrannical and unkind treatment which continued with very little intermission until the plaintiff finally separated from him on the 25th day of March 1928. On divers occasions while the plaintiff was living with the defendant as aforesaid, defendant was guilty of excessive, cruel treatment and outrages towards plaintiff of such a nature as to render their living together insupportable. On one occasion when the plaintiff had a new hat, the defendant tore up the hat, after falling into a violent rage, and said to the plaintiff "Get your G-d-damn suit out here. I am tired of feeding you." The defendant caught her arm, dragged her into the room and bruised and hurt her in a very cruel manner, under circumstances which showed a disregard for her life and health. Premises considered, plaintiff prays that citation issue by publication and on hearing hereof plaintiff be granted a divorce and for such other and further remedies and for costs of this suit.
Herein Full Not. but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.
Witness, J. I. Pritchard, Clerk of the District Court of Howard County.
Given Under My Hand and the Seal of said Court, at office in Big Spring, this 8th day of August, A. D. 1928.
J. I. PRICHARD, Clerk District Court, Howard County. 47-41.

Coach Stevens
Lobos, they lost only four games. Not only is Stevens a football coach but he knows every fundamental of basketball, baseball and track events.
Stevens is a college friend of our townsman Alfred R. Collins, former coach of the Big Spring High School, and Collins says that Stevens is one of the "sweetest" football players in West Texas.
Schedule Arranged
Six games for the season have already been scheduled. The first one will be played on home ground, September 21. According to Coach Stevens, everything looks good to him here. He has six old men on this year's team, and some mighty good green material to work with. Ed Bettles is Captain of the Steers this year with "Red" Coats co-captain.

Near Death Is Due To Accident On East Highway

A. M. Carroll Struck in Head by Automobile and Injuries May Prove Fatal

Small Hope Recovery

The Accident Was Unavoidable According to Those Who Witnessed Same

From Monday's Daily
 A deplorable accident took place on the Bankhead Highway about 12:30 p. m. today when A. M. Carroll was struck by a moving automobile and his injuries are of such a serious nature that little hope is held for his recovery. He suffered a compound fracture of the skull and a compound fracture of one arm.

The accident took place just opposite the Cooperative Filling Station in the eastern part of the city. According to eye witnesses, Mr. Carroll alighted from an automobile which had stopped on the right hand side of the road, heading east, and going around the rear of the car started to run across the highway toward the Cooperative Filling Station when a Chevrolet coupe coming westward was right upon him. From the nature of the wound, a deep gash on the side of the head, it looks as though the door handle of the coupe struck him, hurling him to the ground but not running over him.

In the coupe were Mr. and Mrs. G. P. Love of Midland and Mrs. Love's mother, Mrs. W. A. Burke, 804 Lillus Street, Abilene. Mr. Love is a cement worker and is employed by Butler and Windrow of Midland. He rendered every possible assistance following the accident.

Mr. Carroll was rushed to the Big Spring Hospital in an ambulance. His injuries are of such a serious nature that it is impossible to forecast the outcome at this time.

Funeral Services For A. M. Carroll

Funeral services for A. M. Carroll, 28 years, 10 months are being held this afternoon at 4 o'clock, at the Church of Christ. The body will be laid to rest in the new Mt. Olive cemetery. Carroll, who was struck in the head by an automobile yesterday about 12:30 o'clock, receiving a compound fracture to his skull, and other serious injuries, died as a result of these injuries at 4:45 o'clock yesterday afternoon.

The accident which resulted in Carroll's death, occurred on the Bankhead Highway, near the Cooperative Filling Station in the eastern part of the city.

According to eye witnesses, Mr. Carroll alighted from an automobile which had stopped on the right hand side of the road heading east, and going around the rear of the car, started to run across the highway toward the Cooperative Filling Station, a Chevrolet Coupe, coming westward, was right upon him. He received severe cuts on the head, and judging from the nature of the wound, it seems that the door handle of the Coupe struck him, hurling him to the ground, but not running over him.

Mr. and Mrs. G. P. Love of Midland and Mrs. Love's mother of Dallas were in the Chevrolet coupe. Deceased is the son of Mr. and Mrs. W. J. Carroll of this city, and he has made his home here many years. He was an energetic and dependable fellow, and many hearts are saddened at his untimely death.

Heartfelt sympathy is extended to the bereaved ones at this sad hour.

Miss Lilyne Rogers of Stanton is visiting her sister, Mrs. J. E. Dalton and friends.

Dallas Theatre Man Surprised

H. E. Robb of Dallas who is accustomed to crowds, was truly amazed when he tried to make his way up and down the streets in Big Spring Saturday. He was further convinced that the R. and R. interests had acted wisely in erecting a handsome new theatre for while here he had the experience of seeing more patrons turn away from the two R. and R. theatres in this city on Saturday night than there were patrons in the theatres, and both theatres were filled to capacity. With bountiful crops in prospect and oil development due a big increase Big Spring is going to experience a season of prosperity such as has been enjoyed but by few communities.

Former Grid Star Drowns; 5 Others Of Party Escape

SAN DIEGO, Cal. Aug. 3 (AP)—Max Houser, 28, All-American end on the Notre Dame football team in 1924 and 1925 and athletic coach at Redlands University in 1926, was drowned at Mission Beach, twelve miles north of here, Saturday afternoon. He was playing ball with five others when all in the party fell in a hole.

Miss Virginia Moynihan reached the beach unassisted. Ordie Gifford pulled his wife from the water and returned to assist the other three. Realizing he could do little as his strength was already spent, he ran to Mission Beach resort, a quarter of a mile north, to summon aid.

More Homes Needed In Big Spring

Although hundreds of new homes have been erected in Big Spring during the past year, there is urgent need of many rent houses here right now. Day after day dozens of inquiries are received for rent houses and rooms. When work is started on all four refineries, the pipe lines, the viaduct and a half dozen more new business structures to mention the coming in of more railroad men, oil field and refinery workers, there will be a further demand for more rent houses and rooms.

Then we must keep in mind that hundreds and thousands will be attracted to Big Spring by reason of the big oil development program which is now getting under way.

Price of Real Estate To Advance

Prices on real estate may seem rather high in Big Spring just now; but just suppose the old town keeps right on growing, today's prices will be reasonable as compared with the prices which will be in force a year from now.

Representative Farm Loan Bank Here

F. T. Collins, representing the Federal Loan Bank, with district headquarters in Amarillo, was a business visitor in our city today. He was well pleased with Big Spring and stated that he could see signs of substantial growth on every hand.

W. B. Richardson of Ft. Worth who is to put in a 5000 barrel tapping plant and a 4,000 cracking unit in Big Spring is a visitor here today.

Coleman Team Caps Game From Springers

The Big Spring team could not solve the mystery of how Agricola threw the ball and as a result, Coleman won the first game of the series 4 to 2. Turner pitched ordinarily winning ball, Steadman, Cressette and Williamson were the fielding stars of the game. Robinson in the fifth inning robbed Agricola of an extra base hit by a remarkable stop. Lagear was the only one on either team to gather more than one hit.

First Inning
 Lagear singled to right. Moore fouled out to Gresset. Lagear going to second. Taylor struck out. Holloway doubled to right scoring Lagear. Stebbins lined out to Glessup. 0 runs, 2 hits, 0 errors.

Second Inning
 Arzatti struck out. Crumpton walked. Kott popped out to Sain. Agricola popped up to Glessup. 0 runs, 0 hits, 0 errors.

Third Inning
 Lagear popped up to Glessup. Moore flies out to Steadman the Springer fielder making a running catch. Taylor grounded out Sain to Thornton. 0 runs, 0 hits, 0 errors.

Fourth Inning
 Holloway got on on Thornton's wild throw to Turner, who covered the bag. Stebbins grounded to Sain, but Stebbins was safe when Holloway was caught at second. Arzatti tripped to right scoring Stebbins. Crumpton struck out. Kott singled to center scoring Arzatti. Agricola singled to left. Robinson robbing him of an extra base hit. Kott held at second. Lagear grounded out to Thornton. 2 runs, 3 hits, 1 error.

Fifth Inning
 Moore flew out to Gresset. Taylor got on on Sain's error. Taylor was caught stealing. Holloway popped up to Sain. 0 run, 0 hits, 1 error.

Sixth Inning
 Stebbins went out, Sain to Thornton. Arzatti filed one to Gresset. Crumpton filed out to Steadman. 0 runs, 0 hits, 0 errors.

Seventh Inning
 Kott went out Williamson to Thornton, the third baseman making a nice play. Agricola went out, Glessup to Thornton. Lagear singled to left. Moore tripled to left scoring Lagear. Taylor filed out to Steadman. 1 run, 1 hit, 0 errors.

Eighth Inning
 Steadman walked, Gresset walked. Williamson popped up to Kott. Ratliff hit to Kott who muffed it, filling the bases. Turner hit into double play. Lagear to Kott to Stebbins. 0 runs, 0 hits, 1 error.

Ninth Inning
 Williamson made a wonderful catch of Crumpton's foul Kott went out Thornton to Turner, Agricola filed out to Robinson. 0 runs, 0 hits, 0 errors.

Tenth Inning
 Steadman struck out Gresset grounded out Lagear to Stebbins, Williamson doubled, against the left field fence Ratliff singled to left scoring Williamson, Turner flew out to Holloway.

Press the Pedal and oil your car
 Motor cars of high price, such as the Rolls Royce, prize Bijur centralized chassis lubrication as an invaluable feature.
 Nash, at moderate price, has it as standard equipment on all "400" Advanced Six Models.
 Bijur operation is simplicity itself—and it is invariably efficient regardless of changes in temperature.
 There's a lever conveniently placed for your left toe at the floor board. Simply depress it once and 21 points are automatically oiled, including all spring shackles.
 Bother and expense of service station lubrication are eliminated.
 Wear at vital chassis points is avoided.
 Annoying squeaks and groans are stopped before they start.
 The world has a new and finer motor car, with features of excellence hitherto found only on very costly cars. Bijur Centralized Chassis Lubrication is one of them.

NASH "400"
 OTHER IMPORTANT FEATURES—NO OTHER CAR HAS THEM ALL
 Twin-Ignition motor
 Hoedaille and Lovejoy shock absorbers (exclusive Nash mounting)
 Bohalrite aluminum pistons (Inver Struth)
 7-bearing crankshaft (bellow crank pins)
 New double drop frame
 Salon Bodies
 Torsional vibration damper
 World's easiest steering
 Exterior metalware chrome plated over nickel
 Short turning radius
 One-piece Salon fenders
 Clear vision front pillar posts
 Nash-Special Design bumpers and bumperettes

SOCIETY

Delightful Bridge Party Given at Community Clubhouse

Premier among the social gatherings of the week, was the delightful bridge party, given at the Community Clubhouse yesterday afternoon, with Mrs. Terry A. Hornaday and Miss Frances Sullivan co-hostesses, entertaining in compliment to Mrs. L. L. Pistole and Mrs. Hayden Griffith.

Clustering of late summer blossoms gave pretty floral adornment to the already attractive setting, wherein the tables were arranged for the bridge play. Dainty bridge appointments marked each table, each one being attractively spread with green table covers. A gold and green color motif was beautifully expressed in the decorations, appointments, and all details of the party, and brought to a pretty climax at the refreshment hour.

Keen interest was manifested in the bridge games of the afternoon, and at counting time when scores were compared, it was revealed that high score honor went to Mrs. Chas. K. Bivings, Jr., Mrs. John Hodges made second high score, and Mrs. Paul Hartman won in the cut. The honorees were each favored with a lovely gift.

A tempting luncheon was a pleasing aftermath to the bridge play, served buffet style.

The guest list to this complimentary hospitality included: Mesdames L. L. Pistole, Hayden Griffith, H. D. Cowden, Paul Bartram, Robert Currie, Chas. K. Bivings, T. C. Allen, Larson Lloyd, John Hodges, Ray Simmons, E. M. Cline, P. S. Schoenack, Calvin Boykin, James Davis, Monroe Johnson, W. B. Sullivan and Misses Alice Graham Bishop, Winona Taylor, Maywood Rix, Dorothy Ellington, Lucille True, Ruth Miller, Olive Ruth Bird, Alice Dawes and Frances Melton.

Return From Delightful Trip to Carlsbad Caverns

Mr. and Mrs. I. H. Hamlett, Dr. and Mrs. P. H. Murphy of Dallas returned yesterday from a delightful trip to the famous Carlsbad Caverns near Carlsbad, N. M. Mr. Hamlett states that he believes this Cavern is truly one of the wonders of the world, and that everyone should take this trip.

Mrs. L. W. Croft Entertains Members of I-Deal Bridge Club

Mrs. L. W. Croft delightfully entertained the members of the I-Deal Bridge club and a few friends Tuesday afternoon in her attractive home on Runnels Street.

Three tables of players took part in the interesting rubbers of bridge and at counting time Mrs. James Little was recorded high honor among the visitors and Mrs. Steve Ford made high score among the club members.

A dainty and delicious luncheon in two courses was served at the termination of the play to the twelve guests.

Juanita Cranford Honored On 3rd Birthday Anniversary

Mrs. George Cranford entertained Thursday afternoon, August 2nd at her home 506 Gollad street in honor of her little daughter's birthday. Toy balloons were given as favors and games were played. The color scheme of pink and white was carried throughout the decorations and refreshments.

Those celebrating this happy affair with Miss Juanita Cranford were: Marilyn Miller, L. F. Beard, Nellie B. Burns, Carol Kavanaugh, Mary Louise and Claudine Robinson, Johnnie and Sam Lacy Burns.

MISSIONARY SOCIETY

Christian Missionary Society met with Mrs. J. R. Parks yesterday afternoon at 3 o'clock.

The president being absent, Mrs. Parks presided at the meeting.

After a short business session the following program was rendered: Leader—Mrs. Joe Jim Green. Devotional—Mrs. Creath. Song—"Take Time To Be Holy." Prayer—Mrs. Wingo. Talk—"Necessity is laid upon me"—Mrs. Green.

Paper—One method of Developing Christian Unity—Mrs. Boxby. Song—"Jesus Keep Me Near the Cross."

Prayer—Mrs. Berry. Extracts From World Call. Hidden Answers. Benediction.

Lovely refreshments of sandwiches, salad, olives, cake and ice tea were served by the hostess and her daughter, Mrs. Roger White of Amarillo, to the following: Mesdames J. J. Green, J. R. Creath, Berry, Maxfield, Charley Phillips, Wingo, Bazley, Clay Read, Farris, O. Glenn, Yarbrough, Duff, McCaslin.

A short prayer service was held at the close of the meeting in interest of the meeting.

Mrs. R. L. Boswell who has been visiting relatives and friends in this city the past ten days left this morning for her home in Fort Worth.

Mrs. A. L. Kent and Son Billy Honored at Delightful Picnic

Mrs. A. L. Kent and son, who have been the guests of her parents Mr. and Mrs. J. O. Tamsett, and other relatives the past three weeks, and who left Thursday morning for their home in Dallas, were the honorees at a delightfully planned picnic, Wednesday evening, given by Mrs. A. R. Kavanaugh. The crowd drove to a pretty picnic spot at the New Wells where a tempting picnic supper, consisting of fried chicken, salads, sandwiches, olives, ice cream, watermelon and other good picnic eats was served. Those partaking of this bountiful feast were:

Mr. and Mrs. Frank Powell, Mr. and Mrs. A. R. Kavanaugh and son Carroll, Mr. and Mrs. Can Powell, Mr. and Mrs. Guy Tamsett, Chas. Powell, Misses Winelle and Mary Kavanaugh, Imogene Runyan, Mr. and Mrs. J. O. Tamsett, and the honorees, Mrs. A. L. Kent and son Billy.

Mrs. R. C. Strain Entertains In Compliment to Recent Bride

Mrs. R. C. Strain delightfully entertained in compliment to Mrs. Gene Kennedy, a recent bride, at her lovely home in Fairview Heights Friday afternoon, inviting friends of the honoree to a miscellaneous bridge shower.

A lovely setting was provided wherein guests were entertained. Bridge was the diversion in the early part of the afternoon, and the guests found much interest in the play. At counting time it was announced that the honoree had made high score in the games of the afternoon and the hostess presented her with a large package, an award. This contained the many lovely and useful gifts presented to her from her friends. These were opened and passed around for all to see.

At the refreshment hour a delectable plate luncheon consisting of assorted sandwiches, iced fruit punch and cake was served in a dainty way.

The guest list to this in-honor affair included: Misses Dorothy Ellington, Olive Ruth Bird, Vallia Trus, Maywood Rix, Fannie Stephens, Juanita Ralph and Mesdames Monroe Johnson, Paul Bartram, Robert Currie, W. B. Hardy, Ralph Rix, Swan Jones and Hayden Griffith.

Miss Lorene Campbell Given Birthday Dinner Thursday

Miss Lorene Campbell, invalid daughter of Mr. and Mrs. A. J. Campbell, was the honoree at a happily planned affair Thursday, this being the date of her twenty-second birthday anniversary. A tempting dinner was served and several friends were invited to celebrate with the honoree. Centering the table was the pretty birthday cake topped with 22 pink and blue rosebud candles. The cake was cut and served with delicious nut ice cream.

Besides relatives, Dr. and Mrs. T. M. Collins also attended this happy affair in honor of Lorene.

Mrs. G. L. Wilke Hostess to Cottage Prayer Meeting Group

The first of a series of prayer services was held Thursday afternoon at 4 o'clock in the home of Mrs. G. L. Wilke. This service was held in the interest of the revival, now in progress at the First Christian Church conducted by the pastor, Claude Wingo. Mrs. Wingo led the meeting and an interesting one it proved to be. The following were present:

Mesdames Harry Rodgers, Michael, J. J. Green, Mother Green Bennett, Clair, Wingo, Yarbrough, Read, Wilke.

Eleven ladies attended the prayer meeting Friday afternoon, at which time Mrs. Harry Rodgers led the meeting being at her home.

Mrs. H. Clay Read will be hostess to the group on Monday afternoon at 4 o'clock.

Notes From East Third Street B. Y. P. U.'s

The five B. Y. P. U.'s of the East Third Street Baptist Church are still making rapid progress in all phases of their work. Sunday one hundred and eight were reported present. Interesting programs were given and all unions had good reports.

We extend a cordial invitation to everyone to come and be with us each Sunday. We have a place for every member of your family from the youngest to the oldest. The general assembly of all the B. Y. P. U.'s begins promptly at 6:45 after the opening exercises, which will be conducted by the Intermediate B. Y. P. U.

Sunday August 5 the groups will retire to their respective rooms for their group programs. Following the programs, church services will be conducted by our pastor, Rev. S. B. Hughes.

Program For B. Y. P. U. of First Baptist Church

On Sunday August 5, 1928.

Program:

Opening songs.

Prayer

Bible quiz.

Reading by Miss Helen Reagan.

Topic of lesson, Devotional meeting—Christ in the World But Unrecognized.

Introduction, Mr. Irvin.

Part 1, Miss Abbie Nell Rhotan.

Part 2, Dan Heard.

Part 3, Mr. Mayfield.

Part 4, Miss Lillian Clayton.

Part 5, Miss Irma Lee Gary.

We always welcome visitors. Our program begins promptly at 7:30 every Sunday evening.

Homemakers Class of First Christian Church Enjoy Meet

The Homemakers class of the First Christian church enjoyed a meeting Wednesday afternoon at 3:30 o'clock, with Mrs. Claude Wingo, hostess at the parsonage on Scurry Street.

After an hour of business transactions a social hour was enjoyed. Dainty refreshments consisting of cake and punch were served to the following:

Mesdames: Steve Baker, C. D. Bazley, Michael, Lees, Bledsoe, Inkman, Phillips, Wilke, Tynes, Haynes, Glenn, Crenshaw, Meaklen and Rodgers.

Methodist Missionary Society Will Meet Monday Afternoon

The Missionary Society of the First Methodist Church will meet Monday afternoon at 3:30 o'clock in the church parlors.

All of the members are urged to be present.

East Third Street Senior B. Y. P. U. Program

The following program will be given at the East Third Street Senior B. Y. P. U. Sunday evening August 5. A cordial invitation is extended to everyone to be present and hear the interesting discussion.

Subject: Christ in the World, but Unrecognized.

Leader—Glen Wilkins.

Introduction—Leader.

Jesus Unrecognized and Unreceived—Walton Morrison.

Lord, Open Thou My Eyes—Clara Yates.

Christ Present in Spirit—Flora Milstead.

Thomas Dobbs

Frank Thomas and Miss Catherine Dobbs of Big Spring were married in the office of the County Clerk Shortes, Saturday afternoon, I. M. Payne officiating.—Stanton Reporter.

Little Miss Camille Inkman Pictured in Daily Paper

A picture of Miss Camille Inkman, baby daughter of Mr. and Mrs. W. W. Inkman, was in today's Fort Worth Star Telegram. Under the cut ran the following story: John, son grass, cotton and vegetables are not the only things they raise in Big Spring. Babies grow there, too. The above is proof of that assertion. And the year pretty youngsters. The above is Miss Camille Inkman, daughter of Mr. and Mrs. W. W. Inkman. Inkman is one of Big Spring's city commissioners."

Cottage Prayer Services Being Held Here

Cottage prayer meetings are being held by the ladies of the First Christian Church in interest of the meeting that is being conducted by Claude Wingo, local pastor.

Good attendance marks each meeting and the meetings are proving beneficial to those who attend.

The next prayer meeting will be held Monday afternoon in the home of Mrs. H. Clay Read. Everyone invited to attend.

Houses for workmen are the big need just now. More oil field workers will be coming; men to work on the construction and operation of the refineries, more railroad men and more laborers on construction jobs are headed our way. Have we any accommodations to offer them.

Mr. and Mrs. John Cromwell of Santa Rita, Texas are here for a visit with their son, Fred Cromwell and family.

Mr. and Mrs. J. A. Myers had as their guests Sunday, N. I. Dalton, Miss Mary Voliva and M. B. Clairance of Midland Texas. They also attended the ball game in Big Spring between the Midland and Big Spring League teams, Sunday afternoon.

A tractor and winch was recently delivered by J. & W. Fisher to Merrick and Lamb Oil Company, which they will use to clean their wells.

Big Spring Is Growing

By C. T. WATSON
Special Correspondent

Big Spring, Aug. 5.—Crop conditions in Howard County are above par. For the past five years the county has averaged 22,000 bales of cotton and at this time it appears certain that 1928 will retain this average. Recent rains were general over the county, and prospects for a bumper crop could not be better, there being sufficient moisture to last through the growing season.

Fear Leaf Worm

The farmers, however, are fearing trouble from the leaf worm, due to the excessive amount of rain but these pests have been successfully combated in previous years, and steps are being taken to provide poison should they appear in sufficient numbers. A few have been reported in different sections of the county. The grain sorghums are in excellent condition and should produce an abundant crop.

Town Growing

Big Spring is growing at a rapid rate, the population having increased approximately 2,500 since Jan. 1, 1927. Many brick business houses have been constructed during the past year, but the demand for them can not be supplied. More brick homes are being built than ever before. Several restricted additions have been put on and are growing rapidly.

This increase is due to the wonderful agricultural possibilities and to the oil fields located 16 miles southeast of Big Spring.

High School Improved

The Big Spring High School is being remodeled and an additional wing is being erected at a cost of \$104,000. Big Spring also has a junior high and three ward schools. According to W. C. Blankenship, superintendent, the increase in the school scholastics is so great that other steps might have to be taken to meet the demands.

At Coahoma, ten miles east of Big Spring, a new brick high school is under construction, and recently a water bond was voted for water works.

Have Three Refineries

Three refineries and possibly the fourth will be built in Big Spring within the next 12 months. One mile west of Big Spring a 5,000 barrel refinery is under construction and will be ready for operation by Sept. 1. Coden and Company have announced a 10,000 refinery three miles east of Big Spring. W. E. Richardson has announced plans for a refinery near his plant in which J. S. Coden will be interested. The fourth will probably be built by Reese Allen.

Other industries being sought at this time are a feed mill, oil mill, and a brick plant.

Future Bright

Big Spring, according to Charles E. Watkins, educational director of the American City Bureau, on a recent visit here and to West Texas said that this place has one of the most marvelous opportunities to make a city of 25,000 people within a short time of any other town in West Texas. He declared it rested on the vision of the business men of today to see that highways, water supply, and streets were built for tomorrow instead of today.

According to Watkins, the tourist will mean much to Big Spring, being situated on the Broadway of America, which will be open throughout the year and will invite much travel from east to west.

Riot Call Sent In At Houston

HOUSTON, Aug. 4 A.P.—A jeering mob composed of some two hundred men and women created much uproar here Saturday when the County Democrat Executive Committee met to canvass the returns of the Democratic Primary prior to the county convention. A riot call was broadcast and the police arrived in time to see the anti-Smith men who held a rump convention, depart.

The disturbance began when Chairman Guy Harris attempted to declare a quorum present without a roll call.

Mo. Pacific Passenger Train Is Marooned

Coffeyville, Kan. Aug. 4 A.P.—Missouri Pacific passenger train No. 118 from Little Rock to Kansas City was reported waterbourned at Artnola near Waggoner, Okla. Saturday. Reports to division office of the railroad here said a cloudburst was experienced Friday night in the section where the train was marooned.

Rankin Hotel Is To Be Moved

The Rankin Hotel owned by G. L. Bettylion is being torn down and removed to New Drumright Texas.

The hotel, one of the first to be built in Rankin, has served its purpose, declares Bettylion.—Upton County Journal.

Concerning The Proration

The State Railroad Commission issued an order today, on the proration of the Howard-Glasscock field," according to a wire received this afternoon by R. T. Piner, chairman of the Howard county advisory committee and vice-president of the West Texas National Bank. "The proration order is effective August 15," Mr. Piner stated.

The order will make fifty percent of the potential production of the field available to the pipe lines and it is the belief of many of the operators, that the field will show a potential well above 80,000 barrels daily when the wells are put on a test. If this is so, then the marketers may run 40,000 barrels daily if the pipe line capacity is available. The proration is based on fifty percent of the potential

one well below the 2,000 foot depth to each pay for each 40 acres. The method of producing will also be regulated according to the order.

The Roxana Production Company has already signed a number of division orders and it is reported that the Shell Pipe Line has material ready to move in and begin connecting with the field tanks of the leases on which the division orders have been signed. The reports are that the Shell Line was waiting only on the Railroad Commission's order before constructing their line into the field.

Mr. and Mrs. Chet Miller and son, John Phillip, spent Sunday in Ross City visiting Mr. and Mrs. Raymond Nail.

Mr. John Landers and Mrs. Lige Roberts of Higgins, Texas are the guests of Mrs. Mildred Jones in this city.

Anderson Music Co. Makes Improvements

"It is our purpose to make the Anderson Music Company the most up-to-date and complete of any music shop in West Texas," said V. T. Anderson, manager of the music store.

This store has recently added a number of record or demonstrating booths and carried out a program of complete restocking and renovating. They now carry a complete line of Victor and Brunswick phonograph records, the R. C. A. radio, a complete stock of sheet music, and other musical equipment.

Until this last addition, the store was effected the Hall Music Company in Abilene was rated as the largest west of Fort Worth, but the Anderson Music Company now holds this honor. It is located in the Douglas Hotel Building and faces on Runnels street.

Mr. and Mrs. Thomas A. G. Hall, 379, spent week end visiting friends.

Mr. and Mrs. A. W. W. after a few days visit with friends, returned home in Post yesterday.

Herald want ads get results—use them.

START DRILLING

Announcement was made today that drilling for the Oil Company and M. G. J. D. Pepper, west, about half miles northwest of Big Spring would resume work. Drilling operations have been down for several weeks, casing was being lowered well from another hole is now down 400 feet water Reporter.

Mr. and Mrs. A. W. W. after a few days visit with friends, returned home in Post yesterday.

No. 1243
CITATION BY PUBLICATION
THE STATE OF TEXAS
 To the Sheriff or any Constable of Howard County, Greeting:
YOU ARE HEREBY COMMANDED TO SUMMON Percy Vaughn by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not then in any newspaper published in the 32nd Judicial District, but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 32nd Judicial District, to appear at the next regular term of the District Court of Howard County, to be held at the court house thereof, in Big Spring, Texas, on the first Monday in September A. D. 1928 the same being the 3rd day of September, A. D. 1928, then and there to answer a petition filed in said court on the 23rd day of July A. D. 1928, in a suit numbered on the docket of said court No. 1242, wherein Evia Vaughn is plaintiff, and Percy Vaughn is defendant and that plaintiff and defendant were legally and lawfully married at Quanah, Texas, on October 17th, 1921, and lived together until on or about November 13th, 1926, at which time defendant abandoned plaintiff and that his whereabouts are now unknown.

Plaintiff further alleges that shortly after the marriage aforesaid that defendant became guilty of excessive and cruel treatment and outrageous treatment towards plaintiff such as to render their living together insupportable and that on many occasions defendant struck her and called her vile names and for the care, custody and control of Warren Earle Vaughn, a child six-years of age.

Plaintiff prays that citation issue in the manner and form as the law directs commanding the defendant to appear herein and that upon a final hearing thereof that she be awarded and granted a judgment of divorce, cancelling and annulling the marriage contract now existing between plaintiff and defendant and judgment for the care, custody and control of Warren Earle Vaughn, for costs of suit, general and special relief, etc.

Wherefore premises considered plaintiff prays that citation by publication issue to the defendant to appear and answer herein and on final hearing hereof, the bonds of matrimony existing between plaintiff and defendant be dissolved and held for naught and that plaintiff's maiden name, Mildred Ballard, be restored to her and for such other and further relief general and special in law and equity to which she may be legally entitled.

Herein I do Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Witness, Clerk of the District Court of Howard County.

Given Under My Hand and the Seal of said Court, at office in Big Spring, this the 23rd day of July A. D. 1928.

J. I. PRICHARD,
 District Clerk District Court,
 Howard county.
 45-4t

No. 1250
CITATION BY PUBLICATION
THE STATE OF TEXAS
 To the Sheriff or any Constable of Howard County, Greeting:
YOU ARE HEREBY COMMANDED TO SUMMON J. C. Powell by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in said Judicial District, but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 32nd Judicial District, to appear at the next regular term of the District Court of Howard county, to be held at the Court House thereof, in Big Spring, on the 1st Monday in September, A. D. 1928 the same being the 3rd day of September, A. D. 1928, then and there to answer a petition filed in said Court on the 7th day of August A. D. 1928 in a suit numbered on the docket of said Court No. 1250, wherein Mildred Powell is plaintiff and J. C. Powell is defendant and said petition alleging that plaintiff and defendant were married June 20th, 1926 and immediately thereafter defendant began drinking, would come home drunk, curse and abuse plaintiff, failed to work and support plaintiff, would give cold checks being arrested and confined in jail therefor, greatly to the humiliation of plaintiff and on October 1st, 1926, defendant came home drunk, abused plaintiff, said he did not love her and would not live with her and separated from and abandoned plaintiff since which date his whereabouts has been unknown to this plaintiff.

Defendant has been guilty of such outrageous and excesses cruel and ill treatment as to render their further living together insupportable.

Wherefore premises considered plaintiff prays that citation by publication issue to the defendant to appear and answer herein and on final hearing hereof, the bonds of matrimony existing between plaintiff and defendant be dissolved and held for naught and that plaintiff's maiden name, Mildred Ballard, be restored to her and for such other and further relief general and special in law and equity to which she may be legally entitled.

Herein I do Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Witness, J. I. Prichard, Clerk of the District Court of Howard County.

Given Under My Hand and the Seal of said Court, at office in Big Spring, this the 7th day of August A. D. 1928.

J. I. PRICHARD, Clerk,
 District Court, Howard County.

Two Oil Wells Flowing And One On The Pay

McGinley Well Flowing From 2200 Feet May Prove the Best Well In Howard County

Oil Men Attracted

Amerada, Roberts No. 1 Came In Flowing and Cosden & Co. Roberts No. 2 Hits The Pay

Two big gushers and another oil well on top of the pay, is the big news from the Big Spring oil field, today. And everyone of these wells marks an extension of the wonderful oil field which is ours.

With the tools still in the well, the McGinley Oil Corporation well on section 6 block 32, township 2 South, is flowing every two minutes from a depth of 2200 feet.

This seems to be an entirely new sand, and some seem to think this well will be a bigger producer than the 3000 barrel wells producing from the big lime from 2650 to 3150 feet. The McGinley marks a three mile western extension of the Roberts field and a two mile northwest extension of the Settles field. This well was almost given up as a duster when it failed to pick-up the shallow pay found in the Settles wells at around 1200 feet. It was drilled to 1900 feet and drilling suspended for many months.

The second sensation is the Amerada, Roberts No. 1 which is flowing, with no estimate made as to the production from the big line between 2460 to 2505 feet. It started flowing about noon today.

This well is located in the southwest corner of the east half of the southwest quarter of section 128, block 29 Waco and Northwestern survey. It marks a northeastern extension to the Roberts pool of one and one half mile. It is about three quarters of a mile northwest of the Cosden & Company's Dora Roberts No. 1 which is a big producer.

The Cosden & Company, Dora Roberts No. 2 in the southwestern corner of section 129 hit the big pay at 3105 feet today extends the field one half mile west and north.

J. S. Cosden and other officials of the company were here Saturday and were elated over the big strikes being made in the Big Spring area.

Cosden and Company's Roberts No. 3 on section No. 129 is going to be one of the biggest producers from the 2500 foot sand. The casing has been cemented and will be drilled in as soon as the cement hardens. It is believed this well will produce 1000 barrels or more per day.

The news of the big strike must have traveled far and wide, as more oil men were noted in Big Spring Saturday afternoon and night than have been here for months and there was a scramble to secure acreage anywhere in that territory.

Many of the major companies have been caught napping and the field is divided into small leases and held by many companies, which insures a lively drilling campaign when the oil situation returns to normal.

Mrs. V Hill Long Struck by Lightning

Mrs. V. Hill Long narrowly escaped serious injury during the electrical storm early Friday evening, when lightning struck a pole in front of her store on West Seventh street. The flash also struck the concrete floor of the building near where Mrs. Long was standing. It merely struck her, causing slighting injury to her limbs.

The lightning struck at the beginning of the storm, which lasted several hours.

Dr. L. G. C. Buchanan of Ranger arrived Sunday for a visit in this city with Dr. and Mrs. T. H. Happel.

The oil flowing from the McGinley Oil Corporation well thirteen miles southeast of Big Spring is of 34 gravity and is said to be the highest grade oil yet found in the

At The Meriwether Oil Test

All those connected with the Meriwether oil test are counting the days until they can see the well in which they are interested, the McDowell No. 1, brought in a producer. This test is now drilling below 3660 feet and it will be but a few days until its worth will be apparent.

Bob Helms, head driller, says the big pay is going to be encountered at 3780 feet.

The top of the shale should be encountered at 3740 feet and if it is, Helms will wager his last dollar that a big producer is going to be brought in.

This test is twenty miles south of Big Spring and far from other production, so an oil well there would surely start a boom.

Oil Workers Headed Here

Oil men coming in from Winkler county report a rush to the Big Spring oil field is going to be very much in evidence in the next few days. They say the report is going the rounds that the lid is going to blow off the Howard county field and many are planning to join the rush to get in on the ground floor.

Larger P. O. Quarters Due Before Winter

S. Page of Fort Worth, postal inspector in charge of leases in this district spent Friday and Saturday conferring with citizens who were interested in erecting a substantial building for post office quarters and lease same to the government for a period of ten years. The building must have a minimum floor space of 3500 square feet.

Four or five contracts were made between Mr. Page and interested citizens and it will be up to him and others connected with the post office department to decide which of these contracts will be acceptable to Uncle Sam.

Mr. Page intimated it would be about September first before a decision would be made and the owner of the proposed building notified. An effort will be made to have the Big Spring postoffice installed in a new home by November first.

J. H. (Dad) Hefley, former marshal of Big Spring is reported to have been injured not long ago as a result of a fall in his home in Sterling City. The injury, however is not serious and he is expected to be up and about soon.

CHEVROLET

Announcing the New Utility Truck
 -another Sensational Chevrolet Value
4 Speeds Forward • 4 Wheel Brakes

Now Chevrolet presents the New Utility Truck—a low-priced haulage unit embodying those modern features of advanced engineering developed through years of experience in commercial car building, and proved by exhaustive testing on the General Motors proving ground!

Typical of the progressive design embodied in this sensational new truck is a four-speed transmission with an extra-low gear, providing tremendous pulling power for heavy roads, deep sand and steep hills—and reducing to the very minimum the starting strain on motor, clutch and rear axle!

Powerful, non-locking 4-wheel brakes, with a rugged emergency brake that operates entirely independent of the foot brake system, give a new measure of safety and utility of vital importance in everyday operation!

And a new ball bearing worm-and-gear steering mechanism, which even includes ball bearings at the front axle knuckles, provides an order of handling ease never before experienced in a low-priced truck!

In addition, the new Utility Truck offers all those basic features which have been so largely instrumental in Chevrolet's success as the world's largest builder of trucks—rugged rear axle with one-piece banjo-type housing... four semi-elliptic truck type springs, set parallel to the load... air cleaner, oil filter and positive action vane-type oil pump... thermostatic control of water circulation... low loading height... and generous road clearance.

No matter what your business may be—come in and get a demonstration of this remarkable new truck. You'll find that it offers every feature needed for dependable low-cost transportation—and we can provide you with a body type to meet your individual requirements.

Price only \$520
 (Chassis only)

Normal human blood is too thick to be drawn through the mosquito's small piercing tube. They must first inject a thinning fluid. In that way disease germs are set afloat in the blood stream—bacteria of burning fever and crippling disease. There is also the danger of streptococci infection (blood poisoning) from scratching the bite. Mosquitoes must be killed. Health authorities advocate FLY-TOX. Simple instructions on each bottle (blue label) for killing ALL household insects. INSIST on FLY-TOX. FLY-TOX is easy to use. Safe, stainless, fragrant sure.—Adv.

CARD OF THANKS

We wish to take this method of expressing our sincere thanks to our kind neighbors and friends for their many thoughtful deeds, during the illness and death of our wife and mother, Mrs. M. S. Wright.

All of your kindly acts and comforting words made our burden lighter to bear. We shall ever remember you and pray God's richest blessings.

M. S. Wright and children.

Miss Vedda Mae Tubbs of Fort Worth has accepted a position in the office of Thomas and Whitaker Lawyers.

John Currie and Miss Agnes Currie returned Friday night from a several days visit with relatives and friends in San Angelo.

Don't laugh
 at this woman
 because she paid 50 cents for only a half-pint can of liquid insect-killer. She didn't know she could get a half-pint of Black Flag—the deadliest insect-killer made—for only 25 cents. * * * Black Flag comes in two forms—Liquid and Powder. Both are sure death to flies, mosquitoes, roaches, ants, bed-bugs, fleas, etc. Powder, 15 cents and up.

[Money back if not satisfied.]

Six Are Killed And 200 Injured In Rail Accident

Two Crack Passenger Trains on Illinois Central Railway Crash at Siding

Many Badly Injured

Details of the Accident Are Not Available, and Death List May Grow

Mounds, Ill. Aug. 6 AP.—Six passengers are known to have been killed and approximately two hundred were injured when two Illinois Central passenger trains were derailed near here today.

Details of the accident are lacking, but it is believed the trains were derailed when one train hit the other before it was entirely in the clear on a siding.

Many are seriously injured and are being cared for at hospitals at Moundsville and nearby points.

According to later reports, the Southbound passenger train No. 2, derailed Northbound passenger train number 16.

Search is being continued for three additional bodies, which are believed to be in one of the overturned coaches.

The known dead are Lewis Drennon, of Fort Mattoon, Illinois, 38; Henry, age 25, one identified white woman aged twenty-five and two unidentified negro women.

Bradley To Manage Continental Supply

H. A. Bradley who has been manager of the Continental Supply Co. in Egypt the past two months, will arrive in Big Spring the latter part of this week, to become manager of the Continental Supply Company that is to open offices here. The Supply house is now under construction on West First Street, and it is expected that same will be finished this week.

Mr. Bradley was formerly manager of the Oil Well Supply Company in this city.

Shallow Pay In McGinley Test Opens New Pool

A High Gravity Oil Secured From A Depth of 2,300 Feet Means Another New Production Sand

Extends Field 3 Miles

Further Extension of the Field is Shown by Production in Other Tests Now Drilling

Big Spring oil fields increased its potential production more than 14,000 barrels during the past week, when the field was extended one half mile north, a half mile south and three miles west. The most important is that of the McGinley Oil Corporation No. 1 Settles on Section 6 block 32, 2 South, this three mile extension was made when the well came in flowing hitting the crown block a minute later.

The all-steel equipment including tervals. The well flowed wild for several hours and is considered the best well in the field. This extension is most important as it proves up big acreage for both the major companies and the independent operators. Glascock Brothers own 356 acres adjoining and 900 feet from the well and will begin offset operations at once. F. H. E. G-1 Roberts on north half of S. W. 14 of section 126, block 29, hit pay at 3132 and cemented at 3130. After cement sets 72 hours the plugs will be drilled preparatory to bringing in the well. This well is running regularly with the other wells drilled in the deep lime horizon and is estimated good for 3000 barrels or better.

Amerada No. 1 Roberts drilling in southwest corner of northeast quarter of section 137, block 25, struck pay at 2905 the well flowing at 20 minute intervals, flowing for the first 24 hours at the rate of 1,000 barrels per day, but bridged over.

Cosden No. 2 Roberts in southwest corner of section 129, block 29 topped the pay at 3101 with hole full of water. Before this well can be drilled in and tested the hole will be reamed and the casing set to shut off water.

Amerada Stewart No. 1 S. S. Corner of S. E. quarter of section 130, block 29, W. and N. W. drilling at 3020. This will probably be the completion as pay is expected around 3100 feet.

Mr. and Mrs. Bernard Fisher and son Julius returned home this morning from an extended stay in the north and east and are delighted to be home as the weather in the north and east is stifling hot. They returned by way of Yellowstone Park.

They then visited Mammoth, Old Faithful, Yellowstone Lake, the Grand Canyon of Yellowstone, saw the upper and lower falls and went down the Canyon to Cody.

Here they rode in an old fashioned four-horse stage identical to those used during the Pioneer days. They then went to Denver and from there they returned to Big Spring.

Mrs. Fisher and son had been visiting in La Fayette, Ind. and Chicago while Mr. Fisher has been purchasing a large stock of fall and winter dry goods and furnishings for the J. and W. Fisher department store.

Mr. and Mrs. Earl Castle left yesterday for Seagraves, called there by the illness of Mrs. Castle's father.

Texas College Girls Arrested

BIRMINGHAM, Ala., Aug. 5. (AP)—Two Texas co-eds were taken into custody here last night after they had bummed their way over five railway systems in quest of thrills. The girls, Geraldine Vernon and Audrey Sims who said they were students in Southwestern University at Georgetown were found in a box car last night weak from hunger. After promising not to ride freight trains the girls released.

Officers Seek Hit And Run Driver

LOCKNEY, Texas, Aug. 6 AP.—Officers today are searching for the motorist who ran down and killed Richard Gray of Bomarton, near that town last night. The driver did not stop to render aid after striking Gray.

Mexican Youth Drowned Sunday At Red Dam

Tragedy Occurred at Red Dam Near Scenic Mountain Yesterday Afternoon at 3 O'clock

Rafael Trevino Age 15

Federal Services Held This Afternoon at Mexican Church

A Mexican youth, Rafael Trevino aged 15 years, lost his life while swimming at Red Dam near the Scenic Mountain, south of Big Spring about 3 o'clock, yesterday afternoon. It is reported that young Trevino, with several other Mexican boys had gone to the pool for a swim, where several white boys were also swimming. It is said that the youth told the others he would show them how to swim, and after he dived into the water, he was not seen again. Several bubbles appeared on the surface of the water, near the place where he went in, it is reported. It is thought that he took a cramp, and was unable to come up out of the water.

The water was deep and his companions were afraid to try and recover the body. They started to town for help and finally two white men came to the scene and rescued the lifeless body. It seemed that the youth had been dead about fifteen minutes when recovered.

Funeral services are being held this afternoon at the Mexican Baptist Church at 5:30 o'clock. Burial will be in the Mexican cemetery. Deceased is the son of Jesus Trevino.

Glad To Be Home After Eastern Trip

Mr. and Mrs. Bernard Fisher and son Julius returned home this morning from an extended stay in the north and east and are delighted to be home as the weather in the north and east is stifling hot. They returned by way of Yellowstone Park.

They then visited Mammoth, Old Faithful, Yellowstone Lake, the Grand Canyon of Yellowstone, saw the upper and lower falls and went down the Canyon to Cody.

Here they rode in an old fashioned four-horse stage identical to those used during the Pioneer days. They then went to Denver and from there they returned to Big Spring.

Mrs. Fisher and son had been visiting in La Fayette, Ind. and Chicago while Mr. Fisher has been purchasing a large stock of fall and winter dry goods and furnishings for the J. and W. Fisher department store.

Mr. and Mrs. Earl Castle left yesterday for Seagraves, called there by the illness of Mrs. Castle's father.

J. F. Thixton Raises Some Fine Grapes

J. F. Thixton proved to us that he can grow fine grapes in this section. Today he brought us samples of California grapes grown at his home in the southeastern portion of the city which are as fine as the grapes produced in the big vineyards in California. These were white grapes, and were the second crop, the vines put on this year.

Mr. Thixton's grapevines are four years old and are spreading over a large arbor he has built for them.

Polish Aviators Are Rescued From Ocean

LISBON, Portugal, Aug. 5.—The Polish aviators, Majors Iszkowski and Kubala, after being rescued at sea off Portugal yesterday, when their attempt to span the Atlantic came to an abrupt end, were landed today at Lixos near Oporto, Portugal.

The German steamer Samos, which took them from their smashed airplane, the Mawazek Ptasinski, also brought the seaplane into port.

Aviator Injured One of the two aviators injured his arm in a fall aboard the steamship so seriously that he was sent to the military hospital at Oporto when the ship docked this morning. It was said later, however, that both aviators expected to be able to leave tomorrow for Paris, which was their starting point.

In Air 25 Hours The aviators had been in the air since 4:46 a. m. Greenwich Mean Time, Friday and in 25 hours of flying had made a great circle over the Atlantic toward the Azores during which they had been sighted by two steamships. Radio reports from these vessels first gave the world intimation that the Poles had abandoned their attempt to span the Atlantic and were headed back toward Europe.

Trouble Starts Early They had reached a point only 90 miles off Cape Finisterre when trouble with their gasoline feed pipe forced an abrupt descent into the sea. The big plane struck the waves with such force that the wings were smashed. The crew of the Samos with difficulty extricated the aviators and turned their vessel for the nearest port.

Nash Co. Reports 3 Car Sales Today

Walter Vaatys local Nash dealer, reports the sale of three Nash automobiles today, and delivered same to the following:

- Miss Ruby Bell a Nash Sedan.
- Bascom Reagan Nash Sedan.
- G. L. McConnell Nash coupe.

Mrs. H. D. Cowden and daughter, Evelyn Frances, and Mrs. Frank Jones left this morning for a visit in Wichita Falls.

Another New Business Bldg. For Our City

On Saturday night H. W. Roman awarded to the firm of Jas. M. Morgan and Company the contract for a modern fireproof business building on West Third Street, just across the street from the Crawford Hotel.

This will be a one story structure at present but the foundation will be designed for a four story structure. The building will be 50x140 ft. constructed of brick and reinforced concrete. Concrete floors and a concrete slab roof will make the building as near fireproof as any building can be.

Space for approximately five business places will be arranged, all of these to front on the Broadway of America.

Peters Haynes and Strange, architects of Big Spring and Lubbock prepared the plans for this modern building.

The low bid of \$22,910 won this contract for J. M. Morgan.

Other firms bidding on this project were: Fred Mote of Dallas, Oats Construction Company of Abilene, J. F. Strong of Colorado and R. D. Estes formerly of Greenville but now located in Big Spring.

McGinley Gusher Causes Optimism

The coming in of the McGinley Gusher Saturday has put more pep and optimism into the citizenship than any oil strike since the finding of the pay in the big line in the Roberts pool.

For the first time in months everyone was talking oil, and all are now certain Big Spring is on her way to make a real city.

Never in our history has the outlook for a wonderful development been as bright for any city as it is for Big Spring right now.

Tire Talk

That's 100% Sincere!

When a great big company like Goodyear says this is *The Greatest Tire in the World*, they are not taking chances with their good name just to be sensational.

And you know us, too! When we repeat here what Goodyear says it's because we know it's true.

This is—beyond a doubt—the *greatest tire in the world*, and we have seen them all.

That's talking "cold turkey." But we're sincere about it. Come in and see it—the new-type All-Weather Tread Goodyear Balloon. It has a tread designed specially for balloon tire wear. It has the genuine SUPERTWIST carcass—made only by Goodyear. Know these latest things about tires.

The Auto Supply Co.

Phone 196 Main Street Big Spring, Texas

An authorized Goodyear Service Station, rendering the help Goodyear pledges to enable you to get every last mile out of Goodyear Tires and Tubes. More people ride on Goodyear Tires than on any other kind.

\$10,000 Bonus To Be Paid For Office Building

Interested Citizens Donate This Amount To Encourage Erection of Structure

May Get Action Today

Reported That One Group May Meet Conditions and Accept Bonus Proposition Today

After a strenuous effort, the committee appointed to raise a bonus of \$10,000 to encourage the erection of an office building, at last reports the total amount secured and it is now certain that Big Spring will get a long needed and a much desired structure.

An office building in Big Spring is going to prove a profitable investment for those who put their money into the proposition, and the bonus of \$10,000 is going to make more than one party or parties consider this offer. With many oil companies now operating in the Big Spring oil field and many more due to locate here every room in a suitable office building will be leased before the building is completed.

Make the rounds today and see how many desirable office spaces are to be had. You will find they are as scarce as hens teeth.

Fact of the business is that many oil companies now making district headquarters in other cities would have been here long ago could they have secured desirable office space. The growth of Big Spring will be aided by a modern office building and the sooner we secure this office building the better it will be.

New Creamery To Open Here In Short Time

Farmers Will Find Ready Market For All Their Milk Products At Snowwhite Creamery

An impetus to the dairying industry in Howard County that will further encourage the farmers of this section to take in daily profits from good milk cows, will be the modern and up to date creamery, that is to be opened in Big Spring in a short time.

Snowwhite Creameries, Inc. who now operate a big ice cream factory in our city are ready to install the machinery for this modern creamery, just as soon as their building is vacated. The Rutledge Bros. Bottling Works that is in the same building with Snowwhite Creameries, is going to vacate soon and it is then that the work of installing the creamery will be started.

E. L. Galloway will be local manager of the new creamery and according to Mr. Galloway new machinery, costing approximately \$50,000 will be erected in the new plant.

This will give the farmers of this section a ready market for their dairy products, as this creamery will buy all of the milk and cream they can get. This will assure each farmer a cash income, throughout the year, and many will deem it wise to invest in some good dairy cows, and sell milk and cream the year round. It will not take the cows long to pay for themselves.

The new plant will be modern and up to date in every respect. Snowwhite Creameries, Inc. have bought a number of plants in West Texas, and have established cream stations throughout the state. They are a big concern, and Big Spring should feel flattered that such big interests are opening so fine a plant in our city.

Revival Meeting At Coahoma Closes

The revival meeting, conducted at Coahoma the past two weeks, by Rev. W. G. Bailey, pastor of the First Methodist Church of Big Spring, came to a close Sunday night.

This was a joint meeting for the Methodist and Presbyterian churches, and it was counted as one of the most popular revivals ever conducted in Coahoma.

Six additions to the Methodist church were reported, and two additions to the Presbyterian church.

In spite of the fact that the meeting was hampered by the rainy weather, good crowds were in attendance, and a fine interest was shown.

FOR SKIN IRRITATIONS

Girl Seventeen Never Saw Tree Or A Horse

According to a recent dispatch from Liverpool, England, a seventeen year old girl, native of St. Kilda (a lonely island in the Outer Hebrides), has recently had her first opportunity to see a horse, train, automobile, telephone pole or even a tree.

Her native island is over one hundred miles from Scotland, and she is one of less than fifty inhabitants. The sea spray blows across the entire island so that it is difficult to even grow vegetables. As for a tree—well it exists only in picture form in the books and newspapers that reach St. Kilda from time to time.

Yellow Cab Service Here By Sept. 1

T. L. Porter formerly of Vernon has secured the color right and franchise for the operation of Yellow Taxicab Service in Big Spring and expects to have this up to date service in operation on or before September 1.

Mr. Porter has purchased three of the latest, standard Yellow cabs and they are now enroute from Pontiac, Mich.

Mr. Porter has been awarded the contract for the cab and baggage service of the Crawford Hotel and cabs may be secured through the Crawford Hotel phone, phone No. 800.

Mr. Porter is one of the pioneer bus men of Texas and operated a cab company and bus line at Vernon for many years. He is completely sold on Big Spring and is now having a home built in Washington Place, one of the leading residential districts of Big Spring.

P. K. Williams of Kansas City, district representative of the Taxicab Division of the General Motors Truck Co., is here today completing all necessary arrangements for Mr. Porter. Mr. Williams is a former resident of Big Spring and asserts he notes a wonderful growth and development and is sure Big Spring is due to become a big city.

Abilene Attorney Visits Big Spring

T. A. Bledsoe, prominent attorney of Abilene is a business visitor in the city today. Mr. Bledsoe was a former resident of this city, and at one time was superintendent of the Big Spring Public Schools. Mr. Bledsoe preceded Mr. E. Reagan as superintendent of the schools here.

I. O. O. F. Initiation To Be Held Monday

Monday evening, August 20, the local lodge of Odd Fellows will hold initiation ceremonies for a large class of candidates. All degrees will be exemplified and a large attendance is expected. Refreshments will be served and a general get-together meeting will be held after the degrees have been conferred.

All Odd Fellows are urged to attend this meeting, one of the largest and best meetings ever held in this city, and a good time is promised for all.

G. J. Boatright, travelling freight agent for the Gulf, Colorado and Santa Fe railway, with headquarters at Temple, Texas, is a business visitor in the city today.

Big Development Forecast Is Due To The New Well

The Opening of an Entirely New Oil Pool Seems to be in the Making Around McGinley Test

Flows 1600 Bbls. Day

Oil Royalties in That Area Are Bringing High Prices; and Many New Test Wells To Start

The McGinley Oil Corporation well, Section No. 1 on section 6, block 22, 2 South when given a test Tuesday afternoon produced at the rate of 1600 barrels per day. The well flowed at the rate of 65 barrels per hour for a six hour period.

The location for three offset tests have been announced, and more tests are certain to be started since a new pool producing a higher grade of oil from a depth of 2283 feet offers big returns for those owning oil leases in that area.

The Marland Texon owning a large block of acreage on three sides of the new producer, have made a South offset on Section 6, block 22, township 2 S. This same company made a second offset location 1000 feet East on Section 133 Block 29, W. and N. W. survey.

Glascock Bros. and the Witherspoon Oil Company of San Antonio have made a location on Section 3 block 29, township 2 S. 330 feet from the west line of the section.

Fancy prices are being offered for oil leases and royalties anywhere near the McGinley well.

Many lease and royalty buyers have flocked to Big Spring since this well has been in.

Four Tests To Be Drilled Near Producer

BY S. F. BALENTINE

next few days. The F. H. E. Oil Company's No. 1-C, Roberts in section 156, will be drilled in tomorrow. Owen & Sloan and Coaden offsetting the Merrick & Bristow on the west and the Sprague Oil Company offsetting the same on the south are standing cemented.

Schermerhorn is drilling about 2300 feet. Amerada No. 1 Stewart, southeast corner section 139, casing set at 2090 feet; this is an offset east to Coaden's No. 2 Roberts, which is having trouble pulling the six-inch so that they can straighten.

Coaden's No. 3, Roberts is shut down at 2615 feet waiting for errors—the eight inch set at 1995 feet. Coaden's No. 1 Roberts, showed more than 100 barrels an hour on a two hour test swabbing yesterday.

Mike Glascock, Evans Oil Company, section 157, drilling at 1610 feet, will run eight inch at 1650 feet. Mike promises to have this well flowing into the tanks by August 25th.

Henshaw et al will have four tests drilling around it at once.

Rebecca Team At Abilene

The Rebecca team of Big Spring left this morning for Abilene to attend the district meeting of the Odd Fellows and Rebecca Association. L. E. Crenshaw is drill master of this team and enter into drill contests with teams from other West Texas Lodges.

Joint Discussion At Court House Aug 10

A joint discussion will be held at the court house at 8 o'clock Friday night, August 10. Judge Fritz R. Smith and Judge A. D. Massey will have a joint discussion on the issues of their candidacy.

The public is cordially invited to attend and local candidates are invited to make their announcements if they so desire.

Record For Long Distance Buying

P. D. Frazier, who has just returned from Valparaiso, Chile, where he served three years as engineer with the Bradem Copper Co. has purchased a lot in Forran and expects to start a building within a few days. Mr. Frazier landed in New York and went from there to Los Angeles, California, before coming to Texas. Lot 15, block 30.

37 Are Held For Obregon Murder

Mexico City Aug. 8 AP.—Police headquarters announced today that thirty seven persons, including two Catholic priests, have been arrested for investigation in connection with the assassination of president-elect Obregon.

Buy Royalty Near The McGinley Well

Fox Stupling and Robt. T. Piner have purchased of J. A. Scribner of Snyder an interest in the royalty of the South half of section 12, block 33, township 2 S.

This tract of land is one and one fourth miles west of the McGinley Corporation's well on section 6.

I. O. O. F. Lodge To Meet Monday Night

Mullen Lodge No. 372 I. O. O. F. meets in regular session Monday night August 13. All members are urged to attend. Visiting brothers welcome.

J. H. COOTS, Noble Grand.

A. L. Nelson Brings In Fine Peaches

A. L. Nelson, who lives on a farm 8 miles northeast of Big Spring, brought in some peaches today that "were", as pretty as a picture. We says were because we have already eaten them and we must say that they were the kind that left a good taste in your mouth. Besides Elberta peaches, Mr. Nelson has eight or ten trees of Mamie Ross and Governor Hogg variety, and they are just as fine as anyone could want.

Mrs. Dan Dean, Grover and Farley Dean, and Mrs. Effie McMahan left this morning for a vacation trip through points of interest in Colorado.

SORE Could Not Rest

Mrs. J. H. Nichols, who lives at 513 Elm Tree Lane, Lexington, Ky., says:

"Some few years ago, my health was bad. I had very severe pains in my sides. My nerves were in a terrible condition. I could not rest.

"The lower part of my body was very sore. I did not feel like eating, and did not sleep well at all at nights.

"A friend of mine recommended Cardui. I began taking it and saw quite an improvement in my condition. I kept it up until I felt strong and well."

About a year ago, Mrs. Nichols says, she found herself in a nervous, run-down condition. "I took Cardui again," she adds, "and it helped me wonderfully. It is a splendid tonic."

Cardui is a mild, medicinal tonic, made from purely vegetable ingredients.

At all druggists.
