"I'll lend you for a little while, A child of mine," God said-

"For you to love the while he lives, And mourn for when he's dead.

It may be six or seven Or forty-two or three; But will you, till I call him back,

Take care of him for He'll bring his charms to gladden you And-(should his stay

be brief)-You'll have his lonely memories As a solace for your

grief. I cannot promise he will stay, Since All from Earth

return; But there are lessons taught below I want this child to

Hello, Mrs. Morgan 102 Year's Birthday

Location was her home at the Anderson ranch west of Sipe Springs. Many people came and enjoyed a visit with Mrs. Morgan. She is very active in all the house work, cooking, and in general and all around hand at just about anything. When asked what the most valuable modern advancement was, she just said straight out,

("Running water"). She enjoys the garden work each year and very much enjoys the harvest time of the year as she and her daughter, Winnie, sure do lay by in store, the different many vegetables and fruits for the coming winter and spring.

Just about any time of the day or night Mrs. Morgan will know where each and proud of all her people and delicious. and this wonderful feeling of love from her

The rains in December seemed to please farmers and ranchers throughout Eastland County. moisture was badly needed since the last half of the year was very dry. The official rainfall in Eastland, in December was 1.99 inches. This brought the total rainfall for 1979 to 21.77 inches, about 6 inches below normal. Oscar Schaefer, Chairman of the Eastland County Screwworm Eradicaiton Committee, reminds us that livestock men would like a report on the program's success in 1979.

Program officials report the 1979 year appears to be the best year in the history of the Screwworm Southwest Eradication Program. Very few cases of screwworms were found in Texas, and those were in South Texas. Emphasis on sterile fly

drops are being shifted from the United States to the Mexican side of the Rio Grande. In fact, by as early as next March, Mission Lab's sterile fly production may no longer be showering down anywhere over the United States on a routine daily basis. Since the flies over winter in Mexico, the emphasis will be on eradicating this insect before it crosses the border.

Of course, any cases turn-

ing up anywhere in this country will be treated until officials are satisfied the infestation has been wiped out. For this reason, it will be even more important that every case of suspected worms be reported. We continue to have a supply of mailing cartons in our office. It's Income Tax reporting time again. As a service to farm families, we will conduct a farmer's Income Tax Clinic, at the Texas Electric Reddy Room in Eastland on January 18. The clinic will begin at 9:30 a.m. and will last until 2:30 or 3:00

The new Farmer's Tax Guide for use in preparing the 1979 tax returns are now

available in the County Extension Office. You may come by the Extension office, in the Courthouse and get a free copy of this publication

The Farmer's Tax Guide is designed to explain how the tax laws apply to farming situations. It gives examples and illustrations showing how different items should be reported on your Federal Income Tax Return. There are also samples of records and tax forms illustrating how good records help you to prepare an accurate tax return and to pay only the correct amount of tax.

New developments in the tax laws are summarized under items of interest. A number of changes have been made that will affect the amount of tax you pay. We sometimes forget to properly store spray equipment during the winter and as a result the equipment is

The year 1980 has a probable course of events. Predictions have been make that could cause doubt, fear and worry to people who do not know the Lord. The unknown may cause uncertainty; the known can be a challenge.

THERE WILL BE A CHANGE IN THE WEATHER

By Laura Lou Trammell

(ED. NOTE: This is especially appripriate because reports are that we'll be Havin' a Blue Norther come Sunday night.)

All Eastland Countians know all about Northers. We know all about the Big One called the BLUE NORTHER. If you haven't lived in Texas all your life, sooner or later you will experience OLD BLUE. No one will have to describe him you will just know.

A physician from Mississippi, by the name of Gideon Lincecu, traveled across Texas in 1835. He quickly became aware of Northers. On Feb.

26, he wrote in his diary;

ed with thorns, but will not

die-because the life that is

in the hearts of true

believers is eternal.

Lay by today on account of the severity of the cold. Snowing and sleeting greater part of the day, wind from the North, very cold indeed. The weather in this country is the most variable that I have ever experienced in any country. Some days it is so warm that you cannot keep your coat on, a perhaps a change will take place in three hours that will render you uncomfortable under all the clothes you can pack on.

The moods of Texans are frequently affected by the severity of the winds. In 1841 on a Christmas day a resident of the Columbus apologized for writing a dull uninteresting letter, his boring style was attributed to the Norther raging out side. Texans not only become dull but often cross, some are unwilling to work during Northers. Carl, Prince of Solms-Braunfels, a German visitor to Texas in 1844 observed.

When a Norther is blowing, the Texan cannot be moved. Since such winds continue at least two days, this time can be counted lost. If two such Northers follow successively, then six or seven days are generally lost.

An editor in Bastrop stopped publication of his paper stating as a sufficient reason for the action that his printing office was in the North part of

There was a full grown norther on the day the Declaration of Texas Independence was signed. From the diary of Peter Gray, for many years the Dist. Judge of Houston, was taken the follow-

March 1, 1836, yesterday was a warm day and at bedtime I found it necessary to throw off some clothes. In the night the wind sprung up from the North and blew a gale, accompanied by lightning, thermometer was down to thirty-three degrees and every body shivering and exclaiming against the cold. This is the second regular Norther I haver ever experienced. Notwithstanding the cold, the members of the convention net today in an unfinished house without doors or windows. In lieu of glass, cloth was tretched across the windows which partly excluded the

A few years ago I was privileged to visit Flin Flon, Manitoba, Canada. this place islocated in the extreme nothern part of the Province. We witnessed a display of THE GREAT NOR-THERN LIGHTS, in their full glory. Exchanging weather conditions with native Canadians we found they were just as facinated by our COLD FRONTS and NORTHERS as we were with their GREAT NORTHERN LIGHTS and SUNDOGS.

Winters are still cold, wet and often uncomfortable on some days and on other days warm, balmy and spring like. This still happens in Eastland as well as all of Texas.

The kingdom of heaven is like to a grain of mustard seed....which indeed is the least of all seeds: but when it is grown, it is the greatest among herbs, and becometh a tree, so that the birds of the air come and lodge in the branches thereof. Matt. 13:31,32.

The germ in the seed grows by the unfolding of the life principle which God has implanted. Its development depends upon no human power. So is with the kingdom of Christ. It is a new creation. Its principles of development are the opposite to those that rule the kingdoms of this world. Earthly governments prevail by physical force; they maintain their dominion by war; but the founder of the new kingdom is the Prince of Peace....Christ implants a principle. By implanting truth and righteousness, he counterworks error

and sin.... The kingdom of Christ in its beginning seemed humble and insignicant. Compared with earthly kingdoms it appeared to be the least of all. By the rulers of this world Christ's claim to be a king was ridiculed. Yet in the mighty truths committed to His followers the kingdom of the gospel possessed a divine life. And how rapid was its growth. how widespread its influence! When Christ spokethis parable, there were only a few Galilean peasants to represent the new kingdom.... But the mustard seed was to grow and spread forth branches its throughout the world. When the earthly kingdoms whose glory then filled the hearts of men should perish, the kingdom of Christ would remain, a mighty and and far-

reaching power. So the work of grace in the heart is small in its beginning. A word is spoken, a ray of light is shed inti the soul, an influence is exerted that is the beginning of the new life; and who can measure its results?....

In this last generation the parable of the mustatd seed is to reach a signal and triumphant fulfillment. The little seed will become a tree. the last message of warning and mercy is to go to "every nation and kindred and tongue" (Rev. 14:6-14), "to take out of them a people for his name" Acts 15:14; rev. 18:1). And By Marion McDaniel the earth shall be lightened with His glory.

May Industrial Foundation To Meet

First Baptist Church

We now face a new year! It is a challenge for the christian to venture into this new year.

As a christian I am able to confront each day well because of what I affirm.

1. God, in Christ, did not make me His child to become a failure.

2. God wants me to achieve all that is my work and all that is best for me.

3. God provides wisdom, the presence and power of the Holy Spirit, and inner strength to become what He wants me to be and to accomplish what I ought to do.

I can also confront each day because of positive goals I have set for myself as a christian.

Today I will follow the insights about christian living I have learned from the Bible.

Today I will seek to love others and be a caring person.

Today I will spend time with my family. Today I will work at

my job to the best of my ability. Today I will take

time to read and study especially God's Word. Today I will spend time in prayer and

meditation. Today I will take care of my body. It needs good food, exercise, and rest.

I will invest time in serving others through my church fellowship, His Church.

I will seek to be at my best for the Glory of God.

This will be a good year. The best I know how God will have first place in my life. How about you? R.D. Williams

May Community Improvement Club To Meet

The May Community Improvement Club will meet in monthly meeting in the May Community Center on Tues. Jan. 15, at 1 p.m., rather than Monday night.

Reason for the change is convenience to members, who will already be attending the Senior Citizens program.

If evil be said of thee and if it be true, correct thyself; if it be a lie, laugh at it.

word of Jehovah". In the New Testament, the assertion is made that both it and the Old Testament were from God. Jesus declared the Old Testament to be "the word of God" and stated that "the scripture cannot be broken". (John 10:34-35). He promised that the writers of the New Testament would be guided by the Holy Spirit (John 14:26; 16:13-15). The Bible claims, "all scripture is inspired by God" (2 Timothy 3:16), literally "all scripture is God-breathed". So complete is the inspiration of the Bible, that it was given "not in words taught by human wisdom, but in those taught by the Spirit, combining spiritual thoughts with spiritual words" (1 Corinthians 2:13).

Every writer of the scriptures was "moved by the Holy Spirit" (2 Peter 1:21) to write the true word of God. The Almighty God has given us the Bible. I have been gone from Rising Star for just over nine months now. In the last few days of March, 1979, I ceased to be a member of that little community. It would have been very easy for the people of Rising Star to forget me. But most of them being the wonderful, beautiful people that they are did not forget. I'm very thankful for that. The ordeal I'm having to endure is hard. But the burden has been lightened somewhat by many peoples support. Hardly a day goes by

Bob Dickinson Candidate For Re-Election

11th Court of Civil Appeals Associate Justice Bob Dickinson has authorized this newspaper to announce that he will be a candidate for reelection in the May Democratic Primary.

Judge Dickinson was elected to fill the unexpired term (two years) of Judge Escoe Walters who resigned.

He said that he will issue a formal statement at a later date.

After dialing, an operaror comes on the line briefly to ask for the caller's telephone number. This procedure in no way affects the customer's ability to dial long distance calls directly and low DDD rates still apply.

Person-to-person and station-to-station calls with special billing are made by dialing "0" plus the area code (if different from 817) plus the phone number. An operator comes on the line to give assistance. Just tell the name and person desired or tell her the number to which the call is to be billed.

Directory Assistance is now reached by dialing just 1 plus 411. To obtain telephone numbers in distant cities, dial 1 plus area code plus 555-1212.
