May Homecoming Set For September 24th

The 1977 May District Historical Homecoming has been scheduled for September 24, the last Saturday in September.

Among those to be honored this year will be the 1937 Williams Football and basketball team members. This group won the District title

Karla Murdock May Honor Evangelistic Efforts Begin Named Miss Roll Released At Church Of Christ

Karla Murdock, daughter of Mr. and Mrs. Kenneth Murdock, was crowned Miss Rodeo Queen Saturday in activities held in Brownwood. Also crowned was Julie Haynes, Junior Miss Rodeo Queen, daughter of Mr. and Mrs. Robert C. Haynes of Brownwood.

Karla is a 1977 graduate of May High School where she was active in basketball, track, volleyball, FHA, FFA, Beta Club, and Annual Staff. Her future plans include attending Cisco Junior College this fall. The personality and appearance contest was held Saturday at 10 a.m. at the Holiday Inn while the horsemanship competition was at the Earl Q. Wilson arena Saturday afternoon.

Over 200 persons attended both events. Judges were Brenda Jernigan, Goldthwaite; Howley Jernigan, Goldthwaite; Mrs. Everette Coburn, Dublin; Leon Barr, Abilene; Sue Barr, Abilene; William Thompson, Irving; and Nicola Weisepape, Comanche.

The queens will ride in all the grand entries July 28, 29, and 30, when the Brown County Rodeo unfolds at the Earl Q. Wilson Arena. In addition, they will promote the rodeo from now until the three-day event.

Rudy Wray

This Thursday evening, at 7:30 the special Evangelistic effort is slated to get underway at the Rising Star Church of Christ. The speaker invited for this occasion is Rudy Wray, for many years a missionary with the Church of Christ in Central America. He is now in the Republic of Honduras. In addition to the Thursday evening service, Wray will be

speaking on Friday and Saturday evenings at 7:30 p.m., at brief morning Devotionals on Friday and Saturday at 7 a.m., and on three occasions Sunday: to the combined Adult Bible classes at 9:30 a.m., at the Morning Assembly at 10:30 a.m. and at the Evening Assembly at 6 p.m.

Wray is a native of Oregon. At present, he is serving under the oversight of the Central Church of Christ in Victoria, Texas. The Rising Star Church of Christ assists monthly in supporting the Wray's work. Wray is married and the father of three children. He is a graduate of the Sunset School of Preaching and Missions in Lubbock, Texas.

Anyone needing transportation to any, or all, of these meetings should call 643-6162.

Owen Aikin, local preacher, the elders, deacons and members of the Rising Star Church of Christ extend to all those of Rising Star and the surrounding area a hearty invitation to attend these services.

"First Aid For Sewing Machines"

The objective of the program is to reduce the frequency of service calls for any and all sewing machines and thereby save the sewing public time and money. The purpose of this film is to teach preventive maintenance, "How to stay out of trouble" and "How to get out of trouble" and thus save time and money otherwise lost by inoperative machines. And equally important, it will reduce frustration by the machine operator.

Mrs. Dorothy Diddle, Homemaking teacher will show a film entitled, "First Aid For Sewing Machines" Thursday, June 23, 1977 at 1:30 p.m. in the Rising Star Homemaking Department.

This program, First Aid For Sewing Machines, has been developed by the Singer Company in the hopes that it will contribute to the success and enjoyment of all these engaged in home sewing.

Number Remaining To Pick Up T-Shirts

The Student Council which requested that T-shirts ordered earlier in the school year be picked up in the Annual Room are making a further appeal to the following students who have not picked up their shirts to please do so. Please contact Kay Gray in the Supt. Office from 9 to 12 or from 1 to 3 p.m. Students include: Tommy Hart, Nick Barton, Lisa Cotton, Jerry and Lance Butler, Latricia Ratcliffe, Kevin Bond, Lupe Paxon, Ralph Bond, James Jones, Melissa Hoggett, Shane Ford, Laura Lynn Cox, Shannon Childers, Cindy Elliott, and David Alford.

The calendar officially proclaims June 21st as being the first day of summer, though our thermometers have indicated summer time for the past several weeks. Summer brings with it much activity including little league, boating, gardening, swimming, fishing and lots of sunburn. Also vacation time for some families, who can drag Dad off long enough. Local farmers are usually not included among this list as farming goes year round.

Tickets

Tickets are now available for the Rising Star Annual Bar-B-Que picnic to be held Monday, July 4, on the Clinic grounds. Tickets may be purchased at the following locations: J&S Grocery, Lee's Grocery, the Rising Star, West Texas Utilities, First State Bank, Chamber of Commerce and Campbell's Country Store in May.

Plans are being finalized for the annual Rising Star Bar-B-Que picnic to be held on the Clinic grounds again this year. Owen Aiken, chairman, is anticipating an even larger crowd than last year as a baseball tournament is also being scheduled. The day's activities will begin downtown with a parade.

Many local boys and girls are actively engaged in the Jaycee sponsored Little League--come out some afternoon for some good old-fashioned fun.

A look downtown shows completion nearing on "The Honey Bee", a clothing store to be opened in the near future by Mrs. Pauline Winfrey. Extensive work and remodeling has been done to the building which was formerly the Western Auto Store owned and operated by Glenn Henry.

Directly across the street, work is still being done on the clearing of buildings torn down to make way for a convenience food store to be put in by a Cisco merchant. These both will be a tremendous boost to the looks of the downtown area.

Gift Subscription

Mrs. Clinton Smith has given a subscription of The Rising Star to her son-in-law, Dr. Jerrell Bible. It is a birthday gift.

"Bright Ideas" Theme For 4-H Dress Revue

"Bright Ideas" will be the theme for the 1977 4-H Dress Revue to be held Thursday, July 7th in the Ranger Junior College Auditorium. The Dress Revue will be an opportunity for several local 4-Hers enrolled in clothing projects, to show their sewing skills. The 4-Hers will be judged in three areas, with a possible score of fifty points on personal appearance, twenty-five points on 4-H RECORDS* and twenty-five points on construction of their garments. The appearance judging will begin at 9:00 a.m. in the Eastland Band Community

Room. Local youths enrolled in a clothing project include Sub-Junior Division: Selena McCuiston, Kathy Wallace, Susan Benson, Gretchen Williams, and Jami Long; Junior Division: Oretta Morris, Sandra Allen, Ruth Ellen Jarvis Ladell Burns, Linda Larkin and Rae Jean Jarvis; Senior Division: Jeanne Housnel, Connie Harris and Kim Harris. The meetings of the sub-junior and junior divisions are supervised by Junior and Teen leaders, Kim and Connie Harris. They are the daughters of Mr. and Mrs. Jerrell Harris

Second Membership Drive To Be Held By NARFE

The National Association of Federal Retired Employees (NARFE) Chapter 555 will hold a second membership drive in Cisco in the form of a dinner meeting at the Spot Restaurant Monday June 27th at 7:00 p.m.

All federal retirees and their spouses in the Cisco, Eastland area are invited to attend, either as a visitor or a prospective member.

The program for the June meeting will be presented by the Eastland County Home Demonstration agent, Janet Thomas. Her subject will be "Space Stretching Storage Ideas For The Home". Mrs. Thomas will stress how to get men to utilize these ideas. Her program should be very informative.

The Saturday Club met in a called meeting Monday, June 20, at 2:30 p.m., in the home of Mrs. Dorothy Shook.

Members of the yearbook committee worked on the 1977-78 edition. Included on the committee are: Mrs. Louis Mayfield, Chairman; Miss Elizabeth Robertson, Mrs. Horace White, Mrs. M.B. Shook and Mrs. Helen Donham.

Mrs. Ed Witt, president, presided at a short business meeting at which time it was voted to sponsor a float in the upcoming 4th of July parade. Mrs. Linda George was appointed chairman and will be in charge of various details.

It was also noted at this time that the club has contributed \$10 to the perpetual care of the Cemetery Fund in memory of J.D. (Skeet) Clark.

Mrs. Shook served delicious punch to the ten members present.

Survivors include two daughters, Mrs. Austine Joiner of Fort Worth and Mrs. Stella Ware of Rising Star; two sons, A.J. Stone of Lake Brownwood and William Lee Stone of Brownwood; two sisters, Mrs. Bessie Carter and Mrs. Mildred Copp, both of Fort Worth; a brother, Loy Stone of St. Jo; six grandchildren.

Church Of Christ

Several years ago, Meyer Leven wrote in Collier's magazine about a girl in an orphan asylum. She was quite unattractive and had many annoying mannerisms so that she was shunned by the children and disliked by the teachers.

The head of the institution looked and longed for a reason to send her off to some reform school. One afternoon the opportunity came. She was suspected of writing clandestine notes to people outside the orphanage. One of the little girls had just reported, "I saw her write a note and hide it on a tree near the wall." The superintendent hurried to the tree and found the note, then he silently passed it to his assistant. The note read, "To whoever finds this: I love you."

Someone else wrote a note and put it on a tree outside a city wall. Of him too, it is written, "He had no form or comeliness that we should look upon him, and no beauty that we should desire him. He was despised and rejected of men." Isaiah 53:2-3. So they thought to get rid of Jesus. They took him out to Calvary's hill where they crucified him. They nailed him to a tree. But when men go there they find on that tree a note that reads, "To whoever finds this: I love you."

This is precisely the message we want to share with you: each day, but especially during our special evangelistic services this week.

Rudy Wray for several years a missionary to Central America and now in Honduras, is to be with us for a short Gospel meeting. This will begin Thursday evening at 7:30 p.m. Each evening: Thursday, Friday and Saturday, at 7:30, he will speak. Then, on Friday and Saturday mornings, at 7 a.m., he will give a brief message, accompanied by a devotional. This will last a maximum of thirty minutes. On Sunday, Mr. Wray will speak to the combined adult classes at 9:30 a.m., and then is to preach at both the 10:30 a.m. and 6 p.m. services. We urge you to attend any, or all, of these.

J.W. Leel, son of Weldon and Mable Lee, underwent surgery at Scott and White in Temple last Monday. Mrs. Georgia Crossnoe seems slightly better, but is still in a Lubbock hospital West Texas. Hassie Moon is

due to have additional eye surgery next month. Merritt Procter slowly gains strength, but company is still not recommended. Walter Fraser was to enter Baylor Medical Center in Dallas this week for tests.

The Rising Star Church of Christ has given funds for a Memorial addition to our Library honoring J.R. "Cotton" Jenkins.

We look forward to the Devotional at Twilite Acre Nursing Home this Sunday afternoon at 3 p.m.

Have a good week. Be sure to attend the special evangelistic services this week. Call us if we conserve you in any way, and especially if you need transportation to the meeting. 643-6162.

Owen Aikin

Commentary

July 12, 13, 15, You can have everything you want and still be the most miserable person on the face of the whole earth. You are a spirit with a desire for God and if that desire for God is not met, you are still a frustrated person. You may not realize it. You may enjoy the opiate of the pleasure of sin for a season, but the rude awakening will come when suddenly the hopelessness of it will come upon you. A man without God is an orphan a man without God is a wandering star, going through the blackness of the universe. Man without God is a raging wave foaming out its own wrath, going nowhere, accomplishing nothing. The concern of Christ right now is for the person that's breaking the law. He died that we might be forgiven of our guilt, and given new life and strength through Him to please God. Salvation is offered to every man; none need die in his sin. Christ desires to be our Savior, but if a man chooses to disregard the sacrifice Jesus has made and if he dies with unconfessed sins, he will will face that same Christ as Judge.

And Christ will Judge him according to the law. The law is inviolate we cannot keep the law; it is impossible for man to do this. God knew that, this is why God, through Christ, became flesh and went to the cross and rose again from the dead. Ascended into heaven and sit on God's right hand to give gifts among men. Jesus Christ took our sin and guilt upon himself. He died in our place that we might know forgiveness and eternal life. God help us to repent and accept the forgiveness of God. Myrtle Owen

Community Singers To Rehearse

The Community Singers will rehearse Friday evening, July 1, at 8:15 at the First Baptist Church. This rehearsal is in preparation for the Fourth of July picnic and James Steel, choir director, requests that all choir members attend, since this is the only practice session time will allow before the July 4th program.

Also an invitation is extended to anyone in the area who would like to join this singing group.

- Mrs. A.C. Halsell

To those who failed to hear Roberta Waters on Extension Line 6:45 a.m. Abilene a recipe and a food freezing tip she gave, is worth passing on.

Jello-Orange Salad
1 cup hot orange juice added to 1 small package of orange Jello, stir until dissolved. Set aside to cool a few minutes. Stir in one cup of buttermilk, chill. Serve. (Easy and good)

To freeze onions
Peel, wash and chop cured or fresh onions. Place a plastic freezing bag in a coffee can. Fill sandwich bags with 1 cup or 1/2 cup portions of the chopped onions. Close the bags snugly and place them in the coffee can. When the can is full close the bag with wire twists. Put plastic lid on the coffee can, and put the can in the coldest part of freezer. So handy for soups, meat loaves, meat balls, dressing or salads.

A full coverage of the Beef Referendum by all the news media seems to be lacking, but thanks to J.T. Smith, Farm News Reporter for The Abilene Reporter News, in his columns for June 15th and June 17th morning edition and Jay Namans President Farmers Union column on Sunday June 19th we get a little information that is vital to all cattle raisers.

This is not taking sides but if all voters read these three articles it may help them to make up their minds.

Scripture Thought Of The Day

Woe unto them! for they went the way of Cain, and ran riotously in error of Balaam for hire, and perished in the gainsaying of Korah. These are they who are hidden rocks is your love- feast when they feast with you, shepherds that without fear feed themselves; clouds without water, carried along by winds; autumn trees without fruit, twice dead, plucked up by the roots; wild waves of the sea, foaming out their own shame; wandering stars, for whom the blackness of darkness hath been reserved for ever. (Jude: 11-13)

First Candidate Announces For State Treasurer's Office

According to Don H. Johnson an international marketing and business consultant of Houston, incumbent Treasurer Jesse James "is virtually robbing Texans of \$50,000 and more daily."

Johnson 44 and the first candidate to announce candidacy for State Treasurer, vowed to stop this robbing which has amounted to an estimated \$91 million in interest earnings in the past five years.

Speaking in press conferences held in Austin, San Antonio, Dallas, Houston, and East Texas, Johnson said "James deliberately and unnecessarily deposited state money in demand deposits rather than in interest bearing time deposits."

"It's appalling that the rate of return on state deposits as a per cent of total state revenue is one of the lowest in the nation," he noted. Johnson vowed that when elected, he would stop this practice and establish a system whereby the taxpayer's money would earn them money, rather than just a few big banks.

The system, he explained would be based on a daily cash flow projection made by the Treasurer, a procedure practiced in other states which James Says he simply can't do.

The candidate also vowed to fight for legislation which will allow the state to participate in other investment methods than time deposits, such as Certificates of Deposits, investments in savings and loans associations, and U.S. Treasury Notes and repurchase agreements.

Johnson stunned reporters with the little publicized fact that James Director of Accounting who was convicted last year on three felony counts of tax evasion amounting to

over \$16,000, is still working in the Treasurer's office. He said the Director Louis A. Shaffman, Jr., had cashed some of his personal business accounts a receivable checks at the State Treasurer's office to evade paying income tax on them. "I can't see how James could not be aware of these crimes as they occurred," exclaimed Johnson. "If he were properly fulfilling his job, he should know what's going on in the Treasury, particularly what his number three man is doing." He added.

Johnson slammed James ties to the banking industry and called him the donkey that's pulling the gravy train." He also sniped at James reported frequent absences from work and pledged to devote his full time energies as Treasurer, if he was elected.

The GOP candidate has no previous political experience and views this an asset. "We need someone who can bring business experience, economics and good business procedures and practices into the office of State Treasurer," he explained, "not politics!" He said he believes he is this man.

Johnson said he has talked with and got the blessings of some of the top GOP leaders in the state. He speculated that it will take him between \$300,000 and \$400,000 to run winning campaigns in the primary and general elections.

Johnson of 12636 Huntingwick, came to Houston in 1967. He has lived in England and Australia and has travelled in more than 100 other countries. His wife Pat, his three daughters and three grandsons accompanied him as he made his announcements.

Pickles And Relishes' Publication Free

COLLEGE STATION--Texas pickle-and-relish makers can get a jump on the pickling season this year with a free government publication, "Pickles and Relishes."

Tested recipes are a must in pickling and relish making-and that's what the publication has, according to Marilyn Haggard, foods and nutrition specialist with Texas Agricultural Extension Service, The Texas A&M University System. "Pickles and Relishes" B-188 is available from county Extension agents throughout Texas--usually listed under County Government offices in the telephone directory. Among recipes in the publication are Tomato-Apple Chutney, Sweet Nine-Day Pickles, Dilled Okra and Watermelon Rind Pickles. It also includes Green Tomato Mince-meat, Chow-Chow Relish and Chile Sauce recipes--to

brighten family meals ling into cold winter days, the specialist says.

Crunchy novelty "pickles," Dilled Green Beans, also appear in the publications.

DILLED GREEN BEANS

3 pounds of green beans about 3 quarts
6 cups of vinegar
2 cups water
1 cup salt
6 bunches dill
6 small cloves of garlic
6 small, hot red peppers
Wash beans and remove stem end. Heat vinegar, water, and salt to boiling. Place a piece of dill, pod of pepper, and clove of garlic in each jar. Pack beans in jars to within 1 inch of top. Pour boiling liquid over the beans. Close. Process in boiling water bath 20 minutes. Start to count processing time as soon as hot jars are placed into the actively boiling water. Store at least 3 weeks before using.

Cattle Prices Gain But Producers' Share Less

COLLEGE STATION--A slow, steady increase in retail beef prices may soon be giving cattle producers a slightly bigger piece of the beef profit pie, notes Dr. Ed Uvacek, a livestock marketing specialist for the Texas Agricultural Extension Service.

"Cattlemen have been suffering from an extended period of low prices, but retail beef prices have increased about 5 per cent in recent weeks. The national average composite retail price for beef was \$1.41 per pound the third week of May," notes Uvacek. Choice fed steers in that same week averaged \$40.86 per hundredweight, up 11 per cent over the March average price. Consumers have been paying

more for their beef mainly due to both the higher cattle prices and an increase in the cost of marketing. This latter cost, of course does not benefit cattle producers, says the Texas A&M University System specialist.

"The marketing part of the beef industry has accounted for a larger and larger portion of the consumer's dollar spent on beef," says Uvacek. "More money was paid into higher labor rates, transportation costs and packaging. This left the producer with a smaller piece of beef profit pie."

While the farm-to-retail price spread dropped substantially in April and early May, it has jumped back up again during recent weeks. The only hope for cattlemen, therefore, is higher retail prices to the consumer.

FARM BUREAU

FARM BUREAU NEWS

Leaders of the Eastland County Farm Bureau will attend a statewide Farm Bureau Commodity conference July 6-7 in Waco, according to C.M. Guthery of Desdemona, president.

Representing the county organization will be: Mr. and Mrs. Ernest Reich, Cisco, Chairman of the Peanut Commodity Division.

They are among producer representatives in the five Texas Farm Bureau commodity divisions who will discuss policy development subjects surfaced earlier in county meetings.

Invited to attend are the county presidents and the commodity committee chairmen in the 103 counties that have county commodity organizations in either the TFB's cotton, citrus, dairy, peanuts or rice divisions.

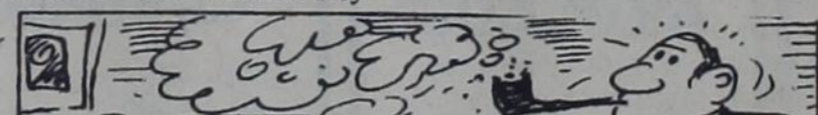

A number of counties have more than one commodity

division. There are 55 counties with cotton divisions, three with citrus, 35 dairy, 18 peanut, and 12 with rice divisions.

Several prominent agricultural leaders and government officials will address the meeting. These include Allan Grant, Visalia, Calif., president of the American Farm Bureau Federation; David L. Hume, Washington, D.C., administrator of the Foreign Agricultural Service of U.S. Department of Agriculture; and U.S. Rep. Jack Hightower, Vernon, member of the House Agriculture Committee.

Top executives, educators, and government officials will speak in separate meetings of the various commodity divisions.

The annual summer commodity conference complements one held early in the year dealing with implementation of Farm Bureau policies for commodities involved.

Most maple sugar is not used for candy but to flavor tobacco products.

Summer Revival Meetings By Jewell Dukes Huddleston

Editors Note: The following article was recently published in the Comanche Chief newspaper. Jewell Dukes Huddleston is the author of the article and she graciously consented to The Rising Star reproducing this article as well as the pictures. Thank you Mrs. Huddleston and the staff of the Comanche Chief.

WAGON WHEELS KEEP ON TURNIN'

One of the highlights of a bygone era was the summer revival meeting that climaxed in the baptismal rites in farm ponds, neighboring creeks and shallow pools of nearby rivers. Nobody ever thought of such a thing as robes for the candidates. This was back in a spartan age of American pioneer life.

After the crops were laid by the revival meetings began. Each denomination respected the other in a given community and there were no overlapping dates. You could enjoy your own revival and then look forward to another few weeks of attending other churches protracted meetings.

This not only afforded spiritual revival for hardy pioneers, but renewed the social activities that had been practically at a standstill while the men were planting and plowing and the women were canning, preserving and drying food.

Many a golden wedding anniversary that has been observed in the county saw the beginning of the romance start under a brush arbor lighted by a flickering kerosene light.

We cannot say that Henry Ford's invention killed this delightful custom but it is a fact that you get where you are going sooner, have less time to stay, and more pressures than was known in the horse and buggy days.

The meeting always lasted two weeks, and in a few instances, when spiritual fervor merited extending the gatherings, a three weeks revival was held.

The brush arbors were made by using green tree branches to afford a shade for the congregation, and the dirt floor was covered with a generous layer of straw.

Hitching posts were set up around the arbor to accommodate the teams. Before twilight set in, the creaking of wagons could be heard as churchgoers set forth for the evening services.

A nursery for the children was a pallet of quilts at the

mothers' feet on the clean straw.

Teams were hitched to hitching posts to secure the animals, traces were dropped so restless horses would not rock the wagon and surreys back and forth and disturb the worship service. Occasionally a horse would get a leg over the wagon tongue and give some background noise, but his master would slip out and take care of the situation before an emergency developed. Family dogs always trotted under their respective wagon and staked out territorial claim under the wagon bed during the lengthy sermons. Seldom did we have a dog fight to mar the quiet, because most of the big-boned farm dogs had too much dignity for such nonsense.

There was a mourner's bench up front. And many a prayer was lifted heavenward in behalf of those who sought spiritual peace.

One of the most impressive recollections of my childhood was hearing a beloved neighbor, the late Tom Frazier, whose farm adjoined ours, praying across the fields after he reached home at a late hour. His earnest prayers for the success of the revival, and for certain friends and neighbors, could be heard across the green corn field. The longer he prayed the more he beseeched the Lord to hear his humble petition, and we would fall asleep knowing the success of the revival was being presented to the Almighty.

The song service played a big role in the meetings, and most of the old familiar songs were sung and re-sung each service. Sometimes a special invitation hymn would use all five verses, then begin all over again, if there was a hold-out at the mourner's bench.

Air conditioning was the soft summer breeze, plus the complimentary fans from a neighboring funeral home.

And there was the 11:00 a.m. service also. Sometimes you didn't get home until well after 1:00 p.m. and your stomach was acquainted with your backbone by that time. But you knew that in the warming oven of the Home Comfort wood range was fried chicken, fresh vegetables, and a big fruit cobbler pie. The girls would quickly chip the ice for the tea and the later-than-usual lunch was enjoyed even more because of the late hour.

The wagons were covered for comfort's sake to ward off the summer sun as we trekked down the country lanes. It was fun to sit in back and hang your

feet out. But it was extremely painful at night to be set on your feet by strong hands, steadied gently to see if you were awake enough to travel under your own steam. You would have much preferred to have stayed on the straw bed in the wagon.

Each family took turns hosting the preacher and singer during the revival, and we looked forward eagerly to Brother Willie Skaggs visit in our home. He could lead the singing as well as do the preaching, but if a singer could be had it saved his voice the extra strain.

Then came the close of the revival and the baptizing on the closing Sunday afternoon.

Some of the deacons would take a long pole and feel out the depth of the proposed baptismal site so there would not be an unexpected 'step-off'.

The candidates would make their way into the water, holding hands for security, and the congregation on the bank would begin, "Shall We Gather At the River".

One of the most popular singers in the past era for the summer revivals was the late Andrew Pittman of the Ricker Community. He also conducted singing schools as well.

He was the song leader at the time of the revival at Liberty Church when a record number of candidates were presented for baptism. The Strickland Brothers alternated at the services. The church is still active, lo, this many years later.

The R.S. Retired People met Tuesday, June 21st with twenty-one members present. Also present were two visitors and two new members, Mrs. Sula Harris and Mr. Oma Hainey.

Mr. Aubrey Goss spoke to the group concerning the geological time table, tons of time, fine periods of the creation of earth, different formation of the earth, places where the different formations are located, fault lines, casues and areas.

Next meeting will be Tuesday, June 28th with a monthly luncheon. Lumber will be carried to Shut-ins.

Everyone is welcome.

Wagon Used To Haul Stone Between Cisco And Rising Star Now On Display

WAGONS LOADED WITH HISTORY - - - Two unusual wagons are displayed at Texas Tech University's Ranching Heritage Center. A 19th century spring wagon (left) used in Eagle Co., Colo., and a freight wagon formerly used in Eastland, El Paso and Hockley counties in Texas were restored and donated to the center by a Levelland dentist.

LUBBOCK - Two old wagons, loaded with precious cargoes of southwestern history, are now on permanent display at Texas Tech University's Ranching Heritage Center.

Dr. Bob J. Roberson, a Levelland dentist, acquired both wagons and restored them to their original condition before donating them to Texas Tech.

The larger is a freight wagon made before 1915. Joe Tunnell of Levelland bought it when he was graduated from high school and used it to haul stone for construction of the first highway built between Cisco and Rising Star and later freight in El Paso.

Eventually, Tunnell shipped the wagon by rail to Hockley County to haul freight for several ranches. Reportedly, it was carried in the first immigrant car ever to come to

Hockley County. An "immigrant car" was a single box car used to transport families and all their possessions.

He gave the wagon to Roberson, who rebuilt the body and restored the wheels and chassis before painting it red and green, its original colors.

The wagon exhibits unusual construction, with the tongue supported by a spring which keeps it from resting on the ground. The rear axle is mounted on a swivel joint which allows the axle to turn, thereby providing a smoother ride over a rough surface.

The second is a spring wagon Roberson found 15 years ago while visiting on an Eagle County, Colorado ranch, owned by Levelland resident Kenneth Sutton. The wagon had been abandoned in a canyon. Originally, it had been owned by a rancher named Will Taylor, who brought it with him in 1889 when he homesteaded at the head of Salt Creek in Eagle County.

Taylor established a slaughter-house on his ranch and used the wagon to transport beef over Tennessee Pass to sell in a mining camp at Leadville.

The freight wagon may be viewed outdoors next to the Las Escarabadas building at the Ranching Heritage Center. The spring wagon is in the U Lazy S Carriage House.

Roberson said he had been interested in restorations for at least 28 years. "I just like to do it," he said, and added that he has restored old cars as well as other wagons.

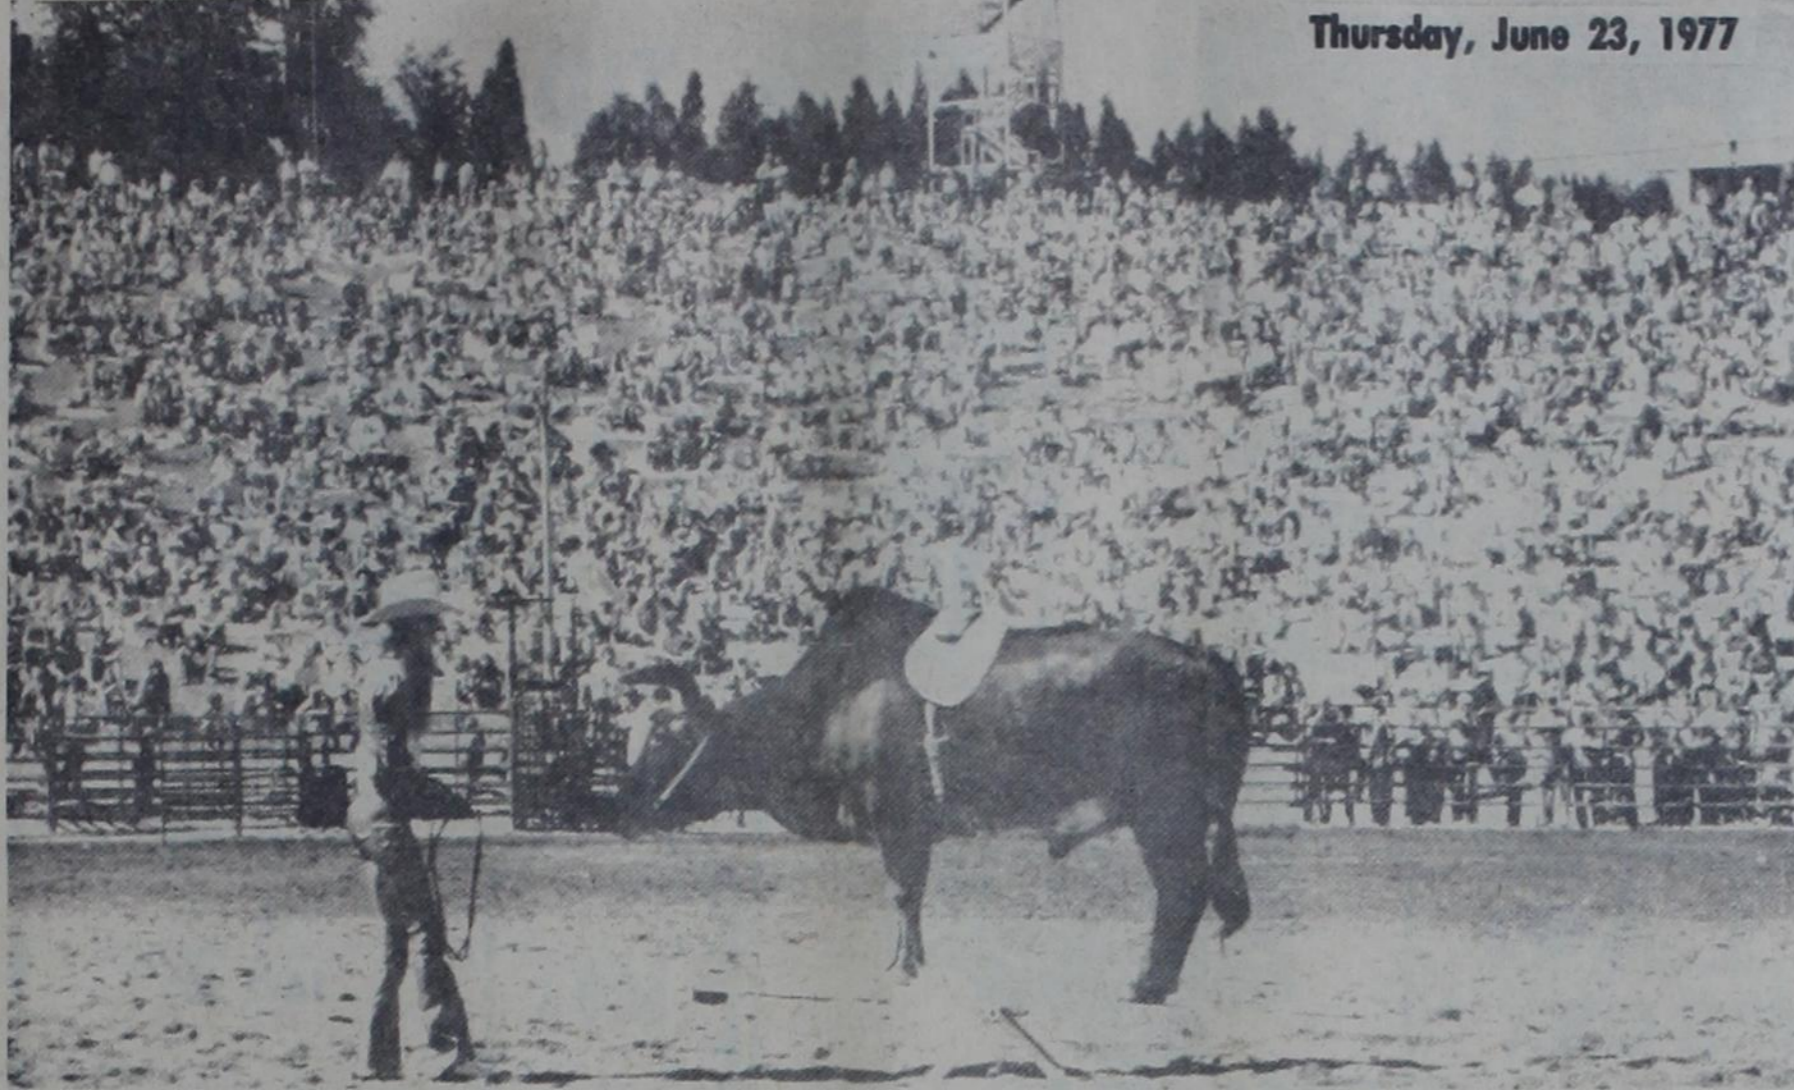

Roberson's son-in-law, Robert L. Watkins, distributive education specialist for the Levelland public schools, assisted Roberson with the restorations. Watkins and his wife are both Texas Tech graduates.

Medicare Premium Rates Go Up Starting July 1st

Monthly premiums on the medical insurance part of Medicare will go up starting July 1. The basic premium rate will go from \$7.20 to \$7.70 a month, according to Glyn Hammons, social security district manager in Abilene. Medicare medical insurance helps pay doctor bills and other medical expenses and is funded by individual premiums and Federal general revenues. The protection is offered to people 65 and over, to disabled people under 65 who have been entitled to social security disability benefits for 24

consecutive months or more, and to many people under 65 with permanent kidney failure. The Medicare law requires an annual review of the cost of the medical insurance program. Based on this review an estimate is made of the cost of this coverage for the following year. "Under that provision, Hammons said, "The medicare beneficiaries basic premium rate would have been increased by over 70 percent to \$12.30 a month because of rising costs of medical services covered by Medicare medical insurance. "But the law also limits any increase in the basic premium

rate to the percentage that social security benefit payments increased in the previous year. Social security payments increased 6.4 percent in 1976, so the Medicare medical insurance basic premium rate was limited to an increase of 6.4 percent starting July 1--to \$7.70 a month." The premium is about one third the cost of this protection. The Federal Government pays the remainder from general revenues. Hospital insurance protection is extended without premium charge to people 65 and over

who are eligible for social security benefits to disabled people under 65 who have been entitled to social security disability benefits for 24 consecutive months or more, and to many people under 65 with permanent kidney failure. Over 24 million people have one or both parts of Medicare. People can get further information by calling writing or visiting any social security office. The Abilene social security office is at 142 S. Pioneer. The phone number is 698-1360.

Planned Grazing Systems

When implementing a grazing system into a ranch plan, there are several items that livestock operator must consider. First of all, any planned grazing system must be centered around the ranchers primary objectives. These objectives may include increasing forage producing, utilizing forage resources more efficiently by better livestock distribution, or improving livestock performance in terms of pounds of beef produced per acre.

Any grazing system must be designed for the ranch, and not the ranch, for any particular system. In other words, it must first meet the needs of the ranch manager. If it doesn't, the grazing plan isn't worth the paper its written on! Every ranch is a separate unit with its own particular needs and requirements to be considered. Therefore, just because one grazing system is good for one ranch doesn't necessarily mean that system will be good for another.

Grazing systems must be both realistic and practical for the size and kind of ranching unit you are dealing with. Most of all, they must be flexible and tailored around normal livestock working operations as much as possible. Ideally, all pastures in the grazing systems should have near equal grazing capacities. This will allow equal length of grazing periods in each pasture. Smaller pastures, which are not included in the regular grazing plan, should be available for extra forage or holding areas when working livestock.

The ultimate goal of any planned grazing system is to net the rancher greater returns off his operating unit. This accomplished by providing him with the most efficient means of utilizing his forage resources.

Anyone interested in planned grazing systems may contact me, Charles R. Adams, or Wayne Parker, at the Soil Conservation Service office here in Eastland. We will be happy to work with you in designing a system best adapted to your individual ranching operation.

your National Parks Right Around Home by Ben Moffett

An 1860s cattle droving headquarters, a chuck wagon complete with cook, a ride in a horse or mule drawn freight wagon....

The sights, sounds and smells of a century ago come alive at the Johnson Settlement Unit of the Lyndon B. Johnson National Historic Site in Johnson City, Tex.

The park contains two units about 14 miles apart. The Johnson City Unit preserves a glimpse into the life of the late President's grandparents and it also contains his boyhood home. The LBJ Ranch Unit at Stonewall contains other historic structures related to his youth as well as the famous LBJ Ranch, also known as the Texas White House.

The best place to begin your visit to the Johnson City Unit of the park is at the visitor center on the west side of town. There

you can get information about tour times, on-going programs and services available to help you get the most out of your visit.

Your next stop will probably be the Boyhood Home, which is across the street from the Visitor Center. The Home, open daily except on Christmas Day, is where the Johnsons moved when Lyndon was five years old and where he lived until he left for college 14 years later.

Then it's on to the Johnson Settlement, if you'd like, in a horse-drawn wagon. The Settlement is a quarter mile away on foot, or slightly further by wagon. In the Settlement, costumed demonstrators are engaged in the day-to-day activities common a century ago.

A walk through the settlement provides a sampler of historic structures and settings

representing two distinct periods: the cattle kingdom headquarters of Sam and Tom Johnson from 1867 to 1872 plus the James Polk Johnson farm and ranch and the John Bruckner farm, both of which came after 1872.

Each of these periods is marked by historic structures, restored as accurately as possible. To complete the setting there are a number of other buildings, corrals, fenced pastures, a windmill, a chuck wagon and Longhorn cattle.

Johnson City is approximately 60 miles north of San Antonio on State Highway 281 and 50 miles west of Austin on Highway 290.

A range of overnight accommodations are available in the area. Campers may spend the night in Lady Bird Municipal Park in Fredericksburg, Pedernales Falls State Park, east of Johnson City, or Blanco State Park in Blanco. There are a number of other state and commercial facilities in the area.

4th OF JULY PICNIC

Scenes From Last Years Fourth Of July Picnic

Rising Star To Celebrate 4th With "Old Fashioned" Picnic

Rising Star will celebrate the 4th of July with an old fashioned picnic, and according to Owen Aiken, general chairman, everything is in readiness for the event. This holiday celebration is a repeat of last years picnic which was sponsored by the local Bicentennial Commission, and was termed a "huge success" in fact such a success that the local Chamber of Commerce determined that it should be continued.

The various chairman for the event were appointed by Chamber president, Travis Williams, as follows; Owen Aiken, general chairman; Frank Gray, food; Jimmy Rutherford, parade; Tommy Pernel, softball tournament; Rising Star P.T.O., Mrs. Frank Gray, president, games and contests; Travis Williams, grounds; James Steel music; Evelyn Donham, decorations; and Emma Jean Steel, publicity.

The parade at 10:30 will kickoff the scheduled events of the day. Jimmy Rutherford, chairman has suggested that parade entries be at the high school by 10:00 a.m. to register and be assigned a position in the parade line-up.

Prizes of \$50 and \$25 will be offered for the 1st and second place winners in the parade.

A barbecue lunch will be served beginning at 11:30 on the lawn of the Rising Star Clinic. Frank Gray, will be in charge of the food preparation.

A musical program will be presented during the noon hour, James Steel, music chairman, has stated that stringed instrumental groups, vocal, solos, and selections by the Community Singers will provide a varied program of entertainment.

Following the lunch, the Rising Star P.T.O. will sponsor a series of games and contests for the participation and enjoyment of the picnic goers. Mrs. Frank Gray, P.T.O. president, is in charge of this event and will be the "victim" on the dunking board.

Play-offs in the softball tournament are scheduled to begin at 3:00 p.m. at the baseball park. Tommy Pernel is chairman of this phase of the days entertainment, and states that interest in the tournament has been excellent. Pre-lims for the tournament will begin on Friday evening at 6:00.

Tickets for the barbecue lunch are priced at \$2.00 each, and may be purchased at the newspaper office, from local merchants, and at Campbells Country Store in May.

Mrs. W.S. Carter has announced that the Carter Museum, located on West College, will be opened for visitors during the picnic, from 9:00 a.m. to 10:00 p.m. immediately following the lunch and program.

NOTICE!!!

The Community Singers will rehearse on Friday evening, July 1, at 8:15, at the First Baptist Church, in preparation for the July 4th Picnic.

All Rising Star merchants are being asked to help decorate the downtown area commemorating the annual Fourth of July picnic to be held Monday. Flags will be flown and any other displays which will add to the days festivities will be more than welcome.

The welcome rains last week brought smiles to just about everyone last week. A total of 1 1/2 inches was recorded Friday followed by another inch Saturday afternoon. The gubers should really begin to grow along with the not so welcome weeds.

We would like to welcome Bill and Joyce Easley to the Rising Star community. Mr. Easley is the new First Methodist Church minister. Glad to have you both in our town.

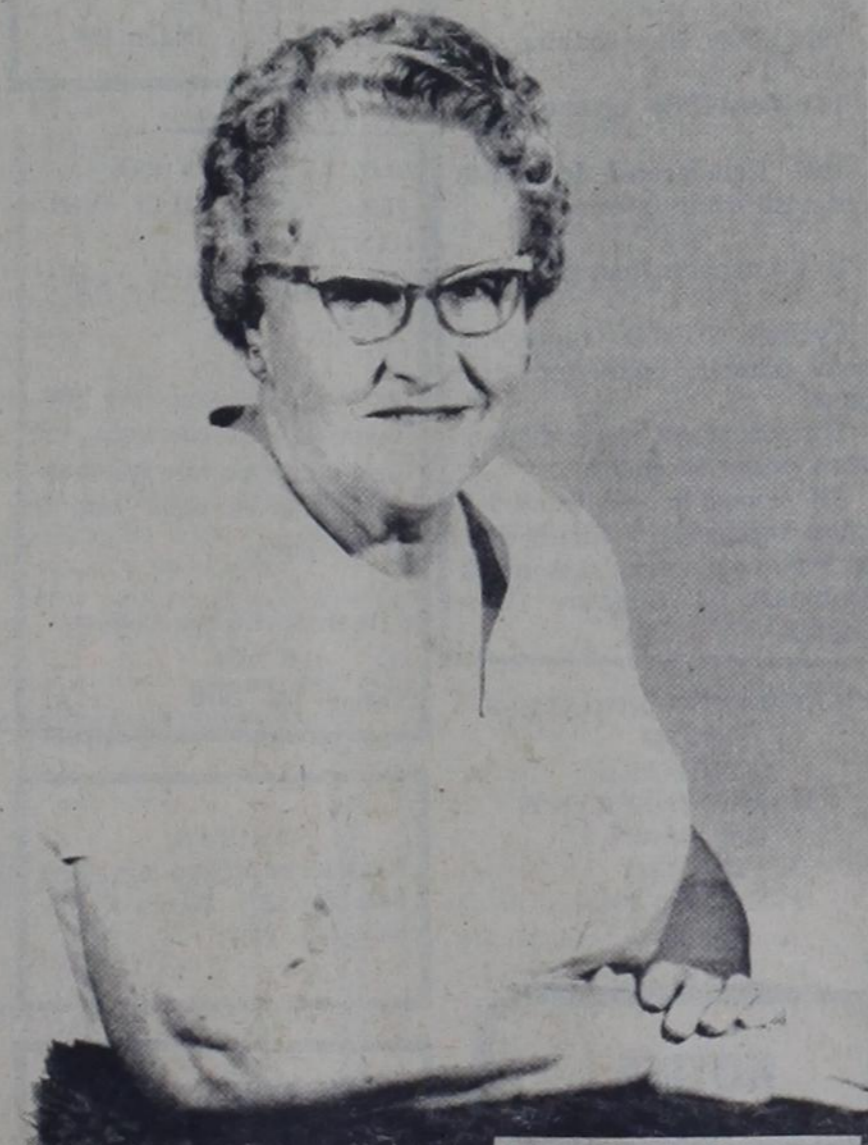

Congratulations to the eleven students named to the Society of Distinguished American High School Students.

The community was saddened to hear of the death of Mrs. Ruby Morris. She was a resident of the Rising Star community for many years and an Avon representative for over 25 years.

Excitement is mounting for the Annual Rising Star picnic. A number of activities are being planned throughout the day. The day is scheduled to begin with a downtown parade, followed by a noon Bar-B-Que lunch prepared by Frank Gray. Numerous activities are planned for the afternoon and the Rising Star Jaycees are also sponsoring a men's softball tournament. Come out for a good old-fashioned time!

Several people have asked me about the "Brag Corner" series. The pictures being used were taken by Wolt Studio earlier in the year here at The Rising Star office, and also at the May Community Center. Prints of each child who had their photo taken were sent, all ready prepared, to the newspaper to be printed. Once all existing photos have been

Services Held Sunday For Mrs. Ruby Morris

Mrs. Ruby Morris

Services were held Sunday, June 26th at 2:30 p.m. in the First Baptist Church in Rising Star for Mrs. Ruby Morris.

Mrs. Morris died Friday at 4:40 a.m. in the Eastland Memorial Hospital following a short illness. She was 76 years old.

Memorial Gift Received

The Rising Star Public Library sponsored by the Saturday Club gratefully acknowledges a memorial gift given in memory of Mr. John D. (Skeel) Clark. This generous gift made by Mary Frazier Clark will be used to help maintain the library, keep the doors open to the public and encourage the use of its facilities.

Published anyone wishing to contribute a picture may do so by mailing it to this office. Notice will be made public in the paper at that time.

PTO Planning Carnival For Fourth

The PTO officers and committee chairman met Thurs. June 15 at Mrs. John Freeman's.

The PTO is having a Carnival at the City Park for the July 4th celebration. The different events and booths include:

- 1:30-Egg Race-entry fee 50 cents.
- 2:00 3 legged race-entry fee 50 cents no age limit.
- 2:30 -Tobacco spitting entry fee 1.00 no age limit.
- 3:00-Football toss-entry fee 50 cents
- 3 age divisions-6 and under, 7-12 years old., 13 and over.

The Rev. Dick Williams officiated, assisted by Hub Lewis, minister of the Church of Christ in Eastland. Burial was in the Rising Star cemetery under the direction of Higginbotham Funeral Home.

Mrs. Morris was a long time resident of Rising Star and was dearly loved by one and all who knew her. She was a generous, kind and loving individual. She never lost her unique sense of humor and will always be remembered by her many friends.

Ruby was an Avon representative for more than 25 years and it was through her work that she cultivated many long and lasting friendship. Born November 5, 1900 in Willow Oklahoma, she married Ben Bedford Morris on May 4, 1919 in Willow. They moved to Rising Star in the 1930's.

Ruby was an active member of the First Baptist Church.

Survivors include three daughters: Laverne Allgood of Eastland; Dora Dean Moerbe and Bennie Sue Gordon, both of Houston; two sisters, Maude Brundage of Vann and Nona Roberts of Salt Lake City, Utah; five grandchildren and two great grandchildren.

She was preceded in death by her husband in 1968; a brother and two sisters.

The family has requested that memorials be made in the form of contributions to the Heart Fund.

Other booths include: Horse Shoes-50 cents a game. Washer Toss-50 cents a game and Sponge toss-50 cents a game. The refreshments booths include:

- Homemade ice cream-a large variety-2 scoops 40 cents.
 - Lemonade-12 oz.-30 cents cup.
- We hope that everyone will come by and join in all the fun!

Eleven Students Named To The Society Of Distinguished American High School Students

Local students inducted into Honor Society Bobby Fortune, principal of Rising Star High School, announced today that several of their students have been inducted into The Society of Distinguished American High School Students.

Students from this area who were inducted are as follows: Ken Hounsel, Pam Hill, Bruce Williams, Pam Cook, Kevin Rust, Darla hosch, Glenn Dennard, Jeanne Hounsel, Karen Guthrie, Kim Harris and Sharon McGinnis.

The Society which is one of the nation's foremost high school honoraries, inducted the students because of their excellence in academic and civic achievements according to the principal.

The National Awards Program

is sponsored by 21 of America's finest colleges. Thousands of dollars in scholarship funds from these colleges are made available to Society members.

Sponsor Bobby Fortune received a National Appreciation Award for his efforts on behalf of the students and stated that "I am extremely proud of these exceptional students and the honor that they have received. It's surely one that they will cherish the rest of their lives."

One of the Society's guiding principles is to "promote both academic and civic achievement on the high school level by recognizing students in its Membership Registry. The Society of Distinguished American High School Students which is published annually.

Lucinda And Larry Humes To Perform At July 4th Picnic

Lucinda and Larry Humes, popular singing duo and guitar rists will be performing at th local July 4th picnic. Lucinda and Larry have become a very popular twosome in the Austin, Houston, and College Stations areas. They began their music careers on a professional basis two years ago, and since that time have been in demand through the central and south-coastal areas. Not only do they perform country, progressive country, folk ballads, and popular ballads, but do much songwriting themselves. Music critics in the areas in which they perform have acclaimed Lu cinda's singing ability an equal to that of Emmy Lou Harris and Ronstandt. Larry is an accomplished guitarist it, and had been lead guitarist with several bands before they began their own stvle of per-

forming together. Although they have already cut several tapes, they have not signed with any recording company due to the fact they want to wait until Larry graduated from Texas A&M this coming December. They live in College Station where Larry is a senior student majoring in Entymology. Lucinda was also a student at A&M until last Semester when she decided to devote her time to singing, songwriting, and caring for their three year old daughter, Holly.

Lucinda and Larry will be presenting a Worship Service in Song, Sunday night, July 3rd, at the First United Methodist Church.

Lucinda and Larry are the daughter and son-in-law of Rev. and Mrs. Bill Easley, pastor of the First United Methodist Church.

Rust And McCuistion Winners

A drawing was held Thursday afternoon, June 23rd to select winners of the blue jenim handbag, donated by Bibby's Creations and painted by Jo Ann Hubbard and also the Service Job donated by Cotton's Mobil Station. The service job included oil change, oil filter, air filter, wash and lubrication. Winner of the service job was R.L. Bob Rust of Route 1, Rising Star and the winner of

the handbag was Selena McCuistion, daughter of Mr. and Mrs. John McCuistion also of Rising Star.

This project was sponsored by the Rising Star Junior High Cheerleaders and Majorettes.

Proceeds will be used for the Junior High Banquet and also a float entry.

The cheerleaders and twirlers would like to thank each and every one who helped make this a successful event.

HELP

We need your support, award of thanks, or something to let us know you care or other members are going to quit and there will not be a fire dept.

We give our time, with no pay. Please give your support, before we have to call another town for a fire.

We meet every 2nd and 4th Monday nite at 7:30 at the fire Station.

Hosch--Kanady Vows Exchanged

nee Darla Hosch

Miss Darla Denette Hosch became the bride of Wesley Leon Kanady in a double ring ceremony Saturday, June 11, at the Hawley First Baptist Church, with Don Hosch, father of the bride officiating, assisted by Mark Cook.

The bride is the daughter of Mr. and Mrs. Donald Hosch of Hawley and the groom is the son of Mr. and Mrs. Albert Kanady of Rising Star.

The church was decorated with a Brass Arch with a cascade of white daisies, blue carnations, and baby's breath. There were two floral arrangements on either side of the arch. There was a heart shaped candelabra and two diagonal candelabra's.

Playing the organ was Mrs. Mark Cook of Hawley. Soloists were Mr. Mark Cook of Hawley and Miss Annette Greenwood of Hawley.

The bride wore long white satin with tole over skirt. Top was made of white vanice lace over satin. Lace sleeve to the elbow than tole largewith vanice lace flowers with small pearls. The top had a low neck, edged with lace and pearls. The skirt was made of venice lace flowers and a large lace ruffle that extends to chapel length train. The veil was finger length with Juliet cap with pearls. The bride had a bouquet of yellow roses and daisy with blue baby's breath.

The matron of Honor wore a baby blue double knit v-neck gown with long double cape sleeves. She had a bouquet of white daisies, blue carnations and baby's breath. She wore a bow in back of her hair with long streamers with flowers. She wore a choker of blue with daisies around the neck.

The bridesmaids dresses were the same as the matron of Honor except yellow. They

wore the same headpiece and bouquet of daisies, yellow carnations and baby's breath. Same choker except with yellow.

The flower girls long yellow gowns same material as bridesmaid. They carried a basket of white daisies, yellow carnations and baby's breath. They wore a choker of yellow with white daisies.

The reception was held in the Fellowship Hall First Baptist Church of Hawley. The couple was assisted in receiving by parents of both couples.

In the houseparty were Mr. s. Don Fitzpatrick (cousin of the bride) Mrs. Charles Hosch (aunt of the bride served cake, Mrs. Don Mankin (aunt of the bride) served punch, Mrs. David Griffin and Mrs. Burney Tucker (aunt of groom) served coffee, Yolanda Mankin, Gaynell Hosch, and Shannon Hosch (cousin of the bride) passed out the rice bags, Ms. Sue Smith (Aunt of the bride) receptionist at the wedding, Miss Tonja Mankin (cousin of the bride) was receptionist at the houseparty, Mrs. Debra Pack, and Miss Pam Hill.

The cake was decorated white with blue and yellow cascade of roses. The table was decorated with a silver punch bowl set, silver coffee service four tiered silver candelabra's and white ruffle table cloth with blue top yellow punch. Guests present were from Lubbock, Canyon, Rising Star, Cross Plains, Cisco, Pioneer, Perkton, Hawaii, Abilene, Dallas, Coleman, Santa Anna, and Temple. The couple took their honeymoon in Acapulco, Mexico for five days. Their new residence will be at Rt. 1, Hawley, Tx.

CJC Now Pre-Registering Students

Cisco Junior College is now registering students for the second summer term, which will begin holding classes on July 11.

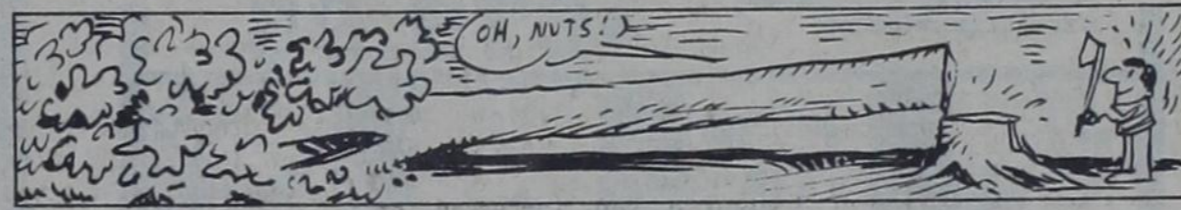

The Cisco College now has a continuous registration plan whereby students may register several weeks in advance for school terms that are approaching. The college is also now enrolling students for the up-coming fall semester of 1977-78, Odom said.

Mr. Odom emphasized that students who are planning to attend college at Cisco or one of He also said that students who are going to attend classes in Clyde may sign up at the CCCA in Abilene, and those who are registering for Merkel and Coleman classes may do the same. "In fact," the Registrar said, "we would prefer that Clyde and Merkel students go ahead and register at our Abilene offices if it is convenient for them to do so."

Odom also stated that students intending to attend classes at any of the college's extension locations as well as the main campus at Cisco could sign up at any one of the three pre-registration locations Cisco, Clyde, or Abilene.

Offices at the Cisco campus are open from 8:00 a.m. to 5:00 p.m., and students may come for pre-registration during those hours. They may go to the CCCA offices at 1600 Sherman in Abilene between 8:00 a.m. and 4:00 p.m., and the Clyde Educational Center offices in downtown Clyde are open for pre-registration between 8:00 a.m. and 12:00 noon.

In addition to the continuous pre-registration, regular registration dates will be held June 30 at Dyess Air Force Base, Merkel, and Coleman, at Abilene on July 5, at Clyde on July 6, and at the main campus in Cisco on July 7.

Dennis Wilson, Greenville, Ohio, one of the NTPA's young stars, powers his way up the track with "The Little American" [Cockshutt 40-blown Ford 427 SHOC] in the 5000 lb. Modified class.

Goodrich will supply awards trophies for the first five finishers in the eight "big tractor" and two "mini tractor" classes, to be presented at the NTPA Awards Banquet, Indiana Convention Center, Indianapolis, December 3, 1977.

AKRON, OH - BF Goodrich Tire Division and the National Tractor Pullers Association (NTPA) have announced details of the 1977 contingency support program for the NTPA Circuit for drivers using BF Goodrich tires on their pulling tractors.

The joint announcement, made by Thomas C. Kelley, BFG's marketing manager for farm tires, and David F. Grimm, NTPA executive director, outlines contingency awards of \$200 to the first place winner in each of eight "big tractor" classes at ten NTPA Grand National Circuit events this summer, providing the winner is equipped with BF Goodrich tire and has signed to participate in the contingency program.

Additionally, BFG will furnish a "Driver's Lounge" tent at selected Grand National Circuit events. These are: Mid-East Nationals, Raleigh, NC, (June 24, 25, 26); Wisconsin Dairyland Nationals, Tomah, WI, (July 8, 9, 10); and the National Tractor Pulling Championships, Bowling Green, OH, August 19, 20, 21).

The total purse for the 1977 season will be over the \$1 million mark when including the Winter Invitational Events, and the events of the Southern Circuit in February and March.

In announcing the joint venture with BFG, David Grimm said, "It is a pleasure to know that the NTPA will again be associated with Goodrich. BFG's involvement with tractor pulling will add to the significance of this fast growing competitive sport."

Tractor pulling has become one of the fastest growing forms of motorsport in the North American continent, with total attendance of over 500,000 at NTPA-sanctioned events last year.

Tractor pulling features a wide variety of competition equipment, including: V-8 powered garden tractors ("Minis"); four wheel drive pickup trucks; 1,200 horsepower farm tractors ("super stocks") far out modifieds" with 2,000-3,000 horsepower powerplants.

Church Of Christ

The Bible insists upon the fact that in and through Christ the individual has freedom in a very real sense (John 8:32,36). The nature of this freedom is described in the context of John 8:34. It is deliverance from the bondage of sin and the father of sin, Satan.

Jesus, by his death on the cross, made freedom from the consequences of sin a reality (1st. Romans 6:23; Matthew 20:28; Hebrews 9:23-28). By his example, Jesus also demonstrated that freedom from the practice of sin is possible (Matthew 4:1-11; 2 Corinthians 5:21; Hebrews 4:15). The resurrection of Jesus broke once for all the power of Satan, bringing assurance of the ultimate liberation of all from the fear and bondage of death (Hebrews 2:14-15; 6:13-20; Hebrews 11; 1 Corinthians 15).

But the freedom that Jesus brought is not license. Although one is made "free from sin", he has become a different kind of slave; this time, it is to righteousness (Romans 6:16-18). Whether as a misguided effort to extract a greater measure of grace from God (Romans 6:1-11) or the result of a grave misunderstanding of Gospel freedom, no "occasion to the flesh" is to be sought (Galatians 5:13-21); rather the "old man" is to be put off entirely and the "new man" permanently adopted (Colossians 3:5-10).

This restriction on the Christian's freedom extends not only to the moral, but to the doctrinal as well. The individual is not free to choose the doctrine and practice he wishes. He is bound to respect that which Jesus has taught through the apostles (2 Corinthians 4:6; 2 John 9-10). Any other Gospel invites the anathema of God (Galatians 1:6-10).

Join us in the celebration of real freedom in Christ each Sunday in Bible classes at 9:30 a.m., in the Assemblies at 10:30 a.m. and 6 p.m. and on Wednesday at 7:30 p.m. for Bible study.

Last Sunday, we ended a very moving series of Gospel messages by Rudy Wray, a missionary to Honduras. The attendance and interest were good.

Several among us are sick at present. J.W. Lee, son of the Weldon Lee family, is due home from Temple this week. Walter Frazier, brother of Mary Clark, underwent surgery at the first of the week. Mrs. Georgia Crossnoe is still in Lubbock and slowly making a recovery. Murray Bibb, father of Kenneth, was due for serious surgery the first of this week, at West Texas Medical in Abilene. Mrs. Clark, sister of Alta Agnew, is in serious condition in a Ballinger nursing home. Lanham B. Khalter has had serious bone repair twice recently, but is back home now and doing better. Mrs. J.S. Howard, mother of Jim Howard, fell and broke her hip recently and is in Hendrick Hospital in Abilene.

We congratulate the E.B. Hardings on their 50th Wedding Anniversary. Their children hosted a reception for them last Sunday afternoon.

Our Vacation Bible School has been moved ahead one week; to July 25-29, to avoid conflict with preparations for the new school

year. Have a good week. Remember the July 4th Rising Star picnic next Monday. If we can serve you in any way, call us at 643-6162.

Jesus said: "Ask, and it shall be given you; Seek, and ye shall find; Knock, and it shall be opened unto you."

I share with you today precious memories of experiences I had with a man I'll call John. John was an elderly widower who was a member of a church I served a few years ago. John was a very extraordinary person. John and his wife had only one child, a daughter who was born afflicted. She lived twenty one years, and then went home to be with God. A few years later, John's wife became an invalid. Members of the church and community told me that John cared for his daughter and wife to the very end and never once complained.

John was all alone and dying with terminal cancer when I became his pastor. I treasure the many visits I had with John. As I would leave his home after each visit, John would say, "Brother Bill, I'm glad you stopped by today." I had the difficult task of conducting John's funeral service. It was difficult because he was not just a church member, he was a friend.

I know that I will visit with John again someday in Heaven, and my heart will thrill when John says again, "Brother Bill, I'm glad you stopped by today."

It is my prayer, dear reader, that you will attend the church of your choice this Sunday and ask God to give you the kind of courage and strength that made it possible for John to live victoriously amidst so many trials and tribulations.

Mrs. Estell Breeding is a patient in Hendricks Memorial Hospital, Abilene, Texas, Room 606A. Mrs. Breeding was taken to the hospital last week where she is being treated for pneumonia. It was hoped that Mrs. Breeding would be able to return home early this week, however, at last report she will have to remain there several more days. Let us all remember her in our prayers.

The monthly UMW meeting was held Monday morning in the home of Mrs. Cecil Joyce. After the opening prayer and reading of minutes an inspirational program was presented by Miss Elizabeth Robertson and Mrs. Cecil Joyce. The next meeting will be held in the Parsonage with Joyce Easley as hostess, with Mrs. Helen Switzer and Mrs. Carrie Bucy in charge of the program. The date of this meeting will be July 25th. Please put this date on your calendar and plan to be with us.

We would cordially invite the members of the community to a special service this Sunday night at 6:00 p.m. Lucinda and Larry Humes, daughter and son-in-law of Rev. and Mrs. Easley will present a Worship Service in Song. Lucinda and Larry are professional singers in the popular field, and will render their songs of praise and to the glorification of God at this special service. We are

Mrs. Ed Millwee Honored On 76th Birthday

Mrs. Ed Millwee was honored on her 76th birthday at her sisters home, Mrs. Mary Harper. A picnic lunch was served to guests under Mrs. Ollman's beautiful pecan tree. Those attending were her children: Mrs. Bonnie Campbell of Abilene, Mrs. Jo Bass of Lubbock, Mrs. Jack Millwee, Margaret and Billy of Sipe Springs. Also her brother Ted Barton and Mark of Sipe Springs-Mr. and Mrs. N.L. Leonard of Sipe Springs and Mr. and Mrs. Forrest Boone and Mrs. Effie Williams of Rising Star.

Mrs. Millwee had a very nice day and received a lot of nice gifts.

Commentary: 1:7,8,9. But if we walk in the light, as he is in the light, we have fellowship one with another, and the blood of Jesus Christ his son cleanseth us from all sin.

Commentary: 1:7 Jesus Christ destroys sin's controlling force and domination. Notice the transformation pattern in Paul's life. He who had been walking in darkness in hate, in vengeance, in being against people, now began to walk in the light, love and consideration of his fellow human beings. All the hate he had against people was gone. God had given him love in his heart, joy in his spirit, and compassion for people. Not only is Jesus Christ a mighty Savior to forgive us of our sins, but he delivers us so that we can live a new kind of life, with a new course, a new direction. We don't have the old desires we once had; we don't desire to do the things that once bound. Our nature we're free from practicing sin, and as long as we keep Christ in our hearts we shall be free.

Pioneer News

- Mrs. A.C. Halsell

This correspondent's introductory comments consists of news from her own family, because the events in her family as of Sunday, June 26 will remain "Thoughts for the Week" and for many days to come.

It was on Sunday, June 26 that at least 52 people aroused themselves and began making their way to Cleburne, Texas; the one place long since designated as the meeting place for the H.F. Falls and Lou Weatherman Falls' decedents Reunion.

Some observations during the day were:

It was neither a Reunion nor a Homecoming. Never before had this group of people been all together, and the Civic Center in Cleburne had never been "Home" for any one.

There were only three people who carry the name of "Falls"; Lanham D. and Ila Falls, Bowie, Texas and Thelma Falls, Llano; although all 52 were family related in some way.

They came from as far away as Concord, California (Johnnie Thompson, who teaches there.)

There was more food than was needed, so graciously prepared by Katie Falls Cottrell and husband, Jim, and son Johnnie.

There was no feeling of a "Generation Gap," although there were ages 19 months to an Octogenarian (almost) represented in this group. A 16 year old could be seen laughing and talking to a "great-grand..." as though each one represented the same generation.

There were teachers, retired teachers, bankers, merchants, Real-Estate Agents, Pharmacists, Gov. Employees, Homemakers, office-workers, Engineers, students, Architects, and preachers in the group.

After lunch there was a brief business meeting, Billy Thompson was elected Pres., for the year. He and Sue Taylor of Denton and Claudia Buster, Texas city were appointed to

serve as a planning committee for the next meeting.

A brief time of fun and music followed the business meeting. Reluctantly the people dispersed, each looking forward to next year. "A good time was had by all."

Pioneer Club House was the place of Reunion of the Purvis family Sunday, June 26.

There were 30 people present. Those coming the greatest distances, were Richard Purvis and family from Junction City; and Mr. and Mrs. John Purvis from Altus, Oklahoma.

Those visiting Mrs. Ethel Brown during the week were Mrs. Inez Kemp and other, Leroy Purvis from Ft. Worth.

Mr. and Mrs. Jay Rankin, Mr. and Mrs. Bob Roody and Cindy, and Mr. and Mrs. Bob McNeil of Baird, visited Mr. and Mrs. Calvin Roody recently.

Mr. and Mrs. Joe Fleming had several visitors this week. They were Mr. and Mrs. George Stacey, Mrs. Winnie Flippin and Mrs. Betty Merion and Susan.

Mrs. Velma Brown's granddaughter, Pam Martin spent Sunday night with her grandmother.

Mrs. Velma Brown announces that Mr. and Mrs. Reggie Barr and Cindy are in the process of getting moved to the Lucille Brown house in the community. Cindy has just completed enrollment in Cisco Jr. College, where she will be attending.

Dr. Lou Rodenberger is spending this week visiting her parents, Mr. and Mrs. Halsell.

Mr. and Mrs. Sid Weatherman visited briefly with Mr. and Mrs. Halsell, Sunday. They accompanied them to the Reunion in Cleburne.

There will be more news next week. My telephone is out this morning.

42,000 Texas Cattlemen Register

SEALY, TX. - Registration figures in the nation's first Beef Referendum are in and it appears that over 42,000 cattlemen registered in Texas. In the U.S., over 295,000 producers have registered. These figures were released today by the Texas Beef Development Taskforce (BDT).

"We're extremely pleased with the interest and turnout," says J.D. Sartwelle, a rancher from Sealy and chairman of the Texas BDT. "More than 1,000 cattlemen on the Texas BDT have worked to inform cattlemen about the merits of the program and pushed for a high registration," says the rancher. "This dedicated work and wide-spread news coverage by the Texas media are responsible for the large registration turnout," he adds.

Only cattlemen who registered during the June 6-17 sign-up at their local ASCS office are qualified to vote July 5-15.

"With the passage of the Beef Referendum, the cattle industry will have means of stabilizing our industry and increasing profits for cattlemen," Sartwelle says. He points out that the Beef Referendum, if approved by two-thirds of the producers voting next month, would raise an estimated \$30 million to \$40 million annually. This money would be used for beef research, education, protection and foreign market development.

Cattle producers would assess themselves 3-10 of 1 percent (30c per \$100 value) for each animal they sell. The money would be "passed through" at the point of each sale, but money would be remitted only at the time the animal is slaughtered. The funds would be sent to a national Beef Board, administered by 68 cattle producers from the major cattle producing states.

"The 68 producers will be nominated by cattle organizations in each state. The nominees will be selected from these associations either by a membership election or through appointment by the directors of each group," Sartwelle points out. The Secretary of Agriculture will confirm the appointees and assure that the funds are properly invested in accordance with the law, he adds.

"In order for the Referendum to be valid at least 50 percent of those who registered must return to their ASCS office and vote. Then, at least two-thirds of those voting must vote 'Yes' before the program will be put into effect," the BDT chairman says.

"This may be the last opportunity that producers have to vote on a self-help program," concludes Sartwelle. "So we urge every producer who registered to return and vote 'Yes' for a more profitable beef industry."

Texas High In Cotton

COLLEGE STATION. - The 1977 Texas Cotton crop is off to a good start. With good market conditions, farmers have planted fence row to fence row, and this year's crop could yield well over four million bales.

Barring weather and insect problems, the Texas cotton crop has the potential of surpassing the 1973 crop of 4.6 million bales.

This analysis comes from Charles Baker, marketing specialist with the Texas Agricultural Extension Service.

"Furthermore, prices should be good," says Baker, "because we have a worldwide shortage of cotton. World stocks at the beginning of the August 1 crop year have averaged 40 percent of world consumption the past 120 years. Beginning stocks on August 1, 1977 will be a low 30 percent of projected consumption. Low world stock levels in 1972 and 1973 preceded the sharp price rise of 1973. Low stock levels in 1976 were accompanied by price increases for the 1976 crop. Yet, those levels for 1972, '73, and '76 were not nearly as low as current levels.

"Prices have been down for the last month because of the expected big crop for 1977," notes Baker. "This big crop is needed badly, but it cannot be big enough to restore stocks to normal. Therefore, prices for this year's crop are expected to average near those received for the 1976 Texas crop."

PROPER INSULATION...

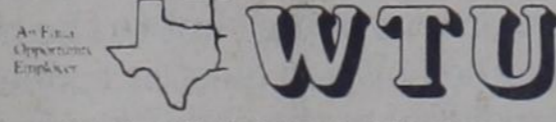

Keeps in the
Cool Air You've
Paid For

★ Proper insulation helps to keep OUT heat in the summer, helps to reduce outside noises, absorbs inside sounds, and can save over 40% on energy costs on both cooling and heating.

★ Insulation comes in rolls, loose-fill or batts. Insulation is labeled with a R value showing its ability to resist heat. The better its insulating value, the higher the number. R values up to R 30 in the ceiling and R 20 in walls are now being recommended for new construction in this area.

★ Insulation can pay for itself with the savings from operating costs in about 1 1/2 years. Your home will be cleaner because insulation will help to keep dust and dirt pollution from sitting in.

Just because Texans produce
more goods doesn't mean Texans
have to produce more accidents.

Tops in cattle.
Tops in oil.
Tops in cotton.
Texans, in fact, are some of the most productive individuals in this country.

We produce more sheep and lambs than anyone. Texans have more goats. More grain. The most mineral production. We are the leading producer of helium. We produce the most crushed stone, the most salt, the most sulphur, the most watermelons.

We are second in the nation in the production of rice. We even rank third in portland cement production, fourth in wholesale and retail sales, and fourth in the value of our manufacturing.

Texans are busy and Texas is booming.

Crashes in the big boom.
And while Texans are

spending long hours on the road to success, Texans are also spending long hours on the road.

This big, booming state has more total street, highway and Interstate mileage than any other state in the nation.

Some eight million Texas drivers are driving nine million motor vehicles over ninety billion miles a year.

Sadly, too many of these Texans don't finish their journeys.

In 1976, for example, while most Texans were busy making Texas productive, 3,230 of us didn't make it at all.

That's how many Texans lost their lives on Texas highways.

That's one person killed every 2 3/4 hours.

That's 3.5 deaths for ev-

ery 100 million vehicle miles traveled.

That's a shame.

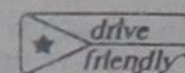

It's a shame that, although Texas traffic fatalities are at the lowest level in our history, Texas is still above the national average.

It's a shame that Texans aren't taking greater pride in their own worth and their own lives.

It's a shame that Texans aren't more careful.

Please. Be proud. Be careful. Help us keep the roads to success safe.

For your sake.

High Number Of Traffic Accidents Expected For Holiday Weekend

AUSTIN--The Texas Department of Public Safety today warned that an unusually high number of traffic accidents and fatalities are likely to occur during the July 4th holiday weekend.
 The head of the DPS, Colonel Wilson E. Speir, estimated that 51 persons would lose their lives in Texas traffic from 6 p.m. Friday July 1 to midnight Monday July 4.
 "Based on past holiday experience, we believe many of the traffic accidents during the holiday period will involve either speeding or drinking. Also it is likely that a high percentage will occur late at night or within a few hours after midnight," Speir said.
 "Hopefully, motorists will drive defensively and be thoughtful while behind the wheel. I sincerely believe that if they would keep the principle of courtesy and concern utmost in their minds that it would make for a safe holiday," the DPS director added.
 To deal with the problem of reckless drivers, the DPS will be utilizing all its manpower in a strong enforcement program. In addition, Department of Public Safety Troopers will be working with local enforcement agencies throughout the state, as well as the news media trying to keep the public safety conscious.
 During the July 4th weekend last year, 55 persons were killed in Texas accidents. Department of Public Safety records indicate the deaths were almost evenly divided between city streets and rural highways.
 The most prevalent type of collision last July 4th involved only one vehicle.

Basic Federal SSI Payments Will Be Increased In July

Basic Federal supplemental security income (SSI) payments will be increased starting in July to keep up with the cost of living, according to Glyn Hammons, social security district manager of Abilene.
 The SSI program pays monthly checks to people with little or no income and limited resources who are 65 and over or blind or disabled. The amount people get depends primarily on other income they might have and their living arrangements.
 "The maximum Federal payment people could receive under the SSI program has been \$167.80 a month for one person and \$251.80 for a couple," Hammons said. "Starting in July, those amounts will go to \$177.80 and \$266.70.
 People who get SSI payments don't have to do anything to get the raise. Any increases due will be added to checks automatically.
 A cost-of-living increase will also be added to social security retirement, disability, and survivors benefits, starting with checks delivered in July.
 Social security checks count as income under the SSI program. "People who have been getting both social security and SSI payments may have their eligibility for SSI or their SSI payment amount affected by the increase in social security benefit amounts," Hammons said.
 "But under a recent change in the law people won't lose their Medicaid eligibility because the cost-of-living increase in their social security benefits makes them ineligible for SSI payments."
 People can get information about SSI at any social security office.

Anita Bryant To Be In Brownwood July 3rd

A spectacular fireworks display concluding with the firing of the largest firecracker in the United States this year will follow Anita Bryant's singing performance during Brownwood's first annual "Freedom Night" in the city's Cen-Tex Stadium at 8 p.m. Sunday, July 3.
 The huge shell, named Brocade Crown Chrysanthemum, will shoot red pastels with rising small flowers 2,000 feet in the air. There is a 13 second period between the actual lighting and firing. The 207 pound shell will be transported to Brownwood in a special security truck. The mortar which is 10 feet long and 24 inches in diameter will be placed in the ground some 500 feet from the stadium so there will be no danger to the audience. Predictions are the blast will be seen more than 50 miles away. Groner Pitts, Freedom Chairman, explained. George Dolan of the FORT Worth Star Telegram has been asked to assist in the lighting of the big firework. There is a requirement that a qualified registered pyrotechnic must shoot this shell. "Dolan has been invited to officiate since he has the longest fuse," Groner Pitts said.
 Over 10,000 people are expected to attend the free July 4th celebration featuring Ms. Bryant who will sing her famous repertoire of patriotic and religious songs concluding with "The Battle Hymn of the Republic." She will be flown into Brownwood on a special Eagle Airlines flight Sunday afternoon from DFW Airport.
 "Freedom Night's" program will begin with Harvey Anderson's orchestra playing music from the 1940's. The orchestra will be followed by Dorothy McIntosh, Brownwood High School Choral leader, directing her famous 100-voice choir in patriotic singing.
 "Freedom Night will be the finale of Brownwood's first annual Freedom Week which began with Flag Recognition Night at Freedom Circle, the city's traffic circle, when former Congressman O.C. Clark Fisher presented an American flag, which was flown over the United States Capitol, to Brownwood Mayor W. Truman Harlow," according to Pitts. More than 150 flags ring the lighted circle in honor of true Americans, both living and dead, during Freedom Week.
 There are 6,000 American flags, donated by the Brownwood VFW and distributed by 400 Brownwood freshman and minor league baseball youngsters, flying from Brown County residences during this special week.
 A preliminary fireworks display will be staged at Commerce Square at 9:30 p.m., Friday, July 1.
 Brownwood restaurateurs are supporting the events by flying small American flags in the dessert of the week...apple pie.
 "For those wanting to get involved in the Freedom Week activities, contact Freedom headquarters, 100b North Center, Phone 646-5977," Pitts said.

WASHINGTON
 "As it looks from here"
OMAR BURLESON
 Congressman
 17th District

WASHINGTON D.C.--IN THE DAYS IMMEDIATELY AHEAD* we will know whether or not we are going to have the B-1 Bomber as a third leg of the three most important parts of national defense.
 WHEN PRESIDENT CARTER WAS A CANDIDATE* he indicated in a speech in Oklahoma that he was for the new bomber to replace our aged B-52's. On another occasion, he indicated to a group to whom he was speaking that the B-1 Bomber should not be funded.
 MORE RECENTLY* AS PRESIDENT AND COMMANDER IN CHIEF* he was indicated he favors putting the B-1 into production and will have to make a decision right away.
 TODAY'S BOMBERS ARE DELIVERY VEHICLES for about one-half our nuclear force. The B-52 fleet is a quarter of a century old and has been out of production for years. Younger men in the Air Force are not as old as the planes they are flying.
 THE B-1 DESIGNED IN 1948, is high operational. The Russians developed an anti-aircraft missile capable of shooting them down from their high level of flight. If the B-52's were not outmoded otherwise, it was proved in 1960 that, if the Soviets could shoot down our U-2 plane, they certainly could reach our B-52. This simply means that our best bomber aircraft has greatly declined in its usefulness.
 THE SOVIET UNION IS BUILDING A MODERN BOMBER know as the "Backfire". They are rapidly increasing the number and accuracy of its missile warheads, making them capable of launching a disarming strike against our land base forces, including our B-52's on the ground.
 THE B-1 AIRCRAFT CAN BE DISPERSED in a number of our airfields, other than strategic bases. It has a remarkable lifting capability, which means it can get off the ground in a hurry. It is able to fly at very low levels, avoiding detection by radar. It is twice as fast and only two thirds the size of our old B-52's but it would still be a slow, vulnerable airplane.
 EXPENSIVE? OF COURSE. Some opponents of the strongest possible national defense say we can not afford a new bomber and, in fact, say we can not afford other weapons to protect this Country. We can't afford it--we can't afford a thousand and one things the Federal Government is doing if we simply look at it in dollars and cents. The other side of the coin is that we can not afford not to have it.
 IF OUR DEFENSE CAPABILITIES ARE NEGLECTED--should our Country become more vulnerable to attack--then all the good things we have are not likely to be worth much. If we in this age fail to provide the best possible protection for the future, we fail in our responsibilities.
 AS HAS BEEN SAID HERE ON MANY OCCASIONS there is no more certain way to maintain peace than to be prepared for the worst. Our chief adversaries in this world understand strength. We can have all the Salt talks and negotiations on disarmament there are to be had, but unless we deal from a position of strength, we will have little bargaining power.

May Home Demonstration Installs Officers

The May Home Demonstration Club met in the club house Wednesday, June 22 at 10 a.m. for a regular meeting and covered dish luncheon. The meeting opened with members singing "Texas, Our Texas" and "On Top of Old Smokey" led by Mrs. Avanelle Stewart accompanied at the piano by Mrs. Carol Nelson. The club prayer was repeated in unison followed by roll call which was answered with "Cooking Hints". A short business meeting followed presided over by Mrs. Alta Alexander.
 Mrs. Dorothy Harri installed the incoming officers. They are Mmes. Alta Alexander, President; Lois Hardy, Vice-President;

Kathy Carroll and girls of Tolar visited with her mother, Mrs. Witt and brother, H.A. Witt, Jr. and Mr. and Mrs. Mutt Carroll.
 Sadie Erwin attended funeral services for Dave Price of Fort Worth Saturday, June 18th. Dave was married to Thelma Gayles Price, who is a native of Rising Star.

We were there when no one else would serve you.

Time was when electricity was only available in the city. People who lived in the country did without electric powered conveniences for a long time. The big city owned electric companies considered it unprofitable to send electric power to the small rural areas. This prompted the establishment of member owned electric cooperatives. Power plants and substations began to spring up and soon electric power was being sent to the most remote reaches of Texas. Thus your member-owned electric cooperative was born. And we're still sending electricity to the countryside so you can enjoy city conveniences... out in the country.

Pate Museum To Feature NASA Skylab Exhibit

During the months of July
 and August the Pate Museum of
 Transportation will feature a
 very interesting and
 educational exhibit about the
 NASA Skylab program, our
 nation's next major manned
 space flight. During the Skylab
 program the astronauts will
 spend long durations of 28 days
 and 56 days, in space con-
 ducting numerous experiments
 in the medical areas, in-
 vestigations into the solar
 system, and other studies
 related to man's ability to live
 and work in space. This data,
 translated into meaningful
 information can improve the
 quality of life on this planet.
 In a series of pictorial
 displays at the exhibit will show
 portions of the NASA role in
 Earth Resources and how these
 programs benefit mankind.
 The displays include:
 (1) Knowledge gained from
 investigating our planet
 through the use of remote
 sensors when applied to
 mapping, geology, water
 management, agriculture, and
 forestry.
 (2) The role of the Earth
 Surveys Module in studying the
 globe from orbit. Areas of in-
 terest such as meteorology,
 ocean studies, and agriculture
 are shown in photographs and
 text.
 (3) How the combined efforts
 of NASA and industry to
 develop non-flammable non-
 metallic materials for
 spacecraft use have resulted in
 a number of new flame
 resistant materials that have
 applications in consumer
 products. This display
 describes some of these
 materials, tests, and projected
 consumer uses, such as fire-
 proof textiles, and fire
 resistant celluloses now being
 used in the manufacture of
 clothing, curtains, carpeting,
 furniture, flooring, toys,
 camping equipment, etc.
 (4) Possible applications of
 earth resources photography
 acquired from high altitude
 aircraft and spacecraft. Skylab
 photography is prominent in
 this display which includes
 photos of Lubbock, Texas;
 Albuquerque, New Mexico;
 Finger Lakes Region, New
 York; Andros Island near the
 great Bahama Bank;
 Washington, D.C.; Baltimore,
 Maryland; and a section of the
 New England coast. Applica-
 tions suggested are land
 use surveys; mapping;

State Farm Leader Describes Protest Movement Among Producers

LUBBOCK* TX-A protest
 by farmers, possible a strike or
 moratorium on supplies
 purchases, rallies and
 demonstrations, has been
 announced by the Texas
 Farmers Union.
 Speaking from the Panhandle
 where the Executive Board of
 the statewide general farm
 organization formed the official
 resolution of protest,
 President Jay Naman described
 the ensuing events.
 "We are calling for major
 amendments to the four year
 omnibus farm bill now before
 Congress. We find certain
 provisions intolerable, such as
 the importation of raw cotton,
 grain reserve systems which
 would assure constant
 and the resulting low prices,
 inadequate disaster programs,
 the destruction of the peanut
 and rice programs, and many
 other sections which are
 obviously implemented at the
 request of trade and processing
 groups. The leadership in
 Washington has apparently
 been lobbied into providing a
 farm bill which benefits
 commodity buyers who love
 cheap prices, trade groups who
 enjoy prices at a world
 bargaining level, and political
 leaders who fear food and fiber
 inflation. Domestic producers
 have been forgotten.
 "If Congress does no,
 however, rewrite this bill, we
 ask the President for a veto and
 reversion to previous
 permanent farm legislation.
 "Failing all of that, we find no
 other alternative than to
 organize into a posture of
 protest. If we are to be
 penalized for efficiency and
 surpluses, then we must find a
 way to slow down our
 production, his could mean an
 end to purchases of equipment,
 fertilizer, fuel...all supplies.
 With the losses we are taking
 this market year, many farmers
 will not be financially able to
 buy these supplies anyhow.
 "We will do whatever it takes
 to draw attention to the serious
 problems of farming and the
 fact that this situation cannot
 continue. If farmers are an
 ignored minority group, then
 we will use all the tools of a
 minority group to gain a voice
 before we are all force out of
 business.
 "Apparently the
 Administration and Congress
 are not interested in our need
 for survival through a fair price.
 And consumers are likely not
 interested in anything but the
 retail price they face.
 "If everyone thinks we are
 going to be the scapegoat for
 inflation while facing our own
 huge cost increases in
 equipment, supplies and labor,
 they are wrong. Thousands of
 farmers have been going out of
 business over the past decade,
 and it's all going unnoticed
 while America enjoys the
 supermarket fantasy of always
 having plentiful, high quality
 food and fiber.
 "That is not the reality of
 farming when we are getting
 mere pennies of the retail
 dollar. If you don't want to pay
 the producer a fair price, don't
 expect domestic agriculture to
 survive much longer.
 "The time has come that we
 will no longer sit by and accept
 this. Even our bankers will be
 behind our protest because they
 cannot continue to finance a
 losing farm business either. I
 feel certain that once this whole
 thing begins, you will see
 farmers more unified than they
 have been since the turn of the
 century. All segments in the
 business of agriculture will
 know we're serious. And maybe
 then something will change. At
 this point we really don't see
 any other alternative."
