It's Moore than a job for Muleshoe school superintendent

A QUICK READ OF THE NEWS

By RICK WHITE

Managing Editor

Bill Moore had to make his first decision as Muleshoe school superintendent before he even reached the office.

"It was a snowny morning and I had to decide if we were going to have school or not," Moore remembers of his first day in January of 1990. "I was up all night because I was nervous anyway, and then I had to start off by making half of the people in Muleshoe mad."

Moore has been making the right decisions ever since while building a reputation as one of the most highly-respected and sought-after superintendents in the state.

Earlier this week, Moore was named Region 17 Superintendent of the Year. He earned the same honor in 1994.

Region 17 is comprised of

62 school districts in the South Plains.

"I'm flattered anytime I receive an honor," Moore said.

The superintendent was nominated by the Muleshoe Independent School District Board of Trustees.

"We are so pleased that he earned the award," said MISD board president Cindy Purdy.

Layne Kemp during an at bat last weekend at the North-South all-star game at The Ballpark in Arlington.

Kemp singles in 4-1 loss

Layne Kemp of Muleshoe started and went 1 for 2 in the Texas Baseball Coaches Association North/South Class 3A-1A all-star game June 28 at The Ballpark in Arlington.

Playing third base for the first four innings of the North's 4-1 loss, Kemp singled to right in his second at bat. He also recorded two put outs in the field.

Kemp called it the "greatest three days of

Ten family members, Muleshoe baseball coach Brad Hill and several friends attended the game.

Bula post office closed

The Bula Post Office closed June 29 because the building it was in is being sold, according to postal officials.

The rural office, which was located on Highway 54, maintains 30 post office boxes for area residents and is run by a private contracter.

Mail service for Bula area residents will be absorbed by other area post offices, according to Don Jones, manager of Post office operations in Lubbock.

For more information about P.O. boxes or mail routes, contact Littlefield Postmast Sandy Dinges at (806) 385-4030.

Lunch date with dad

Kevin Harris of Muleshoe and his two daughters, Kelbi (left) and Morgan enjoy lunch Thursday during the 15th annual Joe's Boot Shop Boot Tent Sale.

Muleshoe native enjoys living rustic lifestyle

Dee Buckner slaves over a cast-iron skillet, scrambling eggs over an open mesquite fire.

His well-tanned face is peppered with beads of sweat as he prepares a chuckwagon-style breakfast Thursday morning in the Mule Lot as part of the 15th annual Joe's Boot Shop Boot Tent Sale, which runs through Saturday.

"It's a working vacation," said Buckner, a Muleshoe native and saddlemaker by trade. "It's a sideline to make a little extra money and it gives me a chance to get out and meet

people and maybe sell a few saddles."

By his side are his family, the former Donna Parish of Muleshoe, and their three preteen children. His parents, Buddy and Jackie Buckner of Muleshoe, are also helping out this week.

"It really helps bring the family together," said Donna Buckner, in charge of mixing the biscuits.

The hearty breakfast features eggs, sausage, biscuits and gravy. Buckner said he cooks

Postal Service puts off increase

WASHINGTON, D.C. — The U.S. Postal Service's Board Chairman Sam Winters announced Tuesday there will be no postage rate increase in 1998. The Board's action extends the current rates four full years.

Winters said the Board has set Jan. 10, 1999, to implement new rates.

At that time, the price of a First-Class letter will increase one penny, to 33 cents.

"This penny increase is the right amount at the right time," said Winters at the monthly meeting of the Postal Board of Governors. Overall, the increase across all classes of mail will average 2.9 percent, the smallest in postal history.

The proposal to raise rates, Winters said, always has been about maintaining a solid, strong universal Postal Service.

Winters cited a greater need for automated and robotic technology, improvements in customer and postal information systems, and the need to modernize local post offices for America.

The Board, according to Winters, gave serious consideration to a 1998 implementation date, but several factors persuaded the body to move to a 1999 date. Among these, key considerations included:

Steady mail volume growth, revenue growth, and a positive net income forecast for Fiscal Year 1998; Readiness of postal management to accept new Postmaster General William J. Henderson's challenge to find added cost efficiencies in 1999;

see POST OFFICE on page 2

Kansas grain elevators filling up

With about 68 percent of the Kansas wheat crops are cut this week — compared to 5 percent of the harvest completed at this time last year — reports of full elevators and grain transportation problems are beginning to emerge.

Because many Kansas wheat farmers also are experiencing higher-than-expected yields, the storage problem has been compounded. One elevator near Concordia, Kan., has handled 2.4 million bushels of wheat this season alone and is a day away from reaching full capacity.

"We are within a day of being full. Then we will have to turn it away until we are able to move some out," said elevator manager Darrel Nelson. "We don't store it on the ground."

Farmers can mow, bale forage along Texas highways

Agriculture commissioner Rick Perry announced last week that the Texas Department of Transportation has notified the Texas Department of Agriculture that farmers and ranchers can mow and bale forage along Texas highway rights-of-way. Procedures covering mowing and baling are in place in each TxDOT district office.

Dry conditions across the state have made this forage a source of fuel for potential wildfires.

"Texas farmers and ranchers appreciate TxDOT's cooperation during these adverse conditions, "Perry said. "Mowing and baling of these rights-of-way help remove a fuel source for potential wild-fires plus allow producers

access to additional forage for their livestock."

The Texas Forest Service has classified more than half of Texas as being under high or extreme wildfire danger.

Farmers and ranchers wanting to mow or bale rights-of-way adjacent to their property should contact the district engineer in the appropriate TxDOT district office. TxDOT

usually limits mowing and baling to areas along rural roads or other areas along highway rights-of-way that will not create a safety hazard to travelers.

Information about current dry conditions, including addresses of the 25 TxDOT district offices, can be found on the Texas Department of Agriculture's website (www.agr.state.tx.us).

Muleshoe natives start AROUND MULESHOE Hereford radio station Assembly of God youth selling BBQ plates

Buddy and Alva Lee Peeler, owners of Liveoak Broadcasting Corp. of Hereford, have announced that a new Class C2 FM radio station has begun broadcasting activities.

The new station (KNNK) provides one of the strongest FM signals in the Deaf Smith, Castro, Parmer, Bailey County areas, operating at 43,000 watts on a frequency of 100.5 mhz.

KNNK's mains studio is in Hereford, with the transmitter and tower site located near Summerfield on Highway 60.

Co-owner and manager Buddy Peeler said "KNNK will strive to serve a mainstream audience, focusing on inspirational music," including primarily the categories of Southern Gospel, Praise and Worship, Traditional, and lots of "Gaither music" for followers of the Gaither Vocal Band and Homecoming Friends. Special programming will include "Music Thru the Night," a late night offering of music, thoughtful comments and timely programs hosted by Mike Kellogg on the Moody Broadcasting Network. It airs from midnight to 5 a.m. seven days a week.

As a slight change of pace, but still in keeping with their "positive and inspiration" programming theme, the Peelers feature light classical and popular instruments from 9 p.m. to midnight.

Buddy Peeler began his broadcasting carrer in 1957 while still in high school, starting as an announcer trainers at his hometown station (KMUL, Muleshoe.) Both of the Peelers are Muleshoe High School graduates. They have made their home in Hereford since 1968.

The KNNK signal is also being simulate on Channel 17 of the local cable system as a complement to the Muletrain

First Assembly of God youth will be selling home-cooked barbecue brisket and sausage plates in front of Williams Bros. on July 4. The plates will consist of brisket/sausage, potato salad, beans, dessert and drink for \$6 for an adult plate. Children under 12 will be \$4 per plate. Also sausage wraps will be available for \$2 each.

Muleshoe class of 1973 holding reunion

The Muleshoe high school class of '73 is holding a class reunion at the Muleshoe Country Club, July 4 from 8:30 p.m. to midnight. Everyone is invited to visit with class members and enjoy the fun.

For more information call Debbie Nickels at 272-7615 or 965-2175.

NGAGEMENT

Burcie - Brown

Mac Brown of Muleshoe and Sharon Gilbert of Midland, wish to announce the engagement of their son, Russell Brown, to Jennifer Burcie, daughter of Mike Burcie of Arlington, and Vicky Butler of Hurst. The couple will marry Sep. 12, at the First Christen Church of Ft. Worth. The brideelect is a graduate of Texas A&M and is employed by Freese & Nichols of Dallas. The bridegroom, also a graduate of Texas A&M, is employed by Great American Insurance, crop division. The couple will live in the Dallas area.

for crowds of 60 to 300 people.

Buckner, co-owner of a saddle and chaps shop in Branson, Colo., said it's a lifestyle he's comfortable with and he enjoys the kind of folks he meets while working events.

"Living the old style of life teaches our kids the values we

like," Dee Buckner said.

Branson, population 75, is in rural southeast Colorado. The nearest store is 60 miles away and all 12 grades attend the same school.

"We have to go to the store once every two weeks whether we need to or not."

"We think he is the best superintendent in the state."

Purdy described Moore as an excellent communicator. skilled in the politcal arena and one of Muleshoe's best ambassadors.

"He's the one that put the team together," Purdy said. "He supports and praises them while at the same time holding them accountable.

Moore will be interviewed at the state level in late July or early August.

The winner will be named at a joint State Convention of the Texas Association of School Boards and Texas Association of School Administrators in September.

Under Moore's leadership, the school district has significantly upgraded its facilities and technology and made drastic improvements in student achievement.

The school district has paid for all the improvements from its fund balance.

Moore also helped start Pep High School, an alternative academic school that serves nine area schools. Pep has awarded high school diplomas to 80 Muleshoe students in five years and has become a pilot program for the state.

Among the categories on the contest-entry form are school climate, fiscal and financiall responsibility, school boardsuperintendent relationship, academic achievement and community involvement.

Purdy said Moore and the school board have an excellent relationship because "we don't keep secrets from each other, and there's no hidden agendas.

"We're truely interested in what is best for the kids," Purdy

A workaholic his first couple

of years at Muleshoe, Moore said the hardest part of learning to be a good superintendent was delegating authority.

"If you hire them, you have to let them do their job," Moore

Moore is eligible to retire and said he will make a decision about his future in the next

"It's been a great place to work and live," Moore said. "It turned out to be the right place and the right time for me."

By the way, Moore cancelled school that first day.

POST OFFICE

Feedback from citizens and commercial customers.

Winters, an attorney from Austin, Texas, said the vote by the Governors to accept the rate case — which includes new product features such as delivery confirmation, bulk insurance and package discounts — was unanimous. The Governors did, however, agree to management recommendations to return to the Postal Rate Commission for clarification recommended changes affecting three subclasses: Par-

cel Post drop-shipped at destination delivery units, Within-County Periodicals, and Library Rates.

The Governors also decided to reject Courtesy Envelope Mail (CEM) and Prepaid Reply Mail (PRM) because they concluded that further study was needed to refine the PRM concept, and because serious questions about administration, enforcement, and public reaction to CEM had been raised.

The Postal Service last increased rates on January 1.

Program targets helping students enter workforce

Three area teachers were chosen to participate in the "Get Real Project," a project that develops teaching skills related to the workforce.

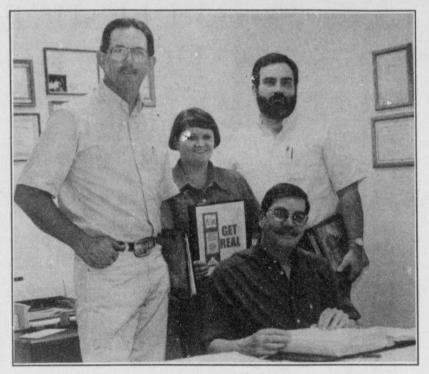

April Smith and Chris Mardis, both of Muleshoe High School, and Michael Nace of Amherst interviewed administrators at local businesses to find out what companies are looking for in potential employees.

The "Get Real Project" was developed through South Plains Tech Prep/School-to-Work Partnership at the Lubbock campus. The goal of the project is to have area teachers go into the major businesses this summer to do research and interviews and determine what specific skills high school graduates will need to go successfully into the workforce. This will minimize retraining on the part of the businesses.

The group visited the Southwestern Public Service Tolk Station, Coyote Lake Feed Yard, Vertical Turbine Systems (Littlefield) and Five Area Telephone.

Sixty teachers were chosen to participate in the project. Teachers were divided into teams and assigned businesses to visit.

Teachers were provided with specific interview questions and interviewed at least three different people at each business: management/human resources, front line supervi-

Summer program

Muleshoe teachers (form left) Chris Mardis, April Smith and Amherst teacher Michael Nace with Hugh Young, subsidiary manager of Five Area Telephone Co.

sor, and an employee. Questions were asked in a number of different areas including: salary, hiring requirements, retraining areas, how schools could help minimize retraining, most valuable skills new employees could bring to the new job, most important things schools could teach students, specific skills employees use daily at work, etc. They also asked each employee and employer interviewed to give specific skills that employees needed in the following areas: communication, math, science, and technical.

All sixty teachers will meet again at Lubbock on July 8-9 to collate information and work together to develop specific lesson plans to be used in the classrooms this fall that will address the needs of the area businesses.

The project gives teachers the opportunity to do two important things: get out of the classroom and into the work world to see what skills are actually used on a daily basis and to build working relationships with the businesses to possibly develop a "shadowing program" where students can spend time at the businesses and see how the skills they learn at school will be applied in a future job or career.

Home Folks Caring For Folks At Home. MULESHOE AREA HOME HEALTH Agency Featured Patient

Letha L. Talley was born March 19, 1923 in Chickasha, Oklahoma. She is the eldest of three sibling girls.

Letha attended school in Oklahoma, finishing both her formative and college years in Chickasha. She graduated from Oklahoma College for Women where she chose to major in Elementary Education. Receiving emergency certification, Letha was able to teach around the Chickasha area while she completed her studies.

Miss Talley moved to Muleshoe in August of 1948. On March 18, 1950, Letha became the bride of Alfred Patterson. Mr. Patterson expired in January of 1983.

Before retiring, Mrs. Patterson spent a total of 39 years teaching. Many who have attended school in Muleshoe remember Mrs. Patterson from the 4th grade. Letha spent all but two years of her career teaching the fourth grade. Thirty-three of those 39 years teaching were right here in Muleshoe. Mrs. Patterson believes the key to quality education is discipline. She is proud to be from the "old school" era when teachers had the ability to correct inappropriate behavior.

Mr. and Mrs. Patterson parented five children: Lionel Patterson of Muleshoe, Carl Patterson of Muleshoe, Nancy Patterson of Muleshoe, Sarah Mitchell of Michigan, and Kathleen Stroud of Muleshoe. Mrs. Patterson has four grandchildren.

Despite pain from injuries, Letha still enjoys sewing and plans to do more of it as she heals and feels better.

Mrs. Patterson is a member of the Retired Teachers

Association, a statewide organization, and AARP. She

attends the First Baptist Church of Muleshoe.

Although she has just recently chosen M.A.H.H.A. as her preferred home health agency, Letha says that they are "very cooperative" and have definitely treated her very well.

Facts About Th

PROPHECY DOOMED EL

ONE OF THE GREAT EARLY PROPHETS WAS ELI BUT IN HIS OLDER AGE HE BECAME MORE OF A DOTING FATHER THAN HE WAS A PRIEST. HIS TWO SONS COULD GET AWAY WITH ANYTHING SHORT OF MURDER IN THE EYES OF OLD ELI. THE SONS, AS LESSER PRIESTS IN THE TEMPLE, USED TO CONFISCATE MEAT THAT WAS FOR SACRIFICES USING IT FOR THEIR OWN MEALS AND WASHING IT DOWN WITH SACRIFICIAL WINE. COMPARED WITH SOME OF THEIR OTHER EVIL DEEDS THIS WAS ONLY A MINOR OFFENSE. ELI, ALTHOUGH HE KNEW OF THESE MISDEEDS, DID NOTHING ABOUT THEM UNTIL IT WAS TOO LATE. FINALLY GOD SENT A PROPHET FROM THE WILDERNESS WHO PROCLAIMED BEFORE ELI THE DOOM THAT HE FACED. (I SAMUEL 2:27-31)

This devotional & directory is made possible by these businesses who encourage all of us to attend worship services.

Freedom Is Never Free

reedom is never free.

As Americans, we've just celebrated our nation's birthday. Wrapped around all of our thoughts concerning the Fourth of July I hope are thoughts concerning the price that untold thousands of men and women have paid to obtain and perpetuate the freedom we enjoy in this country.

Focus On Faith

you've heard Paul Harvey's account of the historical record concerning the very real price that some of the founding fathers of this nation paid simply by signing their names to the Declaration of Independence, you know what a costly commodity freedom for this nation was and is.

Many of those courageous patriots lost personal fortunes. More important, many lost families and loved ones. All lost their comfort and security at least for a time—if not forever. They paid a high price so that we could live in freedom. Freedom, you see, is never free. It is always very costly.

Christians, of all people, should know that. We serve a Lord who died on a cross to purchase our spiritual freedom.

I know, of course, that justification by grace through faith in Christ is the gift of God freely offered to all. It is given as a gift and can only be accepted as such. In that sense, it is most certainly and most beautifully free.

But, like any gift, someone had to buy it, and God's Son paid the price. More costly to Him than we can begin to imagine, salvation, freedom from sin, was anything but free.

We have freedom in this nation today because our forefathers were courageous enough to pay the price for it. Our best tribute to them is to never forget what freedom cost as we do our part to keep the dream alive.

As Christians, we have spiritual freedom because the Author of our faith was willing to take the sins of the world to a cross to defeat Hell itself.

As His followers, our best tribute to Him is to live our lives in light of the cross as we reflect to the Father and to our neighbors the unselfish love illustrated by His prayer on the night before He died: "Not my will, but Thine be done."

bought and nurtured by those who care more about what is right than about their rights. No one else will pay the price. And freedom is never free. Curtis Shelburne is minister of the 16th & Ave D Church of Christ in Muleshoe.

Freedom. It can only be

COMBINED NOTICE NOTICE TO PUBLIC OF NO SIGNIFICANT IM-PACT ON THE ENVI-RONMENT AND NO-TICE ON INTENT TO REQUEST RELEASE written comments for con-OF FUNDS

TO: All Interested Agen- County to the address cies, Groups and Per- as set forth above. Such

Seventeen (17) days af- be received at the adterthis publication, Bailey dress specified within six-County, Texas intends to teen (16) days after this request the Texas De- publication. All such compartment of Housing and ments so received will be Community Affairs considered and Bailey (TDHCA) to release Fed- County will not request eral funds under Title I of the release of funds or the Housing and Com- take administrative action munity Development Act on the project prior to the of 1974 (P.L. 93-383) for date specified in the pro-Project No 700469.

Exempt Activities Administration

Planning and Engineering Water Construction Environmental Assessment Activities

The Bailey County water improvement project is for the community of Maple, Texas. This project will of a new water well, well pump, well house, including chlorinator and controls, and 6,000 1.f of 8" transmission line with bore and encasement. Construction of the well and transmission line will take place on County Road 1326, 2 1/2 miles west of FM 596 in Maple,

Texas. The 10,000 gallon storage tank, 1,000 gallon pressure tank, 2 booster pumps, pump house and necessary piping will be constructed north of Maple along FM 596 just of FM 54. Construction of 1,000 1. fof 4" water main on County Road 1294 by Three Way School. The County Road 75 which is 1 mile west of FM 596 and 1/2 south of County Road 1326. A new well house will be constructed at this site as well as new chlorinating equipment, repiping valves and meter. Two fire hydrants will be installed on FM 596 and two hydrants will be installed on County Road 1326.

Finding of No Significant **Impact**

It has been determined

that such a request of re-

lease of funds will not constitute an action significantly affecting the quality of the human environment and accordingly Bailey County has decided not to prepare an Environmental Impact Statement under the National Environmental

Policy Act of 1969 (P.L. 91-190). The reason for such a decision not to prepare such a Statement is based upon the fact that all environmental consumes could either be minimized or mitigated. An Environmental Review Record for the proposed project has been made by Bailey County which documents the environmental review of the project and more fully sets forth the reasons why such a statement is not required. The Environmental Review Record is on file at the Bailey County Courthouse located at 300 South First Street, Muleshoe, Texas 79347, and is available for public examination and copying upon request between the hours of 8:30 a.m. and 4:30 p.m., Monday thru

Friday.

LEGAL

Public Comments on **Findings**

Deadlines are 5 p.m. Monday and Thursday

All interested agencies, groups and persons, disagreeing with this decision are invited to submit sideration by Bailey written comments must

ceeding sentence. Release of Funds

Bailey County will undertake the activities descried above with Community Development Block Grant funds under Title I from its Program Year 1997 under grant numbered 700469 from the Housing and Cominvolve the construction munity Development act of 1974. Bailey county is certifying to TDHCA that Marilyn Cox in her official capacity as County Judge, consents to accept the jurisdiction the Federal Courts in an action is brought to enforce decision-making and ac-

responsibilities in relation to environmental reviews, tion, and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval, Bailey County may use the Block Grant funds and it will have satisfied its responsouth of the intersection sibilities under the National Environmental Policy Act of 1969. and a fire hydrant will be TDHCA will accept an objection to its approval only on one or more of existing well is located on the bases and the procedures described in 24 CFD Part 58.75. Objections are to be addressed to the Texas Department of Housing and Commu-

> Objections to the release of funds on bases other than those stated above will not be considered by the TDHCA. No objections received later than thirty -three (33) days after this publication will be considered by TDHCA. Marilyn Cox, County Judge, 300 South First
